### Times To Observe Labor Day Holiday

The Daily Times will not be published Monday, because of the Labor Day holiday. Banks, savings and loan institutions, municipal offices and public places will be closed Monday. Postoffices in Mamaroneck will deliver mail and carry on their regular business. The village of Mamaroneck will have a drop of \$35,400 in the total amount of \$83,158,721 in the assessment of \$69,919, or from \$83,158,721 to \$82,764,321.

The final 1939 assessment roll for the Town of Mamaroneck, upon which 1460 taxes will be based, has been submitted to Supervisor Bert C. McClintock by Town Tax Assessor James M. Smith. Its total is \$83,158,721, an increase of \$454,146 over the 1938 total of \$82,704,575.

The filing of the roll marks the completion of months of work by Mr. Smith, his staff, and the Town Board of Review. The roll was submitted to the Board of Review on September 1, 1939. The Board of Review is expected to meet on September 11, 1939, to consider the roll.

The assessor added that the new buildings for an increase of \$340,000 in the roll. In addition to this increase in the valuation on special assessments, he added that the total of \$83,158,721 is an increase of \$454,146 over the 1938 total of \$82,704,575.

The assessor also included in this year's roll an assessment of \$75,000 against a piece of water property owned by the Village of Mamaroneck, facing the East Branch of Mamaroneck Harbor. It is being leased by a large company and is therefore subject to taxation.

The registration showed the car was owned by George Eastman of 32 West Street, New York City. Police reported he was absent from his home and was reported visiting out of the city.

Weaver Street police were attempting today to find whether the car had been stolen from Mr. Eastman. In all events, who was driving the machine when it struck the fire hydrant.

Poles Resisting Advance Of foe On Three Fronts, Warsaw Claims

BERLIN (AP)—Adolf Hitler and his advisers are framing an answer to the "final warnings" of Great Britain and France.

German sources intimated that London and Paris had asked whether Germany were ready to cease operations in Poland even now and negotiate.

The communications from Britain and France were delivered to the German Government by the British and French ambassadors here last night.

Invasion Continues  
Meanwhile the Supreme High Command informed the Associated Press that the advance of German troops into Poland was continuing despite Polish resistance and dynamiting of roads and bridges.

The plan's departure time for England was not disclosed. This, the imminent threat of war, was a voluntary act of nearly three weeks into which Windsor plunged for "the man I love."

## Cupid's Trade Booms

Prospects of war, the uncertainty of these troubling times, of whatever the reason, marriages have been on the upgrade in this community during recent weeks.

Dwan Clark Robert D. Payne revealed today that whereas during the month for brides, had only 11 marriage licenses issued by him, July saw 20 issued, and August, 18. Of the 18 issued in August, four were issued prior to Aug. 15, the remaining 14 after mid-month—average of one a day for the period immediately preceding the outbreak of war.

Only one license, however, had been issued in September.

## Garbage Schedule

Garbage collection in the Village of Larchmont will be on every other day, beginning with Monday, it was announced today by Village Engineer Arthur R. Burt.

Collections were made daily during the summer. The "every-other-day" collection, a customary one for the winter months.

## MAPS WAR PLAN

Measures to protect Westchester County in the event of a time emergency were announced by Col. B. Woolley of Larchmont. The preparedness program involving 150 fire companies and nearly 14,000 men will be described in a paper to be introduced by Mr. Woolley at the International Association of Fire Chiefs in San Francisco later this month.

## WARTIME DEFENSE PLAN PREPARED BY COUNTY'S FIREMEN

More Launched To Protect Westchester From Sabotage And War Emergencies

By DICK HARRIS

Protection of Westchester County from sabotage or even from fire in the last World War, he said, is being developed in a far-reaching preparedness program contemplated by the Westchester Fire Chiefs' Emergency Plan.

This was revealed today by Col. B. Woolley of 1430 Arlington Avenue, Larchmont, former first deputy fire chief of the county, and president of the fire chiefs' association, and for the last four years president of the State. The wartime defense program was formulated at a special meeting of the county fire chiefs' association.

The committee was called together last week by Mr. Woolley. The defense program was based upon experience prior to and during the last world war.

At the outset of the last World War, the United States finally entered the conflict, the hazards of the war were and the number of fire and explosion in this country increased. The responsibilities of the fire service when the United States finally entered the conflict, the hazards of the war were and the number of fire and explosion in this country increased.

## Nazi Flyers Attempt Raid On Coast Of England

### FOE REPULSED

LONDON, (AP)—The Ministry of Information announced this afternoon that British anti-aircraft batteries and fighting planes had repulsed enemy bombers which attempted to raid the east coast of England early today.

Along the east coast anti-aircraft batteries opened up with a terrific din. Puffs of smoke from bursting shells filled the sky. Squadrons of British fighters went into the air and the sound of machine-gun fire could be seen here, but the sky was filled with smoke from bursting shells.

## Germans Capture Important City Of Krakow

BERLIN (AP)—The capture by the German army of Krakow, often called "Poland's Heart," because of its history.

Berlin announced capture by the German army of Krakow, often called "Poland's Heart," because of its history.

The German war machine rolled down one valley and up another today toward Warsaw and there were indications the Polish forces, perhaps led by Hitler himself—would be at the gates of the Polish Capital tonight.

The Supreme High command said Krakow had been taken without resistance at noon. Bridges across the Vistula River, it was added, had not been destroyed, though the Poles usually dynamite such approaches as they retreat.

# COMING TO THE TOWN

## Lynch Not Lucky

"Can you men in the rear hear me?" asked Dr. William G. L. Furg, as he opened the community dinner for the Rev. Dr. Robert M. Russell at the Larchmont Shore Club last night.

"No," came a roaring response. "And are you lucky," cried James M. Lynch, who occupied a front row seat.

It was in such an atmosphere of lightness that the farewell dinner was started, and the humorous was carried through by Frank M. Totton, toastmaster, who read out a barrage of say remarks for each formal speaker to pass through.

Dr. Russell himself followed the spirit of the meeting when he observed, in commenting on the affairs of the Larchmont Avenue Church, that he some times thought it would be a good idea for the church to follow the precedent set on the Parkway, and establish toll charges.

## Autos Collide

Automobiles driven by Robert John Helms of 2000 Avenue A, Ohio, and Albert Simkin of New Rochelle, collided at Murray Avenue and Myrtle Boulevard in Town, yesterday afternoon. Only slight damage was done.

## No Crowding, Please

The first payment of the Mamaroneck school district tax among 6,000 property owners were sent bills last night, was made this morning by the tax collector, J. P. M. Mamaroneck, superintendent of the school district.

The bill was paid over the counter at the Town office by Town Receiver of Taxes Henry R. Dillon.

## Pleasant Summons

Pollitment in this vicinity and their guests will gather at 1 P. M. Sunday at Hall's Grove on Old White Plains Road to attend the second annual clam bake to be given by the Police Benevolent Association of the Village of Mamaroneck.

Reservations may be made through any member of the police board of the village. The dinner will be prepared by Officer John Pendergast, president, and Officer John Quinn, general chairman of the association.

## Kay Has Ups, Downs

Stephens Kay of Mamaroneck, whose feat of climbing a chimney speltake, was reported in a recent issue of the Daily Times today that he had recently fallen from a 6-foot diagonal on the Carver Avenue School campus, at Kay Neck.

The wind was blowing hard," said Stephens, "and I was not sure of my footing. I was sort of glad to get down."

## Board To Meet

The Mamaroneck Village Board of Trustees will meet in special session tonight.

Members of the Home Acres Property Owners' Association, as well as other property owners, are expected to be present to again discuss the \$2000 bond issue which has been proposed for submission to a permissive referendum.

## They Get Cigars

Cigars were passed to members of the Mamaroneck Rotary Club today at the Grand Hotel by Mortimer Margolis, in honor of an infant son of the club.

The boy is to be named Arnold.

"The mortality rate among infants," drily commented Rotary District Governor Charles Morris, "is low."

## MANY FLEE BLAZE IN NEW ROCHELLE

### 25 Boarders Routed As Fire In Rooming House Does \$2,000 Damage

Elderly persons were routed from their beds shortly after midnight when fire was discovered in the rooming house and restaurant in New Rochelle which was formerly Drown Lodge. Firemen thought the blaze, believed to have been caused by defective wiring, and controlled it within an hour.

The 16-room edifice at 39 Prospect Street, now known as "The Hearthstone," received considerable water damage and the roof was severely burned. Damage is unofficially estimated at \$2,000.

The house is one of the oldest in New Rochelle, and is now owned by the New Rochelle Fire Company. Fire was discovered simultaneously by Patrolman Thomas White, who turned in an alarm at 12:30 A. M. and by another policeman on traffic duty nearby who was passing the house, rousing the 25 boarders.

Among those fleeing the burning building was Mrs. Martin, widow of the Supreme Court justice. Her dress kept the remainder of the night in the homes of neighbors.

## SLOVAKS CALLED

BRATISLAVA (AP)—The Slovak Government today ordered all citizens from the ages of 16 to 60 into the "service of the state."

## SUTTON TO ENTER REPUBLICAN RACE FOR SUPERVISOR

Larchmont Real Estate Broker Seeks Nomination For Economy Platform

Thomas B. Sutton, real estate broker of Larchmont, will be a candidate for the nomination for Supervisor of the Town of Mamaroneck in the Republican primary on Sept. 19, he announced today.

Supervisor Bert C. McCulloch has already announced that he will again seek the nomination of the Republican Party. Mr. Sutton's announcement today is the first opposition to be raised against the Board of Elections.

He would be a candidate, Mr. Sutton said, because he could use no reason why taxes have increased in this town during the past six years under the present Supervisor while the taxes in adjacent and comparable communities have decreased.

"My reason for agreeing to take the time from my business, if elected supervisor, is that I am familiar with the tax burden now carried by the property owners and see no reason why taxes have increased in this town during the last six years under the present Supervisor while the taxes in adjacent and comparable communities have decreased.

"The high taxes of this town have greatly reduced the value of every taxpayer's property. Lower tax rates mean higher real estate values."

"From the reports I have received, I believe that the members of the Republican Town Committee are aware of the demands of the taxpayers for lower taxes and will endorse me by the office of supervisor. They know the fight I have waged many times over the past 18 years for lower taxes and economy in government."

"I have nominated and elected, I will give the necessary time and make an honest effort to reduce that of this whole town to a minimum where the people of this town will not have to pay any more and if possible the less taxes than adjacent and comparable communities."

"My nomination and election rest solely on the efforts of those who desire to see taxes reduced and real estate values increased by the practice of economy in government."

## 250 Honor Dr. Russell As Man-Citizen, Minister At Stag Farewell Dinner

Men Of Every Faith Pay Tribute To Retiring Larchmont Minister

Two hundred and fifty men of virtually every faith and calling gathered at the Larchmont Shore Club last night to pay tribute to the Rev. Dr. Robert M. Russell, retiring minister of the Larchmont Avenue Church.

Banner by the toastmaster, Francis Totton, and by Dr. Russell himself, reduced the poignancy of the occasion, even though the four main speakers dwelt on the loss the community faces with Dr. Russell's departure.

High point of the evening was the presentation by Mayor Harry E. Coecker of Larchmont, of a clock and banner set to Dr. Russell. He will use it at the ranch school for boys he is founding near Totten, Ariz.

Another was the suggestion made by Dr. Russell, who has organized and assisted in organizing a number of clubs and groups in Larchmont, that the meeting of next night might well be the beginning of an annual meeting of a "few hundred Larchmont men in the interest of good citizenship."

"It is my hope," said Dr. Russell, "that as an outgrowth of this, a few hundred men might get together each Fall and talk over and plan for this community and its welfare."

An optimistic note was sounded by Dr. Russell in commenting on the fact that recent world events may change the outlook for youth in Arizona. He recalled that yesterday was the 25th anniversary of the birth of the Marine, "A Graduate Governor."

"The President," he said, "has issued specific instructions as to our attitude and we should keep the spirit of neutrality. Only God knows what the days ahead hold in the American Legion during the last 25 years has meant much to us here. I know that not one of you would want your son to undergo the same hardships ever in exchange for such fellowship."

Dr. Russell said, "A most gracious gesture of you men to get here for me. I've enjoyed my associations in this community. I've felt that I've grown up with you."

## BREUNICH FAILS TO QUALIFY FOR DISTRICT LEADER

Candidate For G. O. P. Leader Disqualified By Neglecting To Register

John Breunich, candidate for district leader of the Republican party in the Tenth District of the Town of Mamaroneck, is not qualified as a candidate, it was revealed today by Carl J. Noe, deputy commissioner with the Board of Elections in White Plains.

The Board of Elections has no record of Mr. Breunich having registered last year. Mr. Noe said.

Notice was received by him, Mr. Noe said, of Mr. Breunich's change of residence from the Ninth to the Tenth District. Although giving notice of a change in his residence, Mr. Breunich had not provided the Board with proof of his registration in the Ninth District.

"Mr. Breunich's name will nevertheless appear on the ballot in the Tenth District on Primary Day, Sept. 19, Mr. Noe said. No one had filed a candidate by the deadline, Aug. 22, which would have prevented the candidate's name from appearing on the ballot—once the Board of Elections had investigated the situation.

"If he should be elected, however, he will not be qualified to serve on the committee," Mr. Noe said. "The remaining members of the committee will have to declare the position vacant and fill it by appointment."

## SUGAR AND MEAT PRICES MOVE UP IN LOCAL SHOPS

Stores Limit Customers To Five Pounds Of Sugar; Profiteering Blamed

WASHINGTON (AP)—Dr. Joshua Bernhardt, chief of the sugar section of the Agricultural Department, said today there was no shortage of sugar in this country.

He said, instead, that there was an actual surplus.

Sales of sugar were limited in Mamaroneck, Larchmont and other Westchester communities today as deliveries dwindled and prices moved up apparently under the speculation of men under British control.

In the confusion of soaring prices sugar, meat, beans and other commodities were being sold in some places at widely varying marks by stores in the same block.

Increased prices in sugar, meat, lard, butter, eggs, flour and similar staples were noted in all stores throughout Mamaroneck and Larchmont. Only vegetables remained virtually unchanged in price.

Housewives going into Mamaroneck and Larchmont stores yesterday afternoon and the morning were startled to find that sugar was being limited to five pounds per customer and that the price has been going up since Tuesday.

Five pounds of sugar sold for 25 cents Tuesday and today, five pounds were generally quoted at 30 cents. In self-service markets, sugar was no longer on an open counter, but was being parcelled out to customers by a clerk.

Confession sugar was limited to two pounds per customer, and brown sugar, one pound per customer.

This community was not alone, however, in facing the problem. In New Rochelle most stores reported.

## WINDSORS TO END THREE-YEAR EXILE

Duke And Duchess Plan To Leave Tomorrow For Return To London

CANNES, FRANCE (AP)—A spokesman for the Duke and Duchess of Windsor announced today that they would leave tomorrow for London, ending almost three years of exile for the former king of England.

The exact time of the couple's departure and the route they will take will be kept secret, it was said.

The spokesman said the Duke and Duchess originally decided to return to England last Saturday and summoned a private pilot to return to their residence. The spokesman said the Duke and Duchess were waiting for the pilot to arrive and were being escorted by their own plane.

In the ensuing five days they have been seeking means of transportation.

## WAR BRIEFS

### British Forces Move Up To Join In French Drive

AID HASTENED

PARIS, (AP)—British reinforcements were moving up today to join French forces reported officially already to have advanced on German soil.

The French and British general staffs were in consultation to coordinate their forces.

Premier Daladier, who also is France's war minister, conferred for an hour today with General Maurice Gustave Ganselin, commander of all French forces and probable Generalissimo of combined British-French land forces.

This morning's Communiqué No. 7 from the War Ministry indicated the Germans are offering stiff resistance on the Western Front. The British Expeditionary Force, which was brought into France since early this week, is expected to be in position to throw its weight into battle within a few days.

Leading of the British force was disclosed by government sources today. The size of the unit, whose arrival recalled the first British Expeditionary Force in August 1914, was not given, nor was the post and time of debarkation.

But it was the vanguard of an army that, government sources predicted, could give France "millions of men under British discipline laws, contributing 'infinitely stronger' support than in 1914.

British observers said Britain had 100,000 troops available for rapid transportation to France where they would be ready to help the British dispatch of troops was far better than in 1914, when the Germans were already overrunning France and Belgium before they arrived.

"Twenty-five years ago this week the British Expeditionary Force arrived after the arrival of the British."

### Polish Garrison At Westerplatte Sunders

FIERCE FIGHT ON

German troops today could see the smoke of Warsaw, 20 miles away.

The German high command in Berlin said the East Prussian force had probably advanced even closer but Warsaw said the stubborn Polish defenders were holding the invaders at bay. The Polish force, which was held in the vicinity of the Polish garrison at Westerplatte, was expected to make its first stand at a "Barricade of the Marne." The Germans said they had reached the Warsaw River, a tributary of the Vistula.

The advance in the south, considered more dangerous to the Polish cause, into the "Industrial Belt" did not appear to have crossed the Krakow-Kielce Road, 50 miles from the Vistula.

On the eastern front British motorized forces were rushed from the Polish coast to the Baltic coast beyond Verdun, where French and British forces were holding the east bank of the Moselle River. The channel ports to the Baltic coast had been closed since the first concrete machine gun pillboxes of the German offensive had been built in the vicinity of the east bank of the Moselle River. The British and German forces in the region had been ordered to fight on the eastern front.

The British Ambassador at Rome conferred with Count Ciano on Mussolini's latest plan to propose peace after the conquest of Poland and the London Times referred to Prime Minister Chamberlain's expression that Hitlerism must be destroyed by forecasting that the allies would continue to fight until the Germans had been driven from Poland.

Three more submarines today were attempting to abandon her in eight lifelines, the submarine officer declared it was destroyed or killed, killing one man and wounding another.

### ROOSEVELT ADDS THREE TO CABINET

Administration Also Moves To Crush Activities Of Foreign Spies

WASHINGTON (AP)—President Roosevelt today enlarged his cabinet for the duration of the emergency, to include the administrators of loans, works and security.

At the same time the government moved swiftly to crush activities of foreign spies within the nation's borders, while an augmented Naval and Coast Guard fleet steamed the Atlantic seaboard to protect American shipping.

Enlargement of the cabinet was announced in connection with a Cabinet meeting called for today instead of tomorrow because the President hopes to leave sometime tomorrow for his Hyde Park, N. Y., home.

In addition to the regular 16 cabinet members, the President attended this afternoon's session were: Joseph P. Kamp, loan administrator, and John M. Carnahan, work administrator.

At the same time, Stephen Dyer, White House press secretary, said the President had "no immediate plans" on calling Congress into a special session to consider the Neutrality Act and for the present would study and explore the operations of the arms embargo and other measures of the present emergency.

In another move connected with the war situation in Europe, the State Department today announced that it would send an emergency advisory commission to the appointment of three economic advisers.

## WAR BRIEFS

### 128 SUB VICTIMS MISSING

GLASGOW, Scotland (AP)—Officers of the British liner Athenia, sunk Sunday night off the Scottish Coast with 1418 persons aboard, reported today that 128 persons were dead or missing.

The Donaldson Atlantic Line, however, still held slight hope that the death toll might be reduced. It pointed out that there was the possibility that outward bound vessels not equipped with radio beacons had picked up some survivors.

### NEW YORK (AP)—The U. S. Navy

Manhattan, largest American ship to dock here since the outbreak of war in Europe, arrived today with 247 persons aboard, nearly 500 more than her usual capacity. The number included 272 officers and crew. All the public rooms nearly all other available space were filled with coin.

Among the passengers were Postmaster General James A. Farley.

### WAR CREDITS PERMITTED

WASHINGTON (AP)—President Roosevelt today making possible the sale of government-owned commercial credits and short-term obligations to belligerents.

The chief executive specified that these credits and obligations must be "in aid of legal transactions and of a character customarily used in normal peacetime commercial transactions."

### BRITISH FREIGHTER SUNK

BRITAIN (AP)—The 7240-ton British freighter Manar was sunk last night off Portugal. Survivors declared it was torpedoed by a submarine, and early this morning at her crew of 81 had not been accounted for. At least three were killed and three wounded.

Survivors said that the Manar, bound for Calcutta, from Liverpool, was torpedoed without warning and that while the ship was attempting to abandon her in eight lifelines, the submarine officer declared it was destroyed or killed, killing one man and wounding another.

## 33 Win Reductions

Thirty-three grievances of 79 filed with the Rye Town Board of Tax Review by property owners in the Rye Neck section resulted in the Board reducing property valuations totaling \$47,800 it learned today.

Reductions totaling approximately \$317,700 were granted by the Board on 137 of the 428 appeals on which 1940 assessment protests were filed some months ago, according to Assessor Halley J. Munson.

The 33 grievances coming from Rye Neck were among the 137 reduced throughout the township.

## Injured in Fall

Dan M. Harris of 122 Larchmont Avenue, Larchmont, suffered concussion of the knees when he tripped and fell over a hole struck adjacent to the sidewalk on Palmer Avenue near the Larchmont Truck Company yesterday.

The hole was being dug by Joseph A. Trossel of M. Trossel, Inc., between an oil company truck and the oil storage tanks beneath the bank.

## Masons Meet Friday

The Larchmont Masonic Club will hold its first meeting at the Municipal Building in Larchmont at 4:30 P. M. tomorrow, it was announced today by President John Brennan.

A headline in The Daily Times yesterday had stated that the meeting was to be on Sept. 30.

## Barbecue Planned

Men prominent in Republican circles in the State and County will be present at the barbecue to be given Sunday afternoon at the home of Mrs. J. W. Taylor, 1000 E. 11th St., in the Village of Larchmont. The barbecue will be given by the Young Men's Republican Club of Rye Neck, State and county leaders, as well as local civic leaders.

The barbecue was announced by President Jacob Holland at the Village of Larchmont in the Army Hall last night.

The committee in charge will meet Saturday afternoon at the home of George D. Perseke, assistant manager of the Larchmont Club, to prepare the menu and similar details. The committee includes Anthony Sanoja, J. S. Sanoja, V. Malinowski, Mr. Holland, Ed Donnelly and Jack Swartz.

That the project may get underway by next month is the hope of Larchmont Village Engineer Arthur Richards, the engineer in charge.

## Successor to Cronin May Be Selected Until After Primary

No decision has yet been reached by city and town leaders of the Democratic Party as to the successor to Chairman William Cronin, in Yonkers, who resigned a month ago. It was learned authoritatively today.

Joseph Morahan, executive secretary of the Democratic County Committee, said no call had been sent out for a meeting of the committee, to select Mr. Cronin's successor and doubt if any would be made before the primary election, Sept. 18, at which time a new county committee selection.

Mr. Cronin's successor will be elected at the reorganization meeting of the county committee, required under state law to be held within 30 days of the primary election. As to a believed leader will have 20 days of the chairman before that time, however.

Edward J. Murray, Yonkers commissioner of public works and Democratic leader of that city, continually has been the name most frequently mentioned as a likely successor during the past few weeks. Mr. Murray is not particularly anxious for the honor and is willing to step aside if a leader can find another man acceptable.

Mr. Cronin resigned as a result of passage of the Federal Hatch Act, prohibiting active political participation by federal office-holders.

## NO FEDERAL AID NOW AVAILABLE FOR INCINERATOR

Hope for FWA Grant To Build Joint Larchmont-Town Plant Fades

## NO FUND APPROPRIATED

Municipalities Must Now Finance Full \$130,000 Cost Of Project

Hope for a federal grant to aid in the construction of the proposed Mamaroneck-Larchmont joint garbage incinerator apparently vanished today when Mayor Harry E. Gockler of Larchmont received notice from Public Works Administration officials in Washington, D. C., that no funds were available for the project.

What will be done by Town of Mamaroneck and Larchmont officials now remains to be seen. When the \$130,000 plant was first proposed, it was believed that the Federal Government would take a large share of the cost from the two municipalities.

The FWA officials told Mayor Gockler that while Congress has approved the project, it had appropriated no funds to carry out a vast amount of projects approved by the FWA office at Washington returned the application and other documents, and notified Mayor Gockler it was "closing its files" in the case.

The FWA officials said that the federal government would have appropriated \$130,000, leaving the two municipalities to share in the balance.

The joint garbage district committee, composed of Mayor Gockler and Supervisor Bert C. McCulloch will meet early next week, Mayor Gockler said. It will be held at the home of Mayor Gockler, at his meeting next Monday night.

The Town Board meets on Wednesday at 8 o'clock in the Town Office. The municipalities have already purchased for \$14,000 a site upon which the proposed incinerator will be located. It had employed Henry W. Taylor, consulting engineer who designed the Mamaroneck incinerator, to draw plans and specifications for the joint plant.

The first snag struck by the two municipalities was on Mr. Taylor's design, which called for the erection of expensive retaining walls around the plant, the purchase of an additional acre of land for \$2,000 to provide for the approach.

The Village Board wanted the land purchase, the Town Board objected to any further purchase of land.

Whether the two Boards would be inclined to share equally the total cost of \$130,000 cannot be known at this time, both municipalities do not agree, other considerations to be worked out.

The joint committee has drawn plans and specifications already drawn by Mr. Taylor.

## Price Increase Ranging From Bathing To Food Reported Here

Gasoline gained a fraction of a cent as price at filling stations in this vicinity and elsewhere today.

The wholesale price increased three-eighths of a cent to four-tenths of a cent. Some grocers were adding a tiny fraction, in some instances, to make up for the low prices that have prevailed recently.

Fuel oil had also increased one-fourth of a cent, both wholesale and retail. Householders who must soon lay in supplies for the winter watched the growing price apprehensively.

The increases were partly attributed to the European war. The war, however, was blamed for price increases on a widely varied assortment of articles. One retailer in Mamaroneck even reported that women's lingerie had risen in price. He discovered the price when he prepared to lay in a stock and approach wholesalers. Increases in many other and other plumbing supplies to foods were also reported.

Restrictions on purchases of supplies were lifted in Mamaroneck, Larchmont and elsewhere in this vicinity as huge quantities of relief quantities to the relief.

The price, however, remained virtually the same, approximately one cent per pound, as against the peak high eight cents during the "shortage" in 1918. The six-cent price was higher, however, than the price before the "shortage."

## Nazi Planes Bomb Poland's Weary Refugees

## 100,000 FLEEING

## BY DANIEL DE LUCE

SMIATNY, POLAND (By Courier to Budapest), Sept. 14—Weary refugees, trudging along the main highways of Southeastern Poland today, reported they were under continual fire of German planes using bombs and machine-guns.

They said every train, railroad station, bridge and automobile in the area was an easy and potential target of the swarming aerial invaders.

It was estimated that at least 100,000 Poles, moving mostly toward the Russian border, were fleeing Poland's war-wracked countryside against the odds.

By communications disrupted, making coverage impossible, it was estimated in foreign circles that civilian casualties in scattered towns and cities were being reported daily.

Ferocious coming from the countryside as it did could see blazed homes, burning factories, churches, schools and long lines of bodies of men, women and children.

The frontier itself was not safe. One actually crossed into Rumania yesterday, on the Polish side, already has been taken prisoner by a German plane. At the Railway Station on the frontier was photographed by two low-flying bombers which were within 500 feet of the ground, calmly ignoring the anti-aircraft fire.

Police fighting planes based in a woods somewhere in the vicinity were attempting to protect the border crossing.

The Police say the German onslaught has been speeded by a vast network of spies using hidden microphones to inform Nazi military of Polish "secrets."

Moves on the other hand are severely handicapped in maintaining connections between staff headquarters and front-line units. Virtually the only means of communication now existing is by courier planes being shot down, sneaking back between German raids.

I was able to leave the besieged city of Siatny, Poland, in the British Consul Middleton when the consulate departed. I left Siatny in a German plane, high with parcels from the British Consul.

We were subjected to air raids all day long the dusty chukchuked road was smoky, heavy-bombing village we passed through had been bombed. Outside the picture-orchard while two German bombers swooped over the railway station.

Two bombs fell with ear-shattering explosion. Five minutes later when we passed through the main artery of the town we saw bombs had struck peasant houses on each side, missing the railroad station by 100 yards. Five bodies lay under a hail-fallen fire.

Reports of whether the slow-moving Polish Army is able to stem the German advance, I do not know.

Bombing from the air for 14 days and battered by artillery during the past week, Lower is a giant force. A vast group, said to be nearly by flames from burning oil refineries, make a grim mockery of air raid precautions.

Other fires are being in many sections of the city. Shattered aqueducts have emptied the reservoirs, and rain has been washed away and efforts to quench the fires with sand and pumps are ineffective.

A food shortage, the danger of plague and the horror of bombing attacks have reduced the number of residents to a state of panic. Over all hovers the fear that the German forces will enter the city at any moment.

Many prisoners of war, held in the city, have been driven to the camps, discharging their duties.

Not only military but also private cars have been machine-gunned. As frequently along the highway, automobiles and trucks are being shot down.

## Capital Rejoices As Rain Begins To Fall

## GDYNIA FALLS

(By The Associated Press) Poles' prayers for rain were reported answered today as Germans' motorized columns rolled steadily deeper into Polish territory.

Poland has counted on "General Mud" as its ally to bog down Germany's mechanized forces. A Warsaw dispatch to Budapest said heavy Autumn rains had begun falling and the populace of beleaguered Warsaw was rejoicing.

But the German high command reported Warsaw encircled, Lublin cut off from Warsaw and a third force advancing an Bzura (Brest-Horovk), 110 miles east of Warsaw. In further sources in Berlin also said the Polish port of Gdynia had fallen.

Both Paris and Berlin reported heavy German artillery fire on the Western Front. The French said both sides had to fall back under the barrage. French military dispatches said French forces were closing in on three sides of Starnowice, industrial center of the Ruhr Saar Basin. The Berlin communique asserted they were being stopped by minefields and German troops.

Radio broadcasts from Warsaw indicated that the Polish capital still was withstanding the German attacks, but was a half-circled.

The 450-ton British ship Vancouver City radiated it had been ordered to leave Gdynia. The liner President Roosevelt was also ordered to leave Gdynia. A Dutch tanker and an airplane.

War in the Air Following British Foreign Secretary Lord Halifax' declaration yesterday that any German bombing of undefended cities would be treated as a war crime, Great Britain moved cautiously toward releasing the full power of her war machine and two other Polish cities.

Gdynia Surrenders BERLIN (AP)—Surrender of the Polish port of Gdynia after a two-weeks' siege was announced today by the German High Command. The Polish Commander surrendered the city at 10:35 A. M. "North of Gdynia fighting is still going on."

A communique which told of advances in Poland said 60,000 prisoners had been captured and showed the eastern forces were entering on three main maneuvers.

1. Encircling Warsaw completely.

2. Cutting off Lublin from Warsaw to prevent such government officials as may still be at Lublin from reaching the south; and

3. Advancing with east Prussian divisions upon Brest. (Strasburg) 110 miles east of Warsaw.

PARIS (AP)—French forces, supported by thousands of newly landed British troops, reported today in military dispatches to be closing in from three sides on Starnowice, industrial center of the Ruhr Saar Basin.

Seizure of the reports indicated, was considered vital to the French high command's plan for a wider attack against the heavily fortified city of Gdynia. Indications the Poles were being hard pressed by concentrated German artillery fire came in an official war communique.

LONDON (AP)—Prime Minister Chamberlain yesterday in the House of Commons today that if Germany bombed civilians in Poland it would strengthen the resolve of Britain and he allies to "ensure the military war we are now fighting is finally resolved."

The Prime Minister reiterated the statement yesterday by Foreign Secretary Lord Halifax that Britain would take "appropriate action" if Germany bombed civilians.

WASHINGTON (AP)—President Roosevelt limited strongly today that he hoped to limit legislation at the special session of Congress to revision of the Neutrality Law. Asked at his press conference whether he planned to request anti-profiteering legislation he said he did not expect to. He told reporters that he would not make a request for a deficiency appropriation bill for war risk insurance legislation.

The chief executive continued to expect that Congress would receive his message on neutrality at the special session. He said he had not yet determined whether to send it to the Capitol or deliver it personally.

At the same time, the President declared no plans had ever been considered for the government in Washington that could be removed connected with the possibility of our getting into the war abroad.

When the President requested a presidential definition of territorial waters of the United States, Mr. Roosevelt said the limit was as far as our interests need to go out. Checking, he added that that was a hot one of the hat and no one ever before had defined territorial waters that way.

A reporter asked whether those waters, under his definition "reached to the things."

Mr. Roosevelt chuckled and said he was talking about salt.

General Electric President Chosen As Successor To W. J. Wallin

Grand Swope of Yorktown, president of the General Electric Company, was this morning elected president of the Westchester County Board of Park Commissioners at a meeting held at the Hotel Hamilton in Yorktown, where he returned from the commission last January.

In its reorganization meeting in New York, which was held in the afternoon, the commission selected Valentine E. Mary, Swope's vice-president, and also provided for the first time in the commission's history another vice-president. This was elected Evans Ward, Port Chester, son of the late William L. Ward.

Harry Patzer, New Rochelle, who went on the commission last September to fill the unexpired term of the late Arthur W. Lawrence, was elected treasurer of the commission, a position which has been held for the last two years by Henry R. Barrett, White Plains. Mr. Barrett was reappointed to the commission for another term last Monday, but because of ill health has not been able to attend meetings since then.

## This Bird To Fly South By Airliner

ROCKFORD, MASS. (AP)—This is the last of a humming bird that will fly South in style for the winter.

Lewis F. Whitney, jewelry maker, said today that he has a humming bird which he believes he will take with him on his return to New York, but it is not clear whether he will take it with him on the way to New York or on the way back to New York.

## WATER REVENUES EXCEED ESTIMATE, JOINT BOARD TOLD

Operating Costs Also Below Anticipated Amount, Auditor's Report For Six Months Shows

Revenues for the Westchester Joint Water Works District were slightly in excess of the amount anticipated by the budget, while expenses were slightly less, it was revealed to the joint board last night by Thomas Hoehn, auditor, reporting on the six-months operation, ending June 30 last.

Revenues during the six-month period, Mr. Hoehn said, amount to \$153,300, as against an estimate of \$145,439. The operating expenses amounted to \$55,620, against an anticipated sum of \$56,300.

The surplus between the operating expenses and the revenue are returned to the three participating communities, the Town of Harrison, the Village of Mamaroneck and the Village of Mount Vernon, which are the constituent sections of the Town of Mamaroneck. These funds are used to retire water bonds.

The amounts to be returned to the three communities in excess of the amount estimated to meet the needs of the six months recently ended will be slightly in excess of the amount estimated to meet the needs of the six months recently ended.

The purpose of the annual meeting was to outline the work for the balance of this year and 1940, with emphasis on a high character of management of property.

John Matlock of White Plains, was re-elected vice-president and Edward Hurling of Mount Vernon, and Harry D. Cole of Mount Vernon were re-elected to the positions of treasurer and secretary, respectively.

## Heat Wave Brings Joy To Midwest

CHICAGO (AP)—The Midwest's September heat wave caused much rejoicing today but it came from a different source than the usual relief from the heat.

The Chicago Board of Education officials in seven states set up a committee to study the heat wave and its effect on the health of school children.

The committee is expected to report its findings to the board of education in a few days.

The heat wave is expected to continue for several more days.

# COMING TO THE TOWN

## Night School Opens

Evening school in the Mamaronck-Larchmont school district will begin at 7:30 P. M. tonight at the Mamaronck Senior High School on Palmer Avenue.

A sufficient number has already registered to establish several classes, and registration tonight is expected to result in other classes being developed, according to T. James Ahern, principal.

Three classes are being established in English for the foreign-born—most of whom are taking English to qualify for citizenship papers. Others will be established in stenography, bookkeeping, and shorthand.

There is still room for more students in art, architecture, evening, public speaking, business courses, radio repair and auto mechanics. A class in interior decorating is assured.

The more students must indicate a desire to form a class before an establishment.

## Candidates Endorsed

Anthony Santoro and Mrs. Mary Costa candidates for the Town Republican Committee in the First District, were endorsed at a rally held Saturday night at the home of Mrs. Catherine Walker in the First District.

The gathering also endorsed the candidacy of Thomas Stangor, candidate for commissioner in the Second District. Miss Hattie Morris served as chairman of the meeting. Among the speakers were Andrew Prettigiani, Mrs. Allen, Mrs. Miller, Mrs. Hill and Mrs. Walker.

## Chamber To Meet

The Mamaronck Chamber of Commerce will hold its first Fall meeting at 8:30 P. M. at the Playhouse office Building on Mamaronck Avenue, it was announced today by E. J. DiStasio, president, and Barney Easton, secretary.

The meeting will be held in the business will be made. All members were urged to attend.

## Thieves Take Pearls

Thieves who entered two apartments in the Poppleton Hotel last Saturday night apparently escaped with little of value.

Entrance was gained through windows opening on the roof of the adjoining garage.

Mr. and Mrs. Ben Fineman reported that a string of pearls valued at \$20 were taken from their apartment. Nothing was missing from the dresser, from the wardrobe, from the jewelry box, from the safe, from the trunk, from the chest, from the drawers, from the bureau, from the contents strewn over the floor.

A number of articles of semi-precious value, however, were not taken.

Detectives William O'Neill and Samuel Bryant checked both apartments for fingerprints on other clues to the intruders.

## 100 Attend Rally

Approximately 100 members of the First and Second Districts attended the rally held Sunday afternoon at 400 Mamaronck Avenue.

Anthony Santoro and Mrs. Mary Costa of the First District, and Thomas Stangor of the Second District, all candidates for election with the Town Republican Committee.

Donato DiVito served as chairman of the rally. He stressed the conviction that Mamaronck and both districts are "capable of handling their own affairs without meddling from outsiders." Mr. Santoro reviewed his reasons for "breaking" with the White Russian Party and incumbent Republican leader in the First District.

## Dimando Appointed

James F. Dimando of 3 Crown Court, Village, has been named by his appointment as assistant vice chairman of the North District of the Young Men's Republican Clubs of the State of New York.

Alexis Ray of Cold Spring, in Dutchess County, is chairman of the district, which includes Westchester, Dutchess, Putnam, Greenvale and Rockland Counties. Mrs. Thomas F. Healy of White Plains is vice-chairman, and Mr. Dimando now becomes assistant vice-chairman.

Mr. Dimando is Mamaronck-Larchmont member of the county organization's Board of Directors.

## Named Sergeant

The appointment of Charles R. Pattenback, Class of 1940, son of Mr. and Mrs. Alexander M. Pattenback of 169 Elm Garden Road, Town of Mamaronck, to the position of sergeant, has been announced by Brigadier General Jay L. Benedict, superintendent. The appointment went into effect Aug. 28.

Brig. Gen. Benedict also announced the appointment of Cadet Rowland M. Goodwin, Class of 1941, son of Mrs. Goodwin of Fort Borden, N. T., to the grade of lieutenant.

## Dr. Russell Sells Home In Larchmont

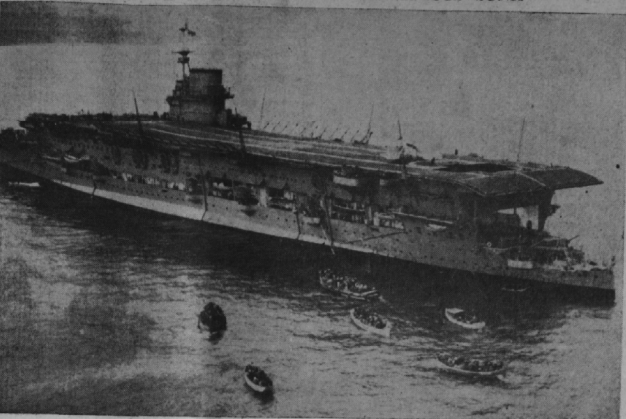

A twelve-room English style dwelling at 7 Princes Place, Larchmont, recently owned by the Rev. Dr. Robert M. Russell, retired pastor of the Larchmont Episcopal Church, was purchased last week by Mrs. W. Watson, president of Diesel Engine, Inc., and wife and publisher of Diesel magazine.

Carol B. Low was the attorney for the seller. The Watsons, The Corporation represented the buyer.

## BRITISH AIRCRAFT CARRIER "COURAGEOUS" SUNK

The British Aircraft Carrier *Courageous* has been sunk by a German submarine, the British Admiralty announced. Survivors were picked up by destroyers and merchant ships but it is believed that most of the crew was lost. There was no indication of where the *Courageous* was sunk. This photo shows the ill-fated ship as she lay off Yorkshire, England, recently.

## COUNTY DECLINES AUTO CLUB OFFER TO SPEED APPEAL

Officials, However, Will Go Along With State On Toll Test Case

Westchester County declined today to accept the offer of the Automobile Club of New York for an agreement of facts on which appeal of Hutchinson River Parkway tolls may be carried to the Appellate Division of Supreme Court.

Instead, County Attorney William A. Davidson and County Executive William F. Bleakley said they would go to the higher court on an agreed state of facts prepared last week by Attorney General John J. Bennett. Final preparation of this state of facts to conform to non-controversial points on which both sides of the legal issue are in agreement will be made today.

The action to enforce Westchester from collection of the Parkway tolls was brought by the Automobile Club with the State of New York entering later as an amicus curiae. In the Supreme Court Justice L. P. Davis held the tolls legal but a subsequent motion before the Appellate Division led to an order requiring the toll revenues and requiring the county to give a receipt for each dime toll collected.

The appeal now under consideration is that of the Automobile Club and the State from Justice Davis' decision. It is expected to go to the Appellate Division next month and then to the Court of Appeals.

Meanwhile, the County continued to collect substantial sums at toll stations on the Hutchinson River Parkway. The total number of vehicles passing through the station in September for the last week was 14,145, lower than in any of the preceding three weeks but still sufficient to cheer the officials as to the station's earning power.

The first week's total was 16,877, the second was 172,985 and the third was 172,621. The fourth week was explained as a due to the close of the Summer season.

Receipts for the four weeks to date are \$62,897, representing in cash \$64,897 which the County has collected and held subject to court orders pending final adjudication in the legality of the tolls.

## Post No. 90 Installs Staff; County Officers Attend

Dr. Burr Serves As Master Of Ceremonies At Legion Installation

Prominent officials of the American Legion gathered at the Armory Hall on Dutchess Avenue Saturday night to attend the installation ceremonies for Commander James Bayles and his staff of officers.

Mr. Bayles was unable to be present due to the death of his mother. He will be installed at a special ceremony Sept. 28. Mr. Bayles succeeds Commander Maxey H. Connors.

A turkey dinner was served, prior to the installation, with members of the Junior auxiliary serving the refreshments. Officers and members of both units enjoyed a dance afterwards.

Dr. Samuel E. Burr, new superintendent of Rye Neck Schools, who is still department commander in the State of Delaware, served as master of ceremonies for the installation. Among the officers assisting were Commander Joseph T. Kammeyer and Assistant Vice-Commanders Arthur J. Reed and Frank J. Penell.

Lloyd Rice, John Nelson and A. J. Kammeyer were installed as officers; Harry T. Lebert, an finance officer; Robert Hutchinson, adjutant; Claude A. Lattimer, chaplain.

The new executive committee includes retiring Commander Connor, Charles Guglielmo, Anthony LaManna, Claude Connelly, C. Meale, Edmund T. Lowery and Frew T. Wilson.

## WEATHER SMILES ON GOP BARBECUE

Perfect weather prevailed yesterday for the annual barbecue held at Hall's Grove on Old White Plains Road by the Young Men's Republican Club of Rye Neck. A large crowd attended.

Best prepared ever barbecue was by William Morris, assisted by J. Santoro, Robert Harriott and Edward J. Donnelly, who served, garlanded with a paper hat prepared by Anthony Santoro. Corn on the cob, ham, hard shell clams and other delicacies also were served.

Jack Holland, president of the club, was general chairman. He was assisted by Robert Montgomery, Vic Malinowski, George D. Persech, Serafino Santoro, Joseph Paulucci, Fred Santoro and others.

Horseback, sailing, contest, with Supervisor Frederick G. Schmidt, Town of Rye Councilman Edward J. Kahn, Mayor James T. Corrigan, Village Engineer Claude A. Lattimer and others participating, were held during the afternoon. A softball game was also played.

## RECEIVE WITHDRAWALS BONDS

WASHINGTON, (AP)—The German Government assets withdrawn at today of a reparation statement for \$74,000,000 worth of foreign bonds, which the Securities Commission had questioned.

## LEGION OFFICIALS GREET INCOMING OFFICERS OF LOCAL POST

Local and Westchester County officials of the American Legion were present at the installation dinner given by the Mamaronck Post in the Armory Legion, for James Bayles, the new commander, and his staff for the coming year. Mr. Bayles was unable to be present because of the death of his mother, and will be installed at special ceremonies Sept. 28. Left to right in the above photo are Irving A. Weiner, post commander and chairman of the dinner committee; Commander Maxey H. Connors, outgoing commander; Dr. Samuel E. Burr, department commander of the State of Delaware; Arthur J. Reed, finance officer; Joseph T. Kammeyer, committee chairman, and Joseph T. Kammeyer, committee chairman.

## ROOSEVELT CALLS LONDON AND KNOX INTO CONFERENCE

Republican Leaders To Exchange Views With President On Neutrality Issue

WASHINGTON, (AP)—President Roosevelt has invited former Governor Al L. Landon of Kansas and Frank Knox of Chicago—the titular heads of the Republican Party side of the House—into the White House today to discuss with the President the neutrality issue.

Stephen T. Early, a presidential secretary, said Mr. Roosevelt had telephoned last night and said that he had accepted the invitation with "entire satisfaction." Early described the President as being "very happy in their acceptance."

Early said Rep. Major R. M. La Follette, ranking minority member of the House Rules and Interstate Commerce Committee, also had been asked to the meeting and that the list of those attending probably would be complete.

The President arranged for the conference a day before Congress meets in special session to consider the neutrality issue, in order to get an exchange of views among bipartisan leaders in the national legislature. The addition of Landon and Knox, which went outside of Congress, was understood to be in the nature of further attempts to bury partisanship and politics during the present crisis.

## WARSHIP BATTLE RESUMES

BERLIN, (AP)—DNI (German official news agency) reported tonight the German military effort to force Warsaw to surrender had been resumed after failure of Polish city's inhabitants.

The Admiralty's announcement of the loss of the *Courageous* was understood to be the first of a series of "ragged" reports of the British submarine warfare.

On Sept. 17, the first and largest of the six British merchant ships have been announced as victims of the British submarine warfare.

The *Courageous* was the first and largest of the six British merchant ships to be sunk by a German submarine.

# REMAIN BORDER TOWNS SEIZED AS RUSSIANS PUSH INTO POLAND; BRITISH AIRCRAFT CARRIER SUNK

## Reich U-Boat Sends First Warship To Bottom

LONDON (AP)—The British Admiralty announced officially today the loss of the Aircraft Carrier *Courageous* "by enemy submarine action"—the first warship casualty of the war reported by Britain.

An undetermined number of seamen and 100 of the 22,500-ton warship were saved.

The Ministry of Information in an authorized statement said the Reich U-boat which sank the *Courageous* was "about 1,200 officers and men." The submarine was a "large, complement of aircraft and therefore presumably a somewhat small 'cruiser'."

The Admiralty said the usual aircraft complement of 45 planes had been reduced since August.

The brief official announcement in reporting this blow to the fleet said that destroyers "heavily attacked" the submarine which for a period the *Courageous* and were believed to have damaged it.

There was no indication where the *Courageous* was sunk, but presumably she was attacked in sea lanes close to home waters either in the Atlantic or North Sea.

"Since the opening of hostilities she had been performing very good service in protecting ships of the mercantile marine against U-boat attacks," the Admiralty said.

"Presumably this great U-boat attack," the Admiralty said, "both in carrying merchant ships and in carrying aircraft to attack submarines from the air."

Jane's fighting ships, authoritative work on world fleets, described the *Courageous* as a converted cruiser of 22,500 tons (25,000 gross full load). She originally was of the *Albatross* class.

First built in February, 1915, Jane's figures showed her to be the oldest, but one of the largest of the six British warcraft used as aircraft carriers.

Jane's gave her thickest armor plating as three inches on her sides and amidships.

The Admiralty's announcement of the loss of the *Courageous* came two weeks after the world learned that the British liner *Athens* had been sunk by a torpedo in the first hours of war between Germany and Great Britain.

Since the hostilities began on Sept. 3, 24 British merchant ships have been announced as victims of the British submarine warfare.

On Sept. 17, the first and largest of the six British merchant ships to be sunk by a German submarine.

## WAR BRIEFS

WARSAW RADIO SILENT

BERLIN (AP)—Warsaw's fate was unknown here today as the Polish capital's lone radio station, her last contact with the outside world, remained silent throughout the night of Sept. 17.

Until now the "air's veil" signal has been sound night-long at 30-second intervals to a listening accompaniment of sibilant, sibilant and announcements that the city still was holding out against the German besiegers.

FOUR AMERICANS RESCUED

FLUSHING, The Netherlands (AP)—The terror of 36 hours in a open boat hung today over four American survivors of the Norwegian freighter *Runda*, sunk by a mine off the Northern Coast of the Netherlands with a loss of 17 lives. Two Americans and 15 members of the crew went down with the ship.

The survivors, exhausted by their ordeal, told of the hours of horror preceding their rescue by the Italian Ship *Providenza*, which brought them here.

THE FRONT'S TODAY

SEA—British Aircraft Carrier *Courageous* sunk by German submarine; unknown number of crew of *Courageous* rescued.

EAST—Russians take Wilno, drive along Rumanian border into German-occupied Poland, Parts silent on Soviet move.

WEST—Germans recapture the Eastern Frontiers and give ground near Saarbrücken.

ROME—At London, Frank Knox accept President Roosevelt's invitation to White House conference on neutrality Wednesday.

The Russian Bear today squeezed a beaten and deserted Poland in a grip of steel.

Soviet troops penetrated the Eastern Frontiers as much as 90 miles, taking Wilno near the Lithuanian border on the north and Zaleszczyki bordering Rumania in the South.

From the last point a Russian column moved to meet a German mechanized force which had appeared down the Diester River to within 45 miles of the Rumanian border.

There was silence in official British and French quarters on the Russian move, 36 hours after it began.

Just as escape for the remnants of the Polish Army and government had been closed as the Russians and Germans drew to the Polish border.

Ahead of them large bodies of Polish troops and scores of airplanes followed government leaders into Rumania where they sought shelter from the German advance.

From Bucharest the Polish leaders might go to London to set up a provisional government. Berlin announced Germany was waiting for the surrender of Warsaw municipality. The Polish capital was surrounded as was Lwow. About 100,000 Polish soldiers were trapped west of Warsaw, according to Berlin. After the fall of Kutso, other divisions were hemmed in by the German advance. The Polish movement far to the east which took Brest-Litovsk and Lublin and met along the White Russian boundary.

Reports gathered in Switzerland said the French had gained ground in the West. German troops from the Maginot Line, both had been thrown back east of Saarbrücken, which they have been trying to encircle.

The main action on the Western Front after the French reported stopping two strong counterattacks in the Saar by reinforced German troops.

Through the silence in London Paris it was reported both capitals had foreseen the Russian advance.

The British noted their latest aircraft carrier *Courageous* in an engagement with a German submarine. Many of the crew of more than 1,000 were reported lost. It was the first allied warship to be sunk in the present war and brought the total of vessels to 28. Sixteen of these were sunk in the 1914-18 war.

Britain announced the "campaign" in Poland is nearing an end and means units of air force, troops and artillery have been drawn together and stand ready for service elsewhere.

BORDER TOWNS SEIZED

BERLIN, (AP)—It was reported here today that the Russian Army, striking swiftly since its entry into Poland yesterday, had captured the border towns of Zaleszczyki, Lublin and Brest-Litovsk in Poland.

German forces had advanced toward Wladaw Grzybowol, to leave Moscow in protest against the Soviet march into Polish territory.

BUFFER STATE FORECAST

MOSCOW (AP)—The red armies of Soviet Russia were reported to be in war-weakened Poland from the East today as diplomatic circles predicted the buffer state would be divided again between its two invaders.

The Red Army's advance was reported to be a constant narrowing wedge between Russian and German troops, with reports of armistice in the European War would be proposed as a result.

## COAL PRICES DISE FOR SHARP RISE

Grocery Cost's Now Believed Stabilized; Meat Prices Dropping

With grocery prices apparently stabilized and meat costs dropping, coal dealers indicated today that a sharp increase in fuel prices seems imminent.

A definite jump in coal prices is expected by Oct. 1, they said, when the costs may increase more than 11 per cent. The possible rise has been attributed to new conditions, normally a seasonal increase of approximately 50 cents per ton now in effect about July 1, and a second similar increase is made on Aug. or Sept. 1, the dealers said. These seasonal jumps have not been noted in the past year, they pointed out, but it is believed that the increase expected this year will be more than the seasonal jump.

The possibility was reported of an additional price increase about Oct. 1, making the total increase for the season probably more than \$1.50 per ton.

Fuel prices, which jumped a quarter of a cent a gallon last week, could remain stable, or at least until January, dealers predicted.

Meanwhile, grocery and meat dealers reported that their prices have leveled off or dropped since the end of the summer. During 20 days ago, they believed, prices would be a precise commodity to be done out naturally, as new plentiful, with wholesalers and jobbers filling orders for the retail merchants regularly.

## McGrath Re-elected

H. F. McGrath, president of the Real Estate Board of Larchmont, Inc., was re-elected to that position last night at a meeting in the Board rooms at 123 Larchmont Avenue.

Elected also were Fred F. Krich, vice-president; Mrs. Minnyett Hill, secretary; Eugene Riviere, treasurer; and Percy M. Blass, Corneille Van Buren and Mrs. Mildred Sanford, members of the board of directors.

Mr. McGrath also becomes a director of the Westchester County Real Estate Board and will assume chairmanship of the county commission's appraisal board.

Owen A. Mandeville, Town councilman, was welcomed as a member last night. Mr. Mandeville, Mr. Riviere reported on the state convention at Sagamore Hotel, Lehigh, Pa., held last week. The Larchmont unit planned a close cooperation with the New Rochelle and Mamaroneck chapters of the realty board.

## Tree Bears Figs

Mr. and Mrs. Thomas Forte, who have yet to file their claim for growing the largest watermelon in this and adjacent counties, modest in relating their horticultural achievements, for among other out-of-the-way plants they have cultivated is a fig tree.

The Forte fig tree, at present yielding its fruit in copious quantities and more than 100 feet in height, has filtered through the Daily Times office attesting its quality. Mr. Forte dug a trench around the tree in the excavations and covered with a blanket of leaves for the winter months.

Mr. Forte says he has been growing figs in addition to a grape vine, but at this time of the year figs are their forte.

## WPA Fund Granted

An appropriation of \$16,337 for an extraordinary session of Congress in Larchmont Village has been made by the Works Progress Administration. Rep. Ralph A. Gamble informed Larchmont officials.

The money will be used, Village Engineer Arthur Richards said, in the equipment of the building for a parking project, which is being completed next Wednesday.

A new project to pave Harrison Drive, Hartung and Wilson Streets, Dean Place and Larchmont Avenue will be started next week, he said.

The WPA also will be used to erect a concrete bridge over the creek, which is complete except for the paving of one long block on Rockwood Drive.

## Installation Set

James Bayles, now commander of the Mamaroneck Post No. 40 American Legion, will be installed in office at 8 P. M. at the American Legion, it was announced today by Adjutant Robert Hutchinson.

County Commander Joseph T. Conner, and members of the Post staff will officiate. Adjutant Hutchinson urged all members to attend.

## ALL STARS TO USE ISLAND GRID FIELD

### Park Commission Grants Team Permission To Play Games There

Permission to use the football field at Harbor Island this fall was granted to the Mamaroneck All-Stars football team last night by the Village Park Commission, meeting at the home of its chairman, James A. Gillies, of Oriana Point.

The Dodgers football team had also applied for permission to use the park, but Carl Dillon, manager, last night notified the Park Commission that the request was to be withdrawn due to the inability of the outfit to organize a team and make a coach.

The permission to the Park Commission definitely established the fact that Mamaroneck will be represented by but one professional team this fall.

Conferring with Mr. Gillies, former Mayor William H. Johnson and James Stuart, members of the Park Commission, last night was John O'Neill, representing the All-Stars.

The organization is to present a schedule of games to the commission. Any open dates will be available to "senior" or high school teams. Such teams may arrange single engagements with Capt. W. L. Gledhill, superintendent, at the Island.

Any long schedule, however, cannot be arranged with the Park Commission, which has an excellent outlook as to extending the season. Mr. Gillies commented in announcing the commission's decision. Most of the organization's games are to be played at the Island.

## ASKS FOR PEACE GUARANTEE

**DOBS TO ASK GOP DESIGNATION FOR TOWN COUNCILMAN**

Larchmont Leader To Oppose Incumbent Councilman Edward C. Griffin

**COMMITTEE MEETS TODAY**

Young Republicans Rally To Support Of Associate; Sentiment Evenly Divided

EDWARD C. DOBS, Republican committee chairman in the Sixth District, announced today that he had been asked to be a candidate for the designation as councilman from the Town Republican Committee, which is to meet tonight to prepare for the Fall election.

"Dobs, I'm a candidate," he said in response to an inquiry from The Daily Times, "if the committee sees fit to designate me, I'm willing to run."

At a meeting of the Young Republicans held last night, the committee was evenly divided in its support of Mr. Dobs, himself a young Republican. Approximately half of the Town Republican Committee is composed of young Republicans.

The Young Republican Club of Larchmont and Mamaroneck.

They said it is expected, after the committee's designation of Edward C. Griffin as councilman, and Larchmont representative on the Town Board. Mr. Griffin has announced that he, too, is seeking the committee's designation.

Mr. Griffin comes from Larchmont. Councilman Edward C. Bales from the Village of Mamaroneck, and Supervisor Bert C. McCulloch from the Village of Pleasantville and the Town of Pleasantville and the Town of Pleasantville.

Mr. Dobs is the only representative of the young Republican groups on the Board. It is expected that the committee will be evenly divided in its support of Mr. Dobs, himself a young Republican.

## Blot Opposing Arms Ban Repeal Claims 35 Votes

**SPURN TAXPAYER GROUPS, GARDEN ASSOCIATION TOLD**

Glass, Tait And Bridges Support President In Attacking Embargo

WASHINGTON (AP)—Two delegations of anti-arms embargo opponents began digging in today for a conclusive battle over President Roosevelt's renewed appeal to scrap the arms embargo and substitute a "cash-and-carry" system under international law.

Led by 33-year-old Hiram Johnson, R., Calif., 24 Senators quickly organized a bloc to oppose the sale of arms to warring nations, on the ground that it would be likely to force the United States into the European conflict.

Senator La Follette, Prag., Wis., speaking for the group, said it would fight repeal of the embargo from well to breakfast. Senator McCarran, D., Nev., added that the opponents believe they now control 35 or 37 votes and hoped to increase their strength during the debate.

On the other hand, confidence of ultimate victory was expressed by supporters of the President, who included some Republicans and "old line" Democrats as well as new Dealers.

Mr. Haining, Mr. Roosevelt's solemn speech to Congress yesterday as charging the entire course of the nation in the present emergency, they arranged strategy conferences at the White House and the Capitol.

Their aim, leaders said, was to fill the session to neutrality legislation, obtain action in two or three weeks, and adjourn. Senate and House leaders of both parties would stage, at the beginning of the session, to consult with him on policy until the regular session begins in January.

Senator Glass, D., Va., who sometimes has opposed administration policies, gave his support to the President on this issue, calling his speech "very conclusive" and conferring with him at the White House.

Repeal of the embargo also was advocated by Senators Tait, R., Va., assistant minority leader, Senator Bridges, R., W. Va., an active White House.

"I am glad the President initiated this debate," Mr. Tait said. "It is a mistake to believe that Congress made a mistake in passing it."

## Funk Wants To Die For Right Definition

**NEW YORK (AP)**—As Congress starts to debate neutrality, Dr. Wilfred Funk, veteran dictionary maker, proposed today the definition of such terms as "neutral," "impartial," "nonpartisan," "neutralism," "nonpartisanism," "neutralism" and "impartialism," etc., be understood and agreed upon.

Dr. Funk said he had written his book "Funk's Living Language" in 1937. He said he had written his book "Funk's Living Language" in 1937. He said he had written his book "Funk's Living Language" in 1937.

## Submarines Seen Off Coast of U. S.

**Roosevelt Reports One Sighted Off Boston, Other Off Southern Alaska**

WASHINGTON (AP)—President Roosevelt disclosed today that submarines, which he said were not identified but had been sighted in waters off Southern Alaska and off Boston.

The submarines were not American, Mr. Roosevelt said, and they were sighted by ships at sea. He declined to disclose the specific source of the government's information, but said those sources were perfectly reliable.

The submarine in the Pacific, Mr. Roosevelt asserted, was off the southern boundary of Alaska, 50 to 70 miles from the southern tip of Nova Scotia, halfway between here and Nantucket Shoals.

Asked whether the government's neutrality patrol was in the vicinity of the submarines, Mr. Roosevelt said he had no information on that point.

A hunter nearby carried the message to the coast guard.

All the dead had the young faces and youthful figures of college students.

No one attempted to claim the bodies.

At the Albatross Callescu was found in a raised state in an open coffin, his body cradled in a Bismarckian flag. There was a single spray of red flowers.

The funeral officer will be given to Sunday morning when the body will be taken to Argos for burial.

Mourners passed by the coffin today in a steady stream, the line extending far into the street.

## Crew Mutinies On Polish Ship

**Yonkers Police** at the direction of the Polish General Consul this afternoon boarded the Polish Motorship Batory in the Hudson River at Yonkers, and relieved the captain of his command. The captain had reported a mutiny.

Police Captain Henry S. Murray said he had boarded the ship, which took about a neutral mooring here on the Hudson River. The ship was "taken over" by the police.

The admiral ordered the liner placed on a Canadian port, to be taken to Halifax, and take on supplies for England.

Mr. Murray's ship, the Eustacy Borkowski, reported to Polish Consul General in New York City that many crew members of 300 refused to make the trip.

Dr. Grunski ordered the police to board the liner. They relieved Captain Borkowski and turned the command over to First Officer Franzek Szudowski.

## RUSSIA FORCES RETIRE TO RETIRE 75 MILES IN CONQUERED POLAND

**Soviet And Germany Draw Up New Boundaries**

**FRENCH PUSH ON**

Russia forced Germany today to retire an average of 75 miles westward in conquered Poland.

Thousands of members of the Fascist Iron Guard were executed in powder-king Rumania.

The Senate isolationist bloc counted set up, Russia-German military arms embargo was neutralized in America.

Berlin announced after a German military mission conferred in Moscow with Soviet Army chiefs on new boundaries in Poland that Nazi troops would be withdrawn to the north-south line of the Pines, Mares, Vistula and San Rivers. This line is from 60 to 100 miles from the area dominated by German maps which appeared so suddenly after the German occupation of Western Poland.

The German marker line ran from Halykow to Street-Lovok, Lower and the Dolzner River to the Hungarian border. It was considered the Polish buffer state will be limited to the area dominated by German staff talks are continuing in Moscow.

Warsaw will be held by Germany. There was no news from Warsaw today either of capitulation or final conquest, except a Berlin broadcast that the German saw defenders last night and a Berlin broadcast that the German saw defenders last night and a Berlin broadcast that the German saw defenders last night.

## Rumania Slays Thousands Of Pro-Nazi Iron Guards

**NEW PREMIER**      **Nation Exacts Heavy Price To Avenge Assassination Of Premier**

BUCHAREST (AP)—Thousands were reported executed today in Rumania's virtual military dictatorship exacted a heavy blood-price from the pro-Nazi Iron Guard for the assassination of Premier Almand Callescu.

Reliable sources said thousands of members of the outlawed Iron Guard had been taken from concentration camps throughout the country and shot to death to avenge yesterday's killing of the premier, who was an implacable foe of the guard.

These sources also said that some women had been shot.

It was announced officially that 41 Iron Guards were executed today in the Mauthausen Concentration Camp while 32 were shot by firing squads at Pravara.

Mass executions were said to be continuing.

Reliable sources said a minimum of three Iron Guard members were being taken from each of Rumania's 72 administrative districts for the firing squad.

The daily newspaper, "The People's Voice," reported that Gen. George Argescu, "tough disciplinarian" of 56 and a friend of Callescu's. Officers expected Argescu to follow Callescu's advocacy of closer Rumanian economic cooperation with Great Britain and France.

Rumanians watched the situation nervously as Germany, who sends Rumanian oil and Soviet Russia, who sees former Russian territory a part of Rumania, drove their troops further into Poland north of Rumania.

One of the questions raised earlier was whether it was more than a coincidence that Callescu was slain while German and Russian troops were moving in the north.

Blatant hatreds had sprang up between the German and Soviet main staffs provided grisly evidence of the government's preference for Callescu's assassination yesterday.

Around the top-off, oblong areas, under a dreary sky, hawkers were selling cakes and beer and cold drinks to a wide-eyed stream of Rumanians come to see an object lesson in civil punishment.

A hunter nearby carried the message to the coast guard.

All the dead had the young faces and youthful figures of college students.

No one attempted to claim the bodies.

At the Albatross Callescu was found in a raised state in an open coffin, his body cradled in a Bismarckian flag. There was a single spray of red flowers.

The funeral officer will be given to Sunday morning when the body will be taken to Argos for burial.

Mourners passed by the coffin today in a steady stream, the line extending far into the street.

This map shows activities on the steps of the German-French treaty of war as the plan progressed yesterday. The French army was threatening approaches of Zvolbruck while patrols clashed with Germans near Saarbruecken. This is believed by military observers to be the prelude to a major German offensive. The Saar, Mandel, Bies and Bickenbach Rivers split the sector into three natural rectangles, all of which Nazis have been feeling out daily. At any time the curtain may rise on the second act of the new European war.

## WAR BRIEFS

**NO BRITISH ELECTIONS**  
LONDON (AP)—The British Press Association reported tonight that representatives of Britain's principal political parties had agreed there would be no parliamentary or municipal elections while the war continues. Before the war began it had been expected a general election would be held in November.

**WINSDOR IN UNIFORM**  
LONDON (AP)—Major General George Windsor was photographed in uniform today for the first time since his return to his country to help his country. Military regulations did not prevent the Duke's usual distinctive touch. He wore no regulation shoes. His gas helmet was equipped with a whirling instead of the black one. As Major General he receives army pay roughly equivalent to \$2,000 daily.

**TURKISH-SOVIET PACT SEEN**  
ISTANBUL (AP)—Authoritative sources said today that a Turkish-Soviet Russian mutual assistance pact would be concluded by Foreign Minister Sukru Saracoglu, who now is en route to Moscow.

The pact was expected to be signed in Ankara. It was expected to reinforce Turkey's position in the Dardanelles and to assure safeguarding the Balkans from the conquest by "unfriendly power."

**POLES HURRY DEAD**  
LONDON (AP)—The number of Polish soldiers and officers, routed by the German and Soviet Russian invasions, was started today here on Hungarian soil. Meanwhile, German units consolidated their occupation of frontier points. As fighting Poles moved down one side of the Carpathians the conquerors of Poland climbed the other toward the strategic border passes.

## BRITISH TAKE PRISONERS

**LONDON (AP)**—A Ministry of Information spokesman today said a number of German officers were arrested at a prison camp in England yesterday. Other prisoners also were taken to another camp.

No numbers were given.

It was recalled that Prime Minister Chamberlain told the House of Commons Sept. 15 that some prisoners had been taken in British hands since the start of the war.

A government announcement described a victory for Royal Air Force planes on Wednesday. The British reported that a German plane was shot down several miles from the Western Front.

This was the first official intimation that British planes on the Western Front had taken the offensive in any form other than reconnaissance flights.

Recently a member of the Ottawa Club, Mr. Edward Watson, Jr., son of Ex-Mayor Watson of Larchmont, was killed in the foot while visiting Canada. Mr. Watson was a member of the Ottawa Club and while in the club he contacted the Ottawa Club and thanked the members for his kindness. George Wright and Dr. David Sloan were co-chairmen of the committee appointed to write the Canadian club.

Rolfstein Dr. J. E. Bell, of Liberty, Texas, and David Varriner, of Cass, Maine, were guests of yesterday's meeting.

Ford Anderson presided and Fred F. Kitch, chairman of the program committee, introduced Mr. Shuter.

### Little, Big Noise

Salvatore Colloredo, Keyport, N. J. truck driver, heard an unusual noise coming from his truck as he was driving along W. Hill Road near Dean Place in Larchmont at 11:50 P. M. yesterday.

He stopped the truck, started to climb down from the cab to investigate, and heard an even louder noise. It was the sound of an automobile crashing into the rear end of his truck.

Albert E. Ridgeway of 111 Franklin Avenue, New Rochelle, driver of the automobile, was in the area when the crash occurred. He was taken to New Rochelle Hospital by Officer William Adams, later was released to police.

No charges were brought by police.

There are approximately 100 members in Larchmont and Mamaroneck, and among the charter members are Richard W. Hill, Edgar Reynolds, Munn Brewer, Emil O. Malinquet and Lester Harrison.

### Fire Damages Car

Village volunteer fire responded to two fire alarms yesterday.

One was a 3:40 P. M. when a sedan owned by Simone Bittermann of New York City caught fire at the Village Square. Bittermann, Esq. and How Company extinguished the flames before much damage was done.

The other alarm was at 8:20 P. M. when the chimney of a home at 84 Hill Street, Orienta Point, owned by Mrs. Wagner, began smoking. All companies responded and extinguished the blaze around the chimney with but slight damage.

### RESCUE ATTEMPT

### FATAL TO WOMAN

Annie Clegg, 61, lost her life early today when she rushed back into her burning home to rescue her aged father. Firemen carried him out safely a few minutes later.

Fire broke out in the Clegg home at a second Avenue, North Puhon at 5:40 A. M. Miss Clegg, her brother Eugene, 36, her father, John Clegg, 78 and Arthur Giesler, 21, a roomer were aroused after neighbors called in the fire.

Miss Clegg, her brother and the roomer all rushed to the second floor of the house, believing that all the residents had been awakened.

Miss Clegg spotted her father first and breaking away from neighbors who attempted to restrain her, she ran back into the burning building. Despite the smoke she managed to break through the fire and run up the stairs, the ceiling on the second floor landing.

Meanwhile, firemen placed a ladder against the front of the house and easily carried Mr. Clegg from his room.

Town Committee Schedules Caucus For Selection of Election Ticket

Designation of candidates for the Republican caucus on Thursday next week was postponed until Monday night by the Town Republican Committee, meeting last night in Larchmont.

The postponement was decided upon by Burton C. Molnar, Jr., who had just been re-elected chairman, by the majority of the committee, which met again at 8:30 P. M. Monday night.

The Town Democratic Committee, meanwhile, announced today that the party's caucus will be held at 8:30 P. M. Monday, Oct. 2, in the Weaver Street Firehouse auditorium. The announcement was made by Edward P. Quinn, chairman, and Miss Ann H. O'Connor, secretary, of the Democratic committee.

At a meeting of the Republican Committee last night, John P. M. Schroeder, Fourth District leader, and one of 18 members from point of view in the committee, was named temporary chairman, and Robert D. Payne, Third District leader, was named temporary secretary.

Mr. Meinhan was then nominated permanent chairman and the nomination was carried. Mrs. Lottie C. Dillon, of the 14th District, was then elected vice-chairman of the committee.

Before a caucus was called to order, Mr. Meinhan was called upon to make the opening address. He stated that rather than a caucus, the committee would postpone until Monday night.

The committee is to designate a candidate for supervisor, two candidates for councilmen, one for town clerk, one for justice of the peace and one for school director.

Thomas B. Dixon, Larchmont, an active state broker, is opposing the designation and nomination of Donald H. Drobo, Sixth District leader, as supervisor. He would seek the designation for councilman, opposing Councilman Edward C. Griffin, the incumbent.

No opposition has been expressed to the committee expected designation of Councilman George W. MacLean, of the 14th District, as justice of the peace. Charles M. Baxter, Jr., of the 14th District, is expected to meet the latter position.

The Democratic caucus will be held today at Miss Helen Eklund, vice-chairman. A caucus of the members of the committee in favor of the application were former Mayor and former County Judge Walter G. C. Otto of New Rochelle, who smugly remarked that at present it is necessary for him to be almost a taxi driver because of lack of transportation in the area where he resides; Stanley Church, Democratic candidate for justice of the peace; and Superintendent of schools at 100 of New Rochelle.

### German People Favor Hitler, Dislike Roosevelt, Local Traveler Reports

By BOB RICHELSON

Despite many stories to the contrary, the people of Germany are in favor of Adolf Hitler, James O. Johnson, Jr., of Stonewall Apartments, Town, told a Daily Times reporter last night at his home. Mr. Johnson, who returned Tuesday on the S. Warren Harding after more than two months of traveling through Europe, said that the reason for Hitler's popularity in his own country is that Germans are more prosperous now than when he assumed command six years ago.

"I was impressed with the apparent prosperity in Germany," Mr. Johnson, a graduate of Yale University and more recently a Yale Law School student, "Everybody is working and any unemployment is put into the army," he said.

Asked if he was conscious of being watched when traveling through Germany with a friend, Mr. Johnson stated "we had no feeling of being watched." In fact, he revealed, the people were particularly friendly to Americans. Mr. Johnson said he was seen throughout Germany, the young lawyer said.

The Town of Mamaroneck resident stated he was going to get and of Germany because he was fed up with the situation in this country. While in the country, Mr. Johnson, who is traveling with his traveling companion, to Munich, Germany, Mr. Johnson stated he was seen throughout Germany, the young lawyer said.

# MOTOR PLANT REPORTED RUINED IN AIR ATTACKS; FRENCH GUNS BOMBARD MAMARONECK, SIEGERED LINE

## West Front Springs To Life As Rattle Rages

DRESDEN (AP)—French troops struck at German positions in the Harz Mountains today under cover of heavy fire by artillery which French dispatches said was bombarding main fortifications of Germany's Siegfried Line.

The entire Western Front sprang to life, military advisers said, shells screamed across the Rhine for the first time since the first two days of the war. The Siegfried and Maginot lines are separated only by the river along the southern half of the German-French frontier.

French troops were snuffing at the Harz Mountain road which winds through some of the most rugged terrain of the Western Front. A continuation of the Younger Range, the Harz cover a 20-mile sector between the German town of Pirmasens and French Wissemburg.

Apparently the French believed they had found a weak spot in Germany's fortifications where they had depended on rugged country as a protection.

Heavy French batteries, the dispatches said, were dropping large caliber shells on the West Wall casemates in an effort to blast German defenders from their positions in the heavily fortified zone.

German guns replied to the bombardment it was said, but the French declared the Nazi artillery was failing to make direct hits on advanced French positions.

Most of the artillery action was reported centered south of the German town of Saarbrücken and along the Lousy River, where the Maginot and Siegfried Lines are closest.

Dispatches said Sunday night was comparatively quiet along the entire front as the Germans failed to renew assaults which have been hampering during the past few days.

Earlier, the French, taking advantage of the lull in German attacks it was said, examined the initiative at several points to consolidate positions and thwart Nazi preparations for attack.

French dispatches said the German Forest in the east, and that fighting occurred near the German town of Saarbrücken, Zweibrücken, Pirmasens and Haguenau.

"Communications issued in Berlin said that the German High Command had sent eight French planes had been shot down."

A morning communique reported "local improvement" in French positions. German artillery was said to have been active in the area southeast of Zweibrücken.

HEAVY FRENCH ARTILLERY DESTROYED AT FRENCH BARRIERS

SEATTLE (AP)—Warfare's tide ebbed for days as the Polish capital's last link with the outside world was cut by German bombers again last night to describe a new German bombardment an aircraft said had killed more than 1,000 civilians.

Apparently local danger announcements continued to hurt challenges at the besieging Nazis and give encouragement to the city's civilian population.

ESTONIA TALKS OPENED (Continued On Page Three)

MOSCOW (AP)—Soviet Russia, with her position virtually strengthened in the first week of the war, opened commercial and diplomatic talks today with her northern neighbor, Estonia. Details of conversations between Soviet officials and Estonia's Foreign Minister Carl Salter were not disclosed, but significance was attached to the fact that a Turkish envoy would come here shortly after the arrival of Salter.

BOMBING DENIED (Continued On Page Three)

BERLIN (AP)—DNK, German official news agency, tonight quoted the high command as stating that the British had been shot down and fired upon over Lake Constance in the vicinity of the Friedrichshafen Zeppelin base. This report said that the planes had fallen to both air objects in Germany and that they had been shot down over the lake.

The high command earlier, in comment on foreign reports that warplanes raided Friedrichshafen last night, had said that the planes had been shot down.

NAVAL BATTLE HEARD IN NORTH SEA OFF NORWAY

8-HOUR FIGHT

SEA—Running naval battle reported off British coast in North Sea south of Bergen, Norway, continuing heard for eight hours. Germans claim submarine sinking of British destroyer.

WEST—Swiss observers say Allied bombers destroy huge Friedrichshafen in two raids; dispatches to Paris report British artillery bombardment of main Siegfried lines from Wissemburg, infantry following into Harz Mountains toward Landau.

EAST—Warsaw holds out, streets "ringing with sound"; Russian advance west of Bag River, pushing Germans back; Moscow begins commercial talks with Estonia, now Turin.

HOME—Senate Foreign Relations Committee delays neutrality legislation; supervisor Taylor reminds Harrison Legionnaires not to forget blood spilled in last war; Harrison meeting by open band meeting.

Big Maginot guns pounded main Siegfried Line forts at the Rhine Frontier elbow; they then French infantry drove into the Harz Mountains across the river to the West wall across the river to Karlsruhe.

Heavy canonading for eight hours in the North Sea off Norway brought reports of a major naval battle.

Swiss reported Allied bombers destroyed two large German air-planes factories at Lieke Constance, the French Air Force attacked the main factory which had been under attack for several days until Saturday.

Swiss observers, looking from five miles across the border lake toward Friedrichshafen, Germany, saw two Zeppelins converted into one of Germany's biggest airplane factories. A branch plant at Muzell, three miles up the lake, also was destroyed. A branch plant at Muzell, three miles up the lake, also was destroyed.
