V. & B. REOPENING URGED IN NEW PROPOSAL

BLEAKLEY NAMES FIRST MEMBERS OF NEW CABINET

Ruth Taylor Appointed as Commissioner of Public Welfare
FOLGER BUDGET DIRECTOR
Charles Sells To Become Public Works Commissioner Under New Charter

By HUGH W. ROBERTSON (Staff Correspondent)

WHITE PLAINS, Dec. 2 (AP)—Ruth Taylor, 34, of New York, was named as the first member of the new cabinet of the new city government, which will be organized on Jan. 1, 1939.

Commissioner Taylor and Mr. Folger have assumed practically the same duties as those of the new office of the city government, which will be organized on Jan. 1, 1939.

The Department of Public Welfare which will be headed by Mrs. Taylor will include the city's social work, public health, and the city's engineering department, over which Mr. Sells has been in charge.

The estimate for the three offices has not yet been prepared, but it is expected that the budget estimate of the Department of Public Welfare will be \$1,000,000.

In the past few years the salary of Commissioner Taylor has been \$100,000, while Mr. Folger, who has been in charge of the city's engineering department, has been paid \$100,000.

Commissioner Taylor was born in Cedar Rapids, Iowa, Feb. 10, 1894, and was graduated from the University of Wisconsin in 1916 with the degree of a B. S.

WHERE SCARSDALE MAN DIED IN LAKE PLUNGE

Word tracks in the snow graphically indicate the path of the car which carried C. W. Johnson, Jr., of Scarsdale, to his death yesterday when it skidded on the icy River, River Parkway Extension and plunged into Lake Mahopack. State Troopers who arrived as they sought to locate the car found a wrecked Hudson of five tons, Albert Lashbrook, 22, and Norman Buchanan, 20, both of Bayonne, N. J., were the two men who were in the car. It is not clear whether the death car, they drove into the icy lake, lost from atop at that point, and having Mrs. Carr to the surface. They then remained motionless, but could not be rescued.

HARBOR DREDGING OPERATIONS BEGIN HERE NEXT WEEK

Apparatus Arrives To Start Actual Work On The West Basin

SCOW MOVES IN SLOWLY

Army Engineers Ready To Proceed With Creation Of New Channel

The long-awaited event—the coming of dredging apparatus to the West Basin—commenced this morning when a large scow and other equipment moved slowly into Mamaroneck Harbor to begin the work under supervision of United States Army engineers.

Actual dredging operations will start Monday morning. Village Manager Charles A. Lattin forecast that the work with its pumping equipment, a shaped device, flume to regulate pipe lines and auxiliary machinery, will begin work at the mouth of the basin.

The apparatus will move slowly into the West Basin as it divides the channel, according to plans in the future, small craft who will use the West Basin.

It is said that the basin will be pumped into the West Basin on Harbor Island around which the Village of Mamaroneck has constructed a breakwater. The projected area will be used for park purposes.

The dredging project was approved by village residents at the election and during the village and Federal Government are sharing the cost.

Committee Reports Roadbed In Good Condition

TRACKS RUSTY

NEW ROCHELLE, Dec. 3.—After an inspection tour of the right of way of the defunct New York, Westchester & Boston Railway yesterday, Governor Lehman's committee to find ways and means of reopening the line found the roadbed to be in good condition—although the tracks were in rusty condition from lack of use, Albert Ritchie of this city, chairman of the committee, reported today.

The 23 members of the committee will resume work Friday to hear a report from a subcommittee on the so-called "Berliner plan" to reopen the road. Mr. Ritchie reported, and also are expected to hear suggestions that an auxiliary line be built, and that the main line be equipped with wheels which would permit it operate on streets as well as the tracks, so that the route could be used as a direct connection with the subway system in New York City, the chairman said.

Mr. Ritchie said that the committee would not consider the plan to have the road used as a "highway for trucks," until all the tracks are in good condition. The railway is now being abandoned.

ITALY DISORDERS FLARE

We Will Go To Tunisia, Fascist Leader Tells Rome Students

PARIS, Dec. 6 (AP)—France and Germany today signed an accord widely termed war renunciation pact, which pledged them to amicable discussion of difficulties instead of resorting to armed force.

The agreement declared the two governments renounce the use of force to acquire territory or to maintain a German territorial position.

It said the governments were renouncing "policy of annexation and of neighboring" between them, substituting an essential interest of "consolidation of the European peace and of the maintenance of general peace."

Foreign Minister Georges Bonnet of Germany agreed the text of France and Joachim von Ribbentrop of Germany.

Preparations to meet the request of the Italian government to allow the entry of French and German troops into the French zone of Tunisia.

Supervisors Advance Plans For New Bridge On Mount Vernon Line

WHITE PLAINS, Dec. 6.—Plans for a toll-financed bridge across Westchester's Cross-County Parkway with the River Parkway at Dunwood in Yonkers, moved forward Monday by a vote of 24 to 12.

The proposed bridge, which the supervisors unanimously moved to put down as a special order of business for next Monday, the authorization of 1,800,000 in revenue bonds.

Estimates of the cost of the bridge, the tolls to be levied on the bridge, and the proceeds of the bonds, were presented by Budget Commissioner William B. Polger.

At public yesterday, the Reconstruction Finance Corporation has called for bids on the bonds to be opened next Monday noon in Washington, the bids to be competitive as to rate of interest to be charged.

It is presented the resolution and bond set yesterday. Mr. Schmidt stressed that the bonds do not become a charge against the county, but are to be repaid by the county's debt limit; in no manner, he said, is the county obligated to pay any part of them.

REVENUES GAIN

A decrease of \$28,400 in the tentative net budget for the Town of Mamaroneck in 1939, with a consequent decrease in the tax rate, has been reached by the Town Board, it was announced today by Supervisor Bert C. McCulloch.

Although the tentative budget, which will be submitted to the public at a hearing on Dec. 16, calls for the purchase of aerial ladder apparatus and a short-wave radio set for the fire and police departments, respectively, the decrease was made possible by trimming other items and through increases in estimated revenues.

Supervisor J. Albert Gleason of Yonkers, Democratic floor leader, presented the resolution yesterday asking that a second hearing on the budget be held.

INCREASE SHOWN IN RELIEF CASES FOR LAST MONTH

Welfare Load Jumps From 291 To 315 During November
COST TOTALS \$12,247
Average Daily Cost Per Individual Goes From 30 To 35 Cents

Increase in the number of persons on relief and the expenditures of the welfare office were noted in the report made to the Town of Mamaroneck last night by Councilman Edward C. Griffin, chairman of the welfare committee. The case load in November rose to 315, including 309 "home relief" cases and 6 veterans relief cases. The total in October was 291, including 247 on home relief and 44 on veterans relief. Expenditures rose from \$10,983.16 in October to \$12,247.88 in November. Mr. Griffin reported that the average cost per individual per day went up from 30 cents in October to 35 cents in November. The coming of winter, with additional demands on the Welfare Office for fuel, clothing and other necessities, was largely responsible for the increase last month over the previous month. Medical costs, however, dropped from \$688.18 in October to \$566.70 in November, Mr. Griffin stated. The individual case rose from \$137 in October to \$126 in November. Costs of relief, it is expected, will be one of the chief topics at the annual budget hearing to be held by the Town of Mamaroneck board in the Senior High School at 8 1/2 P. M., December 15. The estimate for next year have been passed "in limbo" as the board believes it can go. Supervisor Bert C. McCulloch has announced. He has invited suggestions as to how it can be trimmed further "without causing suffering among those on relief."

LIMA CONSIDERS PROPAGANDA BAN

Proposal Would Outlaw Europe's Political Activities in America

LIMA, PERU, Dec. 8 (AP)—A proposal to ban European political propaganda in Lima, Peru, in line with the United States act, was introduced by the American conference for the Pan-American conference, which opens tomorrow and continues by the Argentine delegation indicated today. The delegation, a conference informant said, agreed upon a tentative recommendation that was to be put in more direct wording today. A series of informal conferences among Secretary Hull, chief of the United States delegation, and heads of the Latin-American delegations demonstrated that they were making President Roosevelt's solidarity propaganda with deep interest. Some among the Latin American groups believed the conference could enact effective measures against political and cultural infiltration from Europe but it appeared that Secretary Hull himself was feeling his way gradually and cautiously. By the series of informally talks begun last night shortly after his arrival the Secretary was said to be studying one article after another to present any specific project for a united front. The American delegate hinted that Mr. Hull might refrain from offering and proposed to the conference unless he could get unanimous agreement before-hand. Source close to the Brazilian delegation indicated Brazil would follow the traditional policy of strongly supporting the United States in backing a proposal for cooperative continental defense should it be advanced.

TOWN TO CONTINUE ADULT RECREATION

Board Approves Carrying On Council's Activities During Next Year

A continuance of the activities of the Town of Mamaroneck Adult Recreation Council during 1939 was approved by the Town Board at its meeting last night. Dr. William H. Miller, chairman of the council, appeared before the board to ask that more funds be available for the continuance of the work. The estimate for next year is \$1,800. Supervisor Bert C. McCulloch explained to the board that \$1,800 in aid for the work, but that \$1,000 in aid in every WPA season to be submitted Dec. 15 to a public hearing. The project which included with other WPA projects bonded next year, Supervisor McCulloch said. The project has been underway for several years and during that time juvenile delinquency has been reduced virtually to zero. Dr. Miller said. In addition to providing recreation for the young people of the community, the project's actual expenses and other games were "taken care of" by the WPA. Expressing his pleasure at "what has been done," Councilman Edward E. McGrinn, chairman of the finance committee, nevertheless expressed his approval of the WPA recreation project among WPA jobs for next year.

VILLAGE RESIDENT DIES IN BLAST AT STAMFORD PLANT

Chemist Meets Death As Explosive Rocks Chemical Laboratory

SECOND WORKER KILLED

Heat Hurts Victim Across Room And Blows Out 99 Windows In Plant

Walter F. Gilman, 24, a resident of 62 Madison street, Mamaroneck, was killed instantly in a terrific chemical explosion at the Stamford Chemical Laboratory of the American Cyanamid Company, yesterday afternoon.

George Osterlin, 24, of New York City, another chemist working with Gilman, died early today in a similar explosion in the same laboratory.

The blast here is believed to have been caused by a faulty pipe in the plant.

Gilman, who had retired here for the last three years, was working in front of a small cell in an experimental room on the second floor of the factory building. He was examining a container known as a retort, when it exploded.

The other two men who conducted experiments in the same room yesterday suffered a deep laceration and fractured bones. Research was suspended for several days.

The blast here is believed to have been caused by a faulty pipe in the plant and shook the entire factory building.

Gilman was a native of New York City, the son of the late Mr. and Mrs. Henry Gilman. He was a graduate of Columbia University and had been employed by the company since 1915.

He was in charge of the chemical laboratory while the explosion occurred.

Surviving him are his wife, the former Miss Elizabeth Weiss, and two children, a son, William F. Gilman, and a daughter, Henry, of New York City.

Funeral services will be private and will be held at the home of Mrs. Gilman, 62 Madison street, Mamaroneck, at 10 o'clock tomorrow.

SUPERVISORS VOTE FLEETWOOD TOLL BRIDGE, ACCEPT \$400,000 OFFER FOR COUNTY PROPERTY

GIVE AND TAKE

Cross County Parkway Way To Be Linked With Saw Mill

COST \$1,800,000

WHITE PLAINS, Dec. 13—The Board of Supervisors decided yesterday afternoon to sell to the Cross County Parkway Corporation of New York City the land located in the heart of the White Plains business district for \$400,000.

The board acted after the budget committee had considered the offer made when competitive bids were opened last Friday and had accepted the offer.

The property is bounded by Mamaroneck Avenue, Marine Avenue and Court Street and originally was the site of the first White Plains high school. It also includes two acres of land on Mamaroneck Avenue and an abandoned bus on Court Street.

Originally acquired by the county in 1905 as the site of a county building, the site was sold to the Cross County Parkway Corporation in 1928.

REICH EXPECTED TO ANNEX MEMEL IN FEW WEEKS

Hitler May Call Reichstag To Welcome 150,000 Late Fatherland

EVENTS MOVE RAPIDLY

Decisive Step Held Likely In January When DIET Holds Meeting

BERLIN, Dec. 14 (AP)—Berlin dispatches reported today that annexation of Memel, located by Adolf Hitler's general secretary in a letter of intent.

It was believed that the almost unanimously German Diet—meeting Monday on the issue of the people's annual Christmas session—would decide to repeat the vote by which the Memel, formerly a province of Lithuania, was returned to Germany.

In that Diet session Hitler would be expected to urge his own government to repeat the vote by which the Memel, formerly a province of Lithuania, was returned to Germany.

JOHNSON RECOMMENDS BOARD REAPPOINT TRUSTEES RETURN FORMER OFFICIAL

MAYOR TO RECALL MANAGER

Mayor Johnson recommended that the Village Board reappoint trustees ousted eight months ago; no applicants for job found to have qualities outweighing Whitney's record.

TRUSTEES TO ACT ON MONDAY

Restoration of Raymond J. Whitney as manager of the Village of Mamaroneck was assured today when Mayor William H. Johnson issued a statement saying that he would recommend that the Village Board of Trustees reappoint Mr. Whitney.

The board meets Monday night and it was expected Mayor Johnson would make the recommendation at that time. Mr. Whitney has been absent from the post for eight months, having been dismissed by a three-to-two vote of the board on April 4.

The recommendation, Mayor Johnson said in a prepared statement read to the board at an executive session last Monday night, was justified because of Mr. Whitney's "past record." He also said, in effect, that none of the applicants for the position had qualities that would outweigh Mr. Whitney's record and familiarity with Mamaroneck's problems.

Mayor's Statement

Mayor Johnson's statement to the board follows: "I have decided that the past record of the former Village Manager, Mr. R. J. Whitney, justifies my recommendation that the board reappoint him manager.

"The interest of the people of our village means more to me than satisfying any grievance I may have had against him. My sole duty as Mayor is to do a good job for our people.

"During the past seven years I have spent in office, I have sincerely tried to do just that. I have seen something really fine take place for the best interest of all our people, regardless of how they may feel. The Manager Form of Government really has been a God-send to our village and it has been my privilege to help it along its way until it has reached the point today where very few question the wisdom of continuing the same.

"Our former manager could never please all the people, nor could a new manager hope at the beginning to please even a part of them; that is the danger of appointing a new man.

"During the months that have elapsed Mr. Whitney has had a chance to view the local situation without having any pressure bothering him. He can see things in an entirely different light than when he was in office.

Entitled To Another Chance

"It may seem strange to some that I would take this action, but I believe seven years of experience as manager of our village with all the trials and tribulations that have confronted him, entitled him to another chance. If he is willing to follow the board and cooperate—and I believe he is.

"In the near future I will file a list of recommendations that I think will help a great deal to avoid any such controversy as confronted us last Spring. Matters of public policy will be left to the Board of Trustees to decide, but in the event of a controversy the manager will request the board to authorize by resolution what course he shall follow and what action he shall take in the matter.

"I place this matter before you for your consideration." In an informal interview concerning the statement he read to the board, Mayor Johnson indicated that the recommendations he will make to avoid controversies in the future would cover a wide range of subjects.

Purchases of supplies and materials—a duty of the manager—should be kept entirely within the Village, he said. The purchases should be equitably distributed among the merchants and business men of the village, he said, and should be made out-of-village only if substantial savings are possible.

Mr. Whitney had been subject to some criticism for purchasing materials out of the village when the saving effected was a minor sum.

To Seek Amendment

Mayor Johnson said he would also recommend that the Village seek to have the Legislature amend the village manager law so that the tax assessor could be appointed by the board—and not by the manager as in the past.

Mr. Whitney drew some adverse comment by his appointment of Arthur Thomas as tax assessor. Mr. Thomas has since been replaced by Barney Epstein, local real estate broker.

Another recommendation considered by the mayor is that the police department be placed under the supervision of the village engineer "for at least a year's trial." One man should devote a good part of his time to the police department, he said.

WOULD CUT TOWN BUDGET

Supervisors Asked To Apply For Greater Refund Of Relief Expenditures

State financing of relief expenditures, as suggested by the so-called Morfat report, has been endorsed by the Town of Mamaroneck Republican Committee as a method of reducing "the heavy load of taxation borne by real estate."

This announcement was made today by the executive committee, which had been authorized by the Republican organization to draft resolutions to that effect, assisted by Town Chairman Burton S. Mofat.

Adoption of the Morfat plan would reduce our town budget made for tax reduction by any other means.

"We believe that the fact must be faced and steps to relieve the taxpayer must be taken in the light of the situation."

"First, we have a tremendously heavy load for home relief and hospitalization. This is mandatory by the State and must be placed in our general town budget."

"Second, we must pay our bond indebtedness consisting of annulization and interest."

"The last and smallest item is the actual operating expense of the town government."

"We have carefully considered steps which might be taken to reduce our tax burden and our attempts have been called to a study of the fiscal affairs of the State by having the State finance the relief expenditures, leaving the administration, however, to the town. The funds for this financing would be raised through a broader tax base, not by increasing rates on real estate."

MANY TO ATTEND BUDGET HEARING

Larger Crowd Than Last Year Expected At Annual Meeting Tomorrow

Members of the Town of Mamaroneck will gather at 8:15 P. M. tomorrow in the Mamaroneck Senior High School auditorium on Palmer Avenue for the annual public hearing on the town's budget for the coming year.

Recalling that last year's attendance was extremely small, Supervisor Bert C. McNabuch has asked that all citizens and representatives of organizations attend the hearing tomorrow night.

Among those who are expected to be present are members of the Taxpayers League of Mamaroneck and Mamaroneck. The League sent members to conferences held recently by the Town board on departmental requests, from which the tentative budget was formulated.

The League has also had a meeting tomorrow.

TROP NINE WINS HIGHEST AWARD IN COURT OF HONOR

Victorious Scout Get Legion Flag; Troop 2, Last Year's Winner, Second

Although honored as the Court of Honor for Mamaroneck District, Boy Scouts of America, went to Troop 9 at Mamaroneck Junior High last night.

Scoutmaster Anthony Pooda's troop captured the laurels, winning Troop 2 which was the winner of the last court. With the award went the Post 90, American Legion's gift of an American flag, to the victorious unit.

This time Troop 2 captured second honors as judged by the court inspectors. The scoutmaster for honors last night was based on attendance, advancement or percentage of progress based on total registration, marching, fielding flag discipline, flag courtesy, and handling of colors, and inspection, which includes completeness and cleanliness of uniforms and neatness of participants.

While Troop 9 captured the grand prize, it was advanced for the general honor, it was recognized for its participation.

BIG ARMS BUDGET BACKS UP FRENCH THREAT TO ITALY

Germany Also Warned France Will Fight To Protect Her Empire

820 MILLION FOR ARMS

Parliament Gets Largest Defense Budget Since The World War

PARIS, Dec. 15 (AP)—Premier Daladier's national defense cabinet, warning Italy and Germany that France would fight to protect her empire, presented to Parliament today the greatest arms budget since the World War.

Debate on the budget, scheduled to begin immediately, was expected to provide Daladier's opposition with a new opportunity to attack his policies.

The portion of the budget earmarked for arms, munitions and men for the French war machine was tagged with a five-star "hot touch" sign.

Total of nearly 4,000,000,000 francs (about \$200,000,000) for the national armory forces was distributed in various parts of the budget, and extraordinary budgets.

Finance Minister Georges Bonnet said this was an unprecedented 60 percent of the estimated income for 1939 or 80 per cent of the actual 1938 government income.

Much of the money earmarked for the three branches of the service will be spent in backing up France's warning that she would fight to hold her empire.

Foreign Minister Georges Bonnet told members of the Chamber of Deputies foreign affairs committee Italy must understand "she will never have an inch of any part of French territory no matter what means she uses."

FINANCERS CURB NAZIS

LONDON, Dec. 15 (AP)—Prime Minister Chamberlain, in a new outburst, reference to Germany, said a luncheon audience today that Britain's financial policy would curb on Nazi activities when they thought of war.

The Prime Minister said: "We may take it that when German statements... reflect on the possible consequences of a conflict... ever a conflict should arise between our two countries they think not only of our armaments but also of our great financial resources, which in a war of long duration might well prove to be a deciding factor."

"It is this sense which is always with me that I am sure is itself a very great force in serving the peace of the world."

'Suspicious' Blaze Razes Meat Plant

NEW YORK, Dec. 15 (AP)—Fire destroyed by firemen as "suspicious" in origin destroyed a three-story brick plant of the Atlantic Ammunition Packing Company in Brooklyn today.

The plant was one of 60 packing concerns identified since the United Meat Workers (UO) called out 1,000 meat packers Monday in a city-wide strike.

Refusing to estimate the loss, Deputy Fire Chief George McAleer reported the fire to police as "suspicious" after a patrolman told him, he said, that the flames were preceded by an explosion. The fire was discovered shortly before 2 A. M.

PHYLIS HAS BAD COLD

LOS ANGELES, Dec. 15 (UP)—Phylis Brooks had a bad cold and that is the reason, it was explained today, why she was carried off a train by her fiancé, Cary Grant. The incident had caused rumors that the actress from Mamaroneck, N. Y., was seriously ill.

RADIO HERO SENTENCED

FREEDLEY CITY, Dec. 15 (AP)—George W. Rogers, radio room hero of the Morris Castle disaster, was sentenced to from 12 to 20 years in prison today on a conviction of trying to kill his superior in the Bayonne Police Department with a homemade bomb.

15-Year Larchmont Resident Succumbs In Bronx Hospital

Toto, the famous clown, is dead known throughout America and Europe, Armando Novello who lived at 26 Clifton Avenue, Town of Mamaroneck, for the last 15 years, died at 3:30 today in Union Hospital, the Bronx, following an intestinal operation which he underwent two weeks ago.

His death cancelled plans for a Christmas holiday tour in which the famous clown was going to entertain crippled children in hospitals throughout the Eastern states.

During his career, Toto appeared in the "Merry Widow Salutes" of the Greenwich Village Follies, and in the 1920s and 1930s, after his Hippodrome show in New York, Charles Dillingham, producer of the Hippodrome shows brought him to this country when he was in Germany clowning with Schumann's circus.

SENSATIONAL DISCLOSURES LOOM FOR COSTER

Link Wizard To War And Smuggling Of Arms

TEN PROBES ON

NEW YORK, Dec. 17 (AP).—

Still more sensational disclosures of the intricate web of international intrigue spun by F. Donald Coster, the wizard whose magic failed him, were forecast today with ten investigations seeking to unravel the tangled skein.

The teeth-taking developments yesterday, climaxed when Coster ended his two-lives-in-one by firing a bullet into his head, indicated that the suspected link in the \$27,000,000 Mexican and Russian Drug Company of \$100,000 in assets was only one of his many extra-legal activities.

Investigators pushed inquiries into reports that Coster, really Philip Musica, an Italian-born immigrant and accountant, had, as head of the world's first big wholesale drug concern, helped finance one South American war and assisted in smuggling arms to Spain in violation of the Neutrality Act.

So significant did this development appear to investigators General Andrew V. McCall, that he strongly advised the state investigation unit Monday in order to study the case.

The attorney general has obtained information of the whole sale sale of arms and ammunition which may involve living persons," he said. He refused to say whether he intended to prosecute.

The U. S. attorney's office also disclosed it had begun an inquiry into reports that Coster had helped finance Bolivia in its war with Paraguay over the Chaco boundary in return for a promise of a 50-50 interest monopoly.

Further facts accompanied the disclosure that papers connected with an indictment against Coster Musica 15 years ago were missing from the office of the chief clerk of the Federal Sessions Court here.

The missing documents were identified, filed against Coster and then under his real name of Musica, for forging of evidence and bribery of a witness in a murder case, in 1923. The indictments later were dismissed.

Eight other inquiries were underway into the labyrinthine affairs of the self-made business titan and those of his three brothers, all associated with his drug company and each held in \$100,000 bail.

As Coster, reportedly trapped in a web that tangled him ever deeper, found his solution in a desperate move, he fled to Mexico, authorities moved quickly against the lawbreaker.

Robert Dietrich, a name, youngest of the brothers, also was held in New York under \$100,000 bail. Robert, who was employed as purchasing agent in the McKesson-Robbins plant at Ridgeport, was arraigned on a simple charge of violating the SED act.

Until the present far-reaching inquiries are completed, investigators said there was no way of estimating how high the losses to McKesson and Robbins stockholders would mount. It may be weeks before any conclusion is reached.

Henry D. Pass, secretary and a partner, said the company is not that before it is now undergoing reorganization.

Hitler Girls' Organizations To Sing No More Christmas Carols

BERLIN, Dec. 17 (AP).—Restrictions on how to celebrate Christmas in Hitler girls' organizations have gone forth from various official departments of the national socialist government.

Emphasis is laid on the principle that observance of yuletide is an ancient Germanic custom and should be followed as such.

Under national socialism, one order is given, "No Christmas exercises in church and must be Germanic."

In several cities members of Hitler organizations have indicated they will sing no more Christmas carols.

Christmas plays must not be performed in schools instead, recent legislation has been passed.

Measly, Christmas trees are as popular as ever and many German families can be seen these days trudging home with an evergreen.

New Plan Proposed To Revive Railroad

MOUNT VERNON, Dec. 17.—A plan to revitalize the line between Boston and Westchester Railroad, since the property and turn it over to a State authority, which would in one resume service on the defunct line, was submitted to Governor Lehman's special 3-BW committee yesterday.

Drafted by Harry Leaser, North Brook attorney who represented the Edisonville Taxpayers Association and other civic groups in previous problems arising out of a 3-BW service discontinuance, the plan was received by Albert Ritchie of New Rochelle, chairman of the Governor's committee.

136 Attend Meeting Evolving New Ideas

RELIEF SCANNED

A public hearing which produced much discussion but was barren of ideas as to how the Town of Mamaroneck's 1939 budget could be further reduced by any considerable amount was held by the Town Board in the Senior High School auditorium last night.

The hearing, attended by 136 persons, lasted from 8:30 P. M. to 11:30 P. M. It was a friendly gathering, with none of the finger-pointing, chair-raising shouting which has occurred at other public budget hearings.

Girl, 14, Injured In Traffic Crash

Kathleen M. Cremin, 14, of 30 Sunnyside Drive, Town, was slightly injured at 8:30 P. M. yesterday when the automobile in which she was riding, driven by her mother, Mrs. Marion H. Cremin, collided with another car at Franklin and Palmer Avenues, Larchmont.

The girl, who was shaken considerably, was taken to her home by her mother and later removed to New Rochelle Hospital for treatment of injuries to her left ear.

The girl was riding in the back seat of the car, which was making a turn from Franklin into Palmer Avenue. It collided with a car driven by Herman H. Wrede, Jr., of 263 Madison Avenue, Mamaroneck, village, according to Larchmont police.

A public hearing which produced much discussion but was barren of ideas as to how the Town of Mamaroneck's 1939 budget could be further reduced by any considerable amount was held by the Town Board in the Senior High School auditorium last night.

The hearing, attended by 136 persons, lasted from 8:30 P. M. to 11:30 P. M. It was a friendly gathering, with none of the finger-pointing, chair-raising shouting which has occurred at other public budget hearings.

1939 COUNTY BUDGET PROPS \$1,800,000

'CHIMNEY SWEEP' GANG SEIZED FOR BURGLARY SERIES

Two Admit Looting Hilbert Residence On Greacen Point Road

ROBBED 10 RYE HOMES

Trio To Be Questioned About Breaking Into Other County Homes

Three prisoners alleged to have used a chimney-sweep and odd-job business as a cover for petty thieving in Westchester and Suffolk Counties were rounded up by detectives over the weekend.

Two of them, arrested in New York City, were said by Detective Joseph Sumner and his assistant, O'Neill, to have admitted robbing the home of C. W. Hilbert of Greacen Point Road, Mamaroneck, recently.

They identified themselves as James Whittcomb, 27, and Arthur M. Smith, 27. Both were held without bail under charges of grand larceny when they were brought before Judge Patrick J. Hughes in Village Police Court this morning.

The third man, identified as Joseph Santos, was being held for Suffolk County justice. He was alleged to have been in the neighborhood of a robbery in New York City which was also being held as a "ruse" for the ring.

Smith and Whittcomb were said to have admitted thefts in Rye, Greenvale, Mamaroneck and numerous other Westchester communities.

The system used by the prisoners was to apply at homes for jobs to clean chimneys or gutters, or to do menial work or other odd jobs. If the householders were not at home, the men would often break into the home, police said.

When the police were notified, they would enter the home, remove the chimney sweep, and when they had secured the chimney, Whittcomb and Smith took a gold watch, old coins and other trinkets valued in the neighborhood of \$500, according to the police report.

Whittcomb and Smith admitted the thefts. They had been operating, they said, for the last three years.

"We took whatever we could get away with," Whittcomb said. "If all three knew of the theft, he said, then the loot would be split three ways. If one admitted the theft without the knowledge of the others, he usually kept the proceeds of the robbery himself, Whittcomb said.

The articles taken were usually pawned by the men at a New York City store. Santos' name was on the pawnbooks, but he had been in jail 90 days, according to Whittcomb.

Before Judge Hughes this morning, the men waived examination and their case was continued until 9:30 A. M. Wednesday.

Detectives Sumner and O'Neill meanwhile are completing the investigation. The two prisoners identified nearly 10 homes in Rye they had robbed, and were being questioned by police in other communities today and tomorrow.

They could not tell, they said, "what we got from all those houses."

Meanwhile two men under arrest in Mineola, L. I., as "cat burglers" confessed to looting three homes in the Westwood section of Yonkers on Dec. 12 and are to be questioned further on other Westchester burglaries.

Nikola Palecki, 24, and Carl G. Robinson, 25, also of New York are under arrest in Mineola. Confessed by the Westwood victims of their depredations, and Detective Sergeant Patrick Sullivan of the Yonkers police, Saturday the men confessed the three Westwood burglaries. They said they operated each evening between 10 and 11 P. M. and broke in through their windows to gain entrance into the homes.

A telephone alarm has gone out to all police departments it was learned, advising them of a "blitz" burglary in their areas and send detectives to question the men held in their gangs.

Boys Steal Peanuts From Local Vendor

MOURNING THE MAN OF TWO LIVES

This mournful St. Bernard dog seems to sense his master will never again pet him. He was one of the favorites of the many dogs owned by "F. Donald Coster," swindler under two names, who was buried today in Brooklyn.

Each was fined \$5 by Judge Patrick J. Hughes.

Frank Letrosio of 60 New Street, Village, conceded he was serving when he entered a plea of guilty to the charge of passing the red light.

The other motorist, Louis Cohen of 21 Park Street, Harrison, conceded nothing, entered a plea of not guilty. He was found guilty, however, by Judge Hughes, and he, too, was fined \$5.

Ray Erlking of 39 Colgate Street, Larchmont, was given a suspended sentence on a charge of automobile driving by Antonio Bartolomeo of 636 Center Avenue, Yonkers, and by James V. Senoio of 403 Ward Avenue, Village, called Harry Bartolomeo, passenger in one of the cars, received a laceration of the forehead, and Mrs. Anna Romano, riding with the second motorist, suffered a bruise of the right arm.

Boys were treated by local physicians. No charges were brought against the motorist.

COSTER-MUSICA'S ARMS SMUGGLING ACTIVITY PROBED

Boston Lawyer Says He Drafted Contract For Purchase Of Rifles

ALSO DEALT IN LIQUOR

U. S. Agent Says Swindler Was Biggest Dealer In Illicit Whiskey

NEW YORK, Dec. 19 (AP)—A Boston lawyer says today he drafted, at the behest of F. Donald Coster-Musica, a contract for the purchase of Lee-Enfield rifles by McKesson and Robbins, Inc., and Standard Oil of England.

The lawyer, Freddie Winkler, made his statement to Assistant State Attorney General Arthur V. McCall, conducting an inquiry into the affairs of the \$75,000,000 corporation. Coster-Musica committed suicide Friday when he was exposed as a notorious swindler of a quarter century ago.

At the same time Brian McMahon, assistant U. S. attorney general, writing from Washington described Coster-Musica as probably "the biggest illicit liquor dealer in the country."

McMahon came here to coordinate the efforts of the various agencies interested in ferreting out the swindler's activities and the \$15,000,000 shortage in the firm's crude drug department with other agencies.

Emphasis has been placed on the gun-running angle by investigators who have advanced the tentative theory the missing arms might be in the form of untraced bills for shipments of guns and ammunition.

Coster-Musica, according to McMahon, had connections with practically every name in the nation's underworld.

"There also seems to be some indication of illegal dealing in arms," McMahon said, "and the violation of the prohibition laws of the jurisdiction of New York. There is apparent violation also of several other laws."

Although a number of other names remained undisclosed, acting U. S. Attorney Gregory P. Noonan said representatives of the so-called federal agencies in the coordinated inquiry would lay "special emphasis" on the arms-smuggling phase of the investigation.

Noonan said these and other government agencies also would probe thoroughly reports that Musica, convicted in the \$100,000 "human hair" fraud in 1914, used part of the \$10,000,000 missing McKesson and Robbins funds to pay off blackmailers who threatened to disclose his identity.

Another lead of possible national repercussions on the theory held by most investigators that Musica's empire of swindle and his reported traffic in munitions were antedated by political protection—bought with stolen millions.

Federal authorities disclosed that their chief clue in the arms smuggling inquiry was a recent letter to George Stines, alias "George S. Dietrich," assistant treasurer of McKesson and Robbins ordering 250,000 rifles and 200,000,000 rounds of ammunition.

Investigators said they had not yet established the true identity of the man who wrote the letter.

Debt Service Soars \$201,000; Welfare Off \$187,000

NO NEW OFFICES

By HUGH W. ROBERTSON Staff Correspondent

WHITE PLAINS, Dec. 19.—The 1939 Westchester County gross budget, contrary to general expectations, will be lower than that of 1938, according to the draft filed with the Board of Supervisors here this afternoon by the committee on budgets and appropriations.

The 1938 county budget as originally drafted showed a total of \$10,048,610, to which supplementary appropriations were made during the year, bringing the total appropriated to \$10,787,557. The budget now proposed for 1939 is \$10,063,000, a drop of \$181,557 from the original set for 1938 and a decrease of \$913,524 from the total appropriated for 1938.

These figures include the county operating budget, the capital budget for public improvements, and the district budgets, including sewer, public health, old age assistance and other items which are distributed since they are not county-wide.

The gross county operating budget, \$9,077,738 in 1938, raised during the year by supplementary appropriations to a total of \$10,777,557, is set for 1939 at only \$9,000,000, a decrease of \$812,733 under the 1938 budget and a decrease of \$822,484 under the total appropriated for capital purposes in 1938.

The district budgets show an increase from \$3,289,500 an adopted last year to \$3,242,724 by additional appropriations during 1938 to \$2,412,724 for 1939.

This net result, therefore, there is a reduction in the gross county budget, there is an increase in the net budget for state and county taxes.

The net budget for state and county taxes, \$2,412,724 in 1938, is set for 1939 at \$2,700,000, an increase of \$187,276. This net operating budget in 1939 will be \$2,700,000, an increase of \$187,276 over the 1938 figure.

This net result will cause an increase in the average county tax rate.

OLD FRIENDS PAY TRIBUTE TO TOTO

Notables in Amusement World Honor Famous Larchmont Clown

Old friends, some of them prominent in the amusement world, paid tribute to Toto, the clown, during the funeral services Saturday afternoon for Toto, the clown, whose real name was Armando Novello, 55, of 3700 Avenue, town.

Frederic Allen, the radio comedian, was among those reported to have visited the bier before interment, a resident of this town 13 years.

Toto died last week at the age of 50, following an operation.

The Rev. Theodore O. Passell, Jr., pastor of the Evangelical Lutheran Church here, conducted the simple services at a Larchmont chapel. Passages from the scriptures and prayers were read. There was no eulogy. About 75 persons attended the funeral.

The general cottage drove past Toto's home before proceeding to the funeral home, New Rochelle, where the Rev. Mr. Passell, Jr., conducted the funeral. The famous clown leaves behind his wife, the former Hattie Fried of Sandville, Pa., and his daughter, Jean.

Extra Help Added To Carry Burden Of Final Week's Rush

Postoffices in Mamaroneck and Larchmont were crowded today as Christmas shopping entered its final week.

Extra help was being added and will be increased further as the week progresses, according to Postmaster J. P. Linahan of Mamaroneck and Postmaster Frank L. Rogers of Larchmont.

The postmasters, asking that Christmas parcels and letters be deposited at the postoffice as early as possible this week, pointed out that only special delivery mail will be delivered next Sunday and Monday.

The Larchmont Postoffice will remain open until 4 P. M. every night this week, Mr. Rogers said. Package and stamp windows will remain open until that hour, he said, in order to serve late-comers. No such extended hour is being planned for Mamaroneck unless the rush becomes great enough to warrant it, Mr. Linahan said.

Substitute carriers were to be added to the postoffice forces the latter part of this week, the postmasters said.

Due to the fact that Monday is a holiday, the extra help will be kept on duty next Tuesday, virtually the last of the Christmas mail will be delivered.

The postmasters were agreed that "early mailing" was being observed even better this year than last. Both offices were clearing the greatly-increased incoming and outgoing mail without delay.

White Plains High School student who with four others saw the kidnappers of Arthur Fried

NEW YORK, Dec. 19 (Special)—A White Plains High School student who with four others saw the kidnappers of Arthur Fried

city on Dec. 4, 1937, was a witness today against Joseph Stephen Sedols and Demetrius Gula, at their trial here for the kidnaping.

The Federal Bureau of Investigation which set the two men free for the kidnaping announced early last month that Fried had been shot to death and cremated several days after the kidnaping.

The first witness called today was Warren Young, 18-year-old student who said he lived at 32 Clinton Avenue, White Plains. He took the stand when Assistant District Attorney Paul J. Conroy announced that the youth had to be called ahead of Mrs. Gertrude Fried, widow of the kidnaped and slain grand executive.

Young told the court that he and four companions were returning home from ice skating when they noticed an automobile parked in the driveway at 137 Clinton Avenue, White Plains.

Fried home on Sunday Avenue, White Plains, was the home of the man who was shot to death in the car in which he was kidnaped.

LARCHMONT BOARD ORDERS PROBE OF SUTTON'S CHARGES

District Attorney Asked To Determine Whether Accusations Are Libelous

TRUSTEES RESENT HINTS

Corporation Counsel To Confer With Ferris; Broker Refuses To Answer Query

Larchmont Village Board of Trustees, incensed at allegations directed at the board and written for public consumption by Thomas B. Sutton, real estate broker, today had ordered William McWilliams, corporation counsel, to confer with the Westchester County District Attorney to determine whether any of the statements made by Mr. Sutton are defamatory or libelous.

The order was based on a resolution adopted by the Village Board, Mr. McWilliams was expected to discuss the matter today with Walter B. Ferris, district attorney in White Plains.

The resolution was adopted as Mr. Sutton was present with the board and public hearing in Municipal Building.

Trustee Vincent Cullen moved the resolution, saying: "Anyone in this democratic country has the right to criticize a public official. But I do not believe that anyone has the right to insinuate corruption and dishonesty without the slightest basis of fact."

"Any citizen may have the right to question my knowledge and my judgment but he cannot question my honesty and get away with it. The full membership of the board of Trustees voted unanimously to purchase the above-mentioned property as a large saving to the taxpayer."

Mr. Cullen was referring to the above-mentioned property recently purchased by the Village Board in his private publication Mr. Sutton last week questioned the method of purchase in terms which village board members deemed bordered on the libelous.

The resolution adopted by the board, presented by Mr. Cullen, follows: "Resolved that Village Attorney be directed to discuss with the District Attorney of the County of Westchester the matter of the Sutton News Letter, dated Dec. 19, 1938, with the view of determining whether the material in said publication is criminally libelous."

Trustee Frank S. Westchester, seconded Mr. Cullen's motion. (Continued on Page Eight)

MUSICA'S DEALS LINKED TO CHINA

Huge Arms and Munitions Order Believed Destined For Chiang-Kai-Shek

NEW YORK, Dec. 20 (AP)—Federal authorities, delving into the fantastic story that Philip Musica, an F. Donald Carter, respected president of McClellan and Robbins, Inc., tried to sell 2,000,000 rifles and 100,000,000 rounds of ammunition to some unidentified nation, turned today to a report they might have been destined for the Chinese general, Chiang Kai-Shek.

Under questioning by Gregory P. Noonan, acting U. S. attorney and other federal officials, was Thomas A. Brunl, a promoter, and Frederick Winerzky, a vice president in charge of law and labor relations, for the \$7,000,000 drug firm which Oster-Musica dominated.

The New York post said Brunl told the federal authorities he was approached last spring by agents of the Chinese general and got in touch with Ben Simon, of the Bronx, a promoter who had acted at different times for McClellan and Robbins.

Simon's name was injected into the investigation yesterday by Winerzky who disclosed that Oster-Musica had asked him last May to lead a contract for the purchase of 2,000,000 new Lee-Enfield rifles and the cartridges.

NEW YORK MAYOR STRUCK DOWN ON CITY HALL STEPS

LaGuardia Slugged From Behind As He Enters Manhattan Office

ASSAILANT IS CAPTURED

Executive's Attacker Believed Disappointed Office Seeker

NEW YORK, Dec. 20 (AP)—E. M. LaGuardia was slugged today as he mounted the City Hall steps by a heavy-set gray-haired man, reportedly identified as J. Hagen. The assailant, who leaped upon the mayor from behind and struck him down with the blow of his fist, was set upon by bystanders and police and beaten senseless.

"He was bounding me for four years," said the mayor. He did not amplify but the remark led Hagen to employ a supposition that Hagen was a disappointed office-seeker.

The attack occurred in the presence of hundreds of persons gathered in and near the City Hall Plaza, which is the location of the city's federal building.

The mayor was immediately set upon by police and bystanders and beaten senseless. The mayor caught his attacker's feet to ward off kicks.

WIDOW INDICTED AS SUICIDE AIDE

Mrs. Burkhalter To Face First Degree Murder Charge

NEW YORK, Dec. 20 (AP)—Margaret Hill Burkhalter, Hastings widow, indicted today for the murder of her husband, was charged with aiding and abetting the suicide of her husband.

The indictment was returned by the grand jury in the County of Westchester today.

Mrs. Burkhalter, 47, was found dead in her car in the family garage in Hastings at 6 o'clock on Saturday afternoon, Nov. 19. Police investigators declared that they were suspicious and interrogation of Mrs. Burkhalter brought out the information that her husband had talked over his suicide plans with her, and that she had advised him and helped him prepare for his death.

With her help the authorities transferred his car into a home-made lathing chamber by connecting a vacuum hose to the exhaust and pouring the deadly carbon-monoxide fumes into the car where he sat and let death claim him.

The indictment came as a result of a foreword presentation of evidence by Assistant District Attorney Edward T. Gallagher.

DEMOCRATS RAP COUNTY BUDGET AS INCOMPLETE

Minority Leader Refers To Reduced Estimates As 'Hit And Miss' Affair

ACTION OFF TO DEC. 29

'Savings' Range From Few Hundred To \$35,000 In Welfare Bureau

WHITE PLAINS, Dec. 20—With relatively slight discussion, the proposed 1939 Westchester County budget, totaling \$15,868,033 gross, for county operating, capital districts, was presented to the supervisors yesterday afternoon by the budget committee and put over for adoption as a special order of business on Thursday, Dec. 28.

The few shots taken at the budget yesterday afternoon came from Democratic minority members who declared that the budget was "hit and miss" and "incomplete." Reference was made to the "estimated savings" at the foot of each departmental or bureau budget, such lump sum savings being left to the discretion of the departments as to how they should be effected.

Minority Leader J. Albert Gieson, Yonkers, said he did not understand why a "hit and miss" budget of this type was presented. However, after the meeting Republican members of the board declared that Mr. Gieson, as a member of the budget committee, had fully understood such items when the budget committee drew the document and declared he was talking "merely for public consumption."

The items of "estimated savings" range from a few hundred dollars in the department of Public Welfare. They total altogether around \$100,000.

As published yesterday, the net county operating budget, or tax levy, is \$7,700,895, an increase of \$18,948 over 1938, causing an increase in the county tax rate of 29 cents per \$1,000 valuation, from \$8.48 to \$8.68.

The budget shows old age assistance dropping, as to the county's share, from \$78,678 to \$20,079, and similarly the support of the poor, which is charged back against towns and cities according to residence of recipients of such relief, goes down from \$1,994,460 to \$783,325.

TRUSTEES VOTE 3-2 TO PURCHASE FORMER OFFICIAL AS SUTTON ASKS BOARD TO REAPPOINT HIM

Board To Complete Deal If No Objections Appear In 30 Days

Purchase and development of the St. Michael's Hotel property as a "village hall" moved forward last night when the Mamaroneck Village Board of Trustees authorized the issuance of bonds to finance the project.

Two bonds were authorized. One was for \$57,000, which includes the purchase price of \$45,000 and a sufficient sum to renovate and convert the two buildings on Mount Pleasant into a village hall.

The board has set aside the five per cent of \$3,000, required by the State to be in the treasury for the issuance of a bond in this amount.

The other two authorized bonds for \$15,000. The money is to be used to build a garage to house all the village-owned vehicles.

This is intended as a Works Progress Administration project and is subject to approval by WPA authorities. No permissive referendum is needed, no does the law require the five per cent in the budget necessary for the other bond.

If no objections are raised with in a 30-day period after notice has been published, the board can then complete the purchase of the property.

In a report recently made to the board, Claude A. Latimer, then village manager, estimated that an average saving of \$700 per year could be made through the purchase of the property, including garage occupied by the village is \$88,800 per year.

Mayor Johnson announced on Thursday of last week his intention of recommending to the board that he be reappointed.

Trustee Corrigan asked when the reappointment should become effective, and Mayor Johnson replied that he had not "given thought to that." Neither had he considered, he said in answer to a question put by Trustee Jackson, "any change in salary."

Trustee Meighan moved that the position of manager be declared vacant, and the motion was carried by a three-to-two vote. Thus, Claude A. Latimer, appointed, has been Mr. Whitney to serve "at the pleasure of the board" as a public record.

Former village engineer, he took his oath of office for that position today, having been reappointed by Mr. Whitney today.

Trustee Meighan moved, with the approval of the board, that Mr. Whitney be appointed effective tomorrow. This two-to-one vote was recorded.

Understanding Exists "I've had a meeting with Mr. Whitney and Mr. Latimer," Mayor Johnson then began. "We discussed the matter."

TOWN GOP HOLDS FIVE TO ONE LEAD OVER DEMOCRATS

6,319 Republicans And 1,266 Rival Party Members Enrolled Here

Republican enrolled voters, outnumbered Democrats by approximately five to one in the Town of Mamaroneck, the tabulation of last month's enrollment revealed by the Board of Elections.

Republicans outnumbered Democrats in the 18 towns of Westchester by better than three-to-one, the tabulation revealed.

In the Town of Mamaroneck, 6,319 Republicans and 1,266 Democrats were enrolled last November.

In November, 1937, there were 4,900 Republicans and 2,183 Democrats enrolled in the Town of Mamaroneck. The ratio then was about two-to-one, instead of the five-to-one indicated by the last enrollment.

The figure showed that the Democrats have dropped about 1,000 from their enrollment, while the Republicans picked up an approximate 1,900 voters.

The Town of Rye showed an enrollment of 6,813 Republicans and 3,433 Democrats as compared to 7,060 Republicans and 2,707 Democrats in 1937.

In the four cities, figures for which were published last week, the ratio of Republicans to Democrats was estimated at 2,077 Democrats to 1,000 Republicans.

Houghton Installed Realty Board Head

NEW YORK, Dec. 20—John Marbach of White Plains, retiring president of the Westchester County Realty Board, was presented with a council seat last night at the board's annual Christmas dinner at Max's.

The board installed Mr. Marbach's successor, Herbert R. Houghton, of Mamaroneck, and other new officers. It was announced that Kenneth H. Clapp of Bedford had been named regional vice president by the state association.

Mr. Marbach, reporting on the year's activities, revealed the board's highest membership list in three years.

REAL ESTATE SIGN SIZE IS LIMITED BY LARCHMONT BOARD

Amendment Reduces Markers To 8'x10' After Public Hearing

The proposed amendment to the Larchmont building code, limiting the size of real estate signs in Class A residential district, was unanimously adopted by the Village Board of Trustees last night.

The amendment, which was presented by the board, limits the size of signs to eight inches high by 10 inches wide, and limits them to one marker to a piece of property in Class A.

The original Section 220 provided that signs could be as large as three feet square, with two of them to a property, advertising "for sale" and "for rent."

Corinn Van Buren, president, and Eugene Rivers, past-president, of the Larchmont Realty Board, were the chief speakers for that group. They said that the realty board "nearly approved" the new ordinance. Mr. Van Buren read letters from the Women's Club of Larchmont, the Larchmont Chamber of Commerce, and the Larchmont Chamber of Commerce.

The Town of Mamaroneck's budget for 1939, with \$1,900 additional shaved from it, was adopted by the Town Board last night.

Two moves were made by the Board to reduce further the tentative budget submitted to the public Dec. 16, with a \$38,400 cut below the 1938 figure.

The item of garbage collection was reduced by \$1,000, the board subsequently approving the proposition the Town establish its own collection system, doing away with contract work.

The item of salaries in the Fire Department was trimmed by \$900. While having an item of \$6,000 in the Fire Department budget for the installation-purchase of an aerial ladder, the board nevertheless approved the submission of a bond issue for \$7,000 to a referendum.

Residents of the unincorporated section of the town, who will vote in 30 days on the question of leasing the bond to purchase an aerial ladder for \$14,000 and a pumper for \$9,000.

A total reduction of \$40,229 was made in the set budget, which was \$67,238 in 1938 and will be \$64,000 in 1939. This includes a \$100,000 reduction made last night and a reduction of \$34,000 made possible through an increase in estimated revenues.

While the gross budget increased by slightly more than \$4,000, or from \$63,238 in 1938 to \$67,238 in 1939, estimated revenue increased in 1939 by \$10,000, or from \$53,238 in 1938 to \$63,238 in 1939.

The board's major concern last night was to reduce the town's debt. The Fire Department's debt was \$100,000, and the board recommended the purchase of a drying tower for hose as a method of saving the town and reducing replacement of this equipment. The board last night recommended this item together with the other alternative of buying the aerial apparatus in installments and having to add to the sum of \$4,000 next year for the purchase of the tower.

Councilman Edward B. McGinnis, who introduced the measure, agreed, too, that "in my judgment it is better financing to bond for the extra amount."

Councilman A. Mandeville and George V. Bates also agreed, the latter saving vigorously that it even if it ten cents a week, but we've got to have that aerial ladder.

Upon motion of Councilman McGinnis, therefore, the Board voted to include in the 1939 budget an item of \$6,000 so that the referendum will be held on the proposition of buying the aerial ladder and pumper with a bond issue for \$7,000.

Referendum Date Not Set It could not be immediately ascertained when the referendum will be held, but it will probably be about 30 days from now.

Only property owners in the unincorporated area will vote on the proposition, since the bond issue will be levied only in the tax bill for the unincorporated area.

The action item in the Fire Department was paid by \$800 when the Board understood that three to be continued on Page 22-B.

TOWN IS INVOLVED IN \$150,000 SUIT

Actions To Recover For Property Filed Also Against County And Commission

Suits for \$150,000 were filed against the Town of Mamaroneck, Westchester County and the Westchester County Sanitary Sewer Commission, Town Attorney John L. DeLuis informed the Town Board last night.

Claiming to be owners of two pieces of property put in public use in 1930, Mrs. Mary E. Ravenscroft and her daughters, Lillian B. and Clara L. Ravenscroft, and Elizabeth B. Babcock and Sallie C. Sheppard, filed the actions in Supreme Court.

Hamilton, Messrs of the Town of Mamaroneck, for the complainants, \$150,000 for property in Dilton Park allegedly owned by the Ravenscroft family, and in the other suit, seeks \$100,000 for property along the Boston Post Road between Larchmont and the New Rochelle boundary line also allegedly owned by the same family.

While the suits do not set forth the details, complainants are understood to trace their ownership through inheritance back several generations ago to alleged original owners.

One suit alleged that the Town purchased property through the Dilton Park property in 1930, thereby causing the town to purchase the property in the same year, property owned by the complainants was confiscated by widening of the Boston Post Road.

Mr. DeLuis is to represent the Town in defending the actions.
