SMITH AND COFFIN SEEK TO REMAIN ON SCHOOL BOARD

President and Trustee of Rye Neck Group Candidates For Re-election BOTH REVEAL DECISION

April 17 Deadline For Petitions; Election Will Be Held On May 3

Everett H. Smith, president of the Rye Neck Board of Education announced today he will be a candidate for reelection to the Board next morning.

George H. Coffin, trustee, whose term is also expiring this Spring, said today that he, too, will be a candidate for reelection.

The annual district meeting will be held May 2, with the election of the new trustees taking place the following day, May 3. Members of the Board choose their own president.

The smaller filing petitions deadline is set for April 17. No petitions have as yet been filed, though Mr. Smith and Mr. Coffin said that petitions are being circulated for them now.

Mr. Smith, a life-long resident of Rye Neck, has been connected with the Metropolitan Life Insurance Company for 24 years. He has two daughters attending the Rye Neck School.

Mr. Coffin, who is connected with the County Trust Company in Mamaroneck, is a resident of Rye Neck for 45 years. His son, George H. Coffin, is a senior in the Bellows High School.

LARCHMONT GETS REDUCED BUDGET, TAX RATE SLASH

Tentative Figures Set Total \$17,412 Below 1938, Rate Cut 10 Cents

A lower 1939-40 tentative budget, calling for a corresponding reduction in the tax rate, will be presented to the Larchmont Village Board on Monday night by Mayor Harry B. Gockler.

The mayor's new budget contemplates a total expenditure of \$467,071, or a reduction of \$17,412 below the present budget of \$484,483.

This will bring a drop of 10 cents per \$100 of assessed valuation to property owners, with the tentative new tax rate being set at \$13.88, as compared to \$14.97 the past year.

The reduction in the new budget was made available through some necessary during the last year which need not be included during 1939-40.

No one department or item outside of the mandatory rates amounting to several thousands of dollars.

NEW LARCHMONT APARTMENT HOUSE TO COST \$300,000

Zoning Board Of Appeals Grants Conditional Permit For Building

WORK STARTS APRIL 15

Three-Story Structure For 54 Families To Go Up On Depot Way

Plans for the construction of a \$300,000 apartment house on Depot Way east of Palmer Avenue in Larchmont were revealed today when it was announced that the Larchmont Zoning Board of Appeals had granted a conditional permit for the project.

The three-story apartment house, which will house 54 families, will be built by the 1815 Palmer Avenue Corporation, project of which is Charles Rambo of New Rochelle, Reuben Herzberg of New York City is architect for the project.

The area in which the apartment is planned is zoned for multiple dwellings, but permission for issuance of the building permit had to be sought from the Zoning Board because the building is to include five stories on the ground floor.

The property is on a short, dropping about 10 feet, and a portion of the basement will, therefore, be raised. On that side, the corner of Depot Way and Palmer Avenue, the building plan to include space for five stories.

It was this variance that the Board granted, conditional upon the builders complying with certain specifications, among them, greater sloping of the roof, which was required.

BROADCAST HALTED AS FUEHRER BEGINS REPLY TO BRITAIN

Germany Fears Re-broadcast To Reich

SHIP LAUNCHED

LONDON, April 1 (AP)—Radio officials said that the broadcast of Chancellor Hitler's speech followed by the British Broadcasting Corporation and the National Broadcasting Company was cut off because of German fears of a rebroadcast to Germany.

The broadcast was interrupted in Germany shortly after the Fuehrer began to speak. The short wave from Wilhelmshaven, from which some German stations were listening also, was shut down two minutes after Hitler began speaking.

There was no interruption in telephone service between Berlin and London, but it was impossible to get from Wilhelmshaven by telephone any further report on Hitler's address.

Chancellor Hitler began his eagerly awaited speech at 5:44 P. M. (11:44 A. M. EST).

German radio, reverberating today from the life and activity, was a short time ago a dead spot nearly everywhere between Berlin and London, without prospect of a future.

The Fuehrer had left the German Broadcasting Station at 5 P. M. (11 A. M. EST) and gone to CHY Hall where the many leaders had an honorary citizenship in the city.

THE YEARS ROLL BACK ON THE PUTNAM DIVISION

Here's the good old J. W. Bowser, of 1871 vintage, as he rolled up the rear wheel of the Putnam Division of the New York Central yesterday, bearing a half-hundred literary lights of the Wednesday Culture Club of New York City to a Friday luncheon at Leighton's Tavern, Ansonia.

More than 1,800 prizes were given out in the seven years the tournament has been in progress, and have gone into nearly as many homes in the county. Only two teams, West secured the county title and victory in trophy with much the same conditions holding true for district champions and night winners.

One year, comparison showed only three teams in the entire county had repeated on the second night, the county intervals but managed to end on a rating note. The rapid changing of the list put the ticker tape several minutes behind floor changes during almost the entire first hour.

IT'S ANYONE'S GAME

For the past three years the American Bridge League has granted national standing to the Westchester Championship Tournament, operated here on May 1. One of the largest tournaments conducted anywhere in the United States and conducted solely by Westchester residents, it represents to contest players what a country-wide golf or tennis event would be in sport circles.

The aim is to pick the best team in each of the 10 districts into which the state is divided, and through the finals, May 22 and 24, the leading pair in the country. In the seven years since it was inaugurated, only two teams have won the country championship twice; they also have few repetitions among district winners. The 1937 event is anyone's game. Complete information and entry applications may be obtained from this newspaper.
