### FOOTBALL

The first call for football practice was answered by five letter men, as well as other members of last year's squad. Anxious to make up for the games lost last year, the candidates worked hard to win all.

The team opened the season by winning two, tying one, winning a fourth, and then tying and finishing up by defeating Tuckahoe and Harrison, the only teams to beat us last year.

Much of the success of this year's team belongs to its well-liked coaches, Howard Smith and Jack Fearon. Working hard with the fellows day after day, they succeeded in chalking up for Bellows its best season since 1935.

## BASEBALL

As the Bellows nine launched its season with only two weeks practice, it got off to a rather slow start, for the first four games proved defeats, but they did provide for the Blue and Black boys the valuable experience evidenced as the season progressed. The team pulled out of that beginning slump by defeating Scarsdale, Harrison and Eastchester in three well-played games and continued on through their schedule with equal success.

## BASKETBALL TEAM

Top Row: J. Helms, J. Cobb, W. Recher, W. Huntley. Middle Row: J. Gedney, R. Morris, (Manager), W. Corrigan, T. Akers, R. Joyce, J. Irlbacher, C. Pratt, A. Herman, (Trainer), N. Ottmann. Front Row: R. Martinsen, E. Dolan, P. Coutard, R. Joyce, G. Carpenter, F. Bono.

Coach: Howard Smith

The basketball team started out this year somewhat handicapped by the fact that most of the letter man were graduated last year, but despite the inexperience of the boys, they played good ball all season. Norman Ottman set a new school record by stacking up twenty-four points in one game, just beating Tom Forte's twenty-three.

## TRACK

Bellows went through the track season this year with one of the best teams in her history. With good distance runners and field eventsmen, the team gathered for itself quite a few successful meets, but it was the work of its excellent sprinters that really ran up score. Again, much of the credit goes to our coach, Howard Smith, who worked with the fellows, giving them the full benefit of his long experience in track.
