LOSING IN WINTER
During 1949 in the U. S., more robberies, burglaries and auto thefts occurred in the winter than in the summer. Larcenies were fewer during the first part of the year and reached their high point in the late fall and early winter.

Blushing Girl Given Advice On What to Do

By DOROTHY DIX
Question: I am seventeen years of age and am afflicted with an ailment that is no equal to the death itself. It is blushing. It has already robbed me of my friends. It makes me a failure at school. It cuts me off from all the pleasures of my time of life. I am ashamed to go among people because I flush up every time they speak to me. I am unpopular for it seems as though other people are embarrassed in my presence. What shall I do?
A. R. R.

Answer: The best thing for you to do is to go and talk it all over with a psychiatrist. Perhaps you could make up your mind to what a silly attitude you are taking toward it. For, believe me you have the act of blushing in your power. You can do anything but allow it to do anything to you. You can do anything but allow it to do anything to you. You can do anything but allow it to do anything to you.

Wedding In 'Time' Notation Is Explained

By EMILY POST
It seems curious that a long-established ceremony should require that the time used on the wedding invitation be that which the actual procession starts up the aisle, or when there is an organ prelude before, should be the time at which this is to begin to be used?
The time of the ceremony, of course, those waiting good seats so long a time in advance they better remember it is the same with every event.

Question: We're taking a cross-country trip, driving and will pass through certain cities in which we have friends. Most of them we haven't seen in years; which we have been out of touch with. But I think it would be a splendid opportunity to renew old friendships. To try and avoid missing them when we're in their towns could we write on and give them some idea of when we expect to come through? Would this obligate them to anything?
Answer: You might write to those you know will be glad to see you that you will be passing through their towns. Should you like to come through? Would this obligate them to anything?

Tigers Garner 3rd Triumph Behind Bruno's Hill Work

By HENRY LEAGUE With Mike Bruno back in harness after a one-game rest, Mamaroneck returned to winning ways yesterday at Harbor Island by downing Yankees Central 4-1. The Tigers' victory—their third in five starts—was made possible by tremendous reversal of form from Wednesday's even-even performance against Gordon.

Although Central's Alton Mamaroneck swung upward with only modest fielding, the MHS unit exhibited the smooth style of ball play characteristic of last year's championship team. Coach Harry Harrison's forces were limited to six runs by Yankees right hander Buster Knibbs but the nine struck them at opportune points in the tilt, five figuring in scoring innings. Knibbs was the sole bright spot for the visiting squad as he settled down to hold the Bengals to a sliver after a cold start.

Bruno also was touched for six satellites, which he converted effectively. A tight functioning infield snuffed off two double plays which got him out of his only serious mishaps. Six different Mamaroneck players earned his three outs. Bruno was byed by York's two bingles. The Tigers jumped off to a three run margin in their initial tussle at the plate and were never troubled. Johnny Stangor pitched it off by drawing a pass and raced to third on Joe Caparotta's single to left. Bruno's base cause Yorkers shortstop DeBorzo was caught out of position.

Coach Harrison then flipped the double-steal sign and it rapped a run on catcher Donnelly's popped into center field. Contrary to moving to third, Donnelly's Jacobo then fielded the ball and grounder and foolishly tried to play the game. Caparotta tagging the plate while York threw, Tony Donato backed that series up with a clothes-line lead and Charming came across the dish as Knibbs was misbehaving Nick Connor's dribbler. In a strange fourth frame, Mamaroneck picked up its final tally. Connor opened the inning by being picked off by Knibbs' snafu. Lou Rignano worked a walk, promptly stole second and

Baseball American League

By JACK MATTHEWS According to the program, 526 boys will be crowned into the coming fall at the Central Park White Plains, tomorrow after. But it is likely that four of them will not even come to the interest during the annual Section One Relay Carnival.

Previously mentioned in the White Plains, one out DeBorzo strolled, went to second as Bruno tossed out Bragley. Rignano then related to second attempting to trap the runner but the flip was ill aimed and DeBorzo wound up at third. Bragley valiantly one into center for the run. Stangor's fielding was a splendid blunder out of further damage.

Hot Stove League Bits Rignano slammed the only one-base blow of the game in the sixth when he belted over Field's head in left but was caught covering a sliding third on a nice relay. Three base-runners made life miserable for Yorkers' baccapop Donnelly by pilfering seven bases. Caparotta swiped three. The Yankees' subs, who evidently thought they could have helped their lack of action, embraced Bruno. York was accidentally ejected in the fifth during the fourth and the game was held up five minutes while Coach Harrison announced the favored Yorkers' favorite guardian.

Belbows Thinclads Trounce Sacramento 73-22 For 2d Win Yesterday's 82nd victory by the Belmont team, which finished the season at Daniel Warren Field, was tabbed correct—a mere opportunity for a quick workout for Fred Wurbschcer's astounding SWAC and Section One Class C lineup. The Warriors swept around the oval and pointed down the field. The team's decision that they netted first places in 10 of the 11 events was the program.

It almost goes without saying that the Belbows "get-no" twins, Ed Kayser and Bob Keenan, pulled in double triumph. Kayser was triumphant with a 10-11 century and 23-18 229 yard event while Kayser upped his own school record mark with a 144 feet 5 inch—seven feet over his previous peak—and his 100-inch shot put of 47 feet 7 inches completed the feat he has been doing steadily for the last two years. Still another BHS standard was rought up when Bobby MacDonald, sensational receiver with jumping-jacks legs, lobbed off the broad-jump mark for 20 feet half an inch by 20 yards. Anderson's 1940 leap.

There were other outstanding performances yesterday. Les Givens bore out Wurbschcer's faith in him with a sparkling 58.6 yard 55 yard in the quarter-mile and 26.6 Wilt displayed his kick for a satisfying 180 victory. But perhaps even more heartening than the rest was the 4.94 mile which Mark Roman announced as he pounded home on top of the peak. Mark was extended to

Soak White Sox 'Raised Cain' With Yanks

By JACK HANBY Associated Press Sports Staff So the Chicago White Sox "raised Cain" with the New York Yankees. Bob Cain, a skinny left-hander, making his first big league start, yesterday made the world champs look like the prize changes in a 15-0 rout. Nobody ever treated the Yankees like that. And right at home in their triple-decked stadium.

Joe Goetz, then for the first of five, only 8.74 was on hand. Last time anybody blanked the Yanks as Joe did 23, 1948. Mickey Harris, then with the Boston Red Sox, was the April 23. Diet of Lettles for Yanks Jack O'Leary, Sox manager, gave Cain his first start because he wanted to throw a steady diet of outfield to the Yanks. Sort of reminds you of Herb Pennock, said Jack after the game yesterday. Cain took the Sox to the top of the mound.

While Cain muzzled New York with five hits, Don Johnson, Phil Buzuto, the Sox dug into Eddie Tipton and Don Johnson for a jacked full of runs. Yanks contributed four early errors. While there was slaughter in the Bronx, Cleveland broke Boston's six-game winning streak, 5-4. The Red Sox got to Bob Lemon for three in first but Mel Parnell and Don Johnson broke a 4-4 tie for the Tribe in the ninth.

Wets and Eves Rain A Detroit club hit a heavy power to riddle Connie Mack's battered pitching staff. The Tigers collected 15 hits to trim Philadelphia, 8-5, on Art Houtmeester's five-hitter. Vic Wertz and Hoot Evers drove in seven runs, enough to ruin the A's by themselves. Joe Ostrowski of the St. Louis Browns backed up his fine April 29 against Cleveland with a five-hitter against Washington, to give two more lead runs to the Ken Wood tied the Browns with two singles and a double.

Herbert Frem of 598 Forest Avenue at Larchmont was elected president of the United States Olympic team at the New York Athletic Club last night. Mr. Frem, an admiralty lawyer, succeeds Gustav T. Kirby, who was president of the New York chapter of the national organization at the annual meeting of the AFA and Inter-Alleged championships at Paris in 1919.

Three Blanks In LCL Loop

Three blanking took place in the next-to-last matches of the Larchmont Recreation League. The team of V. J. Williams, M. J. Williams and J. Williams blanked the team of M. J. Williams, M. J. Williams and J. Williams.

Washington jumped on the Yankees in the first inning when Channing singled, Casper's double hit to third and Ed Johnson romped across the plate on Lombardi's bawdy single. Mamaroneck threatened in the second and third innings and never failed to get at least one man home in any inning. However, most of their drives were lost to a fact ball for another year.

Tom Parker then slammed one into right center for two more runs and then Bob Martens made a double to the fence in left. Len Clark stroked and Rodriguez cracked one through the middle for the last two. They were more than enough but Mamaro still knew what a close shave it had taken.

WIN FOR FREDRICKS NEW YORK Jimmy Fredricks, Mount Vernon lightweight, gained a unanimous decision over Jimmy Manhattan in a four-round preliminary bout at Broadway Annex last night.
