

COMBING THE TOWN

Tomorrow May Tell

The Weather Bureau today said cloudy tomorrow and tomorrow Groundhog Day.

The old adage says that if the woodchuck emerging from his quarters on Candlemas Day, Feb. 2, sees his shadow he goes back to his hole and it will be a winter weather. If he sees no shadow he will have an early spring.

(One almanac insists that the old adage was that if the groundhog does not see his shadow on Feb. 2 he will have an early spring.)

A check of Feb. 2 weather and the arrival of spring conditions over the last ten years shows five seasons which conformed to the adage and five which did not. Any way it's Groundhog Day tomorrow and we couldn't let it pass without mention.

GOP League Meets

A welfare committee of three was appointed by Anglo-Dutch Club, president, at a meeting of the Columbia Republican League of the Village of Mamaroneck, last night. It is composed of Louis Perret, past president; Frederick Vitro, pastor, and Frank Leach. Talks relating to the coming V-J day election were made by Joseph S. Pallace and Salvatore Milone, Republican committeemen of the First and Second Districts. Twelve new members were reported and will be inducted at the next regular meeting. The group agreed to have a clubhouse with the Republican League at the First and Second Districts on Mamaroneck Avenue. The rooms will be re-decorated and new furniture installed, Mr. Vitro said. Michael Stubb, one of the original sponsors of the League, is the unit of the League, was present and was greeted by the members.

NO STATE BUDGET CUTS NOW LIKELY

Republicans Believe Figures Will Be Approved Before March 1

ALLIANCE (AP)—Expressed Republican belief the 1941 state budget can be enacted before March 1 was a discouraging statement today on the part of many state officials. It was said that any drastic cut in Governor Lehman's \$285,000,000 program. "I see no reason why this budget cannot be digested, any proposed changes considered and the bill sent within a couple of weeks after the public hearing," an influential majority source said. The hearing on the representative of numerous organizations are expected to extend to scheduled next Wednesday in the Assembly chamber. The statement of the state's voting on the budget was interpreted as indicating the majority contemplates no major expansion of the \$285,000,000 spending reduction recommended by the Democratic chief executive.

An annual budget, total appropriation, the Lehman figure was also indicated by difficulties the Republicans admittedly are meeting in efforts to have individual items and some minority reaction to taxpayer economy recommendations. Representatives of more than a dozen league organizations, it was learned authoritatively, recently offered Republican leaders a plan for the plan for slashing about \$25,000,000 off the budget.

But every item they would reduce is protected by a statute enacted by a Democratic administration, a majority source said. "They were reminded that the Governor probably would veto any legislation, we might pass to make the reductions."

ECONOMY FORCES OUTNUMBERED 5-1 AT ALBANY PARLEY

Franklin Says Legislature Can Cut Budget 'If It Has Will To Do So'

ALBANY (AP)—A taxpayer economy bloc, outnumbered more than five to one by advocates of increased state spending, carried to the Legislature today a threat of "grave consequences" against Governor Franklin D. Roosevelt's proposed budget.

Only 22 speakers representing taxpayers, farmers and rural school groups brought appeal for budget reductions. Opposed them were 110 other speakers calling for more funds for education, labor, welfare, highways, county fairs and state employee salaries.

Declaring that the Legislature cannot cut the proposed State budget of \$288,000,000, "if it has the will to do so," Walter M. Franklin, president of the Albany Taxpayers' Association, said.

Mr. Franklin proposed the creation of a "State Economy Commission" to study the budget and recommend cuts.

The committee would be empowered to cut hearings and to "effect operating economies in the normal operation of State government," Mr. Franklin said.

Mr. Franklin said that the budget is "a threat to the State's credit" and that it must be cut.

HOSPITAL FOR MA; JAIL FOR LOONG

Chinese Words Lead To Fight Between Chow Mein Dealer and Wholesaler

Heated Chinese words flew between Charles Loong and Chang Ma outside the Larchmont Spa on Palm Avenue, Larchmont, last night.

The argument soon turned to a fight and Ma went to the hospital and Loong to the County Jail.

Loong, who is 35 and lives at 140 Maple Street, is a chow mein dealer with a restaurant in Larchmont. Ma lives in White Plains and conducts a wholesale chow mein place from there.

The company formerly was employer and employee when Ma owned a 10 Weaver Street and the Boston Road.

They met yesterday at the Spa and an argument ensued. The argument continued on the sidewalk in front of the restaurant and what happened is a matter of controversy.

Ma was taken to St. Agnes Hospital in White Plains by his employee, Raymond Baele, and was treated for lacerations of both lips and the nose. He was returned to Larchmont and, signed a complaint charging Loong with second degree assault.

Ma alleged Loong pushed and pulled him to the ground and then hit him with a fist.

Daily Times Starts Fund To Aid Bereaved Family

The Daily Times has learned from friends and neighbors of Michael Harrison, father of the two young boys who were drowned last Saturday in Gull Creek, that obligations he assumed before his tragedy, as well as expenses since, have left him in financial difficulty.

As an expression of its own sympathy with Mr. and Mrs. Harrison, the Daily Times will start off the collection with a contribution of \$25. Checks or cash will be received by this newspaper either over the counter or through the mails at its office, 131 Elm Street, Village, Manhattan.

The Daily Times will publish a list of the subscribers, and names will be either published or withheld, according to the wishes of the donor.

WILLKIE'S STAND BRINGS RIFT IN RANKS OF GOP

Party Leaders Divided In Views At Lincoln Day Banquets Throughout Nation

NYE FLAYS 1940 NOMINEE

Taft Also Assails Him But Dewey Gives Support To Leach-Lead Bill

By The Associated Press

Sharp differences of opinion on the mechanics of American aid to Britain arose in the speeches of Wendell L. Willkie and other public orators at Lincoln Day banquets over the nation just at night.

Willkie's appeal for prompt American assistance for the embattled British did not meet the approval of all the other speakers. Some of them had sharp criticisms for terms of the pending lend-lease bill, which Willkie previously had endorsed with unqualified approval.

The 1940 presidential nominee, opponent of the lend-lease measure, asserted that Willkie "does not and cannot speak for the Republican Party."

He declared that death awaits the party if it finds "nothing more to do than compromise."

While Willkie spoke in New York before the National Republican Club last night, other Lincoln Day banquets were being held in every State and the District of Columbia, reported 70 such dinners, Clark, Illinois, at 10 p.m.

Not all the Republican speakers agreed with Willkie's conclusions. Most of them endorsed the substance of American aid abroad, but some took sharp exception to terms of the pending lend-lease bill.

He declared that death awaits the party if it finds "nothing more to do than compromise."

Senator Taft (R-Ohio) another opponent of the lend-lease measure, asserted that Willkie "does not and cannot speak for the Republican Party."

At a banquet at Madison Square Garden, New York, Taft asserted there was no precedent or principle for the view that a defeated candidate for president is the titular head of the party.

"I favor and I believe," the Ohio senator said, "that I represent the president because it is my opinion in its present form it authorizes the President to take us into the war."

But support for the legislation came from Thomas E. Dewey, New York's Republican governor, who said that the bill was "a necessary and timely measure."

Dewey said that he was not taking from the bill a single word of criticism, but he was taking from it a single word of criticism.

BALKAN DIPLOMATS FLEE HITLER; PACIFIC RISKS FEARED IN AUSTRIA

Yugoslavia Premier Flies To Munich For Talk

SYDNEY TENSE

By The Associated Press

The Premier and Foreign Minister of Yugoslavia were reported today to have reached Germany by plane for a conference tonight with Adolf Hitler—confronting presumably the pattern of Axis power politics which spells peril for Britain at both ends of the Mediterranean.

As the Balkan diplomats were reported at Munich, Generalissimo Francisco Franco of Spain was taking leave of the French chief of state, Marshal Petain, after two days of talks in which he had an Italian audience with Benito Mussolini.

An alarming state of tension seized the other side of the world, sending a Dutch ship unexpectedly back into Manila, bringing news of a possible official visit to Americans in China, Indo-China and the Japanese Empire to home.

The Yugoslav premier, Dragisa Cvetkovic, Yugoslav minister, Aleksandar Cincar-Matovic, hurried to the Balkan passage of state, Marshal Petain, after two days of talks in which he had an Italian audience with Benito Mussolini.

THE BATTLE FIELDS FOR NAZI PACT WITH BULGARIA REMOVES OBSTACLE TO GERMAN MARCH

Major J. T. Corrigan and Police Justice Patrick J. Hughes, the two men shown above were honored guests at the Lincoln's Birthday dinner-dance of the Young Men's Republican Club of New York at Lawrence Hotel, Saturday night. They are left to right, seated, Trustee Edward J. Kahn.

WASHINGTON (AP)—Sen. Barkley of Kentucky, the Democratic leader, opened debate on the administration's aid to Britain today with an assertion that if Germany wins the present war the United States will face "not only a hostile Germany, but a hostile world."

Speaking before his first Senate speech, Barkley explained provisions of the first reaching legislation, which would permit the president to lend, lease or transfer to America-made military equipment to warring "democracies."

"Can we doubt," Barkley asked, "that economic domination will be the result of the economic provisions of the measure?"

"If Hitler should win, we will face, therefore, not only a hostile Germany, but a hostile world. If we win, we will control all of Europe, and we will control the world."

Barkley continued, "We will have a world of peace and stability, and we will have a world of progress."

"Should the Axis powers win," he said, "we will have a world of war and chaos, and we will have a world of poverty and suffering."

Barkley concluded, "We must win this war, and we must win it quickly, for the sake of our own people and for the sake of the world."

Hopkins talks with President. Discussions continue after session lasting until 2 o'clock this morning.

WASHINGTON (AP)—Harry L. Hopkins, just back from four weeks in England, was seen today by President Roosevelt in the White House, where he was to discuss the situation in the Balkans.

Hopkins and the President talked for an hour, after which Hopkins was seen by the President's staff.

Asked whether the presence of the Secretary of Agriculture, Claude R. Wickard, indicated that the question of more food supply for Europe would come up, Hopkins said he thought the emphasis would be on the "domestic program."

TOWN TO BENEFIT BY \$19,000 SLASH IN COUNTY TAXES

Board Of Supervisors Expected To Approve Lower 1941 Levy Today

RYE TO SAVE \$55,000

Eight Of Smaller Towns To Pay More; Total Set At \$12,066,551

By HUGH W. ROBERTSON

Eight of the county's smaller towns will pay more this year in their tax levies for state and county taxes for all purposes than they paid in 1940, while the remaining towns and cities will pay less. The 1941 county tax levy filed with the Board of Supervisors this afternoon reveals.

The total of the tax levy, \$19,000, is a half-million dollars less than the 1940 levy, \$20,000,000. The reason for the tax reduction is the county's decision to reduce the levy on the smaller towns.

Senator Nye Visions War
In 30 Days If Congress
Enacts British Aid Bill

Win Approval

WASHINGTON (AP)—Senator Nye declared in an interview today that if the British Aid Bill is enacted the President will create incidents which will lead us into war within 30 days.

The North Dakota Republican said he believed the powers granted under the measure would give the chief executive "ample opportunity" to bring about a declaration of war.

Under a consistent line of Administration foreign policy, Nye reiterated, the President would create incidents which would lead us into war within 30 days.

"I first estimated that 30 Senators would vote for war if the British Aid Bill is enacted," he said, "and I have found it very easy to change my mind since."

Nye joined Senator Wheeler (D., Mont.) another opponent of the British Aid Bill, in saying that the opposition would continue to make radio addresses and public appearances in an effort to speed up the passage of the bill.

Both will speak at an anti-war demonstration in New York tonight.

Senator Reynolds, North Carolina Democrat, announced that he was opposed to the bill because it would give the President "ample opportunity" to bring about a declaration of war.

Beginning the fourth day of the session, the North Carolina senator described it as "a bill for the expense of the lives of American men and at the expense of the American taxpayer."

This, he said, was a "surprise" to him, because he had expected the bill to be passed by a large majority.

Reynolds termed "ridiculous" a statement by Wendell T. Wilkie, the 1940 Republican presidential nominee, that the bill would "bring about a declaration of war."

Under questioning by Reynolds, Wilkie told the committee that if Britain fell, the United States would be within 30 to 60 days of being attacked.

Questioned further, Wilkie said that he was not a pacifist.

He said that he was a realist and that he believed in the necessity of a strong defense.

DRAFTEE APPEALS FOR TAX RELIEF

Board Gets Letter Requesting Moratorium During Period of Service

A new problem relating to the draft conscription of the Mamaroneck Post No. 1, American Legion, at 8:30 P. M. today.

The matter was referred to the Village Manager William H. Johnson, who said he was under the impression that a man had been drafted for service in the army.

The letter was from Mr. Maurice H. Boudard, now with headquarters of the 10th Field Artillery, Fort Detrick, Md. He was drafted for the first January quota by Draft Board No. 706 of Mamaroneck and Rye.

Said Mr. Boudard in his letter to the board:

"I should like to know what action has been taken in regard to my exemption from the draft. I feel that since I am doing my part by serving in the army, I should be able to make things easy in regard to taxes should be taken. My property consists of two lots, No. 77 and 78 on Osborne Avenue at Harrison Avenue."

The small pay that I receive of \$21 per month is hardly enough to keep me in the army without any pay.

"Therefore, I should be grateful to know the kind of action you gentlemen expect to take."

Mr. Johnson is expected to confer with the board and to make a report to the board.

Favorable action came after an active session at which Admiral C. G. Mervin, Navy Department spokesman, declared that the improvement of Guam and Samoa and of numerous naval bases acquired from Britain were "absolutely vital to the defense of the United States."

Sen. Shipstead, R., Iowa one of the first members to voice opposition to the bill, declared that the United States was "paying with money, resources and precious blood" to improve the islands.

ENGLAND DENIES BIG LOSSES AT SEA CLAIMED BY NAZIS

253,000 Tons Sunk In New Drive, Nazis Say

RAF RAIDS BASE

STANBUL (AP)—Foreign Secretary Anthony Eden and Gen. Sir John G. Dill, chief of the Imperial General Staff, arrived by plane at Athens, Greece, today and will reach Ankara tomorrow.

Adolf Hitler's violent new sea offensive was reported by the German High Command today to have sunk 253,000 tons of shipping in a drive on British supply lines.

A London naval spokesman, however, asserted "nothing extraordinary" had occurred in the Nazi counter-attacks.

The British Admiralty said the Germans had claimed 100,000 tons sunk in the week ended Feb. 18, whereas actually only 37,630 tons were sunk.

Striking back in a campaign to weaken the German navy, British RAF warplanes delivered a two-hour attack during the night on the German cruiser of the Hipper class.

\$500 Fund To Advertise Mamaroneck Proposed In Plea From Realty Board

Trustees Urged To Promote Village As Ideal Place In Which To Reside

An appropriation of \$500 for advertising Mamaroneck should be included in the 1941 budget of the Village, now in preparation, the Mamaroneck Chapter of the Westchester County Realty Board suggested in the Village Board.

The chapter, headed by Arthur Dunn, Jr., president of the real estate chapter, was referred to Village Manager William H. Johnson.

He is to confer with a committee of the village board on the matter.

It was Mr. Johnson's committee, "the good place to live," which in his letter Mr. Dunn said, in part:

"The members feel that now is the time to advertise Mamaroneck as an ideal place in which to live. Our 'front door' to the harbor, has been cleaned up and the process of beautifying the surrounding area is going forward. Mamaroneck Harbor is fast supplanting other harbors as an ideal place to live. People from other municipalities are drawn to Mamaroneck by the sport and pleasure of sailing and yachting."

Mr. Dunn also cited a "clean up" campaign, which he said, has resulted in a better appearance of the village. New construction of homes and business buildings has also gone forward during the past several months, he pointed out.

The realty board chapter suggested advertising Mamaroneck's harbor, bathing facilities, sailing and yachting advantages, park and recreational facilities, schools and shopping centers, train service, waterfront and other advantages.

The village-financed advertisement in Sunday newspapers would be followed by brokers' advertisements today on a training flight, and calling attention to specific points on the map and the staff.

The newspapers would prominently carry photographs and news stories about Mamaroneck, he said.
