

### Tax Analysis Is Subject Of Panel By LWV

"The Forty Billion Dollar Question" a consideration and analysis of federal taxes and expenditures was the title of a panel conducted yesterday by the League of Women Voters of Mamaroneck at a meeting at the home of Mrs. Robert Donaldson, 339 South Bar-

77 Avenue, Mamaroneck, with Mrs. Julius Silver, president, in the role of moderator.

The analysis is on the current agenda of the League for a two-year study program during which time members will attempt to explore as many of the issues as possible. Mrs. Silver said, "Some of the questions we will try to find answers to in the course of our study are: 'What are our prospects for steady employment and fairly stable prices?'"

Will we have the chance to enjoy a continually rising standard of living such as our parents and grandparents have in their day? Can we have the same standard available to more and more people? Will the savings we have now buy more or less goods in ten years?"

"Even if we decide nothing about the central question," continued the moderator, "many research issues will present themselves. For instance, how much room for economy is there in the federal budget? Can there be an overhaul of the incredible patchwork of federal, state and local taxation to avoid duplication and waste? Can we have a more equitable tax system? Can industry will be encouraged to start new enterprises, create more jobs, more capital and at the same time leave the taxpayer enough to buy back the refrigerator, car, radio and clothing that industry must sell?"

Panel members were Mrs. Elaine Anderson, Mrs. Leonard Levine, Mrs. Harvey Conover, and Mrs. James Helmig.

In discussing economic stability, Mrs. Anderson described it as an economy in which "prices rise and fall but do not occur in which there is high employment and high production." Considering the fact that the last federal budget was for war debts and the "cold" war.

Mrs. Conover, discussing the sources of government money, stated that the revenue from all taxes is eight times what there was ten years ago. Altogether there are 100 ways in which we are taxed by our government and 100 ways in which we are taxed by the federal income tax represented 50 per cent of the federal income; corporation taxes, 23 per cent; excise taxes 18 per cent; estate gift, and other taxes 9 per cent. In this year's budget, the income tax represents 43 per cent and the corporation taxes 28 per cent, she concluded.

Mrs. Helmig discussed how various government budget policies might affect our economy, including the annual compensatory budget, and the managed compensatory budget. Mrs. Anderson, chairman of Economic Team, summed up the discussion.

During the business meeting conducted by Mrs. Silver, the treasurer's report was read by Mrs. Anderson. Mrs. Alvin Hicks reported on the Citizen's Handbook, local district report on the election round table of the County League was given by Mrs. Clarence B. Smith. Mrs. Helen Cook reported on an interview conducted by the League to promote the election of permanent permanent registration.

Mrs. Donaldson, UN chairman, reported on proposed trips to the Security Council and announced a meeting to be held by Mrs. Silver of the appointment of Mrs. James Duggan as chairman of government in operation.

### Guild Meeting Features Talk By Decorator

The history of fabrics through the centuries was traced yesterday by Miss E. F. Buschworth of the interior decorating department of W. and J. Sloane Company at a meeting of 10 members of St. Monica's Guild in the afternoon of St. Augustine's School.

Miss Buschworth, a graduate of the New York School of Fine and Applied Arts, discussed fabrics from the time when looms were first introduced, through the period when the French originated color coordination in fabrics.

She spoke of the influence of the discovery of fire and Roman rules on simple, dowdy "lines" in furniture, and on soft, muted color lines. In speaking of modern-day homes, "designed for frequent use because of the war and the introduction of television," the speaker said that there is no set rule for a color keying.

Miss Buschworth discussed the various types of carpeting and wallpaper, including modern designs, hand-blocked and English papers in unusual flower prints. Modern fabrics woven by hand were displayed, in addition to a fabric which won the 1948 prize of the American Institute of Decorators.

Ten was served following the program by a group of four fourth grade mothers, Mrs. Roy Keller and Mrs. William Cassin presided at the tea table.

# Tiger Sextet Cops Third W.L. Win, Stopping Isaac Young 3-2

## NR And Roosevelt Also Win; Staropoli Scores Two Goals

Mamaroneck's hockey team won its third game of the season last night at Playland by outlasting Isaac Young in a closely fought contest before a good sized crowd, composed mostly of students. The Tigers had a two goal lead twice but each time permitted the Youngsters to rack up a tally to stay in the game. With 14 minutes remaining and the seconds still in front, the new Rochelle sextet's attack opened up but was unable to penetrate the strong Mamaroneck defense, stabilized by goalie Ed Tillman.

Johnny Staropoli was the big man with the stick for the Tigers last night, collecting two goals. One of these was an intricate job, a brilliant exhibition of his skating talent. With a full bridge score the other Bengal goal, also an unassisted play.

IEY collected the goals from Gray and Davies, both tallied without help, making it a total of four unassisted tallies in the game.

Staropoli and Warner Herby were outstanding for the Tigers, both in their offensive and defensive efforts. Ed Tillman, although allowing his first goals in the two games he has worked in the recent nets, was a trojan on defense. Buddy Cammer, regular goalie, was shifted to a line position by Tiger Coach Bill Marks to allow Tillman, a first year man, to gain some experience.

It took the Orange and Black Scorpions just a little more than two minutes to break into the scoring column. Woodbridge lifted the tally on a one man job. Jolly skated through the defense and lifted the puck as the blue line. The disc went sailing into the Young cage with Sullivan, IEY, netminder, laying a glove on it. The time was 2:13.

Johnny Staropoli increased the lead to two goals when he converted passes from Woodbridge and Herby at 8:35, still the first period. The goal was really a gift since a plump of players in front of the net permitted Staropoli to get his stick on the disc with an open cage in front.

Isaac Young didn't score until the 2:30 mark of the second period when Gray outskated the Tiger defense and beat Tillman with a hard, yellow jacket, straight in front. The Orange backline was guilty of loafing on the play and Gray took advantage of it.

Staropoli's jump through three defenders closed out the scoring in the middle period. Johnny picked up a loose puck and picked his way through Green clad skaters until he reached Young territory. His field shot, Sullivan, on D. M.

# CARPENTERS AND FIREMEN ON TOP

The Firemen and Loafers battled it out for the Mamaroneck Section Rec Basketball League cellar last night with the Firemen finally taking the game after an uphill struggle, 43-40. The other half of the twin bill resulted in the Carpenters' third win of the season. The Larchmont Americans were the victims 32-22, dropping their fifth game in six starts.

Bill Bender and Pete Abbott shared scoring laurels in the Firemen-Loafers encounter each netting 14 points. Wal Brown had 10 in the Loafers' cause, while Lenny Clapp contributed 11 to the winners' total.

Show collected 14 for the Carpenters while Lanza's seven were high for the Americans.

# TOMPKINS LEADS ACRES BOWLING

The Tompkins House continued its domination of the Larchmont Acres Bowling League last night with a 2-1 triumph over the Sterling. Richbell and Palmer led the latter by a shutout score.

There was no game over the 200 pin mark but Thomson of the M.P.M. team came the closest with a 196 single. He also anchored the series laurels with a 533 final.

The Richbell win was the only one of the night. They were aided by a 25 pin handicap, which was actually won both games without benefit of the advancement.

# ST. JOHN'S TOPS LARCHMONT AVE.

St. John's of New Rochelle worked for a first half lead and coasted to a 27-20 victory over the Larchmont Aces last Saturday at the YMCA. It was the second straight defeat for the Larchmont team and dropped them into a for second place with a record of four wins and two losses with five wins in the front-runner with five wins.

St. John's outplayed the local all the way, and Dave Pich pouring the leather in from the pivot and controlling the backboards, had the same hand in all times. Pich connected with times from the field and added a second place with a record of four wins and two losses with five wins in the front-runner with five wins.

# WELTERS MEET IN MAIN BOUL AT COUNTY CENTER TOMORROW

Al Guido, popular Bronx welterweight, will trade punches with Dave Andrews, crack 147-pounder from Boston, in the feature bout of eight rounds tomorrow night at the Westchester County Center in White Plains.

Guido, now under the management of Bob Glick, is fighting in the best form of his career and recently trounced Joey Carideo in a hectic scrap. This bout will mark the first appearance of Guido in the White Plains ring.

Andrews, piloted by Johnny Buckley, is one of the leading scrappers up New England way. Known as "Golden Boy," Dave Andrews has defeated among others Gully and Johnny Casario.

# RICKETT PACES BOWL MAJOR; TEN MEN ROLL IN '200' CLASS

Bill Rickett was the best of ten bowlers in the Larchmont Bowl Major League who went over the 200 pin figure in last night's contest. Rickett took both the single and series high scores with marks of 215 and 601.

The Cleaners, Depot Way and Motomom walked away with victories while closer matches were taken by the Sportsmen and Pal Mar teams.

The Cleaners took a 2721 pin high score score with a 2721 pin high score while the Palmestees made their only winning effort the highest team single mark of the night at 934 pins.

Verney followed Rickett in the 200 pin class.

# CRUSADERS ROMP BY 46-13 COUNT

The Crusaders ran up a 46-13 count on the Brothers while the Wildcats were edging the Rockets in Mamaroneck Avenue School Rec League basketball games last night.

The Crusaders led all the way and scored at will with Boory Louhriane pacing the pointmen with 15 markers. Millio had 12 and Koch 11 for the winners while Ike and Saunders were the point producers for the Brothers.

Pinto's eight points were instrumental in the Wildcat victory. J. Guineo of the winners and DeFalco and Deruzza of the Rockets each meshed two field goals for four points. Both teams converted a total of two four shots. The Crusaders scored a high night of six from the charity line while the Brothers also could connect only once.

# EAGLES TANGLE WITH HAWKS TOMORROW NIGHT AT PLAYLAND

Larchmont's Eagles will go at it again tomorrow night in an effort to gain further ground in their drive to clinch the Westchester Hockey League championship for the second straight season. The Ryer Hawks are to provide the opposition as the two teams open the regular Wednesday night double bill at 8 P.M. Bronxville's Rockets and the Harrison Maple Leafs will mix it up in the second game which starts at 9:30 P.M.

Larchmont will have only one man missing from its regular lineup. It is Chuck Safarik, defenseman. Safarik is on the sick list but will get back into action next week.

The high scoring forward line of Bill Rich, Ken Braun and Gene McDonough will be on tap to open the game for the Eagles with Lanny Holmes and Whiting Campbell on the defense. Jim Murphy, former Bellevue ace who starred as the Eagles' defeated Harrison last week will be sent into the game to relieve the starting back line men at intervals. Ed Bearden, veteran goalie, will open to the nets as usual.

The other two Larchmont lines are also ready to go. Pete Taylor leads the second group with Bill Soderstrom and Walt Lawrence at the flanks. The third combination is centered by Doc Morrison and has Jack Supton teamed

## PHONE CO. REVEALS LONG WAIT PERIOD FOR PRIVATE LINE

Disclosure Comes As 2nd Rate-Rise Hearing Starts; Demand Outlined

NEW YORK (AP)—Some 246,000 persons who now receive party line service from the New York Telephone Company may have to wait a considerable period before their application for private service is granted, a company official said today.

The disclosure came as the company's application for a 4th rate increase before the Public Utility Commission went into its second hearing before the commission.

Russell H. Hughes, a vice president of the company, told P.U.C. Commissioner George J. Conboy that the "unprecedented" post-war demand for service was the cause of the telephone business. He said that 243,000 persons in party line service were waiting for private service each month.

"Because of the magnitude of this job a considerable period may yet elapse," Hughes said, "before the Telephone Company can provide service on private lines as it did before the war."

He said the number of telephone calls handled by the company has increased more sharply than in previous years, and that the greater number of calls are handled by "overloading" equipment.

Hughes testified in the main, was devoted to statistics purported to prove the increased volume claimed by the Telephone Company in its operation. There were only about 10 persons in the hearing room, many of them counsel by Telephone Company staff, and he contracted with the 100 or more present yesterday when the hearing opened.

Hughes, at one point, mentioned the owners of the New York Telephone Company, which is controlled by a holding company, the American Telephone and Telegraph Co., of New York City.

## 4 FUNDS SET UP BY STUDENT AID

Endowment Fund Provided by Adoption of New Amendments

The Mamaroneck Larchmont Student Aid Fund, Inc., took action at a meeting last night authorizing the granting of scholarships, as well as loans, to worthy students of the school district.

Meeting in the Senior High School, the members adopted proposed amendments which would establish four funds: an endowment fund, loan fund, scholarship fund and a discretionary fund.

Summer S. Kittelle, president of the fund, appointed as members of the committee on scholarship standards: Albert J. Eckhardt, Mrs. J. Charles Babcock and Mrs. Luman G. Hubbell.

The endowment fund was necessary because of the present certificate which provides that 50 per cent of all funds received shall be invested in an endowment fund now consisting of 50 percent of all money received from the inception of the organization until March 31, 1948. This fund must be maintained intact.

The amendments provide that any donor of future contributions may earmark them for the endowment fund if he wishes and the Board of Directors may also add to the endowment fund if he wishes. It is not expected, however, that anyone would earmark money for the endowment fund unless they were substantial enough to earn considerable income when invested. It is anticipated, therefore, that the endowment fund will probably remain at its present level, and the income from it will be largely to defray, in whole or in part, the operating expense of the organization.

## NEW C. OF C. UNIT ELECTS DE MARIA

Robinson Vice Chairman As Industry Group Is Organized

The Industry Division of the Mamaroneck Chapter of Commerce met last night at the Haven Inn, organized, elected officers and set the agenda for the year's work. Seventeen members were welcomed by Chamber President Leonard E. Chase, heard talks on purposes of an Industry Division by the Chamber's executive secretary, Arthur Dunn Jr., and briefly considered several long and short range projects.

Joseph De Maria was elected chairman of the division and John Robinson vice chairman. The two will meet shortly with the executive secretary and appoint committee members to handle such phases of their work as membership, program of work, an expedition in cooperation with the retail division in the Springs and other similar purposes.

In opening the meeting Mr. Dunn asked the question: "What do the members of Mamaroneck's industrial community expect of their Chamber of Commerce?" He followed the question by outlining what a chamber expects of its constituents. Conditions in general were discussed in round-table fashion, with considerable time given to the availability of labor.

After determining a program of work, the officers will call another meeting of the group and present recommendations. Forty-two members present indicated their intention of joining immediately. Mr. Dunn closed.

## Brush Fires Put Out by Mamaroneck Firemen

Two brush fires were extinguished in Mamaroneck yesterday.

Miss Marie Colacaro of 104 Flagler Drive, Mamaroneck, reported a brush fire in the circle at Flagler Drive at 4:11 P. M. Mamaroneck firemen extinguished the blaze under the direction of Second Assistant Chief John Lombard with no resultant damage.

At 5:35 P. M. William Gray, a fireman of the Hook and Ladder Company, told police that boys had started a grass fire in the lot near 628 Waverly Avenue. The Mamaroneck firemen, again under the direction of Assistant Chief Lombard extinguished the fire. No damage was reported.

## Boy Scouts Save For Months, Troop 1 Acquires New Trek Car

Transporting supplies and camping equipment they have been using for the past several months, the Mamaroneck Boy Scout Troop 1, they recently purchased an aluminum conversion known in Scout circles as a "trek car" and have been using it in preparation for a hike Saturday morning to the Scout camping site in Harrison.

Sponsored by St. Thomas's Church and near L. Birch as Scoutmaster, the troop has been saving its money for several months with an eye on the trek car and now becomes the first troop in Mamaroneck to own one.

The boys will leave St. Thomas's Church at 9:30 A. M. tomorrow with all their equipment packed on the car and, to avoid traffic snarls, they have been manipulating the vehicle while having a police escort through the village and on Mamaroneck Avenue.

The car is a 1947 Buick sedan, balanced on a heavy wheel and can carry as much weight as all other vehicles of the same type put together. It would prove invaluable in case of emergency, and a rescued injured person. Mr. Birch points out, and will be available to the Red Cross or any other organization for use in a crisis.

Troop 1 meets Wednesday nights in St. Thomas's Parish Hall, Assisting Mr. Birch is Dudley Goulden, Jr., assistant Scoutmaster.

## Chiang Turns Over China Government to Vice-President

ALBANY—A delegation of Westchester's Supervisors after meeting with State Comptroller Frank C. Moore for three hours Wednesday on a discussion of state aid shared among that county's towns and villages has agreed to consider alternative plans offered and meet again in two weeks. At that time, the hope was expressed, some one of the many plans may be accepted as a compromise.

The county supervisors' villages and towns had to do with allocation of state monies under the Moore plan, which throughout the state, excepting Westchester, towns receive \$3.50 and villages \$3.00 per capita. In Westchester, towns receive more and villages less, due to the fact that the line plan was adopted. Towns should receive relief costs. These have now been taken over by the county and state and the villages claim the need for this discriminatory program in Westchester no longer exists.

A statement by Comptroller Moore following the conference reads:

"Under the new plan of state assistance adopted by the legislature of 1946, upstate towns receive \$3.50 and villages \$3.00 for each inhabitant, according to the 1940 census, for their general purposes, in addition to state aids for various specific purposes such as education and welfare.

"When the new plan was adopted three years ago, a special formula was adopted for the towns and villages of Westchester County under which its towns receive more and its villages less than the towns and villages of other counties. This special formula continued recognition of a distinction that had been previously made by the State in the distribution of shared taxes to the towns and villages of Westchester.

"After a three-hour session, the conference group adjourned for two weeks to permit an analysis of several alternative plans which were proposed during the discussion."

## Fire Companies Give \$1,200 To Mamaroneck Health Center

Four companies of the Mamaroneck Fire Department presented a gift of \$1,200 last night to directors of the Mamaroneck Health Center to aid the work of that institution throughout the village.

The companies, which each contributed \$300, were Hook and Ladder No. 1, represented by Second Lieutenant Ralph W. Robin; Halsted Manor Hose Company; Capt. John Granger, Columbia Hose Company; Capt. David E. Stewart, Mamaroneck Engine and Hose Company No. 4, represented by Captain David E. Stewart; and Columbia Hose Company No. 2, represented by Captain John Granger.

The donation was accepted by Mr. George H. Ayres, president of the Health Center board of directors and Mrs. George W. Brown, chairman of the committee on social service. The firemen were then taken on a tour of inspection of the newly renovated center.

In accepting the money, Mrs. Ayres said: "The board of directors of the Mamaroneck Health Center greatly appreciates the generous gift of your fire companies. This money enables us to broaden the social service work of the Health Center in our community."

"We are proud of this service, which will build a healthier, happier people and proud of our friends who make it possible to extend this service."

In spending the money given them last year by the Volunteer Firemen, the directors of the Health Center tried to meet the most wide-spread need so that the whole community might benefit to some extent, the firemen were told. Two activities were suggested.

## Truman Reported Revealing World Program To Congress

WASHINGTON (AP)—President Truman, keeping up a lively clip today, was reported to have laid on his worst plans today for the benefit of a group of Congressmen.

He attended an early-morning breakfast at the Capitol where Congressmen who were present told reporters he said that U. S. production could not catch up with demand for 100 years if the standard of living in Asiatic countries could be raised 2 per cent.

"A broad program of economic aid is one of the foundations of the program the President outlined in yesterday's inaugural address."

Local news prosperity in this country would be the result of such a rise in Asiatic living standards, Mr. Truman was reported to have said. Presumably he meant that the Eastern countries would be buying more goods from the U. S.

Mr. Truman also was quoted as saying he realizes the responsibility he has on national and international affairs—and that Congress has an equal responsibility.

Those present said he asked for teamwork in striving for peace. No one wants another war, the President said, and he does not believe there is any security for another one if everybody works for peace.

Another war might set the nation back a century in progress, he was quoted as saying.

The Missourians said the President also discussed Communism in much the same vein as he did in the address yesterday which set out the task of the new Secretary of State.

President Truman put aside early this morning the golden moments of his greatest day and set his administration on a course of "peace, plenty and freedom."

That was the shining goal he chose for himself and the nation in yesterday's inaugural address.

"Chief Executive himself is settling into that office for four more years. For a standing ovation as a string against his Winter wind yesterday noon."

## Youth Injures Ankle In Fall at School

Bernard Preston, eighteen, of 627 Mamaroneck Avenue, Mamaroneck, suffered a possible fracture of the right ankle last night when he fell down a flight of concrete stairs in the rear of the Mamaroneck High School building.

Dr. Emil Verrill of 304 Heath Avenue, Mamaroneck, ordered his removal to United Hospital, Port Chester, for further treatment at 7:30 P. M. yesterday, according to Mamaroneck police.

## Leader Leaves Country 'To Lessen Hardship Of People'

NANKING (AP)—President Chiang Kai-shek has left the burden of war or peace today to Vice President Li Tsung-jen and flew to Hangchow for a rest and possible retirement.

If accepting the Acting Presidency, faces the immediate problem of settling with the Communists whose army have steadily pressed Chiang back since last fall.

Officially Chiang, who threatened many times in his stormy career to go to Peking, did not resign or retire. He just left.

Behind he left a statement saying he took the step "to lessen the hardships of my people," an informed source said.

Li, in an acceptance statement, said he took on the Presidential duties "in the hope the people will give me their full support."

As his annual custom, Chiang flew south to "inspect the conduct" of his ancestors. But many felt that he would not be back if Li were successful in dealing with the Communists.

Chiang's official destination was said to be Hangchow. Later, an official statement said, he expects to go to Peking, his native town.

## FILM FLAMM PROBE HOLDS SALESMAN

O'Neal Under Arrest In Providence, Sought For Solicitation Here

NEW ROCHELLE—A man police are hunting—a film salesman who was solicited money for menu advertisements from over half-a-dozen businessmen in New Rochelle and Mamaroneck and then printed the menus, Detective Leonard Larchmont ruled declared today.

The man, identified as Fred W. O'Neal, 257-10th, listed his last address as Hotel Sevan, Larchmont. He was arrested in Providence, R. I., without printing the menus, Detective Leonard Larchmont ruled declared today.

The alleged larceny occurred here on Jan. 5 and in the Village of Mamaroneck a few days after O'Neal assumed the name of W. Woodson here, police asserted.

According to police, he approached the businessmen and said he was soliciting advertisements to be printed on the back of menus. The menus, Woodson said, he would deliver free to Philip's Luncheonette, 603 Main Street, according to police and Philip Albert, proprietor of the luncheonette, is still waiting for the menus.

Police said they learned O'Neal's identity through a telephone call from Providence. They said his description fitted that of Woodson, and a police photograph from Providence was identified by victims in New Rochelle.

## Duncan and Clark to Talk To County Workers For Red Cross

Two Mamaroneck residents have been chosen as featured speakers at the Red Cross fund raising dinner which will be conducted at the headquarters of the Westchester County Chapter on North Broadway, White Plains, Saturday Jan. 29.

Robert C. Duncan, who was chairman of the 1928 fund raising campaign in Mamaroneck, will discuss how the drive is conducted in Mamaroneck without spending a lot of money. Patrolman C. Robert Clark, who holds a national certificate for life-saving signed by President Truman, will describe how he won that certificate and others that he holds.

Other Clark of the Mamaroneck Police Force has been a volunteer at the Red Cross institute in first aid and water safety for the last 18 years. He has taught both junior and senior life saving classes in Grasslands and throughout Westchester and also holds a teacher's certificate in standard advanced first aid courses. He joined the Mamaroneck force in 1932 as a patrolman.

Mr. Duncan, who is president of the Grants Point Association, said today that the part of last year's campaign which impressed him most was the great number of organizations and individuals in Mamaroneck willing to help in a great variety of ways.

"We seem to be able to get a lot of people to work here," he said, "and that does it."

## Red Cross workers from all parts of Westchester will attend the annual all-fund raising institute. The session is held each year prior to the fund drive to demonstrate Red Cross services and discuss fund raising problems. The drive will open officially March 1 when Westchester will participate in a County-wide drive.

## NORTH KOREAN REVOLT AGAINST REDS SEEN

SEOUL, Korea, (AP)—Press and opinion at the North Korean border town of Haehi indicate a revolt in the North Korean Army against the Communist regime, the South Korean information director reported.

The director, Kim Dong Sung, said the outbreak began the night of Jan. 19 and was continuing. Kim said he had information which he believed to be reliable that the forces involved included a revolting element, a loyal pro-Communist body and a third group that was standing aside and watching before joining.

A car operated by William Kuckman of 10 Boston Post Road, Mamaroneck, collided with the car of Dorothy Bell of 2900 Barnes Avenue, the Bronx, on the Boston Post Road near Plymouth Street at 5:45 P. M. yesterday.

Mr. Kuckman told police he was proceeding west along the Post road when the Engles car, negotiating a U-turn, cut in front of him. The left front fender of Kuckman's car and the right side of Miss Engles' car were damaged.

Frank Debanis of 32 Hartung Street, Larchmont, reported to police that his car collided with an auto driven by George Rapp of 443 Weaver Street, Larchmont, at Depot Way and Myrtle Boulevard at 6:30 P. M. yesterday. Mr. Debanis said the accident occurred when both cars turned into Depot Way at the same time. Minor damage resulted.

## WASONIC CLUB HEARS WALL STREET EXPERT

Wall Street's position in the American picture was explained to the Larchmont Masonic Club last night by Maxwell Ohlman, investment analyst and author of the firm of Thomson and McKinnon.

Fifty members, meeting at the Larchmont Masonic Club, heard the finance expert discuss "Points to Consider in Successful Investing." Mr. Ohlman explained the purposes of stocks and bonds and the difference between them, commenting that the value of the dollar will be considered in considering the worth of stock at any given time.

Two new members were inducted, George E. Mills Jr. of Larchmont and William A. Adams of Mamaroneck.

# PHONE HEARINGS DEVALED TO LET DATA BE OBTAINED

## Opposition to New Rates Given Until Feb. 28 To Ready Fight

NEW YORK—The Public Service Commission hearing on the application of the New York Telephone Company for increased rates was adjourned yesterday until Feb. 23 to enable representatives of municipalities and other groups to study the data already represented by the utility in preparation for cross-examination of company witnesses.

Commissioner George A. Arwright's announcement that the next session will be held at Albany and that he is prepared to devote an entire week to the case if necessary, brought a protest from an American Labor Party representative that the case should be heard in New York.

Commissioner Arwright told him his complaint should be addressed to the full commission.

Earlier Commissioner Arwright had ruled the ALP's map of the full commission. He, Hughes, a telephone company vice president, to disclose compensation paid to executives of the utility. He held the subject is a matter for cross-examination.

# REBELD GOP PLAN BELIEVED READY

## Maine Senator Reveals Idea Has Been Discussed by Senate Policy Group

WASHINGTON (AP)—A plan to rebuild the Republican Party from the grass roots up, through state and regional conferences, may be proposed to the GOP National Committee at Omaha next week.

Sen. Brewster of Maine told a group of GOP leaders at a recent meeting the idea of sectional meetings has been discussed by the Senate Republican policy committee.

The Senate group yesterday demanded that the National Committee consult with the lawmakers before calling any national party-wide conference, as suggested by GOP Chairman Hugh L. Scott Jr.

It instructed Brewster and Sen. Caputer of Indiana, Wherry and Butler, both of Nebraska to set up a study committee at the Omaha meeting to report on the plan, but to delay any actual call until later.

"There seems to be quite a bit of sentiment for starting the work of rebuilding the party on a state level, developed by regional conferences," Brewster said.

He added he will branch this idea of Omaha next Wednesday or Thursday.

Mr. Maine Senator may be named next week as campaign chairman for Republican Seniors up for election in 1950. He would divide responsibilities with former Sen. John Townsend of Delaware, who has served as chairman of the campaign committee for several years.

# Relations Split Patch-Up Sought

WASHINGTON (AP)—The United States sought today to patch up differences with other American countries over its recognition of Venezuela and El Salvador.

The governments of both nations came into power late last year when they overthrew the existing regimes by force—a practice the United States has condemned the past.

This country's formal recognition, announced yesterday, served to broaden a sharp split over the whole issue in the normally solid Western Hemisphere political lineup.

A number of American states have resumed relations with Venezuela and El Salvador, but several, including Chile and Uruguay, have thus far refused to do so.

Chile has summoned a special session of the Council of American States for Monday to deal with a complaint of "negligence" against the Dominican government, charging refusal to give safe conduct to former Venezuelan President Romulo Betancourt.

That meeting may give representatives of the 21 American republics an opportunity to air their conflicting views.

# LI TSUNG-JEN INSISTS TO NEGOTIATE FOR PEACE

## CHIANG SUCCESSOR ACTS TO WOO REDS

### Li Tsung-jen Appoints Shao Li-tze After General Retires From Role

NANKING, (AP)—China's tottering government tonight announced the appointment of five delegates to negotiate peace with the Communists.

Heading the delegation will be Shao Li-tze, a veteran advocate of peace between the Nationalists and the Reds.

Appointment of the peace mission came a few hours after Acting President Li Tsung-jen assumed the powers of Chiang Kai-shek, who retired yesterday after 22 years at the helm of Nationalist China.

(There apparently was still no indication that the Communists would be ready to discuss the government on anything except Red terms.)

Li's intention to send a peace delegation was announced earlier in the day at a tea party of government officials.

Li's last act as acting president was a simple ceremony which called upon the government to act without any indication that Chiang Kai-shek would produce any military reaction.

Get Ready Now, Boys! The Derby's Coming Back For Its Eighth Year

The Soap Box Derby, boydom's greatest annual event, will again be run in Mamaroneck this Summer. Contracts between the Daily Times and Chevrolet and General Motors Corp. were recently signed and the cooperation of the Mamaroneck Lions Club which has always conducted the event in Mamaroneck has been secured, thus assuring the running of the race in Mamaroneck for the eighth year.

Entries this year will not be confined to Mamaroneck and Chester today as will be open to all boys residing in Mamaroneck, Larchmont, Port Chester, Rye, Harrison and Pelham providing they are within the age limits and keep to the rules with regard to building their racers. Preliminary rule books for prospective entrants will be available within a week and the Lions Club will immediately set a committee, members of which will consult with boys who plan to enter the big race.

LONDON, (AP)—Foreign Secretary Ernest Bevin said today Britain is withholding recognition of Israel until she has discussed it with Commonwealth nations and her allies under the Western European treaty.

Under that policy, he told the House of Commons, we have tried to support all the resolutions of the Security Council as far as possible in the Palestine dispute.

In dispassionate mood, Bevin declared Britain has "interests, obligations and responsibility in maintaining security and stability in the Middle East and it is the deliberate purpose of our policy to be faithful to those obligations and to that purpose."

He said critics of the government have pledged support of various solutions of the Palestine problem which were "incompatible with our obligations and not realistic in practice."

Mr. Ramsey was graduated from the Colorado School of Mines, Golden, Colo., in 1912 and is a member of the Sigma Alpha Epsilon, Tau Beta Pi and Theta Tau fraternities. His clubs are the Mining Club of New York, the Westchester Country Club and the Larchmont Yacht Club.

Mr. Ramsey joined the company in Denver, Colo., in April 1914 as a junior engineer, rising to the position of western manager of the Equipment Sales Department in 1920. In 1927 he moved to New York, filling there in sequence the positions of assistant manager, general manager and president.

Mr. Ramsey is a member of the Rye Neck Community Educational Planning Committee. He is also a member of the Rye Neck Community Educational Planning Committee and the Rye Neck Community Educational Planning Committee.

Schools

(Continued from Page 1)

People are the state and should make their wishes felt, Dr. Spence said. He termed the school board the executive committee and added that the board's relation to the people should be the same as that of an architect to the owner who is building a house.

"You present him with a blueprint," he stated, "and then he tells you what can or can't be done. Then you alter the plan a little and finally with a little give and take you have a program you can pay for and the professional staff is ready to go to work."

Dr. Spence urged the planners to think of education as something more than mere schooling since it is a process which involves every influence in the community.

Miss Storn summed up the views of the speakers following a question period. She stressed the need for education in the field of human relationships, adding that teachers these days must also be psychologists if they are to have the necessary knowledge of human beings to know why they behave as they do.

It used to be that as a teacher taught Johnny facts, she wasn't concerned about who he got along with the other kids or not, she declared. "But today she understands that if he can't get along with other people, that difficulty might be causing him from learning. She has to know what frustrations or what emotional blocks are causing him to act the way he does."

Advise on Planning In evaluating the school program, Miss Storn urged the workers not to become "set down" with too much reading on the subject of school planning.

Decide what kind of school you want, she advised. "Put it down simply and then plan how to go about getting it done."

2. Creation of a system of licensing electricians, plumbers and other craftsmen to end any local systems under which workmen licensed in one community are barred from working in another local jurisdiction.

3. Study of equalization of state laws applying to mortgages, so that banks, insurance companies and building and loan corporations would be free to make loans throughout the state and, through complicity, reduce mortgage interest rates.

The Governor did not commit himself officially on the three proposals, presented by Alfred G. Long Island builder and president of the State Association of Home Builders, at a session of 200 contractors and developers.

Devey and the builders agreed informally to press for legislation which would remove the state and fashionable neighborhoods.

Gross said "horse and buggy" building regulations are back construction of low-priced homes. The Governor said he would refer the proposals to the State Housing Commissioner.

Devey reported he was "delighted" with the response to the program to solve building problems. He announced plans to appoint a large statewide industry committee of bankers, contractors, architects, manufacturers and labor representatives to coordinate the efforts to cut building costs.

IN PEACE PLEA TO NEGOTIATOR

MANHATTAN, (AP)—Acting President Pai Chung-shih flew in from the United States to meet with peace negotiators today by sending a personal plea to fled leader Mao Tse-tung.

Cautious for a government deeply distrustful by the communists, Li urged Mao to name the peace negotiators for a peace conference.

Li acted after his old buddy, Gen. Kai-ching, was fired from his quarters in Hankow. Pai, who with General Li threatened a revolt in 1938 inside Chiang Kai-shek's actively fought Japan, was believed abandoned in the peace move.

Two high government officials considered to be still sticking Chiang Kai-shek's peace line. The two are Chen Biao and Sun Fo and Foreign Minister Wu-tsun, New York Times.

There is growing belief they left because they feared Li and Pai would take action against them. They were accused of being the chief advocates for fighting on the mainland. Sun was supposed to have taken a stand for peace.

The official reason was that Wu and Sun went off to confer with Mao. No one believed that. The third party leaders already had refused to take part.

On the other hand, one of the reasons, said a peace delegate, Gen. Chang Chin -chung, is Lanchow in Northwest China. He would represent Northwest China. He would represent Northwest China. He would represent Northwest China.

Tarrytown Vote School Merger In Lengthy Oral Balloting

TARRYTOWN—In 15 hours of balloting the taxpayers of Tarrytown and North Tarrytown school districts yesterday elected to merge into one district.

While a majority of 1,401 voters favored the merger, it was actually carried by only 56 votes that due to the closeness of the tally in Tarrytown, officially known as Greenburgh School District No. 3.

The results were announced at 1:05 A. M. today. Delayed by the balloting was attributed to a 1910 state statute which stipulates that in the case of consolidation elections, one clerk, and only one clerk, must record the ballots in longhand.

Under the merger, which will be effective within 90 days, the district will include the two schools and a total of 2,400 pupils. Under the merger, which will be effective within 90 days, the district will include the two schools and a total of 2,400 pupils.

### 3 Heard on Radio

Two Mamaroneck residents and one Larchmont were heard yesterday afternoon from New York radio stations.

Dr. Gerald F. Winfield of 318 Walnut Street was guest of honor on the "Author Meets the Critics" program at 1:30 P. M. He discussed his book "China, the Land and the People" with Annalee Jacoqui of Larchmont. He also was author of "Thunder Out of China," and Harold Lord Varney, Mrs. Jacoqui also reviewed "China's War." At 3:30 P. M., during the intermission in the concert given by Maria Jones at the Frick Collection, Franklin M. Biebel of 1134 Franklin Avenue, Mamaroneck, spoke on the program presenting musical programs in the city set in motion by the Frick director of the Frick Collection, discussed music and painting as allied arts.

### Cited by Red Cross

Patrolman Robert Kerk received a pat on the back for the Mamaroneck Village Police Department Saturday when he was cited by the Red Cross for his work as a Red Cross volunteer. Patrolman Kerk has received Red Cross first aid training qualification in his first aid equipment.

Wasn't your department among the first in the county to take the Red Cross training? Chapter Chairman John L. Curtis inquired. "Among the first," Patrolman Kerk replied. "It was the first. In fact, that was so long ago that we were taking a refresher course right now."

### 36-Year Error

The date of the Town of Mamaroneck's founding, which appears incorrectly as 1897 on town signs, will be changed within 30 days to the correct date which is 1861, William Probert, president of the Old Town of Mamaroneck Historical Society, told yesterday's audience in a reception at his home in Mamaroneck.

The present total of 100 members and guests who attended the evening honoring Frederick Chickadee's exchange teachers from London, that he has the assurance of Supervisor Owen A. Mandeville that the correction will be made within a month.

### Receives Art Award

Rose Kinman, well known water colorist who has been the original illustrator for "The Nightingale" recently to the Mamaroneck Free Library, is one of 30 artists who have received awards in the 32nd annual of the American Watercolor Society. The winning picture, entitled "New Bridge," is being shown at the National Academy Galleries.

The painting he presented to the library has been hung in the children's room.

### FITZPATRICK ADMITS 'BOMBERS' SHOOTING

Frank Fitzpatrick, forty-nine, of 404 Hill Street, Mamaroneck, who is alleged to have urged a shooting during a union meeting in Yonkers on Sept. 19, 1942, pleaded guilty to a charge of assault second degree in County Court in White Plains today.

Fitzpatrick, who was represented by John P. Dalton, had been indicted for assault, first degree and felonious possession of the .38 caliber revolver used in the shooting. Judge Albert T. O'Leary remanded him to County Jail to await sentence.

Fitzpatrick, a steamfitter, is alleged to have driven the gun during a dispute which flared up at a union meeting in Woodmen's Hall, Yonkers, and to have fired shots which wounded Frank Schmidt, William Frel and Robert...

## \$17,000 RAISED FOR TEMPLE FUND AS DRIVE OPENS

### Larchmont Sponsors Group Hears Plans Outlined For Campaign Work

A total of \$17,000 for the Larchmont Temple Building Fund was raised yesterday at a special meeting of the Sponsoring Committee at 19 Knollwood Drive, Larchmont.

The original committee of 28 will be expanded this week, when the need they feel for a permanent fund for the Larchmont Temple is mapped, it was announced by Jerome Kaufman, congregation president. He presided. Sidney Q. Cohen will serve as director of the fund, which is being managed by Police Chief Arthur J. Siegel as associate director.

Mr. Cohen declared that the "generous contributions by sponsoring committee members include the need they feel for a permanent fund for the Larchmont Temple."

"They reflect the attitude of our entire congregation," he continued. "We feel it is a privilege to be a part of an institution that will mean a great deal in the religious, social and cultural lives of ourselves and our children, both for the immediate future and for the years ahead."

"The response today indicates how fully we are giving our confidence with the financial support to make the temple possible."

Further details for widening the drive in the community and plans for the religious and cultural life of the temple were discussed last night at a meeting in the home of Mrs. Helen J. Tasson, 3 Gulon Lane, Larchmont.

Negotiations are already under way for the purchase of property and both the Brotherhood and the Sisterhood of the temple are active in series of projects to help in the work.

WASHINGTON — The United States has developed more powerful atomic bombs which are much more explosive than the old ones.

The Atomic Energy Commission, which has hitherto previously been a secret, today announced that it has developed more powerful weapons than those dropped on Japan or at Bikini, announced in a report to Congress.

It related for the first time that the three weapons tested at Bikini Atoll last Spring demonstrated "a substantial gain in explosive energy release" over previous models.

## Taft-Harley, 'Replacement' Urged By Tobin

### TRUMAN, STALIN MEETING HINTED

### Moscow Believes Latest Pronouncement Means Conference Due

WASHINGTON (AP) — Secretary of Labor Maurice Tobin urged today that the Taft-Harley Act be replaced by a law "encouraging free collective bargaining."

He told the Senate Labor Committee in a prepared statement that the administration's labor policy would encourage it.

"When labor and management are 'assured once again' that this is our national labor policy, Tobin said, 'they will, I feel sure, abide by the procedures provided in the bill.'

The administration's measure—invited Saturday—would "revise most of the Taft-Harley law and substitute something closer to the Wagner Act of 1935."

One Taft-Harley feature that would be killed would be the government's power to get 60-day court orders to delay "national emergency" strikes.

"To reduce that power, the bill provides for emergency boards to recommend settlements of disputes in vital industries. Both sides would be asked to observe a voluntary 'cooling off' period of not more than 30 days during which there would be no strike or lockout."

Tobin said the Taft-Harley law of 1947 "deals with collective bargaining as if it is inimical to the public interest. Instead of the foundation of our national labor law."

He also said this law has "brought confusion" into the field of labor law. He said it has "unnecessarily limited the rights of workers to strike."

Tobin said the Taft-Harley law under which both labor and management, with the friendly assistance of government, can live together and solve their own problems.

### TRUMAN WILLING TO MEET IN WASHINGTON

WASHINGTON (AP) — The White House reported today that President Truman is willing to meet Premier Stalin in Washington.

President Truman's statement was made in a broadcast yesterday that Federal, state and local taxes now approximate \$60 billion, or nearly 57 per cent of the nation's income—and he declared:

"If we don't hold government down, we are going to kill the whole free enterprise system."

Taft, chairman of the Senate Republican Policy Committee, proposed again a \$3 billion to \$5 billion cut in the President's budget.

Canon said such statements "must be influenced by participation." He challenged the GOP leader to say specifically what government services and functions would be discontinued.

### Democrats Ask Congress Haste On Truman Program Approval

WASHINGTON (AP) — Democratic leaders in Congress sought today to line up a brisker schedule for pushing the Truman program through the law-making machinery.

The Democratic controlled Congress will begin its second month this week with only three minor bills accomplished.

On the Republican side, there were claims that price declines in food and other lines have put President Truman's anti-inflation proposals on a toehold.

Secretary of Commerce Sawyer and other Democrats urged this "voluntary" plan has worked well. But the Democrats defeated in the Senate Banking Committee a Republican attempt to extend it longer than seven months.

Sawyer said the new administration will have an overall anti-inflation program ready soon that will include "mandatory

### Chief Warns Motorists of Dangers; Police Car Struck in Skid

The sudden snowdrifts which hit Mamaroneck early this morning brought out snowplows, caused two accidents blamed on poor driving conditions and led to a wrecking of a police car.

The 1 1/2 year fender and hub cap of the detective car, which was damaged, had been reported by 8:45 A. M. At that time, a police car driven by Detective Jeremiah Geary, was involved in an accident with a Buick sedan on the corner of Pelham Road and Grand Street.

The Buick sedan, which was operated by Anthony V. Colaneri of 69 Maple Avenue, Mamaroneck, police reported.

The Buick was making a left turn into Mamaroneck Avenue, while proceeding south on New Street when he saw the Buick sedan which was proceeding west on Mamaroneck Avenue.

### 3 Local Speakers Featured At Red Cross Fund Institute

Mamaroneck's Police Department backed its sponsored Saturday afternoon at the annual Red Cross Fund Institute at chapter quarters in White Plains, where Patrolman Robert Clark featured speaker, Robert Dunne, chairman of the 1948 Fund drive here and Mrs. Lewis Maronek also represented Mamaroneck on the speaker's platform.

Patrolman Clark gave a first hand account of the use of first aid in saving the life of a Mamaroneck resident. The patrolman, who holds a first aid certificate for his skill in life saving, told of reviving a woman who had fainted while driving and a few months later, of saving the same woman's life after she had collapsed over five open gas jets. Referring to Instructor George Rizzuto, chief of Mamaroneck, assistant director of Safety Services, as "a valuable driver," he stated that the Mamaroneck Police Department is the only in the county to qualify as drivers of motor vehicles are now taking a first aid refresher course.

## INCREASE SLATED FOR MAMARONECK COUNTY TAX

### Supervisors Get Levy For 1949; Town Share Rises, \$746,411 to \$825,202

Westchester's cities and towns will pay a total of \$14,870,908 in 1949 to meet the costs of county government, welfare, sewer district taxes and other items, according to the tax levy to be presented to the board of supervisors this afternoon.

The levy, earliest ever to be submitted here, is an increase of \$1,388,748 over last year's \$1,562,100. The increase is largely due to an \$875,996 rise in the county budget and a jump of \$432,219 in welfare fees.

The apportionment of the levy follows:

Bedford	1949	1948
Cortlandt	337,302	328,307
Dutchess	306,285	276,426
Greenburgh	1,388,070	1,278,459

### Sheen Sees Danger In Red Peace Drive

American's greatest danger lies in being fooled by a Russian peace offensive, the Right Rev. Monsignor Sheen listed four dangers on the subject, he said, because he thinks Russian foreign policy may soon make an about-face and because he fears Americans will be taken in by it. "Russia," he charged, "can change American public opinion in six months."

"A Russian peace offensive is coming," he said. "You mark my words," he added, "we're going to be fooled again."

Speaking on the subject "A Broken World or Broken Hearts," Monsignor Sheen listed four dangers which he said will signal the shift from anti to pro-Soviet sentiment in this country.

"We may first expect the return of Maxim Litvinov, a proponent of Russo-American unity, to the Russian government," he said. "If this happens, we should be prepared to see a change in our attitude toward Russia."

"We will be taken in by the 'peace' drive, which is being pushed by the Soviet Union," he said. "We will be taken in by the 'peace' drive, which is being pushed by the Soviet Union."

## WEST MAY INVITE 12 MORE TO PACT

### Move Seen in Answer to Red Atlantic Aimed At

WASHINGTON (AP) — The seven nation group negotiating the North Atlantic security pact here expects soon to invite half a dozen more nations, including a Soviet-presumed Norway, to become full partners in the project.

This move probably will be the West's most dramatic answer to Russia's one-two punch against the North Atlantic Alliance over its officials.

Officials here interpreted the Soviet Foreign Office blast at the Alliance Friday night and Secretary of State Acheson's statement yesterday as part of the same pattern of attack on the growing unity of the non-communist western world and particularly the North Atlantic Treaty.

Stalin came into the picture here by saying he would have "no objection" to a meeting of Mr. Truman at a recent Presidential news conference.

At the time, Mr. Truman repeated what he has said many times—that he would be happy to meet with Premier Stalin in Washington.

Ross emphasized that there has been "no official word from the Russian Government" regarding such a meeting.

## A TREND TOWARD EFFICIENCY

**A**FTER intermittent and unsuccessful campaigns conducted during the last 40 years, the Tarrytown on Thursday gave support to a consolidation issue.

Specifically covering the consolidation of two school districts the election was held on a referendum. For with the possibility being indicative of a trend of thought toward efficiency in government a trend which could have application throughout the entire county.

School district lines, similar to those of many towns and villages throughout Westchester, were rigidly fixed decades ago and in many cases are not conducive either to efficient operation or the maintenance of a high educational level. For with the growth of the county, groups of people whose interests are common are frequently separated by these boundaries, arbitrarily maintained by the weight of tradition.

In the Tarrytown both Greenburgh School District I, which controls the Tarrytown Schools, and Mount Pleasant School District 3, covering North Tarrytown, were in need of new plant facilities. Construction of these buildings separately would have been costly and, in addition, might have resulted in facilities not conducive to the most modern type of education. But although the needs of the two districts were common, no merged school could be constructed so long as the districts remained separate entities.

Several months ago in the midst of a heated controversy over consolidation plans a petition was presented to the two District Boards of Education asking that they call an election making mandatory the placing of the merger before the voters.

There then followed a campaign as heated as any which has been known in the Tarrytown. The election was held on a referendum and was pulled by both sides and as a result more than 2,000 votes from both districts went to the polls, determined to have their say. This interest and this determination can perhaps best be illustrated by the fact that when the polls of the State Education Department a clerk had to take the vote down in long hand from each voter, election machines and ballots being banned. With the result that when the polls closed at 9 o'clock in the morning until 12:30 the following morning. And scores of voters waited in line for more than three hours for the opportunity to cast their ballots.

As an aside, Assemblyman Fred Gruber of Tarrytown has promised to introduce legislation in Albany to allow for the substitution of voting machines in subsequent elections, an aid in which he should be given the utmost of support. But the main point of the matter is that by wiping out outmoded boundary lines, the two districts have put themselves in a splendid position for subsequent growth and improvement. Each has greatly expanded its assessment against which it may draw funds and together they have advanced the financial horizon far past the point at which it formerly stood. While plans have not been drawn, it is likely that the district merger will ultimately result in a new and expanded educational system.

If this successful conclusion of a 40-year movement marks a new trend in public thought it presents a challenge to other interested in efficient municipal government elsewhere throughout Westchester. For with the school boundaries and election patterns across the map of the county and it is entirely possible that similar movements may point the way to increased efficiency. Everywhere the need of government has mounted alarmingly, creating a definite need for reform. In the consolidation of homogeneous administrative districts may lie the answer.

## SENTENCE SUSPENDED

**F**OR more than 20 years this newspaper and others in Westchester have tried with reportorial and editorial effort to help reduce the automobile toll in this county.

Small wonder, then, that readers mindful of such efforts should express surprise over the outcome of a case in Greenburgh Police Court. Their surprise should be directed not at the newspaper for the brevity of the story telling how a drunken driver got off scot-free. Nor at the District Attorney's office which was represented at the arraignment. Nor at the Greenburgh Police Department, a member of which preferred the drunken driving charge.

The defendant, Lecher Granderson of Fairview, was arrested after a four-car crash on Christmas Eve. Eight persons were injured. Greenburgh Patrolman James Ryan on the scene charged Granderson with driving while intoxicated. The Greenburgh police asked the District Attorney's office for aid in prosecuting the case, and Assistant District Attorney James P. Page was sent to the arraignment. But Page's help wasn't needed. Granderson pleaded guilty as charged to drunken driving. And then Judge S. P. Roy levied a fine of \$50 against Granderson but suspended collection of the fine pending the defendant's future good behavior. There isn't even a jail sentence hanging over Granderson's head in case he's naughty again and drive while drunk and smash up four cars and send eight people to the hospital.

The police did their part in bringing the case, and we did ours in reporting it. Any further comment may be addressed to Justice of Peace Roy at 51 North Dutchess Street, Irvington, Telephone Irvington 9-1391, or 34 Main Street, Irvington, Telephone Irvington 9-1500.

**Q**uestion: In defense of the young man of twenty-three living at home, I would like to say that I am a disappointed son, who may reach maturity I never reached more than 46 a week. At the age of twenty-three a young man still has far to go before he can be considered a man. He cannot isolate himself from his companions, social contacts are necessary. Most everything contributed by the parent must be done out of love and desire to help the son establish a solid footing. Probably there is some work to help compensate for the credit money his mother wishes. Take her to a movie now and then bring her some small gift occasionally. Show that this son does appreciate his mother, but he fails to show his appreciation by the many little things that mean so much to his mother, but he fails to show his appreciation by the many little things that mean so much to his mother, but he fails to show his appreciation by the many little things that mean so much to his mother.

A conversation yesterday with a taxi driver who plied had tried to avoid taking me as a passenger when a hotel doorman bailed him, brought out a situation both surprising and interesting to me. The passenger, finding great difficulty in getting a taxi, takes the doorman, an unassuming fellow, and gives him the tip that it was not the taxi driver who refused it—and gives him none at all.

## Surprise For Resources Board To Follow Base Point Decision

**By RAY TUCKER**

**W**ASHINGTON—The reconcentration of heavy and allied industrial plants resulting from the recent cabinet base point decisions by the Supreme Court and the Federal Reserve Commission convinces the war planners in the Pentagon Building that three European nations may be a military adviser in this atomic age. Too many bases will be situated in the U. S. for a war in which vast bombers will carry a load of atomic bombs for such distances as 8,000 miles.

**T**OLL—Organized labor has not completed its toll of the handshaking, which the basing point decision will work in its ranks, but already worried leaders have begun to forward estimates to the legislators on Capitol Hill. Several members have introduced measures to override both the PTO and the basing point decision. DR. ARLING G. NEAL, vice president and research director of the National Industrial Conference Board, figures that there will be a loss of 33,000 jobs in New England alone. Nor does this include secondary effects in such lines as transportation, trade, services and professional.

**E**FFECT—But the mill has had just the opposite effect, as its legislative minds on the Federal Trade Commission, the Supreme Court. Not a single member of either body has any bread-and-butter experience in the fields of production or transportation. Instead of dispersing, companies dependent on such heavy trust as steel have begun to move toward their sources of supply. Already several firms are transferring their operations to the vicinity of Pittsburgh, or expanding facilities near there.

**M**any corporations have notified state employment offices and local chambers of commerce that they intend to pick up and locate in Pittsburgh to save freight costs on raw materials. The same sort of migration will be seen in other parts of the country. Many factories within the shadow of other centers—Baltimore, Philadelphia, Cleveland, Tulsa, and the San Francisco—Los Angeles area.

**V**ITAL—Thus the industries so vital to the manufacture of weapons and other essential products will be huddled within comparatively limited areas where they will be more vulnerable to hostile bombing than they are under the present system. The movement is directly contrary to that advised by the National Resources Board and the General Staff.

**T**o make matters worse, the plant shifting already more than what is known as "hotline" units. They produce manufacturing plants, trucks, heavy machinery, oil-drilling equipment, canned food and military rations, and a host of war-making gadgets cannot be turned out in quantity.

**P**ROBLEMS—Moreover, the concentration of these terrific problems involving local housing, health, schools, transportation, public utilities, municipal facilities of all kinds, instead of being a boon to the localities involved, is actually a burden and a threat, as California has dis-
