

DRIVER CLEARED IN BOY'S INJURY

Historic Not Aware His Car Struck Child, He Tells Police

Identified by New York City police that he was seated here for questioning in connection with the fatal July 25, in which Martin, 10, was killed.

The child was sitting on the curb near his home, watching other children play ball in a vacant lot nearby. An automobile passed suddenly started away, the driver unable to get the least bit through.

Defendants Bowman and Glavin were assigned to the case. They stated Mr. Glavin was driver of the automobile and notified New York detective. The case was continued until next week.

WINS DEGREE

Victor E. Del Grande, son of Mr. and Mrs. Joseph Del Grande of West Street, who was graduated recently from Fordham University with a Bachelor of Science degree.

Member of the senior class of 1937, the largest in the history of Fordham, he was also captain of the varsity basketball team for three years and in the senior performance he was voted the best player.

Mr. Del Grande plans to enter medical school in the fall.

JAMBOREE SCOUTS CHEER SUNSHINE

But Rain Again Appears; Driving Local Boys Inside Tents

By JAMES MCGEEVENY (Group 1, Mamaroneck)

WASHINGTON, D. C., June 28.—We wanted to find the sun while breakfast, the sun broke through the clouds and a happy shower from the many Scouts in the camp.

During the morning an inspection of the boys, their tents, and their equipment was held by the troop officers and suggestions given to the leaders of the normal camp for making the camp better.

Don Budge Captures Wimbledon Finals

WIMBLEDON, ENGL., July 2 (AP)—Don Budge, lucky rhabd from Oakland, Calif., today won the All-England singles tennis championship, beating Germany's Boris Becker, 6-1, 6-2, 6-2.

The American Davis Cup star's decisive triumph brought continued high performance by Budge throughout the famed Wimbledon tournament.

Resort Prepares For Record Attendance; Clear Skies Predicted For Fourth

The holiday spirit prevailed in Mamaroneck and vicinity today as residents joined the nation in celebrating a three-day holiday in observance of the Fourth of July. Hundreds were present at the fireworks this afternoon, preparatory to making flying trips or pleasure jaunts through the Sound on Sunday and Monday. Other boatowners were planning to voyage to the middle of the Sound on Sunday and Monday night.

Whoopie! Sharpen Up Those Shears For Newspaper Day Fun Festival At Playland

20 Playland Devices Open To You And Your Friends Free On Big Newspaper Day Outing. So Get Out Your Scissors And Get Ready For A Frolic!

Arrangements for Newspaper Day—that ten-hour jamboree at Playland put on each year by this newspaper for its readers—have been completed. The big fun festival of 1937 will be held at the Toy amusement park on Monday, Aug. 30. On that day, more than 20 devices will be thrown open to you and your friends without charge for the most enjoyable outing of the Summer.

JOYOUS MEMORIES—These are a few of the scenes of last year's Newspaper Day at Playland, which are stirring up recollections and stimulating interest in this year's event, just ahead. Above is a little charmer beside a mountain of Newspaper Day coupons, each of which has meant a need of fun. Upper center shows two young women getting their way down on giant roller; upper right, a little fellow doing his own propping on tracks; lower center, round and round on the merry-go-round, lower right, roller rolling on the tumbling.

AVIATRIX DOWN IN MID-PACIFIC SENDS SIGNALS

Radio Operators Pick Up Message; Bailed Her From Lost Flyer

CUTTER STARTS QUEST

Navy Flying Boat Also Flew From Honolulu To Join In Search

WASHINGTON, July 3 (AP)—Coast Guard headquarters received a report from Hawaii today that at 6:37 A. M. Eastern Daylight Saving Time, radio operators listening for possible signals from Amelia Earhart heard a series of long dashes on 3100 kilocycles. No identifying call was given. The signals were said to have lasted for 22 seconds.

HONOLULU, July 3 (AP)—Distress signals picked up by the call letters of Amelia Earhart's monoplane crashed over the Pacific today in the midst of a severe sea storm. The plane was seen by the famed aviatrix missing in excellent waters surrounding Ilii Howland Island, American radio operators in Los Angeles heard repeated calls "SOS" "KHAQZ" shortly before 1:30 A. M. Pacific Time, 4:30 A. M. Eastern Standard Time. This was more than 12 hours after the aviator's plane was reported to have left from distant New Guinea.

The aviators, Walter McManamy and Carl Peterson, said the plane was in trouble; they could hardly hear them through dense haze and rain. The cutter, which caught the letters "L-A-Y" for latitude, the signals were blotted out by interference.

"KHAQZ" is the call of Miss Earhart's plane, which she used last week when she reported she and her navigator were in the South Sea. The cutter, which was in the South Sea earlier by the New Zealand warship Achilles, the San Francisco Coast Guard reported today. This station made KHAQZ twice and disappeared. Nothing was heard from the plane since.

The Achilles message said the radio was heard on 3100 kilocycle, which is the frequency assigned to Miss Earhart's plane for night communication.

Miss Earhart was generally believed to be flying over the island of Howland, which is 100 miles northwest of Honolulu. A heavy smog banked the island, which is a 2,070 mile hop from Los Angeles.

The cutter, however, was last seen by dispatch by Mr. Callier, assistant, Miss Betty Lynn, who was aided by Edward Brackley, village employe ordinarily in charge of water accounts and payroll.

The collection this year surpassed the previous record established last year. Mr. Callier estimated, "Last year we collected \$775,937, or 77.3 percent of a total levy of \$1,000,000. This year we collected \$1,000,000, or 100 percent of a total levy of \$1,000,000. This year we collected \$1,000,000, or 100 percent of a total levy of \$1,000,000."

The flying boat itself underwent a hazardous night flight to join the search. Carrying a crew of eight, it took off from Pearl Harbor and headed directly for the spot of land which the veteran aviator and navigator mysteriously missed.

Let's WE FORGET!
Let it be forgotten, the accident toll July 4th, was:

Five persons hurt in the village and Town of Mamaroneck by exploding fireworks. Three by colliding automobiles on New York highway.

More than 100 persons were injured in automobile accidents, the majority as a result of automobile accidents. A report on those maimed, bruised, cut, burned and on those who narrowly escaped death by automobile deaths at 289, the largest Fourth of July toll since 1931, when 483 died.

A report on those maimed, bruised, cut, burned and on those who narrowly escaped death by automobile deaths at 289, the largest Fourth of July toll since 1931, when 483 died.

WARRANT NAMES FORD MOTOR CO. IN ASSAULT CASE

Nine Employees Involved As National Labor Board Opens Hearing

3,000 RETURN TO WORK
National Guard Protects Returning Employees At Republic Plant

Detroit, July 6 (AP)—An assault warrant naming 15 persons and the Ford Motor Company as a corporation issued from a state grand jury here today as the National Labor Relations Board opened a hearing on its complaint that the company violated the Wagner Act.

Common Pleas Judge Ralph W. Liddy who conducted the grand jury investigation, told the hearing of United Automobile Workers organizers at the Ford Company's Dearborn plant who recommended the warrant which charges assault with intent to do great bodily harm, less than the crime of murder.

Everett Moore of the Ford River Service Department which polices the plant, eight other Ford employees and six unidentified persons named in the warrant.

CLEVELAND, Ohio, July 6 (AP)—National Guard bayonets and machine guns protected the back-to-work movement of an estimated 3,000 steel workers at three plants of the Republic Steel Corporation here today.

Company officials gave the following figures for returning day-shift employees after the 7 A. M. "zero hour" for the reopening: Corvign-McDonough works—2,200 men returned out of normal two-shift total of 3,700.

Upper Hill and Bolt Division—800 men returned out of normal two-shift total of 1,500.

Trucon Division men returned out of normal two-shift total of 470.

C. I. O. strike leaders disputed the company's figures and asserted that many of the men were office workers and clerical staff members.

They also charged that the company was importing "strike breakers" alleging that some of them came from as far away as Alabama.

WASHINGTON, July 6 (Copyright 1937, by the United Press)—President Roosevelt will be asked to intervene in an attempt to settle the dispute between the American Federation of Labor and the Committee for Industrial Organization, usually reliable sources reported today.

A formula has been laid before the chief executive in the hope it may be used to reunite the more than 500,000 members of the two organizations.

Spanish Battalion Trapped By Rebels

HENDAYE, FRANCO-SPANISH FRONTIER, July 6 (AP)—A government battalion trapped by insurgents near Hondrie on the Asturias front was annihilated in three fighting in the mountainous country of Northern Spain, an insurgent communiqué reported today.

Generalissimo Francisco Franco's men said they had cut off the battalion during an advance on Hondrie Heights at the same time westerling another government column.

Cigarettes And Cash Stolen At Casino

A thief took cigarettes valued at \$4 and \$100 in change from the cigar counter of the Lido Club Casino on the Boston Post Road, Town, some time after the weekend end, it was reported today by Weaver Street police. No one was arrested to date.

Robinson Launches Court Reform Fight

WASHINGTON, July 6 (AP)—Democratic Leader Robinson opened the fight for the administration's judicial reorganization bill, told the Senate today that before more than 70 years of age "usually are in a state of mental and physical decline."

SMITH SHOOT'S
CHARLOTTE, SOUTHLAND, July 6 (AP)—Carving out the second straight 69, Horton Smith, ranked on one side of the greenshoe, took the children's title when he won the 36-hole qualifying test for the British open golf championship with a total score 123, four strokes under par.

Exploding Firecrackers Injure Six In Mamaroneck; Traffic Fatality Mars County's Quietest Fourth In Years

Residents Besiege Police With Complaints Against Noise

Six persons were injured by exploding firecrackers in the Village of Mamaroneck, while police headquarters were besieged with complaints of residents against noise throughout the community.

Florence Mosher, about 11 years and of 306 Jefferson Avenue, suffered severe burns of the right hand and the "bungeo" to throw one of two firecrackers she held in each hand. She was given first aid at Cappon Pharmacy and later treated by a physician.

Also treated at the same drug store was Walter Ecker, 9 years old, of 118 Rockland Avenue, who suffered burns on one finger of the right hand. A youth whose name was not obtained was treated at Cortis Pharmacy yesterday for burns of one finger received when a firecracker exploded as he tossed it.

Police Surgeon Treats 3
Dr. F. R. Hunter, designated as "police surgeon" by the Village, treated the "bungeo" child for burns of the hands caused by firecrackers. Noise was continuously village police, meanwhile, received and responded to numerous calls from residents, beginning Saturday night and lasting through yesterday.

In Larchmont and the Town of Mamaroneck, however, where the discharge of fireworks is banned absolutely except by express permission of the governing boards, a minimum of complaints was received.

Larchmont police received one complaint at 7:30 P. M. Sunday, concerning "public fireworks" being discharged in Larchmont. The complaint was not taken up.

Waver Street police reported three complaints, one from Campbell Lane at 10:15 A. M. Saturday, one from Sison Road at 8:22 A. M. Saturday, and one at 7:42 P. M. Monday, from a Valley Road resident.

The first weekend complaint made to the Village of Mamaroneck was from a resident of Beach Avenue who governed by the village were giant firecrackers being discharged on Beach Street, but that the village police were not authorized to find the offenders. When he returned to his hotel car and started to drive away, the officer was turned away, the officer turned the machine around and drove back to the hotel.

Many Complaints Received
Two complaints were made by a resident of Beach Avenue, but they were not taken up.

THREE 'RESCUED' AT ISLAND PARK

Lifeguards Pull Victims From Water; 1,500 Visit Beach Over Holiday

Three persons who "went under" were pulled from the water by lifeguards at Harbor Island during the July Fourth weekend, when approximately 1,500 visited the beach.

Hundreds of others watched the usual game Sunday between the Mamaroneck All Stars and the Bronx Giants, pickled on the grounds, played tennis or participated in other sports at the Island Park throughout the three-day holiday.

A couple swimming Sunday afternoon from the bank to the beach caused an alarm when the girl became frightened, screamed and was rescued.

Truck, Chickens, Lanterns Disappear Over Weekend

These reported to village police over the weekend included the old assortment of chickens, a truck, painted orange with green letters.

The five red lanterns were taken from the WPA job on Ward Avenue. The loss was discovered by John Robinson of 48 Center Avenue, employed by WPA, all over.

The truck was stolen from the Boston Post Road. It was last seen at 12:30 A. M. Sunday, parked on one side of the greenshoe, took the children's title when he won the 36-hole qualifying test for the British open golf championship with a total score 123, four strokes under par.

563 DIE AS NATION OBSERVES BIRTHDAY

A total of 563 men, women and children met violent death in the two-day celebration of the nation's 141st birthday.

The toll was believed the highest in the history of America's observance of Independence Day.

Only four deaths were attributed directly to fireworks. Traffic accidents constituted the biggest single cause. A total of 210 persons were fatally injured on streets and highways.

There were 142 drownings Sunday and Monday. During the same period 107 persons died violently in other ways.

The four fireworks deaths compared with 11 last year. The total of 210 persons who died in automobile accidents during the two-day holiday was a record.

TRAFFIC MISHAPS INJURE TWO HERE; CARS JAM ROADS

Thrown From Motorcycle, Driver Lands On Physician's Lawn

Two persons were injured in traffic accidents here during the Fourth of July weekend as thousands of automobiles rolled through the community.

One person was injured on a street on the front lawn of a Larchmont, when he was thrown from his motorcycle.

The other person injured was Maurice Lewis, 18, of the Hoaghe Street, who was struck and slightly injured by an automobile on Boston Post Road.

Scores Suffer Burns In Westchester; Man Drowns In Lake

Although scores throughout Westchester suffered minor burns and there was one traffic death, the county celebration of the Fourth of July weekend was considered one of the quietest in years.

Amusement resorts throughout the county reported record attendances although at Playland "small spending" was noted, apparently as people sought to spend their funds over the three-day holiday.

A 22-year-old Poughkeepsie man drowned at Lake Oswegatchie while swimming.

Tremendous traffic streamed over all the major arteries of the county and was responsible for one death in White Plains.

George Robich of 225 East 202d Street, the street, was arrested as he drove through the automobile mishap.

Robich, police say, drove block away before other motorists could warn him and told him of the mishap.

Mr. Kelly's death was the sixth auto fatality in Westchester this year.

Yonkers reported one of the largest casualty lists throughout the holiday. Thirty-one were injured by fireworks yesterday while during the pre-holiday observance seven were hurt.

The total of 38 in one year in automobile accidents, one man was killed and six others injured.

Twelve were injured from "crack" auto accidents, though all were minor.

One child was injured by a firecracker in the Town of Eastchester. The child was struck while playing in the street.

Children were victims of fireworks in North Plumbank.

New Rochelle, which has an ordinance forbidding fireworks, reported only one child injured.

In Port Chester, however, where fireworks are in operation, seven were burned but none seriously.

They were treated in Ochsinger Hospital for fireworks injuries as that hospital is the only one which probably has the last of its "old fashioned" fireworks.

With fireworks bans in operation in Tarrytown, North Tarrytown, Irvington and Town of Greenburgh, the Tarrytown Home reported two persons burned.

Four were injured by fireworks in White Plains and two men were arrested for throwing fire works into a doorway.

Westchester package carriers reported tremendous load of traffic over the weekend. It was reported by parkway police. Traffic was heavier than ever before, they asserted.

On the Saw Mill River and Hutchinson River Parkways, as well as on the Tappan Zee Parkway, the police stated. Despite it, there were no serious accidents.

33 Killed Upstate In 4th Celebration
ALBANY, July 6 (AP)—At least 33 persons met accidental death in upstate New York in a weekend celebration of Independence Day. Twenty were killed in automobile accidents, ten drowned, and three died in a plane crash.

Fourteen of those who died on the highways were killed Sunday and Sunday while half of the drownings occurred Saturday.

BOY CAUGHT HERE HELD AS FUGITIVE IN SLAYING CASE

Youth, Arrested On June 10, Identified As Escaped Inmate Of Colony

Lad, Answering Questions Vaguely, Raises Suspicion Of Town Police

A small, blond, poorly dressed boy who answered questions hesitantly when he was taken into custody by Officer John Caputo of the Town of Mamaroneck Police Department on June 10, today was reported to be an escaped inmate of the Pennsylvania Colony for Delinquents at Selinsgrove, Pa.

The boy, Henry Oberhelman, 17, of 1315 5th Street, Pittsburg, was identified as the boy who was being accused of murder in connection with the death of 13-year-old Steve Kelly, whose body was found Jan. 22 in Pittsburgh.

The slain boy had been missing from home since Dec. 5, 1936.

This information was contained in a report made by the Federal Bureau of Investigation at Washington, D. C., to Police Chief Paul Verick of the Weaver Street police, Chief Verick had sent the boy's fingerprints in to the FBI.

Details of the killing of the Kelly boy were not given in the FBI report to Chief Verick. It was understood, however, that the boy was identified as a 22 calibre rifle when he was arrested with a group of youngsters, among them Oberhelman.

When the boy was found wandering along the Post Road near Weaver Street at 8 A. M. on June 10, he gave his name to Officer Caputo as William Eastman, and said he was 15 years old. His apparent mental condition led the officer to take him to the Weaver Street police station.

There the boy was questioned for several hours by Chief Verick and other members of the department. Small for his age, thin and uncommunicative, the boy answered questions in a halting manner.

He was from New Haven, and said he had been in the Children's Shelter at Dobbs Ferry.

These he denied for two weeks. While he was there, however, he told a companion that his real name was Oberhelman.

He was 17 years old. The information was brought before Judge Wesley M. Messersmith and Town of Mamaroneck.

The state institution at Selinsgrove confirmed the FBI report that Chief Verick sent a photograph of the boy to the institution's authorities.

The boy had escaped from the institution a short time before he was picked up here, the officials informed Chief Verick.

Young Oberhelman is being held in the county jail at East View and when he is brought before Judge Messersmith this Friday for sentence under the charge, arrangements will have been made to send him back to Pennsylvania, Chief Verick said.

ALIBI FANS HIM

In Hurry To Get Home Before Grippe Set In, Driver Fined \$30

A gentleman who was hurrying down Boston Post Road at 60 miles an hour through Larchmont, at 1:06 A. M. Monday, was ordered to pull over by Officer Walter Veer, 1:06 A. M.

"What's your name?" asked Officer Veer.

"Philip Rosen of Brookline, Mass.," answered the motorist.

"What's your hurry?"

"Well, you see, it's like this. I've got a bad case of the grippe coming on, and I wanted to get home before it got worse."

"Is that right? What you doing driving down Boston Post Road at 60 miles an hour when you're sick?"

"Officer Veer took my 784, took me to headquarters and a fine of \$30 was assessed against me later by Judge John R. Cahill. Rosen paid his fine and proceeded home."

U.S. SHIP MISTAKES METER FOR FLARES FROM AIRCRAFT; VESSELS SPEED TO RESCUE

HER FATE STILL UNKNOWN

U.S. SHIP MISTAKES METER FOR FLARES FROM AIRCRAFT; VESSELS SPEED TO RESCUE

WASHINGTON, July 6 (AP)—Coast Guard officials said today it was improbable that news of the sighting of Amelia Earhart's plane would be known before word was received at headquarters in Washington.

At 11:40 A. M. (EST) the Coast Guard had been without direct word from the Cutter Itasca since 5:40 A. M. (EST) when the radio ship announced lights it had sighted.

It was more than 100 miles from the Earhart plane, as was thought possible on an earlier flight. Officials believed garbled versions of the Itasca reports about missing instruments had misled the Coast Guard.

The Itasca is under orders to report as quickly as possible to Washington, where President Roosevelt and Secretary Morgenthau are anxiously awaiting word from the missing aviator.

Officials, said they were not trying to contact the Itasca regarding the rumors because they wished to report as quickly as possible to Washington, where President Roosevelt and Secretary Morgenthau are anxiously awaiting word from the missing aviator.

Messages from the Itasca are relayed to the Coast Guard at Honolulu, San Francisco and Washington.

HONOLULU, July 6 (AP)—Hopes for the rescue of Amelia Earhart skyrocketed today, then suddenly faded out when the Coast Guard cutter Itasca reported it apparently had mistaken a meteor for flames from the round-the-world flier's plane.

Despite the severe disappointment the search continued today, with a prospect of center probably would shift from a point 200 miles north of Howland Island to the Phoenix Islands, an equal distance southward.

The immediate rescue of Miss Earhart and Frederick Noonan, her navigator, was being planned by the Coast Guard.

"We can see your flares; are coming toward you."

Forty-five minutes later, came a second message:

"I see five flares. Go ahead."

Then came anti-climax when the cutter reported the plane had been sighted by the plane's flasher for a flare, and later, their decision it was "probably a meteor."

The Howland Island, home of Miss Earhart's 2,570 mile flight from British New Guinea last Friday also reported seeing the light. Flares carried by the missing plane could not have been sighted by both.

Two Launches Sink In Sound Mishaps

NEW ROCHELLE, July 6—Ships trouble reported the sinking of two motor launches in Long Island Sound here over the week end.

Bruce Zaffrow waded to shore for noon when a boat, owned by his brother, caught fire as he tinkered with the engine. The boat was swept by flames by the time a police launch reached it and sank in a few minutes.

On Saturday, two men were arrested in connection with the sinking of a 32-horsepower motor launch on a 15-foot launch. Taking it out with the express intention of "letting her burn," the two men, G. W. Clark and Ray Murphy, both of New Rochelle, were plunged into the water when the launch caught fire.

They were picked up by the Howland Island.

Pan-American Clipper Arrives In Ireland

FOYNESS, IRELAND, Tuesday, July 6 (AP)—The Pan-American Clipper III landed here today after a 1,986-mile survey flight over the North Atlantic from Boston, Newfoundland. The flight took 12 hours and 40 minutes. The giant plane, carrying Capt. Harold E. G. Gray and a crew of seven, slightly damaged on the River Shannon at 5:50 A. M. E. D. T.

WPA RECREATION WORK ENDS HERE

Seven Directors, However, Carry On Despite Fall Salaries

Although they have received no notice that recreation work in Mamaroneck has been suspended as a project by the Works Progress Administration, the seven employees engaged in the town's recreation work are carrying on voluntarily.

Leiter C. Pauro, supervisor, declared this morning their pay terminated Wednesday.

The local recreation directors, including Mr. Pauro, are maintaining the playgrounds and softball leagues indefinitely without pay to "keep the children off the street" and in the hope that new WPA appropriations will enable them to continue. The WPA has paid the salaries while the work is administered under the Town Recreation Council with Dr. William H. Miles as chairman.

Suspension of WPA responsibility here in recreation works is a general layoff of white collar workers under the governmental program. Mr. Pauro and other employees received the following notice from Walter J. Weinst, director of recreation for District Three in New York State, with office in White Plains:

"We regret to advise you that your services as a recreation director are being discontinued effective immediately."

MADRID TROOPS OPEN NEW DRIVE TO BREAK SIEGE

Loyalist Armies Strike At Insurgents West of The Capital

SANTANDER PUSH ENDS

Britain Protests Italian Press Claims Of Arms Shipments

(By The Associated Press)

Spanish Government armies pushed a new offensive intended to break the long siege of Madrid today, striking heavily at the insurgent left flank west of the capital.

Government observers informed Valencia, headquarters of the National Government, that large forces of insurgent and the Spanish allies were mopping up the Teruel front, northwest of Valencia.

In Northern Spain, insurgent headquarters announced the capture of the drive on Santander, 45 miles west of Bilbao, and the shifting of thousands of troops to a point in the southwest in an attempt to cut off government forces from Asturias Province.

LONDON, July 7 (AP)—The British Government today instructed its ambassador in Madrid to "representations" to the Italian Government against Italian press statements that volunteers, arms, ammunition and airplanes had been sent to Spain from Great Britain.

Foreign Secretary Anthony Eden directed the ambassador, Sir Eric Drummond, to act.

Today Eden appeared before the House of Commons and declared Britain had no intention of sending any more proposals for European "hands off Spain" proposals.

He added he would have something to say about Britain's action after Friday's 27-nation non-intervention committee meeting.

Another threat to the continued life of non-intervention came from Paris where officials have been working hard in hand with the British to keep proposals in a situation from becoming more dangerous than a war of words.

French officials declared last night the non-intervention pact would have to be restated in a form which would be obliged to abandon the non-intervention pact.

The new pact, France insisted, must include the Portuguese frontier next to insurgent Spain.

HINCKS ACCEPTS REPORT ON B & W

Federal Judge Further Paves Way For Liquidation Of Railroad

NEW HAVEN, Conn., July 6.—Federal Judge Carroll C. Hincks in District Court here yesterday accepted the final report of the trustees for the New York, Westchester & Boston Railway Company and thereby made possible the early termination of proceedings by which it was sought to reorganize the road under Section 7-7 of the bankruptcy laws.

Judge Hincks said he was terminating the proceedings because no practical plan for reorganization of the line had been placed before him. No objections were made to the final report of Trustees Clinton L. Barbo, and at the hearing yesterday Judge Hincks requested Mr. Barbo to continue as trustee until a receiver is appointed to receive him.

A petition for a hearing on claims of New Haven Railroad, parent company of the Westchester, against its affiliate during the period of trusteeship will be filed shortly, counsel for the company said. The next step in liquidation proceedings is expected to take place in New York when bondholders and creditors apply for an equity receivership and appointment of a receiver.

'Father Of Forward Pass' Dies At 70

ANNAPOLIS, Md., July 7 (AP)—The "father of football" died today at the age of 70. He was Dr. Walter Camp, 1874-1944.

The former player, professor, umpire and Rules Committee chairman, died yesterday of a heart attack in the Navy Hospital, where he was under treatment. He was nearly 70.

Dr. Camp was a member of the "Father of the Forward Pass" in 1890, when he suggested a revolutionary play to open up the game.

ACTING MAYOR

School Board Carries On Mamaroneck Recreation Work Suspended By WPA

Appropriation Of \$1,200 Voted To Finance Project; Directors To Work Voluntarily Until Details Of Plan Are Worked Out; Seven Instructors Employed

An appropriation of \$1,200 to finance the recreation work in Mamaroneck, suspended as a project by the Works Progress Administration yesterday, was made by the Mamaroneck Board of Education last night.

LAND APPOINTED TO SCHOOL BOARD

Trustees Name Him Successor To O'Callaghan At Organization Session

Richard I. Land of 3 Langdon Lane, Mamaroneck, Koolha, president of the Village Manager League, was appointed trustee on the Mamaroneck Board of Education at the "organization" meeting of the board in the Senior High School last night.

Mr. Land, whose term will last until next Monday in Mayor W. S. H. Hamilton's first term, was the first trustee elected since the resignation of O'Callaghan, Jr., who resigned recently upon removing his name from the board.

GOECKLER TAKES WATSON'S CHAIR

Acting Mayor Presides Over Larchmont Board; Tax Yield Shows Gain

Acting Mayor Harry E. Goekler presided at the meeting of the Larchmont Village Board in the Municipal Building last evening, after Mayor Edward Watson and his family are enjoying their vacation in the "wide open spaces" of the West.

It was voted to purchase additional water purification equipment, comprising chemical feeding apparatus for water treatment, will be purchased from the System Co. of New York at a cost of \$75.

Treasurer Hugh Culler reported fees amounting to \$20,004.47 collected from the town of the penalty-free period. Partial payments of \$5,000.46 have also been made making a total of \$25,004.93 collected on the total of \$367,023.00 general taxes due. The percent of the collected taxes this year is 74.4 at the close of the period for payment without penalty.

The percentage last year was 72.6, in 1935 it was 68, in 1934 it was 62.0 and in 1933 it was only 58 per cent. This probably reflects the improvement in the tax base, Mr. Culler said, also noting a decrease in the partial payments and a proposed increase in the full payments this year.

Village Manager Arthur Richards reported progress on the new tennis courts at Pinet Park, and estimated they would be ready for use by the latter part of July, barring unexpected delays. He also reported large leaks at the Village reservoir.

Trustee Harold V. Bossett reported on recreational conditions at Pinet Park, remarking that the facilities are being put to much greater use than ever before, both by children and the older football players. He reminded the board of the withdrawal of federal funds which had been expected for recreational purposes.

A letter from former Mayor Charles H. Reisig, requesting improvement of Westport, was discussed by the board. Mr. Reisig also presented the improvements had already been effected. Mr. Reisig also presented Mr. Barbo to continue as trustee until a receiver is appointed to receive him.

New Ferris Wheel Waits Fun Seekers At Playland On Fifth Newspaper Day

Clip This Coupon For Free Ride 70 Feet Up Toward Clouds

Something new is new under the Playland sun.

When Daily Times readers visit Playland on August 20 as guests at the fifth Annual Newspaper Day, they will enjoy the new Ferris wheel.

High into the sky, all the Ferris wheel rises—70 feet up toward the clouds. There are 24 chairs, each having room for two riders.

The Ferris wheel has been constructed on the north headlands and from its vantage point you can see all over the city.

When you're up 70 feet the breeze is blow and the air is fresh and cool. It's a treat Newspaper Day. Clip this coupon for your free ride.

BAYONETS GUARD STEEL PLANTS AS WORKERS RETURN

'Brutal Terrorism,' Charged By CIO Counsel On Ohio Strike Front

CLEVELAND, July 7 (AP)—Republican Steel Corp. plants hummed with activity here today under the protection of National Guard bayonets as Lee Pressman, general counsel for CIO steel strikers, charged that "a state of brutal terrorism" prevails on the Ohio strike front.

"New steel by Friday," predicted Republic plant officials.

Smoke streamed from lowering stacks of three Republic units after the last of a series of back-to-back strikes in defiance of John L. Lewis cohorts in the steel industry.

"This is the beginning of the end of this L. Lewis," said H. G. Elliott, U.S. superintendent. "They'll never get these men out on strike again."

Pressman, at Canton, Ohio, asserted in a formal statement that the Ohio National Guard "has made itself a veritable army of occupation" in the Ohio sector.

"Picket lines are raised daily and attempts are made to force the men into going back to work."

SHIPS AND PLANES FAIL TO FIND TRACE OF MISSING AIRCRAFT

Vast Hunt Aimed At New Region In South Pacific

AIR AID SPED

HONOLULU, July 7 (AP)—Navy ships and planes, coordinating efforts in the vast hunt for Amelia Earhart, aimed today at a new region in the South Pacific wastes where growing belief and some facts indicated the missing aviator may be marooned.

The Coast Guard at San Francisco said it has been checking with the Coast Itasca throughout the day but had no news of the missing aviator and her navigator.

Walter McDermott and Carl Pearson, Los Angeles amateur operators who have been receiving sets operating said they had heard nothing from the Earhart wavelength throughout the night and doubted if other amateurs had picked up anything because all operators have been requested to notify them of any reception.

Five discouraging days of scanning the immense area north-northeast of bleak Howland Island, which the aviator missed last Friday, turned the search to the corresponding area centered south of the Phoenix Islands, where 200 miles away after the Phoenix Islands.

The Coast Guard Cutter Itasca, said Navy Miss Howard Swan has landed only north of Howland without sighting the missing woman.

The Itasca methodically scanned the area 200 nautical miles in each direction while the Swan covered a strip 15 miles wide by 240 miles long.

The battening Colorado, speaking toward a meeting with the Coast Guard Cutter Itasca, planned to release its three deck planes into today for the first aerial search of the area while the fate of Miss Earhart and her navigator, Frederick J. Noonan.

News said from the air was expected over the weekend from the plane after Captain Lexington, speaking from California toward a meeting with the Itasca, stated where she was expected by P. M. (1937) tomorrow.

After having San Diego Sunday with three destroyers, the \$40,000,000 Lexington, sailing the Pacific at 33 knots a knot and a half below top speed, but a full knot faster than the Atlantic record set by the patrol liner Normandie.

More than 1,600 miles lay ahead of the Lexington before she could send her brood of 87 planes into a aerial search.

Shifting of the search to the south of Howland followed suggestions from Coast Guard officials in San Francisco who conferred with Mrs. Earhart's husband, George Palmer Putnam, and a check of the last available radio messages while the plane was in the air.

Officials agreed Miss Earhart, if the seat any of the means of escape, planned radio distress signals, which have appeared the last, or a reef above water, because her radio would not operate otherwise.

North of Howland, there is neither known land nor reef for hundreds of miles, but to the south and east is an area dotted with tiny isles and some reefs, beginning as close as 100 miles.

Mamaroneck Man Injured In Crash

John J. Ward, 48, Beach Avenue, Mamaroneck, was injured when his motor car crashed head-on into another car at 7:30 o'clock this morning at the top of The Hill on Harbor Post Road in Yonkers.

He suffered lacerations of the right arm and head and a bruised rib.

Ward, driving alone, was operating alone Independence Day off his machine collided with one of the cars.

His injuries are being treated at United Hospital, Port Chester, E. 10th Street, New York City, going south, Salvatore Pignatelli, a member of the Beach Avenue, was the only one of three passengers injured in the accident. He received a deep gash on the head.

SHIPS AND PLANES FAIL TO FIND TRACE OF MISSING AIRCRAFT

Vast Hunt Aimed At New Region In South Pacific

AIR AID SPED

HONOLULU, July 7 (AP)—Navy ships and planes, coordinating efforts in the vast hunt for Amelia Earhart, aimed today at a new region in the South Pacific wastes where growing belief and some facts indicated the missing aviator may be marooned.

The Coast Guard at San Francisco said it has been checking with the Coast Itasca throughout the day but had no news of the missing aviator and her navigator.

Walter McDermott and Carl Pearson, Los Angeles amateur operators who have been receiving sets operating said they had heard nothing from the Earhart wavelength throughout the night and doubted if other amateurs had picked up anything because all operators have been requested to notify them of any reception.

Five discouraging days of scanning the immense area north-northeast of bleak Howland Island, which the aviator missed last Friday, turned the search to the corresponding area centered south of the Phoenix Islands, where 200 miles away after the Phoenix Islands.

The Coast Guard Cutter Itasca, said Navy Miss Howard Swan has landed only north of Howland without sighting the missing woman.

The Itasca methodically scanned the area 200 nautical miles in each direction while the Swan covered a strip 15 miles wide by 240 miles long.

The battening Colorado, speaking toward a meeting with the Coast Guard Cutter Itasca, planned to release its three deck planes into today for the first aerial search of the area while the fate of Miss Earhart and her navigator, Frederick J. Noonan.

News said from the air was expected over the weekend from the plane after Captain Lexington, speaking from California toward a meeting with the Itasca, stated where she was expected by P. M. (1937) tomorrow.

After having San Diego Sunday with three destroyers, the \$40,000,000 Lexington, sailing the Pacific at 33 knots a knot and a half below top speed, but a full knot faster than the Atlantic record set by the patrol liner Normandie.

More than 1,600 miles lay ahead of the Lexington before she could send her brood of 87 planes into a aerial search.

Shifting of the search to the south of Howland followed suggestions from Coast Guard officials in San Francisco who conferred with Mrs. Earhart's husband, George Palmer Putnam, and a check of the last available radio messages while the plane was in the air.

Officials agreed Miss Earhart, if the seat any of the means of escape, planned radio distress signals, which have appeared the last, or a reef above water, because her radio would not operate otherwise.

MCCULLOCH FLAYS WPA REFUSAL TO GIVE TOWN DATA

Failure to Provide Information On Local Projects Is Denounced
\$140,000 APPROPRIATED
Superior To Seek Action By Taking Matter Up With County Board

The Federal Government's inability or refusal to give information on WPA projects in the Town of Mamaroneck was roundly denounced last night by Supervisor Bert C. McCulloch, who declared he intended "taking it up with the Board of Supervisors."

Closing of the WPA office at White Plains and the consequent dismissal of the "white collar" workers familiar with the administrative details were given as reasons for the WPA officials' refusal to furnish the Town with information sought.

"The Town," Supervisor McCulloch said at a meeting of the Town Board last night, "has appropriated about \$140,000 for materials to be used on WPA projects, excepting thereby to make some improvements at low cost, as well as furnish employment for our people who are on relief."

"Now, the Federal Government will tell us how many persons are working here, or how many of our relief cases are being cared for, or we can't tell whether there are 100, or 200 or 500 being employed here. We know how many from Rye, New Rochelle, or other points, are being given work here, with the Town furnishing the materials."

"We've got to fight to get this information, or else a defective, or something, or else spend money for materials and not know how many of our people are getting relief."

"They give the excuse that the WPA staff acquainted with these details is now dismissed. Why, I wouldn't take but the one man to furnish us with this information. They don't want to retain the entire staff to answer a few questions?"

The White Plains office was one of 13 district offices in the upper section to be closed last year in conformance with national curtailment of the WPA program.

Closing of the district offices would mean the transfer of the administrative work to state headquarters in Albany, the update administrator, Lester W. Hering, explained. Approximately 1,500 workers were cut from the payroll by the action.

"We and the taxpayers are entitled to know how much relief is being furnished our citizens through the expenditure of this money for materials to carry out the projects in the Town," Supervisor McCulloch said.

The supervisor concluded by saying he would attempt to obtain action by taking the matter up with the Board of Supervisors.

NO RELIEF FORECAST AS MERCURY SOARS

CHICAGO, July 8 (AP)—Rising temperatures today wiped out hope for immediate relief from the heat wave which blanketed the Middle West and North Atlantic states, causing at least 70 deaths.

The mercury, after a normal drop during the night, failed to rise above 80 degrees under the impact of a broiling sun and hot winds from the western plains.

The weather bureau at Washington predicted the stilling weather would continue through Friday, some sections were favored by southerly winds of local thunderstorms.

SPANISH TROOPS PRESS ON DESPITE COUNTER-ATTACK

Government Forces Extend 15-Mile Salient In Front Drive

MADRID, July 8 (AP)—Government forces announced today they had surrounded the village of Quipura, west of Madrid.

The advance of the great and the official dispatch said an anti-tank gun, four machine guns and a quantity of munitions, as well as 30 prisoners were taken.

MADRID, July 8 (AP)—Government forces in a new offensive against insurgent siege positions on Madrid's western front reported today to have extended their position in southern Spain.

The advance of Gen. Jose Miaja's divisions, which spread through the insurgent line and captured the town of Alcazar, was reported today to have been back an insurgent counter-attack.

The assault was unable to make them lose a single inch of ground, the report said, "and they continue to advance, occupying new positions and crossing the Guadarrama River."

REPUBLIC STEEL REOPENS LAST OF ITS CLOSED MILLS

Grand Jury Indicts Eight For Illegal Possession Of Explosives

CLEVELAND, July 8 (AP)—Republic Steel Corp. reopened the last of its 17 closed plants today, and the Grand Jury of Trumbull County, Ohio, (Warren) returned indictments charging eight men with illegal possession of explosives and connection with strike violence.

The Grand Jury's action came in the wake of 157 indictments returned earlier this week by inquiry in adjacent Mahoning County (Youngstown).

Today's indictments were against Earl Hall, deposed C. I. O. organizer, and one man whose name was not made public, but who was charged with directing workers organizing committee against Republic Steel.

Other indictments were against Charles H. DeWitt, a Cleveland labor leader, and one man whose name was not made public, but who was charged with directing workers organizing committee against Republic Steel.

DeWitt was charged with directing workers organizing committee against Republic Steel, and one man whose name was not made public, but who was charged with directing workers organizing committee against Republic Steel.

RIPLEY SEES RIGHT TO CONSTRUCT PIER

The name of Robert L. Ripley, builder of the "Funland" in Manhattan, has been put on the bulletin board at the city engineer's office.

Mr. Ripley, a resident of Taylor Lane, had applied to the War Department for permission to construct a stone pier and boat landing adjacent to his home.

The notice signed by Col. E. L. Daley, district engineer with the Engineer Corps, was posted the morning.

The pier is to be constructed in Mamaroneck Harbor, one-half mile northeast of Van Ness Point and northwest of Crane Island," the notice announced.

HOPES SOAR AGAIN AS RADIO MESSAGE REPORTS 'ALICE WELLS' FLYERS FAIL TO SIGNAL PLANE

WAITING AMELIA'S SIGNALS
Two-Hour Aircraft Hunt Ends In Failure
NO TRACE FOUND

HONOLULU, July 8 (AP)—The nightest pseudonym search of the United States Navy was launched today for Amelia Earhart, missing round-the-world flyer, who officials here is awaiting rescue somewhere southeast of tiny Howland Island.

The battleship Colorado, cruising south and east of Howland, catalogued its three fighting planes last night to open the aerial phase of the hunt undertaken by boat when Miss Earhart failed to signal on Howland last Friday on a 2770-mile flight from New Guinea.

The Colorado's aircraft returned to the battleship after 2 hours and 20 minutes, but no trace had been sighted of the missing plane or of Miss Earhart and her navigator, Fred Noonan.

Planes resumed their search today, cruising over Winlow Reef, 120 miles behind the equator and southeast of Howland Island.

Below the vicinity of Winlow Reef, the search planes were ordered to search for a possible crash site in the northern Phoenix Islands.

Within flying distance to the southeast of the Canton Island, site of the recent South Pacific rescue operation, some naval officers consider it the most likely place to look for the round the world flyers.

Amelia Earhart and her navigator, Fred Noonan, were last seen on Sunday by commercial and governmental stations on Howland Island.

Radio Message Hooped
What Coast Guard officials in San Francisco described as one of the most promising developments in the way of amateur radio messages.

Ray Johnson, crewman worker, of the Great Falls Tribune, at 1:30 A. M. EDT, he heard a voice saying "AHH well."

Johnson, who is a position at the station, said he picked up a second message, which he gave as follows:

"Position 172 West Longitude and 5 South Latitude."

Johnson told the Tribune editorial staff immediately tuned in his set of two kilocycles, and reported he heard a voice, presumably a man, but could not distinguish the words.

Coast Guard officials at San Francisco said the message appeared promising for two reasons.

First, the longitude and latitude indicated a position exactly where they believe the missing flyers are down. Second, the wording of the message sounded authentic.

Rear Admiral C. G. Murfin, 14th Naval District commandant and director of the mass hunt, predicted success of the wide area search operations should be determined by mid-afternoon Monday.

Restraining the belief of many experts here and on the mainland, that Miss Earhart was forced down somewhere in the Phoenix Area, Admiral Murfin explained the entire region could quickly be scanned after the arrival of planes.

Efficient aircraft Carrier Lexington and its complement of planes is estimated a thorough search of the islands could be made in six hours.

Provisions For Month
SAN FRANCISCO, July 8 (AP)—Amelia Earhart and Fred Noonan are believed to have been in a month or more if they landed in the South Pacific.

They would have to be rescued by a plane or a ship, or a search plane.

The plane carried clothing, tools, food, a radio, a search light, a considerable water, fishing tackle, and a number of other supplies.

Water from the ocean and rain water from the fish and other supplies could be used for drinking.

With any luck at fishing and other supplies, the search plane could be used to land.

THE VETERANS SPEAK

Today and tomorrow the annual Westchester convention of the American Legion is being held at Mount Kisco where delegates and alternates, visiting officers and officials, will be the guests of the Moses Taylor Jr. Post, in one of the finest veterans' clubhouses of the county.

There will be the lighter, incidental features, the drum corps competition, a minstrel show, gang-singing of "Mademoiselle from Armentieres" and the like. But there will also be in address and in resolutions an expression of the spirit which has actuated this great patriotic organization for the 18 years of its existence.

So accepted has become this magnificent agency of public service that too frequently its value to the community is unrecognized. So dependable has it proven itself that we have forgotten what it would be not to have it. And yet in times of emergency, of public danger, of calamity, it is to the American Legion that the public turns first after having exhausted the resources of its official agencies of government.

Here in Westchester such occasions have, fortunately, been rare. Yet it is comforting to know that there are thousands of men—and women in the auxiliaries—able and ready to spring again to immediate service of their neighbors if the need arises.

Perhaps it is in what the Legion has avoided that it has shown itself most determined in its opposition to partisan political activities as an organization, stressing most the duty the country has owed to the wounded and the widows, the orphans and the destitute, the Legion has steadfastly refused to allow any man or any clique to use it for personal advancement or aggrandizement.

In irresponsable hands, under careless or selfish leadership, the Legion could have become an instrument to plague the public for three generations. It could have made of itself a political weapon for the benefit of a percentage of the population. And yet only in one major instance, the fight for adjusted compensation, has there been any sharp division of opinion between taxpayers and veterans.

Here in Westchester the members of the score or more posts of the American Legion are our best citizens. They are the men who will control the destinies of the county—not because they are veterans or legionnaires, but because they are of the stuff that would have put them in positions of responsibility even had there been no World War. So, for today and tomorrow, in remembrance of their more stirring deeds of 1917 and 1918, hats off and a salute toward Mount Kisco!

RECREATION WORK GOES ON

The Works Progress Administration's shut-down recreational work in Mamaroneck was a blow, which easily might have brought about a situation little short of a calamity. Fortunately the Mamaroneck Board of Education realized what it would mean to have the program frustrated and promptly overcame this possibility by voting \$1,200 to finance the work. The playgrounds will, therefore, remain open and will continue to function.

The Board of Education is entitled to commendation for its prompt dealing with the situation. And thanks are due Dr. William H. Mills, chairman of the Town Recreation Council for his plea in this matter. We know of no work, where so small an amount of money is involved, which is more productive of good. Playground and all that goes with such a recreational program as Mamaroneck has worked out are not little undertakings but snapper a vital need. Scores of children would be completely lost without them dur-

ing the summer when they do not have school to take up some of the mental and physical slack.

We also admire the spirit of the instructors and other playground attendants who stick to their posts, when apparently they were without working-outlet and know that they might be left holding the bag. They might have quit in disgust but they had the spirit to labor without recompense. There is ample reason to be glad that the Board of Education's action makes it possible for these people to continue with the work they they are so ably doing.

BOOSTING A STATE

Connecticut's recently established State Publicity Commission is now in full blast and "the exchangers" which come to us from across the border are bringing messages which seek to convince the reader that Utopia is only another name for the Nutmeg State. Some celebrity tells daily how he came to drift to Connecticut and make his home there. These little stories are epics and whether they are written by the celebrities in question or by ghost writers doesn't make much difference. The last epic we read contained the following boost for Connecticut, which stresses an appeal we did not know Connecticut had claim to:

"But being free to choose any place at all in which to live and have my being, I have come to Connecticut and I expect to stay right here, and when the last little bottle of ink shall have run dry, I shall contentedly remove myself to some very quiet cemetery, for our State is the only State I know which has pleasant cemeteries."

That eulogy of Connecticut is attributed to no less a personage than Hendrik van Loon, famed author, cartoonist, lecturer and radio commentator, who lives in South Norwalk. Perhaps the Times may be accused of disloyalty to the State of New York by its readers but we cannot refrain from passing this along for what it is worth. We are not authorities on just what makes a cemetery pleasant but the information that the celebrities of Connecticut are the only pleasant ones this distinguished author knows of seems to us news of sufficient importance to warrant broadcasting.

Whether or not pleasant cemeteries are a subject fit to start a stampede to Connecticut or not, remains to be seen. Personally the lure does not appeal to us. We have seen many beautiful cemeteries but we fear we are morbidly inclined for cemeteries have never aroused pleasant thoughts in us. We will stick to the manifold beauties of New York State and reserve our interest in cemeteries until the last possible moment.

HOT WEATHER RECIPES

There are, at this counting, about as many different methods of keeping cool as there are individual cases for colds. And probably the reader has heard them all by this time. At any rate, for the sake of the record, we reproduce a few:

1. Don't ask others if it's hot enough to suit 'em.
2. Don't say it's not the heat but the humidity.
3. Don't tell the iceman you envy him his job.
4. Don't read postcards from vacationing friends who boast of sleeping under blankets.
5. Don't look at thermometers.
6. Don't look at pictures of morons frying eggs on sidewalks.
7. Don't get into arguments over how much cooler the Long Island side of the county is than the Hudson River zone.
8. Don't play bridge with your husband (or wife).
9. Don't read silly newspaper editorials like this one.
10. In fact, don't do anything anybody else tells you to do; use your own individual recipe for keeping cool; it can't be any worse than the rest!

THIS IS GOING SOME

Three Larchmont figures on tax collections take the edge off our recent comment on what Mamaroneck has done. The Village of Larchmont got in, during the month of June, no less than \$286,000 of its taxes, that being 78 per cent of the total tax levy of \$367,023. As a result of this showing, Village Treasurer Hugh E. Callier is able to claim an all-time record.

Last year, as a matter of fact, the Village made a new record by collecting \$275,387 or 77.3 per cent of the total levy so, it will be seen, there was a high mark to shoot at and it was surpassed by only a narrow margin. All we can say now is that all we said about the June collections in Mamaroneck, goes for Larchmont, too, and goes double.

NOW'S THE TIME TO SPRAY!

THE COUNSELOR

(This column is an information service on all matters relative to the welfare of the individual. For a personal reply a stamped, addressed envelope must be enclosed. No payment is made for this service. Address: The Counselor, care of this newspaper.)

Parachute Jumping. Is it necessary for a parachute jumper to go to school to be a parachute jumper? If such is the case, what are the fees for attendance at such school? Are there any restrictions as to weight, height, etc? Does one have to buy his own uniform, parachute, etc? I would also like all information in regard to obtaining work of the kind. Also tell me how to go about applying for this work at the World's Fair and the amount of pay received.

To Complicated. E. B. We are sorry but it is not possible for us to answer any questions regarding this. The whole matter is so complicated that only a lawyer can be of any help to a person in this regard.

WORRIED BRIDEGRROOM. We cannot imagine where the idea started that a man could wear either a tuxedo or tails before he is married. The whole thing is so complicated that only a lawyer can be of any help to a person in this regard.

IN BRIEF

ZADOK DIMBOROFF, public scientist and liberate biologist, has been named as the author of a book on "The Science of the Future." The book is now being published by the World's Fair.

What's Irish Like? Would you help me get a recipe for a real old-fashioned Irish cake? I have a friend who is very ill and for the past week she has been asking for Irish cake. I would like to make one for her, but all of the Irish old folks I know do not know how to make it. If you can help me I will appreciate it immensely—as soon as possible. S. E.

GRAB BAG

One-Minute Test. 1. What U. S. president sought reelection after serving two formal terms? 2. Who is the Soviet Union's foreign commissar? 3. What is orthology?

Words of Wisdom. Where liberty dwells, there is my country.—Milton.

Hits on Etiquette. Unless plenty of tables are available, food that must be eaten with a fork should not be served at parties.

Today's Horoscope. I hear people who pray for you are in a hurry. One of them, when they are right, they fight for their own.

One-Minute Test Answers. 1. In 1860 Thomas G. Dew was elected unanimously for third-term governor of the Commonwealth of Virginia. Theodore Roosevelt ran as a Progressive in 1912 after serving the unexpired term of President McKinley. Orthology is a mis-spelling of orthology.

Words of Wisdom. 1. The voice of the lion is the voice of the lion.

MUSEUM OPENS NEW SCHEDULE LARCHMONT MAIL RECEIPTS GROW

Activities Continue Three Days Weekly at Children's Institution \$1,556 Increase Shown For Fiscal Year; Eger Reports Other Gains

Today marks the opening of the summer program of The Larchmont-Mamaroneck Children's Museum which will continue thereafter on Tuesdays, Thursdays and Fridays from two until five o'clock through July and August. The rooms are delightfully cool and are truly an inviting place for a child to enjoy an afternoon with games, the study of nature, art and industry, lectures, story telling, the development of worth while hobbies. Surely every child will find something of vital interest.

Suit, Cloak Union Settlement Seen

NEW YORK, July 9 (AP).—A multi-union suit against the clothing store today to put a quick end to the work stoppage which halted production of women's suits and sport coats through the metropolitan area yesterday.

A surprise party was given for Mrs. Caroline Purdy of Barry Avenue and Grove Street. Mrs. Purdy rendered some fine selections on the piano by the artist, Madeleine. Mrs. Jeanette Acher sang a very pretty solo, Harry Conant sang.

Gamble Named Head Of Court Committee

NEW YORK, July 9.—Assemblyman Ralph A. Gamble, Larchmont, is chairman of the joint legislative committee on children's court jurisdiction, it was announced today by the Bar Association.

Speeding Is Costly To 8 In Larchmont

Eight persons arrested for speeding in Larchmont within the last few days by Motorcycle Patrolman Walter Verhulst and Patrol Car Officer Thomas Bogie were fined for forfeited bonds when they came before Judge John R. Callahan in Larchmont last night.

TWO MEN KILLED AS POLICE AND STRIKERS CLASH

Six Others Wounded In Battle At Hudson Union Headquarters

141 PUT UNDER ARREST

Death Toll Soars To 15 In Seven-Week-Old Strife

MERCURY DROPS

A typical summer storm, breaking four days of intense heat, swept over Mamaroneck and vicinity last night, accompanied by a barrage of thunder and lightning.

Street lights out; water floods cellars.

Lightning wrecks driveway here as high temperatures take 8 lives over weekend.

Lightning bolt rips driveway between homes.

Bolts hit scores of places in Westchester.

Showers due.

Violent electric storms over Westchester last night did damage to houses, trees, driveways and lawns but brought only partial relief from the heat which over the weekend claimed 118 more lives, increasing the county heat toll to at least 17 dead. It won't get below 70 degrees tonight, the weather bureau said.

Two Larchmont Families Here Narrow Escapes During Storm

A bolt of lightning, virtually demolishing a driveway between two residences on Graydon Road, Larchmont, shattered a garage door, sprang a window blind and knocked a bedroom mirror to the floor during the height of the storm last night.

Occupants of the two residences, including the families of Mr. and Mrs. R. G. Hanson at 21 Graydon Road and Mr. and Mrs. Albert J. Eckhardt of Riverside Drive, were congratulated this morning on what they believe was a miraculous escape from death, or serious injury.

The bolt of lightning struck squarely between the two homes, striking a concrete retaining wall, and shattering the driveway. As the concrete was piling up, disintegrating north and south, the driveway was completely blocked.

The bolt also hit the window above the door, shattering the glass and sending the window flying into the driveway. The bolt also hit the window above the door, shattering the glass and sending the window flying into the driveway.

SOVIET FLYERS AFTER 6,700-MILE RYAN CALIFORNIA

Aviators Complete 62 Hour Flight From Moscow

SET RECORD

SAN JACINTO, CALIF., July 14 (AP)—The Russian transpolar flyers landed here at 6:30 A. M. P. S. T. after a non-stop flight from Moscow which broke the world's long distance flight record.

The flyers came down safely in a pasture three miles west of here after 62 hours in the air.

The landing near this Reverend County mountain hamlet ended an epochal flight of 6,700 miles which began Sunday night in Moscow.

The airline distance from Moscow was computed roughly at 6,700 miles for the plane's slightly more than 62 hours in the air.

The three Soviet flyers—Pilot Mikhail Gromov, co-pilot Andrei Yushchikov and Navigator Sergiy Ivanov—were unable to speak English in the mountain hamlet which they reached in the evening.

The second transpolar flying expedition far exceeded the distance of the first which came down at Vancouver, Wash., June 20 after a top of 5,288 miles.

WASHINGTON, July 14 (AP)—The campaign to cut work relief rolls to 1,500,000 persons by tomorrow, announced government officials, said today is 100,000 short of the goal.

WPA announced early in July that 128,640 had been taken off the rolls from June 12 to June 26, leaving a total then employed of 1,821,161 as compared with 2,240,207 on July 25, 1936.

Great Britain Tries New Spanish Patrol

LONDON, July 14 (AP)—Great Britain today forwarded a plan for re-institution of the Spanish government intervention patrol to the 26 other governments signatory to the neutrality agreement.

LONDON, July 14 (AP)—Alfred Duff Cooper, First Lord of the Admiralty, announced today that the House of Commons that a British ship was captured today while attempting to enter the Spanish government port of Santander, current objective of the Spanish insurgent army's northern campaign.

MADRID, July 14 (UP)—Small military began shelling Central Madrid at noon today. Shells fell at the rate of one every four minutes.

Lad Trudges 20 Miles To Save \$1.95 Earnings

A 16-year-old boy who had tramped 20 miles from South Norwalk, Conn., so that he could save \$1.95 he had earned at a dairy there, was found sleeping in the office of Marnock's clothing store on Massachusetts Avenue at 11:45 P. M. yesterday.

He was so tired, Roman Fry of 301 East 20th Street, New York City, told Detective William O'Neill and Officer John Ryan, who found him, that he fell asleep when he sat down in front of the store to rest a while. Fry told the officers that his brother had furnished him with bus fare to go to South Norwalk to work in the dairy. Completing the job, he would save that, walking to his home in the city, so that he could save the \$1.95 he had earned at a dairy there, was found sleeping in the office of Marnock's clothing store on Massachusetts Avenue at 11:45 P. M. yesterday.

Two tax anticipation notes are to be used by the Village of Mamaroneck to the Manufacturers Trust Company tomorrow with a substantial saving in interest, it was announced today by Village Treasurer-Clerk Frederick H. Bull, Jr.

The payments, one of which will result in saving of six months' interest, were made possible by the heavy collections made by the village of its June 1st installment. Mr. Bull said the village collected 72.2 percent of the first half-year installment due June 1, or \$224,637.7 of a total amount of \$310,000 due on that date, Mr. Bull explained.

One note is for \$50,000 and is the first payment on a tax anticipation note of \$100,000. The village had previously paid \$100,000 by saving \$33 on the note, which falls due tomorrow, July 15.

Another payment of \$60,000 will be made tomorrow, July 15, which totals \$200,000. The payment tomorrow will save six months' interest amounting to \$341. Mr. Bull said.

The rate of interest was one-fourth of one cent. During the depression years when interest was upwards of five and six per cent, it was managed to average several thousands of dollars per year by payment of the tax anticipation notes to advance.

Other taxes come in, he said, possibly other payments can be made on the \$200,000 note falling due in January, with a consequent saving of interest to the village. The payments will be made by check by Mr. Bull, who, as in his custom, will go to the city tomorrow to appear personally at the office.

STONY BROOK, July 14 (AP)—The skeleton force of Federal agents, investigating the mysterious disappearance of Mrs. Alice McDonnell Parsons, was increased today as reports of a "confession," which denied any such document existed, were heard that the Long Island society matron, vanished on June 8. Shortly afterward a note, demanding \$25,000 for her safe return, was found in the hands of the Federal men, although they denied any such document existed. Parsons and Mrs. Anna Parsons, her sister, were a member of the household for several years, spent yesterday away from home.

NAVY TO ABANDON HUNT FOR AMELIA

HONOLULU, July 14 (AP)—Navy authorities directing a vast aerial search along the equator for Amelia Earhart and her navigator, missing 12 days, reduced the number of searching planes today and indicated the hunt would be ended Saturday.

The storm forced cancellation of an afternoon flight yesterday after 30 planes fruitfully had scanned 21,000 square miles of the South Pacific during the forenoon.

"Somewhere" in a 100,000 square miles of search area, the search was down, out of fuel, after trailing the small coral islet which lies dead but two feet above the ocean.

The Lexington's 60 planes looped northward to 200 miles northwest of Howland and sped southeast. They were to position two miles apart in two divisions on each side of the Lexington. Each plane had a search area of 100 square miles.

Meanwhile the minesweeper Swans and the coast guard cutter Itasca were accompanied by six blimps in the southeastern part of the Gilberts. Navy officials said when news and Itasca should reach their allotted search area tomorrow.

ROOSEVELT MOVES TO REDUCE RENTS

WASHINGTON, July 14 (AP)—President Roosevelt says he is convinced Americans pay too much for their money to landlords.

He has ordered the department housing experts to seek a means of cutting down rents, declaring some families spend half their income for shelter.

Mr. Roosevelt talked with representatives of nine rental agencies yesterday, especially concerning extension of the limited dividend corporation system.

He also talked with representatives of the limited dividend corporation system. Mr. Roosevelt said he would like to see the financing of housing and apartments for rent.

TREATED FOR DOG BIT

William Paulson, 70 Myrtle Boulevard, Towns, was treated yesterday for a dog bite on his leg suffered when he was bitten by a cocker spaniel owned by Mrs. John S. Purke of 70 Pleasant Drive, Larchmont, police of Larchmont report. Paulson was cutting grass on a lot, 2 Shadow Lane when he was bitten. Larchmont police reported.

JAPANESE RUSH NEW TROOPS TO PEIPING TAIPEI

2,000 Reinforcements With Armored Cars Sped Following Deaf

PEACE MOVES PRESSED

Peaceful Settlement of North China Dispute Now Believed Likely

PEIPING, July 14 (AP)—The Japanese high command at Tientsin rushed 2,000 reinforcements fully equipped with artillery and armored cars to the Peiping base area today after the defeat of Japanese troops by the 29th Chinese National Army before the southern and eastern gates of the city yesterday.

The reinforcements were sent by train. He decided to spend a part of his wages for the search for his brother.

Latest dispatches from Peiping, however, indicated that a peaceful settlement of the North China dispute might well be reached.

Japanese press releases mentioned that both local Chinese and Japanese officials in Peiping are entering on the Japanese side.

Immediate withdrawal of Chinese-invoked martial law in Peiping and the North China dispute; reestablishment of peace and an end to "illegal" acts against Japanese residents.

The immediate effect of Japanese withdrawal was expected "momentarily."

The reinforcements moved up to the front in a fleet of motor trucks composed of transport units only.

At the same time, however, Japanese troops announced they had evacuated Tientsin. Villages near the Peiping front were the first claim occurred.

The village was looted by Mr. Barry for having prohibited sidewalk displays of foodstuffs.

It is like being without your lunch. So bring your olive oil and vinegar and all the other paraphernalia with this meat coupon your day's appetite is assured.

NEW YORK, July 14 (AP)—Theodore Roosevelt, Jr., Dooling, was today named as a member of the new National Deal coalition party by James A. Parley's press.

DEMOCRATIC PARTY LEADER SUCCEUMS TO HEART ATTACK; DEATH SHOCKS WASHINGTON

Passing Of New Deal Legislative Kingpin Throws Administration's Legislative Program Into Turmoil; Senatorial Colleagues Mourn Loss Of Veteran Fighter

LEADER DEAD

DEATH COMES IN HIS 64TH YEAR

WASHINGTON, July 14 (AP)—Senator Joe T. Robinson, Democratic leader and New Deal legislative kingpin, was found dead today in his capital apartment home.

The sudden death of the Senate leader shocked the capital and threw the administration's legislative program into turmoil.

Robinson had been Democratic leader since 1922, was personally in charge of the administration's two major legislative campaigns to enact President Hoover's bills to reorganize the courts and the executive departments. His colleagues generally had respected his appointment to the Supreme Court to fill the vacancy created by the retirement of Justice Brandeis.

Although Robinson's health had been quiet as good as in former years, a sudden death was a tremendous shock to his senatorial colleagues and all of official Washington.

The Democratic leader had been working with terrific energy during recent weeks in an effort to devise a compromise court bill for which he could obtain senate approval. The substitute measure he had introduced was drafted with attention to the close personal reorganization program. Two or three weeks ago he personally introduced a compromise bill to carry out the chief executive's reorganization program and had called his committee to begin work on it today.

He had been given a free hand by the Senate to work on the bill. He had been given a free hand by the Senate to work on the bill. He had been given a free hand by the Senate to work on the bill.

There were others in the Senate who could step into the leadership of the Democratic members of the Senate to guide the administration drive to enact a substitute for the Roosevelt court bill.

President Mourns Robinson's Death

WASHINGTON, July 14 (UP)—President Roosevelt, personally mourning the death of Sen. Joseph T. Robinson, declared today that "a soldier has fallen with face to the battle."

Mr. Roosevelt said he was deeply grieved by the death of a man who had served his country so bravely.

Mr. Barry said, that the village officers had received some complaints alleging unsanitary conditions prevailed in one or two of the markets in the village.

Particular attention will be given Mr. Barry said, to proprietors of food stores, to the cleanliness and toilet facilities, general cleanliness and other technical requirements for food handling.

HIGH COURT FIGHT UPSET BY DEATH

Robinson Was Author, Advocate Of Substitute For Reform Bill

WASHINGTON, July 14 (AP)—The sudden death of Democratic Leader Robinson upset today the administration drive to enact a substitute for the Roosevelt court bill.

The Arkansas Senator not only was the author of the substitute, but he had been given a free hand by the Senate to work on the bill.

He had been given a free hand by the Senate to work on the bill. He had been given a free hand by the Senate to work on the bill.

There were others in the Senate who could step into the leadership of the Democratic members of the Senate to guide the administration drive to enact a substitute for the Roosevelt court bill.

Robinson was leading the Senate fight for Mr. Roosevelt's Supreme Court reform bill.

Mr. Roosevelt's statement: "In the face of a dispensation so swift in its coming and so tragic in the loss it brings to the nation, how low in sorrow. A pillar of strength is gone. A soldier has fallen with face to the battle."

Mr. Barry said, that the village officers had received some complaints alleging unsanitary conditions prevailed in one or two of the markets in the village.

Particular attention will be given Mr. Barry said, to proprietors of food stores, to the cleanliness and toilet facilities, general cleanliness and other technical requirements for food handling.

Marland Awarded Honor For Community Service

A desire to honor Dr. Irving J. Marland, president of the Mamaroneck Lions Club, with a certificate of merit for his whole-hearted labors for community betterment, was expressed in a letter read yesterday at the weekly luncheon of the Lions at the Washington Arms.

The letter was from Dr. Lanning H. Hildner, of the Department of Public Relations of the Service Corporation, a Director of the Lions Club, which desired to be correct in recognizing the service of Dr. Marland.

Approval of the award was expressed by Dr. Marland, president of the Mamaroneck Lions Club, and other members of the club.

CONFESSOR DENIED IN PARSONS MYSTERY

STONY BROOK, July 14 (AP)—The skeleton force of Federal agents, investigating the mysterious disappearance of Mrs. Alice McDonnell Parsons, was increased today as reports of a "confession," which denied any such document existed, were heard that the Long Island society matron, vanished on June 8.

Shortly afterward a note, demanding \$25,000 for her safe return, was found in the hands of the Federal men, although they denied any such document existed.

Parsons and Mrs. Anna Parsons, her sister, were a member of the household for several years, spent yesterday away from home.

GOOD FOR THE FIREMEN!

Firemen of the Town of Mamaroneck have held a meeting and taken up the matter of renovating and improving the company's rooms.

That is something worth talking about, while it is the part of things which might be expected of such a body of men as the firemen, it is none the less commendable.

We see by this that the firemen take a pride in their home, that they possess true civic spirit, and that they are not afraid to do a little more than they have to do and more than they are being paid for doing.

SOME ENCOURAGING FIGURES

Worth careful review are the population figures of Westchester County communities, showing the estimated population of all these communities at the present time as based on the State Department of Health figures for 1936.

Not only did Mamaroneck and Larchmont rather more than hold their own but Larchmont lettered its position by one, passing Double Ferry and taking sixteenth place in the list with an estimated population of 6,360.

CALL FOR MEMBERS

The membership drive which is being conducted for ten days for the Hebrew Institute should not prove barren of results.

POISON AND POLLEN

New comes that season of the year which is so full of pollen and pollen is so full of pollen.

HONEYMOON COTTAGE!

One is in love with which about this time of the summer reaches its most various stage of growth. The other is the pollen from various weeds, particularly ragweed and goldenrod, which attacks viciously the membrane of those susceptible to hay fever.

END OF THE CHAPTER

Wendchester knew and admired that Valiant spirit which was so heavily through this woman as Amelia Earhart. She had lived in this county, her home on the dividing line between Rye and Harrison, and until only a few months ago she had always returned, after each stirring exploit. It was as much "home" as could be any place to one so possessed of aerial wanderlust.

THE WOMAN'S FORUM

A slight debate with myself as the subject, "Are Women People?" has led me to the conclusion that they are, and as such persons, therefore, ought to be treated as such.

Under the existing set-up, no matter how good the intentions, the woman is at a disadvantage in the situation as well as the employer. Granted that the majority of household employees are well treated and well paid, there is a widespread inequality, and most suffer because there is no common meeting ground for employer and employee.

What interested me in the situation was a meeting called in Mount Vernon a few days ago by the Household Employees Association. It was the first of its kind in the county, and it was held in the A. F. & L. U. hall.

A household worker has, for the most part, very few hours. Most of them must arrive early in the morning and must remain in the kitchen until the house is ready to be cleaned.

Oil Fortune Heir Granted Divorce

Miami Fla., July 23 (UPI) - Henry H. Rogers Jr., oil fortune heir, has been granted a divorce from his wife, Virginia Rogers.

GOVERNMENT FUND OPPOSES BEETLES

600 Insect Fighters Arrayed With \$1,560,000 In Many States

WASHINGTON, July 30 (AP)—The Department of Agriculture today is sending out more and more beetle funds as the war chieftain of 600 insect fighters arrayed against the Japanese beetle.

Officials of the Bureau of Entomology described the beetle as a particularly vicious pest. It propagates by the millions, eats almost anything, flies as far and fast as a butterfly and "is a true tramp and hibernator" in cold climates and winter.

Its distribution, they declared, constitutes a major menace to Pennsylvania, Long-Island, Connecticut, Rhode Island, Massachusetts, New Jersey, Delaware, Maryland, and the parts of Virginia, West Virginia, Ohio, New Hampshire, Vermont and Maine.

It is showing up thousands of dollars worth of green corn, beans, tomatoes, cucumbers, eggplants and melons. It is eating thousands of acres of alfalfa and hay and will eat anything it can get its mouth on.

A FIGHT SET DOWN DOVER CITY, N. J. (AP)—Five months ago a brown and black fly had spent its life eating and laying its eggs on alfalfa and corn.

For what? No one knew, but the government is working at a furious pace to exterminate the pest.

It is showing up thousands of dollars worth of green corn, beans, tomatoes, cucumbers, eggplants and melons. It is eating thousands of acres of alfalfa and hay and will eat anything it can get its mouth on.

Score is for Tomorrow

CHAPTER II

MARIE woke from a deep sleep the next morning to see the lovely face of Marie substituted against the curtains.

"What's that?" she asked, sitting up. "That's a woman," Marie said, looking at the girl who was sitting up. "That's a woman," Marie said, looking at the girl who was sitting up.

\$25,500 Is Allotted For Local Harbor

WASHINGTON, July 30 (AP)—The War Department has approved an appropriation totaling \$24,475,200 for new work on rivers and harbors projects throughout the country for the 1937-38 fiscal year.

The allocations were in addition to the \$24,000,000 already authorized for new work on rivers and harbors projects.
