21 MHS Students Are Tapped For Honor Society Membership

Twenty-one students at Mamaroneck High School were inducted into membership in the national Honor Society yesterday in traditional tapping ceremonies during an assembly conducted by Tom Moorhead.

Members of the society elected in their junior year, and officers, including Joan Hillsley, vice president; Robert Garlock, secretary, and Roger Englander, treasurer, went into the audience to tap new members. Miss Alicia Andrews is faculty advisor to the MHS chapter.

Those selected for membership are Julia Bustin, Donald Chatfield, Merrill Compton, Suzanne Crihfield, William Dixon, Richard Hilbert, Barbara Kenney, Herbert Klein, Marjorie Lowenthal, John Maclaren, Amy McAvity, David Meadow, Florence Minoff, Elizabeth Nordwall, Rosemary Nowack, Mary Lou Sampson, David Smalley, Katherine Suydam, Judith Waterman, Fred Werblow and Patricia Wright.

The importance of character and its continual cultivation were stressed in assembly talks by T. James Ahern, superintendent of schools, and Dr. Joseph C. McLain, principal. "Character," Mr. Ahern stated, "is like a tender plant to be carefully nurtured." Even a small deflection in a fine character today may lead to its loss tomorrow, he warned.

In discussing the term, "national honor society," Dr. McLain said, "I would like to see a movement started to establish a 'personal honor society' along with the national honor society. I would have just one qualification: character."

Boy Falls To Death From Window; Sister Snatched From Sill

A sixteen-month-old Larchmont boy plummeted to death on a concrete pavement from a fifth floor window of the Albee Court Apartments at 11:35 A. M. yesterday. His twin sister narrowly escaped the same fate when the mother dashed into the room and snatched her from the window sill as she was climbing over.

John Charles Gilson, son of Mr. and Mrs. Charles Brace Gilson, apparently pushed a chair to the window, climbed onto it and pulled himself over the sill. He fell more than 60 feet to a basement entryway 12 steps below ground level of the Boston Post Road apartment house.

Left Alone 3 Minutes

Mrs. Gilson had been out of the room less than five minutes and when she returned, one twin was missing and the other Jo-Ann, was tottering on the sill. Larchmont police arrived at the scene moments after and found the hysterical mother and speechless father huddled in the narrow passage over their infant's prostrate body.

Mr. Gilson, an announcer for Radio Station WHAY in New Britain, Conn., was visiting at the apartment of Mrs. Gilson's parents, Mr. and Mrs. John O. Van Santvoord, where his wife and children had been living while he sought a home for them in New Britain. Mr. van Santvoord and a second daughter, Miss Caroline van Santvoord were also in the apartment at the time of the accident. Mrs. van Santvoord was at church.

Twins Born In S. C.

Long a resident of Larchmont, Mrs. Gilson moved to Columbia, S. C., where Mr. Gilson was employed, shortly after their marriage at St. John's Church in Larchmont. The twins were born in Columbia Aug. 2, 1950, and christened at St. John's by the Rev. Francis J. H. Coffin.

Private funeral services will be held tomorrow at 11 A. M. at Fernclift Cemetery with Rev. Mr. Coffin officiating.

COUNTY TO RENEW BET TAX EFFORT

Gerlach Says 2% Raceway Tax Would Yield Westchester $1 Million

WHITE PLAINS—

Westchester will make another effort to place a local tax on harness racing pari-mutuel betting at Yonkers Raceway.

This was announced today by County Executive Herbert C. Gerlach, following a conference with County legislators and Supervisors at the GOP County Headquarters in White Plains. Mr. Gerlach is also Republican County Chairman.

At the conference were Supervisor Hugh Coyle of Lewisboro, chairman of the board's committee on Legislation, and several of the County's nine representatives in the State Legislature, including Assemblyman Harold Toomey of Mount Vernon, who has introduced bills along this line before.

See Million From Tax

"A 2 per cent tax on the Yonkers Raceway," said Mr. Gerlach, "based on this year's experience, would yield a sum in excess of $1 million of additional revenue for the County and its various tax districts."

Mr. Gerlach did not say what form the new tax bill would take, but formerly such legislation divided the yield from the tax to Yonkers and Mount Vernon, the nearest municipalities, with a substan- provide certain percentages to final percentage going also to the County at large.

At present counties have the right, by approval of the State Legislature, to tax pari-mutuel betting in flat tracks, but not at trotting race tracks. The flat racing formerly at Yonkers track, conducted by the Empire City Racing Association, has been transferred to Long Island tracks, which get the benefit from pari-mutuel taxes which otherwise Westchester would enjoy.

Group to Draw Proposal

A committee was formed at today's meeting, said Mr. Gerlach, to draft the proposed legislation for submission early next year to the State Legislature. The tax yield, he added, would be "for distribution to the various county tax units."

"Such legislation was a strongly supported by all our legislative representatives," added the County Executive, "particularly Senator William F. Condon and Assemblymen Malcolm Wilson, Harold Toomey and Edward Innet.

Mamaroneck Firemen Douse Blaze On Old White Plains Road

A blaze caused by exploding gasoline fumes at the Mamaroneck Service Center, 796 Old White Plains Road, Mamaroneck, was doused yesterday at 9:25 A. M. by Mamaroneck firemen. All companies of the local department answered the general alarm which was rung by Martin Carlucci, an employe at the station.

Carlucci told firemen that he had been cleaning the car lift in the lubritorium with gasoline and had left the building for a moment. When he opened the door on his return, he said, an explosion occurred.

The blaze was confined to the lubritorium and damage was reported slight. Fire department equipment returned to the fire houses at 9:45 A. M.

The Service Center is owned by Rocco Dalvito of 322 Grant Terrace, Mamaroneck.

Interim Gas Rates Become 'Permanent', P.S.C. Discloses

WHITE PLAINS—

The higher "interim" gas rates of the Consolidated Edison Co. have become "permanent" it was revealed during Friday's Public Service Commission inquiry into the effect on rates of the introduction of natural gas.

The PSC investigation will be continued Dec. 20.

The "interim" rates, which greatly increased and in some instances doubled charges for gas used for house heating, became effective in Westchester in August, 1948, and later in New York City. At present, the Westchester rates, which previously had been higher than those in New York, are the same as those charged in the metropolis.

When the "interim" rates were allowed by the PSC they were announced as a temporary measure pending decision on permanent rates. An expiration date was fixed, but this date was extended on several occasions until last September.

At Friday's hearing, an attorney representing a New York City group seeking a decrease in the rates called attention to a letter he had received from the PSC in which the present rates were referred to as "permanent."

Hearing Examiner Ernest A. Bamman, who is conducting the present inquiry, explained that while no action has been taken by the PSC to make the prevailing rates permanent, the "interim" rates have been "extended without terminal date."

Santa Story Concerns Pet

This is a message to every boy and girl in the families of our readers. It comes from the Teachers' Christmas Story Committee.

Dear Boys and Girls:

Many of you have pets at home whom you love dearly. Perhaps you do not always think of them as just pets but as real friends. Perhaps they are a comfort to you when you feel sad or lonely or afraid.

In this year's Christmas Story, you will meet a little boy and girl very much like yourselves. They each have a pet. But Day's pet, "The Cat That Saved Christmas," is a very special kind of pet who turns out to be a real friend to Davy. In fact, if you had known about it, she was a real friend to you, too.

Be sure to find out how a cat saved Christmas by reading the 1951 Christmas Story in this newspaper every day beginning Thursday, and continuing until the final chapter on Wednesday, Dec. 19.

Tomorrow we will tell you all about the author of "The Cat That Saved Christmas."

Hungary Holds Crew Of Lost U.S. Plane

WASHINGTON, (AP)—The State Department said today the United States will take "immediate action" to free the four-man crew and an American Army plane reported forced down in Communist Hungary.

BUDAPEST, Hungary (AP) — The Hungarian government confirmed today that a U. S. Air Force plane, missing since Nov. 19 with four crewmen aboard, is in Hungary.

A Tass report broadcast by the Moscow radio earlier said the plane had been forced down in Papa, in Western Hungary, by Soviet fighter planes and the four crewmen had been turned over to Hungarian authorities.

The Soviet news agency account claimed the American C47—on a flight from Erding, Germany, to Belgrade—had been dispatched to carry spies and saboteurs from Yugoslavia into the Soviet Union and her East European allies.

Legation Reveals Charges

Confirmation that the plane was in Hungary was given the U. S. Legation here by the Hungarian Foreign Ministry, a legation spokesman said.

HOUSE APPROVAL 'FLATTERS' IKE

General Gives No Indication On 1952 Availability In Letter to Cole

WASHINGTON, (AP) — Gen. Dwight D. Eisenhower said he is "flattered" to learn he is regarded by many House members as Presidential timber. But, in a letter to Representative Cole, R., N. Y., he gave no indication whether he will be available.

The New York Congressman recently took a poll of House Republicans which gave Senator Taft, R., Ohio, 71 votes and Gen. Eisenhower 54 in first choices for the Presidential nomination. He sent the results to Gen. Eisenhower.

In releasing the poll, Mr. Cole said he could "easily understand Gen. Eisenhower's position," and he added:

"His entire effort is toward the effective organization of the North Atlantic Treaty armies and resistance to further Communistic aggression, and I sincerely believe that he gives little if any thought to politics and the coming nomination. This is his job and his duty at the present time and he is carrying on in an exemplary manner."

Eisenhower 'Flattered'

Today Mr. Cole made public Gen. Eisenhower's reply, dated Nov. 23. It read:

"Thank you very much for your recent letter enclosing a copy of the press release announcing the results of your recent poll.

"I would be less than human if I did not feel flattered to know that certain of your colleagues in the House feel that I have the necessary qualifications to fill the highest post in our country.

"I am also appreciative of your warm endorsement of the work we are engaged in here, as well as your sympathetic understanding of my present position. It was most thoughtful of you to comment on these things in your press release."

Foe Suggests Neutral Observers Carry Out Supervision

MUNSAN, Korea (AP) — Communist truce negotiators today proposed behind-the-lines inspection by neutral observers and a "complete freeze" on troops and arms in Korea, possibly paving the way for agreement on another step toward the armistice.

The move appeared to be a major concession on the part of the Reds. In the past they have refused adamantly to allow observers behind their lines and have insisted on the right to build up their armed strength while an armistice is in force.

The surprise compromise plan immediately drew from Allied envoys more than a score of pleading questions.

Which Nations Neutral?

The big one—an Allied spokesman called it the $64 question—was what neutral nations do the Communists have in mind to police the truce?

The Communists said they would answer 21 questions posed by the U. N. Command when the negotiators meet in Panmunjom at 11 A. M. tomorrow (9 P. M. EST today).

The offer to permit inspection teams behind Communist lines was the Reds' biggest concession.

The Reds sprang their surprise proposal at an afternoon session today. At this morning's meeting the two sides appeared deadlocked on the problem of supervising an armistice.

The "$64 question" — which nations the Communists consider neutral — might prove a major stumbling block.

RESIDENT BURNED IN WHITE PLAINS MANHOLE BLAST

Secrecy Shrouds Natural Gas Explosion Near County Center

WHITE PLAINS—

The secrecy shrouding a natural gas explosion in a New York Telephone Co. manhole near the County Center Monday, in which two telephone splicers were burned, was being probed today by city officials.

Ernest S. Funking of 122 Evandale Road, Scarsdale, and James Slater of 142 Fulton Road, Mamaroneck, are in White Plains Hospital for treatment of first and second degree burns about the head and face.

Utility spokesmen claim it was not an explosion. Louis A. Scofield, vice president of Consolidated Edison in charge of Westchester operations, described it as a "puff." William J. O'Connor, local manager for the Telephone Co., terms it a "flash," a flare of flame as distinguished from the concussion force of an explosion.

Frank T. Hanlon, Commissioner of Public Safety, is not concerned with the definitions, but is concerned over the fact that a gas leak discovered in the middle of last week was not reported to local authorities and that attempts to obtain a report from the two utilities have been met with evasions. He has assigned Fire Chief Edward J. MacDonald and Deputy Commissioner Wesley J. Farrington to make a thorough investigation.

To Be Repaired Today

The gas leak, reported at a Con Edison conference last Thursday was in a flange joint of the 16-inch transfer main which brings natural gas from the Westchester holder station on Tarrytown Road in Greenburgh, near Knollwood Road. It was located 100 feet beyond the manhole and will be repaired today, Con Edison said.

When the leak was discovered, Con Edison asked the telephone

Village Fights Fare Increase On White Plains Bus Route

The Public Service Commission today postponed until Dec. 18 a hearing on a request from the Westchester Street Transportation Company to increase the bus fare on the Mamaroneck-White Plains line five cents in the first zone.

For Mamaroneck residents, it would mean an increase from 10 to 15 cents within the village and from 25 to 30 cents to White Plains.

Attorney Anthony Sansone, who attended the preliminary hearing, stated that if the request is granted, school children would have to pay 10 cents instead of five cents. He filed an objection, which termed the proposed increase "an imposition" to the youngsters most of whom cannot be driven to school by car.

Mamaroneck was one of four municipalities objecting to the increase asked by the Westchester Electric Railroad Company and the Westchester Street Transportation Company.

Edward Burns, attorney for the two firms, both subsidiaries of the bankrupt Third Avenue Transit Corp., was granted the adjournment by Hearing Examiner Harold

A fracture of the left shoulder was suffered by Frank Bauman of Rye yesterday about 12:30 P. M. when his motor-bike crashed into a car driven by Robert K. Gunn of 227 Frank Avenue, Mamaroneck, on Halstead Avenue at Wagner Avenue.

Gunn was driving east on Halstead Avenue and was making a right turn into Wagner Avenue when Bauman's vehicle struck his right rear fender, according to police.

Bauman claimed that Gunn started to turn without signaling and that he tried to avoid a crash by driving his motor bike between Gunn's car and the curb.

A parked truck and a car were slightly damaged at 8 A. M. in a collision at Mamaroneck Avenue and Old White Plains Road. U. S. JETS DOWN FIVE RED PLANES

Five Others Damaged; Bag Raises 10-Day Total to 32 Destroyed

SEOUL, Korea, (AP)—U. S. Pilots today reported shooting down five Red MIGs and damaging five in the 10th straight day of jet warfare over North Korea.

The U. S. 5th Air Force said no U. S. jets were lost or damaged.

Today's bag raised the U. S. toll of red jets in 10 consecutive days to 64—32 shot down, one probably shot down, and 31 damaged. Announced Allied losses are six jets.

The 10-day run of daily jet warfare is the longest of the Korean War.

The five Russian-type jets were shot down in a 35-minute clash between 29 F9s Sabres and 40 MIG-15s over Sinanju. Another MIG was damaged. The Communists put about 230 MIGs into the air today. They far outnumbered U. S. planes.

Ground action today was minor. United Nations forces threw back squad and platoon-sized Red probes on the central sector, an 8th Army communique said. No significant activity was reported from the western and eastern fronts.

Reds Accused Of Double Talk To Gain Political Objectives

MUNSAN, Korea, (AP) — The United Nations command accused Communist truce negotiators today of using double talk to gain political objectives through the back door.

The accusation came in a broadcast to Korea after a subcommittee spent two-and-a-half futile hours at Panmunjom wrangling *over the meaning of Red propos*als for supervising an armistice.

A "Voice of the United Nations Command" broadcast from Tokyo said the Communist proposal to freeze troops in Korea during an armistice was a ruse to accomplish *the Reds' earlier demand for with*drawal of all foreign troops. The Red plan would prevent any replacements. The broadcast said:

"If a soldier left Korea because he became ill, or was injured, or if his term of enlistment expired or if he were rotated, he would thus be removed from Korea."

Would Attain Political End

In that manner, the broadcast said, the Communists would achieve their political end of having foreign troops withdrawn before a peace is signed.

Attacking other phases of the Red plan for supervising the truce, the broadcast said:

"The Communists have indicated that they still are more interested in building airstrips for war than in rebuilding the country for peace."

any real inspection.

The radio described the Red proposal for supervision only at "ports of entry" as a move to by-pass

U. N. Command negotiators at Panmunjom spent half of today's session trying to find out what the Communists meant by "ports of entry."

Primate Barred From Resuming Duties As Archbishop

BELGRADE, (AP)—Communist Yugoslavia today gave Msgr. Alojzije Stepinac his conditional freedom, making it clear he could not with government approval resume his duties as Roman Catholic primate of Yugoslavia.

The official news agency Tanjug announced the spiritual leader of Yugoslavia's seven million Catholics would live in a parish house at his native village of Krasic, near the Croatian capital of Zagreb.

Msgr. Stepinac was sentenced five years ago to 16 years in prison. He denied the charges of wartime collaboration with the Axis and postwar plotting to overthrow the regime of Premier Marshal Tito.

5 Years in 2-Room Cell

The fifty-three-year-old archbishop had spent the five years in a small two-room cell in Croatia's Lepoglava Prison.

At his trial, the archbishop repeatedly told the three-man Communist court "my conscience is clear." In denying all the charges against him he condemned communism and pointed an accusing finger at the court, saying the trial was against the Roman Catholic church.

The Tito regime often had said it would gladly release Msgr. Stepinac if he would leave the country, never to take the archbishop's post in Yugoslavia. There has been increasing pressure in the United States and elsewhere for the churchman's release, since the Tito regime began moving closer to the West in matters of defense. Several U. S. Congressmen had pleaded with Tito to release the cleric.

The arrest and trial aroused Catholic indignation throughout the world. He was the first high Catholic leader to be imprisoned in Eastern Europe after the war.

UNION VOTES 'NO' ON BUS WALKOUT

Televised Session Removes Threat of Yule Strike; Hearings Slated

NEW YORK, (AP)—Threat of a strike on private bus lines has been removed by a televised union membership vote, and open hearings will be held on a wage-hour dispute affecting 8,000 workers.

Voting last night by members of the CIO Transport Workers Union was believed to be the first actual union meeting to appear on TV.

A strike on nine privately owned bus companies carrying 3,200,000 daily riders originally had been set tentatively for last midnight. But there were signs in recent days that the threat would be lifted.

About 3,000 drivers and mechanics of eight systems voted almost unanimously to remain at work and submit their dispute to Theodore W. Kheel, impartial chairman of the City's private transit industry.

Follows Leaders' Advice

The members followed the recommendation of TWU President Michael J. Quill and other union leaders.

The members also supported the leaders' urging that they comply with a Federal Court restraint on any strike vote against the bankrupt Third Avenue Transit Corp.

Eight hundred of the Third Avenue's 3,700 TWU members sat in a special section of the meeting hall where the television audience could see they were abstaining from the voting. Above them was a sign reading "reserved for victims of Kaufman's injunction."

Grim News Comes Of Po Flood As Residents Begin Relief Drive

A horror story of widespread desolation in the flooded valley of the River Po in northern Italy was described this morning by Vincent Marcellino of 349 Mount Pleasant Avenue, Mamaroneck, who translated English letters he has received from the stricken region.

"Entire villages have been washed away by the swollen rivers," he said, "and parts of Italy's most fertile cropland has suffered a blow from which it may never recover in this worst flood of modern Italian history."

Members of seven Mamaroneck fraternal and civic organizations will make a house-to-house fundraising drive Sunday for the Campaign for Italian Flood Relief. A planning meeting is to be held at 8 P. M. Friday at the Alessandro Manzoni Lodge of Sons of Italy. Program for the one-day campaign will be organized.

Recovery from the destruction of World War II has been brought to a complete standstill in many regions, Mr. Marcellino said, adding that "mere numbers and statistics cannot describe the misery of hundreds of thousands of farmers and village-dwellers who have been swept from their homes."

Yule Music History Traced For Program

"The Story of The Christmas Carol" was told yesterday at the December meeting of the Women's Association of the Larchmont Avenue Church at the church house in a talk by Dr. Helen A. Dickinson, faculty member of the School of Sacred Music, Union Theological Seminary, and wife of Dr. Clarence Dickinson, organist and choirmaster of the Brick Presbyterian Church, New York City.

Mrs. Dickinson, who has collaborated with her husband on texts and translations for his series of ancient carols and motets, traced the history of Christmas music from the days of the Roman Empire to the present. As early as the year 128 A. D., she said, the Bishop of Rome sent word to all Christians to hold meetings on the night of the Nativity and sing "the Angel's Song."

According to the speaker, it was about that time that Dec. 25 was decided upon as the date of the birth of Jesus Christ. Calling Christmas Carols "one of the most beautiful forms of worship," she pointed out the difference between hymns and carols, the former to be sung "standing still" and the latter to be sung "dancing."

"Carols reflect the joyous outpourings of feeling from the heart of the people," she explained, noting that they also reflect the different customs and tastes of different countries. Scandinavian carols stress the Scandinavian love of bells and fondness for food, she said, English carols, the sea and ships. The people of Russia and other cold countries sing about "the cold, furs and the coming of longer, lighter days." Dr. Dickinson emphasized that the subjects of carols were always familiar, homely ones.

Carols illustrating Mrs. Dickinson's talk were sung by Mrs. Charles W. Kitchell and Mrs. Floyd E. McGuire, with organ accompaniment by Mrs. Ruth Branch. Four pupils from Chatsworth Avenue School, Woody Flowers, Stephen Huepper, Victoria Colangelo and Douglas McGuire, also presented a carol.

Tea was served following the meeting by Circles III and VI under the direction of Mrs. Sterling Sherwood and Mrs. Oliver A. Gill. Gifts from the circle groups of the Women's Association were presented to Mrs. McGuire for the new manse at 20 Bonnet Avenue into which the McGuires are moving today. Mrs. Clarence E. Goss, association president, made the presentation.

Devotions were led by Mrs. Russell L. Gould.

Christmas Supper, Program Held By Club Evening Section

Forty members of the Evening Section of the Mamaroneck Woman's Club attended the annual Christmas supper and program last night at the clubhouse. Festive arrangements of fruit, with pine branches and red and green accessories decorated the tables.

Following the supper, a short business meeting was conducted by Mrs. Marcelle Peterka, chairman. Mrs. Norman Last, membership chairman, welcomed and presented corsages to three new members, Mrs. Grace Palmer Kelly, Miss Eileen Kelly and Mrs. William Blood. Corsages were also presented to the two honor guests, Mrs. Milton A. Hescock, guest speaker, and Mrs. Donald Rabbott, former chairman of the section.

In a program entitled "Christmas Decorating," Mrs. Hescock, vice president of the Mamaroneck Garden Club, emphasized the importance of Christmas as "the greatest day of the year for the family," and urged the decoration of homes "from front door to back." She pointed out new trends in decorations and arrangements, and the increasing use of pastel colors.

An analysis of the house should precede choice of a decorative scheme, she advised. As a "simple idea" for a back door arrangement she suggested an enameled red dust pan trimmed with pine cones, decorated balls and a large bow.

Decorations Displayed

Mrs. Hescock also described methods of making decorative Christmas candles. On display were small Christmas trees of chicken wire covered with pine, wire mistletoe balls and bells. A religious theme was carried out in a mantle arrangement featuring a Madonna, white frosted leaves and six tapered white candles. Other arrangements displayed were an unusual and inexpensive composition for a table using a large potato as holder for a tall decorated candle and pine branches; and for a door piece a swag of pine branches, gilded pine cones, and bells made of small flower pots gilded and tied together with a large red bow.

In concluding her lecture, Mrs. Hescock said that fresh flowers also have a place in holiday decorations for the home, demonstrating with an arrangement of white pine branches, barberry, blue spruce, juniper, and red carnations in a red and white sleigh for mantle or table. Mrs. Hescock was introduced by Mrs. C. James Wentz, program chairman.

Mrs. F. D. Weldon, hospitality chairman, was in charge of the supper, assisted by Mrs. William E. Krell, Mrs. H. H. McNiven and Mrs. George Nichols. Members assisting in serving were Mrs. J. Stewart Barney, Mrs. Joseph Donahue, Miss Maxine Harvey, Mrs. Stanley Meluche and Mrs. Cecil Wright.

Mrs. James Riley, philanthropic chairman, thanked the members for contributing 89 Christmas packages for patients at Grasslands Hospital.

O'Brien Halts Rally, Gets 8 Rd. Decision

By FRITZ JAUCH

WHITE PLAINS—

Jackie O'Brien, clever welterweight from Meriden, Conn., withstood a desperate sixth-round kayo attempt by Andy Viserto of the Bronx in their eight-round feature at the County Center here last night and then went on to win a unanimous decision over the scrappy New Yorker.

Viserto, who had taken a beating in the fourth and fifth rounds, struck back furiously in the sixth with right and left hooks that puzzled and hurt the Connecticut boy. But Viserto wasn't able to keep his attack going. O'Brien cooled him considerably with an assortment of punches in the last two rounds to take the match going away.

O'Brien a Slow Starter

O'Brien, after a slow beginning, opened up in a wild fourth and had Viserto reeling and almost helpless. In the fifth he drew blood from a cut near Viserto's right eye.

Referee Jimmy Crowley gave O'Brien five rounds, and Viserto three. Judge Barney Williams scored it 4-2-2, Judge Bill Recht had O'Brien in front 6-1-1.

O'Brien weighed in at 144½ and Viserto at 146½. The Connecitcut fighter had a sizable edge in reach.

Semi-Final Verdict Unpopular

In the six-round semi-final, Jerry Kortright, 124¼, and Tony Amabile, 125, both from the Bronx, fought to a draw, although most of the spectators seemed to feel that Kortright had a definite edge.

In other sixes, Frank Keating, 160, Wallingford, Conn., decisioned Mack Stanford, 165, Englewood, N. J.; Al Robbins, 143½, Bronx, bested Joe Moore, 147½, Hempstead, and Al Warner, 157¼, Rochester, beat Jimmy Suber, 157¾, Bronx.

Benny Uhl, 133, Niagara Falls, got the nod over Emil Carrillo, 137½, Bronx, in the only four-rounder.

Jons Garner Lone Shutout In D. T. Loop

The Jons picked up a game on the rest of the pack in Daily Times League bowling last night by scoring the lone shutout on Larchmont Rec alleys. The split decisions, all three of which were settled in the last game, went to the Friendlies, Automotives, and Mamaro.

Russ Malz of the Recs rolled a 214 final game to hit the 600 series mark right on the nose and take honors for the highest pinfall of the evening. Marty Fader of the Jons checked in at 595.

The best single score was Charlie Lanza's 224, with "Molly" Lanza registering a 222, Fred Bono a 219 and Jim Hanrahan wound up with a 218 score.

RADIO UMBRELLA MINOR LOOP WOE

COLUMBUS, Ohio, (AP) — George Trautman sounded a grim warning today that minor league baseball could not long survive the "radio umbrella" of major league broadcasts.

The president of the National Association of Minor Leagues told the opening session of the golden jubilee convention "the solution is squarely in the hands of the individual club."

Trautman said the minor league fans become more and more major league conscious because of "nationwide broadcasts that fill the air daily with highly colored descriptions of major league play."

Cites Shrinkage in Loops

The minor league delegates were reminded that their structure shrunk from 59 leagues and 444 clubs in '49 to 49 leagues and 356 clubs in '51. Over the same span, attendance declined from 43,700,000 to 27,500,000.

Trautman said he realized "outside pressure" — presumably the Justice Department — brought repeal of restrictions on big league broadcasts last Fall.

Calling the 24-hour recall a tool that makes a "whistle stop" of a minor league town for the benefit of a higher club, Trautman asked for its abolition.

Implement of Destruction

"The 24-hour recall is, I believe, an implement of destruction and should be abolished," Trautman said.

He also urged the majors to curtail their all-expense excursions that snatch fans from minor league cities on weekends.

Trautman advised the delegates to give "serious and favorable consideration" to the proposed new high school rule that would permit baseball scouts to approach school boys on the same basis as agents of other sports.

Braves Will Peddle Spahn To Plug Shortstop Position

COLUMBUS, Ohio, (AP)—Fully aware they must revamp their porous infield if they are to figure in flag contention, the Boston Braves are resigned to taking the wraps off southpaw Warren Spahn, to plug their weak shortstop position.

This came to light today when the Associated Press learned that the Braves were prepared to trade Spahn, one of the best pitchers in baseball, to the Philadelphia Phillies for shortstop Granny Hamner and righthander Emory "Bubba" Church.

Tough Decision for Tribe

Trading the thirty-one-year-old Spahn, a four-tie 20 game-plus winner, is one of the toughest decisions the Braves ever have been forced to make. General manager John Quinn and field leader Tommy Holmes, however, have become convinced that is the only move they can make to strengthen the club where it is weakest. The Braves ranked sixth in double plays last season.

The only hitch is that the Phils are demanding a replacement at shortstop and want the veteran Sibby Sisti, who can fill in at any infield position. Sisti batted .279 in 114 games. Buddy Kerr and John Logan, who divided the regular shortstop berth last year, batted .186 and .219 respectively.

The Braves also have been negotiating with the Chicago Cubs for third baseman Ransom Jackson, one of the better young infielders in the circuit. The Cubs have asked for first baseman Earl Torgeson in return.

Cards Asking for Yvars

Meanwhile the St. Louis Cardinals have reopened negotiations with the Giants for Eddie Stanky. President Fred Saigh, who still hasn't given up hope of getting the scrappy second baseman to manage the Redbirds, has made a new offer. He has told manager Leo Durocher of the Giants he would give them right - handed pitcher George "Red" Munger, veteran catcher Del Rice and centerfielder Chuck Diering for Stanky, infielder Jack Lohrke and Sal Yvars the husky backstop from Valhalla, N. Y. Durocher still says no.

The Brooklyn Dodgers, thwarted in their efforts to work out a big three-way deal involving Cincinnati, when the Phillies refused to substitute outfielder Del Ennis for catcher Andy Seminick for first baseman Gil Hodges, were on the verge of consummating a trade with the Reds. President Gabe Paul of the Reds said he has offered righthander Howie Fox to the Dodgers for three young players. He named them as shortstop Rocky Bridges, outfielder Cal Abrams and catcher Steve Lembo. All three were utility men with the Dodgers last year. The Dodgers are holding out for Joe Rossi, recently drafted .304 hitting catcher from Portland, to be included in the deal.

A salt water killy was the irresistible attraction for the 25½ inch lunker. . . Biggest largemouth bass reported here in the closing weeks of the season was taken at Muscoot by Joe Ackerson of the Bronx. The 1-pound 14-ounce scrapper was hooked on a saltwater minnow.

Big doings on the salt-water front, are reported by Fred Cameron of New Rochelle and John Gasparrini of Rye. Catches of ling, whiting, flounders and tomcods are heavy and will probably remain so for another month.

What Robin Hood wouldn't have given to have had a few Westchester bowmen on his band of merry men! Local archers are shaprshooting the county to its highest deer kill. The latest to join the ranks of the hunters extraordinary are Walter Fagan of Yonkers who dropped a five-point, 200-pound buck behind the Armonk airport, and Dave Smurl of White Plains whose four - point, 150-pounder was taken at Bedford.

Simultaneously with all the phenomenal archery in Westchester comes word from Michigan that the 632-pound bear killed in that state with a bow and arrow by archer Dean Loveless, is a record that has not yet been bested by gun or bow.

Pratt Among Trinity Cage Varsity Men

Chandler Pratt, former Bellows athlete, is the lone Westchesterite on the Trinity College basketball squad which opens a 20-game schedule at the Boston Garden tonight against MIT. Pratt, who is a senior, five feet 11 inches and 165 pounds, played on the Trinity Jayvee quintet the past two seasons.

Pratt served two years in the Army Air Corps, including some service in the occupation forces in Germany, and he returned to Mamaroneck to finish up high school and go on to Mount Hermon prep. He was captain of the basketball team in his senior year at Mount Hermon and then went on to Champlain College for his frosh year, transferring to Trinity after qualifying as a sophomore.

Called "Spud" by his mates, Pratt is one of the five forwards on the 12-man varsity squad at Trinity. He is in the Air Corps ROTC unit at the Hartford, Conn. institution.

Chandler, who is the son of Mr. and Mrs. Loring Pratt of 624 Oakhurst Road, Shore Acres, also played softball in the Mamaroneck League for several years. He earned varsity berths in baseball and basketball at Bellows.

All Varsity Jobs Wide Open As Tigers Start Cage Grind

First impressions are often deceiving and, in the case of the 1952 Mamaroneck High basketball squad, that very well could hold true. Coach Orlando "Rocky" Ciraco appeared to be in for an even rockier season than usual but the outlook has brightened considerably since that first melancholy afternoon and hopes have soared in the interum between the initial turnout and today.

In the first place, Ciraco had close to nothing in the way of outstanding scoring material so he started from one notch above scratch. There is only one letterman around and he isn't exactly the type that can go out on the hardwood and take command. Tommy Carino, who set an all-time MHS scoring mark last year, has been lost through graduation and Bobby Rex, the top Tiger playmaker, has flown the coop to a prep school.

That makes the possibility of one man dominating the scoring this season seem pretty thin and Ciraco isn't at all unhappy about that prospect. He hasn't had a winning quintet since taking over the Hilltop cage reins and feels that perhaps building from the very bottom will prove more successful than starting with one or two standouts and trying to find three more to keep up with them.

To say that the starting five, or even the varsity squad in general, was wide open at this writing would be a vast understatement. There isn't a squad in Westchester that is any more vacant, just yearning for six or seven clever cagers to break through and make the coach's eyes sparkle. There are perhaps that many lads in the current MHS aggregation and most of them have heighth, hustle and talent. The only trouble is that it's undeveloped and will take time to be tuned up. There is still more than three weeks before the new year brings the campaign's inaugural and the Tigers need every day of it.

Tall Timber Inexperienced

Ciraco has the tallest bunch of players seen around the Hilltop in quite a few years but all the "big men" are handicapped by inexperience. Al Togut, a six-six senior, is about the rangiest and then comes Ronnie Schmidt, the six-five senior who didn't pan out well last year. Togut is on the squad for the first time because of a 1951 injury but Schmidt has been riding the bench for two years. If he doesn't click this time, room may have to be made for an underclassman.

Dave Van Allen, another newcomer who stands six feet two inches, is about the best leaper on the roster although Fred Richburg, the New Rochelle transfer, challenges that distinction. If they continue to come along as they have, two spots on the regular quintet will be filled.

Perry Hill and Bill "Whitey" Kaufman are the lone sophomores who are in contention for varsity berths. They are a pair of even six-footers who still have very good chances to make the grade. The third-year men include Richburg, Dom Caparrotta, Sam Condro and Bob Stevens. Caparrotta is very likely to earn a regular job since he played varsity ball at the tail-end of the '51 season and Condro is a good ball handler up from the Jayvees.

The seniors are veteran Tony Donato, Al Mitlehner, Lloyd Wallace and Johnny Finneran. Donato was pretty close to being a front-line cager last year and Finneran filled in quite a bit. Mitlehner has toned down on the roughness quite a bit and is bidding for regular service.

Backboard strength, scoring power and defensive polish are all needed at the Hilltop right now, and the cagers who have survived the "cuts" are striving to find the formula for a quick elevation to varsity duty.

Vanderbilt Of TRA Suggests Sports Clean Up Own Houses

NEW YORK (AP) — Alfred G. Vanderbilt, president of the Thoroughbred Racing Associations, suggested today that other sports find out "what's going on within their houses" in order to avert a scandal such as has hit college basketball.

Vanderbilt, addressing officials and executives representing 37 tracks at the 10th annual meeting of the TRA at the Hotel Plaza, urged other sports not to wait for "Congressional committees, District Attorneys and publicity-seeking vigilante groups to do the job that should be done from within."

Knows the Answer

Regarding measures to prevent scandals in sports Vanderbilt said: "The study goes on but we believe we already know the answers.

"By keeping our own house clean and in order, on our own initiative and at our own expense, racing as an organized sport is in an enviable position. The spotlight of publicity and the scrutiny of investigation need cause us no fear."

Vanderbilt also touched on the new Internal Revenue Act requiring bookmakers to pay a special tax.

"What 18,000 policemen in one large city couldn't do, has been done, temporarily at least, by a simple little provision in the Internal Revenue Act, providing for a special tax on bookmakers," he said.

The new law, Vanderbilt added, "gave the lie to the old and repeated assertion that the only way to control illegal handbook betting is to legalize off-the-course wagering.

Attendance Increased

The millionaire sportsman also pointed to an 85 per cent rise in attendance since 1941 and said the 1951 attendance, an estimated 25 million is an increase of 14 per cent over 1950.

Spencer J. Drayton, president of the TRA's Protective Bureau, said that self policing has paid tremendous dividends to racing.

Dayton pointed out that stimulation cases at the 37 tracks policed by the TRAPB had decreased 75 per cent since his organization was placed in charge six years ago.

The head of racing's "FBI" added that the tattoo branding of nearly 30,000 horses has made the ring almost 56,000 racing figures, along with a six year total of nearly 7,000 investigations, has driven underworld characters, hoodlums and bookmakers off the track.

Drayton also said, "the establishment of the TRAPB was the first major nationwide move by any sport to combat the evils of bribers, fixers and racketeers who attempt to prey on sports.

Art As Career Ends Series Of Jr. High Talks

"Art covers a very broad area, and is with us all day long," Donald Wyckoff, art teacher at Mamaroneck Junior High School, said yesterday in a talk for eighth grade girls on opportunities in art. He was the guest of Miss Marguerite A. Shea, dean of girls.

Stating that "not everyone can be a Grandma Moses," Mr. Wyckoff named the fine arts fields of painting, sculpture, museum work and reproduction for "the few highly talented artists who also have the ability to sell their work." He mentioned among branches of art offering wider opportunities architecture, commercial art, newspaper advertising, photography, industrial design, drafting, theater arts, ceramics and textiles. Textiles offer numerous oportunities in consumer design, stage design and commercial art, he said. He pointed to art in journalism as embracing the activities of art critic, art reporter or art author. The fields of drafting and lettering, though "somewhat limited," according to Mr. Wyckoff, provide "excellent salaries."

The speaker urged students to test their abilities in "on the job" projects, in order to discover the type of work they like best. Mr. Wyckoff's address concluded the series of vocational talks for eighth grade girls for 1951.

Christmas decorations for the inside as well as the outside of the house were discussed by Mrs. Hescock, who emphasized the use of simple, inexpensive materials. Included in her talk were directions for the making of decorative Christmas candles to be used alone or as part of an arrangement.

A demonstration followed, showing different types of decorations for doors, tables and mantels, using greens, cones, colored balls and various types of ribbons.

The spiritual meaning of Christmas was indicated in Mrs. Hescock's discussion of arrangements with a religious theme and illustrated by her composition for the mantel, using a madonna, dried white leaves and six tapered candles. The importance of including the children and establishing traditions for them, even to making decorations for their own bedroom doors, was stressed.

Mrs. Hescock was introduced by Mrs. C. Benjamin Dvash Jr., vice president and program chairman. Mrs. Cox, president, was assisted by Mrs. Gardiner Angell and Mrs. Edmund Pugh as cohostesses.

Following the meeting refreshments were served to the 35 members and their guests.

All-County Dinner Honors Gridders, Coach Friedgen

Thirty-seven schoolboy football stars and Westchester's "Coach of the Year" for 1951, Ralph Friedgen of Blessed Sacrament, were honored last night at the eighth annual Westchester County Publishers All-County grid banquet at the Scarsdale Golf Club.

Gold, silver and bronze plaques were presented to the athletes who last week were chosen by coaches, officials and sportswriters to three all-star elevens. Friedgen, voted the season's outstanding coach by the writers, also received a plaque.

Colarusso Most Valuable 'Angel'

Trophies donated by Joe Colarusso of Mount ernon went to the "Most Valuable Lineman," tackle Dick Fadel of Elmsford, and to the "Most Valuable Back," halfback Tom Schloemer of Chappaqua. Fadel and Schloemer won the distinctions by gaining the greatest number of points in the voting.

Brief talks were given by Ed Danowski, head football coach at Fordham; Jim Lansing, Fordham end coach; Warren Giese, backfield coach at Maryland; Al Twitchell, line coach at Rutgers and Wallace Odell, vice president of Westchester County Publishers. Hugh W Robertson, also a vice president of the publishers, was toastmaster.

The "Coach of the Year" award was presented to Friedgen by Glenn Loucks, White Plains High School football and basketball coach who won the honor last year. Loucks praised the former Harrison High School athlete for his job in guiding a seemingly weak Blessed Sacrament team to a season's record that was marred only by one single-point defeat.

Coaches of the honored athletes were introduced by the sports editor of the Westchester newspaper covering their area.

Following the main portion program, Giese showed movies of the Maryland Terrapins' 40-21 conquest of Navy this season. Four former Westchester high school stars — Joe Petruzzo of Mamaroneck and Henry Fox, Bill Maletzky, Frank Navarro and Dick Nolan of White Plains—are on the unbeaten Maryland team which will meet Tennessee in the Sugar Bowl New Year's Day.

The entire program was under the direction of Guido Cribari, Westchester County Publishers Sports Editor.

Members of the three All-County teams are:

First string—ends Jack Williams, Blessed Sacrament, and Frank Pokorny, F. E. Bellows; tackles Fadel, Elmsford, and John Simmons, New Rochelle; guards Tony Tsocanos, White Plains, and Emmett Boldt, Ossining; center Dick Disbrow, Stepinac; backs Schloemer of Chappaqua, Joe Cardinale of Scarsdale, Nick Marcopulos of Rye, and Grover Jones of White Plains.

Second string—ends Mike Cakouras, New Rochelle, and Tom Engle, Roosevelt of Yonkers; Lee Nemlich, Washington Irving, and Vic Gilona, White Plains; guards Bill French, Harrison, and John Maladrino, North Tarrytown; center Dick Miller, Bronxville; backs Fred Cutspec of North Tarrytown, Harry Jefferson of White Plains, Julian Karvoski of Blessed Sacrament, Andy Nichols of Washington Irving and Dean Loucks of White Plains.

Bellows Hunts For Reserves, Tigers For Solid Top Five

There is quite in contrast between the two local schoolboy cage squads and it showed up glaringly in yesterday's comprehensive scrimmage on the F. E. Bellows hardwood.

The Panthers, as far as the first five men go, are a sound ball club that does not have an abundance of height but makes up for it with shooting accuracy and speed. The Mamaroneck High Tigers in comparison, are a conglomeration of assorted court styles whom Coach Orlando Ciraco is trying to cure of individualism and blend into a team. He hopes to get one good quintet out of the bunch and possibly a couple of capable reserves. Right now he thinks his bench will be stronger than last year but the question is, will the starting five be better?

Coach Jack Hasley, Bellows skipper, is using Captain Angelo Evangelista, Frank Pokorny, Jack Hasley Jr., Cy Benson and Tommy Faillace in the top five right now, which is exactly the group figured to stand out. However, in the little matter of bench strength there is a major problem and only sudden improvement by the contending cagers can solve the dilemma. You can string along with five men just so far and then the time comes when you have to make a substitution. Bob Judd, the biggest man on the squad at six feet five inches, is the number one replacement but the mentor fears he may not be ready to hit the varsity calibre this year. Judd, who is just a junior, has other ideas and Hasley would be only too happy to see the lanky lad prove his point.

Mamaroneck had Tony Donato, Fred Richburg, Don Caparrotta, Dave Van Allen and Lloyd Wallace open the scrimmage session and they held their own against the Panther squad which had given Nat Volpe's lofty Stepinac quintet quite a tussle in a recent joint-workout. Van Allen is the best rebounder on the team and if he can continue improvement, the Hilltop court picture will undoubtedly clear.

Panthers Deadly On Sets

Bellows in general, and young Hasley and Benson in particular, look like deadly set shooters. Without a regular over six-three, the Panthers probably will have to rely on outside accuracy and fast breaks for scoring punch and there isn't any complaint in the set-shooting to date.

The Tigers were not quite as sharp with their tosses but they hit the cords often enough to make their mentor feel highly encouraged. Neither team pulled any fancy offensive or defensive alignments, playing man-for-man all the way.

Ciraco put his two lanky men, Ronnie Schmidt and Al Togut into the drill but they still have not shown enough rebounding improvement to displace any of the current regular crew.

It looks as if both coaches have been impressed by five candidates and don't intend to make any changes unless somebody loafs or unless some of the cagers in the reserve classification make stronger bids. Of course, Mamaroneck doesn't play until January while Bellows has one non-league tilt before the holidays.

Bronxville High School Ends Grid Rivalry With Scarsdale

SCARSDALE—

The 32-year-old Scarsdale-Bronxville schoolboy football rivalry, one of the oldest and keenest in the county, has been terminated by mutual agreement.

Announcement of the move, which was prompted by the great difference in enrollment between the two schools, was made jointly today by the principals, Dr. Frank Misner, of Bronxville High School, and Lester W. Nelson of Scarsdale High School. The number of boys eligible for football at Scarsdale is approximately three times that at Bronxville.

"School responsibility for the safety of boys engaged in aggressive, body-contact sports such as football requires that competition be conducted on as nearly equal terms as possible," it was said in a signed statement by Dr. Misner and Mr. Nelson. "This is no longer possible between the two schools and, in terms of future enrollment estimates, this disparity in numbers is likely to become even greater."

The action was taken with "great reluctance," said Dr. Misner and Mr. Nelson, who described the Scarsdale-Bronxville rivalry as "keen, friendly and wholesome." The two schools will continue to meet in basketball, baseball, tennis and track.

Bronxville holds a 17-15 edge in victories in the series but has lost to Scarsdale in each of the last four years. Scarsdale crushed Bronxville 34-0 in 1950 and 33-0 this Fall.

Shoeless Joe Dies At 63, Still Outcast

GREENILLE, S. C., (AP) — Shoeless Joe Jackson, once one of baseball's greatest hitters, died here last night still maintaining his innocence of any wrong-doing in the 1919 World Series scandal.

Jackson, sixty-three, was one of eight Chicago White Sox players accused of accepting bribes to throw the series to the Cincinnati Reds. Jackson, Oscar Felsh, Arnold Gandil, George Weaver, Charles Risberg, Fred McMullin, Eddie Cicotte and Claude Williams were barred for life from organized baseball by the late commissioner Kenesaw Mountain Landis.

Batted .375 in Series

Jackson, who played the outfield and hit .375 in the series won by the Reds, five games to three, had been plagued by heart trouble in recent years.

After his banishment, Jackson returned here, citing his acquittal of conspiracy charges in a Chicago court as proof of his innocence. A civil court later awarded him the unexpired portion of his salary from the Chicago Americans.

He owned and operated a liquor stre in this textile city but found time to help youngsters hoping to make the baseball big-time.

Lifetime B. A. of .356

Joe was born in the Brandon community adjoining this city on June 19, 1888. He broke into baseball with the Greenville club of the Carolina League with a smashing .346 average in 1908. Later he played with the Philadelphia Athletics and began a five-year stand with Cleveland in 1910. The Indians sold him to the White Sox late in the 1915 season for $30,000 and three players.

He had a lifetime major league average of .356 for 1.330 games and was regarded as one of the game's most natural hitters. In 1911 he hit .408 but lost the American League batting championship to Ty Cobb who hit .420.

The "shoeless" tag was hung on him because of a story that he once played the outfield without shoes in the minors because of a sore heel.

Iona College Trounces Bridgeport U., 78-56

Iona College's basketball team clobbered Bridgeport University of Connecticut, 78-56, last night at O'Connell gym. Both teams were unbeaten before the game, but the visitors were thoroughly beaten before they left.

Coach Jim McDermott was heartened by the overwhelming victory, for the Gaels run into a stiff foe on Saturday, Hofstra College at Hempstead, L. I., and if they can pass that test they will move into their first date at Madison Square Garden, against Seton Hall on Dec. 15, with a spotless record.

Sophomore Richie Guerin scored 23 points in the first three quarters and then took a breather. He was by far the best man on the floor, getting plenty of rebounds and hawking on defense.

Little Gene Roberti was second high scorer for the Iona with 12 points, earned principally on long set shots. Freshman Wally McCarvil, six foot eight inch center, was in the starting lineup and tallied 11 points.

The other two starters, Captain Jumbo Lyons and John McIvor, both got six points, while substitute Bob Santini, who played most of the way, racked up 11.

Combining an overall height advantage with a fast break, Iona held the whip hand and posted a 23-8 lead in the first quarter. The Gaels were leading by 60-35 in the third quarter, but McDermott emptied his bench and Bridgeport made the score a little more respectable.

Guerin was the big gun, but Santini followed up his shots nicely and made a beautiful over-the-head hook shot from the foul line in the last period.

Last night was McDermott's last chance to experiment with the newcomers on the squad, for in the next two weeks Iona will play some of its toughest opponents, and Jim has to decide whether to stick with his veterans or gamble on his inexperienced youngsters.

Fortunately the results last night were good, and Jim can probably count on using his promising sophomores and freshmen in those important games.

The Iona College freshman team found itself up against the classy Manhattan College freshmen again and lost for the second time, 73-55. This was nothing to be ashamed of, for the Jaspers have a smooth offense, more height and good floorwork. It was good experience for the Little Gaels. The scores:

Iona	G	F	P	Bridgeport	G	F	P
Guerin	10	3	23	Labash	7	6	20
Roberti	5	2	12	Saccone	6	5	17
McCarvil	5	1	11	Seaman	3	1	7

Petruzzo On All-South '11'; Coach Reveals Terp Methods

Interviewed at the All-County grid banquet in Scarsdale Golf Club Wednesday evening, Maryland University end coach Warren Giese revealed that former Mamaroneck High star athlete Joe Petruzzo had been named a first string defensive back on the All-South collegiate eleven.

Giese, an extremely amiable gridiron expert who brought pictures of the 1951 Maryland-Navy game with him for the Westchester coaches, players and scribes to see, lauded Head Coach Jim Tatum's offensive system as a major contributing factor to the undefeated season completed by the Terps and their selection to play mighty Tennessee in the Sugar Bowl at New Orleans January 1.

The Navy veteran, a native of Wisconsin, explained that Petruzzo had been moved into the first-string offensive backfield during Spring practice but that the former MHS three-time All-County line-pulverizer had suffered several injuries. At that time Tatum decided that Petruzzo was too brittle to be an offensive regular so he looked around for a spot where such a fine ball player could be used with less contact. Defensive safety for punts and the "middle-man" on the 2-3 Terp stop-'em backfield was the location selected. Although not overly pleased with the job at first, Petruzzo soon accepted the assignment as a challenge and ended up as an almost unanimous choice for the All-South club.

Giese, who personally thinks Petruzzo is one of the finest players on the Maryland squad and one of the most intense gridders he has ever seen, declared that there doesn't appear to be much chance of the Mamaroneck product seeing offensive action in '52. "He's too valuable in our defensive corps," is the way Giese puts it.

Sees Vols As Too Strong

Although he wouldn't let his own camp know it, Giese thinks the rating of Tennessee as the nation's number one team is the only way it could possibly be. He saw General Bob Neyland's crew in action and was tremendously impressed. Maryland and Tennessee are exchanging three reels of film apiece this week so that both coaching staffs can orient their squads without having to go on secret scouting missions. That's the way it's done in college football these days. Giese says he shudders every time Vol tailback Hank Lauricella gets the ball and thinks the overall experience of the Tennessee club may settle a tight ball game New Year's Day.

Two other topics delved into by Giese were of particular interest to this scribe. One was his statement that former White Plains flankman Hank Fox, a 200-pound, six-three senior, had played the finest offensive football this year of any end he has coached and the other was the revelation that Maryland players are instructed to tackle only above the waist. By hitting high, the Terp mentors feel the opposition is more often slowed up for a succession of hard tackles rather than have one man nail the ball-carrier around the ankles. The chances of causing fumbles also seem higher with the high-hitting.

Another interested listener broke silence long enough to remark that the 1947 and '48 most-valuable-players in Westchester, Petruzzo and White Plainsman Bill Maletzky, both starred for Maryland this year. Moletzky is a soph guard and Giese claims he's a cinch to become just about all-everything in the next two years. After the reels of film had been run off, a lot of others had joined the Maletzky bandwagon.

Colleges Plan To Clean Up Sports Codes

NEW YORK (AP) — A seven-point program to combat professionalism, subsidization and academic deficiency in intercollegiate athletics will be presented to the Eastern College Athletic Conference next week.

The plan, drawn up by Asa S. Bushnell, ECAC commissioner and president of the National Association of Collegiate Commissioners, calls for the elimination of all recruiting of athletes.

It also would do away with special subsidies for the athletes unless they are based on a proven need.

Bushnell would make the college presidents personally responsible for upholding the code, with a roll call by the National Collegiate Athletic Association at intervals of about six months.

If the plan is approved by the Eastern group it probably will be presented to the NCAA at its annual meeting in January.

Gaff & Gun

By FRED LUKS
Hunting and Fishing Editor

The heaviest percentage of male deer shot in this State last year averaged eighteen months of age, according to a government-supported survey made by the State Conservation Department.

Indications are, points out Albany, that the doe seasons granted by the Legislature are inadequate, and have not permitted a satisfactory harvest of female deer.

A rapidly expanding hunting population, concentrating almost exclusively on male deer, will sooner or later work a serious hardship on New York's herds, the report, Pittman - Robertson Research Project 28R, implies.

Less than 2 per cent of all the deer examined by official checking stations were six years or older. The take varied in some locales from two-tenths of 1 per cent to over 2 per cent in others. On a computed statewide kill of 23,000 the harvest of six-year or older whitetails numbered in the low hundreds.

* * *

Evidencing the tremendous hunting pressures to which they are subjected, the Catskills and Western tier counties led other areas in the largest kill of yearling deer.

Aproximately 62 per cent of the Catskill deer taken were under a year-and-a-half old. Twenty-eight per cent were under three years of age.

Some of the Western counties recorded the greatest harvest, 90 per cent, among yearling and two-year-old deer.

The areas in the West which permitted the shooting of does showed better balanced statistics in that only 36 per cent of the doe deer checked were under two years old. Twenty-eight per cent were under three years old; 17 per cent were under four years old and 7 per cent were in the four-to-five-year age bracket. A few were taken that were over ten years old.

* * *

Describing conditions in the Adirondacks, the Department alludes to overbrowsing by an excessive population as being responsible for general malnutrition among the deer in that country.

The report stresses the growing danger of the continual shooting of antlered deer and suggests a general harvesting of does to correct the situation.

BIG BUCK, a 10-pointer weighing 200 pounds, was bagged by Bill Mallin Jr. of English Place, Mamaroneck, last Sunday. Mallin, who was accompanied by his father, William Mallin Sr of Munro Avenue, downed the deer at 20 yards with one shot in the Beaverkill River section of the Catskills. It was the local hunter's third buck in several years of hunting.

MacArthur Warns Sports Of Controls

NEW YORK, (AP)—Gen. Douglas MacArthur says government control of college football would make the sport "a plaything for selfish politics."

MacArthur spoke last night at the 18th annual dinner of the Touchdown Club of New York.

He received the organization's 1951 award for service to football—dating back to 1919 when, as superintendent of West Point, he inaugurated an intramural sports program.

MacArthur said he feared the college gridiron game might fall "within the clutches of rapidly expanding Federal controls" and added:

"If I were to give you but one word of warning, it would be to keep football and, for that matter, all other American sports free of governmental bureaucratic regulation."

Should such regulation come, he said, "the game would no longer be a sport—it would be but another of our lost freedoms—a plaything for selfish politics — a pawn for greedy patronage—a helpless adjunct to a creeping centralization of power in government which would threaten athletic life, fortune and sacred honor."

LOCAL BOYS AWARDED TAFT SPORTS LETTERS

Among the 85 boys awarded letters and numerals for sports participation at the Taft School in Watertown, Conn. were two Larchmonters and one Mamaroneck native.

Melvin Searls of Mamaroneck was the recipient of a junior varsity football numeral while Larchmonters John Eadie and Herbert Willetts received varsity soccer letters.

Other Westchesterites to be honored for Fall athletic activity were Thomas Virtue of Rye and George Lewis of Pelham, varsity footballers; and Peter Greer of Mount Kisco, a member of the Jayvee grid squad.

Sixty-four Sabres were matched against 145 MIGs in the two battles.

Maj. Davis bagged two planes in each fight.

$500 FINE LEVIED IN GAMING CASE

NEW ROCHELLE—

Judge Thomas N. Fasso in City Court today fined Mrs. Artie Bell McKeever, 24 Lincoln Avenue, $500 and sentenced her to 15 days time served. Mrs. McKeever was convicted by a City Court jury Nov. 30 of maintaining a gambling house. She has been in Westchester County Jail since.

Defense attorney Oscar Greene took exception to the sentence as "too severe."

"This is guilt by association," he declared. "The theory is because Mrs. McKeever rented the house, and allowed her daughter to live in it, and also knew what her daughter was doing, Mrs. McKeever is guilty. Guilt by association is not the law in the State of New York."

Attorney to Appeal

He said he will file an appeal on the McKeever ruling and also on the case of Wallace Whaley, forty-nine, 68 Lincoln Avenue, convicted of possessing policy slips at the same trial. He was sentenced by Judge Fasso to eight months in the County Penitentiary and fined $500.

Meanwhile, in a new development in the search for Mrs. Christine W. Davis, 550 Fifth Avenue, daughter of Mrs. McKeever, it was learned that County Deputy Sheriffs had called in New Rochelle police to help execute a warrant for her arrest. Mrs. Davis is the missing key witness Judge Fasso branded as being spirited away by gangland methods.

In sentencing Mrs. McKeever Judge Fasso said: "As for the sentence in this case, the court feels the active participation of the defendant was limited, although it is likely she knew of the original arrangements made for the use of her premises. Her daughter, Christine Wiley Davis, could shed light upon every phase of the policy and liquor rackets. As far as the court knows, she is still missing from our city."

In pleading for leniency, Attorney Greene pointed out that this is Mrs. McKeever's first conviction of a crime and that she has lived in New Rochelle for many years.

Disarming

vo suspended further voting until next week.

On the 15th ballot Greece had 36 votes, while Russia 2. Forty votes are required for election.

The Western powers planned to submit their disarmament revisions to the Assembly's 60-nation Political Committee at the session starting at 3 P. M. today. The text of the revised draft was not immediately available, but a high Western source said that it would make the following concessions:

1. The proposed disarmament commission—to which Russia and the West have agreed—would be directed to report to the U. N. by June 1, 1952, on ways and means of ending the world arms race. Soviet Foreign Minister Andrei Vishinsky had objected because the original Western plan fixed no date for the committee to report.

2. The proposal for retention by each nation of forces "necessary for defense" changes to meet the Russian insistence on different standards for primarily land powers such as the Soviet Union and such sea powers as Britain.

Given 'More Neutral Phrasing'

3. The section dealing with the standards to be set up to determine arms levels is given a "more neutral phrasing."

4. The revision defines more specifically what the Western powers mean by "countries with substantial armaments," which the Russians have rejected as a vague phrasing.

The *modifications were described* as being in line with a Western policy, announced Tuesday by British Minister of State Selwyn Lloyd, of seeking to increase the areas of agreement between the Soviet Union and the West. The changes were based on clarifications of the Soviet and Western positions revealed at last week's secret Big 4 disarmament talks.

Mr. Vishinsky told the Political Committee yesterday the importance of broadening such areas of agreement on "relatively secondary" issues should not be underestimated. Mr. Vishinsky said he hoped such broadenings would lead eventually to East-West agreement on some of the larger issues.

with a large share of the defense business.

Samuel S. Willis, a manufacturers' representative, told the committee yesterday that "too much red tape" discourages many small manufacturers from attempting to do work directly with the government. They prefer, he said, to let some agent familiar with complex government procedures handle the paper work for them.

"Any small manufacturer who bids without consulting his attorney first is flirting with bankruptcy," said Mr. Willis.

A former employe of the Army's big Ordnance Tank-Automotive Center said he had made $14,150 in the past six months by obtaining government contracts for a string of clients.

George F. Day, a $6,300-a-year inspector at the center for 10 years, said he was paid $10,000 a year from each of two companies and worked on a 5 per cent commission for several others.

Scandal

(Continued from Page 1)

President declared with firm emphasis that his administration always has acted swiftly to eliminate wrongdoers from its ranks and will continue to do so.

He said his administration did exactly this, through its loyalty boards, in the case of Communists who were found to be working for the government.

Cites Trials of Reds

These were brought to trial and convictions were obtained by the Attorney General, just as they should have been, despite a great deal of ballyhoo to the contrary, the President said.

He declared that the public officials recently fired — including Mr. Caudle—all were being investigated by the executive branch of the government before their names turned up in Congressional investigations.

He said the administration was wise to Mr. Caudle, who has been accused of taking favors from persons involved in tax difficulties with the government, long before such charges were made by the House Ways and Means subcommittee investigating the tax scandals.

Mr. Caudle's resignation would have been asked even without the committee's intervention, the President added.

Recalls McGrath Testimony

A reporter expressed surprise at this, recalling that Mr. McGrath, who was Mr. Caudle's boss, told the House investigators only Tuesday that he personally never had any suspicions against Mr. Caudle.

Mr. Truman replied crisply that he doesn't keep the books for his Attorney General.

The President was asked if Mr. McKinney had been correct in telling reporters earlier this week that the President feels he has been "sold down the river" by Federal employes who have proved faithless to their trust.

Well, who wouldn't feel that way? the President said.

Clean Government

He went on to say that he has been a firm fighter for clean government ever since his first election to public office in 1922.

He declined to say what sort of special agency he will set up to police the Federal service.

He said that if he does set up such a body it will be his own kind of committee and not one patterned after some special government units that have been set up in the past.

He recalled laughingly that there has been a Truman Committee before, meaning the War Production Investigating Committee that he headed while a U. S. Senator.

Queried on Appointments

The President was asked how it happened that officials like those recently dismissed got into the government service in the first place.

He said he didn't know. He asked if anybody could explain how it is that some people who are employed by banks steal money from the banks.

Mr. Caudle and the various tax collectors who have been fired were appointed originally be Mr. Truman. He named them on recommendations from Senators and others.

Mr. Truman said the action he plans in the near future will be designed to clear up the present situation, to show that the vast majority of government employees do their duty and to see that the honest employees are not smeared by the actions of the others.

Sas Scandal No Issue

With an apparent air of confidence, the President said he does not expect the recent wave of scandal to be an issue in the 1952 Presidential campaign.

A similar statement was made Tuesday by Mr. McKinney. Republicans promptly retorted to Mr. McKinney that it now is an issue and would continue to be.

Mr. Truman said this matter will be cleared up long before the campaign gets under way, just as the communism - in-government issue has, in his belief, been disposed of by firm administration action.

The President declared that his administration has taken drastic action all along against any of its officials who proved unsatisfactory.

U.S. Enters Steel Workers Wage Dispute

WASHINGTON, (AP)—The Federal Mediation Service today moved into the steel wage negotiations at Pittsburgh.

Mediation Chief Cyrus S. Ching announced that he has asked Clyde M. Mills, assistant director, and Walter A. Maggiolo, acting general counsel, to confer with representatives of the CIO Steel Workers and the steel industry.

Mr. Ching said the two would meet with the representatives today and tomorrow and report back to him on the status of negotiations.

The CIO union and U. S. Steel Corp., bellwether of the industry, have been negotiating on a new contract for three weeks.

The union has said publicly that it wants a substantial wage increase over the average hourly $1.85 pay that its million members now earn. It also is seeking a union shop, a guaranteed annual wage, and improved premium and incentive pay.

The same demands have been presented to most of the other steel producers, who usually wait for a U. S. Steel settlement to follow as a pattern.

The contract between U. S. Steel and the CIO is due to expire Dec. 31, leaving the workers free to strike.

Conservatism Is Subject For Forum At Temple

The third program in a series on basic questions of Jewish belief will be held tomorrow at 8:30 P. M. at the Larchmont Temple, Henry Stampfeman, chairman, announced today. The subject of the formum will be "Are Our Services Traditional Enough?" Rabbi Jerome Wanshel and Joseph Silberman will discuss the question "As a 'reformed' congregation, how 'conservative' should our services be?"

Rabbi Leonard Schofer will conduct the service assisted by Cantor Hugh Cardon. Sisterhood hostesses in charge of refreshments are Mrs. Wanshel, Mrs. Silberman and Mrs. Sidney Mintz.

'Waxey Gordon' Given Two Long Jail Terms

NEW YORK (AP) — Irving "Waxey Gordon" Wexler, onetime Prohobition beer baron, was sentenced today to serve two concurrent terms of from 25 years to life in prison on his plea of guilty to the illegal sale of narcotics.

The sentence was a virtual life sentence for the sixty-three-year-old man who is a fourth felony offender. The law calls for sentences of 15 years to life for a person convicted four times of a felony.

gators subcommittee files on the complaint against Mr. Caudle received from Frank N. Littlejohn, Chief of Police at Charlotte, N. C.

Chief Littlejohn complained of Mr. Caudle's handling, while U. S. Attorney in Charlotte, of alleged violations by two Charlotte men of wartime OPA regulations. The two were named as Carl Wilson Davis and Keith Beaty. House testimony brought out that Mr. Caudle received cut-rate prices on automobiles bought from Mr. Beaty, who was having tax difficulties.

Clark Will Not be Called

Chairman King said the committee has no intention of calling Justice Clark. He said he did not want to override Congressional precedents against forcing Supreme Court Justices to testify in House or Senate hearings.

Tax investigators, in the meantime, faced the possibility of not hearing from a key "mystery witness" in its investigation of the bizarre Teitelbaum shakedown story.

The witness is Henry "The Dutchman" Grunewald, influential man-about-Washington and a *notorious figure in other Congressional* investigations.

Located in a Washington hospital, Mr. Grunewald yesterday refused to talk to investigators at a bedside session, committee aides said. They said he told them he was acting on advice of counsel when faced by chairman King and two other committee members in his hospital room.

Committee counsel Adrian DeWind said Mr. Grunewald insisted on a public hearing, but was too sick to come to the Capitol.

Public Health doctors, ordered to examine Mr. Grunewald to see if he was able to appear, reported him suffering from nervous tension.

Mr. Grunewald's own doctor said he thought Mr. Grunewald might be able to testify by Saturday—or perhaps next week.

However, the committee plans to wind up its hearings this week-end to prepare for hearings at San Francisco in mid-January.

Typhoon Death Toll Hits 569, Storm Returns

MANILA, (AP)—The death toll from a typhoon which swept across the Central Philippines Monday rose to 569 as the same storm doubled back today to strike the islands again.

The WeatherBureau forecast the center of the storm would strike tomorrow on the west coast of Luzon Island about 100 miles north of Manila. Torrential rains drenched Manila today.

A second typhoon, coming in from the east, veered so much the Weather Bureau said it probably would just graze the east coast of Luzon.

This afternoon the center of the turnabout typhoon was 200 miles southwest of Manila. The second storm was about 500 miles due east of the city.

Both are swinging well north of Legte Island, which suffered the heaviest blow from the 130-mile winds Monday.

STEAM SHOVEL HITS ROCKLAND AVE. WIRE

A telephone cable on Rockland Avenue, Mamaroneck, was knocked down yesterday by a steam shovel driven by Nicholas Garito of 191 Palmer Avenue, Larchmont.

The incident came to the attention of police through a telephone call from Mrs. Michael Winkler, 186 Rockland Avenue, Mamaroneck, who stated that she had heard a loud noise on the street in front of her home and thought there was an accident. Investigation revealed that the steam snovel had struck the telephone wires.

The damage was repaired by a *telephone company crew.*

ANACONDA GETS ALUMINUM

WASHINGTON, (AP) — Defense Production Administrator Manly Fleischmann today authorized the Anaconda Copper Mining Co., to go into large-scale aluminum production.

Budget

(Continued from Page 1)

"anguished outeries" from the administrators because the textbook and instructional supplies fund was cut before the budget was presented.

"What are you going to do about the further anguished outcries when the item is cut this much more?" he asked Dr. Hicks.

The superintendent replied that the staff is willing to make adjustments according to the exercise of their best judgment and Clerk Edward Juliet pointed out that the year started with a better stock of supplies than had been anticipated.

Next Year's Money

"Then you are using your inventory—you are spending next year's money" Trustee Allen noted.

When Mr. Juliet pointed out that the furnaces in the Barry Avenue building have been judged in bad shape and in need of repairs, Trustee Allen asked, "Where are we going to find the money for such emergencies?"

He again asked about the next categories to be cut and suggested that the Superintendent make a further study of the budget with future emergencies in mind. Dr. Hicks said he would be a difficult task without knowing what was to be anticipated and would take "a great deal of time" but added that if the board asked him to do so, he would.

Trustee George Garfunkel finally asked Trustee Allen to describe the nature of the unanticipated future emergencies and added, "Then maybe the superintendent can tell us which categories should be tapped."

More Interested

"I am simply more interested in finding out where we are to find the money to run this school program," Trustee Allen retorted.

Mr. Garfunkel accused him of "an unfortunate choice of language" and Mr. Allen amended it by saying, "I am interested in studying this matter in more detail."

President Edgar B. Burchell said he saw little reason to prolong the discussion of something which has not yet happened and Trustee William C. Fitts Jr. said the point was they have no way of knowing "whether we are sacrificing something of real value which would be more than the kindergarten teacher."

Mr. Allen said he still wanted an answer about the next category to be cut and Trustee Donald McKinley said he was opposed to asking the superintendent to continue the study until the need arises. Trustee Ralph Cronquist said he had heard enough "chin music" and suggested that the board get on with the agenda.

Mr. Allen concluded, "Well, it's pretty obvious the board doesn't feel as I do so I'll go along."

New Teacher

Dr. Hicks recommended the appointment of Miss Barbara Schwartz of Yonkers to fill the kindergarten post at a salary of $3,900 per year. The amount will be about $1,800 for the remainder of the year, he stated. In reply to a question from Mr. Allen he said she is qualified to teach also the first, second and third grades.

The board granted the use of the Bellows gymnasium to Richard Tallevi for Bellows Alumni basketball practice and games, also to a college group represented by Martin Lyons.

Dr. Hicks announced the resignation of Miss Elizabeth Spencer. Daniel Warren secretary, who is joining the WAVES.

Taxpayers

ident Burchell's suggestion Mr. Allen reviewed the alternatives presented at the last meeting of the board with the advisory committee. He recalled that the proposal to add safety features to the Barry Avenue building, build an addition to the Daniel Warren School and build a basic unit on a newly acquired site was the one adopted after a favorable reaction from the committee.

Trustee Allen declared that there are certain negotiations going on over the site which cannot be made public for fear of "jeopardizing the whole program." Judge Henry T. Horridge added, "I've been working very closely with Art Allen on this thing and I can assure you that there is certain information which can't be assured the board that they know revealed right now!"

Information Wanted

Mrs. Fink and Mrs. Allensworth insisted that the board has been given information about the site might hamper the negotiations but both insisted that residents should be kept up to date on the progress of the general plans of the board so that they will be prepared to vote when the time comes.

Trustee Allen waved a sheaf of papers and said, "Here's a plan to reach everybody in this district and I can assure you that everyone will be fully informed long before it is time to vote." He said the information should be ready by the end of January and added that *no one on the board realized when* they started "how long this thing would stretch out."

into the public schools and read excerpts from opinions handed down by Justices Black and Frankfurter of the United States Supreme Court in support of the complete separation of church and state.

Garfunkel Agrees

Trustee George Garfunkel concurred, adding in emphatic terms that a basic principle is involved "which must not be violated." He agreed with Trustee Fitts that once the State has its "foot in the door" in advocating a religious practice, the whole political philosophy behind the separation of church and state is endangered.

The State Constitution opens with the words, "We, the people of the State of New York, grateful *to Almighty God for our freedom."* President Edgar B. Burchell Jr. pointed out, explaining that the regents based their suggestion partly on that reference. "I don't see how worship of an Almighty God is any breach of what you call the wall between church and state," he declared.

Trustee Fitts replied that "one step leads to another" and claimed, "We don't dare monkey with it in my opinion."

"I suppose we are safer by taking that view," Mr. Burchell continued, "but I would say 'Let's be more working very closely with Art Allen on this thing and I can assure you that there is certain information which can't be assured the board that they know revealed right now!"

Still Naming Kazmaier For Grid Honors

NEW YORK (AP) — All-America, Back of the Year, football Player of the Year, and now the star who dazzled them all in one big game.

We are referring, of course, to Princeton's Dick Kazmaier, whose sensational feats on the girdiron long will be remembered.

For his magnificent clutch showing against Cornell on Oct. 27, Kazmaier was chosen as the player who turned in the most outstanding single football performance this season.

In the Associated Press' poll of sportswriters and sportscasters, Kazmaier was picked by 36 of the 102 pollsters.

Here is what Dick did in the Cornell game:

He ran for two touchdowns and passed for three others; he carried 18 times for 124 yards and completed 15 of 17 passes for another 236 yards. Final score: Princeton 53 Cornell 15.

THE GAEL SQUAD which will be the first Iona College basketball team to appear in Madison Square Garden, on Saturday night against Seton Hall, lines up from left to right with Wally McCarvill, Bob Santini, Jim Lyons, Dick Guerin, Harry Chiamulera, John McIvor, Bob Fischi, Ed. Croke, Don Arciero, Mayer Feinman, John Gibbs and Gene Roberti. Croke is from Tarryown, Arciero is from Pelham and Feinman is from Port Chester. The other boys are from New York City and Long Island.

Hiller of the Cyclones was top scorer for the night with 15 point in a losing cause while Carducci of the Hot Shots had 14 and Datino of the same outfit had 13 and Carpino 12. Storms paced the Strawberry Five with an even dozen points and Rituno of the Deacons meshed 11.

Bellows Now Has 14 Cagers Competing For Varsity Jobs

Bellows cage coach Jack Hasley, who at first impression thought he was going to have trouble digging up one or two dependable reserves, now finds from 10 to 14 boys bunched up in the battle for jobs on the starting Panther quintet. The man whose Bellows hoop squads have licked around 90 per cent of their opponents in the last seven years can't figure out whether the five lads billed as almost certain regulars have slipped or whether the up-and-coming candidates from the Jayvee ranks have suddenly "found" themselves.

The Panthers open against the Horace Greeley quintet at Chappaqua next Tuesday afternoon and by that time Hasley must trim down his varsity roster to 11 at the most and probably 10. It's going to be a tough task because, in a scrimmage against White Plains, the reserve corps came through with flying colors and so many boys impressed the skipper that the dilemma resulted.

Nevertheless, the guess is that Hasley will stick with veterans Angelo Evangelista, the team captain, Frank Pokorny and Tom Faillace, and use Cy Benson and Jack Hasley to complete the first-line quintet. Although there isn't an individual standout in that alignment, the team functions smoothly and Panther fans are sure to see some clever passwork during the long campaign.

Nine Raiding Varsity

The aforementioned five are sure to stick in the varsity picture but there are nine cagers bunched in the major battle to clinch the other five or six berths. Included in that group are Bob Judd, Pete Lenotti, Billy Koch, Don Hasley, Lanny Baird, Don McNiven, Cliff Palmer, Frank Skehan and Bobby Reilling. McNiven and Lenotti were teamed up in the drill at White Plains and may have helped their chances considerably through their showing. They would add speed to the varsity as reserves and for that reason are seen as probable choices to jump up from the Jayvee ranks.

The Greeley tilt will be Bellows' only outing before the arrival of the new year and Hasley undoubtedly will use that contest to further judge his players, no matter which game they get into, varsity or jayvee. The varsity clash will be played at 3:30 P. M. with the jayvee tiff to follow.

Incidentally, the junior varsity games will consist of eight minute quarters this year, making the games exactly eight minutes longer than in recent seasons. The increase of two minutes per quarter was made to give the young players more extensive seasoning and also to give the mentor more of a chance to use his jayvee reserves.

New Basketball Coach Handles Promising Iona Prep Squad

NEW ROCHELLE—
By DAVE SMITH
School Correspondent

When the Iona Prep cagers open their court season tomorrow night at Sacred Heart in Yonkers, they will be under the tutelage of the third coach in two seasons.

The locals are fortunate in starting the campaign under Bob Kirnard. Kirnard is a graduate of Seton Hall, where he played two years of baseball and basketball before splitting a leg cartilage. He coached the freshman baseball team as Seton Hall which won the State Championship, and pitched for the Newark Giants during the recent baseball season.

Mr. Kirnard is a Navy veteran with two years sub service. In this, his first year at Iona, he has coached jayvee football and will also mentor the baseball squad.

The prospects for his cagers are the brightest in years. The Irish post eight men on the veteran list, losing only four of last year's team. They've been working out since mid-October and have looked impressive in several scrimmages. Coach Kirnard's top five at this point are Joe Dinolfo, Junior Ed Bugniazet, John O'Connor, Jim McLaughlin and Bob Doherty, all veteran campaigners. Backing up this five are 6-foot 5-inch Larry Collamore, Dennis Donovan, Paul Martineau and Jack Delaney, who transferred from Stepinac. Five men are up from the junior varsity to round out the 14-man squad.

The Prepsters will play a 19-game schedule featuring 11 home encounters. The Irish will face five teams not on last year's card: Bellows, Horace Mann, Concordia, Columbia Grammar and Pelham.

The schedule:

Dec. 14—Sacred Heart, away.
Dec. 18—New Rochelle, away.
Dec. 21—Fordham Prep, away.
Jan. 8—Bellows, away.

Charles Beats Maxim Again

SAN FRANCISCO (AP) — Former heavyweight champion Ezzard Charles has finally convinced light heavyweight title holder Joey Maxim, after five beatings, that it is a hopeless cause to challenge him.

There were no knockdowns and not much sustained action. Neither was damaged or even in trouble. The crowd of 10,827 booed at times in dull moments when Maxim engaged in his frequent clinches.

COUNTY RETAINS TWO EXPERTS IN GAS RATE FIGHT

Consulting Engineer and Attorney Hired In PSC Investigation

WHITE PLAINS—

Two experts on utility rates—an engineer and an attorney — have been retained to represent Westchester in the Public Service Commission investigation to determine the effect of introduction of natural gas on the rates of the Consolidated Edison Co.

County Attorney Harry G. Herman today announced that contracts have been signed with Carroll H. Shaw, a consulting engineer, of 132 Nassau Street, and Col. Melvin L. Krulewitch, an attorney, of 285 Madison Avenue, both New York City, to assist him in the preparation and presentation of the case.

The PSC inquiry is to resume Dec. 20.

Frequent Utility Witness

Mr. Shaw was formerly associated with predecessors of Con. Edison, including the former Yonkers Electric Light & Power Co., and testified as a utility company witness in several cases before the PSC. Col. Krulewitch served the PSC as a hearing examiner and as an assistant counsel and special counsel in many cases.

Mr. Herman said the contracts provide that the experts are to be paid on a per diem basis, within the $7,500 appropriated by the Board of Supervisors. The two men have already started working on the case, Mr. Herman said, and have agreed to give their services to the County until March 1.

It is expected that counsel for the PSC will question utility company witnesses when the case is resumed next week. Mr. Herman said he will ask a "reasonable" adjournment after that day to enable the county's experts to prepare their case.

Rye Neck To Finance Basic Building Needs

JOANNA & NIKOLAI GRAUDAN

The question of whether to finance a complete school building program or proyide merely for immediate needs was revived early Tuesday morning at an executive session of the Rye Neck School Board and a move to finance the entire project at once was defeated by a four to two vote.

Board President Edgar B. Burchell Jr. revealed today that the meeting was reopened and the vote taken when Trustee Donald F. McKinley declared that he favored a bond issue for a complete program and had not been a member of the board when the original decision was made for a partial program.

Trustee Ralph Cronquist voted with him but the motion was defeated by Mr. Burchell and Trustees William C. Fitts Jr., Arthur E. Allen Jr. and George Garfunkel.

Trustee McKinley claimed that, although the long-range plan for a new junior-senior high school cannot be carried out at once because of a shortage of steel, the bond issue should cover the estimated cost of the full program.

'Wait for Need'

The opposing trustees, Mr. Burchell states, feel that until a need can be shown for the entire plan, the financing should cover only

U. S. APPROACHES 3 NEUTRAL LANDS TO POLICE TRUCE

Sweden, Norway, Switzerland Alerted As Possible Korea Inspectors

WASHINGTON, (AP) — The United States has alerted three nations — Sweden, Norway and Switzerland — that they may be proposed as members of "nonbelligerent" inspection teams in event of an armistice in Korea.

The proposed teams would maintain a check on whether the Communists, on the one hand, and the United Nations forces, on the other, were abiding by the armistice terms.

The approach to the three nations was made through their Ambassadors here yesterday by John D. Hickerson, Assistant Secretary of State for United Nations Affairs.

Three Allied Planes Downed By Red Guns

SEOUL, Korea (AP)—Red antiaircraft guns shot down three Allied planes today while MIG-killing American Sabre jets destroyed one Communist jet and damaged three.

The U. S. 5th Air Force said all the Sabres returned safely from their two jet fights over Northwest Korea.

In unrelated actions Red flak brought down an F80 Shooting Star, an F84 Thunderjet and an F51 Mustang. All three fell in Communist territory.

Fifth Air Force planes flew 663 sorties up to 6 P. M., chopping up Communist transport lines.

Today's two jet battles came less than 24 hours after the American Sabre pilots scored their greatest all jet victory—13 Red jets downed, two probably destroyed and one damaged.

SNOW STORM DUE IN EAST TONIGHT

Bureau Predicts 'Severe Winter Weather' In Bulletin

ALBANY (AP) — The Weather Bureau advised New Yorkers today to get ready for a "deep storm" and "severe Winter weather," as the state counted two dead from a heavy fall in a small section last night.

The storm, moving northeastward from the Lower Mississippi Valley, is expected to blast Western New York tonight, spread rapidly across the state during the night and continue to plague all areas tomorrow.

Arthur R. Boxall Jr., about thirfive, and his wife, Stella, thirty-one, of Canastota, were found dead today in an automobile near Canastota. Police said the car apparently had skidded into a ditch during the snowfall last night. They died accidentally of carbon monoxide poisoning, a coroner said.

In a special bulletin, the Weather Bureau predicted four to eight inches of snow generally, and heavier amounts for Western New York and the Western slopes of the Catskills and Adirondacks.

The bureau said temperatures would not be so low during the 36 hours of the storm's visit as last night's. At Duane, in Franklin County, residents reported the mercury hit 18 below last night. In neighboring Malone, the temperature plunged to 6 below, lowest of the season, and then climbed to 8 above this morning.

Temperatures are expected to hover in the upper 10s and 20s for the weekend.

Herbert La Roza, assistant manager of the Mamaroneck Branch of the County Trust Company, was inducted as a new member with Past President George Ayres conducting the ceremonies.

Former Chief Counsel Links Senator To Scandal Probe

WASHINGTON, (AP) — Charles Oliphant testified today that Henry W. Grunewald once told him he was helping Senator Bridges, R., N. H., in a tax case involving another person.

Testifying before House tax investigators, Mr. Oliphant said the case involved a jeopardy tax assessment against H. H. Klein of Baltimore.

Mr. Oliphant said Senator Bridges made some inquiries of him about the case.

Later, he said, Mr. Grunewald asked him about it and "told me he was helping Senator Bridges in this matter."

Mr. Grunewald is a somewhat mysterious man - about-Washington. His name has come repeatedly into the present hearings by the House Ways and Means subcommittee investigation tax irregularities. In the past, it once cropped up in connection with a Senate inquiry into alleged wire-tapping. Nothing much came of the Senate hearing.

Discussing the Klein tax case, Mr. Oliphant said Mr Klein wanted to buy a round-trip ticket to Bermuda but the jeopardy assess-

Husband Held In Shooting But Joan Denies Romance

BEVERLY HILLS, Calif. (AP) —Film star Joan Bennett's husband, Walter Wanger, who shot down her Hollywood agent "because he broke up my home," goes for arraignment today.

The victim, Jennings Lang, thirty-nine, was felled last night by two bullets in a parking lot across the street from the police station and is in serious condition.

Miss Bennett, who was discussing her plans for a television show with Mr. Lang when the shooting started, denied she was romantically interested in him.

Mr. Wanger, prominent film producer, was booked on suspicion of assault with intent to commit murder. Police said a formal complaint will be issued later today charging either assault with intent to commit murder or assault with a deadly weapon.

Mr. Lang underwent surgery lasting an hour and a half last night.

One .38 caliber bullet penetrated his groin and came out through the rear of his left leg, Police Chief Clinton Anderson said, quoting the surgeon, Dr. Joe Pollack.

The other slug tore through Mr. Lang's clothes and grazed his thigh but didn't break the skin.

A bullet ripped through the left front fender of Miss Bennett's large green convertible. She was sitting in the car at the time, about 5:30 P. M.

Mr. Lang was standing by the car, talking to her. He doubled over, clutching at his abdomen.

Chief Anderson quoted Miss Bennett as saying she told Mr. Wanger:

"Get away and leave us alone." She told the Police Chief that

MAN IS CHARGED AS DRUNK DRIVER

Post Road Crash at 2 A. M. Results In Police Summons

Mahlon S. Kemmerer of 90 Park Avenue, Larchmont, was charged with driving while intoxicated and summoned to appear in Larchmont Police Court Dec. 18 following an accident at 1:56 A. M. today at Dean Place and the Post Road in Larchmont.

According to Larchmont Patrolman Eugene Agnessanto, who witnessed the accident, Kemmerer was eastbound on the Post Road in a low-slung roadster and collided with a car driven by Axel Bakker of 24 Dean Place as Bakker was attempting a left turn into Dean Place from the westbound lane of the Post Road. Kemmerer, police said, was attempting to pass a truck at the time and stated that he failed to see the Bakker car due to the low build of his own car.

Both cars sustained severe damage to fenders, grills, radiators and head-lights and had to be towed from the scene.

At the request of Mr. Bakker, police summoned to the scene Dr. Alan Van Sciver of 28 Concord Avenue, Larchmont, who pronounced Kemmerer under the influence of liquor. Charges were brought by Mr. Bakker.

10-Cent Beer Only A Memory; It'll Cost 15c Come Monday

Come Monday there'll be moaning at most of the bars in Mamaroneck.

The ten-cent glass of beer will join the nickel cigar and many other items which today exist only in the limbo of memory.

The poor man's 'champagne' will cost 15 cents at most local establishments when they open at 8 A. M. Monday.

The chap who used to walk into a bar, plunk down his dime for a glass of suds will have to get that extra nickel up, and the only thing he can blame for it is that current bogie called "Inflation!"

Organization

The impetus to the price rise was given last week when most Mamaroneck tavern owners affiliated with the Hotel and Restaurant Owners' Association and agreed to act as a unit in upping the ante for brew.

Members of the association in Harrison, Rye and Port Chester raised the price of beer last July 2 and Mamaroneck taverneers point out that they have held the price line as long as possible in view of the increased price of a half-keg of beer and of increased overhead costs in their establishments.

Prices Up

The price of beer by the half-keg has gone up more than $4 to $11.75, a spokesman for the tavern owners said yesterday, adding that wages have risen and every other item of overhead has increased in cost.

There has been a 300 per cent rise in the cost of glassware, he said, and a 100 per cent increase in the cost of ice.

Cutting down the size of a glass of the golden fluid was considered instead of the price rise but the "one-gulp" glass got little consideration since most of the tavern owners feel that their customers want a sizeable drink instead of a sip.

So, Sunday night beer drinkers will conduct obsequies over the last ten-cent glass of froth they'll be drinking.

REDS WON'T GIVE POW CAMP DETAILS

Refuse to Lift Curtain of Secrecy But OK Limited Plan For Rotation

MUNSAN, Korea, (AP) — The Reds flatly refused today to lift the curtain of secrecy surrounding their prison camps, but said they would okay the rotation of 5,000 troops a month if the Allies accept other Communist terms for enforcing a Korean truce.

The limited rotation plan was part of a new six-point Communist proposal which made little impression on Allied negotiators.

An official U. N. communique made no mention of rotation and said the proposal showed "little significant departure from the unacceptable proposal of Dec. 3."

Sweden Queried

In Stockholm, the Swedish Foreign Office said the U. S. had asked if Sweden would join a neutral inspection commission to help police a Korean truce. It said Sweden has made no decision.

Negotiators have not agreed on how an armistice would be enforced. The Allies have indicated they might accept a Communist proposal to use representatives of neutral nations for behind-the-lines inspections.

Red delegates said International Red Cross inspection of Commu-

Record Size Audience Attends Colorful MHS Holiday Show

A capacity audience, the largest in the history of the annual Christmas programs at Mamaroneck High School, applauded and participated in carols and Christmas scenes staged by the A Capella Choir, Girls Glee Club, and Speech Arts group last night in the Senior High School auditorium.

For the first half of the program the choir, directed by F. Colwell Conklin, and the glee club, directed by Miss Evelyn M. Wells, sang from the balcony, while at each side of the stage narrators Sue Tillman and Tom Burgin read selections from Winter poems and the Scripture preceding the three scenes enacted by members of the Speech Arts Department under the direction of Robert C. Hanna.

With the singing of "Jingle Bells" by the choir, the curtains parted on a colorful outdoor skating scene, Christmas tree lights twinkling in the background as boys and girls in skating costumes gathered at the rink. Connie Brew presented a solo dance to "The Sleigh" by Koutz.

Following a group of early hymns by Palestrina and Praetorius, and Wilhousky's stirring arrangement of "Carol of Th Bells" by the choir, a brief history of the origin and significance of the Jewish Hanukah holiday was read by Tom Burgin. This introduced the second scene showing a group of worshippers before the lighted Menorah candles in a synagogue. The glee club sang "Hatikva," traditional Hebrew melody and the choir presented "Before The Menorah" by Levinger-Binder.

Franz Abt's "O Lovely Night" by the glee club preceded the third scene, opening with reading by Sue Tillman of the Scriptural account of the birth of Jesus while on stage the shepherds were seen tending their flocks, and later shown arriving at the manger to pay homage to the Christ child.

Carols Feature Program

The second part of the program was devoted to carols, the choir and glee club in an impressive candlelight procession and singing "Adeste Fidelis" as they came onto the stage.

Featured soloists were Roger Englander, tenor, and Alan Welty, bass, in "The Shepherd's Story" by Dickinson; Adele DeVito in the American folk carol, "I Wonder As I Wander;" Catherine Gunsalus in Adam's "O Holy Night" and Gail Kane in Gruber's "Silent Night."

The red covers for the music made a striking note against the dark and white background of the boys' suits and girls' dresses.

For the first time at a Christmas concert, Mr. Conklin invited members of the audience to join the choir and glee club in the "Hallelujah Chorus" from Handel's "Messiah." Among those accepting were Stuart Churchill, noted tenor with the Fred Waring organization, and many former choir members including James Shatter, now in the signal Corps.

Hasley Picks BHS Varsity But Some Just Up On Trial

Feeling that the time of decision was at hand, Coach T. A. "Jack" Hasley yesterday made the long-awaited split in his Bellows basketball squad. The number of varsity players was fixed at 11 and in his selections the Panther hoop pilot chose five seniors, five juniors and one sophomore.

There were a couple of surprises in the list and Hasley made it clear that this does not necessarily mean he will stick with all of the boys throughout the season. Marked improvement by several of the jayvees could earn them advancement to the varsity in place of any cager who doesn't turn out. In short, the varsity nominees will have to hustle to hold their jobs and they'll also have to produce.

Included in the varsity squad are Captain Angelo Evangelista, Cy Benson, Tom Paillace, Frank Pokorny, Jack Hasley Jr., Don McNiven, Lanny Baird, Don Hasley, Bob Judd, Frank Skehan and Bobby Reilling.

Baird has had a meteoric rise to the varsity. He is just a soph and wasn't even with the jayvees a year ago. He is tall, probably will continue to grow, learned ball-handling as the second-string quarterback on the Panther grid squad and is becoming a good shooter with either hand under Hasley's magical court tutoring.

Judd is the tallest man on the team at about six-five and can leap to tremendous heights for rebounds. Nevertheless, he has not developed as fast as Hasley hoped and his retention with the varsity is more or less on an experimental basis.

Skehan and Reilling were picked over Pete Lenotti because young Pete, a great athletic prospect, is a soph and will get to play regularly as a jayvee. With the varsity he would just be sitting out three-quarters of each game and Hasley refuses to stunt his boy's progress. Reilling is the smallest lad in the lineup and doesn't look much taller now than when he was a Junior High cager. It is a definite handicap but he has competitive fire and is a better-than-average shot.

Jayvees Have New Coach

For the first time in Hasley's tenure at Bellows he will not be coaching both the varsity and jayvee squads in case combat. Kenneth Devine has been assigned to assist the head coach and will do the substituting and give the advice during the jayvee clashes.

In the jayvee ranks are a fine crop of young cagers who look like they'll more than uphold the tradition of basketball power at Bellows. Hasley's clever warming-drills, which last for more than the first full hour of practice each day, have been most instrumental in teaching ball-handling and co-ordination to the underclassmen as well as the regulars. Rebounding and shooting patterns have also been worked out by the perfection-ist Bellows hoop maestro, with great success and the net result is constant woe for the rest of the SWIAC circuit.

Prep Cagers Pick O'Connor As Captain

By DAVE SMITH
School Correspondent

During the week the Iona Prep cagers elected their veteran John O'Connor as captain of the 1951-52 hoop squad.

John is a Yonkers boy who came to Iona in freshman year and followed an enviable sports career. He played one year of jayvee baseball and two of basketball. Moving up to the varsity basketball team in second year, he held down the catching slot and has had no trouble in keeping his job ever since.

This will be his second year on the varsity basketball team, where he played guard last year. More of a playmaker than a scorer, the 5'10" *sparkplug* was in the 50-point bracket last year. He's about the best ball handler on the club, which helps to make up for his height.

John has kept himself in the honor student group. He has an eye towards Fordham University but hasn't definitely decided on his college career.

Robbins Named to Head Met Golf Association

DANBURY, Conn.—White Plains State Tech's unbeaten basketball team rallied in the last period here last night to turn back Danbury Teachers, 61-57. The victory was the third straight for Tech.

The winners trailed 47-45 going into the final period but Dick Veith paced a sudden spurt that sent Tech out in front, 59-54, with three minutes remaining and the White Plains team was able to protect that lead. Veith was high for the evening with 20 points.

Tech will seek its fourth win in a game against Packard Junior College in White Plains tonight.

No-Hit Black Wins Contest From Indians

CLEVELAND, (AP)—Ex-pitcher Don "No Hit" Black today was winning a big contest from his old employers, the Cleveland Indians.

The Indians, says the regional board of the Ohio Industrial Commission, owe Don Black $1,000 for the injury that knocked him out of baseball.

Black collapsed at the plate during a game with the St. Louis Browns Sept. 13, 1948, and for five weeks lay unconscious with a brain hemorrhage.

Earlier this year, Black, now an office worker at the Lakeside Steel Improvement Co., applied for disability payments.

The regional board of the OIC says he rates: a maximum of $25 a week for the time he was unemployed plus all hospital expenses not previously paid by the club. If he suffers from the injury again, the disability payments would resume.

The ball club, however, may appeal this decision with the commission.

Employes of most firms who are injured on the job are paid out of a state insurance fund. Baseball teams, however, take their own risk and in case of injury are liable for payment if the commission so rules.

Black's greatest achievement was a 3 to 0 one-hit victory he pitched over the Philadelphia Athletics on July 10, 1947.

Klosterman, Loyola Passer, Tops Nation

NEW YORK, (AP)—Don Klosterman, Loyola's one-man bombing squadron, topped the nation's major collegge passers during the past season and set plenty of records in the process.

The twenty-one-year-old senior at the Los Angeles university threw 315 times and completed 159 in nine games, breaking records for both the number of tosses and for completions.

Klosty ought to get the junior achievement award for his work in Loyola's game with Florida on Oct. 6. All Don did that day was to pitch 63 times, complete 33 and gain 372 yards, breaking records for one-game on all three counts. Loyola lost that, 40-7.

Other records are for attempts in a college career, 729; completions in a college career, 368, and yards per game in a college career, 160. *Final figures* were released today by the National Collegiate Athletic Bureau.

Gaff & Gun

By FRED LUKS
Hunting and Fishing Editor

Almost unnoticed, a large segment of the local angling population has been bringing in some fine catches from the Sound lately. These are the fishermen who are taking advantage of a fair run of *whiting, that noctirnal species* which makes its debut in coastal waters every year about this time.

Fishing from piers, docks, rowboats and even party boats, sportsmen are making hauls by the bushel. Employing equipment similar to snapper-rigs, anglers have been reaping a veritable fish harvest.

The whiting run here to lengths of 12 and 14 inches, and have a flavor on a par with that of the flounder.

At Hudson Park wharf in New Rochelle where area residents fish by special permit, 106 whiting fishermen were counted on a night early as 4 P. M. and were still there at 1 A. M.

* * *

Dr. Louis Kazmarynski, a philosophy instructor and one of the anglers at the park, summed up the enthusiasm this way: "Whiting are a fine eating fish, and of course it's always great sport to get out for an evening's fishing."

Most of those tabbed that night had caught from three to 20 fish. It was considered a "slow evening" but one veteran angler, Charles McPherson of Main Street, New Rochelle, came close to filling a five-gallon can with whiting. His catch was estimated at 125 fish.

Henry Clark of Kress Avenue, fishing next to McPherson, had succeeded in hooking only three whiting. Judging from the efforts of the most productive anglers, some measure of skill is essential to getting the spearing bait down to the proper depth and setting the hook as soon as the whiting nips.

* * *

Such is the popularity of fishing from the limited number of piers and docks, that many have found it expedient to use rowboats, or fish from partyboats operating from City Island in the evenings.

Not too much time is spent in locating the whiting, as schools can be attracted by chumming or by use of a lantern. The light and a sprinkling of mackerel or salmon on the surface of the water will usually hold the fish in the vicinity.

Although the most frequent catches of whiting are made at night, the species is often encountered during the day, particularly *in deeper waters. Sometimes they* are found in greater profusion than flounders.

The whiting run, it is felt, will last another week or so, and then may be followed by an influx of herring, also an interesting species.

Suggested Grid Deemphasis Rebuffed By Bowl-Runners

WASHINGTON (AP)—The men who run the bowl games and some of the men who direct college athletic programs let it be known today they don't think much of a football deemphasis movement handed down by 10 college presidents.

The presidents, members of a special committee set up by the American Council on Education, to study what's wrong with college sports, recommended these strong measures:

1. Abolition of all bowl games.
2. Barring of freshmen from varsity sports.
3. Refusing alumni and other booster groups permission to give scholarships directly to athletes.

Three hours after the presidents' program was announced yesterday, Southeastern Conference athletic directors, in session at New Orleans, voted "almost unanimously" to tell the college presidents to keep their hands off the bowl policies of that conference.

Representatives of the Rose, Cotton and Orange Bowls questioned, in varying degrees, the wisdom or necessity for the presidents' anti-bowl proposal.

Perhaps the most interesting feature of their recommendation was the method suggested for enforcing their proposals, which were set forth by Dr. John Hannah of Michigan State.

In the past a school which violated athletic restrictions usually has had to answer to some conference or the National Collegiate Athletic Association.

Under the presidents' proposal, Dr. Hannah said, "reasonable athletic behavior" would be considered a part of the school's academic setup. If a school got out of bounds, he said, it would jeopardize its academic standing.

Harvard Victorious In Cage Intramurals

NEW ROCHELLE—

Rye Pioneers Play At Home This Sunday

With ex-Bellows athletes Ed Petrie, Harvey Harriott and Joe Benedict in the lineup, the Rye Y Pioneers will open their home hoop season Sunday afternoon against the Fort Slocum quintet at 4 P. M. Slocum, which already has a record of eight wins and two setbacks, scrimmaged Iona College to a standstill and downed the strong Fort Totten cagers this year.

Petrie, who will enter Seton Hall next September, will keep in shape this year by performing for Jim Brody's Rye aggregation. "Easy Ed" was rated the top scholastic courtman of 1951 in Westchester County and his presence gives Brody a strong central point around which he has moulded the team. Jimmy "Red" DePalo, great White Plains and Hackley Prep athlete who will start an organized baseball career next year, also will be with the Pioneers. Harriott and Benedict starred for Bellows quintets for several campaigns.

To open the program at 2:45 this Sunday, the Rye Y Seniors will encounter the White Plains Hub AC in a preliminary scrap. Bus Giancola and George Vladenides, both Mamaroneck residents, will play for the Rye five.

College Students Hold Rally For Garden-Bound Gael Team

The entire student body of Iona College turned out in O'Connell gym yesterday in a pep rally for the basketball team which makes its first appearance in Madison Square Garden Saturday night against Seton Hall.

The students heard Coach Jim McDermott name his starting lineup of captain Jumbo Lyons, Juniors Bob Santini and Gene Roberti, sophomore Dick Guerin and freshman Wally McCarvill, and promise that the Gaels will do *everything in their power to make* their Garden debut a successful one.

Undefeated Seton Hall is heavily favored, but McDermott has designed a special defense against six foot eleven Walt Dukes. The stringbean center will find himself double-teamed by six foot seven McCarvill and the weak side defensive guard, whoever it may be.

The Gaels have practiced this defense all week long and managed to squeeze one practice session in at Madison Square Garden, on Tuesday afternoon, to accustom themselves to the feel of the floor.

Though this Gael team is extremely young and inexperienced, weaker than the teams of the past few years, McDermott intends to rouse them up before the game so that they will not have a chance to get nervous.

The starting time is 7:45 P. M., and the game will not be televised, but the second game at 9:30 P. M., between St. John's and Rhode Island State, will be televised.

TRAINING SCHEDULE SET

The New York Giants announced yesterday their spring exhibition games, calling for 38 contests. The Giants will play 19 of their games against the Cleveland Indians. The Giants also have joined the Yankees in banning any game of the-day or network distribution of their 1952 games. The National League champions plan to set up a small subsidiary network to cover territory adjacent to New York City.

Joe DiMaggio Will Telecast Yank Games

NEW YORK, (AP) — Joe DiMaggio was enroute home today with a new type of a New York Yankee contract in his pocket.

The Yankee Clipper, who announced his retirement as a player Tuesday, signed yesterday a contract to do the Yankees' pre-game and postgame television program next year.

The contract is believed to call for more than $100,000 compared to $100,000 he received last season as a player.

Under the contract he will not handle the play-by-play on radio or television. If that is added later it will be a separate deal.

U. S. Clinches Tennis Finals As Bergelin Fails Swedish

MELBOURNE, Australia (AP)—Lennart Bergelin failed his Swedish teammates badly again today as Ted Schroeder and Tony Trabert won the doubles and clinched the Davis Cup tennis interzone finals for America.

The player who was supposedly be his country's ace in the hole collapsed almost completely after a good start, enabling Ted and Tony to come from behind and triumph easily, 10-12, 6-0, 6-3, 6-2.

Sven Davidson, Bergelin's youthful partner, put up a spirited battle all the way and never ceased trying, but the load was too much for one man to carry.

Bergelin Disappointing

Bergelin's foldup was a big disappointment to the crowd of 6,000 which had hoped at least to witness a good doubles match after yesterday's one-sided singles.

There was no valid explanation for Bergelin's abject failure to play his game. His teammates were extremely unhappy about it.

"If there had been two Davidsons out there today we might have had a Swedish victory," said Frank Sedgman, captain of the U. S. team.

Americans Play Off

The first set, which required 41 minutes, was marked only by failure of the Americans *ever to play* anything like their best tennis. The next three sets, which took only 47 minutes, were distinguished by Bergelin's failure to hold his service in five straight tries.

Despite the one-sided scores in the last three sets, Schroeder and Trabert showed little to worry the Australians in the challenge round at Sydney, Dec. 26-28. The Aussies' two jewels, Frank Sedgman and Ken McGregor, likely would lick them in straight sets on today's form.

Trabert played his usual steady doubles game and got progressively better after the first set, but the American team needs Schroeder at his brilliant best to be a threat to the Aussies.

Schroeder a Problem

Schroeder's fluctuating form promises to pose a real problem for Shields after the team flies back to Sydney Sunday and renews practice for the challenge round.

With victory already decided, tomorrow's concluding singles will supply a dismal climax to the one-sided series here. Shields said he would stick with Schroeder and Trabert while Gunnar Galin, the Swedish captain, said he hadn't decided, but might change his lineup.

The American team will formally be announced Saturday or Sunday. It almost certainly will be Schroeder, Trabert, Vic Seixas and Dick Savitt.

Carl Berger, Mrs. Ladewig Pace Bowlers

CHICAGO, (AP)—Consistent rolls a come-from-behind finish by dieing by Chicago's Carl Berger and fending champion Mrs. Marion Ladewig gave them individual leadership after the first day of final competition in the national all-star bowling tournament.

Berger took over the men's lead after the first round yesterday morning and at midnight, which marked the end of four rounds, he was still ahead. Berger won 12 of 16 games, rolling an average 214 per game for a 3,420-pin total, and scoring 80.20 Petersen points.

Mrs. Ladewig, the Grand Rapids, Mich., sharpshooter, was far behind. Ruth Jensen of Chicago at the end of the two rounds. Then, in four games last night, she shot a total of 909 to take over the women's leadership with 29.29 Petersen points.

The defending women's champion has won 5½ games and lost 2½.

There are 16 finalists in each division. The finals end Sunday night.

Core Of Opposition Formed In Move To Ban Grid Bowls

By The Associated Press

The 12 - member Southeastern Conference and two rebellious members of the Southern — Maryland and Clemson — formed a militant core of opposition today to the move to outlaw football bowl games.

Ten college presidents, making up a special investigatvie committee, included abolition of bowl games in a list of recommendations this week to stabilize college athletics.

The Southeastern Conference, which is furnishing talent to three of the major fixtures Jan. 1, took a firm stand in New Orleans yesterday in favor of the lucrative postseason games.

Two Schools Boycotted

Maryland and Clemson, defying an antibowl attitude of the neighboring Southern Conference, were slapped with virtual schedule boycotts by the parent body in a meeting at Richmond, Va.

Meanwhile, the sprawling Eastern Collegiate Athletic Conference, encompassing 89 colleges, went on record as opposing all bowl games and any other contest or tournament not run by a bona fide collegiate organization.

This matched previous action taken by the Big Seven Conference and presaged a knock-down, drag-out, battle on the subject when the National Collegiate Athletic Association meets in Cincinnati the second week in January.

There is a definite deemphasis movement sweeping the country, with all the big conferences taking steps to ban the use of freshmen, curtail recruiting tactics and return the conduct of athletics to the colleges themselves.

Terps, Clemson on Probation

The Southern Conference, by a vote of 14-3, forbade Maryland to keep a date with Tennessee in the Sugar Bowl contrary to antibowl action by the conference presidents last January. The same notice had been given Clemson, a choice for the Gator Bowl in Jacksonville, Fla., after a telegraphic poll several days ago.

When Maryland and Clemson declined to break their New Year's Day dates, the conference placed them on one-year probation. This, in effect, subjected the institutions to a schedule boycott since they would not be permitted to play any conference games except those required by state statutes.

Six games were stripped from Maryland's schedule as a result.

Gavilan KOs Walt Cartier In Round 10

NEW YORK (AP)—Cuban Kid Gavilan last night scored a 10th round technical knockout win over Walter Cartier.

Some 6,253 fans braved snow and rain, paying $23,637 to see the non-title match between welterweight champ Gavilan and the heavy punching middleweight from New York's Greenwich Village.

Trailing on the cards of two officials, Gavilan staged a blazing rally to win on a technical knockout over blood-spattered Cartier in 1:31 of the 10th round at Madison Square Garden.

Referee Ruby Goldenstein had it 6-2-1 and Judge Billy Healy 5-3-1, both for Cartier, and Judge Charley Shortell scored it 5-4 for Gavilan going into the 10th. The A. P. card had it even 4-4-1.

Stunned and badly hurt from three smashing rights and two uppercuts, Cartier sprawled in midring when Goldstein stopped it without bothering to count.

In the dressing room, Cartier pounded a table and moaned, "I had it won. I had it won. I got desperate."

Cartier did trade punches freely in the ninth and tenth but he had no way of knowing that he had a wide edge in the official scoring.

The third, eighth, ninth and 10th were the best rounds of the interesting match. Cartier concentrated on the body, Gavilan on the head. This time the head punches paid off.

Gavilan weighed 151, Cartier, 159½.

Undefeated Richie Reed of White Plains knocked out Ronnie Moore of New York City in the second round of a four-round preliminary bout.

Reed, at 151, gave away 3½ pounds to his opponent. He is managed by Al Bachman of White Plains.

HAVANA (AP) — John Barnum of Grand Rapids, Mich. and Matty Furgol of Lemont, Ill., were tied for first place yesterday at the half-way mark of Havana's 72-hole invitation golf tournament.

Barnum shot a seven-under-par 65 today to give him 135 strokes for the first 36 holes. He had 70 Thursday.

Furgol went six-under par for a 66 but his 69 Thursday gave him 135 to tie with Barnum for the lead among 28 top United States professional golfers.

In third place was Claude Harmon of Mamaroneck, N. Y., who had a 68—his second in two days—for 136 total. Pete Cooper of White Plains, N. Y., also had a 68 yesterday for a two-round total of 137.

Toney Penna of Cincinnati, had 73-65 for 138 as did Herman Barron of White Plains, N. Y., with 67-71.

Grouped at 142 with four others was Doug Ford, representing Willows Country Club, Harrison, N. Y.

Another round of 18 holes will be played today.

'FIX' TESTIMONY GAG STUMPS D.A.

LEXINGTON, Ky., (AP) — How to induce some University of Kentucky players to testify they were in a basketball fix puzzled investigators from the New York District Attorney's office today.

Vincent O'Connor, Assistant District Attorney, announced last night that "other" U. K. players are involved in a scoring fix, presumably in a game played last season.

But the players have attorneys who won't permit them to be questioned by O'Connor because O'Connor has no warrants fro their arrest and no proof they are involved. The attorneys are John Young Brown, a former U. S. Congressman, and Elmer Drake, both of Lexington.

O'Connor said he is "hopeful" the players under question "will come over to the side of law and order." He said the point shaving was "hatched" in New York but the negotiations were completed in Kentucky where there is no sports bribery law.

O'Connor indicated he has the evidence against New York fixers but needs the Kentucky players as proof that a bribe was paid. He said the players will not be prosecuted, and added he hopes Lawrence Wetherby, Governor of Kentucky, will urge the players to tell all they know.

NRHS Principal Has Big Role In Drive Of School's Stickmen

By GUIDO CRIBARI

It's a bit early for any prophesying or prognosticating, but come Feb. 25, we've got a hunch New Rochelle High will be in possession of the Westchester scholastic hockey league championship.

The NRHS stickmen are leading the County League.

This will be no mere accident, but the result of long, careful planning, coaching and promotion by one man—Willis Thomson of New Rochelle.

Thomson, who serves as coach, advisor, guardian and chauffer of the New Rochelle hockey squad, is an unusual sportsman.

Coach is Principal

"Coach" Thomson is the principal of New Rochelle High, and as such, he has a good deal to do. It's important work that demands considerable of a man.

And yet, despite his crowded program, Coach Thomson finds time for one of the most important jobs on earth—working with the youth of the community.

A lifelong ice hockey enthusiast —it stems from his high school hockey days in Minnesota—Thomson decided to do something about the lack of interest in hockey in this area. He got the boys together at New Rochelle, showed them the inner workings of the sport and set out to coach his team into a formidable unit.

Teaches Stickwork, Puck Handling

He has indoor classes in the gyms available on stickwork and puck handling. And then in the 45 minutes a week alloted to schoolboy players at the beautiful Playland rink, he perfects their skating —to such an extent that this season New Rochelle is the "class" of the league.

Then, in an effort to interest other schools in one of the finest sports on the American scene, he contacted every school in Westchester in the hope of forming a county league. The best he could do was to round up three other cunty schools and two from Southern Connecticut.

The league this year is composed of New Rochelle, Mamaroneck, North Tarrytown, Ossining, Greenwich and Darien.

Why so many schools saw fit to bypass the sport, we'll never know. It offers boys not physically equipped for football and other sports a chance to absorb some good, clean, sound competitive athletics.

Some of our Westchester schools which concentrate on one major sport, such as football, would be wise in reviving ice hockey.

Huguenot Squad Gifted

Thomson admits he is gifted this year with a wealth of material. But the boys on the Huguenot squad know and will readily agree that his inspirational leadership is the chief reason for the Huguenot success.

Officials of Playland, men such as Col. Allan MacNicol, Charley Palmer, Robert Boehm and others, are also contributing a great deal in the promotion of the sport.

More People, More Money Bet At Miami

MIAMI, Fla. (AP) — Ten per cent more people are betting 25 per cent more money at Tropical Park than they did during last Winter's record - breaking tourist season.

The Miami Horse Racing Track reported that attendance was 98,-557 during the first 12 days of the current season, compared with 86,-162 in the corresponding period last year. Pari-mutuel wagering in the same period increased from $4,737, 431 to $6,495, 545.

The pari-mutuel gain was credited partly to the new Federal bookie tax which has complicated illegal off-track betting.

LIONS SCORE SWEEP IN ST. THOMAS LOOP

The Lions blanked their opponents, 3-0, and the Tigers took a 2-1 decision in St. Thomas' Men's bowling last night on the church alleys.

S. LaBrusciano rolled a fine 221 game and also took series laurels when his pinfall totalled 555. A. LaBrusiano of the Lions had a 552 series total and his 197 was also runner-up in that section of competition.

SACRED HEART 5 IS DOWNED 80-47 BY PREP CAGERS

By DAVE SMITH
School Correspondent

The Iona Prep cage season opened in high gear last night as both Varsity and Jayvee exploded for decisive victories over Sacred Heart at Yonkers. The big Prepsters added a lot of color to the brand new Sacred Heart gym as they dumped in 80 points to win going away, 80-47.

Sophomore Ed Bugniazet led the way for the locals as he hit on 11 field goals and nine fouls for 31 points. He came within one basket of breaking Iona's individual high mark of 32 points, held by Bill Braddock. The 5 foot 10 inch junior collected 20 markers in the first two periods. In six minutes of the second half he came back with 11 more. He had a perfect night from the foul line, hitting on all of his nine free throws.

After quickly overcoming a 3-2 dificit, the locals moved beyond reach of the hosts and were never threatened. Bugniazet sparked the first quarter play as he stuffed the hoop for 12 points. The constant running of the Irish had its effect as the lead bulged to 44-20 at halftime. Bugniazet who led the Prepsters in all four periods once again showed the way with 10 points.

Sacred Heart got two men into double figures as Tom Timmons and Murph Moynihan collected 12 and 10 points respectively. Moynihan did most of his scoring in the last frames when he picked up 11 markers to keep the Maroon and Gold from running the boards off the floor.

Everyone on the Prep bench played and 11 men broke into the scoring column. In the last two stanzas Irish reserve power continued to boost the lead, at times as much as 36 points. Their ball handling was good and they followed a definitive offensive pattern.

The roughest part of the night for Iona was getting to Yonkers. The J.V. arrived at half past eight and the varsity game started at 10:50. The varsity uniforms never did get there as Iona's Jim McLoughlin came on the court in long pants and several others had half their uniforms.

Tuesday should provide Iona with a better test when they meet a usually formidable New Rochelle quintet at NRHS.

Panthers Get Good Workout In NR Drill

As the final "outside" activity in their pre-season practice schedule, the Bellows cagers scrimmaged New Rochelle on the Huguenot hardwood yesterday afternoon. During the drill a couple of things became very obvious: the Panthers will have to call upon their reserve strength to make up for height disadvantage in the toughest games; and, the Rye Neck regulars are still over-cautious, probably because they fear their jobs are in jeopardy.

The regular four quarters were played and Bellows mentor Jack Hasley used all 15 boys he brought with him. For about two-thirds of the workout the Panthers were far off form, refusing to open the New Rochelle defense by trying to hit from the outside. Still, they never slipped much further behind than 10 points against a taller Purple Wave quintet and Bellows was by far the more polished of the two squads. When the campaign really gets under way, it is expected the locals will loosen up and relax.

The Bellows set shooting was again excellent but, as mentioned, the Hasleymen did not try to connect from the outside until late in the game. Frank Pokorny and Angelo Evangelista operated pretty well around the basket with hooks and rebounds but there is plenty of room for improvement.

The Hasley System

In rating his players, Hasley has his managers keep form charts that are even more comprehensive than the ones used at Bellows in the past two years. Each player receives a plus or minus total for scrimmages, the final figure being determined by summing up the positive points gained through rebounds and assists while the negative points are recorded for unnecessary fouls committed, and for each time a cager loses the ball. Bob Judd, big sub center, had the top total of plus-seven but lost the ball three times or the figure would have been more impressive. Tommy Faillace checked in with a plus six.

Discharged as an enlisted reservist in 1949, after a year's training with the 2nd Armored division at Camp Hood Texas, Corp. Cold Will Moderate, But New Wave Is Due

Cold weather which set seasonal records in Westchester this morning was due to moderate somewhat tomorrow, but the weather map shows more cold moving in later in the week from the West.

It was 5 below zero at Shrub Oak this morning. The Westchester County Airport recorded just under 6 above at 6:15 A.M. White Plains had unofficial marks of 2 and 4 above at 6:30.

The Weather Bureau at New York said the temperature would stay in the low 20s today but get up near 30 tomorrow after dipping to 10 above or lower tonight. There was no more snow in prospect immediately.

The cold snap made cars difficult to start.

SOVIET PRESENTS NEW DISARM PLAN

Reds Propose to Establish Another U. N. Committee On Arms Reduction

PARIS (AP)—The Soviet bloc submitted a new disarmament resolution to the United Nations Political Committee today. It would hand the whole problem to a proposed new disarmament commission.

The resolution would in effect supplant both an earlier Russian plan and a previously submitted Western proposal.

The United States already has said it opposes setting up a commission without strict instructions on its working methods.

Stefan Wierblowski of Poland, introducing the new resolution, said support for it from the Western Big 3 would show the sincerity of their expressed hopes for arms reduction.

Russian Foreign Minister Andrei Y. Vishinsky told the committee he had been indisposed for the past few days and that was why he had not been taking part in the debates on disarmament.

Mr. Vishinsky did not explain the nature of his illness.

Committee chairman Finn Moe of Norway said Mr. Vishinsky had wanted to speak today, but had notified him that he did not feel

COUNTY BOARD GETS AMENDED '52 BUDGET

WHITE PLAINS—

Increased appropriations for the Recreation Commission and the Public Administrator's office will cause a 2-cent increase in the tax rate for 1952, according to the amended County budget to be presented to the Board of Supervisors today.

Administration leaders were hopeful this morning that the Budget can be adopted this afternoon. In the event of an objection, which would defer action, another session would be held Thursday.

The tax rate will be $7.78 per $1,000 of assessed valuation instead of the $7.76 estimated in the original budget submitted by County Executive Herbert C. Gerlach, but this is still 1 cent under this year's $7.79.

The Supervisors' Budget Committee is recommending the increases of $25,000 in the Recreation Commission allowance to permit presentation of cultural musical programs at the County Center, and $2,400 to provide for a part-time accountant to assist the Public Administrator.

TRUCE DELEGATES STILL DEADLOCKED ON POW EXCHANGE

U. N. Reports No Progress As Ceasefire Deadline Draws Nearer

MUNSAN, Korea, (AP) — Truce negotiators haggled over prisoner exchange and armistice supervision again today. A United Nations spokesman said results were "absolutely negative."

"No progress," said the U. N. communiqué.

Only 10 days remain before the provisional cease-fire line across Korea expires.

Brig. Gen. William P. Nuckols, U. N. spokesman, said the Reds have not asked for an extension beyond the Dec. 27 deadline. Neither have the Allies.

"There is no question of extension of any time limit or anything," Gen. Nuckols said. "This was a 30-day trial offer, you might say."

Incentive Ineffective

Gen. Nuckols said the time limit was proposed by the United Nations Command to hasten agreement on a truce, but "if the progress made this far is an indication of the effectiveness of the incentive, then I don't think the incentive provided very much incentive."

Under terms of the agreement a provisional 143-mile cease-fire line across Korea would become the center of a 2½-mile wide buffer

REDS RECAPTURE RED SEA ISLANDS

North Korean Radio Claims Cho, Yuk Retaken, 147 U. N. Casualties

SEOUL, (AP)—The North Korean Red radio tonight said Communist troops yesterday recaptured the Red Sea islands off the West Coast of Korea.

A communique broadcast from Pyongyang, the Red capital, and monitored here, said Communist troops killed, wounded or captured 174 U. N. soldiers in the amphibious operation.

There was no confirmation from U. N. sources.

The broadcast said the islands are Cho, off the Chinnampo peninsula, and Yuk near the Ongjin peninsula.

The Reds retook three other islands off Northwest Korea about two weeks ago. The U. N. Command confirmed that.

Hazy weather had reduced aerial activity today, although American F86 Sabre jets damaged two Communist MIG15 jets in a 25-minute battle high over Sinanju.

Twenty each Sabres tangled with 10 MIGs in one of the few battles of the war in which F86s have outnumbered the MIGs.

Fifth Air Force Headquarters said all of the American planes returned safely.

On the battle front, the U. S. 8th Army reported not a single American was killed in a 24-hour period ended yesterday morning. It was the first time since August a "deathless day" was reported at the front.

Russia Blamed For Mid-East Military Setup

WASHINGTON (AP)—The United States, Britain, France and Turkey reportedly have agreed to tell Russia in plain language that it is responsible for the efforts of free nations to form a new military command in the Middle East.

Russia protested to the four powers several weeks ago that the proposed command was an aggressive agency threatening Soviet security. American officials at the time said the charge was nonsense.

Since then there have been exchanges of view among the capitals of the four nations sponsoring the Middle East Command and notes have been prepared for delivery to the Soviet Foreign Office. Announcement of the action is expected within a day or so.

Diplomatic informants said the four powers will emphasize that the Russians are in a poor position to criticize any joining of powers for defensive purposes since it is international communism's record of conduct in the Middle East, against Turkey and Greece particularly, that has created the circumstances in which other nations now find it desirable to unify their defense efforts.

Appointment Of Vatican Envoy Backed At Church Breakfast

The appointment of a United States ambassador to Vatican City does not involve the constitutional question of the separation of church and state, Matthias F. Correa, former United States attorney for the Southern District of New York, maintained yesterday at a communion breakfast of St. Augustine's Men's Club in the school auditorium.

"Vatican City," he said, "is a sovereign state already recognized by 42 nations. The real question is not why should we have an ambassador at the Vatican, but rather why he should not."

Mr. Correa outlined the official attitudes of nations such as Great Britain, Japan and Egypt and claimed that the titular heads of those countries are also the primates of those nations' official religions, the Church of England, the Moslem faith and Shintoism. All three, he said, have diplomatic representatives at the Vatican.

'Source of Intelligence'

The Vatican, he also claimed, is considered by experts as one of the most reliable sources of Iron Curtain intelligence. The Pope could not use the United States ambassador to Italy for funneling such information, Mr. Correa maintained, because such practices would fly in the face of international amenities. Further, he said, the free flow of intelligence is possible only when full staffs of the Vatican and a possible ambassador to the Vatican are in day-to-day contact with one another.

Mr. Correa also denied that diplomatic recognition of the Pope

SPEED SAVES 30 IN TENEMENT FIRE

Midnight Blaze Destroys Three-Story Tarrytown Apartment Building

TARRYTOWN—

Rapid rescue operations by police and firemen saved 30 persons, including 10 children, who were routed by a general-alarm fire that swept through the top floor of a three-story tinder-dry tenement house shortly before last midnight.

The blaze at 143 Main Street caused only one injury, hand burns to John West whose apartment, the origin of the fire, was gutted.

Near zero temperatures impeded firemen in their work, but they successfully confined the fire from spreading to the adjacent tenement houses.

Meanwhile, aided by Red Cross and Salvation Army workers, police placed the scanty-clad victims in temporary shelters. Most of the apartments were rendered inhabitable.

Two patrolmen were the heros before the advent of firemen. Stanley Lapicky and John Gilroy plunged into the smoke-filled building without masks or protection as they awakened residents and carried small children from the burning building.

There was considerable consternation at the height of the fire when one of the children, belonging to Mr. and Mrs. Anthony Kovanic, screamed that her sister, Barbara, was still in the smoke and flame-filled building. Instantly firemen and policemen initiated a search but it developed that the child had been rescued.

ICE-COATED ROADS CAUSE 6 CRASHES

Three-Car Crack Up Blocks Post Road For 15 Minutes

Ice coated streets in Larchmont and Mamaroneck were responsible for six auto-accidents over the weekend and caused Post Road traffic between Larchmont and New Rochelle to be diverted through Palmer Avenue during the Saturday noon hour when a three-car tangle blocked the east and westbound lanes.

The accident occurred in the Town of Mamaroneck section of the Post Road when an eastbound panel truck driven by Bowers Cadmendyne of Brooklyn skidded out of control across the eastbound lane. The car behind the truck, driven by William Hayman of 7 Winged Foot Drive, Larchmont, was unable to stop on the icy downgrade and ploughed into the side of the truck as a third car, driven by Town Detective Sgt. Chauncey Smith skidded into the Hayman car.

The left side and running board of the truck, were smashed, and the Hayman car, caught between the first and third vehicles sustained a smashed front grill and rear bumper. The grill of Sgt. Smith's car was damaged.

Town Police on the scene radioed headquarters to reroute all westbound traffic over Palmer Avenue, as the three-car tieup made further movement of traffic impossible. Town headquarters then radioed New Rochelle police requesting them to reroute eastbound traffic. Normal traffic was resumed after a delay of fifteen minutes.

Another 3-Car Crash

Another three-car crack-up resulting from the ice hazard occurred in Larchmont at 8:45 P. M. Saturday on Murray Avenue near Myrtle Boulevard when Emile H. Talman of Scarsdale pulled away from the west curb of Murray Avenue into the southbound lane as a southbound car approached, driven by Roger Barnes of 9 Serpentine Trail, Larchmont. Unable to stop on the icy pavement, the Barnes car skidded into the rear of the Talman car, smashing its own right side and crumpling both rear fenders of the Talman car.

The Talman car was thrown by the impact against a parked car owned by George Cummings of Oak Lane, Larchmont, sustaining additional damage to its own front fender and tearing away the left rear fender of the parked auto.

The Barnes auto, meanwhile, had rebounded from the initial crash and was thrown halfway across the island separating the

NEW YORK (AP) — Federal Judge Thomas F. Murphy, an old hand at investigations, has accepted an assignment from President Truman to sweep wrongdoers out of the Federal Government.

The jurist, who prosecuted the government's perjury case against Alger Hiss, will direct a nonpartisan commission assigned to take action against public officials who betray their trusts.

Prosecutions for dishonest office holders also will be set up by the commission.

Will be Given a Free Hand

Judge Murphy, a Democrat, will be given a free hand to direct the job as he sees fit. He will be responsible only to the Chief Executive.

No formal announcement of the Judge's selection has been made by the White House in Washington. However, it was learned here last night that Judge Murphy will take the job.

The source of the information on Judge Murphy's acceptance could not be disclosed.

In Washington, reports persisted that FBI Director J. Edgar Hoover would play a key role, along with Judge Murphy.

Mr. Truman conferred with Mr. Hoover and with Attorney General McGrath soon after returning from his Key West "work vacation" last week.

HEATER BLAMED IN PLANE WRECK

Miami Lines Chief Surmises Defective Fuel Line Was Crash Cause

MIAMI, Fla., (AP)—A defective heater may have caused the crash of the Miami Airlines plane at Elizabeth, N. J., with the loss of 56 lives.

R. W. Duff, president of the company, said today "it can only be a surmise" but:

"It may be that the fuel line of the heater became disconnected and sprayed raw gasoline into the engine nacelle."

He reported the plane's departure from Newark was delayed while mechanics worked on the cabin heating system. The outside temperature at the time was 29 degrees.

The plane itself was in excellent mechanical condition, said the executive.

Bellows Set For Opener; Crusaders Win; Rye Neck '5' Organized

Panthers Go To Chappaqua For 1st Test

Bellows, which annually gives its basketball squad a chance to get in some non-league tune-ups before the holiday recess, has limited this season's pre-New Year's slate to just one tilt and that will take place tomorrow afternoon on the Horace Greeley court at Chappaqua. The Panthers and Quakers tangle in the varsity fray at 3:30 and the Jayvee editions will get their chance following the featured contest.

Greeley has played two games already and will have the advantage in that department but probably few others. Coach Pete Dyer's cagers lost to Brewster, 38-32 because of a height disadvantage and then nipped Tuckahoe, 51-50 in overtime. The book says the Quakers have plenty of experienced personnel with speed to burn but are too small and consequently lack backboard strength.

There is quite a bit of extra interest in the Panther hoop situation this year because of the fact that Coach Jack Hasley will be working with a squad that may not have any individual point-stars in the wake of perhaps Rye Neck's greatest scorer. Everyone knows Ed Petrie graduated last June after making possible a glittering era in Bellows cage history. This year Hasley has three lettermen returning but there is no standout and the stress on team play that usually dominates Hasley-coached quintets is seen as a certainty to be quickly revived.

Starting Quintet Set

At the outset of drills Hasley feared that the five boys he tabbed for regular berths might be the only dependable players and that the reserve list would be thin. Then, last week, eight of nine of the other varsity candidates suddenly clicked and the mentor was faced with tough decisions in drawing the line between the varsity and jayvee groups.

The original five boys figured as starters have won their jobs. They are Captain Angelo Evangelista, Frank Pokorny, Cy Benson, Jack Hasley Jr. and Tom Faillace. Bob Judd, a rising young junior and tallest cager on the squad, is certain to be used extensively for rebounding power. Lanny Baird, Don McNiven, Don Hasley, Frank Skehan and Bobby Reilling are the other members of the varsity group.

Among Greeley's six veterans are six-footer Tom Schoemer, and Floyd Scott, top scorer last year with 122 points in 13 games. The fast-break is the main Quaker threat and newcomers Reinhold Kluge and Alan Deering supply the most height at 6-2. Bob Schroeder, another six-footer, was top scorer in the Brewster game with 15 points. Kluge netted 11 in the opener and added 13 for the best total against Tuckahoe.

A win would help boost the moral of the Panther club tremendously and, with a rugged defense of the SWIAC crown awaiting them after the advent of 1952, chances are that Hasley will insist on a maximum output.

Titlists Cop All-Star Pin Tourney Cash

CHICAGO (AP) — Junie McMahon, who lives in Fairlawn, N. J., but bowls out of Chicago, and Mrs. Marion Ladewig of Grand Rapids, Mich., are repeating champions of the national all-star tournament.

The husky, thirty-nine-year-old McMahon, winner of the 1949 meet and a sixth place finisher last year, bagged the 1951 title last night and the $2,000 prize that goes with it.

The all-star championship, however, will be worth much more to McMahon in money from testimonials, exhibitions, etc.

Mrs. Ladewig, winning her third straight women's crown, also will cash in much more than the $600 prize she received.

McMahon clustered his points under the Petersen system based on games won and lost and pins spilled. He won 41 and lost 23, knocking down 13,429 pins for a 209.8 average.

Mrs. Ladewig finished with more than a 10-point spread over second-place Sylvaia Wene of Philadelphia. The totals were 159.17 to 148.03.

The Grand Rapids star totaled 6,384 pins in winning 24 and losing eight for a sparkling 199.3 average.

Iona College Quintet Scares Seton Hall Before Yielding

NEW YORK—Until the last five minutes, it looked as though Iona College might make its basketball debut in Madison Square Garden a successful one, but Seton Hall pulled away for a 70-60 victory Saturday night before a crowd of 12,000.

The plucky Gaels had the score tied at 55-55 with six minutes remaining, only to have their key defensive player, 6-foot-7 Wally McCarvill, foul out. This left 6-foot-11 Walt Dukes practically unguarded and Seton Hall breezed away.

The story of Dukes was the story of the game, for he tallied 28 points, including 12 of 16 free throws, and swept the backboards clean. A skinny, angular junior, Dukes played in sneakers too small for his size 15½ feet, but such a minor deficiency was not apparent.

Gaels Fall Behind Early

He looked very potent to the Gaels, who fell behind by 7-2 in opening minutes. The gap was stretched to 17-9 before an Iona strategem clicked.

On offense, McCarvill would move from base of the keyhole to the outside, drawing Dukes with him and leaving a wide space under the basket. Sophomore Dick Guerin was able to drive underneath and in no time at all the Gaels erased a 21-14 first-quarter deficit.

Guerin tied the score at 22-22 six minutes before the half and the two teams battled evenly thereafter. Seton Hall had a slim 30-28 margin at intermission, but captain Jim Lyons of the Gaels evened the count with a set at start of the third period.

Spurred by Dukes, Seton Hall began to pull away, but Dukes collected his fourth personal foul and was cautiously benched with his team ahead, 53-46, at beginning of the last period.

Little Gene Roberti helped Iona rally swiftly to tie the score for the third time, 55-55, but then Dukes returned to the game and McCarvill fouled out.

Guerin was high scorer for the Gaels with 18 points, but Lyons was very valuable with his 12. McCarvill came through with nine, a tough job against Dukes, and Roberti earned eight timely points.

For Seton Hall, it was the fifth consecutive victory of the season. The Pirates were very accurate from the foul line, making 24 of 34, while Iona made only 14 of 28.

It was a good showing for the Gaels, inasmuch as they never gave up fighting. They appear again in the Garden on Feb. 25 against Brooklyn Poly and their next home game will be Saturday at the County Center in White Plains against Villanova.

Pro Golfer Instructing Baseball Pros

By LOU BLACK
Associated Press Newsfeatures

NEWTOWN, Conn. — He's the golf professional of the big league baseballers.

His list of pupils reads like a who's who of the baseball diamond.

His prize pupils include Johnny Mize and Ed Lopat of the New York Yankees; Bobby Thomson and Sal Maglie of the New York Giants; Al Rosen, Jim Hegan, Birdie Tebbetts and Bob Kennedy of the Cleveland Indians; Vic Wertz and Fred Hutchinson of the Detroit Tigers, and Joe Coleman of the Philadelphia A's.

His name is Danny Lawler Jr., 36-year-old sandy-haired, ruddy complexioned New Haven-born pro at the Newtown Country Club.

Tops As Tutor

His big-name baseball pals, and the 350 members of the sporty Newtown club, says he's tops as a teacher.

The Lawler system is to stress swinging the golf club with both hands. He's been teaching it since he was 16 years old.

Baseball players began to seek Lawler out a few years ago during the Spring training season down South, where he makes his headquarters at Stetson University.

In fact, says Danny, "I believe golf is going to become a part of the baseball training program sooner than you think."

Lawler claims that golf is a great conditioner and a great relaxer.

Thomson Prize Pupil

His prize example is Bobby Thomson, the Giants' ace who hit the famed home run that put his team into the 1951 World Series. Thomson, who started taking lessons from Lawler a year ago, shoots in the low 80's.

Here's how Lawler sizes up some of his other students:

Mize could have been a golf pro.

Tebbetts is a real fine golfer.

Lopat shows promise of developing into a good golfer.

Kennedy can hit them as far as anybody.

Frank Tillman, a member of the YMCA swimming staff, gave a demonstration on the various strokes as a feature of the program and a contest for the most comical dive was the humorous highlight.

The meet was planned and directed by Scout Commissioner William Glaser, who was assisted by Richard Barton of Troop 1, John Hogan and Joseph Hunter of Troop 3, Al Lipton of Troop 8, Marc Moore of Troop 2, and instructor Tillman.

Gael Keglers Tie For Fifth

Iona College's kegling quintet moved into a fifth-place tie in the Metropolitan Intercollegiate Bowling Conference yesterday afternoon by notching a 2-1 split decision over Cooper Union at the City Hall alleys. The seasonal record of the Gaels now stands at 12-15, and should they forge their way into fourth place in the remaining eleven weeks of competition, they will be eligible for the championship playoffs.

Pete O'Toole was back on the beam again yesterday, the southpaw ace of the Ionians rolling a high game of 214 and top series of 557. Ray Boyle was also very effective for the locals, compiling a net of 553 pins. Both are former members of Blessed Sacrament High's 1950 PPSAA championship bowling team. The scores:

Quinlan Rolls 247 In Mixed League

Jorn Quinlan rolled a high game of 247 and went on to a high series of 567 in the Mixed League at New Rochelle Recreation Alleys last night, but his team, the Cardinals, won only the high game from the Yankees.

The Indians took three games from the White Sox, the Tigers took two from the Giants and the Browns took two from the Athletics.

Ritch Scores 27 Points In 5th Triumph

Clinging tenaciously to a lead they had acquired early in the contest, the Archbishop Stepinac Crusaders downed La Salle, 66-59 yesterday at New York for their third straight CHSAA cage success and fifth victory without a setback on the year. Coach Nat Volpe's charges have now extended the two-year victory string to 18.

Big Jack Ritch, the big and rugged Stepinac pivotman, once again sparked the Volpemen with 27 points, followed by Dick Elston at 16 and Jim Longo, who had 13. Longo suffered a recurrence of an ankle injury in the third quarter and had to leave the game.

Though the Crusaders could not have survived without the tallying of Ritch, neither could they have squeezed past La Salle if Dick McDine hadn't been feeding off with sterling passes. McDine set up the plays for the Crusader scorers while Ritch and Elston carried the brunt of the backboard duty.

Ritch got 10 points and Longo six in the first quarter as Stepinac took an 18-16 advantage. n the following period the Crusaders enlarged their margin to six points, holding a 30-24 upperhand during the intermission. In the third quarter they really widened the gap and then coasted home.

Sideline Notes

Elston swished six of the seven foul shots awarded him.... Ritch has now meshed 95 points in five games, including the tussle with the Alumni in which Jack made only three goals after tossing aside his grid togs.... Tomorrow afternoon the Crusaders take on tough Mount St. Michael in the first home contest at Stepinac.... the jayvee game yesterday resulted in a 60-52 overtime win for the La Salle scrubs.

Knapp Finishes Off Dinghy Racing Sweep

Shattering precedent, Art Knapp Jr. maneuvered his well-known craft Agony to victory in yesterday's frostbite dinghy regatta off Larchmont Yacht Club to complete a sweep of all Fall Series events, the first time in 21 years any skipper has taken every regatta. Knapp, the national dinghy champion and the most feared skipper in the Summer International class yachting, took three of the six races staged in a puffy westerly yesterday and wound up with 114 1-2 points out of a possible 120.

Ed Raymond in Snort finished runner-up on 110 points and Corny Shields aboard Dainty had to be satisfied with third, though he trailed Raymond by a mere half point. Jack Sutphen, who unofficially finished in second place for the series, was fifth in yesterday's fleet as his Rum Dum trailed Vic Romagna's Jenny IV by a single point. Howie McMichael, who didn't race yesterday, has been tabbed for second place in the series standings.

Sutphen, Raymond and Shields won the races Knapp didn't but the national champ was second once, fifth another time and deadheated with Shields for second place in another tour around the harbor. Young Ralph Petley crewed for Knapp all through the campaign.

Connecticut Results

Halstead "Link" Wheeler was the victor yesterday in the Indian Harbor Yacht Club frostbite regatta at Greenwich, taking two of the four races held. Phil Miller was second and George Thompson finished four. The winner's point-total was 33 out of a possible 40.

Indian Harbor had its Saturday regatta cancelled because of too much wind and yesterday's planned program at Riverside was swept off the slate by a vicious westerly.

Riverside did announce that its Fall-Series titlist is Skipper Webb, son of Race Chairman Al Webb. The king had a percentage of .820, appearing in 13 of the 16 races held and won two of six regattas. Carter Ford was runner-up on a mark of .803, and Tom Floyd-Jones, who also captured two sessions, wound up third on a percentage of .775.

Rye Pioneers Smash Slocum As Harriott And Petrie Star

Harvey Harriott and Ed Petrie, a couple of excellent examples for modern Bellows basketball success, put on Rye "Y" Pioneer uniforms yesterday and sparked Jim Brody's squad to a lop-sided 102-48 triumph over Fort Slocum on the Rye Y hardwood yesterday. The Pioneers thus bounced back from their stunning setback on opening day to even up the record.

Utilizing their speed and deception, Harriott and Petrie overwhelmed the Army quintet with a succession of drive-ins that piled up a comfortable 17-point margin in the first half and just about discouraged the Slocum squad. Harriott wound up with Pioneer scoring laurels via 21 points while Petrie netted 20 and Bob Corchan, a rangy rebounder, collected 18. Bob Lewis, the cager Slocum depends on for leadership in the field goal department, once again got more than his share of shooting opportunities and had 24 points in the end.

The visitors tried a very military-like zone defense in the first half but Rye hit with a good percentage of its shots, and when Slocum switched in desperation, the move still couldn't stop the flood of tallies.

The Rye Y Seniors put on a closing come-from-behind bid that paid off in a 49-44 win over the White Plains Hubs in the preliminary skirmish.

Trinity Episcopal Triumphs In Church Basketball League

Trinity Episcopal capitalized on free throws to defeat North Avenue Presbyterian, 38-26, in the YMCA-Kiwanis Church basketball league at the Huguenot YMCA Saturday. Trinity gained ten points, the margin of victory, at the foulline. Consadine was high scorer with 14 points for Trinity.

St. John's easily defeated First Presbyterian, 35-11, with Done racking nine points.

Larchmont Presbyterian romped over last year's champion, Temple Israel, to the tune of 31-17 as Dickerman notched 12 points.

Salem Baptist trailed First Methodist for three periods before running wild in the fourth quarter, 38-27, though Engstrom of Methodist was high man with 15.

Paramounts Get Tuckahoe Here Friday

The return of independent senior basketball to Mamaroneck became a reality over the weekend when the Rye Neck Paramounts were organized under the sponsorship of Henry Munter, owner of the Paramount Taxi Service. The team, which has been in training for several weeks while awaiting decision on the availability of a home gymnasium, has announced that the powerful Tuckahoe Robins will furnish the opposition Friday evening when they make their debut on the F. E. Bellows High School court.

The roster for the Paramounts will be headed by Ed Petrie, the cager who performed on Bellows varsities the past three years and was judged Westchester's outstanding schoolboy basketball player of 1951. Other former Panther stars on the roster are Harvey Harriott, Ed Feldt, Joe Benedict, Steve Johnston and Red Tallevi. The squad is rounded out by Jim DePalo, high-scoring ex-White Plains High and Hackley Prep ace, and Joe Straface, big gun of last year's Harrison High quintet.

The Paramounts, who will taper off their conditioning with a drill tonight, will have a small admission charge for their home games at Bellows. The contests will not all be arranged for Friday nights, since the high school team will be playing during January, February and March. However, the gym will be available at least one night per week and the Paramounts expect to bring the area's top-flight independent quintets here to battle the locals.

The Robins, who have won three in a row, will have former Edison Tech luminaries Bill "Peanuts" Leviness and Jim DeLeito, and Eastchester's product Dick Abele in their lineup.

Further details will be printed in the next few days.

Browns, Rams Battle Again In Pro Grid

NEW YORK, (AP)—The Cleveland Browns and the Los Angeles Rams will give a repeat performance next Sunday of the 1950 National Football League title game but neither team will guarantee such a thriller as marked their clash last year.

The Rams clinched the right to meet the champion Browns yesterday by downing the Green Bay Packers, 42-14, for the National Conference title as the pennant hopes of Detroit's Lions and the Chicago Bears were dashed in the final games of the season.

The Browns, unbeaten in five years of title play, including four in the defunct All-America Conference, and the Rams will clash at Los Angeles. A year ago in Cleveland they staged a nip-and-tuck battle with the Browns winning, 30-28.

It will be the third straight year the Rams have been in the NFL championship game. They lost to Philadelphia in 1949.

While Los Angeles was shipping the Packers yesterday the Lions fell before the San Francisco 49ers, 21-17, and the Bears bowed to the Chicago Cardinals, 24-14.

The results left Detroit and San Francisco tied for second place, a half-game back of Los Angeles.

Cleveland, with the American Conference title already wrapped up, finished out the season with a 24-9 victory over the Philadelphia Eagles for the Browns 11th straight win since losing the opener to the 49ers.

In other games, the Pittsburgh Steelers struck for three touchdowns in the final period for a 20-10 triumph over Washington and New York's Giants defeated the New York Yanks, 27-17, as fullback Eddie Price won league ground gaining honors and established a new circuit record for number of times carrying the ball.

A DUKE AFFAIR

DURHAM, N. C. (AP) — The New York Giants in the National Football League selected an ex-Duke football captain to play pro ball with them in three of four years from 1945 through 1948. Kelley Mote was picked in 1945, Bill Milner in 1946 and Al DeRogatis in 1948.

Tigers Triumph, 10-2; Huguenots Keep Pace In Hockey Circuit

O'Dwyer, Vollmer Net 4 Each; Darien, N.R. Garner Shutouts

By DICK CARPENTER

Mamaroneck's hustling hockey team scalped the weak Ossining Indians, 10-2 at Playland Rink last night but New Rochelle kept pace with the Tigers by whitewashing Greenwich, 4-0 in the finale of the last Westchester schoolboy hockey program before the advent of the New Year. Darien had opened the evening's action by edging out North Tarrytown, 1-0 in a thriller.

To date the form chart has been followed pretty closely by the county sextets and defending champion New Rochelle still looks very much like the team to beat. Mamaroneck is currently deadlocked with the Huguenots by virtue of three straight victories, with Greenwich, Darien and North Tarrytown all knotted up for third place via identical records of one win and two setbacks. Ossining, winless thus far, is alone in the cellar.

Bud Stein's Mamaroneck aggregation had the use of its little terror Gus Belanger for only about six minutes of the game. Gus got involved in a flare-up with Ossining defenseman Bill Ryan, the latter swinging a mean stick with about 50 pounds advantage. Belanger warded off the blows with his own piece of timber but, after separating the lads, both were sent off for the entire game.

O'Dwyer, Vollmer Star

With Belanger out of commission, the Tigers were really on their own but they met the challenge with determination. Dave O'Dwyer and Don Vollmer accepted the scoring load, each netting four goals during the onslaught. O'Dwyer was the top point-getter, however, since he accounted for four assists to Vollmer's one.

The Indians furnished little opposition, although they managed to dent the Tiger's pride a bit. Vollmer got a goal after a half-minute of action and O'Dwyer struck the twine at 1:13 as Belanger assisted. Dom Camarda added the third marker at the 5:22 mark and then O'Dwyer and Vollmer traded goals to expand the first period margin to 5-0.

Dick Apistalica broke the ice for Ossining at 1:22 of the middle session and, after O'Dwyer had notched his third tally, came right back to score again. O'Dwyer, Bill Petley and Vollmer then scored in rapid fire to put the Indians back in their place and Vollmer got an unassisted goal in the final period.

Jim Murphy, Mamaroneck goalie, once again wasn't tested much but he didn't impress anybody on the four shots taken at him. Tarrytown's Ted Collier and Greenwich's John Locke look like the best netminders in the circuit but they do not get much help from their mates.

Darien beat Tarrytown when Tim Sanford scored an unassisted third period goal at the 6:20 mark. New Rochelle had too much offense for Greenwich in the third tilt, with classy Fyfe Dollar hitting the twine 12 seconds after the opening faceoff and Greg Dillon adding two in the second period. Dillon actually got credit for a goal he never touched, when Dave Bruce's shot was ruled to have been knocked in by Dillon. Kent McKenna added an unassisted tally in the third period but it wasn't needed at all.

The league will remain idle for two weeks over the holiday recess, and the next triple-header is slated for January 7, 1952.

Two Shutouts As Major Pin League Rolls

Shutouts were chalked up by the Radiomen and Taverners while the 2-1 decisions went in favor of the Artmen, Free Parkers and Bennies in Major League bowling at Larchmont Bowl last night.

Bob Hamill's 557 series stood as the best pinfall of the night, closely trailed by T. Bell and Ed Faillace with 551 pinfalls. A 205 by Greene in the final game was the best single.

Pacing the teams were Felice for the Garagemen, Davis for the Taverners, Poccia for Century No. 1, Greene for the Artmen, Kinlock of the Sportsmen, Hamill of the Radiomen, Zimmerman Jr. for the Beavers, Bell for the Free Parkers, Stanton for the Bennies and Ed Faillace of Century No. 2.

4th Straight By Hot Shots; Beavers Win

The Hot Shots garnered their fourth straight Junior Rec basketball victory, a 24-16 success over the stubborn Deacons, and the Beavers registered a run-away 42-13 triumph over the Phytons in last night's double-header program at Mamaroneck Avenue School.

Gareri meshed 12 points and Sinopoli tallied 11 as the Beavers won just about as they pleased. Donofrio and Storms of the winners and Gordon of the losing quintet rung up eight points apiece.

Carducci's 10 points sparked the Hot Shots in the low-scoring aftermath contest.

NCAA Terms Football TV Successful

CHICAGO, (AP) — Ralph Furey of Columbia University tabs the National Collegiate Athletic Association's experimental football television program "a tremendous success from an operational viewpoint."

Furey is cochairman of the NCAA television committee which ended a "progress report" meeting yesterday.

"The public has no concept of the ramifications and complications of such a program," Furey said. "I would like to point out that the NCAA program gave the public a great variety of football television last Fall when most major conferences had previously planned to ban completely television."

"I can't say what the NCAA will do about television next year," said Furey. "Our committee's job was to investigate the television picture. The NCAA membership will make the final decision."

Weekend Poll Picks Redmen But Kentucky Tramples 'Em

NEW YORK (AP) — St. John's University of Brooklyn was rated the No. 1 college basketball team in the country today in the weekly Associated Press poll, but you can't convince the University of Kentucky.

Votes of the nation's sportswriters and sportscasters were cast over the weekend. The weekly poll closed Monday afternoon, several hous before Kentucky and St. John's met at Lexington, Ky. The Kentucky Wildcats trounced the Redmen, 81 to 40.

Out of 103 ballots received St. John's got 36 first place votes to only 15 for Kentucky, which was ranked No. 1 a week ago. St. John's was No. 2 last week. This time, the Redmen received a total of 837 points, while Kentucky got 687.

Upset Influenced Poll

The voting obviously was influenced by Kentucky's upset defeat at the hands of Minnesota last week, 61-57. St. John's had thumped Rhode Island State Saturday night, 82-62.

Illinois, a favorite for the Big-10 crown, St. Louis University and Kansas State remained the No. 3, 4 and 5 teams in that order—same as last week. Kansas State was bounced out of the undefeated class last week by San Francisco, 55-52. Last night, Kansas State trounced Hamline, 92-73.

St. Louis, another undefeated team when the voting closed, was beaten last night by Wisconsin, 55-54.

LaSalle Skids Out

There were a few other switches in the top 10, but the only one to drop out was LaSalle, which skidded from ninth place a week ago to 12th. Indiana, 11th last week, moved up to the No. 6 place, on the strength of a thrilling 57-55 triumph over Wyoming.

Kansas, a 58-57 winner over Southern Methodist, moved up from No. 8 to No. 7. The University of Washington Huskies, won a pair from California last week, 60-52 and 65-43, but dropped from No. 6 to No. 8. North Carolina State, defeated by Texas Tech earlier in the week, 63-62, won over Eastern Kentucky Saturday, 70-58, and moved up a notch to No. 9.

Seton Hall, No. 7 last week, won over Iona of New Rochelle, Saturday, 70-60, but dropped to the No. 10 spot this week.

The top 10, with first-place votes in parentheses:

Team	Points
1. St. John's (36)	837
2. Kentucky (15)	687
3. Illinois (12)	603
4. St. Louis (3)	471
5. Kansas State (3)	405
6. Indiana (5)	396
7. Kansas (15)	324
8. Washington (4)	309
9. No. Carolina State	237
10. Seton Hall	228

Valles Boxes Tonight After Long Layoff

WHITE PLAINS—

Georgie Sinclair, Canadian featherweight tangles with Tito Valles, of New York City, in the feature bout slated for eight rounds tonight at the County Center.

The Winnipeg scrapper has clicked with Westchester fans, since his winning performance over Pittsburgh's Bill Bossio.

Valles hasn't seen action since December, 1950, when he walloped Tony Longo.

Frank Keating, middleweight from Wallingford, Conn., collides with Paul Wright of Newark, N. J. in the semi-final contest scheduled for six rounds.

Two more sixes will bring together Danny Taylor vs. Joey Klein, and Art Mullins vs. Jimmy Watkins of Brooklyn.

Two four-round contests will complete the weekly card.

Indians Buy Outfielder

CLEVELAND, (AP)—The Cleveland Indians today announced purchase of bespectacled Dino Restelli, a twenty-seven-year-old outfielder, from the Washington Senators in a straight waiver transaction.

Restelli played parts of the 1949, 50 and 51 seasons with the Pittsburgh Pirates. Last Summer he played in 21 Pittsburgh games, then was sold to Hollywood of the Pacific Coast League where he finished with a .287 batting average. He hit 10 homers. He went to Washington on waivers last October.

Organization Extraordinary

Many are familiar with the exceptional work being done by the Catholic Youth Organization in Westchester. But to some who may not be, we'd like to publish the following data from Bill Choly, executive secretary of the Yonkers CYO Center:

"More than 22,000 boys and girls, men and women, participated in the CYO athletic, social, religious and cultural programs during 1951, in parishes throughout Westchester.

"The range of activities included basketball, swimming, baseball, track and field, Communion breakfasts, photography, essay contest, doll shows, quizzes, day camps, cheer-leading and numerous other events."

Like many other fine organizations in Westchester, the CYO is playing an important part in providing good recreational outlets for many thousands. So a handsome, big bouquet to CYO directors, E. Wetmore Kinsley, William R. Miley and others connected with the work. Their's is an important job.

Leave Well Enough Alone

The writer, like so many other interested parties, is fed up with the criticism being leveled at college football. It's time to call a halt. We see nothing wrong in scholarships or Spring training. We know hundreds of Westchesterites who got their collegiate educations through athletic grants. Every one is a credit to the community. There's a bigger mess in Washington to be concerned with. Let's leave collegiate football to the many capable college presidents and coaches to operate. They've done a pretty fair job. Sure, there are violators. But why condemn a whole sport because of the foolish actions of a few. If some of these public-spirited citizens, who are crying for the scalp of college football, want to do some house cleaning, let 'em concentrate where it's needed most—professional boxing.

Paramounts Polish Attack For Friday Curtain-Raiser

The Rye Neck Paramounts, newly organized independent senior quintet, held an intensive workout last night on the Bellows court where they will inaugurate the season Friday night against the Tuckahoe Robins. Members of the squad have already participated in numerous outside contests this season and the team was pronounced in good shape for a victory-bid as independent basketball returns to Mamaroneck for the first time since 1948. Disbanding of the Larchmont Saints due to poor support had apparently tolled the death knell for local cage squads but the Rye Neck group wants to give it a whirl this season.

The Paramounts plan to get every bit of mileage they can out of the scoring and playmaking ability of Ed Petrie, the original Bellows fireball who will play for Seton Hall next year. Joe Straface, Harrison High's ace of the 1950-51 campaign, is the tallest player on the squad at 6 feet 3 inches but Petrie rebounds as well as any so-called "big man" and Steve Johnston also is excellent off the boards. Jim DePalo, former White Plains High and Hackley Prep basketball and baseball standout, plus Ed Feldt, Harvey Harriott and Joe Benedict of Bellows vintage, are expected to supplement the point parade by any of them or all could explode in the field-goal production line.

Tuckahoe very likely will enjoy a height advantage, with lanky Jim DeLeito roaming the pivot post. However, most of the Paramounts were bred in the Bellows Bandbox that some cagers call treacherous and no visiting squad will enjoy trying to crack the zone defenses the Paramounts can throw up to offset their height deficiency.

NEW YORK—Tony Allegro, 137, New York, outpointed Johnny "Red" DeFazio, 144, Bayonne, N. J., 8.

BOSTON—Norman Hayes, 163, Boston, outpointed Robert Villemain, 164, France, 10; Johnny Greco, 150, Montreal, stopped Alredro LaGrutta, 144½, Milan, Italy, 1.

Awaiting Shipment

Pfc. Carman J. Stingone, above, son of Mr. and Mrs. Gabriel Stingone of 417 Center Avenue, Mamaroneck, is visiting at the home of his parents while awaiting shipment overseas.

He arrived in Mamaroneck Sunday night after participating in war games in Manchester, N. H., where he was stationed with the North East Air Command.

Pfc. Stingone enlisted in the air force March 18 after a year studying journalism at the University of Miami. He was a 1949 graduate of Mamaroneck High School where he played basketball and football.

Happy Day

A story in yesterday's Daily Times reporting that a sum of money had been found in Fishman's Store on Mamaroneck Avenue resulted last night in the return of the $40 to Dorothy Mary Alston of 205 Center Street. Miss Alston identified the money at Mamaroneck Police Headquarters. "It'll be the happiest Christmas I ever had," she told Chief Louis Giancola.

Home from Philippines

Sgt. Oscar Raymond, son of Mr. and Mrs. Oscar Raymond of 528 Grand Street, Mamaroneck, is en-route home from the Philippine Islands where he has been stationed for 27 months at the Philippine Scout Hospital.

Sgt. Raymond sailed from the Philippines Dec. 6 aboard the Transport Gen. A. W. Brewster and is expected home for the holidays. After a 30-day furlough, he will report to Fort Dix, N. J., for discharge.

A former Mamaroneck High School student, Sgt. Raymond enlisted in the Army in February, 1947, and was formerly a parat er. Before going overseas he received training at Fort Dix, Fort Bragg, N. C., Fort Benning, Ga., and at the Medical Field Service School, Brooke Army Medical Center, Fort Sam Houston, Texas.

At the Scout Hospital in the Philippines, he served as personnel sergeant.

Reports to Ft. Lawton

Corp. Richard J. Lawrence, twenty-year-old son of Mr. and Mrs. William A. Lawrence of 427 Barry Avenue, Mamaroneck, has just reported to Fort Lawton, Seattle, Wash., after spending a 15-day leave at home. He expects to be assigned to overseas duty with the Far Eastern Command.

On previous assignments Lawrence was with the 9th Anti-Aircraft Gun Battalion at the Presidio in San Francisco and during the Japanese Treaty Conference there he was a chauffeur for foreign delegations.

Lawrence attended Holy Trinity School and was graduated in 1948 from Bellows High School. He was in the ROTC for two years at Niagara University where he studied business administration. He later transferred to Iona College in New Rochelle and enlisted in the Army in January, 1951.

He took basic training at Fort Bliss, Texas, before his assignment to the anti-aircraft battalion.

Good Deed

Virtue is supposed to be its own reward, but Erwin Claassen of 62 Chestnut Avenue, Larchmont, would like to add a personal note of thanks to the unknown driver who helped him out of a tight fix during last Friday's snowstorm.

Mr. Claassen and his wife set out from Hastings at 4:30 P. M. for a usual 20-minute drive home and found that things didn't go according to schedule. Attempting to avoid the hills between Hastings and Larchmont, he took a devious route and finally got stuck in a ditch off Central Avenue in Hartsdale after successfully crossing a plowed field.

They sat in the car for more than an hour studying the situation and waiting for sand trucks to come by. Toward the end of the wait they watched the gas gauge head for zero as the heater whirred and just as it neared that point they felt bump against the back of the car.

The bump repeated a few times and they soon realized that the car behind them was pushing them from the ditch out onto the road. The Galahad drove right on after getting the Claassen car moving and didn't wait to be thanked.

Mr. Claassen says he's glad to know by personal experience that decency isn't dead.

KEROSENE STOVE BLAZES DAMAGE 2 GAS STATIONS

Loss Estimated at $1,500 At Dietz Fire In Larchmont

Blazes from overheated kerosene stoves swept through two gas stations today, one wreaking an estimated $1,500 damage to merchandize and the structure.

At 1:34 A. M. Larchmont Patrolman Donald T. O'Neil saw flames whipping behind the windows of Frank A. Dietz's service station at 65 Boston Post Road, Larchmont, and summoned the fire department.

The flames destroyed canned lubricants and auto accessories and Mr. Dietz estimated this morning that structural damage to the building was more than $500. Both the merchandize and the building were covered by insurance.

The fire department controlled the blaze with 200 gallons of water.

The fire did not reach Mr. Dietz's service slop and operations of the station were resumed this morning after an electrician checked all wiring for safety.

The aerial ladder truck, engines No. 1 and 2 and the patrol car were recalled to headquarters at 2:25 A. M.

FLOOD SUFFERERS TO RECEIVE $1,450

Local Campaign Committee To Meet Expenses From Private Sources

The entire proceeds of the Mamaroneck campaign for Italian Flood Relief was promised to the Italian Red Cross last night at a meeting of the Alessandro Manzoni Lodge Hall in Mamaroneck when committee heads reported collections totaling $1,450.

The committee established a policy of meeting all campaign expenses from private sources and determined that victims of Italy's recent flood would receive the full benefit of funds contributed by Mamaroneck citizens.

The River Po in northern Italy overflowed its banks last month, driving more than 200,000 persons from their homes. Some of the nation's most productive farm land was covered by the flood and disaster relief managers have estimated that some areas may never recover their full productivity.

Money raised in Mamaroneck will be turned over to the Italian Red Cross for purchase of needed supplies and equipment. A double policy has been laid down for immediate relief of flood victims and long-range rehabilitation work.

Clubs Cooperate

Mamaroneck organizations cooperating in the local drive of the nation-wide campaign are the Manzoni and Betsy Ross Lodges,

Elevator Shoes Have Elevated Adler To Spectacular Success

By ART CHAPMAN

Ever think how many men are "taller than she is" just because they wear Adler Elevator shoes that add two inches to their height?

Ever wonder about the man behind the business that has created male morale—in spite of the fact that it has produced more comedy gags than any product since Henry Ford's Tin Lizzie?

Elevators, one of the outstanding gimmicks since all God's children put on shoes, have elevated Herbert Adler of Larchmont into the Big Business category.

Mr. Adler had just returned from a round of golf at the Hampshire Country Club when we dropped in at his home at 11 Althea Lane, in the Rouken Glen section. "It was chilly," he remarked, "but I had a good game. I'm satisfied with an 80 card, just as I'm satisfied with my average height. I don't wear Elevators.

"Less than six per cent of our sales are Elevators. Look at those 52 Adler shoes in my closet; some of our 400 styles. We've had to soft-pedal our Elevator advertising since the public began to think we carried nothing else after all of the radio and TV gags, cartoons, comic books and magazine features. You know, it all started with a gag when my brother, the late Jesse Adler was in a New York night club 15 years ago.

Gimmick From Gag

"Jesse asked the girl across the the table to dance and felt something fall on his feet before they went out on the floor. He was pleased to find that her height was about the same as his own five feet three. Then he happened to glance down and suddenly realized what hit his feet under the table. She'd kicked off her shoes!

"My brother had a sense of humor and told his friends at the table. One of them quipped, 'Why not get some high shoes? Then you'll be taller than she is.' Jesse had been in the shoe business with his father and Uncle Samuel since 1906 and the remark gave him an idea. He knew many well-to-do men wore custom-made shoes with

ICE SENDS CARS INTO 5 CRASHES

Woman Treated For Shock After Triple Crackup On Hill

Five accidents, one a double-barreled crack-up, occurred in Larchmont and Mamaroneck yesterday as cars skidded and swirled on ice-coated streets about noon.

Shortly after 11 A. M. a car driven by Hortense B. Sandground of Scarsdale skidded while descending the hill on Mamaroneck Avenue near Barry Avenue and was struck by a truck operated by Joseph Patrick Feerick of New York City, Mrs. Sandground's car swirled in a semi-circle, according to police, and the slippery road prevented Feerick from halting in time to avert the crash.

A few moments later, while Feerick was giving details of the accident to police, his driverless parked truck suddenly slid down the hill, across Winfield Avenue and into a car owned by Dominic A. Cuce of 1099 Mamaroneck Avenue, Mamaroneck.

The Sandground car sustained a badly damaged front end and Cuce auto's body was damaged. The truck was unscathed.

Mrs. Sandground received medical attention at police headquarters and was found to be suffering from slight shock and contusions. She was sent home after treatment.

Mercury To Plunge Still Lower With More Snow On The Way

The cold will continue until it gets more severe, the weather reports indicated today, and more snow is on the way which may reach Westchester tomorrow.

Even though the rain yesterday afternoon made icy pavements slippery for driving and walking it did save Westchester from a deluge of now—if the temperature had been a little lower. White Plains reported 1.3 inches of rain which might have been 13 inches of snow.

As the rain continued traffic conditions improved briefly as the ice was washed away, but again became hazardous when the mercury dropped again and things froze up. Three bus lines in Western Westchester had to suspend for a time yesterday afternoon.

The official forecast from the New York Bureau before noon today was for a high in the upper 20s this afternoon, low temperatures tonight ranging from 15 on the New York City line to 5 above in Northern Westchester, and no higher than 30 degrees tomorrow.

The forecasters expect snow tomorrow, "possibly changing to rain or freezing rain," depending on the degree of temperature at the time. The winds will decrease tonight and pick up again from the east tomorrow.

Three of the 10 bus lines operating out of White Plains temporarily suspended service yesterday afternoon because their routes took them over hilly country, and wheels could not grip the glazed surfaces. The buses on the Tarrytown, Hastings-on-Hudson, and Yonkers routes were halted at 2:40 P. M. Officials of the Westchester Street Transportation Co. stated that normal service was resumed at 4:15 P. M.

U. S. TO INTERVENE IN STEEL WAGE HIKE

WASHINGTON, (AP)—The deadlocked steel labor dispute appeared headed today toward a government-directed solution to avoid interrupting vital military and civilian production.

Observers were betting that President Truman would send the ominous labor case to the Wage Stabilization Board for a recommended settlement well before the New York Year's Day strike deadline of CIO president Philip Murray's steel workers.

Mr. Murray had some expensive demands, including a 15-cent hourly pay boost, which could dent wage controls. On the other hand, the steel industry was balking at giving Mr. Murray anything unless it also gets price relief.

War Prisoner Lists Lead To New Strife; Army Checks Names

Washington Messages Bring Both Cheer And Despair

WASHINGTON (AP)—The news flashed out from Washington and Tokyo, for thousands the best Christmas present ever, for many other thousands an empty, hollow message of more despair.

The 3,198 names of American warriors, said by the Communists to be prisoners of war in Korean prison camps, were being checked by the Defense Department in "takes" as fast as they arrived from Tokyo.

Special Pentagon forces whipped through the long lists, paired name after name with the official missing-in-action list, rushed telegrams to next-of-kin, reading as follows:

"The Secretary of the Army has asked me to inform you that the name of (John Doe) believed to be that of your (son, husband, etc.) is included in unverified lists released by opposing forces of prisoners in their custody. No assurance as to accuracy can be given at this time."

Gap of 7,853 Prisoners in List

The list of names was little more than one-fourth of the 11,051 Americans officially listed as missing in action.

And the Reds said it covered all POW's in their hands.

That left a gap of 7,853, a question mark which only time could answer.

At the Pentagon the tedious task of comparing names on the list with the names of those officially reported as missing proceeded slowly through the night.

By early morning, however, the staff had been doubled and a spokesman in the Adjutant General's office said it was likely the list would be fully processed by 6 P. M. today. Earlier estimates were that the job could not be completed before tomorrow.

At 7 A. M. some 14 hours after the first name arrived at the Pentagon, processing officials said 918 names had been received in Washington but fewer than 300 had been processed. At 9:45 A. M., the num-

Drivers Pay $90 In Court

Fines of $90 for speeding offenses and an additional $4 for violations of Mamaroneck Village parking regulations were collected this morning in Mamaroneck Police Court.

Czeslaw Rak of Port Chester paid the top fine of the day when he was charged $30 for traveling too fast on the Post Road. It was his second offense.

Other speeders who were taxed included Eugene Sullivan of Elmhurst, L. I., $20; William H. Landre of New Rochelle and Joseph Croce of 625 Old White Plains Road, Mamaroneck, who paid $15 each; and Joseph Umbro of 119 Florence Street, Mamaroneck, who contributed $10.

Acting Judge Francis Auleta also fined Harold Becroft of 921 Old White Plains Road, Mamaroneck, $2 for parking on the sidewalk and a like amount was levied against C. P. Overstone of Tuckahoe for parking in a restricted area.

3 FROM COUNTY ON PRISONER LIST

Two Believed From Mount Vernon and 1 Other From Yonkers

NEW YORK, (AP) — Three names came up today on the Communists' American prisoner of war list which might be those of Westchester or former Westchester soldiers alive in POW camps in North Korea. One was a Yonkers officer and the others were formerly from Mount Vernon and Dobbs Ferry.

The Defense Department up to 11:30 A. M. had not confirmed any of the three as being missing in action in Korea, but the Pentagon said it might take several days to check all the names on the Reds' list.

Tokyo reported on the Communists' list:

Hodge, Herbert B., RA6893975, cpl., 25D, 3

Krasko, John, 059406, 2d lt., 24D, 2

Santora, Bert, 031758, maj., 7BORD, 2

The serial number indicates Cpl. Hodge was in the regular Army and assigned to the 25th Division. The final figure indicates that he is in POW Camp 3, which is near Chongsong on the Yalu River, the border with Manchuria.

The Mount Vernon Daily Argus had listed Cpl. Hodge as missing, the son of Mr. and Mrs. Herbert

Firemen Plan 2-Hour Show For Children

A two-hour how, featuring movies and feats of magic, will be presented at 10 A. M. Saturday at The Playhouse for the children of Mamaroneck by the Mamaroneck Fire Department, it was announced today by Deputy Chief Lawrence Cltrone, who is in charge of the annual party.

The show will include a complete magic act presented by Clayton Rawson of Mamaroneck, mystery story author and magician who made a trip to Europe this Summer to exhibit his magical talent. All children of the village are invited to attend, Chief Citrone stressed. Special guests will be handicapped children from St. Agnes Hospital, White Plains.

Local handicapped children will also be given special attention. Those requiring transportation should notify Mamaroneck Police Headquarters or Chief Citrone and cars will be provided to take them to and from The Playhouse.

Hale Predicts 'Four Worlds' For Peaceful Power Balance

The development of the chemical era will eventually lead to the formation of four world states, Dr. William J. Hale, organic chemist and research consultant, predicted last night at a meeting of the Mamaroneck University Club in Seven Pines Inn, Mamaroneck.

Russia's scientific advances in the field of chemistry have been so great, he said, as to virtually force her to seek land and water in warm climates, and he predicted that she will conquer Asia Minor and India. Another state would be Japan, China and Indo-China, thus creating the first self-sufficient world states capable of supporting a population of two billion people.

The other world states, according to Dr. Hale, will include the western powers of Europe and secondly, the Americas.

We are in an age of "chemurgy," the growing of chemicals to provide the necessities of life, Dr. Hale said, and warned that the democracies of the world must seize the initiative from Russia in this field. Now, he claimed, the Russians have forged far ahead in the techniques of growing chemicals.

"Like it or not," he concluded, "in this way Russia is showing us the direction and leadership needed to the achievement of permanent world peace." He intimated that the establishment of world peace would come with the formation of the world states.

Growth Traced

Dr. Hale traced the growth of chemistry from the bronze age when metal was of primary importance, through an age when man learned to change the basic compounds in nature to the present age when, with an understanding of organic chemistry, the growth of chemicals has begun. The chemurgical era started in 1906, he said.

The atom bomb, he predicted, will eventually be negated by the self-sufficiency of the four major world powers which will be formed, as well as by the vivid memory of its horror in World War II.

The program preceding the talk included vocal selections by Stuart Churchill of Mamaroneck who provided his own guitar accompaniment.

Walter Stevens of Mamaroneck was a guest at the meeting and President Ivan S. Flood presided.

Reds Label UN Rolls Useless; Allies Rap Small Total

MUNSAN, Korea, (AP) — Exchange of prisoner of war lists brought new strife today for Korean truce negotiators.

The Communists labeled the United Nations list of 132,472 Chinese and Korean prisoners useless.

The Allies complained the Red total of 11,559 POWs was too small.

Truce negotiators made no formal protest. The prisoner of war subcommittee was in recess today.

U. N. delegates in a second subcommittee told the Reds they would not budge an inch on how to supervise the truce until the Communists agree to full inspection of troops and effective behind-the-line inspection to guard against a sneak military buildup.

Identification Impossible

Communist news correspondents at the Panmunjom truce site said it was impossible to identify Chinese and North Korean troops from the U. N. list. The names were written in English. Men were not identified by rank, unit or in any other way.

Chinese newsmen pointed out there are innumerable English spellings for any Chinese name.

U. S. BLAMES REDS FOR MILITARY PLAN

Russia's 'Aggressive Action' Forced Allies to Create Middle East Command

WASHINGTON (AP) — The United States has sharply told Russia that its own "aggressive actions" and its "subversion" against Middle Eastern states are to blame for Allied plans to create a Middle-East military command.

Replying to a Soviet protest of Nov. 24 against the Allied project, the U. S. cited once-secret negotiations between the Soviet and Nazi German governments in 1940 as evidence of a Russian aim to create a Red sphere of influence in the Middle East.

The U. S. note, made public today, added that Russia's attitude toward that area since the end of World War II has led the American Government to assume that the aims set forth 11 years ago "remain the policy of the Soviet government."

Others Reject Red Grine

Britain, France and Turkey, which had simultaneously received Russian protests against the command which they are sponsoring jointly with this country, also rejected the Soviet complaint in notes delivered to the Foreign

Italian Child 'Adopted' By Mary Ryder

Miss Mary E. Ryder of the Colony Apartments, Larchmont, has "adopted" Antonio Borriello, a nine-year-old Italian child, through the Foster Parents' Plan for War Children, Inc., according to announcement by Plan headquarters in New York City.

"Adoption" as provided through the Plan agency is financial, not legal. A foster parent promises to contribute a monthly sum toward a child's support for at least a year.

Antonio's father was a seaman in the Italian merchant marine. In December of 1942 his ship was struck and sank off the shores of Tropoli. His widow was left without income to support herself, a little girl of ten and the baby Antonio. Her meager earnings as a cleaning woman and a small pension from the maritime social security are not sufficient to clothe and feed the family which lives in one damp room.

Antonio, described as "lively and intelligent but very thin' 'is in the second grade and shows a special aptitude for arithmetic. He is friendly and, according to further report from Plan headquarters, "something of a chatterbox." At present he thinks he would like to follow in his father's footsteps and become a sailor.

The affectionate interest and cash contributions of a foster parent, Plan spokesmen say, will do much for this child whose life has been shadowed by poverty and distress.

County Center Bout Stopped On TKO Rule, Big Rhubarb Results

By FRITZ JAUCH
WHITE PLAINS—

A comeback by Tito Valles that was almost unbelievable and a decision by referee Ray Kozak that most spectators thought highly questionable gave the season's smallest turnout one of the wildest boxing features of the year at County Center, last night. Valles, New York East Sider, was awarded a fifth-round technical knockout over favored Georgie Sinclair, Canadian featherweight champion from Winnipeg, in their scheduled 10 rounder.

Outclassed, soundly beaten and nearly a technical knockout victim himself in the fourth round, Valles rushed back suddenly in the fifth to floor Sinclair three times. The TKO became automatic when Sinclair, who appeared more surprised than hurt, went down the third time at 1:53. Then came a hot dispute.

Only 300 Witnessed Scrap

Tex Pelte, Sinclair's manager, argued that his boxer had been shoved down by Valles on his last two trips to the canvas and a good portion of the crowd — which couldn't have numbered more than 300—backed Pelte with boos directed at Kozak. Kozak, however, insisted that all three were legitimate knockdowns.

Sinclair, whom the National Boxing Association ranks among the world's 10 top featherweights, had gone well ahead on points, principally with stiff left jabs, in the first three rounds. In the fourth he hit Valles with everything, and Tito, an ex-G.I. making his first start in over a year, looked to be through. Valles was bleeding slightly from his nose and profusely from a cut near his left eye. Kozak once stopped action in the fourth to get a good look at the cut.

Then the courageous Valles, who boasts an impressive pre-service record, fooled everyone, particularly Sinclair. He came out with a rush and during a wild exchange got to Sinclair's jaw with a good right. Georgie went down and stayed for an eight count. Valles was on top of him almost immediately. He crowded Sinclair into the ropes and went after him, Sinclair, crouched for protection, fell into the ropes and then partially through them. Again he stayed down for eight.

Sinclair Not Hurt

Once more Tito rushed and once more he cornered Sinclair at the ropes. Fighting at close quarters, he threw rights and lefts indiscriminately. Sinclair appeared to block most of these punches, but suddenly he fell. He was up again immediately, and he didn't seem too badly hurt, but the fight was over.

The bout was originally scheduled to go eight rounds but because of a small preliminary card was changed yesterday to a 10-rounder. Valles weighed in at 128¼ and Sinclair at 127¾.

In the six-round semi-final, Joey Klein, 148, another East Sider, came on strong in the late rounds to take a decision over Danny Taylor, 145, New York City.

Dressen Signs Pact At Unknown Salary

BROOKLYN (AP) — If president Walter O'Malley of the Brooklyn Dodgers were a whimsical man, he might get his baseball club managed next year for $25—or any other sum that comes to mind.

But chances are he'll shell out around $30,000 to Charley Dressen to provide the brain work for the Flatbushers' 1952 pennant effort.

Charley left the matter of salary entirely up to his boss in returning his signed contract yesterday from his California home. The one-year pact came to the Dodgers' office with Dressen's bold signature but with the salary line blank.

O'Malley can write that figure in himself.

"I am glad to return to Brooklyn—the best club in our league," Dressen wrote in a note to vice president E. J. "Buzzy" Bavasi.

WP, NT AND GREELEY WIN RUTGERS AWARDS

WHITE PLAINS—

White Plains, North Tarrytown and Horace Greeley High of Chappaqua are respective class trophy winners in the annual Rutgers University Club of Westchester scholastic football poll.

Robert Ruger of White Plains, club president, reported that a record 175 ballots figured in the poll, best in the three years of awarding, and that only Class A winner White Plains won in a romp.

The powerful, undefeated Plainsmen piled up 133 points to run away with the A field. New Rochelle was second with 42, and Scarsdale third with 36.

In Class B, which produced the most interesting battle of ballots, North Tarrytown, with 49, finished five points ahead of Washington Irving and Rye which tied at 44. Blessed Sacrament followed at 25.

In Class C, Chappaqua received 95 points and Alexander Hamilton of Elmsford was second with 86.

The poll to select the top teams in the three respective divisions, was the most successful since its inception. Trophies will be awarded the winners during the next week or so.

GAMBLING FALLS OFF, TRACK REVENUE RISES

NEW YORK, (AP)—The Federal registration of professional gamblers and stricter enforcement of laws against bookmaking were cited today by the State Racing Commission as one of the reasons betting increased by 12 per cent this season in New York as compared with 1951.

Revenue to the state also was up 12 per cent, while attendance showed a 3.5 per cent gain.

New York had 197 racing days in 1951, and the state collected $22,853,393 compared with $20,451,236 in 1950. Betting for 1951 was $345,292,092 and $308,501,464 last year, while attendance totaled 4,386,315 as compared with 4,240,184 in 1950.

"Other racing states also experienced this upswing," said the commission in its annual report. "The disparity, however, in the attendance increase and that of wagering confirms the commission's opinion that the more pronounced acceleration in wagering resulted from the spotlighting of illegal operations, accompanied by a stricter enforcement of the law, and the Federal Government's enactment requiring registration of professional gamblers.

"The result has been only slightly evidenced in pari-mutuel operations here and throughout the nation, a mere trickle compared to the volume it may eventually experience, should law enforcement be maintained."

Reifsnider is Voted Nichols Grid Manager

Gordon Reifsnider of 18 Edgewood Avenue, Larchmont and a freshman at Nichols Junior College, Dudley, Mass., was recently elected manager of the Nichols varsity football team for the 1952 season. Reifsnider, who is a graduate of Mamaroneck High School, is the son of Mr. and Mrs. Gordon Reifsnider. Next year's varsity gridmen will have their work cut out for them, trying to equal or better the 1951 mark of five wins, one tie and one setback.

Jons Roll On, Aided By 626 By Radcliffe

The Jons caught fire for another smashing 3-0 bowling triumph last night in Daily Times League matches, blanking the defending Friendlies. The Recs also swept three games while Mamaro downed the Automotives, 2-1. The Columbia-Spamen match was postponed and the circuit will not roll again until January 8th due to the holidays.

Chats Radcliffe led off for the Jons and contributed a 626 series to their big triumph. Teammate Marty Fader posted an even 600 pinfall while Clem Zucks of the Jons and Russ Malz of the Recs deadlocked for third place with 583 totals. Sonny Lambiasi of the Friendlies downed 581.

Lambiasi had top single, a 238 middle-game. Fader's 227 ranked next and Radcliffe had a pair just over the 220 mark.

STATISTICS REVEAL BRANCA RECORD 13-12

Ralph Branca, Brooklyn Dodger pitcher from Mount Vernon, finished up among the leaders according to the National League pitching records released today.

Branca, who won 13 games and lost 12 over the 1951 season, had the ninth best earned-run-average in the league, statistics reveal.

He finished with a 3.26 ERA to tie with Max Lanier of the St. Louis Cardinals. Branca hurled 204 innings, gave up 180 hits, 85 walks and struckout 118, and pitched 13 complete games. He was among the 12 senior loop moundsmen to finish with a 100 strikeouts or more. Ralph has fanned more than 100 batters in each of his last six years.

He also yielded 81 runs and 71 earned runs and finished with a percentage of .520.

The leagues top hurler in ERA was Chet Nichols of Boston with a 2.88 mark. Only Preacher Roe compiled a better record than Branca on the Dodger staff. Ole Preach had an ERA of 3.03, winning 22 and losing three.

Early in September Ralph was leading in earned runs, but shoulder trouble during the later stages minimized his effectiveness.

Iona Prep Quintet Shades New Rochelle High By 59–58

By BERNIE GWERTZMAN
School Correspondent

With a torrid second half comeback, Iona Prep registered its second consecutive triumph, edging a fighting New Rochelle High five, 59-58, in the Huguenots' opener at the high school gym yesterday afternoon.

Behind as much as eight points midway through the third period, the Fighting Irish suddenly caught fire and pulled even at the end of the period, going on to win in a hectic finish.

Coach Dan O'Brien started Don Pragerson, Lou Brown, Harry Cornell, Sandy Marcel, and Skippy Martin, and the quintet, with only Martin having had varsity experience, gave a good count of itself, leading at the quarter and at the half.

With Pragerson, the only tall Huguenot able to play, hitting on two jump shots, and Marcel scoring from the free throw line, New Rochelle jumped out in front in the opening period, 13-9. Iona came roaring back in the next quarter behind Ed Bugniazet and Jim McLoughlin, who scored 19 and 14 points respectively, to pull up to within a point, 19-18, at the five minute mark, but the Irish's zone defense fell apart as Pragerson, Cornell, and Marcel hit from the outside to give New Rochelle and eight point bulge at the half, 28-20.

On the short end of a 39-31 score, midway in the third period, Iona decided to junk its zone for a pressing man to man, and it paid off. In two minutes the Irish scored three buckets and a foul to pull up to 39-38. After a Huguenot foul shot, Bob Doherty recovered a loose ball and tied up the game as the quarter ended.

With six minutes remaining in the game, Iona put on the pressure and moved eight points ahead, 50-42. But led by the fight of Martin and Brown, New Rochelle closed the gap to 53-51 with four minutes left. Bugniazet sank a foul, but a jump shot by Don Zack pulled the Huguenots up to 54-53. With less than three minutes remaining, Bugniazet scored another one pointer, and the whole gym went crazy as Martin was awarded two shots, with the Huguenots down two points. Martin only sank one, and a minute later Bugniazet scored on a lay-up to give Iona a three point margin. Foul shots by Larry Collamore and John O'Connor gave the Irish a five point lead which proved too much for New Rochelle to overcome, although Martin and Paul Mecca scored last minute goals.

The Iona junior varsity also won, as Byrnes scored 13 in the 46-24 win. The scores:

It Sounds Better In French

Don't pronounce it as it is spelt, or you will send people scurrying for an insect repellant. Bugniazet is a French name which sounds much better if you drop the "g" and the "i", so that it sounds like Bune-a-zet.

Eddy is only five foot ten and a junior, but he scored 31 points in Iona's opener and 19 yesterday, and in the two games had a streak of 16 consecutive free throws completed. Yesterday he made 9 of 10 free throws.

Say it pretty: Bune-a-zet.

STRAINING MUSCLES are evident in the shoulders and arms of Wally McCarvill (23), freshman center of Iona College, as he vies for a rebound with Walt Dukes (20) of Seton Hall Saturday night at Madison Square Garden. Evangelista On Rochester Court Squad

Donato "Danny" Evangelista, who helped Bellows High to the Southern Westchester League hoop title two years ago, is now a member of the varsity squad at the University of Rochester.

Evangelista, who stands six feet six inches, is currently rated as the number two center on the Yellowjacket quintet. A sophomore in the liberal arts school at Rochester, Danny had a great year with the frosh squad in 1951.

At Bellows he distinguished himself not only academically and in basketball but also was one of the best young golfers in Westchester County, coming close to the caddy championship two years and winning the Winged Foot Golf Club caddy title before departing for college. His brother, Angelo, is the captain of this year's Bellows quintet.

The Evangelistas reside at 302 Jefferson Avenue, Mamaroneck.

Bellows-Greeley Postponed; Seek Open-Date Next Year

Treacherous driving conditions, which existed on all roads yesterday due to the combination of snow, rain and cold temperatures, forced postponement of the basketball game at Chappaqua between Bellows and Horace Greeley. The Panthers were to have made that their annual tune-up tilt before the holiday recess but now it seems extremely possible that the game will never be played.

The bus company suggested postponement of the trip when driving became virtually an invitation for mass suicide and Bellows quickly agreed. Reslating the tilt is a major problem since Greeley, with a game coming up Thursday, did not care to play today and declared that its quintet would not be asked to play during the actual recess from classes. Greeley is forwarding its open dates to Bellows Athletic Director T. A. Hasley and there is an outside chance the schools may be able to get together in January or February.

Hasley's main concern was preventing a big letdown for his charges after getting them all keyed up for a maximum effort. When the game was officially announced as a victim of the storm, the Rye Neck pilot staged an inter-squad scrimmage instead and the boys got rid of the extra energy they had carefully built up in preparing for the curtain raiser.

Now the Panthers will not only be launching a defense of their Southern Westchester crown on January 4th against Harrison but will also be taking the lid off the season as well. The Huskies will be going onto the court for the first time too since they had arranged no pre-New Year's encounters.

Bellows will drill the rest of this week with one workout against Port Chester, three days next week will be used for practice and Hasley will even work his charges the day before 1952 arrives.

Two-Platoon Football Evil? AP Poll Stirs Up Argument

NEW YORK, (AP)—There's one thing sure about the two platoon system in football—you can stir up a good argument about it whether you're for or against it.

The Associated Press posed this question to sportswriters and sportscasters:

"The two platoon system, with its attendant increases in the size of playing squads and coaching staffs, is being blamed for many of football's ills. Do you agree?"

71 Favor System

Of the 121 replies received in the year-end poll, 71 said they favored the system. Some thought it was good, others were more enthusiastic and called it a great thing for the game.

Fifty said they were against two platoons and their reactions ranged from a mild protest to a violent dissent.

Those who were for the system of alternating offensive and defensive teams listed the following reasons:

1. It gives more boys a chance to play.
2. It makes for more exciting football.
3. This is an era of specialists, why not in football?
4. It reduces the number of injuries in that fresh players are used.

Antis Cite Costs

The antis listed the following reasons:

1. The necessity for "deep" squads furthered recruiting and proselyting.
2. It will force many schools, especially the smaller ones, to give up the game because of the cost.
3. It is too confusing for the spectator.
4. It makes for too many specialists.
5. It completely takes the game out of the hands of the boys.

Gaels At Adelphi

Iona College's basketball team moves out to Garden City, L. I., tonight to take on Adelphi College in freshman and varsity games. Adelphi has a record similar to Iona's, four victories and two defeats.

The Gaels are really looking forward to their game with Villanova at the County Center Saturday night. Villanova is undefeated and plays another undefeated team, Mount St. Mary, tonight.

Miller Scores 21

Big Eddie Miller of New Rochelle was high scorer with 21 points as unbeaten Syracuse University picked up its fourth basketball victory, 94-57, over Dartmouth last night at Syracuse.

The Orange co-captain now has an average of 25 points per game. He was heavily guarded last night, scoring only five field goals but making 11 foul shots.

DRIVE-INS REGISTER LADIES PIN SHUTOUT

The Drive-Ins garnered three wins in Friendly Village ladies bowling at Mamaroneck Rec last night and the split decisions went in favor of the Markettes, Shamrocks and Denny's Four.

Ethel Heyer produced a 208 single in the second game and wound up with a 535 pinfall to wrap up both individual honors for the pin program. Audrey Herman of Aaron's Four posted a 507 triple.

The Oswegos defeated the Ancient Men, 35-19, at IEY and thereby moved into a tie for second place with the Trotters with three victories and two defeats. Bruce Flowers Jr. paced the Oswegos with 18 markers.

A third game in this league, played at New Rochelle High, ended in a draw at 33-33 and will be protested by the Boys Club Alumni. The Alumni and Chincers had a very tight battle, being tied in the third quarter at 24-24. Tully led the Chincers with 16 points. The scores:
