Why do I ask for Malt beer?
Malt means old-time beer flavor!

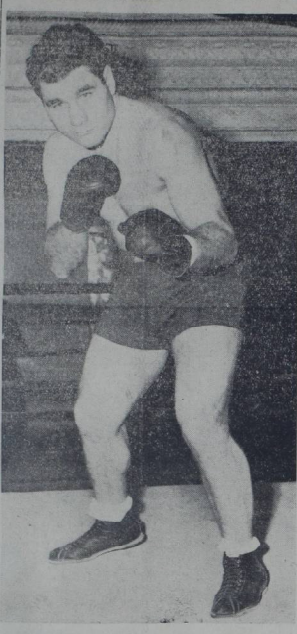

Most of the world's most famous beers have been brewed the "malt" way. Choice hops and only one grain—barley malt. This method of brewing produces a beer that's delightful in flavor and refreshing in taste. It's usually more expensive, but Trommer's sell at regular prices.

Treat yourself to the best buy in beer. For Beer Flavor as it's Peak Try Trommer's.

HALPERN MEASURE LOSES IN SENATE

Vote Means Athletic Control Of High Schools Rest With State Board

ALBANY (AP)—A plan to give moral oversight in the hands of the State Education Department, control of interscholastic sports was dropped by the Legislature yesterday.

The Senate defeated a bill authorizing the change 51-37. Opponents said it would "lead to exploitation of youth on the athletic field."

"This bill would put public school in the hands of the hands of undesirable people," declared Senator William Chambliss, Utica Republican. "There is no need for students to change all over the state to play a few games."

Senator Seymour Weiss, Rochester Democrat, who sponsored the bill, asserted the present policy permits the State Education Department to rule on all interscholastic sports and that it is "attempts to discourage interscholastic competition."

The department's substitution of intra-school sports for varsity play was presented as a step away from developing into top-notch athletes. We need all the sports competition we can get these days built up your youth into strong men," Halpern added.

Opposing the measure, Republican Senator Clifford Hastings said "there is no need for anything but a good job."

Halpern contended with the assertion that the education department has limited the football season to seven games; barred post-season games and is "attempts to discourage interscholastic competition as much as possible."

A throng which taxed the capacity of the Rye Neck School Gymnasium viewed the annual physical education demonstration by students of the Rye Neck public schools Friday night.

Under the direction of Miss Helen E. Norton and William A. Axel, physical education instructors, a three-part program was offered including games, stunts, tumbling, and exercises.

Philoena Chiodo led a group of girls in the first exercise, a teaching drill showing class cooperation and individual precision.

A free-hand drill, led by William Lawrence, a rhythmic reel routine under Irene Harriott and Indian club drill by boys led by Alfred Orsini rounded out the first part of the program.

A boy-and-girl demonstration of Junior High School games followed. Catherine Holland and Richard Joyce opened the second section of the program and was followed by Senior High School games led by James Edgill and Arthur Shields.

The games are intended to provide a maximum amount of corrective exercise and stimulate a better attitude.

Girls provided the plans of the second program. They were teaching drill showing class cooperation and individual precision.

COMING THE TOWN

Thief Misses \$75

Some thief is going to be pretty upset when and if he reads this. A fur coat valued at \$75 and owned by Miss Adelaide Irving of East End Avenue, New York, was stolen Tuesday morning from the office of Dr. Alvin J. Potvin, dentist located at 132 Larchmont Avenue, Larchmont.

When she entered the dentist's office Miss Irving, a former Larchmont resident, left her fur coat and a purse in the reception room. A week thief is believed to have passed through the office building and taken the coat. He ignored the purse, however.

Now Miss Irving is in that purse? Exactly \$75 in cash.

RYE NECK SCHOOL TAX RATE CUT 32 CENTS IN BUDGET

New Total Of \$8.88 Provides Lowest Rate Fixed Since 1933

ANNUAL MEETING MAY 6 Tentative Estimates Show Reduction Of \$11,400 In Net Budget

A 32-cent reduction in the tax rate, for a new total of \$8.88 per \$1,000 of assessed valuation, is set in the tentative budget adopted by the Rye Neck Board of Education last night and announced today by James Jackson, president.

The budget, providing the lowest rate since 1933, will be presented to the school district meeting on May 6 in the Bellows Falls School auditorium.

The lower rate is in prospect despite a reduction of \$300,000 in the assessed value of school property. The tentative budget calls for a net amount of \$100,000, as against \$303,322 in 1940-41, and for a net of \$103,122 in 1941-42.

The net budget, it will be seen, would reduce the approximately \$174,000 chief saving in the form of instructional service, reduced by approximately \$70,000, never teachers have either retired, been married or transferred to other jobs. Some have not been replaced and others were replaced at lower salary figures. Mr. Jackson said.

In addition to the salary item, the board had anticipated a saving of \$11,000 in the previous budget, but actually received \$85,000 in the deficit being an unexpected benefit.

Most other departments in the budget were changed but slightly. No provision was made for school traffic policemen on a 5-year-day basis, as had been suggested by the Mamaroneck Village Board of Trustees at a meeting Monday.

The rate fell to \$8.88 from \$9.20 used in 1940-41. It had factually during preceding years having been \$9.20 in 1937-38; \$10.25 in 1938-39; \$9.52 in 1939-40; \$9.47 in 1940-41, and \$9.10 in 1941-42. In the school year 1942-43 it was \$9.75.

The board also announced that it would make available to the office of the clerk of the Board prior to the annual school district meeting on May 6.

The annual election of trustees takes place the next day. Mrs. Mary O'Connell will serve. They are other candidates must file the petition of candidacy by Monday, April 21.

JOHNSON WARNS OF BRUSH FIRES

An epidemic of brush fires, one of which started at a school, led to Village Manager William H. Johnson asking parents today to warn their children against such individual companies responded to seven alarms on Monday and to seven more within the last 24 hours, Manager Johnson said today.

He pointed out that each time the apparatus "red" it is an expense to taxpayers. The children themselves are in danger many times should the wind suddenly rise in the dry weeds and the grass covering vacant property.

Yesterday afternoon, Johnson companies extinguished brush fires at Frank and Wagner Avenues, and in the rear of Lawrence Avenue, and in the rear of Lawrence Avenue, and in the rear of Lawrence Avenue.

The highest daily total was Saturday, April 6, 1940, with 24,666 and the lowest was Saturday, March 3, 1941, with 4,232. Balkan Conflict Viewed As Merely Phase Of Hitler's Goal—The Suez Canal, Libyan Drive Also Linked With Offensive

By DEWITT MACKENZIE Associated Press Foreign Editor

NEW YORK—The decisive engagement of the Battle of the Balkans still has to be fought, and as matters now stand it likely will hinge on the crescent-shaped line of defense which is being emplaced in the Balkans from the bay of Salonika to the south Alban port of Chiraka on the Adriatic Sea.

Every day may demonstrate that the Italian offensive is merely a phase of a far greater project which is staggering in scope. Hitler's goal after he has secured Yugoslavia and Greece (the hopes and not without reason) is stated by the government-controlled Italian newspaper Popolo di Roma to be the Suez Canal—an announcement presumably intended to serve some military purpose.

That is a logical possibility. It would involve the forcing of the Dardanelles by the Germans and a drive through Turkey into the Near East. This being the case, it would depend on the extent of the Axis success on the Balkan Peninsula.

Should the drive against the canal through the Near East eventuate, we shall in my view, find that the present Axis offensive alone the Libyan Coast is booked with a very definitely.

British Army Moves North To Meet Blitzkrieg

BELGRADE FALLS

(The Associated Press copy of today's events in the Balkans will be found on Page 5.)

By the Associated Press

Fears of an imminent German attack on Turkey, neutral ally of Great Britain, were today in a Turkish Government announcement that it had been "found advisable" to remove a considerable part of the population of Istanbul.

The announcement followed only a few hours after the Rome radio broadcast a report that Germany's ex-diplomat, Franz von Papen, ambassador to Turkey, had reiterated "the assurance that Germany has no intention of attacking Turkey."

Prime Minister Churchill warned yesterday that "Turkey is a factor of the first importance in the European situation. It is a link between the Mediterranean and the Black Sea. It is less than 100 miles from German-occupied Bulgaria."

Nazis advancing forces have already taken Athens, and a German force is moving toward the Turkish border.

Greece's own strategic situation is little more than a trifle, but that it seemed clear the Germans were still making headway.

A German military spokesman said today that German forces had captured 80,000 Greeks and had taken the city of Thessalonika, and that the final number will be much greater.

The British radio said Balkan war news was reaching London in little more than a trickle, but that it seemed clear the Germans were still making headway.

Battalions of British flame-throwers, tanks and armored cars were reported rushing north today from Piraeus, the port of Athens, to a decisive battle with Adolf Hitler's blitzkrieg.

As the five-day battle of the Balkans neared a showdown, confirmed rumors circulated in Budapest that Belgrade, the capital of Hungary, had been captured by the Germans.

German planes were reported to have been seen over the city of Thessalonika, and British troops and supplies were being brought in reinforcements into southern Greek ports.

Roosevelt Seeks Power To Take Over Foreign Ships Now Idle In Ports

WASHINGTON (AP)—President Roosevelt asked Congress today for broad statutory authority to take over any "foreign-owned vessels" which he said were not being placed in exactly the same category as any other Atlantic ships owned by non-American powers. The agreement, the secretary asserted, is in complete accordance with terms of the Monroe Doctrine and with a declaration signed by the 21 American republics at Havana.

In that declaration the United States agreed that no foreign power should be transferred to the flag of another foreign country.

Referring to Mr. Roosevelt's statement that the United States intended to insure that Greenland would remain a Danish colony after the German invasion of Denmark, he said: "That refers to Greenland to be transferred to the flag of another foreign country. It will be decided on April 10, 1941, by the United States."

TALKING IT OVER

By CHARLES KING

The Larchmont manager's reaction, namely "that high school players would be eligible to participate in the league," is slightly misleading.

It might mean that to have baseball talent into the softball league or it might mean that no opposition would be forthcoming in a high school player suddenly turns in his uniform to Coach Ed Rice and announced he was out from a softball player.

Whatever the case, the reaction is a questionable commentary on the people who reacted to it.

By doing so they have stated, in effect, that they have more to offer in the way of athletic education and are prepared to teach athletic skills more effectively than the paid instructors retained by the Boards of Education here and in the Neck.

Now that Ed Rice has graced his squad, there are substantially fewer players on the roster than he first called for candidates. But there are several youths wearing the Orange and Black uniforms who would make good softballers. The question is will they gain more by observing Rice and playing Recreation softball?

Have recreation told Recreation officials that I was convinced Mamaroneck youth would gain a great deal more by playing in organized intercollegiate contests for the months of May and June.

The high school furnished the boys everything but their own way, which is one thing we can't be deprived of for awhile without hurting a bit.

The individual Recreation managers offer the boys more of softball, at the most twice a week, with extra equipment, will humor any youthful person whom you want to offer to play softball.

Say what will I say there isn't a softball manager in Mamaroneck or Larchmont that anything like the training of a Bill Marlin, an Ed Storey or an Ed Rice.

Recreation officials shouldn't have to ask managers about a matter of this sort. The Council should tell managers who play under its name to secure armaments to use under school supervision every minute they can. Taxpayers in this town pay for competition in recreation and they have it. Why waste it?

Some youths cannot be the value of sitting out one season on a bench or changing membership and numbers of boys in practice drills. They look upon Recreation softball as an escape from the drudgery of training themselves.

Men in charge of Recreation teams could serve softball athletes as well as they serve the members of their sports clubs by steering them in the right direction. For boys who try to give school authorities the impression they are interested only in intercollegiate athletics, then they should sneak through a softball game after school. There is no room in any Mamaroneck or Larchmont league.

They are the ones who use the dubious names and then say they've been misinterpreted when their double-dealing is discovered.

Two Teams Commit 13 Misplay in Sluggish Contest; Tie In 4th Snapped As Victors Blast Palovich; 2nd Local Hurler Has Perfect Day At Plate With Three Hits

By BOB RICHESON

Following a custom established by most of its other athletic teams this year, the Mamaroneck High School baseball club won its opening game of the season yesterday afternoon, outscoring Greenwich 12-8 in a slow-moving encounter on the Nutmeggers' diamond.

The seven-inning contest ended with the Tigers holding a 12-8 advantage.

Both clubs clearly showed the need for more practice as they played sluggish defensive ball. A total of 23 misplay, seven on the Mamaroneck side, made the affair slow and uninteresting to the spectators.

In addition, each team provided the share of mental lapses. The Hilltoppers, particularly Mike Guadagnolo, looked impressive at the plate. The Orange shut-out three Greenwich players for 12 hits, three of which were good for extra bases. Guadagnolo, who batted the last three frames, had a perfect day at bat, going three for three.

Coach Ed Rice started Norman (Pat) Blum, a sophomore, at first base. Blum, who was named MVP of the team, performed admirably in his high school debut, saving up four hits and many runs in four innings. Self-Set Crowd Views Bitter Return; Mexican Dropped For First Time

It couldn't have been a more exact duplicate if they had done it with mirrors. The characters were the same, the average, bristly chaplain almost identical and only the ending differed as Vince Fratello and Angie Arellano, in a carbon copy of their sensational struggle of two weeks ago, battled to a draw before another all-out crowd last night at the White Plains Country Center.

60 YOUTHS FACE ANNUAL TOURNEY

**Mamaroneck Enters Four Boys
In Semi-Final Matches
At Eastchester**

The Diamond Gloves boxing tournament, an annual fixture sponsored by the Westchester County Recreation Commission, opens tomorrow night on a semi-final basis at Eastchester High School under the auspices of the Tuckalee Police Associates.

Four Mamaroneck youths will match blows in the opening bouts, which they hope will lead them to the finals at the White Plains County Center and possibly the threshold to professional acclaim.

Three of the boxers from this

the village will wear the insignia of the John (Happy) Forlano "stable" into the ring tomorrow. The first, Johnny Stanfield, 147-pounder in the open division, gained premier laurels in the recent Westchester Junior and Novice Tournament, which also began at Eastchester and wound up at the Center after a stop in the Don Bosco Hall, Port Chester.

Forlano's other entries are both listed in the junior division. Paul Federico, who bowed in the first bout of the Novice and Junior tourney, will box at 118 pounds while Frank Nask enters at 147.

In the novice division, in the heavyweight class will be mustachioed Martin Blood, the protégé of Patrolman Herman Pauls of the Village of Mamaroneck Police Department. Blood is Pauls' only

The finals will be held at the County Center April 24. There will be no "in-between" bouts after tomorrow's semi-finals.
