Soviet Gets 'Bolder,' Acheson Urges ECA

WASHINGTON, (AP)—Secretary of State Acheson told Congress today it is frustrated to continue the Marshall Plan because Russia is showing "signs of increasing boldness."

The secretary said that sending American economic aid to Western Europe is essential if "the Kremlin's desire for world domination" is to be frustrated.

Acheson was before a joint meeting of the Senate Foreign Relations and House Foreign Affairs Committees to back up the administration's plea for funds to keep the Marshall Plan going for a third year.

Paul H. Hoffman, head of the Economic Cooperation Administration, said that the committee members that \$3.1 billion needed for recovery in the 12 months starting July 1.

Hoffman asked for \$2.9 billion in new cash and permission to use an additional \$100 million which he said is still left from the previous year.

Hoffman said that the Marshall Plan is the only program in the world which has been successful in bringing about a permanent peace.

THE DAILY TIMES Friday, February 24, 1950

Published every business day by The Mamaroneck-Dutchess Publishing Co. Inc., 1950... H. H. Thompson, president and general manager...

Prayer for Today—Breathe on me, Breath of God, fill me with life energy...

IT'S A MUST THERE'S A lot of complaining about taxes and the high cost of beefsteak...

So this article is not directed to those who consistently recognize their obligations as citizens. It is intended, rather, for those who do not seem aware that the simple fact of their residence in Westchester imposes on them an obligation to support causes and movements from which they as well as their neighbors benefit.

We have particularly in mind the forthcoming annual fund-raising campaign of Westchester Chapter, American Red Cross. The goal of that campaign will be \$286,000—a small sum to be asked of the people of this vast and happy county.

It shouldn't be so—a mere mention of the Red Cross need should be sufficient to bring flowing into its coffers the required funds. The story of Red Cross services must be known, in substance if not in minute detail, to every literate person in Westchester.

God forbid that the law of averages may ever be again turned against us in the matter of major disasters—but it seems good sense to keep a strong, well-equipped, well-organized Westchester Red Cross army on guard, with the reserve backing of a fully-prepared national Red Cross system.

And the only way most of us can help provide that protection for ourselves and our children and our neighbors and their children is by contributing generously—not in pittances, to the Red Cross during the forthcoming drive.

In doing so you also will be helping maintain the numerous vital local services which the Red Cross provides on a year-round basis every year in almost every city, town and hamlet in Westchester—services with which you may be unfamiliar only because, thanks to a benign Providence, you as an individual just haven't happened to need them.

WRITERS' WORKSHOP

Question: Will there be a Spring session of the Westchester Writers' Workshop? If so, when will it begin and what type of courses will be offered?

Answer: The Spring term will start on March 6 and will therefore be conducted on Monday evenings from 8 to 10. The course will include short story writing, radio, magazine and newspaper features. Address your application to the Westchester Workshop, County Center, White Plains.

Question: This question may seem a bit silly to you, but it is important to us. We are a group of five boys, all sixteen and seventeen years old. Our big problem is trying to figure out girls. Have you any suggestions as to what girls like in a date? What we mean is, what do they want the fellow to be like?

Answer: There are some general rules that boys should follow before they go out with a girl. 1. You should be punctual. 2. Do not become too interested in another girl in your party. 3. Don't flatter her.

SCARLET TANGERINE Question: What is the difference in coloring between the male and female scarlet tanager? D. B.

Answer: The male tanager is bright scarlet with black wings and tail. The female and the winter male are green above and yellow below with wings of brown or black.

FLIGHT NOT NECESSARY Question: Is an engagement official if the girl does not have an engagement ring?

Answer: A ring is not necessary in an engagement. In fact, many young people prefer to save the money for household uses.
