## FOOTBALL 1962

Coached by Frank Sniadack and Assisted by Frank Bracca, Rye Neck's football team had a successful season of 4 wins, 2 losses, and 1 tie. The team kept an initial winning streak for three games before a defeat from Valhalla. After losing a heartbreaker to rival Bronxville, the squad defeated Tuckahoe and fought to a scoreless tie with higher-class Harrison.

The team was initiated by a line considered to be one of the best in the county. Led by seniors John Fulco, Ray Osborne, Brian DeGrego, and Steve Telsey, this line opened up holes in the opposition's defensive line. An excellent senior backfield made up of Al Battista, Lou Giancola, Bill Langerfeld, Pete Godman, and Bill March charged in on these break throughs.

Backing up the seniors were several underclassmen such as Fred Dasse, Dave Mudgett, Wayne Bedenbaugh, Joe Amodio, John Landsiedel, and several other underclassmen made many fine plays on the field.

## FRESHMAN FOOTBALL TEAM

# SOCCER

The 1962 soccer season was an extremely successful one for the Panthers. With only three letter men returning, and with a brand new coach, prospects were not very high; but the Panthers really came through in the old Rye Neck spirit. The Panther's drive was initiated by co-captains Tony Torcia and Joe Maiolo. They led the Panthers through many glorious victories and a few honorable defeats. For many on the starting lineup, such as Al Cirillo, Roger Kleid, Steve Herson, Frank Kabdebo, John Gormley, Don Miller, and Chuck Meyer, this was their first varsity year. Though the team was young, what they lacked in experience they made up for in spirit.

Since there were only two seniors this year, the same fine team will be back next year. Thus, there are great expectations in the next season for our excellent team.

## BASKETBALL

This year's basketball team showed tremendous aggressiveness. If hustle could win ball games, the team would not have lost a game. However, due to lack of height and experience, the record was not indicative of the effort. Rye Neck met teams that were often more experienced.

In many games, the first team was made up of freshman Toey Keyes, sophomores Jensen and Mudgett, and seniors Battista and Giancola. Our hopes for the future are brighter due to the experience gained this year by junior Richard Wright, Larry Reed, and George Evans.

## TRACK '62

The 1962 track season was a record breaker for Rye Neck. Though the team as a whole won three meets out of six, many fine accomplishments were made by individuals on the team. Supervised by hard-working and capable Coach Beal, the Panthers made it a great season.

Speedy John Walker, the star of the team, ran first in the Class C finals. He's a good candidate for the state finals next season. Bill Langerfeld and Bill March were two other speedsters on the team. Peter Goldman ran on the medley relay team and set a record for the low hurdles. Ray Osborne and Ernie Tolve were Rye Neck's star shot-putters. They tied for first place in the Central Westchester League championship and came close to breaking school records. High jumpers Scott Riley and John Pucci well passed the five foot mark, and John placed third in the league finals. Richard Mikovits and Bob Samela did well in the long distance, and Bob placed third in the finals.

Next year's season should be even greater. Most of our record-breakers will return, making the season an exceptional one.

## BASEBALL 1962

On the whole, Rye Neck's Baseball team was a good one. Richie Lanza did a spectacular job on the mound. Lou Giancola and Jerry Simon were the power hitters of the team, and Harvey Polcek and Bill Langerfeld provided the speed.

However, Baseball 1962 was a disappointing season. The ability of the entire team was not wholly shown. Many of the losses were caused by erratic fielding, as there was an

average of seven errors per game.

Next season should prove to be a better one for Rye Neck. With seven lettermen returning, the season definitely will take a turn for the better. The '63 team will have experience, a strong infield, and a fast outfield. These advantages should make the '63 team and season the best ever.

After much consideration and consternation, the swimming team was replaced by Rye Neck's first interscholastic wrestling team. Mr. Hasley and Sniadack instructed the boys. Because of inexperience, the boys began to compete on a junior varsity and soon found themselves battling the

varsity forces of Bronxville and Valhalla. The outlook for this year's team makes the outlook for future very optimistic. It takes many years to build a team and this year's group of wrestlers made a f
