Snow-Groggy, All Northeast Struggles On

NEW YORK (AP)—The blizzard-battered northeast fought to dig out from under a crippling mass of snow today on the first day of Spring.

A blizzard born in West Virginia Sunday pelted out on the New England coast today. The storm followed another blizzard that swept the Northeast Friday night. The double assault hit a 14-state area and caused at least 14 deaths, most in traffic accidents or from overexertion in shoveling snow.

The calendar said Spring arrived at 10:21 A. M. But the only sign of the season was a bewildered robin or two.

Worst for Last
The still powerful winter saved its worst for last. Up to 20 inches of new snow tumbled down on parts of Massachusetts, Rhode Island and Connecticut.

Thousands of commuters were stranded, who piled up on highways. Many thousands of employees were stranded at home yesterday, and many thousands of prospective customers were kept from purchasing stores and other places of business.

cut off the eastern tip of the island. Railroad service was knocked out in the area. Several communities had some without food or fuel deliveries for nearly 48 hours. By daylight today, however, main roads had been reopened well enough for new shipments of food and fuel to be received.

New York City public and parochial schools were closed again today. Many schools also shut their doors in other states.

The Hudson & Manhattan Railroad, out of operation between Jersey City and Newark, N. J., last night, resumed service today.

Trade Loss \$150 Million
The Sunday-Monday fall in the New York area was on top of the 48-hour snowfall of Friday and Saturday—for a total of \$1.8 billion.

In the center of the city, however, much of the original fall had disappeared by the time the second storm hit.

New York City's business and industry today hoped to struggle back toward normal operations today after a loss to trade estimated at \$150 million.

Many thousands of employees were stranded at home yesterday, and many thousands of prospective customers were kept from purchasing stores and other places of business.

Alabama Adds Testimony On Clergy's 'Plot'

MONTGOMERY, Ala. (AP)—The state planned to present new testimony today in an effort to show that a twenty-seven-year-old Negro minister conspired to clamp a crippling boycott on city buses.

On trial in Circuit Court is the Rev. Martin Luther King Jr., the first of 50 Negro leaders called to answer indictments resulting from the 10-week-old protest against racial segregation.

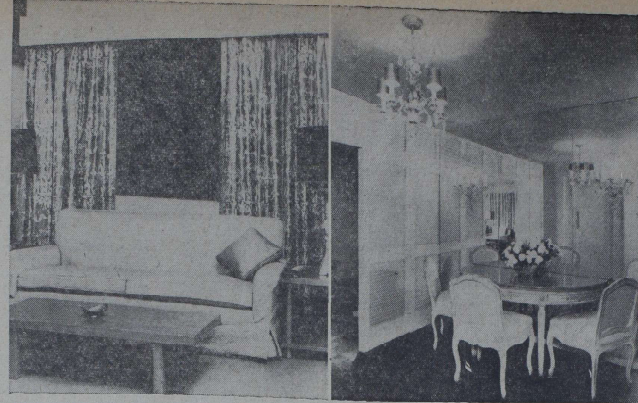

Mr. Erna Dunage, the last witness to testify at the opening of the Montgomery improvement Association, a Negro organization which the state says is headed by Mr. King. Prosecutors are trying to establish the organization's role in the bus boycott.

The trial of Mr. King may well run through tomorrow. It may be weeks or even months before the trials of all 50 defendants can be completed.

Mr. de Novelles, campaign manager for Mr. Egan, who announced last week he would be a candidate for the Republican nomination for Congress from the 28th Congressional District, also said that county-wide head-counting would be opened this week in Larchmont.

John W. Tierman, of 734 King Street, Port Chester, was named chairman of the Rye-Port Chester area of the committee, and John M. Coughlin, of the Chatsworth Gardens Apt., Larchmont, was appointed chairman of the Young Republicans for Edward J. Egan.

FOUND DEAD IN BED
HASTINGS-ON-HUDSON—Michael Pedaw, sixty-six, of 98 Southside Avenue, was found dead in bed today. A doctor said he apparently had been dead about 12 hours. The Medical Examiner's office attributed death to natural causes.

DONE WITH MIRRORS. What appears to be a round table and six chairs at right, is in reality only a half-table and three chairs. The mirrored wall creates the illusion and makes the small room look twice its natural size. New Spring draperies are inspired by all manner of things like the ones pictured left. The design created in these was based on the night lighting of the famous fountains at Versailles.

Wall-Long Mirrors Double Room Size

When Alice walked through her famous looking glass, all sorts of interesting things began to happen.

The 1956 home decorator can produce exciting things with mirrors too, lovely things that add beauty and space to home u apartments.

Room sizes can be doubled with the use of mirror paneling. An entire wall may be covered with a new type of structural mirror, or only one panel employed in the creation of a room.

In either case the effect will be a revelation.

Furniture Doubles
With an eye to making maximum use of existing space, furniture arrangements now adopt themselves to the mirror background. A half-table, as illustrated, placed along the mirrored wall, gives the illusion of a full round table with six chairs around it. The mirror not only makes the handsome table seem twice its size, it gives an otherwise small room a spacious air.

This same trick can be repeated with a one-arm sofa. With the mirrored wall, gives the illusion of a full round sofa with six chairs around it. The mirror not only makes the handsome sofa seem twice its size, it gives an otherwise small room a spacious air.

Home-Burned Victim Stove From Hospital
WHITE PLAINS—Mrs. Rosa Shapiro, fifty-six, of 4 Quarropas Street was released from White Plains Hospital this morning after being held overnight for treatment of first-degree burns of the face.

Remember the heavy dark velvet drapes that were once the pride and joy of a housewife's? Their glory was confined to the era of front and back parlors, and calling cards left at the front door.

Today the parlors, both front and back, have been relegated to the same limbo as the velvet window decorations. All rooms of a home are now lived in and draperies are chosen to meet a variety of needs. The trend of living is informal, comfortable, to clean in furniture and appointments.

Drapery materials have kept right in step. New spring designs are as bright as a flower petal with turquoise, apricot and violet becoming more popular as colors every day. Stripes and small geometric designs are especially created to use in rooms with mural walls.

On one brilliant butter-plate, wide spaced, on backgrounds of white light blue and light pink, bring Summer right into the room. Another print has over-sized, delicately colored seashells in an all-over pattern. Versailles in its appeal and use.

The night lighting of the famous Versailles fountains was the inspiration for one print shown today. Even famous operas are incorporated in some designs.

Clint no come in exotic colors and some patterned tees such as weather predictions and Zodiac calendar headings. One, made for the boy of the house, has a Cape Cod pattern with bolted clipper ships, compasses, starfish and so on. The prints are of a fine cotton in a satin weave and are so closely woven they may be used for up set drapes that were once the pride and joy of a housewife's.

CANDIDATE BEAMS ON divisions leaders named today by Marshal N. de Novelles Jr. campaign manager for Edward J. Egan, of Larchmont, candidate for the Republican nomination for Congress from the 28th Congressional District. Left to right are John W. Tierman, who will head the Rye-Port Chester area; Mrs. Constance Carrown, the committee's executive secretary; Mr. Egan, the candidate; and John M. Coughlin, of the town of Mamaroneck, Fire Department, and the Calvert Club of Larchmont.

2 Appointed As Divisional Aides To Egan

Mr. de Novelles, campaign manager for Mr. Egan, who announced last week he would be a candidate for the Republican nomination for Congress from the 28th Congressional District, also said that county-wide head-counting would be opened this week in Larchmont.

John W. Tierman, of 734 King Street, Port Chester, was named chairman of the Rye-Port Chester area of the committee, and John M. Coughlin, of the Chatsworth Gardens Apt., Larchmont, was appointed chairman of the Young Republicans for Edward J. Egan.

2 Bandits, Girl Rob Dress Shop In N. Y.
NEW YORK (AP)—Two men and a girl held up the manager and a clerk at gunpoint in the La Vestra Dress Shop, 1371 Broadway near 47th Street, last night. They escaped with \$85 in cash, two men's watches and a ring.

The manager, Jack Posner of Flushing, told police the trio—all Negroes—entered the shop shortly before 10 P. M. and the men purchased a dress and placed a \$2 deposit on a sweater, (he then left).

At 10:20 P. M. they returned. Posner was forced to hand over \$80 and his watch. The clerk handed over \$5 in cash, his watch and a ring. They took additional \$500 from the cash register.

SEATO ACTION INSTIGATED
TOKYO (AP)—A high American source said today the South-east Asia Treaty Organization in its opinion "would have to act" if India attacked Pakistan in their dispute over the state of Kashmir.

Senate O.K.s McCullough's PCC Measure

ALBANY (AP)—The Senate has approved a bill that would make it easier for counties to manage permanent personal registration for voters.

Senator Frank S. McCullough, Rye, Republican, introduced the measure.

The bill, sent to the Assembly, would revise the State's optional PPR system in technical ways but would not force the counties to adopt PPR.

The Senate vote last night on the Republican program measure followed party lines, 55-23.

Another voting bill was passed by the Assembly last night unanimously and sent to the Senate. The measure merely puts into the election law a constitutional amendment approved last year by the voters to permit absentee voting and registration by the sick and disabled. Assemblyman J. Eugene Goddard, Rochester, Republican, sponsored the bill.

Fifth Graders To Appear On TV Program

Members of the fifth grade class of Miss Annetta Albert at Chatsworth Avenue School will appear on the "Happy Show" television program Friday morning at 9 o'clock on NBC-TV on Chatsworth Avenue School. The program will show how regular classroom work is carried on and demonstrate their studies.

A science demonstration will be held showing the use of a mercurial barometer. The unit on History will exhibit the model forms pupils have made in the forms of the characters in stories they have read. The mathematics will be donated later to the school. The French program will be shown with the children using conversational French. Three of the students will play an instrumental trio.

Six students of Walter Cooper, sixth grade class, will also appear in a demonstration of a news broadcast which the class conducts each day over the school loud-speaker system as part of the reading program.

The appearance on the show will be followed by refreshments and an indoor tour of the studio. The class will go on chartered buses accompanied by Miss Haggerty, Mr. Cooper, five mothers and John J. Madey, principal.

Larchmonters Honored On Anniversary

NEW ROCHELLE
Mr. and Mrs. Edward Lewis of 172 Myrtle Boulevard, Larchmont, were entertained at a surprise party given for their 35th wedding anniversary by their friends and relatives on Monday, March 19, at the home of Mr. and Mrs. George Isaacs of New Rochelle and Mr. and Mrs. Harry Bennett of Yonkers. The party was given in the Bennett home at 18 Hudson Place. Decorations were in blue and white. Telephone messages and wires were received from Mr. Lewis' sisters and brothers in California and Maryland, and the couple received a call from Mrs. Louise O'Neil, who moved five years ago from their home at 33 Park Avenue, to Atlanta, La. Residents of Larchmont for four years, Mr. and Mrs. Lewis previously resided in New Rochelle for six years.

Ed Petrie Closes Out Brilliant Career With Seton Hall Cagers

Ed Petrie of Mamaroneck concluded a brilliant career with Seton Hall's basketball team last night at Madison Square Garden, with the final game ending on a sad note as the Pirates were defeated by St. Joseph's of Philadelphia, 74-65.

The setback eliminated the Pirates from the National Invitation Tournament, and spoiled Petrie's aspirations of becoming the fourth cager in Seton Hall history to hit 1,000 points.

Petrie entered competition with 943 markers after a 22-point performance which sparked the Pirates to a 96-78 conquest over Marquette Saturday night, thereby needing only 57 points to join Top Sal, Richie Regan and Walt Dukes in the select circle.

Coach Boyle Pleased With Early Showing Of Tiger Track Team

Coach Bernard Boyle is highly pleased with the potential shown by this year's edition of the Mamaroneck High School track team.

For three weeks the Tiger cindersmen have been going through calisthenics, weightlifting and hurdling exercises to round into shape.

Boyle, assistant track coach to Bob Sampson last year, was succeeded Sampson as head coach.

Special attention has been paid to striding form and sprint technique by Boyle during early sessions.

employees would show up that day and of planning an inconspicuous getaway from the bank, police say.

However, the one slip which tripped the robbers in the Port Chester story was using a getaway car belonging to Palumbo. Someone became suspicious of the men transferring a box and a crate paper basket (which concealed the loot) to another car in a parking lot. WS 45, the first of four characters on the license, were spotted by the witness.

So far, some \$7,000 in the Port Chester bank robbery has not been recovered. The FBI has not given up hope of finding it although they now consider the Mount Vernon money as spent.

20th County Cage Tournament Opens As 24 Quintets Compete

WHITE PLAINS— The 20th annual Westchester amateur basketball tournament got underway in high gear last night at the County Center with 24 teams in three divisions showing no apparent rust after the weekend postponement.

Action commenced at 5 P. M. in the midst division, and continued until after 10:30 P. M. with the senior contests.

White Plains Moose opened to a 27-29 victory over Westchester, and won the opening middle tilt, with Moose Jim Allen firing in 18 points to lead the scoring.

Other winners in the middle class were Harrison, with a 25-23 victory over North Tarrytown. Scarborough, 26-29, over Peekskill. Fox, on a forfeit over apparently snow-bound Yonkers. Crown, with a final-period rally for a 23-21 win over Dobbs Ferry and Port Chester, with a 26-29 beating of New Rochelle.

Three games were played in the intermediate division. One was an overtime struggle and the other pair one-sided affairs. West Harrison Wildcats, leading by a comfortable margin throughout most of their game with Pleasantville Rams, found themselves extended into overtime, as the Rams made a sizing second-half comeback to toss masters at the end of regulation time. A free throw by John Midollo with five seconds left in overtime gave the win to West Harrison, 43-44.

Mr. Carmel CVO, of White Plains, breezed to a 54-23 decision over Eastchester Owls, as Ken Davis and Bob Light conspired for 13 and 14 points, respectively. New Castle Grecoyleys escaped Fairview Chevrolets, 54-30, with Pete Page and Jerry Vocornis each tanking 13 markers.

Ship Ahoy of New Rochelle, provided the only senior upset. It dumped highly touted Port Chester Jewish Center, 57-48, with a flurry of free throws in the first 20 seconds. Port Chester's talented Jerry Rappaport single-handedly kept the club in control throughout most of the game, but a couple of technical fouls in the waning seconds, spelled victory for New Rochelle. Rappaport, a solid performer, scored 28 for the losers, while former Villanova cager Brent Kluger paced the winners with 19.

White Plains Johnny's and Ossining Red Raiders provided a senior see-saw affair, with Johnny's fighting off repeated Ossining attacks for an eventual 68-57 victory. Johnny's led at the end of every period. But it wasn't until late in the fourth quarter that they put the game on ice, mainly through the efforts of Joe Tomaszelli who tanked 10 of his 24 points in the final quarter. Art Leavy paced the vanquished Raiders with 15.

Terilli, Hicks Star; Hansons Play Tonight

MOUNT VERNON— Pelham Hansons, defending champions here and winners of the recent St. Mary's Met CYP tournament in Port Chester, lived up to their role as favorites as the annual Mount Vernon Boys' Club senior division basketball journey began last night.

An all-star aggregation that included many of the recent school season standouts, the Pelham entry trounced South Side Boys' Club of New Rochelle, 111-46. Every member of the Hanson squad scored in double figures.

Bruno Terilli, from Roosevelt, netted 19. Nick Lapolla of Mamaroneck High, Jim Peay of Rye, and former Seaside star Ron Semenza each scored 14. Jack Delaney added 14 down, Jack Pellico and John Von Baren each 10.

Carver Center For Tonight
Carver Center of Port Chester tries to halt the rampaging Hansons in one quarter-final tonight. Last night the Carver club got a kick 36 points from Bob Williams and another 29 from Bob Johnson in whipping Yonkers Clowns, 64-64. Al Ritter's 21 was high for the losers.

This game will be second on tonight's twin bill at Washington High gym. In the final, two Mount Vernon entries, Americans and Paramounts, clash. Both sum, 2-0, by forfeit last night when their respective New Rochelle opponents, Peeney Park Boys' Club and Edgewood Oilers, failed to show up for the date.

One other forfeit was awarded. Mount Vernon Rebelsverses over New Rochelle Columbians. Rebelsverses play tonight's opening quarter-final at North Side Boys' Club gym against the Denton Big-5 of Yonkers. Dentons defeated North Tarrytown All Stars 61-47, last night. Game's high scorers were Joe Fallo of the winners and Bob Zajac for NT, each with 18 points.

Bryant Sparks Midlands
Last night's other survivors were New Rochelle Twin Lakes, 33-49 over Yonkers Cecil Big-5, and Yonkers Midlands by 41-38 from New Castle Grecoyleys. They clash in the NSBC finale tonight. Tom Mc Spoden was named MVP. He had 18, shot in the losing Cecil cause, against Twin Lakes. Warren Bryant sparked Midlands with 37 and Joe Steward had 14 for the Collegians.

The Sportsman scoring was well distributed among Jim Delitto (10), Jim Big (10), and Jerry Savino (11). FLOYD WATLINS was somewhat solid 6-11 ballgame. The Rocketeer high man with lead in the final senior game, nine.

You Need 4 Wheels On Vehicle Swoon To Drive In Parkways

WHITE PLAINS— The Westchester Park Commission has amended its general ordinances to exclude all motor vehicles from parkways having two or three wheels with a diameter of less than 15 inches each.

Falling into that category would be motorized bicycles, moped-cycles, scooters, motor-cycles and power-propelled vehicles with any wheel being less than 15 inches in diameter. The 15 inches excludes the diameter of the tire.

The law will take effect on April 15.

Sophomore Ben Shapanick, gradually working into shape, has been leaving near the 40-foot mark. Also impressive have been Mike and Paul Maraffino and John Barneick. Other sub-peters are Herb Cadwell, Roy Humphreys and Tony Stramiello.

Lettermen Bob Kaufmann leads the pole-vault candidates, while Chuck Brower, Dick Adams, Lou Garofalo, Dick Ehrenberg and Stan Brubaker have also shown promise.

Heading the list of jumpers are veterans Paul Faniel and Ralph Akava, and junior Tom Donnell. Fred Lewis and Bob Lew are also candidates.

Graham School Anniversary

HERE is logical and substantial pride in the fact that here in Westchester—at Hastings-on-Hudson—is the oldest home for orphans in America.

It is the Graham School, now marking its 150th anniversary. And it is widely famed not alone for its age but for its 'manliness'...

More than 6,000 boys and girls have grown up at the Graham School and a great many of them revisit there, for so many it is they have known...

Like many another 'orphans home' in this country and elsewhere, the type of child here has been changing. As a general rule, human life lengths, orphans grow fewer in number...

More than 6,000 boys and girls have grown up at the Graham School and a great many of them revisit there, for so many it is they have known...

May it continue for many more decades to provide hope and home for homeless children, may there continue to be not only staffs of trained cottage mothers, social workers, teachers and others but an energetic band of men and women...

The generous practice of private charity is part of the soul of America.

To Be Frank: Not Fearful

EVERY once in a while some reader is irritated by a news item or an editorial or letter in the daily newspaper—to such an extent that he or she condemns the paper.

Such a person—often a mature man or woman—is so overcome with regret or disgust or disappointment or displeasure by what he has read that he forgets the newspaper is essentially a mirror, reflecting what happens in the community, nation and world...

It seems too bad that such an explanation has to be made at this late date, for one would suppose that most readers would be well aware of the place of the newspaper in American life.

The daily paper, is just as essential to most of our citizens as government itself. Often it is more so. Thomas Jefferson so recognized when he commented that, if he had to choose between government without newspapers on the one hand, and newspapers without government on the other, he would not hesitate a moment to choose the latter.

The situation was described tersely, even bluntly, the other day by one Craven, a member of the Executive Committee of the American Newspaper Publishers Association, in a speech in Georgia.

"Without the newspaper as we know it today," said Mr. Williams, "and as we have known it through our line of glorious ancestors, there would be no such thing as government and a constant demand for an accounting to the public by all who hold office, whether they be the heads of cities, or counties, or states, or the Federal government."

Many persons, however, at freedom of the press—as it operates today—is far better in quality and serviceability than in any previous period of this nation's life.

Our newspapers, moreover, are devoted and dedicated to information and make a never-ending fight to keep the channels of news open and flowing, with particular reference to local, state and national government.

Our newspapers, moreover, are devoted and dedicated to the right of all who disagree with the press itself—individually or collectively—to utter their criticisms or compare without hindrance.

For it is by having conflicting views, differing views, introduced into the marketplace of public opinion that Americans are able to reach the truth for themselves.

In other words, we are not to be doing our job rightly if our sole effort were to please you and all other readers all the time—it is also an inherent part of our obligation to irritate, to challenge, to question, always fairly, to be sure, but never fearfully. That's the cardinal sin in this business...

Lower Air Rates Gain Supports

WASHINGTON—The move had already promulgated the regulations. The cut is still being worked on appeal. LINK THAT CUT RATE—Regardless of the legal merits of this dispute, it was North American which cost of a transcontinental flight to the present \$50 figure. It was able to introduce this innovation by installing aircraft service without such fuels as jet-mignon and champagne.

By applying the reduced cost-rate to foreign routes, North American says that it can cut costs for European travel by from 40 to 50 per cent. The proposed schedule has made popular reading in Congressional circles, especially in view of the per cent increase that becomes effective on April 20th.

HALF TRAVEL BY COACH—Today, 50 per cent of air travel is by coach. Traffic has increased so much an extent that almost all except a single great intercontinental air line no longer demand a subsidy from Uncle Sam.

Combing The Town

Never Again

A car-stealer's conscience was responsible Monday for the return of a New Rochelle business man's car stolen Saturday night from the Rose and Parker Motors Corp. Weaver Street and the Boston Post Road, Town, police report.

Det. Sgt. Chauncey Smith reported the car was found in front of the Bell Air Apartments, Mamaroneck, with a note on the door stating the car-stealer had confessed to his priest who advised him to return the car. "It will not happen again," the note read.

Owner of the car is William J. Boyle of the Bronx who has a business in New Rochelle and who left the car at Rose and Parker to be repaired following an accident.

Weekend Warriors

How men are taken from civilian life and trained as weekend warriors will be the subject of a movie at 8:15 P.M. Tuesday at a meeting of Mamaroneck Post No. 4 American Legion.

These men constitute the Naval Aviation Ready Reserve. They maintain their efficiency by serving on short notice to fit a squadron of combat planes in any emergency.

After the movie, Chief Petty Officer Michael G. Hanzig, chief aviation structural mechanic and resident instructor at Hawthorne, will explain the current draft law. Accompanying Mr. Hanzig will be W. H. Pierce of the U. S. Navy Information Service, stationed with Naval Air Station at Floyd Bennett Field.

3,538 Lbs. Of Books

Record circulation of the Mamaroneck Chamber of Commerce telephone directory and business guide was reported yesterday by the telephone book committee. Mrs. Margaret D. Norris, Chamber executive, Mamaroneck postal employees came in for a large share of thanks for setting the books out promptly.

Mrs. Norris said 3,538 pounds of books were mailed to 8,164 residents and business concerns. Of this number, Langhorne, Pa. Service Unit, addressed 6,169 Mamaroneck and 1,885 to Highlands.

Scarsdale, N. Y. Service Unit, Rye, N. Y. Service Unit and Scarborough, N. Y. Service Unit, Westchester, Mrs. Norris said.

The committee commended R. DiCorio, chairman, for his efforts in preparing, including a map of the street parking, voting information and top of page information.

Other committee members are Strauch, and R. Dewey Brewer.

Equal Forces Proposed Let's Both Cut Army, U.S. Challenges Reds

LONDON (AP)—The United States has asked Russia to join in a military manpower cut which would whittle the armed forces of each nation to 2,500,000 men.

The plan was placed before the five-power U. N. disarmament subcommittee yesterday by Harold E. Stassen, President Eisenhower's personal adviser. The Russians made no immediate comment.

Mr. Stassen said the plan which would save approximately \$1.5 billion annually would be agreed to by Britain, France and other nations, calls for a parallel reduction in armaments and military spending of each country.

Ballistics Beyond Reach U. S. 'Pushbutton' System Able To Kill Planes, Some Missiles

FORT GEORGE G. MEADE, Md. (AP)—A newly unveiled Army anti-aircraft system was said by Secretary Brucker today to be capable of detecting an enemy's "aircraft and missiles" and coordinating the firing of Nike missiles against them.

The Army calls the complex "Nike Master" "Missile Master." Newsweek was shown the first developmental center which Washington-Baltimore area. The Army post lies between those two cities.

Their current defenses apparently include 11 Nike installations spotted over a wide area. Each such installation has eight Nike missiles ready to launch.

Officials said the Nike Master can detect individual planes of a mass raid, assign a battery to specific planes, and sort out friend and foe among aircraft in the area.

Work with 'Sage' Possible

The Nike Master system can be operated either independently or in conjunction with the over-all "Sage" air and anti-aircraft defense systems run by the Air Force in general. It is a smaller, localized version of the Sage Nike is believed to have a

speed of about 1,500 miles an hour.

Boiled down, this seemed to mean that the Army believes its Nike can knock down the fastest jet bomber, can deal similarly with plane-like missiles, but can't cope with ballistic missiles.

Recalling comments by missile specialists that there is now no known method for intercepting the ballistic missile which flies at many times the speed of sound, Nike has been fired successfully at missiles. The spokesman said he could not say more.

A spokesman said the Secretary had no intention of "re-creating" the Nike Master system. He intended, the spokesman said, only "to state a fact. Nike has been fired successfully at missiles. The spokesman said he could not say more.

However, he appeared to be referring to reports that a Nike missile had shot down an Air Force strategic bombardment plane, the Mailer, essentially a planeless jet bomber. The Mailer does fly at a speed under that of sound (760 miles an hour), but is not as fast as the Nike.

The application of Arthur Roosevelt to use an existing nonmilitary garage in conjunction with a new house at 25 Grove Avenue was denied.

Hearings scheduled on the plea of Hughes and Co. for erection of a nonconforming sign at 106 Boston Post Road and of Jack Piemonte for continued use of a nonconforming sign and neon tubing at 47 Boston Post Road were postponed.

Nagel Named For School Board

Garlock Nominated To Succeed Himself At May 2 Elections

Carl E. Nagel Jr. of 430 Oriens Avenue, Mamaroneck, was named to replace Tuzius Topoluceno and Robert Garlock of 8 East Drive, Larchmont, was nominated to succeed himself in the May 2 Mamaroneck Board of Education elections at a meeting of the committee on the Middle East Branch of Senior High School.

Both candidates spoke briefly at an annual address which also participated in the election of 13 members of the 24-member committee.

Mr. Nagel said he was looking forward to the election of the committee for the selection of the school board and three new members of the Middle East Branch of Senior High School.

Mr. Garlock said "there is no community opinion as to whether I am being elected to the school board." He said he was looking forward to the election of the committee for the selection of the school board and three new members of the Middle East Branch of Senior High School.

PRAYER FOR TODAY

As spring beckons and "all things in the coil respond," I pray in gladness, thank God, for tomorrow morning's return of Springtime.

Vaccine Supply vs. Demand

RECENT enactment in Washington to increase to extend the federally financed program of mass inoculation against polio to mid-1957 signifies full acceptance by Congress and the country of the new Salk vaccine.

Another barometer of public opinion on that point is the readiness with which Westchester parents have been taking their children to private physicians to receive the "black ink" handling of the Salk serum here or anywhere else.

We are moved to raise our editorial voice in support of Dr. Brumfield's plea. The people of Westchester have reason, rooted in a record of fine service, to have confidence in the professional integrity and impartiality of their County and local health departments and in their private physicians as a class.

But parents may object, their patience with the vaccine procedure will not safeguard their youngsters against polio. On that score we have the statement only this week by Secretary Marion H. Colton, director of the Department of Health, Education and Welfare, that it is convinced most of the 47 millions of children under age 15 will have had Salk shots before this year's polio season begins.

If that proves true, we shall have had a tremendous blessing for which we should be thankful. It doesn't prove true, the time then will have come for the full-scale, nerve-racking, hob with all those responsible for the failure.

Herbs and Their Use Subject Of Manamoaek Garden Club

The fascinating art of herb growing and cookery was described yesterday for the March program of the Garden Club of Manamoaek by Mrs. Marie Hand, speaking at St. Thomas' Church parish house. Discussing "Adventuring With Herbs," Mrs. Hand warned that herbs are easy to become confused. Herbs, which generally do best in full sun, are grown in annual or perennial borders in the garden, and some are planted in pots, such as basil, dill, and chives. Revolt Tears Suthergreen In Greenville

GREENVILLE—A full-scale revolt against Republican Town Chairman Fred Suthergreen flared here last night over the reappointment of Julian Lieberman to the Greenburgh Board of Zoning Appeals Feb. 28.

Six Republican committeemen representing Election Districts 33, 34 and 35 blasted the appointment on the grounds that it "denied Greenville the right to name its own representative on one of the most sensitive regulatory boards of the town."

The committeemen said that Mr. Suthergreen's support of the appointment "should deny him any remaining faith the voters of Greenville may have in his leadership."

Committeemen making the charges were Allen A. Richman, Lorine B. Andrews, Andrew Wilson Jr., Virginia Coulter, Jean Seely and Howard Volgenau. A letter explaining their stand will go to more than 1,000 Greenville voters later this week, they said.

Mr. Suthergreen said the charges "were to be expected as a result of the attitude previously displayed by the Greenville group in relation to the many problems affecting the town of Greenburgh which should be nonpolitical in nature."

Long Control Threatened Dakota GOP's Thorn May Be Rival's Rose

BISMARCK, N. D. (AP)—An uneasy political kinship of 40-year standing in North Dakota is headed for a breakup. The Nonpartisan League, which fought Republican policies almost everywhere except at the ballot box, is ready to cross over to the Democrats.

The switch poses a threat to long-time GOP control in a state which has voted Democratic in a Presidential race only four times since 1900.

Since it was organized the league has been a faction of the state Republican Party. It has put up its own candidates in Republican primaries in a battle with more conservative party elements. But up until now it has always been voted to the GOP in the general elections.

The shift, expected to materialize at the league's biennial endorsing convention today and tomorrow, has been in the works for almost 10 years. It has been sparked by a group of "insurgents" who say the league has long been out of place in the Republican column.

The switch leaves unclear the position of Senator Langer, 71, N. D., a driving force behind the league for more than two decades. He declined comment yesterday on his plans should the league abandon the Republican banner. However, Representative Usher Burdick, also a veteran leaguer, said he would file for reelection with the GOP.

The effects of the league's turnabout nationally are hard to measure. Unquestionably the up-

town weak state Democratic Party will be touched. Yet there is no way of telling how many leaguers will follow the organization into the Democratic fold.

It should, however, rub out a lot of confusion which has made the state's political alignments bewildering to outsiders.

While it has organized with the Republicans, the league's aims and programs usually have a Democratic look. In some cases they have come beyond the Democratic Party's liberal movement.

STRINGING YOU ALONG

Spanning the years, Bill and Cora Baird pose with some of their more famous creations that, despite time, have aged little. Their 1,500 puppets are stored in numbered boxes that reach to the ceiling and are found through a card index.

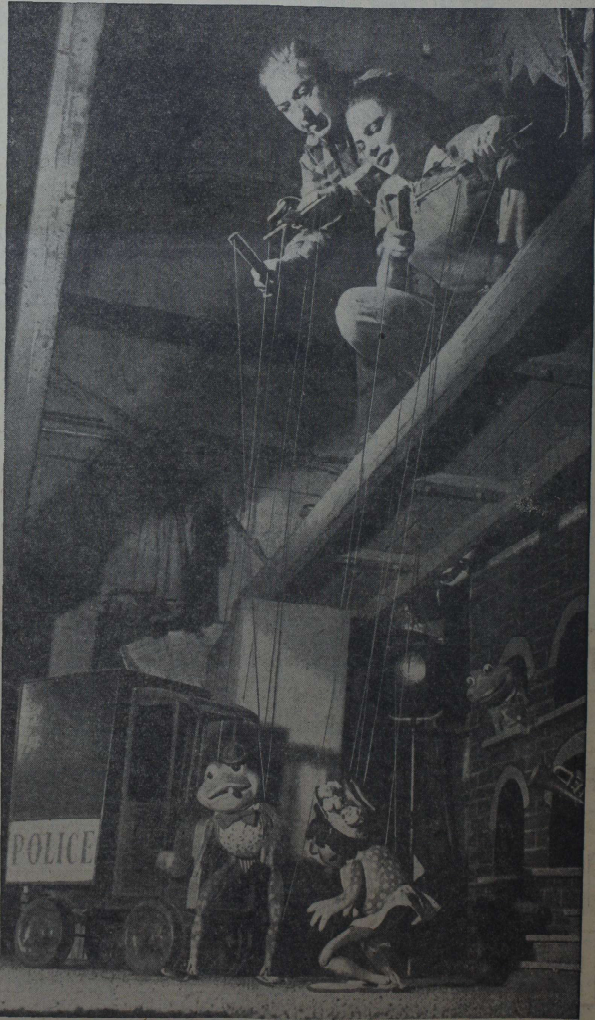

FROGMAN: Franz Fazakas, Baird assistant, can't resist imitating facial moves.

IF BIL AND CORA BAIRD have more family ties than most people, it is because they are the proud parents of nearly 1,500 puppets and there are plenty of strings attached when one chooses to live in a world of puppets. The Bairds, their two children, aged 10 months and four, and their vast collection of puppets live and work in an old New York City carriage house that was once headquarters for the Dutch Schultz gang in Prohibition days. Its weatherbeaten exterior gives no indication to the weird goings-on inside. A sign on the door reads "Don't ring, baby sleeping." You tiptoe in to the glare of a record player and of several adults, including Bill Baird, hopping about on one foot and chirping like frogs. The group is planning the choreography for a new puppet number, but it takes a full ten minutes for a visitor to comprehend what is going on.

For ten years the Baird puppets have been delighting millions of American television viewers with their puppet pantomime. It is more than 30 years since Bill Baird built his first puppet after a lengthy apprenticeship with Tony Sarg, the master of marionettes. Today, the Bairds have a staff of artists, sculptors, technicians and secretaries working with them in their combination warehouse and home, which they call "Fire Horse Manor."

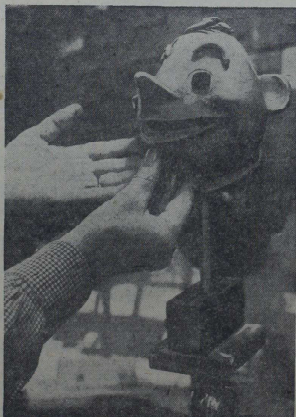

"There is only one problem with puppets," reports Baird. "They may bring down the house but their costumes bring moths. Can you imagine Heathcliff, the talking horse, appearing on TV surrounded by moths instead of flies? It would be most embarrassing."

FROM CATWALK ABOVE the set Frank Sullivan, a Baird assistant, and Mrs. Baird manipulate puppets inside puppets (right) to obtain facial expressions.

A PUPPET IS BORN on the drawing board. Here, Bill Baird creates a new one as his wife, Cora, suggests top hat to top it off.

BIL BAIRD'S HANDS work quickly as the artist creates a puppet that will be used for television commercial.

SET from "The Three Penny Opera" features frogs. Live telecasts originate from the Baird studio in an old carriage house.

TODAY'S PUPPETS (left) are more exaggerated than those (right) which were built 20-odd years ago.

Local Selected On All County Basketball Squad

Bradt Wins Honorable Mention, McWhinnie 'Coach Of The Year'

By GUIDO CIRIBBI
Westchester County Publishers Inc., today presents its 1955-56 All-County scholastic basketball year, and "Coach of the Year."

Here are the honored hoopsters, selected by sponsors in the Macy-Westchester group of daily newspapers, listed alphabetically:

Kevin Bradt of N. Y. School for Deaf
Paul Brown of Concordia Prep
Romeo Davis of White Plains
Tony Hammar of Gordon
Seth Hicks of New Rochelle
Rick Lancia of Mamaroneck
Manny Lawrence of White Plains
George Marklay of St. Stephen's
Ralph Mara of Sleepy Hollow
Dan Smith of Gordon
Bruno Terilli of Roosevelt

The squad was topped to 11 this year as three players tied for ninth and tenth in the poll.

Lin Bradt, standout on the Bellows High School squad won honorable mention in the voting. Bradt was the sparking of the Bellows and led the Panthers in floor play and scoring.

Almost unanimously with but one exception, the writers selected Henry "Hank" McWhinnie, White Plains High as "Coach of the Year."

Each of the eight daily newspapers in the Macy-Westchester group and the affiliated People's Evening Star participated in the voting. Ballots were submitted by the following sports editors:

Bill Libby of the Yonkers Herald Statesman, Lou Lynch at the White Plains Reporter Dispatch, Bob Harbach of the Mount Vernon Daily Argus, Bob Doyle of the New Rochelle Standard Star, Ann Sheen of the Post Courier, Edilio of the Tarrytown Daily News, Bob Hrubecsh of the Mamaroneck Daily Times, and Ray LaPolia of the Westchester Star.

Four are repeaters from last year's All-County squad. They are Terilli, Mara, Hicks and Brown.

Four are newcomers from last year's All-County squad. They are Hammar, Hammar, Hammar, Hammar.

The dual award was made necessary by the cancellation of the combined season award because of the snow storm.

Mahoney, seventeen-year-old senior, was a standout for Mamaroneck High and sculler Robert Houston of Pleasant Sacramento High, New Rochelle, are Ed Gilson "Sports Aardvark" recipients for the best two weeks.

MHS Teams Honored At School Assembly

Members of Mamaroneck High School's winter sports teams, as well as band members and writers were invited yesterday morning at a special sports award assembly in the Senior High School auditorium.

A total of 175 athletes, team managers and musicians, team chairmen, was in attendance for the award ceremony.

Mel Ronick, sports and awards chairman, was in charge of the ceremony and coaches of the various teams made the awards.

The hand letters were presented by William Luther while Thomas Rock made the presentation to the rifle team members.

The bowling squad received letters from Francis Kenny and a feature in this portion of the program was the presentation of a rifle certificate to seven members of the rifle team.

Mr. Sampson, coach of the basketball team made the awards to the basketball team members.

Manhattans Shut Out By Pink Ladies

The Manhattans lost out last night in their efforts to keep in the Club Four scramble for second place. They were stunned by the Pink Ladies in one of four games at the New Rochelle Athletic Club.

The Pink Ladies proved a far more potent than usual as they won three games and took them all by wide margins.

The match turned up the only shutout in the evening's play as the Stingers, leading the Jopp

winning the WIAA title and the State Section I title. AA and open championships this year. The terrific Tigers won 19 games and losing only to A. B. Davis of Mount Vernon.

While it was agreed that McWhinnie had the talent, his direction and handling of the team over the season was not faultless.

Nine of the 11 honored careers are seniors. Lawrence and Bradt are juniors and of those selected served as captains of their respective teams.

Brand was the county's most prolific point-maker for the season just concluded, with 543 points in 20 games for a per game average of 29.45.

Hicks the 6-4 tower, was second in scoring with 475 points in 19 games for a per game mark of 25.

Danny Smith of Gordon, third in scoring at 432 points, is the squad's tallest man at 6-5. Brand is the shortest at 5-8. Four on the squad are 200-pounders. Ed Stephens' George Marklay heaviest at 215.

The team's per player average was 23.4.

The all-county honor which has been given Nick Lapolla, ransy center of the Mamaroneck court squad, was highly deserved when statistics of the Tiger basketball season are studied.

Lapolla, averaging just under 30 points per game, spangled the Tiger team to a 12-5 season and to second place in the WIAA where the squad had 10 and four marks.

He scored a total of 399 points during the season in 20 games, including two tournament games which are not included in the league season work. His total included 137 free goals and 123 points from the free throw mark and in shooting from the floor he hit an amazing 477 averages.

His value to the team was far greater than his scoring, however, as his size enabled him to rack up 121 offensive rebounds and 263 defensive rebounds and in every game he had control of the ball.

In a WIAA competition he finished as the top scorer with 273 points in 14 games for a 19.5 average. He trailed only 8 1/2 to 11.5 of New Rochelle who had 340 points and Bruno Terilli of Roosevelt who racked up 223 total in league competition.

Unless he's hit by a live drive, a broun ball or a slumping pitcher, Porterfield looks ready to come up with a year and put the Boston Red Sox in the thick of the American League pennant race.

Porterfield, obtained from Washington last November, has looked great in the Sox exhibition games. He's won three, lost one and pitched an awesome 150 era, giving up only five walks and three earned runs in 12 1/2 innings.

Hambletonian May Move To Mid-West

NEW YORK (AP).—The death of Bill Cane will have no immediate effect on the Hambletonian which he ran for 15 years at Goshen, but after 1957 the three-year-old trotting classic is up for bids and E. J. Hayes, for one, would like to see it raced at Du Quoin, Ill.

The Hambletonian, developed into the blue ribbon event of the sport by Cane, will be raced at Goshen in August this year in the direction of Yonkers Raceway and in 1957 by Cane's estate over the same track and a changed track in Orange County.

Morgan Beats Lightburn

CLEVELAND (AP)—Langston Carl Morgan Jr. of Youngstown, Ohio, a 52-year-old boxer, scored a unanimous decision in a slant-bow rebound last night against Ludwig Lightburn, classy British Honduran boxer who ranks fourth among the light-weight boxers.

The upset came close to being a walkover for Morgan as he almost had a stop midway in the first round. He landed his powerful right cross in Lightburn's chin and the favorite went down.

Lightburn, who had won seven straight, finished strong and felt Morgan with a right cross in the ninth, but he never came close to catching up with the margin the Youngster was piled up in the first four rounds.

Six months ago Lightburn took a split decision from Morgan in an eight-rounder here. That was one of two fights Morgan has lost to 17, and he has won 20

Hogan to Play Golf in Britain

NEW YORK (AP)—Ben Hogan's retirement seems to have been short-lived.

The four-time national open champion from Fort Worth, Texas, who announced after his defeat in the 1955 open that he was through with serious competitive golf, accepted an invitation today to represent the United States in the international matches at Surrey, England, June 24-26.

John Jay Hopkins, head of the International Golf Association, made the announcement. He said Hogan was unable to commit himself on the British open at Liverpool July 24.

Tight 66-64 Game Lost At Foul Line

The Gaels, champs of the Mamaroneck Senior Basketball League, dropped a heart-breaking 66-64 battle last night at the County Center to the Mount Vernon Sportsmen in the Westchester Amateur Recreation court tourney.

The sad story of the fray is told in the free throw points scored by the two teams as the Sportsmen tallied 34 markers from the foul line while the Gaels managed only 10, a margin of 24 points.

The Gael outfit came home from the game rather bitter about the whole matter and claim they will register a complaint about the officiating. They point to the fact that the Sportsmen received 44 free throws of which they converted 34 while the Gaels were granted 18 free losses, making good on 10.

The game started as tough as the Sportsmen were going to have real sport at the expense of the Gael team and they ran the tally to 14-0 in the first seven minutes as the Gaels couldn't catch on.

Then the picture changed, however, and the first period ended with the Gaels trailing by 19-12.

The local champs then controlled the backboards through the remainder of the game and out-pooled the Sportsmen from the floor by 54-32 but the constant scoring from the free throw strip

Pistons, Nats Still In Race

By The Associated Press

A pair of great comebacks by Fort Wayne and Syracuse send the Western and Eastern division playoffs right down to the wire tonight in the National Basketball Association.

The Fort Wayne Pistons, down 2-0 at one stage of the best-of-five Western series, are at home in the title showdown with the St. Louis Hawks, while the Syracuse Nationals trail 1-0 and then 2-1, are at Philadelphia for the Eastern playoff with the Warriors.

Syracuse scrambled to a two-all by rocking the Warriors 108-104 on Ed Conlin's free throw and basket and George King's two free throws in the final minute last night at Syracuse.

Ship Ahoy Five Cops Squeaker In Tourney

WHITE PLAINS—The Westchester amateur basketball tournament moved to the home stretch last night with six quarter-final ball games being played in two divisions at the County Center.

A pair of squeakers highlighted senior division play as White Plains' Johnny's were beaten by New Rochelle Ship Ahoy, 64-52, in overtime and the Mount Vernon Sportsmen beat on to down Mamaroneck, 66-64.

John Dolan and Horst Kluger split 35 points for Ship Ahoy but it was John Means getting his only field goal of the night at the final buzzer which provided New Rochelle with its margin of victory. Johnny's had frozen the ball for 2:32 of overtime only to lose the ball in the final eight seconds to make Means' shot possible. Joe Tomasselli who scored 23 points for White Plains sent the game into overtime with a pair of successful foul conversions in the last minute of regulation play.

Rye Unks outlasted Tarrytown Diamond "D" to post a 49-42 feat for quarter-final win. Jimmy Powers of Tarrytown led all scorers with 16 points. Bob Joyce had one less for the winners.

Chavez Tells Of Fake Fight

LOS ANGELES (AP)—The boxing probe, which already has produced a fair amount of sensation, was due for further stirrings today with the scheduled appearance of Matchmaker Babe McCoy before Governor Goodwin Knight's special investigating committee.

McCoy, reputed boss man of the game in this section, with connections all over the nation, has been confined to his apartment by illness since he appeared in a stormy session last week.

Chief investigator James J. Coss has entered his probe on McCoy.

The alleged fixed fight score, necessarily involving McCoy, stood at round 16.

Veteran Carlos Chavez led off yesterday as a reputedly ill witness, finally admitting that he personally took a dive in the first round of a bout with Al Williams at the Olympic Auditorium in November, 1950.

Chavez claimed he was too "weak" to fight that night and there was no intimation that Aragon was in any way involved.

Over 200 varieties of Carvel soft and hard ice cream products will be available to the public at this fabulous new store. The items will range from 10¢ to \$1.50. Carvel's new concept is to give you the best of both worlds—ice cream created before your eyes.

ICE CREAM CHEFS TO DEMONSTRATE

Entire Coterie Of Famous Carvel Ice Cream Chefs To Show Process Right Before Your Eyes

Ever wonder how famous Carvel ice cream cake is made? Ever see a 7' 3" ice cream wedding cake? Ever see a Lollapalooza... a Flying Sauter? You will tomorrow at the opening of Carvel Ice Cream Supermarket on Central Avenue in Hartsdale. You'll be amazed at the deftness and imagination of the renowned Carvel ice cream chefs who will show you the most unique and delicious ice cream creations right before your eyes.

HARTSDALE, March 30—The first all ice cream supermarket in the world will open tomorrow, Saturday, March 31st, at 95 South Central Avenue in Hartsdale. Over 200 varieties of ice cream dishes, some of them never seen in the United States, will be featured.

Gaston, famous French ice cream chef, will preside and demonstrate his remarkable prowess in concocting fabulously intricate desserts all made of delicious Carvel ice cream. Among his treasures will be a 7 foot ice cream wedding cake, made of hundreds of pounds of Carvel ice cream. Throughout the day and into the night, a steady stream of local and national personalities will appear under the giant searchlights. A mambo band and a rock & roll band will play for the entertainment of the thousands of spectators. Dozens of drum and bugle corps have been invited, including the famous Minute Men in full Colonial costume. Twice during the day, Radio Station WFAS will broadcast right from the door of the new super market. You may be one of the fortunate ones interviewed. CBS Television News is planning to cover the story for Walter Cronkite and Eric Sevareid. In honor of the occasion, a special 2 for 1 sale will be held all day. Buy any Carvel item... get another absolutely free! All ice cream lovers are cordially invited to join in the fun and to watch the chefs make their delectable concoctions. Come early and stay late. Plenty of parking space is assured, and there'll be no waiting for service.

CARVEL TO CELEBRATE 22ND ANNIVERSARY

Carvel Stores Throughout Westchester To Join In Mammoth Celebration

On Friday April 6th, all Carvel stores in Westchester will give out free 10¢ Carvel ice cream cones to every child accompanied by a parent. This will be the Carvel stores in Westchester start the celebration of the 22nd anniversary of the first Carvel store in Hartsdale.

It all began in 1934 when young Tom Carvel, an auto mechanic had just recovered from a nervous breakdown. Borrowing \$1,000 from relatives, he built an ice cream trailer which he attached to his car and followed the crowds to the suburbs of New York City.

Much to his surprise, dozens of cars pulled off the busy highway to his roadside stand. Before long, Carvel had served enough soft ice cream to tinkle his cash register to the tune of \$60. That convinced him that a roadside stand, if properly operated could be a profitable venture. This was born the venture that grew into the fabulous Carvel chain of ice cream stores, the fastest growing chain in America.

Tom Carvel's first store in 1934

Why does it weigh more? There's actually more ice in the tests in the next column. I suggest you don't test unless you're comparing melted ice cream. These tests prove that you get more ice cream in a portion of Carvel than you get in any other kind of ice cream. And if you get more ice cream, you naturally get more flavor.

YOU MAY BE INTERVIEWED

CARVEL ICE CREAM NOW CALLED TWICE CREAM

Carvel twice CREAM Doubles Your Pleasure; Gives More In The Portion, More To The Flavor Than Any Other Kind Of Ice Cream

WEIGHT TEST

1. Weigh a pint of Carvel twice CREAM.
2. Now weigh a pint of ice cream you buy at your neighborhood soda fountain, drug-store or supermarket. See how much more Carvel weighs!

MELTED TEST

1. Melt a pint of Carvel twice CREAM until it is completely liquid.
2. Do the same with a pint of ordinary ice cream from your neighborhood soda fountain, drugstore or supermarket.
3. Measure the melted ice cream in each.

A pint of Carvel ice cream weighs more than a pint of the ice cream you get at your neighborhood soda fountain, drug store or food supermarket. Believe it or not, a pint of Carvel soft ice cream will outweigh the average pint by at least a quarter of a pound. Why does it weigh more? Because there's actually more ice cream in Carvel! Proof? Try any one of the tests in the next column. (We suggest you don't try the melted test unless you're really thirsty.)

These tests prove that you get more ice cream in a portion of Carvel than you get in any other kind of ice cream. And if you get more ice cream, you naturally get more flavor. And if there's MORE in the portion and there's MORE to the flavor than in any other kind of ice cream, it means that Carvel ice cream doubles your pleasure. And if it doubles your pleasure, it is no longer merely ice cream... it is now TWICE CREAM!

MORE CARVEL REMAINS BECAUSE THERE WAS MORE ICE CREAM TO BEGIN WITH!

LEWIS' OPEN TONIGHT

AT MANORVILLE, N. Y.

OPEN TONIGHT

Combing The Town

Lieutenant Colonel
Lt. Col. Victor J. Villone of 117 Highview Street, Mamaroneck, was recently promoted to his present rank at the Far Eastern Air Force Headquarters, Tokyo, Japan. Shortly before, he had received an Oak Leaf Cluster to the U. S. Air Force Commendation Medal.

Lt. Col. Villone arrived in Japan last June. Before joining the Air Force in June, 1942, he attended Clarkson College of Technology at Potsdam. He was commissioned a second lieutenant in January, 1943, and served as an aircraft maintenance officer in Alaska, Bermuda, and the Aleutians during World War II.

His wife, the former Mary D. Villone of Memphis, Tenn., and two children, Victoria, two, and Craig, five, and his parents, Mr. and Mrs. Charles M. Villone, reside at the Mamaroneck address.

New Trustees To Sit
The Village Boards of Larchmont and Mamaroneck will hold organization meetings at 8 P. M. Monday with new members on each board and a new mayor in Larchmont.

Larchmont Mayor John B. Coffinberry, formerly a trustee, will preside at his first meeting and greet Trustee Hebert Davidson who was re-elected and new Trustee Robert L. McCann.

Mayor Edwin B. Dwyer will welcome Trustees—John C. O'Connell and Joseph D'Alfonzo, who were re-elected, and Trustee Harold W. Kurtz, serving his first term.

Meeting at their respective municipal buildings, both boards will appoint the officials to carry on the administrative work and such other business as may come before them.

On Plants In Mail
Larchmont Postmaster Paul Lane and Mamaroneck Postmaster Gordon Lushko have advised home gardeners that for the safest delivery of shrubbery and plants during spring planting season they should take three steps to aid postal authorities.

Persons who will be out of town should arrange to have a neighbor accept shipments, they say. Otherwise the plants may be damaged in storage at the Post Office.

If a neighbor cannot accept delivery, instructions should be left at the Post Office as to where the plants can be delivered. A cool basement garage or shaded porch is better than a mail room or on-hand department for storage of garden plants and nursery stock, the postmasters said.

Forum To Disband
The Community Forum of Larchmont and Mamaroneck will be disbanded unless substantial objections are submitted in writing by April 15, according to a letter received yesterday by forum directors from Jasper M. Rowland, chairman.

At a board of directors meeting on March 21 at the Larchmont Village Hall, Mr. Rowland wrote, "six members attended. They were unanimous in their feeling that the Forum should disband and that the chairman in the treasury after final bills are paid should be donated to the Mamaroneck Larchmont Student Aid Fund."

Accordingly, they voted that this action will be taken after April 15, unless contrary expressions are registered in writing to the chairman at 313 Rock Road, Rock Ridge, Mamaroneck."

Serves On The Donner
Navy Ens. Gerhard P. Wellmann, son of Mr. and Mrs. Fred Wellmann of 313 Rock Road, Mamaroneck, is serving aboard the dock-landing ship USS Donner, which recently departed in the celebration of the 14th anniversary of the Atlantic Fleet Amphibious Force.

A 1931 graduate of Melrose High School, where he was on the basketball team, a member of the honor society, library squad, yearbook staff, and the cast of the senior play, Ens. Wellmann was graduated from the University of Rochester, where he was a member of Sigma Chi Fraternity.

Commissioned At West
Army 2nd Lt. David N. Witt, son of Mrs. George W. Witt, of the Larchmont Acres Apartments, was recently commissioned as second lieutenant at the Artillery and Guided Missile Officer Candidate School at Fort Bliss, Okla.

A 1931 graduate of Mamaroneck High School, Lt. Witt attended Texas Christian University for one year and Lafayette College at Easton, Pa., and two years before leaving for the Army in March of 1950.

He took basic training at Fort Dix, N. J., and was transferred to Camp Chaffee, Ark., where he was sent to Fort Bliss.

THREE INDICTED IN PORT CHESTER BANK ROBBERY

Trio Also Facing Counts In Mt. Vernon Holdup And Teller Kidnap

NEW YORK—Three men were indicted yesterday in the Port Chester and Mount Vernon bank holdups which netted a total of \$286,379.

Arthur L. Painter, thirty-two, of the Bronx, and Angelo F. John, thirty-three, of White Plains, were indicted by a federal grand jury yesterday on charges of bank robbery and kidnaping in the Mount Vernon robbery. It was the first time that Tatro had been officially linked with the Mount Vernon job but authorities have not yet revealed what they believe the connection to be.

Only two men were seen inside the Mount Vernon bank. The kidnaping charge could mean a death sentence. Under the U. S. code, a hostage is taken during the commission of a bank robbery if the jury may recommend the maximum penalty of death.

Painter and Tatro allegedly seduced a woman bank teller in the Port Chester holdup before the bank was entered. John is implicated on charges of "taking that bank and sharing the loot."

All but \$37,000 is accounted for—the Mount Vernon loot having been traced to the homes of the men who will be arraigned on the indictments on Monday.

County Trust Names 3 To Region Posts

WHITE PLAINS — Promotes of three officers of the County Trust Co. to serve in public relations, business development and coordinating capacities in separate Westchester areas, was announced today by Dr. Joseph E. Hughes, bank president.

Goldmann, first vice president, has been assigned the Mount Vernon region; William F. MacDonald, Jr., vice president, the White Plains, Hartsdale, Scarsdale and Elmford regions; and S. J. Bakala, vice president, the Yonkers, Hastings, Dobbs Ferry, Ardsley, Irvington and Tarrytown region.

The bank has had regional offices in three areas: Port Chester, Larchmont-Mamaroneck and upper county.

"Under the regional organization," Dr. Hughes said, "administration by officers in charge of individual branches continues. Our experience has been that the assignment of regional vice presidents serves the communities better."

Mr. Hughes said that Mr. MacDonald's present position as head of the advertising and public relations department will be filled by James F. McCarthy, assistant treasurer, Charles Stahl Jr., vice president, and Charles J. Brando, vice president at the Irvington office.

David J. Brady, Mr. Stahl's position, Robert J. Bradley will assume Mr. McCarthy's position.

Nixon's Stock Rises; Foes Say He'll Run

WASHINGTON (AP)—Vice President Nixon appears today about as sure of renomination on the Republican ticket as any candidate could be four and one-half months before the party's national convention.

Representative Hugh Scott of Pennsylvania, former Republican National Chairman, dimmed further the hopes of those who might wish to replace Mr. Nixon as he predicted last night the Vice President again will be President Eisenhower's running mate.

Mr. Scott is looked upon as a member of the liberal wing of the GOP from which most suggestions for dumping Mr. Nixon reportedly have come.

Mr. Scott also is close to former Governor Dewey of New York, whom some of Mr. Nixon's friends have named as one of those who want to change the No. 2 nominee.

Cut-Off Truck Wrecks Light On Post Road

Head-on Crash Kills Driver In Port Chester

POST ROAD TRAFFIC was rerouted yesterday afternoon for an hour after a trailer truck had sheared off a traffic-signal pole at Weaver Street, Town police report.

The crash left the Weaver Street traffic light hanging a yard from the pavement at the intersection.

Edward S. Sanford of Coffeytown, N. H., driver of the truck, told police he was heading east on the Post Road at 1:44 P. M. and had just entered the intersection when he was cut off by an unidentified car, causing him to lose control.

The truck driver, William Moore, thirty-seven, of Hawthorne, N. J., was not hurt, police said. Mr. Moore, driving for the Terminal Express Co. of Patterson, N. J., was heading toward New York on North Main Street (Route 1). He said he stopped when he saw the other car approaching flared his lights and sounded his horn.

Two full stop signs were set up on Weaver Street to handle traffic during the afternoon and night.

Easter Day Services
Local Churches Set High Festival Rites

The solemnness of the Lenten season will yield tomorrow to the glory of the Easter festival at all local churches here.

Gaily bedecked throngs are expected to crowd all houses of worship to hear again the message of the Resurrection of Christ, belief in which provides the basis for Christian faith.

The Schedule in Roman Catholic churches in this year will be somewhat altered in comparison with recent years since a return to an ancient liturgical practice permits midnight masses to welcome Easter Day.

Such masses will be celebrated tonight at St. Augustine's Church and St. John and Paul Church in Larchmont and Holy Trinity and St. Vitus Churches in Mamaroneck. In all the Roman Catholic churches in this year will be somewhat altered in comparison with recent years since a return to an ancient liturgical practice permits midnight masses to welcome Easter Day.

The schedule, in addition to the usual services and midnight masses, follows:

Roman Catholic masses will be held according to regular Sunday schedules with Solemn High Mass at 11 A. M. at both St. Vitus Church and Holy Trinity Church.

St. John's Lutheran Church communion service is planned at 8 A. M. and a Festival service at 10:15 A. M. The session of the Sunday School normally held at 9 A. M. will be omitted.

A 4 A. M. dawn service will be held at 4 A. M.

Skid marks 38 feet long on the pavement were left by the car police said. Its left front fender, bumper, left front wheel, and right front fender were damaged. The right front bumper was locked against a utility company pole. The car was towed away by Jubb's garage. The truck was not damaged, police reported.

Head-on Crash Kills Driver In Port Chester

PORT CHESTER—A car which police said was traveling on the wrong side of the road, crashed head-on into a truck at 3:12 this morning, killing the car driver.

Dead was Charles Hagen, forty-three, of Bridgeport, Conn. The truck driver, William Moore, thirty-seven, of Hawthorne, N. J., was not hurt, police said. Mr. Moore, driving for the Terminal Express Co. of Patterson, N. J., was heading toward New York on North Main Street (Route 1). He said he stopped when he saw the other car approaching flared his lights and sounded his horn.

Three-Month Arms Freeze Is Proposed

LONDON (AP)—Moscow radio said today Russia has accepted the basic idea of President Eisenhower's "open skies" inspection plan and has proposed a three-month arms freeze to be followed by all-around cuts in conventional arms and armies.

Meanwhile, all hydrogen weapons tests would be banned.

The Russian proposal, as outlined by the official Soviet news agency Tass, calls for immediate agreement on reducing conventional arms and armies.

Russia made its proposal at the five-power U. N. disarmament talks in London, now closing their second week. The United States, Britain, France and Canada also are represented.

Details Supplied
Although the Russian proposal was made in secret, some details have emerged from the conference. Tass gave these details: A three-month freeze on arms and armaments at the Dec. 31, 1955, level.

After three months, the United States, Soviet Union and Red China to begin cutting their armed forces to a level of 1 to 3.5 million men each, Britain and France to 650,000 men each. The reductions would be completed in 1958.

Corresponding reductions in conventional armaments and military appropriations.

Creation of an international control agency to check on "fulfillment of obligations" at big ports and airfields, army bases and depots and military factories. The agency could make recommendations to the U. N. Security Council on measures to be taken.

Mrs. Bruce Dwyer, 116 Park Avenue—Frankly, if it can be proved harmless and effective we ought to have it. I'm convinced it's harmless.

Mrs. Jack Duarte, 2 Sloan Court—"From what I read and hear it's not entirely convinced it's good."

Mrs. Ralph Friedrich, 883 Post Avenue—"I wholeheartedly approve of it. I don't think it's done unless scientific proof."

Henry Joseph, 208 Palisades Avenue—"It's all right, but you can't tell right away what the water is treated and when it's not. It's milk-looking and doesn't taste right to me."

Mrs. Mortimer Hall, 408 Elm Street—"Having lived in place where this was done I feel there might be a small degree of improvement in general tooth decay, but I also feel that it is an expensive and long-ranged way to stop it."

Robert P. Klink, 412 Halstead Avenue—"If it does all the good they say it does I would be all for it."

T-Men Get Records Of 'Worker' Readers

NEW YORK (AP)—Treasury agents have obtained a list of subscription lists and other records from the government-seized files of the Communist Daily Worker.

Removal of the records came after the government turned down a premature cash bid for its seized property. Harry Sacher of New Rochelle, attorney for the newspaper, said yesterday's removal was by agreement. He said Treasury officials would not be turned over to the FBI.
