Democrats Draft Hoffa As Trustee

7-Year Resident Due To Get Nomination At To- night's Caucus

MAYORALTY IN DOUBT

Authoritative sources report that Benedict Hoffa of 328 Florence Street, Maramoneck, will be nominated as village trustee when the Democratic caucus is held at 8 o'clock tonight in Legion Hall, 100 West 11th Street, here.

Mr. Hoffa admitted he had allowed himself to be drafted after Democratic approaches by Democratic committee men.

The proposed nominee, a seven-year resident of the village and a property owner since last year, is almost entirely unknown in the local political arena. He is head of the accounting department of General Electric Appliances, Inc., a subsidiary of the General Electric Company, born in Schenectady, and married to the former Victoria Swanket of Buffalo, he has four children: Janet Clare, William, three, and Marsha Anita, one. The first two attend the Daniel Green School.

The Democratic candidate for mayor remained an unknown quantity until Stanley Hare's name is expected to emerge at tonight's caucus. Fred J. Yankeo, chairman of the Democratic committee, had been the chief party hope for the mayoralty with Dennis O'Connor, a local lawyer, and Real Estate Broker Pete Doern receiving prominent mention.

Mr. Yankeo told a reporter today he had been forced to decline the nomination due to business pressures. As president of the Maramoneck Building Supply, Inc. of Maramoneck, a building supply firm, he called his membership on the board of directors a "nuisance" and added that running for mayor would be pointless if he were unable to fill the office in the event of election.

Others known to have been approached by Democratic committee men as likely choices for the office are John McNamee, Harry Neck and Joseph Warren, former policeman and current officer of the Maramoneck State office.

Political leg men hinted yesterday that Stanley Hare recently defeated for trustee in the Republican Committee selection might be supported by the Democrats in an independent movement. Friends of Hare were supposed to get him on the candidate roster by means of a petition signed by five voters out of the voters.

Mr. Hare, contacted last night at his home, declared that under no circumstances would he be a candidate in this year. "But some of these Republican members will be hearing from me in the near future," he said.

Hare's backers are said to be incensed at their party's choice of a "non-runner" for this year's vacancy on the Board of Trustees.

British Grant Self Rule To India In 1948

House Expected To Approve Six Billion Budget Cut Today; Senate Due To Debate Slash

by SACK BEER

LONDON, (AP)—Prime Minister Attlee announced today that it was the British Government's definite intention to form India into a self-governing Dominion by June, 1948.

Attlee also announced the election of Field Marshal Lord Wavell as Governor of India and the appointment of Lord Mountbatten to succeed him.

An authoritative source said Mountbatten was expected to leave for India "some time in March."

This source said he understood that Lord Wavell would retire from public service.

Whitehall sources said yesterday that Wavell was being recalled to the United States on a constitutional deadlock in India between the Congress Party and the Muslim League.

In regard to the Indian "Princely States," the Prime Minister said, "His Majesty's government is not inclined to hand over their powers and obligations under paramountcy to any government in British India."

He said Wavell, now a Viscount, would be raised in the peerage to the higher grade of Earl.

Asked by Winston Churchill "what divergences or disagreements" had arisen between Wavell and the British Government, Attlee declined to amplify his statement.

"Lord Wavell," he said, "was not appointed for a fixed term. It is thought the changed phase of the Indian problem is a suitable time to make a change."

Attlee announced plans for complete British evacuation of the Middle East from Feb. 23 to March 3. He will spend the two weeks at the House of Commons, followed by a tour of the area. On his return, he will visit the United States and as foreign correspondent for the "La Patria," one of his country's leading newspapers. Editor of his school periodical, he has worked at various times on three of the best known Bolivian daily papers.

The Bolivian youngster will attend classes at Bellevue, go to school dances, take part in assembly programs, and visit clubs, factories and business concerns of the area. On his return home, he will report in detail the things he has seen and do in Maramoneck.

Main object of the visit, which is sponsored by the Metropolitan State Study Council and the New York Herald-Tribune Forum, is to show other Americans how the average U. S. citizen lives and conducts his affairs. Arrangements for Luis' sojourn are being made by a joint committee of the two organizations. (Continued on Page Thirteen)

Crowds Attend Ash Wednesday Services Here

Thousands of parishioners filled the churches of Maramoneck and surrounding areas yesterday and last night as the observance of Ash Wednesday ushered in the 1947 Lenten season.

At Holy Trinity in Maramoneck, 400 persons heard a sermon by the Rev. Edward M. Betowski of St. Joseph's Seminary who urged the worshippers to remember "creation, the fall, sin, judgment after death, hell and heaven." Father Betowski added, "All of those great doctrines should be remembered and we should stay constantly in the presence of God, who is the source of our life and our redemption."

House Expected To Approve Six Billion Budget Cut Today; Senate Due To Debate Slash

by SACK BEER

WASHINGTON—The House today with four hours of scheduled debate before choosing its expected approval of a spending bill cutting \$6,000,000 below President Truman's request.

Predictions mounted, however, that the cut will be a billion dollars less than that when Congress finally agrees on a figure to replace the \$37,500,000,000 Presidential estimate.

The House action was regarded as a foregone conclusion, in the light of the unanimous rising vote cast last night for the \$6,000,000,000 slash at yesterday's Republican conference.

Also the rule under which the House was to operate barred amendments that Democrats were seeking to present. Foes of the big cut thus planned an effort to send the whole question back to the Senate-House budget committee for a new report April 15.

The Senate, taking time out before resuming its unlimited debate tomorrow, seemed headed in favor of a \$4,500,000,000 cut proposed by Chairman Millikin, R., Ohio, of the Finance Committee.

Even before the House assembled two Republican members planned to deliver in support of the full \$6,000,000,000 reduction.

Visitor Comes To Bellows From Bolivia

Two Autos Damaged In Larchmont Crash

Heavy Snow Forecast Today And Tomorrow

Luis Boltran, 17-year-old Bolivian, in the Latin-American student school to visit Bellows High School from Feb. 23 to March 3. He will spend the two weeks at the House of Commons, followed by a tour of the area. On his return, he will visit the United States and as foreign correspondent for the "La Patria," one of his country's leading newspapers. Editor of his school periodical, he has worked at various times on three of the best known Bolivian daily papers.

The Bolivian youngster will attend classes at Bellevue, go to school dances, take part in assembly programs, and visit clubs, factories and business concerns of the area. On his return home, he will report in detail the things he has seen and do in Maramoneck.

Main object of the visit, which is sponsored by the Metropolitan State Study Council and the New York Herald-Tribune Forum, is to show other Americans how the average U. S. citizen lives and conducts his affairs. Arrangements for Luis' sojourn are being made by a joint committee of the two organizations. (Continued on Page Thirteen)

'On The Level'

WASHINGTON, (AP)—President Truman predicted today the confirmation of David E. Lilienthal as chairman of the Atomic Energy Commission.

Questioned by a reporter about the fight on Lilienthal in the Senate, Mr. Truman told his spokesman he still is behind his nominee 100 per cent and thinks he will be confirmed.

Senator Bridges, R., N. H., today listed 10 men—among them former Secretary of State Bernice M. Baruch, and A. J. A. Brown, secretary of the Atomic Energy Commission.

Mr. Truman said he is not ready to announce the name of the man to succeed Lilienthal as chairman of the Atomic Energy Commission.

Spangone Honored

The only active charter member of Larchmont Post 347 of the American Legion, Stanley Hare, was honored Tuesday by his comrades. He is Anthony Spangone, a veteran of World War I and the father of Joseph Spangone who lost his life on Okinawa.

Mr. Spangone was recipient of a 20-year pin presented to the Post by F. Warren Green to be given to the man who, in the opinion of the commander, has done the most for the post.

Commander B. F. McGrath stated that Mr. Spangone had been a member for 28 years and added, "He has never done anything glorious or glamorous during these years, but he has continuously and quietly done the small jobs without which the post could not exist. He is a good citizen and a good Legionnaire and I give him great pleasure in presenting him with this pin."

Mr. Spangone thanked the commander, Mr. Green and the members and assured them that it had been a pleasure to perform his duties.

Link Trainer Here

The Link aviation trainer recently purchased by the "Twenty-Two" Club, a group of aviation enthusiasts, has been installed in the Maramoneck Junior High School, and was set in operation last week by a factory representative.

Tomorrow night the members of the Twenty-Two Club will meet at the Junior High School to receive instruction in the use of the Link trainer. The instructor to be chosen as paid instructor. Preference will be given to local businessmen and women with experience as Link instructors.

With the exception of selected high school students and Air Force cadets, instruction will be limited to present and future members of the Twenty-Two Club. Basic contact flying will be taught to members who have had no flying experience and advanced instrument training will be given licensed pilots.

Off To Chicago

Leaving from La Guardia Field at noon Saturday, Mayor B. J. Santoro of Maramoneck will attend the six-day Chicago convention of the National Home Builders Association. An exposition of the latest construction materials used in the nation will be a feature of the convention with thinking concerns from every section of the country entering the displays.

The mayor attends the convention for their yield of proposals which handles inside topics not yet ready for publication. He will take a noon plane back on Thursday.

'On The Level'

Joseph Johnston, chairman of the Republican caucus, resorted to a few laughs during the 7:30 session last night.

Julian Colyer, secretary of the caucus, announced the nomination of Trustee Arthur Coombs, said he had been meeting with the trustees and that they had been a cut and dried affair—just enough persons nominated to fill the vacancies.

"Well, this one is being run on the level," Chairman Johnston remarked.

He brought the house down again when the three candidates for trustee lined up before him and the judge's benevolent smile took position on the ballot and he asked, "How do you guys feel?"

As a parting shot after introducing the three candidates, he declared, "I hope you will win."

Primary Race On To Settle GOP Contest

(Continued from Page One)
Johansen of 100 Willow Avenue, and approved the officers of the caucus and tellers were administered the oath by Judge John G. Cahill.

Prior to the nomination of candidates for trustee, ex-Mayor Harry E. Goeckler of 70 Magnolia Avenue, Larchmont, asked the chairman what the officers would be followed in nominating candidates, "individually or collectively."

Supporters of Golliday had hopes of making the ballot marked down to a contest between Golliday and Ryan, thereby assuring the nomination of Coombs, when both factions endorsed.

Mr. Johansen replied that there are two offices to be filled," he said, "and for the purpose of this meeting if there are more than two candidates the persons getting the most votes will be nominated."

Arthur Perkins, chairman of the planning board, of 32 Concord Avenue, Larchmont, said it was his intention to do with the vote to nominate a man who has the love and respect of everyone and deserves to do with the vote.

John Ryan was placed in nomination by Rudolph S. Nelson, committee chairman, of 5 Bay Street, Larchmont, who outlined Mr. Ryan's qualifications, saying: "He is the kind of man whom I do not accept a task unless he is reasonably certain that he is able to do it."

Julian S. Coyle, of 39 Mayhew Avenue, Larchmont, in seconding the nomination, stated he believed there ought to be a little competition which he felt was a good thing for the town.

Chairman Johansen asked if there were any other nominations and recognized ex-Mayor Frank W. Ashburn, of 26 Fryer Avenue, Larchmont, who nominated Trustee Gail Golliday.

In his nomination speech, Mr. Washburn said: "I have personal knowledge of the man whom I believe is best qualified to be mayor of the village and I selected him for the first time because of my realization of our great need for a man of his experience and background."

"His experience in financial affairs," he added, "has already been of great value to the village in his capacity as chairman of the finance committee of the village Board of Trustees."

Mr. Washburn pointed out an "idea he has already accomplished for the good of this village: "I was instrumental in the betterment of village credit rating and that will be a big step in a much better position in the village of bond and security investors."

He stated that the village up-to-date actuarial study of Police Pension Fund finances which was adopted and approved, was worth more than the amount carried on books of companies being liquidated.

"His knowledge, experience and contacts with Wall Street were beneficial in securing a number of bids on a recent village bond issue which was the possible cause for the exceedingly low interest rate received by the village, the lowest in its history."

In glowing terms Mr. Golliday's nomination was also seconded by Mr. and Mrs. John Coffey, ex-Mayor Harry E. Goeckler, C. L. Hayden and John T. Breunlich, ex-fire chief of Larchmont.

Daughter Shares In Mother's Estate

NEW YORK—Margaret L. Edgerton of 42 Kilmer Road, Larchmont, receives one-third of the residuary estate of her mother, the late Mrs. Anna J. Malone, of West 204th Street, New York, which was turned over to her in full for probate in Surrogate's court.

A similar amount is bequeathed to a daughter living in Brooklyn. The estate is valued at more than \$20,000. No estimate of its actual size has been made yet.

Mrs. Malone died Jan. 10.

meaning of dust and ashes in relation to life, there would be many conversions."

In conclusion, he called on his listeners to turn to God and ask Him to help live our Lenten days in the light of our holy faith and to follow Christ in "to remember the future."

In Larchmont, the Larchmont Church was filled with a joint congregation which included that of St. John's Episcopal Church, during a sermon by the Rev. Henry Smith Leiper.

Dr. Leiper stated that the shattering conditions in the world today is cause for pessimism but also for hope. "The Christian has no ultimate fear in the world," he declared, "but within the Christian Church is the principle and power for world unity and reconstruction. This is ground for hope if the members of the Christian world community will use their resources for restoration and brotherhood."

Defending Pastor Martin Niemöller of Germany, who is known for his stand in the face of Hitler, said that he was responsible for bringing Pastor Niemöller to the attention of the church and that Niemöller is Nazi does not have his faith straight.

He pointed to the Christian church as the greatest hope for world unity and said there is a sense of urgency in the world which exists in every country of the world today. "The church has internal ties which bind it together, and a consciousness of its continuing destiny which culminates in final victory over the world, he declared. "There is no other institution in the world which is so united as the Christian church is to use its power for restoration and salvation."

His sermon in large numbers attended the morning, afternoon and evening services at St. Thomas' Episcopal Church in Mamaroneck. The Rev. Arnold Fenton, rector, delivered a sermon to the children at the P. M. service and last night a sermon to the children at the P. M. service.

Dr. Bayne told the congregation that a man who keeps half his life in the world and gives only the other half to God has already succumbed to temptation. He appealed for the practice of "all one's religion to all of one's life in that it is now only half converted words."

The Rev. Theodore O. Posselt, R. C. L., began a series of sermons at St. John's Evangelical Lutheran Church on "The Cross and Christian Living" and at the communion service in the Mamaroneck Methodist Church.

Dr. Labary G. E. Stromberg spoke briefly on Christ's temptations in the wilderness and the temptations to men's lives today.

St. Vitus' Church was filled for all services of the day as was St. Augustine's in Larchmont where the Rev. Alfred J. Barrett, of Fordham University, delivered the first Lenten sermon last night.

Sister Kenny Denies Retirement Report
YONKERS—Sister Elizabeth Kenny, supposed to have contributed to her anti-polio work from the Yonkers P. A. declared she had no intention of retiring at this time. Sister Kenny was quoted, she said, by newspaper stories stating she had left her clinic in Minneapolis to return to her home in Australia and retire.

11 Admit Part In Lynching, South Carolina Sheriff Says

GREENVILLE, S. C., (AP)—Sheriff H. B. Berden announced today that 11 men had admitted taking part in the lynching of Willie Earle, 25-year-old Negro, near here Monday.

Berden said a concentrated search was being made for "the trigger man," in the case. Earle, arrested as a suspect in the fatal slaying of a Greenville taxi driver, was taken from the nearby Pickens County jail by men estimated at 25 men. A short time later his body, bearing knife and gunshot wounds, was found beside a Greenville County road.

Up in noon today, Federal agents, county and city officers working on the case had taken 14 men into custody. Berden did not identify those arrested. He said no warrants had been issued. It may be late today or tomorrow before warrants are taken out, he added.

Meanwhile officers were holding taxpayers in which they said they believed the Negro had been taken for the fatal ride. The seats were stained with what appeared to be blood, Berden reported. Earle's death was ascribed by Dr. J. I. Converse, county physician to a huge shotgun wound in the head, although there were also five stab wounds in the body. Berden said most of the men questioned in the investigation were Greenville taxi cab drivers.

Court To Weigh Paris Appeal

WHITE PLAINS—Pasquale Paris, who in 1938 was convicted of attempting to extort \$10,000 from Murray Levine of New Rochelle, father of the kidnapped child, Peter David Levine, asked in Supreme Court Monday for an order requiring that he be released from Sing Sing Prison.

Paris, who pleaded guilty in the extortion case and was sentenced to serve from 2 1/2 to five years, contends he is being illegally detained in prison.

He was paroled from Sing Sing on July 2, 1941 with 21 months and 18 days remaining of his maximum sentence. On Sept. 27, 1944 he was arrested for violation of the Sentencing Service Law for which he was sentenced to serve 2 1/2 years in Federal Prison.

When he completed his Federal term he was re-arrested and is now in Sing Sing where he is to be held until June 19, 1947. Justice Le Parsons Davis reversed decision.

Railroads Project Travel Credit Plan

CHICAGO, (AP)—The New York Central and 33 other railroads will initiate on April 1 a travel-on-credit plan which sponsors says will be "as simple as a department store charge account."

H. W. Siddall, chairman of the Railroad Passenger Interstitial Committee, has announced that subscribers to the plan would need only one credit card by railroad, Pullman and parlor car tickets on any of the roads and would be billed monthly.

Credit cards will be issued to individuals and to companies for their employees upon application to the Rail Travel Credit Agency headed by Siddall. The agency is a joint creation set up by all participating roads.

Siddall said the agency would furnish tickets over non-participating lines on credit if the traveler's trip originated on a participating railroad.

'Deceptive' Glasses Target of Bill

ALBANY, (AP)—A bill introduced in the Legislature would outlaw the use of "deceptive" glasses or containers in the sale of liquor for on-the-premise consumption.

The BILL banning use or possession of liquor containers "deceptive in appearance" so as to mislead consumers was introduced by Assemblyman Wilson S. Van Duzer, Orange County Republican.

The measure also specifies that "no unmarked whiskey, unmarked gin or unmarked rum" should be sold for on-the-premise consumption in containers of one or one-and-one-half fluid ounces capacity, with an allowable variance of one-tenth of an ounce.

Publishers Given Warning Paper Shortage Looms

NEW YORK, (AP)—Cranston Williams, general manager of the Associated Newspaper Publishers Association, has advised newspaper publishers to warn their readers that curtailment of size and limitation on the use of paper was possible at any time because of disruption of shipments of newsprint from Canada.

"Publishers must spread out the limited amount available," Williams said. "Mindful of maintaining reasonable stocks on hand in the city of publication, there are not enough box cars and flatcars in Canada to care for all needs, including priority shipments for grain movements."

Shipments of newsprint from the Dominion were virtually cut off by a Canadian government order diverting box cars to grain shipment to Europe and certain areas in Canada. The diversion was forced by a shortage of box cars and severe weather which hampered or interrupted rail freight movement.

The embargo was modified late Tuesday but newspaper were confronted with limited deliveries from Canada, source of 80 per cent of their supplies, for at least a month and perhaps longer.

Williams' warning followed disclosures that some Metropolitan dailies through the nation had already cut down normal volume of advertising and anticipated future cuts.

IMPORTANT NOTICE
A nationally famous manufacturer of men's clothing of the better kind, whose name for quality and workmanship is highly regarded by the country's finest stores, is placing his entire stock of overcoats on sale, direct to the public, at savings of \$30 and more on every purchase.

This is not an ordinary sale, nor are these overcoats ordinary overcoats. Each and every one of these coats was scheduled for late 1946 delivery to some of the nation's best shops and department stores. Because much of the wools from overseas arrived too late, and unforeseen domestic bottlenecks tied up production, scheduled deliveries could not be made. The result was cancellations of orders that are now choking our racks with hundreds of \$80 and \$85 coats that must be disposed of as quickly as possible.

Rather than sell them to the trade, we are opening our factory doors to the public so that it may reap the \$30 or more savings. The price has been reduced to a figure cheaper than it would cost us to produce the identical coats today... only \$49.97.

All overcoats are meticulously tailored in single and double breasted models of such fine fabrics as, Blue Meltons, Imported Floeces, Cashmores and others, in sizes for regulars, shorts, longs and stouts.

This event is now taking place at the factory of MANOCRAFT CLOTHES at 217 South Waverly St., Yonkers. Open 9 A. M. to 6:30 P. M. daily, 9 A. M. to 5 P. M. Saturday.

The MANOCRAFT CLOTHES factory is located 8 blocks south of Getty Square. Go east on Park Hill Ave. 3 blocks to So. Waverly St., and then 1 block right.

All purchases guaranteed 100% for satisfaction, or money refunded with no questions asked, within 10 days.

The Sports Spotter

By THE SPORT EDITOR

It'll be some time in March and possibly will be the beneficiary when the Mamaroneck Tigers and the Rye Neck Vets get together in a return game and will turn over the net proceeds of the game to the Mamaroneck Kiwanis Club Baseball League.

Cage fans will remember that the Vets took the Tigers last week and apt not only took them but heated their undrafted street wide open. So the return should be a great one.

Neither the site nor the date of the game has been decided as yet.

The Kiwanis League, both Junior and Senior, are beginning to get organized already and roster sheets for both leagues will be available Saturday from Steve Johnston at the Faxon-Johnston-Quinn sport store, 140 West Post Road.

Something new will be added to the Kiwanis sport program this summer as Johnston has announced that a fast girls softball team will be organized and will be plenty of local play.

Good Going
The recent Miami-Nassau yacht race was outstanding in more ways than one. It was sailed in the heaviest kind of weather and several of the boats were disabled. Harvey Conover of Mamaroneck won the race on corrected time in his Revonco. Behind Revonco came Storms, Weather, Avar, Starlight, and Echo in that order.

All five boats of the top quintet were designed by Sparitman and Stephens, probably establishing some kind of a record performance by boats from the board of one designer.

Speaker
From Tarrytown comes word that Commodore Ray M. Crosby of the Ethelberg Yacht Club will speak on the topic "Our Last Frontier" at the Tarrytown Boat Club's annual dinner in the Fire-Commodore Saturday. Vice-Commodore Cornelius Shea of White Plains will be master of ceremonies and Mayor William Livingston will make the address of welcome.

Seguso Leads Tuckahoe Stars To 67-36 Victory Over Tigers

The Mamaroneck Tigers were thoroughly elated last night by a rumpaging game of Tuckahoe All Stars in a battle at the Mamaroneck Junior High School gym. The score was merely 67-36 with a young man by the name of Seguso leading the Tigers to 29 points, but whenever he got loose the Tiger guard was good for two points.

In a preliminary game the Harrison Bulls massacred the Tonawanda Crusaders from Port Chester by a 38-17 score.

Seniors and Juniors Triumph In East End Intramural Play

With just one more game remaining in the Interclass schedule at Bellows High, the Seniors remained undefeated as they whipped the Sophomores by a 28-1 score.

The Seniors were never behind in the game and the Sops only came within seven points of tying it up at the final whistle. For the Class of '47 it was Al Cichos and Jay Williston who topped all other scorers in the personal department with nine points apiece. Both Seniors got their points on four field goals and one free throw. Joe Passenza was high for the Sops with six points.

Larchmont Pucksters Win With Rally In Third Period

The Larchmont Eagles did it again this time the hard way, as they handed the fast skating St. Nick's sextet a two-goal lead in the first half of the game last night at Faxon Junior Casino, and then came through with four goals of their own in the second half to the battle to win by a 5-3 score.

Bill Brill, hard skating center for the Eagles outfit, was again the star for the Eagles outfit as he lit the red light twice and passed to Jack Sulphen for another score.

Brain had a shot to begin to operate until late in the second period and at that time the Eagles were well behind.

The Larchmont six went into the first period with a lead of 2-0. MacConnell came through at 1:3. Then Brill got himself a five-minute session in the dog house, the usually ho. He was put in for fighting as the game turned rough. The St. Nick outfit immediately took advantage of his absence, as Fred Mosely and Shane completed to put the St. Nick's outfit ahead with Mosely taking a pair of passes from Stone to Bill Deaton and hand St. Nick's a 2-1 lead as the first period ended.

The outlook for the Eagles was bad in the second canto as George Roberts scored on the 13:20 mark, made the score 3-1 in favor of the St. Nick's. Jim Roberts (17:45) and the Eagles, however, came through with a solo effort and then shot a pass to Bill Deaton and promptly meshed the puck to tie the score just 15 seconds before the second period ended.

The tie-breaker in the last period was the result of fine teamwork between Jack MacConnell and Brill with the latter netting the puck and putting the Eagles in front to stay. Late in the third period Brill passed to Sulphen for an insurance goal.

Combing The Town

Holiday Tomorrow

Tomorrow will be a holiday for most of the merchants and business people of Larchmont. The staff of the Daily Times will be on duty. The paper will not be delivered as in the communities observing Washington's Birthday.

Most food and hardware stores will be open until 10 P. M., but the furniture, clothing and specialty stores will be closed for the day.

Municipal officers will also be shut down.

Meetings Postponed

Today's record snowfall caused the cancellation of a number of scheduled meetings in Larchmont and Mamaroneck.

The meeting of Cub Scout Park One, Mamaroneck, will not be held—the next session being set for March 21. Plans for a cancelled tonight's meeting which will be taken place at Central School.

There will be no open house tonight at the Mamaroneck Junior High School.

Among the meetings which will take place as scheduled are the bridge and fashion show at the Mamaroneck Women's Club and the dinner of the Pigeon Race Club at the Washington Inn; also the Masonic Club meeting in the Larchmont Municipal Building.

Holds Yale Post

Roger S. Lynch of 615 Palmer Avenue, Larchmont, has been elected secretary-treasurer of the Yale Association of Class Secretaries. A member of the executive council for two years, Mr. Lynch served as secretary of the class, Sheffield Scientific School, 1935.

The elections were held at the 45th annual dinner of the association in the Psi Fraternity House, Yale University.

Banned The Storm

About 30 adventurous students turned up at Bellows High School this morning in spite of the four-blast fire signal that means "no school."

It wasn't due to any particular zeal for studies, however. Dr. Arvin W. Hicks thought—rather to the fact that tickets for tonight's eye-exercises were scarce.

The sale was postponed and will take place at 7 P. M. a half hour before the game is scheduled to start in the Bellows gym.

Too Vehement

One zealous voter yesterday in the Larchmont primaries was so vehement with his pencil as to be fined for his favorite candidate, that the ballot was declared void.

He marked an X carefully beside the names of the two men he wanted to vote for and then flicked in with a black pencil the square provided for the X after the third name's name.

So, instead of voting decisively for two men, it turned out that he voted for no one!

Missing Boy Located In Richmond, Va.

When 14-year old Edward H. Emerson of Larchmont, who has been missing since Monday, walked into a Richmond, Va. gas station yesterday to ask for a road map it marked the end of his wandering career and a search which was being carried on in 13 Eastern states.

A Richmond police officer who happened to be present when Edward came into the gas station questioned the boy and took him to headquarters, where he is now being held pending the arrival of his father, Edward H. Emerson of Larchmont, Acres Apartments, Larchmont, who left today for Richmond to bring him home.

The telephone bureau notified Town of Mamaroneck police at 3:20 P. M. yesterday that the youth had been picked up in Richmond and relayed the message to the boy's family.

Mc. Emerson reported the boy missing last Monday night. His daughter Ann had received a collect telephone call from her brother in New York City Monday afternoon saying he was in bed at school and would not be home.

Service Station Looted Of \$50

Burglars broke into the Zaccotti Service Station, 25 Boston Post Road, Larchmont sometime Wednesday night and stole \$50 in cash, Larchmont Village Police reported today.

The money was in a box reportedly kept in a hiding place which led police to believe the burglary was committed by a person or persons familiar with the station. Entry was made through a rear window which was found broken.

Town Digs Way Out Of Snowfall

Heaviest Storm In 6 Years Blankets Section, Slowing Traffic

ALL SCHOOLS CLOSED

A light heavy snowfall that started yesterday at 4 P. M. took on density around 6 in the evening and by this morning had attained an average depth in Mamaroneck and Larchmont of from eight to ten inches. With drifts almost a yard deep at Bushmore Avenue and Edgewater Point, Mamaroneck, and Larchmont, residents shoveling a path to high schools in the two villages were busy all day.

This was the heaviest snow in six years, since March 7, 1941, and the wet February blizzard of Feb. 14, 1940.

It may turn out to be the worst storm in 12 years, since Jan. 23-24, 1935, when Westchester had an average of 18 inches of snow.

In Mamaroneck six trucks and a sidewalk tractor were plowing through the snow all day.

At Larchmont, residents received nine plowings before dawn and other thoroughfares were traversed three or four times as highway equipment worked steadily through the snow.

It is expected that the snow will continue to work all day. Streets were all open, he said, and bus service was being conducted as usual.

In Larchmont, village engineer, Fred Lightfoot, reported that the snow was being plowed by the highway department in the village.

The trucks were still at work this afternoon.

Trains in the two villages were late but running; buses were moving on badly disrupted schedules and telephone service was seriously disrupted. Hundreds of homes were without heat.

The apartment house campaign will be carried on this year under the sponsorship of the Mamaroneck Realty Board, which accepted the appointment from Ralph H. Mann, fund chairman, Morris Stern, president of the Realty Board, assigned the organization work to Mr. Houghton.

Assisting him are three vice-chairmen: Charles P. Silbeck, Charles T. Helms, and Rubens R. Houghton.

Captains of individual apartments are Carolyn Court, Miss Ellen Bennett, Delux, Graham O'Brien, Evelyn Court, Earl A. Fisher, Franklyn Mrs. Charles T. Helms; Graymore, Mrs. H. Scappaticci; Hixstead Arms, George Langerfeld; Heathcote, Miss Jeanne Correll; Hillcrest, Mrs. Bernard Ross; Orietta, Aubrey W. Crawford; Prospect, Miss Mary O'Donnell; and Sandview, Mrs. Henry Oyster.

MOTORISTS FINED

Miss Lisa Sergio, noted news commentator, of West Brookside Drive, Larchmont, was fined \$2 by Judge John R. Cahill in Larchmont Police Court last night for parking in a no parking area.

Mr. McGraw continued, "and it is fitting and proper that they should be asked to express their opinions through the Legion. We have no use to grind, no pet ideas to advance. Our only desire is that the memorial which is dedicated shall provide the type of memorial that the veterans believe will best express that which their comrades-in-arms would have wanted."

"In addition, the committee to study the subject exhaustively, as provided in a resolution last night, be the type of memorial formed. The personnel of that committee will be announced in a few days.

Fox Returning Today On America

Donna Fox of 91 Boston Post Road, Larchmont, a member of the championship four-man team in the 1936 Olympics at Berlin, Germany, will arrive in New York today aboard the SS America after a voyage of 100 days.

Fox, a funeral home owner, was driver on the championship four-man team in the 1936 Olympics at Berlin, Germany, and was the world's champion quartet at St. Moritz. He was recently elected vice president of the International Federation, which began its meeting Feb. 1.

Don't Judge Every Pigeon By The Sluggards In The Parks, Advises An Expert

Most people think of pigeons as short lumbering birds of rolling gait, with legs and feet that seem to be made of lead.

The answer, according to Harold M. Saunders of 312 Jefferson Avenue, Mamaroneck, lies in one little-known fact: all pigeons are not the sluggards in the parks.

Mr. Saunders keeps 66 racing pigeons in his Jefferson Avenue loft and he considers all of them among the finest and noblest birds that travel the air lanes.

To one of these pigeons, a sprint is any distance up to 300 miles after that they consider themselves in a distance race, though it's no real test unless running to at least 600 miles.

Police Nab Larchmont Liquor Thief

Former Lodge Employee To Face Grand Jury For Dec. 31 Theft

60 CASES MISSING

A major burglary which has been puzzling Larchmont Police for nearly two months was cleared up yesterday when Abraham Solute, alias Sam Davis, a former employee of the Larchmont Lodge, who allegedly stole 60 cases of liquor, was nabbed.

He was arrested yesterday afternoon by New York police, who were tipped off by the Century Employment Agency when he applied for a job. All employment agencies had been given a description of Solute and was requested to be on the lookout for him.

Solute allegedly took the 60 cases of liquor by cab to New York City on the pretense that he was delivering it for his employer.

Hoffa Picked For Trustee By Democrats

The Mamaroneck Democratic Party, in a brief caucus last night at American Legion Hall, unanimously picked Wendell Hoffa as nominee for the trusteeship but broke up without naming a candidate for mayor in the March 18 elections.

A second caucus will be held Monday night at 8 o'clock for the purpose of drafting a full slate.

Mr. Hoffa was placed in nomination by Real Estate Broker Peter C. Doern, Jr., with Mr. McGough seconding. Both described Hoffa as intelligent, progressive and fully equipped to fill the post of trustee.

Named to the committee to fill vacancies were William Hornidge, Nicholas Leon, William Doyle, Joseph Hunter, Thomas O'Reilly, Jacob Lutz, Mr. Doern and Mr. McGough.

Rotary Hears Of Medics' Job During Combat

Army medical units and the services they performed for the battle-line men of the Pacific Theater were discussed in detail yesterday at a Mamaroneck Rotary meeting in the Orietta Beach Club. Dr. Bernard Bieler of Harrison, a Mamaroneck Rotarian, was the speaker.

Dr. Bieler served during the war with a portable surgical hospital in the Pacific, the only Army facility for treating the wounded in a jungle setting.

Outlining the various echelons of medical service in combat, he described the treatment afforded wounded GIs by his unit. He said it was nearly impossible under battle conditions to move casualties from the jungle. The portable outfits were therefore set up in clearing near the front line for immediate transfusions, surgery and other attention to the more seriously wounded. He gave credit to the portable units for a large share of the reduction of fatalities among U. S. troops.

Dr. H. C. Brukner, chairman of the memorial at Harbor Island, reported yesterday that the entire business area will have been canvassed by Rotarians before the end of the month.

Frank Jones disclosed that the year's state-wide conference will be held at the Bear Mountain Inn April 7 and 8.

Guests were Victor Hallberg of Bellows High School and James McGroarty of Mamaroneck. Joseph C. McLean presided.

Prominent Masons Meet Here Tuesday

Henry G. Meacham, grand lecturer of the Grand Lodge of Free and Accepted Masons of the State of New York, will be guest speaker Tuesday at 8 P. M. in St. John's Episcopal Church Parish House, Larchmont, for the Grand Lecturers Convention of the Second Westchester-Putnam Masonic District.

The meeting is being held by the Larchmont Masonic Lodge No. 1031, F. and A. M., with William S. Massey, master, presiding.

The subject of the evening will be "The Village Problem and Other Public Health Matters."

The crowded condition of the New Haven Railroad commuter cars was discussed but the board deferred action pending forthcoming county developments.

St. Patrick's Cathedral Renovation Nearly Done

NEW YORK (AP)—St. Patrick's Cathedral in New York has a new dress for Easter Sunday.

Monignor Joseph F. Flinn, cathedral administrator, announced this week that barring strikes, the entire cathedral would be ready for Easter.

The \$2,000,000 renovation project was begun by an anonymous donor. An exterior renovation project was begun by the cathedral in August, 1945.

Another Blow To Business

In the variety and number of its business and industrial enterprises, New York has been blessed far beyond most other States. But strings as it may seem, there are those in New York State who aren't willing to accept this State's preeminent prosperity as a matter of course...

There is a concrete example among many who could cite a group of bills which, if they become law, will make it more expensive and more difficult for many thousands of companies and individuals to do business in this State...

The bills in question comprise a carefully integrated, if essentially feckless, attack on the New York State Insurance Fund, which was created by the Legislature 33 years ago...

All of this dressed up, of course, in a rhetorical face-ace designed to make us think it is intended to help "private business" by "making government out of business"...

The history of workmen's compensation in New York State is pertinent to all this. Our workmen's compensation law was enacted in 1915 and an economic advantage when it was adopted many years ago...

In the years since, the State Insurance Fund has the distinctive record of never having failed to meet an obligation, has saved its policyholders better than \$100,000,000 by affording them at-cost insurance, has reduced or eliminated the worst accident hazards by splendidly effective accident-prevention education...

Now—to get back to the theme of this article—all of the State Insurance Fund's benefits to industry and commerce in New York State are endangered because a few men want to get their hands on a few dollars...

News Behind the News

BY PAUL MALLON RED PUZZLE WORSENS—The Russians are rolling out, for the March Moscow conference on the German peace treaty, a welcome document which is about one inch wide and studded with holes. What they are up to, no one around the State Department appears to know for sure.

Having attacked the American religious and peace minded delegates, John Foster Dulles, as a war manager, the Russian government officially sent a note declaring that the Russian superiority complex is being "ruggedly slandered" and "hostile toward the Soviet Union" for having said this: "Russia's foreign policy is an aggressive and expanding one."

He offered what the Soviets call "inadmissible behavior" under questioning by a congressional committee on the doubtful Lend Lease appointments. It may be inadmissible for anyone to speak out in Russia, but it is hardly necessary for a Government official to volunteer this comment. One-Minute Test 1. Who is the patron saint of Scotland? 2. Who is England's patron saint? 3. In what country was the battle of Waterloo fought?

Words of Wisdom When the judgment is weak the result is error. Ours, in my endeavors, I would consider it a high compliment.

Hints on Etiquette When eating meat one should hold the fork with the prongs down. When eating fish, the prongs are to be placed on the left side of the plate with the prongs up.

Today's Horoscope You have excellent reasoning powers, but are rather critical in your opinions. You are studious, serious, and self-contained, enjoying reading good literature, and like the finer things of life. You will have a pleasant and happy home life. The day is doubtful for romance and social affairs. It will be wise to conserve resources instead of spending. Confusion and confusion are indicated. Domestic happiness will be yours during the year, however, but beware of sudden upswells of business. Make no erratic changes; guard against theft and treachery. Tone up your nervous system. Born on spiritual subjects and somewhat of a dreamer, to the detriment of your own financial success. Loss through unscrupulous agents, innocents and they are closely identified.

Saints Smack Rays In Pioneer Tourney, Vets Slash Franklyn Five

St. Augustine's Cops, 60-51 To Annex Place In Finals; Doherty Tallies 21 Markers

The St. Augustine's Saints will be in the finals of the Rye Y Pioneer tournament and it's shooting from the foul line which got them there. Last night the Saints took their semi-final game, winning their 14th in a row, as they defeated the Ray A. C. by 60-51. The nine-point margin was garnered 100 per cent on free throws as the two teams were even in field goals and the Saints meshed 18 fouls to the Ray's nine.

The battle was nip and tuck as the Saints took a five-point lead in the first period with big Gene Doherty and Joe Connolly hitting from all angles. The Ray's outfit, however, wasn't to be denied and the half time score was even at 27 points apiece as Gene Meloni and Mike Gianotti started to get their eyes on the basket.

The Saints, however, moved in front in the third stanza and stayed there as they matched the Ray outfit basket for basket from the field and smacked them 21 from the foul line.

Doherty took the night's scoring honors with 21 points with Joe Connolly making 17 markers, nine of them from the foul line. Joe Cullen had 15 scores and one Meloni topped the losers.

Johnson Rolls Top Scores In Junior League

Mike Johnson capped his individual scores this week in the Junior High School bowling circuit, walking a 303 three-game series and tumbling 179 timbers for high single score.

The league race remained in status quo as both the King Pins and Marauders, running one-two in the circuit, split their matches. The Pins led the loop with a 19-5 record while the Marauders are a game behind with the Renegades, who took one of two shutouts this week, trailing by four games.

Team honors went to the Marauders who ledged a 977 series and carded 536 for one string. Vinnie Rathbone captains the Marauder outfit. Second for top series were the Raiders, headed by Harry Doherty, who tumbled 948 timbers. Runner-up for high single game were the King Pins with 522.

Frank Trifiletti was right behind Johnson in the race for individual high scores as he rolled 164 in one game and came through with a 293 for his two-game series.

Templeman Rolls 635 Series As Palmers Blank Richbells

Larry Templeman did his stuff last night at the Larchmont Aces League, leading at Larchmont Bowl as he sparked the Palmers to a 3-0 victory over the Richbells, the only shutout win in the four matches. All Templeman did was legle a 635 series and card a 221 in his final strike to cap all league honors for the night's play.

The Palmers and the Richbells worked up to 204 in his second game, and then came back with his big game to end his evening. Inspired by that kind of leading, the Palmers had no difficulty in taking three games from the Richbells, the Palmers blanked the Richbells.

In other matches at the Tonawanda took a pair from the Fenimore while the Motts stopped the Sterns by 2-1 and the Disbrows won a like victory from the Bassetts. Polion of the Disbrows came through with a 570 as his team whipped the Bassett House representatives.

Full Shutdown Of Buffalo's Schools Looms

BUFFALO, (AP)—Threat of a complete shutdown of Buffalo's 88 public schools developed today as Union truck drivers scheduled a meeting to consider halting of coal and food deliveries to the 20 schools remaining open in the three-day-old strike of 2,600 teachers seeking higher pay.

The Teachers Joint Council of Buffalo (ATL) was expected to discuss tonight whether members of several truck drivers' locals should refuse to make deliveries to the 20 schools being picketed by the striking Buffalo Teachers Federation (unaffiliated).

One union driver refused to unload coal yesterday at Lafayette High School, one of two high schools still operating where only one day's supply of coal was on hand.

On a three weeks supply was reported at the elementary schools still open and a five-day supply was listed at Technical High School.

Meanwhile the Teachers Federation called upon city officials to abandon "party politics" and consider the "welfare of the children and the preservation of the schools."

2 Youths Indicted In Plant Burglary

WHITE PLAINS —Two youths alleged to have opened two safes in the Leading Jewelry Factory, 107 West Street, Mamaroneck, on Jan. 24 were indicted by the Grand Jury on burglary third degree yesterday.

Defendants are: Albert Matus, 17, of 2200 Westchester Avenue, the Bronx, who was captured in a chase in which police fired three shots, and Ralph D'Amelio, 18, of 1218 Union Avenue, New Rochelle, who was picked up near the scene of the burglary.

Ralph Poloni, owner of the factory, told police about \$50 in jewelry cash was missing. A bag containing gold for valued \$1,000 was found in the rear of the building.

Truman Offers Army And Navy Merger Bill

WASHINGTON, (AP)—President Truman sent to Congress today the defense establishment merger bill, calling for the union of the armed forces.

The President would have cabinet rank.

The legislation would bring under the defense establishment, equally important Departments of the Army, the Navy and the Air Force.

Each of the three branches of the armed services would have a Secretary to direct its activities as an individual unit. The three secretaries would report to the President.

The bill would set up a national defense establishment, under a civilian secretary of defense, to be appointed by the President.

The legislation would bring under the defense establishment, equally important Departments of the Army, the Navy and the Air Force.

Youth — Republican Club of Rye. — read to the board of directors a letter of appreciation for the favorable consideration for the Rye Yacht Club. They will be notified when the board agenda includes their report.

A group of residents from Osborne Avenue, anxious for a board ruling to make it a playing street, had written to act. John Moore, James Jackson, that recent snow made a proper survey of traffic conditions there. A proposal to improve the road will be notified when the board agenda includes their report.

Permission was granted St. Vitus's Roman Catholic Church to hold its annual bazaar at the church from July 26 to Aug. 7.

The board passed a resolution that a message of condolence be sent to Eunice John Withers, whose father died recently.

W. E. Thrasher, leader of Mamaroneck District No. 3000, thanked the board in a brief letter for its cooperation with his organization during the 37th Annual Boy Scout Week recently held in the village.

Dewey Proposes State Extend Rent Controls Another Year

ALBANY, (AP)—Retention of the New York State Rent Control Law for a year beyond next June 30, its scheduled expiration date, was proposed in a Dewey program Bill introduced in the Legislature today.

The measure, virtually the same as the statute now on the books, provides that the State shall take over and enforce rent control if and when Federal control ceases. It stipulates that the ceilings shall be the same as those prevailing when Federal regulation ceases.

A U. S. Senate Banking sub-committee voted yesterday to raise rent ceilings to 30 per cent immediately and to end OPA rent control Dec. 31. Thereafter rent disputes will be handled by Federal courts, except eviction cases. The present Federal Rent Control statute expires June 30.

Three changes are proposed in the bill: (1) to increase the ceiling from \$10,000 to \$12,500; (2) to increase the ceiling for the appropriation for administration, except such organizations as the YMCA and the Salvation Army, and give the Rent Commissioner 90 cents a month of 20 to 25 per cent of the amount of rents on the grounds of hardship.

Etna Eruption Threatens Two Sicilian Towns

ROME, (AP)—Italians were reported fleeing today before a new flow of lava from the Sicilian volcano of Mt. Etna after the Sicilian volcano's first notable eruption since 1928, when it destroyed the Village Mascali.

Slight manifestations occurred Jan. 30 and Feb. 11 this year. The eruption which began yesterday reached proportions the seriousness of which could not be fully ascertained at once because of clouds of smoke obscuring observation.

Dispatches from Catania, however, said that after 20 hours of eruption lava had covered an area the size of a mile and a half on a front of about 150 yards. The eruption was still continuing.

A Catania dispatch to the Rome newspaper Riformista said that flashes of flame were first observed at noon Monday on the north slope of Mount Etna, midway between Mt. Cacciato and Mt. Zamparone.

Lava began to descend yesterday in a broad front toward Mt. Temprosa, flowing into the Plain of Palumbo and then continuing over the Colliano Hill. The lava was threatening the villages of Passo Piacaro and Randazzo to the southwest of Etna.

In its flow toward Passo Piacaro it met an obstruction which diverted it into the Muzumel Valley, which it was reported to be slowly filling, reaching at some points a depth of more than 600 feet.

Scientists who rushed to the scene and those stationed at the Etna Observatory station said the eruption might succeed in filling the entire valley in the course of the day if the flow should continue at its present rate.

The flaming flow was still three miles from Passo Piacaro at mid-morning but still advancing.

Authorities were arranging for evacuation of the alarmed citizens of the town.

State Aid Sought For Palsy Victims

WHITE PLAINS — Further efforts in a campaign for State provisions for rehabilitation of cerebral palsy victims were started last night at a meeting of the Westchester Cerebral Palsy Association in the County Center's Little Theater.

Mrs. James H. Killian, Jr., of Rye, president, distributed 300 petition forms to the 150 persons present. The petitions, addressed to Governor Dewey, can each carry 22 signatures. Also distributed were sample letters to be written to legislators by interested persons.

Westchester backers of State aid for cerebral palsy have already written Governor Dewey and sent many telegrams to Albany. Mrs. Killian explained.

Dr. William Cooper of the Hospital for Special Children, New York City, said education of children afflicted with the condition was of little value if parents impatiently attempt to help children beginning to help themselves.

Dr. Cooper explained symptoms and treatment of the five types of cerebral palsy, and showed slides of a group of children treated at a school and summer camp. He stressed the importance of teaching a child with palsy "to fit into the social pattern."

Henry C. State of White Plains reported on recent public hearings of the Subcommittee of the Legislature.

Government Expert Doubtful Pork Will Sell At \$1 A Pound

WASHINGTON, (AP)— The Agriculture Department today discounted talk of a \$1-a-pound pork chop with an assertion that housewives want to stand for it.

Skiroctroking hog prices merely reflect a seasonal drop in marketable animals, said Charles L. Harlan, department livestock specialist.

And he told a reporter he expected consumer resistance—which means housewives with their hands up to face a downturn in those prices soon.

Department economists held to the view that food prices recently reached their post-war peak last October, after most government controls were removed.

"It is possible that prices during the first half of the year may hold their own, or increase very slightly," said James P. Cain, farm and food price economist. "But we see no possibility of their climbing back to anywhere near the peak of last October."

Some foods already have declined in cost since the first of the year and other increases are milk, butter, cheese, evaporated milk, dry milk, eggs, poultry, fresh and frozen fish, fresh and processed vegetables, and canned fruits.

Panthers Take Top Spot In SWIAC; Tigers Rally To Cop Thriller

Edison Tech Smashed By 49-29 As Bellows Wins 6th Straight

also a big one for the Panthers, as they gave up one point and took 15-0 to outscore the Blue and Gold 18-3. Again it was Hallberg and Laise consistently hitting the hoop in the midst of the happest Tech squads. The Panthers broke a second place tie with the New Caps by stopping Levinas, as they did throughout the entire contest, and he scored six of the home squad's nine points. The final score was 49-29.

The Panther JV's broke their losing streak as they ripped the Tech Juniors, 27-21. George Vladendes was again high scorer with seven points, while Casuso of the losing squad topped all other scorers with 12.

The scores:

Bellows (49)		G	F	P
Hallberg, Jr.	6	2	14	0
Levinas, Jr.	0	0	0	3
Palvi, Jr.	2	1	0	0
Dascombe, Jr.	1	0	2	0
Reed, Jr.	1	0	0	0
Herman, Jr.	0	0	0	0
Stoff, Jr.	4	3	11	0
Foster, Jr.	0	0	0	0
Totals	20	4	49	29

Score by periods: 1st 18-49, 2nd 15-29, 3rd 16-29, 4th 9-29.

Edison Tech JV 4 7 9 3-21

The Blue and Black squad started slowly against Edison yesterday but went to work in the second half and won 49-29 straight and their seventh win in league competition as against a pair of losers.

The East Enders seved up the contest in the third quarter when they got their eyes on the hoop, and kept hitting it to outscore the Techmen, 15-9. The lead was by far the stand out in that period, as he proved himself to be a nest to the home squad, as he intercepted pass after pass and had a hand in the most Panther scoring play.

For Pete Laise was, however, high man for the Panthers, as his set shots from the side yielded 17 points, including 12 made, 17 attempts on seven field goals and three free shots. Right and left hands were his. He was also the most certainly did not have any talent on defensive work, but who also showed he was a dangerous man on rock shots.

Levinas also managed to garner 14 points on six field goals and two foul shots, as did Hallberg. Caruso, Jr. scored 12 points on six field goals and two foul shots, as did Hallberg. Caruso, Jr. scored 12 points on six field goals and two foul shots, as did Hallberg.

After three minutes of go-go-go on the scoreboards, Levinas finally hit with a long set shot to put his squad ahead for the first and last time. The Panthers came right back, and with Pete Laise scoring six of the seven points, ended the initial period with a 14 lead.

The East Enders managed to outscore the Techmen by one point in the second quarter, but with Levinas a persistent threat, the home squad came within one point of tying it up, 8-8, as only a few minutes remained in the first half. Bill Block and Vic Hallberg kept up the Panther and in that period, as they tallied the greater majority of the Panther eight points, the halftime whistle found the Panthers ahead 15-11.

Then, came the big third period when the Panthers shot and sixth 7-3, to come within eleven points of the Panthers, 31-20.

The fourth and final period was

also a big one for the Panthers, as they gave up one point and took 15-0 to outscore the Blue and Gold 18-3. Again it was Hallberg and Laise consistently hitting the hoop in the midst of the happest Tech squads. The Panthers broke a second place tie with the New Caps by stopping Levinas, as they did throughout the entire contest, and he scored six of the home squad's nine points. The final score was 49-29.

Mamaros Take Rees, Equipper Five Triumphs

The Equippers and the Mamaros copied the spotlight last night in the Daily Times League as Mamaros dumped the Rees by 2-1 and the Equippers broke a second place tie with the New Caps by taking a 3-0 win from the Equippers while the Caps were held 1-2 by the Oiler quints.

Walter Russell of the Equippers squad and Len Grosso of the Oiler were in a neck and neck squabble for top individual honors and Russell came through with a 4-0 series to lead.

In a match which had nothing to do with the league leadership the Tumblers dropped a shutout to the Johns River 1-0.

The team scores:

Mamaro (2)	819	842	853	2536
Rees (1)	518	817	930	2583
Equippers (2)	801	932	886	2709
Oilers (1)	857	787	956	2530
Engineers (1)	803	842	858	2483
Equippers (3)	886	886	879	2761
Tumblers (1)	766	788	788	2343

Trio Dedlock For Singles Shamrocks Clinch Junior Title As Rulers Trounce Grenadiers

A real dog fight developed last night in the Mamaroneck Town Singles alleys tournament when Al Grano dropped a pair of games to the Blue and Gold. Grano gained a good ground which he lost last week by whipping Chet Russell by 2-1. Grano, Strino and Russell pace the pack with identical 2-1 records. Strino and Russell have all the time for a late first position on top of the heap since Jimmy Feder, sealed high score last night, and Dan Goetze, are only a game behind.

The Shamrocks slid into the Mamaroneck Junior Rec League title last night as their only competitors, the Grenadiers, took a 57-24 shellacking at the hands of the Rulers and made the league championship mathematically safe for the Shamrocks quints.

The teams each play only one more game and even if the Shamrocks should lose, the Grenadiers and Pioneers, now tied for second place, emerge victorious, there would be no change in league standings.

The Grenadiers were thoroughly outplayed last night as the Rulers, with Yve leading the scoring parade, went ahead in the first period and added to their lead in the ensuing cantos. Yve carded 14 markers while Yve's right was the best the Grenadier outfit could produce.

In a second game the Volunteers just did manage to eke out a 20-18 win over the Mustangs, whipping the last place outfit on the strength of Rigano's ten points.

Rocklands Cop Overtime Win; Hackers Score

The Myrtle put up a tough scrap to get out of the Senior Rec League collar last night but after two overtime periods finally succumbed to the Rocklands by a 30-30 score at the Mamaroneck Senior High School gym. The count was deadlocked at 30-30 when the regulation time ran out and the squads battled overtime a scoreless three-minute overtime which was tied 18-18.

In another league game the Hackers clearly outplayed the Falcons to win by 35-17 and were never in danger as they took a first quarter lead and coasted in. Rocklands of the Rocklands was top cover for the night, making 18 markers.

Last Minute Basket Trips Isaac Young By 42-41 Score

The home team threatened at the end of the first half but under way as Petrucci, Ginty and Smith drew the Orange up to 18-16. Hoffman and Ryder tossed up five points before Petrucci curled in a layup. Murray netted a layup and a foul throw but Ginty and Smith availed push shots before Ryder, playing with four personal fouls incurred in the first half, tallied on a layup as did Petrucci to keep the Hilltop four points behind. Ginty and Petrucci scored four points as Hoffman closed the period with a layup and a free throw to keep Young in the lead 28-17, for the first time since the first quarter as did Petrucci to keep the Hilltop four points behind. Ginty and Petrucci scored four points as Hoffman closed the period with a layup and a free throw to keep Young in the lead 28-17, for the first time since the first quarter as did Petrucci to keep the Hilltop four points behind.

The first period of play was as sloppy as the last was thrilling. In hitting its stride and muffed shots, the Orange took a 10-0 lead while exhibiting a poor brand of basketball. Young took an early first quarter lead at 7-0.

The visitors continued to show the way throughout the second period as they spurred on 18-11 halftime lead. The Tigers suddenly found themselves in a three-man to two-man situation as both teams changed as the Shore Roaders came out to play three points out in front at the three-quarter mark. The Orange took the lead 10-5 midway in the fourth period, 41-30 with a minute and a half remaining and then proceeded to pull the game out as Nordyng's third scored with twenty seconds to go and again sixteen seconds later.

Once again the shifty Petrucci was the star of the Hilltop quint as he fouled the game out as Nordyng's third scored with twenty seconds to go and again sixteen seconds later.

News Behind The News

THE REPUBLICANS ARE CUTTING—The Republicans are cutting on the job in their budget slashing, and know it. But they can safely make it, and the goal justifies the risk.

As a matter of fact, the use of thinner than the arguing senators could or indicate in their public statements. From a top financial authority on a recent trip I learned that what few of the best informed Washingtonians realize—namely, nearly \$10 billion of the Federal debt are in short term notes...

Whatever the exact figure may be, money again were become tight, or any emergency were to develop, the Treasury would have an unenviable financing problem on its hands.

Prudence would seem to require the refunding of a larger portion of intermediate short-term obligations, but the Treasury has not done so. The long term might cost the Treasury twice as much to issue as the shorter term bonds.

The press seems to have an inkling of something like this situation. A survey of newspaper opinion on the second week in February, 1947, shows that 70 per cent showed a surprising total of only 7 percent of the newspapers behind the proposed House cut.

What the press and public apparently do not understand is that the \$5 billion figure is only a little above 17 percent of the budget. The House cut would be a substantial amount can prudently be taken from the budget without any damage to necessary Government activities.

Any citizen who has been in the armed forces knows 10 percent in the \$11.5 billion. No one seems to notice figures of Senator Byrd whose figures on this subject never have been successfully disputed, to my knowledge.

Defense Not Impaired. Any citizen who has been in the armed forces knows 10 percent in the \$11.5 billion. No one seems to notice figures of Senator Byrd whose figures on this subject never have been successfully disputed, to my knowledge.

Byrd, who has made the study of Government waste his foremost work, was not even a member of the joint committee recommending budget cuts. His independent non-partisan position, however, has given him a valuable objective.

Dr. Hazel Trefts of York, attending physician at the National Health Center for Eastern Women, called upon the medical profession of the county today to implement the opinion of the nation's doctors as revealed in a survey just reported by Dr. Allan F. Guttmacher of the Johns Hopkins Medical School, Baltimore.

"This nationwide poll," said Dr. Trefts, "shows that American physicians overwhelmingly recognize the urgent need for steps for medical and economic reasons and for the spacing of children. And it shows, moreover, that our doctors are not so well equipped to render this service as they should be."

"The Guttmacher survey," Dr. Trefts said, "was conducted among 15,000 obstetricians, both specialists and general practitioners, 97.8 per cent of whom are members of the American Medical Association. According to the analysis, 97.8 per cent of the physicians approved birth control measures for medical reasons; 86 per cent approved them for economic reasons; and 79.4 per cent approved them for social reasons. Marital adjustment was considered an indicating reason by 72 per cent of the physicians responding."

Dr. Trefts indicated as "surprising" the corollary information gleaned in the poll that three quarters (74.3 per cent) of the physicians responding to the questionnaire received no training in contraception in medical school—the ratio was 90 percent among medical school graduates before 1920.

Coupled with the almost unanimous approval of birth control by the total group, this data points to the urgent need for wider instruction in contraceptive practices in our medical schools," Dr. Trefts commented.

The Guttmacher survey further revealed, she said, that the West represented the most liberal opinion toward contraception. The South next, trailed in order by the Central States and the Northeast. The medical profession of Mamaroneck, Dr. Trefts concluded, "some of whose members were queried in this poll and most of whom, to judge from the national averages, agree with it—must not give force to our affirmation by demanding that birth control service be made everywhere."

Chinese Fashions Modelled At YWCA Campaign Event

An appeal for American leadership in the Chinese Relief Fund for the next three years among the women and girls in 30 foreign countries was made yesterday morning by Miss Margaret Forsyth, head of the Foreign Division of the National Board of the Young Women's Christian Association at the home of Mrs. P. C. Reilly, Jr., of 1 Bechtore Drive, Larchmont, where a Chinese fashion show was presented by two 20-year-old Chinese graduate students.

Mrs. William J. McWilliams, chairman of the Red Cross Community Service to Camps and Hospitals in providing special equipment for handicapped hospitalized veterans was described yesterday by Mrs. A. Clifford Eager, chairman of the Larchmont Branch of the Red Cross, at the noon meeting of the Production Corps at the Larchmont Avenue Church house.

Mrs. Leslie E. Thompson is Chairman of the Larchmont group through which gifts for the Community service are handled.

Mrs. Eager related the story of a patient confined in the Kingsbridge Hospital for three years. "This boy had lost both his hands and it was his efforts to make a newspaper that first attracted the attention of the hospital visitor," she explained.

She described the page-turning mechanism especially designed for such cases whereby the pages turn smoothly in response to pressure upon a sensitive electric switch. "The device is the property of the patient, not of the hospital," she added, suggesting that persons interested may contribute towards the purchase of the equipment.

The Sports Spotter

By THE SPORT EDITOR
Did You Know?
 That Doc Wally MacLean has become really enthusiastic about bob-skiing? So enthusiastic that instead of going to Florida or points south for the winter vacation, he heads north for the snow and ice of Lake Placid and the Mt. Hohenberg bob-ski run.

Up there recently he became friendly with Jack Burt of the Saranac Lake Bob-ski Club and gave Bickford and his team a hand in pushing their sleds for the Senior A.A.U. title runs. Bickford won the National Senior A.A.U. crown and when he won it the name "Mamaroneck" was painted on the back, or tail board, or whatever you call the rear end of a bob sled. It was a gesture to MacLean.

Incidentally, within the last few weeks Dickhaut twice went over the side of dangerous Zig-Zag curve on the Mount Hohenberg run.

The genial Doc MacLean describes bob-skiing as probably the nearest thing to an airplane's power dive. He'll probably end up trying that, too.

Tournaments
 With the end of the court season in sight the time for tournaments is rapidly approaching. Entries for the District One scholastic tourney will close a week from tomorrow and Jack Hadley's Bellows are almost certain of entering in Class L, the class in which the school registration places them. The Tigey's Hedy Harrison is still undecided whether to enter the Class A division of the tournament and chances are that he'll let it up to the boys.

He indicated last night that the team's wishes would have a great deal to do with the decision on entering.

Then there's the Westchester Recreation tournament late in March. It is practically assured that the Shamrocks Junior League titans will be in the Intermediate Division in that one while the Senior Rec League winners may also go. That championship hasn't been crowned yet. In the open division the Larchmont St. Augustine's Saints are planning on entering.

Harbinger
 The days are still long but spring must be right around the corner. At least Wally MacLean is figuring that it is since he has called a meeting of an advisory committee for the Mamaroneck Rec softball league. The convalescing will be held the night of March 14.

MacLean has named a steering committee of local sportsmen none of whom has any connection with the club.

That preliminary affair will have a chance to get even with the Hastings South Side Club in the night's feature game. It was Hastings which broke the Saints 14-game win streak last Saturday in the final of the Rye V. Pioneer tournament and Pat Bellucci's squad is sure to make another try at the squad from the other side of the county.

The preliminary affair will be a rubber battle between the Rye Nicky boys and the Mamaroneck Tigers who have just twice this year and have split the two squabbles.

Steve Johnston, who is Kiwanis chairman for the project, hasn't definitely found a spot to stage the games as yet but announcements of the site for the boys have been promised within a few days.

With those assisting Johnston are the Kiwanis committee and Charlie Lanza, Walt Ficke and Chief Arthur W. Martensen.

Any team which might enter competition, headed by Wally MacLean, will be appointed W. S. Huntley, Chief Arthur W. Martensen, Bill Caltano, Charles Warren, and the Rev. T. O. Posselt, Jr. to the group.

The initial meeting will be for the purpose of laying down general principles for the circuit and to make general rules.

MacConnell Rolls 570 Top As Hillside's Stop Patrol

The Parks and the Clippers, front runners in the Larchmont Community League, both came through with shutout wins last night as the Parks mauled the Hillside's MacConnell's team, battered down the Top Hats. Neither of the two leading outfits had any trouble as they won all three games by wide margins.

Individual leader for the night, however, was Jack MacConnell of the PATROL Co. which got trounced by 3-0 at the hands of the Hillside's MacConnell's team. Chick Conte of the Parks for high strike as both rolled 212, but the Patrol leader, who walked out with six hits and a homer, was not as good as he looked.

In a fourth match St. Augustine's rolled the Fingers by 2-1, winning the final two games after dropping the initial fray.

Harrison Five Wins, 56-53; Joe Cullen Nets 26 Points

The Rye Neck Vets missed an opportunity to pull up to the 250 mark in season play last night as they took a 56-53 trimming from the Harrison Red Hot Five in a game at Mamaroneck Rec. The Red Hot Five season record now stands at eight wins as against ten losses and a victory last night would have evened matters at nine and nine.

Harrison went ahead early and stayed there at Johnny Tronzo's, Joe Alletti (part-time Vet player) and Joe Colaneri went to town. Tronzo created 14 points while Alletti, subdivided by fouls early in the third period, came through in an even dozen.

The combined tally of the two Harrison stars, 26 points, just matched the work of Joe Cullen of the defeated Vets. Cullen scored eight field goals and was a terror from the foul line hitting for ten of eleven tries. Dick Carpenter also did his best with 13 markers but the Vets outperformed him.

St. Augustine's To Meet Bobs

The St. Augustine's Saints, back on the winning trail after a pair of losses, will entertain the New Rochelle Bobs tomorrow night at St. Augustine's gym in Larchmont. With record of 12 wins and just three losses, tournament of the defeated Vets. Cullen scored eight field goals and was a terror from the foul line hitting for ten of eleven tries. Dick Carpenter also did his best with 13 markers but the Vets outperformed him.

Joe Cullen, who went to town for the Rye Neck Vets last night, will be a starter at a forward spot with Johnny Ryan, tournament artist Tony Lozano will team up with Joe Connolly at the guard position and Gene DeBorja will play the center. Joe Cullen or Crowley will go to the pivot.

The Bobs will present a starting lineup featuring Sal Scalloni, Al Barriari and Lieut. A. Spencer, a former West Virginia standout. Harrison will start at center with the center two at the guards while Hurrigo and Palano will take care of forward duties.
