TALKING IT OVER

BY MASON GOULD

Whole Town Expected To Turn Out For Tussle

It's the lull before the storm—the storm to take form in the intra-village tussel Saturday afternoon between the Mamaroneck Tigers and the Bellows Panthers.

From the very moment that this game was carded last year, Bellows and Mamaroneck students have hardly spoken to each other, and on occasions when they have done so, it was only to argue over the relative merits of the teams.

There is no half-way about it. Mamaroneck students and the Tiger team "know" they will win. They don't use the word "think," but they "know" they will win. Over at the East End, confidence is just as high.

This state of affairs makes for what is probably the most ideal grid contest ever staged in Mamaroneck. It's what experts would call "a natural." And if they don't bang the S. R. O. sign out at Daniel Warren Field Saturday, no one will be more surprised than the writer. From the discussions we have heard around town, which are not about the World Series so much as they are about the score by which Mamaroneck will beat Bellows, or vice versa, it almost seems as though the Yankee Stadium could be filled for this engagement.

We have talked with many alumni of both schools and they all declare that they wouldn't miss this battle for the world. Even former Coach Ed Rice of Mamaroneck, who has been receiving training at the Naval Pre-Flight Training School at the University of North Carolina, will show up for the game.

Opposing Players Take Turns Scouting Each Other

And don't think for a moment that interest in the opposing teams is confined to the students and other followers of the game. Members of the Tiger and Panther squads are so curious about what they're going to go up against Saturday that several boys from each club have been discovered doing a little scouting by coaches Smith and Curtin and have been sent on their way.

There are two kinds of confidence being exhibited by the opposing elevens. Over on the Hilltop, the boys are making plenty of noise, with Tommy Parker, Calvin Palmieri, and Louie Turco leading the way, while on Daniel Warren Field things are a bit quieter with the Panthers going about their business in a tight-lipped but determined fashion.

Make no mistake about it, these boys are going to go "all out" Saturday. Feeling is running high, which should make for a hard-charging game all the way. When two clubs are so bent on winning a game as these two elevens are, the fur is bound to fly.

ATHLETIC GAMES TO BE LOCALIZED

State's Education Department Studying Means For Saving Gasoline And Tires

ALANY, (AP)—Revision of high school sports "league" setups was predicted today as an "almost certain" result of state efforts for a maximum saving of bus tires and gasoline in transporting athletic teams.

The State Education Department and State War Transportation Committee currently are studying interscholastic sport schedules, primarily to eliminate wherever possible the use of school-owned or private buses.

"It appears almost certain," a participant in the study said, "That the sanctity of local league setups will be cut for the duration of the war. Bus transportation to distant 'league' cities when a school might schedule games in a neighboring, non-league town seems like a waste of gasoline and rubber."

Other possibilities he foresaw as a result of the study were:

1. Required team travel by common carrier—train or commercial buses—wherever possible, despite inconvenience and higher costs.

2. Repeated playing of games with the same teams.

"High school athletics are being considered in their relation to their value in the war physical fitness program," he explained. "As far as physical benefits are concerned, the student derives as much from repeated contests with the same teams as in games with a variety of opponents."

The study of schedules, which may mean drastic curtailment of high school athletic competition, was pressed even as the State Education Department announced expansion of high school football, basketball and cross country schedules.

The department emphasized, however, its new regulations are intended to apply "normal transportation conditions."

Fuller Chosen To Captain Mamaroneck Eleven

NEW LEADER IS TAILBACK ON CURTIN'S TIGER SQUAD

Will Alternate With Palmieri In Team's Opening Contest With Bellows Saturday

Blond Artie Fuller, veteran triple threat tailback on the Mamaroneck grid squad, was yesterday elected captain of the Orange for the 1942 season by his teammates in an election held in the High School Gym.

This is Fuller's third year on the Tiger squad. He is a speedy runner with lots of leg drive, and a good passer and punter. He is expected to alternate with Calvin Palmieri in Saturday's opening game against Bellows at Daniel Warren Field.

Four Years In Village

Born in Hillside, N. J., Fuller came to Mamaroneck four years ago after having resided in Mount Vernon for several years. He's of average height with a husky frame.

Much of his passing ability comes from his years behind the bat as a baseball player. He has a whipcord arm and has always had success in cutting down prospective base stealers. Due to ineligibility, he was unable to play on the Orange nine last Spring.

May Not Start

Because he reported late this season, his ineligibility being lifted only last Friday, he is not likely to crash the starting lineup since he is not thoroughly familiar with the plays being used by Coach Clare Curtin.

However, after a couple of games have passed Tiger fans are liable to see him in the starting tailback spot because of his triple threat abilities.

The Bellows game? "Sure, we'll beat Bellows," was his reply yesterday after having won the election. "I watched them Saturday and I'm sure we can lick them."

Wendel To Officiate Several WIAA Tilts

Garby Wendel, of the Westchester County Officials Association and a member of the Mamaroneck Park Commission, has a full schedule of games booked in which he will act as referee in most cases.

He worked the Bellows-Greenburgh game last Saturday, and his future engagements include A. R. Davis at Isaac Young this Saturday, Bellows vs. the team that will replace New Canaan on Oct. 10, Port Chester at Albert Leonard on Oct. 17, Port Chester at A. R. Davis on Oct. 24, Scarsdale at Eastchester on Oct. 30, A. R. Davis at White Plains on Oct. 31, Collegiate of New Haven at White Plains on Nov. 7, Mamaroneck at Isaac Young on Nov. 14, and Gorton at Yonkers Central on Thanksgiving Day.

LONGER SCHOOL SCHEDULES GAIN APPROVAL OF STATE

ALBANY (AP).—Lengthened interscholastic sports schedules and opening of such competition to younger boys feature amendments to interscholastic athletic regulations announced yesterday by the State Education Department.

Designed partly to bring scholastic physical fitness programs "in line with war training needs," the amendments voted by the State Board of Regents also change existing provisions for health instruction, health protection and physical education programs generally.

The changes were recommended, the department said, by various groups including teachers, coaches, public and private school superintendents, the State Athletic Association, and the Congress of Parents and Teachers.

Athletic Changes Noted

Most important revisions were those dealing with high school athletic programs, subject of considerable discussion during the last year. Some local school officials repeatedly have urged "more elastic" regulation of interscholastic sport.

The Regents emphasized the new regulations "apply to normal conditions of transportation. Cities the need for conserving gasoline and tires, they said all schools "face curtailment of interschool athletic events not in line with essential war physical fitness training needs."

Some schools already have cancelled football and basketball schedules.

The new rules authorize eight, instead of seven interschool football games; 18 instead of 16 interschool basketball contests, with games necessary to break league tiers permitted, and one competitive cross-country run each week, instead of the previous four a season.

Football competition is restricted to schools having 20 or more boys physically fit for 11-man football or 12 or more boys fit for the 6-man game.

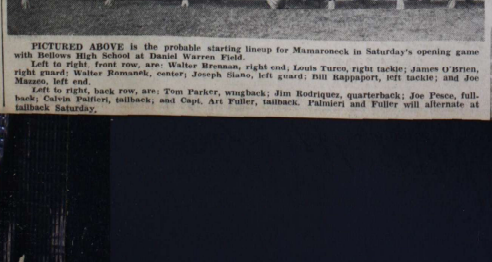
Seasons Defined

Sports seasons are defined as Fall, Sept. 1 to Dec. 1; Winter, Nov. 15 to April 15, and Spring, March 1 to the close of the school year. Post schedule games within the season is permitted but no post-season contests are allowed.

Interschool competition in cross country, ice hockey and football is opened to boys beginning with their 14th birthday. This establishes 14 10 year age limits for participation in all sports.

A pupil who becomes 19 years old on or after Sept. 1, however, may continue to compete in all sports during that school year.

The former regulation governing transfer of student athletes from one school to another is deleted and eligibility of such students will be determined by local authorities or associations of schools organized to conduct interschool athletics.



PICTURED ABOVE is the probable starting lineup for Mamaroneck in Saturday's opening game with Bellows High School at Daniel Warren Field.

Left to right, front row, are: Walter Brennan, right end, Louis Turco, right tackle; James O'Brien, right guard; Walter Romanek, center; Joseph Siano, left guard; Bill Kappaport, left tackle; and Joe Mazzeo, left end.

Left to right, back row, are: Tom Parker, wingback; Jim Rodriquez, quarterback; Joe Pesce, fullback; Calvin Palmieri, tailback; and Capt. Art Fuller, tailback. Palmieri and Fuller will alternate at tailback Saturday.

RUFFING MISSES NO-HITTER BUT DOWNS CARDS TO GIVE YANKS LEAD IN CLASSIC

By GAYLE TALBOT

ST. LOUIS (AP)—The picture of lion-hearted Red Ruffing, on the brink of World Series immortality, suddenly going to pieces and being pounded from the hill under a four-run assault by the ever-fighting Cardinals still was fresh in the minds of every man, woman and child who watched yesterday's thriller as the Yankees and the Cards prepared to clash in the second game at Sportsman's Park today.

It was a game, that first one, that will be remembered a long time. Those who saw it probably will forget the final score in time—7-4 for the Yankees—but they will remember how the 38-year-old Ruffing, within one out of a two-hit World Series shutout, had his dream shattered like a thunderclap from the blue.

Some thought the ninth inning games necessary to break league tiers permitted, and one competitive cross-country run each week, instead of the previous four a season.

Football competition is restricted to schools having 20 or more boys physically fit for 11-man football or 12 or more boys fit for the 6-man game.

STEEREAGE

ANCHORAGE, ALASKA (AP) — Three years ago an airplane carried a cow to McGrath, deep in Alaska's interior. It was ordered by Dave Clough, a roadhouse operator. Tuesday an airplane left for the same address with a male of the species.

game in 1926, when old Pete Alexander struck out Tony Lazzeri, and with another wild inning in the '29 classic, when the Athletics scored 10 runs to overcome an eight-run Chicago Cubs' lead.

An important difference was, of course, that the rally failed to win yesterday's game for the Cards. Ruffing, too, received credit for his seventh World Series victory, a record unmatched by any pitcher, in spite of getting his arm knocked down at the finish. But that blazing rally of the Red Birds might have an important bearing on the remainder of the series.

Beazley Set To Go

As the Cards went out behind their great youngster, Johnny Beazley, to try to trim the Yanks today and carry the series all-square into New York, they at least knew that Yankee pitching could be hit. Having blasted Ruffing they probably stood in much less awe of Ernie Bonham, the Yankees' big forkballer, than they would have if Ruffing had humiliated them right to the end.

The youngsters really looked painfully weak while Ruffing mowed them down for the first seven and two-thirds innings. They were over-anxious and obviously nervous a perfect setup for a crafty old stager like Rufus the Red, whose fast ball isn't what it used to be. Ruffing's first pitch to Stan Musial in the opening inning, with two Redbirds perched on base as a result of walks, was a slow ball on which Musial nearly broke his back.

Up to the ninth inning, Captain Terry Moore was the only Cardinal who even looked like he might get a safety off the former coal miner. Twice he had sent Yankee outfielders chasing far back to pull down his drives before he came up with two down in the eighth inning and pumped a clean single into right field, the first hit off Red the Tormentor.

Ruffing Tops Record

In pitching seven and two-thirds innings of hitless ball, Ruffing, at least, smashed the previous World Series record of seven and one-third frames, held jointly by Herb Pennock and Monte Pearson, who were, of course, pitching for the Yankees when they did it.

St. Louis players and fans were surprisingly light-hearted about losing the opener. The town has a lot of solid confidence in the scrapping club that set such a searing pace to overhaul Brooklyn and win the National League flag.

They thought Beazley, the youngster who won 21 games in this, his first year in the big time, had a good chance of hand-cuffing the Yankee batters today. They smeared at the suggestion that Johnny might be overcome by the occasion and issue a flock of passes, a fatal thing to do against the Yanks.

Wildness, coupled with some jittery support, was what proved the undoing of Mort Cooper, the Cards' ace pitcher, yesterday. He had a world of stuff, but walks kept him in almost constant hot water, up to the time he was removed in favor of Harry Gumbert with two out and five runs across in the eighth inning.

SLEEPY HOLLOW SHOW SATURDAY

Four Horse Shows Will Be Run Off In Event For Army Emergency Relief

Forty-four classes, including four championships, will be run off at the two-day Sleepy Hollow Country Club Horse Show, which will be conducted for the benefit of Army Emergency Relief this Saturday and Sunday (October 3 and 4), it was announced last night by Robert E. Stronge, chairman of the club's Riding and Horse Show Committee. Money prizes and trophies will be awarded.

Four winners of championships at the recent Piping Rock show will appear at Sleepy Hollow. They are On Guard, owned by C. H. Dimick, of Tenafly, N. J., crowned reserve grand champion at the Long Island event; My Play Girl, owned by Russell Stewart, of Albany, N. Y., champion jumper, and two title-holders entered by Mrs. Elizabeth Correll, of Scarsdale, N. Y.—Lew Dunbar, reserve jumper champion, and Imp, Dalchoolin, middleweight hunter champion, reserve. On Guard will compete in the hunter classes.

Three other shows, all of which had been cancelled for the year on account of the war, will also be held as part of the sleepy Hollow show, horsemanship classes to qualify for entry in the National Horse Show on November 7. These shows are the Country Club Horse Show at Rye, N. Y., the Pocantico Hills Horse Show at North Tarrytown, N. Y., and the Harrison Fall Horse Show at White Plains.

Happy Boys Conquer Supplymen, 2-1, In Evening's Other Match At St. Thomas

Paced by Bill Celestino's team high of 191 and Charlie Lanza's 530 series, the Higher Standards maintained their position at the top of the Daily Times Bowling League last night at St. Thomas's Alleys by defeating Leonard Grosso's Community Five, 2 to 1, although outrolled by four pins in the final totals.

With Clem Zucks rolling a 203, high individual score for the match, the Community Five stepped out into a 1 to 0 lead by taking the first game, 904 to 848, but the winners rallied to take the next two games and the match.

In the other match of the evening, Lou Pekrul's Happy Boys maintained their .667 pace by taking the measure of the Supplymen, playing with a blind, 2 to 1. Despite the loss, the high individual score of the match went to Joe Demaria of the Supplymen, who posted a 213 in his second game.

Lou Fitzner paced the winners, along with Bill Rickert. Fitzner had a high single game score of 198, while Rickert was high series man for Pekrul's club with 13 for three games.

JAMAICA STAKES HAVE LARGE FIELD

209 Entries Have Been Filed For Annual Fall Meeting Starting Monday

NEW YORK—A total of 209 nominations was received for the half dozen important stakes to be renewed during the Jamaica fall meeting, it was announced today by Dr. Edward P. Eilroe, president of the Metropolitan Jockey Club. Whirlaway, Alsab and Shut Out—the big three of the turf—head the nominations, largest in recent years, particularly for a short session. The most runs from Monday (Columbus Day), Oct. 12 through Wednesday, Oct. 21.

The Jamaica stakes aggregate $55,000 in added money, an average of over $9,000, which reflects as usual the liberality of the association and its desire to make Fall racing in New York as attractive as ever to horsemen.

The late closing of the stakes drew the nominations of many horses on the grounds, which encourages the belief the fields will be bigger than when there had been an earlier closing.

The Gallant Fox Handicap of $15,000 added is the richest fixture of the meeting, reserved for Jamaica's closing day.

Volunteers To Give Big Softball Dinner

A sports dinner will be given by Volunteer Hose Company Saturday at 8 P. M. at which awards will be made to Mamaro and Columbia, winner and runner-up, respectively, in the Firemen's softball race, it was announced today by Steve Johnston, president of the league.

All members of the Fire Department and all members of the Independent League All-Star squad which played against the Firemen's League All-Stars several weeks ago, are invited to attend the dinner.

The dinner will be held at the Volunteer Hose Company building.

Mamaroneck To Open Season Against Bellows Club Tomorrow

Rod & Gun

—By—

FRED KISTINGER

Fall Weather Brings Out Hunters In Droves

It is now officially Fall. There is a bit of a nip in the air and it is a season of the year when, in Spring, writers tend to waxpoetic. But sportsmen haven't much time to devote to such reading. There are too many other matters of moment. It's the beginning of the hunting season and Autumn days mean that the wild life creatures have moving. It is the time when hunters feel the blood coursing through their veins. To be out in the upland shooting covers compensates for the long wait the nimrods have endured since last year. The crimson swamp maples, the ruby garbed dogwood and the bomb bursts perching atop the sumacs are now framed against a backdrop of soon-to-disappear green. The white birches seem to stand like white sentinels when there is a touch of frost afloat. Already the enlivening frosts have taken on their color of bright yellow. To all of this hunters will be part.

Woodcocks Are Coming Down From Up-State

The upland gunners are now afield searching out the wary woodcock. With the premature frosty nights up-state the southward flight of the timberdoodles should now be in progress. We have reports that a few of these longbills have been accounted for, although we doubt that they were migratory birds. Generally, there are a few of these feathered cannon-balls that go native and make their homes with us for the Summer. It is these birds one finds while roaming through the thick stands of alders and birches alongside of some winding brooklet. If you hope never hunt woodcock, don't become startled when you hear the bell-like whistle of the birds' wings as he takes off. Woodcock have a very singular trait. They rise from the ground almost at your feet, make an almost vertical rise up over the thicket tops and then go into a sort of zigzag trajectory. Here is my suggestion to novices. Don't fire too quickly or you are likely to shoot under your quarry. Wait until the timberdoodle reaches the peak of its erratic moving your shotgun barrel along with the flight. Just as the bird starts off on its real course is the time to fire. If you miss on the first barrel, shoot under but well ahead of your target. If you will follow this procedure you should have few misses.

Game Laws Should Be Issued First Of Year

While it is late to do any good this year, the effort of the Southern New York Fish and Game Association of which Harold C. Ritchie is president is indeed encouraging. This writer years ago advocated in a piece in the Sun the Assocation is now endeavoring to have put through legislature. What is sadly needed is the issuance of a syllabus of the New York State Conservation Department, which contains our game laws, issued at the beginning of the year, instead or the middle of the season. An ex-

CLARE CURTIN, NEW COACH, HAS ELEVEN IN GOOD SHAPE

Capacity Throng Expected At Daniel Warren Field To Watch Intra-Village Battle; Smith To Use Same Team That Whipped Greenburgh; Fuller May Be Starter

The long-awaited intra-village tussle between the elevens representing Mamaroneck and F. E. Bellows High Schools will come to pass tomorrow afternoon at Daniel Warren Field before what is expected to be an overflow crowd. It will be the opening game of the season for the Tigers and Coach Clare Curtin's first as head coach of the Orange eleven, while the Panthers, coached by Howard Smith, will be seeking their second victory of the season after having downed Greenburgh, 12 to 6, last Saturday.

There is little to choose between the two clubs. The Bellows line held Greenburgh to 43 yards rushing, while Mamaroneck's forward wall, which will be somewhat heavier than Smith's boys, has shown good charging in recent practice sessions, according to Oscar Keeler, the new Orange line coach. Only in the backfield does there appear to be any disparity in ability. Smith's quartet of Gene Bonelli, Eddie Dolan, Frank Nask, and Norm Ottmann is ranked on a par with Curtin's first-stringers, but *the Panthers have little material* beyond that, while Curtin can call on another quartet of almost equal ability with that of the "A" backs.

May Start Fuller

Curtin is still undecided about the newly elected captain of the Orange squad, Artie Fuller. Fuller is quite capable of handling a first-string spot in the backfield, but he reported to the squad late and has had only one week's practice. With this in mind, the Tiger coach will probably start Calvin Palmieri, hard-running tailback, and hold Fuller in reserve. He indicated yesterday, however, that should Fuller be in shape by Saturday afternoon, he might use both Art and Palmieri in the same backfield to add punch to the attack.

Also the backfield will feature the running and passing of Gene Donelli, star tailback, and the clever reverses of lanky Eddie Dolan from the right wingback position. Donelli, one of the hardest driving backs in Bellows history, and Dolan must be stopped consistently if Mamaroneck expects to come out on top.

The remainder of the Mamaroneck backfield will find the veteran Jib Rodriquez, a fine play-caller and defensive star, at the quarterback slot, Joe Pesce, a husky plunger and blocker, in the fullback position; and speedy little Tommy Parker playing at the right wing.

Tigers Have Tall Ends

In the line for Mamaroneck will be Joe Mazzeo and Walt Brennan at the end posts, Mazzeo, a six foot, four inch, 180-pounder, has improved in his pass-catching but still leaves something to be desired in the defensive department. He'll be spelled by blond Bill Scott, who has shown much promise in recent practices. Brennan stands six feet, two inches and is a consistent, dependable flanker. Ready to replace him will be "Tarzan" Ehret, a hard tackler and better-than-average pass catcher.

The Tigers will have two 190-pound tackles in Louie Turco and Big Bill Rappoport. Turco is a stonewall on the right side of the Orange forward wall, while Rappoport, a reserve last year at 160 pounds, has filled out and developed into a good all-around lineman.

O'Brien Proves Scrapper

The guard spots were open for some time, but the work of Joe Siano and Jim O'Brien in the last two weeks earned them the positions. Siano, in addition to his guard duties, will also do the place kicking and some of the punting. O'Brien is a real scrapper whose vicious tackling has been a source of pleasure to Curtin of late.

A veteran performer will be snapping the ball back and backing up the forward wall on defense in the person of Walt Romanek, 170-pound pivot man.

Curtin can call on any of the following backs for reserve duty and expect a first-class job to be turned in: Tony Castiglia, Johnny Guadagnolo, Tom Gibbon, "Footsie" Gironda, and "Skip" O'Rourke.

Same Team For Bellows

Coach Smith of the East Enders is expected to string along with the same team that took care of the Greenburgh Gophers last week. Besides Bonelli, Dolan, Nask, and Ottmann in the backfield, he'll have the versatile Bob Martensen at one end and newcomer Jim Murphy at the other. Big Al Herman, all 253 pounds of him, will be at one of the tackle posts, with Ray Morris holding down the other. At the guards will be speedy Tillio Santiangelo and Bill Corrigan. Santangelo is expected to run interference along with the backs. Dave Russell, who is also one of the best punters on the squad, will be at center and backing up the line on defense.

The result of tomorrow's battle will go a long way in determining what is in store for Mamaroneck followers this year. In the last two years, only one game was won by the Tigers under Coach Ed Riese. Last season the team dropped seven contests in a row, compiling only 24 points to 299 for its opponents. But this year there appears to be a new spirit on the Hilltop campus, and on Manchester Field among the players themselves. Clare Curtin, who came here from Riverdale Country Day School in New York City, has done a quiet, workmanlike job since he took charge and has been aided immeasurably by the services of Line Coach Oscar Keebler, instructor of English at the Senior High School, who formerly played collegiate and professional football in Pennsylvania.

Accompanying the Mamaroneck team to the game will be the 68-piece Orangeman band under the direction of Mr. Harland Pinney, and a squad of 12 cheer leaders. The Bellows band and cheer leaders will also be on hand to support the East End eleven.

COACH CLARE CURTIN

COACH HOWARD SMITH

COACH HOWARD SMITH of Bellows will probably start the above eleven against Mamaroneck High School tomorrow afternoon at Daniel Warren Field.

Front row, left to right, Jim Murphy, right end; Ray Morris, right tackle, Bill Corrigan, right guard; Dave Russell, center; Tillio Santiangelo, left guard, Alvin Herman, left tackle; Bob Martensen, right end.

Back row, left to right: Eddie Dolan, wingback; Frank Nask, qarterback; Norman Ottmann, fullback; Gene Bonelli, tailback.

CARDINALS HEAD FOR YANKEE STADIUM CONFIDENT OF TAKING LEAD IN SERIES

By GALE TALBOT
Associated Press Sports Staff

ENROUTE WITH WORLD SERIES TEAMS (AP)—The St. Louis Cardinals in particular and National Leaguers in general felt that they at least had those "unheatable" New York Yankees badly worried today as the two World Series rivals rolled toward Yankee Stadium and a resumption of hostilities tomorrow.

From the way the happy Cards were taking on over their 4-3 victory in yesterday's second game of St. Louis and the big plans they were making for taking the Yanks over the hurdles the next three days on their home grounds, anyone would have thought Billy Southworth's scrappy young stars were at least a couple of games in front instead of merely having deadlocked the play-off at a victory apiece.

Yanks Appear Worried

"We've got 'em plenty worried," one after another of the Red Birds chorted in the diner.

"And they're going to get worse worried every game we give it to 'em from here on out," added Mort Cooper, ace of the Cards' mound staff who was traveled loose by the Yanks in the Series opener on Wednesday. Most apparently had forgotten all about his own misfortune in his joy at Rookie Johnny Beazley's triumph over Joe McCarthy's sluggers yesterday.

Ford Frick, National League president, attached great significance to the fact that McCarthy stalked out frequently to complaints of decisions in yesterday's defeat, and that he was sore as a wet hen because George Kurowski's timely triple that scored the Cardinals' third run was called a fair ball.

"Ordinarily Joe doesn't leave that dugout three times a season," Frick insisted. "When he starts arguing the way he did yesterday you can bet he's somewhat sore at his mind besides a baseball cap."

Smart Base Running

The Cards were inclined to think they had got in a jab on the Yanks that would rankle and fester and bring important results in the remaining games when Enos "Country" Slaughter dashed onto third after slugging his double off Ernie Bonham in the eighth inning. The Yanks for the moment looked slightly bewildered, the Cards declared, recalling that Shortston Phil Rizzuto let a simple throw-in go through him on the play.

"I suppose they thought we couldn't do things to 'em like that," said Coach Buzzy Wares with obvious satisfaction. "They'll find out. Yesterday was the first chance the boys got to do a little base running. It upset 'em a little, too, when Johnny Hopp tore on to second after hitting his single in the fourth."

For all of the 22-year-old Beazley's stout-hearted pitching in the pinches yesterday (the Yankees had men on base in every inning except two) the consensus in the club car last night was that Slaughter gave the outstanding performance in the Cardinals' triumph. They were glad to see it happen to him, too, because he had committed a twoevun muff of a fly ball in the opening game. You can bet his comeback, or to reach New York until late in the afternoon, there was no chance of the two clubs working out today.

Neither manager had definitely named his starting pitcher for the third game at the Stadium tomorrow. Though both promised to do so some time today, McCarthy's almost certain choice for the Yankees was Spud Chandler, while Southworth was torn between his two top left-handers Max Lanier and Ernie White. The probability was it would be White, because he told Southworth his soupbone felt great last night.

All Hallows To Be Next Panther Rival

Coach Howard Smith of Bellows announced yesterday that All Hallows institute of New York City has been booked to replace New Canaan on the schedule of the Panther eleven a week from tomorrow. New Canaan announced cancellation of the game Tuesday because of transportation difficulties.

The All Hallows game will be played on Fordham Field, 190th Street, Bronx, at 10:30 A. M., Oct. 10 in the afternoon, the East End squad will witness the Fordham-North Carolina game.

AWFULLY NICE OF HIM

KANSAS CITY (AP).—Ed (Strangler) Lewis, the pro wrestling man, isn't one to play for keeps.

When he dislocated Joe Dusek's neck here last night in winning the second fall, he obligingly snapped it back into place. Dusek was grateful—but not because he didn't feel like continuing.

"I am going to be married soon. How do I go about learning how to cook?"

Ever read the questions sent to the feature writers? Ever see the above question, or did you ever have a friend ask you this question?

It's one of the most common questions that finally sends many a bride-to-be to her bedroom for a good cry. If this question is tossing around in your subconscious mind, here are a few paragraphs of good cheer:

1st. You don't have to be an expert like "His Mother". Remember, she also was a bride. She also had to learn how to prepare the things that your future father-in-law and your future husband were to eat.

2nd. Ask his mother for the 10 best recipes that he favors most. Ask her to show you just how to prepare them. She will welcome the opportunity to teach you.

3rd. Start doing the weekly food shopping for your mother or those with whom you now live. Learn, at first-hand, just how to pick the right meats, the right vegetables and fruits.

4th. Start checking every food advertisement that appears in this paper. Match items. See just what cash store is charging for roasts, peaches, catsup, coffee or butter.

5th. Get yourself a copy of a good cook book. Any of our stationery stores or book store advertisers have them. A good one can be had for as little as $2.50.

And, finally, don't be afraid of a failure now and then. Nine times out of ten, he will have a good laugh if the biscuits are a little on the "rocky side". Don't cry — just laugh with him — and good luck to you both!

NEXT LARCHMONT BLOOD BANK NOV. 16 AT LYC

Mrs. Borgen Resigns Position As Secretary Of Red Cross Branch

The next Larchmont Blood Bank scheduled by the Red Cross Blood Donor Service, was announced for Nov. 16 at the Larchmont Yacht Club, by Mrs. Rufus K. Allerton, chairman of the Larchmont Branch, American Red Cross, at the all-day work meeting yesterday, at the Larchmont Avenue Church.

Mrs. Allerton also read a message of appreciation to the Red Cross clubs in the British Isles which are maintained and manned by the Red Cross as "an American oasis in a foreign land."

Mrs. C. Benjamin Brush, chairman of Volunteer Special Services, announced the coming rally at the County Center, White Plains, Oct. 16 when Mrs. Dwight Davis, national chairman of Volunteer Special Services and Mrs. William Barclay Parson, administrator of the services for the North Atlantic area will be present. A Hatzan nurse will speak; the Motor Corps will drill and two motion pictures, "Flag of Humanity," and "We Were There", will be shown.

Mrs. Allerton presided at the monthly Executive Board meeting at which the resignation of Mrs. Viggo Borgen as recording secretary was accepted and Mrs. David Loring, assistant secretary, took her place.

The appointments of Mrs. Lawrence Scofield as corresponding secretary and Mrs. Arno Kassander as assistant treasurer were approved.

Mrs. A. Clifford Eager made her monthly report on production which included: 259 sewn articles, 25 Army hits, 104 hits for the inductees to be presented by the Lions club, 127 miscellaneous articles and 16 donated articles. Thirty-seven workers at St. John's Episcopal Church had put in 480 hours, she said.

Larchmont has been asked to supply 325 kits for soldiers as requested by the Army for shipment on Jan. 1, Miss Eager said.

Mrs. Platt K. Wiggins, chairman of surgical dressings, announced that an additional table is now needed to accomodate workers in this corps. Forty-nine active workers, she reported, have given 996 hours during September. The month showed 9,490 dressings finished and packed.

Mrs. Robert Jacobs Nurses Aide Corps, it was announced, has 34 graduate aides. Eleven volunteers are training in United Hospital, two in Mount Vernon and 12 in New Rochelle. Twelve were actively serving in September and six attended the Blood Bank at Grasslands Hospital. Mrs. Jacobs has been appointed captain of Zone 8A.

Mrs. John Thabout assisted for Mrs. Stuart Planche, chairman of staff assistance. Twenty eight members have given 240 hours, she said and two new members have been transferred from other branches: Mrs. H. K. Gibbon from Los Angeles and Mrs. Emil Trefzer from Scarsdale.

Mrs. David Dunbury has an enrollment of 187 in the Canteen Corps. They have served a dinner and a supper totalling 571 meals.

Mrs. Philip Porterfield gave the report of the Home Service. There are six active workers. Eighteen messages and cables were received and 12 sent. There are now about 600 names in the service nies.

Mrs. W. Earle Tee, county staff assistance chairman, said that the Staff Assistance Corps would make its first appearance as a unit at the rally. Mrs. Alice Quimby, assistant chairman in Larchmont, will be in charge of ushers and seating of all corps.

Mrs. Theodore Ulz asked for volunteers for the Motor Corps. Five members, whose husbands have entered the service, have resigned leaving only 12 active members to do an increasing volume of work. They have worked 603 hours and driven 2,033 miles. The duties include driving a bus from Fort Slocum to Pelham Bay Station, delivering trucks to Jersey City to deliver finished work, serving on the ambulance of the New Rochelle Hospital. Additional gas may be secured for use in this line of duty.

Mrs. George Tower announced the start of more first aid classes. Larchmont already has 4,000 who have taken the course. Mrs. H. C. Lindelow will open an advanced course at the Murray Avenue School Oct. 19 at 2 P.M. and in the evening Mrs. Lester Sherrill will give a standard course there. On Oct. 20 and 23, Mrs. David Loring will give a standard course at the Chatsworth Avenue School at 10 A.M.

Mrs. Hoyt Smith announced the opening of a new nutrition course Oct. 7 by Mrs. Elinor Ernst Whittier.

Mrs. Arno Kassander of headquarters, announced that white elephant sales will be held in September.

Mrs. Oliver Gill has visited all the schools in the interest of the Junior Red Cross. Each school has a supervisor of Red Cross work. The exhibit which was at headquarters for the 25th anniversary week is touring the schools to acquaint the pupils with the variety of work they can do. At the Junior High there is an after school group which will meet two afternoons a month. St. Augustine's Academy is forming a Junior Red Cross group.

Shirley Underhill Soldier's Fiancee

Mrs. Benjamin E. Underhill, 14 Mayhew Avenue, Larchmont, announces the engagement of her daughter, Miss Shirley Underhill to Pvt. Charles Edward Stead of Brockton, Mass., now stationed with the Army at Fort Slocum.

Miss Underhill is a graduate of Mamaroneck High School.

MRS. GEORGE SORGE

Dorothy Stanborough Married To Lieut. Sorge In Larchmont

Miss Dorothy Stanborough of Larchmont was married Wednesday evening at 8:30 o'clock to Lieut. George Sorge, U.S.A., of Fort Sill, Okla., formerly of Larchmont.

The ceremony was performed at the home of Mr. and Mrs. Albert Ford, 60 Prospect Avenue, Larchmont, where the bride has been residing. The Rev. Francis J. H. Coffin, rector of St. John's Episcopal Church, Larchmont, officiated. A reception for about 50 guests was held. The Ford home was decorated in white carnations and gladioli for the occasion.

The bride, given in marriage by Mr. Ford, wore a gown of white satin, fashioned on princess lines with long tight sleeves and sweetheart neckline. Both her gown and long tulle veil were trimmed with rosepoint lace and a coronet of the lace held the veil. She carried a crescent bouquet of gardenias.

Miss Roberta Stanborough of New Rochelle, was maid of honor and only attendant for her sister. She was in a bonffant frock of powder blue taffeta with shirred bodice and short sleeves. Her bouquet was of pink carnations and blue larkspur.

Robert Scharcon of Larchmont was best man.

The couple are leaving today for Fort Sill where Lieut. Sorge is an instructor. He is a former resident of New Rochelle, the son of Alfred Sorge of New York and the late Mrs. Sorge, and made his home in Larchmont preceding his induction into the Army. He is a graduate of New Rochelle High School and was a member of Gamma Eta Kappa Fraternity.

The bride is the daughter of Mr. and Mrs. Robert M. Stanborough of New Hyde Park, L. I. She was graduated from Mamaroneck High School and was a member of Tau Sigma Phi Sorority.

MISS MARCIA VAN KIRK

MISS VAN KIRK ENGAGED TO WED MR. VAN TASSEL

Shore Club Member's Fiance To Leave Shortly For Army Camp

Of interest to county social circles is the announcement by the Rev. Dr. and Mrs. Walter W. Van Kirk, 421 East Sidney Avenue, Mount Vernon of the engagement of their daughter Marcia Van Kirk, to David Lowndes Van Tassel, son of Mr. and Mrs. J. O. M. Van Tassel, 25 Wallace Avenue, that city.

An announcement dinner was held last night in Wellesley, Mass. Heart-shaped place cards bearing the couple's pictures and red roses for each guest provided the news. Guests, besides the prospective bride, her fiance and members of their immediate families, included 12 young women from the Wellesley Senior Class in which Miss Van Kirk is enrolled, Marion McClellan of Harrison, a junior at Smithtown, and Vivienne Stirn of Mount Vernon, a junior at Smith.

Before entering Wellesley, Miss Van Kirk was graduated from A. B. Davis High School, which her fiance also attended. She is a member of the Larchmont Shore Club and last Summer did volunteer work with the Community Service Society of New York.

Her father is secretary of the Federated Council of Churches of Christ in America and recently returned by clipper from England where he counseled leaders of church and state by invitation of the Archbishop of Canterbury.

Descendant of the Van Tassel family which settled near Tarrytown in 1630, the future bridegroom was graduated from Columbia University in 1940. He had completed two years of law study at Columbia before being inducted into the Army. He leaves for Camp Tuesday, under army orders.

Edwin Anning Pledges Fraternity

Edwin L. Anning of Larchmont has pledged Theta Xi Fraternity at Rensselaer Polytechnic Institute, Troy, where he is studying aeronautical engineering.

He is the son of Mr. and Mrs. Henry H. Anning, 7 Leafy Lane, Town, and a graduate of New York Military Academy, Cornwall-on-Hudson.

BARCLAY ON BRIDGE

BLOCKING THE ENEMY

UNBLOCKING your own suit, so that the ranking card may thus be placed with the longer holding, is one factor in good play. The reverse of it—blocking the suit of the opponents—is equally vital at times. Holding up your own high card in it, even when a finesse is tried which you can win, may upset the entire apple cart of the enemy.

The heart K was East's reason for passing the 3-No Trumps instead of preferring 4-Spades. When North led the heart 8, the K was called by West, since he wanted to finesse the diamond Q, in the hope of catching a doubleton K. North won that finesse—a costly error. After he returned the heart 4 to the A, West cashed the diamond A, led to the spade A, ran four more diamonds and two more spades to score an extra trick.

Just see what would have happened if North had let the diamond Q finesse win. West could have played his A then, but that would not have set up the suit. With only the spade A to lead for entry to dummy, a second entry would have been needed after driving the diamond K out. Seeing this, West shouldn't even have tried for the rest of the diamonds, but should have sought a break of spades, which would have failed, so that he would have been set two tricks.

North got his chance to make that mistake in play, however, only because West had made a worse one. The contract would have been airtight, plus an extra trick, if he had won the heart lead with the A, led the diamond A and then the Q. Even if North held up his K on that, it would not have done any good, as the spade A was one entry to dummy to use a diamond lead driving out the K, and the heart K was a second one to run the suit. Even a switch to clubs would have done North no good, after winning with his diamond K, as he could not have led through West's heart Q.

Orienta Beach Club To Stage 17th Monte Carlo Party

The main rooms of the Orienta Beach Club will be brightly decorated in gold, silver and green for the seventeenth annual Monte Carlo party Saturday evening with George Reiser and his orchestra playing for dancing.

Dinner at 7:30 will precede the games and dancing will begin at 9:30 continuing until 3 A. M.

Members of the entertainment, house and ladies' advisory committees have collaborated in arranging the party. George L. Pendleton is chairman of the entertainment committee. Assisting him from this area are Thomas P. Herlihy and David R. Loring of Larchmont.

Serving on the house committee with William J. Riase of Larchmont as chairman, are Alfred M. Granger and Richard I. Land, both of Larchmont.

Mrs. F. Earl Suits of White Plains, chairman of the ladies advisory committee has aiding her on the Larchmont-Mamaroneck unit of the committee:

MHS STUDENTS VIEW TEAM ON EVE OF GAME

Mamaroneck And Bellows Coaches Speak At Senior High Assembly

By IRIS LITT

In anticipation of the big struggle to come between the Mamaroneck and Bellows football teams tomorrow on the Daniel Warren field, D. Clare Curtin and Howard Smith, M H S and Bellows coaches respectively, addressed the Mamaroneck Senior High School audience yesterday.

Coach Curtin, new to the school this year, started off by thanking the students for their enthusiastic response to the sports program.

"Win, lose, or draw," stated William Lawrence, a representative of the Bellows student government, "this game will open athletic relations between Mamaroneck's two high schools. Best of luck to Mamaroneck!"

Coach Howard Smith of Bellows told M. H. S. students that the last game played between Bellows and Mamaroneck High was in 1925, when a raging victory was won by Mamaroneck. "It may have taken us 17 years to regain our breath," the coach grinned, "but we're back and ready to fight."

The stage curtain was then parted to reveal the sturdy Mamaroneck football team, complete with grins, football sweaters, and a fractured nose or two. Captain Art Fuller was introduced and recognition paid to Line Coach Oscar Koehler. Team Manager Ed Lane told students that their team was out to fight for the honor of M. H. S.

Members of the cheering squad, Murray Hanson, Elmer Winkler, Dot Wagner, and Ann Ward led the school in several cheers.

Composed of 35 boys in all, the football team plans to play Bellows, Albert Leonard, Roosevelt, New Rochelle, Port Chester, Yonkers, and Isaac Young High Schools during the football season. Four of these games will be played away from Mamaroneck.

GUILD PLANS TO REPEAT SUPPER

So popular was the covered dish supper which preceded the first Fall meeting of the Wesleyan Service Guild last night at the Mamaroneck Church Parlors, that a similar event was taken to hold a similar event Oct. 29 before the next meeting.

About 30 Guild members were present. Miss Lilian Button, Mrs. Ernest Warming, and Mrs. P. R. Andrews were hostesses.

JEAN D'ONOFRIO TO BE BRIDE OF CORP. SANTORO

Miss Jean D'Onofrio, daughter of Mr. and Mrs. Frank D'Onofrio, New Rochelle, will be married at 3 P. M. Sunday, Oct. 18, at Blessed Sacrament Church, New Rochelle, to Corp. Alfred Santoro, son of Mr. and Mrs. John Santoro, 633 Mamaroneck Avenue, Mamaroneck.

Miss Ann Vaccaro, who will be the bride's maid of honor, entertained at dinner and a miscellaneous shower for 50 Wednesday evening at Brindley's Restaurant, New Rochelle.

MISS AUDRAY BAUER, dauhter of Mr. and Mrs. John Jay Bauer, 22 Concord Avenue, Larchmont, whose engagement to Lieut. James C. Baldwin, U. S. A., son of Mr. and Mrs. William H. Baldwin, 10 Oakdale Road, Town, has been announced. Miss Bauer is a graduate of Mamaroneck High School and attended Berkeley Llewellyn School, New York City. She is with Young America Magazine. Her fiance is now serving with the Army Ordnance Department.—Ira Hill Photo.

Education Unit Inaugurates New Type Study For PTA

By KATHERINE S. KIRKMAN

The Parent Education Group of the Chatsworth Avenue Parent-Teacher Association, will begin a new type of study this year, according to an announcement by Mrs. Rudolph Weichert, Jr., chairman. The theme will be "Know Your Own School," and the meetings will be conducted by the teachers at Chatsworth Avenue.

"We feel," says Mrs. Weichert, "that parents have never had a chance to really see and understand the methods used in teaching their children. The only time we have had to visit our children's classes has been on the yearly open school day and we do not feel that a short visit to a class at that time gives a very clear picture."

The meetings will be held every fourth Tuesday in the school from 2 to 3 P. M. and will not be preceded by tea, because of sugar rationing.

Dr. Helen Halter, new principal of the Chatsworth Avenue School, will conduct the first meeting Oct. 20. It will be a demonstration lesson of social studies as taught to the sixth grade.

Miss Marjorie Allis will demonstrate the methods in teaching fourth grade arithmetic Nov. 24 and on Jan. 26 Mrs. Dorothea Holmes and F. Russell Conklin, director of music in the Mamaroneck School system, will discuss "Music in Our Schools."

The remainder of the year's program will be announced later.

Mrs. Weichert has as her co-chairman this year, Mrs. Reese Richards.

FORUM TO HEAR OF ARMY LIFE FROM PASTOR

Larchmont Church Group Will Open Season Sunday With Talk

The Larchmont Forum will hear a first hand account of army life Sunday night when the Rev. Floyd McGuire, pastor of the Larchmont Avenue Church, describes his experiences at Fort Benning, Ga., where he spent a month at the Psychiatrian Service Center.

The meeting will be the first one of the year and will be held in the Forum Room at 8:15 at the Church under the direction of Miss Frances Jefferson, program chairman.

President Lawrence Buchman has called a meeting of the executive board at 7:30 that evening in the church to make plans for Fall work.

At the close of the meeting, refreshments will be served with Miss Kathryn Hawkins and the refreshment committee in charge. All young people of the community are invited to attend.

LODGE HOLDS 14TH DANCE FOR SOLDIERS

With harvest decorations of pumpkins, dried corn husks and Autumn fruits over the fireplace, Westchester Lodge, B'nai B'rith, in cooperation with the USO, held the 14th dance-entertainment for Port Slocum soldiers Wednesday night at the Beckwith Point Beach Club, New Rochelle.

Among those Lodge members who served as hosts and hostesses were:

Mr. and Mrs Milton Heimlich, Mr. and Mrs. Samuel Markle, Mr. and Mrs. Jules Englander, Mr. and Mrs. Lawrence Ascher, Mr. and Mrs. Henry Rubin, Larchmont; Mr. and Mrs. Samuel Steerman and Mr. and Mrs. Daniel Andren, Mamaroneck.

The recording of messages, which began three weeks ago, was continued. Scripts were prepared for soldiers who wanted to send a record home, but had no idea what to say.

Fred Pisani's orchestra played for dancing and Miss Maura Tuutz was vocalist.

Refreshments were under the supervision of Mrs. Bernard Plaster assisted by Mrs. Harvey Harrison, Mrs. Joseph Greenberger, Mrs. Milton Sobel and Mrs. Monroe Simon.

VILLAGE AIDES TO CARRY ON DESPITE RATIONS

Plans to continue the work carried on at the Children's Village, Dobbs Ferry, in spite of tire and gasoline problems were emphasized Wednesday in the discussion by 18 chairmen of Westchester committees for the Village, meeting at a luncheon conference in New York. Mrs. Charles F. Kennedy of Crestwood, general chairman, was in charge.

Representatives from central Westchester committees were Mrs. Louis Fletcher Jr., Mrs. A. W. Phelps, Mrs. Albert Cross, all of Scarsdale. Mrs. Mary Turner of Pleasantville who was unable to attend pledged the cooperation of her committee by letter.

It was decided to continue the Christmas entertainments and the parties during the year and the personal contacts which help build morale. The women planned to coordinate their visits to the Village, to use public conveyances whenever possible and to share cars whenever private vehicles must be used.

Announcement was made that during the last year, 50 young men who have left the Village have entered the various branches of the armed forces.

COMBING THE TOWN

Now An Ensign

N. Peter Rathvon, Jr., above, son of Mr. and Mrs. N. Peter Rathvon of Edgewater Point, Mamaroneck, has been commissioned ensign as an aerologist with the Naval Aviation Corps and has left for Pensacola, Fla. He will remain there in induction training for two months and will then be stationed in San Francisco.

He attended Rye Country Day School, the Choate School in Wallingford, Conn., and Yale University. He graduated from the University of California last March after an accelerated course and after three months' training at the Kansas City airport, received a rating as emergency assistant in aerology.

Ensign Rathvon was a member of the Student Council at Choate and captain of the debating team. He graduated with honors in mathematics. He was a member of the wrestling team at Yale and his name was on the Dean's list. He is a member of Chi Psi Fraternity.

One War To Another

Out of one war and into the next is the history of two wheels from a bomber which were donated to the Larchmont scrap drive yesterday.

The two great wheels with the axle fell from a plane into the yard of Moses Cherry, former Larchmont resident, during World War I. He turned them over to Michael J. Cantor of the Larchmont Garage who has kept them on display for the last 15 years.

When the urgent appeal for scrap metal and rubber reached Mr. Cantor, he called the salvage trucks to come and take the wheels. They weighed about 600 pounds.

Other scrap unearthed by Mr. Cantor and added to the weight of the wheels brought his contribution up to three tons.

Varied Scrap List

Mrs. Chet Benson of Meldgest Farm on Old White Plains Road felt so "gratified" when she was informed this morning by Town Engineer A. J. Foote that the scrap collected from her estate Thursday weighed in at 2,500 pounds that she decided to list the various metal items picked up around the place in the hope that it will give others in the community some idea of the kind of articles Uncle Sam needs urgently for his tremendous armament program. The itemized list follows:

Lawnmowers, ice boxes, a variety of old type stoves, iron beds, mattress springs, a 300-pound grass cutter and some "quaint" iron lawn chairs.

In Officers' School

Sgt. John R. Coyle, son of Mr. and Mrs. William A. Coyle of 1104 Park Avenue, Village, has been transferred to Fort Monmouth, N. J., for officer's training in the Signal Corps of the Army of the United States. He was formerly stationed at Wendenover Field, Utah.

Truck Waits Call

A Village truck stands ready at all times to make a call for a heavy piece of scrap, Village Manager William H. Johnson said today.

A resident of the Knolls section telephoned yesterday that she had an old bed she was anxious to give. Mr. Johnson said, and the truck was dispatched to pick it up.

"At first I thought the bed was too good to part with," she told Mr. Johnson, "but after reading in the paper about the dangerous shortage, I decided to give it up."

Flying Instructor

Ensign ROBERT E. Empey, U. S. N., native of Larchmont, who has been visiting this past week with friends of the family, Mrs. Albert Ford, 60 Prospect Avenue, Larchmont, leaves tonight for the Naval Air Base at Norman, Okla. to take up duties as flying instructor.

After serving as a pilot officer in the Royal Canadian Air Force for two years, Ensign Empey, 23, a graduate of the Mamaroneck High School had the "novel" experience of learning to fly again "American style". Navy regulations made it compulsory for him to attend school at Corpus Christie, Tex. before he could be formally commissioned in the American Naval Air arm.

Day's Scrap Campaign Yields Only 17 Tons As Collections Lag

Total Salvage For Entire Town Now 417 Tons

PARTIES SLATED

Only 17 tons of scrap were collected in the Larchmont Postal District and Mamaroneck yesterday as trucks from the town and two villages made return calls to dismantle fixtures and transport heavy articles in the neighborhoods covered Wednesday and Thursday. The total for the area has now reached 417 tons, Yesterday's collection lagged far behind the amount of any previous day.

Having collected tons of discarded objects during the first few days of the extensive drive now going on, trucks are being called back for "sacrifice scrap" or the articles which are still usable but which residents are willing to give up to the nation's vital need for material.

The collection in the Larchmont postal area where the Town of Mamaroneck and the Village of Larchmont are combining in the drive amounted to 15 tons yesterday. There were 10 in the Town and five in Larchmont, including about three tons carried out of the Larchmont garage after a call from Michael Cantor, owner. The total for the Larchmont Postal area is now 117 tons.

The collections in the Village of Mamaroneck yesterday was two tons, making a total of 207 tons. The Village has passed the halfway mark in its quota of 400 tons, Village Manager William H. Johnson said.

The pile collected in the Town area yielded many large articles yesterday, according to A. J. Foote, highway superintendent. There were four pianos, a variety of iron garden furniture, old radios, sevual ice boxes, radiators, gas ranges, bed springs, lawn mowers, hot water boilers, kitchen cabinets and wire fences.

So far, no one has reported an iron fence in any of the collections.

Three men have been working with a truck today answering special calls throughout the area of the Town, Mr. Foote said. A determined effort will be made to "clean up" every piece of scrap in the area covered Wednesday and Thursday. The salvage is removed to New York by the junk dealers after the trucks have made the rounds each day.

Several local organizations have planned "scrap parties," it was learned today. The first to make a definite announcement is the Sisterhood of the Hebrew Institute which will hold a bridge party Oct 14. Five pounds of scrap will be the price of admission for each person.

WHITNEY OFFERED FEDERAL POSITION

Reinstated Yonkers Manager Expected To Resign To Accept New Post

Yonkers city hall today expected City Manager Raymond J. Whitney's resignation by Monday night.

The suspension and then reinstated executive confirmed reports that he has been offered a federal position.

It is expected that former Mayor William A. Walsh will be named city manager by the Yonkers Common Council next week.

Whitney's decision to resign is given in reliable quarters as the reason for the Common Council's action Thursday in reversing its previous stand in suspending the city manager and voting to dismiss the charges which re-instated Mr. Whitney in office.

"It is true," said Mr. Whitney, "that I have been offered a position in the Federal Government. Since Sept. 1 they have written to me several times to accept a post in the Office of Emergency Management."

The first city manager of Yonkers would not say when or if he would file his resignation. Mr. Whitney was formerly village manager of Mamaroneck.

RYE NECK CENTER TO OPEN SEASON

Registration For Recreation Program To Be Held On Monday

The Rye Neck Recreation Council announces that registration day for its Fall season will be held Monday. The Recreation Center sponsored by this organization will operate in the basement of the Harry Avenue School and on the playground adjacent to the school building.

Miss Olympe Auleta, who will supervise all of the activities, has planned a program of outdoor games for all Rye Neck children from fourth to sixth grades when the weather is feasible for outdoor sports. When it becomes too cold or the weather is inclement, the indoor program will be carried on. A split schedule will then be put into effect, the girls were welcome to the Center on Mondays and Wednesdays; the boys on Tuesdays, Thursdays and Fridays. The hours will be from 3:15 to 5:15 and it is hoped that mothers who wish to give some time to Red Cross and other war work will find it helpful to be able to send their children to the Center where they may engage in supervised play.

In the evening from 7 to 9 Miss Auleta will run an indoor program for Junior High School boys, Tuesday through Friday. Registration for this will also be on Monday in the evening.

The Council also announces that Sgt. Herman Paul of the village police will continue the boxing training he started last year. This will be open to boys of all ages. Registration is to be on Thursday at 7 P.M. at the Harry Avenue School.

Lieut. Rathbone Participates As Bombardier In Mass Allied Raid

A Mamaroneck man participated in a massed Allied raid over Northern France last night as bombardier aboard the flying fortress, "Mickey Finn." He is Lieut. Frank Rathbone, son of Mr. and Mrs. Frank S. Rathbone of 447 North Dazzy Avenue, Village.

Swarms of American and Allied fighter planes went along on the fortress raid and shot down five of the Nazis' prized Focke-Wulf 190 fighter planes—thus bringing yesterday's bag to 18 enemy aircraft the Associated Press reported. Among the roster of combat crews was also Alphreus P. Backus of Port Chester.

Lieut. Rathbone is a graduate of F. E. Hellows High School. He was also graduated from Cortland State Teachers' College in June 1941, where he received a B. S. degree in physical education. He enlisted in the Air Corps of the United States Army and received his cadet training at Maxwell Field, Montgomery, Ala. He received his wings at Albuquerque, N. M. and was then transferred to Spokane, Wash. He left for service overseas last July and has been in active combat duty as a bombardier since that time.

He married the former Miss Mary Ludlow Hull of Spencer, N. Y., on Jan. 1, in Montgomery, Ala. Rathbone is now a student at Cortland State Teachers' College and expects to make her home in Mamaroneck with Lieut. Rathbone's parents.

52 MORE LEAVE WEDNESDAY TO ENTER SERVICE

Mamaroneck-Rye Draft Board To Send Big October Contingent

CEREMONY SCHEDULED

Eight Suspected Delinquents Get Orders To Report Or Face Action

Of 71 men originally called to Governor's Island for their physical examination Sept. 23, 52 have passed and will be formally inducted in the Army following their 14-day furlough on Wednesday, James A. Gillies, chairman of the Mamaroneck-Rye Draft Board No. 750 announced today.

In the remaining group of 19, Mr. Gillies said, some have been rejected, others reclassified, some transferred to other draft board supervision and others are already in the service through enlistment.

The 52 inductees of which the great majority are single men without dependents, will leave Wednesday afternoon following a sendoff ceremony to be held at 1:30 P. M. in the draft board's offices in the Barry Avenue School. The men have been asked to assemble at 1 o'clock.

Mr. Gillies has also sent notices to a group of eight men listed as "suspected delinquents" since they have failed to return their questionnaire in observance of the Selective Service law. In cases of this sort delinquency notices are also sent to Selective Service headquarters in Albany, and the men's names are posted on police bulletin boards.

The registrants themselves are notified of their suspected delinquency and given five days in which to report to the local Board. At the end of the five-day period, if no word is received from the registrants they are classified as "actual delinquents" and their names are sent to the U. S. District Attorney's office for FBI action.

The selectees slated to leave for camp Wednesday afternoon follow (unless otherwise specified the men are from the Village of Mamaroneck):

TWO BOYS ADMIT SLAYING TEACHER

Reprimanded For Smoking, Pair Return To School With Pistol

NEW YORK (AP)—Two boys will appear in police lineup today to answer questions about the death of a Brooklyn High School mathematics teacher, Irwin Goodman, 40, who was shot to death in the school after reprimanding the pair for smoking

Assistant District Attorney Nathan Sobel said Joseph Annunziata, "zoot suit"-wearing 19-year-old, admitted firing the fatal bullet after Neil Simonelli, husky 16-year-old with a reform school record, had pulled the trigger twice and the gun failed to fire. Both youths were charged with homicide.

Goodman, the father of two children, was shot in the back as he climbed a school stairway and fell dead on a landing.

Both boys had attended the William J. Gaynor Junior High School where the slaying occurred, and from their stories police said they believed they had returned there "to have some fun"!

Police Capt. John J. McGowan said Goodman had lectured the pair when he found them smoking in a washroom and had taken them to the office of the assistant principal after a struggle with Simonelli.

Reenacting the shooting later, Simonelli told police he and Annunziata then went to his home, got a .32 caliber automatic pistol and returned to the school.

Math said that Simonelli pointed the gun at Goodman and it clicked twice, and that Annunziata snatched the weapon and fired hitting the teacher in the back.

Battle Takes Brighter Turn; RAF Pounds Rhineland War Factories

BULLETIN

MOSCOW (AP) — The Red Army gave a new, brighter turn to the great battle for the Volga basin today by snatching the initiative from the Germans and bearing down on the Nazi flank in an advance northwest of Stalingrad while defenders within the city also were breaking down the enemy's offensives.

LONDON (AP)—The Swiss radio broadcast a dispatch from Algeciras, Spain, today saying a convoy of 14 cargo ships escorted by a battleship, two cruisers, six destroyers and three submarines left Gibraltar last night headed for the Atlantic.

The 40-day-old siege of Stalingrad verged on the turning point today as the Red Armies cut deeper into the vital German flank north of the city, seizing a powerfully fortified hilltop, and again forced the Nazis to retreat in bloody street fighting inside the Volga metropolis.

German Field Headquarters acknowledged that the Russians were launching strong relief attacks both north and south of the city but declared they "failed after heavy fighting."

The Nazi Command also asserted that the German drive in the northwest suburbs "everywhere achieved all objectives set for yesterday."

Far to the north, on the Lake Ladoga front around Leningrad, the German High Command reported the destruction of seven encircled Russian Divisions—perhaps 100,000 troops—and the capture of 12,370 Red army prisoners.

A Nazi communique said a recent series of battles below the lake had ended in "complete success."

But the grim struggle for Stalingrad continued to overshadow other developments on the fing fighting front.

For the first time, Russian field dispatches returned at least a shade of optimism as Marshal Semeon Timoshenko's troops took the initiative in sector after sector.

Red Star declared the Germans were losing 2,500 to 3,000 killed daily and said the Russians were battering down hastily erected Nazi fortifications and thrusting wedges into the invaders' defenses both inside and outside the city.

President Orders Rent And Price Ceilings

WAGES FROZEN

WASHINGTON (AP) — President Roosevelt today named Associate Justice James F. Byrnes of the Supreme Court to be director of economic stabilization, with broad policy-making powers to control the nation's cost of living.

At the same time he accepted Byrnes' resignation from the court, the President issued a sweeping order directing the National War Labor Board to limit wages and salaries, Price Administrator Leon Henderson to put ceilings on rents and prices, and Secretary of Agriculture Wickard and Henderson to limit farm prices at levels as of Sept. 15, as far as practicable.

The order, issued soon after the president signed the anti-inflation bill last night, created an Office of Economic Stabilization in the Office of Emergency Management with Byrnes at the head as director.

Also created was an Economic Stabilization Board with which the director will consult in fixing policies.

On this board are the secretaries of treasury, agriculture, commerce and labor, the chairman of the Federal Reserve Board, the price administrator, the chairman of the War Labor Board and two representatives each of labor, management and farmers still to be appointed.

The order with respect to wages and salaries declared that no increases or decreases shall be authorized unless notice of them is filed with the War Labor Board and the board has approved such changes.

The board was ordered not to approve any increases in wage rates prevailing on Sept. 15 unless such increase was necessary to correct maladjustments or inequalities, to eliminate sub-standards of living, to correct gross inequities, or to aid in the effective prosecution of the war."

The board also was ordered not to approve any decreases in wages below the highest wages paid between Jan. 1 and Sept. 15, 1942, unless to correct gross inequities and to aid in the successful prosecution of the war.

No increases in salaries now in excess of $5,000 a year shall be granted until "otherwise determined by the director (Byrnes)," except in instances in which an individual "has been assigned to more difficult or more responsible work."

Also, the order said no salary small be authorized in excess of $25,000 after the payment of taxes, although the order said regulations should make due allowance for payments on life insurance premiums on policies heretofore issued, and for payments on fixed obligations heretofore incurred, as well as make provision to "prevent undue hardship."

SUPPER TO OPEN CHEST DRIVE HERE

Workers To Receive Final Instructions Monday At Elks Clubhouse

President Roosevelt will be "guest speaker" Monday night when captains, lieutenants, and volunteer workers of the Mamaroneck Community Chest gather at 7 o'clock at the Elks' Club for a buffet supper.

Scheduled to address the nation over the radio sometime between 10 and 10.30 P. M., the President will make his annual appeal for the Community Mobilization for Human Needs which will launch Community Chest drives throughout the country.

Those attending the supper will "listen in" at that time.

Final instructions will be given as the workers receive kits containing pledge cards, stickers, pamphlets, and other campaign material. R. J. Diforio, executive director said. Approximately 300 men and women will start out Wednesday morning on the house-to-house campaign to collect funds for the nine affiliated agencies of the Community Chest, The drive, which will continue through Oct. 26, eliminates the nine separate campaigns which would otherwise be held by the beneficiary organizations.

Charles A. Gas, chairman of the speakers committee, has arranged for representatives from each agency to give brief talks outlining

Your Newspaper Carrier Boy Has the Right Ideal

BY ADDING a fourth 'R' — Route' service — to the modern versions of Readin', Riting and 'Rithmetic, your carrier boy is getting sound scholastic and business training.

In serving his own newspaper route, he not only puts many of his school lessons to practical use, but gains actual business experience that can't be had in any other way. He learns modern methods of delivery, collecting and selling! He acquires habits of punctuality, courtesy, reliability and thrift! And, he earns money for home, school and recreation!

As a result, the average carrier boy does better in the classroom, and climbs higher in whatever lifetime task he tackles.

The Daily Times

SCENE OF the next three World Series games, and possibly more, is the Yankee Stadium in New York City, pictured above. If neither the Yanks nor the Cards sweep these games, the classic may be kept in New York until a champion is crowned due to a government order which bans all "special" trains after tomorrow. Commissioner Landis declared yesterday that he would wait and see "what Washington tells us to do."

NEW ORDER BANNING SPECIAL" TRAINS MAY KEEP SERIES AT YANKEE STADIUM

By GAYLE TALBOT
Associated Press Sports Staff

NEW YORK—The Cardinals and the Yankees, locked up in a World Series that looked tighter every minute, were agreed upon at least one point as they came to grips again at Yankee Stadium today in the third game of the Autumn classic.

They concurred in the belief that it might be a bright idea for one of them to win the next three games in fast succession and obviate the necessity of trying to get back to St. Louis, possibly by mule train, some time next week. They only differed sharply as to which of them should have the honor.

Sweep Would Settle It

Each had won one tussle, the Yanks taking the opener, 7-4, and the Cards coming back behind their freshman pitcher, Johnny Beazley, to win the second bout in St. Louis, 4-3. A sweep of the three games at the Stadium, starting today, would give either of them the championship and ease the strain on an already sorely taxed railroad system.

Baseball's top men, traveling on the long train that brought both clubs into this city late yesterday, quite frankly did not know how the governmental order banning all special trains after tomorrow would affect their chances of getting the teams back to St. Louis in the event the series went more than five games. To say that they seemed worried, though, would be an exaggeration.

Landis To Wait and See

When Baseball Commissioner Kenesaw Mountain Landis was asked if, in the event a sixth game were necessary and it were impossible to obtain transportation back to St. Louis, he would order the Series to be played to its conclusion at Yankee Stadium, he replied:

"Sir, that is a hypothetical question. Lawyers plagued me with those things for 30 years. We will wait and see what Washington tells us to do."

President Will Harridge of the American League said he thought it would be a "nice gesture" to play all the remaining games at the Stadium, inasmuch as its seating capacity was much greater than that of Sportsman's Park in St. Louis and the U. S. O.'s share of the receipts would be correspondingly larger.

Teams like to play in their home parks, though, and President Ford Frick of the National League said he believed the clubs would be able to return to St. Louis if it became necessary. He predicted it would not be necessary, that the Cards would win the next three.

Masters Golf Meet Is Out For Duration

AUGUSTA, Ga., (AP).—Clifford Roberts, executive chairman of the Augusta National Golf Club, announced today cancellation of the 1943 Augusta Masters' Golf Tournament.

Roberts said the club would not open for the Winter season and would remain closed for the duration of the war.

Young Jockey In Bad Condition After Fall

WASHINGTON, (AP). — Jimmy Thumburg, youthful Indiana jockey, who was injured at the Laurel, Md., racetrack Thursday, remained "a very sick boy" today, attending physicians said. The jockey, brought to Doctors Hospital, recovered a "certain degree of consciousness" yesterday, the physicians said. They reported he was suffering from a cerebral concussion but suffered no fractures.

Race Track Purses Down At Rockingham

SALEM, N. H., (AP). — More than 400 horsemen campaigning at Rockingham Park last night agreed to take a 50 per cent reduction in minimum purses, down to $400, to aid the track to complete its scheduled 42-day meeting, despite the cancellation of special trains from Boston after today.

In addition to guaranteeing $400 purses, the track also would divide all profits from the running horsemen at the end of each week.

About 40 per cent of the track's patronage traveled in the special trains that the Boston and Maine Railroad has been ordered to discontinue by the Office of Defense Transportation.

KENNEDY TO FACE AGOSTA AT CENTER TUESDAY NIGHT

Pete Kennedy, fast-coming White Plains welterweight, clashes with Joe Agosta, Brooklyn scrapper, in the feature bout of six rounds Tuesday night at the Westchester County Center in White Plains. The contest heads a program bringing, together the best talic prospects of the year. Promoter Joe McKenna stages this type of show annually and Tuesday's bill is tabbed "the baby stars of 1942."

Kennedy is considered the outstanding young prospect in the welterweight ranks today. The Elmsford youngster compiled an impressive record during the boxing the Summer months and scored an easy victory over Andy Fow ler at the County Center several weeks ago.

Agosta has lost but one decision in 22 professional starts and is out to halt Kennedy's winning streak. The Brooklyn scrapper holds the decision over Freddy Flores, Mike Saunders, Rocky Calmat, Tony Iovella, Eddie Carroll, Felix Morales and Herbie Kronowith.

Walter Stanley, promising light weight of Newark, meets Al Dolce, hometown rival, in the semi-final of six rounds.

A special event of six rounds will show Herbie Haydon, Newark welter, trading punches with Mickey La Rosa of Brooklyn.

Jerry La Starza, Pete Mello's hard punching Bronx middleweight faces Harry Serio of Newark and Sal Sciliabra, West side featherweight, tangles with Ossie Rodriguez, Al Weill's battler, in two new slaps.

Vincent La Salvo, former amateur star from Mount Vernon, makes his professional debut against Raymond Murray of Brooklyn in the opener of four rounds.

PEE WEE REESE, HERE WITH FRIENDS, PRAISES STRETCH DRIVE OF CARDINALS

By MASON GOULD

When youngsters want an autograph from a ball player they really make it known.

There was real confusion last night and this morning in the Soundview Gardens apartment of Mr. and Mrs. Claude Boone, formerly of Louisville, Ky., and old friends of Pee Wee Reese, Brooklyn Dodger shortstop.

Somewhere, somehow, word got about that Reese was visiting the Boones and quicker than you could say "Rest Riller!" a device of baseball fame started an almost nightlong blitz on the Boone doorbell.

So that when we arrived at the Boone apartment this morning Pee-Wee, or Wee-Pee, as Mr. Boone has always affectionately called the likeable Dodger infielder, was still trying to catch up on his sleep.

Date With MacPhail

It was time for him to rise, however, since he wanted to get into New York to see Lary MacPhail and possibly take in one of the World Series games of which the Yankees appeared sure to be a part only the short month ago.

Two nice questions we fired at Reese was whether he considered the Cards sensational spurt, in which they won 15 of their last 22 games, or the Dodger slump the most important factor in Brooklyn's loss of the pennant.

"Both factors played in it, of course," he replied, "but I'd say it was the Cardinals' great play more than anything else. We won 104 games which really was the pennant for them. After all, we won 104 games, which ordinarily is good enough to win a pennant nine out of ten times, and any club that does better deserves to win."

To Work in Plant

Pee Wee, who had arrived that afternoon from Louisville, was a sad at six, hopes to land a defense job in Louisville in a few weeks and expects to remain in the plant until the next baseball season rolls around. For continuing, he is probably play and officiate basketball in Louisville along with Max Macon, newly acquired Dodger southpaw. Incidentally, "Wee Pee" was a much better basketball player than he was a baseball player in his high school days," according to Mr. Boone, who has known Reese for many years.

In the event that his draft classification, which is now 2-A since he is married, is changed to 1-A, he indicated that he will probably enlist, although he has no preference as to what branch of the service.

In answer to a question as to the six home runs, Lavelli, he pointed out that Lavelli, in fact, hit only four home runs, Reese, who played Sunday, by sneaking one in a little wind longer and will pick up his fifth at Reese's home, the ball just across the line in Louisville.

As we hurried off to make a deadline, a scream of kids was heard as they came to get the great "Dodger." There's something about each player that makes the world living for a youngster.

ROBINSON DOWNS JAKE LA MOTTA

Ace Harlem Boxer Wins Easily At Garden in First Bout As A Middleweight

NEW YORK, (AP).—Ray Robinson pounded Jake LaMotta so persistently with his left in his bout as a middle weight he woke up today with a set of badly bruised knuckles.

Robinson, forsaking the welterweight division although he weighed only 145 to LaMotta's 157½, easily won his 12-round verdict in a row in Madison Square Garden last night.

LaMotta was effective in the first round but after that Robinson, Harlem's most avid devotee of swing, didn't allow his nearest opponent to get close enough for a damaging punch. The damaging blows wound sting LaMotta with the kid, then follow with a frigid.

The injured hand is not expected to keep Robinson from keeping an appointment with Izzy Jannazzo of New York, in Philadelphia on Oct. 12. Jannazzo is recognized in Maryland as the world welterweight champion.

Driving Bellows Eleven Runs Over Mamaroneck Team By 12 To 0 Score

SMITH'S CLUB OUTCHARGES ORANGE SQUAD THROUGHOUT

Eddie Dolan Terminates Second Period Attack By Going Over From Three-Yard Line, Frank Nask Races To Touchdown After Taking Martensen's Pass On 40-Yard Line

By MASON GOULD

A determined and well-drilled Bellows eleven met a sadly disorganized Mamaroneck squad at Daniel Warren Field Saturday afternoon and the result was inevitable from the opening whistle. Coach Howard Smith's Panthers ran roughshod over Clare Curtin's W.I.A. A. entry to triumph, 12 to 0, for their second straight victory of the still young season.

With Gene Bonelli and Eddie Dolan pounding through the suspectingly tiger ends and off the tackles, Bellows' finely knit offensive went into high gear at the outset and brought Mamaroneck to its knees in a very short time. There was never the slightest doubt about which was the better ball club on the field, Mamaroneck's famed backfield issues failed to click as a unit, proving once again that a team, no matter how many individual stars it may have, is only as good as its teamwork.

Click From Start

After taking the ball as a result of an Orange holding penalty with the game only a few minutes old, Bellows moved from their own 30 to Mamaroneck 30 to the five, with Bonelli, Norm Ottmann, and Dolan riddling the Tiger forward wall which was constantly outcharged by a vastly improved Panther line from that which throttled the Greenburgh attack a week before. On the fourth down, however, Bonelli's pass to End Bob Martensen in the end zone failed to click, and Mamaroneck took the ball on downs.

But Bellows was not to be denied, and after an exchange of punts through the first quarter in which Bob Martensen kept the Tigers with their backs to the wall, the break finally came early in the second period.

A poor 25-yard punt by Johnny Guadagnolo set up the score for the East End eleven, for the Panthers, starting on the Mamaroneck 38, marched straight to the goal.

Bonelli Leads Attack

Bonelli, with his inimitable weaving sweep around right end, sped 11 yards to the 27 for a first down. Martensen was trapped for a three-yard loss by End Bill Scott on an attempted reverse, but Bonelli picked up two more on a reverse around right end, and Dolan darted through center to the 22. Dolan then heaved a pass to Bonelli and Bellows had a first down on the 16. Dolan, faking to Bonelli and keeping, went over left guard for three. Bonelli then stepped around right end, and behind beautiful blocking, reached the 10, where he was hit hard, but he spun loose and did a tight-rope walk along the sideline to go over the goal line standing up. The referee was standing off on top of the play, ruled that Bonelli had stepped out on the four, which he did not do. He were right on the spot and Bonelli was distinctly in bounds. However, the referee escaped a ticklish situation when the Panthers scored two plays later. Ottmann crashed through center to the three and Dolan, taking a reverse from Bonelli, hurtled over left tackle to pay dirt. Ottmann's attempted place kick was wide, but Bellows led, 6 to 0.

Mamaroneck spent most of its time punting until the half closed, with some erratic center passing by Tomasek not helping the Orange cause an iota.

With the Tigers endeavoring to get an attack organized at the start of the second half, Bonelli stepped in and intercepted a Fuller pass to start the East Enders on their way to another touchdown.

Nask Goes Over

Bonelli, running off tackle, through center and around the wings, worked the ball from the Bellows 42 to Mamaroneck 47. An offside penalty gave Bellows a needed first down on the Mamaroneck 42. Romanek nailed Dolan for a six-yard loss but Bob Martensen, apparently back to punt, threw a pass instead. It went down the center lane to Frank Nask, who caught it on the 40 and, picking up some opportune interference, swung to the sideline and outraced the Orange secondaries for Bellows' second score. Another place kick attempt failed, but the Panthers didn't let it worry them.

Mamaroneck kept trying until the final whistle, but never did the Tigers show any sustained attack. They were a sadly beaten squad as they trekked off the field.

Statistics prove the superiority of Smith's eleven. The Panther line held Mamaroneck to the same yardage from rushing as Greenburgh amassed against them, 43, while the Bellows back rolled up 195. Bellows also racked up 12 first downs to 2 for Mamaroneck, and led in passing yardage and runbacks of punts.

Mamaroneck came closest to scoring in the second half when Skip O'Rourke took a pass from Palmieri at midfield and sped down the sideline to the Bellows 20. He stepped out on the 34, however, and the Tiger attack soon died down.

Little Blocking Shown

Only Johny Guadagnolo and Calvin Palmieri showed any amount of drive approaching that shown by Smith's backfield. But even these boys could get nowhere behind a line that was outcharged and with little help from their backfield mates in the blocking department.

Too much credit can't be given to the Bellows squad. It was a synchronized outfit Saturday, with lots of speed and deception on the attack, well directed by Eddie Dolan, and vicious charging by every member of the forward wall, particularly the 250-pound Al Herman, who made a myriad of tackles in showing a vast improvement over the week before.

The Panthers will seek to make it three straight at the expense of All Hallows Institute next Saturday morning in New York City, while Curtin will attempt to develop enough teamwork in the Tigers to turn back Albert Leonard High School of New Rochelle in their first W. I. A. A. start of the season.

SUSAN TOPS INTERNATIONAL FLEET IN LARCHMONT RACE

In a post-season regatta held yesterday by the Larchmont Yacht Club, Bob Mosbacher of White Plains piloted his Susan home first to take the honors in the popular International Class. The championship series has been completed and yesterday's points did not figure in the Y. R. A. standings. Saturday's regatta was called off due to persistent calms.

Mosbacher led Joseph Merrill's Feather, sailed by Bill Cox, over the finish line by more than three minutes. George Eiselborn's Myth, Y. R. A. champion, with Arthur Knapp at the tiller, came in fourth behind Jim Sheldon's Sheldrake.

The International course was from Larchmont to Parsonage Point, Rye, to Hempstead Harbor, and back to Larchmont again.

A. C. Barton's Kumon won the Atlantic Class race in which W. H. John's Teal and Ariel Toy, owned by H. L. Reichert, were both disqualified for turning the wrong buoy on the Long Island side.

The post-season series will continue next Saturday, Sunday, and Monday off Larchmont.

In the series, a yacht in each class gets one point for finishing and one point for each boat she defeats. Susan leads the International at present with 12 points.

DREAM PUNCTURED

SAN DIEGO, Calif. (AP)—Buying automobile tires in Mexico to beat U. S. Rationing may be futile as well as expensive.

Customs officials told of an unidentified Los Angeles resident who was fined $110.64. Four tires which had cost him $220 were confiscated.

Furthermore, he was cut the old tires he had traded in at Tijuana.

JUST FORGET ABOUT WATER

PHILADELPHIA, (AP). — Last year four grade school pupils toted a quantity of scrap metal into a creek. The school principal scolded them for going near the water. Yesterday they returned, salvaged 600 pounds for the war effort.

EMPIRE'S RACING STARTS OCT. 22

Westchester Handicap Is Chief Attraction Of Fall Meeting At Yonkers Track

Every outstanding "name" horse in training—headed by Whirlaway, Shut Out and Alsab—has been nominated for the six stakes that will feature the Fall meeting at Empire City, a run of twelve days, from Thursday, October 22 through Wednesday, November 4. This will mark the final meeting of the regular Metropolitan campaign, to be followed by the seven days for War Relief at Belmont Park and two additional days of the United Hunts at the same course.

President George H. Bull was more than gratified by the response of leading horsemen to Empire's half-dozen fixtures, which attracted a total of 269 nominations. These stakes will aggregate $50,000 in added money, a high average of $10,000.

Fall racing at Empire City ever has been marked by spirited and exciting competition and it invariably keeps all the best horses here to the close of the season. With this prospect in view, there is reason to believe the renewals of the impending Yonkers stakes may set a new high in interest.

Chief attention will be focused on the $25,000 added Westchester Handicap, richest of the meeting, inasmuch as it may very well establish the Home of The Year. That title is expected to be bestowed on one of the Big Three—Whirlaway, Alsab or Shut Out—in the opinion of experts. It is not improbable they may meet in the Westchester, a test of one mile and three-sixteenths, and should they clash then the moot question of superiority as well as the title will be definitely decided.

Whirlaway, worlds' leading money-winner; Alsab, who recently defeated Whirly in a match race at Narragansett Park and Shut Out, now slightly senile with a lameness, top the Westchester nominations.

KENNEDY BATTLES AGOSTA TOMORROW IN CENTER RING

Thirty-four rounds of boxing between young pugilistic prospects is scheduled for tomorrow night at the County Center in White Plains. Heading the card will be Pete Kennedy, scrappy welterweight from Elmsford who clashes with Joe Agosta, of Brooklyn in the feature bout of six rounds.

Kennedy is considered one of the outstanding young hopefuls in his division today. The young Elmsford Irishman has compiled an impressive knockout record during the Summer months and scored an easy victory over Andy Kosack at the County arena several weeks ago. Agosta has lost but one decision in 22 professional starts and is out to halt Kennedy's winning streak.

Four other sixes and a four-rounder round out the rest of the program.

Walter Stevens, promising lightweight of Newark, meets Al Dolce, his home town rival, in the semi-final. Herbie Brydon, Newark welter, trades punches with Mickey La Rosa of Brooklyn; Jerry La Starza, Bronx middleweight, faces Harry Berlin of Newark and Sal Sellabra, New York featherweight, tangles with Ossie Rodriquez in the opener.

Vincent La Salva, former amateur ace from Mount Vernon, makes his pro debut against Raymond Murray of Brooklyn in the opener of four rounds.

JIMMY BROWN of the St. Louis Cardinals is shown sliding across home plate in the World Series game at the Yankee Stadium, New York City, yesterday. Brown scored on Slaughter's single into the outfield. The Cardinals won, 9-6.

UNDER-RATED CARDINALS TROUNCE YANKS FOR THIRD STRAIGHT TRIUMPH IN SERIES

By GAYLE TALBOT
Associated Press Sports Staff

NEW YORK (AP)—The mighty Yankees looked beaten and demoralized and out of pitchers as they went into the fifth game of the 1942 World Series today against the St. Louis Cardinals, one of the most under-rated clubs ever to fight its way into the classic.

Defeated twice running in their home park by a team they had confidently expected to trounce, jittery and crippled and feuding with the umpires, the proud Bombers looked ready for the kill. A vast majority of those who had witnessed the series to this point expected the wild-running Cards to win again today and close out the championship, four games to one.

Put On Rally

When they rallied twice in the closing innings to slug out a 9 to 6 victory in yesterday's tussle before a record Series throng of 69,902 at Yankee Stadium, the daring young men from the West left little doubt in anyone's mind that they had what it took.

The previous day they had done it with pitching, when their Lefty Ernie White blanked the old champions, 2 to 0—the first white-washing administered to a Yankee team in a World Series since 1926. Yesterday the Cards said it with their bats, and for the second time in the series shook off a crushing home run by the Yankees' Charley Keller to break a resultant tie and come on to win.

Everyone was much impressed with the Cardinals. The locals had to be shown that a crowd of comparative youngsters could come in and practically run the Yankees right out of the Stadium, and the lads from Missouri obliged them. In the subways and in the public houses, men were declaring solemnly that the Cardinals might be one of baseball's truly great teams.

Confound Experts

The experts, themselves slightly groggy, were not disposed to argue very much about it. Practically all of them had thought the Yankees would win the Series but they had to admit they seldom had seen such baseball played as the Cardinals had poured into the Yanks since they suddenly found themselves in the ninth inning of the opening game at St. Louis and pounded Red Ruffing from the mound.

They agreed that the Yankees were in semi-desperate straits for pitching when manager Joe McCarthy was forced to call upon the 37-year-old Ruffing again today. Red has been strictly a once-a-week flinger the past season, and as facing the Cards today with less than his normal rest. Despite the brilliance of his first game effort, when the World Series scored by holding the Cardinals hitless for the first seven and two-thirds innings, the odds appeared to be against Red's stemming the youngsters again.

As for Manager Billy Southworth, he was in position to come back with Johnny Beazley, the strong-armed kid from Tennessee who brazed out threat after threat to subdue the Yanks in the second game. Thus it was winner against winner, but the 23-year-old Beazley, with lightning in his fast ball, and the strength to pitch all day, looked a better bet than Ruffing.

FIREMEN'S LOOP WINNERS FETED AT VOL DINNER

Here and there on the local sports front: The Volunteer Hose Company held a softball dinner Saturday night at which many local firemen and members of the dependent League All-Stars, against whom the Firemen's League All-Stars played in a benefit series during the Summer, were present. . . . Mamaroneck, winners of the Firemen's League playoff, was given an award, as was Columbia, the runner-up. . . Pete De Ruzza local welterweight, is about through with the boxing game, unless he decides to try a comeback. . . Pete says there's not enough consistent money in it. . . . Pee Wee Reese, whom autograph seekers hounded last weekend when he was visiting friends here, thinks Morton Cooper is one of the finest pitchers he's ever batted against. . . Cooper, although losing in his first start against the Yankees, had a world of stuff and prompted Bill Dickey, Yanks' catcher, to say the same thing as Reese about the Red Bird star. . . Students at Mamaroneck High School were giving exceptionally high odds on Bellows takers before Saturday's game, despite having seen the Panthers only once. . . Orange fans expect their eleven to shape up into a winning organization.

Pete Talgo, as bronze as ever after being exposed to the sun for weeks on a Connecticut lighthouse with the Coast Guard, is back in town and watched Saturday's Mamaroneck-Bellows football game. Talgo was a star hurler for the Mamaroneck All-Stars. . . Hank Bloomer, who performed for a spell with the Heatheotes in the Independent Baseball League, received his commission from the Marines last week. . . Artie Munter, former Mamaroneck Tiger and star, saw service in Manhattan's victory over Huntington Saturday.

In 1828 Russia began the coinage of platinum money, but by 1845 it abandoned the coinage. Platinum was found unsatisfactory for money purposes because of the rapid fluctuation in value and its high melting point.

What is the correct home temperature for small children?

Our doctor friends are pretty well agreed on this. Because of their constant activity, children playing in the home do not require the same room temperature as grown-ups. As a matter of fact, they are perfectly content, with from 3° to 5° less heat.

A careful check-up with several heating engineers provided this information. The average adult in the average home leads in temperatures that often reach 90°, and it is uncommon for old people to complain, unless the room temperature is around 85°.

If your children are small — under 10 years of age — you can safely set your thermostat at 68° or 70° and not worry about their catching cold.

There are two advantages in watching room temperatures this winter. First, every ounce of fuel you save will help just that much in our over-all war effort. Our tugs, buses, trains and coast-wise ships are working overtime to keep war supplies moving. The less fuel we use, the more quickly will we win this war; but it is penny wise and pound foolish to save fuel and, in the saving, expose our children to the danger of winter colds, croup and pneumonia.

Our heating companies, and many of our fuel advertisers are ready to help you with any heating problem you may have. Check their ads, call them and get the facts about your own heating plant. Don't under-heat your home, but don't over-heat the rooms in which the children spend most of their indoor playtime.

TALKING IT OVER

BY MASON GOULD

Curtin Disappointed In Tigers Showing Against Bellows

There was no one on the Hilltop more disappointed in the tigers showing Saturday against Bellows than Coach Clare Curtin himself.

After showing up well in practice, the Orange squad went out on Daniel Warren Field and proceeded to turn in one of the sloppiest jobs of ball handling, blocking, tackling, and general teamwork that Curtin has seen in his six years of coaching.

Curtin, who feels that his boys have the ability to play winning ball, lays a great deal of emphasis on the psychological aspect of the game in trying to put his finger on the real cause for the Tigers' collapse against Coach Howard Smith's smooth-working eleven. He noticed at an early date that many members of the squad had developed a cocksure attitude, the worst disease that can accompany any ball club into a game. Curtin believes held that attitude right up until it was time for them to go out on the field and play.

Then the bubble burst. The boys became tied up, shaky, and nervous. They fumbled the ball, missed their blocks and tackles, forgot their assignments. In short, they had worked themselves up to such a pitch of overconfidence that when Bellows failed to fall down when the Tigers merely breathed, it was too much for the Orange boys. They expected a pushover and found a tarter.

Thus confronted with worthy opposition they were unequal to the task of adjusting themselves to meet the Panther challenge. They played deplorably from start to finish, with only a flash of brilliance here and there. In short, they were hopelessly disorganized.

Defeat Should Prove A Tonic To Players

Curtin believes that Saturday's stinging defeat which was anything but pleasant since it was to a Class B school, will do the Tigers a world of good. They know they can play ball, Curtin knows it, and the Mamaroneck students know it. It remains for the Orange players to put their shoulders to the wheel and play the game as though they really came out for the squad with a love of the sport.

Playing to win means playing together. Never has a team whose players did not cooperate with each other come out a consistent winner. Mamaroneck is capable of just as good teamwork as Bellows showed Saturday, in the opinion of Curtin, and he looks for a better attitude when the Tigers meet Albert Leonard on Saturday.

As Curtin remarked yesterday, "You can't go in there pawing around. You've got to charge at the time, or you'll never come out on top."

Let's hope the Tigers take that statement to heart. They're certainly capable of late more than they showed Saturday.

Bellows JV Eleven Overpowers Mamaroneck Squad By 13-0

SMITH GALLOPS 45 YARDS FOR FIRST PANTHER SCORE

Brown Tallies In Last Period After Gallotti Sets It Up At Manchester Field

Bellows added insult to injury yesterday afternoon at Manchester Field when Coach Howard Smith's Junior Varsity squad ran over the Mamaroneck JV's, 13 to 0, in a contest played on a dark and dreary day with intermittent rains.

With Bob Smith circling the ends and Dick Ottmann cracking over tackle, Bellows took the opening kickoff and matched uninterruptedly to the Mamaroneck 15, where Ottmann's errant pass into the end zone halted the Panthers' rush.

Smith Races Across

But in the third period, with the East End line hitting hard, Bellows worked the ball to Mamaroneck's 49-yard line. Then Bob Smith, fleetest back on the Panther squad, took off around right end and outspeed the entire Orange team to race over the goal line for the first score. Dick Ottmann plunged over for the extra point.

In the final period, with Andy Gallotti, Harold Brown, Joe Orsino, and Walt Recher forming the Bellows backfield, the Panthers moved to their second tally. With the ball on the Mamaroneck 25, Gallotti, another speedster, drove around right end behind good blocking all the way to the six-yard line, from where Brown, delaying a buck through center, veered off right tackle and over the line to make the score 13 to 0. Recher was stopped cold by End Bill Scott attempting the extra point.

Show Signs Of Attack

Mamaroneck showed only faint signs of a sustained attack for a few moments in the second and fourth quarters.

A pass from "Footsie" Gironda to Tony Castiglia netted 15 yards in the second period, but Castiglia's end runs were smeared by alert Bellows ends and secondary men.

In the final quarter, the Orange squad started to move, but the gun sounded before the Tigers could reach the goal. Fritz Hartman, running hard on tackle and clicking several times on passes to Dick Ferenz, sparked the drive, but the Cutimanos couldn't get beyond the Bellows 15 before the game ended.

4 MORE FIREMEN EXPRESS THANKS FOR CIGARETTES

Letters are still coming in from local firemen in the service expressing their appreciation for the cartons of cigarets sent them by the Mamaroneck Fire Department out of the proceeds of the benefit softball series between the Firemen's League All-Stars and the Independent League All-Stars during the Summer.

Pvt. Frank LaDrusciano writes from Brooks Field, Texas: "Please accept my thanks for your demonstration of thoughtfulness. Even though I am not a smoker, your gift was well received and put to good use as I distributed the cigarets among my barracks mates, who join me in thanking you."

Pvt. John Deva writes from Camp Edwards, Mass.: "I want to thank the Fire Department for the carton of cigarets. Hoping you're still in the best of health."

Seaman Nate Zingiser writes from sea: "Please excuse me for not having written to you sooner to thank you for the cigarets. We are always so busy that I find it very hard to write letters. It was a very nice thing for the Council to do, and I'm sure all the boys appreciate it as much as I do. Thanks again and best wishes to you all."

Seaman Frank Webers writes from the Jacksonville, Fla. Naval Air Station: "Thought I would drop a line and let you know I received the carton of cigarets. I wish at this time to thank each and everyone of the fellows for their kind thought. There is only one thing, I wish you boys could have beaten the Independent League team. At any rate, according to the scores, they must have been good games. I see that Mamaro still has the best ball team in the Fire Department. Those boys can't be beaten in anything. I hope I continue hearing good reports about the Fire Department, and if I don't you will hear from me again. In closing, lots of luck, and thanks again for the gift."

White Collar Loop To Begin Tomorrow

The White Collar Bowling League will get under way tomorrow afternoon, it was announced yesterday by Len Grosso, manager of St. Thomas's Alleys.

There will be 12 teams competing in the league: the Mamaroneck Schoolmen, Real Estators, Lions' Club, Town Officers, Rotary Club, Rye Neck Schoolmen, Wholesalers, Money Changers, Holy Rollers, Young Men's Club, Elites and Mamaroneck Police Department. The Police have not officially entered, but are expected to do so in the next few days.

KENNEDY, AGOSTA TO MEET TONIGHT

Promising Welterweights Are Featured Fighters In Ring At County Center

Pete Kennedy, Westchester's leading welterweight prospect, clashes with Joe Agosta, Brooklyn scrapper, in the feature bout of six rounds tonight at the Westchester County Center in White Plains. This contest heads a program which brings together the leading fistic hopes of 1942. Promoter Joe McKenna stages this type of show annually, with the idea of developing some future ring star.

Steve Bellolse, now in the Navy, was expected in these shows at White Plains by McKenna.

Kennedy is considered an outstanding young prospect in the welterweight ranks today. He compiled an impressive knockout record at the various outdoor clubs during the summer months and is now ready for the topnotchers in his division.

Agosta is the best opponent that Kennedy has been called upon to face thus far. The Brooklyn scrapper has scored 21 victories in 22 starts, winning from Freddy Flores, Mike Mastandrea, Mickey Canty, Dom Yovella, Eddie Carroll, Felix Morales, and Herbie Kronowitz.

Mickey La Rosa, Brooklyn welterweight, faces Al De Dellee, Poughkeepsie, in the semi-final of six rounds.

A special event of six rounds brings together Charley Perkins, welterweight of Corona, L. I., and Mike Lucas, crack Pennsylvania battler.

Jerry La Starza, Pete Mello's hard punching Bronx middleweight, meets Harry Serio of Newark and Sal Sciabra, West Side featherweight, faces Cosie Rodriquez of Brooklyn in two more sixes. La Starza made a decided hit in the White Plains ring two weeks ago when he defeated Johnny Morris. Sciabra and Rodriquez is a return match of a thrilling staged recently in the same ring.

Vincent La Salva, former amateur welterweight star from Mount Vernon, makes his professional debut against Gaylord Murry of Brooklyn in the opener of four rounds.

CARDINALS CAPTURE 1942 WORLD SERIES BY BATTERING YANKEES BEHIND BEAZLEY

By GAYLE TALBOT
Associated Press Sports Staff

NEW YORK—It were not for the probability that the war will shut it up, the St. Louis Cardinals club that completed the job of wrecking the New York Yankees yesterday might within the next few years go tearing on to win ranking with the greatest teams in baseball history.

It is a son-of-a-gun of a baseball club—much better than anyone suspected even when it was running wild in the closing stages of the National League race. There is no team in either league at this time with anything approaching the all-around punch, pitching and polish of the new world champions.

On the off chance that somebody might think we are going overboard on the bold young men of Manager Billy southworth, a few figures might be in order:

824 Winning Average

Through yesterday's deciding game at the Stadium, which was won by 4-2 on a two-run homer by George Kurowski, rookie third baseman, in the ninth inning, the Cardinals won 47 of their last 57 contests in the 1942 season. That comes to an altudinous winning average of .824 down the stretch.

They slugged and clubbed their way to victory in their last six straight games in the league race, and then only to be the World Series opener in St. Louis, and then battered the Yankees into submission in four straight.

With all due respect for the Brooklyn Dodgers, it would have been a shame if the Cards' sensational charge had fallen short of the National League pennant. Two capacity crowds in St. Louis and three vast gatherings of nearly 70,000 here would have been deprived of a baseball treat to be treasured.

It is doubtful the Dodgers could have beaten the Yankees. They lacked pitching. As the series unfolded it became obvious that the Cardinals not only had all the dash and color which had become their hallmark, but that they also possessed great pitching in quantity. Mort Cooper, their biggest winner, was slugged from the box twice by the Yanks, yet they had the men who could take up the slack in Johnny Beazley, Ernie White, and Max Lanier.

Beazley, the solemn 23-year-old rookie from Nashville, who defeated the Yankees in the second game to square the series and then came back to clinch the championship yesterday, probably deserved to be called the series star. He pitched two great games and showed an astonishing store of poise for a youngster.

But the Cards line-up was studded with stars. It strictly was a team victory. Take Kurowski, the rookie third sacker from Reading. Pa. His game-winning blow yesterday was little more important than the triple he smacked in the second game to drive in a run and leave the Yankees into a tantrum of umpire-baiting from which they never recovered.

Or Terry Moore the team's great captain and center-fielder. In the course of the series he made two of the most spectacular catches ever seen on any field to stifle Yankee rallies and generally lent support to the claim that he is the equal of Joe D. Maggio. He singled and later scored the sixth-inning run that tied the count at 2-2 yesterday and set the stage for Kurowski's winning wallop.

Slaughter Stands Out

Or Enos Slaughter, who saved two games with marvelous plays, one a dead-eye Dick peg to third base from right field and the other a leaping catch of what should have been a homerun by Charley Keller.

To top off his fine performance, he slugged a fourth-inning home run into the deep field stands off Red Ruffing yesterday to equalize a four-bagger with which little Phil Rizzuto had greeted Beazley in the opening round.

And then there was White, the southpaw, who blanked the Yankees 2 to 0 in the third game, and Walker Cooper, who out-starred Bill Dickey behind the plate, climaxing his efforts with a snap peg that caught Joe Gordon off second base in the ninth inning yesterday.

And Marty Marion, the towering Cardinal shortstop who was brilliant in every game, and Jimmy Brown and Johnny Hopp and Stan Musial. Each contributed exactly the right amount to the triumph.

As for the Yankees, they simply ran into a bunch of game, hard-playing, hungry youngsters.

The most inexplicable collapse of the classic was contributed by Joe Gordon, the Yank second baseman. Standout of the 41 series, when he practically beat Brooklyn single-handed, Gordon made only two hits in 23 times at bat against Cardinal pitching and didn't shine particularly in the field. He and Phil Rizzuto did not make their first double play until the final game, whereas they stymied Brooklyn twice in seven in a row.

Little Rizzuto played the best all-around game for the Yanks, hammering eight hits in the five games and fielding cleverly.

Still one of the most exciting theatre pieces in recent years and easily the most popular of the many plays offered at the Windsor Theatre during three seasons, Orson Welles' production of "Native Son," the compelling drama by Paul Green and Richard Wright, will return to the Bronx playhouse for its fifth engagement, opening a week's run on Tuesday, Oct. 6. Matinee performances will be held on Wednesday, Thursday, Saturday and Sunday.

Canada Lee, whose characterization of Bigger Thomas in the cyclonic play has been widely heralded, once again will head the cast in the starring role. Anne Burr, who created the part of Mary Dalton on Broadway, will be co-featured, with John Berry, as the defense attorney, in the large supporting cast which includes Frank Wilson, William Challee, Rena Mitchell, Diana Dustan, Evelyn Ellis, Helen Martin, Warren Saunders, C. Community Five And Rookies Triumph In Daily Times League Matches

LEN GROSSO'S 254 HELPS SUBDUE VICTORY FIVE, 2-1

Butcher Paces His Team's Win Over Supplymen By 2-1 At St. Thomas's

Leonard Grosso went from not to hotter last night at Thomas's Alleys to pace the Community Five to a 2 to 1 victory over the Victory Five in the first of two Daily Times League matches.

Grosso, rolling only 151 in his first game, came back with a 208 in his second game, and then capped his performance with a 254 to take high individual game honors as well as high series score of 613.

Lou Preston's team won the opening game by nine pins, but thereafter it wasn't a match, for the Community Five proceeded to win the second game by 107 pins and the third by 105 pins.

Allan Butcher's Rookies took the measure of the Supplymen, 2 to 1, in the other match of the evening. Butcher's second game total of 222 was high individual score of the match, as was his 575 the high series score.

SHAPIRO DEFEATS BOB MONTGOMERY

East Side Lightweight Receives Split Decision In Thumph In Philadelphia King

PHILADELPHIA (AP) The myth Bobcat Bob Montgomery's invincibleness was exploded last night and today, in equal game little Maxie Shapiro, a tough guy from New York's East Side, put the world hails a new ranking contender for the throne of lightweight champion Sammy Angott.

The flashy Negro bobcat, who whipped Lew Jenkins in a not-little bout when Jenkins wore the crown was battered to unexpected defeat by Milling Maxie, a 5 to 1 underdog, in 10 riotous rounds that kept the crowd of 6,730 on its feet almost constantly.

Shapiro won by a split decision, Referee Benny Leonard casting the deciding vote. He weighed in at 132 3-4, a quarter pound less than the Philadelphian.

Princeton And Yale Play At Baker Field

NEW YORK (AP)—Travel restrictions, which have threatened the existence of such gridiron masterpieces as the annual Army-Navy game, have brought the 1942 edition of the Yale-Princeton series, the country's oldest athletic rivalry, to New York.

The game will be played on Nov. 14, the original date, on Baker Field, Columbia University. Previously Princeton moved two other games to New York's Yankee Stadium, playing Navy there Saturday and Army on Nov. 21.

Tiger Back Leads Punting Drill And Shows Speed On Attack In Practice Session

The Mamaroneck Tigers, recovered from their 12—0 defeat at the hands of Bellows last Saturday, got down to work in earnest yesterday at Manchester Field and showed marked improvement over past performances, according to Coach Clare Curtin.

Curtin experimented extensively with his squad yesterday in an effort to find a combination that would click. He ended up with the same eleven that started the Bellows game, with one exception. That exception is "Skip" O'Rourke, husky second-string back who may work himself into the starting tailback berth.

O'Rourke showed good punting form yesterday in a long drill and also showed a great deal of speed when carrying the ball.

The "A" team opened up widehole in a scrimmage session, especially over guard and center, and blocking showed a distinct improvement.

Coach Curtin expressed the feeling that the Orange will have rounded into a much hearten-ing club by the time the Albert Leonard game rolls around on Saturday.

New Order Rules Out Their Use For All Athletic Events

ALBANY—All use of busses for athletic and recreation events is out for the duration, even where the bus is privately owned, the War Transportation Committee ruled today.

The order decided upon and issued this morning controls transportation of spectators as well as teams to athletic events in special busses. The order will apply to schools and school districts owning their own busses as well as to busses chartered from public carriers.

Similarly the use of busses for outings and picnics by organizations and institutions is ruled out for the duration by the War Transportation Committee. This applies to institution-owned busses.

Even short hauls are affected by the order which is broad in its command. Attendance at football and basketball games is expected to be affected and many games may have to be cancelled where train arrangements for the teams cannot be made.

PANTHERS' RIVAL SHAPES UP WELL

All Hallows Club Has Scoring Punch; Coached By Kazlo, Former Fordham Back

"All Hallows should pack a lot of punch this year," was the way Dorsey Penny, moderator of athletics, summed up his football squad's outlook for the remainder of the season.

"We have nine veterans back from last year, all of whom are in the starting lineup this year," he continued. "Our line is big and rugged, averaging around 180 pounds, and our backs are light and fast, averaging around 160 pounds."

Coaching the All Hallows eleven, which will play host to Bellows Saturday morning at Fordham Field, Bronx, is Steve Kazlo, former ace halfback on Fordham's undefeated 1937 team and also a member of the 1938 and 1939 elevens at Rose Hill.

All Hallows, which won only one of six games last year, lost its opener to Brooklyn Prep, 13 to 6, last Saturday, but looked good in doing so.

The squad was struck a double blow recently when two ace halfbacks, Ray Hill and Ed Quinn, were put out of action for the season. Hill broke his leg in a scrimmage and Quinn fractured his arm in the Brooklyn Prep game.

All Hallows uses the Notre Dame system which Kazlo learned at Fordham and which features the single wingback type of play extensively. In the tailback will be Hopkins-trainer Tom Fowler, a converted quarterback. He has replaced the injured Hill.

WOOD CAPTURES PGA GOLF TITLE

Mamaroneck Pro Leads Brosch, Defending Champ, By Nine Strokes At Flushing

Craig Wood of Mamaroneck, national open champion, won the 17th annual Metropolitan P. G. A. title at Fresh Meadow Country Club in Flushing yesterday to oust defending champion Al Brosch of Bethpage, who finished nine strokes back.

The Winged Foot ace, in winning the title for the first time after three unsuccessful attempts, completed the 54 hole medal play in an even par 210.

Wood turned in a spectacular eagle 2 on the 413-yard eleventh hole during the afternoon round. His drive came to a stop 125 yards from the cup and his approach shot hit the pin and dropped in.

ALBERT LEONARD HAS LIGHT SQUAD

Tigers' Next Rival Disappointed Coach In 38-0 Drubbing From Edison Tech

Coach Phil Aines' Albert Leonard squad, crushed by Edison Tech of Mount Vernon, 38 to 0, last Saturday in its 1942 inaugural, got down to business yesterday in an attempt to salvage the remains into a combination strong enough to take care of Mamaroneck at Manchester Field this Saturday after noon.

Leonard, finishing ninth among ten teams in the W. I. A. A. last year only because Mamaroneck was the doormat of the league, started off poorly this year with the "T" formation being employed by Aines.

The squad, according to Aines, is light all around, with no outstanding back to spark the offensive. Ernie Nagel, his fullback, is the nearest thing to a triple threater, being a fine runner and a good punter and passer, but the remainder of the backfield lacks punch at this early date.

The Aines team lost to an Edison Tech eleven none of whose starters were on the team last year, while Albert Leonard has six veterans from the 1941 squad. They are Nedvi and Valenti in the backfield, and Mercuro, Contrato, Ricci, and Carbore in the line.

Coach Aines so frankly disappointed in his team's showing last Saturday. "I really expected a close game," he declared yesterday, "but we never got started. Leonard failed to get inside the Tech 40-yard line all afternoon.

KENNEDY DECISIONS AGOSTA IN COUNTY CENTER FEATURE

By JACK BONACCI

Pete Kennedy, pugilistic pride of Elmsford, gave a pleasing performance in his first full-course ride by pounding out a decisive decision over tough Joey Agosta, before a large home-town gathering in the White Plains County Center last night. It was a good win to add to Pete's record, for the Brooklyn batter, up to last night, boasted a ring record of 21 victories in 22 pro starts.

Young Kennedy turned in such a swell job that some of his more astute followers are ready to back the Elmsford youngster against Mamaroneck's Pete De Ruzza or Tuby Ferrara of Mount Vernon, for the Westchester welterweight title.

Score Two Knockdowns

It was Pete's determination to render weak and slain on his foe last night and he came close to accomplishing his purpose. He scored two clean knockdowns and bopped the Brooklynite around the ring with crushing rights and lefts to tap head and scored repeatedly with rib crushing rights to gain every one of the scheduled six rounds.

Kennedy also put on a good defensive exhibition by masterfully bobbing and weaving to puzzle his opponent, who was unable to land more than a dozen blows on Pete. Puzzling to the fans was what kept Agosta on his feet after the beating he was receiving.

Always a fast puncher, Pete, after taking the first round by warning over his opponent, landed a right to Joey's jaw in the second round which sent Joey to the canvas. The latter disdained taking a count, however, and finished the round hanging onto Pete. Kennedy's stiff right jolt to the face dropped Agosta again in the third, but here the bell came to his rescue at the count of seven. Agosta was assisted to his corner where his seconds worked over him frantically to stop a nose bleed and get their charge out for the fourth round.

This had his man wobbly in the remaining rounds but he was pretty well spent and his blows were losing steam as he failed to put on the crusher.

Kennedy weighed 145½, Agosta 148.

Rodriques Wins Again

Every one of the bouts on the card of the card also proved to be crowd pleasers. In an interesting semi-final six-rounder, Ossie Rodriquez, 122, of Brooklyn, was awarded the decision over Sal Scilabra, 121, of New York. It was the second meeting between these two lads and Ossie's third pro contest all of which he fought and won here.

Jerry La Starza, 151, The Bronx, outsugged Harry Serio, 153, Newark, N. J., in a "pier sixer," to gain the judges' decision.

Charley Perkins, 141, Corona, L. I., and Mike Lewis, 148, Ambridge, Pa., fought a sizzling six-round slugfest that ended in a good draw decision.

The fifth six-rounder saw Felix Morales, 144, Puerto Rico, out-bull Micky La Rosa, 150, of Brooklyn in a hair-raiser.

The four-round curtain raiser saw Vincent La Salva, 145, of Mount Vernon making his first start as a ringman win on a technical knockout over Rayford Murray, 140, of Brooklyn, in 2:39 of the first round.

The referee was Bill Cavanaugh and the judges, Dick Lazzaski and Charles Devlin.

STRANGLER LEWIS IS SET TO FIGHT

51-Year-Old Wrestling Champ Wants To Be A Commando Or Teach Jiu-Jitsu

PHILADELPHIA (AP)—Ed "Strangler" Lewis, the bone-crusher who has wrestled 6,000 matches, claimed the world's record five times and began a comeback at 51, is about ready to give it all up and start breaking up Japs.

The Strangler, just a shadow of his former self at 290 pounds, came here for an exhibition battle and said he wanted to be a commando. "And if Uncle Sam rules him out, he added, he'll ask permission to teach soldiers jiu-jitsu on the side that "once they see how simple it is, they won't worry about the Japs using it on them."

The wrestler, who the years have treated well financially, said he "played a trick on those little felows" himself on his last trip to the Orient.

"Outside Kobe our ship passed their fleet and I got up on the bridge and made movies of it," he explained. "The captain said they'd jail me for life—but I walked ashore carrying the camera—and photographed the Imperial Palace.

"They arrested my chauffeur, but not me. I guess I was just too big they were flabbergasted. They said nothing to me and all my film is now in the hands of our government."

The Strangler said he had reduced 60 pounds in eight months "by God's exercise—walking" and felt more fit than ever.

CONSTRUCTORS WIN IN MAJOR LEAGUE

Top Morticians, 2-1, In First Match Of Bowling Circuit At Larchmont Bowl

The Constructors and Lodgemen got off to a good start last night at Larchmont Bowl by each winning their match as the Larchmont Major Bowling League got under way.

Victims of the Constructors were the Morticians, 2 to 1, while the Taverneers dropped their match to the Lodgemen by the same score.

No bowler in either match hit the 200 mark, but Campbell of the Lodgemen came the closest by posting a 199 in his final game.

Bellows Aides

Bellows is really on the job! Our air raid system is quite efficient now. When the alarm rings all the aides, as the school wardens are called, go to where they are stationed. The classes move to their positions in either the basement or on the first floor. The junior wardens are instructed to keep all students away from windows and to make sure order is kept. If announcements are to be made, a public address system will be used thus enabling everyone to hear what is said.

Last week we had our first drill for the year. It proved very successful.

So that all wardens can be identified easily the art room, in cooperation with the sewing class, made arm bands for every member of the squad. The band consists of an orange "A" superimposed on a circle of blue and black stripes.

The following is a list of the Bellows Aides:

Jacqueline Shumaker, Phyllis Hewson, Ruth Reilling, Eleanor Gifford, Marian Scherer, Doris Sansone, Virginia Haggerty, Alice Duetsch, Fred Bono, Edward Soper, Harold Beth, Robert Scherer, David Russell, Richard Cole, Ann Lawrence, Dan Magrino, Robert Smith, Edward Dolan, Austin Pedersen, James Holmes, Ludwig Geckler, Jack Gedney.

Our Yearbook Wins

Notice has been received from the Columbia Scholastic Press Association that the 1942 edition of "Scraps" has been awarded a first place in its classification. As a large number of schools participate in the contest, it is an honor of which Bellows may be proud.

Senior Notes

The Seniors finished class elections last Wednesday. At the first meeting Olivia O'Neill was nominated acting chairman. Under her direction John Sullivan and Virginia Haggerty were elected representatives to the General Organization. The following meeting resulted in the election of Ludwig Geckler as president with Bob Martenson, vice-president. Fred Bono as the "people's choice" for treasurer with Clara Giancola winning the secretary's post. With these Seniors in charge the aspects for the '43 administration seem hardly dull.

Blueprint Reading

Bellows High is now offering its students a machine shop and blueprint reading course designed to enable them to step into some defense or military job after graduation.

It has been set up by Mr. Mullins from courses offered in leading vocational and Federal Government schools. It comprises elementary blueprint reading with a foundation of machine shop practice. Fifty Juniors and Seniors are enrolled in the course which will continue until the end of the year.

Red Cross Course

Under the auspices of the American Red Cross, Miss Healy, school nurse, has started a first aid course for boys and girls over 16 who wish to participate. The class, which meets in Room 26 Monday and Thursday afternoon is getting along well in the study of "what to do before the doctor gets here". If bombs are ever dropped on Mamaroneck we are sure that those handy first aiders will be on the job.

Visitors

It seems as if the '42 grads are invading Bellows corridors. Tom Forte, voted one of the best athletes, has visited us twice. Maybe he would like to help us prepare for our game with Mamaroneck this Saturday. Others who have come back for a friendly visit are: Tom Marsland, Whitman Ingram, Patty Quick, Robert Ross, John Dolan, Jane Edgell, Shirley O'Connor, Evelyn Blair, John Rowan, Richard Andrews.

Dorothy Dix Says---

The other day a young woman of my acquaintance said to her fiance: "Bill, I am not going to marry you for a meal ticket because I make as much money as you do at a profession I like. So I am amply able to support myself. I am not worrying you because I am lonesome, or because I don't want to be an old maid, or because I feel I lead a narrow life.

"On the contrary, I think the woman bachelor with a good trade and a good salary, free to go and come as she pleases, has a far easier time of it than any wife and mother. So I am marrying you only because I love you and want to spend the balance of my life with you. Get that?

"On my part I am going to do my best to make you a good wife and be a pleasant companion. I am going to use as much intelligence in running my house as I did in running an office. I am going to use as much tact and diplomacy handling you and keeping you satisfied with me as I have used in getting along with my bosses. And that's that.

"Now what I ask of you is a square deal. I won't stand for anything less, and if you are not prepared to give it to me, let's call this deal off before we mess up each other's lives.

"I want a husband who will be a companion to me, who will enjoy my society enough to spend most of his evenings with me and feel I add to his pleasure when he takes me out. So don't marry me if you have any idea of dumping me down in a house while you step out, or are going to feel you are a prisoner every evening you spend at your own fireside.

Wants to Go Fifty-Fifty

"I have been accustomed to making my own money. It would not be possible for me to humiliate myself by panhandling a husband for every cent I spend. Don't marry me unless you are prepared to go fifty-fifty on the financial proposition, for I shall consider I am your partner and entitled to a reasonable portion of the profits of the firm. Also, I shall consider if I perform properly my work of running the home I shall earn all I get.

"I shall expect to be treated as though I were a lady, even if I am your wife. I do not believe there is anything in marriage that entitles a husband and wife to treat each other with a rudeness they would show to no other human being. So I shall expect you to be as polite to me as you are to the cook, and I will treat you with the deference I would show a butler of whom I stood in awe.

"I shall expect you to be as faithful to me as I am to you. I am no patient Griselda who will spend her life waiting for a philanderer to come back to her. I have to respect what I love. I wouldn't waste a tear ever losing a double-crosser.

Mean Traits After Marriage

"It may be we will not make a success of our marriage. These are temperaments so antagonistic they cannot adjust themselves to each other. It may even be you will grow tired of me. You may even fall in love with another woman.

"If you do, I'll expect you to be man enough to tell me so, and honest enough to divide with me whatever property we have accumulated, so I may not be thrown out on the world a penniless old woman, or become one of the pathetic women who live on grudgingly-paid alimony.

"These are my demands and you can take them, or leave them."

He took them.

Dr. Marino's Trial Slated For Oct. 19

District Attorney Elbert T. Gallagher said today that the trial of Dr. Frank Marino, New Rochelle physician under indictment for the death of Lucy Moore, will start Oct. 19.

Dr. Marino, who was inducted into the Army, is back in his New Rochelle home on "inactive duty," his attorney, Mortimer C. O'Brien, said. He is subject to call at any time. Mr. O'Brien said the status of the indicted man, is "something new," and that it amounted to the fact that if he were acquitted, he would go on active duty. If convicted, Dr. Marino would not be eligible for service as a commissioned officer.

The physician was a member of the New Rochelle Board of Education and at one time served as supervisor. He was indicted several months ago after the girl died of an injection following an illegal operation.

SCHOLARSHIP BAN HUNTED

Angelo Patri Says---

Many mothers are away from home doing war work, and the schools have to give a more maternal care to the younger children. The teacher has to be more motherly than ever. Every good teacher of little children is always motherly, but a bit more so these days.

Mothers have less time to get the children ready for school, so the teacher has to look over them more carefully, inspect them for signs of illness, or neglect, and send them to the nurse and the school doctor when necessary. She always does this, but she gives more time to it now, and more care.

Breakfasts are likely to be more sketchy now that mother has to hurry out to work in the morning. The school must make some provision for the little ones so sketchy breakfasts can be supplemented before the children undertake their day's work. It seems to me breakfasts of crackers and milk should be served earlier than 10:30 or 11.

When a child drinks half a pint or more of milk, and eats a handful of crackers, or whatever cereal is given him, at 10:30 or 11, he cannot eat much lunch, and he is hungry again early in the afternoon. Better attend to his breakfast early, and let him work on it, and then be ready for noontime lunch.

Alert For Neglect

Teachers will have to be on the alert for signs of neglect in these little ones and be ready to call for help for those whose teeth, tonsils, throats, need attention. Those who are showing signs of underweight, lack of sleep, should be shown to the physician. Those who are left untended, locked out of the house for the afternoon, should be provided for in nursery schools or other homes, under good supervision.

The conscientious teacher will make inquiries concerning the life of each child in the class and supplement the home in whatever ways are needed. The teacher cannot do this supplementing herself, but she should present the need to those having power to meet it. She should know the agencies provided for such work, and call their attention to the children who need their services.

Need Affection Most

Above all else these little ones need affection. They need to feel the warmth of the teacher's loving care, her understanding of their wants and her willingness to supply them. Some of them need to be taken on her lap and petted and hugged and assured of her affection and protection.

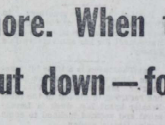
One little girl went to class one morning looking white and sick. She was tense, her shoulders were hunched and her arms stiff at her sides. The teacher gathered her up in her arms and cuddled her close and whispered, "Don't worry. I'm with you. I'll take care of you." For almost an hour the child clung to the teacher, silent, tense, her head buried in the teacher's shoulder. By 10 o'clock she was willing to lift her head and drink some warm milk and nibble a cracker. Soon afterward she managed a feeble smile.

At 11 o'clock her mother knocked on the classroom door and the teacher was shocked at the grief in her face. Her son, the child's big brother, had been lost in battle. "I felt school was the best place for her this morning, but I worried. How is she? O, I knew you would take care of her for us. God bless you for it. No, don't let her see me. Just so she is with you."

Too much to expect from a teacher? Not when that teacher is in the service of her country, as all of us are.

Velour

Dolores Moran of the movies models a black velour chapeau with a stiff brim that flares slightly at the sides. A black and gray feather cockade is set at the front of the crown.



Emily Post Says---

The frill on a lamb chop is solely "for looks," intended to hide a bare and ugly bone. This answers a man who asks:

"Doesn't the frill on a lamb chop mean it is permissible to pick the chop up after most of the meat has been eaten off with the knife and fork? My wife says no, but I think that is why some far-sighted person invented the frills. No one can deny—not even my wife—that the best morsels are the bites nearest the bones."

The best bites are nearest the chicken's bones too, but good table manners do not permit "picking bones" at table. How much you care about good manners which prevent full enjoyment of flavors—wish lapses permitted only at picnics—is a question that must be asked of you!

Unimportant Mistakes

Dear Mrs. Post: When I sent out my wedding announcements some weeks ago, I did not address the second envelope because I thought this was only done on the second envelope of the wedding invitations. Evidently I made a mistake. Also, I am afraid I made a mistake in leaving the tissue paper over the engraving?

Both mistakes are unimportant. The second envelope should have had Mr. and Mrs. Smith or Miss Smith and nothing more, and if the ink was hard and dry the tissue papers should be taken out. On the other hand, in damp climates or if the ink has not had time to dry, papers are necessary left in—so the last was perhaps not a mistake.

Llamas were the ancient Incas' beasts of burden in Peru, and today they carry much of the freight over the high Andes. Each llama can carry about 100 pounds.

The Nation's steel mills are running out of scrap. They haven't enough on hand for even 30 days more. When this is gone they may have to shut down—for all new steel is 50% scrap. Get your scrap ready to turn in now!

WHOSE BOY WILL DIE BECAUSE YOU FAILED?

Or maybe you don't care?

THINK about it as revenge—a way to get back at the scum who have attacked us. Or think about it as a little more protection for our fighting men—something you, yourself, can do to bring as many as possible home alive.

But think about it now—for the scrap in homes, farms and factories has got to be moving to stockpiles within the next few weeks *or it may be too late!*

Maybe you don't know what it means to have production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges. Or to see the enemy rolling through your lines because you didn't have just a few more tanks.

We think you do. We feel that our whole community is ready to rise up and bring in the scrap as soon as you get a chance. So you're going to get that chance!

Next week we're starting the biggest drive you've ever seen, to get in this precious material. And you're going to pitch in, too, because this situation is serious.

Start looking around your place for scrap today. If you've got a son in the service, do it for *him*. Do it for the neighbor's boy—for those fine young chaps you just passed, out on the street.

Above all do it for your country . . . and do it now!

NEWSPAPERS' UNITED SCRAP METAL DRIVE

Woman's Club Presents Belgian Sculptor On Second Program

Mme. Silvercruys To Model Features Of Member During Oct. 16 Talk

A world-known Belgian sculptor, Mme. Suzanne Silvercruys, will be presented Friday afternoon, Oct. 16, by the women's Club of Larchmont at the second regular meeting of the season to be held at the Larchmont Avenue Church House. Mrs. Harold Hall Rhoads, club president, will preside at the business meeting opening at 2 P. M. Following this Mrs. Arthur Philby, program chairman, will introduce the speaker.

Mme. Silvercruys believes that art is the one international medium that all peoples, everywhere, understand and appreciate. "Art has no nationality," she says, "no frontier no boundaries — art belongs to all people, all of the time and of every race, color and creed. It speaks a universal language."

A Belgian by birth, the daughter of Baron Silvercruys, the late president of the Belgian Supreme Court, Mme. Silvercruys, has modelled the famous and the near-famous in England, France, Canada, her own Belgium, the United States and in many other countries. In recognition of her genius, as a sculptor, France has made her an Officier d'Academie and the British Government has given her its Coronation Medal. In the United States she has won many prizes and competitions.

Although she paints, is an accomplished pianist, the author of a widely-read biography, "Suzanne of Belgium," and has written a play entitled "There Is No Death," Mme. Silvercruys believes that sculpture is one of the highest forms of artistic expression because it "reproduces all dimensions."

Self-expression of some kind, whether in art, music or "in moulding the lives of little children" is, she says, of special importance in this modern mechanical world. Everyone has dormant creative powers which can be utilized through some medium, she declares. She recommends that everyone devote a few moments each day to creative expression, preferably in the arts or through some craft.

Mme. Silvercruys' lecture will be illustrated by a demonstration of her skill. Working upon a wire armature and with moist plasticene, she will model the features of some subject chosen from the audience while delivering the lecture.

Mrs. Edgar Ernst, chairman of tea hostesses, will be in charge of the tea which will follow the program. Assisting her will be Mrs. Elmo Elkan, chairman of the day; Mrs. David Armour, Mrs. Perry Crane, Mrs. Leon C. James, Mrs. John Milligan will preside at the president's table.

PROJECTS TO AID MEDICAL FUND NOW UNDERWAY

Larchmont Group Schedules Election Night Dance At Larchmont Lodge

Several projects are already under way for the benefit of the Hadassah Medical Fund which supports hospitals and clinics in Palestine now being utilized by Allied forces in the Middle East.

The Larchmont Group of the New Rochelle Chapter is sponsoring a dance at the Larchmont Lodge on Election Night with Mrs. Jules Englander as chairman, Mrs. Samuel Dereckter and Mrs. Englander have charge of the Hadassah Medical Organization booth displayed as one of the demonstration booths showing the Chapter's activities this afternoon at the opening Pull meeting in Temple Israel Community House.

Mrs. Dereckter is head of the donor luncheon committee for this Winter.

Freda Kirchwey, of New York, formerly of Greenhaven, was guest speaker at today's meeting and Rita Hartman of New Rochelle, pianist, played. Before moving to Westchester she was on the faculty of the Seymour School of Music.

Newlyweds Pay Visit To Nichols Home

Lieut. Louis D. Rossire, Jr. and Mrs. Rossire have spent a week with Mrs. Rossire's parents Mr. and Mrs. Lester Nichols, 422 Beach Avenue, Mamaroneck.

The young couple who were married in June at St. Thomas's Church, here, are now making their home at El Paso, Texas.

Lieut. Rossire has been stationed at Camp Davis, N. C. where he completed a radio course. He will now be at Fort Bliss, El Paso. His wife is the former Gertrude Nichols.

MRS. KITCHELL LAUNCHES 'STAMP A DAY' PLAN

Plans for "a Stamp a Day for the Son Away" were formulated Monday at a meeting of the Westchester Women's Division, War Savings Staff, in the Surrogate's Office, White Plains. The plan, originated by Alma Kitchell of Larchmont, singer and radio commentator, is that each mother with a son in service will buy a stamp a day for him. Mothers clubs will be formed in various county communities.

Mrs. Winfred R. Holton, Pelham chairman, conducted the meeting. She announced that Westchester is one of the leaders in war saving in New York State.

War Causes Flower Show Cancellation

NEW YORK, (AP).—A new casualty of war is the 30th international flower show which had been scheduled for March.

The exhibition, seen last year by 250,000 persons, was called off yesterday by the show committee when it agreed that the war had brought on too many difficulties, such as fuel and gasoline rationing and a shift of interest of garden club members to war work.

AT V DAY CELEBRATION. Singing at the Work for Victory Day Celebration in New York City is Dorothy Sarnoff, leading soprano of the New Opera Company. 30 PRESENT AT OPENING OF NEW WORKROOM

Red Cross Establishes Sewing Center At Murray Avenue School

Approximately 30 women sewed for the Red Cross Monday at the opening of the Murray Avenue School workroom which has been established workroom in that neighborhood. Mrs. Herbert Lau is temporary chairman with Mrs. Olney Stettens assisting.

More than 120 hours of work were recorded in this opening session by Mrs. Edward H. Kay, Mrs. Irving Taub and Miss Dorothy Dorland.

Mrs. Rufus K. Allerton, chairman of the Larchmont Branch, led the minute of silence at noon for the men overseas. Mrs. Gifford Eager, Branch production chairman, was also present part of the day.

Mrs. Paul Hammacker, hospitality chairman, was assisted by Mrs. William Hickey and Mrs. Frank Harlow in the serving of refreshments.

Much material was donated for the work but more is needed. Machines are also wanted as well as more "findings" such things as thread buttons, snaps, needles and other sewing essentials.

The workroom is open to any one in the neighborhood who wishes to aid with Red Cross sewing. The same work is carried on here as at the regular Thursday production day meeting for the Branch at the Larchmont Avenue Church. This room has been organized in order that workers may come together in an established headquarters within walking distance of their homes.

JOTTINGS ABOUT JUNIORS

By ANN BERLINER

Last week seemed to be old home week. At the stag dance lots of the old timers put in an appearance and tongues wagged continually. For instance Avis Condict came home from Bronxville, Bruce Lawrence from Canada (which is a mighty long way for a dance) Pat Fountain from Forest Hills, and locally buried Dick Carmer, Bennie Shea, Bob Fitzgerald and Artie Mannix.

From hospital to home. Doblie Meyers is now at her residence on Pine Brook Drive. She would love to see you all.

By the time you read this the Sub-Deb Garden Club will have held its second meeting at the home of Joan Dick. The girls each brought guests and made flower gadgets that you'll see on their jackets. Just because Summer is over, don't think that flowers are a thing of the past. If you're interested in the club, just let Irma Rosenstadt know. You'll recognize her by that head of red hair.

Gloria Vonder Lehr and Joy Scott are all excited about seeing "Life with Father" on Saturday. That's a treat for anyone, but these girls are going one better. They've got a date backstage.

Belated birthday greetings to Glenda Jones who celebrated yesterday. Birthday greetings to Irma Rosenstadt for her anniversary this Friday.

Pat Thompson is a little bit lone, some these days. Her house guest, Frazier Madison from Vermont, has returned to his hut in the hills. Frazier spent last week in Larchmont and seemed inclined to come again. Here's hoping.

About last Saturday's game. Don't wince. We all know the score, but from what I heard you kids in the bleachers had better not complain. Here we have some spiffy cheer leaders to help you, but do you yell? Oh no. You're so pessimistic you sit with long faces and silent voice the whole time. Now this Saturday there is a game at Mamaroneck with Albert Leonard. Show them that we can win, and it isn't all against us, at least show them that we can yell.

Ronnie Cargill, Dick Borton, Bob Weiller and Dick Hatzell are getting a bit home sick for Larchmont. The quartet are at Norwich Military Academy and are mighty busy shining shoes, learning commando techniques and taking it on the chin from upper classmen. I don't envy them, but think of the fun they'll have next year.

Welcome to Kenny McAnnis who put in an appearance at school today for the first time. Pull down your eyebrows. It wasn't an extended vacation. Ken has been pretty laid up and we're awfully glad to have him back.

"Art is long and time is fleeting." Well, I don't know about the art situation, but time is fleeting, so if you'll excuse me, I'll flit.

ANN CERASO BECOMES BRIDE OF PVT. REALE

Announcement has been received here of the recent marriage of Miss Ann Ceraso of Mamaroneck to Pvt. Thomas Reale of Greenwich, Conn., at the Army Chapel, Camp Grant, Ill., with Chaplain McAlarney officiating.

Miss Angelina Reale was maid of honor and Vincent De Cesaro of Boston served as best man.

Lisa Sergio Pleads For Peace Planning Now In Club Talks

American children of today must be the peace planners of tomorrow, was the theme of Lisa Sergio's address last night before 250 members of the White Plains College Club assembled for the first Fall meeting at the Social Hall of the Church in the Highlands, White Plains.

Lisa Sergio, a resident of Avon Road, Town, is a well-known radio commentator both here and abroad, having begun her career in Italy.

Departing somewhat from her topic, "American's Role in the War Effort," Miss Sergio made an urgent plea for constructive thinking on how permanent peace can be maintained after hostilities have ceased. She referred history had shown that no end peace was ever made that wasn't planned during war.

Women, such as those in her audience, she said, had two immediate obligations: first, to elect to Congress those whom they believe would best represent them when peace plans come to a vote, and, second, to educate their children to think about lasting peace. She blamed the failure of the Versailles Treaty on the fact that the effort was made by leaders of fighting forces who still had "white fury" in their hearts; that such women were too old and that no women were at the peace conference.

"The balancing influence of women in the reorganization of a political system is absolutely necessary," she asserted.

After reviewing childhood memories of her early life in Italy and describing the school systems of the Fascist countries which imbue the children early with the ideas of the new order, Miss Sergio said that it is necessary now to educate children along the lines we wish them to follow and closed by saying that "the hope of the world lay in America, created under an ideal. Unless Americans are willing to go back to a primitive mode of living they must drop all isolationist ideas and achieve interdependence with other nations. The world needs America," she said, "and America needs the world."

KINDERGARTEN MOTHERS MEET FOR PTA TEA

Teacher Outlines Her Work For New Barry Ave. School Mothers

A meeting and tea was held yesterday afternoon at the Barry Avenue school for new mothers under the direction of Miss Doris Monaghan, kindergarten teacher.

The tea, following the meeting, was served to all new mothers of the school by the executive board of the Parent-Teacher Association. Mrs. Alfred MacKenzie was chairman of the meeting.

In her talk, Miss Monaghan stressed her desire to know parents individually and she welcomed discussion of her work saying she would be glad to make appointments in the afternoon for any parents who wished to meet with her.

About 30 mothers were present. Tea was served under the supervision of Mrs. Aylmer Hatch. Children of parents who attended the meeting were cared for by Mrs. Clayton Dawson and Miss Virginia Haggerty and refreshments were provided for them by the Board.

GREY LADIES SERVICE BEGINS TRAINING

New Red Cross Course Opens At United Hospital For 12 Lectures

The Westchester Chapter, American Red Cross inaugurated a hospital and recreation program of the Grey Ladies' Service, this morning in the United Hospital, Port Chester, Mrs. F. L. Mathews of New Rochelle, chairman of the project, announced yesterday. This class yesterday morning was part of a short refresher course for those having previous hospital training, Mrs. Mathews said.

The regular course consists of 12 lectures, according to Mrs. Mathews, and it is hoped that they will be started in all Westchester hospitals, so that county institutions may be provided with the Grey Lady service.

Red Cross Grey Ladies serve at recreation and information desks. They conduct visitors to patients, assist in operations and x-ray rooms and in clinics. They also teach games and handicraft to children in hospitals.

DUTCH BARONESS TO BE PRESENTED BY COLLEGE

New Rochelle School Opens Lecture Series With Talk On Netherlands

The Baroness Flora Van Westerflier of the Hague, Holland, will speak at the College of New Rochelle, this evening, on the part the Netherlands are playing in the war.

As the first in the series of lecturers who will appear at the College during the year, the Baroness will discuss the economic changes, psychological reactions and other existing conditions in the Nazi-dominated Netherlands. The greater part of her information is based on her first-hand observations of the war in Europe.

A member of the Opera and Concert Stage, the Baroness has spoken before distinguished people of many countries. For the past year she has been delivering lectures on the Netherlands throughout the United States.

DOROTHY STEMPF OF WELLESLEY AN APPLE PICKER

Voluntary drafting of college women has begun at Wellesley College. Claire Richter, chairman of the Student Committee on the National Emergency, in answer to Acting Massachusetts Commissioner Louis Webster's appeal for assistance in apple-picking, has promised that a large number of students will help in this work each week. Because of the serious labor shortage, local farmers would be unable to harvest the large apple crop without outside help.

Arrangements were made with local apple-growers for transportation of the students to and from the nearby orchards in trucks. Dressed in dungarees or slacks, the girls abandoned the ladders offered them and resorted to the more successful method of tree-climbing to pick their crop. They are paid from 10 to 15 cents for each bushel of apples. In a recent week, seventy-five students helped to pick 620 bushels of apples and earned $100.

Miss Dorothy Stempf a sophomore at Wellesley, is one of those students who proved her skill at harvesting an apple crop. She is the daughter of Mr. and Mrs. Victor H. Stempf, 38 Vine Road, Town.

ANCHINS AID IN CARE OF WAR CHILDREN

Among the 46 residents of various New York communities who contributed during the month of September to the support of children of the United States in Great Britain, are Mr. and Mrs. David C. Anchin, 4 Highwood Way, Town, according to an announcement by Edna Blue, executive chairman of the Foster Parents' Plan, New York.

At the present time the plan is operating 41 children's projects in England and is caring for Polish, French, Czech, Dutch, Belgian, Austrian, Norwegian, British, Spanish, Hungarian and German anti-Nazi children.

More than 15,000 children have been cared for by the plan since its inception six years ago.

Brazilian Missionary Outlines Work For Church Association

Dr. Samuel Rizzo, a minister of the Presbyterian Church in Brazil, recounted yesterday the work of a Protestant in a country settled by emigrants of Roman Catholic Europe in a land where superstition and idol worship held sway among the native Indians. The speaker outlined the "Opportunity of the Church in Brazil", at the opening meeting of the Woman's Association of the Larchmont Avenue Presbyterian Church, held at the Church House.

The day began with a sewing session at 10 A.M. followed by luncheon. A business meeting was then held, with Dr. Rizzo's talk completing the day's activities.

The speaker is serving as pastor of the Portugese speaking Church in Newark, N. J., while in this country. He spoke yesterday in behalf of the missionary program in Brazil, asserting that "the best in Brazil has been done by missionaries" and that it is considered a missionary country.

The speaker, in making his points, outlined the work of Presbyterian ministers in the preparation of text books for school use and said that little illiteracy existed among the Protestants there.

Stating that there are over 1,000,000 Protestants in Brazil, Dr. Rizzo said that the first Presbyterian mission was established in 1859.

In speaking of the general characteristics of the country, the lecturer told of the fertile soil "which is productive for a great variety of crops. 'Brazil's problem,' he said, 'is underpopulation and overproduction; the opposite of Europe's.' Coffee and bananas are now being dumped in the ocean, he continued.

The geographical boundaries of the country, Dr. Rizzo outlined as roughly about half of the continent, with a population of 45,000,000, more than all the sister republics combined. "All the minerals needed for the war can be found there," Dr. Rizzo continued, "and the greatest problem now is to find a use for all the melons and other fruits formerly exported to Europe." He titled the country "the granary of the future."

In speaking of the people, the lecturer said the Portuguese is the national language and that aside from the large Roman Catholic population and the newer Protestant one, many believe in spiritualism which harks back to the early days of the Indians and there is a large group of freethinkers.

Devotions for the day were led by Mrs. Audrey S. Cornwell.

DANCE GROUP RE-ARRANGES MEETING PLANS

Larchmont - Mamaroneck Unit Will Gather At Murray Avenue School

A number of Larchmont and Mamaroneck girls will have the opportunity this year to broaden the scope of their dance education as members of the Westchester High School Dance Group under the direction of Steffi Nossen of Larchmont.

Last year and in previous seasons, the group of 25 girls met once weekly at the Murray Avenue School to study dance technique, dance composition and finished dance works which were performed in colleges, schools and community performances. The group was composed of girls from Larchmont, Mamaroneck, Scarsdale, New Rochelle, Pelham and Bronxville, and five of its members are now college students at Vassar, Stephens Junior College, Mount Holyoke and William and Mary College.

This season, Miss Nossen is conducting the group in local units within the girls' communities because of transportation restrictions have ruled out a general meeting place. The Larchmont-Mamaroneck contingent of the group has again chosen the Murray Avenue School as the scene of its activities and local girls include: Anne Marie Bonsenkoski, Carol Briggs, Doris Eckhardt, Constance Grier, Yvonne Motley, Nancy Reese, Monique Rosman, Ellen Tolwer, Marion Treffinger, Mary Alice Schoonhoven and Colette Vien.

Once every two months, the girls from local and other units will meet at Miss Nossen's studio at Stein Way Hall in New York City to have a class meeting of the complete group, and to study and rehearse dance works suitable for presentation in school and community program. Following their group lesson, the girls will attend dance lectures and dance matinees, or will visit exhibitions of interest to dancers and students of the allied arts.

YBARRA SPEAKS FRIDAY AT WOMAN'S CLUB

Current Events Program Open To Public; Talk On Latin America

The Larchmont Woman's Club will present T. R. Ybarra, foreign correspondent, in a public lecture on "Latin American Tomorrow," Friday at 2 P. M. at the Larchmont Avenue Church House as the first current events program of the season.

Members of the club will be admitted by card. Others will be admitted for a nominal fee.

Mr. Ybarra will discuss Latin America in relation to the latest developments in the international situation. The speaker, whose father was a Venezuelan general and mother a Boston belle, knows intimately the people of the southern continent. He believes that the United States must exert predominant influence over the Western Hemisphere, peacefully if possible, by force if necessary, and he contends that this country should use every conciliatory means at its command to maintain its influence south of the Rio Grande in order to keep the Nazis out.

The speaker, author of the autobiographical "Young Man of Caracas," was born in Boston, grew up in the Venezuelan city, prepared for college in Boston and is a graduate of Harvard University. He has been working as a foreign correspondent since 1924.

BARCLAY ON BRIDGE

By SHEPARD BARCLAY

CHANGES ITS NATURE

ALL THAT a chameleon can do, as a lightning-change artist, is to turn from one color into another. A bridge hand can do more than that. It can suddenly shift its entire nature, from a definitely bad hand into a good one. You may sit there with cards which seem much too weak to justify any response at all to your partner's bid, but, after he calls again, showing a new suit, realize suddenly that you have a splendid fit for it, together with shortage elsewhere, so that your trumps may be used for ruffing. Then you are in the game.

North: ♠ J 10 8 4 ♥ 6 ♦ 9 7 5 3 ♣ J 6 5 2

West: ♠ 5 3 2 ♥ K 9 7 2 ♦ 10 2 ♣ K 9 7 3

East: ♠ K 9 ♥ Q J 10 3 ♦ A Q J 8 4 ♣ 10 8

South: ♠ A Q 7 6 ♥ A 8 5 4 ♦ K 6 ♣ A Q 4

(Dealer: South. North South vulnerable.)

South	West	North	East
1 NT	Pass	Pass	2 ♦
2 ♠	Pass	3 ♠	Pass

Where in the world is a bridge player who would not pass North's hand, even if he and his partner used strong No Trumps. Also, where is the player who would not give a raise after hearing his partner make that spade bid? There are some who don't understand distributional values, but not many who could not recognize them in a case so pronounced as this. Those four spades in the North hand could produce anywhere from two to three ruffing tricks, in addition to which the possession of those trumps insures the safety of South's suit by cutting down the number of trumps the opponents hold.

West ominently opened the 10 of his partner's diamond suit, the A winning and the K taking the second diamond. The heart A and a heart ruff, club J finessed to the K and a belated spade lead by West to the 10, K and A enabled South to take the rest of the tricks. He ruffed a second heart, came to his own hand with the club A, ruffed his last heart, ruffed a diamond with the 7—too high for West to over-ruff, then cashed the spade Q and 6 and the club Q, to get an extra trick.

Even with an original spade lead, he could have made a game.

Tomorrow's Problem

North: ♠ 6 5 2 ♥ 7 4 ♦ A K J 6 2 ♣ A Q 9

West: ♠ Q 9 7 4 ♥ K 9 6 ♦ Q 7 5 3 ♣ 8 5

East: ♠ J 8 3 ♥ 10 8 3 2 ♦ 8 4 ♣ K J 10 6

South: ♠ A K 10 ♥ A Q 10 5 ♦ 10 9 ♣ 7 4 3 2

(Dealer: South. East-West vulnerable.)

What sound defense can defeat the declarer's contract of 3-No Trumps on this deal if after West's lead of the club 8, South calls for the Q from dummy?

SCHOOL HEALTH CONDITIONS GOOD

Communicable Diseases Reported At A Minimum In Rye Neck District

Health conditions in the Rye Neck School District are unusually good, according to the report made to the Board of Education by Dr. Eugene Healey, District health officer, last night. Cases of communicable diseases are at a minimum, Dr. Healey's report stated.

Dr. Alvin Hicks, superintendent of schools, confirmed the medical report with statistics of attendance so far in the three schools. The attendance percentage at Bellows High School is 97, while the figures at the Harry Avenue and Daniel Warren Schools are 93 and 94 per cent respectively.

James Jackson, president of the Board, announced the receipt of the resignation of William A. Axtell, former coach of athletics at Bellows High School, and the official appointment of Howard Smith as athletic director and coach. John J. Heafon who came to Mamaroneck this Fall from Brooklyn will assist Coach Smith. Mr. Axtell has accepted a position at Cortland State Teachers' College.

The committee on personnel reported that all vacancies on the faculties of the three schools have been satisfactorily filled. The final appointment was of Miss Minnie Healey as school nurse in place of Mrs. Gertrude Dale who was granted a leave of absence last Spring. Miss Healey, formerly a resident of New York City has been associated with the Presbyterian Hospital in New York and has taught in the Scarsdale High School. She has a B. S. degree in Public Health and an M. A. in Health Education. She holds a first aid instructor's certificate.

A first aid course will soon be organized at Bellows for the high school students, it was announced.

Members of the Board discussed a request recently received from the New York State Department of Education asking schools to consider the possibility of beginning courses in aviation. A committee of teachers was appointed to confer with Dr. Hicks on the subject. The Board agreed that the facilities at Bellows are too limited to undertake a course in aviation but the possibility of introducing material related to the elements of aviation and flight training into other courses will be considered.

A request from the War Production Board to consider converting all school oil burners into coal heaters was read. The Board agreed to consider the matter but no immediate action was taken.

The building and grounds committee reported that the waterproofing of the exterior of the south side of the Daniel Warren School has been taken care of. Dr. Hicks announced that two fire drills had been held at the Harry Avenue School, three at Daniel Warren and three at Bellows. One air raid drill has been held at Bellows, he said, with satisfactory results.

A gift of books from the library of Mrs. J. A. Rice of 746 The Parkway, was announced by the Board. Mrs. Rice expects to move from Mamaroneck soon and has turned the books over to Miss Helen Snow, school librarian.

WELFARE ROLLS REACH NEW LOW

(Continued from Page One)

the report indicated similar reductions all the way down the line for the following expenditures:

Food—$1707.48 as against $1,251.56 for August.

Shelter—$1843.78 as against $1,915.61 for August.

Medical — $344.29 as against $401.59 for August.

For a miscellaneous group including fuel, gas and light and clothing, however, the September figure represented a slight increase—$930.58 as against $276.17 for August.

The Board unanimously approved the report by resolution.

Fuel Oil Rationing System Simplified

The matter of determining the amount of fuel oil each oil-burning building is entitled to will be comparatively simple, the Consumer Education Division of the Westchester War Council advised today.

The fuel oil dealer registers with the local war price and ration board and then receives application forms which are in turn sent out to customers. Clipped onto the forms will be a notation of the householder's consumption of fuel oil last year.

The householder then fills out the application form and takes it, with his last year's consumption figure, to the ration board which determines, from a table supplied by the OPA, the amount the individual may order.

The following information must be included on the application form: Amount of oil consumed last year; the number and size of rooms used for living and sleeping (sun rooms, attics, basements, garages, recreation and game rooms may not be included); the amount of oil in the tank on Oct. 1.

A coupon form of rationing, similar to that employed for gasoline, will be used.

New Role Of Tin Can Explained To Women

The vital role to be played in the war by the lowly used tin can, the old brass lamp that was a wedding present and has been sitting in the attic since 1924, and the abandoned automobile was explained for 75 Westchester women yesterday at Sarah Lawrence College by three representatives of the Conservation Division, War Production Board.

Mrs. James Hone of Hartsdale, chairman of the Westchester Salvage Committee of the War Council, had charge of the meeting, part of a wartime consumers' series sponsored by the college and the war council.

Alexander B. Johnson of Yonkers, assistant supervisor of the region, urged the women to become counterparts of Sherlock Holmes in searching out every bit of scrap metal hidden away in the house, then turn it over to the local salvage committee.

"We need steel scrap from the housewives to convert into war materials, and we know it is in hiding," Mr. Johnson said.

The Long Distance Calls You *don't* make MAY HELP WIN THE WAR!

You wouldn't think of doing anything to delay a convoy of army trucks from reaching its destination. Nor would you knowingly hold up a shipment of vital war materials.

Yet the Long Distance calls you make can just as seriously interfere with America's war effort.

Long Distance lines are crowded with calls. Many of them are war calls—vitally important. Yet they are being held back by other calls, not essential to winning the war.

That's why you are asked not to make any Long Distance calls that are not urgent. Above all, **don't call any of the war centers listed below unless your call is directly concerned with the war program.**

WASHINGTON - - and principal points South
CHICAGO - - and principal points West

If you must make Long Distance calls, try to place them during these least-busy hours:

Before 10 A.M. 12 Noon to 2 P.M.
5 P.M. to 7 P.M. After 9 P.M.

Call by number (station-to-station) whenever you can. Make your conversations brief—others are waiting.

WAR CALLS MUST COME FIRST!

Christian Science War Relief Unit Moves To New Quarters

Feeling the necessity for permanent quarters in which to establish their growing volume of work, members of the Christian Science War Relief Committee of the First Church of Christ, Scientist, of Mamaroneck have set up a work room, at 124 Elm Street, Mamaroneck.

Here sewing and knitting are carried on each Tuesday from 10 A.M. to 4 P.M., bandages being prepared and reconditioned for the victims of bombings in England and for refugees of Axis dominated countries who have found their way there.

The group of workers, who have been functioning for two years in Larchmont Acres is composed of women of the church and friends. Some of the work is done at home. Cutters for the group meet another day during the week to prepare garments for sewing.

All knitted articles such as mittens, scarfs and sweaters are distributed to members of the American armed forces only through the Christian Science War Relief Depot in New York. All articles of clothing are shipped to England for distribution there.

Everything with which the committee works has been donated by members or friends. This includes the yarn for the knitting, the cloth for new garments and the old ones for repair.

Nothing is sent to the depot for shipment abroad that has not been thoroughly cleaned or washed; that has not been completely repaired and that does not have at least six months wear left in it.

Everything is mended and remodelled if necessary before it leaves the work room here. Shoes are also sent out for repair.

Since everything is donated, there is a constant need for clothing to work with, and garments can be left at the shop on Tuesdays. Emphasis has been placed by committee members on the fact that only garments which can be repaired and worn for six months are wanted and that no American strictly Summer weight clothes are ever sent to England since the climate there is too damp and cool all year round for them to be useable.

Funds donated by church members and others have assisted in making possible the purchase of yarn and new materials so that new clothing can be made as well as paying for the cleaning of garments brought in.

Mrs. H. D. Dabney, of Larchmont, is present chairman of the relief committee.

MISS CURRAN WED IN SOUTH TO PVT. BEECROFT

Former Mamaroneck Man Now At Army Air Base Marries Pennsylvanian

Announcement has been made of the wedding Saturday, Sept. 26, of Miss Eleanore Curran, daughter of Mr. and Mrs. James P. Curran of Kenava, Pa., to Pvt. Albert Arthur Beecroft, Jr., son of Mrs. Albert A. Beecroft of 7 Park Avenue, Mount Vernon, formerly of Mamaroneck, and the late Mr. Beecroft.

The ceremony took place at the chapel at Richmond Army Air Base, Richmond, Va., with the Rev. Frederick G. Dorn, chaplain, officiating, assisted by Captain M. E. Bell. The family and a few close friends were present, and a small reception followed.

Miss Ann Louise Curran attended her sister and Pvt. William A. Widener, Jr., of Chicago, Ill., acted as best man.

The bride was graduated from St. Joseph's High School and attended State Teachers College at Lockhaven, and Bloomsburg, Pa. Pvt. Beecroft was graduated from the F. E. Bellows High School, Mamaroneck, and was associated with the Morris Plan Industrial Bank in New York City, before enlisting last December.

He is the grandson of the late John Robert Beecroft, a director of the Century Publishing Company and one of the first residents of Pelham Manor.

Mrs. Beecroft has returned to Harrisburg, Pa. for the duration, and Private Beecroft is at Byrd Field, Va.

SAME OFFICERS RE-ELECTED BY ASSOCIATION

Larchmont Visiting Nurse Organization Hears Annual Reports

The first annual meeting of the Larchmont Visiting Nurse Association since its formation nine months ago from the Larchmont Public Health Association took place Tuesday morning in the offices at the Municipal Building. Mrs. Platt K. Wiggins, president, and her staff were reelected to serve for another year both as officers and directors. Mrs. James E. Curtis, chairman of the nominating committee, presented the slate.

The officers include Mrs. P. S. Patton, first vice-president; Julian U. Cargill, second vice-president; Mrs. Samuel B. Moore, third vice-president; Mrs. Lou's E. Weed, treasurer; Mrs. William H. Conway, recording secretary and Mrs. Huston I. Cobble, corresponding secretary.

General topic of the annual reports dealt with the reorganization last January. The annual report of the treasurer, together with the auditors report and the annual report of the secretary, were presented.

Mrs. E. J. Cooper, chairman of the volunteer service committee gave figures on the number of clinics held stating that 69 children from the Village of Larchmont and 82 from the Town of Mamaroneck had attended the nine clinics. There were also two X-ray clinics with 10 from each section. Members of this committee have assisted at clinics for the nine-month period.

Mrs. Sam E. moore reported as chairman of office supply on the reconditioning and installing of equipment at the time of the reorganization.

In her report Mrs. Wiggins emphasized the employment of a qualified public health nurse at the headquarters. Miss Jean Lowder. She also stressed the aid received from the county through Miss Ada Meehan, supervisor of nurses for the Sound area for the Westchester County Department of Health, and spoke of the work of Miss Margaret C. Fulton, office secretary, whose job it was to change the records and enter the new forms.

Miss Lowder also reported on her nine-month tenure, stating that 215 cases had come under her supervision in the Village of Larchmont; 669 calls having been made. In the town she said there had been 512 cases, with 848 calls.

Red Cross Rooms Close For Holiday

Mrs. Herbert Lau, temporary chairman, has announced that the newly opened Red Cross production room at the Murray Avenue School will be closed this Monday because of the Columbia holiday.

ance of certain activities in our parish school. But in the course of time its membership has so dwindled that a relatively small group has been carrying the burden of raising these necessary funds. We feel that a society which would embrace all the women of our parish, including the members of the P. T. A. would do the work even more effectively. We are appealing, therefore to all the women of our parish, young women as well as mothers of families, to join the Holy Trinity Guild to foster and enlarge the work being done for our parish activities.

"This appeal is addressed also to graduates and young women, who may feel this duty rests only with the mothers of families. The Guild is intended to enlarge and develop the idea that we are all one large family interested in doing our share to promote the common good."

American Home Section Learns How To Strengthen Nation

Mrs. Andrew Rock and her committee were in charge of the open-house in Scarsdale yesterday of the American Home section of the Mamaroneck Woman's Club, followed by the regular meeting and a talk on war foods by Mrs. Mary B. Horton, educational director of Sheffield Farms.

Mrs. E. D. Booth, Mrs. Lena Gorham and Mrs. W. E. Nugent, assisted with the luncheon. Mrs. W. M. Lanyon, chairman, presided at the meeting.

Predicting that "When America emerges from the war, she will come out a stronger nation," Mrs. Horton said that most Americans have been found to be suffering from "hidden hunger," causing a lack of vitality due to a lack of vitamins."

She told of programs for better nutrition now being studied and suggested by the government and said that the strength of the nation must be built up through health. Pointing out that one-third of the early deaths were induced because of poor health, mostly caused by nutritional ills, the speaker stated that while America can build the biggest ships, tanks and airplanes, it is up to her women to build a strong home front.

"We must give up frills and eat plainer foods," Mrs. Horton said, predicting that this would lead to better general health. "We have been wasteful, and we are now learning to conserve," she concluded.

MISS MURPHY ENTERTAINS FOR BRIDE-TO-BE

Jacqueline Cominelli's Wedding To Lieut. Blossy Set For November

Miss Virginia Murphy, 51 Wendt Avenue, Larchmont, was hostess Tuesday night for a miscellaneous shower honoring Miss Jacqueline Cominelli, daughter of Mr. and Mrs. Armand Cominelli, of Larchmont.

Miss Cominelli will be married in November to Lieut. Henry J. Blossy, son of Mr. and Mrs. Henry Blossy, also of Larchmont, now stationed at Quantico, Va., with the U. S. Marine Corps Reserve.

Among the guests were:

Misses Muriel Everitt, Jane Hall, Margaret Wall, Peggy Gilchrist, Mrs. Cominelli, Mrs. Blossy, Mrs. Arline Deming, Mrs. James Murphy, Misses Betty Dunn, Mamaroneck; Miss Eleanor Hedden, Mrs. Harold Hedden, New Rochelle, Mrs. Bettie Ann Quinn, Mount Vernon; Miss Patricia Devlin, New York City.

FREDA KIRCHWEY ASKS AGREEMENT ON FREEDOM

"We have to agree on what freedom means. I feel that we are weakened more by a lack of concentrated purpose than by a lack of concentrated power," said Freda Kirchwey, speaker and editor of "The Nation," former resident of Greenhaven, at the first meeting of the year of the New Rochele chapter of Hadassah, at the Temple Emanu-El Community House, yesterday.

"We can't sit back and say we're confused," she continued, "for this is a democracy and we must do something about it. Many people are taking refuge in working quietly in whatever field they are qualified, but the best work and the bravest work will be undermined, perhaps wiped out, unless the powers involved formulate a consistent policy."

Describing the situation of the Jews in France as a trap, Miss Kirchwey pleaded that an attempt be made to rescue even the handful that may be possible, and at least manage their escaping as far as Lisbon.

Talking of the quota restrictions at present in the United States, the speaker asked, "What is the right of asylum unless to protect people who would otherwise be tortured to death?"

"Just an ordinary bureaucratic desire to keep out of trouble," she described the State Department's claim of much greater liberality than Congress. "Americans have lost the feeling of urgency about these things. We have the desire to believe that things will work out."

Picturing Palestine as a temple built in a volcano, Miss Kirchwey spoke of the British attempts at appeasing the Arab factions. "If only they could appease them, we could excuse it," she said, telling of Arab celebrations with each Nazi victory, and the belief that they are merely waiting for Rommel's army.

"I don't care how indiscreet Wilkie's message from Moscow was, "she concluded. "Chamberlain was discreet. Suppose we hadn't tried appeasement . . . suppose we had always indiscreetly opposed Hitler, could we be any worse off than we are now?"

The meeting was opened with a prayer by Rabbi Shankman, and included reports from various members on activities of the National Palestine Fund, the Youth Eliyah, and the group sending Palestine medical supplies. It was conducted by Mrs. Julius Gluck,

FIRST GRADE MOTHERS HEAR NEW TEACHER

Ann Tolve Speaks On Child Education At Tea For Central School Group

Mothers of the children of the two first grades of Central School met yesterday afternoon for tea and to hear Miss Ann Tolve, new teacher, speak on various phases of child development.

Miss Florine Elrey, principal, introduced the new teacher at the meeting held in the activities room of the school.

Miss Tolve outlined the things a child is capable of doing at the age of six or first grade level. The first phase, she said, is physical; "a child of this age gains about four to six pounds a year, grows about two inches and at the end of the period the six-year molars, the first permanent teeth appear."

Suggestions for care of the child given by Miss Tolve were that plenty of rest be provided and exercise, both indoors and out. Mice activities are dependent on the large muscles, than the small; and she also suggested eye movements necessary for reading.

Taking up the second group of senses and emotions, Miss Tolve said that the child has a surprising sense of rhythm and ability to balance, while the sense of touch and perception of form become better defined and he recognizes difference in weight; also difference in line length and begins to be self-critical while love of self shifts to love of others.

In babies, she continued, purity of speech is develped and the child learns obedience and is able to distinguish between imagination and truth; he learns to appreciate "thank you" and "please," and to understand property rights and generosity.

Miss Tolve then went on to speak of education telling what the average child of this age is capable of learning. She closed her talk by reminding mothers that there are two principal influences in a child's life, heredity and environment. His mental level and capacity is predetermined, she said, but his environment decides whether or not his mental processes are developed to the maximum. "Above all, she concluded, "upon a parent alone rests the responsibility of supplying a home in which a healthy and happy child can grow."

The tea was the second in a series being sponsored by the Parent Education Committee. The second group will hold theirs on Wednesday, Oct. 14.

MISS HENDERSON DELEGATE TO BPW LUNCHEON

Miss Frances Henderson of the Mamaroneck Business and Professional Women's Club, will attend the "Women at War" luncheon to be given by the New York League of Business and Professional Women for high ranking women of the armed forces of Canada, and the United States Saturday, Oct. 17 at the Hotel Astor, New York.

The luncheon will begin with greetings from Miss Elizabeth G. Hampton, president of the New York League. Mrs. Grace Allen Bailey, chairman of international relations, will be toastmaster. Mrs. Sara Sparks, luncheon co-chairman, will introduce the guests of honor and Miss Margaret P. Hyndman, only woman King's Counsellor, will introduce the speakers.

Speakers will include, for the United States forces, Major Oveta Culp Hobby, Women's Army Auxiliary Corps; Lieutenant Commander Mildred McAfee, of the waves, Colonel Julia O. Flikke, Superintendent Army Nurses Corps, Office of the Surgeon General, War Department.

Canadian speakers are Lieutenant Colonel Frederick Brady, Officer Administering Canadian Women's Army Corps; Superintendent Jean Carpenter, Women's Royal Canadian Naval Services; Squadron Officer Kathleen Carpenter, Women's Division, Royal Canadian Air Force; Dr. Edna Guest, Order of the British Empire, Canadian Army Medical Corps; Miss Grace Hyndman, Director Women's Personnel, Allied War Supplies and Miss E. L. Smellie, Matron-in-Chief, Royal Canadian Nurses Corps.

SCOUT LEADERS PREPARE WITH TWO-DAY COURSE

New Council Here Sponsors Training Class; Will Meet Again In November

Members of the newly formed Mamaroneck Council of Scouting leaders and prospective leaders have completed a two-day training course held Monday and Tuesday at the Parish House of St. Thomas's Church, sponsored by the Council.

About 25 attended the course given by Nancy Daley, representative of the national organization, who led discussions for Scout programs and the setting up of new troops.

Another all day session will be held in November at the church so that experiences encountered in the interim can be discussed.

Prof. Modica is a faculty lecturer on philosophy of education, and coordinator of the center for safety education at the university.

EVENING SECTION OPENS WITH STYLE SHOW

Members Model Costumes; Mrs. Hatch Presides At Meeting

Members of the Mamaroneck Woman's Club Evening Section took part in a fashion show Wednesday evening at the opening meeting at the clubhouse.

Costumes were from the Annette Shop, Mamaroneck. Mrs. Harold Cater played during the display.

Mrs. Donald Plumb modelled a two piece burgundy velveteen while Mrs. Robert Gringrich showed the ever-popular black crepe afternoon frock. Miss Agnes Boysen modelled an all wool beige coat which is being featured this Fall and Miss Vincenza Nicoli, of the shop who presented "Junior Miss" fashions in the popular corduroy.

Mrs. Dwight Hatch, section chairman, presided. Mrs. E. J. Storey, program chairman; Mrs. Plumb, membership chairman; and Mrs. Herbert Morganroth, hospitality chairman, outlined plans for the coming year.

Mrs. Philip Holden, president of the senior club spoke briefly extending her greetings to the Section. Mrs. Willis Torbert, chairman of ways and means, outlined the club's budget and plans to meet it.

Steffi Nossen of Larchmont, teacher of modern dance and rhythmic exercises, discussed her series of exercises designed to relieve muscle strain among women workers in war industries. She emphasized that these exercises are simple common sense which can be done by almost any one at any time in any place. "Strain caused by work in any industry or profession can be counteracted by exercise that first contracts and then relaxes the muscles," she concluded.

By KATHERINE S. KIRKMAN

Dr. Paul D. Shafer, president of the Packer Collegiate Institute, Brooklyn, will be the guest speaker at the first meeting of the Chatsworth Avenue Parent-Teacher Association. This meeting will be a "Father's Night" on Wednesday, Oct. 14, at 8 o'clock in the school auditorium.

Dr. Shafer will speak on "Priorities for Parents," a topic which was chosen to coincide with this year's theme "Our Children First."

The speaker was formerly headmaster at the Milford School, and lecturer on secondary education at Yale University. He is a member of the National Association of Principals of Schools for Girls, past president and member of the executive committee of the Junior College Council, Middle States Association of Colleges and Secondary Schools and is a director of the Brooklyn and Queens Y. M. C. A.

The meeting will close with a community sing led by F. Colwell Conklin, supervisor of music, Mamaroneck School system.

MISSIONARY TELLS WSCS OF JAPAN

Luncheon Precedes Regular Meeting With 75 In Attendance

Approximately 55 were served at the luncheon Tuesday which preceded the regular business meeting of the Woman's Society for Christian Service at the Mamaroneck Methodist Church. About 75 attended the meeting and program with Carolyn Peckham, former missionary to Japan, as guest speaker.

Mrs. George W. Hahn was chairman of the luncheon and Mrs. Herbert Houghton presided at the meeting at which final reports were made for the annual church fair to be held Nov. 4 and 5. Mrs. Philip Holden, president of the Mamaroneck Woman's Club, was a special guest.

Miss Peckham spoke of the Japanese people as divided into two camps, the common citizen and the military clique. She reported that the Methodist properties in Japan had not been taken over by the Japan Government as far as she knew and that the mission was still functioning under local control. The speaker, who spent 27 years as a missionary to Japan, is now with the Methodist Board of Missions in New York City.

The next meeting of the society will be held Nov. 10.

JUST LIKE AN HONOR

MAKING your opponent use up two honors to take one trick is the usual reason for "covering an honor with an honor." That is unsound advice in many cases, as it should not be followed except in a situation where it promises to build up an extra trick for yourself or your partner in the suit, or to spoil the opponents timing or entry situation. But there are times when it should be carried still farther, by covering a card which is lower than an honor.

West had two reasons for leading his club. One was that he knew South as an inveterate devotee of a club bid to open hands in which he had no particular club holding. The other was that he did not like to open away from his honors in the other three suits. The whole story would have worked out differently if the 9 had been called from dummy, but South put on the Q and the K won it. Striving to kill the diamond suit by eliminating its side entry, East returned the club J, which won, and then the 6 to force the A.

South came to his hand with the spade A and led the diamond 9. West decided that, if his partner had the 10, it would do him no good to cover, as the 10 would be in too strong a suit so he ducked. Then the 10 to the J, the K and A settled the Q, making a total of seven tricks so far for the declarer, and he completed his game with the spade K and heart A.

West could have beaten that by covering the diamond 9, which would have forced the K. The A and J would have been good then, but the 7 would have thus become the high diamond. With only three tricks in that suit, South probably would have tried the heart finesse, losing to the K. The diamond 7 could then have been scored by West, who would have had a safe exit with his spade 4 to the J and K. The defenders could then wait for the setting trick, as South could not score more than a total of eight.

Order Against Buses To Hunt School Football

Increased difficulties are foreseen as a result of the War Transportation Board's final decision yesterday ruling out all bus transportation for athletic teams for the duration of the war.

The ruling not only prohibits the transportation of athletic teams by chartered or privately owned busses, but also the transportation of spectators in special busses.

It is expected that attendance at games will be cut down and that many games will be cancelled in which one team is forced to travel many miles.

Mamaroneck and Bellows are not expected to suffer noticeably from the government order, however. The greatest distance the Tiger squad will have to travel will be to Yonkers on Oct. 31, while Bellows' trip to the All Hallows game at Fordham Field Saturday will be taken care of by three privately owned station wagons.

College teams which have heretofore depended upon chartered busses to get them to games several hundred miles away are expected to be most affected by the new order. They will henceforth have to travel by train, and making connections will not be so easy as it has been in the past.

Bowling Leagues Now In Full Swing

Bowling is now officially here, with several leagues having gotten under way in the last two weeks. The local area now has six circuits in full swing, the same being the Daily Times League, White Collar League, Inter-City League, St. Thomas's Men's League, Community League, and Larchmont Major League.

The Daily Times League, which found the Equippers coming out on top last year, appears to be a wide-open race this season, with several new teams right in there fighting for the top spot.

Panthers Will Sit In On Columbia Brown Tilt

The Bellows Panthers will be in for a treat Saturday afternoon after their morning game with all Hallows Institute at Fordham Field.

Jack Fearon, new assistant grid coach and head baseball coach, is an alumnus of Columbia University where he majored in physical education. He has secured 20 complimentary tickets for the Columbia-Brown game and offered them to the East End squad.

Coach Howard Smith's boys will probably enjoy the Baker Field game all the more if they come out on top in their own game with the Bronx Jesuit school.

TIGER COACH MAKES MORE CHANGES IN VARSITY SQUAD

Coach Clare Curtin juggled his forces around further yesterday as he sent the Tiger football squad through a stiff scrimmage on Manchester Field.

In the first team backfield were "Skip" O'Rourke at tailback, Capt. Art Fuller at spinback, Jim Rodrigues at blocking back, and Johnny Guadagnolo at wingback. O'Rourke and Guadagnolo have replaced Joe Pesce and Tommy Farrell.

Another change found blond Bill Scott, a rangy end, replacing Joe Maxtoe at one of the end posts. Walter Brennan remained at the other flank.

At the tackles were Bill Rapoport and Bill Huber, the latter replacing Louie Turco, out with a cold. Jim O'Brien and Joe Siano were at guard, and Walt Romanek at center.

Calvin Palmieri, Orange tailback, is still nursing an injured knee and did not report for practice.

Line Coach Oscar Keeler stressed downfield blocking among the guard candidates in an effort to shake the backs loose on touchdown runs.

Curtin has decided to make an end out of big Tom Gibbon, who originally reported as a backfield candidate. Gibbon's failure to develop into a first-class runner lost him a chance for the starting tailback berth, although he is probably the best punter and passer on the Orange squad.

Suit Against Henie Settled Privately

NEW YORK (AP)—A suit brought by Dennis R. Scanlan against Sonja Henie to recover part of her earnings because, he charged, he started her toward movie fame, has been settled out of court.

Scanlan, a surgical instrument manufacturer, said a "friendly settlement" had been made. Miss Henie had appealed a $77,658 judgment which had been awarded Scanlan.

Scanlan based his suit on an oral agreement he said was made abroad in 1936 under which he was to receive 20 per cent of the skater's earnings.

GOVERNALI TOPS GROUND GAINERS

Columbia Ace's Passes Aid Him In Compiling Highest Yardage In Country

CHICAGO (AP)—The passing prowess of Columbia's Paul Governali has swept him into first place among the Nation's leading ground gainers with the football season little more than two weeks old. First figures from the American Football Statistical Bureau, which has shifted its offices from Seattle to Chicago, showed today that in two games the Columbia senior had accounted for a total of 454 yards from both rushing and passing.

The fourth best passer among collegians last year, Governali this year has whipped the football 411 yards in 28 attempts against Maine and Fort Monmouth. The rest of his total, 43 yards, came in 24 rushing tries.

Since the statistical bureau ranks passers on total number of completions, his passing efforts landed him second in this department behind Ray Evans of Kansas who in three games has completed 31 of 66 attempts for 242 yards. Four were intercepted. Evans' efforts are the more remarkable since he is playing with a club that has lost three consecutive games.

Second to Governali in total offense was Dick Fisher, former Ohio State player now competing with Bernie Bierman's Iowa Naval Pre Flight School. In three games Fisher has totaled 425 yards: 216 coming in 38 rushes and 209 more in 16 attempted passes.

The No. 1 ball carrier, however, is Don Griffin, Illinois junior, who has sped 524 yards over a two game stretch. This total also landed him ninth among the otal offense leaders. The No. 2 ball carrier was Jack Field of Texas with 296 yards in three games.

SMITH WARNS EAST ENDERS AGAINST LETDOWN IN PLAY

Warning his squad against a letdown due to overconfidence, Coach Howard Smith sent his twice-victorious Bellows Panthers through a hard scrimmage session at Daniel Warren Field yesterday afternoon in preparation for what promises to be a hard battle with All Hallows Institute Saturday morning.

"The team we're going to face Saturday knows how to play football, make no mistake," Smith told his gridders. "We'll have to battle all the way, but we're going to play to win."

Dolan Misses Scrimmage

The first-string eleven, minus the services of Eddie Dolan, who was out sick, and with Gene Bonelli favoring a pulled muscle in his thigh, had difficulty in denting the "B" line, but finally a pass from Bonelli to Jim Murphy in the end zone clicked. Dick Ottmann, outstanding a long drive, went over left guard for another tally near the close of the session.

Smith was pleased with the work of some of his second-string linemen, particularly Harry Soper, a tackle. Soper was getting through consistently all afternoon and Smith put him on the Varsity forward wall for a time, replacing Al Herman.

Also on the sidelines were Ludwig "Shorty" Geckeler and John Civenda, reserve backs, nursing leg injuries.

The Panther coach is still searching for a first-class place kicker to take care of extra points and possibly field goals. No one player has been able to click consistently on these post-touchdown boots, although Smith is stringing along for the most part with Norm Ottmann, regular fullback.

Supervisors Back Salvage Campaign

The Westchester Board of Supervisors has declared itself as "100 per cent" behind the salvage drive, and urges every citizen in the county to contribute in the drive for urgently needed metal.

Supervisor Ralph McClelland, after the adoption of the strongly worded resolution, suggested that the salvage committee organize a "Westchester Salvage Day," to stimulate on a county-wide basis the effort to reach its 100-pounds per person quota.

A. L. PREXY SEES PROSPECT 'GOOD'

Will Harridge Foresees Some Changes For 1943 Season, But "We'll Carry On"

CHICAGO (AP)—Will Harridge, president of the American League, said to day, prospects for a full 1943 baseball season still looked "good" despite transportation handicaps and the call to military service of many players.

However, he indicated several changes were in order. These included a contemplated switch from four road trips a season for each club to three, and the possibility of a shorter season. Harridge said eliminating a fourth road trip would save the clubs 20,000 miles and would ease transportation difficulties which caught up with baseball clubs near the season's end.

"But all these things will have to wait until the December meetings," he declared. "In the meantime, discussions between the individual clubs and the two major leagues as a whole will be carried on by mail."

Other than to say "there is always the possibility," Harridge would not comment on reports the baseball meetings, scheduled for New York, would be held in more centrally located Chicago.

Calling 1942's war time summer a season "better than we expected" and one in which "we solved a lot of problems," Harridge had this to say of 1943:

"If conditions are the same next year, we'll be able to have a full 24-Sunday season again. The American League already is represented in the armed forces by more than 60 players and there will be more. But 1943 looks good, too. A lot of youngsters may get a chance."

Next year also may mark the return of many veterans. Yesterday the Detroit Tigers acquired Paul Richards, 32-year-old catcher who recently resigned as manager of Atlanta's Southern Association Club. Richards, who formerly played with the New York Giants and Philadelphia A's, has a wife and two children.

Regarding 1942 attendance, Harridge said it was about 8 per cent off, but was not a general decrease. A recent survey disclosed Washington, St. Louis and New York all had boosted their attendance. The rest lost, Cleveland being the heaviest loser, possibly because of the lack of a pennant contender and the absence of pitcher Bob Feller, who joined the Navy.

There will be many more absences of players next year.

TIGER HARRIERS TO RUN

Cross Country Team Will Face Greenwich Saturday

The Mamaroneck High School cross-country team, coached by Edward Ainley, will travel to Greenwich Saturday to engage the Greenwich High School harriers in the first meet of the season for the Tiger squad.

The squad this year includes Joe Walsh, Bob Totten, Pete Sutherland, Doug Conkwright, Russell Morey, Steve Hoat, Tony Fava, Bruce Cameron, Bob Sandstrom, Gene Santoli, Manuel Galvaio, Owen Norton, Bob Heinzer, Paul Weber, Art Fresnada, Gene Agnessando, Walter Shade, Bob Gurrier, John Schulting, Winston White, and Mario Puglese.

Walsh is the only returning letterman, but Cameron and Santoli were also on the squad last year. Walsh, Totten, Conkwright, Sandstrom, and Vaivaio have looked like the best point winners in recent practice sessions.

Herb Roth is managing the Orange harriers.

COLUMBIA, BROWN IN PASSERS' DUEL

Lions Have Governali, Germann And Kasprzak; Brown Has Three Ace Tossers

NEW YORK.—The baseball season has ended, but there's a pitching duel in prospect this Saturday when Brown tangles with Columbia at Baker Field. Coach Skip Stahley of the Bears will bring to town a trio of ace passers in Dan Savage, Hank Margarita and Howie Extract to pit against the accurate arm of Columbia's Passin' Paul Governali.

Governali's record this season of 22 completions out of 25 passes, for 411 yards and seven touchdowns, is quite a mark to shoot at, but the Brown backs seem equal to the task.

Behind Governali, Columbia has another pair of passers who can step in for the Lion co-captain should the need arise. Wingback Ken Germann, who has specialized in receiving Governali's aerials, four touchdowns this season, came to Columbia as highly touted a flinger as war Governali. Sophomore Don Kasprzak, who has moved into Germann's shoes as sub tailback, capped the Lions' 34—2 victory over Maine with his 48-yard touchdown pass to Otto Apel.

A Few Pointers On How To Bag Pheasants

Before another week rolls by the hunting season will be on in full swing. Naturally, we must take into consideration the various exceptions as applied to different sections of the State. Meanwhile, the upland bird hunter must wait until Oct. 20, in this area, before he can plod through the local pheasant and grouse covers. On pheasant, the bag limit is two, and only the male or cock bird may be shot. The bag limit on grouse is three and either sex may be taken, since it is definitely difficult to determine the gender especially while in flight. Last week we took up the subject of the woodcock and the terrain in which this cantankerous bird most likely to be found. Pheasant, too, are often found along the edges of heavy growths of alders and dark brush stands. Contrary to most ringneck hunters, pheasants do not inhabit swampy areas. True, they are often found among the bogs and tussock mounds in the early morning. However, that is only because these birds use such spots as mere protection cover. As the day wears on you will find these gamesters feeding at the edge of fields and pasture lands. Often they are encountered in the middle of a harvested cornfield. Later in the day look for them on the side slopes and at the fringes of the hardwood line. Grouse or partridge, on the other hand, do not frequent moist areas but prefer high dry areas where hardwood timber flourishes. I have flushed them along the shore of a swift running brook or river, but as a general rule the underfooting was firm and compact.

As a warning or rather a suggestion, let me remind my readers to conserve their ammunition. It is getting scarcer. Wait that split second before you squeeze the trigger, and be sure your flying target is not in front of your sights. The reason most shots draw blanks is mainly because the gunner shoots too quickly.

Precautions Necessary On Making Fires

While on the matter of going afield either in the upland sections or the big woods, let me bring up a request as issued by the United States Forest Service in a proposal outlined recently. Here is a hard, cold set of facts, but not so cold when once they get started. Last year, 170,000 man-made forest fires were accounted for in this country. They were caused by good hearthstone Americans—blueberry and wild fruit pickers, campers, and sportsmen. All true sportsmen are deeply indebted to this country for the finest hunting and fishing conditions, anywhere in the world. By this we mean the average citizen. Let us keep and protect that heritage. What can the sportsmen do about it? Following is the Forest Fire Prevention Creed as adopted by the

CONTEST WILL BE OPENING W.I.A.A. TILT FOR RIVALS

Coach Curtin, Seeking Backfield Combination With A Scoring Punch, Will Start O'Rourke In Tailback Spot And Send Guadagnolo In At Wingback At Manchester Field

The Mamaroneck Tigers, their defeat at the hands of Bellows a thing of the past and with new faces in the starting lineup, will open their home season tomorrow afternoon at Manchester Field by meeting the strong Port Chester Albert Leonard High School squad from New Rochelle in the first W.I.A.A. encounter for both teams.

Coach Clare Curtin, for his second start as head mentor of the Orange squad, has juggled his lineup considerably, especially in the backfield, in an effort to develop a winning combination.

O'Rourke At Tailback

In the important tailback spot will be fleet of foot "Skip" O'Rourke, who was one of the shining lights in the 12 to 0 defeat at Bellows last week. O'Rourke's speed is unquestioned, but his shiftless waves something to be desired according to Curtin. However, the Tiger coach will string along with his new ta lback in the hope that he'll break loose for a scoring run.

Capt. Art Fuller, starting tailback last week, has been moved up to the blocking and spin-bucking post.

Jim Rodriquez will again handle a great deal of the blocking in the No. 3 spot.

At the wingback will be Johnny Guadagnolo, replacing Tommy Parker. Guadagnolo, a regular in the Orange backfield two years ago, was relegated to the bench at the start of this season, but his hard running in the Bellows game earned him the starting wingback berth.

Almost Same Line

The line will be the same as faced Bellows last week, with one possible exception. The improved work of End Bill Scott may earn him the starting left end position at the expense of big Joe Mazzeo. Tom Gibbon, too, has shown steady since he was converted to a tackle at the beginning of this week, but he is not expected to start with such little experience.

The Albert Leonard attack will be built around the "T" formation, with all the backs handling the ball about equally. There is no outstanding triple threater on the squad, unless it might be big Ernie Neydil, fullback, who starred in the Leonards' 38 to 0 defeat at the hands of Edison Tech of Mount Vernon last week. Jerome Valenti will be in the quarterback slot directly behind center, feeding the ball to the other backs or keeping it himself and running. The full backs will be Len Seacord and Jim Perricone.

The Leonard line, according to Coach Nash, is light but has shown promise of developing into a speedy forward wall. Aines has the boys in edge the time game, their first in W.I.A.A. competition, and spirit was running high all week in practice sessions.

LATEST REPORTS ON OTHER CLUBS THROUGH COUNTY

Reports from observers who watched Port Chester rout Harrison last Saturday caused New Rochelle's Coach Bill McKenna to drive his club hard this week in preparation for its invasion of the New Rochelle railwaids . . . Port Chester has its strongest team since it won the county championship several seasons ago . . . Coach Silvio Siriano, smallest grid mentor in the county, has the biggest squad he has had in years . . . Injuries have hit Jesse Young High School of New Rochelle hard this week . . . Coach Ernest McPhee's team will face Yonkers Central minus the services of Jack McCarren, regular center; Dan Ambrosio, star fullback who has been lost for the season; and Stan Schmierkler, veteran guard, who is nursing a bad shoulder . . . Ed Fallace, Mamaroneck High School back in 1941 now playing on the White Plains squad, was the big gun in the "B" squad's attack in a recent scrimmage against the New York School for the Deaf eleven . . . The Westchester Interscholastic Athletic Association has not recognized champions in football for several years, but county fans and newspapers have kept records . . . At the moment, Davis and Yonkers are on top, but several clubs have not yet played their first league game.

The Irvington Bulldogs will seek their second win of the season tomorrow when they buck up against the Trinity Prep School eleven . . . Dobbs Ferry, a Class C school, tackles Washington Irving, Class A competition, tomorrow and is not given much chance of springing an upset . . . The Roosevelt Indians of the W.I.A.A. will meet Horace Mann School from the Bronx tomorrow and spring their baffling QT formation . . . The Dobbs Ferry-Washington Irving game Saturday will start at 4:10 P.M. to enable all employes of a big aircraft plant to see the game in full.

xperience of Albert Leonard. Aines's team is probably the weakest team that the Tigers will face this year, and a victory would go a long way toward launching a successful season at the Hilltop.

Curtin hopes that his new backfield combination of O'Rourke, Fuller, Rodriquez, and Guadagnolo will do quickly better than last week's combination, which racked up only 43 yards rushing against a Bellows line that was outweighed.

The Mamaroneck hand, led by Bill Rabkhardt and a group of 12 cheerleaders will be on hand to inaugurate the 1942 home season at Manchester Field.

Jacobs Leads Pro Football Punters

CHICAGO (AP) Jack Jacobs, Cleveland Rams' star, retained his lead among National Football League punters this week, but close behind him came Sammy Baugh of Washington.

Jacobs increased his average to 46 yards for 15 tries and was virtually tied by Baugh, who had made only 12 kicks.

Parker Hall, another Cleveland player, led in punt returns with 11 at 16.1 yards apiece. Pittsburgh rookie, was first in kickoff returns with seven, Bulldog Turner, Chicago Bears' center, had intercepted the most passes, three.

DOUBLE PLAY

ZION, Ill. (AP)—Removing a traffic hazard—a bull on a highway—required team work by deputies Geno Palmieri and Robert Jenkins.

Palmieri tried to get the bull off the road but the bull chased him, remained on the highway. Jenkins climbed the nearest fence, waved a red handkerchief at the animal. The bull jumped the fence; Jenkins climbed a tree; Palmieri stood outside the fence shooting into the air. The frightened bull ran to the other side of the field, and traffic moved on.

KANSAS CITY (AP)—Motorists who waste rubber with excessive speeds will have their pocket books punctured.

Speeders will be fined $5 plus an extra dollar for every mile over 35 (on 25-mile streets) or over 40 (on 35-mile streets).

Municipal Judges Edmund B. Smith and Earle W. Frost think that will help drivers remember the national 95-mile-an hour rule.

Brooks Are Looking For New President

BROOKLYN, (AP)—The Brooklyn Dodgers haven't filled the vacancy created by the resignation of President Larry McPhail, but they are narrowing the field.

"We're very active and I can say we're making progress," declared Vice President James O. Mulvey when asked about the selection of MacPhail's successor. "More than that I can't say."

EAST ENDERS SEEK THIRD STRAIGHT WIN OF SEASON

Coach Howard Smith Will Rely On Backs Bonelli And Dolan To Supply Scoring Punch Against Bronx Jesuit Team In Morning Game At Fordham University Field

In search of their third win in a row, Coach Howard Smith's Bellows Panthers will go out on Fordham Field tomorrow at 10:30 A.M. and endeavor to add the name of All Hallows Institute to their victory bag. This game replaces the New Canaan contest originally scheduled for Daniel Warren Field, but cancelled last week by the Connecticut school due to transportation difficulties.

Coach Smith sees a hard battle in prospect tomorrow believing that in All Hallows the East Enders will be facing probably the toughest Bellows opponent on the 1942 slate. The home team is led by Steve Kaslo, an accomplished on Fordham's undefeated 1937 eleven and also a member of the 1936 and 1939 teams. Kaslo, who features the Notre Dame system of single wingback play, is a graduate of Washington Irving High School in Tarrytown, where he starred in football, basketball, and baseball.

Bonelli, Dolan Featured

The Bellows attack will again be centered around Captain Bill Bonelli and the shifty, reverse-specialist Eddie Dolan. Punting wingback, Bonelli and Dolan have been consistent ground gainers since the season started and were largely responsible for the East Enders' 12 to 6 victory over Greenburgh and 12 to 0 triumph at the expense of Mamaroneck.

The Panther line, as was the case against Mamaroneck, will be outweighed, with the exception of the 235-pound Alvin Herman at one of the tackle posts, but Smith expects his forward wall to charge just as hard as it did in stopping the Orange attack last Saturday.

Smith plans to start the same seven that took the field against Coach Clare Curtin's Tigers last week. He doesn't want to break up a winning combination.

At the ends will be Bob Marteson and Jim Murphy, with Al Herman and Ray Morris at the tackles, Tillio Santangelo and Bill Corrigan at the guards and Dave Russell at center. In reserve will be Ends Dick Carpenter and Hugh Calimer, Tackles Harry Soper and Pierre Coutard, Guards Asa Lawrence, Dick Cole, and Don Magrino, and Center Bob Hornidge.

Three complete backfields will make the trip. The starting quartet will have Bonelli at tailback, Dolan at wingback, Frank Nask in spinner and Nick Ottmann at blocking back. The second backfield will be composed of Dick Winans, Bob Smith, Jack Gedney, and Shorty Geckeler, Marty Tallotti, Harold Brown, Ray Orsino, and Walt Rocker will man the third backfield.

Fowler Man To Watch

All Hallows will build its offensive around Tailback Jack Fowler, a converted quarterback who can run, kick, and pass. Fowler places Ed Quinn, who broke his arm in the Brooklyn Prep game last week which All Hallows lost, 13-6, Ray Hill, another ace back, broke his leg in a recent scrimmage and is out for the remainder of the season. Fowler scored his team's only touchdown against Brooklyn Prep.

The All Hallows line is studded with veterans and will average around 180 pounds. It is not a fast line, but it is rugged and experienced.

Spelling John Hourihan, starting quarterback, will be young Dick McCoffrey, one of first All-American junior football player at Fordham University.

All Hallows won only one game in six starts last year and is already one down this season. But according to observers, Coach Steve Kasko's club showed great promise even in losing to Brooklyn Prep.

Those who expect to attend the game by auto are advised to follow the Boston Post Road all the way to Fordham Road in the Bronx, then turn right and proceed directly to Fordham University.

PETERSON, McNUTT BATTLE IN COUNTY CENTER TUESDAY

Warren Peterson, hard hitting middleweight from Jamaica, L. I., meets Van McNutt, stiff punching Baltimore battler, in the feature bout of eight rounds Tuesday night at the Westchester County Center in White Plains.

This is a return match between the pair, Peterson having won a six round knockout over McNutt in the same ring four weeks ago. It was the first time that the Baltimore slugger had been stopped and he is anxious to avenge his initial setback.

McNutt holds kayo victories over Marvin Bryant, Art Saffa, and Johnny Ieiavich, and his loss to Peterson was quite a surprise to Westchester boxing fans. Van also fought thrilling contests at White Plains against Georgie Konhan, Sonny Horne, and Larry Fontana.

Mickey "Red" Canty, Springfield, Mass. welterweight, clashes with Charley McPherson, Brooklyn, in the semi-final of six rounders. Canty battled Pete Kennedy in a close scrap at the County Center last season.

Jack Lyons, a newcomer from Oklahoma, faces Wilfe Shanks of Montreal, and Joe Governale, fast coming Brooklyn middleweight, opposing Joe E. Carter of Jamaica, L. I., in two more sixes.

Two four-rounders will complete the program, Jimmy Lulle, Brooklyn welter, trades punches with Abe Bulitieri, also of Brooklyn; and Vince La Salva, Mount Vernon lightpounder, toes the mark against Johnny McCue of the West Side. La Salva made his professional debut last week by scoring a one round knockout.

LATEST REPORTS ON OTHER CLUBS THROUGH COUNTY

The Pelham Pelicans, coached by Carl Schilling, went into today's game with Scarsdale in a tough spot but top condition . . . Three backs are on the injury list and one lineman is out sick . . . The Pelicans dropped their first two ball games this year, 20 to 12 to Ossining and 25 to 6 to Washington Irving . . . It was the first game of the season for Coach Dave Buchman's Scarsdale eleven . . . The Iona Prep players, who play Concordia this afternoon, scouted the latter club last week against Xavier and saw a veteran eleven win by 13 to 0 . . . Iona, coached by Ralph Pridgen, downed Concordia by the same score last year . . . In a recent scrimmage against Isaac Young High School of New Rochelle, Coach Bob O'Keefe's Blessed Sacrament team appeared highly vulnerable on pass defense . . . The club plays Brookville today . . . Bill McKenna, New Rochelle mentor, has uncovered an ace punter in Bill McBeth, regular tackle . . . Buddy Staff, Port Chester halfback, is one of the deadliest passers in the county.

One of the reasons why Coach Phil Aine of Albert Leonard, opponent of Mamaroneck this afternoon, is using the "T" formation this year is to make the boys familiar with all types of play so that when they get to college, if they go, they'll know what it's all about.

CURTINS'S FLANK PROBLEM EASED BY TOM GIBBON

Here and there on the local sports front: Coach Howard Smith of Bellows plans to point out the important blocks thrown by the Columbia and Brown players when he takes his squad to Baker Field this afternoon after the Panthers meet All Hallows Institute at Fordham Field in the morning . . . Coach Clare Curtin of Mamaroneck likes the looks of tall Tom Gibbon as an end prospect . . . Gibbon reported to the Orange Squad at the beginning of September highly touted as a triple threat back from Beverly Hills, Calif. . . . He proved only a double threat, however, with his punting and passing . . . Scrimmage sessions revealed that he couldn't cut from side to side in going through holes in the line, and that's why he's not the starting tailback . . . Gibbon, who can pass and punt 65 yards, is also a good pass-catcher, and may work into the starting lineup by the time the next game rolls around . . . The game other than Bellows who nine Tigers are pointing for this year is that with New Rochelle . . . They're going to try to avenge their 26 to 6 loss to Coach Bill McKenna's crew when they invade the Huguenot's field one week from today . . .

Charlie Lanza, who spent a busy Summer running the Independent Softball League and the Mamaroneck All-Stars, is still busy, but now it's bowling that occupies his time . . . Charlie is a member of the league-leading Higher Standards in the Daily Times loop . . . Calvin Palmieri, who figured prominently in Coach Clare Curtin's backfield plans at the start of the season, is now a cause of worry to the Orange mentor . . . Palmieri has a trick knee which is bothering him and Curtin is undecided whether to risk further injury to it . . . Howard Smith, coach of the Red Devils eleven, drew an analogy between the miserable showing of Joe Gordon of the Yankees in the recent World Series, and what could happen to the Panthers in any given game, in a recent pep talk on Daniel Warren Field . . . He wanted to impress upon his players that even a team which has gone along on top can suffer a sharp letdown without notice.

Otsego County Calls Off School Contests

ALBANY, (AP) —Wartime travel difficulties have ordered upstate interscholastic sports one-tenth this year and threaten to curtail them further, says the State War Transportation Committee.

An extreme example is offered by Otsego County, where all interscholastic contests for the fall have been cancelled, Ben Miller of the committee reported yesterday.

Many other school districts have taken or are considering like action, Miller added.

ORANGE HARRIERS LOSE BY 17 TO 38

Greenwich Cross Country Team Wins First Three Places; Walsh Is Best Tiger

The Mamaroneck High School cross country team, coached by Edward Ainley, dropped a 17-38 decision to the Greenwich harriers Thursday afternoon on the winners' course.

Winning the race was Bob Fox of Greenwich in the time of 13 minutes, 17 seconds. Gressman and Todd were the winners game in right behind to give Greenwich a sweep of the first three places.

Joe Walsh of the Tigers was Mamaroneck's first entry to cross the finish line. He came in fourth in the time of 13:30. Doug Cooleweight was the next Orange entry home, coming in in seventh place, followed by Bob Sandstrom in eighth and Bob Totten in ninth. Gene Agnesando was twelfth, Manuel Galvan thirteenth, Walter Sande fifteenth, Tony Fava seventeenth, and Winston White twentieth.

BOY GREETS GIRL—IN CODE

BALTIMORE, (AP) —A girl at Third Service Command headquarters telephoned Pratt Library asking help decoding an official message.

"I can't understand what went wrong," she told Miss Mildred Donohue. "I know the soldier who sent it, and he's very smart. The first part is clear enough—just some Army orders. But there is a line that doesn't make any sense."

Miss Donohue went to work with a radio telegraph code book. Then she called the puzzled girl.

"I've translated the message," she told her. "It reads: 'I love you.'"

WHIRLAWAY, ALSAB TO MEET IN TWO RACES THIS MONTH

All the leading handicap stars in training, headed by Warren Wright's Whirlaway, world's greatest money-winning thoroughbred, and Mrs. Albert Sabath's three-year-old $700 wonder colt, Alsab, are expected to meet in the Washington Handicap, which with the Selima Stakes, will feature the gigantic War Relief Day program at Laurel on Saturday, October 24.

The Washington Handicap, one of the more important stakes in the land for three-year-olds and upward, is endowed with $15,000. Last year's running grossed $10,500.

Laurel officials, who are confident its War Relief Day will help swell racing's contributions to the various service agencies, are confident Whirly and Alsab, as well as many of the other better runners, will fulfill their engagement in the Washington.

Not only will the presence of Whirly and Alsab in that fixture intrigue the Laurel patrons, but they will also witness a natural by itself in the renewal of the Selima Stakes exclusively for two-year-old fillies, which annually points out the season's outstanding lassie. The Selima carries $10,000 added. For its running in 1941 it had a gross value of $27,500.

From the Washington Handicap, Whirlaway and Alsab, who have thrilled New Yorkers and New Englanders in their previous meetings, are expected to return to New York to meet in the $25,000 added Westchester Handicap, for three-year-olds and upward, at Empire City on Saturday, October 31st. The Westchester is the richest of Empire's half dozen stakes that will be renewed during the Fall meeting at the Hilltop, from Thursday, Oct. 22, through Wednesday, November 4, a period of twelve days.

TAVERNMEN DOWN RECS, 2-1, DROPPING THEM OUT OF LEAD; HOLY ROLLERS WIN

Paced by Joe Maste's 561 series, including a 216, the Tavernmen jumped to a first place tie with Joe Torre's Clippers last night and at the same time ousted Charlie Weiss' Recreation team from first place by defeating the latter club, 2 to 1, in the closest match of the Community Bowling season at Larchmont Recreation.

The Rees took the first game by 17 pins, but the Tavernmen came back to easily win the second. The rubber game was tight all the way through, with the Tavernmen finally coming out on top by only six pins.

COLUMBIA FACES TEST IN BROWN

Bears' Strong Running Attack Expected To Make Trouble For Green Lion Club

Columbia's untried football team meets its first real test of the season this afternoon when the Lions square off against Brown at Baker Field. Coach J. Neil (Skip) Stanitsky's Bears, coached by Lou Little as one of the top three teams in the Ivy League, bring to town a veteran team, paced by Dan Savage and Hank Margarita, junior backs, and Jay Fidler, a senior from Brooklyn.

The strong Brown line, anchored by Fidler and Don Corzine at tackles, provides the first major opposition the green Columbia forwards have faced this year. Brown scored three of its four touchdowns along the ground in its 26-0 victory over Rhode Island last week, and piled up an aggregate of 354 yards rushing in that contest. The success of the Lion forwards in halting this ground attack may be the deciding factor this afternoon.

Between the halves, Quentin Reynolds, author, war correspondent, and ex-Brown football star, will act as auctioneer as Columbia continues its policy of awarding the game football, autographed by the captains, to the spectator buying the largest War Bond. Last week's auction netted $24,450 with a bid of $6,000 taking the ball. The kickoff this afternoon will be at 2:30 P. M.

LEAHY TO ENTER MINNESOTA CLINIC

Notre Dame's Football Coach, Ill, Will Miss Today's Game With Stanford

CHICAGO (AP)—Frank Leahy, Notre Dame's famed coach and head football coach—suffering from an undiagnosed ailment—was to entrain for Mayo Clinic at Rochester, Minn., for a physical examination today while Fighting Irish struggled against Stanford at South Bend for their season's first grid victory.

The 34-year-old coach, his face drawn and pale, was unaccompanied as he came here last night to take a train to the clinic for the physical checkup which he decided upon yesterday after he became ill earlier this week.

Neither Leahy nor his physician specified the cause of his illness although the tentative diagnosis was reported by the coach's close friends to be nervous exhaustion from overwork.

He said he had "reached the point physically where I am of no value to the Notre Dame team. I have fought against making this decision, but I am now convinced it is my only course for the best interest of the team and for my own health."

Backfield Coach Ed McKeever was named to take over Leahy's head coaching duties.

Leahy is the third Notre Dame coach since 1930 to be stricken. The late Knute Rockne missed most of the 1929 season—the year Leahy was playing tackle on the varsity—because of illness.

In 1932, Heartley (Hunk) Anderson, then Irish head coach, was treated at the Mayo Clinic but he returned in time for the Fall grid campaign.

NEW BACKFIELD FUNCTIONS SMOOTHLY IN ORANGE WIN

Fuller-Rodriquez Pass Clicks For Score In Second Quarter; O'Brien Blocks Punt In Same Period, Brennan Falling On It For Tally; Fuller Goes Over Line Near End

By TED NORTON

Mamaroneck finally broke into the win column Saturday afternoon after dropping 13 out of 14 games over a two-year span by trounding a good Albert Leonard eleven, 19-7, at Manchester Field to give Coach Dave Curtin his first triumph of the year.

The Tigers did all of their scoring late in the first and fourth quarters, while Leonard produced over its only tally early in the fourth period.

Backfield Clicks

The new backfield quartet of Skip O'Rourke, Capt. Art Fuller, Johnny Guadagnolo and Jim Sisno, showed up well in its first outing. Sylvio, Palmieri, although hampered by a bad knee, did a fine job at the punting department with a little running to boot.

The Orange line was spearhead by the play of Jim "Red" O'Brien, who blocked two Leonard kicks, one of which directly resulted in a Mamaroneck touchdown. O'Brien literally spent the afternoon in the Leonard backfield.

The wingmen turned in a good job after a poor performance against Bellows last week. Walt Grenfun, Tom Gibbon, Joe Mazzeo, and Bill Scott played well both on defense and offense.

Fuller Pass Scores

The first Tiger score came late in the first quarter after Joe Siano had kicked off to Perricone, who fumbled and then recovered on his own 18. After both teams felt out each other for some time, Mamaroneck forced a break when O'Rourke returned a Leonard punt to the visitors' 40. On the first play from scrimmage, Art Fuller threw a 21-yard pass to Guadagnolo on the Leonard 14. O'Rourke then heaved line to Tim Rodriquez on the Leonard nine-yard line. Fuller lost four yards on the following play, but Leonard was offside on the next play, making it second down and goal to go for Mamaroneck. Fuller then dropped back and gunned one right at Rodriquez, who caught it on the one-yard line and stepped over for the score. Jim O'Brien's try for the extra point was low.

Joe Siano kicked off to Seacord, who fumbled the ball and then picked it up on the two-yard line and slipped to one knee on the three. After two plays failed, O'Brien poured through and blocked an attempted punt. Walt Brennan falling on it in the end zone for the Tigers' second touchdown. A pass for the extra point failed.

Leonard Threatens

Leonard threatened early in the second quarter by advancing from its own 44 to the Mamaroneck 23, where a desperate air attack broke up.

Just before the half ended Palmieri kicked out from deep in his own territory and Neydl fumbled back toward the Mamaroneck goal, apparently headed for a touchdown. But Tom Gibbon came over and made a vicious last-minute tackle to avert a score.

St-Yard Drive

Late in the third quarter, Leonard got the ball on its own 18 and went all the way to a score. On a drive sparked by Neydl, Seacord, and Perrino, the visitors finally scored from the Mamaroneck 16 on a pass from Neydl to Perrino. At the start of the fourth period Valenti's extra point was good.

A little later, O'Rourke punted over the Leonard goal with five minutes left to play. Leonard started passing desperately on the last down, and Mazzeo caught one and ran it to the Leonard eight-yard line. Art Fuller lost to the 25 on a fumble, but an O'Rourke-Rodriquez pass clicked to the eight again. Fuller then passed to Rodriquez on the two, and Fuller crashed over guard for the final tally. O'Brien's place kick was good for the extra point, making the score 19 to 7.

Art Fuller turned in the best running play of the day when he traveled all the way to the Albert Leonard 26 after taking a punt from O'Rourke on his own 43. The threat failed to materialize, however, as a series of Tiger passes failed to hit their mark.

HUNTING SEASON BEGINS THURSDAY

Shooters Are Warned To Obey "No Trespassing" Signs Or Suffer $10 Fine

A final warning to all hunters to obey "no trespassing" signs on private property was issued today by the Landowners' Mutual Protection Association, of White Plains, on the eve of the hunting season, which starts Thursday, Oct. 15th, for Woodcock, Grouse, and Ducks only.

At the same time, the Landowners' Association announced several important changes in the hunting season over against past years.

Devotees of the long bow will have their first opportunity to try for big game in Westchester this year, for the State Conservation Department has declared an open season on Buck Deer in the County from Nov. 15th to 30th. The open season is restricted to hunters using a long bow, and a special deer hunting license is required. The hunting of Deer with a rifle or shotgun is still prohibited.

The hunting of Woodcock, Grouse, and Ducks is permitted from sunrise to sunset, whereas in the hunting of upland game, such as Squirrel, Rabbit, and Pheasant, hunting is prohibited on the opening day of the 1 P. M. Eastern War Time, and must cease at 6 P. M. On subsequent days of the season for upland game, other than Woodcock, Grouse, and Ducks, hunting is permitted from 8 A. M. to 6 P. M. As in the past, only Male Pheasants may be shot, and no Sunday hunting is permitted for this specie of bird.

Nimrods are reminded that the simple act of trespassing on posted private property is a misdemeanor under the State Conservation law, and is punishable by a minimum fine of $10.

MOSBACHER'S SUSAN LEADS IN POST-SEASON REGATTAS

Susan, sailed by Bus Mosbacher of White Plains, maintained her lead in the International Class yesterday afternoon off Larchmont as the third in the post-season series of regattas was run off by the Larchmont Yacht Club. In addition to the Internationals, the "S" Class and Atlantic Class boats are also entered in the series, which ends with this afternoon's regatta.

The course was from the Larchmont breakwater east of Scotch Cape, Rye, then over to Hempstead Harvor on the Long Island side of the Sound and back to Larchmont. Going was hard in a zephyr-like air which threatened to reach calm proportions on several occasions.

Winner yesterday in the International Class was Arthur Davis's Patricia, which finished six minutes ahead of Susan and now holds down fourth place in the standings for the Spaulding Trophy. Susan has 36 points, J. L. Merrill's Feather has 32, J. K. Sheldon's Sheldrake 30, and Patricia 29.

R. H. McCullough's Felicity won the "S" Class race and leads the fleet with 17 points, followed by Phil Patton's Kandahar, Y. R. R. champion, with 13 points.

H. L. Reichert's Ariel Toy captured the Atlantic Class honors yesterday, but Jay Lukens's Hera still maintains the lead with 12 points.

The results and standings:

WARREN PETERSON TO FACE MCNUTT

Middleweight Boxers To Meet In Feature County Center Bout Tomorrow Night

Warren Peterson, hard-hitting middleweight from Jamaica, L. I., uncle Van McNutt, suff puncning Baltimore battler, in the feature bout of eight rounds at the County Center in White Plains tomorrow night.

This is a return match between the pair Peterson having scored a six round knockout over McNutt in the same ring a month ago. It was the first time that the Baltimore heller had been scoped and he is anxious to avenge his initial setback.

McNutt's loss to Peterson then was quite a surprise to Westchester boxing fans who have seen Van knock out Marvin Bryant, Art Tatts and Johnny Yelavich, in the local ring. The Marylander also fought thrilling contests at the Center arena against Georgie Kochan, Sonny Horne, and Larry Fontana.

Mickey "Red" Canty, Springfield, Mass., clashes with Charley McPherson, Brooklyn welterweight in the semi-final of six rounds. Canty is reported to be a much improved fighter since he was last seen here against Pete Kennedy of Elmsford last Winter.

Jack Lyons, a newcomer from Oklahoma, faces Wilt Shankle of Montreal, and Joe Governale, another Brooklyn middleweight, opposes Joe E. Carter of Jamaica, L. I., in two more sixes.

Two four-rounders will complete the program. Vince La Salva, Mount Vernon welterweight, who made his ring debut last week by scoring a one round knockout, toes the mark against Johnny McCue of the WestSide. Jimmy Lulon and Abe Baltier meet in the other four-rounder.

Recreation Popular In 19 Communities

The Recreation Executives' Association of Westchester today reported a total participation of 1,011,435 in recreation programs conducted in 19 cities and villages during the Summer.

Activities were geared to the national physical fitness program, which will be continued indoors during the Winter, President Peter J. Mayers announced.

INJURY TO BONELLI HINDERS PANTHERS' CHANCE TO WIN

Star Tailback Suffers Recurrence Of Thigh Muscle Ailment In First Quarter; Dolan Scampers 43 Yards Near End Of Bronx Game, But Is Hauled Down From Behind

By MASON GOULD

Two fighting football teams, their ace backs crippled, staged a see-saw battle saturday morning at Fordham Field, Bronx, in which sudden breaks abounded, but when the final whistle blew the Bellows Panthers coached by Howard Smith, emerged with a scoreless deadlock against Steve Kazlo's All Hallows Blue eleven.

Neither team was able to capitalize on the several breaks that each received, though both clubs came very close to scoring.

Bonelli Hurts Leg

Bellows, star tailback, Gene Bonelli, missed most of the game after suffering a recurrence of a charley horse in the opening quarter, was up against one of the toughest lines they'll meet this year and faced a passing duo which piling passes all over the gridiron in an attempt to reach pay dirt. Ray Hill and Ed Quinn, key All Hallows backs, were lost to the squad last week due to bone fractures, but Bill Wilson and Harry Bachmann took up some of the slack with a myriad of aerials.

Only once was the Panther line able to shake one of its backs loose. That was in the final quarter when Eddie Dolan, after Bellows had turned back All Hallows most serious bid for a score, started to skirt his own right end on the Bellows 10. He spied a hole, darted through, and then cleverly reversed his field, heading toward the left sideline. By the time he reached the 25, he was in the clear. He raced to midfield, but the speedy Steve Buckley, All Hallows right end, took out after Eddie, overhauled him on the All Hallows 47, and brought him down.

All Hallows' biggest opportunity to score came just before the Dolan run in the final period.

Martensen's Pass Blocked

Bob Martensen's punt from the Bellows 39 was blocked by a host of All Hallows players and finally recovered by Kazlo's club on the 17. Dick McCaffrey, son of the first Fordham All - American, shot through center for four yards, but tailback Jack Fowler, trying to get off right tackle, was hit hard for a loss by Dolan, who came up fast from the secondary. Frank Nask then stopped McCaffrey cold with a bone-crushing tackle, but Harry Bachmann, All Hallows other halfback, faking a reverse to Fowler, slipped his wide over right tackle all the way to the three-yard line for a first down.

The Bellows dug in for a goal-line stand, Fullback Bill Wilson fumbled a pass from center on the next play, but Bachmann recovered the ball on the four. Wilson then drove over for the goal, but was hit hard by Dave Russell for no gain. An offside penalty put All Hallows back on the nine, from where Bachman heaved what he hoped would be a touchdown pass. Instead, Norm Ottmann dropped back and intercepted it for Bellows, setting up Dolan's long run on the following play.

Punting Duel Ensues

The opening quarter was required by a punting duel between Martensen and Wilson. Toward the end of the period, Guard Bill Corrigan intercepted an All Hallows lateral on the end or a forward pass and Bellows had a first down on the All Hallows 36. Bonelli sped around right end to the 28, but it was on this play that he aggravated his thigh muscle injury. Coach Smith had to yank him and the attack bogged down. Although Dolan made a first down on the 29, Norm Ottmann fumbled on the 29 and Musco recovered for All Hallows.

Early in the second period, Tackle Ray Morris broke through the All Hallows line and blocked Wilson's punt, the ball rolling crazily about until it was finally grabbed one yard from the Al Hallows goal line by Bachmann. Wilson punted again, this time the ball going out of bounds on the All Hallows 33, and Bellows started to move again. Bonelli, back in action for a few moments, picked up one second right end, and Dolan made five over left tackle and two through center. But with the fourth down and inches to go for a first down, Norm Ottmann was stopped cold and All Hallows took over.

Over-Center Pass Clicks

In the third period, Bellows got moving once more after Wilson punted out on the Panther 23. After Nask gained three through center and Bob Smith was stopped for no gain Bob Martensen dropped back as if to punt. Instead, he hurled an almost identical pass to that which scored against Mamaroneck a week before. Nask hauling it in midway between the sidelines on the Bellows 45 and moving to midfield before he was downed. Nask, on a spread formation play, then sneaked through right guard to the All Hallows 43, but two successive penalties, one for a back in motion and the other for illegal use of the hands, stalled the East Enders' attack.

All Hallows never got any sustained attack under way, two costly fumbles, both recovered by Bill Corrigan, precluding any possibility of a score. Wilson hand Bachmann threw 22 passes between them but couldn't put more than two together on any series of plays.

The Bellows line, charging hard, limited All Hallows to 70 yards along the ground, to bring the opponents total in three games to only 156 yards.

There is no doubt that Bonelli's injury hurt Bellows chances considerably. The absence of any tailback with his ability is bound to hurt the Bellows. Coach Smith plans to give Gene a complete rest this week in an effort to get his ailing leg back to normal for his Brewster game Saturday.

Dick Carpenter started for Bellows at right end, replacing Jim Murphy, who was on the sidelines with a leg ailment.

Movie To Depict County Recreation

The fourth annual open house of the Westchester Recreation Commission Monday night, Oct. 19, will feature the premier of a colored motion picture of community activities, "Keep Fit—And Like It."

Filmed by Robert C. Orr, Jr., Mount Kisco, and Robert E. Gough, Ossining, on 16 mm. kodachrome, the film links the national physical fitness program with supervised recreation in Westchester.

Starting with glimpses of classes in the children's workship, the camera moves into the Westchester Workshop for a close focus on a ceramic pitcher in the making, and continues with shots of dressmaking, ballroom dancing, sculpture and painting, weaving, numerous athletic contests, and shots of Summer days at the Croton Point camps.

The movie ends with views of Groups affiliated with the commission, including the Westchester Drama Association, and the Westchester Negro Choral Union.

PRESSING PROBLEM

CHEYENNE, Wyo., (AP)—Corp. Lester H. Geiss of Fort Warren begged Cheyenne cleaners and pressers to end their strike.

"Unless I can get my pants back, I may lose a swell girl," he moaned.

Geiss' chances look slim:

The strike is continuing—and he has a date for tomorrow night.

BIG DROP SHOWN IN REGISTRATION

(Continued from Page One)

certainly that large a decrease in this county and probably more. These estimates give 200,000 as a minimum and 225,000 as a top.

What effect the decreased registration will have on normal Republican majorities in Westchester cannot yet be determined but some observers who had earlier estimated Thomas E. Dewey, GOP candidate for governor, would carry Westchester by 50,000 have now reduced that estimate to around 35,000. A conservative estimate lies between those two figures.

Registration in Westchester of voters for the last seven years follows:

1935	233,048
1936	285,396
1937	237,738
1938	253,712
1939	249,987
1940	317,289
1941	252,866

It will be noted that registration reaches highest totals in presidential election years, as in 1936 and 1940, with second high totals in gubernatorial election years, such as was the case in 1938 and ordinarily would be in 1942.

STALINGRAD ARMY HALTS NAZI DRIVE

(Continued from Page One)

and their puppets were largely confined to artillery and air assaults on Stalingrad. The Russian communique said that artillery and mortar duelling continued in the immediate Stalingrad area. The Germans actually had won positions inside the Volga city but failed to reach the river.

In the Caucasus the Germans still were striving to take the valuable Grozny oil fields southeast of Mozdok, but the Russians reported a counterstroke with which they disrupted the German offensive and recaptured defense positions.

The Russians were reported advancing also in the zone southeast of Novorossisk, Black Sea port which the Germans now hold, storming a town house-by-house after the German garrison was surrounded. American-made jeeps were delivering anti-aircraft guns to the Caucasus front.

The newest developments in the air war include yesterday's daylight forays by the British against targets in Northwestern Germany, principally Hannover, and in occupied France. It was the 43rd attack on Hanover, a railway and industrial center of about a half-million population.

A small number of German raiders made their first night attack on Britain since Sept. 26 when they bombed scattered localities on the northeast coast last night, causing some casualties and damage.

The war in North Africa remained essentially a race between the Axis and the United Nations to build up the striking force and reservoir of supplies necessary for an offensive step. Designed to disrupt the Axis preparations, the Allied air offensive continued.

The next battle of North Africa promises to be a crucial test of the respective merits of American and German arms. Moreover, it had become apparent to correspondents in Egypt that Marshal Rommel will find more representatives of the United Nations arrayed against the Axis than ever before.

On Sunday United States heavy bombers, engaged with the British in a continuous war on Axis shipping, struck two freighters of about 8,000 tons, escorted by three destroyers off the coast of the occupied Greek Island of Crete. They also shot down three Axis planes, one third of the intercepted group —all within the space of a few minutes.

Also in the Eastern Mediterranean, the British were credited with a direct heavy bomb hit on one enemy destroyer—probably Italian —and two near misses on another.

Churchill's Edinburgh speech today was a broad review of the war and included the statement that "the Australians, with their American allies, have made a good advance in New Guinea."

He referred to the pursuit of Japanese forces which only a few days ago were less than 40 miles from Port Moresby, allied base on New Guinea's southern shore facing Australia.

The foe now has been driven back across New Guinea's mountain divide, about 70 miles from Port Moresby. Japanese and installations between their north shore base, Buna, and Kokoda are being repeatedly bombed and machine-gunned from the air.

Meanwhile Allied bombers, having laid waste to Rabaul, New Britain, a Japanese base on the island front facing Australia, in two successive night assaults, scored two direct hits on a 10,000-ton Japanese seaplane tender southeast of New Britain on Sunday.

BARRETT ELECTED MEN'S CLUB HEAD

St. Augustine's Organization Names New Officers At Sunday Meeting

Charles A. Barrett of 36 Lincoln Street, Larchmont, was elected president of the St. Augustine's Men's Club yesterday at a meeting of the club following Holy Communion at St. Augustine's Church, Larchmont. He succeeds Major A. E. Tuck.

Other officers elected include John Ryan, vice president; John McHugh, secretary; and Sidney Doherty, treasurer.

New members of the Board of Directors are Thomas E. Ronan, Edward Morris, Frank Gagliardi, and Edward Hughes.

A meeting of the new officers and the Board of directors was called for this evening at the St. Augustine's School library at 8 o'clock to discuss plans for the club's participation in the annual Golden Jubilee, which will be held on Oct. 30 in the new school auditorium.

Executive chairman of the Golden Jubilee is Edward P. Quinn. Rev. Thomas J. Deegan is general chairman.

$12,000 Fire Razes Big Lumber Yard

Flames razed two sheds, destroyed thousands of feet of lumber and gutted the main plant of the Burton and Fenton Lumber yards in Mount Vernon early yesterday.

Deputy Fire Chief John Carroll said that the fire was of suspicious origin and promptly launched an investigation. Damage was estimated at $12,000.

The fire is the third in the yard in 18 months. The most recent was in April, and in May, 1941, fire caused $5,000 worth of damage.

A lighting company employe turned in the alarm at 1:20 A. M. when he saw flames eating the second floor of the main building. Firemen had the situation under control within 30 minutes, but the fire continued to burn until dawn. No one was injured.

The late George W. Burton, for many years supervisor of the Town of Mamaroneck, was a partner in the firm before his death.

SCRAP ARMY FED BY CANTEEN UNIT

Patriotic Restaurateur Gives 30 Gallons Of Coffee To Refresh Volunteers

Special "citation" for the contribution of 30 gallons of coffee for the relief of Mamaroneck's volunteer workers during yesterday's scrap mobilization was urged today by local Red Cross officials to be given to Arthur Vladenides, owner of the Annex Restaurant at 451 Mamaroneck Avenue.

When the Mamaroneck Red Cross mobile canteen unit, headed by Mrs. Ronald Yocum, offered to pay Mr. Vladenides for the coffee, he refused indignantly, saying:

"It's the least I can do!"

More than 300 doughnuts (paid for by the canteen unit) and a like number of cups of coffee were distributed by canteen workers between 3 and 6 o'clock yesterday afternoon. One group of workers served the men on Harbor Island, and another group the drivers and post wardens at Transportation Headquarters, 613 Waverly Avenue.

Those who served under Mrs. Yocum included: Mrs. Frank Rathbone, Mrs. Russell Smith, Mrs. Isabel Newburger, Mrs. Alfred Weeks, Mrs. H. D. McGlathe, Mrs. Thomas Heatley, Mrs. William Thrasher and Mrs. Rufus Andrews.

HISTORIC CANNONS JOIN SCRAP DRIVE

tee County provided music before and after the exercises.

Village Trustee Vincent Cullen, treasurer of the Yacht Club, was largely instrumental in making preliminary arrangements for the impressive ceremony.

A procession led by the American Legion Color Guard marched across the lawn to open the program. Representatives of the police department and the auxiliary fire department were followed by Mayor Goeckler, Commodore Frantz, Mr. Burton and the Rev. Francis J. H. Coffin, fleet chaplain of the club. Rev. Mr. Coffin gave the invocation at the request of Commodore Frantz, and the audience rose to sing "America" led by Louis Hahn of Larchmont. Mr. Hahn also led "The Star Spangled Banner" at the close of the program.

In conveying greetings from State officials on the occasion, Mayor Goeckler read the following message from Governor Herbert H. Lehman:

"I have been advised by Mr. Vincent Cullen that the Larchmont Yacht Club is giving to the scrap metal drive a number of historic cannons and cannon balls which have been on the Club grounds for many years.

"I understand that these cannons represent tons of scrap, and will, accordingly, be of tremendous value in our national war effort.

"The fact that these weapons have substantial historical value makes the generous act of the officers and members of the Club even more than usually significant and inspiring. I am glad to know that the Village of Larchmont will recognize the gift of these cannons and cannon balls with appropriate ceremonies.

"May I ask you to convey my greetings and thanks to the officers and members of the Larchmont Yacht Club and to all the other public spirited residents of the Village of Larchmont who are so wholeheartedly cooperating in our efforts." The letter was signed by Governor Lehman.

At the close of the ceremony, Commodore Frantz extended the hospitality of the club to the audience.

Court Refuses Writ To Halt Music Ban

CHICAGO (AP)—Federal Judge John P. Barnes today refused the government's request to restrain James C. Petrillo, president of the American Federation of Musicians, and the Federation from enforcing its ban against making recordings.

Thurman Arnold, assistant attorney general in charge of anti-trust proceedings, came from Washington to argue personally. After hearing for less than an hour of argument by Arnold, Judge Barnes made his ruling without hearing the Petrillo side of the suit which Joseph A. Padway, general counsel for the American Federation of Labor, was prepared to submit.

Roosevelt Speaks On Radio Tonight

WASHINGTON, (AP)—The White House indicated today that a presidential fireside chat tonight would touch the issue of a second front and the drafting of young men of 18 and 19 for the armed forces.

President Roosevelt gave over most of the day to finishing the address, scheduling only one conference. Significantly, that was with Paul V. McNutt, in charge of war manpower mobilization, and with Brig. Gen. Lewis B. Hershey, selective service director.

Presidential Secretary Stephen Early indicated that the problem of manpower would be covered in the address, along with selective service. The President will speak 30 minutes, starting at 10 P. M.

ping" and helping a group of Cubs handle a big pile.

By mid-afternoon the Red Cross mobile canteen unit, in charge of Mrs. Ronald Yocum, began functioning, to the welcome relief of the volunteer army. One unit served coffee and doughnuts to the workers arriving with loads at Harbor Island, and another unit supplied similar refreshments to the truck drivers and crews as they reported back to Transportation Headquarters.

The day's drive ended way after 5 o'clock with a couple of big bonfires—not merely for celebration but in order to burn through to the metal in four used trucks, contributed by citizens, and a dozen or so pianos also thrown on the heap.

Topping the burning car heap was a "fairly good sedan," donated by Edward Payne, of 133 Prospect Avenue, Village, who said that he had been offered "40 bucks for the heap," but would rather it went into "the scrap to help beat the Jap." The Village Fire Department took care of that detail. Mr. Payne's only regret was that one of the tires, which seemed worthy of salvage, also went up in flames.

Today is mopup day. Deputy County Director William H. Johnson announced. The same routine, in reduced force, will operate all day.

If you are married and working—a few health suggestions.

From England and Canada, we are beginning to learn a few things about overwork, fatigue, relaxation, diets and play. These two countries have gone through a lot of trial-and-error techniques and come to the conclusion that maximum production and reasonably good health can be achieved only if the worker has a balanced day.

And, by balanced day, we mean this: Eight hours of work, 8 hours of sleep, and 8 hours of diversion that is far removed from the workday. No two people react exactly alike to the same stimulation. No two people can eat the same meals, in the same amounts, day after day. All of us are just a little different, each of us needs something that exactly fits our own personalities, our own physical make-up and our own idea of a good time.

If you and your husband are both actively engaged, most of the day, and you want to get away from the daily grind, here is one of the simplest ways to get off the "beaten path". Make a list of the restaurants, dining cars, night spots and hotels who advertise in this paper. Then plan each week to have 2 or 3 evening meals "out". Get a change of food, a change of scenery, a change of surroundings. It's the quickest way to forget a really tough day and prepare yourself for a good, old-fashioned snoring slumber.

It doesn't cost a cent more to eat out 2 or 3 times a week and the benefits are many. Start checking the "Eating Spots" now. We believe you will like all of them.

Happy Boys, Lightbody Five Win Inter-City League Matches

TALKING IT OVER

BY MASON GOULD

Re-hashing Saturday's local football games. The Mamaroneck Tigers proved that they could rebound from a humiliating defeat and play running football . . . The boys were much more sure of themselves and showed a far greater amount of teamwork the greatest single factor to which victories are accountable . . . Tom Cubbon, who saw service at one of the ends for the first time this season, may crack the starting lineup when Coach Clare Curtin's eleven invades New Rochelle Saturday for its second A. A. A. contest of the year . . . He saved the Tigers from being scored on a second time by hauling down Fullback Ernie Szydl with a vicious tackle just as it appeared that the Leonard ace was going wire for a score . . . Curtin, who was singing the blues during practice last week, is now in much better humor, and well he should be . . . He has hit on a backfield combination which might click as the regular quartet . . . Capt. Artie Fuller, who had a miserable day against the Bellows Panthers in the opening game, had his passing arm in fine fettle and was also running hard . . . The blocking on his long run after taking a reverse from Skip O'Rourke was something approaching what Curtin would like to see on every play.

The Orange victory provided a tremendous boost to the morale of the team, and they'll go into the New Rochelle game confident of administering the third crackin defeat of the season to Coach Bill McKenna's eleven . . . They're not over-confident, as they appeared going into the Bellows game . . . they are going about their work with the knowledge that they can play ball with the best of them when they want to . . . Half the battle, as any coach will tell you, is won if you have a club that really wants to play.

Over at the East End, a battered gridiron squad is preparing for a stiff struggle with All Hallows Saturday at Fordham Field in the Bronx . . . Bellows played a well-drilled squad to a standstill that day, but was hampered by the inexperience of its ace tailback, Jene Bonelli . . . Bonelli has a nerve-cracking horse in his left thigh which will only respond to rest . . . He wounded in action on the field early in the opening period after twisting his leg on an end run . . . Coach Howard Smith has ordered him to refrain from contact work this week in the hope that the injury will have healed well by the time the Brewster game rolls around . . . End Jim Murphy is also on the injured list and his place was taken by Dick Carpenter and Hugh Latimer in the Bellows game . . . The East End squad picked up some valuable pointers while watching the Columbia-Brown game at Baker Field Saturday afternoon . . . Coach Smith and his players keenly alert of what was going on by pointing out good blocks and tackles.

Guard Bill Corrigan proved himself the most alert lineman in the game by punching on two All Hallows fumbles and intercepting a forward pass . . . Assistant Coach Jack Faxon opined that the Frankies' squad learned more from the game with Steve Kazle's outfit than from either of their first two games . . . The Jesuit school backs could really handle that ball in dexterous fashion . . . Coming out of the game in probably the best shape of any of the players was Frank Nask, despite the fact that he was tackling ferociously all morning

Center Dave Russell, too, came through with some bone-shakerers, one of which caught him full on the thigh and laid him low . . . He was carried off the field, but later got up on his own power . . . Yesterday being a holiday for the schools, Coach Smith took his players up to his Massachusetts summer camp for a day of relaxation . . . His plans for the remainder of the week include only dummy scrimmages . . . He doesn't want to risk further injuries by having contact work in the middle of the week.

RICKERT'S MEN OVERWHELM THUNDERBOLTS FIVE BY 2-1

Lightbody Five Shuts Out Lions Of Mamaroneck, 3-0 As Loop Starts On Two Fronts

Bill Rickert's Happy Boys, with every member of the club rolling at least one 200 game, overpowered the Thunderbolts, 2 to 1, last night at St. Thomas's Alleys to make their inaugural match in the Inter-City Bowling League a success.

After dropping the first game, in which Ora Spencer and Marty Fader of the Thunderbolts hit the pins for 246 each, the Happy Boys came back with a vengeance to score 916 and 1051 in their next two games.

Bill Powell, with a 246 and 245, led the winners' rally. He was high series man for the evening, and tied with Spencer and Fader for high individual score of 246.

Ora Spencer of the Thunderbolts was the only man in the match to score three 200 games. His scores were 246, 204, and 216.

At Larchmont Recreation, the Lightbody Five whitewashed the Mamaroneck Lions, 3 to 0, in the other Inter-City League match.

High series man was Daly of the winners, who tallied 604. He also was high individual scorer with a 255 in his last game.

Only one Lion was able to hit for 200 mark and that was Leon Gresso, who scored 201 in his third game.

SUSAN CAPTURES LARCHMONT TITLE

Moshacher's Sloop Noses Out Feather In International Class Regatta Series

Susan, international Class sloop owned by Bob Moshacher of White Plains, captured the James D. Sparkman Trophy given to the winner of the postseason series of regattas off Larchmont by finishing the series yesterday with a total of 37 points, nosing out Ed. Merrill's Feather by two points.

Moshacher's boat finished only fourth yesterday, but was the winner in the first race, placed third in the second race and came in second in the third race to complete the most points.

The winner yesterday was Cornelius Shields in Aileen, with Feather second and Magnus Konow's Frolic third.

Jay Lickens' Hera captured the honors in the Atlantic Class by outscoring A. C. Earlon's Kumon, 11 to 8.

The "S" Class champion is R. H. McCullough's Felicity. These boats did not compete yesterday, but Felicity had already piled up 14 points to Kundahar's 10. Kundanar, owned by Phil Patton, is the 1942 Y. R. A. titleholder.

PETERSON SEEKS 2nd WIN OVER McNUTT AT CENTER

Warren Peterson, fast rising young middleweight from Jamaica, L. I., clashes with Van McNutt, hard punching Baltimore scrapper, in the feature bout of eight rounds tonight (Tuesday) at the Westchester County Center in White Plains.

This is a return match between the pair, Peterson having scored a surprise knockout over McNutt in the same ring four weeks ago. The two waged a hectic scrap on that occasion until Peterson delivered a knockout wallop in the sixth round. It was the first time that McNutt had ever been stopped and the result was quite an upset for Westchester boxing fans.

McNutt holds kayo victories over Marvin Bryant, Art Totta, and Johnny Yelavich, and ring critics regard him as one of the most dangerous punchers in the middleweight division. Besides his wins over Bryant and Yelavich, McNutt fought thrilling contests against Leon le Kochen, Sonny Horne, and Larry Pontano, at the White Plains Club.

Peterson, who campaigned with great success throughout New England during the summer months, appears to be the most improved 160-poundery in the game. In his first meeting with McNutt, the Long Island youngster displayed plenty of hitting ability and also showed that he can stand up well under a good punch.

Promoter Joe McKenna will pair tonight's winner with Sonny Horne, sensational Niles, Ohio, youngster who got his start and was developed in the County Center ring.

Mickey "Red" Canty, Springfield, Mass., welterweight, meets Charley McPherson, Brooklyn, in the semi-final of six rounds. Canty battled Pete Kennedy in a close scrap at White Plains last season. McPherson stopped Jackie Prizmele at the Ridgewood Grove last Saturday night.

Jack Lyons, a newcomer from Oshkosh, faces Wute Shanks of Montreal and Guy Governale, fast coming Brooklyn middleweight oppose Joe E. Carter of Jamaica, L. I. in two more sixes.

Two 4-rounders will complete the program. In one of these, Vico Tanzilo, Mount Vernon welterweight, toss the mark against Lou Perez of Puerto Rico. Lo Salvo made his professional debut at this club last week by registering a one round knockout.

STATE TO EXTEND '42 DUCK SEASON

Conservation Department Opens Shooting To Entire State, Allowing 10 More Days

ALBANY, (AP)—New Yorkers, despite expected curtailments of meats, can have their fill of proteins—provided they are good enough shots.

The State Conservation Department announces the open duck season will be extended Thursday to the entire State, giving hunters 10 days more shooting than usual, and the woodcock and grouse seasons will open the same day in the Southern Zone.

The dividing line between this and the Northern Zone, where the woodcock season closes Thursday, is the New York Central Railroad tracks between Albany and Buffalo, and the main line tracks of the Boston and Albany Railroad between Albany and the Massachusetts State line.

In most of the State, wild ducks, most kinds of geese including brant, coot, rails and gallinules may be taken through Dec. 22. In portions of Essex, Clinton and Washington Counties, where the duck season opened Sept. 26, the season closes Dec. 4.

Grouse may be hunted in the Northern Zone through Nov. 12, in the Southern Zone, except on Long Island, the woodcock season runs through Oct. 29, and the grouse season until Nov. 28. Woodcock and grouse may be shot on Long Island beginning Nov. 1.

FORDHAM FLIPPER - By Jack Sords

JOE LOUIS DOUBTS HE'LL BOX AGAIN

He'd Like To, But Thinks He'd Be Too Old To Get In Shape At Conclusion Of War

KANSAS CITY, (AP) — The Joe Louis controversy—will he or won't he fight again?—has ended. Both sides are right.

Sergeant Joe, on his way from Fort Riley, Kans., to Los Angeles for a two weeks furlough, diplomatically voted both yes and no while waiting for his early morning plane.

He hasn't exactly retired. Still he doubts if he ever does any more heavyweight title-defending.

(In Omaha Sunday Joe told an Associated Press correspondent he fighting days were over. Later from New York came Promoter Mike Jacobs' cry that Joe had been misinterpreted).

"When I said in Omaha I wasn't going to fight again," Joe explained "I meant I'd probably never have another chance.

"This was in my business now. Say it lasts two years. I'm in for the duration and six months after. That's a long time to be out of training."

Then he figured he was through with the ring for keeps.

"It depends," Joe replied. "Maybe the competition won't amount to much. And it depends on how I feel. You can't tell what kind of shape I'll be in when this war is over."

Joe, now 28, reiterated what he said in Omaha, that he would be pretty old for fighting when the war is finished. "Layoffs sure don't help none," he pointed out.

OHIO STATE RANKED FIRST COLLEGE ELEVEN IN NATION

NEW YORK, (AP)—Once mighty Minnesota has tumbled at last, but the Big Ten Conference still produces the best college football teams in the land, in the opinion of 91 sports writers who voted in the first Associated Press poll of the season and picked Ohio State as the country's No. 1 college team.

Coach Paul Brown's Buckeyes, winners of their first three starts by decisive margins, received 25 first-place votes and a total of 636 points, based on the usual pattern of ten points for each first-place vote, nine for each second, and so on.

While Minnesota, the No. 1 team in the final rankings of 1941, slumped to 14th place this time, the Big Ten produced three other representatives among the first ten, in addition to Ohio State.

The Southeastern Conference landed a trio of teams among the first ten, including Georgia which was voted the No. 2 spot, while the East was represented by two clubs and the War West by one.

Here are the ratings, with the first-place votes in parenthesis and points figured on a 10-9-8-7 etc. basis:

1. Ohio State (25) 636
2. Georgia (12) 494
3. Michigan (12) 415
4. Alabama (10) 356
5. Illinois (4) 328
6. Georgia Tech (5) 300
7. Wisconsin (0) 290
8. Pennsylvania (5) 289
9. Colgate (2) 170
10. Washington State (3) 168

"Longest I ever went without training was five months," he recalled. "Getting in shape after that, I regretted every mile of it."

On the other hand, for Joe was full of other hands this morning the army doesn't run one's condition as much as might be expected.

"I got to feeling good quick while training for Billy Conn," he declared.

And speaking of Conn, the boy whom Joe was to have fought until the Army gave it the gong, Louis doesn't think Billy's chances took too brilliant either.

"Probably be some youngster comes along who can beat everybody," was the way he put it.

Community Five Moves Nearer Top Spot In Daily Times Bowling Loop

DOWNS SUPPLYMEN BY 2-1, GROSSO HAVING 559 SERIES

Trail Higher Standards By 2½ Games; Victory Five Tops Butcher's Rookies

Len Grosso's Community Five advanced one step further toward first place now held by the Higher Standards when they defeated the Supplymen, 2 to 1, last night at St. Thomas's Alleys in a Daily Times League match. Only 2½ games now separate the two clubs.

Grosso himself led his teammates with a 559 series which included a 207 in his last game. George Wolf followed with a 525 series and Clem Zucks with 521.

Harlan Pinney paced the losers with a 531 series, including a 201 in his second game.

Lou Preston's Victory Five took the measure of Allen Butcher's Rookies 2 to 1, in the other match of the evening. Yankocy, Fraas, and George Studwell paced the victory, all with series scores of over 500. Only man to hit 200 was Paul Fraas, who rolled 201 in his first game.

At present, The Daily Times loop is the highest it has been in some time. Only three games separate the second-place Community Five from the eighth and last place Victory Five.

POWELL'S 198.5 IS HIGH AVERAGE IN TIMES LOOP

High individual average in the Daily Times Bowling League through last week's matches goes to Harry Powell of the Refiners with 198.5, according to figures released yesterday by Lou Fitzner, secretary of the league.

Trailing Powell come Len Grosso of the Community Five with 198.7, Joe Canini of the Higher Standards with 198.3, Ronald MacDonald of the Equippers with 183.8, Marty Fader of the Equippers with 182.6, Sam Giannunzio of the Higher Standards with 181.3, Bill Roelliecke of the Refiners with 180.5, Bill Riker of the Happy Boys with 180.7, George Studwell of the Victory Five with 178.5, Joe Schuck of the Supplymen with 177.1, Earl Fisher of the Equippers with 176.6, Chet Russell of the Equippers with 175.7, and Al Reid of the Community Five with 175.6.

Individual high game honors are held by Len Grosso of the Community Five with 254, Bill Roelliecke of the Refiners has a 249 to his credit, with Sam Giannunzio of the Higher Standards in third place with 245.

Roelliecke is individual high series leader with 618, Powell is second with 616, and Grosso third with 613.

A team sign for a single game goes to the Refiners, who have rolled 977 and 974. Next highest is the 907 turned in by the Equippers, followed by the Higher Standards with 903.

The Refiners have turned in the highest team series score with a 2862, following by the Higher Standards with 2760 and the Equippers with 2642.

FULLER IS MOVED TO TAILBACK SPOT

Coach Curtin Of Tigers Sends O'Rourke Back To Full For Huguenot Tilt

Coach Clare Curtin of Mamaroneck went back to work yesterday after Columbus Day holiday and sent his Tiger football squad through the plays he will use Saturday in an effort to inflict the third straight loss of the season on the New Rochelle Huguenots.

The Orange mentor has made a further shift in the backfield, sending Capt. Artie Fuller back to the tailback spot and moving Ed "Skip" O'Rourke up to the fullback slot. Fuller started the season at tailback, then was moved to fullback for the Albert Leonard game, O'Rourke, who did not start the opening game against Bellows, was Curtin's first-string tailback against Leonard.

Curtin believes that Fuller's shifter running, together with his passing and punting ability, will go to better advantage in the tailback position and will probably keep the Orange leader there for the remainder of the season.

Missing from yesterday's practice session were Johnny Guadagnolo and Tony Castiglia, backs, and Bill Scott and "Tarzan" Ehret, ends.

Long Tom Gibbon continues to show up well since he was converted from a back to an end, and may crash the starting lineup by the time the New Rochelle game comes around. He'll have to beat out Joe Manzeo or Bill Scott.

Baer Believes Title Should Be Vacated

SACRAMENTO, CALIF. (AP)—Several heavyweight boxers hastily put in title bids when Joe Louis, world's champion, announced he wasn't likely to fight again.

But Buddy Baer, who twice fought Louis for the title, isn't among the would-be claimants.

"I believe the title should be declared vacant until after the war," he said yesterday. "The boys in the service deserve a chance to earn it."

ANOTHER BENEFIT TILT

Manhattan's share of the proceeds, over and above operating expenses, from the football game with the University of Detroit at the Polo Grounds Sunday, will be turned over to the National Catholic Community Service, an affiliate of United Service Organizations.

The game will start at 2:30 P. M.

WARREN PETERSON DECISIONS VAN McNUTT IN FEATURE BOUT IN COUNTY CENTER RING

By JACK BONACCI

Warren Peterson, young Negro middleweight from Jamaica, L. I., convinced fight fans that he has the Indian sign on Van McNutt by outpointing the Baltimore Negro in a return bout of eight rounds which featured the County Center card last night in White Plains.

Although not as exciting as the previous encounter the fight held the interest of the onlookers all the way. Perhaps the fans expected Peterson to duplicate his six-round knockout of a month ago or they may have expected to see McNutt avenge that defeat. However, there were neither knockdowns nor any lengthy spirited exchanges.

Wise Early Rounds

Peterson's inclination to take chances with his sharp punching gave him the early rounds. The Jamaica Jolter pursued the ever-retreating and cautious Baltimore belter and when he caught up with him landed with stiff lefts and hard rights to compile a big lead which a late drive by McNutt failed to overcome.

The fight's best round was the seventh in which he tagged Peterson with hard looping lefts as he retreated. Near the close of the round the Baltimore Battler had the better of a left-handed swapfest. At the end it was McNutt who carried the most wounds out of the ring. He suffered a nose bleed in the second round that was stemmed only between rounds by his seconds. He also received a bad cut under his right eye.

Peterson also had the advantage in the weights, scaling 164 to McNutt's 155½.

Governale Wins By KO

The "pier steer" of the evening was the slugfest between a couple of guys named Joe. Joe Governale, rugged Brooklyn battler, was the winner on a technical knockout over Joe E. Carter, Negro sharp-shooter from Jamaica, in 2:21 of the fifth round in the scheduled special six-rounder. Governale came back from a nine-count knockdown in the third round, to rally in the fourth with smashing rights and lefts which took the wind out of his foe. In the fifth round Tough Governale had Carter reeling on the ropes and then floored the Negro for a count of six before Referee Jack Dorman mercifully stepped in to save the exhausted Carter. The weights were Governale, 152 3-4, Carter, 155.

The remaining six - rounders were closely contested and the decisions could have gone either way. In the semifinal, Jack Lyons, 161, was awarded the verdict over Charley McPherson, 155 3-4, of Brooklyn, in a hard fought fight, and Mickey Canty, 148, Springfield, Mass, was given the nod over Felix Morales, 141½, of Puerto Rico, in another good scrap.

Vince La Salva, Mount Vernon's latest contribution to the fistic world, was not as successful as a week ago when he scored a knockout in his ring debut. Last night Vince thought he could out-box Willie Calhoun of Atlanta, Ga., but the judges didn't think he did and gave the decision to the Southerner. La Salva weighed 144½, Calhoun, 146. The opening four-rounder saw Victor Creelman, 131, decision Jimmy Lullo, 135.

'SUB-PAR' BREWSTER CLUB COMING HERE, COACH SAYS

Brewster High School's football eleven will invade Daniel Warren Field this Saturday "below par this year," according to Sterling Geesaman, coach of the visiting squad.

Brewster, which won five, lost one, and tied one in 1941, started this season with a 7--7 tie against Alexander Hamilton of Elmsford and followed with an easy 33--0 triumph over "a very poor" Haldane High School eleven of Cold Springs, according to Coach Geesaman.

Geesaman's regular lineup was weakened recently when Fullback Malcolm Beal, a hard-charging line backer, suffered a rib injury, and Tackle Farrell Reed, one of the three regulars from last year's team, received a bad gash over one of his eyes. Both injuries are expected to keep the boys out of the game with Coach Howard Smith's Bellows eleven.

Brewster, which uses the single wingback style of play with right and left shifts, will field a light but speedy club. The line averages only 152 pounds, and the backfield only 138.

Francis Palmer and Ferdinand Belare will alternate in the tailback spot, according to which way the shift goes.

Coach Geesaman, whose 11-year record at Brewster is 63 wins, 13 losses, and five ties, is handicapped by a reduction in school registration this year. There are only 70 boys in the Senior High School, 26 of whom are on the Brewster grid squad. Geesman declares that his first team will be "pretty fair," but that he has no competent reserve material.

The only game dropped by Brewster last year was to Woodbridge, N. J. High School.

TEXAS GRID HEAD EXPLAINS UPSETS

Dana Bible Says That Players Have Too Many Things On Their Minds

AUSTIN, Texas, (AP)—Coach D. X. Bible, who doesn't believe there is such a thing as a football upset, says all these reversals this year to the fact that the players have too many things on their minds.

Bible, veteran University of Texas coach, once said:

"There is no football upset. Teams expected to win are beaten because they are not ready mentally or because something happens to disturb them in some other way."

So, when the major teams like Minnesota and Texas go down you to the fact that the players have too many things on their minds.

"The boys this year have many things on their minds. It's pretty hard to concentrate on football when there are things going on around you like we have now.

"Secondly, many colleges already have sent gridiron stars to the armed forces and into war industries, teams making for erratic performances by squads replete with comparatively inexperienced players.

"Thirdly, travel conditions are not always conducive to winning. Where Texas once chose their own transportation schedules worked out between trains at wayside points and arrived on time, they now travel by any means at hand and make the best of it."

Bible commented that there is no alibi ready for excuse so far as football goes and enthusiasm will push a team uphill but experience will make the going easier.

HUGUENOTS, NEXT ORANGE RIVAL, SEEKING FIRST WIN

This is not a bright year for New Rochelle and Coach Bill McKenna. Mamaroneck's next opponent, co-champions of the W. I. A. A. with White Plains, has dropped two straight games and appears on the way out as title holder.

The Purple Wave, in losing to Yonkers Central, 7-6, two weeks ago, dropped its first opening game on home ground in the 17 years McKenna has been at the gridiron helm, and its first game since 1940. This defeat was followed last Saturday by a 21-0 whipping at the hands of a powerful Port Chester High School eleven.

New Rochelle, with no regulars from last year's championship club on the squad this year, has been beset with injuries to make matters worse. Missing from the starting lineup in the Port Chester game were Walt Scott, blocking back, and Linemen Ernie White and Jimmy Melville, out with injuries.

The Huguenots' backfield quartet against Mamaroneck is expected to include Lyman Whelan at quarterback, Sil Burigo and K. L. Brown at halves, and K. E. Brown at fullback.

In the line will be Schudy and Boddie at the ends, McBeth and Hoefler at the tackles, Huntington and Bell or White at the guards, and Tartaglia at center.

The punting duties will be taken care of largely by Bill McBeth, right tackle on the Purple Wave eleven, who has shown great promise in recent practice sessions as a long-distance kicker.

SCARSDALE TOPS PANTHER JV, 7 TO 0; BONELLI RUSSELL TO MISS NEXT GAME

Coach Dave Buchanan brought his Scarsdale High School Junior Varsity squad to Daniel Warren Field yesterday afternoon and administered a 7 to 0 defeat to the Panther forces of Coach Howard Smith.

It was the first loss of the season by the East End second team, the Panthers having defeated Mamaroneck's JV, 13 to 0, last week.

The only score of the game came in the second period when Jay Larman, a reserve Scarsdale back, missed an attempt on his own 20-yard line and raced 70 yards to a touchdown. A plunge for the extra point was successful.

The Bellows team threatened twice, but was turned back on each occasion. Each time the Panthers traveled to the Scarsdale five-yard line, the last time, with only five minutes to go, being turned back from a first down by inches.

Bad news hit the East End school yesterday when it was announced by Coach Smith that Varsity players Gene ponelli and Dave Russell, both hurt in the All Halloween game Saturday, would not play against Brewster this week.

Bonelli is suffering from a severe charley horse in his right thigh, while Russell received a bad contusion in his leg in a collision with another player near the end of the Bronx game.

The line-ups:

Scarsdale (7)		Bellows (0)

MAJORS, MINORS MEET IN CHICAGO

Winter Meetings Will Coincide In First Week Of December To Simplify Matters

By JUDSON BAILEY

NEW YORK (AP)—The wartime future of baseball, insofar as the magnates are masters of their own fate, is to be determined at meetings of both the Major and Minor Leagues in Chicago the first week in December.

The Majors now are in the process of approving the change of the site of their sessions from New York and the date to coincide with the Minors, but it was learned today that enough clubs already have agreed to the switch to make the doubleheader meetings certain.

The Major League confabs are planned for Dec. 1, 2 and 3, a week earlier than usual, and the Minors meeting Dec. 4 and 5, three days later than in the past.

This gathering, one of the few times that Majors and Minors ever have assembled together, will replace the big convention of the National Association of Professional Baseball Leagues, originally scheduled for Minneapolis, as well as the Major League pow wows in New York.

The Minneapolis meeting was cancelled more than a month ago by William G. Bramham, president of the National Association (the Minors), to conform with the wishes of the Office of Defense Transportation and at the time it was planned to have only a session of the league presidents.

Because the revised arrangement will make possible the presence of Minor League club officials and Major League representatives who sponsor many of the teams in the small circuits.

The banquets, entertainment and other frills of previous conventions will be missing, but the meetings will be open to all interested parties as much as ever, although the privilege of voting in the National Association meetings is restricted to league presidents.

The shifting of the Major League meetings ahead of the Minors is the key to the arrangement, because most of the small leagues and clubs are withholding a decision on operations next year till they learn what support they can count upon from the Major Leagues.

Errand Messenger Services Halted

The Western Union Telegraph Company today announced that effective immediately messengers will no longer be furnished to perform errand services. Messengers will not be available for the delivery of notes, papers, packages, tickets, flowers and candy, or to run other errands of any kind.

All messenger personnel will be used exclusively to pick up and deliver telegrams. The purpose of this action, it was stated, is to keep the telegraph service on the most efficient war basis and to assure expeditious handling of the large and growing volume of important Army, Navy, other government and war industry telegrams.

NOTRE DAME WINS IN GREEN JERSIES

Fighting Irish Team Discarded Traditional Blue Shirts Before Last Victory

SOUTH BEND, IND., (AP)—If Notre Dame tripe the high flying Iowa Seahawks here Saturday, it will be something of a moral victory for gridiron superstition.

To begin with, the Irish will be wearing green jersies again. They discarded their traditional blue jerseys for the green shirts last week against Stanford and scored their first triumph of the season—27--0 win.

Then, too, Notre Dame never has lost to Bernie Bierman, who before taking over direction of the Naval Pre Flight School team this year, twice whaled his Minnesota elevens bow to the Irish—in 1937 and 1938.

Inversely, Notre Dame never has beaten the university of Iowa, and it's the "Iowa" in Iowa Seahawks that carries an ominous ring for the Irish.

So either way, those having superstitious leanings point out, old man jinx can't lose.

BURGLARY—A LA CARTE

MITCHELL, Ind. (AP)—It was just a hungry burglar that entered Mrs. Wayne Chastain's home.

She reported to police the man bound her to a chair, gagged her securely and then helped himself to a meal from the family refrigerator.

Mrs. Chastain, freed by neighbors after the gourmet fled, said she was "too terrified" to obtain an accurate description of the man.

MRS. HALE TELLS OF HEARING TEST FOR PUPILS

Mamaroneck Avenue PTA Opens Season With Talk On Child Health

Mrs. Don Hale, chairman of health for the Mamaroneck Avenue School Parent-Teacher Association, described hearing tests given pupils annually at the general meeting yesterday held at the school.

The speaker described and demonstrated the audiophone, instrument used for testing the hearing. In speaking on topic, "Health for Our Children," Mrs. Hale urged that mothers study nutrition courses now being taught currently by the civilian defense organizations in order to improve the health of their families.

Mrs. Emile Roman, president, conducted the business session preceding the talk.

Mrs. Henry Yanow was in charge of refreshments. She and Mrs. Helen M. McLoughlin, principal, poured at the tea following the meeting, which opened the PTA season.

Joan Walker and Monique Roman, high school students took care of the members small children in the kindergarten room while the meeting was in session.

LANDIS VISITS GOD-DAUGHTER: After watching the St. Louis Cardinals run through the New York Yankees, Judge Kenesaw Mountain Landis, czar of baseball, took time out to visit his god-daughter, Margaret Wallace, in New York City. JOTTINGS ABOUT JUNIORS

By ANN BERLINER

I'd love to think that the reason we won the football game last Saturday was because I did a little criticizing of the spectators, but I'm afraid the credit goes to the team. They couldn't have done a better job and now we know what to look forward to at the New Rochelle game.

Of course you're all going to the big rally Friday night? With fuel as it is, you'll be warmer around the bonfire than if you stay home and you'll be showing the team that we're all behind it. After the rally, just trot down to St. Augustine's for the big gally romp that Phi Zeta is hostessing. I'll guarantee that you'll have a good time.

Betty Newkirk did well at Glen Island last weekend. Her two out-of-town dates apparently like our entertainment facilities.

Bobbie Brophy is going to take my head off. Weeks ago I told her that I'd let you all know that she's at Edgewood Park in Briarcliff Manor at college. Well, better late than never.

Eric Larson is trotting back and forth from Larchmont to New York, lending his physique to a navy uniform and his service to Uncle Sam. Nice that you're so near home, Eric.

Jean McKernan and Bobbie Dimond aren't wearing those Navy pins just for fun. They yelled themselves hoarse at the Navy-Princeton game last Saturday and even though their sailors lost, they had a good time.

The Young People's Society of St. John's Church had its second meeting last Sunday night. The group under Tom Rickenback, president, held a discussion and made plans for the year. Tommy, you know, is taking a course at N. Y. U. and commutes daily.

Pvt. Mason reporting from California. I know Bud has made the news a lot recently, but if he insists on jumping around the country and signing up for things, what can we do? Well, from now on he won't be doing much jumping. Bud's in the Marines at San Diego and loves it.

The Horizon Club (which means to be doing a consolation of hiking, camping, doing charity work and just having fun) went on a jaunt last Friday. The group including Bobbie O'Brien, Betty Banks, Betty Loomis, Allanah MacInnis and Marjorie Boselly, hiked up to Coveleigh where they made camp and had a picnic. Just the right time of year for that.

TO ATTEND TEA

Miss Eleanor Harmeyer, daughter of Mr. and Mrs. Henry Harmeyer, 412 Munro Avenue, Mamaroneck, will attend a tea tomorrow to be given for students at the Berkeley School, New York City.

Smith College Club Shifts Scholarship Bridge To Homes

The Westchester Smith College Club is planning a series of home bridges this year to replace the annual scholarship bridge held each Fall. Parties will be held in the homes of members at various dates from now on.

The decision to hold the home parties was taken because of gasoline and tire rationing. It has been customary in the past to hold one large party in a centrally located place for the membership of this area. Funds this year will be used as in the past, to send a Westchester High School graduate to Smith. Miss Mary Ellen Copkendall of Larchmont is one of the students now enjoying a college career at Smith under the scholarship benefits.

Mrs. Louis J. Lambert of Larchmont is general chairman of the parties for the Sound area including Larchmont, Mamaroneck, Harrison, Rye and Port Chester. Serving on the committee with her are Mrs. O. B. Bromley of New Rochelle, Mrs. Sterling Beer, Larchmont and Mrs. John D. Jillson, Rye.

Among Larchmont residents who have planned to hold parties in their homes in the near future are:

Mrs. Olaf H. Knudsen, of Linden Avenue; Mrs. Meadister Mohekern, Rockland Avenue, Town; Mrs. Herbert Scott, 9 Crescent Road, Town; Mrs. Harvey Dubin, Forest Avenue, Town; Mrs. Ralph C. Hawkins, Wildwood Road, Town; Mrs. James Tropp, 45 Hillside Road, Town, and Mrs. Baer, 65 Howell Avenue, Larchmont.

Last year's general party for this area took place at the home of Mrs. Benns Elkan, 75 Prospect Avenue.

ADA MEEHAN FIRST AGAIN IN COUNTY TEST

Miss Ada Meehan, supervising nurse of the Mamaroneck Health Center passed first for the third successive time in a group of 13 candidates taking the Westchester County Department of Health's Rut's in the Marines at San Diego and loves it.

Five candidates passed, there were seven failures and one was disqualified.

Miss Meehan, a resident of White Plains, is supervisor of nurses for the Sound Area under the County Department of Health. As such she also supervises the work done by the Larchmont Visiting Nurse Association.

Of interest here is the announcement of the engagement of Miss Marjorie Eglau, daughter of Mr. and Mrs. George Eglau, 26 Jefferson Road, Scarsdale, to Lowell M. Comee, son of Mr. and Mrs. J. F. Comee of Evanston, Ill.

Miss Eglau is a graduate of Scarsdale High School and Katherine Gibbs Secretarial School, New York City.

Mr. Comee was graduated from Purdue University, Lafayette, Ind.

WARREN PTA SETS ANNUAL BARN DANCE

Mrs. Small Named General Chairman; Proceeds Go To Milk Fund

Plans are in progress for the annual barn dance of the Parent-Teacher Association of the Daniel Warren School, Mrs. Alvah Small, general chairman of the affair, reported today. The dance will be held Nov. 20.

A committee meeting was held Monday at the home of Mrs. Edward O'Mara of Shore Acres Drive and reports were made by the various sub-committee chairmen.

Mrs. O'Mara and Mrs. T. G. Wilkinson are co-chairmen of the ticket sale; Mrs. Norman Buchanan is in charge of decorations; Mrs. Ross Abell will handle the arrangements for music; Mrs. Dudley Soper will assist with the country store; Mrs. Robert Primrose will be in charge of refreshments. Mrs. John Freeman is advisor to the committee.

Proceeds from the dance will be used to buy milk for undernourished children.

Constance Brock Enters Pembroke

Miss Constance Brock, daughter of Mr. and Mrs. Lou Brock, 414 Claflin Avenue, Orienta Point, is one of the 150 freshmen to begin classes at Pembroke College in Brown University this week.

The september class, the third class of this year, coupled with the June entrants, represents the largest entering class ever to attend Pembroke.

Miss Brock is a graduate of Wykeham Rise, Washington, Conn. She is a candidate for an A.B. degree.

War Changes Health Center's Staff; New Board Members In

Several changes in staff at the Mamaroneck Health Center have occurred because of the war. Announcement was made by the Board of Directors, meeting yesterday, that a new nurse, Mrs. Neva Collins of Soundview Gardens, who came here last February from Albany, is replacing Miss Jane Holden, staff nurse, who has resigned to go with the U. S. Public Health Service.

Dr. H. A. Ranges of New Rochelle is now in charge of the Monday night social hygiene clinic. This work was formerly carried on by Dr. James Dwinelle of Rye, who is now a major serving with the Army Medical Corps.

Routine reports for the past month showed an increase in cases needing bedside care, according to Miss Ada Meehan, supervisor of the Center. Four hundred and thirty-seven calls were made last month requiring care to all types of cases.

The Center is still a headquarters for drills and practice of the emergency civilian medical corps and civilian defense classes will begin again shortly with a home nursing class starting on Monday, Oct. 19 at 8 P. M. under Mrs. William Chester.

Two new members have joined the board of directors, Mrs. Thomas Heatley and Mrs. Ronald Yocum, both of Mamaroneck.

A meeting of the Mamaroneck unit of the Needlework Guild of America was announced for this afternoon at 3:30 P. M. at the home of Mrs. W. Roy Halsey, Shore Acres. The collection of clothing which the Guild makes each year is distributed by the Health Center to Mamaroneck's people in need.

Directors attending the meeting besides the two new members were:

Mrs. George R. Ayres, president; Mrs. W. C. Bobbert, Mrs. R. P. Brewer, Mrs. William Coyle, Mrs. J. F. Auer, Mrs. Emerson Heyworth, Mrs. Winfield Huntley, Mrs. Frank Rathbone, Mrs. Louis Zingraser.

MRS. ROYAL S. FRIEDLANDER, the former Miss Mary Werner, daughter of Mr. and Mrs. Bernard Werner of Long Island, formerly of New Rochelle. Her marriage to Cwp. Friedlander, son of Mrs. Harris Friedlander of Philadelphia, and the late Mr. Friedlander, formerly of Mamaroneck, took place Aug. 27 in New York. The bride is a graduate of New Rochelle High School, and her husband of Mamaroneck High. He attended CCNY. The couple are living in Los Angeles.

WOMAN'S CLUB TO SEE ARTIST AT WORK

Mme. Silvererurys To Speak Friday At Larchmont Ave. Church

Members of the Larchmont Woman's Club will watch a sculptress demonstrate her skill Friday at the second program meeting of the season, Belgium-born Mme. Suzanne Silvererurys, while lecturing on art, will model the head of a club member.

The monthly business meeting at 2 P. M. with Mrs. Harold Hall Rhoades, presiding, will precede the 3 o'clock lecture at the Larchmont Avenue Church. Tea will be served following the lecture with Mrs. Edgar Ernst as chairman of hostesses.

The speaker is the only sculptor to have made the busts of the Dionne quintuplets. Other noted works include the Zonta Club's aviation trophy to Amelia Earhart, the Cyrus S. K. Curtis Memorial Plaque and a bust of the late Lord Tweedsmuir.

She was born of the Belgian nobility, the daughter of Baron Silvererurys, late president of the Belgian Supreme Court and came for the first time to this country during World War One. She studied at the Yale School of Fine Arts.

Mme. Silvererurys believes the art speaks an international language and that some sort of self-expression either in art, music or crafts is of importance to everyone in this modern mechanical world.

She recommends that everyone devote some time to self expression since her own talent was discovered accidentally during an illness when a friend brought her a small kit of plasticene thinking that modelling would help break the monotony of her convalescence.

Mme. Silvererurys served as the official hostess for her brother, Baron Silvererurys, when he was Belgium's minister to Canada. She is also a pianist and author of the biography, "Suzanne of Belgium."

Adams Dance School To Reopen Monday

The Helen Adams School of Dancing will reopen Monday at St. John's Parish House.

WHICH SIDE IS EGGED?

YOU MAY think it makes little or no difference what you bid at some early stage of the auction, but it frequently alters the entire remaining course of it. Choosing one call may make you seem weak to the opponents, who then may be egged on to go over their depth. Picking another may make you sound stronger than you are, and may have the effect of making your partner go too high.

At Table 1 of the duplicate where this hand was dealt, South saw that he had enough for a stretched bid of 2. Diamonds ever East's next call, considering his safe fit with his partner's suit and his useful club singleton. For that reason, he reckoned that 1-Spade would be safe, as he could show a diamond fit later if North did not fit the major. But when he did that, his hand sounded stronger to North than it was, and got his side in trouble. The defenders act North two tricks, with one in hearts, one in diamonds, two in spades and the ruff of a club with the diamond 9.

Were South over the 1-Heart bid 2-Diamonds and then kept his mouth shut, East and West sounded very strong to each other and so went too far by bidding game in hearts. Four tricks were made in a hurry by the defense, the club 8 to the Q, club A, a ruff of a club and the diamond 2 to the A. Later the spade A scored to set the contract two tricks.

If North had bid clubs first, instead of diamonds, what would have occurred?

A group of Red Cross workers are forming again this Fall at the Barry Avenue School to sew for the Red Cross. Mrs. Domenick Santomenna is chairman of the project which begins tomorrow afternoon at 3 P.M. at the school.

Meetings will be held each month and will be open to any one wishing to work for the Red Cross.

Care for children has been provided. Miss Virginia Haggerty will take charge of the younger children whose mothers wish to attend the meeting and Miss Olympia Aiuto will have her group of children from the fourth through the sixth grade, under the sponsorship of the Rye Neck Recreation Council.

During the meeting a general discussion of war nurseries will be held.

STAMP SALES FOR WEEK STAND AT $12,255

Mrs. Curtis Reports Total Of $306,741 Since Work Began

Mrs. James E. Curtis, chairman of War Bond and Savings Stamp sales for the Village of Larchmont, has announced that a total of $306,741 has been rolled up in the Village as the total sales figure.

Last week members of St. Augustine's Church sold $12,255.30 worth in the permanent booths in the Larchmont bank and station.

The women of St. John's Episcopal Church under Mrs. J. Henry Neale will take over the work this week.

Miss Selden Guest At School Tea

Miss Marian H. Selden, daugnter of Mr. and Mrs. James M. Selden, 9 West Drive, Town, will be a guest at the tea to honor the Class of 1943 tomorrow at the Berkeley School, New York City.

Miss Selden previously attended Finch Junior College, New York.

Juniors Hear Mrs. Ingraham On Defense Openings Here

Members of the Junior Section, Mamaroneck Woman's Club, laid plans last night for a fashion show next Tuesday at 8:30 at the clubhouse with costumes shown by a Mamaroneck shop. Several of the membership will serve as models.

The session took place at the club house. Mrs. E. B. Ingraham, chairman of Woman's Participation for the Mamaroneck War Council was guest speaker.

Appearing in civilian defense uniform, Mrs. Ingraham outlined possible defense work for the Juniors suggesting that more workers are needed both at the Mamaroneck Aircraft Observation post and in the control room.

"Women, also said, "are being accepted as waitress in Mamaroneck," and she added that there is still room for applicants, outlining the requirements such as courses in civilian protection and first aid required for wardens.

Mrs. Ingraham then told of the new mechanics course beginning last evening at the Mamaroneck Junior High School which prepares women to serve in the Mamaroneck Transportation Corps under Leo Heithaus.

She told of the needs for all types of clerical assistants to aid the draft boards and the War Council. Several juniors volunteered to take typing work home at night.

More workers are also needed, Mrs. Ingraham said, as War Bond and Savings Stamp sellers and she also asked that Juniors apply to the Red Cross Nurses Aides Corps to assist in the hospitals.

The speaker closed her talk with a general description of the civilian defense services now functioning such as the auxiliary police, firemen, the wardens and the messenger service.

Refreshments were served under the direction of Mrs. Irving Marquand. Miss Ruth Meighan, chairman, presided at the business session preceding the talk.

The next meeting will take place Nov. 15 at the club. The program will be announced later.

AAUW HEARS MRS. KELLEY ON ELECTION ISSUES

Women Voters Leader Tells University Women Value Of Party System

Pre-election issues were discussed by Mrs. William J. Kelley, chairman of the Westchester League of Women Voters, yesterday at a dessert-meeting of the Westchester Branch, American Association of University Women in the home of Mrs. Harnham Finney, Scarsdale.

Mrs. Kelley emphasized the importance of voting in this Fall election and of electing the right candidates in county as well as in large governmental units. It is our task to be intelligent voters, as part of the democratic process, Mrs. Kelley said. Those who are elected are those who will function in post war effort and post war planning. She stressed the value of the party system in democracy.

Mrs. Payton Spence of Bronxville, president, conducted a business session. She made a plea for university women to cooperate whole-heartedly in community war programs. Mrs. Finney, vice president of the New York State AAUW reported on the state board meeting held Monday at Midston House in New York to formulate plans for the year.

Mrs. Spence poured. Assisting hostesses were Miriam Alexes, Mrs. Wayne Kuhn, Scarsdale; Mrs. Gregory Maxwell, Tuckahoe and Mrs. Ethridge Foster, Pelham.

RUMMAGE SALE TO BE HELD BY CHURCH WOMEN

The rummage sale sponsored by the Woman's Association of the Larchmont Avenue Church will take place Wednesday and Thursday, Oct. 21 and 22 at 100 Chatsworth Avenue, according to an announcement by Mrs. D. A. Zupa, chairman.

Contributions will be received on Tuesday at the same address.

The sale is being to aid with the work of the church. Another took place in the Spring, also with Mrs. Zupa in charge.

WELLESLEY CLUB SERIES SET FOR 10 COMMUNITIES

Scholarship Bridges To Take Place In November In Members' Homes

A series of scholarship bridges is being planned by Wellesley in Westchester later this month and in November in ten Westchester communities. The parties are held annually to provide funds for scholarships to the Massachusetts college for county young women. This year, in line with the war program, the affairs will be held in more localities than usual to help in gasoline and tire conservation.

Mrs Harrison R. Weaver of 21 Hampton Road, Scarsdale is benefit chairman for the county.

The Scarsdale series will take place Friday afternoon, Nov. 6. Mrs. Harold Hynds, 12 Rochambeau Road, Scarsdale, will open her home for a dessert bridge at 1:30 while guests will assemble at 2 o'clock in the homes of Mrs. Sherwood Bonney, 42 Walworth Avenue and of Mrs. Weaver, for bridge with tea following. Mrs. Alan Colcord is local chairman for Scarsdale.

Mrs. Philip W. Eastwick, chairman for Northern Westchester will open her home in Chappaqua for a bridge, Nov. 6. On the same day, Mount Vernon alumnae and their guests will assemble at 1:45 for a dessert bridge in Mrs. John L. Cooley's home, Wallace Avenue, Mount Vernon.

Chamber To Elect

R. Depew Brewer has been designated as candidate for the next president of the Mamaroneck Chamber of Commerce, according to an announcement today by Earl W. Quick, secretary.

The Chamber's annual election will be held next Wednesday night at 8:15 in St. Thomas's Community House, West Boston Post Road.

In addition to candidate Brewer, the nominating committee will offer the following slate of officer-candidates:

Bruno Koenobeck for first vice president, Fred Rubin for 2nd vice president, Earl W. Quick for secretary and R. J. DiForio for treasurer.

Lions Carry On

Continuing their patriotic program, 16 members of the Mamaroneck Lions Club this morning registered at the library here as donors to the mobile blood bank of the Red Cross, it was announced today by Charles D. Silleck, president.

The Lions were largely instrumental in getting Mamaroneck's now historic scrap drive under way when members went out to comb sections of the village following their Tuesday luncheons. Twenty-two of these Lions also assisted in putting Mamaroneck over the top at the salvage mobilization Sunday.

Next project to be undertaken by the club will be the roundingup of playing cards for army camps as the result of an appeal by Capt. Ralph Dagg, former member, now in service.

Enlists In Navy

Raymond Leroy Bramm, 20-year-old son of Henry D. Bramm of 566 Van Ranst Place, Mamaroneck, has enlisted in the U. S. Navy and will leave next Tuesday for an unnamed naval training station, his father announced today. Raymond, former student at the F. E. Bellows High School, has been employed by the Pure Food Company, Village.

Raymond's brother, Corp. Robert H. Bramm, also a former student of the Rye Neck high school, is at present attached to a Coast Artillery unit, stationed at Ft. Ruger in the Hawaiian Islands.

Recent letter from the corporal informed Mr. Bramm that his son while at the fort had met another Mamaroneck service man, Robert Barrett, who is serving as a radio man on a battleship operating in the Pacific waters.

Village Stands 4th In Nation's Salvage Drive

Mamaroneck's 167 Pounds Per Capita Near Top

WINS PENNANT

Mamaroneck stood far up near the top of the nation's wartime scrap head today as an Associated Press survey showed this Village in fourth place with a 167 pounds per capita.

Seventeen other municipalities—with only three days left in the nationwide scrap metal drive led by the nation's newspapers—today had exceeded 100 pounds per person in salvage, the Associated Press reported.

The record of Lynchburg, Va., with a population of 44,541, was far the best. That city had collected 12,754,989 pounds, or an average of 286.3 pounds for every man, woman and child there.

The newspaper scrap campaign, which officially began Sept. 28, ends Saturday.

Already more than an estimated 1,429,804 tons had been collected by the 24 states which the Newspapers' United Scrap Metal Drive Committee named as the top half of the nation in collecting old iron and steel.

Kansas still headed the list, a position it had held now a week, with a total of 65,000 tons, or 72.3 pounds per person.

Behind Lynchburg in the committee's ranking of municipalities were:

Danville, Va., 171 pounds per person;

Pontiac, Mich., 170.5;

Mamaroneck, N. Y., 167;

Ada, Okla., 166;

Portsmouth, N. H., 164.9;

Martinsville, Va., 161.7;

Corsicana, Texas, 151.

Lincoln County, Nevada, reported a county-wide per capita collection of 466 pounds, far higher than any single city reported.

Mamaroneck's standing in the nation is based on the collection up to yesterday, which stood at 1,090 tons or 2,180,000 pounds. This Village's per capita total of 167 pounds is based on the last census which shows Mamaroneck with a population of 13,034.

Meanwhile Mrs. James Henle, county salvage committee chairman, announced today that merit awards—a salvage banner letter in the Westchester colors of orange and blue will be presented to communities which go over the top on their scrap metal quotas. In addition a special "S" will be attached to the banner whenever an additional 10 pounds per capita over the minimum is reached.

The only sizable collection of scrap made yesterday was in the unincorporated section, where Street Department trucks picked up a little more than two tons, bringing the separate total tonnage there up to 70 tons.

Larchmont Village trucks brought in only a dribble yesterday, according to report from the village's DPW yard.

Meanwhile work is progressing in Mamaroneck Village on the tearing up of the first rails—sections from the double-tracks of the former Stamford and New York Railway running along Halstead Avenue.

It was estimated by James Norton, engineer, and Floyd Stage, superintendent of a crew of 12 employes of Ward Brothers, Haverstraw contractors, that it would take about 40 days to get the four miles of rail up.

Following preliminary testing of power and implements needed to yank the rail free of the paving bed, the crew had cut three 10-foot sections down today. The noise of jackhammer tearing up the street, and the sight of the bright orange-hues rail, pulled with its winch, cable shives and claw, trying to yank up a fourth section, attracted much attention from local residents passing the Hebrew Institute on Halstead Avenue this morning.

While wardens of Post 11, covering Mamaroneck's waterfront area, are conducting their survey of beach and boat yards in their continuing search for any and all remaining big scrap within the village area, plans for the collection of small items were nearing completion.

Charles M. D. Reed, in charge of the tin can and small salvage drive, said today that 20 barrels would be put out on the street

HIGH SCHOOL BOYS FACE DRAFT CALL BY FIRST OF YEAR

Rapid Congress Hearings Speed Youths Of 18 And 19 Into Army Service

WASHINGTON, (AP).—One million one hundred thousand more men will have to be drafted by Jan. 1, Selective Service Director Lewis B. Hershey testified today in support of legislation to draft 18 and 19-year-olds.

Most of these 1,100,000, he told the House Military Committee, will come from the group of men having secondary dependents, such as parents, and those having a wife only. The rest would be men with no dependents.

Hershey estimated that dropping the minimum draft age from 20 to 18 would make available 1,900,000 "of what is the best of our manpower."

He explained to the committee that after Jan. 1 selective service must look for its manpower needs to the teen-age group, to men employed in agriculture and essential industry, and to the group having dependents.

Explaining the rapid increase in the induction rate, Gen. Hershey said that during the first six months of this year inductions were at the rate of about 400,000 monthly, increased to more than 300,000 monthly during the third quarter, would be 400,000 this month, and approximately 450,000 in November and in December.

The rapid pace of hearings, by both the House and Senate military committees, indicated they might be finished tonight. Continuance of such a gait could mean that high school students might be in the army by Christmas.

Even if the draft age is lowered quickly, Hershey explained, this hardly would affect the draft of married men before December since November quotas already have been made and are being filled by local boards.

Beginning with the December quotas, he said, "the great majority" of inductees in the following three or four months would be those in the teen ages, but thereafter selective service again would face the necessity of calling men with secondary dependents and wives only.

Hershey said lowering the draft age would be more beneficial to agriculture than to industry, because some of the 18-19 class are engaged in industry and would be drafted in the place of older men now going from farms.

Asserting that so far as selective service was concerned a man married after last Dec. 8, when Pearl Harbor was attacked, isn't married, Hershey told the committee:

"This country and you will demand in the not distant future that something besides dependency or alleged dependency be the measure for deferment.

"We're coming to the point where we have to take men from places where they don't need them, and leave them in places where they do need them."

TWO DAYS REMAIN TO REGISTER FOR STATE ELECTION

Tomorrow And Saturday Last Days As Totals Lag Below 1938 Turnout

Qualified voters of the Villages of Mamaroneck and Larchmont have two more days in which to register, and those living within the unincorporated section have but one day, it was pointed out today by Town Clerk Robert D. Payne.

With wartime activities, plus the "usual apathy", held responsible for the drop this year of 1,000 below the first two days' total in the last gubernatorial election year in 1938, citizens still have an opportunity to bring the 1942 registration up to the 1938 mark. The total figure then was 9,637, Mr. Payne's records show. So far only 4,275 have registered this year.

Registration hours for Districts No. 1 to 30 will be from 10 A. M. to 10 P. M. tomorrow, and from 7 A. M. to 10 P. M. on the final day, Saturday.

For polling districts No. 31 to 16, in the unincorporated section, registration hours for the only day, Saturday, will be from 1 P. M. to 10 P. M.

Locations for all 16 polling places follow:

District No. 1—Mamaroneck Avenue School, Mamaroneck Avenue, Mamaroneck.

District No. 2—Mahlstedt Office Building, 560 Fenimore Road, Mamaroneck.

District No. 3—Mamaro Fire House, Palmer Avenue, Mamaroneck.

40 'Early Birds' Learning Principles Of Aviation In High School Classes

ANNA NEAGLE, British motion picture star, whose latest picture is now playing in New York City, has postponed her return to England to attend the rally of the Westchester County Chapter of the American Red Cross at 8 P. M. Friday in the County Center, White Plains, it was announced today.

Students Selected For Mental And Physical Abilities Take War Courses

Every morning at five minutes to eight the 40 "early birds" of Mamaroneck High School assemble for classes in pre-flight aviation training under the direction of their teachers.

Even though this adds another period to an already full day these boys who have been selected for their physical and mental abilities want to learn as much as possible about aviation while they are in school. This course which will continue throughout the school year with examinations, carries credit the same as other academic courses.

When these students who belong to the School Victory Corps have completed the year's work they will have a knowledge of aerodynamics, communications, meteorology, navigation, how to identify military aircraft and a more intensive physical education program. Along with this program one period per week for military drill has been set aside. This will help give these boys some basis for their future service training.

The class is now constructing model planes and will turn to aerodynamics as their next subject followed by the consideration of the power plants used in planes. Mamaroneck High is not fortunate enough to have a real plane engine but is hoping that some means may be found to make an available before the year is out. In the meantime the theory of flight will keep the "early bird" busy for the coming year.

These boys are realistically facing the students role in toughening up for war, Principal Joseph C. McLain said today, pointing to the fact that the local high school is among the first in the county to get under way with the national "Get Tough America" program.

Mr. McLain said that following approval of junior commando and pre-flight training plans by the Mamaroneck Board of Education at its last meeting, a group of junior and senior students came to him with the question:

"What are you plans for helping us prepare for participation in the national war effort?"

The answer is seen today on the drill grounds, where the boys are "skipping" gym classes in favor of military drill under the direction of William F. Marts; in the classrooms of five different instructors assigned to the special wartime courses; and on the school field where the local junior commandos are climbing, crawling and leaping over specially erected obstacles designed to toughen unseen muscles.

CENTRAL SCHOOL DEDICATION SET FOR TOMORROW

Civic Leaders To Take Part In Ceremonies At Boothby Auditorium

The formal dedication tomorrow evening of the A. Z. Boothby Auditorium of the Central School, represents the culmination of almost four years' effort on the part of residents of the Mamaroneck Union Free School District No. 1, who seeing the need for a new building, worked constantly by petition and finally through the ballot box, to achieve the new wing.

Included in the building which was completed after the opening of school this Fall, is a combination auditorium-gymnasium, a lunch and activities room, teachers' and maintenance rooms.

The dedicatory ceremonies for the wing will be held at 8:15 in the auditorium named for A. Z. Boothby, retired superintendent of the Mamaroneck School system who served the community for 25 years. It is expected that Mr. Boothby may attend. Philip O. Moynahan, president of the Board of Education will deliver the address. Rev. Frank Dean Gifford, rector of St. Thomas's Episcopal Church, will give the invocation and Mrs. Arthur W. Elfrey, principal, will read the history of the 50-year-old school. T. James Ahern present superintendent of schools will make the acceptance speech, and Edwin Dooley will introduce the guests.

The program will close with "The Central School Hymn," sung by the school choir under the direction of Mrs. Mabel Chapman, music director, and the National Anthem in which the audience will join.

Mrs. Herbert Marcus is program chairman and Mrs. R. J. DiForio will be in charge of refreshments.

The construction of the wing which began in October of last year marks the passage of almost a decade since the building in the Free School District of two new school structures. The last to be completed was the Junior High in October of 1932.

Corner stone laying ceremonies were held last Nov. 28 when Mr. Moynahan and Mrs. Luther Nelson chairman of the Central School Parent-Teacher Association Building Committee, turned the first trowels of earth over the stone inaugurating the building of the $190,000 addition. Adolph H. Knappe, architect was present at the ceremonies.

REDS BEAT OFF 5 NAZI ATTACKS

Soviets Also Turn Back Forays By Tanks Inside Volga Metropolis

BULLETIN

LONDON (AP)—The RAF kept up its daylight offensive against Northern France today when, for the second successive afternoon, strong bomber and fighter forces swept across the channel.

By The Associated Press

Soviet headquarters reported today that the Red Armies had beaten off five German counter-attacks along the 40-mile barrier northwest of Stalingrad, while inside the Volga metropolis the defenders turned back small-scale forays by Nazi tanks and riflemen.

It was the 52nd day of siege.

German field headquarters, citing actual operations inside the city for the first time in five days, claimed new gains and asserted that Nazi bombers and stuka dive bombers were smashing Russian pillboxes and artillery emplacements.

"In Stalingrad, infantry and panzer formations broke stubborn Soviet resistance offered in blocks of houses and barricades, and advanced deeply into the northern district of the city.

"Enemy attacks of relief were repulsed and sanguinary losses inflicted upon the enemy."

Soviet dispatches said the gigantic struggle had waned to an almost static situation and reported that German burial parties were

U. S. TROOPS ARRIVE TO JOIN FIGHT

Fresh Ground And Air Forces On Island

ATTACK GROWS

WASHINGTON (AP) — The Navy announced today that the Japanese have brought up heavy naval units in their apparently all out effort to drive American Army and Marine forces out of the Solomon Islands despite considerable enemy losses in the last four days.

The enemy's losses in the fight now going on and in its preliminary stages, covering a four-day period, were reported by the Navy in a communique as being seven ships, including a battleship, damaged and 33 planes shot down, destroyed on the ground or damaged both in actions over the American airfield on Guadalcanal and as a result of American attacks on Japanese bases.

Damage to American forces and installations was disclosed to include that done by an uninterrupted bomber raid on the airfield at Guadalcanal and also the loss of two fighter planes.

Secreary of War Stimson disclosed today that substantial American Army ground and air forces had arrived on Guadalcanal to help the Marines defend the Solomon Islands base against newly-developing Japanese attacks.

The damage done to the Guadalcanal Airfield, which had previously been bombarded by Japanese warships, was not disclosed nor was there any exact explanation as to why American fighters in that one instance had failed to take the air to repel the attack.

A communique, following up last night's announcement that the enemy troops on the strategic Island had been heavily reinforced, said that United States reinforcements had been landed on Oct. 13, Guadalcanal Time, Monday our time, and that although the ships which took them in were attacked by enemy bombers they suffered no damage and unloading operations were accomplished successfully.

The Japanese reinforcements were made on the early of Oct. 13, which was yesterday by Guadalcanal time, and the transport force, today's communique noted, was covered not only by destroyers and cruiser, but also by a battleship.

An American aircraft striking group attacked the enemy ships and the communique said reports indicated that three direct hits were made on one transport while two other transports were set afire, and were burning when last observed.

The Japanese battleship was damaged in this same United States attack and one enemy fighter plane was shot down.

Such resistance, however, apparently did not deter the enemy in the least and the communique, dated Oct. 15, reported that "other enemy forces including heavy units have been sighted in the vicinity of Guadalcanal."

Stimson reported at his press conference also that Army forces now were in the New Hebrides and Fiji Islands on the route between the United States and Australia, as well as at other points where their presence had been disclosed previously.

"Recently Army ground and air units have moved to Guadalcanal to reinforce the Marines who seized important posts on the Solomons and are tenaciously upholding them against vigorous Japanese counter attacks," the war secretary said.

"The Army and Navy forces in this area are fighting heavily and at present possible cooperation under the unified command of the Navy," he added.

Stimson did not disclose when the Army forces reached Guadalcanal or their strength.

He said their numbers were "substantial" and that they were under command of Major General Millard F. Harmon, of the air forces.

Gen. Harmon, the secretary said, has his headquarters in New Zealand but has spent most of his time at his advance base in New Caledonia.

RYE NECK CENTER HITS LIVELY PACE

39 Boys And 29 Girls Register For Afternoon Recreation Activities

Beginning with registration day Oct. 5, the Rye Neck Recreation Center in the Barry Avenue School was off to an auspicious start. Thirty-nine boys and twenty-nine girls have registered for the afternoon activities. The weather having been good, the group has remained outdoors on the playground. The boys have played touch-football and soccer while the girls have engaged in soccer only.

For the evening program 31 boys of Junior High School age have signed up and have enjoyed indoor activities such as, ping-pong, carroms and darts. A miniature pool table, donated by Mrs. M. E. Marsland, is very popular. In addition, eight boys have registered with Sgt. Paule for the boxing classes.

The recreation center is sponsored by the Rye Neck Recreation Council. Mrs. Richard B. Savage is chairman of the council and Mrs. James T. Corrigan is secretary and treasurer. The other members are John J. McDonald, Lindley H. Morehouse, Sgt. Herman H. Paulli, Ross A. Abell, Merrill Hodsdon, Dr. Alvin Hicks, Miss Olympe Aulets and William A. Gunn.

The activities of the Center are directly supervised by Miss Olympe Aulets who has had considerable experience with young people in the physical education field. Last year she was the physical education instructor for girls of St. Josephs School for the Deaf in Larchmont and holds the same position in St. Augustine's school this year. She is best known by the young people of this community as the swimming instructor at Harbor Island this Summer and as playground director there in the past.

be assigned for emergency duty to the following: Air raid warden posts, casualty stations, control centers, fire houses, first aid posts, hospitals, police stations and institutions.

Boys and girls of High School age make excellent messengers. Enrollment of minors for civilian protection services requires the written consent of the parents and a statement from the principal of the school, a teacher or Scout master as to the minor's potential value as a messenger, covering dependability, physical strength, emotional stability and reaction in an emergency.

Boy Scout Commissioner William Thorp, is in charge of all messenger services and it is important that you contact him.

RED CROSS ACTIVITIES TODAY

Registration of blood donors for Oct. 30 at the Mamaroneck Free Library, telephone, Mamaroneck 1250. Time from 10 A. M. to 5 P. M. and from 7 P. M. to 9 P. M.

CIVILIAN PROTECTION TODAY

Meeting of Rescue Squad No. 2, at the Barry Avenue School, at 8 P. M. Instructors, Jack Holland and Harry Primrose.

Advanced radio class, auxiliary police, at Municipal Building, at 8 P. M. Joseph Acampora, Jr., radio aide, Village of Mamaroneck.

RED CROSS BLOOD BANK

On the first day of Mamaroneck's Red Cross Blood Bank, Warden Charles Silleck reports that 16 members of the Lion's Club have already registered as donors.

JUNIORS COME FORWARD

The Junior Branch of the Woman's Club has already responded to the appeal for volunteers: Miss Helen Stockman and Mrs. Howard S. Meighan for Control Room, Miss Ada Lewis for night typing and Miss Ruth Robinson and Miss Margaret Campbell as members of the Driver's Corps have joined the Motor Mechanics Course. Good work—we need more of you.

OFFICIALS INSPECT CENTER

Col Malowsky and his aide, both from Gen. Darrah's Headquarters of Civilian Protection in New York City, made an unexpected inspection of the Volunteer Office and the Control Center yesterday afternoon. Details, such as lighting, ventilation, maps, telephones and emergency list of key people to be called on the yellow signal were investigated. The colonel and his aide making the inspection said that they were covering every civilian protection headquarters from here to Florida.

Nation To Curtail Civilian Rail Travel

BALTIMORE (AP)—Redoubled government efforts to discourage civilian pleasure travel—with rationing of all travel the alternative should voluntary measures continue to prove unsuccessful—were in prospect for nation today.

Director Joseph B. Eastman of the Office of Defense Transportation told 700 trucking and railroad officials last night that pleasure travel still is "impeding troop movements and distribution of war materials.

"We have discovered that 40 per cent of the 400,000,000 passengers (yearly) on the railroads alone still are traveling for pleasure," he said.

By RUTH WYETH SPEARS

It is not necessary to make our economies so dull and dreary they depress every one. Let's make them so gay and attractive they give us a lift and a bit of a challenge too. This old rocker is an example.

A saw and a wood chisel were used for removing projections and rockers. An old quilt was found for padding and the feathers from an old bolster were packed into a thick seat cushion to raise the seat which has been lowered by removing the rockers. This required a yard and a quarter of ticking. Four and one-half yards of inexpensive chintz in a bold, modern pattern did the rest. Total cost for an up-to-date chair less than $2, that will serve well for the duration.

This remodeled chair is from Book Five of the series of booklets offered with these articles. In this book an old fashioned couch is modernized; end tables from spools; new uses are found for a camp stool; other types of chairs are made over; and a love seat is made from an old car seat. Also patchwork designs and directions for designing and making hooked rugs. To get a copy of Book Five, send 10 cents with name and address to Mrs. Spears, Woman's Page, this newspaper.

Hanley Addresses County Republicans

The Republican majority in the State Legislature has placed New York State in the best position of any state in the union to take part in the war from an economic standpoint, State Senator Joe R. Hanley of Perry, told those attending a rally in Republican Headquarters, White Plains last night.

Election of Thomas E. Dewey as governor, therefore, with a Republican legislature will assure "a contribution to the winning of this war by giving New York State a solid, substantial, businesslike administration," the majority leader of the New York State Senate averred.

Senator Hanley cited budget cuts made by the Republican Legislature during the past four years as evidence of savings from waste amounting to "millions and millions of dollars."

3 Autos Involved In Larchmont Crash

Three cars were involved in an accident last night at 6 o'clock in front of the market at Palmer Avenue and Depot Way East, Larchmont.

According to police records, an unidentified woman in an effort to move her car from among those parked in front of the market, released the brakes of the car belonging to Harry Hampton, Sr., 72 Pinebrook Drive, Larchmont, causing it to roll down hill and smash into a car belonging to Simon Deutch of Larchmont Acres which was parked in front of the Dodge Pharmacy, 1859 Palmer Avenue. Mr. Deutch's car in turn jammed sideways into a car parked nearby owned by Samuel Stemple, 412 Monroe Avenue, Mamaroneck.

Both fenders of the Deutch vehicle were damaged and one fender of the Stemple auto, but no damage was reported to the Hampton car. No charges or complaints were lodged with Larchmont police.

Tombola Workers To Meet Tonight

A meeting of "Tombola" workers will be held tonight at 8:30 in the school hall of Holy Trinity Church, East Boston Post Road, Village. Rev. Thomas B. Kelly announced for the purpose of discussing necessary changes in plans occasioned by the times with regard to arrangements for the annual bazaar scheduled for next month.

Featuring this year's bazaar will be a tombola supper, Father Kelly said, to mark the last night of the three-day event. The dates have been set for Nov. 19, 20 and 21.

Father Kelly has named the following committee leaders: Harold Grune, general chairman; Cyril Murray, chairman of the special prize committee; George Dolan, chairman of the executive committee.

A Necessary Curtailment of This Newspaper's Complaint Service

Because of the war need for conservation of rubber and gasoline, some curtailment of this newspaper's complaint service is necessary.

We're sorry, but service will be slower than in the past. In a few communities it has not yet been possible to arrange for messengers on foot or bicycle.

Please, however, telephone us before 7 P. M. excepting Saturday at 5 P. M. if you miss your paper, or if there are other service irregularities.

Every effort will be made to make a correction or get a copy to you.

DON'T CALL LONG DISTANCE
unless it is really necessary!

Our fighting men need all the tools of war that industry can supply. In the battle of swift production the telephone plays a vital part. War calls must not be delayed—they must come first!

Long Distance lines to war centers are loaded to capacity with calls. So those of us not actively engaged in the war program must realize that any Long Distance call we make may interfere with vital wartime messages.

Think twice before calling Long Distance. Unless your call is directly connected with war work, don't call any of the busy war centers listed below:

WASHINGTON - - and principal points South
CHICAGO - - and principal points West

★

If you must make Long Distance calls, try to place them during these least-busy hours:

Before 10 o'clock in the Morning
Around Noon
After 9 o'clock in the Evening

Call by number (station to station) whenever you can. Make your conversations brief—others are waiting.

WAR CALLS MUST COME FIRST!

A New Service Club

The Society for the Utilization of the Mechanics in Visual Education, a new service club, has been formed by John Cerfield of the English Department. The purpose of this club is to have available, during school hours, a trained operator to run the various camera mechanisms for any teacher who wishes it. Among the machines a member of this club learns to utilize are sound movie projector, silent movie projector, Keystone slide lantern, S.V.E. film strip projector, and also the public address system. Membership to this club is by invitation only, and a limited number of students will be chosen.

Are You A Red Or A Blue?

That is the question that all the girls of Bellows are asking. The girls, of all grades, are divided into two teams. One is called the Red Team, and the other is the Blue Team. Last year the two teams came out to a tie. The girls, under the direction of Miss Helen Norton, are trying to consummate with the physical fitness program. We are specializing in marching, calisthenics, and better posture for greater endurance when taking our place in this emergency. The managers and the captains are as follows: Soccer, 9th grade, Aurey Carpenter, manager with Betty Mayer as the Red captain and Eleanor Worzeg acting as the Blue captain.

Eleventh grade, Irene Harriott, manager, Margaret Robinson, Red captain, Dora Chinda, Blue captain. Twelfth grade, Martha Goetz, manager, Betty Andrews, Red manager, Margaret Crenan, Blue captain. Seventh grade, Sue Goyne, manager, N. Poole, Red captain and Ki Havinad Blue captain. Eighth grade, Edith Strickland, manager, B. La Cascio, Red captain, M. L. Rose in Blue captain.

Class Officers

The class officers from the ninth grade up are as follows: 9A Mary O'Keefe, Lorraine Smith, Elinore Wargo, Patricia Lawrence; 9B Thomas Hill, George Huntley, Claire Dufault, Polly Rushmore; 9C, no elections as yet.

10A, Thomas Bebe, Frank Nask, Ethel Shepard, Viola Latimer; 10B, Edwin Martin, Sherod Holcomb, Charlette Davis, Dale Shaw; 10C, Robert Gudger, Dot Smith, C. Trottier, Jerry Gedney; 11A, Pierre Coutard, Pat Flaherty, Roger Hewson. Sue Rushmore; 11B, Nancy Goyne, Harry McGivney, Lillian Radcliff; 12A, B and C, Ludwig Geckler, Robert Martenson, Clara Giancoza.

Weekend Scrap Drive

Under the direction of John H. Cerfield, the Junior High School was prepared for the weekend scrap drive through an assembly held for that purpose. The opening address by John Dietz on the necessity of saving scrap metal was followed by an interesting explanation on the process of reclaiming old rubber, prepared and given by Claire Dufault. Dr. Alvin Hicks spoke briefly on the matter after Steve Senzer had explained with some of his classmates, the actual value of some of our "trash". The program was finished with a little skit by Joan Betrich and Mary O'Keefe on the preparation of waste fats and old cans.

JOINT DEFENSE ACTIVITIES

(Continued from Page One)

quote1 here in full for the consideration of all:

"Now that you've joined up, everything isn't going to be quite hunky dory. There will still be a few problems that will need attention—nothing big, of course, such as taking Bataan, or blacking out Chicago, but yet quite some problems.

"The radio volunteer who was to set up a loud-speaker system in a back alley during a hot ball so you would be more comfortable discovers a moment before the chief air-raid warden begins to talk that the set, which was lent for the occasion, has one bad tube and consequently only works spasmodically. "Why, half the folks can't hear," you protest.

"Your sister's husband is a fire watcher and he can't get even one stirrup pump so he can do some instructin'. 'How do they expect to teach people without proper equipment?' you inquire. Half the straps on the helmets issued to the auxiliary policemen broke after said helmets had been worn only three or four times. 'That's a disgrace!' you imply heatedly.

"Notices to attend a nutrition class went out so late that the attendance was only a third of what it should have been. 'Things are obviously not organized!' you say loudly. On the other hand, fifty folks had to stand at a meeting of the educational group because the man in charge missed his guess as to how many would attend. 'People won't stay interested if little things like chairs can't be thought of,' you tell the man standing, next to you.

"How about a sympathetic realization of the huge task at hand and an appreciation of the fact that the men in your community who are heading up civilian defense are probably just as eager to do a bang-up job as you are to have it done? They are probably more so, because they put in many more hours than you do—and the pay of nothing per hour is exactly nothing.

"No commercial enterprise in the history of America has taken so many people with so little training and done so much with them in so short a time as has civilian defense. There are certain to be irregularities.

"There must be on the part of the volunteer an acceptance of certain undesirable details and a willingness to go along with incomplete situations. It is unlikely that there will soon be a Utopia in civilian defense, if at all. In the first place it is, in a sense, a new industry to our country. Then, too, operating with volunteers, with no more penalty for failure to perform than how their concieiences hurt, is certain to bring about an occasional lapse of responsibility with its resultant harm.

"The right of the soldier 'to beef' is a tradition of the Army—the right of a civilian defense worker to become caustic and sarcastic in his complaints is a mild form of treason and akin to aiding and abetting our foe. Our Army may be spread geographically now and then, because of superior enemy numbers, but the home front should always be completely unlitted. Thoughtless, unfriendly, tactless, belittling criticisms of civilian defense activity and leaders interfere with the war effort.

"By setting an example yourself of loyalty, understanding, and sympathy for the greatest task that American civilians have undertaken, and by taking issue with chronic complainers, whiners, small-minded persons and those who can't see over the tops of their noses, you will be doing a great bit of work for that intangible, vital problem of morale!"

Phones 'Blackedout' In Air Raid Tests

The civilian protection office in Yonkers announced today that all private telephones will be "blacked-out" during preliminary signals of air raid alerts and tests as well.

After the flash of a yellow or blue signal the only telephones which will be answered in Yonkers will be those in the control center, the hospitals and the four police stations. Upon receipt of the red signal the 1,200 telephones of air raid protection and other essential personnel will be answered.

Civilian protection officials say this method of blacking out private telephones is apparently the only means of keeping the switchboards from being jammed by unnecessary calls from curious individuals during the preliminary warning signals.

VARIETY OF SCRAP ON COUNTY PILES

Japanese Beetle Traps Most Symbolic Of Salvage Items Collected

There's a sample of just about everything metal in the scrap piles of Westchester today—but perhaps the most symbolic are dozens of Japanese beetle traps.

Salvage-minded citizens are not content with merely looking around plants, attics and cellars, but they are dragging rivers—with good results in gutters, tools, oil cans and other metal long since dumped overboard—and contributing much unwieldy but precious mass as old windmills, each the size of a small cottage, a 500-pound anchor, originally used in a yacht now turned over to the Coast Guard.

Port Chester's salvage committee has turned up numerous objects d'art as metal statuettes, trophies and book-ends, but has not neglected many bushels from a savings institution, hundreds of feet of water pipe, radiators and bathtubs. A galvanized metal garage is going into the pile, and so is an old, unused ice house. And topping the heap is an old fashioned horse-drawn sleigh.

Into the New Rochelle stack has gone heavy boot leather and, in contrast, a steel engraving for a letterhead which was ordered by the Prince of Wales. The local salvage committee has made a special drive to get garage radiators—there won't be any heat in them this Winter anyway—and automobile skid chains.

Tarrytown citizens gave thanks as a huge metal urn, an eyesore for many years in front of the Municipal Building, was turned in. And Sleepy Hollow Cemetery gathered up all its iron grave chains and benches.

In White Plains, a housewrecker contributed a 100-pound, solid iron statue of an American eagle which once adorned the home of Cornelius Vanderbilt.

Many Yonkers contributors are emptying the mercury out of thermometers.

Mamaroneck, the pride of Westchester with its record collection of 1,088 tons of scrap to date, has a heap on Harbor Island which includes everything from baby carriages to huge hot water boilers. Among the items are the following:

Kiddie cars, trundle carts, locomotives and fire engines, bicycles, tricycles and express wagons, sewing machines;

Kitchen items, typewriters, baby carriages, old-fashioned pot-bellied stoves, wheelbarrow and shovels, machinery, plows and cocks, horns and lights, wheels and mufflers, bumpers, trunks and cylinder blocks, sundry auto accessories, pots and pans, pails and cans, toasters, lamps and chandeliers.

Shovels, radiators and display racks; beds and bedsteads; batteries, trays and barrel hoops; cigars; stands and rubber galoshes; first aid chests; furnace grates and garden furniture; high stools and sink equipment; sprinkler cans, piping and radios; coils of steel cable and rolls of wire fencing; stoves, kitchen ranges and stove pipes; medicine cabinets and washtubs; lawn mowers and grass cutters; golf clubs, bread baskets, iron pipe and radiators; electric percolators, windmills, water-tanks and towers.

NO LIQUOR FOR AMERICANS

BELFAST, Northern Ireland, (AP)—Retail liquor dealers announced today a ban on the sale of bottled spirits and wines to members of the United States and British armed forces in Northern Ireland.

Open House Slated At Center Monday

The fourth annual "open house" of the Westchester County Recreation Commission, at the County Center, White Plains on Monday, will demonstrate how Westchester can "Keep Fit and Like It!", with a variety of activities.

This war-time recreation program will present a pageant of exhibits, working demonstrations, motion pictures and music going on simultaneously in all parts of the building.

The formal part of the festivities will find Westchester's famous song leader and composer, Geoffrey O'Hara, on stage as master of ceremonies. The White Plains High School Band, directed by J. Dale Diehl, will open the show. After a brief message of welcome by Dr. Dana Chubbuck, superintendent of the Recreation Commission, Mr. O'Hara will introduce the Russian Choir of Yonkers under the direction of Prof. Alexander Piankoff. Following their gay and stirring folk songs will come the unique family orchestra of John Lofaro of North Tarrytown. Next will appear the Youth Choral Society of Yonkers led by Frank Parker, singing negro spirituals.

Climax of the program will be "Everybody Play!" Prof. Norval Church of Columbia University and Westchester will demonstrate to anyone in the audience, without previous experience can play an instrument in an orchestra.

war fronts, Stimson said a Marine commander on Guadalcanal had just reported an instance of "close comradeship" between the Army and Marine fighters.

This commander, the secretary said, reported that members of an Army infantry unit in New Caledonia stripped themselves of cigarets, candies and other luxuries which they dispatched to a Marine regiment holding advance positions on Guadalcanal.

"In return the Marines sent back captured Japanese souvenirs and trophies," Stimson said.

In New Guinea, Stimson said, Army flyers for months have been taking a heavy toll of Japanese aircraft and shipping and rendering "splendid support" to the Australians in the advance over the Owen Stanley Range.

TALKING IT OVER

Tigers Seek First Victory In 11 Years Over Purple

The time is again ripe for a Mamaroneck victory over New Rochelle. Only once in the last 20 years has a Tiger eleven been victorious over the Purple Wave. That was in 1931, when a Storey-coached Orange team came out on top, 6 to 0. Nine years before that date and 10 years after Mamaroneck was unable to stem the tide of New Rochelle triumphs.

With the Orange on the upswing after two disastrous seasons in which it won only one game, lost 12, and tied one, and with Coach Bill McKenna's squad a green and inexperienced one this year, a Mamaroneck victory would come as no surprise. But the Tigers will have to work hard for it. A Mamaroneck triumph over New Rochelle is always hard won. It's a traditional game in which past records don't always mean a great deal.

Last year, the Purple Wave rode rode over an inept Mamaroneck team coached by Ed Rice, now a lieutenant in the Naval Reserve. The score was 26 to 6.

Several 1942 Regulars Played Last Year

Eight members of the 1942 Orange squad saw service in that rout, but they're much wiser and better ball players than they were a year ago. And what's more, they're pointing for this traditional game determined to give Mamaroneck its first victory over McKenna's club in 11 years.

This year's regulars who started in the 1941 game are Walt Romanek at center, and Backs Jim Rodriguez, Artie Fuller, and Johnny Guadagnolo. Hank Bauer, Tony Castiglia, "Skip" O'Rourke, and Joe Pesce were also in that tussle.

Orange Shut Out Five Times Since 1931 Win

Here is the New Rochelle-Mamaroneck history since the last time the Tigers came out on top:

1941—New Rochelle 26, Mamaroneck 6.
1940—New Rochelle 29, Mamaroneck 6.
1939—New Rochelle 12, Mamaroneck 6.
1938—New Rochelle 3, Mamaroneck 0.
1937—New Rochelle 19, Mamaroneck 6.
1936—New Rochelle 7, Mamaroneck 0.
1935—New Rochelle 18, Mamaroneck 7.
1934—New Rochelle 40, Mamaroneck 0.
1933—New Rochelle 14, Mamaroneck 0.
1932—New Rochelle 47, Mamaroneck 0.

It is certain that the Tigers won't go into this game at Senior High School Field, New Rochelle, Saturday afternoon, in the same frame of mind that accompanied them into the opening game with Bellows. Coach Chase Carlino's boys were obviously sure they'd win the Panther game, but when they got in there they butchered the ball and were generally sloppy in fundamentals. Against Albert Leonard last week they turned in the kind of play of which they are capable, and they'll be quite ready for anything New Rochelle has to offer.

If the Tigers do manage to topple the New Rochelle eleven, there should be wild rejoicing along about Saturday night.

WEAKENED PANTHER ELEVEN FACES BREWSTER SATURDAY

A considerably weakened Bellows football squad will go into the game with Brewster High School Saturday afternoon at Daniel Warren Field, a survey of the depleted Panther forces yesterday revealed.

On top of the news that Gene Bonelli, ace tailback and chief ground gainer of Coach Howard Smith's team, and Center Dave Russell, a powerful line backer, have been lost for the Brewster tussle due to muscle separations in their thighs, came word that Tillio Santangelo, Bellows' speedy running guard, may leave school to work.

Also on the sidelines are Jim Murphy, Shorty Geckeler, Bob Smith, and John Gironda. Murphy is nursing an injured ankle which kept him out of the All Hallows game, but he is expected to be in the lineup Saturday. Geckeler suffered a slight brain concussion in the JV game with Scarsdale Tuesday, and is in the hospital under observation, although the injury is not expected to prove serious. Smith, also hurt in the JV tussle, is expected back today, while Gironda has a bad shoulder which is healing slowly.

Coach Smith will use either Eddie Dolan or Dick Ottmann in Bonelli's tailback spot, and will have the speedy Marty Gallotti in reserve. At center will be Bill Hornblage in Russell's place.

Considerable emphasis was laid on passing yesterday, with Dolan and Ottmann doing the majority of the hurling.

BIG TEN LEAGUE MAY USE FROSH

Proposed Draft Of 18-19 Year Olds May Cause Conference To Let Bars Down

CHICAGO. (AP) — The Western Conference, which let down the bars on intercollegiate freshman competition at its Spring meeting, may be forced to go a step farther at coming sessions and permit use of freshmen on varsity football and other varsity teams in view of the proposed draft of 18-19 year olds.

That was the opinion of officials today following demands before congressional committees for lowering the draft age limit.

Doug Mills, athletic director at the University of Illinois, said, "When the time comes, I am sure the conference will let the bars all the way down for freshmen, particularly if it means keeping the program of physical fitness going."

Unless the government orders otherwise, college football will continue next year "Even if our boys of 18 and 19 are drafted," John L. Griffith, commissioner of the conference declared.

County Golf Links Retain Popularity

To the surprise of the County Park Commission, players and revenues of the four county-owned golf courses will this year approximate those of last year, when there was no transportation curtailment. The four courses are Sprain Lake on the Yonkers-Greenburgh line, Saxon Woods in Scarsdale, Maplemoor in White Plains and Mohansic in Yorktown.

Over the weekend and holiday there were 2,065 players on the four courses, contributing $3,646 to the county's coffers, as compared to 2,735 players and $3,830 for the same three days last year.

For this season to date there have been 104,856 players on the four courses who have paid fees totaling $104,605; by comparison the full 1941 season showed 139,612 players and revenues of $135,762. The commission believes that before the end of the 1942 season the totals will approximate those of 1941. This result is far better, said George S. Haight, general park superintendent, than had been anticipated by the commission when the season opened.

Dewey Wins Support Of Local Attorneys

Enrollment of more than 200 outstanding attorneys of the county in a lawyers' division of the Dewey for Governor Committee of Westchester County was announced today.

Supervisor Edward P. Barrett of Katonah, and Mayor Livingston Platt of the City of Rye, are co-chairmen of the group.

Judge William P. Bleakley of Yonkers, former county executive and himself a candidate for Governor in 1936, who is advisory chairman of the county Dewey committee, also is listed as a member of its lawyers' division. State senator Pliny W. Williamson of Scarsdale is another prominent member as is Assemblyman Malcolm Wilson of Yonkers.

Members from the Town of Mamaroneck are: Charles M. Baxter, Jr., Munn Brewer, William S. Brill, John L. Delbo, Hunter Meighan, Anthony Sansone, Fred Rubin, Sylvan Schwartzreich, Raymond C. Yard, Reubin Sirlin, Frank M. Gigliardi, Austin K. Griffen, Henry D. Holden, Burton C. Meighan, Jr.

'RED' COCHRANE MARRIES MODEL

World Welterweight Champion Takes Bronx Bride While On Navy Furlough

ELIZABETH, N. J., (AP)—Irish Freddie "Red" Cochrane, the welterweight champion, was married yesterday to a New York model whom he first met when she asked him for his autograph at Saratoga, N. Y.

The bride is Miss Beatrice Milano of the Bronx, N. Y., who is 27, brunette and attractive. The couple was married by Police Judge John L. McGuire in his law office.

A few hours after the ceremony, Cochrane, who is 27, left for duty with the U. S. Navy. He is a specialist, first class.

Mrs. Cochrane is the daughter of Mr. and Mrs. Pasquale Milano of 3341 Fish Avenue, the Bronx.

Cochrane won his title from Fritzie Zivic July 29, 1941, in Ruppert Stadium, Newark. He joined the Navy in August and was called to active duty the following October.

Honor For Newkirk Gains GOP Support

Support for the movement to name Westchester's new $3,250,000 county airport at Rye Lake in honor of "Scarsdale Jack" Newkirk of that village, who gave his life as a member of the American volunteer group of flyers in Siam, came today from the Young Men's Republican Clubs of Westchester.

In a recommendation filed with the supervisors that the airport be named "Newkirk Field," the young GOP clubs declared that "the courage and unselfish devotion to duty of this young man will long be an inspiration to all youth to give unstintingly of their best in the fight against world aggression."

The supervisors have as yet named no committee or taken any other action toward naming the field, which is to be leased to the army for the duration upon its completion later this year.

OHIO STATE LEADS COUNTRY IN TOTAL OFFENSIVE PLAY

CHICAGO, (AP).—Ohio State, the Nation's No. 1 football team in this week's Associated Press poll, also is the country's offensive leader, but honors for all around balance go to smaller Tulsa University.

Team figures from the American Football Statistical Bureau today showed Tulsa, defending Missouri Valley champion, runner up to Ohio State in total offense, first in total defense, second to Columbia in forward passing, first in pass defense and fourth in defense against rushing.

The Golden Hurricanes achieved this record chiefly at the expense of service teams, defeating the Waco Army Flying School, 84-0, and Randolph Field, 68-0. But it was much the same against college opposition, trounicing Oklahoma, 28-0.

Leads In Total Offense

An indication of their balance is given in the offense figures. They have gained 634 yards by rushing and 613 by passing for an average gain per game of 417.3 yards. Ohio State, which finished the 1939 season as the Nation's No. 1 offensive team, has an average of 407.3 yards to show for its first three games this season. Of its total of 1,372 yards gained, 1,010 have been by rushing.

Tulsa has permitted an average of only 46 yards a game in total defense, Manhattan was second at 71, followed by Illinois (76.03), Arizona, last week's leader, (79.7) and Temple (85.3).

Against forward passes Tulsa has yielded an average of 15.3 yards a game, Then came Arizona (22.7), Illinois (23.2), Georgia Naval Pre-Flight (26.7) and North Carolina (29.3).

Columbia's Passing Tops

At throwing passes, the Golden Hurricanes were outranked only by Columbia and its ace, Paul Governali, who have averaged 250.3 yards to Tulsa's 206. Third was Georgia with 166, then Georgia Naval Pre-Flight (161.3) and Southern Methodist (154.7).

Brown topped Ohio State in average yards gained by rushing with 346 in two games to the Buckeyes' 338.7 in three. Behind the leaders were Illinois (327), Dartmouth (298.3) and Arizona (297.7). Tops against rushing tactics was Boston College with a minus 4.5 for yardage lost to gained Alabama with plus 21.3, Manhattan (35), Tulsa (30.7), and Syracuse (31).

Punting honors went to the North Carolina Naval Pre-Flight, which averaged 45.9 yards a punt, Wyoming followed at 41.20 and then Marquette and Harvard, both with fractions over 40 yards.

Only teams reporting games to date have been mentioned. Vandebilt, for example, set the pace in total offense, total defense and rushing offense, but figures had not been reported on last week's 7-6 win over Kentucky.

Other total offense leaders were Missouri, 383.5 average, Boston College, 367.5, Illinois 361, Columbia 358.7, Alabama 353.3 Detroit 348, and Dartmouth 347.

SWEDISH RUNNERS MAY COME HERE

Gunder Haegg, World Champion Long Distance Star, Eager To Compete In U. S.

NEW YORK, (AP)—One of these days three fast-stepping Swedes will jump, not out of the weeds, but out of an airplane to give indoor track competition the stimulus it will need to carry on through the coming Winter season.

In spite of the difficulty of trans-Atlantic travel and of conducting negotiations at long range, Gunder Haegg, Sweden's record breaker at distances from 1,500 to 5,000 meters, Arne Andersson, his leading rival, and Erik Ligdman, a crack hurdler, are almost certain to race in the United States this Winter.

"They're eager to come," Daniel J. Ferris, secretary-treasurer of the Amateur Athletic Union said today. "I just had another radiogram that indicate they still want to run although we couldn't arrange some outdoor meets for them in California."

Plans for the California meets were dropped when Grover Klemmer and Bill Davis, who were expected to be big attractions, went out for football instead of training for races in December.

Kimball Is Soccer Goal On Brown Club

John H. Kimball, Jr., son of Mr. and Mrs. John H. Kimball of 6 Locust Avenue, Larchmont, a freshman at Brown University, has earned a place on the Brown 1942 varsity soccer squad. Head Coach Sam Fletcher started Kimball in the goal position in Brown's first game against Wesleyan.

Kimball prepared for Brown at Governor Dummer Academy where he participated in football, hockey, lacrosse, and soccer. He was also active on the school paper. At Brown, Kimball is a member of Delta Kappa Epsilon fraternity.

Gehrke To Replace Germann For Lions

NEW YORK, (AP)—Coach Lou Little is hoping that Sewanhaka High School out on Long Island keeps on furnishing him wingback replacements at Columbia.

Ken Germann, graduate of the Long Island school, is the No. 1 man for the job, but he's injured. Little plans on starting Bruce Gehrke, freshman from the same school, in the spot against Army Saturday.

Refiners Whitewash Happy Boys By 3-0 In Other Bowling Match At St. Thomas

The Higher Standards, with Orlo Spencer and Charlie Lanza leading the way, increased their lead in The Daily Times Bowling League last night at St. Thomas's Alleys by taking the measure of the champion Equippers Five, 2 to 1, while the Refiners were routing the Happy Boys, 3 to 0, to take possession of second place in the circuit.

Paced by John Mahoney's 204, the Equippers captured the first game by 71 pins, but the Higher Standards came back to annex the remaining two games to win the match. Lanza and Spencer had a 567 series, and Sam Giannuzzio wasn't far behind with a 545.

Mahoney's 204, was high individual game score.

The Refiners, although winning, had a more difficult time than the Higher Standards. They won the first game by only 15 pins, tied the second game and won it by rolling off the tenth frame again, and took the third game by 28 pins.

LICENSE RENEWAL BLANKS REVISED

Applications To Have 5 Parts; Metal Strip To Go On 1942 Plate

Regulations received by County Clerk Harold Meyers from the State Motor Vehicle Commission state that application blanks for motorists for renewal of license plates—which will consist next year of a small metal strip to be affixed to the present single rear 1942 plate—will have five parts to be filled out.

One is the renewal application, the second carries the certificate of registration, then a renewal stub, then a stub for the central office, and the fifth will be a stub to be turned over to the police department. The application banks themselves have not yet been received but are expected shortly.

Mr. Mercer said no date has been set for issuance of the 1943 strips but expects these will be authorized for issuance about Jan. 2. The deadline on existing license plates is Jan. 31. Application blanks will not be mailed out this year, as an economy measure, but will be made available in bulk at banks, police stations, city and town halls, gasoline filling stations and possibly postoffices, where motorists may pick them up in the number desired.

Only motorcycles will receive new plates next year, all other categories of vehicles receiving only the metal strip to be attached to the plate now in use. Motorists registering cars for the first time will receive one new plate, which will be a 1942 plate not heretofore issued.

Mr. Mercer also notified holders of low-license or distinctively numbered plates that they will not, as heretofore, get letters enclosing renewal blanks. These favored customers must secure their blanks in the same manner as other motorists.

The metal strips for 1943 have not been received and Mr. Mercer said he was not sure what colors would be used for 1943 but understood they will reverse the 1942 colors, which would make them black letters and numerals on a yellow background. All vehicles will get the same colors for strips except commercial vehicles which will have a distinctive color. Another new angle is that owners of commercial vehicles not licensed will be required on renewals to fill out a special Federal Government form, which is to be turned over to Washington. The purpose of this special form has not been disclosed.

Grouse Season Cut For L. I. Shooters

ALBANY, (AP)—The grouse or partridge season on Long Island was reduced from 62 to 45 days by a Conservation Department order yesterday. Originally set for Nov. 1 through Dec. 24, the season was changed by the Department to Nov. 1 to Dec. 15 on advice of Attorney General's office that the conservation law does not not permit a season longer than 45 days.
