COUNTY'S SUMMER THEATERS PROBED FOR STOCK DEALS

Aspiring Theatians Promised Jobs in Productions, Complaints Say

INDUCED TO BUY STOCK

By JOSEPH W. SHANNON

NEW YORK, Aug. 13.—Complaints that aspiring thespians were induced to purchase stock in Westchester Summer theaters on promises they would be featured in productions are under investigation by Assistant Attorney General Ambrose V. McCall of Yonkers, chief of the Bureau of Securities. It was learned today.

In at least one instance the name of Crosby Gaige of Welch Hill, Pa., reportedly a local producer and new Yonkers leader of the Yonkers theater, was used to induce a purchase of stock. It was learned that the producer was using the name of the Yonkers theater to induce a purchase of stock.

One complaint has been registered against Seranne, Inc., operator of the Washington Irving theater at North Tarrytown. It is learned that the case is being investigated by Assistant Attorney General John F. Leary, son of the mayor of Yonkers, and although no announcement has yet been made, it is known that he will apply to the Supreme Court for an order requiring the production of the books and records of the corporation.

Known as Ann Seranne, an actress of New York, is said to have precipitated the investigation when she complained she had been induced to purchase stock shares of the corporation at a price of \$100 each. For her investment of \$500, it was said, she was promised 10 weeks of work making a survey of the local market for the Yonkers theater. She was to receive a free rent and board during the period, that the stock would be issued to her, and that she would receive back her investment as soon as receipts came into the office, plus five per cent of the net profits of the theater.

In addition to Miss Seranne's complaint, it is understood that other have notified Attorney General John J. Bennett that they were persuaded to purchase stock shares on promises of being given employment in other summer theaters. These cases are now under inquiry by Mr. McCall, assisted by Assistant Attorney General Harry Greenwood of Yonkers.

Engineer To Supervise Construction Of Joint Gas Disposal Plant

Henry W. Taylor, consulting engineer of New York City, was retained this morning to supervise the construction on the joint gas disposal incinerator plant to be built by the Town of Mamaroneck and the Village of Larchmont.

He was employed under a contract at the Larchmont Municipal Building between Mayor Harry E. Goekeler and Supervisor Bert C. McCulloch. Mr. Taylor will not only prepare the plans and specifications but will supervise the construction and carry through for a long time period of the construction.

The amount of his compensation has not yet been determined, Mayor Goekeler said. It will be contingent upon the cost of the incinerator on the cost of the incinerator.

Approximately six months will be required to complete the incinerator capacity incinerator after contracts are let, Mayor Goekeler said. He could give no estimate as to how much time would be required for completing the necessary preliminary so that work can be started.

The town and village engineering departments will begin next week making a survey of the incinerator site, just north of the railroad tracks near the New Rochelle boundary line. An analysis of the topography will be prepared and submitted to Mr. Taylor.

Mr. Taylor will then begin the task of drawing the plans and specifications to fit the site. His drawings will be submitted to Mayor Goekeler and Supervisor McCulloch who with the engineering department in the respective community will examine them before final approval.

The two communities will then act for bids, based upon the Taylor drawings.

An application has already been made to the federal government for Public Works Administration funds to assist in the financing of the project. PWA would provide 40 per cent of the cost, if the offer is accepted.

1,000 WATCH TAKE-OFF Ship To Fly Longer Route Than On Hop From Berlin Here

NEW YORK, Aug. 13 (AP)—Germany's latest airplane "Brandenburg" took off from Floyd Bennett Field at 9:24 A. M. today for its return flight to Berlin, the 13th transatlantic flight of the summer.

Capt. Alfred Henke, the plane's commander, said before the take-off that the ship would fly just south of the Great Circle and that he hoped to land in Germany in about 20 hours.

There were about 1,000 people at the ship. They applauded the take-off and watched the ship circle over the field four minutes later and head into the morning sky. The weather was clear and bright but the flyers expected to encounter rain over the Atlantic.

Bravo Hess, meteorologist, attached to the SS Friedrichshagen, German liner, said the Brandenburg was 1,000 miles longer than that taken on the Berlin-New York flight. The ship carried 2,570 gallons of gasoline.

The four-motored monoplane arrived Thursday at Floyd Bennett Field 24 hours and 56 minutes after its surprise takeoff from Berlin, 3,975 miles away. It was the longest "Short West" Atlantic flight on record and the first from Berlin to New York.

The "Brandenburg's" crew of four, refreshed by two long nights of sleep, expected to make the homeward trip in 21 hours, aided by prevailing tail winds over the ocean.

Reich Also Shuts Frontier Military Zones

CRISIS LOOMS

By JOE ALAN MORRIS United Press Staff

Europe today worked itself into a first-class "psychological" war fever.

The sudden relapse from a period of recovery was largely due to speculation and rumor. But fundamentally it involved disturbing developments in the Czechoslovak minority crisis, the Spanish Civil War and the still threatening frontier conflict between Soviet Russia and Japan.

Pressure in the big league manner is just beginning on the Czechs. Germany, demanding that Czechoslovak come into the Nazi orbit, is putting probably a million men under arms this month for military maneuvers coincide with negotiations at Prague on the minority question.

Frontier areas of the Reich have been under military review. Food in German zones devolved as huge quantities of supplies for the maneuvers. And this demonstration occurs just across the frontier of the threatened Czechs.

Now does pressure come from the Czechs. The Czechs, in response to a showdown but has left the Czechs in a state of uncertainty. It is doubtful that she expects Czech concessions to Germany.

Whether Britain will accept destruction of the little republic in the Czechs, the Czechs demands remained undecided, but Czechs have increasingly feared such a possibility.

France, principal supporter of Czechoslovakia, caught in the most thorough mass of the embargoed phase structure she has prepared. Britain in building New German fortifications along the Rhine leaves France impotent to rush suddenly to the aid of the Czechs in event they are attacked.

But even more troublesome to Paris at the moment is the Spanish Civil War. In Spain, the government has put a series of supplies counter by a series of supplies counter by a series of supplies counter.

If Loyalists could get needed war supplies to go with their superior man power they might make any ground gained or at least holding their ground against the rebels who are starting along the Rhine front.

France has more or less closed her frontier to loyalist supplies in conformity with the non-intervention agreement, but the government has been under tremendous pressure to reopen the border on the grounds that Italy continues to send men and supplies to the insurgents. Premier Benito Mussolini of Italy has been credited with advising the rebels to capture the rich mercury mines in the Asturias Valley toward which they are now advancing before accepting the non-intervention pact.

Strained Franco-Italian relations resulted today in French action to reinforce counter-espionage facilities and to increase road and aerial police forces on the Spanish and Italian frontiers. In addition, Paris struck back at restrictions on Italian visitors to France by requiring special visas for Frenchmen to visit Italy—preventing the expected visit of probably 10,000 French citizens to the Front of Assumption ceremonies in Italy on Monday.

In the Far East shooting of two Japanese by Russian secret police on Sakhalin Island—partly owned by Russia and partly by Japan—spread the danger of renewed frontier conflict despite quiet along the Chinese section.

On the midland where fighting raged in the last two weeks. Both sides agreed to withdraw troops 200 feet from the disputed line of Changchunling. The fact that the five efforts of a joint commission.

But in Shanghai, the anger of the United States, British and French (Continued on Page Three)

Billy Pooley Eliminated In First Heat Of Akron's National Soap Box Derby; Car Sways Crazy From Side To Side

Billy Pooley of Mamaroneck was eliminated in the first heat of the Akron Soap Box Derby in Akron, Ohio, yesterday.

Unable to control his racer, he swayed from one side of the course to another, at times almost crashing with another car.

HINES PROTECTED NEW YORK POLICY MOB, DEWEY SAYS

Tammany Leader Was Power In Vast Racket, Prosecutor Claims

LINKS HIM TO SCHULTZ

Cites Numerous Cases Thrown Out Of Court Despite 'Perfect Rackets'

NEW YORK, Aug. 17 (AP)—District Attorney Thomas E. Dewey today told a "blue ribbon" jury that the notorious Dutch Schultz mob advanced to the underworld that James J. (Jimmy) Hines, powerful Tammany district leader, was political protector of the multi-million dollar policy racket.

Dewey charged that Hines was present with Abraham "Bo" Weinberg, a Schultz mobster, in March, 1932, at a meeting in which the Schultz gang laid plans to "take over" the policy racket, then unorganized.

The prosecutor said J. Richard (Dick) Davis, known as "The Kid Mouthpiece" of the Schultz gang, who has pleaded guilty and turned state's evidence in the present trial, also was present at the meeting.

By the use of rumormongering, and murder, Schultz took over control of the business, Dewey said. "The center was located in Harlem, where 200 strong-arm men acted as collectors."

Dewey said that having organized the policy racket with political protection, Schultz harvested \$45,000 a day in 1933, a total of \$20,000,000 a year.

In his opening statement at Hines' trial on conspiracy charges, he was drawing out the policy racket, Dewey said that at the organization meeting of the gang, Hines had been able to point to the "effectiveness" of his political protection and that numerous policy cases had been thrown out of court although the "perfect racket" was in operation.

Dewey also charged that the Schultz racket contributed to the campaign funds of former District Attorney William Copleland Dodge, whom Dewey has named in a bill of particulars as having been "indefinitely influenced or bribed" by the policy mob.

He said the contributions were made "on instructions from Hines" and that the mob provided "thousands and thousands" of gangland votes for the former Tammany District Attorney.

Earlier, in outlining his case, Dewey pictured the policy racket as inflated by "rumormongering, and drama" and said that it was valued by poor people at 1,000-1 odds.

The prosecutor told the jury that the keynote of the Hines indictment was the charge against Hines of giving political protection "the fix" to the policy gang.

The prosecutor said over 90 per cent of the "big shots" in the policy game in the early days of its operation.

"Then in 1931 the Dutchman decided to make these small, unorganized gambling games into a racket by killings, beatings and intimidation."

"Hines got 200 a week in cash, always in cash," Dewey said. "Sometimes Weinberg paid him, sometimes Dick Davis."

"Hines went on the payroll and promised to deliver. We will show you," he told the jury, "that without a doubt this duty was to protect the racket."

Dewey said that the relentless raids of a Harlem detective squad which refused to be intimidated or "bribe" led the Schultz mob to "move out of New York to Mount Vernon with the policy banks—in order to avoid the raids by that one squad."

The squad's raids, he said, would cost the policy banks as much as \$25,000 or \$30,000 in a week.

Mrs. Truex Awarded \$10 Weekly Alimony

WHITE PLAINS, Aug. 17—Alimony of \$10 weekly was awarded Mrs. Christine Peters Truex of Mamaroneck pending trial of her husband for separation from Stanley Truex, operator of convalescent homes in Mount Vernon and New York City.

Mrs. Truex, in her papers, claimed that her husband was cruel and abusive, and boasted of his affairs with other women. Testimony of the New York State Supreme Court judge, who said that he visited women guests alone in his cabin. The husband denied all charges of the wife in his answer and stated that his home is still open to her if she chooses to return.

The couple were married in Larchmont on Sept. 27, 1916, and have two daughters, 16 and 19 years old, who are employed by their father.

"IT'S POLITICS"

Here are two views of "Jimmy" Hines, as the dapper Tammany leader told reporters his trial for conspiracy in "Dutch" Schultz's racket was "just a political battle."

Seeks Right To Sell Bedford, Greenwich And Mount Vernon Property

NEW YORK, Aug. 17—The New York, Westchester and Boston Railway Company, which abandoned operations Jan. 1, asked permission in U. S. District Court yesterday to dispose of real estate in Bedford and Greenwich, Conn., and to sell Mount Vernon estate rights for a water main for the sum of one dollar.

Edwin J. Garvin and James L. Dohr, receivers of the railroad, asked court sanction to sell a plot of 38.53 acres in Greenwich to Thomas J. Walsh for \$72,000 and a plot of 272 acres in Bedford to Lottin Johnson for \$200.

The Greenwich property, which cost the railroad \$444,000, the receivers were Communist infiltrated.

A dispatch from Hanking, Manchoukian, said Chinese guerrillas still were active in Manchoukian seven years after the Japanese wrested it from China, and established a protectorate. There also were many mysterious disasters in Manchoukian, indicating infiltration of working from within. Japanese army officers said the guerrillas were Communist infiltrated.

REICH AND ITALY INTERPRET HULL'S PLEA AS ATTACK

France And Britain Welcome It As Warning Of War Dangers

LOYALISTS HOLD GAINS

Chinese Warfare Bogs Down On Three Fronts In Yangtze Valley

By The Associated Press

Berlin, Tuesday.—Hitler's appeal against "international lawlessness" broadcast to a world already beset by wars in China and Spain, was welcomed by France and Britain today as a warning of war dangers in Central Europe.

But in Rome Fascists saw the speech, counseling a withdrawal from force to armament reduction and economic reconstruction as a basis for world stability, as an attack upon the "have not nations," Germany and Italy.

The speech came as reports reached Paris that the Spanish insurgents had cut their last defensive line with Italy and Germany, perhaps ending hopes of Britain and France to withdraw foreign volunteers from the civil war.

Insurgent sources in Paris expressed the belief the insurgent move, given Britain's representative, Sir Robert F. Robinson, was an attempt to raise so many technical objections to the non-intervention proposal that the reply might as well be an out and out no.

The Barcelona Government, meanwhile, came out of a minute crisis apparently stronger than before, with Premier Juan Negrin firmly in control of all factors and pledged to fight the conflict to the end. Two ministers, reported, favor an armistice, were ousted from the cabinet.

On the battlefield, government militiamen continued to show new force. They held most of the gains made during the past three weeks on the Ebro front in Eastern Spain and were reported to have killed Generalissimo Francisco Franco's force on the southwestern front.

The Chinese were continued bogged down in the Yangtze Valley, where the Japanese skirmished along the river, in the hope of finding soft spots in the Chinese defenses through which they might direct an advance on Hankow, the provincial Chinese capital.

A dispatch from Hanking, Manchoukian, said Chinese guerrillas still were active in Manchoukian seven years after the Japanese wrested it from China, and established a protectorate. There also were many mysterious disasters in Manchoukian, indicating infiltration of working from within. Japanese army officers said the guerrillas were Communist infiltrated.

The heat wave that has taken a heavy toll and brought discomfort to millions abated slightly today, and the prospect of scattered showers, suggested relief for part of the sun-baked Eastern Seaboard.

In Pennsylvania, nine deaths resulted from the weather in the last three days. Washington, D. C., had 13 hospitalized patients yesterday, but the weathering had also some medical aspects.

Weather bureau being wanted in Washington had a partial holiday yesterday, because of the weather along with thousands of government clerks.

As the mercury soared to 94 in Pittsburgh—the highest for Aug. 16 since 1887—Furtus Middlebrook reported to police the theft of a fur jacket from his home.

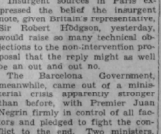

The City Water Division of New York complained that \$200,000 gallons of water were being used daily by boys who turned on hydrants to keep cool in the sun, the division said, was threatening water pressure.

A short circuit apparently caused by the heat set off a burglar alarm in New York City, and six police radio cars to rush out to the scene.

High humidity added to the nation's discomfort.

Relief For Atlantic Seaboard Seen As Wave Abates After Heavy Toll

Residents of this community who sweated for the past few days in temperatures of 80 degrees and at times above, today welcomed relief brought by over-cast skies, promising rain, and occasional breezes.

Local thunderstorms were predicted for this afternoon, tonight and tomorrow morning. The weather bureau was being wanted in Washington had a partial holiday yesterday, because of the weather along with thousands of government clerks.

DEMOCRATS' FACE ONE BATTLE, REPUBLICANS TWO IN VOTE SEPT. 20

ON TOUR

Lack Of Sufficient Signatures May Oust Murden

PETITIONS FILED

By HUGH W. ROBERTSON

WHITE PLAINS, Aug. 17—Petitions for candidates of the four recognized political parties for nomination at the primaries in Sept. 20, required to be filed before last midnight, reveal three outstanding party splits, one Democratic and two Republican, with the possibility that one party divergence may be eliminated through lack of sufficient signatures, the petition David S. Murden, Peshkiss, insurgent candidate for the G. O. P. nomination for county president.

The other Republican contest is for the nomination of State Senate, 26th District, including Yonkers, Greenburgh, Mount Pleasant, Ossining and Cortlandt, William J. Condon, Yonkers, present county register and organization choice, will be opposed in the primaries by former Supervisor John H. Fiero, Jr., also of Yonkers. Fiero's petitions contain 1,022 signatures. Condon candidates have three times that many.

The possibility that this might be a three-cornered race, however, was eliminated yesterday when Benjamin Laske, Tarrytown, withdrew his name from consideration and called in petitions which his friends had been circulating to run him against Condon and Fiero.

The Democratic contest is for state commissioner, between James J. Condon, Yonkers, and James J. Condon, Yonkers, present county register and organization choice, will be opposed in the primaries by former Supervisor John H. Fiero, Jr., also of Yonkers. Fiero's petitions contain 1,022 signatures. Condon candidates have three times that many.

DOCTOR ACCUSED OF WIFE'S DEATH

Osteopath Charged With Beating Her To Death In Cell

LACLEIDE, MO., Aug. 17 (AP)—Dr. William P. Lammance, osteopath who turned to osteopathy because he lost his medical license, was charged with wife murder today.

The body of Mrs. Ella Lammance, 42, was found Monday night in a cell in the vegetable cellar behind the doctor's home.

Lammance, the only doctor in this North Central Missouri town of 500 population, made no statement. He joined a funeral procession to bury his wife at Williamsburg, Va., near her childhood home. He was accompanied by two deputy sheriffs.

Sheriff Max Brown discovered the body a short time after the 24-hour autopsy reported his wife was missing. Brown said the body had been beaten to death a week before.

A coroner's jury yesterday heard Dr. Lammance had complained that his wife drank too much and "if I had the nerve I would leave."

Late last night the jury decided Mrs. Lammance had "come to her death by foul means" and recommended that the "parties inspection."

Ten minutes later Prosecutor G. Dora Green charged Dr. Lammance with first degree murder.

A negro landowner testified the doctor had her worn two blood-stained pillowcases last Wednesday at Fayette.

A check on the Murden petitions will also be made by the Republican County Committee to determine if any person signing failed to enroll last year. Those enrolled as party members whose signatures are not valid.

In this connection, the G. O. P. leaders noted the great majority of the Murden petition signers came from Yonkers, gathered and attested to by Fred A. Maki, a Democrat.

Others who obtained the Murden signatures were Mrs. H. H. Jones and Edward M. Murden, a son of Peshkiss; John T. Hoffman of Croton and Frank McCulloch of New Rochelle. Many of the signatures are evidently of illegals, and were obtained by the names Political club led by Vito Gagliardi, one of Murden's Peshkiss supporters.

One other item on the primary ballot is also debatable. Election Board officials said today the Socialist Party, after having failed to designate candidates for the two state legislative districts in the petitions filed Monday, mailed up delivery such petitions last night. They were received this morning.

CLEVELAND FINDS 3 MORE TORSOS

Detectors Also Discover Another Large Pile Of Human Bones

CLEVELAND, Aug. 16 (AP)—Coroner Samuel R. Gerber said today he believed various parts of human torsos found on the lakefront were from three persons rather than two.

Meanwhile detectives, searching the spot where parts of bodies were found yesterday, discovered another large pile of human bones, Gerber said he was unable to say immediately whether these bones represented still other victims.

Dr. Gerber said examination of the two skulls, ribs and pelvic bones found yesterday led him to believe they were from three bodies. This would bring to 12 the total number of "torso" murders.

PREVIEWS AND REVIEWS

THE PLAYHOUSE. With an all star cast in support, under the baton of one of Hollywood's ablest directors and in a story by the authors of Dennis Durbine's latest hit, Danielle Darrieux, French actress, makes her American film debut in "The Rage of Paris." Universal comedy romance, which comes to the Playhouse tomorrow, Friday and Saturday.

Luminary of both the French stage and screen, the twenty-year-old beauty has appeared in some of the most successful European films in recent seasons. She is perhaps best known for her role opposite Charles Boyer in "Mayerling," which won the New York cinema critics prize as the best foreign film of the past year.

Starred opposite Miss Darrieux in "The Rage of Paris" is Douglas Fairbanks, Jr., while featured parts are played by the well-known French actor, Jean Gabin, and the American actress, Helen Broderick.

Followers of the Tuesday night radio program know Mr. Robinson and Miss Trevor as the two leading lights of a big metropolitan band and strictly on the side of law and order, of course. In "The Rage of Paris," however, the tables are definitely turned. Robinson, as a little French gangster who lands in New York, broke and jolies and takes a job in the nude for a famous artist. But in her excitement at landing a job she attaches up in the wrong address and begins to pose in the office of Fairbanks, who is an advertising executive. Then he walks in and finds her posing in the nude.

Ampley Bogart, one bad man of the movies, is a cohort of Miss Trevor's and leader of a gang of jewel thieves. It is with this gang that Robinson becomes involved, and the results are blare as well as highly amusing.

DARKNESS HALTS TEN FINGERS IN CLASH WITH D. G.'S

Teams Tied Four All In Tense Larchmont League Struggle

Darkness ended a tense Larchmont Softball League clash between the Ten Fingers and the D. G.'s at Flint Park last evening with the score tied at four all. The D. G.'s advantage gained with three tallies in the first inning and another in the third was erased by persistent Ten Finger pitching, picking up a run in the first and likewise in each alternate inning.

Except for ten opening innings, when the D. G.'s blasted three runs across the plate, Tommy Hogan pitched effectively for the Ten Fingers, allowing only two runs in five innings during the entire contest.

Hamphreys and Roy Talgo, stricken early in the first and second innings, were the only players to be hit by the D. G.'s. The Ten Fingers, however, were not hit by the D. G.'s.

The proposal that the Village of Mamaroneck acquire the recently abandoned St. Michael's Hospital, Prospect Avenue and Mount Pleasant Avenue, for use as a new administrative offices, police department, police court, and other departments of the village has been made by Mayor William Johnson.

Mayor Johnson estimated the total cost of acquiring the property with interest and cost of needed improvements, would be approximately \$58,000.

In a letter directed to the members of the Village Board of Trustees, Mayor Johnson suggested that the village should consider the purchase of the property, surrendering its present quarters at 300 Prospect Avenue, for which it pays an annual rental of \$6,000.

The lease on the present quarters expires May 31, 1939. Mayor Johnson and members of the board, he informed The Daily Times, will make an inspection of the property Saturday morning. Mayor Johnson's letter to the other board members will be read at the regular meeting Monday night and a discussion of the proposal will probably follow.

Village Manager Claude A. Lattimer, meanwhile, is having members of the Engineering Department make a survey of the property in relation to the needs of the village. He is expected to report at the meeting Monday night.

The property had been used for years as a home for girls who had no parents or who were otherwise (Continued on Page Three)

Four-family homes would be built on the property, he said. The village lift the foreclosures proceedings, to await the project in getting started.

The company also has a plan for a variance in zoning pending before the Town Zoning Board of Appeals. The variance was sought on that part of the property lying within the unincorporated area, so (Continued on Page Five)

Funds received from sponsors of the Pignora apartment group as payment for delinquent and current taxes have been applied by the Town of Mamaroneck against two tax lien notes issued on July 1, with a consequent saving in interest. It was announced today by Comptroller Vito Luceno.

Since the payment was made this early, the Town saved approximately \$10 in interest, Mr. Luceno said. The Mount Vernon band still holds three other tax lien notes, each for \$10,000. The Town issued a total of \$50,000 in tax lien notes on July 1 to finance road, sewer and similar work elsewhere.

Of 1,200 names, nearly 1,000 are from Yorkville, many of them gathered by Fred A. Male, a Democratic Party leader, who has studied the names as they appear in the county clerk's office.

LABOR CHIEFTAIN IS BRANDED RED

Patriotic Society Worker Says Harry Bridges Attacked Communist Meetings

WASHINGTON, Aug. 18 (AP)—Miss Margaret Keck, worker for a patriotic society, identified for a house committee today phantasmic copies of an affidavit declaring that Harry Bridges, West Coast labor leader, attended meetings of the Communist Party in Los Angeles.

The witness told the committee investigating un-American activities also had been active in the work of the Better America Campaign for 18 years and had close-up investigated many phases of subversive activities in California.

Miss Keck identified for the committee record a phantasmic copy of an affidavit by Irving N. Markham stating he had joined the Communist Party in Los Angeles at her suggestion and had met Bridges on several occasions.

Miss Keck, whose identity was kept secret by the committee until yesterday, took the witness stand after Thomas H. Shennan, chairman of the committee, had delivered to the committee a copy of the affidavit.

VETERAN GOLFERS PLAY IN TOURNAY

Golden Jubilee Tournament At French Lick To Attract Old Players

The New York State Golf Association is expected to select a number of senior players to represent it in the Golden Jubilee Golf Tournament to be held on the French Lick Springs Hotel Course at French Lick, Ind., Sept. 2 and 3. Invitations were sent out several days ago to the association and every other governing body in the various states asking that a pair of the oldest golfers, from the standpoint of active playing years, be named for the anniversary play at the resort. The occasion will mark the 50th year of golf's official introduction into the United States. Most of the entrants will be seniors who have been following the golf ground for the full half century.

The program calls for 36 holes of medal play, with the first to be awarded for low net and low bogey scores. Each participant will be given a gold-plated plaque symbolic of the event. The hotel will be host to the players for the two days, according to C. K. Dineen, manager. Prizes will be donated by Thomas D. Taggart, Jr.

The tournament will honor the pioneering spirit of John G. Reid, a Scotsman, and his "Apple Tree Club," who settled in French Lick, Ind. It was this group of five men who really started things going in a big way for golf in the United States. Their original course was a vacant lot near Reid's home where they negotiated six holes daily to the wonderment of the villagers. They received their strange group name from the fact that they used an apple tree for the first hole.

The villagers became interested in the game after their curiosity had been aroused by the fact that such was the traffic on the six hole course that the apple tree was abandoned as a locker room and the St. Andrews Golf Club of French Lick was organized. Golf was formally launched. Today some 3,000 golfers tread the paths and private courses of the country.

Promoter Bill Heiserman has arranged a stellar field of cars and drivers for tonight's race at the Castle Hill midget auto track.

Midwestern champion "Champion" Wils, will be making his first Bronx appearance tonight. He will be driving a 1932 Buick. Duane Carter of Los Angeles, holder of numerous records on the Pacific Coast, also appears.

In addition to the above newcomers to the Castle Hill track for tonight's meet, every headline of the Eastern A. A. circuit has been seen in action. A hard fight for point leadership is expected between Wild Bill Heiserman of New York and Bill Schneider of New York with a slim two-point margin separating them for the track leadership.

Wild Life Exposition To Feature Fair

ORANGETOWN, N. Y., Aug. 19.—Rockland County sportsmen's clubs are planning a wild life exposition (twice the size of last year's) seasonally popular inaugural show, as part of the Orangewood Fair to be held from Aug. 25 through Sept. 5.

The exhibition, housed in a large tent, will again be built around a series of natural settings in which sporting and camping equipment, trophies and wild life will be displayed.

Where one trout pool stood last year, a cool and inviting oasis of stream, trees, shrubbery and mossy rocks, three pools filled with trout from Tuxedo Park hatcheries will delight the angler and layman alike.

GERHIC TO VISIT DAY CAMP BOYS

Youths Brush Up On Baseball To Impress 'Iron Man' Of Big Leagues

Two boys at the Larchmont Day Camp had a big day Wednesday when they visited the exclusive Campfire Club near Briarcliff. They had an opportunity to pat some wild deer, cook their own hamburgers, and take a trip on the large private lake and take a final dip in the lake before the trip home.

All of the Day Camp boys have now become swimmers even though nearly half were able to stay up early in the season only with the aid of 20 or 30 foot tubes. To prove their prowess, most of the boys went swimming off a dam in 12 feet of water. Ten-year-old Donald Canine showed his diving ability even without a springboard.

Despite his youth, Don can do a back-kick and swim off a 10-foot board and in addition does front and back flips off low boards. He has proved the best tennis player at the Day Camp.

Expecting a visit next week from Lou Gehrig, the boys are brushing up on baseball to try to impress the "Iron Man" of Big League baseball. So is now a local resident, having an apartment at the Boscawen on North Chateaufort Avenue in the unincorporated section. His visit is expected to be an inspiration to boys enthusiastic about our national pastime.

Alice Marble Faces Tennis Test Today

MANCHESTER, MASS., Aug. 19 (AP)—California's Alice Marble will test her prowess today in a tennis match with a previous victory over the other, came to the big final today in the semi-finals of the Essex County Club's Invitation Tennis Tournament.

To the winner goes the right to meet Hedy Nacey Wignall, winner of Brookline's Sarah Paulay Patsy, in tomorrow's final. Strangest of all today's matches, however, was the morning meeting of Miss Dora Horrocks of France and Mrs. Dorothy Byrd of New York to decide the 1937 Essex championship. For whose year the title has been left without a claimant because rain washed out the event of last year's tournament.

FIGHTS LAST NIGHT

BROOKLYN.—Tony Fontana, 128, Brooklyn, vs. Sammie Jones, 128, (England, 8).

PHILADELPHIA.—Matt Raymond, 174, Mount Carmel, Pa., drew with Al Ettore, 192, Philadelphia, (10).

Japanese Beetle Lands A Whopper

BRIDGEVILLE, N. J., Aug. 19 (AP)—Fifth Story Number 3,000,000.

A local angler ran out of bait, plucked a Japanese beetle off the back of his neck, hooked it, dropped the line, and—of course—landed a whopper-sized bass.

The word got around and now the town's youngsters are making low cream money by trapping the winged pests and selling them for bait.

It was a rather unusual incident, the new industry would aid New Jersey's state-wide war on the fast-breeding beetles.

Building Industry Contracts Decline

NEW YORK, Aug. 19 (AP)—Building industry contracts for July totaled \$299,000,000, a drop of 4 per cent under June and 25 per cent below July 1932. F. W. Dodge Corp. reported today. The high July 1937 figure was primarily due to more than \$100,000,000 of public works contracts.

The total for the year to the end of July, 1937, was \$1,554,000,000, or 15 per cent behind 1937, but substantially ahead of any other year since 1931.

Infamous Poisoner Dies In Hospital

TAUNTON, MASS., Aug. 19 (AP)—Death focused the spotlight for the last time yesterday on Jane Toppin, 31, a quiet old lady who once told newsmen she killed "a hundred persons."

Described at one time as "one of the most infamous poisoners of the world," she was acquitted of murder by reason of inherited insanity and committed to the Taunton State Hospital for life in 1902. Her victims included Captain Abner Toppin and his wife, a 12-year-old couple who took her as an inmate from a Boston foundling home.

Odd Fellows Refuse To Move Offices

ROCHESTER, Aug. 19 (AP)—Delegates to the annual convention of the New York Grand Lodge of the Independent Order of Old Fellows turned down yesterday a proposal to move state office of the organization from New York City to Syracuse.

Some of them disclosed that they make two to three dollars a day, working Friday, Saturday and Sunday. Most of them save their money, others contribute to the support of the family, spending little of their earnings on themselves.

One Time Policy King Testifies Mob Contributed Thousands To Campaign

NEW YORK, Aug. 20 (AP)—A picture of Dutch Schultz as a profane, gun-toting racket boss was left today with the jury in the trial of Tammany District Leader Jimmy Hines.

Still affable after the first week of listening to charges that he served as a political guardian agent for Schultz's \$100,000 policy syndicate, Hines left the courtroom grinning yesterday as the trial was recessed for the weekend. The last witness of the week, Alexander Pompey, longtime policy king in Harlem, had just testified that the Schultz mobsters contributed thousands of dollars in tainted racket money to electing Hines to the office of district attorney in 1933.

It was Pompey, now gaunt and old, who testified that he and a group of four detectives, who said he had fed the mob of the Dutchman's voracious tongue, had seen the tough-talking gang hold down a gun out of his pocket.

Pompey entered the numbers business as a bookie in 1930 after operating a Harlem cigar store 18 years, he said.

In 1932, he testified, he became of listening to charges that he served as a political guardian agent for Schultz's \$100,000 policy syndicate, Hines left the courtroom grinning yesterday as the trial was recessed for the weekend.

CHINESE DECLARE

FIGHT-AND-RUN Warriors With 25 Miles Of Nanking, They Claim

SHANGHAI, Aug. 20 (AP)—Chinese declared today their forces had checkmated the Japanese on all fronts.

The Japanese said a new large scale drive against Chinese guerrillas in Shanghai Province already had started.

But the Chinese insisted the 42,000 fight-and-run warriors in Shanghai still were active and that campaigns in other areas were "continuing to be successful."

Gerrillas were said to have driven within 25 miles of Nanking.

West of Kiangsu, Yangtze River port, the Chinese claimed to have won a smashing victory when a detachment of Japanese, being handed from warships, was routed after leaving the protection of the invaders' naval guns.

In southern Shanghai Province where the Japanese have been attacking, the Chinese claimed to have won a smashing victory when a detachment of Japanese, being handed from warships, was routed after leaving the protection of the invaders' naval guns.

HOSPITAL LACKS FIRE PROTECTION

Grasslands And Other East View Buildings Now Without Safeguard

WHITE PLAINS, Aug. 20—Grasslands Hospital and other county institutions at East View, including the County Home for the Aged and Indigent, the County Penitentiary and the County Jail, are today without fire protection other than by the small volunteer force of county employees at the hospitals.

The Valhalla Fire District, through Joseph Flaherty, secretary, today notified the Board of Supervisors that the Long Island shore at a deserted stretch he believed was Sand Beach, but was unable to make the rescue swim home.

John "Red" Donohue, former Mamaroneck High School football star, and Richard Shea, 73, of Mamaroneck, accompanied him in a rowboat. They had tried to rescue a swimmer who was in the water. They had tried to rescue a swimmer who was in the water. They had tried to rescue a swimmer who was in the water.

Keaveny entered the water at 5:30 yesterday morning from the Manor Club dock. Shea, the boat was a last minute substitution for a motor launch.

He reached the three-mile swim in 50 minutes, Keaveny said. He then, exhausted, began to reach the shore. Long Island Sound, he said, was about four miles away from the shore.

Keaveny declared, the one-way trip had been a success. The long swim was another triumph, he said, but he believes he can't swim any more.
