RAILWAY RUNNING UNLAWFULLY HERE, TRUSTEES CHARGE

Westchester Line Told To Relinquish Use Of Right-Of-Way CLAIM RENTALS UNPAID Tracks Between Larchmont And Port Chester Involved In Motions

NEW YORK, Sept. 3.—Three motions by the trustees of the New York, New Haven and Hartford Railroad Company to compel compensation for the use of its facilities by the New York, Westchester and Boston Railroad Company were referred yesterday to Robert McManis, New York attorney general, by Federal Judge Robert P. Patterson in the United States District Court here.

Trustees assert that the trustees were covering the expenses of the Boston and Westchester service from Chatham Square, Larchmont, to Westchester Avenue, Port Chester, under lease covering the section from Larchmont to Mamaroneck, an annual rental of \$10,000, plus certain taxes, assessments and other taxes was provided. Under the lease the \$10,000 annual payment of \$10,000, and under the lease, from Harrison to Port Chester, a rental of \$38,200.25 annually. In addition to the rental the following charges are to be paid: station facilities, Larchmont, \$5,491.62 and Ryer, \$6,247.63. It is alleged that starting with Sept. 1, 1931 the defendant has failed to pay any of the rental or the other charges, with the exception of certain taxes paid by the late C. L. Barbo, trustee of the road in proceeding with the reorganization under Section 77 of the Federal Bankruptcy Act.

FATAL CRASH SENDS COUNTY TOLL TO 85 AS HOLIDAY STARTS

Transient Run Down By Unlicensed Driver TRAFFIC HEAVY

BULLETIN NEW YORK, Sept. 4 (AP)—Five hundred motor vehicle deaths are predicted for the Labor Day weekend, beginning today.

WHITE PLAINS, Sept. 4—A middle-aged transient from the Elmford farm was run down and killed here early today by an unlicensed Negro woman driver. She was arrested on the scene and her escort, also a Negro, was arrested later at his home in Greenwich, Conn.

As Labor Day traffic began filling the Westchester Parkways and roads the first victim was listed as Joseph Calk. He was struck down at 1 A. M. at Marine Avenue and Brookfield Street by a car being operated by Mrs. Helen Kistoff, 26 of 99 South Lexington Avenue, White Plains, police say. Arthur Shearman, the woman's escort, was arrested at 222 Davis Avenue, Greenwich. The car was owned by his cousin, Warren Spear, of the same address.

Police charged Mrs. Kistoff with operating a motor vehicle without a license. When the driver was taken to police headquarters, Spearman, free home, the police say. He was arrested there by Greenwich police and was charged with permitting an unlicensed operator to drive.

Medical Examiner Amos O. McGuire held the woman in \$5,000 bail for the action of the Grand Jury on a charge of homicide and Arthur Shearman in \$2,000 on a charge of material witness. He said he had not decided whether a charge would be placed against Warren Spear, owner of the car.

The first automobile fatality of the Labor Day weekend claimed the life of a 56-year-old man, who was struck by a car on the Westchester Parkway at 10:30 A. M. on Sept. 3. The driver, a 56-year-old man, was killed and four were injured. The driver was returning from a fishing trip.

ACCIDENTS TAKE 428 LIVES OVER WEEKEND

By The Associated Press. At least 428 persons died violently in this United States during the Labor Day weekend. Cool weather kept the toll below the estimate of the National Safety Council.

As in previous years, motor traffic again was the cause of 450 deaths. Fair weather and the double holiday drew motorists to the highways by tens of thousands.

As a result by The Associated Press about 202 persons died in traffic deaths in 44 states. There were 271 during the corresponding period last year. Fifty-five drownings were reported, and 71 persons died in various other accidents.

Larchmont suffered multiple fatalities of the head and a possible fracture of the skull when the automobile in which was killed collided with another machine on Hudson Post Road near the New Rochelle boundary line, Town of Mamaroneck, at 12:30 A. M. Monday.

Donogh was riding in a automobile driven by Arthur J. Williams, 70, 40 Concord Avenue, who was driving on Hudson Post Road near the New Rochelle boundary line, Town of Mamaroneck, at 12:30 A. M. Monday.

300 CHINA REFUGEES KILLED AS JAPANESE BOMBERS

400 Others Injured While Fleeing War Scene NO WARNING

By JAMES A. MILLS SHANGHAI, Sept. 8 (AP)—At least 300 Chinese non-combatants were killed and 400 injured today in one of the worst disasters caused by Japanese air bombs in the three months of undeclared war.

Fifty railroad cars packed with Chinese refugees fleeing from their tracks by Japanese bombers at Soungtung Station 30 miles from Shanghai.

Fifteen hundred Chinese were wedged into every inch of the train when the bombs burst in their midst.

Two densely crowded second-class coaches and three third-class cars were shattered by the blast lifted from the wrecked tracks and turned over.

Many of their occupants not killed by the explosives were crushed to death in the wreckage.

The fearful explosion literally showered human forms and blood-smeared debris into the air.

A Chinese spokesman declared the train carried no soldiers and that the station was an American military post.

The Japanese, answering the three-way note, demanded that Chinese troops be withdrawn from a much wider area in the Shanghai district.

The Japanese response was made by Vice Admiral Kuroki Kagezo, commander-in-chief of the Japanese third fleet in Chinese waters.

It followed a Chinese refusal to evacuate portions of the area across the Whangpo River from the International Zone, unless foreign naval concentrations guaranteed that Japanese troops would be restrained from landing there.

Expenditures for relief climbed from \$72,425 in July to \$83,919 in August, Councilman Edward C. Griffin announced to the Town Board last night in his report on the activities of the Town welfare office.

TOWN'S FIREMEN HALT PUMPING OF FLOODED CELLARS

Weaver Street Department Assist Only In 'Dire Emergency'

The Weaver Street Fire Department, which set pumps on flooded cellars during rainstorms in the latter part of last night, "in emergency" exists, Fire Chief Richard LeVino informed the Town Board at its meeting last night.

The Town Fire Council has voted Chief LeVino said to cease pumping out flooded cellars, "just as a matter of fact," the chief in charge of the department will decide whether or not emergencies exist in the future.

The move of the Fire Council came at Supervisor Bert C. Culchok's proposal to the Town Board that it authorize Town Engineers to make a complete survey of the town's drainage system, including a study of the sewerage and storm water drainage system.

A meeting of the town engineers was held here after the survey has been made by the consulting engineer, William Harvey Smith, Jr., as suggested by Supervisor Culchok.

Chief LeVino said that the practice of calling in the fire department when cellars are flooded "had been much improved in the past. Calling out 15 or 20 men at midnight during a rainstorm and subjecting the pumping machinery to risks caused by high water levels in the street is an emergency, Chief LeVino said.

The majority of calls contain a great deal of loose material, which when floating in water, can be sucked into the pumps and cause them to jam, Chief LeVino said.

A number of other fire department matters were brought before the board last night.

Chief LeVino suggested that the Town investigate its liability under the International Convention on the subject of the International Zone, unless foreign naval concentrations guaranteed that Japanese troops would be restrained from landing there.

TOWN BOARD CUTS PENALTY IN HALF TO SETTLE TAXES

Compromise At 6 P. C. On Unimproved Property Made On 80 Lots

A policy of settling old taxes on unimproved property at a per cent, exactly half of the usual penalty, was established by the Town Board last night as it accepted a compromise settlement on 80 lots in the Larchmont zoning section, in the town of East Paris.

The compromise offered last night was by the Title Guaranty and Trust Company of New York City and involved \$5,454.98 in 1932-37 taxes on 80 lots in the Larchmont zoning section.

A lengthy discussion followed the announcement of the company's proposal.

WORK IS HALTED ON WATER TOWER BY COURT ORDER

Purchase Residents Win Initial Victory in Fight to Stop Construction

DEFENDANTS REBUKED

Witchie Orders Early Trial of Suit for Permanent Relief

WHITE PLAINS, Sept. 14—Mrs. Helen S. Wallerstein, Mrs. Ethel Koch, and other purchasers of lots in a residential subdivision known as the "Witchie Building," today won an initial victory today in their fight to prevent the construction of a water tower on the land in the vicinity of their property.

Supreme Court Justice Graham Withie in a stern judicial rebuke to the defendants, including the Pittsburgh-Des Moines Construction Company, which is performing the work, granted Mrs. Wallerstein and Mrs. Koch a permanent injunction restraining further construction. He also ordered an early trial of their suit for permanent relief.

The property of the plaintiffs, also that of Ogden J. Lehan, publisher, George Herbert H. Lehman, and Howard S. Culman, vice-president of the Pittsburgh-Des Moines Construction Company, is in a Residence A-2 zoned under the city zoning ordinance adopted in 1921 and subsequent amendments, no building is permitted, except for specified purposes in the restricted area.

The only specified purpose which the ordinance applied to the construction is public storage, as pointed out. "The context of that phrase obviously limits it to railroad and telephone exchanges," he said. "The defendants contend that there was no valid zoning ordinance in existence, but this contention has no public bearing because there was not a zoning of the town at that time."

Justice Withie dismissed their suit with the statement: "An order of a court of law is a court of law, and a court of law is not to be disobeyed." He also ordered an early trial of their suit for permanent relief.

"Although work apparently commenced before Sept. 2, the plaintiff does not appear an application for a zoning ordinance, which was filed Aug. 28 and a permit was issued on that day."

"An action of appeal was filed on Aug. 31. The law provides that the Board of Appeals may hear and decide appeals from any determination by any administrative official, charged with enforcement of any ordinance, including any provision of this section, and that such appeal shall stay all proceedings under the ordinance, except as to the provision of the ordinance which is the subject of the appeal. It is held that the appeal of Mrs. Wallerstein and Mrs. Koch is a matter of public concern and that the Board of Appeals has jurisdiction to hear and decide the same."

The purpose of the lower board is to determine whether the proposed water tower will be in the nature of a public storage and that the Board of Appeals has jurisdiction to hear and decide the same. The Board of Appeals is required to hear and decide the same, and that the Board of Appeals is required to hear and decide the same.

COLLUSION EARNESTLY G. O. P. NAMES PAINE FOR CLERK CONTEST

Burton C. Meighan Re-elected Chairman By Town Committee In Heated Session; Meginnis and Mandeville Chosen To Run For Councilmen In Fall Election

BAXTER WINS OVER EDWARDS

The Republican Town Committee re-elected Chairman Burton C. Meighan and other officers, unanimously endorsed Supervisor Bert C. McCulloch to succeed himself, and prepared the balance of its Fall slate in a lengthy and at times heated organization session last night at the Larchmont-Mamaroneck Town Board's Republican Club headquarters in Larchmont.

The committee chose Edward B. Meginnis, presently on the Town Board, and Owen Mandeville, member of the Town Board of Painesville, to run for councilmen. Robert D. Payne, secretary of the committee and the district clerk, was chosen to run for Town Clerk to succeed Walter R. Marvin, who has announced he intended not to run for re-election this Fall. Payne won a unanimous nomination. There were a number of persons, discussed prior to last night's meeting, who had not slumbered down to one between Payne and William Campbell, of Larchmont. The vote was close.

Meginnis and Mandeville were chosen in a three-cornered contest which also included Edward A. Koeber, treasurer of the Town Republican committee. The vote in this contest, too, was close. Judge Meseruth, presently serving office, was unopposed. Judge Baxter, who had been chosen by an appointment to the unexpired term left by the death of William A. Boyd, was opposed by Louis Zingone, of Larchmont, and Anthony A. Roy, of Mamaroneck and Larchmont, respectively.

Zingone's name was withdrawn in later voting and the balloting was drawn between Edward A. Koeber, with the latter winning. The committee also unanimously selected Henry D. O'Brien, of Westchester, as candidate on the Republican ticket to succeed himself.

If there are to be any further nominations from the floor at the caucus, Chairman Meighan said, "when I have received to advance indication of it." The caucus is to be held next Monday night at St. Thomas's Community House. It nominates officers that the official slate made, then the party will vote the following day.

The meeting was started last night with the announcement of the re-election of Chairman Meighan and his associates, including the Vice-Chairman, Mrs. Leslie C. Dwyer; Mr. Koeber, treasurer and Mr. Payne, secretary. Mr. Dwyer and David Embury acted as tellers in his night's voting.

The first item on the committee was to unanimously endorse Supervisor McCulloch as standard bearer of the party for the election Nov. 2. The balance of the meeting was not carried by any means as the committee considered candidates for the various posts, one by one.

Councilman Meginnis received instant support. It was a secret ballot and the vote was developed a controversy. A document, Henry D. Brennan, presently a councilman elected on a fusion ticket with Meginnis, received some support at the meeting last night. As the contest narrowed between Meginnis, Mandeville and Koeber, however, the Democrat naturally was requested.

Unless further nominations should be made from the floor the Republicans will present a slate with no candidates from Larchmont this year. All of the candidates on the official state roster either in the Village of Mamaroneck or the unincorporated sections of the town.

HARBESK MILLS OF MAMARONECK was nominated for the board of directors of the Larchmont Union Free School District No. 2.

WANTED A HORSE!

It's a good idea, the Town Board agreed last night, of we can only find a horse now?" asked Supervisor McCulloch in the midst of a report by Councilman Henry O. Brennan on streets, paving and so on.

"If there is," continued the supervisor, "then I think we should make a survey of the horsemen, to clear main arteries of the railway station and the High School during the heavy snows this winter."

When a heavy snow comes we can put the horse and rider to work to clear these streets. I think the people will appreciate it.

TOWN CAMPAIGN IS LAUNCHED TO CURB ACCIDENTS

Marvin Drives in Charge of Drive; Finances Reported Good

Town Clerk Walter R. Marvin, who has announced a campaign for re-election to that office this fall, last night proposed another type of campaign—against accidents—and was immediately placed in charge of it by the Town Board.

Making up a survey of accidents among Town employees for the state, Marvin said, was the first step in the campaign. He said he had discovered 12 accidents had occurred within the last eight months and that some of them could have been prevented by instructions to wear proper clothing, or by safety appliances.

Two of the accidents occurred here in 1935. He was vice-chairman of the Democratic committee in 1935. He was vice-chairman of the Democratic committee in 1935. He was vice-chairman of the Democratic committee in 1935.

Offers To Buy LENS Property Owned By Town In Unincorporated Area Involved In Plan

Negotiations looking toward the construction of 45 or 48 homes to be sold for \$1,500 each in territory adjacent to the railroad tracks in the unincorporated area of the Town of Mamaroneck have been opened by a New Rochelle firm, Supervisor Bert C. McCulloch announced at a meeting of the Town Board.

The Board received and last night accepted an invitation from the firm to come to New Rochelle and to inspect a row of the low-priced homes under construction. The firm, which is headed by Supervisor McCulloch, will make the exact location of the property, adjacent to the railroad tracks, available to the Town Board.

Would Stop Offenders Convention On Closing Day Also Calls For Bigger Army And Navy

NEW YORK, Sept. 23 (AP)—The American Legion today reaffirmed its opposition to the Fascist and Communist opposition of the American constitutional system of government, recommended a larger army and navy, and urged the necessity of protecting personal and property rights in all industrial and commercial enterprises.

The 128 delegates, apparently representing the entire membership of the American Legion, met in the Opera House under the chairmanship of Harry W. Colmer, national commander.

They opened by unanimous vote to support the American Legion's Committee, condemning and protesting against the activities of alien organizations in this country, promoting loyalty to our government and system of government.

They also urged legislation to punish American citizens who aid and abet the activities of alien organizations in this country, promoting loyalty to our government and system of government.

Geneva Condemns Aerial Attacks On China Cities

NO FORMAL VOTE

GENEVA, Sept. 28 (AP)—The League of Nations Assembly condemned Japanese aerial bombardment of China cities today by a moment of dramatic, solemn silence.

There was no formal vote. The Aga Khan, delegate from India and newly-elected Assembly president, interpreted as a vote of unanimous approval the silence that followed presentation of the Sino-Japanese advisory committee's resolution of condemnation.

The resolution was adopted yesterday by the League advisory group on which the United States is represented in a consultative capacity.

A letter accompanying the text of the measure, from Foreign Minister William M. Winter, president of the 23-nation Sino-Japanese committee, explained the purpose was to give delegates, not represented on the committee, an opportunity to describe it.

The resolution declared "no excuse can be made for aerial attacks which have aroused horror and indignation throughout the world, and solemnly condemned such attacks."

Sept. 28 (AP)—Japan was estimated by foreign military observers in North China today to be mobilizing 600,000 troops for a possible clash with Russia in the Far East.

French army authorities at Tientsin, headquarters of the Japanese North China Expeditionary Force, reported the full strength of Japan's 10th Army and Manchukuo on the border of Soviet Siberia was being placed on a footing in the event Russia should declare war on the undeclared Sino-Japanese war.

Both Japan and Russia were reported in Tokyo yesterday to be making huge troop concentrations along the Manchukuo-Siberia frontier. Russian troops during the period the tension between Russia and Japan as the most critical since 1922 when the Manchukuo Empire was created.

Russia has lodged a stringent warning against Japan against the bombardment of the Chinese capital, Peking, in what was believed to be a direct response to a Chinese appeal for aid.

In the first claim of progress in several days in the conflict with China, the Japanese Army announced that an armored train had pushed 20 miles south of captured Pingping in North China, putting the most advanced Japanese point 130 miles south of Peiping on the railroad to Hankow.

On the Shanghai front the Japanese claimed advances of 200 to 300 yards all along the entire Lochee and Liuhong sector, 20 miles northwest of Shanghai.

Japanese bombers concentrated their efforts today on destruction of China's air strength, bombing airfields in the vicinity of Nanking, and blinding two Chinese areas of Shanghai.

Although the Japanese planes stayed away from Nanking proper, its apparent reaction to foreign protests against bombardment of civilian areas, a naval spokesman announced the air force has changed the airfields at Kwangchow, Hangchow, Changshing and Tachiang, outside Nanking had been bombed. The airfield at Wuhu, 30 miles southwest of Nanking, also was raided.

More than half of China's planes have now been destroyed, the spokesman asserted.

Mamaroneck Board Orders Extension Until First Of November

Options to purchase property for the instructor site were ordered renewed until Nov. 1 by the Mamaroneck Village Board of Trustees last night.

Trustees had previously obtained options to purchase from owners of a proposed site on Northport and Fayette Streets in the commercial industrial section.

Instructions to Village Manager Raymond Whitney last night to renew the options as further proposed by the Rye Neck Village Board on the tentative plans to locate the instructor at the intersection of the Northport and Fayette Streets and the commercial industrial section.

The board received a petition sponsored by the Rye Neck Village Republican Club objecting to the location of the instructor in the second district.

A letter approving the site proposed in the second district was received from the Mamaroneck Garden Club.

Protesting the second district, Don Modjeski, who had signed the petition, appeared at the meeting and put a number of questions to the board concerning the instructor.

Mr. Modjeski's contention was that as a contractor with that office as a contractor he would be interested in the location of the instructor in the second district.

Trustee B. J. Santoro said that he believed many persons may have been led to think that the instructor site was completed, though the plans were not yet approved.

Trustee Santoro criticized Mr. Whitney for releasing the plan for publication.

Mr. Santoro said that the instructor site was not intended to be a permanent site and that it should be located in a more central location.

Mr. Modjeski also spoke on behalf of multiple owners who had received a preliminary report on the site.

LAWYERS KILL PROBE

KANSAS CITY, Sept. 30 (AP)— A resolution to investigate the Junior Branch was withdrawn and provoked by an attorney in Kansas City, a local association committee today while Rep. Hutton Sumner, Texas Democrat, outlined a "Battalion of Death" to fight for constitutional government.

Sumner, chairman of the House Military Committee, today in a speech in the recent Supreme Court battle, told Sumner he was not particularly referring to Berkeley or to any other controversial issue.

"What I am getting at is fundamental. I believe that the court avoid it—has proved of far more good than that in striking down laws in government and making the people think—getting out of the job."

The line has come which individuals cannot consider the cost to themselves or their political fortunes. We are going to balance the governmental crisis in two or three years. We are going to balance the budget, decentralize the government and make the people shoulder the responsibility of government."

The scheduled Black resolution was rejected by the resolution committee because they felt no pending in respect of which the association would be in a position to take any action if it undertook the inquiry proposed.

ASK HOOVER, ICKES SAYS

WASHINGTON, Sept. 30 (UP)— Secretary of Interior Harold I. Ickes charged today that President Hoover is "the greatest exploit of the subject of the Ku Klux Klan."
