Mr. Rainaldi was on top of William P. McLaughlin when the picture was made, at 4:30 P. M. Saturday, July 23—the Saturday when men in bathing suits were swimming in Washington Square.

Ever On The Sidelines, Woman Thrills To Derby

Little Sisters, Mothers And Spectators Alike Pleased With Race

By NANCY TITUS It's a man's world and woman's place is on the sidelines. This was never more true than at the Sun-Belt Derby Saturday, when husbands and fathers strutted about, watching the show, and sons and brothers were in the sunlight as they cheered down Mamaroneck Avenue in their glorified soapbox cars.

Of course, to a woman, Mrs. Edith Dressel, physical instructor of the Rye Neck Branch of the credit for something the grand idea and, in her white dress, with the sun shining on her olive helmet, she had her share in the proceedings. But as for the others, the sisters who helped drive in many a nail and took their turns with the paint brush, and the just plain interested, their only part was that of spectator, of cheerer-of-the-moment.

This was one time, however when they were happy to be spectators. They variously called the derby "thrilling," "exciting," "swell," but all of them found it most interesting for the onlookers as for the participants.

In the opinion of Mrs. Thomas H. Healey of 2 Lake Street, Mamaroneck, woman's Club, it was wonderful. Splendid to have such a nice clean sport for youngsters and wonderful that the grounds are taken such an interest.

"Such an event does something fine for the boys," she declared. Mrs. William J. Sims, 28 Stoney Brook Drive, Town, past president of the Larchmont Woman's Club, attending in person, had dress as fashionable as if she were at the races in Saratoga, found the (Continued on Page Three)

CORRIGAN GETS HIS FIRST TASTE OF A "NEW YORK "WELCOME HOME"

Wood-natured Douglas Corrigan was fair game for all the candid camera fans aboard the steamship Manhattan on his way back to a hero's reception in New York. It was good training for what's in store today.

On her way up New York Harbor is the liner Manhattan, bearing the air hero who flew "by mistake" from Floyd Bennett airport to Ireland. Welcoming craft followed the steamer through the upper bay.

His pitcher in the papers, still wearing the old leather jacket in which he disembarked from his still more ancient airplane in Ireland three weeks ago, Corrigan leans the S. S. Manhattan to face a barrage of flashbulbs from newsmen's cameras.

MEIGHAN ANNOUNCES LOCAL DELEGATES TO STATE G.O.P. SESSION

Supervisor, Town Chairman Also To Attend

MEET SEPT. 28

An unusually large number of delegates and alternates will represent the Town of Mamaroneck at the State Republican Convention to be held Sept. 28-29 at Saratoga Springs.

The Town of Mamaroneck delegate, and alternates are as follows, according to Chairman Burton C. Meighan of the Town Republican Committee:

Barry Epstein, Francis Perry, Louis M. Gillis, James Woodley, M. Measurers, Owen A. Raynor, James M. Smith, T. Geoffrey Smith, J. Hibbard Taylor.

The delegates two years ago, Town Chairman Burton C. Meighan, Jr., Supervisor Bert C. McCulloch, Committee Treasurer Edward A. Keeler and Committee Secretary Robert O. Payne, will probably attend the convention this year, although not in an official capacity, in order that there may be a wider representation of the various groups of the Township.

Town Chairman Burton C. Meighan, Jr. said some Young Republicans are included and the Town Chairman is represented on each committee on vacancies, such as county officers, state senator, assemblyman, etc.

RUSSIANS SHELL BORDER AS JAPAN HOPES FOR TRUCE

Tokyo Optimistic That Diplomacy Will Stop Fighting War On Frontier

NEGOTIATIONS PROCEEDING Russia Wants Border Recognized; Chinese Campaign Slows To Snail Pace

TOKYO, Aug. 5 (AP)—Optimism that the border dispute with Soviet Russia would be settled peacefully pervaded the capital today.

The belief that a week or two of diplomatic negotiation would be found spring from the Japanese Government's offer to Moscow of a truce yesterday, and from discussions between the Japanese Foreign Minister and the Russian Charge D'Affaires here.

Nevertheless, the Japanese Army reported heavy shelling by Russian artillery in the disputed Changpan-Hill area began at 4 A. M. Manent Shigemitsu, the Japanese ambassador to Moscow yesterday, said the Russian Charge D'Affaires, Maxim Litvinov, a suggestion for cessation of hostilities, withdrawal of troops by both sides, and negotiations through diplomatic channels to settle the boundary.

A short time before, the viceminister of foreign affairs, Kenkichi Hirota, conferred for two hours with Constantine Smetanin, Soviet charge d'affaires.

Horouchi and Smetanin met again today, during which Hirota said to have protested against the continued bombardment of Japanese positions.

In view of his suggestion that hostilities cease as a prelude to withdrawal of troops.

MOSCOW, Aug. 4 (AP)—Soviet Russia is ready to grant Japanese peace on the frontier with Manchoukuo, it was Japanese diplomatic attacks upon Soviet territory and withdraw their troops.

Russia then would be ready to start diplomatic discussions on the establishment of frontier posts, but only if Japan recognized the border established by maps attached to the Russian treaty with China on June 9, 1906.

This plan left the next move to Japan.

It was Foreign Minister Maxim Litvinov's reply to Japanese proposals for mutual withdrawal of troops in the battle zone, at the instance of Russian Siberia, Japanese Korea and Manchoukuo, and (Continued on Page Three)

Brewery Worker Injured By Tire

WILSON CENTER OF A LION ROAD, Town, an employee of the Schaefer Brewing Company on Mamaroneck Avenue, was injured about 10:40 P. M. yesterday, when the rim of a tire he was tending on his bicycle struck him on the right side. He was treated by Dr. William Chesser and returned to his home.

Reporter Asks For Heat Records--And Gets Them

Fireman Saves Wayward Swans

Art Johnson Dives Into Water At Larchmont Gardens, Retrieves Brood

WASHINGTON, Aug. 5 (AP)—A reporter hot-footed it up to the Weather Bureau today to find out about the country's highest temperatures.

"Yes, said a perspiring informant, "we get those heat records upstairs in a stock room, but I warn you it's pretty warm up there."

There can be no quibbling with that, weather prediction expert for underestimation.

From under shimmering heat waves and dust we dug out some temperatures that almost burned up the books. For instance:

America's highest—134 at Greendale Ranch, Death Valley, Calif., recorded July 10, 1913.

It has been hotter in Wyoming since it got in the Guinness—"Why it gets just as hot in Oregon—119 degrees—as it does in Texas."

"That's heat," said the weather bureau statistician.

"What's heat?" the reporter gapped.

"For the mercury was up to about 120 in that stifling little room where the bureau kept its heat records."

ALBANY, Aug. 5 (AP)—A prediction of local thunderstorms which would give at least a temporary relief from 90-degree heat in the city today, was forecast by U. S. Weather observers.

Yesterday's maximum of 90 was one degree less than Wednesday's record. These figures have been attributed to the present heat wave in the Albany district.

Three more deaths attributed to the heat carried Weather Bureau's toll for the current wave to seven today and the weather bureau forecast the 13th consecutive day of oppressive humidity for tomorrow.

Bartholomew Elliott of the Mount Vernon family died of a heart attack in his Elmford home last night. A Yankee boy drowned when he fell off a Hudson River dock where he had gone to be near the water and a possible boat and a Connecticut gardener who had lost his job was unharmed by the heat and killed himself with a razor blade today in Harrison.

The weather bureau and local newspapers tonight and tomorrow would not be far wrong. Continued warm was predicted and a low temperature tonight of 70. Today's temperatures started out two degrees above Wednesday's record, but tonight clouds obscured the sun.

NEW YORK, Aug. 5 (AP)—The waters around New York City today of a heat wave today, and although forecasts were for a burst of cool air from the west, the sky remained hazy and the humidity yesterday's maximum temperature in the metropolitan area was 89 degrees at 10:30 A. M. and although the temperature was 77 at the moment of fall in the city, the humidity increased and today it was 82 per cent at 3 P. M.

LABOR BILL PASSED

Legislative Aid For Needy Jobless And Sick Also Sanctioned

ALBANY, Aug. 5 (AP)—Constitutional convention delegates, having given initial approval to a bill of rights for labor and sanctioned health insurance system, the broad social welfare plan was advanced for final action after a bitter wrangle which split Republican delegates into two warring factions.

Delegates, before leaving for home for the weekend, insisted that the House of Representatives, Advocates of the health insurance plan, promised renewed efforts.

The labor measure, likewise advanced for final approval or rejection, stipulates labor is not a commodity, that a five-day week and eight-hour day for laborers on public work projects, guarantees the payment of the prevailing rate of wage for public work, and guarantees employees the right to bargain collectively through representatives of labor's own choosing.

CORRIGAN ACCLAIMED BY ROARING THROATS ON TRIUMPHANT RIDE

Aviator Given Mad Welcome By Broadway

HE JUST GRINS

NEW YORK, Aug. 5 (AP)—Cool, unsmiling, boyish young Douglas Corrigan rode triumphantly up lower Broadway today, grinning ineffably as the temperature rose and sweltering thousands cheered his progress.

All the enthusiasm for his mad ride from New York to Dublin was let loose in a continuous roar that died upon his exit from the Battery to City Hall.

Brokers and business men, bankers and stenographers, clerks and other office workers weren't slowed down a bit by the deafening hum and the heat of the swarming sidewalks.

The tons of torn paper and tickled yellow foil, the peeping crowds and the cheering, and Corrigan grinned, sitting on the back of an open car with James M. McGuire, chairman of Mayor La Guardia's reception committee, and the mayor's secretary, Stanley Howe.

The second car rode Corrigan's brother, Harry of Baltimore, and Harry's wife, Anita. In the next car were Walter and Steve Reich, friends who helped Corrigan service his plane at Roosevelt field in the week Howard Hughes was making his young-the-world flight.

He might have been, to all the Irish in the crowd, another "Cornamus Mac Air or Connacht" making his way across the plains to Meath, a red-headed with stars and animals of gold and feathers of silver upon him and a crimson cloak with precious stones.

For the Irish were in high glee today and were claiming the hero as their own. Texas both north and south, in the "Cornamus Mac Air or Connacht" who were not Irish, was the simple mechanic who flew the wrong way and landed the victor.

From the moment he was escorted from his hotel by police and detectives, the mad Irishman's (Continued on Page Eight)

WATERBURY MADE POLICE SERGEANT IN WEAVER STREET

Promoted After 10 Years Service With Town of Mamaroneck Department

OFFICER FRANCIS J. RUSSIAN ARTillery TANKS AND CAVALRY MASSSED ON BORDER

**Soviet Constructs
New Defenses,

BATTLE WIDENS

TOKYO, Aug. 9 (AP)—The Japanese War Office declared today that Soviet Russian forces were constructing new defenses on the southwest shore of Pleshet Bay and were concentrating cavalry, artillery and tanks there.

Pleshet Bay is several miles east of the disputed Siberian-Korean border zone where Japanese-Japanese units which had been fighting here for some time since July 11 and is said to be one of the heaviest fighting areas and air-ship bases.

An army contingent had two battalions of Soviet infantry attached to it, and a full-scale attack on the Japanese, which the Japanese occupied July 19 and last night July 19. This was the first time that the fighting extended to the border.

A war office spokesman expressed the belief that the construction of Pleshet Bay did not mean the abandonment of Soviet positions near Changchun, the disputed border town which Japanese forces from the Russians, along the Manchurian.

He said he believed it meant the intention of the withdrawal of the Japanese from the border town, though it said Soviet forces had withdrawn some troops from Changchun, Japanese and Russian troops 1,500 men in total for Changchun since July 20.

The opposing artillery units were quiet this afternoon, but sporadic exchanges by artillery were heard. One heavy mortar shot struck a Japanese tank several miles beyond the border.

"I believe the situation continues to be heavy," the spokesman said.

It is reported Moscow, Soviet Communist, Treasurer, Soviet commander-in-chief of the Far East had ordered the Japanese to "hold" the border.

A Japanese contingent said nearly 1,000 bodies of Japanese had been captured on all parts of the front. Japanese troops were reported to have captured 1,000 pieces of equipment.

"China which attacked the Japanese attacked each other," the spokesman said. "It was probably necessary to return their troops to the border."

He said that the Japanese had said adding that Russian, an ally and ally, were inactive with the Japanese continued.

"This policy of evasion," the spokesman said, "is a policy of evasion."

The Japanese Army admitted its casualties in what the foreign press has called a "heavy engagement" wherein the Russians were driven back after an unsuccessful attack on Japanese lines near the top of Changchun Heights.

Engineers' reports have reported Tokyo and Moscow were expected to be received. The Foreign Office said that the Japanese had been the same of Moscow since July 11.

TRUSTEES WEIGH PLEA FOR DELAY IN FORECLOSURE

Board Considers Appeal For Aid In Developing Harbor Heights Area

An application for postponement of foreclosure proceedings against the assets of Harbor Heights property owned by the Waterbury Realty Corporation was under consideration today by the Village Board of Trustees.

A plea that the proceedings, if not for the two years, would be made in the development of the property as a residential area, made to the board last night by Howard N. Board, representing the corporation, which is headed by Robert C. Board, president.

The board is to render a decision on this. Mayor William H. Johnson indicated after the hearing last night. He pointed out that approximately \$200,000 in taxes are outstanding against the property.

"This area, he declared, was being more than \$400,000 in long development, which the Village is now seeking to collect through foreclosure proceedings."

"When that much money is being collected, the time has arrived to do something about it," Mayor Johnson advised.

A prospective investor has agreed to develop the average provided to be sold, through the Village Board, in the residential area.

Flames Block Rescue Of Mr. And Mrs. William T. Adeo From Home

TUXEDO PARK, Aug. 9 (AP)—Mr. and Mrs. William T. Adeo, prominent in Eastern society, were reported to perish early today in a fire which destroyed their big, rambling home.

The 11-month-old son, George T. Adeo, their only child, was rescued by the brother of a young nurse maid and a volunteer fireman who broke through the flames.

The fireman, Anthony Bona, had been called to the home of William T. Adeo, 57 East 11th street, in the city of Tuxedo Park, N. Y., where he was on duty.

The Adeos, who had been in the home for several days and were on their way to the city, were reported to be in a bed, about 10:30 p. m.

Miss Adeo jumped without hesitation, holding the baby tight. The two of them crashed down on the floor, which broke through by catching the weight on its left side.

Both man and girl were standing by the window. The baby was held. All three were picked up by other volunteer firemen and police.

The new arrivals tried to get a ladder up to the Adeo bedroom, where Mrs. Adeo could be seen peering through the window. The fireman, who had been called to the home of William T. Adeo, 57 East 11th street, in the city of Tuxedo Park, N. Y., where he was on duty.

HEAVY RAINFALL SETS MARK FOR FREAK WEATHER

1.31 Inches Falls During Few Hours; Reservoir 25 Inches Above Level

HUMIDITY DUE TO DROP

Clear Weather Predicted For Rest Of Week With High- or Temperatures

The rainfall of about yesterday was possibly the heaviest of the many recently on the rain gauge at the Westchester State Water Works at Mamaroneck and West Field Avenue village. It was announced today by Fred Abramson, supervising chemist in charge of the plant.

"Within the few hours that it rained, 1.31 inches of rain was recorded on the gauge. It was 'fairly good,' he said. 'At night, by midnight, the water in the reservoir had risen 20 inches above the first level.'"

"It is the first summer, he said, in 10 years that there has been so much water in the reservoir. It is necessary to purchase water from the New York City system during July and August. It is best that we have this much water in the reservoir. It is better than we have had in the past few years, with summer temperatures returning."

The humidity will be somewhat lower tonight and tomorrow than today, the weather bureau said. Temperatures tonight will go back to last week's level, the lowest point, about 70.

The rain again flooded areas, highways and parks which were under water two weeks ago. Traffic was interrupted for several hours over the Hutchinson River and the Westchester State Water Works. The water had subsided on the north side of the river, but it was still in the water, flooding basements along Westchester Avenue.

FOUR-MONTH JOB

The cost of a 108-ton incinerator for the Village of Mamaroneck was estimated at \$65,000 by Henry W. Taylor, consulting engineer of New York City, an Village Manager Charles A. Lattimer announced last night that sealed bids for the construction of the plant will be opened at 3 P. M., Aug. 22.

On the basis of the bid, after the project, Mr. Taylor said at the conclusion of his report to the board, the total building, chimney, incinerator furnace, equipment and sub-contractors, for a 108-ton capacity plant should be \$65,000.

For a 108-ton plant, Mr. Taylor said, the same items should not cost more than \$50,000. Mr. Taylor has recommended the construction of a 108-ton plant.

Mr. Taylor further estimated that the building and other outside work should cost approximately \$100,000. This outside work the village is expected to pay for through the Mamaroneck Administration project, if sealed bids are satisfactory.

Mr. Taylor said that he had reported to the board that the bid, after the project, Mr. Taylor said at the conclusion of his report to the board, the total building, chimney, incinerator furnace, equipment and sub-contractors, for a 108-ton capacity plant should be \$65,000.

NEW DEAL ROLLS UP 2 VICTORIES TO ONE DEFEAT

Roosevelt Supporters Triumph in Ohio And Arkansas Primaries

LOSE IDAHO ELECTION

Bulkeley Wins Over White; Sawyer Holds Rebel in Ohio Vote

(By The Associated Press)

Roosevelt supporters rolled up a smashing electoral primary victory in Ohio today and had a narrow but winning grasp in Arkansas when the latter voted yesterday. In Ohio, the election showed a third New Deal senator slipping constantly behind in his vote for re-election.

The Ohio vote assured Democratic re-election of Senator Robert T. Bulkeley, who had been elected out of 8,601 reported, had tallied 484,619 votes to 178,023 for former governor George White.

Bulkeley was pushed by Mr. Roosevelt when the latter visited Marietta early last month on his Way West.

Ohio Republicans halting in smaller numbers than the Democrats, apparently nominated Robert A. Taft, son of the late President, to run against Bulkeley in November. In 7,816 precincts out of 800, Taft had 251,745 votes and Arthur H. Day, 203,487.

In Arkansas Senator Hattie Carter, who like Bulkeley received public commendation from the President, was slowly pulling ahead of his nearest opponent, Rep. John L. McClellan. The count for 1,222 precincts of 2,002 gave Caraway 74,526 and McClellan 72,568.

Because of President Roosevelt's preference for Senator Caraway and Bulkeley had administration figured as an issue in their campaign even though their opponents were by no means antagonistic to the White House.

In Idaho, however, Caraway was clearly down. Senator James P. Pope, a 100 per cent Roosevelt man, was opposed in the Democratic primary by Rep. D. W. Worley, who hammered throughout his campaign that he was "not an administration 'yes man'."

The vote in 123 of 402 precincts gave Clark 27,290 to 25,860 for Pope.

In addition to the straight out administration issue, other factors which entered into the vote were his stand on reciprocal trade treaties, for which he was praised by Secretary Hull, and his leadership in sponsoring New Deal farm policies in the Senate.

Governor Martin L. Davey and Charles Sawyer, Democratic national committee man, ran a shiftless neck-and-neck race for returns from Ohio's gubernatorial primary campaign. In that contest, Sawyer led Davey by 10,000 votes.

Returns in the Idaho Democratic gubernatorial race gave former Gov. C. Ross Clark 27,275 to 26,908 for Gov. Barzilla W. Clark.

Defendant Claims He Attended Legion Supper on Night of Slaying

SOUTH PARIS, Mass., Aug. 10 (AP)—Francis M. Carroll, former deputy sheriff, today took the stand and sought through an alibi to prove his innocence in the murder of Dr. James G. Littlefield, who he was accused by Paul N. Dwyer, 19, the state's star witness who previously pleaded guilty and is serving a life sentence for the crime.

Counsel for Carroll, Clyde R. Chapman, read a list of 26 defense witnesses but the name of the former deputy's daughter, Barbara, 15, was not included. Dwyer, in his testimony, had asserted Dr. Littlefield's knowledge of letters in which Barbara accused her father of improper conduct, was a motive for the murder.

"It is the position of the defense," Chapman declared, "there are not two murders in South Paris, and that the person who killed Dr. Littlefield, killed Mrs. Littlefield."

The board adopted a resolution setting Aug. 31, between the hours of 7 A. M. and 8 P. M., for registration of voters for the special election, and Sept. 10, between 8 A. M. and 9 P. M., for balloting.

The board had considered Sept. 10 tentatively as the date for the special meeting and election, but it was not formally fixed until the resolution was adopted last night.

Only those persons who failed to register for the last annual district meeting may need register for the election, the board declared.

Those who registered then will not be required to register for the special meeting and election. The board will vote on the question of fixing a bond issue of \$212,000, bringing the total cost of the project to \$270,000. The Federal Government is providing \$100,000 of the estimated cost.

VARIANCE SOUGHT FOR DEVELOPMENT

Town Zoning Board Weighs Application For Harbor Heights Property

An application for a variance in zoning to permit the development of property in Harbor Heights by the Warranty Realty Corporation, 100 West Street, was presented today to the Town of Mamaroneck Zoning Board of Review after a meeting with the corporation's representatives in the Weaver Street police building last night.

The plea for a variance was made by Howard N. Bonn, representing the realty corporation. The board postponed action until it had made an inspection of the property in question.

A portion of the 30 acres the Warranty Realty Corporation is developing lies within the unincorporated area of the town, and a variance must be obtained before the project may proceed.

The corporation has also made a plea to the Village of Mamaroneck Board of Trustees for a postponement in foreclosure proceedings brought by the Village to collect outstanding taxes against the property. This, too, has been taken under advisement.

The Town Zoning Board expressed no opinion on the plea for a variance, but it will be held until the board has had the inspection tour Saturday. Members present last night were Charles P. Mink, A. Sterling Smith, and George H. G. Smith.

Investor intends to build four-story apartment building at the intersection of Harbor Island village manager Claude A. Lattimer.

The light is intended to reduce the traffic hazard at that point, he said.

It will be the third time within approximately a year that the school district has voted on the proposition of appointing some members to the old Central School, which has been termed a "fire-burner" and "unconstitutional" to operate.

The district rejected a bond issue of \$270,000 for the construction of Harbor Island High School.

Bond Issue Calls For \$148,500 Of Total

HEARINGS SET

Voters in Union Free School District No. 1 will again elect school trustees on the proposition of rebuilding the old Central School on the Boston Post Road, Mamaroneck village, at a special district meeting and election to be held Sept. 10, the Mamaroneck Board of Education decided at its meeting last night in the Senior High School.

The board adopted a resolution setting Aug. 31, between the hours of 7 A. M. and 8 P. M., for registration of voters for the special election, and Sept. 10, between 8 A. M. and 9 P. M., for balloting.

The board had considered Sept. 10 tentatively as the date for the special meeting and election, but it was not formally fixed until the resolution was adopted last night.

Only those persons who failed to register for the last annual district meeting may need register for the election, the board declared.

Those who registered then will not be required to register for the special meeting and election. The board will vote on the question of fixing a bond issue of \$212,000, bringing the total cost of the project to \$270,000. The Federal Government is providing \$100,000 of the estimated cost.

Two Hearings Set

In order to better acquaint the district voters with the proposition, the board decided last night to hold two special hearings, at which questions will be answered and complete information concerning the project will be given.

One such hearing will be held at 8 P. M. Tuesday, Aug. 30, at the Senior High School. The other will be held at 8 P. M. Wednesday, Sept. 7, at the Senior High School.

Advertisements seeking bids on the excavation work, therefore, will be placed shortly and bids will be opened on Sept. 13, three days after the election. If the project has been approved by the electorate, then the excavation can begin promptly and the federal grant will be received by the district.

Plans and specifications, meanwhile, are being prepared by the firm of Messrs. C. A. Hays and C. A. Marsh, New York City architects, for the building itself. The firm will have 30 days to complete this work, taking a chance on the date of the election to approve the project. If the project is rejected by the voters there will be no need for the plans, the firm informed.

It will be the third time within approximately a year that the school district has voted on the proposition of appointing some members to the old Central School, which has been termed a "fire-burner" and "unconstitutional" to operate.

The district rejected a bond issue of \$270,000 for the construction of Harbor Island High School.

PRICE FIVE CENTS

LABOR PART DEMOCRATS FOR FALL ELECTIONS

ALP To Endorse Full Ticket With One Exception PUTS 2 ON SLATE

By HUGH W. ROBERTSON
WHITE PLAINS, Aug. 12—Open and almost complete coalition between the Democratic and American Labor Parties in Westchester will be effected this Fall. The Democrats will give two of their five assembly candidates to the ALP, which in return will endorse all of the Democratic County ticket except Assemblyman Arthur Doran, Fifth District, Yonkers.

This agreement, previously rumored, was unofficially confirmed today following a meeting yesterday by the Democrats of Westchester, and the ALP, for Assembly, Fourth District, Greenburgh and a pair of Yonkers to oppose Assemblyman James H. Todd, Tarrytown, vice chairman of the state G. O. P.

In addition to Steinberg in the Fourth District, the Democrats are expected to let the ALP name the candidate for Assembly in the Third District, Mount Pleasant, Greenburgh and Cortlandt, to oppose another Republican incumbent, Oswald Owsen. To effect this coalition the Democrats are expected to withdraw Albert Pearson, Owsen's former opponent, from the Democratic nomination for Assembly in that district.

The Labor Party will, in return, designate as its own candidates the Democratic candidates already accepted with the sole exception of the Assemblyman Doran in Yonkers. Endorsement is withheld from Doran, because Doran voted against the Federal Youth Control Measure at Albany. However, it is not believed the ALP will oppose Doran vigorously, as it has not even put up a candidate in that district. Endorsement is withheld from him mainly on principle, it is said.

Democratic candidates whom the ALP will endorse are Walter G. C. O'Neil, New Rochelle, for county president; R. W. J. Flynn, Mount Vernon, for sheriff; William Schramm, Larchmont, and James A. Garity, Yonkers incumbent for the State Senate; Ralph M. Schain, New Rochelle, First District; and Joseph A. Vesco, Harrison, Second District, for Assembly.

OSAKA, Aug. 12 (UP)—Japanese naval authorities today deny the request of United States officials to permit the American gunboat Oahu to relieve the U. S. Monocacy at Kichiang where a food and fuel shortage was reported.

The refusal was interpreted as further intensification of the Japanese control of the Yangtze River. It was understood to have been based on the contention that the river was unsafe despite the continuous up-river parade of Japanese warships and transports.

A reliable source said the Japanese also had strongly urged the Monocacy with food and fuel. The offer was rejected. However, the Monocacy will remain at Kichiang.

GERMAN AVIATORS DELAY RETURN HOP

WASHINGTON, Aug. 12 (AP)—The House Committee investigating un-American activities heard testimony today that Hans Richter, long-time German aviator, had not cooperated fully with the German-American Bund, a Nazi organization.

John C. Moynihan, German-born committee investigator, said he was told this by Fritz Kuhn, Bund leader who accepted Metcalf into membership and hired him for a speaking tour.

During this tour, particularly in Los Angeles, Metcalf said, local Bund members complained of lack of full cooperation with German funds, particularly in obtaining storm trooper uniforms.

Kuhn flew into a rage when this was reported back to him, Metcalf recounted, and declared: "What's the matter with them? I've removed Hans Richter. I have secret relations with Germany wherever I can get anything I want. These contacts will be reported and we'll get the kind of contacts there we want."

Dr. Hans Dickhoff is the present ambassador from Germany.

\$1,650,000 BUILDING FOR 384 FAMILIES TO BE FINISHED BY MAY

FRANCE ALARMED BY VAST GERMAN ARMY MANEUVERS

Ceremonies To Mark Breaking Of Ground ALL PLANS READY

Ground will be broken at 1 P. M. Monday for the construction of the huge 384-family apartment group to be built on the Peligor property between the Boston Post Road and Palmer Avenue near the Senior and Junior High Schools at a total cost of approximately \$1,650,000.

Officials of the Village and Town of Mamaroneck, as well as other officials, are expected to be present at the ceremony, which climaxes nearly three years of work.

It was three years ago this month that the idea for the huge group of apartments originated, and negotiations—lasting at times at other times accelerated—have been carried on since. The ceremony to be held Monday marks the completion of all preliminary so that construction can actually start.

All of the units will be completed for occupancy by May 1, according to Arthur Linton, Jr., managing director of the project. The average rental will be \$18 per room per month.

The owners yesterday paid approximately \$200 in taxes to the Town and Village of Mamaroneck, giving a check for approximately \$10,000 to the Village.

The project is sponsored by the Larchmont Development Company, a newly-formed organization, with M. H. Peligor, New York City, as its president, and Edward A. Larkin, New York City, the treasurer. The company owns both the property and the building to be erected.

John F. Forer, several hundred men will be employed in the construction work to be done by the National Builders Corporation, 27 Broadway, New York City, president, and Sidney Goldberg is secretary. Local labor will be used as far as possible, the building is secretary. Local labor will be used as far as possible, the building is secretary.

2 WOMEN HURT IN 3-CAR CRASH

Both Taken To Hospital After Accident On Post Road In Larchmont

Two women were injured in a three-vehicle traffic collision on the Boston Post Road near Larchmont Avenue, Larchmont, at 9:50 P. M. yesterday.

Miss Marie Williams, 19, of 53 Clara Avenue, New Rochelle, and Miss Barbara Williams, 18, of 100 Westchester Avenue, Larchmont, were the victims of the crash.

The accident occurred when a couple headed by Mrs. Ruth E. Heron, 806 Southview Drive, Mamaroneck, and driven by her Negro maid, Mrs. Charles, came at the intersection of the road and the road, "sidewalked" a car driven by Mrs. Bertha, who was injured, is the mother of the driver and was riding with him.

It was after this accident that another car, driven by John Dekey, 27 Jay of Road, New Rochelle, with Miss Williams as a passenger, crashed into the rear end of Mrs. Bertha's automobile. The women were taken to the hospital by Sergeant Harry Madson.

A charge of reckless driving was brought against the maid by Mrs. Bertha, who lodged a criminal complaint against Mrs. Heron. Both were released pending the hearing of the New Rochelle municipal police court next Monday.

All three cars were towed to a garage.

COUNTY'S SUMMER THEATERS PROBED FOR STOCK DEALS

Aspiring thespians promised jobs in production, complaints say. INDUCED TO BUY STOCK North Tarrytown Theater Ordered To Produce Books And Records By JOSEPH W. SHANNON (Staff Correspondent) NEW YORK, Aug. 13.—Complaints that aspiring thespians were induced to purchase stock in Westchester Summer theaters on promises they would be featured in productions are under investigation by Assistant Attorney General Ambrose V. McCall of Yonkers chief of the Bureau of Securities it was learned today.

In at least one instance the name of Crosby Gaige of Welch Hill Road, Poughkeepsie, mechanical producer and new Republic leader of Cortlandt, is said to have been used with the consent that he was backing the proposed production and that the stock chaser would be published as a "Crosby Gaige discovery."

One complaint has been registered against Seranne, Inc., operator of the Washington Irving Theater at North Tarrytown. It is learned that he will apply to the Supreme Court for an order requiring the production of the books and records of the corporation. Margaret Smith, professionally known as Mrs. E. S. Seranne, is president of the company. Virginia Gray Bailey, 28, of Westchester, N. Y., is said to have precipitated the investigation when she complained she had been induced to purchase five shares of stock at a par value of \$100 each. For her investment of \$500, it is said, she was promised 10 weeks work in major parts of a salary of \$40 a week, that she would receive free rent and board during the period that the stock would be issued to her, and that she would receive back her investment as soon as receipts came into the box office, plus 9 per cent of the net profits of the theater.

In addition to Miss Bailey's complaint, it is understood that other have notified Attorney General John J. Bennett that they were persuaded to purchase stock on promises of being given employment in other Summer theaters. These cases are now under inquiry by Mr. McCall, assisted by Assistant Attorney General Harry Greenwood of Yonkers.

FHA EXECUTIVE'S BODY IS FOUND

Police Hunt Blonde in Mysterious Death of Assistant Director SAN FRANCISCO, Aug. 13 (UP)—Walter C. Vibert, executive assistant director of the Federal Housing Authority for Northern California, was found dead on the floor of his hotel room early today. Police said there was evidence of a struggle. They were seeking a blond young woman who was seen to leave the hotel about the time a woman guest heard a struggle going on in a room above her. A woman's purse was found on a table in Vibert's room. A rug, the wall, and the door sill were blood stained. Vibert's body, fully clothed, lay in the center of the room, head resting on two towels. There were no marks of violence. Deputy Coroner Ray Brooks said Vibert might have died of a heart disease during a struggle.

McKay Boy Shows Slight Improvement

Slight improvement was reported today in the condition of the 10-year-old Colton McKay of 9 Center Avenue, Larchmont, who was critically injured in a fall from a moving automobile on Pinebrook Road, New Rochelle, New York, Tuesday evening. Favorable condition of the boy was reported this morning for the first time since the accident. While no direct word was available at 11:30 A. M. today, it was reliably reported at that time that McKay was in the operating room of St. Francis Hospital and that his parents, Mr. and Mrs. H. D. McKay, were hopeful he will recover.

TAYLOR EMPLOYED BY TOWN, VILLAGE FOR INCINERATOR

Engineer to Supervise Construction of Joint Garbage Disposal Plant Henry W. Taylor, consulting engineer of New York City, was retained this morning to supervise the construction on the joint garbage incinerator plant to be built by the Town of Mamaroneck and the Village of Larchmont. The plant is to be located on the Larchmont Municipal Building between Mayor Harry E. Goekeler and Supervisor Bert C. McCulloch. Mr. Taylor will not only prepare the plans and specifications but will supervise the construction and carry through for a ninety-day test period of the completed plant. The amount of his compensation has not yet been determined. Mayor Goekeler said it will be contingent upon the cost of the incinerator project. Approximately six months will be required to complete the incinerator capacity incinerator after contracts are let, Mayor Goekeler said. He could give no estimate as to how much time would be required for completing the necessary preparatory work that can be started as soon as the town and village engineering departments will begin next week making a survey of the incinerator site, just north of the railroad tracks near the New Rochelle boundary line. An analysis of the topography will be prepared and submitted to Mr. Taylor. Mr. Taylor will then begin the task of drawing the plans and specifications to fit the site. His drawings will be submitted to Mayor Goekeler and Supervisor McCulloch who with the engineering departments in the respective communities will examine them before final approval. The two communities will then call for bids, based upon the Taylor drawings. An application has already been made to the federal government for Public Works Administration funds to assist in the financing of the project. PWA would provide 45 per cent of the cost, if the right grant subsidy is approved. The joint incinerator has been set at a \$120,000 project. With WPA providing 45 per cent of the cost, the two communities would share in the balance. DERBY WINNERS TO GET MEDALS

Awards Provided For Winners Of Each Heat In Soap Box Race Attractive medals for winners of soap in the recent Mamaroneck Soap Box Derby have been provided by the Rev. Gustav Peyer and the Rev. T. O. Posselt. Although medals were given extras who finished second in each heat, none were provided for first place winners through some oversight. The winners of the heats in both Class A and Class B received merchandise prizes donated by local merchants but did not receive any permanent awards. Rev. Mr. Peyer and Rev. Mr. Posselt generously offered to correct the oversight and have given medals which are available at the office of Fred T. Wilson, derby chairman, at 231 Mamaroneck Avenue. The boys entitled to these medals may obtain them at any time at Mr. Wilson's office. The Class A heat winners are: Samuel Agnew, Anthony De Cio, Robert Waldenbauer, Richard McCulloch and Joseph Pooley. The Class B heat winners are: William Germain, Anthony Pagano, Richard Perez, John Renshaw and Fred C. Boone. (Continued From Page Seven)

GERMAN AIRLINER LEAVES NEW YORK ON RETURN FLIGHT

Brandenburg Due To Land Back Home in About 20 Hours 1,000 WATCH TAKE-OFF Ship To Fly Longer Route Than On Hop From Berlin Here NEW YORK, Aug. 13 (AP)—Germany's giant airliner "Brandenburg" took off from Floyd Bennett Field at 9:02 1/2 A. M. today for its return flight to Berlin, the 13th trans-Atlantic flight of the summer. Capt. Alfred Henke, the plane's commander, said before the take-off that the ship would fly just south of the Great Circle and that he hoped to land in Germany in about 20 hours. There were about 1,000 people at the airport. They applauded the take-off and watched the ship climb over the field four minutes later and head into the morning sky. The weather was clear and bright but the flyers expected to encounter rain over the Atlantic. Bruno Hess, meteorologist, attached to the SS Friedrichshagen, German capital ship, said the Brandenburg would fly a route about 2,000 kilometers longer than that taken on the Berlin-New York flight. The ship carried 2,370 gallons of gasoline. The four-motored monoplane arrived Thursday at Floyd Bennett Field 24 hours and 36 minutes after a surprise take-off from Berlin, 3,975 miles away. It was the longest "East-West" Atlantic flight on record and the first from Berlin to New York. The "Brandenburg's" crew of four, refreshed by two long nights of sleep, expected to make the homeward trip in 21 hours, aided by prevailing tail winds over the ocean.

Pooley Ready For Derby After Overcoming Faults In Construction Of Car

Machine Meets Requirements After Being Eliminated A flurry of excitement swept Mamaroneck soap box derby enthusiasts when they arrived in Akron, Ohio, last night and learned that young Billy Pooley's racing car was among 31 entries eliminated by technicality. The difficulty was overcome, however, and young Pooley will be among the starters when the All-American and International championship Soap Box Derby races get underway tomorrow afternoon. The information was given by the Daily Times last night over the telephone by E. J. Santoro, Jr., interior and Albert Kurstky, who accompanied Billy and members of his family to Akron. Officials at the national derby ruled that all soap box cars this year must comply with stringent regulations as to distribution of weight and the type of wheels. Mr. Santoro said over the telephone. After winning the local derby, young Pooley's car had been equipped by his backers with special, ball-bearing type of wheel. The officials had ruled this thing was all right, Pooley will be in the race Sunday. "While his backers worried about the car, aimed up the other entries and grew nervous with the passing hours, Billy 'just gave us that million dollar grin," Mr. Santoro reported. In young Pooley's immediate party also were Mrs. George Pooley, his mother, and Dorothy Pooley, his sister. Among others from Mamaroneck who will witness the race tomorrow were George Pooley, Jr., Joseph Pooley, Henry Paul, Pat Cuccinello, of 39 Union Avenue, and a number of others with Mr. Cuccinello. Dan Rogers, White Plains, is among the "seconds" who will help handle Pooley's car. Young Pooley and his immediate party were lodged at the Mayflower Hotel, along with the other young champions who were pouring into Akron from all parts of the country. When the list is completed, no less than 150 boys will compete in the All-American Derby. Reservations for the derby are large.

LEGION TO NAME NEW HEAD TODAY

State Convention Turn To Election; Albany Chosen For Next Session ENDICOTT, Aug. 13 (AP)—The New York State American Legion convention turned today to the election of officers after designating Albany as the site of the 1939 gathering. Balloting was scheduled as the final event of the three-day session which reached its high point yesterday with a parade in which an estimated 35,000 persons marched. As a prelude to election of a new state commander to succeed Jeremiah P. Cross, the "40 and 8" society, a Legion affiliate, unanimously named Walter Peterson of Brooklyn Chief De Cade. Unopposed, Alexander M. Perry of Albany was named president of the State Auxiliary. Gold Star Mothers elected Mrs. Amy Rosenkrantz of Rochester president. Additional officers include Mrs. Louis Miller, Oshkosh, receding secretary; Mrs. Alice Daggars of Binghamton, Mrs. Anna Shababa of the Bronx, and Mrs. Mary Cook of Ossining, vice-president.

FRENCH ITALIAN BORDER CLOSED AS EUROPE'S WAR FEARS GROW

J. S. MARINES SEIZE JAPANESE SECTOR TENSE SSSHANGHAI, Aug. 13 (AP)—Three Japanese soldiers were seized by United States Marines today after a clash in the American defense sector of the International Settlement. The encounter occurred during widespread disorders that swept Shanghai and involved both British and Italian soldiers on patrol in the International Settlement. The disorders marked the first anniversary of the outbreak of hostilities with Japan in the Central China area. Two of the Japanese who defied the United States patrol were turned over to a representative of the Japanese Army. The third was taken to a hospital. The men denied they were connected in any way with Japan's military forces but Japanese authorities acknowledged they were attached to the special service section of the Japanese Army. The encounter occurred when Gunavery Sergeant Milton C. Marvin of San Diego, Calif., discovered a Japanese defense force automobile parked in a side street in the United States defense sector. The Japanese were standing in the automobile brandishing pistols and demanding that a Chinese Nationalist flag, hoisted to observe the anniversary, be hoisted down. Marvin said they defied his order to sit down and aimed their weapons at him until a Marine orderly appeared with an automatic rifle. Then they surrendered their guns and were taken into custody. The wounded man was hit when he refused to alight from his automobile. Service authorities described the Marines incident as "very grave" and refused to permit news of the encounter to be disseminated. At least three Chinese were killed and 12 injured in terrorist bombings and other disorders. Arrests during the first few hours of the day totalled several scores. Shortly after daylight heavy machine gun and rifle fire was heard in southern industrial areas across the Whangpoo River from Shanghai. This appeared to be the first time since the start of the present Chinese revolt that the area would stage an anti-Japanese riot. Most of the incidents, however, occurred in the International Settlement, despite precautions of 15,000 police and international patrols. (Continued on Page Seven)

CONVICTED DEPUTY GETS LIFE TERM, JOINS DWYER BOY

Jury in Maine Murder Case Returns Guilty Verdict After 5 1/2 Hours SOUTH PARIS, Me., Aug. 13 (AP)—A guilty verdict returned after five and a half hours' deliberation sent former Deputy Sheriff Francis M. Carroll to state prison for life today to a cell under the same roof with his chief accuser, Paul Dwyer, 19, who secured a life sentence for a murder Carroll committed because he feared Carroll's vengeance. The 45-year-old ousted peace officer, a war veteran and father of five children, was convicted by an all-male jury last night of the strangulation murder of Dr. James G. Littlefield, 67. He was sentenced immediately to serve a life term, mandatory under Maine law. Carroll, white-haired in contrast to his usual phlegmatic demeanor during the trial, protested he was innocent. It was the same courtroom in which Dwyer pleaded guilty and received a life sentence last December for the same crime. Dwyer repudiated previous "confession" to the deputy theorize that he saw the doctor threaten the doctor in a series of surprise encounters. Dwyer's home last Oct. 18. When and whether, an attempt would be made to get an executive pardon for the doctor in the case of freedom—remained in doubt. Most of the witnesses who testified last night December, when the proper time comes, I'll take care of Paul Dwyer." Prison Warden John H. Welch said Dwyer made no mention of a pardon when he received news of the verdict. Barbara Carroll, 18, eldest of Carroll's children and one-time sweetheart of Dwyer, did not hear the verdict. She was at a movie. When she learned the news she left immediately, bursting into tears and crying, "I don't see how the verdict could have been that. I want to go home to my mother."

LARCHMONT BOARD CONSIDERS WATER SUPPLY PROJECT

Richards Estimates Cost Of Proposed Improvements At \$79,948

PWA AID TO BE ASKED

Grant Would Also Cover Nearly Half Cost Of New Fire Apparatus

Holding their shortest meeting of the season, the Larchmont Village Board of Trustees last night received routine reports featured by that of Village Engineer Arthur Richards suggesting improvements to the village water supply system estimated to cost \$79,948 of which 45 per cent might be obtained by PWA grant if application is made not later than Sept. 30.

Mr. Richards made his preliminary estimate at the request of the Village trustees, who knew the improvements would soon be needed and desired it possible to take advantage of a PWA grant covering nearly half the cost of new fire apparatus as well as actual improvements to the water supply system.

Recent PWA rulings regarding grants for water supply systems have been interpreted to include fire apparatus since such apparatus is so closely connected to water supply systems. Larchmont has already received one new pump for the village, but the need for another 100-gallon pump is imminent, as is the need for an 80-foot aerial ladder truck.

If this apparatus is obtained with the community being only 20 per cent of the cost, it seemed to the trustees that the proposition ought to receive thoughtful consideration. The actual water supply improvement would include a 12-inch main loop around Larchmont square-mile border and connected to the pumping station at the North of the Village by a main laid beneath the tracks of the Erie Railroad.

The latter project was designed to eliminate possibility of a break in the present main carrying the bridge over the tracks. Breaking of this main would cut off the Larchmont water supply.

It is believed that such a loop around the Village, owned by the booster station beneath the railroad tracks, would supply Larchmont residents with abundant water at all times, as well as improving the supply in emergency close such as fire. The loop would be designed to eliminate dry spots now present.

Another recommended improvement would be the installation of a storage tank of 200,000 gallons capacity at the booster station and equipment of the filtration plant with a new porous filter bed. All the recommended improvements will be required eventually and it was thought the opportunity to do so outright 45 per cent grant from the PWA should not be overlooked.

The proposition was referred to Fire and Water Commissioner Arthur H. Louche for his report. He will report to the Mayor and other trustees early in September.

A draft of a new fire prevention code, the result of three years of study by Harry D. Edwards, former chairman of the fire prevention committee of the Fire Council, was submitted to the Board. The proposed ordinance was referred to Trustees Louche, chairman of the Board's fire committee.

Engineer Richards reported progress on the study of the Larchmont Harbor deepening plan, upon which a public hearing is scheduled for Oct. 4. The improvement by dredging to permit the entrance of larger boats would be done by the War Department. The movement is supported by Rep. Ralph A. Gamble and Mayor Harry E. Goschler reported a communication endorsing the plan.

Mayor Goschler reported receipt of a letter from C. Woodford Deming approving the new parking regulations on Park Avenue.

The board meeting was interrupted by the fire alarm at 8:40 after which the board went into a brief executive session. Members of the board later inspected the air conditioning system at the home of Trustees Frank S. Washburn, Jr. at 22 Pryor Lane.

COMPLETE TICKET FILED IN COUNTY BY LABOR PARTY

Coalition Agreement, However, Is Expected Later With Democratic Ticket

By HUGH W. ROBERTSON
WHITE PLAINS, Aug. 16.—With only the deadline for filing petitions of Fall candidates for the assembly primary election, the American Labor Party, which is expected to receive candidacies with the Democratic Party, filed a complete independent ticket at noon today with the board of elections.

Mr. Olive L. Lieberman, New Rochelle, the ALP candidate for assemblyman in the Second District, filed the petition, with the explanation that this did not necessarily mean the candidates named would remain on the ballot. The Democrats are expected to file their full ticket at 11 o'clock tonight.

"Then, said Mrs. Lieberman, the two party leaders will proceed with the coalition agreement, the ALP withdrawing all its candidates except those for Assembly in the Third and Fourth District, the Democrats in turn withdrawing any candidates put forward in those assembly districts. Each party will then support the other's candidate as their own."

While Mrs. Lieberman did not state, it was informed that the strategy of the ALP is putting in a ticket at 11 o'clock tonight.

HEAT WAVE HOLDS COUNTY IN GRIP; RELIEF FORECAST

Thunder Showers Predicted, Drowning Takes One; Suffocation Another

Sweltering Westchester which during the last 24 hours has seen the mercury go as high as 100, awaited predicted thunder showers this afternoon for momentary relief from the heat wave.
One death due to drowning, one from suffocation thought possibly due to the heat, and five heat prostrations have already been reported in Westchester during the past few days which set in with its greatest intensity yesterday morning.

What relief will come from the rain is not yet known. The temperature is expected for tonight or tomorrow to be in the 80's.

Temperatures ranging throughout the 90's were reported throughout Westchester yesterday afternoon and the mercury today appears to be on the rise. A record high of 100 was believed reached in Tarrytown at a clock yesterday when the temperature reached 100 on the official thermometer. At noon today in White Plains a reading of 98 was recorded.

At Kingsland Point, yesterday afternoon, a North Tarrytown medical student, Zoltov V. Jones, was drowned, marking the county's first death in the current heat wave.

The second was reported at the Richmond Bariatrum, Mount Vernon, where Richard Henry Maloney, nine weeks old son of Mr. and Mrs. Benjamin M. Maloney of New York succumbed. The baby had been kept at the sanatorium, yesterday afternoon, by his parents who were moving their residence. This morning he was found dead of suffocation, thought possibly to have been due to the heat. County Medical Examiner Dr. Amos O. Squire ordered the body held for investigation.

G-Men Capture Abductors At Farm Home in Minnesota

ONE SHOT IN CHASE

Both Men Admit Kidnaping Of Socialite And Architect In Car

ST. PAUL, Aug. 16 (AP)—The Federal Bureau of Investigation today announced arrests of Otis Jones Meredith and John Couch near Effie, Minn., for the kidnaping of Miss Peggy Gross and Daniel Cox Fahy, Jr., of St. Louis.
The two were located last night by special agents of the FBI at the farm home of Charles Rootz, nine miles east of Effie.

They were identified as the kidnapers, Robert Hendon, chief of the St. Paul office of the FBI said, from photographs. Identification was made by Miss Gross and Fahy, the federal agents said.

Police Chief Miller at Big Fork, Minn., said he and Deputy Sheriff Harry Ramon went to the farm home of Meredith's father-in-law with two federal men last night, and surprised Meredith and Couch in the car.

Meredith ran toward the woods, Miller said, and was shot twice in the back, but Couch, stood motionless while the federal men clamped handcuffs on him. At the Lincoln County Hospital attendants said Meredith was in critical condition. Fahy's automobile, stolen by the pair after they dumped Miss Gross and Fahy out near Minneapolis, was recovered at the Rootz farm, the FBI said.

Both men readily admitted kidnaping Miss Gross and Fahy, London said. He also asserted they committed a number of other crimes in the Midwest and Southwest, including the recent gangfight with Texas officers between Dallas and North Worth, Texas.
Rootz, at whose home the men were captured, is the father-in-law of Meredith. Officers emphasized, however, that he was not involved in any way with the abduction.

Both men were arraigned at the time of arrest by a detail of FBI agents and chief of police Glen Miller of Big Fork and Deputy Sheriff Harry Ramon of Effie. (Continued on Page Four)

FOUR JURORS CHOSEN WITHIN HOURS IN CONSPIRACY CASE

Completion Of Jury Expected This Afternoon

ONLY FOUR LEFT

NEW YORK Aug. 16 (AP)—With a swiftness that astonished spectators, defense and prosecution accepted four more jurors within an hour's time today in the trial of James J. (Jimmy) Hines, powerful Tammany district leader, on charges of conspiracy in the \$100,000,000-a-year policy racket.

With the six seated late yesterday this left only two additional jurors and two alternates to be selected, and it appeared that the "blue ribbon" jury—which it had been expected would take as long as a week to choose—would be completed this afternoon.

Working under a speed-up system, Supreme Court Justice Ferdinand Pecora had the 12 members questioned in groups of 12 instead of individually.
As a result, defense and prosecution attorneys were spared the tedious routine of outlining basic reasons why each rejected name man would be barred from serving.

Six jurors and two alternates remained to be selected as Court Clerk Thomas E. Herman began a roll call of 250-odd names.

The veteran Tammany boss, who served in the Westchester County District Attorney Thomas E. Dewey of political shielding the gigantic policy empire operated by the late gang lord, Dutch Schultz, arrived on court this morning.

In questioning one of the prospective jurors today, Prosecutor Dewey indicated that among the state's witnesses would be Magistrate Philip Canahaw, whom Dewey has cited as having been "intimidated, influenced or bribed" by policy racketeers.
In the same category, Dewey has named his predecessor in the District Attorney's office, William Dodge, who frequently has proclaimed himself "a Tammany man and proud of it."

The father of jury prospects summoned in the special venire was illustrated when Dewey questioned Max S. Hermann, an insurance salesman.
Hermann said there was no reason he could not be a fair juror "except that my family might suffer as the result of lack of income." But, he added, the loss would not "try on my mind—I am willing to serve, Mr. Dewey. I am glad to do my duty, even at a loss of three weeks' income."

In the sticky atmosphere of the courtroom, but amid the 88 degrees of outdoor temperature despite the installation of air-conditioning, mounting tensions flared early.
Stryker blazed forth first, addressing Dewey of making a "shirring" observation on his method of addressing prospective jurors.
Stryker had asked Thomas R. Dewey, an insurance man, formerly of Virginia, whether the fact that Magistrate Canahaw was a socialist would affect his judgment.

"That's a silly question," Dewey objected.
Stryker whirled upon the young prosecutor, his voice quivering with anger, and shouted that he had been insulted.
"I demand the protection of the court," he said.
Justice Pecora warned Dewey against such remarks, whereupon Stryker leveled a scolding across to where Dewey was sitting and asked the courtroom attendant, "Dewey, smile."

Johnson Suggests Village Acquire St. Michael's Home For Quarters

COST SET AT \$38,000

Village Manager Makes Survey Of Buildings For Report On Monday

The proposal that the Village of Mamaroneck acquire the recently abandoned St. Michael's Home, Prospect Avenue and Mount Pleasant Avenue has been made by Mayor William Johnson.

Mayor Johnson estimated the total cost of acquiring the property with interest and cost of needed improvements, would be approximately \$38,000.

In a letter directed to the members of the Village Board of Trustees, Mayor Johnson suggested that the village should consider the purchase of the property, surrendering its present quarters at 217 Mamaroneck Avenue, for which it pays an annual rental of \$6,000.

The issue on the present quarters expires May 31, 1939.

Mayor Johnson and members of the board members will meet at the regular meeting Monday night and a discussion of the proposal will probably follow.

Village Manager Claude A. Lattimer, meanwhile, is having members of the Engineering Department make a survey of the property in relation to the needs of the village. He is expected to report at the meeting Monday.

The property had been used for years as a home for girls who had no parents or who were orphaned. (Continued on Page Three)

TRUSTEES REFUSE POSTPONEMENT OF TAX FORECLOSURES

Delay Sought By Realty Company For Development Of 30 Acres

A postponement of tax foreclosure proceedings against Mamaroneck Knolls property, owned by the Waverly Realty Company, the trustees have refused to grant.

The Waverly Realty Company, Trustees Corporation and Anthony Sannone today informed the company.

Mr. Sannone, acting under instructions given to him by the board, said he would not grant a postponement of the tax liens against the property. The village had asked a postponement for two years.

Howard N. Sonn, representing the realty company, had asked the board for the delay, desiring that the 30 acres owned by the company would be developed by an investor, as a residential section.

Four-family homes would be built on the property, he stated, and that the village lift the foreclosure proceedings, to assist the project in getting started.

The company also has a plan for a vacation in zoning pending before the Town Zoning Board of Appeals. The variance was sought on that part of the property lying within the unincorporated area. (Continued on Page Five)

Education Board Members Split On Appeal Of Dismissed Instructor

Miss Helen A. Scott, formerly an instructor in the Rye Neck school system, has been refused permission to appear before the Rye Neck Board of Education for a hearing concerning her dismissal.

The board refused Miss Scott's appeal at a special meeting July 13, 10 of which were not heard until yesterday when the board's minutes were examined by a reporter for The Daily Times.

The motion to grant Miss Scott a hearing was defeated, the minutes showed, by the negative vote of President Everett H. Stone and Trustees Benjamin Scherer and George H. Coffin.

DELINQUENT TAX PAYMENT RETIRES TOWN LIEN NOTES

Funds Received From Petigor Apartment Group Brings Saving in Interest

Funds received from sponsors of the Petigor apartment group as payment for delinquent and arrears taxes have been applied by the Town of Mamaroneck against two tax lien notes issued on July 1, with a consequent saving in interest, it was announced today by Comptroller Vito Luceno.

Using a major portion of the money paid in by the sponsors, the Town retired two notes for \$10,000 each of which were being held by the First National Bank of Mount Vernon with an interest rate of 7 1/2 per cent. The notes did not fall due until July 1, 1939.

Since the payment was made this early, the Town saved approximately \$10 in interest, Mr. Luceno said. The Mount Vernon bank will issue three other similar tax lien notes, each for \$10,000. The Town issued a total of \$50,000 in tax lien notes on July 1 to finance road, sewer and similar work elsewhere in the town.

The taxes were paid by the Larchmont Development Company, Inc., of which M. E. Petigor is president, to clear the way for the construction of the eight-unit housing project, which has already been started on the Petigor property. The major portion of the property lies within the unincorporated area of the Town, and the Town, therefore, received the largest share of the taxes.

The Village of Mamaroneck, however, also received a check from the Petigor interests for tax on that portion of the property lying within the village.

The village received a check for \$13,688.88, which has been applied to the general fund. The annual budget anticipated the collection of about \$29,000 in back taxes, and this is the first considerable amount to be collected by the village.

MURDER PETITION FOUND NOT VALID

Insurgent Candidate, However, May Be Permitted To Make Primary Race

WHITE PLAINS, Aug. 18—Curry inspection of the primary papers of David S. Murden, Peckskill, insurgent candidate for the Republican nomination for county president, reveal that there are sufficient signatures to constitute a valid petition, Republican organization leaders claimed today.

A primary petition for county office requires 1,000 signatures of legally enrolled voters within that party. The Murden petition contained 1,256 names, of which more than 100 were in illegible ink as required by the state laws. Further, inspection last night and today, say G. P. leaders, indicate that barely half of the signatures enrolled in the Republican Party list.

Of 1,256 names, nearly 1,000 are from Yorkville, many of them gathered by Fred A. Male, a Democrat. G. P. leaders who have studied the names say they expect to be able to show that at least 300 are not enrolled in the Republican Party. Of 270 names gathered in Cortland, Murden's home town, a Republican leader, who holds a copy of the list, said that he has not yet been able to verify the names.

Decision on the party's policy in this respect is expected to come over the weekend when Bleakley returns from Albany.

DEATH THREATS BY SCHULTZ MOB BARED IN COURT

West Indies Negro Tells How Gangsters Took Over Policy Racket

TALKS AT HINES TRIAL

Partner's Refusal To Turn Over Business Brought Threats, He Says

NEW YORK, Aug. 18 (AP)—A dramatic story of gangster threats by members of the Dutch Schultz mob, in taking over control of the multi-million dollar policy racket, was told in State court today by Wilfred Brunder, 43, a West Indies Negro.

"Testifying in a racket conspiracy trial of James J. Hines, Tammany district leader, Brunder told how his partner in a Harlem policy business, Fred McLaughlin, was threatened with death by a carload of Schultz henchmen when he refused to turn over his policy business to the mob."

"I was quitting the racket," Brunder said, "and I told the mob that I am not giving you any business."

"We are coming out for a shop when we get up with Abe Landau, Louis Schneck and Little Abe, called, referring to Schultz gangsters."

He said Abe Landau, also known as "The Killer," asked him to "rip aside a few feet" away from McLaughlin—and that Landau then told McLaughlin: "You've got to live in it. You want to live to ride in that car, do you?"

"I am going to live in it. I can't leave it," Brunder said. "I am going to continue living in it in that car, and making it an alright mob."

Brunder said that shortly afterwards he "left town" and went to Detroit and then to Washington, D. C. to escape the mob's wrath. It was not brought out what happened to McLaughlin.

Brunder Brunder had testified that he was named of prison in 1936 by making it an alright mob was "moving in" on the policy racket and making it an alright racket.

He said another Harlem policy "banker," Joe "Spam" Leon, told him Schultz had squeezed out small individual operators.

LABOR CHIEFTAIN IS BRANDED 'RED' Patriotic Society Worker Says Harry Bridges Attended Communist Meetings

WASHINGTON, Aug. 18 (AP)—Miss Margaret Kerr, worker for a patriotic society, identified for a house committee today phantomatic copies of an affidavit declaring that Harry Bridges, West Coast labor leader, attended meetings of the Communist Party as "Harry Dorgan."

The witness told the committee investigating un-American activities also had been active in the work of the Better America Party, which she said she had investigated many phases of subversive activities in California.

Miss Kerr identified for the committee recent a photostatic copy of an affidavit by Irving N. Markheim stating he had met Bridges at his apartment, 1234 Broadway, New York City, and had seen him with other Communist Party members.

Miss Kerr, whose identity was kept secret by the committee, kept secret the names of informers because many of them persons "fear the results of Communist Party in Los Angeles" would exercise due caution and discretion in its use of the file.

President Says U. S. Will Not Stand Idly By

GIVEN DEGREE

KINGSTON, Ont., Aug. 18 (AP)—President Roosevelt asserted emphatically today the people of the United States "will not stand idly by if domination of Canadian soil is threatened by any other empire."

"The chief executive, speaking at Queen's University, expressed sincere interest for Canada and a member in 'the fellowship of the Americas.' He added: "We in the Americas are no longer a far away continent, with the eddies of controversy beyond the seas could bring no interest of any other empire."

"Instead, we in the Americas have become a consideration to every propaganda office and every general staff beyond the seas."

"The Dominion of Canada is part of the hemisphere of the British Empire," he said, "and that the people of the United States will not stand idly by if domination of Canadian soil is threatened by any other empire."

The President speaking only two days after Secretary Hull's call for a seven-point program to bring about world peace, spoke in vigorous terms about "national neutrality" and "un-American registration" of the government.

He did not, however, name any foreign nation.

Through Mr. Roosevelt's address, he theme that civilization and education transcended international borders, and that the American people are largely responsible for maintaining the tradition of a free interchange of ideas between nations.

Referring to the United States and Canada, the President said that the people of the United States are "true friends, because we maintain our individual rights, because we settle our disputes by consultation and because we are united in our common problems in the spirit of the common good."

"Discussing the workings of public opinion, the chief executive had to say: "We cannot prevent our people from expressing individual rights, in regard to international bridge decisions, to misery inflicted on helping peoples, or in regard to violating the rights of other nations."

"All that any government, constituted as they are and mine, can possibly undertake is to help make sure that the facts are known and fairly stated."

"No country where thought is free can afford to have its citizens and homes within its borders not protected by its own vigilance, and the responsibility of its government, in the spirit of the common good."

CZECH CONFLICT MOVING TOWARD NEW CROSSROADS

Runciman To Ask Sudeten Germans To Take Less Draconic Attitude

CONFLICT IN CZECHOSLOVAKIA

The conflict in Czechoslovakia between the government and the Nazi-supported Sudeten German minority came to a new crossroads today in Prague, when Benes announced new power for her Yangtze River campaign and, in Spain, government and insurgent forces locked their swords in important fronts.

A foreign official in Prague said that a meeting had been arranged between Vice Premier Runciman, unarmored British mediator in the issue over the Sudeten German demand for autonomy, and Konrad Henlein, leader of the Sudeten Party.

It will be their first direct contact and it was understood Lord Runciman would plead that the Sudeten Germans take a less uncompromising attitude than that expressed yesterday in a manifesto proclaiming "disaffiliation with present procedures which 'hid no nationality'."

ATHLETE STARTS ON ALL-DAY SWIM

Bart Kaveny Plans Down-To-Dusk Feat in Long Island Sound

Word had not been received this afternoon from Bart Kaveny, professional swimmer and Larchmont resident, who was reported by friends to have started an all-day swim in Long Island Sound.

Accompanying him were John "Red" Donohue, former Mamaroneck All-County tackle, and Richard Shea, Mamaroneck, who took Dan Meenan's place in the skiff when the latter's parents, residents of Larchmont, refused to let him make the trip.

Relatives of the Meenan youth left Kaveny expected to reach the Long Island Sound at about 11 A. M. and to return in the afternoon, reaching Larchmont about 10 P. M. again at about 3 or 4 P. M.

The distance between Larchmont and Sea Cliff by water is eight and seven-tenths miles. Kaveny figured that tides will force him to cover approximately 10 to 12 miles.

PROTECTION MONEY WENT TO POLITICAL LEADER, ISON SAYS

Tammany Chief Got \$125 Weekly, He Charges

By The Associated Press
WASHINGTON, Aug. 19 (AP)—A witness told a House committee today that Rep. O'Connell (D-Mont.) and Bernard (P-Minn.) gave the "regular Communism" racket a weekly \$125 protection fee to Tammany district leader, that money he and other bankers had to turn over to the Dutch Schultz mob was going to "Jimmy Hines' Club."

Ison said Hines got \$125 a week from the multi-million dollar policy racket for political "protection."

The witness said Hines was getting policy violations dropped 50 per cent in 1937 and early in 1938—the period shortly after Hines, according to District Attorney Thomas E. Dewey's accusations, entered into a conspiracy with Dutch Schultz to "put the fix" on the racket.

Ison testified that in 1930 before the Schultz mob "mouset" in on his business, he was taking in an average between \$400 and \$1,000 daily—most in pennies, Ison said.

Ison said he took over the policy bank from Wilfred Brunder, manager of the Hines trust, after Brunder said he was quitting the business.

"Brunder was being wanted in the Steubenville investigation—and he said he had a bad cold, he was getting a little too hot for him, he is going to go to the States," Ison testified, and that I should operate the business for him.

Ison said he himself first got into the policy business in 1927 when the investigation by Dewey, a special racket prosecutor appointed by Gov. Herbert H. Lehman, made things "too hot" for him.

Describing a meeting with the "new arrival" secretary "Cousin" who was killed by gang boss, Ison said he had a "bad cold" in October, 1933, and he said he called into the apartment, lunging for a cigarette, and he said he was down on a table and then sprang up.

He said Schultz dictated terms, and I should not argue. "When I was in the office, I said it was a fair proposition, giving me \$125 a week, but I said I thought \$75.00 was about the best prospect of business I could get. That is all I am going to do," Ison said.

He added ruefully, in his present-time style: "And can't do any better with him."

Ison said that before Schultz took over actual control of his bank, putting him on a weekly salary, he had been paying the mob \$500 a week under threat of death.

He said that in 1933, he was picked up by "Doc" Weinberg, (Continued on Page Four)

Hot Weather Seares Nation's Shoppers

NEW YORK, Aug. 19 (AP)—Hot weather this week scared prospective shoppers away from the stores, and resulted in a slow day for the second week in a row, Dan J. Bradstreet reported.

Total sales at leading centers of distribution continued dull, and Bradstreet said that for the last year for the country as a whole.

CLUB PLUS BOYS PLUS BUS EQUALS FUN

Approximately 60 youngsters who perhaps would not otherwise have had a Summer's day outing with guests yesterday of the Mamaroneck Rotary Club had an eventful day.

They were accompanied by the club's youth committee, and other members. Leaving early in the morning, the Rotarians and their small guests had a picnic on the reservation grounds, played games, saw movies. It began to rain during the afternoon and the youngsters' skits took into the bushes and their spirits still high.

The outing substituted for the weekly luncheon meeting of the Rotary Club, and virtually all members attended. Each Rotarian in charge of a certain number of boys, and their parents.

HINES CONFIDENT AS RACKET TRIAL GOES INTO RECESS

Dutch Schultz Pictured As Profane, Gun-Toting Boss Of Gang

ELECTION 'GIFTS' BARED

One Time Policy King Testifies Mob Contributed Thousands To Campaign

NEW YORK, Aug. 20 (AP)—A picture of Dutch Schultz as a profane, gun-toting racket boss was left today with the jury in the trial of Thomas District Leader Jimmy Hines.

Schultz, after the first week of listening to charges that he served as political campaign agent for Schultz's \$100,000 policy syndicate, Hines left the courtroom grinning yesterday, as the trial was recessed for the weekend.

The last witness of the week, Alexander Pompey, longtime policy king in Harlem, had just testified that the Schultz mobsters distributed thousands of dollars in tainted racket money to help Pompey campaign in 1933.

Pompey, now 60, was questioned and night by a squad of four detectives, who said he had felt the back of the Dutchman's vicious tongue, had seen the tough talking gang hold down a gun out of his pocket.

Pompey entered the numbers business as a bookie in 1929, operating a Harlem cigar store 18 years, he said.

Hughes Tests Oxygen Mask In Cross-Country Flight

Wealthy Flyer Makes High Altitude Hop In 10 Hours, 34 Minutes

NEW YORK, Aug. 20 (AP)—A wealthy flyer tested a new oxygen mask today in a 10-hour, 34-minute cross-country flight from New York to Los Angeles.

The flight, made in a Lockheed Constellation, was the first of a series of tests to determine the effectiveness of the new mask.

The mask, designed by the Army Air Corps, is a self-contained unit that provides the pilot with a constant supply of oxygen.

The flight was made at an altitude of 30,000 feet, where the oxygen level is only about one-third that at sea level.

The pilot, a former Army aviator, reported that he felt no ill effects from the flight, and that the mask worked perfectly.

SUBDUED IN STRUGGLE

Three Radio Cars Finally Arrive On Scene To 'Capture' Offender

A virtual one-man "war" started by a New York City bread salesman, who was celebrating a new job, created an uproar in the Larchmont village business section in Larchmont at 9:15 P. M. yesterday.

The salesman, Leonard Roderick, 27, of 855 West 233rd Street, was subdued only after police arrived in three radio patrol cars.

He had been drinking in a Larchmont restaurant, and during the fight he threw a bottle of beer at a police officer.

He was charged with resisting arrest, and was taken to the Larchmont police station.

The incident started, according to Police Chief William J. Kersay, when Bell and his young wife, married to him slightly more than a year, began drinking in a Larchmont restaurant.

He had just gotten a new job and had spent his first day working yesterday for a New York City bakery. It was at the club that Bell, attempting to win the bottle, burned his fingers with the bottle.

By the time a call had been made to police headquarters, three radio patrol cars were sent to the scene. Bell, with his young wife, was taken to the Larchmont police station.

First 100 Protested Names Found Illegal

PROBE PRESSED

WHITE PLAINS, Aug. 20—Methods used in obtaining signatures to the primary petition of David S. Murden, incumbent Rockwell candidate for county executive, were revealed to the District Attorney's office here yesterday.

Members of the Board of Elections made preliminary examinations of four of the 100 pages of names. Of the first 100 protested by the Republican organization, all were found to be illegal.

Reached for comment this morning, Mr. Murden declared that he had no objection to the signatures being examined, but that he did not know much about them.

Mr. Murden said when questioned as to the protest, "I haven't seen the petition."

An increase of but 1 cent per \$100 of assessed value for the proposed addition to Central School was foreseen today for taxpayers of Union Free School District No. 1 of the Board of Education. See Page One.

Partly cloudy and unseasonably warm tonight and tomorrow. Moderate northwesterly to west winds. Lowest temperature tonight about 65. High about 80 today at 1:00 P. M. and 1:21 P. M. Tomorrow at 1:43 A. M. and 5:08 P. M.

CENTRAL SCHOOL PROJECT TO BRING SLIGHT TAX RISE

New Building Would Mean Only 1 Cent Increase Per \$1,000 Assessment
BENEFITS POINTED OUT
Property Owner Would Pay Only \$148.50 Of Cost, Board Stresses

A meager and painless rise in the Union Free School District No. 1 taxes on the proposed addition to Central School was foreseen today by the Mamaroneck Board of Education.

In a statement sent out to civic associations the board listed the benefits to be received by the addition to the ancient structure on Boston Post Road.

The tax rate per \$100 of assessed valuation would amount to but 1 cent and a fraction more in the first four years of the bond redemption, assuming three percent bonds with 20 year maturity, the board statement pointed out.

By the fifth year the tax increase would have declined to 1/8 cent and by the tenth year the tax increase would be lowered to 9/10 cent, according to the board.

This would mean that an owner of property assessed at \$100, in the school district would find his tax bill increased only \$1.48 for the first four years from when the work was set forth by the Board of Education in this manner:

1st year	2nd year	3rd year	4th year	5th year	6th year	7th year	8th year	9th year	10th year
..... \$400 \$400 \$400 \$400 \$400 \$400 \$400 \$400 \$400 \$400

Based on the present rate the increase is approximately one percent of the taxes now being levied, according to the board statement.

This increase probably will be offset, however, by the revenue derived from the new structure.

The board of education's statement to the civic associations follows in part:

"In accordance with a resolution passed at the annual meeting held on May 3, 1938, your Board of Education applied for a loan of \$175,000, or any part we may desire to use."

"The estimate cost of an entirely new building of approximately the same cubic capacity as the present Central School building to include also a combination auditorium and gymnasium is \$380,000. Less P. W. A. grant received \$170,000. Leaving sum to be raised by bond issue to be voted by district, \$209,000."

"After careful study and discussion with the representatives of the Central School district we have arrived at the conclusion that it seems undesirable to destroy the present structure and proceed with an entirely new school at this time."

"Your Board therefore recommends that we accept part of the grant and proceed with the alterations and additions in accordance with the plan proposed last March. In so doing we will reduce considerably the expenditure required."

"On this basis the total cost of the project will be \$270,000. Less P. W. A. grant received \$120,000. Leaving sum to be voted by district, \$150,000."

"Our reasons for recommending this project in place of an entirely new school are:

1. Less money to be voted by the district.
2. Northern portion of the present building is satisfactory for some years, to come in view of improvements being made this summer.
3. Capacity can be easily increased in the future by further addition when required.
4. Plans satisfactory to Central School District.

CASE OFF UNTIL MONDAY
Lieutenant Of Slink Racket Boss On Stand More Than 25 Hours

NEW YORK, Aug. 27 (AP)—Two forceful men—dead and beyond the law, the other alive and fighting for liberty—dominated the scene sketched in the first two weeks of Tammany District Leader James J. Hines' policy trial.

The first was Arthur Flegenheimer, the man at sword and dagger known as Dutch Schultz, the gun-peddling operator of the numbers game. The other is Hines himself, the Irish lawyer who thousands of calls called "Jimmy."

In eight days of testimony, the blue ribbon jury, deciding Hines' case heard 19 witnesses tell a starting story about those two a story Hines' lawyers contend was fabricated out of lies and perjury.

It was the story, first, of how the Dutchman advanced on a petty Irish gambler from the Bronx to take over the independent policy racket, Irish follow who thousands called "Jimmy."

As the story continued, Hines appeared in the testimony as political guardian angel of the terror-ridden underworld, a weekly fee of \$500 or more and accepting thousands of dollars bribes for the political campaigns.

More of the story was sketched by George Weinberg, lean, laconic lieutenant of the slink racket, who had been on the stand more than 25 hours when the trial recessed yesterday.

"Twice Lloyd Paul Stryker, Hines' chief counsel, trapped Weinberg in the October night in 1935 when the two men matched wits in a Newark N. J. tavern."

A prominent lawyer with offices in Syracuse, Mr. Fearon was in the Assembly from 1916 to 1920 when he went into the upper house. He left the Senate in 1926, after being leader for four years.

Mr. Moore and Mr. Fearon were then met together. Mr. Fearon, who was an occasional visitor at the summer home of Mrs. Moore at Big Wolf, Pa., N. Y., it was reported. Announcement of the engagement was delayed until after the election to avert what Mr. Moore described as "possible embarrassment."

The convention closed yesterday. The couple have been acquainted for years since Mrs. Moore's husband, the late T. Channing Moore, was a member of the State Assembly.

BRITAIN AND FRANCE PREPARE FOR TREATY OF WAR

England To Demand Reich Halt Campaign Of Hate TENSION GROWS

(By The Associated Press.) Great Britain and France today took emergency action to prevent war in Europe and at the same time prepared to meet the conflict if it comes. The cabinet of the two countries, meeting simultaneously in the midst of the heaviest war clouds since 1914, gave unanimous approval to steps already taken by their foreign ministers in the Franco-British treaty and agreed on policies to be followed in the future.

These policies were not disclosed, but it was believed the British ministers decided to demand that Germany halt the campaign of hate against Czechoslovakia and cooperate in efforts to settle the Czechoslovak minority problem. The French cabinet voted to lengthen working hours in national defense industries, public services and "public affairs" industries at the same time as to give virtual power to mobilize all French industry if necessary.

The fact that the French ministers also approved "German" French envoys abroad indicating the probability of a strong coordinated diplomatic action by Britain and France. Tension between Germany and Czechoslovakia, meanwhile, was increased by a second German protest against alleged insults to the Imperial German army by a Czechoslovak newspaper. Germany, however, had protested Saturday and demanded that the newspaper be taken to prevent further "insults."

Unrest also was felt in the Far East, as a result of a failed maneuver in the North Sea. It was disclosed today while preliminary army maneuvers were in progress in various parts of the country. Chancellor Adolf Hitler inspected fortifications along the French and Swiss borders. The maneuvers began last Friday and may last until the middle of September, the Navy Ministry said. They were being conducted "having no connection with the Central European crisis."

Bellhop Sentenced For Taking Diamond Rings Valued At \$50

Walter Harris, 17, of Clinton Avenue, New Rochelle, charged with larceny, was found guilty by Judge John R. Cahill in Larchmont court last evening and sentenced to one year in the County Penitentiary at Eastview. Harris was charged with the theft of two diamond rings valued at \$500, which he claimed he "found" in a pocketbook containing \$40 in cash belonging to Mrs. J. P. Chasno, a college student at the Breen House, 210 West 12th street, who damaged the pocketbook on a staff way. He was a bellhop at the hotel. A crescent pin and a small ring valued by Mrs. Chasno at \$400 had not been found. Harris having admitted sending the rings to a Mount Vernon girl only \$425 in cash was recovered, Harris having admitted sending the rings to a Mount Vernon girl only \$425 in cash was recovered, Harris having admitted sending the rings to a Mount Vernon girl only \$425 in cash was recovered.

PRICE FIVE CENTS

DAVIS TAKES STAND, TELLS OF VISIT WITH SCHULTZ ON HINES

'Kid Mouthpiece' Testifies Leader Took Money GAVE HIM \$2,000

NEW YORK, Aug. 31 (AP)—Richard (Dickie) Davis, 32-year-old "kid mouthpiece" of the old Dutch Schultz mob, testified today in the policy racket conspiracy trial of Tammany District Leader James J. Hines that he had visited Hines at his home in company with Schultz.

"In the past I did not give Hines money," said Davis. "I did not know Hines until 'Kid Mouthpiece' took me to see him. I told Hines I meant to make money, but I gave him \$2,000."

"What did he say?"

"Thank you,"

The dapper young lawyer, dressed in his customary suit, testified on the million-dollar policy racket between him, took the stand after John F. Curtz, deputy boss of Tammany Hall, had testified under cross-examination of his long-standing feud with Hines.

Hines is accused of giving public protection to the Schulte gang. "I did not know Hines until I was taken to his home in 'Kid Mouthpiece' Hall," Curtz said. "I have never seen him since then."

Curtz had "put the English" on Hines yesterday in an admitted agreement as a state witness.

Witnesses in the case include William C. Cuddy, district attorney in 1932 and that time Curtz's chief counsel. Cuddy reportedly got into a scuffle with the "kid mouthpiece" from Westchester park.

Davis, in a straightforward tone, was asked what he knew of a white handkerchief pulled out from his breast pocket by Hines at a white dinner at 114 E. M. The witness testified that he was the assistant to Hines and \$200 separate as attorney for the Schulte racket, under a law, this time.

"I would be a week in the jail," he added.

The evidence "Kid Mouthpiece" a figure of swinging all-around during the trial, said that Schultz said, appeared in it again. Only once did Davis look at Hines. It was a speech, after glass, easily returned by the 44-year-old defendant, who said he "didn't intend to let anything else out" today the about testimony of District Attorney Thomas E. Dewey.

"Hanging around" in the judge of the defendant, in the name of a promoter in getting a reluctant witness to testify or "spout."

Davis talked for weeks after his capture last February, but finally agreed to testify under oath.

"I was grabbed from the law and taken to Hines," he said, "and was taken to Hines in 1927 after serving a year of confinement."

TENSION EASES AS DEMOCRATIC NATIONS UNITE

Diplomats Hope U. S. Will Endorse Growing Move To Prevent War

DANGER BELIEVED PAST BRITISH ACTION IS LINGUING UNLID FROST RESTRAINING HINES' PLAN

By WERNER MULLER
LONDON, Aug. 31 (AP)—Diplomats here today expressed a measure of relief and a decrease in tension here as the United States and other democratic nations unite to prevent a possible war.

By the afternoon the strain and anxiety of a week of wide speculation over Hines' move toward peace against Czechoslovakia had eased perceptibly.

As by telephone calls went through in United States Bureau consular in London, Hines' move toward peace in Europe, it was given a positive interpretation of the changing diplomatic front in Europe.

This change in tone was attributed to the situation here, and to the fact that the British action in lining up the Democratic front as a warning to the United States and other democratic nations may have been taken up with vigor.

It is in London it was learned that diplomats were eager to see whether it would be possible for President Roosevelt to announce that he would be left entirely to the initiative of President Hoover.

United States Ambassador Joseph P. Kennedy visited French Ambassador Georges Bonnet today morning, but there was no official meeting. It was reported that the British Government recently would welcome such a move, since it would be an effort made to get Washington to act, that should be left entirely to the initiative of President Hoover.

The British in Paris was much easier, that the danger was past for the time being.

The City The Associated Press said that the British Government recently would welcome such a move, since it would be an effort made to get Washington to act, that should be left entirely to the initiative of President Hoover.
