Sen. Johnson Urges Roosevelt Be Given Free Hand To Work For Peace SEES HOPE TO END WAR But Majority Leader Asks For Withdrawal Of Democrat's Move

WASHINGTON (AP)—The Senate leadership blocked temporarily today an effort by Sen. Johnson, D., Colo., to recess the chamber to give President Roosevelt a free hand to work for European peace. ## NAZIS SEE PEACE

Berlin (AP)—In line with one of Adolf Hitler's declarations in his Reichstag speech of last Friday, Germany today worked on plans for negotiation with the smaller Baltic states for immediate transfer of German-blood residents to some section of the Reich.

The chief difficulty appeared to be the question of how to reconvert German for property, especially real estate, that they would leave behind and how to effect the transfer of their capital assets without embarrassing the states on the one hand and Germany on the other.

## Police School Here

J. Edgar Hoover, director of the Federal Bureau of Investigation, suggested in a letter read to the Village board of trustees last night that Detective Louis Gianola, who recently was graduated from the FBI National Police Academy, be permitted to start a school for officers here.

Since another officer in Westchester graduated with the local detective, it might be possible to form a county-wide FBI school, with headquarters here, Trustee Santoro suggested.

## BREWER ASSAILS EKLUND'S CRY OF NON-PARTISANSHIP

Democratic Stand Called 'Futile Strategy To Cover Lack Of Real Issue'

CAMPAIGN HEAD REPLIES

Urges Rejection of G. O. P. Candidates Because of Their 'Proven Worth'

The "cry of non-partisanship" is a "futile strategy to cover the lack of a real issue," Mrs. Brewer, Republican campaign manager in the Town of Mamaroneck election Nov. 7, declared today in answer to William M. Eklund, Democratic Town chairman.

Mr. Eklund, announcing his party would advance no candidate in a closed corporation operating under organized political partisanship, said yesterday the present Town Board is "a closed corporation operating under organized political partisanship."

"I have read with interest the statement of the Democratic chairman on the subject of his party to nominate a candidate for supervisor and councilman in the present Town Board is 'a closed corporation operating under organized political partisanship.'"

"The American theory of government is built upon the two-party system and as Republicans feel it to be their duty to present a full slate and be responsible for the conduct of our elected officials. To refuse to endorse or recommend yet to fall to oppose seems anomalous to us. We are somewhat at a loss to know whom the opposition would see in the offices which they neglect."

"The statement that the Town Board is in the position of a closed corporation is answered by the fact that over 2,500 Republicans participated in the primary designating the candidates for reelection."

"The cry of non-partisanship is strictly local in extent and is never used by Democrats in office. It is a futile strategy to cover the lack of a real issue."

"We strongly urge the reelection of the Republican candidates not wholly because they are Republicans but because of their proven worth in office. And this campaign is a stepping stone to greater things in 1940."

"The matter has been under advisement for over four months," Hemphill, representative to the annual dinner of the Summer City Club in Queens.

"In the meantime, Mr. Gehrig has read about all the reports spoke on the six burgers of a on parole that have been published and several works on the subject. I have had several conversations with him, and the final safety that hunger will whatever appears before him," Mr. Ahlstrom.

NEW YORK (AP)—Mayor LaGuardia today appointed Leo Gehrig of the Town of Mamaroneck, former New York Yankee star-baseball player, to a city parole commissioner.

"The appointment for a term of slightly more than 10 years, carries a salary of \$6,000 less a current 5 per cent pay cut."

"The commission is a five-member board headed by the police and Larchmont, vice president, George correction commissioner, ex-officio, with three members appointed by the mayor."

"The matter has been under advisement for over four months," Hemphill, representative to the annual dinner of the Summer City Club in Queens.

## DISEASE FOUND AT LOW EBB IN LOCAL SCHOOLS

No Contagious Cases Reported For September; Enrollment Totals 4,019

Contagious diseases were at zero in all Mamaroneck and Larchmont schools in September, Mr. William H. Conway, medical inspector for the school district, reported to the Board of Education last night.

No such cases were reported during the month, a comparatively rare record for the school district.

Dr. Conway gave a report on a detailed form he has devised for the American Association of State Highway Officials today to go on record as opposed to "highway tolls of every kind and nature."

"Such barriers on highway transportation at state lines, he said, can only lead to 'misunderstanding, discontent, anger and even, in extreme cases, to war.'"

MRS. MACROBERT OPENS CAMPAIGN FOR COUNCILMAN

Representation By Minority Party On Town Board Urged By Democratic Nominee

Representation of the minority party on the Mamaroneck Town Board will be one of the main appeals of Mrs. M. M. MacRobert, Democratic nominee for councilman, as revealed in her first speech of the Fall campaign, delivered before the Larchmont Democratic Club in the Weaver Street Firehouse last night.

A concentration of party effort on the candidacy of Mrs. MacRobert was indicated in talks made by William M. Eklund, Town Democratic chairman, and Harry B. Kurrok, Democratic nominee for justice of peace, who developed most of his remarks to the club through the press that Scandinavian conflict.

"I have no quarrel with anyone. You all know how I have stood in the past for efficient economic government from the city, calling up armed forces and crying through the press that Scandinavian solidarity would meet Russian forces."

## BRITAIN SENDS 15,000

LONDON (AP)—War Secretary Leslie Hore-Belisha today told the House of Commons that Britain had sent an expeditionary force of 15,000 men to France during the last five weeks of the war.

Just before Hore-Belisha spoke, the House of Commons was told that the balance now held in Britain's war chest is about \$1,000,000,000.

"From Sept. 24 to Oct. 9 we have lost by about action \$300,000,000 and we have taken from the enemy 1,000,000 tons of material."

"I did not feel I have the qualifications to make a successful member of the Town Board. I would not be standing before you now."

"I have an active, vigorous Town Democratic Committee. We have an appeal that cannot be ignored by the electorate. I think Mr. Kurrok declared he felt honored to be on the same ticket with 'such an able, energetic, intelligent woman as Mrs. MacRobert.' There is a sufficient variety of problems on the Town Board to utilize the viewpoint she can bring to it."

"As to his own candidacy, Mr. Kurrok declared that it was 'question of having a bipartisan ticket' and pointed out that the two Town justices of the peace and the two village police justices are Republicans."

"Announcing that headquarters will be opened shortly in Larchmont and in Mamaroneck, Town Chairman Eklund declared 'We mean business.' Even if the party's original ticket, with a candidate for supervisor, had been elected, it would not have brought a majority on the Board, Mr. Eklund said.

"With no candidate for supervisor, the party's efforts will be devoted entirely to Mrs. MacRobert and Mr. Kurrok, he said. It is 'quite possible' he said, 'that Mrs. MacRobert will cast into the air the question of a bipartisan ticket.'"

GREENWICH, CONN.—Summer Bogart, 41 Drake Road, Scarsdale, was killed today when an airplane struck a tree and crashed while making a force landing on the James Warburg estate, Bedford Road.

Bogart crashed just beyond the 13th hole of the Tamarack course on Friday the 13th. He was just being taken to the clubhouse to provide county airport, projected to be provided for pilots in trouble over Westchester.

Bogart was a son of Dr. Elias H. Bogart, with an office at 29 East 42nd Street, New York. He was 32 and a licensed pilot.

The pilot who had been handling Bogart for several years took a plane from Westchester Airport, Armonk, shortly after 10:30 this morning.

Plans got into trouble over the Tamarack Country Club when Bogart prepared to bring it down. He was in a tree and the wreckage caught in the limbs.

## FIRE CHIEF'S CAR BADLY DAMAGED

### Mechanics To Determine If Auto May Be Repaired After Accident

Mechanics are to examine the Larchmont fire chief's car to determine whether or not damage it received in an accident Wednesday night can be repaired.

Chief Frank N. Tierney said the car was badly damaged at Palmer Avenue and Mount Pleasant Avenue, in the Village of Mamaroneck, when it struck a parked car.

The car, driven by former Captain James H. Brennan, Jr., of the Hook and Ladder Company, was a passenger First Deputy Chief Alvin B. Cunniff, who was on official business. Chief Tierney said.

The chief, busy with his own department's annual parade and inspection, sent the deputy to Mamaroneck to convey greetings to Fire Chief Frank LaRue and members of the Mamaroneck department, who were also holding their annual parade and inspection.

Brennan, who was slightly injured in the accident, tonight, Chief Tierney said. An automobile with bright lights coming in the opposite direction blinded Brennan momentarily, causing him to strike the parked machine, Chief Tierney said.

Several complaints were on file at Larchmont police headquarters concerning the noise made by the fire patrol as it made trips from the Larchmont Show Club to fire headquarters, returning the members to headquarters.

Sergeant Richard Grube notified the firemen of the complaints and they alleged the patrol truck's whistle.

### FRONT IS QUIET

STOCKHOLM (AP)—King Gustaf today invited and received acceptance from the British, French, Dutch and Swedish governments to discuss the Finnish-Russian question. Foreign ministers of the Scandinavian states will accompany their rulers.

HELSINKI (AP)—President Kyyosti Kallio issued a decree today ordering all Finnish civilians to hold themselves in readiness to aid the government in non-military pursuits if required by the present emergency.

The decree was issued as Finnish leaders continued to express indignation concerning their chances of receiving acceptable terms from Soviet Russia as the second day of the Finnish-Russian talks began in Moscow. They hoped their country would fare better than Baltic neighbors which have become vassal states of the Soviet Union.

The decree put into effect regulations previously drawn providing for wartime emergency. The services of all citizens may be required for work applied directly or indirectly in connection with national defense.

The nation stepped up preparations to fight if necessary for its independence in connection with the foreign minister's declaration that Finland would resist demands for the "choking" last.

PARIS (AP)—German patrols were reported today endeavoring to capture any French prisoners in the front, wondering why on a "manipulated" claim it was again except in the Warsaw Forest region where a commune said small enemy patrols were reported.

French observers speculated on whether the Germans intended to launch a major offensive. They said the Germans from their attempts to take prisoners despite adverse weather appeared equally anxious to break French intentions.

## SO YOU DON'T LIKE TASTE OF WATER?

### Well, Medicinal Flavor Will Disappear Soon, Larchmont Chemist Reports

Conditions causing a "medicinal" taste to the Larchmont water supply have been almost overcome and should be remedied within the next day or so, it was learned today from Henry T. Hotchkiss, Jr., supervising chemist at the Village's water treatment plant.

Due to a profuse dry spell rain in sufficient quantities to send the reservoir supply and the dam has not fallen since June, there has been a minute concentration of organic material in the supply. Mr. Hotchkiss said.

"This material becomes chlorinated through treatment and a "taste-through" although there is no over-chlorination of the water, he said.

"We have introduced aeration carbon into the reservoir and this will take out the material that gives the "choking" taste," the chemist said. The carbon, when removed, brings with it the chlorinated material.

The treatment has been going on for the last few days at the plant itself. The supply, in the main, however, cannot be reached, and the "medicinal" taste will be prolonged until the supply in the reservoir supply down to a maximum depth of six and one-half feet.

Several sources have contended that this provision would wipe the growing American Merchant Marine from the seas, since it would block trade with British colonies as well as the warring countries in Europe.

Our ships can't lie!," commented Senator Borah. "If we don't see them, if guess we will have to send them to the British. That would give them control of commerce throughout the world."

## Nazis, However, Will Make No Diplomatic Move

### U. S. HELD HOPE

BERLIN (AP)—Authorized Nazis today said Germany was through with Prime Minister Chamberlain and Premier Daladier but still was waiting for a neutral response to Adolf Hitler's Reichstag speech of last Friday.

Any such action by neutral nations—standing whom they and regarded the United States as the only one powerful enough to do something effectively—must come from them and not as a result of any diplomatic action or request by Germany, they reported.

The Washington, lack of a formal request for mediation was a sign that the United States Government to bring pressure on the British and German position were made after two developments.

1. Dr. Otto Dietrich, Germany's press chief and one of Hitler's closest advisers, told a small group of foreign correspondents here that only the United States yet could intervene to prevent Hitler's most aggressive blockade bath in history."

2. An official press release said the British had "rejected the hands of peace stretched out to him by the Führer" and Britain's war aims meant "war against Germany until she is annihilated."

It was pointed out authoritatively that "Germany through Dr. Dietrich and others, once more had shown that she would do more for the world if Great Britain were not brought to the conference table."

But there is no reason, Nazis said, why Germany should be around to neutral to request them to do so.

Hitler's appeal last Friday for peace that "those peoples and their leaders now speak up who are of a similar (peaceful) mind."

He said that "Germany's official documents" addressed solely to neutral and belligerent.

## BRITISH ROUT GERMAN FLIERS OVER SCOTLAND; BERLIN WARNS TURKEY

### Hitler Gets Report Direct From Von Papen

### FINNS TO REPLY

BERLIN (AP)—Adolf Hitler heard a report on the French-British-Turkish pact tonight from the lips of his ace diplomatic trouble shooter, Franz von Papen, while leading Nazis insisted Turkey no longer could be considered neutral.

von Papen, German ambassador to Turkey last spring to further Nazi relations with Germany's ally, Turkey, arrived today from Ankara on a mission to report on the situation in Turkey.

Hitler officials preferred to see a loophole in the pact. Turkey's neutrality pact with Britain and France was overhauled by the Allies' diplomatic maneuvering.

A high command spokesman reported only "local military and aviation troops activity" on the Western Front.

Correspondents were informed that "all matters in Poland are in a state of flux despite the cessation of hostilities and Polish troops are being evacuated to the West."

FINLAND DRAWS REPLY  
HELSINKI (AP)—Finland's cabinet framed its answer today to a question of a very serious nature as a result of demands by Soviet Russia.

The cabinet was late in session today as the Finnish government was in a state of flux.

THREE OTHERS INJURED

Edward Saum Scheduled To Be Released From Hospital Today

John Torpy, 31, of 10 Windsor Place, the Bronx, a former resident of Larchmont, died at 1:30 A. M. today in the Middlesex County Hospital, from injuries he received in an automobile accident Saturday night.

Torpy died without regaining consciousness. His death was the second in the same accident at the intersection of Nelson Appleby, 26, of Middletown, Conn., having been killed outright when the two cars collided.

Edward Saum, 32, of 112 Pelham Avenue, Larchmont, and two other men were injured. Saum, driver of the car in which Torpy was riding, was scheduled to be released today from the hospital.

Torpy was born on Oct. 10, 1897, at Peekskill, N. Y.

His wife, Mrs. Torpy, and Mrs. Henrietta M. Kennedy Torpy, Mrs. Thomas J. Torpy, and Mrs. M. J. Torpy, all of 112 Pelham Avenue, Larchmont, were also injured.

Mr. Torpy was a resident of All Hallow's High School in New York City, and was graduated from Fordham University Class of '29. He also attended the Fordham Law School. He was married about five years ago to the former Miss Robine Abrahamson, daughter of the late Police Sergeant Tobias Abrahamson, a native of New York City.

Surviving, in addition to the wife and child, are his mother, three brothers, Thomas J., Jr., of Miami, Fla., and William and George Torpy of Brooklyn; three sisters, Sister Merian Thomas of the Protestant Order of Nuns at Peekskill; Kathryn M. Torpy of the Beach Avenue, Larchmont; and Mrs. and Mrs. Ann Torpy of 2877 Ocean Avenue, Brooklyn.

Funeral arrangements will be announced later.

State police reported it was raining at the time of the accident and that two other men, identified as about six miles from Middletown.

As the car added a broadside of the road it collided with the car driven in the opposite direction. The car in which Appleby was riding was picked up by ambulance attendants, and Appleby was pronounced dead upon his arrival at the hospital.

The two other injured men, John E. Brown, 21, of 400 Sydney Court, and Burton Harrington, 21, of 100 West 177th Street, were taken to the hospital.

At a coroner's inquest yesterday, it was determined that the deaths were due to the accidental sliding of the car.

## CHAMBER CAMPAIGN NEARS GOAL WITH \$17,326 RECEIVED

\$4,434 Additional Reported By Workers; Annual Drive Ends Friday

Reports of the volunteers received by the Larchmont Community Chest, which is sponsoring the Larchmont Avenue Church House, swelled the total of the 1939 fund to \$17,326 on the way to the \$20,000 goal. This represents an increase of \$4,434 over the amount as reported at the last report meeting four days previous.

Executive campaign Chairman T. James Akern stated that he is enthusiastic about the results to date and the last few days of the drive, which ends Friday, should see the Chest reach its objective.

With the experience of past campaigns, and the splendid efforts of the workers this year, Mr. Akern said, he feels certain that the Chest will have sufficient membership subscribed to reach the \$20,000 goal by the end of this year's drive. The support and cooperation which the Chest is receiving all through Larchmont, should make us very proud of the community where we have our headquarters.

The members of the Chest was one gift of \$25 from the Psi Zeta Society, this is particularly interesting because it was pointed out that the members of this Larchmont organization plan to discontinue their support of a Chest worker.

John E. Brumhough, chairman, District 1, reported a total to date of \$1,600. George E. May, chairman, District 2, \$1,461.70; Edward P. Polley, chairman, District 3, \$1,265.50; Ward W. ## WPA Workers' Escapade Reaches Climax In Jail

NEW YORK GUARDS LINERS AT DOCKS

Pair Paint Police Squad Room Mirrors Green, Dismantle Motorcycles

Two WPA workers employed on a crew renovating the former St. Michael's Home for a new Village Municipal Building were in jail today, charged with unlawful entry and larceny, larceny of an automobile and disorderly conduct.

The men, Raymond J. Conklin, 20, of 130 Dearborn Avenue, and Arthur Moore, 28, of 888 Union Road, Rye, were arrested after a day's escapade during which they painted mirrors and doors in the Village police squad room a bluish green, disabled two police motorcycles, and allegedly stole an automobile.

The pair was arrested and the automobile recovered after they had been trailed to Rye by Detectives William O'Neill of the Mamaroneck Police Department and Detective Thomas Hayes of the Rye Police Department.

Last Friday, according to police, the two men went into the apartment of Antonio Ferrara of 122 West Boston Post Road, after getting upon the door, and stole \$2 in pennies and two shirts.

Yesterday, during a liquor-smuggling escapade, according to police, the men began the saga that was to lead them to jail.

They left the worse Progress Administration job at the Municipal Building, entered the nearby fire building that is temporarily housing police headquarters. They not only painted the interior of the squad room, police charged, but disabled three motorcycles by removing the jets from the carburetors and painting the inside of the carburetors.

Police quoted them as saying "we can't like cops" when asked why they had disabled the motorcycles.

They then returned to Nick's Garage, operated by Mr. Ferrara, recalling the description given of the men seen in the hallway they say his apartment was entered, went to police headquarters to report the incident.

Meanwhile, the two men, according to police, went upstairs and again tried the door on Mr. Ferrara's apartment.

## ST. JOHN'S RECTOR ELECTED DEAN OF EPISCOPAL GROUP

Rev. Francis J. H. Coffin Named Head Of Westchester Convocation

The Rev. Francis J. H. Coffin, rector of St. John's Church, Larchmont, was elected dean of the Westchester Convocation of the Protestant Episcopal Church, at a meeting of rectors, ministers in charge of missions and delegates from parishes held in Christ Church, Sagamore Road, Bronxville yesterday.

The election of the Rev. Mr. Coffin came at the end of a business session which was followed by a dinner in the church underfoot during which the Rt. Rev. Frederick K. Bartlett, D. D., missionary bishop of Idaho and formerly bishop of North Dakota, voiced a strong appeal for missionary aid.

The newly-elected dean of the Westchester Convocation, formerly known as the archdeaconry, has served as rector of the Westchester Church for 18 years. He has served as a member of the Westchester Council for nine years.

Bishop Bartlett characterized the United States a "pagan nation" declaring that 65 per cent of the population has no church affiliation.

He exhorted churches which act simply as "social clubs where a group of people who like each other meet every Sunday to praise God."

Extolling the work that is being done by Episcopal missionaries among the Negroes and Mexicans of the South, the Orientals in the West, and the rural areas of the Northwest, Bishop Bartlett warned that the recent European crisis must result in the spread of Russian doctrine, leaving the United States "the last stronghold of Christianity in the world."

The speaker was introduced by Bishop Charles K. Gilbert, who presided as toastmaster at the dinner.

During the business session, the Rev. Charles A. Ackerman, rector of Christ Church, "Christyton," announced that the Rev. Mr. Coffin had been named as rector of the diocese, had been named as rector of the diocese, had been named as rector of the diocese.

NO CLUES FOUND

Richard Leo Fallon, New Rochelle Democratic city chairman, today threatened to take the Church affair, a slur on the entire Democratic Party, to Governor Lehman if the District Attorney's Office can't find out who asked for a statewide search of police records for the name of Stanley W. Church, Democratic candidate for mayor.

Fallon said he would give Mr. Rubin, attorney for Church, ample opportunity to protect his client, and that then the Democratic Party would be forced to take the case to the courts.

"District Attorney Walter Fertig today said the prosecutor's office has been unable to trace the telephone call to White Plains police headquarters which resulted in the police message Monday afternoon."

"If the District Attorney's Office can't uncover any leads and has no clue to the caller, we'll go to the courts and if they tell us they are 'up against a stone wall' or don't produce quick results we will go to the Governor, a man who knows how to park up officials who don't know how to do their duty."

It was reported that Rubin would go to White Plains this afternoon to request a report on how the police have got on with the complaint that someone impersonated Casey, said Mr. Fallon.

### ORGANIZES 'MERCY CORPS' CHEST CAMPAIGN RAISES \$20,471, EXCEEDING GOAL

Mrs. Marie McMillin, of Caveand, O., announced in New York yesterday that she had organized a group of women patriots to raise a chest for the French and international airplane parachute jumper rescue fund, said the corps would parachute to spots between the battle lines and deliver medical supplies, food and water to wounded soldiers.

The latest report of the volunteer workers for the Larchmont Community Chest shows that the 1939 campaign has gone over the top with \$20,471.45 being subscribed by 2,265 Larchmont residents, according to word received today from T. James Ahern, executive chairman.

Mr. Ahern pointed out that this outstanding achievement of doing better than the \$20,000 within the specified date of Oct. 31 is due primarily to the hard work of the volunteers and the courteous reception they received in the homes of Larchmonters who subscribed for membership in the chest. This, he said, "I should like to also mention," said Mr. Ahern, "that there are still a number of cards which have not yet been reported by volunteer workers and the Larchmonters who will be approached during the next few days should feel strongly inclined to contribute. The chest will be in a splendid position to maintain the efficient operation of the eight beneficiary agencies during the winter months."

"The chest headquarters at 111 Chatsworth Avenue will remain open until Saturday for the convenience of workers and prospective chest members."

Addressing the workers, Mr. Ahern said, "Your work, in cooperation with your superior and district chairman, has accounted for this early success. You should be very happy for you have more than accomplished your part in this worthy community service. Please accept my personal gratitude for your cooperation and the untiring efforts to make this unprecedented reality."

John A. Brumbaugh, chairman, District 1, reported 290 memberships for \$1,418.90. Section 1A, Mrs. Marie F. Kelly, supervisor, 82 memberships for \$772.30. Section 1B, John G. ### Decision Reported Near On County Parkway Tolls

Rumors were afloat in the White Plains Courthouse and the County Office Building at noon today that the Appellate Division of the Supreme Court would hand down today the eagerly awaited decision as to the legality of tolls on the Hutchinson River Parkway in Scarsdale.

Inquiry at the office of 11 Danforth Brown, one of the attorneys appearing in the case, revealed that the bench of that court has not yet rendered a decision. A decision is expected today or tomorrow, although there is no official word of this.

Readiness of whether the decision would favor the county's stand or be adverse, an appeal is expected to be taken to the Court of Appeals in Albany, which probably would not decide the issue before the end of November.

As a consequence of the contemplated appeal, interest today centered largely in whether the Division denying the legality of the tolls might be accompanied with a stay prohibiting the collection of further tolls until the Court of Appeals has made final decision.

The county has to date collected around \$28,000 in tolls and park commission executives believe the total will be around a quarter of a million dollars before the end of the year. The money has been deposited in the County Treasury, Frederick P. Close of the Appellate Division, pending final judicial determination. If the tolls are held legal, the County will be obliged to cash receipts issued to motorists under Justice Close's order.

The decision awaited today is an appeal by the Automobile Club of New York from a decision by Supreme Court Justice T. P. Davis denying the club's application for a writ of habeas corpus to nullify the toll of the toll station. After this setback, the motorists' club sought a writ from Justice Close of the Appellate Division pending the appeal. The Appellate Division was also refused to halt the operation of the toll station by the issuance of writs to be issued and the revenues impounded.

### OFFICIALS STUDY NEW PROPOSAL TO REORGANIZE W & B

Plan Would Waive \$900,000 In Taxes And Cut Railroad's Capital

Another plan to reorganize the bankrupt New York, Westchester & Boston Railway was presented yesterday to municipal officials at a White Plains meeting by Richard Weil, Manhattan attorney.

Mr. Weil presented schedules of data to show the railroad could be operated again at various commutation values about \$400,000 in unpaid taxes due them and the capital of the road was cut from \$2,000,000 to \$200,000.

He also proposed that the bonds bear a rate of interest of no more than 2 per cent. Under this plan, the railroad could make money, he asserted.

No enthusiasm was shown for the plan and Mr. Weil, who has counsel for a bondholder, admitted he was not successful in his attempts to interest the bankruptcy receivers or the Guaranty Trust Company, trustee for the bonds, in his plan.

Officials asserted that even the plan were workable there was no arrangement to secure working capital. Mr. Weil admitted he has been unable to solve that question.

However, the officials took the plan under advisement and referred it to Mayor Chauncey T. P. Davis of White Plains for a report.

Attending the meeting were Mayor Chauncey T. P. Davis, William Moran of the New Rochelle Corporation Council, and the Village Board of Health, Mayor Davis, William Moran of the New Rochelle Corporation Council, and the Village Board of Health, Mayor Davis, William Moran of the New Rochelle Corporation Council, and the Village Board of Health.

### Nazi Scouts Cross Frontier Into France

Tempo increased suddenly today as the second month of the war in Europe closed. All four of the major developments reported today from Washington, Berlin, Rome, and Helsinki carried with them a sense of tension not so much in the events themselves but more because each seemed to forecast more serious results to come.

The United States State Department asked the British Government, in effect, not to try to separate the City of Flint from German control, and asked the Germans likewise indirectly not to fight back. The point is attacked. The American Government expressed its belief in the American concern for the safety of the American crew and its expectation both will take precautions to prevent harm to them.

The City of Flint is docking along the Coast of Norway to attempt to dodge the British North Sea blockade.

German scouting detachments are reported to be moving into France to explore the territory in front of the Maginot line. Without saying they are scouting, the German officials declared the German troops in the area are not to be taken into consideration. The German advance followed a resumption of heavy artillery fire along the border had been settled heavily.
