## Dr. Hicks Brands Low Educational Pay As Disgrace

### Rye Neck School Head Denounces Public Attitude Wright Offers Yets Advice At Convention

Superintendent Alvin W. Hicks interrupted last night's informal budget discussion at the Barry Avenue School to bring down a blistering indictment on the American attitude toward education which results in underpaid teachers and an unflattering picture of the country.

So eloquent was his unexpected plea for the cause of education that most of the 45 taxpayers who attended burst into spontaneous applause.

"Declaring that the general attitude toward education and teachers' salaries 'has become a thorn in my system,' Dr. Hicks said he thought it was a national disgrace to skim on the salaries of the trained persons who educate our children. He declared that only within the last few years have people begun to appreciate the connection between the educational achievement of the country and the standard of living in a given community.

"Even the United States Chamber of Commerce is now beginning to recognize the effect of high educational standards upon the high educational and industrial achievements in various parts of the country," he said.

He told the audience emphatically that it is time for Americans to begin to pay attention to the education of their children. He declared that it was not the money, time and attention to the education of their children that has been a widespread belief. He said that teachers are impractical because they are unable to do anything else to earn a living. He declared that the teachers themselves are also showing a new attitude in the matter.

"If you could be continued that if a teacher offered to teach for \$500, another one would speak in and say, 'I'll teach for \$700'—that's the way it goes," he said.

Dr. Hicks pointed out that American parents are not willing to pay high prices to other professions "we don't mind paying for doctors who save our lives, only when we're sick," and concluded that the only way to pay for education is by paying out of pocket.

## Hour Plea by Firemen Fails To Sway Council In Rejecting Increase

The Town of Mamaroneck firemen paid a return call to the Town Board last night for an answer to their request for a raise and, when Supervisor Owen E. Mandeville told them bluntly that he couldn't recommend the increase, the delegation argued it clear, "We're not here for a few minutes and we're not here to get a few dollars."

All the hour's trade netted them was one more vote on their side. Councilman Miller, who sided with Councilman George E. Mills, Jr., to the extent of stating that the firemen's demand "should have a little something" if it could be found in the budget.

At one point in the argument Supervisor Mandeville replied, "I can't make it, but I can't make it unless you're willing to make ends meet with the cost of living raise."

When the discussion started, the supervisor's contention was that the salaries of the firemen are in keeping with the services they are performing. He pointed out that the firemen are getting through-out the town.

Chief Burton's main argument was that the firemen are paid less than they are in neighboring communities and that they are doing a great public service.

In the doubles another three set match was lost by Jim Jenewein and George Stoddard after they took the first set. Clapp and Moore came back strong to annex the next two.

## Panthers Tripped By 77-18; Gordon Scores Two Firsts

A green Bellows High School track team took a sound 77-18 licking at the hands of a well balanced Scarsdale cinder squad at Daniel Warren field yesterday afternoon. It was the first inter-school competition for the Panthers and Jack Masley was doing a little experimentation with his boys.

O'Brien Gordon was the leader of the defeated team, racing to the fore in the 100 and the 200. Gordon's time of 9.9 seconds for the 100 sets a new school record for that event, the previous mark being a 10 flat recording by John Gordon at Scarsdale last year.

In the 200 yard race, Gordon triumphed, gaining a total of 20 points for himself and having a lead in the 100 and 200.

This was about the only consolation for Bellows routers, as Scarsdale swept all three places in five events. These were the 100, 200, 400, 800 and 1,600 yard races. The visitors took the first two places in the mile, the high jump and the pole vault.

Lusk's winning time for the mile run was 4:38. He was followed to the tape by teammate Mayers and Red Talley of Bellows. Singer was clocked at 2:20 in the 800. A toss of 42 feet 7 inches was good enough to get first place for Lohr, who ended up in second place in the discus throw with a throw of 112 feet. Hill, who took an early lead in the second event, but was unable to catch up after the two big platoon rallies. The losers carried a pair in the fifth and another in the seventh, but when the run they shot of a tie when the third out was made.

## Elks Shut Out Foodmen, 3-0 As Manzoni Nine Rips CYO

The Elks and the Manzoni Lodge outfits took the honors last night in the Mamaroneck Red softball circuit as the former trimmed the Foodmen by 3-0 at Harbor Island and the CYO were victims of the Elks squad by a 7-3 score at Mamaroneck Avenue School.

Bill Birch turned in the shutout for the Elks as he topped a neat record as the Foodmen. Mo Nask of the losers allowed the same number of hits but was able to get him into trouble and figured in all the Elk scoring.

The Manzoni squad concentrated on two innings as they scored four in the third and three in the fourth to carry off their victory. Steve Johnston's CYO squad scored on a 1-3 score at the start of the game but were unable to catch up after the two big platoon rallies. The losers carried a pair in the fifth and another in the seventh, but when the run they shot of a tie when the third out was made.

## Times League Race Kept Alive As Mamaros Blank Campbells

The Mamaros managed to keep alive their slim chance of emerging as Daily Times League champs when they blanked the Campbells by 2-0 Tuesday night while the league leading Equippers were taking it on the chin by 2-1. The Hillside upset the front runners in an exciting match as has been rolled this season.

Copping the first game by just three timers as Stidwell rolled a 2-0, the Hillside outfit went on to lose the second by almost 20 multiples. Again it was Stidwell who sparked the Equipper quintet as he garnered a 2-1.

Came the last game and the two teams went right down to the last batters in the tenth frame before the issue was decided. When the score was added the Hillside were on top by a single.

The net result is that the Equippers are in front of the Mamaros with only three games left to bowl. Two wins next week will assure the Equipper title of the title, two losses on the part of the Mamaros will place the championship to the Equippers. Tuesday's state calls for the Equippers to meet the Reds and the Mamaros to do battle with the last place Engineers.

The Mamaros had an easy time with the Campbells this week and the Engineers took the Reds by 2-1.

## Battle Line Rye Neck-Rye Committee Asks Unbiased Survey of School Boundary Dispute

### Prison Guards Prepare To Blast Convicts Out Of Cell Block

ULTIMATUM ISSUED

SAN FRANCISCO, (AP)—Prison guards strengthened their battle line with reinforcements today and prepared to blast rebel convicts out of their cell block entrenchment at Alcatraz if they refuse a "surrender or die" ultimatum.

The choice for the desperate criminals was to face the blistering fire of assembled guns and grenades or to surrender and face charges of murdering two guards and wounding 14 others in the bizarre "surrender or die" ultimatum.

The cell block was quiet early today after one of the doomed men telephoned Warden J. A. Johnston to bargain for surrender. "We'll make a deal when you throw down the arms and ammunition," Johnston snapped back. "I'm not interested in your terms."

There was no certainty how many of the convicts remained alive. A Marine officer estimated 24 convicts were on the basis of Warden Johnston's reports. It was presumed that some were killed or wounded in the fighting with machineguns, rifles, pistols, hand grenades and tear gas that raged in the cell block today.

Alcatraz guards, reinforced by guards from other Federal Prisons, snatched the prisoners and heavily-armed Marines rested last night. Guards prepared to renew the assault today.

The unprecedented escape attempt, which was a complete failure, was planned as a mass breakout of convicts ever got beyond the cell block.

# Big Innings Feature Games As Both Orange And East Enders Lose

## Leonard Scores 4 In Fifth To Take Tight 4-3 Victory

The Orange and Black once suffered its second defeat of the season when it was defeated by the Mamaroneck team yesterday when it gave up four runs in a wild fifth inning and was tossed out by Albert Leonard, 4-3, at Manchester Field.

The Tigers held a 3-0 advantage until the fifth, but errors in judgment handed the visitors four tallies in the frame, just enough to send the Orange down to defeat.

Ted Herby pitched the entire game for the losers and allowed only five hits while fanning seven. Di Buono started on the mound for the Blue and White but was pulled out of the box in the first frame. Ezziels relieved and pitched excellent ball for the rest of the game, striking the Mamaroneck team for two hits and two runs.

## Bergin Squad Nips Foodmen

The Bergin of the Larchmont Rec League copped an inter-league game last night from the Mamaroneck Rec Foodmen by scoring a run in the bottom of the seventh.

Playing at First Park, Murray Nank and Eric Crowley looked up in a hurting dugout which saw the Bergin team score one run in the seventh and then play a ding-dong battle to the seventh when Hartley, Di Buono's pitcher, struck out.

## Plugs Succumb To Taverners; Diners Licked

The Taverners of the Mamaroneck Recreation League practically clinched the championship as they took a 3-0 win over the Plugs last night when they won the first two games of a 2-1 whipping over the Taverners. The shutout victory gave the Taverners a six-game lead over the rest of the field and the stand looks as though it will win the loop championship by a walk.

## Pirates Nab 10-9 Decision From Oilers

Putting on big rallies in the first two innings, the Pirates of the Mamaroneck Rec Twilight league nipped the Oilers last night by a 10-9 score at Manchester Avenue School field.

A pair of runs in the second inning played the game providing plenty of thrills as the Oilers fought gamely to come from behind after trailing by 9-5 at the end of the first inning. The Pirates advantage had been built up by some hard hitting, particularly the circle which Marny Rothenberg induced.

## Edison Tech Wins By 11-4, Tallying Six Runs In Fourth

Playing their first regularly scheduled home game yesterday afternoon, the Bellows Fallsers looked as though they had never seen the Harbor Light before. Edison Tech, the visiting team, pounded four Bellows hurlers for 10 hits and 11 runs. The Blue and Black could only manage 4 runs on 5 hits, one of these being rianco's circuit clot in the second inning with Herman on first base.

## Managers In Mamaroneck Twilight Softball

Managers in the Mamaroneck Twilight Softball circuit met Monday night immediately after the two scheduled games have been completed to discuss matters pertaining to the league which have arisen during the first week of play.

The meeting was held at the home of Bill Gunn and will be held at the Gunn Bros. office 437 Mamaroneck Avenue.

## Larchmont Vols Organize League

The Larchmont Fire Department will again have a soft ball league according to a report received from headquarters today.

Harry Alpar, recently appointed chairman of the athletic committee of the department, has announced that plans are now under way for the formation of the league, to be composed of the new teams, the Engine Company, the Fire, the Hook and Ladder Co., the Hose Company, the Patrol Company and the Ambulance Corp.

## Soccer Team Idle

The White Plains Soccer Club draws another open date in Conn. State League play tomorrow and remains on the sidelines until May 12 when it will entertain a game at the SC on North Street Field here.

The Hilltoppers pitched up two more runs in the fourth to go into a snafu 5-0 lead. Bob Finn poked a single to center, Herby was hit by a pitched ball and after both runners advanced on a passed ball, they were driven in by John Panek's sacrifice fly.

The visitors, however, struck back with a cluster of four runs in the top of the fifth. Shelton got one of two walks set up by Herby and moved up on a passed ball after La Villa had been hit by a pitch. Blanco hit a grounder to Panek and the throw to the plate to cut down the lead to a second lead. The same thing happened as Mandarano grounded to Morrison. Two stolen bases, an out at first and an error by Morrison provided the extra two runs sent the Blue and White back four tallies without the aid of a hit.

# Mystery Of Missing Chicks Solved With Discovery Of Victims Under Garage Floor

## School Voters Elect Trustees Tomorrow

School voters in the Town of Mamaroneck will cast their ballots from 8 A. M. until 9 P. M. tomorrow for Charles W. Pease and Hugh B. Kipkman, the proposed candidates for school board. The polling place is in the Mamaroneck Senior High School.

The case of the 120 missing chicks who disappeared sometime Sunday night from the garage of a home on the corner of Ridge-way and Mamaroneck, was officially closed this morning with the discovery of the dead victims under the floor of the garage.

The thief was not apprehended but the identity of his species was clear to the detectives who claim that only a weasel could have had the strength, the dimensions and the bad intentions to do away with that number of chicks in that particular manner.

# Rail Service Here Not To Be Curtailed

NEW HAVEN, (AP)—The New York, New Haven and Hartford Railroad announced today that with a single exception—anticipated no necessity for reducing either through train or commuter passenger service on its lines in consequence of the ODT order effective next Friday for a 25 per cent reduction in steam passenger miles.

# War Memorial For Larchmont Men Planned

The Larchmont Village Board decided last night that Larchmont should have a War Memorial of its own to honor the men who have given their lives for their country.

During the war, the names of the Larchmont servicemen and women were included with the Town of Mamaroneck names on the tablet in the Town Park near the station, but recently, the Town abandoned the plan to erect a memorial in view of the fact that the names will appear on the Kemper Memorial tablet on the High School grounds.

At that time, it had not been decided whether or not Larchmont names to be included in the proposed town memorial or add its Gold Star names to the tablet on the village green commemorating the casualties of World War II.

Mayor E. Spencer Gresson announced last night that Larchmont names to be included independent of any other committee and appointed the following members to the memorial committee to form a plan and report to the board: Mrs. John B. BARCLAY ON BRIDGE

SERVES HIM RIGHT IN SOME bridge clubs there are players who will not sit at the table with some other particular member because they don't like his ethics. They consider him to be "just a little bit unethical," as if there were any degree of such a thing. Looked at truly, a player is either ethical and a square opponent, taking his share of advantage of his opponents whatsoever he is not. But there are undeniably some who will interpose, when they are not playing a hand, who would not deliberately stack the cards. To most, however, those people are classed the same as the 100 per cent. blind crook, deserving the same ostracism.

They took exception to the contention made last week by the Town of Mamaroneck firemen that the Larchmont firemen do less work for more money than the Town paid for, according to a letter mailed May 6 to Chief George Burton by Edward Roth, a Larchmont fireman.

In the appeal made last Wednesday night to the Town Board for more pay for the firemen, Chief Burton said the main complaint was that the Larchmont firemen received higher salaries and do not paint and decorate the buildings or cut the grass as the Town men do.

The Rye Neck school budget for the fiscal year 1946-47 was adopted by a vote of 6-35 in a two-hour debate at the meeting of the Board of Education held last night at the Rye Neck school auditorium.

In Rye Neck the voting is taking place at the Bellows High School and there is a four-corner race between Peter C. Doern, Jr., Malcolm D. Brown, Daniel Santomero and Dr. John P. Fox for the position of superintendent.

There was virtually no discussion of the various items as President Charles W. Pease of the Board of Education asked for questions on each item. Only on the repair of buildings item was there a question as to whether the Board should restrict on construction and materials were being taken into consideration. Mr. Pease answered that the Board can only hope for the best and that if construction cannot be carried over the next budget.

A resolution accepting the gift to the School District of the three parcels of land on the north side of Boston Post Road adjoining the Rye Neck school building was adopted unanimously.

Trustee Theodore Rigler introduced a resolution expressing the Board's deep appreciation to Philip O. Moynahan for his work as an agent in connection with the development of Richard Kemp Park as an addition to the school properties. It was passed unanimously.

A resolution read by Mrs. F. M. Pease, superintendent of schools, who heads the drive for the district, said today that she had been asked to ask to school between May 13 and May 15.

Wearable clothing of all types is wanted in baby's children's and adult sizes; also blankets, sheets and other bedding as well as outdoor shoes. It has been pointed out by the federation that children in Norway are wearing parka coats to raise one million pounds of wearable clothing during 1946.

The drive is part of the 1946 National Children's Clothing Campaign, sponsored by a national committee of 44 school superintendents to raise one million pounds of wearable clothing during 1946.

Mr. Ahern asks that clothing be contributed in as clean and good condition as possible since European families have no means of purchasing on credit or thread for sewing up old clothes.

# Lewis Refuses To End Strike; Ford Firm Hit

WASHINGTON, (AP)—John L. Lewis and his United Mine Workers refused to budge an inch today from their original contract demands, forcing even more stringent government controls over the nation's fast-moving coal supply.

Industry was hit harder. Ford Motor Co., suspended "virtually all operations" indefinitely because of the coal shortage. Impaired rail transportation and parts shortage. The shutdown of 10,000 workers at Chrysler Corp. indicated it may follow suit.

The Association of American Railroads and the mine operator, who had been laid off in its ranks, and another quarter million in industries it serves.

Against such a background, the strike continued. The Ford Motor Co. indicated it may follow suit.

# Students Aid Clothes Drives Next Week

All students in the schools of Larchmont and Mamaroneck will participate next week in a clothing collection campaign under the direction of the Save the Children Federation which sends good clothing to destitute youngsters in 40 foreign countries.

Students in all schools will be asked to take bundles of clothes to school between May 13 and May 15.

Meanwhile the Oilers and Inletville were engaging in a slugfest with the Inletville coming out on top 12-10.

Bellucci overpowered the Legion batters in all but the final frame as only Van Allen in the first canto was able to get a hit. In the seventh, however, Bob Martinson and Claude Ruggero came through with safeties and scored the shutout.

The Chocolate Champs were slow in starting, but in the late innings they came through on Ruggero's slants. Bob Cohen and Harry Talge led the attack with four hits.

The game between the Oilers and Inletville was a ding-dong affair. The Institute scored in every inning, but the Oilers weighed in with the biggest blow, a round-up off the bat of Lewis Ammer, the 17 safeties powered by the Institute off John Laize's slants were a triple and three singles. Team scores, which made little difference since the Manors have the championship just about secured, showed the probable Shore Acres quartet took a like triumph over the Knolls. Business With Britain

DURING the war the little island of Britain did not escape itself or its people in the struggle against the dictator nations. Perhaps the most confined population ever in history suffered so terribly in physical anguish as did the Britons not only during the early days of the German air blitz but throughout the war as the Nazis developed progressively more deadly devices to hurl across the Channel.

This loan is not a person for a worthy war partner. It's not a hand-out. It's not a question of relief of funds for Britain. This loan looks to the future, not to the past. It does the things that are necessary to keep the kind of world we want. We're willing to bet three and three-quarter billion dollars that we and the British can make it work.

Col. Joe Bush Says

Some confusion appears to have arisen as a result of reports of the Barrington report on County Employees' salaries. To clear it up we would like to state that the word is "Graph" and not what many say is "Graph".

We can't understand quite why Countyess Herb Gerlach is taking' GOP Boss Tommie Platt along with him on a Adirondacks' trip this month. Herb ain't running this Fall, and his salary is already fixed by County Charter.

The Westchester County Marriage Society furnishes car emblems shown you're a Doc for three bucks. Wonder if we could wangle one on it? It would sure help, we imagine, to be able to tell the cop you are on an emergency call. My only trouble would be that too many cops know us too well—and in a professional sense.

At the Police Trainin' School in the County Center they tell about the up-county Westchester Town where the Chief—he was the force too—got six different poses of a escaped convict and used back to the FBI that he had arrested five of 'em and had the sixth under close observation.

The six Sambo brothers, all news photographers—five of 'em served in from combat units—got their picture this week in "Editor and Publisher". They don't make any better Picture-takers and we ought to know—three of 'em work for this paper.

A Glance Backward

A DECADE AGO (From The Daily Times) Eilber William A. Kuhn or Dr. Irving A. Marland was expected to be elected the new president of the Yve Neck Board of Education to succeed Harry W. Bell, who was defeated at the polls.
