... you can tell this is an alley cat. It's an animal which divided New Rochelle was a better place to grow up in than the South American jungles. It's owned by Mrs. Eleanor Howard. The animal was in the photo taken by Curtis Gandy.

As unendingly as the rain—and this year a bit ahead of them—small boys give forewarn of kinder weather to come. In fact it seemed yesterday that spring, the children's work of account had already arrived in John Beck, Gordon Lynn, Victor Gotsch and Edward Frenery (left to right) dug the eggs from Winter storage and searched the traditional circle in a neighborhood lot.

## TOWN COMES TO LIFE WITH REPORT ITS FACTORY WILL REOPEN

AP Photo

Chatham, N. Y., has been a dreary ghost since last November, when the software-worship & Company hardware company (left) closed. Now there are reports the plant will reopen next week and (right) men who have only one trade, woodworking, rejoice at the prospect of pay envelopes. John Meese, 14, who has spent 12 years in the mill's missing trade, is shown talking to Walter Hamilton, who heads a union 33 years experience in Chatham's factory, as the latter comes home for groceries from the store.

## INTRODUCING THE LEONINE QUINTUPLETS

Clara Ewery, wild animal trainer, and his wife are pictured as they hold lion quintuplets, to be photographed for the first time at Rochester, N.Y. Almost expert country boys of the famous quintuplets as well as the lion quintuplets. Left to right they have named Carlo, Yvonne, Mar, Antonio and Elnora.

CHARLES A. TERRY SUCCUMBS AT 80

Attorney Prominent in New York City, Was Father of Local Man

Mrs. C. Terry of Hawthorne Gardens Apartments, Mamaroneck Village, will attend funeral services at 11 A. M. tomorrow for her father, Charles A. Terry, who died Saturday night in his home, 330 West 106th Street, New York.

Charles A. Terry, who was 80, will be held at the West End Presbyterian Church, New York, with the Rev. Dr. Kregelin officiating. Interment will be in Old Lyme, Conn. The deceased was for nearly 50 years counsel and honorary vice president of the Westinghouse Electric and Manufacturing Co.

America Menaced By 'Inner Forces'

Mr. Seely enlarged on this when he put himself in vigorous opposition to certain European governments which he did not name, but at the same time declared for a "hands-off" policy inasmuch as would-be governments for this country are concerned.

The American Legion is ready to a man to defend the United States from invasion, not in any respect to fight any war on foreign shores he said.

Major William H. Johnson, Mamaroneck Village, gave the address of welcome while Gabriel Wiedel, assisted master of the local Pike gave the response.

The Veterans of Foreign Wars, the American Legion, and Boy Scouts acted as a color guard for the flag during the parade, and at the same time rendered the national anthem.

CHAPTER THIRTY IN ONE CORNER of the closet of the second room stood a tall white cabinet. It housed a many pairs of shoes I could hardly believe my eyes. Thirty pairs, I counted, and every one of them practically new. Some of them were not even soled on the bottom!

Although Mac's instructions had called for the investigation of closets only, I could not resist a hasty glance around the room, and over to the dressing table and the writing desk by the motor of the latter I discovered a letter.

Girls Over 18 Need Not Rise To Greet Elders

Dear Mrs. Post: At what age may a young girl begin to remain seated when she is introduced to an older man or woman?

Answer: When she is grown—which usually means eighteen—she should rise to greet her elders. It is a matter of respect and good breeding.

Dear Mrs. Post: Do printed invitations necessarily denote a formal party? There are too many people to be invited to the party.

Answer: A plain dressy affair is not necessarily formal. It depends on the nature of the occasion and the number of guests.

THE REPUBLICAN CAUCUS

It becomes more apparent hourly that the Village of Mamaroneck is today facing a disturbing political situation and that friends of the Manager Form of Government have good reason to be on the alert.

When the Republican Village caucus is held in St. Thomas's Community House at 10 o'clock next Thursday evening, it is certain that Mayor William H. Johnson and Edward J. Kuhn, who are the choice of the Republican village committee, will meet opposition.

When Manager Whitney was ousted from office a strong demand was made for his reinstatement. He has been reinstated and we know of nothing he had done since his reinstatement to forfeit the respect and confidence which a great many citizens have expressed for him.

OBSERVANCE OF LENT

The three local Protestant churches, St. John's Evangelical Lutheran, St. Thomas's Episcopal and the Methodist Episcopal, will this year hold union Lenten services along the plan which was inaugurated last year.

Lenten services in Mamaroneck never fail to fill the churches to overflowing. To the great number of consistent church-goers is always added, at this time, many who are usually inclined to forget their church duties but who are mindful of them during the Lenten season.

CORRESPONDENCE CLUBS

All Enrolled Party Members Urged To Attend 3,800 NOTIFIED

A capacity crowd is expected to fill to overflow St. Thomas's Community House at 8 P. M. tomorrow when the Republican caucus in the Village of Mamaroneck gets underway, preparatory to the election of a mayor and one trustee March 21.

An appeal for all enrolled Republicans to attend the caucus and to vote the following day, Friday, in the primary, was made today by Miss Anita Gillies, co-chairman of the Village Republican Committee.

Postal cards notifying party followers of the time and place of the caucus and primary were placed in the mail this afternoon by members of the Village Republican Committee. Cards were sent to 3,800 Republicans.

### KUHN ENDORSED WITH JOHNSON

Error in Publication of League's Resolution Sighted Candidate

A resolution adopted by the Village Manager League at its meeting Monday night, endorsing the candidacy of Mayor William H. Johnson and Edward J. Kuhn, was, through error, incomplete as it was published in yesterday's issue of the Daily Times.

The second paragraph of the resolution, relating to the League's endorsement of Mr. Kuhn, was not included in the published account, due to an oversight in composition.

With regret that the error occurred, The Daily Times herewith presents the resolution in full: Resolved, that the Mamaroneck Village Manager League favors the reelection of Mayor Johnson;

### GERMANY WILLING TO SELL FRANCE MILITARY PLANES

So Senate Committee Hears; Members, However, Express Skepticism

WASHINGTON, Feb. 22 (AP)—The Senate Military Committee has heard that German officials have expressed willingness to sell the latest type of Nazi military plane to any country, including France.

This was disclosed today in copies of testimony—obtained from confidential sources—which the committee heard on Jan. 24, 25, and 26. The committee has not yet released the testimony.

Mr. Grant Mason, Jr., member of the Civil Aeronautics Authority, testified on Jan. 29 about the proposed German offer, and some committee members expressed skepticism. Mr. Grant H. Arnold, chief of the Army Air Corps, told the committee earlier that the only way Germany could attack the United States through air was to establish a base in and accumulate supplies in South America. He used Germany as an example, and said he believed the United States should not supply such a base.

## JOHNSON AND KUHN GAIN NEW SUPPORT ON EVE OF CAUCUS

### Rye Neck Republican Club Adds Endorsement VOTE UNANIMOUS

Endorsement of Mayor William H. Johnson and Edward J. Kuhn as Republican candidates for mayor and trustee, respectively, was given by the Young Men's Republican Club of Rye Neck at a meeting last night in Armory Hall on Barry Avenue.

The club's action was unanimous. When the Republican caucus opened at 7 P. M. today in St. Thomas's Community House, therefore, the nominations of Mayor Johnson and Mr. Kuhn will have the support not only of the Rye Neck Club, but of the Village Republican Committee and the Village Manager League.

The two candidates have been formally designated as the nominees of the Republican committee, and have been endorsed by the Manager League.

Appreciation for the support being given them was expressed today in a prepared statement issued by Mayor William H. Johnson and Edward J. Kuhn, it follows:

We wish to acknowledge gratefully our appreciation for the endorsement given our candidacy for Village of Rye by the Manager League and by the Young Men's Republican Club of Rye Neck, as well as the designation given us by the Village Republican Committee.

"The fact the endorsements given us were unqualified makes them doubly appreciated. We, of course, accept them, and pledge ourselves to a full and fair operation of good government in our village."

Members of the Rye Neck Club were urged last night by Jack Holland, president of the club, to attend not only the caucus tonight, but to cast their votes in the primary, which will be held between 1 P. M. and 9 P. M. tomorrow at St. Thomas's Community House.

**Officials Speak**

Mayor Johnson and Mr. Kuhn were among the speakers who made brief talks to the club last night. Others were Trustee B. J. Banters, Trustee Howard S. McGowan and Walter Webber, former chief of the Young Men's Department.

A set of golf clubs was presented by the club to George D. Pineschke, past president, in appreciation for his services as president during his year as president. The recent Lincoln's Day dinner dance was reported as "successful" by Victor Mainwaring, arrangements chairman.

One of the largest crowds in recent years is expected to attend the Republican caucus tonight.

The Village Committee will meet at 7 P. M. at 100 West Post Road, to plan a course of action. Mrs. Anita Gillis, co-chairman, who has directed the party since the resignation of Mr. Kuhn as chairman, will preside.

The three committeemen, Joseph S. Fallace, Vito Panzanesi and Salvatore Malone, who "walked out" at a recent meeting of the association, did not attend the caucus. (Continued On Page Five)

## TAX COLLECTION FOR 1938 SHOWS GAIN IN VILLAGE

### Only 17.9 Percent Remains Uncollected; Tax Sale Notice Published

Collection of taxes in 1938 ran almost two per cent better than in 1937, it was announced today by Mamaroneck Village Treasurer, Clark Frederick H. Bull, Jr.

Notice of the Village's annual tax sale is being published today by the Daily News. The notice will be published again on March 2 and March 9th, as required by law, and the sale will be held at 10 A. M. March 11.

Out of the total levy of \$628,319 in 1937, there was 18.7 per cent uncollected at the publication of the first tax notice. Of the total levy of \$628,875 in 1938, only 17.9 per cent remains uncollected as the tax sale notice is published today.

This shows that 17.7 per cent, or almost 2 per cent more, was collected of the 1938 levy than of the 1937 levy.

The sale this year includes 156 parcels fewer than the sale of last year. The total at the first publication last year was 2,674 parcels, as against the total of 2,518 parcels advertised today.

The amount of unpaid taxes showed a corresponding decrease—the total being \$123,822 less. The total with the first notice today is \$113,694, or against \$121,556 at the first publication last year of 1937.

Taxpayers may redeem property between now and the date of the first March 11, parcel upon which taxes still remain unpaid at 10 A. M. on that day will be put up for sale to lien buyers.

### MIGLIACCIO HITS VOTE PRESSURE

### Demands Supervisor Schmidt's Views On Village Election And Own Neutrality

A demand to know if Supervisor Frederick G. Schmidt of the Town of Rye is exerting "pressure" in the Mamaroneck village election was made today by Rocco Migliaccio, North District resident, member of the Mamaroneck Board of Education, and avowed supporter of James T. Corrigan for mayor and James P. Dinnardo for trustee.

If Supervisor Schmidt is not using any pressure, Mr. Migliaccio demanded to know, "then why doesn't he come out and say that as a supervisor?"

Informed of Mr. Migliaccio's demand for an expression of his neutrality, Supervisor Schmidt said that since the inquiry had been made through the Daily Times, he would make a statement to this effect:

"I have no interest in local politics," the supervisor said. "Each subdivision of the Town of Rye has a right to have its own election with no interference from 'outsiders' and I do not live in the Village of Mamaroneck. I have not wanted any pressure, nor do I intend to attempt to influence anyone in this vote."

Supervisor Bert C. McCulloch of the Town of Mamaroneck this week said:

"I am giving absolutely no support to any candidate in the Village election, since I do not live in the Village, but in the unincorporated area."

Although thousands of taxpayers jammed the capitol at Albany yesterday at a legislative hearing on Governor Lehman's recommended \$111,082,000 budget in history, only a few hundred were able to crowd into the hearing room (above) where Assemblyman Alford Low Moffat (standing) opened the discussion.

## Village Of Rye's Efforts To Incorporate As City Stir Alarm In Rye Neck

Property owners in Rye Neck village will concern the efforts of the Village of Rye to have the State Legislature pass a measure permitting the incorporation of the village as the City of Rye—a move which would, they fear, "virtually" entire relief burden on Rye Neck the unincorporated area of the Town of Rye and the Village of Port Chester.

As a counter move to the proposal, a group of Port Chester civic leaders today were contemplating the introduction of another bill in the Legislature permitting the incorporation of the entire Township of Rye into a city.

Supervisor Frederick G. Schmidt, however, have requested another bill to interview Westchester legislators as to their view on the proposal to determine the town, a change which would impose a heavy financial burden on the other areas.

If Rye becomes a city, then Port Chester's tax burden would be doubled. The tax burden in Rye Neck and in the unincorporated area will be greatly increased.

The first one of the proposed village plan is to make Rye Neck a city and keep the means of passage laid in the legislative session before appropriation could be made.

The scheme would take 40 per cent of the assessed valuation away from the Town of Rye, but only 10 per cent of the poor relief burden would be absorbed by the newly-created city.

If the city is allowed to form by the Legislature, it would establish a precedent which might be copied by other sections of Westchester, opponents of the plan argue.

Weather area would seek to divert their less fortunate neighbors and evade obligations, it is argued.

The plan ignores Rye's moral and social obligation to the township. Supervisor Schmidt said before his departure for Albany.

## Spring's Coming! It Must Be Else—

Spring is just one month away—officially, on March 21—but an advance agent in the person of a Mr. Robin, with shiny legs and a bright, red vest, was seen here about this morning.

"This Mr. Robin was seen by Mrs. Charles Biker of 300 Pleasant Avenue at his home in the unincorporated area of the Town of Rye and the Village of Port Chester."

Perhaps he has been seen by other residents even earlier, but Mrs. Biker was the first to notify this morning.

"I have never before seen a small boy playing sand so happily, which is another welcome sign."

If it turns cold again, the early robins would probably appreciate bread crumbs, folks, pending the arrival of warmer weather, which is not so certain, or entertaining about this Spring.

## NEIGHBORS LOSE SHORE CLUB PLEA

### Court Upholds Appeals Board's Permission For Erection Of Dormitory

WHITE PLAINS, Feb. 23.—Superior Court Justice Mortimer E. Patterson today dismissed an application by a group of Larchmont residents for a decision by the Larchmont Board of Appeals, granting the Larchmont Shore Club permission to construct a dormitory building on a portion of the Long Island Sound property.

The club on May 26, 1938, was granted permission to erect, from modified plans and with 11 restrictions concerning landscaping and zoning, a two-story building. Originally the club sought permission to erect a connection dormitory and garage on the property, but the plan was disapproved by the building inspector.

Led by members of the Neighborhood Protective Association, neighbors objected to the project. They claimed that such a building, even of the type approved after the zoning of the village zoning ordinance.

Justice Patterson, after reviewing the objections raised to the Board of Appeals decision, decided that the body had acted within its scope, and dismissed the application for a certiorari.

## BANKHEAD SEES NO NEW LEGISLATION

### Pending Measures to Determine Length Of Session; Speaker Says

WASHINGTON, Feb. 23 (AP)—Speaker Bankhead told his press conference today President Roosevelt had "rather definitely decided" he did not intend to propose any additional new legislation to Congress at this session.

For that reason, the Speaker said, pending legislation changes the Social Security Law and provide aid for the blind, and similar construction proposals would largely determine the length of the session.

"It is the policy of the House leadership," Bankhead said, "to press the regular session bill as quickly as possible, so no reason at this time why there should be any undue delay in getting through with the session."

The Speaker refused, however, to predict a definite date for adjournment.

Earlier Senator McCarthy of Oregon, the Senate Republican leader, had offered to cooperate in Democratic efforts for early enactment of a legislative program and subsequent prompt adjournment of Congress.

## DEFEAT FORECAST FOR 'REALTY' TAX; RELIEF CUT SEEN

### Gov.'s Entire Program Faces Rejection After Taxpayer Revolt

ALBANY, Feb. 23 (AP)—Defeat of Governor Lehman's proposed \$26,000,000 "realty" tax was forecast today by some legislative leaders who saw an equivalent slash in state aid as a "likely" result of the unprecedented protest against the tax.

Closer scrutiny by legislators of the Governor's chief executive's record-high spending program for possible additional pruning also was indicated after the first session of a public hearing, which attracted by thousands of taxpayers those outstanding demands:

Rejection of the Governor's entire program, including his proposals for a two-thirds of one per cent levy on gross business turnover and a 50 per cent increase in the 1-1/2-gal. impact on hard liquor.

"Drastic" reduction of the budget by slashes in home relief and education costs and state aid.

Defeat of any alternative "sales tax" proposal, including a bill for which they now have the Legislature.

Any "serious consideration" by the Legislature for a sales tax "as a way out" will bring public protest to a new level, they said.

Alice W. Griffith, executive secretary of the Westchester County Taxpayers Association, said she expects the Legislature to reject the Governor's program, including his proposals for a two-thirds of one per cent levy on gross business turnover and a 50 per cent increase in the 1-1/2-gal. impact on hard liquor.

## SEARCH ABANDONED AS MYSTERY WELLS TORPEDOED VESSEL

### Ships Give Up Hunt In Area Of SOS Call APPEAL NO HOAX

CHATHAM, MASS., Feb. 23 (AP)—Organized search was abandoned today for the unnamed vessel which yesterday cracked out a sudden SOS, reporting she had been torpedoed near the Azores, and the belatedly appeared to be recorded as another mystery of the sea.

The Radio Marine station here reported the Greek steamer Mount Parnis had picked up the SOS message—allegedly by the unnamed vessel—some 100 miles from the British liner Empress of Australia and had taken the SOS message. Neither vessel found a vessel nor the other trace of a torpedoed ship.

The British Oil Tanker Pecten, listed for a time as possible victim, was discovered this morning to be intact and untroubled.

Concerning the possibility that the SOS might have been a hoax, officials here said the message it was the original broadcast from the British liner Empress of Australia and had taken the SOS message. Neither vessel found a vessel nor the other trace of a torpedoed ship.

## MRS. LATIMER'S FATHER INJURED

### Aged Man Seriously Hurt When Struck By Car in Mamaroneck

John Schwelb, 75-year-old father of Mrs. Claude A. Latimer, wife of Mamaroneck Village Engineer, was seriously injured at 7:45 P. M. yesterday when he was struck by an automobile at Haledon and Barry Avenues as he was crossing the street.

The elderly man suffered two fractures of the right leg below the knee, a possible fracture of the skull, abrasions of both legs and the back of the head. His condition at United Hospital, Port Chester, today was reported "fair, but good."

X-ray examinations were being made to determine whether or not the skull was fractured.

The automobile was being driven east on Haledon Avenue by Charles E. Finlayson, son of Edward H. Finlayson, 25 Orchard Street, Harrison, Village police reported.

Mr. Schwelb, who resides at 608 Wood Street with Mr. and Mrs. Latimer, was crossing Haledon Avenue from the north to the south at about 60 feet east of Barry Avenue when he was struck. Finlayson, the driver, told police the pedestrian stepped into the path of the oncoming automobile.

Finlayson was taken to United Hospital in the police ambulance by Acting Sergeant Joseph Finlayson, assisted by Charles Hylle of 42 Stanley Avenue, a passerby. He was kept at the hospital.

The brakes of the automobile were found to be in good working order. No charges were brought against him.

Rod and Gun

BY FRED KISTINGER Southern Fish-Game Group Really Active

That the Southern New York Fish and Game Association is just about the biggest active group among sportsmen in the Southern tier of the metropolitan area is shown with its recent petition to the State Conservation Commission...

This association also has gone on record in Albany favoring an increase in the legal size of trout, to be raised from seven to eight inches and a reduction in the creel limit. Judge Basil Filardi of White Plains has been the group's personal representative at Albany.

On top of all this the Southern New York anglers have begun a drive for the reduction of the fee on dog licenses, which they deem too high in this county. They ask for a fee not over \$2.50 for a male, and \$2.25 for a female, to be reduced to \$1.25 for each sex.

This latter proposal should be of extreme interest to all dog owners. If you agree with these proposals and would be affected by them in a helpful way, the time has come to get behind the Southern New York Association by signing up.

The dues are nominal, you can give in touch with Melville Beach at White Plains, who has the membership cards.

Sportsmen's Show Praised You still have two more weeks to take in the Sportsmen's Show at Grand Central Palace. It closes Sunday night. There are many things of interest, too numerous to mention here in detail.

The exhibits of the P. A. North and the Canadian provinces are particularly delightful. The fly and bait casting contests were right up my alley and I spent most of my time observing these experts do their stuff. If you take in this show you never will regret it. The visitors in the crowd together with the various species of fish are really amazing. If you like movies, there are reels depicting salmon and trout fishing, upland bird hunting, duck and geese shooting, and also catches of big game fish from the sea.

Flounder, Trout Bite Soon These chilly breezes blowing in with those chill winds of the past few days, remind us that Spring can't be far away and that flounders are the first fish in Long Island Sound to take the hook. The trout season, too, is only a matter of a month.

Several letters have come to me asking my opinion as to whether the trout season might be like this season. Well, that all depends on the weather and water conditions, but I do know that the streams have been well stocked with adult trout.

If the weather is mild and the streams normal, fly fishing should come early. But if the water is high and the rains heavy, then turn to bait angling with the lowly garmin worm as a lure. The water will calm in due time. The first of April is opening day, don't be fooled by the fish being seen due to a faulty line and leader. Get them in shape.

ALBEE TO HEAD RYE HORSE SHOW

Larchmont Couple To Conduct Westchester County Club Affair Once More

An announcement of interest to the members of the Westchester County Club Horse Show, which will be held July 6, 7 and 8 on the polo field of the Westchester County Club, etc.

This year many innovations have been planned. Outstanding is the committee's decision to put on amateur classes for horses under 12 and over 15 1/2 hands the main event of this year.

One of the most interesting exhibits of last year, Mrs. Reed A. Albee of Larchmont, was chairman of the horse-breaking class. This year she will be in charge of the "good" skinning reports received from the Adirondacks and Green Mountain points as well as from Canada.

NO SKI TRAINS A momentary let-down is expected this weekend, following the best snow train weekend of the season yet experienced by the New York Central, over Lakehurst's Birthday. Although reservations for Old Westbury up to last night did not warrant the running of special trains, it is expected that many old fans will succumb today to the fever of winter sports, and take advantage of the "good" skinning reports received from the Adirondacks and Green Mountain points as well as from Canada.

FIXING UP MEAL TICKET

The Schoolmen held their lead in the White Collar Bowling League yesterday by taking over the Oilmen, 2-1. While Rotary was pulling off the Money Changers by the same margin, at the St. Thomas alley.

Holland Pinner cracked the pins for 592 with a pair of singles over 200, to pace the pedagogues. Underdog Miller 500 to lead the Oilmen. In the other match, George Ayres knocked out 441, and Bill McDonald got a 476 to lead the Rotary and Changers, respectively.

These more matches remain before the Larchmont league title play, and holds its season dinner next Tuesday night. The event:

Money Changers (1) Connor, 466 157 107 430; McDonald, 441 161 148 456; MacDonald, 181 151 144 476

Rotary (2) DiPietro, 454 161 92 1071; Ayres, 110 174 167 441; Schuck, 104 177 185 406

LAST OF COOK BROTHERS FACES SUNSET IN HOCKEY

CLEVELAND, O. (UP)—The almost like a tradition being broken for ice hockey to be without playing Cook, but that's the situation today.

The Cubs took the ice after the younger of Bud (Alex) Cook, and brother of Bill and Ben, with whom Frankie Boncher composed the famous forward wall in Ranger hockey history for 10 years.

That is on the inactive list of the Cleveland Barons in the International league. Brother Bill is coaching this team.

Bud's overexposure since or has had started back in 1923 when he was the property of the Boston Bruins of the National league and was traded to the Boston Cubs.

ED WOOD PACES RYE NECK FIVE IN 31-17 WIN

Forfeits In Town Rec Loop Reach New High As 3 Teams Fail To Show Up

A revival of former Belton and Harrison high school clashes was staged in altered form last night at the Belton High gym when the Jefferson A. C. of Rye Neck walloped the Harrison High Alumni by 31-17. The Jeffersons are composed chiefly of former Belton courtmen.

The locals had little difficulty in turning back the invaders. Ed Wood paced the scoring attack on 12 points. The Jeffs went out into the lead at the start, and at half time held an 18-10 margin. Wood's eight jumpers in the last half sparked the visitors considerably.

But for the Harrison five was Johnson, left forward, who chalked up seven points, all in the last two periods. A return game is slated between the pair in March. The lineup:

Jefferson A. C. (31) PG F Tot Cutler, Jr. 2 0 6 Johnson, Jr. 2 0 4 Wood, C. 12 0 12 C. Humphries, Jr. 2 1 5 Schuck, Jr. 0 0 1 Total 12 5 31

New Rochelle Boys Club Upts Aransas, 39-28, In Rye Invitation Play

RYE, Feb. 24.—Sparked by Al Barillari, former W.I.A.A. scoring star of New Rochelle High School, the Boys Club of New Rochelle, defeated the Harrison Aransas Indians 39-28. Barillari scored 17 points as his quintet outplayed the favored team.

In another upset, the Westchester YMCA tripped the Yankees 35-24, as Chester Cavallari swished a pair of field goals through the strings in the last minute of play, to bring his team from the short end of a 34-33 score to victory.

Remaining scores included Rye YMCA 35, New Rochelle Shamrocks 34, and Port Chester Cavaliers 23, Mount Vernon YMCA 30.

ORANGE TANKMEN TO SWIM PURPLE TO MACE BROWN

Mamaroneck High Goes After Fourth Triumph Tomorrow Afternoon

Mamaroneck's tankmen swim after their fourth triumph in five years when they take on the Purple and White of the Orange Tankmen tomorrow afternoon at the Huguenot YMCA pool, home site for both clubs.

The Orange and Black will have more than a tank out for them when they face the Purple and White, who have held the Indian sign over the locals for the past few seasons. The Orange tankmen school members hope for the best for the Mamaroneck team and see a chance for victory.

Wash. Letterhead, YMCA tank instructor and coach of both teams is a native Mamaronecker. Mamaroneck has lost only to Peekskill, N. Y., and last Saturday beat Peekskill 44-32.

RECOGNITION GOES TO MACE BROWN

Pirate Pitcher Finally Gets A Tumble In Latest Baseball 'Who's Who'

NEW YORK, Feb. 24 (AP)—Mace Brown has made the grade. It took one of the nearest jobs of relief pitching since Freeman Wilcy Moore was moving the Yankees a dozen years back, but the Pittsburgh Pirate big right-hander finally has been included in the new 'Who's Who in Baseball.'

For three years, Mace wore a tank from the Big bullpen to the pitching box with never a tumble. He was a steady presence in the box, never had a hit in the gold-plated directory of the diamond. Last season, he broke a record by going to work in 21 games. That turned the trick—'Who's Who' is a snapshot edition of the book of those recent years. It is a page list of 223 players and their histories. 14 more than last year. As usual, it will be as much a part of the baseball writers' equipment as their typewriters.

NORSWIFTS RUSH NEW SKI SLIDE

County Club Plans Jump Construction For Meet On Sunday

WHITE PLAINS, Feb. 24.—Reconstruction of the scaffolding at the Norwicks Ski Club at Silver Lake, before the season opens, is a recent job, is being rushed by the members of the club, who expect to complete the work in time for the metropolitan area championships scheduled to be held there this Sunday.

Time does not permit the track to be constructed along the same line before the start. The part of the track, wrought by the storm, will be much steeper when reconstructed. Instead of an angle of 32 degrees the slope will be built at a steeper angle. Jumpers will attempt the same slope as before, but they will be maddened at the get-away platform.

If no snow falls before Sunday, a postponement of the meet will be necessary.

Twenty-six jumpers have mailed applications from nine clubs in the metropolitan area, Connecticut and Massachusetts.

## A. B. DAVIS TOPS ORANGE, 32-30, IN 5TH PERIOD

### Bob Walker's 'Sudden Death' Shot Hopes For 3rd Place

In a thrilling "sudden death" overtime fray A. B. Davis of Mount Vernon snuffed out Mamaroneck High's chances for a court victory by 32-30 yesterday afternoon at the visitors' court. What chance the Orange and Black had of gaining third place in the W.I.A.A. league before the season vanished.

Bob Walker, valuable guard on the Davis quietest, emerged the hero of the tilt when he caught the loose ball not far from the basket and popped a layup shot that snuffed a 30-30 deadlock. On top of that he snared 13 points to lead his mates, while Larry, another Davis guard, scored 10 markers.

Coach Ed Schroeder looked a good deal to top the game once the scoring got under way. The locals seemed to be coasting along safely through the first three quarters, when the home force snapped out of it and went on a scoring spree to tie the fourth quarter.

The Orange entered the fourth period with a four point lead, as 23-19. But Bob Walker proved his worth in this section by scoring three field goals, while Burke and Longh each caught a pass to bring a tie with the home town force.

Coach Allen, forward was the shining light for Mamaroneck. He scored on six free throws, one on a layup and one on a jump shot.

The Davis Jayvees punched out a 12-12 triumph over the Mamaroneck Seconds, Right Ritz at five points paced the local Jayvees. The lineup:

## RYE NECK QUINT TOPS RYE, 37-24, IN 11TH VICTORY

### Frampont, King Pace Bellows Smooth Attack To Capture 'Little Three' Title

F. E. Bellows High's court machine stages one of its smoothest attacks of the season yesterday to completely dominate Rye High and win the "Little Three" title. For the second season in a row at the losers' gym. The score was 37-24.

Rye finished second and Harrison third in the "Little Three" race. For Bellows it marked the 11th victory in 10 starts with but one loss in the game to go. The last game will be played here next week against Harrison, and no matter the outcome, it will have been one of the best seasons ever experienced by the Rye Neck five.

Coach Bill Astell's boys led all the way in taking the game and White for the second straight time. At half time Bellows margin was 22-11. Alvin Frampont and Barney King collaborated to pace the home force in their attack. The former checked up 15 markers while King tallied 10.

## PELHAM GRABS 14TH STRAIGHT

### New Rochelle Ties White Plains Again For Lead in W.I.A.A.

Pelham Memorial's unbeaten team yesterday swamped Tuckahoe in the latter's court. The win was the 14th straight and 20th victory for Coach Carl E. Schilling since he took hold of the reins at the start of the 1929-30 season.

During his 17 years with the Pelham team, Schilling has seen his team win only 74 and lose one. Victory over Pleasantville Tuesday night is the 14th straight and 20th victory for Coach Carl E. Schilling since he took hold of the reins at the start of the 1929-30 season.

New Rochelle defeated Port Chester with ease to again tie with White Plains for the W. I. A. A. lead. The Tigers were upset by Yonkers College, 29-20, in a game which was called off by Andy Reich's goal.

Last night's scores: Aves (24) beat Greenburgh 24-14; Harrison Tech 28, Schenectady 33; Port Chester 29, Roseville 19; Edison 20, Schenectady 22.

North Tarrytown 34, Pleasantville 29; Pelham Memorial 32, Tuckahoe 15; Saunders Tech 37, Yonkers College 22; Washington Irving 31, Peekskill 21; Yonkers Central 29, White Plains 28.

## On The Screen PREVIEW AND REVIEWS

### THE PLAYHOUSE

"Going Places" the new Warner Bros. comedy which is scheduled to make its local debut at The Playhouse on Sunday and Monday introduces a batch of new faces that are already being heard over the airwaves. Penned by the Harry Warren and Johnny Mercer team, the song is "Say It With Me," "Misty In The Stairway" and "Jezebel Creepers."

Dick Powell who stars in the picture, gets some able musical assistance from Louis (Schmiedel) Armstrong and his band, and Maxine Sullivan, dusky songstress who played the current craze for swinging old favorites with her "Jesse James" version of "Each Lonely." The top "jam session" has some good swingers from a group of college youngsters from the equivalent of Harlem in New York.

Also deserving of musical mention is the music "Jezebel Creepers" which will see only the tune of Allen Jenkins, Walter Catlett and Harold Huber join in the general wailing with a novelty number.

There was a new touch about Glenda's interpretation of the character which caught on tremendously after four or five pictures of the series had been filmed.

"Jesse James" in Chatsworth playing Monday, Tuesday and Wednesday at RKO. Proctor's Theater, is the seventh in the series.

"I simply made Torchy a deflower of newspaper women, and a caricature of the chronic thief to which they had once been subjected." Glenda explained recently.

### BRO PROCTORS THEATRE

JOHNSON'S DEFEAT LEAVES HIS AIDES IN BAD QUANDARY

Possibility of Independent Ticket Still Remains Riddle To Leaders

PARTY PROBLEM COMPLEX

Only Week Remains For Solution Of Problem Facing Factional Groups

Maneuvering of the factional groups within the Republican Party here continued today as the possibility of an independent ticket being organized remained a riddle. Only one week remains for the solution of the enigma confronting the Republicans Village Committee, the Village Managers League and other groups who are awaiting the nomination of Mayor William H. Johnson in the primary. Mayor Johnson's defeat by Trustee James T. Corrigan apparently left his followers in a quandary as to what course should be taken. An independent slate must be organized 14 days prior to the election March 21.

A Perplexing Situation

A stumbling block to a ready solution is Trustee Corrigan's acceptance of the Democratic nomination for mayor at the Democratic caucus Friday night. He is thus a running mate of the Democratic choice for trustee, William P. O'Connor, who has expressed himself as being opposed to what has termed the "Republican factor" of Village Manager Raymond J. Whinnery.

On the other hand, Trustee Corrigan's nomination by the Republicans places him on the same ticket with Edward J. Kuhn, who has gone on record as approving Mayor Johnson's recent action in employing Manager Whinnery.

The Village Republican Committee is not only confronted with the fact that the mayor candidate designated was defeated, but is also perplexed over drafting a platform.

The committee meeting this Friday night at 100 West Post Road, must draft a platform suitable to the candidacy of Mr. Kuhn for trustee, and yet at the same time applicable to the candidacy of Mr. Corrigan.

How a platform can be drafted which will fit both candidates and reflect simultaneously the views held by the followers of each of these two men—that is a problem leaders cannot readily answer.

In the absence of other candidates for mayor—in other words, if no independent ticket is advanced—then Republican leaders will (Continued on Page Three)

COUNTY AWARDS FLEETWOOD JOB

WHITE PLAINS, Feb. 27.—Despite the contracting firm's announcement on Saturday of a mathematical error in the bid which excludes any possible profit, the County Board of Acquisition and Contract this morning officially awarded to Foley Bros, Inc., Pleasantville, the contract to build the new Fleetwood toll-bridge on the Cross County Parkway between Yonkers and Mount Vernon.

County Executive William F. Hinkley, heading the board of acquisition and contract, announced the bid had been accepted and the contract awarded because the Foley firm was lowest and there is no precedent by which a profit contract can be allowed. Many points during the job, either at cost or slightly below cost in order to keep their personnel at work.

The Foley bid made last Friday when competitive bids for the toll-bridge were opened is for \$347,025, containing a profit of \$20,000 and a second low bid by Garofalo Construction Company, formerly of Mount Vernon, bid for New York City, of \$314,075.

MOTHER POISONS SON AND HERSELF

Woman Administers Death Poison To Child And Neighbor's Boy

PEEKSKILL, Feb. 27.—A mother and her 8-year-old son are dead here today and a neighbor's son is in a serious condition in Peekskill Hospital as a result of strychnine poisoning administered by the 37-year-old woman, police announced.

Mrs. Lydia Van Dusen, of 1085 Brown Street, a beauty parlor operator, mother of four children, administered the poison through soda water police say. Medical Examiner Amos O. Squire ruled the death of Richard Van Dusen, 5, as homicide, and the mother's death as suicide. William Hoffman, 12, a friend of the Van Dusen family, is in the hospital and Dr. Squire said this morning the boy showed signs of improvement.

Peekskill police said their investigation revealed no motive for the poisonings. Mrs. Van Dusen and her son had returned from a movie show, and the Hoffman boy was visiting them.

Police received a telephone call from Mrs. Van Dusen shortly after 9 o'clock on Saturday night, in which she said she had killed her son and her neighbor's boy. She found Richard dead in the yard and beside him lay the Hoffman boy unconscious. Mrs. Van Dusen was alive but died two hours later in the hospital.

Wild Duck Broken With Fused Leg

A wild duck with a broken leg and a fractured wing was found at Edgewater Point this morning by Charles Perseke of St. Jefferson Avenue, Village, was turned over to police headquarters.

An agent from the White Plains office of the State Conservation Department examined the bird and said he believed the leg too badly broken to mend. He took the duck away, however, for further examination and possible treatment.

Rubbish Catches Ab blaze In Cellar

Rubbish in the cellar of a home at 616 Monroe Avenue, Village, occupied by the families of medical clerk Gray and Otto Grossman, caught fire at 7 P. M. Sunday, village police reported. Many of the items were damaged.

The same company extinguished a brush fire at the Maxey Avenue and the railway tracks at 239 P. M. Saturday.

New Nazi Bomb Makes Every Plane Obsolete

U. S. Inventor Says Powerful New Explosive Is Made Of 'Liquid Oxygen'

WASHINGTON, Feb. 27 (AP)—The Senate Military Committee made public today testimony that Germany had developed a new bomb of terrific power and that the army has been able to produce only scant information regarding it.

The testimony was given Jan. 25 by Major General H. H. Arnold, chief of the air corps, during confidential consideration of the administration's army expansion bill, which was approved by the committee last week and scheduled to come up for Senate consideration today.

Arnold was questioned about the new bomb by Senator Charles McNary, who said he had been informed of it by Lester P. Barlow, an inventor connected with the Martin Aircraft Company in Baltimore.

Clark said Barlow had advised him that the new explosive was made of "liquid oxygen" and would render every plane in the world obsolete because its destructive radius is so much greater than any explosive heretofore used.

"We have received reports from about that the Germans had this new explosive being used in the attack on London in which they killed every human being within the range of a quarter of a mile and knocked people being within a distance of half a mile."

"We get so many reports from abroad that it is rather difficult to determine which one you will accept 100 per cent and which one you accept with a grain of salt."

CAPSHAW IGNORES MAYOR

Magistrate Says He Will Welcome Probe By Appellate Division

NEW YORK, Feb. 27 (AP)—Legal maneuvers were in the making today to avert off a possible long-term prison sentence for many District Leader James J. Hines, whose conviction Saturday of selling political protection to numbers racket also threatened to sustain a Tammany magistrate.

Apparently ignoring Mayor F. H. LaGuardia's ultimatum that he resign or face prosecution, Magistrate Hubert Capshaw said he would welcome an investigation by the Appellate Division of Superior Court, to which his case would go.

An appointee of two Tammany mayors, Capshaw was accused by District Attorney Thomas E. Dewey of having dismissed policy cases against henchmen of the slain Dutch Schultz at the behest of Hines, convicted of partnership with the erstwhile Public Enemy No. 1.

Although he admitted under cross-examination that he made an "error" in earlier version of a policy trial, Capshaw indignantly denied at Hines' trial that he had been improperly influenced by the Tammany machine, as charged by Dewey in a bill of particulars last summer. Capshaw has been under suspension.

Two confessed Schultz gangsters who testified against Hines—J. Richard (Dick) Davis, the gang's lawyer, and Harry Schoenbaum, Hines' associate—were sentenced to 15 years in prison, while Hines, who will remain in a bill of particulars last summer. Capshaw has been under suspension.

PARIS CABINET ACTS SWIFTLY AS BRITAIN GETS BEHIND FRACO

Chamberlain Reveals 'Unconditional' Recognition

WAR NEARS END

PARIS, Feb. 27 (AP)—The French Cabinet today voted unanimously to recognize the nationalistic rule of Generalissimo Francisco Franco as the legal government of Spain.

The French action followed the lead of British Prime Minister Chamberlain's announcement to the House of Commons in London that Britain had accorded the Franco regime unconditional recognition as Spain's sovereign government.

Both actions, taken in concert, had been foreshadowed since Friday when Premier Daladier won approval of the Chamber of Deputies for recognition of the Spanish nationalists.

PARIS, Feb. 27 (AP)—Prime Minister Chamberlain today announced "unconditional" British recognition of the nationalistic regime as the legal government of Spain and said the French Government would take similar action this afternoon.

Chamberlain, addressing the House of Commons, earlier said he was willing to start a "new conference" as soon as he thought it possible. He said the time has not yet arrived for such a parity.

Chamberlain's statement gave the House a clear indication of the government's attitude on the Franco issue. He said the government would take similar action this afternoon.

SITDOWN STRIKE CONDEMNED BY SUPREME COURT

Discharge Of Employees Who Seized Key Buildings Of Plant Upheld

WAR NEARS END

WASHINGTON, Feb. 27 (AP)—The Supreme Court condemned today the action of employees who seized key buildings of a plant in a sit-down strike.

The decision by Chief Justice Hughes upheld the right of the District of Columbia, Corporation to discharge employees who seized two key buildings of the plant in a 1937 sit-down strike.

This was the third major decision delivered today by the high tribunal against order of the National Labor Relations Board.

The three were the first important decisions administered to the board since enactment of the Wagner Labor Law in 1935.

The decision by Chief Justice Hughes asserted, "had the right to strike but they had no license to commit acts of violence or to seize their employer's plant."

To justify such conduct because of the existence of a labor dispute or of an unfair labor practice, Hughes contended, "would be to put a premium on resort to force instead of legal remedies and to subvert the principle of law and equity which is at the foundation of society."

The court also ruled that the National Labor Relations Board's unfair labor practices afforded no remedy for the seizure and holding of the buildings respondent had its normal rights of redress.

In a decision by Justice Stone, it set aside an order by the National Labor Relations Board ordering reinstatement of striking employees of the Columbia Broadcasting and Spinning Company, Inc. of Terre Haute, Ind.

Another decision by Justice Roberts set aside a board order directing the Sands Manufacturing Company of Cleveland, Ohio, to rehire 48 employees.

Justice Stone asserted that the board's conclusion that the Columbia Broadcasting Company had refused to bargain with a labor union was "without support."

Justice Black and Reed dissented to both opinions. Justice Roberts did not participate in either.

Stone said in the Columbia Broadcasting case that while the labor act makes it the employer's duty to bargain with his employees, and failure to perform that duty entails serious consequences to him, it imposes no like duty on his employees.

The Roberts decision affirmed a ruling by the Sixth Circuit Court of Appeals against the board.

MANAGERIAL OFFICIALS MET TO DISCUSS PLANS FOR REUNION OF RAILROAD

WHITE PLAINS, Feb. 27.—Creation of a Westchester authority to reopen the New York, Boston and Washington Railroad is to be urged, it was reported today, at a meeting of managerial officials who called for this afternoon at the office of William L. Condon, cooperation counsel of this city.

Maneuvering of the factional groups within the Republican Party here continued today as the possibility of an independent ticket being organized remained a riddle.

Only one week remains for the solution of the enigma confronting the Republicans Village Committee, the Village Managers League and other groups who are awaiting the nomination of Mayor William H. Johnson in the primary.

Mayor Johnson's defeat by Trustee James T. Corrigan apparently left his followers in a quandary as to what course should be taken.

An independent slate must be organized 14 days prior to the election March 21.

The Republicans Party's problem became more complex as its leaders considered the many angles which have developed with the outcome of Peckskill yesterday.

A stumbling block to a ready solution is Trustee Corrigan's acceptance of the Democratic nomination for mayor at the Democratic caucus Friday night.

He is thus a running mate of the Democratic choice for trustee, William P. O'Connor, who has expressed himself as being opposed to what has termed the "Republican factor" of Village Manager Raymond J. Whinnery.

On the other hand, Trustee Corrigan's nomination by the Republicans places him on the same ticket with Edward J. Kuhn, who has gone on record as approving Mayor Johnson's recent action in employing Manager Whinnery.

The Village Republican Committee is not only confronted with the fact that the mayor candidate designated was defeated, but is also perplexed over drafting a platform.

WARSAW - Police disperse students to prevent demonstrations against Germany.

VATICAN CITY - Cardinals prepare to start election tomorrow for election of new pope.

NEGRIN CALLS CABINET

MADRID, Feb. 28 (AP)—Premier Juan Negru of Republican Spain summoned his cabinet today for a "most important" conference in an eastern Spanish village, the name of which was undisclosed. Madrid's beleaguered population, including four cabinet members, remained unimpressed, meanwhile, of the recognition the British and French Governments accorded yesterday to the regime of Nationalist Generalissimo Francisco Franco. They were still in the dark as to the meaning of the Franco recognition, announced in Franco today as president of the Spanish Republic.

AZANA RETURNS

COLLONGES-LES-VALLEES, FRANCE, Feb. 28 (AP)—Mariano Azana, in a letter made public today, resigned as president of the Spanish Republic. The letter was addressed to Diego Martinez Barrio, president of the Republican Cortes (parliament) and Azana's constitutional successor.

Azana, who came here yesterday from Paris where he had lived since Generalissimo Franco's takeover of Catalonia, had withdrawn publication of his resignation until after French-British recognition of Franco's regime as the legitimate government of France.

The letter was sent to Paris by special messenger yesterday, the day on which France and Britain ceased to regard the Republican regime as Spain's real government.

FRANCO STATES STAND

LONDON, Feb. 28 (AP)—Prime Minister Chamberlain read to the House of Commons today a telegram from Generalissimo Franco asserting that the newly-recognized Spanish Nationalist Government would maintain its independence.

The prime minister read the message during brief debate on Britain's recognition of the national regime in which the labor opposition charged that Italy and Germany would continue Spain.

The telegram said:

"It is not supposed to accept any foreign intervention which..."

## LARCHMONT GOP NAMES BOZELL AND WASHBURN

### Trustees Nominated For Re-Election At Harmonious Republican Caucus

A harmonious Republican caucus here last night in the Larchmont Municipal Building nominated Trustee James T. Washburn and Frank S. Washburn, Jr. for reelection to the Village Board. There was no opposition.

The caucus was opened by J. Herbert Taylor, secretary chairman, with William Campbell as president. Walter Burbank was nominated for permanent chairman by Edward H. Talum, seconded by Osborne C. Smith, and so voted without dissent.

Chairman Burbank appointed Mr. Campbell permanent secretary and appointed the following officers, to whom the oath was administered by Judge John T. Cahill: Eugene Harding, J. L. Danner, Miss Margaret Lord, Mrs. John T. De Matt.

Former Mayor Edward E. Watson nominated Trustee Washburn for reelection, remarking that we need men like Mr. Bozell who are honest, dependable and have business ability. The nomination was promptly seconded by Mrs. A. Wilson and the secretary was William Campbell.

Trustee Attorney William J. Griffin nominated Trustee Washburn, terming Trustee Washburn the "Calvin Coolidge" of the Board but nevertheless able to talk fast and to the point when necessary, nominated Mr. Washburn for reelection. Thomas J. Morrison seconded the nomination.

Chairman Burbank appointed the following committee on vacancies: Donald Dodds, Mrs. A. Wilson, Edward C. Griffin, Eugene Kelly and John T. De Matt.

Trustee Washburn was asked to say a few words by Chairman Burbank and said he would continue to do the best he could in the interests of the Village. He remarked that he enjoyed the work and the cooperation of his fellow trustees.

He commented briefly on the purchase of a new pump for the fire department and plans to modernize the sewage ejector system. He said the annual Village report would be ready in a few days.

Trustee Morrison called upon for brief remarks and Acting Mayor Arthur H. Loucks spoke in behalf of Trustee Bozell, who is in California at the moment. He said the annual Village report would be ready in a few days.

## LARCHMONT CHILD IS RETURNED AS POLICE, TROOPERS, FIREMEN, BLOODHOUNDS COMB

### SHE WAS UNHARMED

Chief Finds Missing Child Unharmed By Adventure

'WAS JUST OUT'

A six-year-old girl, Lois Masterson, who prowled about the Shore section of Larchmont all of last night, was restored to her parents, Mr. and Mrs. Frank Masterson, of 25 Larchmont Avenue, at 7 A. M. today.

The child was unharmed and given up in explanation of her adventures, which had led to the formation of marching squads of Larchmont policemen, volunteer fire department members, and even State Troopers who brought bloodhounds.

Lois was found, standing by a tree trunk on a lawn a short distance from her home, at 9:50 A. M., by Police Chief William J. Kersey, volunteer fire department secretary, Steve Hatley, Larchmont Postoffice employee.

Wandered About Town

"I was just out," she answered when Mrs. Masterson asked where she had been. A physician, who said the child was none the worse for her experience, advised the mother not to question the child until she herself decided to tell her story.

She probably spent the night wandering from one house to another, Chief Kersey said. There are a number of houses in the neighborhood that are unoccupied at present, their owners being in Florida or elsewhere for the winter.

Apprehension grew as the hours went on last night without any trace of the child being found. Police receiving the Peter Levine kidnapping case and the Mary Imada-Coyne murder case re-debuted their efforts. An eight-state alarm was sent out over the police teletype system.

Unperturbed By Experience

The child was calm and collected when she was found near the tree trunk by Chief Kersey. Her face was slightly dirty and there were some scratches on her arms, which were a few cockle burrs on her forehead, Chief Kersey said, in spite of the raw weather.

A role had been playing yesterday afternoon with other children in the neighborhood, including those of Mr. and Mrs. Rudolph J. Schaefer, of 25 Ocean Avenue, and Jean Curry, daughter of Mr. and Mrs. Henry J. Curry of 69 Willow Avenue.

After playing in front of the Ocean Avenue home, the Schaefer children went inside and the Curry child mounted her bike and started for home. Last to see Lois, she said that the child had also said she was going home.

This was about 1:30 P. M. When dusk came, Mrs. Masterson became worried and began checking the neighborhood. Unable to trace her daughter, she notified police headquarters. The search started then and grew more intense as the hours passed.

Troopers Join Search

Volunteer firemen, pressed into service by Chief Osborne C. Smith, best hunters explored every corner of Pine Park, which is near the neighborhood. The child at length was made of that building, as well as the search.

A house-to-house canvass of the neighborhood was started.

Shortly before dawn this morning, State Troopers arrived from the region and with bloodhounds. The dogs traced the girl over a good part of the Manor section and at 7:30 P. M. she was found in a Memo Park, at the Long Island Sound shore.

The trail apparently stopped there and fears of the searchers increased. The dogs were returned to the police patrol car and preparations were made to go over the trail a second time.

Chief Kersey and Mr. Hatley, meanwhile, were continuing their search. They were looking for the State Troopers at the moment they passed the house of the Larchmont child.

## RYE VILLAGE ASKS FOR CITY CHARTER

### Board Acts To Divorce Section From Remainder Of The Town

The Board of the Village of Rye today sent to Albany a petition for a city charter, which it approved last night and formally asked passage by the State Legislature.

Copies of the charter were forwarded to State Senator Philip W. Williamson and Assemblyman Theodore Hill, Westchester members who represent the area, as well as to the Board of the Village of Rye.

The city charter, which consists of 17 pages, keeps the present village boundaries for the new city but divorces it completely from the Town of Rye. Remaining in the town would be the Village of Port Chester, largest in the state, a small portion of unincorporated territory, and the Rye Neck section.

It also sets up a government by mayor and council of six members, all of whom will serve without pay. It also creates a new municipality to represent the new city in the county board. The salary of the supervisor will be set by the new council under the charter.

The proposed act, which must have approval of both houses of the Legislature and of Governor Lehman, sets May 25 as the date for a referendum on the charter among Rye voters.

Livingston Platt is the present mayor of the village.

Town Plans Fight

PORT CHESTER, Feb. 28.—The Rye Town Council today prepared to fight a movement for a city of Rye charter for which was approved last night by the Rye Village Board.

The Town Council, meeting here at a special meeting held shortly before noon today, adopted a resolution opposing the proposal and requesting the Westchester Legislature to "take all honorable means to prevent such an act from becoming law."

The council vote was unanimous in the absence of Councilman A. A. Ford, who is in Florida. Mr. Portnoy also is a member of the Rye Village Board and represents Rye Village on the Town Council.

Supervisor Frederick C. Bennett presided at Town Council meeting.

NUDE RANCH POPULAR

SAN FRANCISCO, Feb. 28 (AP)—Golden Gate Exposition officials heard some figures today revealing the Baby Face's nude ranch attracted more cash customers the first week than any other concession. They said 55,449 paid their way into the nude ranch, the most popular concession attracted 27,088.

NEW HOME HAZARD

MELROSBORO, Mass., Feb. 28 (AP)—Bus shunting through a fish bowl in the Raymond Walkley home here, exploded and caused \$1,000 damage before firemen checked the blast.

## NEW YORK PORT AUTHORITY URGED TO ACQUIRE W. & B. AND OPERATE IT TAX FREE

### Officials of Communities Along Line Suggest New Proposal

WHITE PLAINS, Feb. 28.—The Port of New York Authority, operator of the Holland Tunnel and various bridges in the metropolitan area, will be asked to buy the abandoned Boston and Westchester Railroad and operate it tax free if such is legally possible.

The suggestion was made at a meeting of representatives of the communities affected by the railroad's closing at a meeting of the area with members of Governor Lehman's committee on the subject.

According to Jackson Miles, attorney for the Village of North Plain and spokesman for the group, this action was taken after Albert Ritchie, chairman of the government's committee, had suggested tax free operation as the only solution of the problem.

Purchase of the railroad by the authority hinges on the law creating it. A committee composed of Mr. Miller, Mr. Ritchie and Charles Harwood of Harrison, formed to study the matter, was called to order with the New York office.

At the same time the village city and town officers ruled out the authority plan to review the railroad and that submitted by the Albany.

## CONTRACTOR ASKS EXTENSION OF TIME FOR INCINERATOR

### Plant Would Be Ready For Operation By April 1, Taylor States

Henry W. Taylor, consulting engineer in charge of the Mamaroneck village garbage incinerator construction, informed the Board of Trustees last night that A. Barbaree and Company of Mount Vernon, contractors, had asked for an extension of time to complete the incinerator.

Mr. Taylor said the plant may be ready on March 15 for trial operation, that the trial should be finished and the plant in operation by April 1.

After an inspection of the nearly-completed building, Mr. Taylor drew up a list of a multitude of details which he said he would ask the contractor to complete before turning the plant over to the village.

The question of a \$200 payment for a month and half to lift the covers from the charging holes was brought up by Trustee B. J. Santoro, who said he was venting against the "extra expenditure" because the equipment was essential to the operation of the incinerator, and at such should be provided by the contractor.

Mr. Taylor said he had not included the material and labor in the specifications because he was uncertain as to how the covers should be lifted until he had determined the nature of the covers to be used.

The engineer is to consult the contractor, Barbaree, as to the details of "cleaning up" the plant, and as to the extra charge for the hoisting equipment.

Morris Stern, local realty broker, appeared before the board to offer for sale a piece of property near the incinerator site, which, he said, could be used as the proposed municipal garage.

Mayor William H. Johnson also appeared before the board and informed him that the Village has sufficient property in the incinerator site to accommodate the proposed garage.
