JOTTINGS ABOUT JUNIORS

By ANN BERLINER

Vacation over and done with, all the same, except for memories of a wonderful week and a half. While we were on our trip last week, we bumped into the Mayors in Poughkeepsie. Small world, isn't it?

Now for some local color. Pam and Orla Smith have returned to the city, except for a short absence in New Jersey. Nice to have you back.

Frank and Alphonse Squiteri returned to town about three weeks ago. They moved here last fall, and now they are back. Frank and Alphonse Squiteri returned to town about three weeks ago. They moved here last fall, and now they are back.

Bob Mason and Virginia Murray kicked down to Almie Murray in vacation to pay their respects to Eddie Avery, who is in the Navy. Quite a jaunt for a social visit, but the boys did it in 10 hours, round trip.

Reverly Robertson returned from the vacation and proved that it's not hard to have a good time. Gladys McCullum and Betty Newark gave a joint party last night. Gladys had a good time. Gladys McCullum and Betty Newark gave a joint party last night. Gladys had a good time.

Ruben Walker attended a house party at Rogers over the weekend. He advised that he will provide individual instruction for his children. The Young People of both the churches are planning a dance on May 4. John's Church has a dance on May 4. John's Church has a dance on May 4.

The tickets for the Inter-Schools play dance this Saturday night are on sale. The last thing before the early evening. A speedy reply to Marie and Claire Silver dropped me a postcard from Allegheny School. He advised that he will provide individual instruction for his children.

Norine McCarty is a popular girl up at West Point. What else could it be? She just had another weekend up there. Any thing you think I can give you a waiting list.

The Shore Club was mighty busy during the vacation with dance parties. The first was given by George, Bill Taylor, Pat Cox, Joe Jay, Janet, Janet, Janet. Jean McKeenan ought to be home by now after a weekend or two at Annapolis, a visit in Washington and a year in the brother at Buckfield. Maybe she got a decent job, but knowing Jean, I'll bet she'll come home.

I just found out that we have some sharpshooters in our midst. The Sons of the American Legion are having a shooting range at the Larchmont police station for practice. Dick Hartzel, Bob Hartzel, Frank Grier, Dick Chason, Joe Marano, the Cassin twins, Bill Johnson and Dick Cameron are all prepared for outdoor woodchuck and japs. As Jay Jewett would say, "amazing."

The Wesleyan Guild will

COMING TO THE TOWN

Clean-Up Month

"Clean-up month" in the Village of Mamaroneck will start Monday and all householders were asked to do their Spring housework cleaning during that period.

Special collections of debris will be made if persons will call the Village Office, Mamaroneck 8165.

Kiwanis Quiz

The Mamaroneck Kiwanis Club, along with other Kiwanians in the County, will sponsor a "Kiwanis Quiz" program again this year, the series starting over Station WPAS from 8:30 P. M. to 9 P. M. today and continuing each Friday evening thereafter until May 29.

Each club will be represented by a high school student team consisting of four members. A team from P. E. Bellows High School will be sponsored by the Mamaroneck club. John J. McMahon, Jr., has been announced today. They will appear on the May program with teams from Port Chester and Ossining.

Competing in the series also will be teams from Elmsford, Dobbs Ferry, Eye Irvington, Eastchester and New Rochelle. The Bellows team has not yet been selected.

Club Honors Ahern

A party in honor of St. James Ahern, who is being promoted from principal of the Mamaroneck High School to superintendent of the district, was given last night by the Mamaroneck Club at the Officers Beach Club. Mr. Ahern is former president of the Rotary Club.

Supervisor Bart C. McCulloch, the only non-member present, briefly and a fountain pen was presented Mr. Ahern by Mrs. Ayres, former president. The club did not meet yesterday afternoon as in the custom, holding instead the surprise party for Mr. Ahern. Albert Schreiner, secretary of ceremonies. Those in charge of the arrangements were Dr. R. F. P. Sullivan, Dr. R. E. Meehan, Dr. George C. Menninger and Vito P. Luceno.

Student Aid Fund

The annual meeting of the Mamaroneck-Larchmont Student Aid Fund, Inc., of the Senior High School, will be held in the music room of that school at 8:15 P. M. Monday. It was announced today by Harry P. DeLoach, president. Five directors will be elected for terms of two years.

Defense Movies

Residents of Larchmont are invited to attend a special motion picture showing at 8:15 P. M. at the Chatsworth Avenue auditorium.

Under sponsorship of the Defense Council of Larchmont, pictures will be shown of the war in England, of the war activities in the United States and of the subjects of interest to civilians at the front.

Julier Endorsed

Julier, past grand of Aerie Lodge J. O. P. 732 of Mamaroneck, was unanimously endorsed as the choice of district deputy for the ensuing term.

BUYERS CHEATED ON YARN WEIGHT

Only 23 Of 500 Skeins Correctly Marked, Probe Reveals

An investigation of wool and worsted indicates that thousands of women who are knitting sweaters and socks for soldiers and relief agencies are being cheated, Dealer of Weights and Measures, Dudley W. Goldsmith announced today.

His two-weeks probe of yarn taken from every department store and knitting shop in the city of New Rochelle showed that only two of the large manufacturers are meeting state requirements, Mr. Goldsmith said.

On the other hand, 500 samples from 10 large distributors revealed only 23 skeins which had correct weight. The other 477 showed shortages from a per cent to as much as 25 per cent.

"The fact that the skeins run consistently short shows that the deficiency is deliberate," Mr. Goldsmith said. "And it also proves that the companies could make the skeins the correct weight, if they tried."

He pointed out that by consistently shorting the companies can sell 17 skeins where they should be selling only 15. The yarn sells at 29 cents to 50 or 60 cents an ounce.

Mr. Goldsmith pointed out that the law allows a variance of 5 per cent. This, however, does not mean that yarn can be shorted 5 per cent consistently. If some skeins are short, there must be compensating overages. Mr. Goldsmith declared.

Mr. Goldsmith is giving the firms an opportunity to rectify the shortage before taking action against them.

JAPANS INVASION IN YEAR FORECAST

Chinese Writer Says His Nation Wants Nipponese Crushed To Last Man

Although he admitted the picture in the Far East is one of despair at present, Charles See, Chinese writer, motion picture producer and traveler, last night at the Chinese Club of Larchmont he said he is confident of victory, so war as day will follow night.

Mr. See, who has been here here for a month, made several predictions, one of which has already come true.

"I see several forebodings in the Orient," he said. "Recorded in one or two instances we have not been able to stop the Japanese in Malaya. They are near Burma and the oil fields. Even while he was inspecting the Japanese were capturing the oil fields, later dispatches report that a month, made several predictions, one of which has already come true.

U. S. MAPS FIGHT TO BAN WEEKLY

Federal Grand Jury To Probe Every Phase Of Social Justice Magazine

WASHINGTON, (AP)—Attorney General E. A. Tamm announced today that a Federal Grand Jury in the District of Columbia would investigate every phase of the Social Justice magazine, weekly founded by the Rev. Charles E. Coughlin. The weekly has been temporarily barred from the mails for allegedly seditious statements.

At the same time, the attorney general said that the government would take all necessary steps to prevent distribution of the magazine outside of the mails, such as by express shipments.

"The matter will be taken before a Federal Grand Jury next week and will be handled by William Foley Maloney, special assistant to the attorney general, who has been conducting such investigations several months, and by Lt. Col. Edward J. Hickey, who is being loaned by the Navy. Hickey worked on such cases for more than a year and is being called today to active service as a field judge."

British Ship Sunk Off West Indies

WASHINGTON, (AP)—The British ship *Albatross* was torpedoed in the Atlantic off the West Indies. Survivors had been landed at a port on the Gulf of Mexico.

BUYERS CHEATED ON YARN WEIGHT

Only 23 Of 500 Skeins Correctly Marked, Probe Reveals

An investigation of wool and worsted indicates that thousands of women who are knitting sweaters and socks for soldiers and relief agencies are being cheated, Dealer of Weights and Measures, Dudley W. Goldsmith announced today.

His two-weeks probe of yarn taken from every department store and knitting shop in the city of New Rochelle showed that only two of the large manufacturers are meeting state requirements, Mr. Goldsmith said.

REAPPORTIONMENT BEATEN BY CLOSE VOTES IN SENATE

Measures To Change Both Congress And Legislative Districts Beaten

ALBANY, (AP)—New York's Senate defeated today efforts to reapportion both congressional and legislative districts.

In a surprisingly quick ballot after killing the state's first attempt to realign legislative districts in 25 years, the Senate also dropped congressional redistricting by a margin of two votes.

"The vote on legislative reapportionment was 21 to 27 and on the congressional proposal, 24 to 24. Twenty-six votes are necessary for adoption," said a spokesman.

"The measure to realign Senate districts, increase the number of senators to 36 and shift every assembly line, was amended by Sen. Jacob J. Schwartswald, Brooklyn Democrat, as "a particular political partyman's bill."

"It would deprive metropolitan districts with known Democratic sentiment of fair representation," he argued. "It seeks to overbalance the constitution and give undue weight to the Republican Party."

"It is a sham and can lay no claim to equality."

The amendment, defeated by a vote of 19 to 27.

COME FROM VUJHY CABINET QUITS

Army Nearly Ready For Offensive, Stimson Says

BURMA OIL LOST

By The Associated Press
War Secretary Stimson announced today that "so far as the army is concerned we are getting pretty near to the stage of being ready for an offensive, however difficult it may be," while on the action front, the Allies suffered a grave new reverse in Burma.

Cutting off China's main source of oil supplies, British engineers applying the "Maulana" assault force were forecast to destroy 4,000 oil tanks in the Xingganing fields in Western Burma as outstanding British troops retreated under the pressure of the Japanese assault of the campaign.

In Washington, Stimson disclosed preparations for a mighty United Nations offensive with the declaration:

"Things are beginning to move and to move in the Pacific region."

"We are now more than ever convinced that we are going to get the offensive and to do so at the earliest practicable moment."

Stimson also declared that Gen. Douglas MacArthur in a complete "overall strategic command" of the British and American forces in the Pacific had in the "practical coordination" in that area to defeat the Japanese invaders.

The war secretary described confusion over Gen. MacArthur's exact status as "a tangle in a tangle" and said he had the same type of confusion as formerly was held by the British Gen. Sir Archibald Wavell.

In the Philippines theater, a War Department bulletin announced that more than 60,000 American fighting troops and civilians and 15,000 British troops had been reported for more than a week on Batan Peninsula and were "preparatory in the hands of the enemy."

The figure included 30,000 combat troops, 5,000 sick and wounded, supply and other noncombatant troops, and 25,000 civilians.

All 60 army nurses on Batan were evacuated to Corregidor.

LIEUT. GEN. BREIFON B. SOMERVILLE, commander of the Army Services of Supply, posed yesterday during an inspection tour of the Olen Eivert plant in Yorkers with Mrs. Florence Kullow, an inspector of motor equipment. The handsome general made a big hit with the women workers, especially Mrs. Kullow, who was asked by reporters if she thought the officer was good looking. He replied "I'll say he is!"

REAL ESTATE MEN TO OFFER PLAN

Two Boards Seek Method For Liquidation Of Forced Property

A plan for disposing of property through foreclosure of tax liens will be worked out by the Larchmont Real Estate Board in cooperation with the Mamaroneck Realty Board, it was decided at a meeting of the Larchmont group at its office, 122 Larchmont Avenue, last night.

The plan will be submitted to local municipal officials. It will be welcomed by the Mamaroneck Town Board, Councilman Owen A. Mandeville informed the Larchmont realtors last night. Mr. Mandeville outlined what the town is doing and what it hopes to do. In liquidating property it has acquired through foreclosure.

P. F. McGrath, president, appointed C. C. Merritt, Thomas B. Sutton and Cornelius Van Duren to a committee to study the tax situation in Westchester, with views toward relieving real estate and broadening the tax base. The fact-finding committee will report back to a subsequent meeting.

The board will meet on May 1 at the Larchmont Shore Club with the Mamaroneck Realty Board to discuss the cooperation between realtors and managing agents of real estate owned by institutions. A representative from the property man's side will be present. It will be a luncheon meeting.

The Larchmont organization is well-represented at the 26th annual dinner of the county organization at the Westchester Country Club on April 25, Mr. McGrath announced.

4 COUNTY MAYORS FOR TIME CHANGE

Addition Of Extra Hour Of Daylight Saving Gains In Support

Mayors of four Westchester counties approve the addition of an hour of daylight saving time to the present war time. County Executive Herbert C. Gerlach said.

Mr. Gerlach added that Mayor Chanusey Fish of White Plains did not approve the idea, but said it would be necessary to "go a hour" if the time was put ahead another hour in New York City.

The county action received word from State Sen. Philip W. Williamson today that the bill which would put New York State two hours ahead of the United States is expected to be reported out of committee next week.

In a telephone "sampling" of opinions on the daylight saving time measure, Mr. Gerlach obtained unanimous approval from Mayor William H. Hussey, Mount Vernon; Stanley Church of New Rochelle; and Livingston Pratt of Yonkers.

Mr. Gerlach said he would not express his opinion on the matter but would put the matter up to the Common Council. It is understood that the council on Monday approved the proposal.

In addition to the mayors, Mr. Gerlach secured the mayor of the Westchester Park Commission for aiding town supervisors for opinions when they meet in White Plains Monday.

False Rumors Held Fifth Column Work

Spreading false rumors about backlogs is definitely fifth column work, Westchester Defense Council Chairman Frederick L. Dayrecks told protection workers of Eye Town last night.

"Such rumors as have been current recently are designed solely to create confusion and disturb the minds of our people," Col. Dayrecks said. "That thing we must overcome."

He referred to widespread and almost daily reports that an unannounced blackout will be called during the evening.

"There should be no reason to worry when these rumors spread for we must be so equipped and trained that we are able to carry on in blackout conditions. Don't ever let them be necessary and be prepared for them in case of any ways to win the war."

Blackout Violator Gets Year In Jail

NEWARK, N. J. (AP)—A recidivist drunk smoker, whose refusal to obey a woman aid soldier's demand that he stop smoking during a twilight blackout, was sentenced to a year in jail yesterday for disorderly conduct.

Judge William Thompson is imposing the sentence on Archie Osk, said "that thing we must overcome."

He referred to widespread and almost daily reports that an unannounced blackout will be called during the evening.

"There should be no reason to worry when these rumors spread for we must be so equipped and trained that we are able to carry on in blackout conditions. Don't ever let them be necessary and be prepared for them in case of any ways to win the war."

The United States recalled Ambassador Admiral William D. Leahy from France today "for consultation" as the Vichy Government resigned and old Marshal Petain, apparently a "thrust" on the resignation of pro-Nazi Pierre Laval to power, named Admiral Jean Darlan as commander of French land, sea and air forces.

Vichy dispatches said Ambassador Leahy was ordered home to consult with the government—not necessarily meaning an open break in Washington-Vichy relations, but that he was expected to leave within two or three weeks.

Admiral Darlan was also designated Petain's heir as chief of state, and neutral observers saw in this the possibility that the 55-year-old marshal, in a final anti-ambassadorial gesture, sought to prevent Leahy from assuming complete dictatorial powers.

As the Vichy drama sped toward a climax, bristling with the likelihood of worldwide repercussions, fresh outbreaks of terrorism were reported from the German-occupied areas in France.

Mr. Leahy in Vichy announced that 35 more hostages had been set in occupied France and that the German military and anti-occupation forces were marching along in Paris.

London heard Vichy reports by way of Switzerland that Laval would attempt to maintain "friendly relations" with the United States and might even try to reestablish peace between Germany and the United States.

The crisis remained acute, however, with Washington ready to take swift action in the event Laval continues any program of French-German solidarity hostile to the Allies.

Although bitterly anti-British, Darlan is said to be adamant against any pact with the German Fleet to Germany. It remained to be seen how far he would collaborate with the collaborationist Laval.

The "possible" joker was that Darlan resigned his vice premiership last night over the French to become a member of the nation's armed forces. He would obey Laval's orders. Pres French quarters in London predicted that Laval's first step would be to send French warships into the Mediterranean and the Atlantic in an attempt to provoke an incident with British naval forces and thus drive France into war on the side of the Axis.

These quarters declared Laval would resort to such a trick because "he would not dare hand over the French Fleet to Hitler outright; the people would not stand for it."

In Washington, observers frankly considered the possibility of a shooting war between the French and Allies as a night combat. Present sources said there was evidence that Laval planned to throw the French Fleet into a campaign to recapture French possessions now in the hands of Gen. Charles De Gaulle's anti-Vichy Free French forces.

Major developments: Attack on Italy—Premier Mussolini's High Command announced today that "an attempt of the enemy to make a landing on one of our islands south of Crete was unsuccessful."

Presumably the attack was made by British sea-borne troops. Russian campaign—Adolf Hitler's Field Headquarters acknowledged (Continued On Page Three)

The crisis remained acute, however, with Washington ready to take swift action in the event Laval continues any program of French-German solidarity hostile to the Allies.

Although bitterly anti-British, Darlan is said to be adamant against any pact with the German Fleet to Germany. It remained to be seen how far he would collaborate with the collaborationist Laval.

The "possible" joker was that Darlan resigned his vice premiership last night over the French to become a member of the nation's armed forces. He would obey Laval's orders. Pres French quarters in London predicted that Laval's first step would be to send French warships into the Mediterranean and the Atlantic in an attempt to provoke an incident with British naval forces and thus drive France into war on the side of the Axis.

These quarters declared Laval would resort to such a trick because "he would not dare hand over the French Fleet to Hitler outright; the people would not stand for it."

In Washington, observers frankly considered the possibility of a shooting war between the French and Allies as a night combat. Present sources said there was evidence that Laval planned to throw the French Fleet into a campaign to recapture French possessions now in the hands of Gen. Charles De Gaulle's anti-Vichy Free French forces.

Major developments: Attack on Italy—Premier Mussolini's High Command announced today that "an attempt of the enemy to make a landing on one of our islands south of Crete was unsuccessful."

The United States recalled Ambassador Admiral William D. Leahy from France today "for consultation" as the Vichy Government resigned and old Marshal Petain, apparently a "thrust" on the resignation of pro-Nazi Pierre Laval to power, named Admiral Jean Darlan as commander of French land, sea and air forces.

Vichy dispatches said Ambassador Leahy was ordered home to consult with the government—not necessarily meaning an open break in Washington-Vichy relations, but that he was expected to leave within two or three weeks.

Admiral Darlan was also designated Petain's heir as chief of state, and neutral observers saw in this the possibility that the 55-year-old marshal, in

VILLAGE TAX RATE RAISED 96 CENTS

(Continued From Page One)

1941 last year. This payment will be applied against a rate issued against taxes levied in 1939, now totaling \$31,000, becoming due on May 28. The balance will be met with whatever cash is on hand at that time.

After the payment of May 28, a total in tax participation notes will remain of \$450,000, covering the taxes levied or to be levied for the years 1941, 1942 and 1943. Most of the funds went up, as follows:

General from \$27,164 to \$61,232; police from \$80,150 to \$88,684; fire from \$20,265 to \$21,897; utility, \$5,825 to \$6,232; light and power, from \$21,075 to \$21,410; water fund \$20,210, unchanged; Health Center, from \$6,372 reduced to \$6,065; parks, from \$14,826 to \$15,071; public works from \$80,616 to \$83,373; civilian defense, here to \$9,843; library, \$9,500, unchanged; municipal indebtedness, \$410,708, reduced to \$398,946; and claims, \$13,273, reduced to \$10,618.

This gives a gross budget of \$760,961 for the coming year, as against a gross of \$747,847 last year, an increase of \$13,114. Credits dropped by about \$15,000, from \$138,770 last year to \$123,770 in the present tentative estimates. The credits subtracted from the gross budget leaves a net budget of \$642,222 as against \$626,076 last year, a boost of \$16,146.

The net applied against an assessment roll of \$20,825,285, a decrease of \$403,039 below the valuation of \$21,228,324 last year, a boost of 96 cents over the rate of \$14.10 last year.

This is a rate 14 cents higher than the rate of \$13.96 proposed in the tentative budget submitted recently to the Board by Mr. Vroman, who, however, had suggested that due to the rising living cost employees generally be given a five per cent increase in salary.

Under the general plan which he found the compensation for the "white collar" workers in the Municipal Building salaries remained unchanged, although one-year bonus was totalled \$1,024, and straight total compensation up, when coupled with the employment of a full-time draftsman for \$1,248 as against a part time draftsman for \$800 last year, to \$493.52 as against \$37,706 last year.

Several other minor changes were made in the general fund to give it the total increase of approximately \$4,000. These changes included, among others, the inclusion of \$20 for the serving of uniforms for delinquent dog licensees, a duty formerly performed by the police department and the fee now going to Constable Robert Monte-gomery. It also included the large sum of an increase from \$240 to \$400 for auto allowance. Under the police department's fund, the living cost bonus amounted to \$3,628. The department had planned a reduction of the 15 per cent salary cut it underwent nearly 10 years ago. The item for three lieutenants was also changed, so that all three lieutenants will earn the same amount, \$2,724 per year, a total of \$8,172 as against a total of \$7,844 last year. These changes brought a total compensation to the police department of \$1,009,000, an increase of \$1,000,880 last year.

The allowance for uniforms was another big factor in the police budget, having gone up from \$1,000 last year to \$2,500 for the coming year. Also included was \$900 for an automobile, and other expenses, all of which mean an increase of approximately \$1,000. The police department's fund went up by about \$1,500, from the \$20,200 last year to \$21,700 for the tentative estimates. This was a considerable drop, however, from the original sum of \$22,025 for the department by Mr. Vroman. It included only \$102 in the form of the "cost of living bonus" this amount going to a master mechanic and an assistant of the fire council.

The biggest saving was in the matter of insurance, this item having been trimmed \$1,500 last year to \$1,300 this year. Several thousand dollars were also trimmed from the utility fund.

The utility fund climbed slightly, from \$625 last year to \$6,232 this year, the difference being found in an increase in salary for John Plummer, chief electrician, and in a bonus for his helper; in a boost of 75 cents in the Christmas expense, and \$50 for repairs, supplies and expense.

The light and power fund remained unchanged, as did the water fund. The change in the Health Center fund was due mainly to the cutting out of a bulk order of \$127 last year and contemplated in Mr. Vroman's budget at \$780. Several other small items were also changed, making the total \$6,167 as against \$6,272 last year.

While a number of changes were made in the park fund, it grew active estimates now pending. A sum for playground maintenance was cut from \$50 to \$27; a living cost bonus of \$25 was included; planting materials \$4,000, were cut out completely; as were playground supplies, \$104; Harbor Island improvements, \$500, and \$1,275 for rental of a bulk order used in the re-claimed area of Harbor Island.

The public works fund went up approximately \$4,000, to a new total of \$49,498. This included a total living cost bonus of \$2,108 and also an increase in salary for several employees who will also get the "bonus" under the proposed measure.

Under the item of garage maintenance, the Journal, Michael Orsini was increased from \$75 to \$150 per month, a total of \$1,260 per year. Mechanic Anthony Santoro was increased from \$140 to \$200 per month, for a total of \$1,800, and Helper Santo Ferraro was increased from \$115 to \$120 per month.

largest drop came in the item of anticipated revenue from delinquent taxes. In last year's budget this item was figured at \$12,600, and the Village actually collected approximately \$9,500.

In the tentative estimates for the coming year, delinquent taxes are figured as a revenue of \$5,000, instead of the \$12,600 of last year. Other sources of revenue also were anticipated at lower figures by the Board, including cost free, special taxes, water rents as assessed, cash from prior year, and in many of the special assessments.

Harbor Island park fees, expected to be less this year because of the war, were estimated at \$5,200, instead of the \$6,000 last year.

Persons interested in obtaining copies of the budget were advised today that an announcement will be made when they are available. The Board must adopt the final budget on or before May 10.

COMBING THE TOWN

100 Chicks Burn

Approximately 100 baby chicks, all three weeks old, were burned to death at 5:45 A. M. yesterday when a chicken coop caught fire at the home of M. H. Samson, Twainboro Road and Council Street, Town, it was reported today by Weaver Street police.

The coop was observed to have caught fire from a smoldering brood or brooding the chicks. The blaze was extinguished by the Weaver Street Fire Department. The day's rain also extinguished a brush fire on Route 17 near the intersection at 12:38 P. M. yesterday.

The village of Mamaroneck, Fire Department, meanwhile, responded to four alarms Saturday. One blaze destroyed a building in the rear of the home of Frank Chiofalo, Elm Street, near the Municipal Building. Its origin was unknown. The blaze was discovered by observers from an aircraft observation tower at the Municipal Building.

K. Of C. Breakfast

Consideration for another main point of view is needed today in the United States as never before, Thomas F. Cronin, president of the K. of C. Chapter, declared yesterday in a talk on "The Bill of Rights and What It Means to Every American."

Mr. Cronin was one of two speakers at the annual convention of the K. of C. Chapter, Mamaroneck Council No. 2247, Knights of the Ku Klux Klan, held at Lawrence J. Kelly, president of the more than 100 members of the K. of C. Chapter, at the K. of C. Club, 100 West 17th Street, last night.

The other speaker was the Rev. John McGrath, head Catholic chaplain at Bellevue Hospital, New York City. Father McGrath related many incidents at the breakfast.

The Rev. Thomas B. Kelly, pastor of Holy Trinity Church, also spoke.

Arthur Peterson of Port Chester, district deputy, presided over the ceremonies at the breakfast. He was introduced by Anthony Grubis, grand knight.

Navigation Club, Gerald S. Johnson, president, and Mrs. Richard J. Papp, secretary, of the Navigation Club, 300 West 17th Street, Mamaroneck, N. Y., were introduced as the Air Corps Advanced Flying School at Turner Field, Ga., is in the final stages of training an aviation cadet.

Located on the low rolling plains of picturesque South Georgia, Turner Field is an advanced school of the Southeast Air Corps Training Center. One of the top aviation schools in the country, "Fighter for Combat" is the motto, Victory is the key.

REDS TRY TO GAIN CONTROL OF THE PACIFIC

As if by magic, the United States today expressed sorrow in the death of Nicolai Mednikoff, pianist and founder of the school, who committed suicide Saturday by shooting himself through the heart, and named William Barab, of New York as acting executive director.

By CLYDE A. FARNSWORTH Associated Press, War Editor
With the Japanese still trying to figure out how they were bombed in their own islands Saturday, the United Nations drew up plans today for an Australia-based counter-offensive in the Southwest Pacific and the struggle in Burma took a favorable but still indecisive turn against the enemy.

Changing reports that Chinese troops swooping down from the northeast had recaptured Yenan, a major oil center, and in two days of bitter fighting had released a British force of several thousand from Japanese encirclement.

As if trying to regain face lost in the bold daylight assault on the homeland, Japanese gunners on Bataan Peninsula and at Cavite opened intense fire yesterday on the United States' island troops in Manila Bay.

Two influential members of the Young Republican Club of the New York State, both Westchester residents, today withdrew themselves from "insurgent" tickets of office to be elected at the club's annual convention on May 19 at Colgate University, Hamilton.

They are Mary G. Krone, Chapman, and Joel Mencher, Tuckapo, who were nominated by "organizational" forces of the club 20 days ago as vice president and treasurer, respectively.

They are Mary G. Krone, Chapman, and Joel Mencher, Tuckapo, who were nominated by "organizational" forces of the club 20 days ago as vice president and treasurer, respectively.

The inference to be gathered from the press is that the issue being raised between the opposing factions is isolationism versus anti-isolationism. No such irrefutable proof that progressive anti-isolationist positions have been its rise and policy. We will not strain too much friendships created over the years between ourselves and the remainder of the regularly nominated ticket because of non-existent issues.

There can be no question that the entire organization is completely behind the all-out effort made for the preservation of our American principles. And that we will and are doing all in our individual and collective power to this end. A contrary inference being raised, we do not wish to help in its formulation and most, therefore, request that our names be withdrawn as candidates on the independent ticket.

ONE-WAY COOPERATION

The selfish tactics of up-state Republican members of the state legislature in repudiating the reapportionment measures prepared by their own joint legislative committee, after clear proof by the committee that shifts in population justify reapportionment if the Democratic principle of equal representation is to be upheld, should give Westchester County grave concern.

For many years Westchester has been the banner Republican county in this state. Election after election it has rolled up substantial majorities for the G. O. P. candidates, selected largely by these same upstate Republican influences which now deny just representation to this county at Albany and at Washington. In 1940, for example, Westchester gave Wendell L. Willkie the largest majority of any of the 62 counties of this state but of the more than 3,000 counties of the nation.

Further, for years Westchester has furnished the balance of power in either one or both houses of the state legislature necessary to give control of legislation to the Republican party. At present, for example, Westchester contributes two senators and five assemblymen to Democrats whatever toward G. O. P. control of the legislature.

Yet it was the bulk of this G. O. P. influence in the capital at Albany which last week turned down, bluntly and greedily, the plea for justice in reapportionment—turned that plea after Senator Williamson of Westchester had reminded them of their duty as follows:

"These of us here believe in constitutional government. We believe in the sanctity of an oath. Our country is now engaged in a world struggle to see if nations holding such beliefs may endure. No personal loss, no problems of district reassignment, no order of political superiority, can excuse us from performing our duty under the constitution. Not what we say we believe but what we actually do on this roll call determines our attitude to the constitution and to our oath of office."

In the face of that fact the upstate Republicans of the legislature denied justice to Westchester. Why, then, should Westchester continue to contribute to their prestige and their power and their pleasures of patronage?

If this matter of cooperation is to be a one-way thoroughfare, Westchester might well consider at this time turning about and seeking friendships and alliances with the Metropolitan and Long Island legislators whose interests have also been gravely endangered through this flat denial of honest, fair, just representation.

MOVIE-NOTICE NOT ENOUGH

When Governor Lehman signed the bill on March 17 permitting state income taxpayers to deduct 25 per cent of what would have been their normal tax from their 1942 returns, he sought to publicize the reduction through motion pictures. Almost the whole of a \$1,000 appropriation to inform taxpayers of the change in the law was used in a motion picture in which the governor told of the reduction and of his sponsorship.

Now Albany reports, more than 60,000 payers of state income taxes failed, after the governor's motion picture had been distributed, to make the proper 25 per cent deductions in their returns and in their checks. As a consequence, an extra staff of 20 clerks has been found necessary to make refunds, at an added cost to the state of around \$7,500.

Along a similar line it would be interesting to learn from the treasury department in Washington whether the Donald Duck motion picture put out by Secretary Morgenthau produced any better results this year in the making out of federal income tax returns. Our guess is that it didn't help appreciably. The American mind is not yet aligned to the theory that governmental pronouncements upon the screen are to be accepted as official doctrine.

LEGION'S SPEAKING CONTEST

Keen interest is being taken in the plans for the annual Legion speaking contest, which is to be held at the Mamaroneck High School auditorium Saturday evening May 2. The contest is being sponsored by the Larchmont Legion Post and thirteen Mamaroneck High School students are scheduled to compete.

The speakers this year will speak on some topic connected with Americanism or democracy. Gold, silver and bronze medals will be awarded respectively for the three best speeches.

Once again, by sponsoring this program, the Legion is doing something genuinely worthwhile. It encourages our young people to develop their talents for public speaking and, at the same time, there is a double purpose in directing their thoughts to Americanism and democracy. Some fine oratorical efforts may be looked for and we anticipate a genuine treat when the young people take their places on the rostrum.

Jews Behind THE NEWS

By PAUL MALLON

WASHINGTON — The man-power mobilizer Paul McNutt, has gone a spectacular job of fighting his way up toward the presidential chair of the nation's Jews. He is clearly not satisfied. His big drawback as a candidate has been labor opposition, based on his old Indiana gubernatorial record. But a few days ago a new photo of him was distributed, taken at Pittsburgh, standing between A.P.L. William Greer and CIO's Philip Murray with an arm around each, which shows how he has been getting around lately.

THE CRISIS: For McNutt will come before the end of the year, expected, shortage here developed in some lines of skilled work in cities where there are large Jewish groups. Baltimore, for instance, on the West Coast, large Jewish groups in Norfolk, Richmond, Wichita, shortages already are being reported.

The world-wide mystery which has developed out of the bombing of Japan by warplanes which the Japanese identify as American, has been the latest news item. It is a further advantage of silence. The registration in the Daniel Warren School will be in charge of George R. Ayres, principal, who will act as school site administrator for this building. The entire teaching staff of each building will act as registrars during these four days. They will be assisted by members of the faculty of the R. E. Bellows High School. Additional volunteers will be drawn from the various P. T. A. organizations. If it is found that the registration is too heavy for the teaching staff to handle efficiently, the individual who registers should appear well armed to save time and confusion. Mr. Ayres said today, "The applicant should have a list with the exact names of each member, exact description of each member, including height, weight, color of eyes, color of hair, age and sex and exact information to the pound of how much sugar is in the household. All signs in excess of two pounds a person means a ticket torn from the book. More than four tickets require removal from the book for this reason because the ration book will not be issued but held up until

If you have to wait your turn...

It's because the war, with its drastic curtailment of other modes of travel, has suddenly brought far greater demands upon our dining services than could have been anticipated or provided for.

Our railroad has always taken great pride in its dining facilities... and in the high standard of service and efficiency maintained. Its fleet of Dining and Grill Cars... though recognized as one of the finest and best equipped in the U. S. A. ... is no match for rapidly expanding wartime requirements.

Priorities have ruled out new dining cars for the duration. We naturally feel it our obligation to feed quickly and well the many members of the armed forces traveling over our lines. We are "on call" at any hour of the day or night to supply fully equipped dining cars for long distance troop movements.

Canine Bows 275, Season Record, As Higher Standards Win

IN BROOKLYN or in Boston, it's all the same to the dog.

Standard Conquer Recreation As Joe Betts Margotta's Old Mark of 268
Another record was shattered at 84. Thomas' last night as competition in The Daily Times Canine Bows for the week. Joe Cantini, 212, set the standard, captured, scored 275 in the second game of his team's match with the Recreation, and established a new high single for the current campaign.

Grillen Triumph, 3-1
In the second game of the evening the Grillen added the pacesetter's triumph by winning the second-place Happy Boys in 214 by Celestino provided the punch which won the winners the rubber test.

Canine's effort displaced Mike Miller's 268 as best single of the season.
The Grillen are three and one-half games up on second place. A profusion of postmortems, however, makes any assessment of the outcome hazardous at this time.

Capacity Audience Applauds Bellows' Music Festival

Six Groups And Piano Solo: Presented; Organ Directs

The Bellows' was the occasion of a capacity audience on the evening of the annual Spring festival of the school's music organization.

Presenting members of six groups and a piano solo, J. Ellsworth Olsen, also director of music, had arranged a program of unusual variety and sustained interest. The work of each group was outstanding for coordination and skillful performance.

The High School Orchestra, opening the program with "March Militant" No. 3 by Schostak, played a group of highly selected works with well-maintained tone and excellent diction.

The Junior Glee Club, which followed was featured in a group of four folk ballads, sung with spontaneous enjoyment and excellent diction.

A gratifying revival of earlier material was the arrangement of songs, four boys and four girls, seated around a table. Singing unaccompanied, they gave a charming rendition of early English lyrics with "Summer" "Icelandic" and "In" as encores.

In contrast to the delicate madrigals were the sturdy harmonies of stanzas presented by the Bellows' Ensemble, a performance of well-learned voices and satisfactory feeling.

The Senior Class Club gave a valuable account of the group of five songs requiring wide range of intonation and interpretation of the spirit of "My Hero" and the rich harmony of "Heavenly Tears."

Two showers given for the bride and groom were well-attended and enjoyed by all present.

Norman Konikoff resumed the instrumental features of the program with "The Star Spangled Banner" and "The Star Spangled Banner."

At the beginning of the Concert, Evelyn Barr, presented Mr. Olsen a gift from the group as a token of appreciation of his skillful direction of their efforts.

Speaking on "The Secret of the Book Seller," Miss Lippe said that the leading best seller is the Bible and the second always a cook book.

Checkering up: Mrs. Carl DeLong, Larchmont, head of luncheon arrangements; Mrs. John H. Mott, committee chairman and Mrs. Phillips B. Nichols, in charge of program during the annual Spring festival.

MEET AMERICA'S WOMEN IN UNIFORM

EDITOR'S NOTE: In order that women in uniform may be more easily identified as to service and status, Alice Harvey Hubbard, member of the Public Health Commission of the Eastchester Branch, American Red Cross, has undertaken to "introduce" the public to the various Red Cross Corps.

By ALICE HARVEY HUBBARD See that volunteer over there, in the white uniform with the white cuffs? Notice the red web on the white collar and the red epaulettes and the red spats mean that she is either chairman, vice-chairman, or secretary-treasurer. Her pin has no special device above it, it is a plain white cross.
