

Bender Ditches Tigers To Second Win; Panthers Lose To Iona

Tigers Take Isaac Young 3-1, For Two Straight League Wins

By ROY STERN

Baseball

Only three Tiger batters were out in the first inning, but the eleven strike-outs by the New Rochelle squad field but that proved enough as the tiger squad came through with its second league victory of the season, a 3-1 win over the Shorelanders. Chm, cool and collected Bill Bender, meanwhile won his second game with the same apparent tidiness that brought home a two hit victory over New Rochelle last week. During last week, however, Bender received the staunchest of support from his hitting mates who let through only two errors compared to the opening day six.

reached first on an error during the only successful one.

Two more Tiger encounters have meanwhile been rescheduled. Last Saturday's Washington Irving affair has been set for this Saturday afternoon at the Mamaroneck Rec always by virtue of their 2-1 win over the Knolls. The loss of the Knolls, a place in the standings as the Manors, who won all three of their games from the hapless Rye Neckers, climbed into the lead.

The real news item in the box score of the match between the Knolls and the league leaders was in the score posted in the first game reported by Mrs. Leo Heitman. Her husband had taken quite a bit of gentle ribbing by her husband the night previous to the game. Most of many mutual friends. That 1-2 score was certainly the answer, complete and to the point, to the former club's ball pitcher as to who is still the athlete in the family.

HAIRSTON WINNER OVER BOXER RUBIO

By JACK BONACCI

WHILE PLAINS — Eugene "Dimmy" Hairston, from the Bronx, clinched up the best win of his brief and brilliant career at the County Center last night by outboxing Norman Rubio, veteran campaigner from Albany. It was Hairston's 18th win in as many pro starts, and he earned the main spot for next Tuesday night with Leroy Carter as his foe.

Although it was a unanimous decision, it was to Hairston's advantage that his late limited opponent roundly boxed him. The rugged upstart was coming fast in the closing rounds to wear down the 16-year-old deal-dumb mute by body blow.

In the voting, Referee Joe Vaccarella and Judge Steven Accetta, both of Mount Vernon, called it four for Hairston and two for Rubio. Judge Arno Schwartz of White Plains, also favored the Bronxite, 2-2-1. Our sheet should be 3-2-1.

The feature climaxed a good card, the semi-final in which Chas. Norman, 127½, New York, was declared the winner over Danny Brown, 127½, New York, who scored the second round knockout.

Norman Gets Kavo

FAIRFAX, N.Y. — Mount Vernon, scored a two-round knockout over Jesse Harrison, 145½, the Bronx. A shot hit back to the Bronx boxer's jaw, and the heavy-hitting strap in the second round, Norman is showing marked improvement in each bout. It was his 13th win of his 14 pro career.

Plucky Panthers Put Up Scrap Against Veteran Prep Nite

By DAN BROWN

Iona took the measure of the "Belows" Panthers in yesterday afternoon's encounter on the Harbor Island Diamond by 3-0, but they didn't do it by force of their batline. Instead they made good use of some Panther errors, an opportunity walk and a wild pitch.

The Panther's ace right hander, Eddie Feldt, was the losing pitcher, and also the scapegoat. Although he gave up only eight hits, he helped the first run along with a passed ball and set up the offset two by issuing a pass with his arm and then serving up a wild pitch, thereby putting men on second and third. The next batter, although with a single to score both the runners.

The oncoming pitcher, Morahan, scored six hits to the Panthers, including one double by Tom Walsh which was the longest hit of the game, but kept him scattered and only allowed two men to reach the third sack.

The visitors chalked up their first run in the first inning on only one strike. The leaders, who struck out, but the second man, the short-stop, Powers, got a hit. A wild pitch moved him to second and the third man, Torrey got to first on an error by Rozzi, while Powers made third.

Another Hilltop outfit clubbed his way to an overnight victory Monday at Winesport Golf Club as a squad of six Tiger players topped New Rochelle 1-0. Coached by Harry Harrison, the six Tiger players, who were on the occasion with Bill Tausman according to the low for the event.

With several players only nine holes, Tausman played only nine holes, followed closely by Louis Santoro's 44, Jimmy Billotta and Tom Tosola, both recorded wins with 47's while Tony Zieger and Jim Vollett struck 36 to win their rounds.

Two of the Tigers opening dates have made the team list with Harrison expected to furnish the report on May 3d and again on June 7, the closing day.

The cast for "Queens of France" included Cheryl Eshelby, Rose Debra, Jean McKernan, Ann Fensley and Alida DeBorja. "The Boy Who Came From The Outside" was directed by Philip Carver. Andrew Herman and Evelyn Carson appearing in "The Bus Man."

Members of the cast for "The Boy Who Came From The Outside" were Robert Warner, Hal Branch, James Connolly, Allan Murrans, Jr., Jennie Robinson, Eric Johnson and Kathleen Bergan. Mrs. C. Charles Hansen, president of the Fenimores, arranged the program and presented informal comments during the performance.

Entertainment was provided by the Red Cross Motor Corps. Mrs. Edward Holloway, secretary, and Westchester chairman of the Camp and Hospital Committee, with Mrs. Housy Foulsham as chairman for Mamaroneck, under Mrs. J. F. Auer as chairman of the Mamaroneck Branch of Red Cross.

2 L. I. Teachers Visit PTA Libraries Here

Visitors yesterday at the Chateaux Avenue School Library were Miss Virginia Calkins and Miss Helen C. Spink, PTA members of the Fulton School in Hempstead, Long Island. They were welcomed by Principal Helen H. Long and Mrs. James O. Brodick, library chairman, who explained the library set-up at Chateaux and offered information and suggestions which the Hempstead guests will use in their preparatory plans to visit the Parent Teacher Association Library in the Fulton School.

The Hempstead visitors also visited the Murray Avenue School Library for the same purpose, and were conducted through the library and given an outline of the plans there by Miss Louisa Hitzsche, principal and Mrs. Blanche Fischer, library chairman.

90 Hear Lisa Sergio Speak At Current Events Luncheon

An urgent plea for the women of America to use their "native imagination and their intelligent intuition" in studying and thinking through the long range program of detouring democracy with integrity was made yesterday by Miss Lisa Sergio of Larchmont.

By responsibility, the promises are made to the people of the world, she said. "Now we must implement our democratic promises and we must take action, devote time to thinking problems through and then debate and legislation comes up on implementing our policy, women must make themselves heard."

"There is no quick solution to the problem of stopping the spread of communism, the job is up to us and if we fail we pave the way for Russia's success. Peace must be kept collectively, by cooperation. The election is our responsibility."

Despite the weakness of the United Nations, a majority of the audience wanted freedom and independence, she continued. "We must find the way to preserve peace with justice, she said, and not succumb to catering to our own interests."

"We preach Christianity but we fail to practice it," Miss Sergio went on, and in the Palestine situation, we "run the risk of throwing out democracy in order to control oil for a fleet to protect democracy." Study the issues, she urged, examine the roots of the "evil" and "let us not continue the stimulus of fear with the awareness of danger."

"Only when the United Nations functions for democracy will nations be protected. From our awareness of danger will come imagination and thought to meet it."

INTERNATIONALISM was the keynote of yesterday's second annual luncheon of the Current Events Section of the Mamaroneck Women's Club, with a number of foreign speakers and guests among the 90 women attending the luncheon at the clubhouse. Pictured above, seated, left to right, are Miss Ching Ho Liu, United Nations nurse; Miss Lisa Sergio of Larchmont, noted commentator and featured speaker; Mrs. Toru Matsumoto of Larchmont, and Mrs. Chao-Wai of Mamaroneck. Garden Club Slates Talk For Monday

"Planning and Building of Gardens" was the topic of the meeting of the Garden Club of Mamaroneck, held Monday at 8 P. M. at the Mamaroneck Women's Clubhouse, presided over by Mrs. Ralph H. Mann.

The most striking difference between the United States and Australia is compulsory in federal elections and in many states as well. Mrs. C. Earl Long, New Zealand-born was host of the principal speaker, Mrs. H. H. Kristman of Mamaroneck and Mrs. Vinchoy Wel of Mamaroneck, who were presented by their respective hosts, Mrs. E. J. Sullivan, Mrs. Elizabeth Mersley, following introductory remarks by Mrs. David B. Chisholm, chairman of the program committee of the Women's Club.

Another guest was Mrs. J. Dudley Phillips, chairman of the International Relations Department of the Westchester Federation of Women's Clubs.

About 90 members and guests attended the luncheon, with Mrs. Charles A. Finney as chairman. She was assisted by Mrs. Robert C. Blackwood, Mrs. Leonard O. Carson, Mrs. Martin Hegeman, Mrs. Victor Malcom, Mrs. Howard McMichael, Mrs. Alden L. McMurry and Mrs. Oscar Swanson.

Mrs. Duffell headed the table committee, assisted by Mrs. E. Meyer, Mrs. Estelle Davison and Mrs. Grace Dieter. Mrs. Stanley E. Boughner in charge of flower arrangements was assisted by Miss Georgia McAndrew and Mrs. Thomas Healey.

Federalists Program Told To ORT Unit

What World Federation means to world peace was discussed by Mrs. Daniel A. Eberhart at a meeting of the Study Group on Americanization of the American Organization for Rehabilitation Through Training, yesterday afternoon in the home of Mrs. B. F. Mitchell, 839 Oriental Avenue, Mamaroneck.

Mrs. Harry Banner, president, opened the meeting and explained ORT's cooperation with the United Jewish Appeal drive now under way. She spoke of the Material for Overseas Training Drive, aimed to send materials to students in ORT schools abroad, and announced the Membership Luncheon to be given May 19 in the United Jewish Appeal Club.

Mrs. Charles Seal, moderator of the group, introduced Mrs. Eberhart to read her talk by saying that in answer to the question, "Where are you going?" she felt that "the best World Federation the world is heading for is the League of Nations and the United Nations."

There was a board meeting in the afternoon in the home of Mrs. Harry Banner, 159 Lovell Road, New Rochelle. The program for the final round of the National Intercollegiate Bridge Tournament tomorrow and Saturday at the Drake Hotel, Chicago, Miss Holz and her classmate, Anita J. Olson of Delmar, N. Y., are the only two women among the 23 students competing for the title and trophy from 16 colleges.

First-Time Contest Winner Rejoices At Check For \$100

For those who have despaired that contests are only won by people no one knew, a spark of renewed vigor may be set off by the knowledge of the arrival recently of a \$100 check at the Larchmont home of Mrs. William S. Shannon.

Mrs. Shannon, who entered the March Calendar Contest of the National Safety Council "just for the fun and hobby" and with perhaps an optimistic glimmer of hope) was the most surprised and gleeful young woman in the country when informed by mail of her good fortune and well-deserved award.

Learning of the contest early this year, she sent for the 1948 calendar published by the Council which featured on the back of each monthly schedule, four small safety cartoons accompanied by a jingle, with a larger one for the fun and making phrases. (and Mrs. Shannon composed a picture which she had about to toggle on the floor. Inspired by the picture, Mrs. Shannon composed a rhyme which reads: "Never stretch a working man's life. Time accident may be in the air. Claiming that the Safety Council contest was 'the only one to win anything.'" Mr. Shannon said that she has tried many times to write verses to accompany her illustrations for children's books but to no avail. And perhaps this contest started off a succession of winners, for immediately following the first contest she was awarded a \$3 prize in the Pencil-Club contest.

Among the cultural classes will be flowering shrubs or trees, in pots, and flowering bulbs other than narcissi, as well as a collection of flowers tomorrow from 5 to 8 P. M. at the Boulder Brook Club, Old Mamaroneck Road. A cake and plant sale to be held May 27 will feature plants, tomatoes, petunias and peppers, with homemade cakes contributed by members. Card parties have been postponed until later in the year.

The Spring quarterly meeting of the Ninth District will be held April 27 at 10 A. M. at the administration building of the New York Botanical Gardens, and will include a small exhibit of flowering bulbs by the Mamaroneck club, under the direction of Mrs. Ronald Youm. Members have been requested to contribute outstanding or interesting flowers.

Larchmont Equestrians To Be Honored Guests

SCARSDALE—Forty-four equestrians have been invited to a reception at Boulder Brook's Spring Horse Show, one of Westchester's social traditions, which will be held Saturday at Scarsdale. Hosts at the reception will be the Junior Horse Show Committee, headed by Phyllis Turman, of White Plains, and Vivienne Mitchell, of Scarborough. Also to be reception guests are Elizabeth Parker and Ann Claiborne, Scarborough; Carol W. and Midge Meyer, New Rochelle; Elsie P. Dorcas, Port Chester; and Anne Skakel, St. Natheon and Barbara Wahl, Greenwich, Conn.

Honor Society Bridge Held At Bellows

About 80 parents and friends of Bellows High School students attended the annual scholarship benefit bridge party last night in the gymnasium under the auspices of the Honor Society for the purpose of raising a \$50 gift scholarship to be awarded at commencement to a student selected by a committee of juniors and faculty members.

Miss Frances Lawson, sponsor of the chapter, and Marjorie Carpenter were in charge of arrangements, assisted by a student committee. During the serving of refreshments, guests were welcomed by Hazel Owsen, president, who explained the purpose of the scholarship fund. Table prizes were raffled between guests.

STORY HOUR FEATURE
A recording of "Peter and the Wolf" performed by the Boston Symphony Orchestra under the direction of Serge Koussevitzky, will be the feature of a story hour to be conducted tomorrow by Mrs. Anna Cuffari, young people's librarian at the Mamaroneck Free Library, for children from fourth to sixth grades at 4 P. M. at the Library. Mrs. Cuffari will describe the life of the composer, Serge Prokofiev, and tell the story of the recording.

Hobby Show Set Saturday

The annual Girl Scout hobby show will be held Saturday at the scout house on Hartwood Drive from 1 to 4 P. M. with four classifications included in the schedule of entries, arts and crafts, drawing and painting, collections and miniatures.

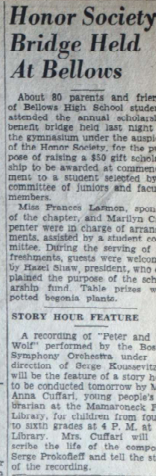

Judges will be Mrs. Malcolm Anderson, hobby show chairman, of the Murray Avenue School art hobby group; Mrs. William Hunter, Larchmont Garden Club blue ribbon winner in flower arrangements; Miss Grace Shea, arts and crafts chairman of the summer Recreation group and Murray Avenue School industrial arts director; and Miss Florence Brown, art teacher at Murray Avenue School.

LESION CARD PARTY
There were 23 tables in play last night at the card party sponsored by the American Legion Auxiliary, Mamaroneck Unit 90, Legion Hall, with Mrs. Emily Johnson as chairman. Table prizes were healthier companies. Mrs. Johnson was assisted by Mrs. Helen Hieber, Miss Pauline Cassone, Mrs. Irene Silver and Mrs. Martha Allotta.

'RAW WATER CAN KILL YOU'

UNDER the above caption, J. D. Ratcliff, writing in "Coronet" Magazine, an article reprinted in the Congressional Record, points out that at the present time, in the most highly developed civilization of history, 70,000,000 Americans are drinking water from antiquated supply systems.

Mr. Ratcliff points to Kayville, Utah, where inadequate guard over the water supply permitted sewage to back into the system and 117 persons fell ill. In Typhoid, Pa. Washington Crossing, N. J., where a cesspool was placed too near the Town Wells and there were 17 cases of typhoid with two deaths.

Westchester itself is not without blame. We still have communities which empty raw sewage into waters which wash upon public swimming beaches. Our county trunk line sewage treatment plants, once outstanding in modern progress toward elimination of pollution, now have become breeding places of bacteria.

Mr. Ratcliff estimates that the nationwide job would cost \$7,800,000,000, a staggering sum, of which \$2,200,000,000 would be spent for water supply, \$3,200,000,000 for sewage facilities, and the balance for other essential plants.

One hundred fifty were expected to attend the conference of the Fifth District of the New York State School Boards, scheduled for New Tuesday here in Mamaroneck, according to an announcement made by Dr. Irving S. Marsland, president of the Rye Neck Board and also vice president of the State Board.

Col. Joe Bush Says—

There's been comment because Prexy Truman threw out the first baseball with his left hand. Shucks, he's ambidextrous, and can left or cut ball with either hand, depending on which way the wind is blowing. Besides, Harry has been shifting to the left ever since Hank Williams started out.

It was down to the newspaper publishers convention at the Waldorf in the Big City this week and asked a bellhop to direct us to the press room. He took us to the valet shop.

Unwanted Pigeons For the last two years we have been pestered by pigeons nesting all day and night on the eaves of our house in Westchester. We have had someone look for them in our attic, thinking perhaps it would chase them away.

I have talked to the Society for the Prevention of Cruelty to Animals, also approached the Health Department, which can not help unless I can trace the ownership of the house on the whole side of our house is unpleasant and unsanitary for my two small children to play around the house and garden.

I even have gone so far as to try to follow the direction in which the pigeons fly and then have covered the neighborhood, looking for the place where they are feeding. It is possible to put poison on the eaves to get rid of the pigeons? Or is there some department in the city or county that could catch them? This has become such a nuisance to us and our neighbors that we are desperate for action.

A good many Westchester residents are pestered by pigeons. The Honorable County Game Warden Edward Townsend has written the Board of Health in the county which may issue permits to trap pigeons.

A Board of Health does not need to know the ownership of pigeons to help you, the pigeon most likely are strays, belonging to no one.

Only One Way To Slash Taxes, Says Tripp - Reduce Spending

By FRANK TRIPP How much is a billion dollars? Well, it's \$7 to each American. Doesn't seem like much. Yet it would have cost every man, woman and child in the land \$2,050 to start the U. S. with a clean slate in 1848.

Let's compare a bill with that \$7 per capita. Before the first World War the expenditures of the federal government for 10 years were under \$1 billion.

WASHINGTON — An Anglo-American diplomat and military man are claiming that the Russians have gained the definite impression that Josef Stalin is no longer the strong man of the Kremlin, and that the dictator's power has passed to a small Politburo clique dominated by the marshals of the army and air force.

The present rulers became conscious of their power after the arrest of Stalingrad, when their stubborn defense surprised themselves. Their swift conquest over Hitler's forces in the last few months of the conflict only inflamed their ambitions.

The Soviets' increasingly aggressive attitude and behavior are now attributed to the fact that the military leaders have gotten out of hand as they have done in almost every police state in world history.

The present rulers became conscious of their power after the arrest of Stalingrad, when their stubborn defense surprised themselves. Their swift conquest over Hitler's forces in the last few months of the conflict only inflamed their ambitions.

They have chafed uneasily to stay at the top of the postwar pile. Despite the need for industrial and agricultural workers to rebuild devastated factories and farms, they have blocked every effort to reduce the size of the swollen army and air force, which has stood at approximately 5,000,000 at a conservative estimate.

MILITARY—This is believed that military rather than Marxist considerations are the motive force behind moves to obtain domination of border states extending from the Baltic to the Bering Sea and to Southern China in the Orient.

Preparing for the eventual war they foresee with the Western nations, their main objective seems to be to build outer defenses rather than to expand Communist philosophy, although they are still on the latter because of an auxiliary weapon. In their mind, however, their agents and puppets are "iron curtain" countries and prospective "left" "democratic" propaganda.

The army's supremacy in Kremlin circles is blamed for our present troubles in Berlin and Italy. The strategists aim to consolidate the Soviet Union, to drive Germany into a deadlock or invade Russia from the Middle East.

PRISONER—This theory requires a more charitable and realistic interpretation of Stalin's aims than has prevailed. In London, London and Paris in past years. But he believed Berlin to spread that "Uncle Joe" is virtually a prisoner in the Kremlin, and retained only because he has been sold to the people as the symbol of "Mother Russia."

Stalin has expressed his desire for peace and cooperation with every American who has talked with him—FDR, President Truman, Harry Hopkins, Harold E. Stassen and Ambassador Bedell Smith. He has convinced them of his sincerity.

He also impressed them as a statesman who believed sincerely that Russia's own best interest lay in reconstruction of her economy instead of ruthless expansion.

But he no longer talks that way. In fact, he no longer talks that way. INDUSTRIALISTS—America's major and minor industrialists have been streaming into Washington since the last few weeks with only a single question in their minds: "What do we do now and what are your plans for us?"

TAYLOR OBSERVES 75TH BIRTHDAY

By HERBERT POTTER Staff Correspondent

MOUNT VERNON—It is thought that the amount of duty he has performed in the Ninth Judicial District, to this interviewer yesterday on the occasion of his 75th birthday, besides the Daily Arts prepared a full obituary on me 20 years ago!

And that since a graphic sketch of the former Supreme Court Justice who continues to plow through a daily schedule that would do credit to a man many years his junior.

Judge Taylor stated that he often works 12 hours a day, seldom less than eight, and seems to

think nothing of traveling as far as Beacon to carry on his official duties. In a typical day, he may be in several counties as the Ninth Judicial District comprises Westchester, Orange, Putnam, Rockland and Dutchess Counties, and Judge Taylor doesn't neglect any of them.

When he is not busy holding court, Judge Taylor is busy in his chambers in Mount Vernon writing his decisions in the cases that have been submitted to him. Since becoming Official Referee in 1944 he has heard 700 cases.

Admitted to the bar in 1894, Judge Taylor has been a judge for 28 years. He was elected to the Supreme Court in 1922, serving as a trial justice through 1935 when he was appointed to the Appellate Division. He was re-elected for a 14-year term in 1937, but having reached the age of 70, the statutory retirement age, he retired on Dec. 31, 1943. The next day, he was appointed a referee.

In numerous decisions handed

down over the years, Judge Taylor has complimented attorneys on the manner in which they presented their cases. Often he has believed were fair and truthful in giving testimony.

Judge Taylor is an alumnus of City College in New York City, the New York Law School, a member of Phi Beta Kappa and the Methodist Church.

Miss Taylor, the former Irene Perry, died in 1944 and Judge Taylor and his daughter, Miriam Taylor, a member of the faculty of Davis High School, live at 87 Fischer Avenue, which has been the Taylor home for 44 years.

Judge Taylor has one other daughter, Mrs. Marjorie Taylor Reynolds, two grandchildren, and one great granddaughter.

When asked about his future plans, Judge Taylor said that, at the present time he has more business than ever before and he intends to continue in his position as long as he remains of sound mind and body in his opinion and in the opinion of those who reappoint him every two years.

ERADICATION SEEN OF TUBERCULOSIS

SCARSDALE—There is a "reasonable expectancy for the eradication of tuberculosis in the United States," Dr. James Perkins, New York, told members of the Westchester Tuberculosis and Public Health Association at the annual luncheon meeting held yesterday at the Scartrade Golf Club.

Director of the National Tuberculosis and Public Health Association, Dr. Perkins spoke from the most authoritative findings on the subject of eradication, the reports of the late Dr. Wade Hampton Frost of Johns Hopkins University, Baltimore. New scientific methods of detection, continuing knowledge of the sources of infection and the character of the tuberculosis virus as well as treatment are pointing toward

eventual eradication of the disease, he said. The element of uncertainty, Dr. Perkins said, was based on the question of the future stability of civilization.

Dr. Harley Williams, director of a British organization comparable with the Tuberculosis Association in America, said that greater strides were made in England in the fight against tuberculosis during the war than had been achieved in many years previous. Education of the public is an urgent need in England, he said. He praised the English system of making financial allowances for all people found infected with tuberculosis, to relieve the financial worry which, he said, too often prevented a patient from

taking adequate measures for treatment and cure.

Erwood Cronwell, Scartrade, treasurer of the association, revealed in the financial report that of 58,000 contributors to the annual Christmas Seal sale, 49,000 contributors gave between \$1 and \$3, only 6,000 contributors giving large sums. The proceeds of \$103,000 for the last Christmas Seal sale was the largest ever realized in Westchester, Mr. Cronwell said.

In a brief address on the program of the Mobile X-Ray unit, Dr. John Korns of the County Department of Health said that X-rays of the Westchester population show that tuberculous work must concentrate on the older

population. Results show, he said, that only one in 3,000 cases are found among young people locally.

while 126 cases among 3,000 people between the ages of 40 and 64 have been discovered.

Larchmont Softball League Inaugural Set For Sunday, May 9

Barons To Face Embassy Club On Flint Park Field At 2:30

What is expected to be Larchmont's biggest softball season will get off to a flying start Sunday, May 9, when the Barons face the Embassy Club at 2:30 P. M. at Flint Park.

The American Legion band and Town of Mamaroneck and Village of Larchmont officials are expected to be on hand to witness the opening contest.

Eight clubs will make up the Larchmont Softball League this year, with the season split into halves, with the final winner to be determined by a two out of three game series between the first and second half winners.

Games will be played each Monday, Tuesday, Wednesday and Thursday after the first week. Postponed games will be played Fridays. If there are no postponed games to be played on Fridays, exhibition games will be played.

U. S. 1-C SAILORS WIN 2 MORE RACES

By The Associated Press
HAMILTON, Bermuda — The Western Division Long Island Sound International One Design Class made it three in a row yesterday over the Royal Canadian Yacht Club in their yacht racing series for the America Cup.

The Americans now need only one more victory to clinch the best-of-seven competition.

The United States team placed boats in the first, second, third and sixth positions in the morning race for the 274, points to Bermuda's 12.

In the afternoon, Long Island Sound took first, second, fourth and sixth positions for 274, points to 13.

Cornelius Shields of Larchmont, sailing Ethel Hanan's Elixan led the race for the 274, points to 13.

In the afternoon race, Mosbacher sent Susan across the line first, with Shields and Elixan second and Feather fourth.

The Long Island Sound skippers swept both series last year, winning at Bermuda and off Larchmont, both September.

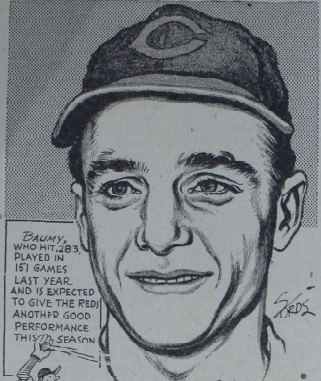

2 Puerto Ricans Seek Berths With Clippers

PORT CHESTER — Caribbean have come to the port Chester Clippers yesterday in the person of two Puerto Rican baseball players, pitcher Enrique Figueroa and outfielder Carlos Bernier, who flew northward for training.

Joe Buzzo, ex-Yankee who managed Mayaguez this past winter in the Puerto Rican League, recommended the pair to Al Barillon of New Rochelle, Clippers manager.

Figueroa, a two-week-end exhibition with Cubs C. Queiroz tomorrow at 2:30 P. M. and with Class D Nyack Sunday at 2 P. M., both here—the Clippers launch their Colonial League season here Tuesday night against New Rochelle.

REDSKINS SIGN LIVINGSTON By The Associated Press

WASHINGTON—Howie Livingston, halfback with the New York Giants last year, yesterday signed a 1948 contract with the Washington Redskins, who got Livingston and one other unnamed player by trading their draft rights to Chicago's Conroy of Mississippi.

With the Depots winging their way to an easy title in the Larchmont Community League the battle for second place continued to rage last night, with only one more week in the regular season to go.

In other loop matches, the Jewels shut out the Flyers 3-0. Patrol did the same to the happy tailenders, the July Fives, and the Depots likewise posted a shutout over the Hussites.

In other loop matches, the five turned in the high series score with 384, while his teammate, Don Lantelle, had a 223 for the high single game of the evening.

LI Sound's Class S Fleet, With 36 Boats, Is Largest Of Type In World, Says Olsen

By J. EDWARD TUNNARD

Additional news of the new fleet has made the "Class S" fleet the largest of its kind in the world and the "old boats" will be given plenty of pop and action in the "Class S" racing," says Willy A. Olsen of 86 Valley Road, Larchmont, re-elected chairman of the class for his fifth year.

Counting the new boats and those under new ownership, the 1948 season will see 36 of the "Class S" boats racing on Long Island Sound. Twenty of this number are at the Larchmont Yacht Club. The new owners are Edward Mullen of 7 Calton Road, New Rochelle, who has purchased Elgert from William J. Donovan and W. J. Neidhardt of 144 Knollwood Avenue, Mamaroneck; Richard Moore and Peter Vermilye of New York City who bought Merry Widow from Hamilton Haney of 84 Mastonia Avenue, Larchmont; Dorsey White of 200 Overhill Road, Scarborough, who purchased Come Dither; Jim Anderson of Pinewood Gardens, Hartdale, recently purchased the Roman at Peconic, Mass., and will sail the class down to Larchmont about the middle of next month. Anderson is a cousin of Dr. James W. Benford of the Pinewood Gardens apartment who sailed his Neapertine to the class championship in 1938 last summer. Other new additions are expected from Bay Harbor, Marblehead and Busch's Bay.

Dr. Benford is secretary of the Lookout Circle, Larchmont, who sails weekly, is the treasurer.

Negotiating with Nantuxet, The Long Island Shippers and the Nantuxet shippers are now conducting negotiations to determine the date for the annual meeting for a trophy which the LIS shippers won twice last season, once on Long Island Sound and the other time last fall on Nantuxet Bay. The Elmest Island club wants the competition of last two fall of three sailed July 4 and the Long Island Sounders favor the Labor Day Weekend.

Fleet Captain Harold Stevenson Morse of 1 Exton Place, Larchmont, announced that the Morse Trophy again will be given to the Larchmont Race Week champion S boat. Captain Morse will personally present the trophy. He also announced to the Class S fleet that his schooner, Allair again will be at the fleet's disposal to be used as moths ship, a role it has filled for many years. Rudy J. Schneider who before the war raced his Edu I and Edgite II in the Bermuda races is going all out for class S sailing this season. He recently sailed his Timber from Mamaroneck and which last year was under charter to Jay Lukens of New York City; George Hoffman of New York City who purchased Janie from William Parrell, formerly of Larchmont, who now resides in Philadelphia. Jim Anderson of Pinewood Gardens, Hartdale, recently purchased the Roman at Peconic, Mass., and will sail the class down to Larchmont about the middle of next month. Anderson is a cousin of Dr. James W. Benford of the Pinewood Gardens apartment who sailed his Neapertine to the class championship in 1938 last summer. Other new additions are expected from Bay Harbor, Marblehead and Busch's Bay.

Lighting Fleet 106 To Have Program Friday

Lighting Fleet 106 which makes its headquarters at the Huron's Yacht Club, New Rochelle, is sponsoring an interesting program on the Lightning Class boats and their racing at the New Rochelle Public Library next Friday evening at 8:15 P. M. Fleet Chairman E. F. Cotter announced.

The program will include movies of the 1947 International Lightning championships at Toledo, Ohio, and other pictures of Lightning Class racing. LeRoy Amy, secretary of Fleet 32 of Larchmont, Y.C. who last fall was elected National Secretary of the Lightning Yacht Racing Association, will give a short talk on developments and plans for the 1948 season. Mr. Amy lives at 10 Linden Avenue, Larchmont.

K Class Boat On Display May Mean New Display

The K Class boat, a small round-bottom sloop, is to be shown on display at 2 Pelham Road, New Rochelle, tomorrow and Sunday, and indications are that the K Class boat may take a part in the regatta on Long Island Sound this season. The boat is 16 feet 3 inches long and weighs 160 square feet of sail, are well known on Keuka Lake, N.Y., but only two of them are now being sailed on Long Island Sound, one by Mrs. Ted S. Brunies of 41 Woodlawn Avenue, New Rochelle, and the other over at Port Washington, L. I.

Color movies of their first season of boating will be shown at the annual meeting of the 1947-48 season Monday night at 8:15 P. M. at the Larchmont Yacht Club.

Also on display will be snapshots of the organization's various activities. Last winter, Members may select their favorite photos and have them printed or enlarged.

Bill Byrnes Hits Grand Slam In Sixth To Lead Visitors

By HOWARD C. SMITH

Like a great many other people in town, I got a lot of pleasure out of the two slugging matches on the front page of the Daily Times last week about the youngsters in town actually starting to develop two playground areas. Makes the need for recreational areas all the more obvious, and it is especially gratifying to see that the youngsters themselves are doing something about it.

I drove home down Prospect Street the other day and the job that Reg Jubb and those boys and girls have done in cleaning up that one side of the river bank is a revelation. A glance at the cleaned up area and another at the opposite side will give you a "before and after" story that will convince anyone really interested in making our village prettier and more pleasant to live in that the whole river area, from Halsted Avenue to the Post Road, should be made into a park.

The Forgotten Park, Florence Park

While the youngsters in the village are starting to build parks in the grounds of their own, what should be done to put this fine playground area, already existing and ready for use, in shape so that the Eye Meek end of the village will have a playground for young people. Certainly the tennis courts could be made into a playground if put in condition. The Klwanis need the ball diamond for the "grasshoppers," so why not get that field in shape, who carries the ball now? The Park Commission? The Klwanis? Or the Kids?

Nice Going, Bill Bender!

It is a real thrill to see Bill Bender doing such a grand job on the mound at Mamaroneck High. Bill has been battling his way for several years up through the JV's and senior teams in several sports, and to see him not only getting a chance he has so richly earned, but also performing through with a star performance, is the kind of justice that we all like to see handed out.

Bill has not only pitched and won three games, but also has been in full charge all through every one of them. So far he has pitched a total of ten hits in 21 innings of play. His fielding has been top-notch and men on base, generally in control of his school opponents, find him at his best.

Followers of the Hilltop teams will be glad to hear that Hank Rosenberg, last year's shortstop on the Tiger team, has made the freshman varsity baseball team at Yale. Hank has a host of friends at home here that are rooting for him to show the high caliber of playing he is capable of producing.

Cox and Feather Win Race, Last Under Merrill Flag

HAMILTON, Bermuda, — Bill Cox, Larchmont Yacht Club skipper, at the tiller of Joseph Merrill International Class sloop, Cox and Feather, Saturday won the free-for-all race involving yachtmen from the United States and Bermuda. Cornelius Shields, also from Larchmont, was second in El Salan.

This was the last time Cox and Merrill will race together as Cox and Merrill will be leaving to join Potter of Manhattan when it returns in the U. S.

Emil Mosbacher, who finished last with Susan and Cox sailed International 14-foot dinghies in the final race of the Dinghy Cup series yesterday. In Saturday's race, the fourth United States sailor, George Zilman, with Stella, placed fifth. First of the Bermudians was Bayard Bill with Celestie, who was second in El Salan.

KRAMER BEATS BIGGS

By The Associated Press

ROCHESTER, N. Y. — Jack Kramer continued his mastery over Bobby Biggs on their world professional tour Saturday, winning 6-3, 6-1, before 3,000 in the State Armory. It was Kramer's 33rd triumph over Biggs, who has won 18 times. Kramer scored ten service aces.

BARBARA PEASE DOMINATES SHOW

By Jack Sorda

SCARSDALE—A big chestnut gelding tossed his head disdainfully at sudden lameness here last night and went on to score a fourth in the conformation hunter preliminary, final event for that class, to net Westchester its one title in the annual Boulevard Brook Spring Horse Show.

The chestnut, Kap's Al, pulled up lame for the hunter stake, net to last best of the program, but went into the preliminary to salivate fourth and save the championship by the slim margin of half a point.

The entry of Mrs. A. and Mrs. Oliver D. Appleton of Scarsdale wound up the two day's hunting with 12 points to nose out Miss Diana, owned by Mrs. John J. Farrell of Dartmouth, Conn. The pair finished second in the preliminary in gaining the reserve crown.

INSTITUTE WITHDRAWS FROM SOFTBALL LEOP

The regular weekly meeting of the Mamaroneck Softball is scheduled for tonight at 8:15 P. M. in the offices of the Daily Times. The board of directors are urged to attend as well as the managers of all teams.

According to an announcement made today by league secretary, Joe Rooney, the institute, long a member of the league, will not field a team this season and has withdrawn.

Sweepstakes Awards Given At Mamaroneck Garden Club

Mrs. John W. Roberts won the horticultural sweepstakes award yesterday with 37 points at a meeting of the Garden Club of Mamaroneck at the Mamaroneck Woman's Clubhouse, where A. C. Frander of the staff of the New York Botanical Gardens was guest speaker.

Mr. Frander, introduced by Mrs. Richmond Barton, program chairman, spoke on the topic "Planning and Building of Gardens." He compared the planning of a garden with planning a home, emphasizing the fact that a garden should be functional, "fashioned according to the needs, abilities and likes of a family."

The speaker said that it is essential to plan for an "individual garden" and offered suggestions for planting including moving plants closer to the sidewalk to make the grounds look larger and to eliminate the "cuttered look" obtained by planting too close to buildings.

He spoke of walks in a garden naming the various types, and offered advice for laying concrete and flagstone in walks and terraces.

Turning to rock gardens, Mr. Frander discussed natural ledges and ransoning ledges on natural rock placed in the garden to give a naturalistic appearance. He showed pictures of the Thompson Memorial Rock Garden.

Other phases of garden-building covered were water courses, ponds and wells. The speaker illustrated his talk with pictures of the various structures, fountains, and patterns.

Announcement of Mrs. Barton's award was made during a business meeting conducted by Mrs. John Spader, president. Mrs. Barton won second in the sweepstakes, with a total of 22 points.

At the April show following the meeting with Mrs. Ralph Mann as show chairman, Mrs. Ed Quick won second place, with Miss Jane Robinson, third. The speaker's artistic scale for a composition suitable for a living room table, using a magazine cover color scheme. Versatile Fellow

A packed Mamaroneck High School auditorium was captivated yesterday by a spectacular display of acrobatic stunts by Bertrand Shurtz, who doesn't limit his activities to the traditional acrobatic sport but is also a high school English teacher and a lecturer on creative writing.

Mr. Shurtz, former coach and professional wrestler, used five members of the audience to demonstrate his holds and tricks. Most amazing was his balancing two of the heaviest fellows around on his stomach to demonstrate the strength of his abdominal muscles.

He plans to make the high school circuit again next year, but this time as a speaker on creative writing.

Big Weekend
The Mamaroneck District will hold its annual Boy Scout Week-end at Camp Gwynny, Wingdale, Dutchess County, Saturday and Sunday.

Mr. Gost is president of the Mitchell Oil Corporation on the Boston Post Road.

The committee passed a resolution calling on Congress to repeal the federal taxes on gasoline and lubricating oil.

LIONS INTERESS IN DISASTER MOVIE

Houghton Describes Need For Preparedness By Local Agencies

Disaster and what it means in human misery, death and destruction, was dramatically brought to a film shown at the meeting of the Mamaroneck Lions Club yesterday at Blue Haven Inn. The film was presented under the auspices of the local disaster committee of the American Red Cross of which Everett T. Houghton is chairman.

"Every citizen should stand ready to aid his local disaster committee at all times," was the message of the film. "Even in the peaceful Village of Mamaroneck," Mr. Houghton said, "disaster can strike at any time. A giant plane could fall in a residential area, creating great property destruction and making many homeless. A tidal wave, similar to that of 1948, could bring disaster and human misery along our waterfront. Any number of unpredictable and unpredictable accidents could occur and require the prompt services of the local disaster committee."

"The profit realized from the annual ladies' night last Thursday was divided three ways. Howard C. Smith announced, the Mamaroneck Health Center will receive \$70, the cancer drive \$10, 20 cents.

Zoning Hearing Set Tonight By Council

A large crowd is expected to attend the meeting of the Mamaroneck Town Council tonight at the Weaver Street Flushing when the council will hold a public hearing at 8:15 on the proposal to rezone between 1400 and 1500 acres of residentially zoned property in the Town from Class A residential district to an exclusive AA residential district.

The area to be rezoned is occupied mostly by the Mamaroneck Golf Club and the Bonnie Brook Country Club, and also includes the Larchmont Ridge section.

The proposed classification would require all homes to have 20,000 cubic feet of livable space, excluding cellars and attic, and to be built on lots of not less than 15,000 square feet.

RYE TROOP BOARD APPROVES BUDGET FOR NEXT YEAR

Vote Set For Next Tuesday; Only 14 Appear At Final Session

Following a further discussion of the proposed 1948-49 Rye Troop School District budget in the Rye Troop Board last night in the Barry Avenue School, the Board of Education formally approved it by unanimous vote. The budget will be presented to the voters of the district at the annual meeting held Tuesday at 8 P. M. at the Bellows High School auditorium.

A tax levy of \$334,716 is proposed with the tax rate set at \$10.20, compared with \$10.75 for the 1947-48 school year. The increase is \$54,900.

The board itemized several expenditures for the coming year. Vincent de Paul Cremona, executive committee chairman of the Mamaroneck Teachers' Association, who wanted to know what was meant by "other expenses" for the purchase of a new "other equipment" under maintenance.

Under instructional services, the "other expenses" include \$80 for the purchase of a new typewriter, \$100 for curtains and \$5 for a travel bag for various purposes.

Under maintenance of plant, the "other equipment" includes \$200 for an aluminum step ladder, \$200 for a floor sanding machine, \$200 for floor covering and \$12 for a new picture of St. John the Baptist at Bellows High School, \$200 for auditorium shades, \$20 for a new desk and \$20 for new curtains at Barry Avenue School; and \$900 for a power lawn mower.

In one of the most enthusiastic "kick-off" dinners in the history of the campaign, fund-raising campaign, nearly 350 persons crowded into Wyramit Country Club last night to launch the second phase of the New Rochelle Hospital's three-year \$2,000,000 building fund campaign.

The current solicitation seeks to add \$200,000 to the amount already raised and bring the fund's total up to the \$1,000,000 mark by July 1.

After the dinner, A. R. Williams, campaign director, announced that the first report meeting would be held Thursday, May 14, at the hospital.

Solicitors Get Instructions
The dinner voluntary solicitors in the campaign, were instructed by speakers in the need for a new hospital, the need for new nurses' home, and in the reasons why the board of governors has approved the plan of expansion.

In addition, a lecture on "How to Get the Money to Build This Hospital" was given by Harry D. Wright of Pelham, retired life insurance executive, who presented an inspirational talk on contacting prospects and stirring them up for contributions.

Lewis P. Wells, president of the hospital, who presented, read telegrams from O'Donnell, Berlin who is in Los Angeles and Roy F. Taylor, former president of the former New Rochelle resident, regarding the need for a new hospital.

YOUTH GETS JAIL FOR FALSE ALARM

19-Year-Old Boy Receives 60-Day Term; Another Draws \$15 Fine

Carlo Bruno, 19, of 139 1/2 Drake Place, Mamaroneck, was sentenced to serve 60 days in the Westchester County Jail today by Judge Henry T. Hornidge in pulling a false alarm late Sunday night.

Arrested with Bruno, who has a previous record of minor offenses, were Jerry Marone, 16, of 4 Ellsworth Avenue and Michael Vallavelli, 20, of 29 First Street, both of Harrison.

Marone, who was arrested for assisting Bruno in pulling the false alarm, was tried under the Youthful Offenders Act. He pleaded guilty and Judge Hornidge placed him on one year's probation.

Vallavelli, charged with witnessing the pulling of a false fire alarm, was fined \$15 and fined \$15.

All three were arrested by Lieut. Louis C. Gagliardi following a report that three youths on bicycles had been seen in the area of the Westwood Avenue where the false alarm had been sounded.

A spokesman revealed that the bicycles the boys were riding were stolen bicycles. They were stolen by Bruno and Vallavelli, admitted during the hearing.

Both were turned over to New Rochelle police and arraigned yesterday in New Rochelle Police Court on charges of pulling a false fire alarm. Bruno was released in his own custody on a \$1000 bond. He will appear for a hearing May 6.

Marone, who has been found wanting for their arrest, also charged with pulling a false fire alarm, was released on \$1000 bond. He will appear for a hearing May 6.

RAF Planes Attack Jewish Jaffa Lines

By The Associated Press
JERUSALEM—A Palestine government spokesman said British Royal Air Force planes struck today at Jewish positions in the Bath Yam resort section adjoining Arab Jaffa on the south.

The spokesman said Jewish forces attacking Jaffa had been operating from the Bath Yam sector. It was presumed one of the Arab-Jewish staffs.

Managers of Evelyn Court Seeks Posting of Health Notices

Andrew Brown, superintendent of the Evelyn Court Apartments, said this morning that he agrees with Mayor B. T. Santoro that the apartment house is a pretty good looking place, but he believes that the conditions existed before he took over last June and "have continued while I have been there, totally out of my control."

The Mayor, who discovered the conditions while attending a fire there Sunday morning, informed the Village Board of it at Monday night's meeting.

Mr. Brown said he has tried to "clean up" the disposal of garbage with little success. He said some of the tenants have told him that they have heard objects falling down the dumbwaiter shafts during the night.

"The majority of the tenants are not at fault," Mr. Brown declared. "It is only a few in various parts of the house who are causing this condition."

A possible remedy for the situation, he said, would be for the Fire Department or Health Department to post notices on each dumbwaiter, signed by the Health Department, warning the tenants not to misuse the dumbwaiter or specifying how to use it.

Garbage collectors are made twice daily at the apartment house, Mr. Brown said, from 6 to 9 A. M. and again from 6 to 7 P. M. The timing of objects down the shafts, he said, occurs mostly at night.

Mr. Brown has discontinued the ringing of bells on several of the dumbwaiters because of the danger of falling objects. He said that bottles and pieces of food have been thrown down the shafts on several occasions.

Referring to the Mayor's assertion that an unclean condition exists in the halls and corridors, Mr. Brown said that he has received several complaints from tenants about other tenants shaking the mops into the hall and sweeping dirt from their apartments into the hall.

American officials have been greatly disturbed over reports that Arab Nationalists are prepared to send armies into Palestine.

Heading for Rio

Samuel S. Bligh of 38 Beachview Drive, Larchmont, was appointed one of the 12 assistant sergeants-at-arms for the 39th annual convention of Rotary International to be held in Rio de Janeiro, Brazil, May 16 to 20, will sail from New York City Monday aboard the Holland-America Line ship, "New Amsterdam."

Also among the 850 Rotarians and their families who are making the cruise will be Mr. de Jong of the Chatsworth Gardens Apartments, Larchmont, passenger traffic manager of the Holland-America Line.

The route to Rio de Janeiro, the "New Amsterdam" will stop at St. Thomas, Port of Spain, and Bahia. The ship scheduled to arrive in Rio Sunday, May 16, and will remain until the following Saturday.

Previous Rotary conventions have been held in several countries of Europe, in Canada, Cuba, Mexico and the U.S.A. More than 2,000 Rotarians and their families are expected to attend from 80 countries throughout the world in which there are 6,400 Rotary Clubs.

Tasty Samples
A film describing the production of wine was presented to members and guests of the Larchmont Lions Club by George McNamara of the Wine Advisory Board of New York City yesterday at the club's meeting in the Pal-a-Max Restaurant.

Also present were Mario Lisette and Sam Sola of the Port Wine Company. Samples of the wine were given to each member and guest of the club.

The Lions Security Bond drive, headed by George Mills, Sr., and David Goldman, yielded \$500, it was reported.

John Robert von Stein of the Powers-by-Lyman shop, 147 Devon Road, was initiated as an active member of the club.

Guests included Mrs. Harry M. Bardin and Mrs. Gordon H. Reichmold, co-chairman of the Larchmont Section of the New York State Blind Commission, and Mrs. Fretete A. Edwards of the sales service staff of the commission.

The annual Lions Club bridge tournament will be held Friday evening, May 21, at St. John's Parish House.

School Mystery
That burst of laughter emanating last night from Bellows High School had a sound basis, but the reason behind the cause is still a mystery today.

When it was time to award prizes to fathers, presented to mothers, for the "best griper," following the survey paper, Margaret Kelly, who spends her time teaching commercial subjects at Bellows, turned out to be the winner!

No one knows just how come Mrs. Kelly became a prize winner, but her own private opinion is that she will be either a father or a mother to come up with the prize money—so far as the technique question is concerned!

Poor Pop
Can father be the forgotten man?
At last night's parent-child panel at Bellows High School, the subject of what to do about fathers who snore was brought up. Someone suggested an anti-snooring device, a rubber ball attached to the pillow, which makes the person uncomfortable when he snorts.

"It would make a fine Father's Day gift," someone said.
Moderator Howard C. Smith turned to Edward Marzouli, who operates a men's clothing store, and asked him to present the Father's Day falls.

"Don't know," said Ed.
Ed.—Father's Day to June 30.

Dog Warning
Chief Paul A. Yeric issued a reminder today to all dog-owners of the unincorporated area that town ordinance prohibits dogs to run at large from May 1 to Oct. 1.

He warned that after tomorrow all owners of dogs found running at large will be issued a summons. Larchmont Police Chief William J. Kersey recently issued a similar warning to all dog-owners of the Village of Larchmont, where dogs are not permitted to run at large at any time of the year.

Safety Record
The unincorporated area of the Town of Mamaroneck today completed two years without a fatal automobile accident, Chief Paul A. Yeric reported.

The last automobile fatality occurred April 29, 1946, when Mrs. Edie Trickett of the Chatsworth Gardens Apartments, Larchmont, was struck by a car at Chatsworth Avenue and Myrtle Boulevard. She was removed to New Rochelle Hospital in a critical condition and succumbed May 2 as a result of injuries received in the accident.

Budget Hearing
A public hearing will be held at 11 P. M. today in the Mamaroneck Municipal Building, to discuss the proposed 1949-50 village budget.

The budget, presented to the Village Board a month ago by Mayor William H. Bligh, proposes a tax rate of \$17.68, compared with \$16.82 in 1947-48. The net budget is \$514,100, which covers a cost of living adjustment of \$100 all fully recoverable by the village of all village departments.

LARCHMONT BRIDGE AREA REZONING PLAN PROTESTED

Town Council Witholds Decision; 150 Attend Public Hearing

A house with 25,000 cubic feet of "drivable" space is a lot of house. This was the main bone of contention at last night's public hearing in the Weaver Street House by the Town Council on the proposed rezoning of 1,400 to 1,500 acres at the northern end of the Town from class "A" to class "AA residential."

Many of the nearly 150 persons who filled the auditorium were opposed to the rezoning, in that it would allow a few voiced complete approval. The Council withheld decision.

The proposed rezoning stems from a protest placed before the Town Council about a month ago by Coraeline Scharf, Larchmont, who is fighting against the rezoning of a home on Bernard Lancia on Avon Road, which they felt was "injurious to the best interests of the surrounding property owners."

Following discussions, it was decided to revise the zoning and building codes to thwart any further development in that area and to keep within the type of homes already there.

At last night's meeting, however, Mr. VanBuren emphatically denied charges of the rezoning. "I do not own the property nor do I have any financial connection with Mr. Lancia on that property or any other lot he owns there," Mr. VanBuren said. He added he had purchased two lots from Mr. Lancia, one of which was a vacant lot on which he was building.

Robert A. Seiden of 19 Avon Road, Larchmont, speaking for the members of the Larchmont Ridge Re-zoning Association, formed "for the purpose of protesting and perpetuating what we think is the best use of the property," said that so far as he knows, the residents of Larchmont Ridge are "100 per cent behind the rezoning."

"It would like to emphasize," he added, "that we are all permanent residents of Larchmont and the rezoning to live here are not the least bit high-lit. All we do, we like to live here and we are interested in the town's interests. We were shocked beyond words to find that all the deed restrictions which were put on the present zoning ordinance afford no protection. There is nothing at all to prevent any type of building expansion in our area, and it is not of immediate concern to us."

He termed the cubic foot requirement as a "mechanical formula" which will not work. He suggested that a three or four-man board be appointed to pass on all new buildings, and that the "excessive" 25,000 cubic foot limitation be reduced. "We don't want to make Larchmont an old man's home," he added.

RESIDENT FACES ASSAULT CHARGE

Released in \$50 Bail After Allegedly Striking Boy

Don Elliott, 24, of 170 Myrtle Boulevard, Larchmont, was released this morning in \$50 bail following his arrest on a charge of third-degree assault for allegedly striking a nine-year-old boy.

Elliott was arrested on a warrant this morning by Detective Chamney Smith of the Town police. The warrant was sworn out on information received from the boy's father, Irving Kittel, of 622 Fifth Avenue, Larchmont.

At 3:10 P. M. yesterday Officer Edward Baker was detailed to investigate a complaint about a man striking a boy. He went to the Kittel home, where he found the boy, Wayne Kittel, crying. With him were two men, George Thomas, 214 Centon Avenue, and Clarence Dodge, son of 11 First Street, New Rochelle. Both men told police that they had seen a man strike the boy.

Wayne told police that "a fat man" at the Larchmont Rapid Taxi office had hit him while going to the taxi office, the police learned the man they sought was Mr. Elliott. Both men told police that the boy identified him as the man who had struck him.

Elliott admitted to striking the boy one time across the face with his hand. He said he did so after the boy had pestered him while he was on the telephone at the taxi office. He claimed that the boy had struck him in the stomach.

Officer Baker took Wayne and his mother to the office of Dr. James Q. Haralambie because the youth complained that his head hurt but Dr. Haralambie could find no injuries.

At 9:30 P. M. Mr. Kittel appeared as the publisher of "Tidings," Larchmont's shop-a-r guide at 94 Boston Post Road, Larchmont.

Born in Brooklyn Nov. 16, 1903, Mr. Lehigh had a wide career in the newspaper advertising business. He started "Tidings" in Larchmont two years ago and had been previously with the New York Herald Tribune, Journal American, Nulley (N. J.) Sun and with the Daily Times of which he was advertising manager for many years.

Cub Scout Donates 7 Books For Young Hospital Patients

WASHBURN HEADS OVERSEAS DRIVE

Thanks to a kind-hearted Cub Scout, one of the kind-hearted hospital children's libraries is going to be enriched by seven books.

The youngest, Edward Minery, 11, of 284 Mamaroneck Avenue, Mamaroneck, is a member of Pack 3, Den 6, and is in line for a silver badge for his efforts to help others.

Edward knows that children like to have something to do to pass the hours away while hospital patients, for his sister, Carol, 6, had been hospitalized at St. Luke's, Grasslands and United Hospitals for a year with a kidney ailment before coming home recently.

"I thought it would be a nice idea to give some of my books to boys and girls in a hospital," says Edward, "but I don't know how to have something to do to pass the hours away while hospital patients, for his sister, Carol, 6, had been hospitalized at St. Luke's, Grasslands and United Hospitals for a year with a kidney ailment before coming home recently.

"I appreciate it if you would send the books get to a hospital," he told The Daily Times. Titles of the books are "Michael, Brother of mine," "The Turtles of Tamsay," "The Sea Wolf," "Jerry of the Islands," "The Son of the Storm," "The Boy Who Swam with a Pirat," "The Daily Times" will deliver the books to New Rochelle Hospital this week.

Stanley Gerard Lehigh of 331 Hill Street, Mamaroneck, died this morning at St. Luke's Hospital where he had been taken by ambulance yesterday morning. He was 43 years old.

He was the publisher of "Tidings," Larchmont's shop-a-r guide at 94 Boston Post Road, Larchmont.

THE DAILY TIMES

Thursday, April 29, 1948

Published every business day by the MAMARONECK-LEITCHFIELD PUBLISHING CO., INC. at 1000 PALMER AVE., MAMARONECK, N. Y.

PRAYER FOR TODAY—May I be worthy of the tasks assigned to me during this passing day, dear God, and may I fulfill each of them to the best of my knowledge and to the best of my capacity.

HOW'S BUSINESS?

URING the first quarter of 1948, economic advisers were uncertain on the business future. There were many factors which had not crystallized and the general situation had not "jelled."

These observers advance specific reasons for reaching this conclusion. They point to the siphoning of millions in tax cuts into purchasing power; they call to our attention the defense programs and the Marshall Plan buying, which will put additional millions of dollars into circulation.

GERMANY'S FUTURE

INDICATIONS continue to grow that Germany as it was before World War II will disappear from the maps of the world. As the United States, Great Britain, France and the Benelux Nations resume conferences on what to do with the portions of Germany under their control, it becomes clearer than ever that Russia will decline to participate in any plan for national German unity which would establish a democratic state.

After detachment of Austria, the annexation of the northern part of East Prussia by Russia, and the placement of a wide strip of Eastern Germany under Polish administration, the remainder of Germany was divided into the four occupation zones. Two of these, the American and British, have been operating now for a half-year as "Bizium," united for all economic purposes.

In such event, Western Germany, that now occupied by American, British and French forces, would take in about two-thirds of the area and slightly more than two-thirds of the population of Germany as a whole.

Formation of Western Germany would be facilitated by operation of the Marshall Plan, which has allocated to this section of the defeated enemy state a sum slightly less than half that proposed for France.

Somewhere along these lines lies the future of Germany, as many fear, World War III repeats the program now under consideration.

Col. Joe Bush Says—

We see where Ossining and Peekskill folks have formed the "Ossineek" Golf Club. Anybody who don't get invited to join can organize a rival "Peekskining" club and raise Peekskinese puppies.

Superstition and precedent are akin Tom Dewey. Never in his history has the Republican Party won a defeated candidate a second shot as the Presidency. But, then, Tom ain't all as superstitious, and he figures a chap with experience can make a better run than some amateur like Hal Stassen, who wouldn't know how to dodge when the donkey kicked.

We don't know whether there's a connection, but history shows the aspirin came in common use two years after the moose began.

One of the advanced child psychologists has come up with the advice that parents should never spank a child unless they have a definite end in view.

The Counselor

Have a Raisin I have been told that two or three raisins eaten are sufficient to supply one's system with iron for a day. My family is very fond of raisins and I wonder what and we eat it. It almost exclusively. Are we getting too much iron in our system? Does the body have to work harder to throw off the excess iron?

CONCERNED Two or three raisins might supply Frank Sinatra with iron, but they would never do you John L. Lewis. As a matter of fact, and all joking of the voice aside, an adult male would have to eat nearly a pound of raisins a day to be supplied from raisins alone, with the iron his system needs.

Actual figure given us by a Health Department physician in the county is 15 ounces of raisins per-man-yr-day. This doctor says "the body takes up as much iron as it needs and the rest passes on without causing any harm." (The best source of iron, he says, are beans, meats, green peas and whole grain cereals.)

Concerned, you may stop worrying. You are raising the family all right.

As In Harvey Please stop your argument. Which is correct—'Welsh rabbit' or 'Welsh rabbit'?

Welsh rabbit. My a former has his own variations for preparing the perfect Welsh rabbit. It is a dish of melted or baked cheese, often mixed with bread or beer, poured over toasted bread or crackers, and enjoyed with wine companions have talked late into the night on what has been and maybe is to come.

Veteran Studies Abroad I like some information concerning booking passage to England. I want to go the most interesting way possible—for instance, cargo passenger service.

Yes, it is possible. If you can't get a cargo passenger ticket, you may apply to the U.S. Army for a cargo passenger ticket. I have a few thousand dollars that I would like to stretch over a period of two years.

WE KNOW of other young men wanting to work their way abroad this Summer. But this "will be very difficult, if not impossible."

A State Employment Service office in Westchester tells us, "It's like the days when you could get seaman's papers and board ship."

You might want to get information from the State Employment Service office. We think, however, that you had better get a local travel agent to arrange passage to England for you. You may let us be recommended if you know the next thing we have to tell you. We suspect you'll be glad to hear news if we will be to you. It is this: You can go to school in England under the GI Bill of Rights for information on English schools, contact the Veterans Administration Education Section, 575 Seventh Avenue, New York City.

Love, Love, Love I am in love with a girl whose temperament is completely the opposite of mine. I am serious; she is happy-go-lucky.

UNHAPPILY IN LOVE Opposite temperaments often counterbalance each other in making for good marriages. "Rider's" husband learns to see things occasionally in the lighter view of his wife, and a wife who has been called a "featherweight" perhaps learns from her husband how to be serious sometimes. But do you and your young lady have to keep performing for each other?

Someone you plan to spend the rest of your life with should be someone with whom you feel comfortable; someone you can talk with or be silent with—without constraint. Probably no one knows whether you and your girl's feelings for each other is only physical attraction. But if you are doubtful for each other is only physical attraction, see what you think in a year or six months from now.

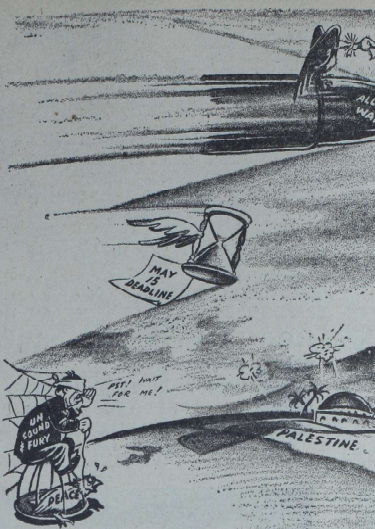

Meanwhile, make a pact with yourself to stop trying to be a constant three-step crowd for your girl. Be yourself. Because you never will wait or abide or keep up an act year in and year out, and if your girl doesn't love you, it is better to find out now.

YOU'RE TELLING ME!

Central Press Writer An election which was to be staged in Korea on May 9 has been postponed because of an eclipse of the sun on that date. Since when has Old Sol been meddling in politics?

You must admit, however, that when Old Sol's a ballot, he does a complete job of it.

The eclipse over Korea will be total. In other words, it will be a sort solar straight ticket land-slide.

The election has been postponed until the following day when it is hoped that the sun will cooperate and throw a little light on the electoral situation.

Oddly enough, there has been no protest over the election delay by diehard candidates. A solar eclipse would seem to be ideal election weather for them.

Korean candidates probably are well equipped for the eclipse by their own propaganda, which promises the citizenry that after they are elected things are bound to be brighter.

The Koreans are a superstitious people and don't like eclipses. By now, they've probably formed an anti-moon party since that solar light will be chiefly responsible for the dark days.

Truman Forces Seek Support Of Illinois Slate From 'Liberals'

By RAY TUCKER

WASHINGTON—Henry A. Wallace's "liberal" strategy as exemplified in the Illinois contests of United States Senator and Governor, has become one of the Truman Democrats' most salient arguments in their drive to persuade so-called "liberals" to shun the third party candidates and to reduce his support to the allegedly small Muscovite fringe of the electorate.

In this key midwestern state, the regular Democrats have named Professor Paul Douglas and Adlai Stevenson for the seats at Washington and Springfield, respectively. Both were intimate friends and erstwhile on-lookers with Henry during New Deal days.

One of the latest's views on Moscow, they are in general agreement on their social, economic and political issues. The belief that the Wallace faction might endorse them was an important factor behind their nomination.

TICKET The opposing ticket will consist of Senator C. Wayne Brooks and Governor Dwight H. Green, former ultra-conservative GOP boss. He is also presumed to entertain vice-presidential ambitions.

Mr. Green will be the keynote at the Republican national, with the blessing of the anti-Staewart GOP bosses. He is also presumed to entertain vice-presidential ambitions.

Mr. Douglas' friends have labored with Mr. Wallace in an attempt to convince him that he ought to throw his strength behind their ticket. They have explained that, besides assuring the reelection of Moore, Brooks and Green, a three-cornered split-up of important Illinois votes would furnish every proposal for foreign aid, which has apparently convinced him to the present state of mind behind the former Vice-president.

They have explained that, besides assuring the reelection of Moore, Brooks and Green, a three-cornered split-up of important Illinois votes would furnish every proposal for foreign aid, which has apparently convinced him to the present state of mind behind the former Vice-president.

RECORD Mr. Wallace sought a quiet retreat with respect to Moscow. He replied he had been too occupied with more important problems to make lunch-time acquaintance with the Illinois Senator's voting record. This report struck the Douglas exhorters as somewhat strange, in view of the fact that Henry had presided over the Senate for several years.

It has been agreed the Keystone State will present Senator Martin as a favorite son. In the first ballot, possibly on the second and third of the expected deadlock developments, to a tiebreaker constitutes the guard between the two statesmen at Washington and Harrisburg.

There is also involved the political prestige of the duellist, former boss of Pennsylvania, whose unquestioned and unchallenged political boss of Pennsylvania state which has acknowledged no real, long political ruler since the death of Robert Pennrose.

REPETITION Senator Martin has intimated he yearns for a more important role than that of a mere "favorite son." He thinks that if his name is kept before the convention for the duration, he might land in second spot on a slate headed by Harold E. Stassen of Minnesota, which would be a well-balanced ticket from the geographical standpoint.

Governor Duff, however, wants to be known and recognized as a positive winner in a presidential election. Therefore, he is cold to the idea of sticking to Senator Martin to the finish. He is not supposed to have any particular preference.

Prize Exhibits On Display In Library

Prize-winning exhibits from Monday's show of the Garden Club of Mamaroneck are on display this week at the Mamaroneck Free Library, where they have been placed by Mrs. Edward J. Storey, assisted by Mrs. Francis B. Laughlin of the Garden Club. Fresh materials for the exhibits were supplied today by Mrs. Storey and Mrs. Edith M. Priddy, providing decorations for the library in a year-round project of the club.

During the spring months, forced branches have been given to the library by members. Miss Georgia Andrews, Mrs. Gordon Troceny, Mrs. Edith M. Priddy, Mrs. Irving Fischer, Mrs. Richmond Barton and Mrs. Fred Parr, an Easter arrangement in the children's room was made by Mrs. Edith M. Priddy. A slushy book loaned by the club, and Mrs. Henry Kincaid provided daffodil arrangements last week.

Other flowers or floral arrangements were donated by Thomas Skinner, Mrs. John C. Germann, Mrs. Fred Schumacher and Mrs. Robert Kearsfoot, with a gift of money given by Mrs. Howard Wolf of Scarsdale. Garden Club members will continue to donate and arrange flowers throughout the summer months.

9th District Club Parley on May 6

The annual meeting of the Ninth Judicial District, New York State Federation of Women's Clubs, Inc., will be held Thursday, May 6, in the Orient Beach Club, opening at 10 A. M.

Mrs. Philip H. Holden of Larchmont, ninth district director, announced the morning and afternoon sessions, with luncheon scheduled for 12:30 P. M. Reservations may be accepted as late as May 5 by Mrs. Edith M. Priddy, 134 Hampton Road, Larchmont.

The Mamaroneck Women's Club will serve as host club for the day, and its choral group will entertain with a program during the morning session which will include reports of officers, chairman and deans of departments, and presentation of guests of honor.

The polls will be open at 1:15 P. M. following luncheon and the afternoon program will include a message from Mrs. Kenneth Strayer, State Federation President, a preview of programs available for the forthcoming club season, and election returns.

Garden Club Sends Seeds To Europeans

A total of 853, collected by members of the Garden Club of Larchmont, under the leadership of Mrs. Jennie Hill, has been given to the All-America Friendship League for the purpose of buying seeds to be sent for planting in devastated European countries.

In addition, a large shipment of garden tools has been sent to Finland through the "Save the Children" organization. Mrs. Stanley W. Duhig, member of the club, who sailed early for London, England, delivered the Club's gift of tools to the Beckhaman All-American Society, with which the Club has maintained close contact.

Mrs. L.R. Dodson, past president of the Club, has received many thank-you notes for seeds sent members of the society, who have expressed interest and pleasure in food grown from the seeds. One English letter asked for a "pen-pal" for his 15-year-old daughter, and another expressed the "comfort in knowing that England has friends outside the 'Old Country'." All have commented that "it is a friendly and helpful gesture and in fact which will assist in the maintenance of friendship between the two countries."

Miss Jo Golliday, daughter of Mr. and Mrs. Gail Golliday, of 24 Oak Avenue, Larchmont, is chairman of the trocket committee for the sophomore show, "Bea Year Darden" to be presented Tuesday and Wednesday at the Little Theater, Green Mountain Junior College. Miss Golliday is a member of the Student Council. Current Books Club members of the Club, International Relations Club and SKI Club at the college.

Tired Kidneys Often Bring Sleepless Nights

It is a common mistake to think that a good night's sleep will refresh you. In fact, it is a sign of tired kidneys that you wake up with a headache, a heavy, leaden feeling, and a general sense of exhaustion. This is because the kidneys are the body's natural filter, and when they become tired, they are unable to filter out the waste products of the body. This leads to a build-up of toxins in the blood, which causes the symptoms mentioned above. To avoid this, it is important to keep the kidneys healthy by drinking plenty of water, eating a diet low in salt and fat, and avoiding alcohol and tobacco.

Vassar Alumnae Elections Precede Ruth Taylor's Talk

Westchester's Associate Alumnae of Vassar College met yesterday at the Scarsdale Golf Club to elect a new president, Mrs. James H. Wall of White Plains.

The luncheon meeting, with Mrs. Arthur W. McCain of Scarsdale as chairman, was attended by 110 Vassar alumnae, who heard reports of officers, plans for Vassar's new scholarship fund raising undertaking, and a report on the recent alumnae council at South-Keppis, given by Mrs. Lawrence S. Scofield of Larchmont, Council representative.

Miss Taylor, Class of 1909, was introduced by Mrs. Greenville S. Several of Vassar's alumnae, who welcomed members and introduced new elected officers: Mrs. Wall, Mrs. McCain, Mrs. Wall, Mrs. McCain, Mrs. Wall, Mrs. McCain.

Advances and improvements in the administration of public welfare in Westchester since 1915, the picture today, with Westchester in top place in the United States in its record, and the pressing problems of the future in the broadening field of social work were discussed by Miss Taylor, who played the county department of Child Welfare as director several years after her graduation from Vassar.

As recently as 33 years ago, she pointed out, public welfare in Westchester was a decentralized, unorganized and a picture of horror. Public officials charged with the responsibilities of caring for the children of the poor, themselves had not fitness for the work, she said, kept archaic and out-of-date records, and often had no way of knowing with whom children had been placed.

"The 'superintendent of the poor' was the nearest approach to the citizen and taxpayer, the almshouse and prison were administered under the old time Elizabethan concepts, names and poor laws, there was no public hospital, persons with tuberculosis were sent to large sanitariums and 'transference' was done to children receiving instruction in the almshouse," she said, "and she said, 'I have seen the face and soul of the poor'."

During the business meeting conducted by Mrs. Sewell, preceding Miss Taylor's talk, a vote was taken to support a Vassar scholarship fund raising project in Westchester, following a report by Mrs. Wall on the desirability of "making Westchester more Vassar-conscious, both from the point of view of good prospective students, and that of the alumnae."
