## Cancer Society Dinner

The Mamaroneck Cancer Commission will be represented at a dinner given by the American Cancer Society at the Waldorf-Astoria Hotel in New York City by Mr. and Mrs. E. B. Inrahim and Mr. and Mrs. E. B. Hoshbain. Mrs. Inrahim is chairman of the village campaign committee.

Among the speakers will be C. P. Ketterling, national campaign chairman; Dr. Charles F. Cameron, medical and scientific director for the American Cancer Society; and Ernest Robert, vice chairman of the Board of Directors of the American Cancer Society.

Gen. John Reed Kilpatrick, chairman of the New York City Cancer Committee, co-sponsor of the dinner, will be master of ceremonies.

## Reading, Riting and—?

The three Rs may stand for Reading, Riting and Rithmetic today but that's not what they stand for in the new book, "The Three R's," a new state education department superior, told an audience at Belvidere High School last night.

Originally, he explained, the third R was religion since one of the main functions of education was to teach persons to administer their own affairs in accordance with their Bibles. Later, when the merchant class expanded and it became necessary to teach persons to do their jobs in stores and businesses, "Rithmetic" replaced religion in the traditional catch phrase.

"R," Spencer told the story to illustrate his contention that education has always been and must continue to be functional.

## Insurance Supervisor

Eric L. Schmidt, formerly of 32 Palmer Avenue, Mamaroneck, has been appointed supervisor of the northern California regional office of the United Insurance Company with offices in Oakland, Calif. He and Mrs. Schmidt, daughter of Mr. and Mrs. Sydney C. Monroe of 81 Rockland Avenue, Larchmont, are residing in the "Greenwood."

Mrs. Schmidt expects to return to Larchmont in June for several months' visit and Mr. Schmidt will arrive in August. He is the son of Mr. and Mrs. Jacob Schmidt of the Palmer Avenue address.

## Senior Play Changed

"The Little Foxes," recently Broadway success, will replace "My Son" originally scheduled as the senior class play at Mamaroneck High School. The change was announced this morning by Principal Joseph C. McLean and Robert Hanna, who will direct the production.

"The Little Foxes," written by Lillian Hellman, and starring Elizabeth Bankhead in its New York production, will be presented on April 13. It is a story of family life at the turn of the century. Arthur Miller is the author of "All My Sons."

## Party to Organize

The Independent Citizens Party, the Mamaroneck Group which supported the candidacy of J. Ople Hagans for trustee in the April 8 village elections, last night set April 8 for an election of officers and committee chairman.

The meeting was held in Mrs. Hagans' office, 631 Mamaroneck Avenue.

In addition to the election of a chairman, vice chairman, secretary and treasurer, the party will name members of a political educational extension group.

John Campbell, temporary chairman, presided.

## Heads Camp Parley

Dr. Edward J. Storey, director of health and physical education for Union Free School District No. 1, will serve as chairman of the section on swimming, counseling and physical education at the annual Key Personnel Conference of the Association of Private Schools to be held at the Hotel New Yorker.

Dr. Storey is owner and director of Camp Half Moon, Great Barrington, Mass.

## BURNED-OUT MOTOR SMOLDERERS IN BANK

No brush fires were reported in Mamaroneck Village yesterday but Mamaroneck Patrolman John Rowan discovered a burned out electric motor attached to the outdoor heater in the Federal Savings and Loan Association building at 142 Mamaroneck Avenue.

Patrolman Rowan reported at 11:20 P. M. that the heater in the bank appeared badly and summoned Fire Chief William Lemmon who reported to dispatch.

## Man Sentenced to Jail On Disorderly Charge

Walter Gross, twenty-seven, of 39 Brackett Street, New Rochelle, arrested Wednesday on a charge of disorderly conduct, was sentenced last night to ten days in the County Reformatory. He was represented by Judge Munn Buever in Town of Mamaroneck Police Court.

Gross was booked by Town of Mamaroneck police after running into an argument with James Thurston, eighty-one, of Larchmont. Mrs. Thurston told police Gross had struck him, but no charges were pressed.

## Jewelry Burglar Gets \$5,000 In Larchmont Loot

### Apartment Ransacked In Daring Daylight Burglary

About \$5,000 worth of jewelry and miscellaneous articles were stolen yesterday sometime between 10 A. M. and 3 P. M. when a burglar entered and ransacked the apartment of Charles L. Miller in the Larchmont Hills Apartments.

Gaining entry by forcing the front door with a pinch bar or other tool, the burglar entered the apartment, emptying the contents of drawers on the floor, in his search for loot.

The apartment was found in disorder and the front door propped open shortly after 3 P. M. by Miss Besse Butts, a laundress in the Miller's employ for the last three years. She had left the apartment, locking the door, at 10 A. M. of the burglar when she laundried clothes until 3 P. M.

On a preliminary check by Mr. Miller yesterday revealed that only two or three items of jewelry had been taken. But this morning (Turns to Page 3, Please)

## CONCERT SERIES ENDS APRIL 9TH

Sinfonietta Will Present Final Program For Association

The final presentation of this season's first community concert series, a performance by the distinguished St. Louis Sinfonietta, will take place April 9 at 8:45 P. M. at the Mamaroneck Junior High School.

An afternoon performance will be given by the Sinfonietta at 2 P. M. in the auditorium for young people, by special arrangements with the Community Center at the association board of directors. Extra tickets have been provided for members of the Association for the use of their children or other young people in the community.

The Sinfonietta, many of whose artists formerly played with the noted St. Louis Sinfonietta, is directed by its founder, Paul Schreiber, American Conservatory of Music.

The ensemble's repertoire consists of works by Bach, Haydn, Mozart and Beethoven. It also includes Stravinsky, Hindemith, and other modern composers. It is regarded in musical circles as one of the finest playing groups of its kind.

Introduced in 1937 to audiences in the South and West, the St. Louis Sinfonietta is now accepted for as many as 110 concerts a season in various parts of the United States.

## 2 DOGS KILLED BY RIFLE SHOTS

Mysterious Gunmen Sought By Detectives Near Washington St.

Two dogs were found shot and killed, by 22 calibre bullets, on Plaza Avenue and Washington Street, Mamaroneck, at 6:20 P. M. yesterday.

A shepherd-spirit owned by Alexander Washington, 214 Columbia Avenue and a collie owned by Vito Sinopoli of 133 Waverly Avenue were found dead within a block of each other by Mrs. Natalie Freckson of 238 Madison Street, Mamaroneck, who summoned Mamaroneck police.

Mrs. Freckson told Det. Sgt. William O'Neill that she heard shots in the vicinity of her home and saw the dogs running down the street, apparently toward home. They fell on the street, each bearing one hole made by a bullet fired through the body. They were disposed of in the Village incinerator at the request of their owners.

Mrs. O'Neill said that the dogs, which had probably been tramping gardens in that section of the village and making a commotion with the many other loose dogs, had probably been shot by someone who had tired the house and damage. The Detective Bureau is investigating the case.

## Car is Badly Damaged In Larchmont Accident

One auto sustained heavy damage at 1:31 A. M. today in an accident on Larchmont Avenue near Vanderburgh Avenue.

The entire front end of an auto operated by Herman Dreckman of 3 Vanderburgh Avenue, Larchmont, was wrecked when it collided with a car driven by Dr. Hermann G. Hoffman of 219 Larchmont Avenue, Larchmont.

Mr. Dreckman told Larchmont police he was driving north on Vanderburgh Avenue before making a left turn into Vanderburgh Avenue. He was struck by the car from Dr. Hoffman's car, pushing it over the curb on to the sidewalk.

Mr. Dreckman said there were 46 Vanderburgh Avenue, Dr. Hoffman's car escaped serious damage.

## 600 PERSONS VIEW CAMP SWANOWY SHOW

More than 600 persons viewed the Camp Swanowy Show last night at the Murray Avenue School.

The show was presented by a group of Scouts representing the New Long Island Commission that make up the Swanowy Scout Council, part of a series of Indian dances in participation.

Among those who participated were James McCallie, John Saporito, Bill Dixon, Allen Tubb, Peter Mosser and Carl Olinger of Larchmont and Donald Schvermer of Mamaroneck.

The final performance will be given at the Mamaroneck Avenue School.

## Man Pleads Not Guilty Of Traffic Violation

John J. Farrell, Jr. of 132 Chatham Avenue, Larchmont, charged with failing to observe a red stop sign, pleaded not guilty last night in Larchmont Police Court and Judge John R. Cahill set April 14 as the date for his trial.

Farrell was served with a summons following an accident Monday in Larchmont.

Fined \$2 each for parking violations Charles A. Quinn of 9 Teaching Avenue, Mrs. Mahab of 38 Edgewood Avenue, and Mrs. Natalie White of 33 Edgewood Avenue, all of Larchmont, and Ernest Lightbody of 400 Main Street and Harold E. Prides of 323 Beechmont Drive, New Rochelle.

## Western Pastor Will Hold First Service Sunday

### Fairman Begins New Duties At St. John's Church Today

Rev. William R. Fairman, new pastor of St. John's Episcopal Lutheran Church in Mamaroneck, will preach his first sermon here Sunday at 10 A. M. in the tower, "The Everlasting Gospel."

Rev. Fairman, who undertakes his new duties officially today, is residing at 403 Melbourne Avenue, Westchester, Conn.

He comes to Mamaroneck from the St. Paul Lutheran Church in Port Chester, Conn., where he was active in community affairs. He is a charter member and was first president of the Byram Rotary Club. Wednesday night the combined Rotary Clubs of Byram, Port Chester and Greenwich held a testimonial dinner for him at the Old Post Club in Port Chester presenting him a watch in appreciation of his services.

He was a member of the Greenwich Community Council and the Greenwich Council of the Boy Scouts of America. He served on the board of the Greenwich Center for Child and Family Welfare and was secretary-treasurer of Greenwich Clergymen's Fellowship.

A native of Philadelphia, Rev. Fairman is a graduate of Temple University and the Philadelphia Lutheran Seminary. Before coming to Port Chester he served parishes in Buffalo and Greenville, N. Y. He succeeds Rev. Theodore O. Powell, Jr., as pastor of St. John's.

He is married to the former Erma Lebo of Philadelphia and they have two children; Carol, seven, and Robert, two.

## Education Should Emphasize Individuality, Spencer Claims

The function of education is to stress individuality and encourage them to suppress individual differences among students. Dr. Harry Spencer, superintendent of the New York State Education Department Bureau of Curriculum Development, told an audience of New York teachers and parents last night at Belvidere High School.

The meeting was sponsored by the Belvidere Community Club and the Rye Neck Community Educational Planning Committee with the cooperation of Dr. Alvin W. Hertz, superintendent of schools, and William C. McAlone, high school principal.

Dr. Spencer pointed out that present-day schools must offer a varied curriculum to fill the needs of pupils with a wide variety of aptitudes and interests and that the failure of many schools to do so is causing an increasing number of "drop-outs."

By and large, it is the 17-year-old boy who is apt to drop out at about the 10th grade, Dr. Spencer said, unless recent requirements have forced him out earlier.

Dr. Spencer asked, "How are we going to find a way to serve the 62 percent who don't go to college? Are we going to keep them all the same things?"

The State Education Department is made up of persons very interested in protecting youngsters from inadequate building facilities, undue discipline and inferior educational programs, Dr. Spencer declared. The department sets up regulations on basic curricula and examinations since recent examinations have a function similar to college board exams. "The colleges like it," he continued. "So we maintain it. State aid is paid to schools that make use of these exams but a school does have a right to maintain a standard for a local diploma."

Making a plea for a curriculum that will satisfy all types of pupils, Dr. Spencer declared, "You do not lower standards when you set standards youngsters can achieve. There are bigger aims in education than those we have been thinking about."

The speaker stated that in industry, more persons are fired

### 'Unfairness' Of NHRR Rates Hit By Analyst At Hearing

NEW YORK (AP) — A rate analyst says Mount Vernon commuters pay a 33.13-per cent high rate for the Atlantic City Railroad.

The analyst, John Bauer, testified yesterday before the State Public Service Commission at a hearing on the line's proposed increases in intra-state commutation fares.

Bauer, questioned by Herbert Askevitz, chairman of a Westchester commuter group, said his studies showed the Mount Vernon commuter cost the railroad the least per mile even though it pays the most for increases in intra-state commutation fares.

The analyst, John Bauer, testified yesterday before the State Public Service Commission at a hearing on the line's proposed increases in intra-state commutation fares.

Bauer, questioned by Herbert Askevitz, chairman of a Westchester commuter group, said his studies showed the Mount Vernon commuter cost the railroad the least per mile even though it pays the most for increases in intra-state commutation fares.

The railroad contends it is entitled to a commutation rate increase for a 44-cent ticket which would equal in Connecticut last September.

Bauer said, under questioning, that if the proposed 15 per cent increase for a 44-cent ticket were put into effect for Westchester, the Mount Vernon ticket would be 48 per cent more than the present Stamford rate.

Yesterday's hearing concluded the hearing of evidence in the rate proceeding.

The parties were given until April 15 to file briefs and until April 20 to file answering briefs.

The hearing was the first in a series of hearings on the original application for an increase in commutation fares.

After several hearings in 1947, the Public Service Commission's petition and on Dec. 19, 1948, the commission commenced on the rate proceeding to re-apportion for increased commutation fares on the basis of a presentation of commutation costs.

The Public Service Commission's motion for ball on the grounds he had no right to set ball on a prisoner charged with a felony who might have a previous record, Police haven't yet completed a check on this point.

Wearing a black dress with a white jacket and with a black ring through her short red hair, she was calm as she appeared in court.

Police reported she admitted five burglaries, three in Eastchester.

## U. S. Considering Reply Rejecting Russian Objections

WASHINGTON (AP) — Russia's protest against the Atlantic pact stirred controversy a ripple today in plans for the treaty signing, but did bring some conferences on the reply to be made.

Rejection of the protest is a foreign question. The only question is what is the most effective means of rejecting it. Top State Department officials were reported to be considering that.

Foreign ministers were gathering to sign the historic treaty on Saturday, one of the new arrivals, Belgium's Paul-Henri Spaak, told reporters that Russia's new note will not stop him from signing the North Atlantic alliance for his country.

Spaak denied Russia's charges that the alliance is aggressive. He said to him "the most important thing in the (Soviet) note" is the statement that Russia has "no aggressive aims."

The treaty development was pushed ahead at full speed on plans for uniting the non-communist West to build up its local military and economic power against any possible Soviet aggression.

The treaty was signed in the front room when the State Department announced that Secretary of State Acheson would receive British Foreign Minister Ernest Bevin and French Foreign Minister Schuman jointly later in the day.

Indications were that the foreign ministers would be the first to sign.

### Justice Bureau To Continue Taps

Clark Says Wires Will Be Used In Vital National Cases

WASHINGTON (AP)—Attorney General Clark today made it known that the Justice Department is not going to abandon the use of wire tapping in cases involving national security or a matter of life and death.

He acknowledged, however, that he will press for one controversial provision in the so-called "Privacy Act" which would permit use in courts of information obtained from wire tapping by the FBI and military intelligence.

The two positions were disclosed as an aftermath to a five-hour session of the House Judiciary Committee on Thursday. It was sent to Chairman McCarran, D., Nev., of the Senate Judiciary Committee, which everyone expected to be held in favor of the Democratic Action and the American Civil Liberties Union.

The two organizations voiced strong approval of McCarran's action in removing the wire tapping section from the administration bill.

They also went on to say that FBI Director J. Edgar Hoover had acknowledged publicly that the FBI does tap telephones in certain cases. The letter stated that Hoover's statement "is an admission that he is violating the law."

McCarran said this wasn't so—that there is no law banning wire tapping on the books now.

Clark Says Wires Will Be Used In Vital National Cases

WASHINGTON (AP)—Attorney General Clark today made it known that the Justice Department is not going to abandon the use of wire tapping in cases involving national security or a matter of life and death.

He acknowledged, however, that he will press for one controversial provision in the so-called "Privacy Act" which would permit use in courts of information obtained from wire tapping by the FBI and military intelligence.

The two positions were disclosed as an aftermath to a five-hour session of the House Judiciary Committee on Thursday. It was sent to Chairman McCarran, D., Nev., of the Senate Judiciary Committee, which everyone expected to be held in favor of the Democratic Action and the American Civil Liberties Union.

**Just Hot Air**  
An unusual cheer for the Bellows High School Junior and senior basketball teams featured less usually April 20th in the school gymnasium as cheerleaders took the floor for a "personnel" between periods.

The juniors lined up with five large blue balloons, each with the name of a member of the senior team. As each name was "cheered," a junior cheerleader pricked the balloons in succession. Then followed individual cheers for members of the junior team whose names were printed on huge red balloons. Following each cheer, each balloon was released and floated contentedly to the ceiling of the gym.

The red balloons must have been filled with hot air, however, because the seniors' cheerleaders' comments on the 40 to 45 victories. The seniors girls also cheer their leaders 20 to 12 while who cheer leaders led the yell uttered in channel magazines and news hats.

**No Joke**  
There was one announcement in yesterday's April Fool edition of the Bellows High School Student Observer that was no joke.

Tucked in with the announcement that teachers were being poisoned and the sports program dropped because all cheerleaders were afraid to play Belts was a story about Saturday Evening "Globe" a play to be given on Saturday night in the school gymnasium.

That announcement was the real thing, school spokesmen stressed this morning. It is being sponsored by the Bellows Community Club in an effort to raise \$500 for a scholarship fund for a deserving senior.

**Stooping Pretty Low**  
There's probably no lower form than that of the stooping dog. A dog's back, says Frank White, assistant superintendent of the Larchmont Public Schools, Larchmont.

Mrs. White dressed her dog in a new red turban and collar recently and sent him out for a walk. The shivering animal returned something like a hunchback and with a bad case of the sniffles, Mr. White said.

"I don't see how the creature could have drooped off," he said to Mr. White. The dog is a colored dachshund named.

**To Talk On Sex Films**  
Pastors of three local Catholic churches will state the Catholic viewpoint on the showing of sex education films during their services tomorrow.

The New York State Catholic Welfare Council, representing the Catholic Bishops of the State, yesterday condemned the showing of two sex education films and distributed leaflets to Catholic Churches, including St. Vincent and Holy Trinity of Mamaroneck and St. Augustine's of Larchmont, their objections to the "indiscriminate and unqualified dissemination of sex knowledge."

**Looking Over Harbor**  
Army engineers have been surveying for several days the East and West Basins of the harbor of Mamaroneck. Village Manager William H. Johnson reported today.

"It looks like they're getting interested in our harbor dredging project, particularly the East Basin," he remarked, adding that nothing significant has happened with regard to the dredging and disposal of the material.

## Various Civic Improvements Sought By Local Residents

**EDITOR'S NOTE**—This is the 7th in a Saturday series of short interviews with residents on issues of the day, local and national. This week's question: "If you had just been elected to your village or town board what community improvements would you work for?"

William G. Descher, 94 Stuyvesant Avenue, Larchmont: "One that I would work for at the present time would be an improvement of the water system here in Larchmont. There are many dead streets and areas down the Manor which haven't enough water. I am a volunteer fireman and, of course, the present condition of the system is vital to fire protection. There is a study of the problem on now, and a would thought a bond issue to put the improvement through."

Mrs. Paul M. Descher, 46 Colonial Avenue, Larchmont: "I can hardly think of any I think they do a good job of. I think they do. Perhaps snow removal on side streets could be improved, though they certainly clear the main thoroughfares."

Mrs. J. F. Fox, 411 Wellbourne Avenue, Mamaroneck: "I would certainly want to develop the park area in the village planning board so that it would survey all projects of recreation, housing, water pollution and perhaps even overlapping government."

Mrs. John G. H. Muelke, 504 Chestnut Avenue, Mamaroneck: "Quite a number with our village government and operating without money or publicity is a planning board of five members. If I had just been elected to the Village Board I would revitalize this very important board, finance it and encourage its operation by giving its actions publicity and by appointing it to capable and interested men. I do not see the village board to work cooperatively with it in all the many projects which this planning board help our community achieve and maintain a better living environment in the broadest sense of that term. Where is the report of the Mamaroneck Postwar Planning Committee and what are we doing about it?"

Mrs. David E. Lynn, 46 Glen Road, Larchmont: "I'm sort of a satisfied customer. I don't put my finger on anything. I've no complaints. Larchmont is 76 years old."

Donald R. MacMann, 15 Wendell Avenue, Larchmont: "I have no trips."

Mrs. Herbert G. Mitchell, 80 Hickory Grove Drive, West Larchmont: "I would like to see the village planning board so that it would survey all projects of recreation, housing, water pollution and perhaps even overlapping government."

# Dennis Caught After 7-Minute Freedom Dash

## Gen Burglar Captured In Flight Through White Plains

By ROBERT B. PATTERSON  
Soling a split-second opportunity, Gerard Graham Dennis, international thief, made a break for freedom last night in the heart of White Plains. He was captured seven minutes later by a twenty-seven-year-old city policeman. The chase was punctuated by six pistol shots, none of which took effect. Pedestrians sought to bring down the prisoner by hurling bricks and other missiles.

The attempted escape followed a day with police officials in New York during which the prisoner was described as being "most cooperative."

Returned to White Plains last night at about 7:30, Detective Lieut. Maurice Kelly of the New Rochelle Police Department, Detective Jack Teshan of the Harrison Police and Sheriff Sheriff Bruce Johnson, attached to the County Jail, took Dennis with them to the County Jail, Court Street, for dinner.

**Chamber Project Gets Off To Early Start; Many Features Planned**  
Sixty per cent of the available exhibition space for the first annual Mamaroneck Merchants and Manufacturers Exposition, to be held at St. Thomas's Community House on May 25 and 26, has already been taken, Arthur Dunn Jr., executive secretary of the Chamber of Commerce, sponsor of the event, announced at a meeting of the exposition executive committee yesterday afternoon at the Union Savings Bank.

Until April 15 only members of the Chamber. Applicants for membership are eligible to contract for space. Mr. Dunn said.

Among those who have already signed up are the sponsors of a style show. They are Jane Alton, Mrs. J. H. Stupp, H. W. Margolis, Mrs. E. C. Roberts, the Department Store and Dimmock's. These merchants are expected to make some next week and disburse plans.

Others who have taken space are Frisk N. Y. Inc., Pure Food Co. Inc., Happiness Laundry Service Inc., Gunn Bros. Oil Co. Inc., Swift Service Inc., Baxter's Hardware, R. G. Brewer Inc., Penmore Book Shop, H. Strauch Inc., Capps Pharmacy, Peter C. Doern Jr. Inc., Houghton Associates, Inc., Mamaroneck Insurance Agents Association, Union Savings Bank and Gallagher Studio.

"I think that the progress made by the booth sales committee these past few weeks is nothing short of miraculous," Leonard Chase, president of the Chamber, stated. "At the rate the policy is now going there will be no space for members by April 15. A study of those who have taken space is being made by the executive committee of the exposition."

Another meeting of the exposition executive committee will be held within the next two weeks, Mr. Chase said.

## Mayor Proposes \$1.50 Tax Drop For Larchmont

**COLLECTION BOXES AID CANCER DRIVE**  
New Rate Set At \$19.50 If Washburn's Budget Is Adopted

A budget calling for a net tax levy of \$471,000 which, it is expected, will drop the tax rate in Larchmont to \$1.50 per \$100 of assessed value, was adopted yesterday by the village clerk by Mayor B. C. Washburn. The proposed new rate, based on an increase of more than \$855,000 in the assessed valuation, will be \$19.50 as against \$21 last year.

The gross budget for 1949-1950 totals \$997,140 or \$3,972 less than last year's total. Anticipated revenue has jumped more than \$14,000 from \$108,189 to \$122,260. The net is down \$118,274.

The budget, which allows no salary increases but grants a bonus of \$7,219 to the Department of Public Works for sewer, park and street improvements, will go to the village board for study Monday night.

Most of the DPW increases appear in the Sewers, A Sewer at Woodbine and Ocean Avenue will be replaced at a cost of \$120,000. The Department of Public Works will be placed under sewer ejector stations in Larchmont to keep children out and streets clean.

While all budget items for Flint Brook will be placed over at the end of Village Avenue will be improved at a cost of \$1,800, the proposed \$1.50 per \$100 rate is due largely to the efforts of the Woodbine Park Association. Fifty top soil and \$100,000 of the Department of Public Works will be placed over at the end of Village Avenue will be improved at a cost of \$1,800, the proposed \$1.50 per \$100 rate is due largely to the efforts of the Woodbine Park Association. ## Mayor Register Catholics Denounce Sex Films In Schools

**ALBANY, (AP)—**The New York State Catholic Welfare Council, representing the Catholic Bishops of New York State, yesterday denounced the showing of two sex education films—one of them to school children.

The committee, of which the Most Rev. William A. Scully, Coadjutor Bishop of the Albany Diocese, is chairman, also protested in a statement against what is termed "indiscriminate and imprudent dissemination of sex knowledge" to school children.

The film named in the statement is "Human Growth," intended for children in grades six to nine in elementary schools and "Human Reproduction," for parents and other adults.

"The promoters of these films imagine that they can 'forearm' youth against the dangers of sexual knowledge by means purely natural," the statement declared.

It added that sex knowledge will not aid youth to develop Christian standards of decency and to better citizens."

The State Health Department said the two films were listed in its film library, but were not produced by the department.

The department said that it distributed them on specific request from recognized community organizations or from "very constituted health and educational authorities." Dr. Granville Larchmont, director of the department's Office of Health Education, declared they were not distributed indiscriminately.

The Catholic Welfare Council in its statement says that it is deeply concerned because in some parts of the state local boards of education, stimulated by parent-teacher groups, have attempted to show "Human Growth" to children in the public schools. The council fears that the great spiritual and moral harm will come to children and youth if this program is continued.

## Steen Becomes New Elks Ruler

**New Officers Installed At 200 Guests Attend From Other Lodges**

James A. Steen last night succeeded Leo Rothman as exalted ruler of the Mamaroneck Elks as the slate of officers elected March 18 was installed during ceremonies at the Masonic Hall.

Other officers are Arthur W. Bailey, leading knight; Joseph H. Muller, secretary; Joseph C. O'Connell, treasurer; Max Thum, organist; William Warrington, chaplain; Fred W. Crisp, secretary; William P. Anthes, elder, and James A. Steen, Jr., inner guard.

The incoming officers who will serve for one year, were feted at a dinner at the Elks Club preceding the installation ceremony. About 200 Elks, representing lodges in nearby communities, attended.

State Senator Raymond McGovern, past exalted ruler of the New Rochelle Elks, and his staff from the New Rochelle lodge performed the installation ceremony.

## Start With Unions To Block Communism, Conroy Holds

The best way to eliminate the threat of Communism in America is to clean up labor unions in America, Fred W. Conroy, one-time Communist party member and an organizer for the Mechanical and Electrical Workers' Brotherhood of America, declared last night the fourth and final community forum on Communism in the Holy Trinity School auditorium.

He said Communists, through their loyalty, unselfish purpose, and devotion, have made "do-gooders," have made serious infiltrations into the labor organizations of the United States.

He urged working men to "accept the Communists and go into the unions and work against the Communists." He said this is necessary "if we are to protect our God, our country, and our freedom."

Listing ways Americans can help, he said they should not have anything to worry about if they provide social justice for the men and women who work.

Explaining how he had become a Communist, he said he was "tricked" by the party in a moment of weakness. Impressed by the "devotion and hard work of party members, he took the party as a "do-gooder" under conditions were bad" and at a time when he was looking for

## Churches Asked To Observe Cancer Sunday With Appeal Tomorrow

All stores and industries in the Village of Mamaroneck have received a letter from Leo Hietanus, chairman of special gifts for the Cancer drive, asking that their contributions be put in an envelope for collection next week.

Members of Phi Kappa Chi society under the leadership of Miss Joan Nuoffer will make the collections starting Tuesday. The girls will travel in pairs and carry a letter of identification with them from the local Cancer Committee. The committee urges all merchants to be ready with their contributions and to display the cancer sticker in their windows.

Coin boxes have been placed in all schools by Mrs. H. G. Wilberg of Shore Acres. They will be collected April 13 just before the start of the Easter vacation. Coin boxes will be collected from Mamaroneck stores April 27.

Gifts are being collected with coin boxes today on Mamaroneck Avenue and the Old Scouts will be in charge of the collection next Saturday. Boy Scouts have placed posters in all stores.

The Boy Scouts are in charge of the Larchmont coin box collection this weekend. In that community pamphlet explaining the work of the American Cancer Society have been sent to village residents with a letter of appeal and a special enclosure describing the symptoms of cancer and the progress being made in treatment and research have been included in the letters to banks and business offices.

Special stress has been placed in all appeals on the contention that cancer is curable if detected early and treated promptly.

His appeal has been sent to the churches of both communities to observe Cancer Sunday tomorrow. Clergymen have been asked to support the drive with an announcement in the pulpit and an appeal for parish support.

"We are asking the churches on Cancer Sunday to help the work which is being done by the faith and through divine guidance carry on their vital work of service and education," reads the letter sent by the committee to the local clergy.

The State of New York has a law to cover any style of angling anyone could possibly think of and it is all explained in the latest release from the Conservation Department, Division of Conservation Education. The bulletin states that trout fishing takes in the waters of the state will get under way in New York on the second Saturday in April, April 9th, to be specific. This holds true of most lakes in this area but the bulletin reveals seven bodies of water where it was permissible to angle as early as yesterday.

The latest order from the Conservation Department calls for a license to spear fish as well as by the use of the rod and reel. There is also a special license to be obtained for the use of bow bows. (The bulletin states that there is a difference between bows and spears). Trout fishing regulations are the same as a year ago with the exception of the addition of one more county to a list of those prohibiting the use of fish eggs as bait. Such counties are Cortland County and the same previously mentioned as Schuyler, Chemung and Seneca fishermen in this area have no need for worry.

The open season for spearing fish in Westchester extends from March 24 until April 30. All waters not included by the above open to this art of angling but spears only may be used in the waters of the Westchester Kill. Brook near highway number 9. The use of spears is prohibited in the taking of bullheads, carp, catfish, dogfish, eel, garpike, mullet and suckers.

According to a recent article in a popular magazine, you can't pull the wool over the television fan's eyes. We'll have to do so along with that statement because television audiences unlike radio listeners, see whether or not a wrestler is being beaten, and whether a football tackle is off-side, whether an umpire has erred in calling a runner out, and whether the case official is justified in calling a personal foul or not.

Not only do television fans keep a sharp eye on the referee, they miss no trick when it comes to the announcer himself. There are no cover-ups for a wrongly announced result because the name of a player, where it will lead, as wouldn't care to say it is certainly known to the fans. Jobs for those who are blessed with clear and well-tuned ears, nose, and tough jobs at that.

Prospect and Sun In Final Journey Semi-Final Winners

Saints Lose Overtime Game; Tuckahoe Five Beaten 63-57

Two spine tingling, thrill packed basketball games were played in the semi-final round of the St. Augustine's Invitational Tournament last night but despite all the local fans shouting and roarin', the Saints succumbed to Sun in the Pelham and thus dropped by the wayside in the event they sponsor. After shooting the crowd by way of a free foul shot with the score tied, just 15 seconds remaining, the local quintet stumbled through a five minute overtime that saw them trail by one goal while the Pelhamites were breathing a 52-58 decision. Prospect Park YMCA's fall and powerful eagles won the opener by squeaking by the Tuckahoe Hoosiers 63-57 in a battle that didn't require extra periods but was actually a better game from the spectators stand point.

Both games were nip and tuck affairs with the lead changing hands almost at the drop of a hat. Prospect and Sun Tuckahoe handed the front position back and forth nine times while the aftermath was knotted up on three occasions. Prospect Park's High scorer for the night was Frank O'Shea, once lounge set shooting ace, who paced Prospect Sun in its second upset triumph of the season by scoring 20 points in 35 minutes. Prospect won on opening night and swept the fourth seeded team aside last night in a 63-57 victory. Prospect Park followed with 18 markers, while Johnny O'Shea, another local star who was in the Tuckahoe lineup, and Bruce Gehrk of Columbus had 17 points each.

Finals Tomorrow All four teams which saw action last night will meet in final games Sunday afternoon but only the conquering five of the semis will receive consolation prizes while the losers will be treated to a banquet. Tuckahoe and the Saints will trade baskets at 3 P. M. while Prospect and Sun will meet at 7:30 P. M. in the Tuckahoe gymnasium. The final attraction will be the final game between Prospect Park and the Long Islanders of Prospect Park. This contest is slated for 4 P. M. Everyone on the floor got into the early scoring of the first till as Tuckahoe, a definite underdog, thrilled the packed house by speeding off to an 8-1 lead. However, Jack French was inserted into the Prospect lineup and he cooled the Hoosiers by helping the lanky Schuler with the backboard work. Before the first quarter had been completed the Blackbirds of Prospect had taken over the lead.

John O'Shea became energetic in the second session and the final Hoosiers continued to surprise with their aggressive play. First the Iowa College stand-out tied it up at 16 all with a push shot and after the eventual winner, O'Shea, finally broke through in a 20-16 lead. O'Shea was trapped in two hooks and Al Vogel a push effort to end things up at 24-16. Sun Talker and French shot all night, brought the flyer's front spot back to Prospect with two long leaves and they still held a two point spread when the halftime whistle sounded.

Prospect Tall The Tuckahoe ace, O'Shea and Gehrk, went to work after the intermission and with them were able to counteract the tremendous height advantage enjoyed by the Long Island court team. After a 28 point count the trials were separated by a few points in again evened it, this time at 25-25. Amateurs Defeat Henne Twirls No-Hit Game As Panthers Trim Greeley

LOCAL RIFLEMEN

Picking a bad night to shoot below their normal par, the Mamaroneck Rifle Club handled a 957-983 setback at Long Easton Rifle Club in Mamaroneck, N. Y. last night at the hands of the Amateurs Rifle and Pistol Club of that city. It was an "average" match and the first encounter of that kind that the local team has fallen to capture this season. The MRC men were defeated in an onslaught of 11 matches with a 5-6 record. The local team was defeated in an onslaught of 11 matches with a 5-6 record.

One man was walked. This was the only imperfection in Henne's pitching all afternoon. Otherwise, he was in complete control of the game at all times and struck out 11 batters with ridiculous ease. The Panther fielding was also very sharp. The Belovs intiled away their pitcher some first class support throughout the game. John D'Amore, second sacker, in particular robbed the Greeley team of a run in the 7th inning. A single to right when the former batted to his right, made a back handed stop. The runner was out and then there a perfect strike to first.

This kind of play was pleasing to the east side towners and it is the Panthers continue to sparke it and defend. The score was 1-0 in the 7th inning. A good score in spite of the tough schedule which lies ahead. For the first three innings, the game moved along at a fast pace with both pitchers, Henne and D'Amore, in control.

LADIES LEAGUE TEAM MAKES BID FOR LEAD Peter's Children took another step in the right direction last night at the Larchmont R.C.C. Center as they scored a 2-1 triumph in a Ladies League match. The Waterloo currys secured four batters were close, each being decided by one game.

Community Bowling Race is Inaugurated

GAELS DROP OUT OF REC JOURNEY

The Mamaroneck Gaels became the first of two local teams to bow out of various county tournaments when they were squashed by the White Plains Donahues 50-9 last night on the County Center, 8 P. M. The Gaels, playing without the services of their star center, Ed Field, were absent for eight minutes in the second period.

COMMUNITY BOWLING RACE IS INCHANGED

The light race in the Mamaroneck Community Bowling League may not be decided until the final game in pin basis if things follow the general trend of the past several weeks. In that length of time the Gaels have seen almost all of what remains of their once single putting another man in scoring position. The Panther left fielder, Bill Fitts, swung a three runner and outbatted and hit it sharply to center. The ball, although hit well, was knocked directly at the center fielder who caught it, but was unable to stop Peter from coming in from third to give the Panthers two to nothing advantage.

Two runs were all that Henne needed, however, in the next nine men went down in order, with the East End hurler fanning the last two. This kind of play was pleasing to the east side towners and it is the Panthers continue to sparke it and defend. The score was 1-0 in the 7th inning. A good score in spite of the tough schedule which lies ahead.

## Senior Consultant

Keneth Anderson of the Larchmont Acres, Larchmont, former assistant general agent for the Prudential Mutual Life Insurance Company, has taken a position as senior consultant of the Life Insurance Agency, Larchmont, Association Hartford, Conn. The appointment became effective March 1.

Born in Cleveland, Ohio, Mr. Anderson was graduated from New Rochelle High School and received his A. B. degree from Dartmouth College in 1931.

Self-employed in research work following his graduation, Mr. Anderson joined the Prudential Mutual Life in 1936. In addition to his duties as senior consultant, he has conducted schools for insurance men and has lectured on insurance topics throughout the country.

Mr. Anderson enlisted in the Army Air Corps in 1941 and after serving at stations in the United States, he was discharged with the rank of Captain in 1945. A resident of Larchmont since 1941, Mr. Anderson is married and has one daughter, Karen, a student at Central School, Larchmont, and is a member of the Prudential Association, a member of Zeta Psi Fraternity, and a former member of the New Rochelle University Club.

## Gum Profits Aid Fund

The gum machines distributed to various Larchmont stores by the Larchmont Lions have shown a better return than any other machines in the community, according to the report of the Club President David Van Arman.

Profits realized from the machines from a Lions Club Fund for donations to organizations doing welfare work. The campaign, started two months ago, now has 20 machines in operation. The Lions hope to place a total of 50 machines throughout the Village of Larchmont.

"The merchants are making the donations and the campaign possible," Mrs. Voss explained this morning. "I know this recommendation will not be popular with some of our employees," she added.

## Aids Alumni Drive

Dr. Homer Hoyt, 12 West Drive, Larchmont, will be the Larchmont chairman of the University of Chicago Alumni Foundation campaign for \$100,000.

John P. Dillis, chairman of the Foundation, announced today that one of 1700 workers in the auto, household and Puerto Rico service on the 1949 fund-raising drive. Dr. Hoyt is heading the Larchmont committee for the second successive year.

The 1949 alumni gift to the Midway University will \$100,000 set to reach a total of \$1,000,000. The gift to the university will be presented to President Ernest Candace Colwell on Alumni Day, June 11, when he makes his annual report to the alumni.

## Costs Increase

Humane Society Service Extension Results in Budget Rise

One of the most notable changes in the Village of Larchmont budget proposed by Village Manager William H. Johnson for 1949-1950 is an increase from \$1,500 to \$3,400 in the village's share of the cost of dog control administered by the Westchester Humane Society.

The significance of the boost lies not so much in the amount of money involved as in the new and more extensive service offered by the Humane Society if its resources are expanded.

Seven municipalities served by the society lack in their proportionate share increasing their support from \$1,500 to \$17,850, the society promises that all dogs running at large in violation of any ordinance shall be seized and for that purpose, an extra ambulance will have to be purchased and two extra men hired as dog catchers. The society also agrees to investigate complaints and guarantee that within six months the streets will be free of dogs running at large. It will also undertake the annual dog census, relieving the municipalities of that obligation, and will issue summonses for violations of ordinance.

So great is the dog problem in Larchmont, Manager Johnson said today, that some improvement will have to be made in the present system and the only alternative to increasing the Humane Society's resources would be to take care of the problem as an individual community. That would necessitate an appropriation of \$7,000 to begin the erection of a pound, the purchase of a pound, a shelter, the purchase and maintenance of a pick-up car and the hiring of a dog warden. Maintenance costs and the price of building dog-runs would also have to be paid, he added.

The communities which share in the Humane Society's services are Larchmont, York, Larchmont, Harrison, Rye City, Rye Town and Port Chester. Larchmont's dog population is its share based on the number of dog licenses issued each year.

Manager Johnson said today that he has recommended that Larchmont's dog population be reduced for two years. If it does not, the board approve the increased dog census, the village can plan and prepare its own program, he added.

## Firemen Called Out

Five brush fires kept the Town of Larchmont Fire Department busy last Saturday.

Two calls on Saturday were Lafayette Road and Chatsworth. The brush fires were extinguished at 4:08 P. M. and 4:37 P. M. respectively.

Sunday's three fires were at Rockledge Road at 11:25 P. M., 186 Palmer Avenue at 12:45 P. M. and Penmore Road and the Bonnie Bear Golf Course at 1:45 P. M.

## Firemen Minus Fire

All Larchmont Fire Companies responded at 11 P. M. Saturday to a call from Rocco Place at 203 Waverly Avenue, Larchmont, who said the roof of his home was afire, but returned at 5:27 P. M. when no fire was found.

Mr. Rocco said he had just cleaned the tuck of his coal-burner hot water heater when a neighbor told him the roof was afire.

# Village Budget Cuts For 39c Tax Rate Drop

Mamaroneck Estimates Provide \$1,858 Rise In Net Tax

An increase of more than 900-100 in the assessed value of property in the Village of Mamaroneck effects a boost of \$1,858 in the net tax to be levied next year resulting in a drop of 39 cents in the tax rate, according to Village Manager William H. Johnson.

Johnson said that the net tax levied last year was \$1,858,000 and that the net tax for 1949 will be \$1,859,858, a net increase of \$1,858.

## Mamaroneck Committee Urges Increase of 60 Percent Over 1948

Mamaroneck residents will be asked to give \$5,250 to the cancer fund drive now being conducted nationally by the American Cancer Society. The campaign, which opened officially Friday, will require an increase of 60 percent over last year's gift if the goal is to be met.

Mrs. E. K. Ingraham, chairman, said today.

"Fixing of this goal," she added, "will involve a great deal of general objective; a target that should be struck not once but as many times as possible and in as many ways as possible."

Mrs. Ingraham explained that the goal is to raise \$5,250 for the division headquarters of the American Cancer Society and is an approximate share of what the community should raise in proportion to other towns and cities.

"There is a very little relationship," said Mrs. Ingraham, "between this figure and the actual money needed. The national headquarters of the American Cancer Society has informed us that they will need at least \$3,500,000 to continue the research projects now underway. They could use millions more if all of the research applications that seem to give some scientist who may hold a clue that could lead to the conquest of cancer will be unable to develop his research for lack of funds."

Johnson said that the net tax levied last year was \$1,858,000 and that the net tax for 1949 will be \$1,859,858, a net increase of \$1,858.

## DR. LEE TO SPEAK TO EPISCOPALIANS

Mt. Kisco Rector to Give Final Lenten Sermon At St. Thomas's

The Rev. W. Colin Lee, rector of St. Mark's Church in Mount Kisco, will preach the final Lenten service of the season at St. Thomas's Episcopal Church in Mamaroneck Wednesday at 8:15 P. M.

A native of Belfast, Dr. Lee had his early education in the schools of Ireland. He received his college education at Queens University, Belfast, and the University of London, where in 1929 he received the Doctor of Literature degree.

A graduate of the Princeton Theological Seminary, he was a Presbyterian clergyman before being received into the Episcopal Church. He was ordained in 1929 to the diaconate and the following year advanced to the priesthood by the Bishop of Pennsylvania.

Before becoming rector of St. Mark's in 1945, he was attached to St. Mary's Church, Ardmore, Pa. He is the author of two books, "The Spiritual Element in the New Testament" and "The Influence of Religion on Irish Poetry."

The order of Evening Prayer will be read by the Rev. Arnold Penick, rector of St. Thomas's. A final Children's Service in Lent will be held Wednesday at 4:00 P. M. and Friday, at 10 A. M. Holy Communion will be celebrated.

## 3-CORNERED RACE ON FOR RYE NECK EDUCATION BOARD

Fox and Brown Seek Second Term; Barlow Also Enters Contest

A three-cornered race for the school board election developed over the weekend in Rye Neck when Trustees John P. Fox and Malcolm D. Brown announced their intention of running again in a new candidate, Harold C. Barlow, 307 Frank Avenue, Mamaroneck, also entered the field.

Mr. Barlow has been a resident of Mamaroneck since 1925 when he moved here from Milwaukee, Wis. He was born in Bristol, England and came to this country when he was four years old.

He received a public school education in Milwaukee and then became associated with the Morehouse Gorman Company, publishers, now holding the dual post of treasurer and sales manager for the New York office of the firm.

Active for many years in church work, Mr. Barlow has been a vestryman of St. Thomas's Episcopal Church in Mamaroneck and taught in St. Thomas's Sunday School for five years. He is treasurer of the Board of Education of the Episcopal Diocese of New York.

He is a member of the Mamaroneck Kiwanis Club and chairman of the organization's boys and girls work. He is the father of two Bellows High School graduates.

## SEX FILMS DRAW CATHOLIC ATTACK

Father Singleton Urges Training of Child's Will, Character

The training of the will and the character form the basis for sex education, Rev. Bartholomew J. Singleton, assistant pastor of Holy Trinity Church, Mamaroneck, told his congregation yesterday in a sermon opposing the current campaign to institute sex films in public schools.

"It must be kept in mind that knowledge, as such, does not affect the best interests of the soul," he said. "Of greater importance than the knowledge of the correct evaluation of life—that God made us, that we are to know, love and serve him and that some day we must return to him to render an account of our works. It is these facts of living that are needed, not facts of life."

"Ethical means will never protect children against sexual aberrations unless the words of deep piety permeate the soul, unless the thought God sees them, that a happy or wretched eternity depends upon their selection, and that our relationship with God our Father may be destroyed by giving way to temptation is constantly and vividly before their minds," Father Singleton declared.

Views on sex education from the Rev. Mr. Singleton were also read at yesterday's service, which was held in the church at 8:30 P. M.

Police said the man who had been working at the center since October 1948, might be located in bowling alleys, chain restaurants in New York City or at the United Fruit Company pier, No. 2.

## LEN BEN A BONDAGE TO HEAR GILBERT

Bishop of New York Slated To Address Joint Service

The Right Rev. Charles Kendall Gilbert, bishop of the Episcopal Diocese of New York, will deliver the sermon Tuesday at the Union Avenue Church in Larchmont.

Born at Bainbridge, N. Y., in 1878, Dr. Gilbert graduated from Hamilton College in 1902, received his A. M. there in 1905. He also conferred his doctorate in 1926. Dr. Gilbert studied for the priesthood at General Theological Seminary, New York City.

A rector of churches in New York, Staten Island, Hillbrook, N. Y., and Scarsdale, Dr. Gilbert, while serving his first year in the ministry, was secretary of the Social Service Commission of the Diocese of New York and editor of "The Churchman."

He became executive secretary of the Social Service Commission in 1920 and was consecrated Suffragan Bishop of New York in 1930. He was named Bishop of the Episcopal Diocese of New York two years ago.

The author of "The Social Opportunity of the Churchman," published in 1921, Dr. Gilbert is a member of the Board of Directors of the Board of Directors of the Greater New York Federation of Churches.

# Six Youths Feared Overturns In Sound

New St. John's Pastor Urges Renewed Belief In The Gospel

A plea for renewed faith in the gospel of Jesus Christ was made yesterday by St. John's Evangelical Lutheran Church in Mamaroneck by the Rev. William R. Fairman as pastor of the church before national law "trials" commenced.

Rev. Mr. Fairman pointed out that in the course of history when national law "trials" commenced, grown wealthy and strong, fearful in power and might and then reluctant to weaken the same influence, the word of God has been a strong and elevating anchor for the hopes of people.

"It is only because the Light of the morning has failed," he continued, "only because the light of the church has not been sealed in silence and consternation, that men can know that what the world needs is spiritual guidance and spiritual revival. Let us give thanks to God for the light of Christian truth, and contemplate anew what it has done for mankind. When we do so, the word that comes to us is that word of the Apostle Paul in his letter to the Romans: 'I am not ashamed of the gospel of Christ, for it is the power of God unto salvation.'"

Many people were asked to consider whether they were as true as to whether the natives of Rome would accept the Gospel. They said that it was alright for Paul to preach the gospel in other cities and establish churches there, but Rome was different. Rome was the mightiest capital of the world. Rome, with its grandeur, its cruelty, its wickedness, its superstition, its pomp and its gospel.

Paul corrects this misunderstanding by making the bold affirmation, "I am ready to preach the gospel to you at Rome, for I am a citizen of the empire of Christ, for it is the power of God unto salvation." As a citizen of Rome, Paul knew the power and grandeur of Rome, but he did not fear it. He had a secret to tell.

## PEEKSKILL RPI FRESHMAN IS FOUND IN RYE; YOUTH IS BEING HELD

STUDENT TODAY AND CONTINUED QUESTIONING OTHERS IN THE MYSTERY DEATH OF A RENSSELAER POLYCHROME INSTITUTE FRESHMAN

Manfred Lowen, nineteen, of Peekskill was found shot to death last night in his dormitory room.

Richard Perry, nineteen, formerly of Dallas, Texas, was identified by District Attorney Earl J. Wiley said a charge of illegal possession of a gun would be placed against him today.

Lowen's body was found slumped in a chair. There was a bullet hole behind his left ear. There also was a small hole in the wall of his room. Police would not say definitely that it was caused by a bullet.

They found no weapon in Lowen's room, but discovered a .22 caliber target pistol in the adjoining room, occupied, they said, by "St. John's" student.

The bullet that entered Lowen's head was lodged in his back, between the third and fourth vertebrae, police said.

Wiley was cloaked with police officials throughout the night. He said Perry was formerly of Dallas but had entered RPI from Chile.

Coroner Anthony Maters said the fatal shot would be extracted from Lowen's body. He said no inquest had been set so far.

Police sources reported that Lowen had come to this country from Europe where he had been held in Nazi concentration camps for several years.

## WOMAN REPORTS THEFT FROM PURSE AT PARTY

THIRTY-FIVE DOLLARS WAS STOLEN yesterday from the pocketbook of Mrs. Nicholas DiGiacoia of 24 Hoyt Avenue, Larchmont, while she was attending an engagement party at the home of Fred Welch, 232 Union Avenue, Mamaroneck, Mr. Welch told Mamaroneck police at 7:35 P. M. yesterday.

The Mamaroneck Detective Bureau will investigate questions who alleged the engagement party at Mr. Welch's daughter.

## GIRL BUMPS CAR DOOR, BRUISES KNEE, NOSE

FOUR-YEAR-OLD MAMARONECK GIRL BRUISED HER KNEE AND NOSE when she ran into the rear of a moving auto at 4 P. M. yesterday.

The Larchmont police took the boy to headquarters after the 4-year-old girl was struck by the rear of a car stopping for a red traffic signal on the West Road and Larchmont Avenue.

Det. Sgt. William O'Neill of the Mamaroneck Police Department charged the boy with stealing the auto.

## SEARCH YIELDS NO TRACE OF BOYS MISSING SINCE SATURDAY

An intensive search by police and coast guard personnel uncovered no new evidence by noon as to the whereabouts of six Yonkers boys feared drowned Saturday when their rented motorboat overturned in Long Island Sound.

An investigation of nearby Hen Island proved fruitless but a private launch from New Rochelle, and coast guard cutters and a plane continued to search the beaches and waters.

One possibility remained that the boys came ashore far from the island.

## CAP PLANE OUT

AT 1 P. M. Major Joseph Crowley of the Civil Air Patrol said he had three flight plans still searching for the boys. He said that other planes would join the search this afternoon from the Westchester Airport in Yonkers. Crowley has been a member of the Civil Air Patrol since 1945. # Spotlight On Sports

It looks from this corner as if the General Association of students of Mamaroneck High School have painted a clear-cut picture of the horrendous conditions of Mamaroneck Field before the public's eyes and now we must sit back and see just what the parents plan to do about it when tomorrow night's public hearing for the 1949-50 school budget is held at the Senior High. We hope the residents of this area aren't going to let the budget get by this year without the addition of an improvement for facilities to the outdoor athletic facilities if not a completely new stadium. (The mere mention of this gives the taxpayers a sudden coughing spell.)

It seems that anyone who is in a position to exert some influence on the parents is cautious about speaking up. The complete athletic coaching staff of MHS is behind the drive 100 per cent because they earnestly believe that their teaching and their own learning conditions are hampered by the over-crowded field which has to supply the demands of both junior and senior high students, often at the same time.

Field Often Crowded  
One official cited a case of last fall when the varsity football team, the jays, the ninth grade team and several girls' hockey teams were on the field at the same time. This congestion forced the varsity gridiron to confine their drilling to a space from the 20 yard line to the goal.

Often the field is even more crowded during physical education classes. This last point is vitally important for we must remember that the improvements must be made primarily because the student body as a whole needs them and not just the varsity teams.

Another official stated that the only reason that any track meets at all are being held here this season is because the school volunteered for a hazardous duty. The shortening of home track team schedules in the past few years has been noticeable.

Turf Consistently Used  
The entire story of the decline of Mamaroneck Field lies in the fact that the residents have been content with letting the renovation of the field pass out of the picture each year without a fight. It has been 12 long years since any improvements have been made which is too long a time for a turf as constantly used as the field between our junior and senior schools.

Who is familiar with the problem? The students are the faculty is and we presume the average resident is. In our presumptions are true, then there is need to be a mass turnout tomorrow night which will inspire an ap-

# Belows And Mamaroneck Baseball Squads At Work

## More Games Being Arranged; Coach Pleased With Showing

Coach Jack Pearson sent his Belows diamond squad through a two hour drill at Harbor Island yesterday afternoon with the stress on infield practice. The Panther, who opened their season officially as far as they are concerned, last Friday in auspicious style by whitewashing Roosevelt 2-0, are faced with the prospect of waiting until April 28th before getting into competitive action again. However, Coach Pearson stated yesterday that plans are already under way for bookings that will divide up that long stretch of idleness.

The Belows pitching staff seems stable, especially after Art Hennes' sterling no-hit effort in the opener. The big, lanky right hander is the only question mark on the East End school's mound corps and he clinched a berth among the starters with his amazing performance. Breaking out of a curve has been Hennes' chief trouble to date but he found no difficulty in baffling the batters during the seven inning stint Friday.

The infield is also set with Pearson being forced to juggle it up when Ed Peid, the 1948 hurler, the mainstay, leaves his first base job for twirling duty. Peid's replacement on occasions will probably be Bill Cummings who has been coming along of late.

Behind the plate, the Panther mentor has welcomed the switch of George Greck 'Vladades to the mask and mitt duty. Greck's only trouble in the knee he had operated on after a football injury and it is still bothering him, despite a few month stretch in which he has left off it as much as possible. 'Vladades' handled Hennes' slants last Friday and Pearson has called the catching post his for as long as he is able to stand the strain. In case the injury becomes too painful, Walt Saunders will probably get the nod despite his inexperience. Saunders is a willing worker and is learning fast.

The other infield mainstays who have relieved Pearson from the usual worries of maintaining the field pass out of the picture each year without a fight. It has been 12 long years since any improvements have been made which is too long a time for a turf as constantly used as the field between our junior and senior schools.

## Palmer's Pacing Acres Bowling

Despite the 99 pin handicap they were forced to lay on the line, the Palmer House permitted only one other Larchmont Acres League team to gain some success on one game as by pounding out a 2-1 victory at the Larchmont Rec Center last night. The other matches that went along these lines were captured by the Tompkins and Dobrow five while the Mott men blasted over the Richboll House five on three straight games, needing their 17 pin advancement only in the final game.

Although the Freeman Cooper league took just one game, Larchmont's total outfit, covering the three game high with a 568 total of downed marbles. His best single game in that string was 211, a mark that was bested by teammate DeMaria's 220. Westcott's 213 for the Sterlings and Hall's 213 which went toward the Mott team's total. Of course that left DeMaria with the single game record.

The Palmermen rolled the best single game total without handicap 486, and their grand rounding up of tallies came to a total of 2478.

## Leaders Upset In LBM Kegling

Bert's Boys couldn't prove they held a ten game spread in the Larchmont Major League to the Depot Way and thus were beaten twice in three outings with that team at Falco's Larchmont Bowl last night. The Cleaners and Sport Shop took the spotlight with shutout triumphs while the other winning outfits turned out to be the Palmette and Morten teams.

Although the Bert's Boys' Depot match brought together the top two teams the heaviest rolling game in other matches. As far as individual laurels were concerned, Pinney of the Morten had little difficulty in walking off with them as he posted a 613 series with a 223 single paving the way.

There were 13 games which managed to top the double century figure but, barring Pinney's number, they all just crept over the top for the Major League but the top scores showed last night to be a sub-par round.

The team leadership was also hoisted as the Morten powered out a 988 pin total in their first game and brought in a part of 1741 which was not approached by any other combination.

Cash Awards Will Be Given By Art Judges

Cash prizes await the artists whose pictures are judged best at the annual exhibition to be staged by the Westchester Federation of Women's Clubs from Friday through April 22, in the Orchid Room of the Hotel Gramatan, Brookville.

Judging will be done at the preview Friday from 8:30 to 10:30 p. m. of which all artists and Federation representatives will be welcome.

In addition, all winning entries will receive the engraved metal tablets destined for each Federation show.

Funds for the awards were obtained through publication of the show. Besides being self-sustaining, the art project expects to receive the engraved metal tablets to the Federation, Mrs. Davis said.

Following the plays parents and teachers viewed the sewing, ceramics, dramatics, arts and crafts, and woodwork hobby groups at the library. A Parent-Teacher Association meeting and tea followed in the luncheon room.

Members elected for 1948-1950 included Mrs. William Stokes, president; Mrs. Frederick Yokum, 1st vice-president; Mrs. Parris Paulkner, 2nd vice-president; Mrs. Helen Rose, 3rd vice-president; and Mrs. Josephine Adams, 4th vice-president.

The sewing hobby group exhibited table mats, bean bags, leather dollies, door-stops for pupils during school hours. The collection, started 14 years ago by Mrs. Mary Anne Fisher, now numbers more than 250 dolls, ranging in size from a quarter inch to 18 inches.

Picture frames, old valves, fishnet, dolls, notebooks, holsters, cards, make-up paper dolls and party favors were among the articles displayed by the arts and crafts hobby group, with Mrs. Samm Baker as chairman.

Dr. Helen Heller Leiss, school principal, urged parents to attend tonight's budget hearings at Mamaroneck High School.

Mrs. Mary Anita of 2409 Stillwell Avenue, Brooklyn, and Andrew Tassone of 283 Waverly Avenue, Mamaroneck, have been issued a marriage license at the Brooklyn Municipal Building.

The prospective bride was born in New York City, the daughter of Pasquale and Josephine Ann. The bridegroom-elect, born in Italy, is the son of Vito and Mary Tassone.

A total of \$2,426.30 in stamps and bond sales at Murray Avenue School, was announced by Mrs. Nell MacLellan, chairman, Monday at a meeting of the Murray PTA board at the school.

Mrs. George Conroy, club secretary, reported a past meeting April 29, and announced the collection of comic books by Clubs for Grasslands Hospital.

Mrs. Josephine Adams, 18 Elm Avenue, Larchmont, has returned to Cornell University, where she is spending the Spring recess at her home. Miss Stewart's home guest during the recess was Miss Karen Lamb of Lehman, Pa. Cornell sophomore.

Local students home on vacation from Nichols Junior College include Matt Murphy of Larchmont and Joe Biotta of Mamaroneck.

Mrs. Stokes Heads Chatsworth PTA As Hobby Groups Perform

Almost 300 students and mothers participated in the show and exhibition culminating the hobby season sponsored by the Chatsworth Avenue Parent-Teacher Association yesterday at the school. Three plays produced by the dramatic hobby group were presented by 45 members and four sponsors.

Dr. Olga R. Lurie To Be Speaker Over WFAS

Dr. Olga Rubinov Lurie of Mamaroneck, child psychologist, will speak on the topic "Why Are Children Aggressive?" tomorrow at 8 P. M. at the clubhouse, 215 A. M. over Station WFAS, under the auspices of the Westchester Committee for Planned Parenthood.

Dr. Lurie will discuss mental attitude which brings about aggressive or hostile behavior in children and the relationship of frustration and disappointment to behavior problems. She was educated at Swarthmore College and the University of Wisconsin, and received her Ph.D. degree from the University of Vienna.

She was formerly associated with the New York State Department of Labor and served as consultant in child behavior for a family service agency in Chicago.

The speaker has been active in the P. M. Club and Mrs. Mary Lynn Leiss, school principal, urged parents to attend tonight's budget hearings at Mamaroneck High School.

400 Attend County UJA Rally Promoting The 1949 Campaign

More than 400 County women attended the annual UJA rally promoting the success of the 1949 United Jewish Appeal campaign yesterday at the opening rally of the Westchester Women's Division of the Greater New York UJA at the White Plains Women's Club.

The United Jewish Appeal of Greater New York is the sole fundraising agency in the metropolitan area for the United Palestine Appeal; the Joint Distribution Committee (including OZ); the United Service for New Americans; the Joint Defense Appeal of the American Jewish Congress; the National Jewish Welfare Board; the Jewish Telegraphic Agency; and the American Friends of the Hebrew University.

Dr. Kingdon said, was the fact that everywhere he went the greeting of Jews was "Shalom! Peace!" symbolizing the intense desire of the Jewish people for a peaceful, constructive and secure life.

One motive controls everything in Israel: everyone is devoted soul and mind to creating a country where the honest and just laws of the United States and other nations are made a part of every immigrant who wants to go there and find security. To be able to have a share in making this noble venture succeed is worth any sacrifice.

Program outlined Mrs. Raymond, chief chairman of the metropolitan UJA Women's Division commended the volunteers for the success of the year and outlined the aims of the \$385,000 program of the agencies of the United Jewish Appeal of Greater New York: to empty the Jewish DP camps in 1949; promote the growth and stability of Israel; finance the emigration of more than 200,000 Jews to Israel, the United States and other countries; provide relief and reconstruction for Jews in Europe and North Africa; aid the integration of newcomers to this country; and protect and develop the Jewish people.

Rabbi Max Gels of Temple Israel, White Plains, and Rabbi David Lipton of the Hebrew Institute of White Plains, participated in the program. Mrs. Sidney Lipton of White Plains was the vocalist, accompanied by Mrs. Sidney Haas of Scarsdale. Special gifts chairman, Mrs. Sidney Haas of Scarsdale, reported, Israel Army officer and war correspondent, addressed the audience and urged all out support of the United Jewish Appeal.

In response to the appeal, all of the women present made contributions equivalent at least to the cost of taking a displaced person to Israel; some of the gifts announced were equal to the cost of taking whole families out of the camps.

Rabbi Lawrence Schwartz, of the Jewish Community Center of White Plains, delivered the invocation at the luncheon.

Mrs. Arthur M. Bloomer, Scarsdale, is honorary chairman of the UJA county leaders. Mrs. Bernard J. Cipes, Mount Vernon, chairman of speakers; and Mrs. Samuel Dorevitz, New Rochelle, chairman of public relations.

Community chairman who spearheaded these local efforts in the past year.

A daughter was born March 16 at the New Rochelle Hospital to Mr. and Mrs. Francis Guadagnolo of 185 Myrtle Boulevard, Larchmont. The mother is the former Florence Machalitsky.

Howard Cromwell, son of Mr. and Mrs. Morris Cromwell of 1460 St. Albans Avenue, Mamaroneck, has been initiated into Kappa Delta Fraternity at Syracuse University. A sophomore in the New York State College of Forestry, Cromwell is a member of the Sorority and Eta Chapter.

**Little Garden Can Give Child Great Pleasure**

By ANGELO PATRI  
 One of the happiest experiences a child can know is setting a seed and watching it germinate and grow into a plant under his care. A little garden of his own, where he can watch this and have the satisfaction, is as pleasant a thing as a child can own. His

contact with the earth, his part-first-hand, reaches deep down and touches something good within him, something that shines out all the beauty of his character.  
 Once we lived in a city apartment overlooking a park where there was a children's garden. It was a good-sized plot and as many as 50 children used to work there at a time. The park people used to plow and fertilize it in the fall and leave the soil open to the weather. Then one Spring day the army of youngsters ap-

peared with their teacher. Armed with spades and rakes, they made their garden space into a fine seed bed. They seemed tireless in their raking, and when they stopped the little bed was powdered fine. The following week they set their seeds and then day after day they tended the garden. They weeded and cultivated and watered faithfully. Now and again we would see a child go to his garden early in the morning, before school, look long and lovingly at it and so his way. Not once did we see a child

step on another's plot or do it the least bit of damage.  
 Harvest day was a red-letter day and it was astonishing to see how much those children gathered from the tiny space they were allotted. They carried home armfuls, basketsful of fine vegetables that they raised, and bunches of blooms.

**PRAYER FOR TODAY**—I am proud, dear Lord, to recognize and realize that I am a spark from the Eternal Flame, a thought from the Infinite Mind. Grant my tongue, when speaking, may I be very mindful of the tolerant spirit of Him who wrote, "There is so much that is good in the worst of us, and so much that is bad in the best of us, that it removes all of us to say nothing ill of the rest of us."

## WESTCHESTER'S AVIATION DAY

THE New York State Department of Commerce, working with airplane transport corporations and airport operators, proposes the holding of an "Aviation Day" at 11 leading airport cities of the State which have airports adequate for such exhibitions and which can draw thousands of spectators from adjoining areas.

The preliminary plans provide for Westchester's "Aviation Day" on Saturday, May 7. The project would not be of the staid variety but rather one designed specifically to show the growing economic importance of the airport to its community. It is proposed to have displays of aircraft and of equipment from leading aeronautical manufacturing and operating corporations. It is expected one or more operating transport lines will have available large passenger planes in which flights over the airport and surrounding territory may be taken by interested spectators at a modest charge. Altogether, everything is to be done which will acquaint those attending the performance with the breadth and scope of the aeronautical industry, and with its potential service to the communities the airports serve.

We are in complete accord with the principle behind the program, which is sponsored by the Bureau of Aviation of the State Department of Commerce. And we trust that the preliminary plans may be expanded to include Westchester County Airport at Rye Lake one of the best exhibits ever displayed in this area.

It is sometimes disconcerting to learn how many residents of this county are unaware of even the location of one of the finest and best operated airports in the world. It is in this area, in this project of the Department of Commerce does no more than acquaint our residents of the highways leading to the field, and of the entertainment and education which may be derived from a visit thereto, we feel it will have been worth while.

## HOW NOT TO RUN A STRIKE

N<sup>O</sup> more damaging blow has been struck in years against the irresponsible habit of calling unjustifiable work stoppages than the debacle of the New York City teachers' strike.

Here was an instance of an outside Labor Union organization—the United Mine Workers of John L. Lewis—seeking to muscle into a trade where not the wisest stretch of the imagination could discover relationship, or any common objectives other than the natural desire for higher wages.

The strike, run by a brother of John L., was inopportune, poorly organized, unwise, and certain of failure even if its only chance of success—the threat of bodily injury to strikers—evaporated. The death of the strike came in the worst possible manner, instead of a clean-cut decision, saving at least some face for the organizers, it just pestered out to an ignominious ending.

The cause of organized labor, unquestionably, has been dealt a heavy blow through this unnecessary and reprehensible effort on the part of a Mine Workers Union group to muscle into a workers in wholly dissimilar type of employ. Each strike took place a headup on the next strike called. And the general public is getting weary of a very long series of strikes.

If a 1949 medal is to be awarded for ineptitude, we recommend Mr. Lewis for consideration.

## WHAT ABOUT THE GAME?

SECRETARY of Defense Louis Johnson has wisely decreed that there will be no more Army Days, Navy Days, Marine Corps Days or Air Force Days. Hereafter they will be, instead, an "Armed Forces Day."

That is understandable as to logic. It is the Secretary's commendable desire to break down the rivalries and jealousies existing between formerly separated units of our armed forces. And this is one way to do it.

But what about the biggest incentive to contention in the entire service—the annual Army-Navy football game?

Is that, too, to be sacrificed upon the altar of forced harmony?

## Col. Joe Bush Says:

Very Henry Truman says he hopes it won't be necessary for us to drop any atom bombs on anybody. That hope is not the rest of the world. Because when it rings around, somebody else may drop theirs. And that's the kind of drop-around-another way we don't want of us like.

We have got our garden ready, pretty near, and intend to cross strawberry plants and vanilla vanilla to produce shorts. Now if we can only cross a Jersey cow with a leather strap and get whipped cream.

Because of religious holidays, the April 15 deadline on 28-year income taxes has been extended to April 19. That gives the concerned man time for a long breakfast.

County Finance Commish Edie Gander of Yonkers, who has been suffering from an infected toe and a carbuncle on the neck will spend the weekend at Atlantic City—and if the place is

## DENNIS GIRL FRIEND FACES CALIF. TRIAL

SANTA MONICA, Calif., (AP)—Trial of Betty Ritchie, pretty girl friend of Gerard Dennis, accused society burglar, has opened with an accusation she admitted committing a stolen milk cot from him.

Police Sgt. R. W. Borders quoted the twenty-four-year-old ex-Canadian school teacher as saying: "Germy gave it to me." The milk in question is a \$3,010 item which Mrs. Wanda Fulmer wife of the oil magnate, says was taken from her Bel-Air mansion last October.

A jury of nine women and three men heard the first-day testimony. Mrs. Borders said she had the police squad which searched Dennis' New York apartment, which was searched with no objection from Miss Ritchie, the occupant—last Feb. 15 and found five and a half value at more than \$100,000 in a locked closet.

Dennis is accused of burglaries involving perhaps \$600,000 in valuables from Hollywood stars and Beverly Hills socialites and in Westchester County, N. Y., in a locked closet.

## LABOR PILGRIMAGE INTO U. S. Seen Salvo To Pact, Aid Plan

By RAY TUCKER

WASHINGTON—The persistent but unpublicized pilgrimage of labor and workmen's delegations from Scandinavian, Western European and Mediterranean nations is relied upon by the State Department to prevent further expansion of Soviet domination.

Numerous groups have visited the United States from Sweden, Norway, Denmark, France, England, the Low Countries, Portugal and Italy. In some instances they are fairly important members of the Social Democratic Parties which have great influence in the labor and political parliaments of those countries. In others they are merely selected groups of plain, ordinary factory employes.

While it is possible that they may pick up tricks and technical hints which will spur production back home, especially the delegation which comes from England, the principal purpose is to convince them that the living standards of this so-called "imperialist" nation are far higher than they prevail in their own lands.

The strangers were immediately struck by the widespread ownership of automobiles, by the abundance of semi-official spokesmen on how best to increase the visitor's income, and by the fact that they were not even necessary to show them only the facade of the American labor structure.

A bank in Massachusetts issues special check books for left-handed folk. This, no doubt, makes a setting more comfortable while the left hand writes.

Oh, yes!—when both beer and New York City officials' shoes are on!

It's a paradox that we understand while setting a necktie is now the "height of fashion."

A man may be allergic to the feathers in his wife's new hat—no says a news story. However, it's his bank account that suffers most.

Men's suits, we read, may be made of plywood. Silver my timbers!

Hot king surreptitiously for evening wear. And for the hot months, white men.

Fluwood fabric for men's clothing would give the timber industry a change of heart. As provided, naturally, that the stuff would retail at popular prices.

## THE FORUM

VALUABLE SERVICE Editor, The Daily Times:

I would appreciate the privilege of a few lines in your good old Town paper to thank the unknown sportsman who found my keys at Larchmont station and mailed them to the Disabled American Veterans by means of a friendly letter. I most certainly had restored them to me with a hearty little note certifying "Here are your lost keys."

Most of us, I think, regard our small contribution to the disabled veterans as a worthy but rather public charity, but my experience and probably thousands of others proves that the veterans are performing a valuable service in providing those miniature license plates for attachment to your car keys. This provides almost certain assurance of restoration in case of loss.

## Inventor Claims Defense by Battery

OFFENBACH, Germany, (AP)—A German inventor claims you can get off a hold-up man with a flashlight battery. Fritz Offenbach of Offenbach got the idea because weapons and firearms are strictly taboo for the Germans.

The inventor's device consists of a four volt flashlight battery, a small transformer and a transmitter, emitting 1,000 volts, 1,000 volts from a four volt flashlight battery is "my own secret."

How the inventor secures the fact plate which is worn from a flashlight battery is not disclosed. He said, "Electricians, however, claim it is a very elementary process."

**TWO REEFIES SOVIET ON WEST TRADE PLAN**  
 BELGRADE (AP)—Premier Marshal Tito defiantly served notice today that Yugoslavia fields free to deal economically with the West.

Sun-tanned and dapper in a blue uniform, Tito spoke for two hours and 12 minutes before the Peoples' Forum of Congress in the great hall of the Yugoslav parliament's tree-lined—and well-guarded—park.

It was his first major address since New Year's Eve. Then he barked harshly at the Communist neighbors who 10 months ago had accused him for pursuing nationalistic and Trotskyite policies.

Today, Tito hit back again. He was in an independent and defiant mood. He charged that Russia and her Soviet satellites in the Cominform were attempting to promote a civil war in Yugoslavia by attempting to persuade his country's mixed population to throw up its regime.

**\$6 Billion Defense Bill Gains Approval Of House Committee**  
 Record Postwar Budget Exceeds Truman's Proposal

WASHINGTON, (AP)—A \$15,999,116,000 national defense measure will be approved today by the House Appropriations Committee with a blunt statement that America must "prepare for trouble and thereby seek to avoid it."

The record postwar military budget, more than half a billion dollars higher than President Truman requested, finances the Army, Navy and Air Force for the year starting July 1.

The Air Force got the biggest total, while both the Army and Navy got less than Mr. Truman wanted for 1949.

Nowhere in the thousands of printed pages of testimony on which the bill was based was there any suggestion that the United States is on the verge of war, or that the bill was based on any such prediction.

# Automotives Capture Community Lead;

## Garagemen Replaced At Top After Losing Another Match

The turbulent Mamaroneck Community League bowling fight took a dramatic turn last night at the Mamaroneck Rec Center when the risks forces known as the Automotives swept into first place on the wings of a 3.0 victory while the former leading Garagemen continued their nose-dive by losing two games out of three onlookers of the MCL have long foreseen the collapse of the Garagemen since their last month of bowling has developed been on a downward trend. Meanwhile, the recently bolstered Automotives kept a steady stream of victories coming through in their ventures onto the Rec alleys which finally captured the lead. However, the race is far from settled since several more weeks of matches are left to be completed.

The Recs captured a shutout win also, while split decisions were gained by the Diners and Odd Fellows. Tama's Colle were the new pace setting team's victor.

A flurry of last night's games slipped over the double century mark but Bill Boehcke of the Diners established his leadership in one game scores with a 224. The leader of the game tallies was Bisaccia of the Automotives who stepped into the honor circle for the second straight.

### THREE SHUTOUTS IN REC LADIES GAMES

Don's Four failed to follow the lead of three other teams in the Ladies League teams last night at the Larchmont Rec Center as they dropped their final game of a three game set. The other victors, Peter's Children, the Washingtons and Florida, swept their opposition without a setback in one of the more highly contested women's bowling leagues in town.

Several of the participants made bids for the night's individual laurels but both of the "Highs" went to Flora Lanza of the second place Children on the basis of her 186 single and 487 triple. In the latter department, Lanza was favored to sweep half of the honors since Betty Blum of Don's Four also ended up with that total pinfall.

Peter's Children also garnered top rating with its showing as a 1916 with a middle game of 856 pins and a grand total of 1624. The scores:

Don's Four	186	186	186	558
Florida	186	186	186	558
Washingtons	186	186	186	558
Peter's Children	186	186	186	558
Others	186	186	186	558

## 27 REGATTAS SET BY OUTBOARDERS

The trailing figures in single competition were a 215 by Don Trollo Jr. and a 216 by Don Bisaccia and another 212 by Harry Vinet of the Community Yacht Club.

The Headliners  
Automotives not only took the lead but also had the best team mark for the night with a 917, single game total standing out. Community loop is having the same trouble as other local bowling organizations since teams are "nose up" when the home sets light. Many of the members of the Friday night league are familiar faces on the Mamaroneck Rec alleys, also bowling with the Fraternal on Wednesday evenings. Mamar's five had an off night which left way clear for opponents' easy win. Some veteran observers say that Garagemen were bowling over their heads during the first half but over, their margin did not amount to overwhelming for a while.

Some outboarders have other rough night with several members in the doldrums of slumps.

The scores:

Garagemen	215	216	212	643
Automotives	215	216	212	643
Others	215	216	212	643

### Middleweights Set For Center Return

Bobby Baldwin, young middleweight prospect from Kentwood, N. J., will trade punches with Billy Wylie of Trenton, N. J., in the feature bout of eight rounds Tuesday night at the County Center in White Plains.

### Midget Racing Hits Semi-Windup Slate

Eastern speed fans are eagerly awaiting the drop of the starter's flag tonight at the Kingsbridge Midget Auto Races. Thirty-three leading midget auto racing pilots met in the semi-final card of the indoor season. Special favors will be placed upon Larry Bloomer, Vernon Laird, Bill Schindler and Stan Disbro, the four leaders in the championship standings who are in a neck and neck battle for top honors.

Seven other drivers are in line for special season awards should they be able to improve their present standings.

As in past years, the last two programs of the indoor season are the ones in which the drivers have special interest, namely because of added points which determine their standings in championship ratings.

## Flag Winning Eagles Place Two In 'Top 5'; Briell King

In winning the 1948-49 Westchester Hockey League championship, the Larchmont Eagles placed two of their players in the top 10 of individual scoring. Briell King, the former Olympic star, spearheaded the high scoring Larchmont first line, was revealed as the WHL's leading point maker according to figures released by officials yesterday. Briell took back seat to Fred Pearson of the Rye Hawks, his closest purveyor, in the most getting department but the bullet-shooting Eagle center gained the top total of 17 assists which highlighted his grand total of 23 points. Pearson ended up with 21 points while Kenny Bruhn left wing on the Briell line, tallied an even 20 markers, and also was a top scorer.

The WHL followed the same system of scoring as the National Hockey League uses, namely a single point for goals as well as assists.

In winning his second straight WHL crown in as many years, Larchmont was forced to straighten up out of a last season slump and whip Bronxville 7-0 on the next to last Wednesday night of the campaign. That game totaled the Eagles' high production of the season, a department which highlighted his grand total of 23 points. Pearson ended up with 21 points while Kenny Bruhn left wing on the Briell line, tallied an even 20 markers, and also was a top scorer.

As far as defense was concerned, the local sector took a back seat to the offense of Jack Stuppel's attack line, which totaled 10 goals and ten assists, and a regular Eagle, has been an independent hockey fan for at least a decade but claims he will confine his activity next season to officiating.

The scoring:  
Briell, Larchmont — G 6 P 13  
Pearson, Rye — 6 17 23  
Bruhn, Larchmont — 5 11 16  
Coppler, Bronxville — 8 18 26  
Remon, Rye — 9 5 14  
Ethfield, Rye — 7 5 12  
Morrison, Larchmont — 4 11 15

## HAMPSHIRE CLUB OPENS '49 SEASON

The Hampshire Country Club, Delany Cove, Mamaroneck today officially opens its 1949 season. It had been announced by Leo Berger, Mount Vernon, president.

Improvements on the course and the club house were made during the winter season. It is reported. On the course a number of new tees have been set up or enlarged, traps added and new trees planted along many fairways.

In the club house a new kitchen has been installed, an awning covering the entire terrace erected and new locker room improvements added.

The season's membership has been completed. Mr. Berger announced that Salvatore, New Rochelle assisted by his brother, Louis, has returned as pro with Matty Amarrano in charge of caddies.

Other 1949 officers are: J. Hatter, New York City, vice-president; and F. Weisman, New Rochelle, secretary. The greens committee is headed by S. Piddington, New Rochelle, L. J. and Harold Frankel of Larchmont. The club is under the management of Peter A. D'Angelo of New Rochelle.

POLITICS IN DEFENSE

ONE of the elements of strength possessed by former Secretary of Defense James Forrestal was that he did not play partisan politics in that highly important office.

But while this feeling of Mr. Forrestal that his position and his department should stay out of politics was known to the Republicans, it was also equally apparent to the Democrats.

Mr. Forrestal, quite properly, declined, and hard feeling remained. After Mr. Truman's unexpected victory, it was openly predicted that Mr. Forrestal would become the first to roll.

Tucker Scans Truman Victory To Answer Reader's Objection

By RAY TUCKER He insists that the platform promises were "solennly covanted, solemnly made."

Question: A reader makes a point about last Fall's "Truman mandate" which appears to have escaped many political observers.

Answer: The principal point, as I read this protest, is that even though Mr. Truman had only a slight majority, the voters are asked to repudiate the so-called "do nothing" Congress.

Blunders—"If ever the issues were more clearly defined, and if ever the people passed on them more overwhelmingly."

### Mr. Gantner Art Show Winner; Baker Entry Is Commended

By EDITH BARBER MATHEW BRONXVILLE—The Westchester Federation of Women's Clubs' third annual art exhibition opened last night in the Ochsler Room of the Hotel Gramatan, attracting an invited audience of some size that it was hoped to estimate it with any accuracy. From the 53 paintings, drawings and pieces of sculpture in the show, judges selected a portrait by Alice Hendrix Price of Bronxville as the prize-winning oil, a water color by Michael Heiter of Scarsdale for the print in its class; a bas relief by Hilda Chard Kelleher of Pelham for the sculpture award and an etching by O. R. Gantner of Larchmont as the best in the graphic arts section. Chosen for the popular vote award by ballot of the audience was the sculpture by Constance M. Higgins of Mount Vernon.

Mrs. Price's painting, titled "Adolescence" portrays a young girl, somewhat weary, looking at the viewer. Her expression contrasts with the gaiety of her striped dress. Like any of the other entries in the exhibition, the portrait had been a prize winner in an individual club show. In this case that of the Bronxville Women's Club. Art project chairman of that club is Mrs. J. Herbert Denninger. Mrs. Gantner's etching, "Helter," previously exhibited at the Scarsdale Women's Club where Mrs. Waldemar Basing heads the art project, has the title "Tropical Drama" and represents a scene of a tropical island. Kelleher's piece is a head of Greta Garbo, which earlier in the year was the winner of the Manor Club of Pelham. Miss Higgins' portrait "Polysteen Girl" had captured the spectators' prize in the same show. Art project chairman of the club is Mrs. Lawrence Toney.

Mrs. Gantner's dry point depicting Notre Dame in Paris. It had been a winner at the show of the Woman's Club of Larchmont of which Mrs. Hoyt Smith is art project head. Among entries receiving honorable mention was a sculpture "Winter Afternoon" by Walter Stewart of Harrison. The painting, which depicts a scene in the Sterling Woods section, is the second that Mr. Stewart, an artist in the Scarsdale section, has won first prize in the oil class at the Harrison Women's Club show.

A water color "Formal Affairs" representing a copy of penicillin, won honorable mention. Charlotte Whinston. It had previously taken a prize at the exhibit of the Woman's Club of New Rochelle. Honorable mention also was given to a line drawing of a woman, "The Artist's Wife," by Frank W. Appison, who was a member of the club in the show staged by the Westchester Women's Club of Mount Vernon.
