Larchmont Yacht Club's first commencing exercise, Saturday morning in a sea of dainties, merriment and a fair of the day's dainties, continued for the afternoon and evening in a series of regattas, races and other events.

The more more interested members, who tended strictly to their business in the afternoon and evening, and attended the formal dinner, notwithstanding, were not without their share of the evening and the next morning's best Sunday was managed by a somewhat big job.

The writers' luncheon table, fully populated Saturday by Bill Taylor, Herold Tribune; Jim Robinson, Times; Jack Kamen, Brooklyn Eagle and Vice President, Yachting Association, and others, was a most interesting one.

Bill Conover told the opportunity of telling the story that the story carried last week about the Larchmont Yacht Club's first commencing exercise, Saturday morning in a sea of dainties, merriment and a fair of the day's dainties, continued for the afternoon and evening in a series of regattas, races and other events.

Conover revealed that Taylor's story about a cook's prize to be awarded to the club on the day of the regatta, was a bit of a joke.

Harvey Conover suggests his cousin, Bill, who has cooked on several occasions past, Bill does it all.

Commodore Leroy Francis had a new thought to the usual stereotyped and somewhat stale regatta, and his colleagues at their respective flag flying, all agreed.

"In times like these, the water offers a form of recreation, a job," he said after expressing the hope that he would do as good as his job as a professional, Richard J. Schaefer.

In between the slipper's victory celebration and the regatta, Dick Dickerson told the story of the regatta, Dick Dickerson told the story of the regatta, Dick Dickerson told the story of the regatta.

JOTTINGS ABOUT JUNIORS

By ANN BEHNER

Well, here's over-which is something if not everything two more days than a weekend to prepare yourself for the outcome of this week's efforts.

Already celebrating their Summer vacation are Don Moore, Tom Neale, Bill Layton, Jim Coviart and Mrs. Thompson who have completed a year's work away at school.

Some birthdays were almost overlooked because of the sudden busy crisis. Last Saturday Ann Jacobs gave Ruth Williams a surprise party in honor of her anniversary and her sister, Dot Williams, celebrated recently. David Dietz's big day is coming up Tuesday.

The T. K. O. is holding a banquet at the Grand Hotel, New Rochelle this Friday night. New officers for next year will be elected. The sixth grade is holding its assembly program in Junior High this Friday and on Tuesday, the final issue of the Arrow comes out. Attention! Face right, face left, if you want, but take a look at Paul Haskley who just arrived home from military school.

Tickets will soon be on sale for the dance the First Parish Tennis courts which will be July 21.

Up at Senior High some of the less serious minded have been enjoying themselves. Noreen McCarthy and Judy Duffy exhausted their energy in the dance held at just week. It would be a lot of fun to see the girls in their uniforms, wouldn't it?

The Tale off students have made Larchmont their home for the next few weeks. They are working on the program in the Junior High. Imagine staying in school when they really don't want to.

Monday night Kay Cramlin, Bud Mauch, Edie Lindner and Nite Hanson went to New York to listen to Tommy Dorsey at the Astor Roof. Of course they had a good time, you needn't ask.

The McKernans have moved a good time to the summer, leaving Jean behind for her exams.

Well, that's all there and there ain't no more. Cesar can return to his sleep, after being corrupted by his bewitched followers, respect to his return to their natural shape and shapekeepers can be sure that we agree with him about his "sweet as a day in June" plus July and August.

MCALL ASSN. SCHEDULES ANNUAL PICNIC

Mrs. Strong, President, Will Attend; Business Meeting To Be Held

The Larchmont Chapter of the American McCall Association will hold its annual picnic next Wednesday at Saxon Woods Park. Each member will provide her own lunch.

Mrs. John H. Strong, president, who has just returned from California, will attend.

A short business meeting will precede the lunch and the rest of the day will be spent socially.

THE THREE YOUNG MEN

Shown above are recent graduates of Iona High School, New Rochelle, who are residents of Larchmont. They were 30 members of the graduating class.

BARCLAY ON BRIDGE

By SHEPARD BARCLAY

DUCK ON THE DEFENSE. DUCKING a trick, so that your partner will still have a card of the suit left for a later lead to you, is just as important a play for the defense as it is for the declarer while trying to establish the dummy's suit. Many a line there is no other way to foresee enough tricks to have a chance to defeat the contract.

At the other table, Theodore A. Lightner, in the East, played his 8 on the first trick. He reckoned West would not lead the club to lead a singleton, hence had two, and South consequently exactly four. If the South was able to run only eight tricks before putting West in the lead, and the latter's club returns gain, West can win the trick, leaving the contract by one.

Tomorrow's Problem

Dealer: South. Neither side vulnerable.

Hand 1: South, West 20. Hand 2: South, West 20. Hand 3: South, West 20.

Approximately the same bidding occurred at two tables of a tournament for the Eastern mixed team of four championships and the benefit of the British-American Ambulance Corps. In each case the last play was won by the last play.

PERRY VANQUISHES SKEEN AT RYE, 4-3

Then Victor Pairs With Budge To Top Tilden-Richards In Five-Set Tie

By JOHN HANE

Fred Perry was three of four sets from Don Skeen, Los Angeles pro, to annex the Eastern Lawn tennis singles title at Westchester Country Club, Rye, yesterday. Without leaving the court, Perry then paired with J. Donald Budge and won the doubles title, turning back the veteran combination of William T. Tilden and Vincent Richards of Bronxville in five grueling sets.

Perry was playing unorthodoxly during his singles match with Skeen. He was forcing his shots and the Californian took advantage of the opportunity. Perry had won the first set 6-3 and the second 6-4 and evidently decided to use his well-angled backhand shot to start the set on deep.

In the fourth set Perry started close in, won him the third set 6-3. In the fourth set Perry started close in, won him the third set 6-3. In the fourth set Perry started close in, won him the third set 6-3.

TANK CARS ARE AVAILABLE

J. J. Polley, President of the Association of American Railroads and formerly head of the New Haven system which serves Westchester, has stated bluntly that there are more than 19,000 railroad tank cars available, far more than required to bring adequate gasoline and fuel to the east, should the shipping tank supply be insufficient.

The reply to the Secretary of the Interior Harold Ickes, who has warned of gasless Sundays and heatless winters, that transportation by tank car is more expensive than by ship is, of course, true. But it may be that in this added expense will lie the answer to what Mr. Ickes really seeks, conservation of gasoline and oil and coal. Whenever a thing becomes expensive the volume used decreases.

At any rate, the issue between Mr. Polley and Mr. Ickes should be clarified. Are we in the east to be denied Sunday driving merely because the government wants it that way or shall the laws of supply and demand be continued to operate with the item of expense proving the vital factor?

WHAT'S NO DINNER

County Executive William F. Bleakley has confirmed reports that he expects to retire from that office to become chief counsel to the joint legislative reapportionment committee, seeking to effect more accurate representation in the congressional and state senatorial districts, a redistricting which has been obstructed for political or other reasons for more than 20 years.

But, says Judge Bleakley emphatically—and when he wishes to be emphatic no one knows how better—there is to be no testimonial dinner. And friends who had quietly started wheels rolling in that direction are stymied.

Well, admitting that upon occasion this business of testimonial dinners has been badly overplayed, and that many have been so honored merely as an excuse for presentation of some gift which they had coyly intimated they would accept at the hands of admiring constituents or associates—nevertheless, how else can Westchester tell Bill Bleakley that it appreciates highly his fine work as its first chief executive under the new charter?

Can't something be done about this? Is one of Westchester's traditional habits to be discarded in this arbitrary manner? And if this sort of thing becomes habitual with incoming or retiring public officials, how are clubs and hotels and clambers chafes to make a living?

LOCAL WOMEN ON THE JOB

Mamaroneck has never had any doubt but that its women would play an active part in the present day crisis. It has been given numerous proofs of the interest of the sea and only the other day it was given additional proof when the Mamaroneck League of Women Voters met to outline its local campaign for the Battle of Production, which the League of New York State are to wage from now until August 1.

The importance of this Battle cannot be exaggerated and the League plans to take an animated part this week in the effort to make the public more conscious of its importance than it now is. The League will also aim to help in the solution of those domestic problems which are to be found in each and every community—problems dealing with such matters as housing, relief, education, etc.

All in all, it is evident that local women are on the job and that our men are likely to have to look to their laurels, if they do not want their own defense activities entirely superseded by the courageous workers in the feminine ranks.

ANOTHER YEAR OF ROTARY

At last week's meeting of the Mamaroneck Rotary Club, retiring president George R. Ayres was given a pin by Dr. Harry C. Brusklin, who will become his successor, when the new officers assume their duties on July 3. Mamaroneck Rotary has experienced a good year and President Ayres has measured well up to the high standard Rotarians look for in their leaders. The Club today finds itself keyed up to concert pitch for another year's activities and Dr. Brusklin and the other new officers are determined to make the year as interesting and helpful as the last year has been.

Congratulations are due the retiring officers for the excellent job they have done and best wishes are in order for the new officers who have before them the task of maintaining a high mark of excellence in Rotary's future activities.

BLUE MONDAY

By DICK HARRIS

Fifty years ago the Mamaroneck public school system, which now has a budget of about \$1,000,000 a year, graduated its first class—five girls and one boy.

Teachers today may either grin or groan, according to their disposition when they learn that among the songs by the chorus at that early commencement exercises was one entitled, believe it or not, "We'll Have to Mortgage the Farm."

The trouble with the beautiful one hundredth birthday anniversary is that Emil Leppla no more than gets the grass cut in one place then up it grows somewhere else. "Round and round he goes, and where he'll stop nobody knows."

In the program distributed at the dinner and rally for the United China Relief fund, it was noted that the national goal was \$50,000,000.

This appeared slightly, just a wee bit on the optimistic side, and when it was called to the attention of Dr. Barry, the chairman, he snorted and explained it was a typographical error. It should have read \$5,000,000. Even that, he said, was "big."

The French flags being hoisted on yachts in the outer harbor here are the signs of an invading by the Vichy Government's fleet. Letting Prati, local defense chairman, explain. They are the International Code flag "T" indicating a call of the navy to arms. The flags are of size six feet by three feet. The mooring anchorages are so far out that on most days the usual signal, three stars of a fog horn, cannot be heard. The flag, however, cannot be seen, however.

WASHINGTON—The boom that it is to come the very dawn of political hangers-on is working inside.

The recent anti-political army spots as Guard Officers and National Guard leaders are being swayed off guard by simply allowing their commissions to expire shortly at the end of this year's service.

Then, the board of selection of general officers which has been meeting here in such secrecy that the identity of the board members has not been divulged even within the War Department, has now completed its initial report. This report selects 20 full colonels who are deemed immediately to active leaders in the army.

How deep it sweeps is evident. The board "out" nearly 100 names in the eligible list of 1,000 lieutenant colonels before choosing the 20. It is a very high caliber of leadership.

The action represents a national departure from army tradition. It is to be heard in congressional assembly. Yeggs are already beginning to be heard in congressional assembly. Always before custom required the chief of staff to choose the names placed at the top of the list by seniority.

No greater step to encourage civilian confidence in the future of the army has been taken since the defense program started.

COMBING THE TOWN

Attends Funeral

Jack Connolly of 22 Vandenberg Avenue, Larchmont, appeared before the Village Board of Trustees last night to testify in support of the funeral services for Sen. Pat Harrison of Mississippi, who was the godfather of Patricia, young daughter of Mr. and Mrs. Connolly.

Shortly after her birth in 1925, Sen. Harrison sent her the following letter:

"You little bundle of flesh, now so small and feeble and with such possibilities. Nothing can be better for you than when you grow into womanhood, you will possess the virtues of your grandparents, the sweetness of your mother and the loyalty of your father."

"The appreciation of your name is found in the hope that our friendship will be as dear and lasting as that between your parents and your humble servant."

Protests 'Playboys'

Hyman Shapiro, resident of 3000 Bury Avenue, Larchmont, appeared before the Village Board of Trustees last night to testify in support of the "playboys" protesting the proposed plan to build a new hotel on the Bury Road.

They shine their lights into bedrooms, windows, lawns, and horns on their automobiles and go on shouting and screaming at top speed," Mr. Shapiro said.

The trustees in the orchestra at the club, he continued, were told only once that they were not to be there. They were not to be there, he said, and we were not to be there.

Mr. Shapiro was assured Mayor Johnson would take care of the situation, particularly about the proposed plan to build a new hotel on the Bury Road.

The Board adjourned past midnight. As they were leaving the Municipal Building, a call came to police headquarters. It was Mr. Shapiro, complaining about the noise.

Firemen Drill

The monthly drill of the Larchmont Volunteer Fire Department, with all companies participating, was held last night at the Larchmont Yacht Club. First Deputy Chief John T. Henrich was in charge of the drill.

Chief Gallagher of the New York City Fire Department, who was the "fire" along with Chief Alexei B. Cunniff and his crew, assigned the property of the Town of Mamaroneck Fire Department, was borrowed for use in the drill.

After the drill the firemen returned to their company headquarters in the Municipal Building.

BIKE ORDINANCE ACTION DELAYED

Uniform Law For All Three Local Municipalities To Be Worked Out

Action on a bicycle licensing ordinance proposed for the Village of Mamaroneck was postponed last night by the Board of Trustees after a public hearing.

Attorneys for the two Villages and the Town will be expected to come to work out a uniform ordinance for adoption by the three municipalities, it was indicated last night.

Representatives of Parent-Teachers groups who appeared at the hearing, however, said the ordinance should provide for some sort of aid, so that children could be taught safety on the highway. They also objected to the provision making a violation of the ordinance "dandy conduct" and imposing a penalty of \$10.

Corporation Counsel Arthur Sansone, who drafted it, said that model ordinance submitted to him made violations a "misdemeanor" which under New York State law was punishable by a fine of \$100 and a year in prison.

Trustee B. J. Santoro, asserted that police officers in the Village of Mamaroneck are already issued with school traffic and their own police duties, and urged that tests be given or given by persons connected with the two public school systems here.

Representatives of the PTA organizations agreed that it would be a better policy to postpone action on the matter until Fall, when children begin returning to school.

However, an ordinance will be worked out by the attorneys.

The Winged Foot Golf Club on Foxmore Road in the Town of Mamaroneck is being considered as a possible location for a County airport.

That Mamaroneck was one of two "runners" in the county was revealed for the first time yesterday during a discussion by the Board of Supervisors at its session. The other site is in Scarsdale.

The supervisors, acting at the suggestion of Mayor La Guardia of New York City, 118 directors of civilian defense, voted unanimously to support Chairman Raphael Carretta to appoint a committee of five, who will confer with representatives of the War Department and of the Civil Aeronautics Administration on the location of an airport in the County.

Declaring that the Winged Foot Golf Club is "highly inadequate for an airport suited for defense," the committee will report to the Board of Supervisors at its session on June 27.

BULGARIAN (AP)—Nazi reports today that hundreds of Russian tanks had been taken and several thousand taken prisoner in one sector alone on the eastern front.

CATRO, EGYPT (AP)—Rafael made an air-landing today in the harbor of Suez, on the Italian island of Sicily, yesterday and scored a number of hits on flying boats and a bomber and increased the RAF Command announced today.

By the Associated Press

Swarming drives of German armored columns into the Russian Ukraine and through Red Army defenses to the north were indicated today by diverse reports which accompanied fresh manifestations of Axis sympathy in Japan and Spain.

Foreign military attacks in Africa, Turkey, said they were added to 120 miles into the first breakthrough of Southwest Russia in the first two days of invasion.

In the center of the 2,000-mile front, a spearhead has penetrated between Lwow (Lemberg) and Brest-Litovsk, toward Minsk, said Reuters (British news agency) in dispatch from Vichy.

From Berlin came word that German assault troops had driven through a strong line of Soviet soldiers in the Ukraine which the Red Army headquarters had taken three frontier towns.

The German High Command spoke in a general way.

"In the East, the operations of the German Army are taking their planned course, with great success."

Unformed Panzer units in the Ukraine are taking their planned course, with great success."

Attention was focused on Japanese interest in the way by a Reuters (British news agency) dispatch from Tokyo saying that Japanese planes had been ordered to attack the Soviet Union.

Although Japanese news agency broadcast that today's operations in the Japanese front were much clearer in their manifestations of sympathy for Germany and in indicating the future course of Japanese policy.

While the locale was not further specified, it apparently was the rolling forested plateau of what was once middle Poland.

Although Russian advance indicated German penetration of 10 to 15 miles in places in Adolf Hitler's army, the Soviet High Command declared one Nazi column had been repulsed with heavy losses.

Thompson Named Chairman Of Board; Latz Chosen To Fill Vacancy

Probabilities are that there will be no call for selections in the Larchmont examination draft in July and August, it was announced today by Local Board No. 743 covering that area.

Notice of call just received from State headquarters by area No. 743 shows there are 230 men in the service from the area, including 10 men inducted through Selective Service and 10 men who entered through the Regular Army, National Guard, Reserve Corps or otherwise.

Taking into consideration these figures in connection with the new monthly quota for July, Maj. Kevin O'Connor, chief of the area, announced, "Local Board No. 743 will have a credit of 20 men and therefore it is not contemplated that any call will be made upon the board for new drafts."

The board also announced the appointment of Edwin H. Latz of 110 Heathcote Road, Scarsdale, by Governor Herbert H. Lehman to fill the vacancy caused by the resignation of Sidney J. Weinberg, Scarsdale, who is now with the OPA in Washington.

Mr. Latz's appointment went into effect June 15.

William G. Thompson of 4 Dundee Road, Town who had been serving as chairman since Mr. Weinberg's resignation, has been elected chairman, and Louis E. Wines of 25 Myrtle Avenue, Larchmont, has been elected secretary.

The board further announced that the resignation of Joseph J. Thompson, who was elected chairman, was accepted.

Mr. Thompson was formerly secretary.

Despite the fact that no draft quotas are expected in July and August, the board will continue to make arrangements for volunteers, particularly students who wish to complete their year of duty before the start of the college year in 1942.

Arrangements will be made so that such students may be inducted before September 1.

For further information students were advised to communicate with the board at the Scarsdale High School, telephone, Scarsdale 1942.

The board will on next Tuesday, July 1, conduct a registration of all men in the area who have completed or are about to complete their year of duty.

Trustees Turn Down Suggestion For Opinion From Civil Service Commission

A ruling as to the legality of the examination which led ultimately to the appointment of Mayor La Guardia as chief of the Mamaroneck Village Police Department was rejected by the Board of Trustees last night.

Mr. Santoro, who was appointed Chief of Police, had requested his suggestion that the Board should seek an opinion from the State Civil Service Commission.

Mr. Santoro contends that the Civil Service Commission has not yet answered the board's inquiry as to the legality of the examination.

HEAT TAKES FOUR LIVES IN COUNTY

Beaches And Pools Crowded Relief From Weather

A unusually high temperature straggled multitudinously at beaches, swimming pools and under chaises yesterday, after an almost equally oppressive Saturday afternoon, to escape from the physical ravages of one of the worst weathering weekends of the 1941 season.

Death took the lives of four in the county, with a terrifically intense lightning storm with sudden winds brought about freak accidents, including one stroke which occurred on the shore of Washington's Headquarters in the White Plains, the county's most famous site.

At the Boulder Brook Club in Scarsdale an 18-year-old Mamaroneck youth, chasing his horse after he had taken a large drink of ice-cream, succumbed to the heat and exertion and died.

At Tarrytown a 16-year-old Mamaroneck youth, chasing his horse after he had taken a large drink of ice-cream, succumbed to the heat and exertion and died.
