HUNGARY WINS BIG AWARD

Nearly 150,000 Ruthenians Be-
come Hungarians Under
Award

VIENNA, Nov. 3 (AP)—Foreign
Minister Johannes Guttenberg
of Germany and Count Galeazzo
Ciano of Italy, it was learned
today, have agreed to guarantee
Czechoslovakia's new frontiers.
Franklin D. Roosevelt, the
Czechoslovak minister, left for
Prague today after a two-day
conference in which Hungary was
given an estimated 150,000 square
miles of Czechoslovak territory.
The number of formal Italian
German steps to "free" Czechoslovakia
territory, however, Hungary
and Italy will receive a possible
link between the unsolved kidnap-
slaying of 12-year-old Peter
Levine of New Rochelle, and
the newly-captured members
of an alleged "kidnap syndi-
cate" who are accused of
three kidnappings, two robber-
ies and one murder.

GOVERNOR TRAILS REST OF TICKET; LEADS BY 66,164

Wagner and Mead Triumph in Update Race For Seats in U. S. Senate

ENTIRE SLATE VOTED IN American Labor Party 350,000 Votes For Democrats

NEW YORK, Nov. 9 (AP)—President Roosevelt's native New York—which will be of the greatest strategic importance in the 1940 presidential year—remained Democratic in major contests in yesterday's spectacular state election.

Substantially complete returns showed Gov. Herbert Lehman reelected over his Republican opponent, Thomas E. Dewey, but with a plurality so small that margin of the night nobody could predict the outcome.

With only two of the 69,031 election districts in the state unreported, the Governor now leads by less than 70,000 votes in a total of nearly 4,700,000. The figures were Lehman 2,383,464; Dewey 2,317,200; Senator Robert F. Wagner, each of the labor set bearing his name, appeared safe, as was Rep. James M. Mead for the other New York senatorial seat—meantime vacated by the death of Senator Royal S. Copeland.

Wagner was opposed by John Lord O'Brien, who ably criticized some phases of the Roosevelt administration, and by Edward P. Conry, generally regarded as the laborer's champion in the campaign.

The vote with 30 districts unreported gave Wagner 2,423,377 or 60.9 per cent of the vote in 603 districts Mead had 2,347,715 or 59.1 per cent.

Attorney General Bennett polled 2,097,266 to McDermott, 1,653,315; O'Ryan (partial), 1,653,315 with 204 districts unreported.

Leahy Governor polled 2,043,753 with 430 districts unreported.

Republicans Clean Sweep Of Assembly And Senatorial Districts

WHITE PLAINS, Nov. 9.—Westchester will vote on Albany for the next two years as well as in the State Legislature five Republican assemblymen and two Republican senators.

It was a complete sweep for the O. G. P., for the first time in more than a decade. And county G. O. P. leaders were jubilant today when they learned that not only had they added one vote to the existing Republican majority in the Assembly but by the election of a state senator in the 21st District, where in New York, which had a seat in control in the upper house.

REPUBLICANS END DEMOCRATIC RULE IN DOZEN STATES

New Deal Party, However, Retains Control Of Congress And Governorships

50 HOUSE SEATS SWITCH Democratic Regimes Topple In East, Midwest And Pacific Coast

By The Associated Press The Republican Party hit the comeback trail of political power today by upsetting Democratic regimes in a dozen strategic states, among them Pennsylvania.

It countered the New Deal the first major election reverse since Franklin Roosevelt was chosen president seven years ago. The Democrats, nevertheless, retained control of Congress and more than half the governorships.

As returns continued to come in, the New Deal failed seaboard, in the Midwest and on to the Pacific Coast and Democratic states elsewhere after another topped before the tide of votes.

Election Victory Spur Republican Campaigns

GAINS MINIMIZED

The Democratic and Republican parties began a 10-year struggle for power to see the aftermath of political upheavals in Tuesday's elections.

With 11 new governorships and eight new Senate seats—at least 78 more House seats—firmly in their grasp, Republicans turned from ballot counting to the awaited question of how to take over the presidency in 1940.

Democrats, characterizing as their failure an inevitable decline to Roosevelt coalitions minimized Republican claims widespread anti-New Deal sentiment. They were equally determined to use all the vast resources they command to continue national domination beyond the next years.

Only two major races remain to be decided today. In Iowa Senator Lester J. Dickinson and Senator Guy M. Gillette are in a neck-and-neck contest. In New Jersey the new Governor Senator Frederick W. Frey and Raymond E. Willis (R.) are in a close race. In New York, however, Senator Van Nuys appeared to be a winner.

The Major Results

Aside from those, the latest tally from the 47 state elections gave this picture of the overall Republican gains in the 1938 campaign with 107 new governorships came up with 18.

That was Tuesday, nine previous days had been won by Democrats, by a Farmer-Laborist and one Progressive.

These triumphs, however, gave the public 11 Senate seats, including eight held by Democrats.

The new Senate, beginning its work on Tuesday, will have 23 seats, 15 of which will be held by Democrats, five from the Progressives and two from the Farmer-Labor Party.

These triumphs, more extensive than many Republican leaders had predicted, certain strong prospects for a return to the House and Senate next session.

G. O. P. Gains Patronage

The Republican victory in the gubernatorial rather than congressional gains for advanced the cause of the 1940. Control of state administrations will give them patronage to rebuild a few of the state's public works.

Political leaders offered contrasting interpretations of the election results, first reported for the Democrats by the Associated Press.

Chairman John Hamilton said the vote showed "a widespread repudiation toward governmental incompetence, maladministration and a loss of political corruption."

The country, he said, was reflecting a determination on the part of millions of our citizens, he added, to put an end to constant expense legislation which has had back economic recovery and kept the country in a slump.

Democratic Chairman James Farley pointed out that his party had a substantial majority in the Senate and House despite its decline in numbers.

It is the only one, he said, which justifies the statement that the country as a whole is still strongly behind the humane policies of President Roosevelt.

A Normal Reaction

Speaker Bankhead (D-Ala.) said the turnout was a normal reaction to five or six years of Democratic administration.

It is a normal reaction, he said, to the election of an "amazing defeat" for the Roosevelt Party in 1936. He said it should mark the beginning of the end of this waste of public money.

He said it should mark the beginning of the end of this waste of public money, political corruption and undermining of representative government.

His words foreshadowed a Republican drive to force the Federal budget system to stop the waste. It will be centered on revision of the WPA, target of anti-administration legislation in the campaign. Chairman Hamilton recently said Republican senators would demand that the WPA and especially charges of politics in relief.

In reviewing the election, political strategists of both parties had many more factors than the direct results of the voting to consider in planning their further campaigns.

THIS SCENTS VICTORY ON EVE OF BIG CLASH

Grid Team Hopeful Of Triumph Tomorrow

Scouting victory for the first time in six years Mamaroneck High's football team and followers will storm Senior High field, New Rochelle, at 2:30 o'clock tomorrow afternoon several thousand strong.

Coach Edwin G. Rice, in his debut this season for the Orange and Black, and Assistant Coach William A. Rex, have their charges led to a victory and an optimistic attitude instilled in several games.

Cheerful observers of the Ripon scene feel that the time is ripe for a victory, and if there is a triumph it will be a close one. Talk of a defeat is negligible in the local camp, but the same feelings are held by a twist of logic, that if Mamaroneck should lose it will be by a large score at the hands of a Purple Wagon intent on showing New Rochelle fans that the 1-5 loss to White Plains was all a mistake.

The Purple and White, by virtue of its imposing record since from the White Plains game, will be slightly favored over the Ripon team, who have had an impressive record to date. Mamaroneck has won four of its five games, losing a season at Greenwich 7-6. Since then the Orange has outscored over Peabody, Gettysburg, Roseton and Yorkton.

Federal Indictments Against Milk and Ice Cream Industries

LABOR OFFICIALS NAMED

Four Chicago City Officers Also Included in U. S. Charges

CHICAGO, Nov. 15 (AP)—More than 30 companies, officials of two labor unions and four Chicago City officials were named today in two federal indictments charging violation of the anti-trust laws in the milk and ice cream industries.

The indictments, returned Nov. 13 after 18 weeks of Grand Jury investigation, and a year's work by the Department of Justice, had been approved today at the request of the government.

One indictment, charging anti-trust violations in the milk industry in the Chicago area, named 31 firms and 10 individuals. The other, charging an anti-trust violation in the ice cream industry, named 23 individuals and two firms.

The four Chicago City officials named in the indictments were: Dr. Herman S. Bernstein, chief of Health Department; Eugene J. Connelley, chief of Police; John J. Connelley, chief of Fire Department; and William J. Connelley, chief of Public Works Department.

The indictments were returned by a grand jury of the Southern District of New York, presided over by Judge Charles S. Wheeler.

VILLAGE STORES MAKE PLANS FOR CHRISTMAS RUSH

Mamaroneck Avenue Will Be Decorated Again With Lights And Garlands. FUND NOW BEING RAISED. Windows Of Vacant Shops Also To Display Yuletide Merchandise.

Preparations for an unusually active Christmas shopping season by the Mamaroneck Chamber of Commerce at its meeting last night in the Public Library.

Funds are now being raised for the decorating of Mamaroneck Avenue as it was last year, with lights, streamers and garlands in keeping with the Christmas spirit.

The Chamber members last night authorized the setting aside of \$250 to be used in a "shop Mamaroneck" campaign which is to get underway shortly.

Christmas merchandise provided by Chamber members will be placed in the windows, which will be decorated to give the whole appearance of a busy shopping street.

Christmas savings funds totaling about \$10,000 are due to be paid out by the local Chamber Nov. 28, and the release of this amount will be used to help the needy.

The regulation that Chamber members are to advertise only in mediums approved by the executive committee was discussed again last night and is scheduled to be taken up further at the next meeting.

A number of members to observe the regulation has created a problem which must be solved "one way or another," President D'Orfio said.

The rule does not give Red Cross members and Chamber members an entry at liberty to join the organization, Mr. D'Orfio informed the meeting last night.

But from some quarters came assertions that the agreements would place certain American producers in an unfair competitive position. Governors Allen of Vermont and Barrows of Maine, both Republicans, declared that the tariff concessions discriminated against New England.

TAXPAYERS PLAN MARCH TO AVERT BUDGET INCREASE

Parade Of 5,000 To County Board Hearing Proposed At Local Meeting. 80 GROUPS REPRESENTED. United Campaign Urged To Cut Down Proposed Expenditures.

A march of 5,000 taxpayers on the Nov. 28 budget hearing of the Board of Supervisors was urged last night at a countywide taxpayer meeting held in the Weaver Street Firehouse, Town of Mamaroneck.

Major Louis Thompson, who presided, announced that 80 organized taxpayers representing 18 communities in the County had responded to the call.

The public should descend en masse on the hearing on Nov. 28. At least 5,000 taxpayers should march through the County Board of Supervisors' Chamber to the State Army at White Plains.

Major Thompson revealed that the organization is directed to the Board of Supervisors and points out that it is "considering the 1939 county budget proposing an increase of \$5,524, or over 22 per cent over the 1938 budget."

Because "taxes in Westchester County have reached a catastrophic point and are an overwhelming burden on citizens, taxpayers and taxpayers," and further, because "any budget increase will result in still higher taxes," the petition resolved that the undersigned "vigorously protest any budget increase."

The court, however, did issue a temporary injunction against the operation of the "Subway Tax Service" and the Royal Cadillac Service, headed by John Rose, Mr. Simon said.

Mr. Simon represented the individual taxi drivers, known as the Taxi Owners Association, headed by Lawrence Catalina, president. The temporary injunction should not be issued against these services, because they were engaged in a "for hire" taxi service, having passengers to any point they desired, including the subway station.

The individual owners were not competing with the railroad, the attorney said. The service headed by Rose, however, had advertised regular schedules and fares, he said.

The attorney said he would move for the dismissal of the petition asking for a permanent injunction against the individuals he represents. The railroad's plea for a permanent injunction against Simon's clients and the Ross service is still pending.

Mr. Simon, who is also representative of the Westchester County Automobile Commuters' Association, which plans to "make available facilities for the living of private vehicles for commuting between the County and New York City."

Recall Of Dieckhoff Is Surprise To Officials. MAY GO TUESDAY. BERLIN, Nov. 18 (AP)—Germany today called home her ambassador to Washington for a report on "the queer attitude" of President Roosevelt and other American leaders toward the wave of violence and restrictive measures against Jews in Nazi Germany.

The summons to Ambassador Hans Dieckhoff was sent just two days after announcement that U. S. Ambassador Hugh R. Wilson had been ordered home by President Roosevelt for report and consultation.

The order for Dieckhoff to return was issued as a surprise to officials here, who believe Dieckhoff's cables reports concerning American reaction to Germany's anti-Semitic measures.

AN AMBASSADOR TOLD TO REVEAL ROOSEVELT'S 'QUEER ATTITUDE'; U. S. MAY AID REFUGEES HERE

WASHINGTON, Nov. 18 (AP)—President Roosevelt today told a press conference that he had humanitarian grounds for proposing a six-month extension for 12,000 and 15,000 German and Austrian refugees who are in the United States on visitors' permits.

The President said unless the extension was granted the permits of this large group would be cancelled and the refugees would be back in their native land by the end of the year.

He has informed Secretary of Labor Perkins, he said, that it would be a cruel and inhuman thing to compel these persons to go back to Germany and face possible mistreatment in concentration camps or other persecution.

The President said he had no comment on the summoning home of Hans Dieckhoff, German Ambassador to Washington, to report on the "queer attitude" of the President to remain in the United States after the expiration of the first six-month extension.

The President said the number of thought of preparing liberalization of existing immigration quotas to take care of additional refugees, but he said he had no doubt Congress would permit the refugees to remain here. The chief executive cited American action in permitting a number of Russians to remain in the United States after that country was taken over by the Germans.

WASTE LAND TO BECOME NEW MAMARONECK BEAUTY SPOT

This might have been a photo of the beach-front in China, with the Great Wall in the center, but it is not—it is a picture of the area being reclaimed on Harbor Island in the Village of Mamaroneck, showing the dikes which have been completed recently.

The photo taken from the top of the County Statute Building on the Post Road, shows only a part of the more than two miles of dikes which will retain the site and other material to be dredged by United States Army engineers from the West Basin. The engineers estimate that 12,000 cubic yards of material will be taken from the basin and deposited in the low areas.

Approximately 20 acres of land on the island and between four and five acres of land along Rockaway Avenue on the west side of the basin will be reclaimed. The basin itself, filled with water now only at high tide, will be converted into a harbor deep enough to accommodate ocean craft.

The port of unladen discharge in the center of the photograph is from the village dump, the reclamation of which has been sought for years. Once the dredging is completed, the dump will be no more and instead of the marshy, weedless land seen above a park with green grass, shade trees, winding paths and flowers will be created.

GARDENS GROUP OPPOSES HIGHER COUNTY BUDGET

Larchmont Association Joins Other Organizations To Join In Protest

A resolution opposing to the proposed 20 per cent increase in the county budget for next year was adopted by the Larchmont Garden Association at its monthly meeting in the Larchmont Club last night.

The resolution will be forwarded to Supervisor Ben C. McMillen with the request that he present it to the Board of Supervisors. The resolution in which is detailed objections formerly shown at the proposed 20 per cent increase in the county budget, and "opposed to the wholesale increase of salaries to the employees of the county."

Labor Loses Effort To Challenge Premier HUNDREDS SEIZED

PARIS, Nov. 30 (AP)—By a nationwide array of armed force Premier Daladier today quickly broke the 24-hour general strike which constituted organized labor's first big challenge to his government and its economic program.

The stocky premier, whose enemies have accused him of dictatorial ambitions, met the issue head on.

Mobile guards, police and in many cases army units were in abundant evidence to prove the Premier's determination to smash the labor demonstration against his decree law.

It was predicted that Daladier would have a majority when Parliament meets again next month, with support from the right and his own Radical-Socialist Party.

Public services were the field in which Daladier had chosen to fight the strike battle.
