

# Belovs 9 Nips Sacramento, 3-2; Trackmen Cop Dual Meet Easily

## Tie-Breaking Tally Forced Over On Walk

Though they should have won it with ease, Belovs chose the zig-zag pattern to 3-2 victory over Blessed Sacramento yesterday at Harbor Island in a game settled in the bottom of the seventh when Sacramento pitcher Terry Reilly threw ball four to Tony Wallace on a 3-2 pitch with the bases loaded and two out. The win evened up Belovs' record at one on each side of the ledger.

Jack Hasley Jr. of Belovs out-pitched Reilly, a young freshman, by hitting the money to a half-dozen safeties, striking out three and passing only two. Reilly failed five and walked two—both of them intentionally—while being touched for seven hits by the Panthers.

For five innings the game went along smoothly and was exactly tied. Then Belovs' pitcher made a two-run advantage in an extra-inning effort. He pitched to the batter and dropped a long fly off the bat of Sacramento's Joe Consentino. Before the ball could be played in, Consentino was on third and the score was 2-2. The ball had been two men aboard when the error was committed but, though a hit shook it at the time, it was not the side without further damage. He gave up a hit to Bob Dumit in the sixth and Belovs was played into a triple by center fielder Cy Benson but whiffed the next two men to keep the date unscathed.

In the bottom of the seventh, Bill Koch led off with a hot single and scored second. Hasley then tried to hit but was dropped by Hiler and the runner scored at second and third. Benson was intentionally walked to base the bases and then there was a near tragedy for the Nye Neck nine. Mike Orsino died of a heart enough to center for Koch to score by tagging up but the hurler-outrider mysteriously wandered off three before the ball was caught and didn't judge much of the charge of Coach Fearson. When Ron Crosby struck out it looked as if Sacramento might get the jump but Reilly couldn't quite catch the corner with the parrot pitch to Fullmer.

**Fitts Doubles, Lyon Triples**  
Belovs went into a 1-0 lead in the second when Fitts cracked a single and Fitts smashed a two-bagger to right center. In the fourth the Panthers added another tally when Fullmer got the first of his two singles and young Lyon cracked a two-out triple. Hasley had a shouting going into the top of the sixth and when O'Shea walked and was erased on a bunting. O'Shea walked to Fitts with killing hits and appeared safe. However, Hiler and Trout struck singly and Consentino's long legs went for three runs instead of the third out.

**The box score:**  
Belovs 9, Sacramento 3.  
Innings: 1-9.  
Runs: 9-3.  
Hits: 10-6.  
Errors: 1-0.

## Panthers Top Saunders For First Success

Annexing six first places in the 16-event program and dominating the other point places, T. A. "Jack" Hasley's Belovs High track-and-field squad managed the visiting Saunders Trackmen yesterday at Daniel Warren Field, 60-36. It was the Nye Neck under-unit's initial triumph in two starts.  
Sprinter Pete Phillips took the 100 and 200 dashes for Belovs to stand as the meet's lone double winner. Captain Billy Dunn won one event, placed second in another and ran a leg of the winning relay, while Hugh Rawson captured his first half mile and garnered second place in the broad jump.

The other Belovs athlete who came out with five-points was Pete Lenotti, victor in the broad jump. He was competing in his first track meet since he was with the basketball squad when the trackmen went to Bronville in the open try-out. The track will soaked from the recent days of rain, kept Don Hasley and the Belovs distance man was beaten by Magillon of Saunders in a stretch duel.

The winners got more second places from Bill Hoffman in the quarter-mile run, Roger Schumacher in the half-mile, and the 1000-yard dash and Decker in the high jump, in addition to Dunn, Rawson and Hasley. Clow was just barely shaved at the tape in the 440 yard and was timed in 5:57, a matter of seven-tenths of a second behind Money of Saunders.

**Yesterday's summary:**  
100 yds.—P. Phillips (B), 1:30.5.

**Stanky's 'Intangibles' Work In Right Spot For Cardinals**  
By JACK HAND  
Associated Press Sports Writer  
Cagey Eddie Stanky picked the right spot to throw his "intangibles" into his St. Louis Cardinals starting lineup.  
Baker Tuesday night by Brockton's Preacher Roe for the eighth straight time and waddling two frames under 300, manager Stanky finally pulled the sheets off second baseman Stanky.

The impact of Stanky's presence in the lineup against Brooklyn could be seen in the very first inning. "Stanky walked" the play-by-play read. Before the first out was over it also read "Stanky doubled down the left field line, Westlake and Bilko scored." The cards scored six runs in that first inning, knocking out Chris Van Cuyk.

**Staley Wins Fourth Straight**  
Stanky's walk here mere before the night was over while Gerry Staley, his ace, became the first Cardinal winner in the major leagues this season. It was his ninth straight since last August. Red Schenckman, shifted to third base, took to his new position like a duck to water. He handled four chances faithfully and smacked a base-loaded home run off Bud Pfohlman in the fifth inning.

While the debut of Stanky and the Brooks' crushing 14-2 defeat of Washington, 7-3 and 4-3, winning the second on Eddie Robinson's 11th inning homer off Bob Newson, fourth pitching by Bill Pierce and Harry Dorish checked the Senators in the opener, **Giants Win Behind Jansen**

### Arrangements Are Discussed By Mrs. Blue

Mrs. Sidney Blue, Larchmont Garden Club member, demonstrated the technique of simple flower arrangements yesterday at a meeting of assistant members of the Girl Scouts of Troop Two at the Murray Avenue School. Mrs. Blue explained the fundamentals of line and design and the rules governing height and breadth of arrangements.

Five groups of Scouts composed arrangements after the demonstration using greenery available now. The best, as judged by Mrs. Blue, was the work of Vivian Barf, Susie Burke, Christine Niklaus, and Susie Seid.

Troop members are working on requirements for the nature badge to be awarded at the June Court of Awards, according to leaders Mrs. William Cory, Mrs. Louis Swartz and Mrs. Harry Jackson. Mrs. Blue will speak to Scout members of Troop One Tuesday when she will repeat the demonstration for fifth grade girls.

### Final Program Slated Tuesday By Association

"Latin America" will be the theme of the Spring Circle luncheon and final program to be held during the season of the Women's Association of the Larchmont Avenue Church, Tuesday at 12:30 P. M. at the church house. Luncheon will be served by Clotilde I. and V. G. H. Bodley, followed by the business meeting.

The afternoon program will open with devotions conducted by Mrs. H. F. Bodley, followed by the guest speaker, will be Dr. W. Stanley Rykert, executive secretary for Latin America of the Board of Foreign Missions of the Presbyterian Church of the U. S. A.

Born near Liverpool, England, Dr. Rykert attained local prominence and secondary education until World War I. From 1917 until the close of the war he served in the United States Army. During his military service as a pilot he was brought down in action three times and on the last occasion crashed in "No Man's Land" near Ypres, France, barely escaping death.

Following hospitalization and later service at a convalescent hospital in Scotland, he went to Peru, under the auspices of the Presbyterian Board, to teach in the Anglo Peruvian College in Lima, Peru, where he was in charge of the school from 1921 to 1924. He was then transferred to the Larchmont Avenue Church, where he has been in charge of the church since 1924. He was elected to the Board of Directors of the Lima YMCA.

He was appointed executive secretary of the Committee on Cooperation in Latin America in 1928, and traveled extensively throughout the continent, collaborating with Dr. John R. Mott in a series of conferences with Evangelical workers in 1940 and 1941. He visited the Andean republics of Ecuador, Peru and Bolivia as a member of a committee representing the Andean highland Indians. He is the author of the book "The Foundation, The Evangelical Witness in Latin America," which has appeared in English and Spanish editions.

## Kell Denies Mutiny Rumor

NEW ROCHELLE (AP)—George Kell, star Detroit third baseman, says there are no mutiny rumors among the Tigers.

Manager Red Wolfe said he denied knowledge of any dissension at any time this or any other season.

The story that the club was in revolt against Wolfe was utterly untrue, Kell said.

There was absolutely no basis for it, Kell, who said he supposed the rumors started because of the eighth straight losing streak.

At the start of the season, however, Detroit's losing streak on poor hitting and lack of base hits.

# PEPPER MAINEVER SPLITS FLORIDA

MIAMI, Fla. (AP)—The political influence of former Senator Claude Pepper became the great unknown factor today in the outcome of the Democratic primary election popularly known as the contest between Senator Russell of Tennessee and Senator Russell of Georgia.

Mr. Pepper's one-time New Deal and Fair Deal strong man threw his support to Senator Kefauver last Wednesday in a last-minute move that brought bitter criticism from the Russell camp.

Senator Russell accused Mr. Pepper of "working both sides of the street" by supporting Senator Kefauver in the presidential primary while backing Senator Russell delegate candidates for the Democratic national convention.

The Pepper maneuver was the closing hours of the Kefauver-Russell campaign when both candidates were moving into Democratic bids for votes.

Senator Russell was the favorite in Florida's first Presidential primary in 20 years, but he was defeated by Senator Kefauver, who had the support of the state's Democratic Party.

Mr. Pepper's move was seen as a sign of the close relationship between the two candidates in the past.

# Firemen on Five Times On Weekend

Three good "dry" days in a row turned around loose brush and grass to kindling in Mamaroneck to bring out the firemen five times on the weekend.

The first fire broke out at the rear of 374 Phoenix Street at 1:58 P. M. Saturday, and was doused by the Haledon Manor Hose Company. The apparatus was back in the fire house at 2:21 P. M. At 3:05 P. M. the Mamaroneck Fire Company answered a call to Greenpoint Road where several acres of brush were on fire. Three fire trucks, four firemen and a hose were on the scene for nearly three hours, finally returning to headquarters at 4:42 P. M.

The volunteer Fire Company answered a call at Madison Avenue and Old White Plains Road. The call was at 5:09 P. M.

The second fire broke out on the road again at 9:44 P. M. To douse a bonfire that threatened to get out of control opposite McKean Laboratories at 1819 East 21st Street, the firemen were called in the fire house at 10:05 P. M.

Final blaze of the weekend came at 12:44 P. M. Sunday when Haledon Manor and Greenpoint Hose Companies answered a call to 1941 The Parkway. Haledon Manor was back in the fire house at 1:27 P. M. Columbia returned an hour later after repairing a defective pump.

# Steel Talks

(Continued from Page 1)

The average wage in the industry is \$1.25 per hour, according to Arthur B. Homer, president of Bethlehem Steel and spokesman for the industry. He said that the union still refused to concede an offer made three weeks ago, but he said the industry workers \$1 a day increase.

He said Mr. Homer's position on the union insisted on the full reorganization of the Wage Stabilization Administration, including union representation.

"No proposals were offered by the union," Mr. Homer said.

# Bitler Steelworkers Grumble, But Stay on Job

BITTERSIDE—Steelworkers grumbled today but they obeyed their leaders and started on the job at the Bitler Steel Corporation. Steel production resumed.

The men in the hills took the news badly that White House negotiators had broken off. Many were bitter that their President's policy had failed. Some older workers seemed bewildered by the situation which their children called "negotiation."

Some of the men who were on the job at the Bitler Steel Corporation said that the government and industry had come up with a peaceful solution.

# LOCAL ARTISTS GIVE ACTS FOR POLIO CLUB

About 100 children and adults attended a children's party for polio sufferers at the estate of Dr. and Mrs. Lanning Keller, Irvington, Hudson, Saturday afternoon, sponsored by the Westchester Polio Parents Club of which Mrs. Keller, Leahy, Peham, is chairman.

A supper, which was staged by Kenneth Kretzer, lasted for fourteen years old. Jules Spiegel and George Swanson, also Mamaroneck, put on a comedy concert consisting largely of rope and chain tricks.

Transportation of the youngsters under the direction of Mr. and Mrs. William Clucker, Bronxville, was handled by the American Red Cross and Private cars. Members of the Irvington Police Department directed traffic and assisted the youngsters. Refreshments were served.

# HST Asks \$1.5 Billion For Flood Insurance

WASHINGTON (AP)—President Truman today asked Congress to set up a national system of flood disaster insurance backed by \$1.5 billion of government funds.

He told the lawmakers the lack of flood insurance was a major gap in the means by which a man can make his home, his farm, or his business secure against financial loss.

The President said with his message to the Senate and House a bill of suggested legislation would be introduced which would direct, direct traffic and assisted the youngsters. Refreshments were served.

# Vanishing Lake Poses Problems AOP Founders Are Honored

MATAWAN, N. J. (AP)—Mamaroneck County engineers will try today to prevent picturesque Lake Letitia, one of the lake region's beauty spots, from flowing into oblivion.

Tons of water in the huge artificial lake, have escaped through a broken dike and the water level now stands only two or three feet instead of the normal depth of about 30 feet.

Engineers feared the outflow might reach the end of the lake until a heavy rain comes.

# British Vote May Endanger Tories' Lead

LONDON (AP)—Millions of Britons began voting today in local elections which the Labor Party is expected to capture another and maybe fatal—blow to the six-month-old Conservative government.

The Socialists started working up a call for a general election in March, when the Conservatives took a bad beating in county elections throughout the country. Like those elections, the voting started today for 57 town and village councils, but will not change the membership picture in parliament. But the substantial swing at the local polls against the Tories undoubtedly will bring stepped-up cries for a new parliament.

The rest of the nation began to restrict supplies, although for the most part there was no great slackening of transportation. Both the commercial and no widespread rationing as yet.

Motoring was not curtailed, but motorists were urged to conserve fuel. The national gasoline shortage is expected to be temporary, but it is expected to be temporary, but it is expected to be temporary.

# NO SIGN OF HEADWAY REPORTED ON KOREA

MUNSON, Korea (AP)—Allied and Communist forces in Korea produced no sign of headway in 11-minute secret session today. It appeared both sides had run out of things to say in the Korean armistice talks.

North Korean Gen. Nam Il, chief Red delegate, spoke from notes for five of the 11 minutes in session, for a record only summary on 11 A. M. (9 P. M. EST).

Vice Adm. C. Turner Joy, head of the Allied delegation, emerged from the conference tent and said: "I am sorry but we are still in executive (secret) session and I can tell you nothing. We meet again tomorrow."

The secret sessions of the chief negotiators began one week ago when the United Nations Command laid before the Reds a proposed over-all solution to untried problems.

Details of the proposal have not been disclosed. The Communists studied it until Friday, when they apparently rejected it.

# INSANITY PLEA SLATED BY THIEF

LONDON (AP)—A defense plea of insanity will be made by attorneys for Victor Garosov, charged with attacking and robbing a wealthy American widow here last month.

The widow seven-thirty-year-old Mrs. Alice Carter Dickerman of Greenwich, Conn., was robbed of \$200 worth of jewelry and money in her London hotel room April 2. She is the widow of Carter Dickerman, former president of the American Locomotive Co.

Appearing before London's Bow Street Court today, attorney Peter Cloutier described Garosov as a former inmate of Broadmoor Institution for the Criminally Insane. "The defense will be one of insanity," he said.

Police said Garosov, a forty-eight year old Russian, was arrested, he beat and robbed Mrs. Dickerman.

R. E. T. Birch, prosecuting attorney, said Mrs. Dickerman would not be in condition to attend court for at least three weeks. He asked that her testimony be taken at the Middlesex Hospital.

# REPLIES TO PROBERS REFUSED BY NUNAN

WASHINGTON (AP)—Former Internal Revenue Commissioner Joseph D. Nunan declined to answer a series of questions about his personal financial dealings in a Congressional committee today.

Mr. Nunan based his refusal to answer the questions on grounds, claiming that the questioning was designed to force him to testify against himself.

The questions involved \$10,000 in unexplained income which investigators traced to his accounts between 1945 and 1950, which they said did not appear on his income returns.

Mr. Nunan read a five-page statement in which he requested that the committee refrain from questioning him about matters he said he understood to be the subject of a grand jury investigation.

THE DAILY TIMES

Monday, May 5, 1952

Published every business day by The Mamaroneck-Larchmont Publishing Co., Inc., 128 Elm Street, Mamaroneck, N. Y. President and general manager: William H. ...

MEMBER OF THE ASSOCIATED PRESS The Associated Press is entitled exclusively to the use for publication of all the news ...

PRAYER FOR TODAY—May every patriotic purpose, dear Father of us all, be rived in sheet and dedicated to the welfare of our nation ...

Table with 4 columns: Motorists, Urban, Rural, Total. Rows for January-April 1952 and 1951.

TO THE 250 WHO CAN VOTE: THIS editorial is addressed to the exclusive circle of 250 voters who took the time and trouble to register for the annual Mamaroneck School Board election ...

Occupying a secondary position—but an issue which, we believe, is worthy of favorable attention in this column is the use of school property for political meetings.

In its formal phrasing, the proposition, which has the unqualified endorsement of both Democratic and Republican parties, reads as follows: "Shall the Board of Education be authorized to permit the use of the school houses and school grounds within the district for the purpose of holding meetings as provided by Section 414 of the Education Law?"

As regulations stand today, the Board lacks this authority unless the meeting is sponsored by a neutral agency, such as the League of Women Voters which is permitted to hold candidates' meetings in school auditoriums.

If this authority is granted by vote of tomorrow night's meeting, the Board will be required to provide for payment covering the costs for the use of school buildings and grounds to those set up for other organizations.

We find no logical reason for turning down the proposition. It is not a question of opening the door to politics in the school system. It is simply a measure to provide a suitable means of otherwise lacking in our community—for the proper discussion of political issues by authorized candidates or qualified supporters.

Our democratic form of government is based upon politics which should be—its essential part. It is not a matter of a meeting place, we believe would grant greater dignity to political discussions and encourage the holding of more such meetings than is now possible because of the handicaps of inadequate and inappropriate gathering places.

The schools belong to the people and it is up to them to decide just how they want them used. We hope that tomorrow night's meeting will decide in favor of the proposition.

While on the subject of schools, commendation is due the Citizens Committee for the Selection of School Board Candidates for its splendid choice of candidates again this year for School Board trustees.

Robert E. White appears to be possessed of the qualifications for carrying on the extremely capable and conscientious record of his retiring predecessor, Hugh Kirkman. The district is also fortunate in being assured of the continued services of Mrs. Edward F. Helwig as a member of the Board of Trustees.

We feel that the committee has done a remarkable job in seeking out competent candidates and inducing them to run for these important positions in our school system.

OUR SENIOR CITIZENS STATE Senator Tom Desmond, across the Hudson in Newburgh, reminds us that May is "Senior Citizens Month." Senator Desmond is Chairman of the New York State Joint Legislative Committee on Problems of the Aging.

That there is a problem must be admitted from a study of the population. Back in 1900, just before the first census, there were in this state only 347,000 residents more than sixty-five years of age. As of 1950 the total was 1,285,000 and as of 1952, estimated, it is 1,400,000.

Since 1900, in only a half-century, the number of sixty-five-and-over residents of the Empire State has quadrupled! The increase of the seniors cannot be attributed to our general increase in population. While between the two Federal censuses of 1940 and 1950 the total population of the state increased 10 per cent, the sixty-five-and-over population jumped over 40 per cent. Further, the increase in longevity, in 20 years the number of persons in the state who are forty-five years of age or older has more than doubled.

Obviously, we have an aging population. It is, then, but natural that those and those who sympathize with them should form the former practice of being shunted and sidelined into inactivity. And why should they accept the stigma of inactivity that old age is synonymous with, inactivity?

Voltaire wrote his best work after he was sixty; Sousa published "Marching Along" at the age of seventy-four; Goethe, who lived to be eighty-three, produced some of his most famous lyrics in his later years and did not complete "Faust" until near the end of his life; Sarah Bernhardt scored one of her greatest successes at seventy-five; and Titian painted "Christ and the Crown of Thorns" at the age of ninety-five!

Along the same line, Henry Ford at eighty resumed active direction of his vast economic empire when his son, Edsel, died; John Dewey, one of our greatest educators, was still prolific and active at ninety; Frank Lloyd Wright, eighty-three, perhaps our foremost architect, still produces magnificent creations; and at ninety-five the president of a Long Island college launched a fund-raising campaign.

And throughout this nation, equally able and brilliant if less well known, many thousands who have the expansive and the loquacious of mind and spirit which have brought fame to Grandma Moses, to Bernard Baruch, to Herbert Hoover, to Albert Einstein.

We wish you success, Senator Desmond, in your effort. And we are in entire agreement with you when you say: "Surely our communities can find rich, rewarding productive ways of keeping our older persons useful." They are, indeed, our treasure storehouse.

Poverty Breeds Habits Leading To Drug Addicts by ANGELO PATRI

All thoughtful people are distressed at reports of the use of more drugs, every place where drugs by school children, and are bewildered by the statistics presented.

In every big town and city there are many families enduring poverty. It is such conditions that breed poverty. Poverty breeds crime. Poverty breeds drug addiction. Poverty breeds crime. Poverty breeds drug addiction.

# Once Over Weekly

By GUIDO CRIBARI

The following letter arrived at the writer's desk yesterday morning. It was mailed from Sao Paulo, Brazil, Wednesday at 10 A.M.:  
Dear Guido:  
This is too good a story to keep to myself. In very short notes I wish to come to South America and refer to the Hudson Globe-Times. On the plane coming down, Tony Kavall gave me an advance tip that you don't omit me here like you do in the States.  
"It seems that Pat Kennedy was with them here last year and was even a bigger show than the Trotters. Everywhere he headed from Trinidad on down, people wanted to see Pat Kennedy. His name was better known than any of the Trotters."  
"As such it was pretty exciting, but with the help and confidence of my roommate, Clair Bee, I put on a helluva show opening night in Rio de Janeiro. We played to a capacity crowd of about 20,000 people and they loved it."  
"The referee here is like the 'Sacred Cow'. The crowds applaud every call the players thank you when they leave the game, and mob you when in it. Crowds gather wherever you go to the streets. In Recife they had me on the radio and the front pages of the papers. Here in Sao Paulo I am to appear on a television program this afternoon."  
"In Recife the schools of the town had Clair, Rodolfo Brown, Duke Cumberland and myself as guests at the local golf course. By the way I shot a 48 for nine and beat the others. They took us out to the Jersey Club and treated us royally."  
"If I should appear in New York, it is because I can't get over it and will tell you more when I speak. Best to Jack Matthews and his boys."  
Love—Harold Goodman.

P.S. Harold Goodman was aboard the Pan American airliner that crashed in the Brazilian jungle a week last Tuesday. All who knew the likable White Plains resident, one of the most ardent basketball enthusiasts around, are praying that through some miracle Harold may yet come out alive. We sincerely hope so.

## Just Sportin' Around

Schoolboy's Tom Cahane has a terrific yarn on the White Sox's Minnie Minoso in a national magazine... Lovell John "M.R." Inglis of Elmford last week was recruited to head the Met PGA for the 25th year. It is doubtful if any other golfer in the country has contributed more to the welfare of pro devotee than has the veteran now from Fairview who played for half a century. It has worked for the benefit of pro golf, and has still done an admirable job. Serving with Inglis on the Met board are Tom, 23; Jerry Jack Sobel, secretary, and Fred Anson, Sal DiBiase, Edmer Wright, Angelo Manero and Al Remetti, board of governors; and Pat Cicerelli and Jack Patton, honorary members... Remetti, incidentally, recently became a resident of Yonkers.

CFO Regional Director Bill Miles advises that the annual CMA golf tournament will be held once again at Westchester Hills May 23. Both clergy and laymen are advised to get requests in early as late entries may be shut out. A couple of good links, Remetz and Sobel, will assist in the program once again... Annual Fish Christian Brother's Day awards dinner... of Iona College slated tonight at Meyer's Parkway, Roseton.

## Orphans of Golf—The Pub-Linksters

Once a year it becomes the duty of this reporter to point up the obvious lack of interest in the public links golfer, in the entire metropolitan area. And apparently 1952 still is no exception. The many tournament-sponsoring associations—and there are two of major importance in Westchester—completely overlook the pub-linksters in drawing up their respective calendars.

Granted that both the Westchester Amateur and PGA have their collective hands full in the operation of well-rounded programs. Both groups offer ambitious state year in and year out. But both will readily admit that the promotion of golf is their prime purpose. And yet neither offers a links course to the orphaned pub-link players.

And now along comes a Metropolitan Golf Association released prepared by publicity chairman Frederick A. Marsh, which includes the following very brief:

"To date the MGA has been unable to find a course on which to play its public links program. Each year, however, difficulty is encountered in finding a course for this match play championship... as a temporary reflecting the lack of cooperation of state, county and city officials as well as owners of privately operated courses—many of the pub-linkers, there are more public links players, members of private clubs, and the MGA has done its part to provide adequate competition in this field. But public officials do not seem to respond to aggressively promote the program."

"Need we add to this sorry situation with further comment? We will. Other than to cheer with the optimistic hope that some kindly soul will take the orphaned pub-linker to heart some day."

## Hamil Paces Major Pimmen On 623 Series

All five Major League bowling clubs at Larchmont Bowl last night resulted in shutout scores and the individual leading was led by a 623 series from Bob Hamill of the Hamilton.

Applying the whitewash with clean sweeps were the Sportmen, Free Parkers, Casarman, Bonnies and Acres teams.

Trailing Hamill with high scores were Kinloch of the Sportmen on a 592 strike and Putterman of the Acres with a 588 total. Kinloch's 239 was the top single and Hamill turned in the very difficult trick of firing a 212 second game and then duplicating it in the final effort.

## Business Men Bowlers Hold Award Dinner

Awarding of the team championship trophy to the Hardtresses, the high individual average trophy to a Penetta, and election of Joe Penetta as president for next year were the high lights of the Business Men's Bowling League dinner last night at Harbor Inn.

Each side had a home-run hitter for the game. Tommy Pallace, batting a genuine round-tripper for the Panthers while catcher Dick Greely, batting in the ninth slot, got credit for a homer when Cy Gordon slipped while running over to flag down a liner that appeared headed for only one base.

With two outs and a man aboard in the Greely second time up for fourth, Gordon, Duck and Stone singled in succession to account for four runs. That ended the game. Bellows countered with one in the bottom half and staged a hit, Frank Kokory and Bill Koch, plus a error by the pitcher, for the fourth in the visitors' column.

Donned the bottom of the fifth with one out and one runner, Pallace closed his homer into the

## Down Gorton In 1st Match

Playing their first match of the season, the Mamaroneck High golfers defeated Gorton of Yonkers yesterday at the Dunwoody Golf Club course by a score of 6 to 3.

The team of Hagan and Mike Kager was stopped, 2-1 by the Gorton and Carr, with Dietrich firing a 78 while Carr had an 88 and Kager took 92 strokes.

In the second match Jim Puglioni posted an 81 and Don Johnson scored an 89 as they shut out the Gorton team of Hill and McLon, whose respective cards read 90 and 89. That match was tied all the way and settled on the 18th green when Puglioni rolled in a beautiful long putt.

Sal Circo and Nick Marino, who comprise the third Mamaroneck combination, shot 84 and 86, respectively, and downed the Gorton team of Yonkers and Lee. The Gortonians came in with cards of 85 and 85 but got only one point while yielding two to the Bengals.

Hagan was the most efficient roller on the front nine during the entire seven-hole stretch. Don Zack, New Rochelle's right hander, gave the Tigers five hits at times but was solved for just before the end of the last hole. He has now been beaten by White Plains and Mamaroneck. Zack sent 12 Mamaroneck batters down on strikes and walked just two.

Caparrotta Belts Ball The first run came with shocking suddenness for Zack. He has retired leadoff batter John Dooling, but Caparrotta, the portly, biting center fielder, picked out a chousing-high fast ball and laced it far over the New Rochelle center fielder's head for a solid home run.

Pinto had just a few balls hit well off his deliveries in the early innings and his motor got him another run in the fourth. Mike Francelia, who has played fine ball thus far at second base, cracked a line single to left and dashed to second on a short passed ball. With two outs, it looked as if Mamaroneck might fizzle on another bid but Anderson drove the first pitch to right, over second base and into center field as Francelia raced home.

The MHS southpaw retired the first two men to face him in the final frame but then he weakened. Joe Caparrotta ranned a double down the left field line and Armando Generoso scored him by dropping a two-bagger between Caparrotta and right fielder Whitey Kaufman. A hit would have tied the score but Pietro swung once, took a curve for a second strike and then cut off air for the clinching out. Each side ended with four men.

Mamaroneck goes after 11:30 fourth straight in a non-league runner against Soverella today at Mamaroneck. The box scores:

## Sugar To Try For His Third Boxing Crown

NEW YORK (AP)—Don Surrus Ray Robinson rate with super champs like Bob Fitzsimmons and Henry Armstrong.

Boxing fans will get the answer June 23 at Yankee Stadium, when Robinson, former welterweight champ and current middleweight being out at top heavy Max Baer's light heavyweight crown in a 15-round bout.

If Robinson succeeds, he will become the third man in history to hold three division championships. Fitz won the middle, heavy and light heavy in that order. Hammering Henry held the feather, lightweight and welter titles simultaneously.

Surrus Ray gave up his welter crown the night he knocked out Jake La Motta to win the 160-pound title. Robinson accepted the maxim match yesterday. Maxie weighed 184 pounds for a recent R. Paul bout and expects to do around 171 for Robinson. Robinson will carry "as much as he can put on"—around 161.

board made it plain that it did not intend to jump to the lead limit merely because the district had voted for that leeway.

Mr. McKinney also stated that in view of the fact that the other trustees had not served on the full appropriation for maintenance...

It was "better to accept the budget as it has been worked out."

**Lowest in Years**

Malcolm D. Brown, former trustee, pointed out that last year's maintenance item of about \$14,000 was the lowest in many years and that the present appropriation of \$20,111 is the lowest of any year since the war with the exception of last year. He asked why the actual expenditure has been this year and Trustee Allen replied that the \$14,000 appropriation will be exceeded by \$10.58.

In reply to a question from former Trustee Mrs. Jean Levenson, Mr. Burchell explained that the repairs to buildings will include roof repairs at Daniel Warren and painting of window frames and trim on that building, also the painting of three classrooms and the new auditorium in addition to work on window shades, pipes and other repairs.

Mrs. Levenson also asked if maintenance would again be curtailed next year when it will be necessary to provide for scheduled increments in teachers' salaries and Mr. Allen replied that a rise in property assessments and increased state aid will give the

district more money than it has this year.

**Increase Explained**

An increase of \$15,300 in instructional needs was noted by Mr. Garfunkel who explained that 34 teachers would receive unscheduled increments next year because they have already reached their maximum salaries; that 20 teachers will be added next year at an anticipated total of about \$7,800; and that all teachers receive increase due them on the regular salary schedule.

Mr. Burchell stated that next year's budget will add \$12,636 in regular increments and pay for two new teachers and in 1954-55, only \$4,911 will be added if the present schedule is maintained since more teachers will be hitting the maximum. He also explained increases are granted when a teacher takes a degree or is taking advanced study while maintaining more years of experience.

The cost of employing people, he pointed out, is 77 per cent of the total budget.

**Memo Listed**

Under the item for instructional service, Herbert McAndrew questioned the bracket, "other expenses of instruction" and clerk Edward Juller listed part of the \$9,125 as film rental, adult education, tuition of \$2,470 for handicapped children who may not be home-tutored or attend special schools, membership in associations including the Metropolitan School Study Association, attendance at workshops and a variety of small items including garage rent for the car used in driver-eduction instruction.

When the operation of plant was discussed, an item which has increased \$1,000, Mr. Brown cited the \$3,000 allotted for fuel and asked if it would not be wise to reduce the aid of a heating expert to study the heating system at the Barry Avenue School where \$4,000 of the money is spent to see if the trouble can be cleared up and a system worked out which will be "both effective and efficient."

He asked if a central heating

system had been considered for Bellows with steam pipes running underground to the Barry Avenue building. Mr. Burchell stated that the board has been "in a state of flux in our thinking about the Barry Avenue building" but added that there was merit in the suggestion of a study of the Barry Avenue problem. Two blowers will be put in two of the furnaces next year, he added.

Mr. Brown asked if a switch-board system would not be more economical than the private wire which now serves the school and Mr. Burchell replied that the district would then have to employ an attendant. A study has shown that very little if any saving would be effected by a central switchboard.

**Fire Escape Expense**

Robert Zimmerman asked if an outdoor fire escape had been considered for Barry Avenue and Mr. Burchell replied in the affirmative, adding that the estimate was about \$25,000. The capital outlay appropriation which is increased by \$4,000 provides for an automatic fire alarm system in the Barry Avenue building which will cost \$2,500, Mr. Burchell said. "An outdoor fire escape provides \$7,763 for new furniture."

The auxiliary agencies category covers \$1,000 largely because of the closing of the Daniel Warren cafeteria for conversion to classroom use. Mrs. Brown asked if milk would still be served children who lack their lunches and Mr. Burchell said it would.

Mr. McAndrew asked how many handicapped children are requiring special funds and Dr. Alvin Hicks, superintendent, said there will be five next year, one in Bedford Village, one in a special Harrison class and one in a Metropolitan ungraded class. The cost per pupil is less than the amount spent per pupil in regular school, he explained.

Mrs. Brown asked if the projected salaries include the guidance director's salary and if the guidance work has been reviewed. Mr. Burchell said it was reviewed last year and found to be "a very desirable service" and that the board continues to feel that way. Trustee Garfunkel said he had not been wholeheartedly for it in the beginning but that he has changed his mind.

Marcel Boert asked how many students are registered and Dr. Hicks replied 144. Mr. Burchell explained in reply to a query from Herbert Morrison that the figure actually refers to the enrollment.

**Board Criticized**

Mr. Morrison took issue with the board for changing its mind last Spring about a revolt on the question of raising the local tax limit. The proposition was voted down May 14 and then, after the state law provided additional seats to teachers and community opinion appeared to favor a revolt, the board agreed to re-submit the proposition July 31. Mr. Morrison asked why the persons who had voted "No" were not informed of the fact that the matter was to be discussed at a board meeting and also inquired if the petition asking the revolt had been checked.

Mr. Burchell said all board

members are open to the public and that it is up to the board to decide on such questions as re-submission of the proposition according to the best judgment. He stated that the board takes for granted the veracity of petitions when they are submitted by district residents.

The new gas budget is \$546,882.54 or \$21,580 more than last year. The new tax rate exceeds last year's by 81 cents per \$100.

**Russia Adds TV To Town**

LONDON, (AP)—"It's radio day in Russia, and the Moscow newspaper L'Avant-garde announced with pride that Russia invented television."

L'Avant-garde, in an article broadcast by radio Moscow, did not name the inventor, but made the broadly sweeping claim:

**Town**

(Continued from Page 1)

from the town a one-foot strip of the town's main road, 100 feet parallel to the Bonnie Brar Lane. This strip denies street access to the Bill estate's 25-acre land holdings, presently undeveloped. The town took over the strip three years ago from the Rockledge Holding Company which developed Rockton Glen, of which Bonnie Brar Lane is a part.

Existence of this one-foot strip has prevented development of the land since the street was Mr. Severin's request to secure the land was not disclosed last night. The point of law which caused the request to be tabled was uncertainty over the location of the streets in Rockton Glen. The town has maintained them in recent years, but the street was formally dedicated to the town three years ago. The town's 30-foot minimum width for dedication.

Commissioner J. Thomas McKewen questioned if the town has the right to sell the strip, which would in effect open a large area for residential development, if the access streets were privately owned. Another bar to action on Mr. Severin's request was the question whether or not the land should be sold, if it can be sold, at auction. Town attorney John DeLuis was requested to clarify these two points.

**Retirement Plan**

Papers of an actuarial check performed by the state at the request of a group of town policemen showed that town payments to the state pension fund would be increased \$4,500 annually if 22 police and firemen elected a 22-year retirement plan. The town's share of required contributions to the fund would mark a 5.2 per cent increase in pension payments while the men involved would also be required to pay larger percentages from their salaries.

At present police and firemen are covered by an elective 55-year or 60-year plan and the 22 men are investigating this new plan which is based on length of service instead of age.

The council OK'd a \$762 estimate from Westchester Joint Water Works No. 1 for installation of 183 feet of 4-inch water main on Dudley Lane. The water company will install the pipe from a nearby 16-inch main if necessary easements can be secured.

**Garden Light Request**

The council turned a sympathetic ear to a letter from Mrs. Loren A. Dodson, representing the Garden Club of town, asking that the town attempt to secure for preservation any natural lands abutting the town along the route of the old Pelham-Port Chester Parkway that may be disposed of by the County.

No danger was seen that the lands would fall into the hands of a commercial developer and Supervisor Owen A. Mandeville observed that the town might get "first crack" at these lands if they are disposed of.

"That might not happen for another 10 years or more," he said.

### NYC Council Okays New Tax Hikes

NEW YORK (AP)—The City Council, Monday, adopted the city's tight financial situation, has approved new taxes on cigarettes, automobiles and liquor licenses. The board of estimates is expected to act on the measures after a public hearing tomorrow. It is estimated that the board will pass the taxes despite opposition from City Council President Rudolph W. Hall.

The 25 per cent surtax on liquor licenses is expected to yield \$21 million.

Proponents of the taxes say they are needed to help balance next year's expense budget and to provide pay raises for city employees.

Some \$10 million a year is expected to result from the cigarette tax of a cent a pack.

Another \$6 million is forecast from an auto use tax of 83 cent on smaller vehicles and \$10 on buses and trucks.

# Combing The Town

### They Mean It!

The Mamaroneck Town Department of Public Works is planning when it sent out flyers to townsmen serving the first 15th of each month until November as the only times that rubbish and debris will be collected from town workers. All trash must be placed in containers at the curb, the River street. What if doesn't state is that the Police Department has been asked to enforce the regulation.

Debris and rubbish are not to be removed from their own rubbish and trash may not be placed at the roadside at any time other than pick-up day. If the first and 15th fall on a Saturday, Sunday or holiday in any month, the collection is to be made the next regular work day.

### Photography Contest

The Mamaroneck Camera Club will sponsor a photography contest for amateurs throughout June. It was decided at a meeting of the club in the Mamaroneck Free Library. Prizes will be awarded and the winning pictures will be included in the annual exhibit which will be displayed to hold next fall at the Mamaroneck Playhouse.

Prize winners in the club's monthly photo contests were Herbert Treland, first; Marcel Michelin and Dominick Puzallo, second and third, respectively. Mr. Treland's winning subject was a shot of Kenico Dam.

The club also manufactured plans to participate in an exhibition in April, 1953, in the observatory of the Empire State Building under the sponsorship of the Metropolitan Camera Club.

### Wins Award

Commercial presentations written by Joseph Hevel of 146 Koolhaev Avenue, Mamaroneck, for the U. S. Steel "Theatre Guild of the Air" program over Station WNBC on an Academy Award Award for meritorious achievement in the arts and radio and television.

It was the first time that the Academy of Radio and Television Arts and Sciences, sponsor of the Michael Awards, has honored a writer of commercial announcements.

Mr. Hevel, a member of the staff of the chairman of the board of the United States Steel Corporation, has written the commercial messages for "Theater Guild on the Air" since the program started last year.

He was educated at the Lawrenceville School and at Columbia University and has lived in Mamaroneck for seven years. He is a former member of the staff of the Herald Tribune and has also been associated with the Columbia Broadcasting, NBC, CBS and the Major Bowes Amateur Hour.

### Druck Honored

Karlman B. Druck of 81 Murray Avenue, Larchmont, is among 23 business and professional men who will be honored tonight by the Evening and Extension Division of the City College School of Public Administration for 10 years or more of service to the school.

The ceremonies will take place at a convocation celebrating the college's 10th anniversary at the Mamaroneck Senior High School.

Mr. Druck, who has been teaching at the school for 12 years, is supervisor of the evening session Public Relations courses. In commenting on his teaching activity, Mr. Druck said, "We actually gain from the contact with students as much as they gain from our instruction. It keeps me up on new uses and abreast of our field."

Vice president of Carl Byrer and Associates Inc., New York City, public relations consultant since 1934, Mr. Druck is also on the Board of Visitors of the State Training School for Boys at Griffing Park.

He was appointed in March by Gov. Dewey. He is president of the corporation of the Larchmont Temple.

### Caruso Discharged

Edgar Emilio Caruso, part owner of the Modern Photographers and Photo Supply Co. of Mamaroneck and the Caruso Photo Service in Larchmont, has been discharged from the Air Force at Griffing Park in Rome, N. Y. He was recalled to active duty in the Air Force reserve in August with his brother, T-Sgt. Nicholas Caruso, his partner in the photo business.

Edgar Caruso served as radio operator on a B-29 with the 102nd Fighter Calibration Flight at Griffing Park after training at Grenier Air Base in New Hampshire. His brother will remain on duty with the same radar calibration unit.

The brothers were veterans during the World War II. Emilio with the Navy Air Corps and Nicholas with the Army Air Corps. They opened their photo business here in 1945 and expanded to the Larchmont location in 1950. They are the sons of Mr. and Mrs. Angelo Caruso of Fort Chester.

### Home from Korea

Aboard the transport Gen. William Seigel docked in Erie Basin, N.Y., recently from Korea, was Pfc. Robert E. Smith, USMC, son of Mr. R. T. Smith, 120 1/2 Edward Pike, Mamaroneck.

Pfc. Smith received his boot training at the Marine Corps Recruit Depot, Parris Island, S. C., and was stationed at Camp Pendleton, Calif., before being transferred to active duty on the Korean Front.

A native of New York City, Pfc. Smith formerly resided in New Rochelle and moved to Mamaroneck in September, 1950. He is the son of Mrs. Iona Smith in New Rochelle. Prior to entering the Marine Corps, Pfc. Smith was employed by the Krug Baking Company.

Robert White, Mrs. Helwig Elected in Mamaroneck District

Robert E. White of 7 Gulon Lane, Larchmont, and Mrs. Edward P. Helwig of 1 Beton Road, Larchmont, were elected to membership on the Mamaroneck School Board yesterday as only 84 of the 250 eligible voters cast ballots at the Mamaroneck Senior High School.

Hugh B. Kirkman on the board, received the unanimous endorsement of the 84 voters who turned out while Mr. Helwig, running to succeed himself for a second three-year term, garnered 79 ballots.

Mr. White, who has lived in Larchmont since 1937, is a native of New York City and a graduate of Harvard College. Associated since 1934 with the engineering firm of Spencer, White and Prentiss Inc., Mr. White is in charge of recent alterations to the foundations of the White House in Washington, D. C. He is president of the Woodbine Park Association and a member of the Harvard Engineering Society, the American Society of Civil Engineers and the Harvard Club of New York City.

Mrs. Helwig, a resident of the Woodbine Park area since 1941, is a Vassar alumna and has taken graduate work at New York University.

She has been active for several years in community affairs, among them the Community Institute, the Parent-Teacher Council, and the Larchmont League of Women Voters.

### Woodbine Park Ass'n Urges Action By Village Board On Dump

Sixty residents of Woodbine Park in Larchmont passed a resolution last night urging the Village Board to construct a dump site of a park on filled land at the village dump. The action was taken at a meeting of the Woodbine Park Association at the Larchmont Municipal Building with president Robert E. White presiding.

The association also went on record in favor of village action to provide mooring facilities for small craft and requested that "unsightly" vacant lots on the Woodbine Park be planted and landscaped. It was pointed out that these lots are now part of village park lands.

The Willow Avenue Park baseball area was termed overcrowded during the baseball season and residents noted that older boys frequently force younger children off the playground. Posted rules forbidding landing to be enforced on this field have been torn down, it was stated.

The association was asked to appoint a committee to study zoning matters and William Eipel discussed the possibility of the younger boys' football team being moved to the Willow Avenue park.

### Bicycle Safety Is Emphasized By Lt. Pauls In School Talks

A bicycle safety program, which will culminate in a parade and bicycle rodeo June 18 has been under way in Mamaroneck schools for the last week under the direction of Lt. Herman Pauls, safety coordinator of the Mamaroneck Fire Department.

The theme of the program, "Playing For Real!" has been stressed by explanation of such traffic rules as riding on the right side of the road, proper hand signals and walking with the bicycle while crossing a busy street. Special emphasis was placed on the fact that the bicycle rider must have a light visible at the rear and the heavy cars and trucks now on the road.

The program was introduced with a film, "Safe on Two Wheels," produced by the Aetna Life Accident Company.

In the course of the presentation it was explained that children ten years old and younger are permitted to ride on sidewalks.

Lt. Pauls has emphasized the program at the Mamaroneck Avenue

### FLAMES DESTROY LUMBER SHED ON SCHOOL GROUNDS

Sparks Ignite Roof Near Day School Classes On Orienta Pl.

Flames destroyed a lumber shed at the Woodburn Day School on Orienta Point yesterday afternoon after sparks from a nearby rubbish fire were carried by gusty winds to the mass-covered roof of one three-story building.

The school was in session at 3 P. M. when the fire occurred but the classroom buildings, hundreds of yards from the lumber shed, were undisturbed.

The fire abated was snuffed when two school groundsmen failed in an attempt to smother the blaze with dirt and sand. Billowing clouds of dense yellow smoke rolled up from behind a stone wall of trees as elements of the Mamaroneck Fire Department arrived at the scene. The structure was wreathed in flames when the first stream of water was directed against the burning wooden walls.

Maurice Plotnik, headmaster of the school, said this morning that the cause of the fire was the sparks from a nearby rubbish fire which landed on the roof of the lumber shed.

Work on the project, which includes demolition of the old masonry building, is now under way among members who are able to give more or who have not yet donated to raise a major part of the balance and thus cut down necessary mortgage financing in cost and short-term financing as well as the placing of a mortgage up to \$125,000. The mortgage, according to Mr. C. G. Stowell who presented the building committee suggestions, will be placed with local financial institutions.

Cecil W. Barton, chairman of the building finance committee, stated that \$210,970 has been received toward the project and that \$163,350 of that amount is still available; the balance having been spent for architects' fees and the purchase of a new mass. ### RED CROSS PLANS TALK BY VETERAN

Recipient of 23 Pints Blood To Address Larchmont Branch May 14

A nineteen-year-old Korean war veteran whose life was saved by 23 pints of blood when he suffered a grave leg wound in action last night will speak May 14 at 8:15 P. M. at the annual meeting of the Larchmont Branch American Red Cross, at the Larchmont Avenue Church House, Mrs. Olney R. Steffen, chairman announced today.

Corp. George Paul Redgate holds the Silver Star for gallantry and the Bronze Star for valor in addition to other decorations.

During an engagement June 11 his unit was ordered to attack a hill in the Tachon River section of North Korea. Half way up they found the bunkers had not been cleaned out and he was caught in a burst of machine gun fire which killed three of his comrades.

### GROSS TESTIFIES TO WAILEN PAYOFF

Boss Bookie Swears Former Detective Chief Was On His Payroll

NEW YORK (AP)—Boss Bookie Harry Gross, who has involved former top city officials in his multi-million-dollar bookmaking business, testified today that William Waileen, former Chief of Detectives of the New York Police Department, had been on his payroll.

Gross said Mr. Waileen went on his payroll right after he became an inspector, at which time Gross gave him a dinner and an expensive watch.

Before Gross testified for the second day in the departmental trial of five officers accused of violating their relations with Gross, a defense lawyer tried vainly to get an adjournment from Deputy Police Commissioner Albert Delaney.

# Truman Views World Affairs As Still Grave

### President Hopeful For Peace on 68th Birthday

WASHINGTON (AP)—President Truman, reflecting on world conditions on his sixty-eighth birthday, said today he still has before him a long and difficult road to peace.

And as for himself and the fact it was his birthday, he commented that he has had a most happy and busy year and is grateful to his family and his country.

Once he leaves the White House, Mr. Truman said with a grin, he will be able to do just about anything he wants to do, including having a good time and doing just as he damn please.

Mr. Truman went on to speak on traveling abroad.

In a subsequent turn, Mr. Truman repeated what he had told the National Housing Conference earlier in the week—that some opposition of his defense program are placed right down the alley Truman Premier Stalin would like to see.

Congress' Attitude Stood He said the attitude of Congress toward military aid and other defense legislation recently has been such as to imply that the necessity for those things no longer exists.

Mr. Truman went on to say if he could maintain our industry on an even keel and continue the laying of a strong military base, and those of our Allies there would be no third World War.

It is an irony of getting all this program brought to its conclusion in this case, he said, we may be having an universal peace.

### EISENHOWER ASKS FULL SUPPORT OF FOREIGN AID FUND

General Warns Any Cut Would Tend To Curb Nation's Defense

WASHINGTON (AP)—Gen. Dwight Eisenhower told Congress today any cut in President Truman's \$7.5 billion foreign aid program "would inevitably tend to curtail or retard" this nation's defense program.

The message from Gen. Eisenhower was made public by Senator Connally, D. Texas, chairman of the Senate Foreign Relations Committee.

The chief head of the Western defense forces did not specifically ask Congress to retain the full amount of funds Mr. Truman requested for foreign aid.

But he did say that any cut "would be heavily and seriously felt."

The Foreign Relations Committee has voted to cut \$1 billion from Mr. Truman's request. The House Foreign Affairs Committee has proposed a \$500 million cut.

Gen. Eisenhower said his cable to Senator Connally that "any cut materially reduces such as to imply that the necessity for those things no longer exists."

Mr. Truman went on to say if he could maintain our industry on an even keel and continue the laying of a strong military base, and those of our Allies there would be no third World War.

It is an irony of getting all this program brought to its conclusion in this case, he said, we may be having an universal peace.

Washington (AP)—President Truman said today he is working very hard to get the strike settled and is hopeful of a settlement.

He said he is not considering the use of the Taft-Hartley Act, with its provisions for delaying strikes in essential industry, at this stage.

Mr. Truman's statement was in response to questions at his news conference.

The President would not discuss the steel case in any form, saying it should not do so while it is before the Supreme Court for a ruling on whether he had power to order a strike to stop.

### RUSS WINS AWARDS FOR 'PHOTO TALENT'

William Russ, Larchmont photographer, was last week awarded four blue ribbons and a certificate for "outstanding talents in the art of photography" by the Professional Photographers Society of New York at its annual convention at Lake Placid.

Mr. Russ, who was in attendance at the convention, won top awards on each of his four entries in the contest which attracted a total of about 2,000 entries. One hundred were selected for exhibition and of these 10 in addition to Mr. Russ were presented Court of Honor awards. His "top flight" photo was a portrait of Miss Lilian Walker, daughter of Mr. and Mrs. Harry G. Walther Jr. of Larchmont.

### Charge Delay In Truce Talks By Refusal to Discuss Prisoner Exchange

MUNSAU, Korea (AP)—The Communists today accused the United Nations Command of delaying a truce in Korea by refusing to negotiate further on prisoner exchange.

The prisoner issue is the only one in the path of an armistice in the Korean peninsula.

North Korea Gen. Nam Il verbatim said that the UN side had failed to discuss the prisoner exchange issue and that their refusal to discuss it was a "propaganda" tactic.

The Allies have forced the Reds to let 62,000 captured Red soldiers go but want to be repatriated.

Your so-called screening of our captured personnel is absurd," Gen. Nam declared in the 18-minute session at Panmunjom.

Gen. Nam spoke for 37 minutes. Vice Adm. G. Turner Joy, chief U. N. Command delegate, called Gen. Nam's speech a "propaganda tirade that can serve no useful purpose."

At Gen. Nam's request, truce delegates will meet again tomorrow 11:11 A. M., at P. M. today EDT.

PRAYER FOR TODAY—It is my earnest prayer dear Father, that I may never surrender to my fears and forebodings;

ANOTHER TRAFFIC PATERN LINK

OPENING this week of the new George Washington Bridge approach and the Highbridge Expressway interchange in upper Manhattan

As it now performs, the project opened this week serves mainly to expedite east-and-west traffic across the upper part of Manhattan

The second part of the new project, the Highbridge interchange, is a mixing bowl which will be separated traffic to and from the bridge, the Harlem River Drive and Roosevelt Drive

It is through this last mentioned expressway that the two projects opened this week will eventually affect Westchester most vitally.

Another tie-in with Westchester traffic movement is in the connection which will be made in the Bronx between the Cross-Bronx eastern part of Westchester.

Incidentally, for benefit of eastbound Westchester motorists who have fussed and fumed at the traffic light at the top of the hill on the Harlem Highway Parkway just beneath the George Washington Bridge, it might be mentioned that a new interchange between bridge and parkway will eliminate this only remaining grade crossing and traffic lights on that parkway.

Cooperation of Westchester with the builders of the state and city in this tremendous pattern is absolutely essential.

A HARD MAN TO STOP

THE consecutive successes of Senator Estes Kefauver in earlier primaries, now topped off by victory in Maryland, an unexpectedly strong showing in Ohio, and a near-win in Florida, make him a candidate for the Democratic Presidential nomination

Admittedly unpopular with the party leaders in the states and in the large cities where his crime investigations revealed sordid connections with politics, Mr. Kefauver has rolled up a surprising testimonial of public affection.

Even in Florida, Monday the full strength of the Democratic organization of that state, including the Governor and both U. S. Senators, was barely sufficient to pull Senator Richard Russell of Georgia out to top.

The Florida vote is the first wherein Mr. Kefauver ran second in anybody because of his initial significant successes in defeating President Truman in New Hampshire.

Nor should it go unnoticed that even here in the Empire State, where Democratic Chairman Paul Fitzpatrick and Campaign Manager F. D. DeLoach, Jr., have been working hard to prevent Averell Harriman, insurgency has reared its head.

Altogether, it now appears, Estes Kefauver is a formidable figure within his party and one who can by no means be sidetracked when the bosses get together in the proverbial smok-filled room at Chicago.

It has no appeal except to the voters!

IT COULD BE WORSE

FOR the Westchester taxpayer who feels himself overburdened by taxation, we point out that New York City residents are about to assume the following new special taxes:

A \$5 to \$10 "use" tax on automobiles.

A 25 cent per liquor license surtax which will push up even higher the prices of alcoholic beverages.

No matter how bad are taxes, there are others, if you look far enough, who are worse off.

Judges' Chance Seen Available To Break Labor Grip On Gov't

WASHINGTON—Judges now have a chance to break the political grip which organized labor and its leaders has had on the White House, Democratic Congress and the Democratic Party for the last 20 years.

They may slash an alliance which has given its beneficiaries almost a mortgage on the executive branch of the government.

That will be the basic political effect of the Pine decision in the steel executive litigation, it is held by the Supreme Court.

Incidentally, the high tribunal's prohibition against any wage increase pending its final decision, is regarded as a sign that it will hold against Mr. Truman, although the vote may be closer than is anticipated by the general public and the labor fraternity.

HARSHLY—These adverse implications of the courts' intervention are fully understood by such many and collaborate political as President Truman and Philip Murray, head of the CIO.

Both realize that this possible reversal of their own strategy on the eve of the Presidential election may be harmful. Both sense that they must salvage their partnership may be broken by the substitution of legal processes for political manipulation.

Mr. Truman's own friends no longer his too open play for the labor vote, fearing that it will retard even the best candidate they can name.

Mr. Murray's associates recall what he was saying in Chicago placing all his trust in political parties, even though his names be Roosevelt and Truman.

REVENING—Although standing on the sidelines, those two labor politicians—William Green, president of the AFL, and John L. Lewis, UMW boss—are reeling from their political strategy.

Green wins every time the courts upset the Truman-Murray partnership. He has been a John L. Lewis in a White House lane.

## Rookie Waters Hurls Single; Lyon's 2-Run Single Settles

The packed schedule resulting from rain-out games forced Bellows Coach Jack Peiron to look around for a starting pitcher as New Rochelle yesterday and his choice, young outlander Sandy Waters, promptly gave a strong job of performance and saved the winner as the Panthers rallied for a 4-2 verdict over Pleasant Sacre-ment.

Waters, who had been kept on the bench for the last two games, was called in to carry the Panthers to another Island practice, did not give up an earned run to the Cardinals in breaching the full seven innings. His tricky natural curve accounted for eight strikeouts and he walked just five while in an equally forgettable for a hurler made his debut on a scholastic diamond.

From the little moundman's gritty performance, the rest of the Panthers finally got the lift for winning effort and they exploded on their second inning for a seven-run, incoherent four-run blast. It was Dave Lyon's single with the bases full in the top of the seventh that climaxed the Bellows comeback track that had been following their miserable slugging in the third, when he took off with all of the runners.

Lyon, the young outlander who has justified his coaches faith in him, came up with him, and during the tussle while Pete Lettoli and Frank Pokorny belted two safeties apiece. Every Panther except Waters looked safely at least once and only one of the bowlers could outpitch, care strategy.

## Sheldrakes Triumph Over Softball Gaels

Though they were obliged to get on only one base in the game, the Sheldrakes triumphed over the Gaels in a 10-1 victory. Seven free passes and five hit batsmen made the run-producing task much simpler for the Sheldrakes.

Tommy Alois went the full six innings for the winners before the game was called as rain set in. He pitched a 10-1 victory over the Gaels in the first game of the season.

The game's first runs scored in the third frame when Gene Moore, Gene Miller and Gene Miller scored on a single by Gene Miller. The Gaels' only run came in the sixth, when Gene Miller scored on a single by Gene Miller.

### Larchmonters Hear Talk On Overpopulation

Unless the United States recognizes the problem of overpopulation in its program of economic aid to other nations, its efforts to improve living conditions will only scratch the surface. Dr. A. H. Uehling, president of the Committee for a Free Asia, told yesterday's Planned Parenthood Federation.

Larchmont Branch members attending the 23rd annual luncheon program of the Planned Parenthood Federation of America Inc. at the Hotel Roosevelt yesterday.

Mrs. J. C. Waterman, Mrs. Harry E. Nichols, Mrs. David P. Hummel, Miss Helen S. Langston, Mrs. Clayton Turner and Mrs. Robert Stodoff.

Mrs. Philip W. Pillsbury, who presided, read from the 1946 statement of the Planned Parenthood group, stressing the objective of forming a world-wide organization which would lead to the repeal of all laws, federal and state, which make the giving of information on the subject of birth control a criminal offense, and which classify such information with obscenity and indecency.

The statement included the goals of the organization in establishing clinics with trained nurses under a doctor's direction, publishing scientific pamphlets, with the final objective of "human freedom, health and happiness."

Dr. Valentine in his "Around the World News" program, pointed out that Planned Parenthood, through its training, advice and research, is seeking methods to help solve the "manpower problem" in crowded parts of the world.

Souvenir commemorative stamp sheets bearing illustrations of members of 18 presidents of the United States were presented to those attending the program.

### Barbara Hellers Bride Today Of David M. Kahn At Her Home

### Service Group Of Garden Club Aids Hospital

The Hospital Service Committee of the Garden Club of Larchmont took forty dozen seedlings and 12 plants to GrandGrass Hospital yesterday for the 12 window boxes in the sunroom of the psychiatric ward. Women patients in the ward will have charge of the window boxes.

The seeds and plants were planted by members of the committee including Mrs. Mum Ewens, chairman, Mrs. Edith Wallingford, Mrs. Julius Goldschmidt, Mrs. David Goldschmidt, Mrs. Harriet Baum, Mrs. Price H. Toppins, Mrs. Robert Ewald and Mrs. J. Irving Fink.

The committee also made 48 flower arrangements for the men's and women's convalescent ward. Those contributing flowers were Mrs. Thomas F. Russell, Jr., Mrs. Walter E. Volmer, Mrs. Walter E. Walter, Mrs. Arthur Herwert Baum, Mrs. Price H. Toppins, Mrs. Robert Ewald and Mrs. J. Irving Fink.

In the endeavor to insure a sufficient supply of flowers for the summer, the committee is seeking permission to cut flowers from the grounds and gardens of homes which will be closed for various periods during the summer. Those willing to have flowers from their grounds taken by the committee are GrandGrass patients. Some men's vacation absences are asked to get in touch with Mrs. Brewer.

### Election Held At Barry School During Annual Hobby Show

Mrs. Carol Aikenworth, as president, heads the previously announced slate of officers for the coming year elected last night during the annual Hobby Show of the Barry Avenue School in the auditorium.

Following the election, Mrs. Lowell Trizer, public vice president, presented a gift on behalf of the executive board to Mrs. David Schwartz, retiring president.

About 100 parents and teachers viewed the hobby displays of the first, second and third grade individual hobbies and home-made and shop work displays of the upstairs. There was also a table of hand work by the kindergarten children.

# Panthers Edge out Harrison, 53-42, in Dual Track Meet Here

## Double Wins Taken By Dumm and Phillips

With Captain Billy Dumm and sprinter Pete Phillips registering twin-triumphs, the Bellows Falls School trackmen stashed Harrison 54-2 yesterday in a tight dual meet on Daniel Warren Field. The Panthers held only a slim 41-40 edge with the pole vault and relay and Phillips uncashed a rapid anchor leg in the relay to make the win margin wider.

Phillips started his double by taking the century dash in 16.4 and paid way through the meet the same track to avoid off for starting 20.2 clocking in the 200-yard event. Dumm took his specialty the discus throw, and then capped the pole vault. He ran the third leg of the relay after Pete Leland and Tom Quinn had lashed by a yard and legs Bellows boys were for Phillips to apply the speedy final leg. Leland made all four of his broad jumps good for better than 35 feet despite lack of practice and his 12 1/2 ft 1/2 inch leap was a clinch first place.

The other Panther first place was registered by Don Hennessey who made the mile run in a five 48 timing, his best of the season. Hasty took the lead in the second mile and created the yardage of his advantage as the race progressed. Hasty unleashed a strong kick to take second for Bellows.

Harrison highlights were Ray Traff's 9:11 half-mile win with Tom Quinn winning it, plus Dumm and Phillips in the quarter-mile and White in the high jump.

Valuable second place points were added to the DHS total by John Allen in the 800, Chris Clavin in the 400, and Bob Judd in the high jump, plus Muller's tie and Niles' run-up in the mile.
