Naturalism Topic Of Discussion At Alumnae Meeting

Naturalism, called the "great heresy of our time," was discussed last night by the Rev. Carl Lieberman of St. Vito's Church, in a talk for members of the Larchmont-Mamaroneck group of the College of New Rochelle Alumnae at the November meeting at the home of Mrs. Edward Gleason of Chatsworth Gardens, Larchmont. Margalita Seely was co-hostess.

The speaker, who said that man was "put on earth for a supernatural end," suggested a "revival of Catholic practice and action" to combat naturalism.

Plans were discussed at the business meeting preceding the program for the first in a series of lectures to be given Nov. 18 by J. L. Benvenuti, feature writer for Commonal, and expert in political science and finance, speaking on "The Marshall Plan As European Policy" at 8:15 P. M. on the College campus. Future lectures will be given by Mgr. Fulton J. Kelly and Fr. Thomas J. DeSisto of 123 Beach Avenue, Larchmont.

Discussions Group Plan 2 Meetings On Aid To Europe

"Shall We Aid Europe?" will be the topic of a discussion led by Mrs. Isidor Greenwald, foreign policy chairman, at the meetings Tuesday and Thursday of the discussion groups of the League of Women Voters of Larchmont. The program will include the presentation of a film study, entitled "International Trade Organization Challenge to World Trade," produced by the League of Women Voters of the United States.

The discussion group will meet Tuesday at 1 P. M. at the home of Mrs. Harry Bachman 70 Fernwood Road, with the Woods group meeting Thursday at 1 P. M. at the home of Mrs. W. B. Ketchum of 51 Valley Road.

Members of the minor group are invited to attend either discussion. Mrs. Greenwald will be assisted by Mrs. Lionel Robbins, economics chairman. A large number of interested residents are invited.

Speakers Evaluate Education Needs At Fall Workshop

Lack of mutual understanding between educators and laymen as a hindrance to education was stressed at the annual fall education workshop of the Westchester Branch, American Association of University Women, yesterday at Westlands. A dinner introduction was given at the Westchester Building at Sarah Lawrence College.

A series of talks on "How to Get the School and Community to Work Together" featured the morning program and the evaluation and practice of various systems employed in cities, villages and small districts highlighted a panel discussion following luncheon. Introductions were made by Mrs. William D. Moyle of Scarborough, Workshop Chairman.

Emphasizing the need for greater cooperation between the school and community, Dr. Frederick T. Pope, executive director of the New York State Citizens' Council, and it is necessary to have an aggressive program of "interpretation of education" to have a "citizens' school."

World Government Urged By Pickler

A federal form of government in place of the present confederacy form would considerably strengthen the United Nations, said Harry Pickler, Larchmont director of the State World Federation, in a talk yesterday to members of the Women's Club of New Rochelle.

Mr. Pickler, who spoke as "World Government," said that too much time is taken by the UN to solve world problems under the present confederacy, and unless changes are made "it will not be effective." He traced the set-up of a reorganized UN, and offered suggestions for strengthening that body. "We must strengthen the UN towards world government," he concluded.

Panthers Announce Plan To Withdraw From Competition In SWAC

To Play Comparable Teams Except For Little Three; All Sports Are Affected

By The Sports Editor

A major upheaval in athletic policy at F. E. Bellows High School was announced yesterday when it was revealed that the Panthers plan to withdraw from the Southern Westchester Inter-scholastic Athletic Conference and to confine inter-scholastic activity to schools of "comparable size."

The move came on the heels of the announcement that the Panthers and a Mamaroneck High School Tigers had severed football relationships but is a great deal more far-reaching since the new policy applies to all sports and states that "Class A schools shall be excluded from the schedule." This policy excludes Eastchester, Edison Tech and Pleasantville from future Panther sports schedules, although the East Enders plan to continue play in the S. W. I. A. C. through this school year and make the effective date of the new setup when next September. So they will probably play these schools in basketball and baseball unless the S. W. I. A. C. officials decide differently.

The Panthers will fill in their schedules with schools of comparable size, which means that all of the slates will be confined to Class C schools, some of the smaller schools in Class B and unclassified schools of similar registration. Class C schools are those with less than 300 registration. Class B is more than 300 and less than 500, and Class C with a registration of over 500.

Practically New Schedule
East End officials, however, hope to keep alive the "Little Three" rivalry among Bellows, Harrison and Ryer, even though the latter two will join Class B and are even effort will be made to retain these two on the various sports slates. Bellows, incidentally, is the only Class C school in the S. W. I. A. C. since Tuckahoe's withdrawal last year.

The action will be a blow to the S. W. I. A. C. which will be reduced to five teams after having reached a high of seven in 1946. It will also enable the Panthers to work up a more varied schedule as they have taken up a major portion of schedules in all sports.

Remarking on the action yesterday, Coach Jack Healey, athletic director, said "I'll at least give our boys a 50-50 chance. It's

no fun to be the under-dog every time against schools which have more candidates in every sport and consequently have more players from whom to choose. We'll do all right in our own class."

Plenty of Class C competition is available in the county with no less than 20 schools listed in that category by the New York State Public High School Athletic Association as well as several unclassified private schools of comparable size to Bellows. There may also be the possibility of scheduling teams outside the county.

Retained League in 198
The Panthers entered the S. W. I. A. C. early in 1943 and completed in basketball and track winning the championship in both the first season. Since then they have taken a second, a fourth and a third in league competition.

In football the league record over four seasons is four wins as against 15 losses with two of the victories against Tuckahoe, and one apiece against Pleasantville and Harrison. The Panthers did not get into football competition in 1943 because of previous gridiron commitments.

The best mark has been made in basketball where the East Enders have never shown a deficit in league competition. The record reads 28 wins and 17 defeats over four seasons with SWAC title coming to Eastchester in 1944 when Dick and George Carpenter, Dick and Tom Joyce and Norm Ottman comprised a powerful quintet. Otherwise the Blue and Black have fared in the league as they tied for third and last season finished in the third slot behind Eastchester and Harrison.

In baseball the teams have won 25 and lost 27 in four years over five seasons. Only in one year, 1945, did the Bellows break better than even and that season they took six as against four losses in Mexican standoffs while in '44 the Blue and Black won three and dropped seven.

In addition to announcing the policy change it was also announced that the Varsity football schedule would consist of eight games if possible. The team has been playing only seven games per season.

Volunteer assistants who are not members of the school staff may be used in connection with a given sport upon invitation of the coach in charge.

Jack Fearon was named football coach for the 1948 season and reached a high of seven in 1946. It will also enable the Panthers to work up a more varied schedule as they have taken up a major portion of schedules in all sports.

Plains B Team Mauls Hilltop Juniors, 26-7

By ROY STERN

A heavy White Plains JV squad handily mauls Hilltop Juniors yesterday at the county seat as they steamrolled a 26-7 score out of Coach Sullivan's outfit. Sparked by Bill Campbell the Hawks drove into yard just after early in the third stanza as a sixty-six yard pass play ended a brief rally. White Plains men, however, hammered out one TD in the fourth quarter as Bob Hart led the way with two 45-yard sprints.

Don O'Connor spotted the Tigers defensive while Al Slutz arrayed the County Saviors pushed across a set of twin TDs, one in the third, both originating on their 40-yard stripe and both climaxed by a 45-yard gallop with Hart carrying the ball. Midway in the second period the winners again started a drive on their own 40 as they rolled down to the victory 19-0 from where a Hart to Harris aerial struck home with Slutz adding the extra point. A fumble set up the last White Plains score as O'Melia recovered on Mamaroneck 26 with State going over two plays later. Don Dunning bucked over for the final point.

Early in the third stanza Bill Bender heaved a 30-yard aerial to Mike Bruno from the Mamaroneck 26 and Bruno galloped the rest of the way for the Hilltopper's only touchdown. Bender converted for the extra point. Manik (7) White Plains (26) 1-2 Lovens, Harris, L/T Pascal, O'Melia, L/O Raymond, Lyons, C. Lewin, Steinberg, R. Tillman, Holcomb, R. L. Beckford, Ashton, R. E. Pals Upset Steve's Quartet In Bowl-Ette Lunk Kegling

Van Heusen—135 120 200 461

Steve's Quartet of the Bowl-Ette league dropped a 2-1 match last night on the Bowl drinks and found its lead in the league reduced to the vanishing point. There simply was no more lead with a 2-1 win and the Pipers snapped out a 3-0 victory. Both teams caught up with Steve's with the result that there was a triple tie for the top spot in the circuit.

The Pals were the upsetting factor as they trimmed the league leaders in the first two games with Mrs. Dorothy Goad and Mrs. Amy Van Noppen doing most of the damage, and then succeeded in the third try as the Steve outfit finally got going.

Top individual honors were split between Mrs. Helen Crumond of the Jewels and Mrs. Evelyn Cunniff of the Curlews with Mrs. Crumond rolling a 208 string as the Jewels dumped the Television Circle by 2-1 and Mrs. Cunniff with a 250 string against the Curlews set lost to the Happy Four by 2-1. In the other match the Georgettes trimmed the Dressers.

Stars Prepare For Norwalk Laurel Battle

Working out with ten sets of

balet co-managers Phil Rigano and Phil Spencer started to rig up the Stars attack last night in the gridiron drill at Harbor Island. In one backfield Bill Haney, Fostie Gironda, plugging Bill Cross and Tommy Parker were operating while youthful Bill Penney, Dave Hanson, Boop Rodriguez and Jim Pooler worked in the alternate four-man Dush quarters worked on trick formations and plays which were expected to prove effective Sunday when the Stars meet the Norwalk Laurels at Manchester Field.

The Stars will be at full strength for the game as full league injury, sustained in the Stratford game, has healed and Bob Mariensen reported with a healthy knee, slightly damaged in last Sunday's fray. The team will need the full power Sunday as the Laurels defeated the Bears last season and the local venue is anxious to avenge the loss.

On the line Rigano and Spencer had Gene McLaughlin and Dan McMahon alternating at center while they put Charlie Bentes through a lengthy place kicking drill with the thought that a field goal or an extra point may be the deciding factor in Sunday's fray.

Bassetts Triumph In Ladies League
The Finmeeres and the Bassetts scored by 2-1 last night in Larchmont Acres League play at Larchmont Rec. as they trimmed the Motz and Rosec case.

Mamaronack, W.I.A.A. championship cupped all individual honors for the night as scored a 1-1 in her net string and finished up the series with the 4-0 total.

Despite the additional entries the struggle will probably develop into another battle between Mamaronack and Isaac Young with the riggers holding the slightest of edges because of two one-point victories over the Shore Roadsters in earlier games.

The exchange of a single goal and defeat could mean the difference between victory and defeat and Coach Puritz' outfit will be hard put to maintain its perfect season record.

Coach J. Connelley of the Captain Dick Hillites, Jerry Williams of W.I.A.A. and George Rabe, point-gatherer in last week's W.I.A.A. match, will certainly go for the Tigers as will Al Volmer, Fred Moe, George Rabe, Jim Ferry and Bob Schuch.

Hudson River Runners Enter District Meet

A pair of Hudson River schools

plan to challenge the unbroken supremacy of W.I.A.A. schools in the Eighth Annual Section One schoolboy cross country gallop tomorrow at 4 P. M. at Tibbetts Brook Park here. In seven consecutive runs since the inauguration of Section One competition, W.I.A.A. teams have captured every title with Gorton of Yonkers as the lone double winner.

Due to match strides with several W.I.A.A. squads are north Tarrytown, winner of the unofficial Hudson River League title, and Hastings of the same group. The headless horsemen defeated Hawthorne in a lengthy place kicking drill with the thought that a field goal or an extra point may be the deciding factor in Sunday's fray.

Odd Fellow's Second Squad Gains In Fraternal League

The Odd Fellows B squad con-

tinued blithely back at the top of the Fraternal League last night and, what's more, added a game to their lead as they took the Rotary Club by 2-1 while the second place Legion outfit was shooting a licking at the hands of the Kiwanis squad.

Meanwhile the Lions were finding the third place Odd Fellows A team far too tough a nut to crack and lost by a shutout with 3-12. Manzoni Lodge quitted suffering a like fate at the hands of the Mamaro Club.

Despite shutout scores the matches were close on less than 50 pins separated the competitors in most of the games. The tightest of them all was between the Kiwanis and the Legion with the Legionners pulling out their simple victory by five five times in the middle game. The Lions dropped three heart-breakers one by 15 runners, a second by 16, and the third by only a margin.

Individual honors went to the following:

Musical Treat

Ernie E. Angell, concert pianist and organist, will present a program of recorded music from the new music collection of the Mamaroneck Free Library last night at 8 o'clock in the library.

The program will include Concerto No. 2 in C minor, op. 18, by Rachmaninoff, with Arthur Rubinstein as soloist; Fantasia and fugue in G minor by Bach, with Albert Schweitzer, organist, and Libeslud by Wagner, with Helen Trubel as soloist.

Mr. Angell conducted a music appreciation course for the library last Spring and also served as chairman of the library's music selection committee. He has studied at Alfred University, Juilliard School of Music, and the David Mannes Music School. He now serves as choir master and organist at Trinity Protestant Episcopal Church in Mount Vernon. His studio is at 230 Prospect Avenue, Mamaroneck.

Writers' Clinic

Five Bellows High School students are among the delegates representing 300 high school and preparatory school newspaper, magazine and yearbook editors at the metropolitan area attending the eighth annual conference of school publications today at the New York University School of Commerce.

All members of the Scripps staff, Bellows' yearbook, non-competitive and non-athletic event. Representatives of the two universities, appearing with 100 others at the largest College Conference in Mamaroneck High School's history, found themselves and their prospective students, (or at least interested students), in the same room.

When to do? Both men agreed would be impossible to get together to them to carry on consultations with the students at the same time, and William C. Frazier, editor of the role of teacher-host, arranged for other quarters for the Princeton contingent.

Noble stayed right where it was, with Ella Edwards, newspaper conference guest at M.H.S.

Yale Wins!

Yale defeated Princeton yesterday in an unexciting, non-competitive and non-athletic event. Representatives of the two universities, appearing with 100 others at the largest College Conference in Mamaroneck High School's history, found themselves and their prospective students, (or at least interested students), in the same room.

There's Still Time

Residents who wish to contribute food for the Friendship Tray may do so tomorrow at the following depot, the Larchmont Lions Club, which inaugurated the two-day drive yesterday, advised.

Buyer Market, 1645 Palmer Avenue, Greenvale, 212 Chestnut Avenue, and 143 Larchmont Avenue; Gustav Klein Toy Goods, 1851 Park Avenue; Zivini's Liquor Store, 108 Chestnut Avenue; and Palmer Paint and Supply, 1205 Palmer Avenue. Canned foods, preferably meat, vegetables and dehydrated soups, are especially needed. President Dr. Daniel Karrel of the club, Mrs. Dr. Joseph M. Karrel, chairman of the collection committee.

Big Turnout

Seventy-five representatives of colleges and universities viewed students of Mamaroneck High School at the annual college conference at which Principals Joseph C. McLean said, attended by both students and parents was "by far the largest since these college conferences were begun."

The conference attracted teachers from Greenwich, Port Chester, Rye, Harrison, Bellows, Scarsdale, Eastchester and Woodmere, L. I. High Schools.

A film entitled "Tomorrow," Leaders of the U. S. Merchant Marine, was presented in Room 216-A preceding the conference.

Air Force Recruits

Two local boys have enlisted for three years in the Army Air Forces, Major Fred De Angelis, in charge of the Army Air Force Recruiting Station in New Rochelle, announced yesterday.

They are James Haupt, Jr., 18, son of Mr. and Mrs. Alexander J. Haupt, of 20 Alder Road, Larchmont, and Melville C. Reid, 18, son of Mrs. Ethel L. Reid, of 40 Tompkins Avenue, Mamaroneck. Both boys will report to San Antonio, Texas, for basic training.

Haupt attended Mamaroneck High School and Reid attended Bellows High School before their enlistment.

Residents Complain About Smoke In Area

Mamaroneck police received four complaints yesterday from residents about the black smoke coming from the Swift Coking Plant at 300 Mount Pleasant Avenue, Mamaroneck.

Police spoke to the manager of the plant, who reported steps were being taken to prevent it from happening again.

Pony Express Rider Thrills Six-Year-Old

Can you imagine anything more thrilling than a visit with a real "pony-express rider" — especially if you are just six years old like little Gail Hunter? Gail is living in Larchmont these days showing her friends a plaque given her by Bronco Charlie Miller, the last living pony express rider in the United States. The little girl will come among her friends to see the pony express rider who has been riding the colorful figure last weekend when her parents, Mr. and Mrs. W. S. Fitts, of 244 East Brookside Drive, Larchmont, were the guests of the pioneer's son and daughter-in-law, Mrs. and Dewey Miller in Glen Falls, N. Y.

Yre Butcher Selling At Cost To Hit Prices

Do Yre butchers are rising to a something about the decided cost of meat. Rocco Martino, manager of the meat department of the Milton DeLuca and Grocery Store, 544 Milton Road, Rye, has inaugurated a plan whereby he will take up to 200 customers, who avail themselves of the service pay \$1.25 a week as a service charge.

Martino told the Daily Item today that the meat department of the store has been running at a loss since the price of meat has risen so far that it breaks me. He said that so far his "Plan," as he calls it, has been "very successful." He said that this thing goes over it will start something nation-wide.

The butcher told the Item that he will take up to 200 customers, and he added, "I don't care who gets the meat, but I want to see this thing." He said if he got 200 persons in the plan he would receive the most department of the store. There are now more than 100 in it, he said. He said the plan is to be used to cover his own salary.

Martino said he had not advertised the scheme widely because he "wanted it to grow by itself." He said he had signed up many of his regular customers at first but would accept anyone who is interested.

Martino asserted that he was "appalled" at the way housewives have been cutting down on necessary proteins and vitamins because of the high price of meat. He said he felt that something had to be done about it, and thinks his "Plan" is the answer.

Any customer is privileged to see the meat sales slips and books if he doubts the meat is being sold at cost, Martino said. He said members of his "Plan" may buy as much meat as they wish each week.

Deputy Pays Visit To Masonic Lodge

Maguel S. Bettencourt, district deputy grand master of the Second Westchester-Putnam District, P. O. & M., paid an official visit last night to Appawauk Lodge 800 in the Masonic Hall at Prospect Avenue.

Mr. Bettencourt was escorted by Right Worshipful James Stewart and welcomed by Herbert L. Baum, master of the local lodge. The guests included the grand master of Gay H. Brown, grand master of Masons in New York State. He talked on various Masonic projects, with emphasis on the "Crisis in Public Health," a national welfare and medical research which is making a study of venereal fever.

Delegations were present from the following lodges: Appawauk, Rochelle, Pelham, Larchmont and Stewart's.

Refreshments were served by Stewart's Richard Crowe, Jr., and William H. Childs.

County Welfare Costs Top Five Million; Federal And State Aid Cuts Bill In Half

WHITE PLAINS: Westchester County benefited to the amount of \$2,555,915 in State and Federal refunding and other revenues by the Department of Public Welfare during the year 1946, according to the annual report submitted to the Board of Supervisors yesterday by Public Welfare Commissioner Ruth Taylor.

This amount brought the gross total of the year of \$5,215,945 down to an actual net to the County of \$2,714,129.79, the report revealed.

The report came late this year due to the intricate system of financing under State and Federal refunds that went into effect in 1946 when under the Osterling Law, administration of all welfare in Westchester, exclusive of the City of New Rochelle, was taken over by the County administration by Miss Taylor.

The report of the welfare department for the year, the report shows, is doubly heavy due to the added loads of transposing the welfare systems of the 18 towns and five cities to the County administration which was done (Continued on Page Nine).

Low Income Tax Cut Suggested To Congress

Sub-Committee Wants Law To Guarantee Plan

WASHINGTON, (AP)—Voluntary rationing, a control law ready for use if such a system fails—was proposed by a Congressional body today as one method of combatting the high cost of living.

The Senate-House group, headed by Senator Flanders, R., N. Y., also called for a reduction in taxes on low-income individuals and a 10 percent cut in corporate profits and wage increases, as well as a return to installment buying.

In a report to the Joint Economic Committee headed by Senator Taft, the Flanders subcommittee said that further investigation is needed on the rationing work week, adding:

"We often refer to the miracles of production in the war, but they were not accomplished on a 40-hour week. We may be facing the necessity of a temporary increase in the work week if we are to bring our production up to the level of European relief and reconstruction, without lowering our standard of living."

Besides Flanders, Senators Borah, R., Conn., and Myers, D., Pa., and Reps. Bush, R., Pa., Kilburn, R., N. Y., and Hart, D., N. Y., were on the panel.

Story Hour

More than 80 boys and girls attended the birthday story hour yesterday afternoon in connection with the Mamaronock Free Library's 25th anniversary.

Mrs. Philip D. Wesson, a trustee of the library and corner of the library, presented the program, which included the reading of the apple tree vitch, a tale of Mount Everest by Sybil Noel, and the stories of "The Tiger, Brahmin and Jackal" and the "Adventures of the Little Field Mouse."

Following a brief story of the history of the library, the children sang "Happy Birthday." The candles on a large birthday cake were lighted, the cake opened, and job-letters distributed to the children. A silver bookmark was also given each child as a souvenir.

The children's room was colorfully decorated by Mrs. Evelyn R. Hatch and the following members of her committee: Mrs. Frances B. Laughlin, Mrs. Raymond T. O'Connell, Mrs. Ross A. Abell, and Mrs. F. J. Steinhart.

Speak At Library

Mayor B. J. Santoro of Mamaronock and Dr. William E. Loring, president of the Mamaronock Chamber of Commerce, were the principal speakers at the final ceremonies commemorating the silver anniversary of the Mamaronock Free Library at 8 o'clock.

Judge Charles M. Baxter, Jr., president of the library association, will preside at the birthday party, at which gifts from residents will be presented and letters of congratulations will be read.

Former Mayor William E. Lyon, Jr. will also attend.

The library was inaugurated on Nov. 15, 1922.

Mrs. Harry E. Fosbury will act as hostess, and the planning committee, headed by Mrs. Evelyn R. Hatch, will provide an attractive birthday cake and other refreshments.

Prison Designer

Plans were filed yesterday in the Brooklyn office of the New York Department of Planning and Building for a \$5,250,000 11-story Brooklyn city prison by the architectural firm of H. C. Hopkins and Associates, of which Charles W. Hopkins is president.

The total cost of the project, which is expected to get under way next spring, is \$6,600,000, including the new building, the site, and the replacement of the present 108-year-old Brooklyn prison, which is considered obsolete and insanitary.

The new prison will have a capacity of 800 prisoners — 550 adults and 250 youths. Mr. Litchfield, whose firm is the federal and state penalitarians, said last night that the adults and youths will be separated.

The foundation work and the framework will be started in the Spring, Mr. Litchfield said.

Help For Vets

The assistance provided by the many local branches of the Veterans Administration has been outlined to members of the Larchmont Rotary Club yesterday by Herman V. Bailey, state veterans' counselor, at the weekly meeting of the club in the Larchmont Lodge.

Guests included Rotarians Sylvan Schwartz, Dr. Mamaronock, Jack Cox and Bob Good, John Fort Chester, and Charles J. Jones, of Yorkville, and Houghton of Mamaronock.

Joseph C. McLaughlin, principal of Mamaronock Senior High School, will present films of students activities at next week's meeting.

Gift For Elizabeth

Vincent Monte-Sano of Larchmont, will know designer of women's clothing, was one of the designers of a dress of the same sent as a wedding gift to Princess Elizabeth from the New York fashion industry.

Chosen as representative of American design and workmanship, the wardrobe includes six suits, nine daytime dresses, a blue country coat, a woolen raincoat, two dinner dresses, four evening gowns and two housecoats.

Yuletide Plans

Plans for Christmas decorations in the Village will be discussed by the Mamaronock Chamber of Commerce at its November meeting Monday night at 8 P. M. in the Elks clubhouse.

The Christmas Decorations Fund committee, which is attempting to raise more than \$2,000, will report on its progress.

Man Hurlled To Death In Auto Crash

Thrown From Car, Port Chester Resident Dies In Parkway Mishap

AUTO STRIKES POLE

James J. Kent, 24, of 64 Washington Street, Port Chester, was killed last night when he was thrown from his car after it smashed into a telephone pole at the Hutchinson River Parkway intersection in Harrison.

The accident occurred at 12:35 A. M. when Kent, who Parkway Police report was traveling at high rate of speed toward Port Chester, apparently failed to round the corner before the parkway overpass, and struck the pole with such impact that it chipped out the bottom section, leaving the top hanging from the wires.

Kent, police reported, was about 70 feet from the pole when the accident, landing on the triangular safety island at the intersection, threw him into the air. He continued an additional 111 feet over the bridge in an easterly direction before coming to a stop. The accident was investigated by the Parkway Parkway Department because the safety island on which Kent was hurled is a public highway.

Dr. Ellis M. Markell, acting health officer, said that Kent died at 1:31 P. M. at the scene of the accident.

U. S. Is Facing Recession, UN Report Says

NEW YORK, (AP)—The United Nations Economic Department said last night in an 86-page report on current financial conditions, that there is a serious problem of a recession during the next year in the United States.

The report, prepared for the U. N. Economic and Employment Commission, headed its summary with the statement: "A large part of the world is at present subject to inflationary pressures. Even in the United States, where output has been greatly expanded as a result of the war, inflationary pressures have taken place. Unlike conditions in the rest of the world, however, in the United States there is already a serious problem of a recession during the next year."

Communists Attack Price Plan In France

PARIS (AP)—The French Communist Party declared war today on Premier Paul Ramadier's plan of raising railroad gas and electric rates as a result of the nationalization of the coal industry.

A communique issued early today after a long meeting of the party's political bureau said the Communists would "prepare everything to assure the success of the action of the popular masses against high prices."

The Paris committee of the party backed this by denouncing the nationalization of the French government and by calling on "all Parisians to fight the new taxes."

The government yesterday decreed 45 per cent increase in gas and electric rates and a 25 per cent hike in railroad and subway fares because it said the end of subsidies to the coal industry had boosted coal prices more than 1,000 francs (about \$8) per ton.

The new Communist move constituted a new phase of the far left struggle against the Ramadier government, which began when Communists were ousted from the French cabinet last May. It also was a further step in the party's campaign against Socialists and against Americans, which began with the recent formation of the nine-nation Cominform.

The Paris committee began: "The Ramadier government, on orders from American capitalists, have just struck a real blow at the people of Paris."

The committee said consumers' "action committees" would have in transport, gas and electricity industries.

Speedy Student Fined And Loses License

NEW ROCHELLE — A Yale University student, clocked at 70 miles an hour on the Hutchinson River Parkway here Sunday, pleaded guilty to that speed today and was fined \$50.

In addition, Judge Rubin informed the defendant, Morgan Lawrence Gamble, 22, of New Haven, Conn., that he had been driving in this State illegally — the 30-day grace period having expired for out-of-state licenses — and confiscated Gamble's California driving permit.

Hughes Backed By Attorney In Washington

WASHINGTON, (AP)—Neil R. McCarthy, Los Angeles attorney, told Senators today that Mr. Gen. Bennett E. Meyers tried to win both a job and a team from Howard Hughes while Meyers was a wartime air force procurement officer.

McCarthy, a former vice president of Hughes Aircraft operations, repeated on the stand most of the testimony he had previously given the Senate War Investigating subcommittee in closed session.

The ruddy-faced, gray-haired attorney declared opening of today's session for nearly an hour and had arrived here by train from Los Angeles.

Under questions of Chairman Ferguson, McCarthy explained that he had used the time "to glance" over his previous testimony and "talk with Mr. Hughes."

Hughes has testified that Meyers sought jobs both during the war and for the postwar period and also accepted a \$200,000 loan to finance a government bond purchase deal.

McCarthy, now retired on a pension, was asked on a pension job during the war or a loan. Instead he said Hughes offered him \$200,000 for the bond deal through McCarthy.

Varied Views On Curbing Racial And Religious Bias Offered By Local Residents

(Editor's note: This is the third in a series of interviews with citizens on important issues of the day. The feature will appear each Saturday in The Daily Times. Today's question is: What steps do you believe should be taken to eliminate racial and religious prejudice?)

King Love, Alden House, Department said last night in an 86-page report on current financial conditions, that there is a serious problem of a recession during the next year in the United States.

I believe to be one of the greatest single factors in dispelling racial and religious prejudices, since in these organizations all members are propelled into their activities by a single interest. . . .

The improvement of their community. In these clubs men of all denominations and all walks of life work together and cooperate in a common cause, regardless of their personal interests."

Mrs. Theodore V. Brunett, 20 Colchester Avenue, Larchmont, said much distress and unhappiness is caused by careless remarks which are interpreted by the offended persons to indicate prejudice, when actually there is no prejudice felt at all. Parents should be particularly careful to avoid careless remarks in the presence of their children, because, although the work of the school is to impart the foundation for elimination of prejudice, it is laid in the home.

T. St. James L. Kelso, attached to U. S. Army and U. S. Air Force Recruiting Service, New Rochelle—"If everyone would use his own church, regardless of what denomination it is, and follow the principles of its religious training, I believe it would go a long way in helping each group to understand the other and enable us all to live together in a greater spirit of harmony."

The Rev. Constant W. Southworth, 4 Bayard Street, Larchmont—"In answer to this question I would propose a strong stand by the church in defense of unity and brotherhood and the work of every individual, education, the contributions to be made by religious groups and the fact that differences need not divide—unity and equality of opportunity and repeal of discriminatory measures both legally and by accepted custom."

Trial By Jury Set Thursday For Cvaniga

The case of Dave Cvaniga of 425 Boston Post Road, Larchmont, charged with bookmaking, will be tried before a jury next Thursday night in Town of Mamaronock Police Headquarters.

On motion of Cvaniga's attorney, Joseph Gagliardi, the request for a jury trial was granted last night by Judge Wesley M. Messersmith. Cvaniga's case was scheduled to be heard last night but was adjourned.

In the meantime, jury notices will be sent out to prospective jurors who must be both a taxpayer and voter. Six will be chosen Thursday night to serve on the jury.

Cvaniga was arrested Oct. 14 by Town police and charged with bookmaking after three men from The Bronx said they were attacked by Cvaniga when they tried to collect on a bet they had allegedly placed with him.

Partitioning Of Palestine Seen Delayed

NEW YORK, (AP)—The possibility arose today that the proposed partition of Palestine into sovereign Arab and Jewish countries might be delayed until Oct. 1, 1948.

This situation was created as a result of Britain's declaration that British troops could not be withdrawn from the Holy Land before Aug. 1.

Under a U. S.-Soviet compromise plan for enforcement of partition, the British would terminate their mandate over Palestine by May 1 and independence of the Arab and Jewish countries would become effective July 1.

But in view of Britain's announced withdrawal deadline, members of a four-power United Nations working group, including the United States and Russia, suggested that the date for termination of the mandate and independence may have to be changed.

The working group, composed of American, Russian, Canadian and Australian representatives at a six-nation conference, scheduled a session at Lake Success at 3 P. M. today to consider a change in the dates and to iron out minor points on proposed UN administration of the Holy Land.

Meanwhile, the General Assembly scheduled another plenary session for 11 A. M. at Flushing Meadow Park to decide whether to hold the 1948 Assembly meeting in Europe.

Woman Injures Leg In Fall On Elm Street

A Mamaronock woman suffered a leg injury last night in a fall on Elm Street, which she alleges was due to inadequate street lighting.

Mrs. Hannah M. Belanger of 128 Elm Street, Mamaronock, was treated by Dr. William A. Barrett for a ruptured vein in her left leg.

Mrs. Belanger told Mamaronock police that she had fallen while mounting the sidewalk in front of her home at about 9:40 P. M. She said her left foot caught in a hole and she fell as the result of the street light not being on.

Patrolman John E. Rowan, detailed to investigate, reported that he found a depression in the strip of soil between the cement sidewalk and the curbstone where Arthur Belanger, her husband, said she had fallen.

British Curfew In Palestine Follows Deaths

JERUSALEM, (AP)—British residents in Jerusalem today were ordered to curfew from 7:30 P. M. to 6 A. M. by order of the High Commissioner, Alan Gordon Cunningham. British living outside guarded areas were ordered to curfew from 10 P. M. to 5 A. M.

A casualty toll resulting from three days of bloody gunplay in the Holy Land mounted today to 20 British soldiers and 30 wounded.

A 20-year-old Jew was reported slain last night when unidentified persons shot up a bus in Haifa. Emanuel Ben-Curion, nephew of David Ben-Gurion, head of the Jewish Agency Executive, was said to have been wounded.

That incident boosted to six the number of Jews killed and to three the number wounded since the British curfew was imposed on the three days started at 10 killed and 33 wounded.

Decision Delayed On Loop Addition

EASTCHESTER—Jack Arvis of Eastchester High School, president of the Southern Westchester Inter-School Athletic Council, said yesterday that no action will be taken until the SWIAC's next meeting, in early December, on the question of whether or not another school will be admitted to the circuit to replace F. E. Bellows.

Bellows officials announced this week that the school will withdraw from the circuit by the end of the present school year. Their departure, plus that of Tuckahoe at the end of the 46th session, cuts the SWIAC to three schools: Eastchester, Ryer-Harrison, Pleasantville and Edison Tech of Mount Vernon.

Fire Kills Woman

MARYHAYSETT (AP)—Mrs. Vincent R. Jordan, 39, wife of a coal miner, died last night in a fire that started in a "flash fire" in the kitchen of her home. Her husband, who was standing on a bucket, played with the floating chips.

At present the Westchester Light & Power Commission is engaged in presenting its case in support of its request to be permitted to raise its gas rate.

DRAWING IN BARRIERS HEMSTAD (AP)—Robert A. Hemstad, 2, a 2-year-old boy, was killed last night in a fire that started in a "flash fire" in the kitchen of his home. The child's father, Oscar Hemstad, was standing on a bucket, played with the floating chips.

Opening Session To Get Bill From N. Y. Democrat

WASHINGTON (AP)—Rep. William E. Miller today said that he will introduce legislation at the opening session of Congress next week to require American living standards, nor carry out an efficient foreign program.

"American congressmen cannot pay 1947 prices on 1939 income and still maintain decent American living standards, nor carry out an efficient foreign program," Klein said in a statement. "Congress scuttled OPA," he added. "Now it is up to Congress to rescue the American people from the fearful impact of rising prices before we are sucked into a whirlpool of disastrous inflation."

WASHINGTON (AP)—President Truman may ask Congress Monday for authority to help other countries fight inflation as part of a general plan for aiding Europe.

White House experts worked quickly to prepare an outline which some of the President's associates in the special session which opens at noon Monday, also prepared to suggest action to halt the rising cost of living.

Unless changes are made in the final draft, competent officials believe the President would ask Congress that he be permitted to name a board to consider ways to apply the currency inflation abroad which has saddled the economies of European countries with black markets.

Under the \$307,000,000 emergency plan, the President would ask Congress by Secretary of State Marshall, the European nations would have to apply the same plan to their own money out of circulation in the countries of the European countries of the relief they receive.

Chairman Vandenberg of the Senate Finance Committee said he is considering these requests: "Under which the Government controls distribution of scarce goods, and the Government enables Government agencies to give as much money to military forces as to civilians."

Restored controls over inflation, which would be taken from the President at the last session of Congress.

The President said that both of these matters—as well as rent and other matters—would be increased in Committee-Exchange.

The bill will be studied by his Senate-Finance Committee, which begins action on the bill next week.

Gas Rate Rise Hearing Opens Again Monday

NEW YORK—The Public Service Commission on Monday will resume its hearings on the petition of the Westchester Lighting Company for higher rates for gas to County consumers, and at the same time consider the Commission's own investigation of the utility's electric rates.

Commissioner George A. Arkwright who is conducting the hearings, informed utility officials at the last session that he would consider both cases together. After the Commission's meeting, in early December, on the question of whether or not another school will be admitted to the circuit to replace F. E. Bellows.

Bellows officials announced this week that the school will withdraw from the circuit by the end of the present school year. Their departure, plus that of Tuckahoe at the end of the 46th session, cuts the SWIAC to three schools: Eastchester, Ryer-Harrison, Pleasantville and Edison Tech of Mount Vernon.

Miss Theresa Ryan becomes bride of Gerald W. Groglio

The marriage of Miss Theresa Ryan, daughter of Mrs. Mitchell G. Ryan of 132 Boston Post Road, Larchmont, and the late Mr. Ryan to Gerald W. Groglio, Jr., son of Mr. and Mrs. Groglio of 30 Elizabeth Street, New Rochelle, took place this morning at St. Augustine's Church, Dec. 13 in the New Rochelle High School auditorium.

The Rev. Vincent J. McShane officiated at the eleven o'clock ceremony and a reception for about 75 guests followed at the Seven Fives Restaurant in Mamaroneck.

Given in marriage by her uncle, Cornelius Mackay of the Bronx, the bride wore a white tulle gown fashioned with sweetheart neckline and long sleeves. Her fingertip veil of net was arranged to encircle a white sash over a gray skirt.

Miss Isabel Ryan of Larchmont, sister of the bride, was maid of honor wearing an aqua tulle gown with flowered headpiece and carrying a bouquet of red roses. The brides were Miss Mary Agnes Meyer of the Bronx, cousin of the bride, who wore a lavender tulle gown with matching headpiece and carried a bouquet of red roses.

William Groglio of New Rochelle was best man for his brother, and Stephen Strazza of New Rochelle, cousin of the bride, served as usher. Mrs. Groglio was graduated from St. Gabriel's High School in New Rochelle. Her husband, an alumnus of Yale High School, is attending the Polytechnic Institute in the European theater.

On their return from a wedding trip to Florida, the couple will reside at the Rye address.

More than 300 children and parents attended the "Fun Night" held last night at the Mamaroneck Avenue School, with Richard Turner as program chairman. Proceeds from the event will benefit social projects.

Entertainment featured noted imitations by Henry Boff, noted whistler, and caricatures by Herb Roth, Larchmont artist. Lou and Rene offered a program of music entitled "Musical Fantasies." Also included in the program was a white elephant table, a sale of Christmas cards and refreshments.

Successful Jap Occupation Analyzed For Woman's Club

America's success story in the occupation of Japan under MacArthur, an irrepressible American, is based on practical common-sense factors of dollars and sense, an experienced veteran observer of the Asiatic scene told yesterday's audience of members of the Woman's Club of Larchmont.

Speaking on "America Reshapes Japan" for the Current Events meeting of the club at the Larchmont Avenue Church house, John Goette, dean of foreign correspondents in the Pacific area stressed the "duality and complementarity" of the Japanese as part of their common sense appreciation of and understanding of the values inherent in the American occupation, from their point of view.

America, with a second chance at Japan following Dorey in 1854, is determined to do the right thing this time, he said.

All we ask, he pointed out, is that Japan be like all things American, and it is entirely to their advantage to do so. He said that MacArthur's personality and character make him ideal for his job as an American job done in the American way. His many seemingly wild statements about Japan and the Japanese, he said, are based on a cautious study and knowledge of the situation, which he picked up. The occupation head was described as "stable, ambitious, publicity conscious and idealistic" with which appeal to the Japanese, "from whom we could have anything he wants."

He described the rebuilding of Japan and the practical advantages involved, noting the iron that our former enemy is the recipient of money pouring in, while China, suo ally, and victim of American policy, is left behind.

MacArthur's "reactionary" stand on communism in Japan has been vindicated, he said, in the results of the 1946 elections, when the Japanese voted to return to the Diet, and in 1947 when even fewer were elected.

MacArthur's "correct" or "wrong" wanting to be free, he went on, discussing the new constitution which replaces forever war and prevents her from having an army, may be air force, assuring protection by the United States.

The Japanese act as if they had fought the war in order to become our allies against Russia, their enemies, he said, and they are now beginning to re-arrange their prejudices, he said, and now we have to re-arrange their thinking.

Other practical factors in the success of the occupation, he went on, are the change in position of women, formerly virtual slaves, who now are enfranchised and this year sent 10 women to the Imperial Diet. Although Japan's first constitution of 1889 is retained in its governmental structure, the emperor is now only a symbol which he termed a means of winning the peace after having won the war. Mr. Goette emphasized the unusual fact of a Christian premier as a distinct minority expression, since Japan's population of 78 millions has but one-third Christians.

Religion, the G. I. influence in many spheres, especially in regard to attitudes toward women, re-education, and changes in labor and industry, with careful disbursement, are all part of America's successful occupation, Mr. Goette pointed out.

"It's a matter of practical common sense for the Japanese to cooperate," he emphasized.

Mr. Goette opened his talk with a discussion on the "MacArthur for president" theme, pointing out that MacArthur has spent but six weeks in the United States during the last 12 years, and hence is not well known to the people. He himself would rather finish his job in Japan, the speaker said, adding that the publicizing which would accompany a presidential campaign would do irreparable harm abroad, although he here understood.

The guest speaker was introduced by Mrs. Malcolm H. Merritt, program chairman, and question period followed his talk.

Tigers Chew Up Orange And Black Cops, 27-7; Abbate's Runs Feature Game

The Mamaroneck Tigers fed on tough mutton, Ram muck, Saturday afternoon at Ryan Memorial Stadium in Port Chester. On their way to a possible WIAA title, the Tigers chewed up the Port Chester High School Rams by their gridiron supremacy as the only Port Chester score came in the fourth period when the Tigers outfit was licking its chops with a 27-0 lead.

The Orange and Black line was superb in stopping the Blue and White ground offensive while the Tiger attack functioned perfectly with Joe Petruzzo and Bob Riegel tallying in the first and second periods while Bob Riegel and Frank Paonessa went over in the third cant. Schill took a pass from Sorbella for the only Ram touchdown in the fourth period.

It was Petruzzo and Abbate for the Tigers as the latter scampered 45 yards in the first stanza, and added 45 and 30 yard runs in the third while Petruzzo weighed in with a 50 yard sprint in the initial period.

"Deadly" Sorbella was the only Port Chester threat as the Tiger line bottled him up all afternoon. In addition Jim Billotti and Howie DeBartolomeo played half the game in the Port Chester backfield cracking the line time after time and stopping Blue and White plays before they went well under way.

All four Tiger touchdowns were the result of cunning plays with the first a 55 yard drive, the second 35 yards, the third 50, and the fourth 45. Petruzzo and Abbate did most of the ground gaining, with Lightfoot and Woodbridge handling the blocking assignments while the line opened up one hole after another to keep the backs rolling along.

TIGERS TALK EARLY
Taking the opening kickoff the Orange and Black immediately marched 45 yards to the Sawpit field and hit a 15-yard penalty code down memento. The Tiger line took the ball. The Blue tried the Mamaroneck line and gained two yards in three plays and punted to the Tiger offense. The Abbate took the ball on the Port Chester 20 and wadded right back to the Port Chester 20 with Petruzzo and Lightfoot cracking the Blue line for another first down on the eight. Two plays later Petruzzo fired an aerial to Bob Riegel in the end zone and the Orange parade was on.

The second drive started when Heathcote recovered a Sawpit fumble on the Blue 35 yard mark. Petruzzo, Abbate and Lightfoot combined for two first downs but the Port Chester aggression suddenly stiffened and the Tigers used up three plays to get to the half-yard line from where Petruzzo went into play, smashing through the Blue line. It was Petruzzo to Schreck for the extra point, running the score 10-0.

Remembering frays of the last two seasons between the two schools the Tigers were taking no chances and began pouring it on in the third quarter. A change of punts gave Mamaroneck the ball at midfield and two plays later the Tigers were in the end zone with Pete Abbate taking a reverse from Petruzzo and travelling 45 yards for the six points. He was untouched all

Port Chester Rams; Stars And Saints Are Victors

Wrecks Ruin Alleyette Four As Four Esses Take Shutout; Velapoldi Rolls 244 String

The Protested quartet was dispossessed, the Wrecks blasted the Alleyettes, and the Irish were up while the Ups and Downs were down last night in King and Queen pin matches at Mamaroneck Rec.

The Four Esses, helped by a handoff which they did not need, except in the last game, shut out the Alleyettes in each of the three games to rack up still another blanking in the evening's legging.

The third match, which the Irish took by 2-1 from the Ups and Downs, turned up in the best bowling. In the first game the Irish were up in the second they were down, and then they proceeded to go way up as Bill Velapoldi began to hit the pocket.

He hit it so consistently that he ended up with a 228 string, by far the best in the league's legging this season. Lou Preston tried to keep up with him, but came through with only a 211 in the final game and Velapoldi's total speared the Irish to a victory in the deciding string of the match.

In other matches Charlie Hillman and Saries were the high leggers.

Scoreboard for Wrecks vs Alleyettes, Four Esses vs Alleyettes, and Velapoldi's performance.

Ranieri Run Licks Laurels By 6-0 Score

Led by Bill Ranieri and Tom Parker the Mamaroneck Stars tossed the Newark Laurels for a loss yesterday afternoon. History a slim crowd at Manchester Field. The score was 6-0 and the game was decided in the second period when Bill Ranieri alighted ground and for 25 yards and ended up in the end zone for the only tally.

The Stars were stopped time and again when they reached scoring territory as they outgained the Laurels on the ground by 237 yards to a mere 110 with Tommy Parker putting on a one man show until he was injured in the fourth period. Parker scampered through the Laurel line for gains of 45 and 30 yards, the game's longest runs, but had to be assisted off the field with a head injury in the last period.

The Laurels never really punctured the Stars' defense. Doing their best work between the 30 yard lines, what with Charlie Riegoso and Vince Mollie securing an assumed Star line to five defensible plays.

On the attack it was Parker and Ranieri who abetted by Boop Harmon and Cal Palmeri. The game was probably the last home fray of the season. Maiming the Stars and all future games are expected to be played on alien turf grounds, although no definite arrangements have yet been made.

Plan Sports Dinner At Mamaroneck High
Mamaroneck High School's champion Cross Country team, the varsity football squad, the Junior varsity gridder and the Junior High pigskin aggregation will all be honored next Monday night at a Sports Dinner in the cafeteria at Mamaroneck High School.

Starring the dinner will be the Mamaroneck "New Rochelle" game and a talk by Harvey Harmon, head coach of the Rutgers University football team.

The main event, of course, will be a turkey dinner and fathers of the boys are invited to attend but are warned that reservations must be made early and that Thursday is the absolute deadline. Tickets may be purchased at the Mamaroneck High School office and the tariff is \$1.65 per person.

It promises to be a quite an evening and Coach Harry Harmon hopes to have a champion grid outfit to present along with the cross country squad which already has taken both WIAA and District One titles.

LASK JAMES TODAY
PORT CHESTER 3638 GYMAN ROAD 6442

Reilly's A. C. Rapped, 73-46; Sal Selafani Sparks Attack

The St. Augustine Saints had Sal Selafani in their lineup Saturday night at the St. Augustine gym in Larchmont and Salafani tried to introduce the race-horse type of basketball with the result that the Saints ousted the touring Reilly A. C. five by a 73-47 score.

Lark, Coo Coo Duos Win 3-0 In Mixed Loop

The Lark and Coo Coo pairs in the Larchmont added Doubles League came up with without last night with the latter taking an easy win over the Canaris while the Larks squeezed through two of the three games for their triumph over the Parrots. One of the strings was won by a mere two pins and another by only eleven as Coo Grosso and Lou Pava racked up the night's highest team triple with an 845.

Bill Pirelli led the Coo Coo with a 519 series and a 180 string. All other matches, except the forfeited squabbles, went by 2 as the Kwiks, King Fish, Ows and Harold, came through with victories.

The final period saw the Saints still earn their way over the Coo Coo's and it was a tired band of freshmen from Yonkers who walked off the court when the last whistle blew, tired of chasing Saints all around the court.

Sal Selafani's outfit goes to the Saints again next Saturday night at St. Augustine's gym when it will be the strong Hollow A. C. of Yonkers. The Saints will be looking for their third victory in a row.

Scoreboard for Reilly's A.C. vs Saints and Lark vs Coo Coo.

GOP Leaders Doom Truman Control Plea

(Continued from Page One)

Even Democratic Senators Eiler and Oklahoma and Byrd of Virginia said the program spells "regimentation."

Questions Emergency Taft said there will never be a time when an emergency cannot be summoned up and demanded to know whether this country should abandon its philosophy of freedom for the police state methods which have brought the rest of the world as seekers for charity at our door.

Even before Taft, who heads the Senate Republican Policy Committee as well as the Senate-House Economic Committee, took into the President's program, other GOP leaders voiced their own wary criticisms.

Martin told reporters Mr. Truman was asking for a "more colossal CPA" and added the economic program has little chance of success.

Holiday Lights Go On Dec. 5, Chamber Says

(Continued from Page One)

Within the next few days posters advertising the Community Sing will be distributed to stores, schools and other places of assembly by Girl Scouts, Boy Scouts, Sea Scouts and Camp Fire Girls working under the direction of Mrs. Arnold Venton.

Several changes in procedure, recommended by the finance committee under the chairmanship of Charles Ciss, were adopted after full discussion and explanation.

The secretary read a letter from the League of Women Voters inviting Chamber members to attend a lecture by James P. Warburg on the subject of "America's Part in European Recovery" on Monday, Nov. 24, at 8:15 P. M. in the auditorium of the Barry Avenue School.

Mr. Taft made it plain many Republicans will fight to cut down the \$8,000,000,000 estimated first year cost of the European recovery program when it comes before Congress for consideration early next year.

The Ohioan blamed Secretary of State Marshall for what Taft described as the continued destruction of industrial plants in Germany.

He added it was "most unfortunate" that the President had said nothing in his message about aid for China, where, Taft declared, the fight against Communism is being waged without ammunition and with the backs of the Chinese people "to the wall."

The President mentioned food, clothing, fuel and rent as some of the basic elements in the cost of living on which it may be necessary to impose "selective" price controls.

LOOSE BILLBOARD Mrs. Henry Gironda of 632 Mamaroneck Avenue, Mamaroneck, reported to Mamaroneck police at 10:50 A. M. yesterday that a large billboard sign was loose outside her residence.

AGE LIMIT DROPPED The reducing of the permissive retirement age of Greenwich paid firemen from 65 to 55 under the Municipal Retirement System was approved last night by the Board of Estimate.

Board Accepts Contract For War Memorial

(Continued from Page One)

At the last meeting of the board, Mr. Richards suggested that a resolution be adopted fixing the date for salary increments for all employees as of March 1 each year.

Trustee Goliday said he was "apprehensive" to have the item brought up before the board was about last night due to ill health, had indicated that he was in favor of hearing the cost.

Acting Mayor Coombs said that Mayor E. Spencer Greason, who was absent last night due to illness, had indicated that he was in favor of hearing the cost.

RYE BOARD OF TRADE Will Meet Tonight The Rye Board of Trade will hold its regular monthly meeting tonight at 7:30 P. M. at Polby's Restaurant.

LADDER DISAPPEARS William Crowley, an employe of the New York Telephone Company, told Mamaroneck police yesterday afternoon that he had been working on Livingston Avenue in front of the Carlyn Apartments and had left a four-foot ladder in the street about 11 A. M. and gone to lunch.

APPROVED LAST NIGHT BY THE BOARD OF ESTIMATE. THE FIREMEN WILL BE TO PAY AN ADDITIONAL THREE PER CENT INTO THE FUND ANNUALLY AND THE COST TO THE TOWN WILL BE ABOUT \$17,000 ADDITIONAL ANNUALLY.

BARCLAY ON BRIDGE

SELF-RESTRAINT PAIR

THREE are three situations in which self-restraint pays dividends if employed wisely toward the close of the auction. One of these is when you feel sure you can beat a contract your opponents have reached, but doubtful about some other declaration.

Control of the auction and tactical human capacity is just as important sometimes in successful bridge as precision in thought and prearrangement.

On Top
Latest standings in the W.T.A.A. football circuit show the highly deserving Mamaroneck Tigers

seemingly resting atop of the league after their smashing victory Saturday at Port Chester. The Rams are second with Davis third. Curiously, although the Blue and White doesn't play any more games and although it was thoroughly subdued by the Orange, the Sawpillers still have a chance at the title as does A. B. Davis. Mamaroneck has one more league game and Davis has one more, both coming this Saturday as the Mount Vernon teams meet New Rochelle and the Tigers engage the Essex Young Knights. If both Davis and the Orange lose then Port Chester can sneak in—an eventuality which 'us' hereby want to consider. The title, you know, goes on percentages, despite the different number of games each team plays.

Anyway, for the third straight year the Tigers come up to the final game fighting for the championship. Two years ago they took it by holding Port Chester in the final, last season they lost it by dropping the closing game to Port Chester, this season they must win to win the title to make them share it with Davis.

Not Easy
It's going to be no easy task Saturday for Coach Harrison's boys. The Knights are tough and the Hilltoppers will have to use all the finesse they employed as well last week in order to come with a win.

The present league standings:
W.T.A.A. W. L. T. Pct.
Mamaroneck 4 1 0 .800

The thunder of tumbling timbers made a terrific tumult at Larchmont Bowl last night as the Major League keplers cracked all season records and the top four teams in the loop kept running back and neck, all of them taking shutout victories.

No less than six of the keepers came up with 600 scores and Pietro of the Mechanics missed a 700 series by an eyelash as he rolled a 692 triple and battered the maples for a 265 in his first game, both scores new season highs for the circuit.

Pietro's keeping overhauled Johnny Hogan's 629, Adams' 617, Hurley's even 600, Charles Lantz's 607 and Brown's 600 in the best night the Major League operators have had this season.

When it was over the standard maples had suffered no change. Bert's Boys, the Mechanics and the Tigers were still tied for first place as all three won by shutout scores and the Hardwarers, also coping by 3-0, were still a game back of the leaders in the light strand for the top spot.

In matches which had nothing to do with the league led the Sportmen hung a blanking on the maples for a 2-1 victory.

Eagles After Third Straight In Game Against Maple Leafs

The Larchmont Eagles, only remaining undefeated team in the new Westchester Hockey League, put their two-straight record to rest by taking a 2-1 victory over the Maple Leafs at the Larchmont Ice Casino in a hard-fought game last night.

Starting on defense the Eagles had Lanny Holmes and Jim Murphy, but here too they'll be plenty of substitutes as Oliver Kelly and Warren Gunston, both of whom turned in masterful jobs last week in the close game against the Leafs, are counted on heavily.

The Harrison outfit, which put on a real Donnybrook against the Leafs last Friday night in a game which turned into a brawl, will have Bob Basti and join with Stan Williams and Johnny Kellen in the defense spots. Ed Cahill will operate at center and Jim McFarlane will team up with Sam Poling on the wings in the Maple Leaf starting lineup.

Grand Jury Opens NYC Boxing Probe

NEW YORK, (AP)—The New York County Grand Jury, under the direction of the District Attorney's office, for the second time within a year, stepped in to investigate the city's boxing situation today.

The inquiry will be into last Friday night's Madison Square Garden fight in which Billy Fox of Philadelphia was awarded a TKO over Jake Lamotta of New York in the fourth round of a scheduled 10-rounder.

"Coincident with the announcement by District Attorney Frank S. Hogan yesterday, Col. Eddie Egan, of Forest Avenue, Rye, chairman of the State Athletic (Boxing) Commission, proclaimed that he had ordered Sol Straus, Promoter of the Twentieth Century Sporting Club, to withhold the purses of Fox and Lamotta pending an independent investigation by the commission. They were to have been paid \$20,000 each from the gross receipts of the \$100,000 from 18,540 fans.

Lion Bowlers Rack Up New Season Marks

The Mamaroneck Lions Club alley outfit, dumped into fourth place in the Westchester League last Monday night, started to climb back yesterday as it whipped the New Rochelle Cubs by 3-0 and set couple of season marks for the loop in the process.

Doc-Fred Richards was hot and dried with a 600 series up to the final two frames of the last game. He had to be satisfied with a 588 still high enough to give him a 2000 series. Richards has produced this year. His 2231 game was tops for the night and the team, a 2038, snatched a second league mark.

The Cubs were never in the match as they dropped all three games by substantial margins.

Acres Circuit Tightened Up As Tompkins Blank Disbrows

Some mathematical magical must have figured out the 4927 by which the Larchmont Acres bowling circuit is handicapped because the eight teams have been in a tight scrap since the first matches and appear to be trying themselves into a real knot.

There are only three games between first and seventh places as a result of last night's matches with a tie tied for first, two squads knotted for fourth, and another pair defeated for sixth.

TONIGHT NEW YORK
Roy and Ray Schramm, identical twins from North Dakota, will present the most daring and imaginative staging since Hans Richter ventured on the canals of Holland, when the Ice Follies open their 11th annual run at Madison Square Garden beginning tonight.

Acres Circuit Tightened Up As Tompkins Blank Disbrows

Team Standings:

Team	W	L	Pct.
Falmers	14	10	.583
Tompkins	14	10	.583
Disbrows	12	12	.500
Motts	12	12	.500
Stevens	11	13	.458
Richards	8	16	.333

Next week any one of the seven teams can get into a tie for the top spot.

The Tompkins made it a triple tie for first when they trounced the Disbrows last night by a shutout while the Falmers and Palms were taking 2-1 in the top spot.

Motts and Richels in the fourth match the Sturlings took the top assets by 3-0 and skyrocketed into a tie for sixth.

The Richels are the only tie for first when they trounced the Disbrows last night by a shutout while the Falmers and Palms were taking 2-1 in the top spot.

Weak Alibis

While the laxity and general inefficiency exposed by the State probe of social welfare administration in New York City has been shocking, even as surprising as the apparent indifference of the City to such conditions until the State investigation impinged. The City administration was in a position, even better than that of the State, to expose and correct these conditions. But the City did nothing until it learned that the State proposed to probe into the mess.

Now, after one City welfare commissioner was suddenly catapulted from office into private life—obviously in a suspicious capacity—his successor offers weak and unacceptable alibis. And backing this defense we find some social workers, both public and private, whose responsibility it is to distribute other people's money in the name of charity. The whole defense smacks of arrogance and a defiance of the State's exposure.

The alibis are largely that competent case workers cannot be hired—but Westchester distributes welfare aid and we have heard of scandals in other suburban areas where even lower welfare workers' salaries are paid.

Now, the complaint of New York City's administration isn't so much that public funds have been wasted in almost criminal fashion. Rather, the attitude is that the State had no business to expose the small error. In other words, the State had no business to investigate what New York City regards as its own internal affairs.

It is made public where all could see.

Cheer For "Shut-Ins"

NOT well enough known is the fine work being done by the Hospital Unit of the Westchester County Recreation Commission. That unit is performing a notable public service, one which deserves commendation from the public.

Through the cooperation of Henry C. Ebling, conductor of the Chastain Music Guild, and Hugh Ross, Scarsdale chorister, the "Shut-Ins" of Westchester County are receiving the same entertainment and other amenities which would otherwise be denied them.

Especially as we enter the winter months, and the weather is so inclement, it is a commendable and, we might add, a service is not only to the hospital and institutional audiences. For the entertainment unit provides a diversion and a chance to be seen and heard.

We are glad to point to this fine work of the Recreation Commission's special hospital unit. The knowledge of the cheer which they bring to those in institutions should bring pleasure, too, to the rest of us.

The Counselor

HANDSOME, AND A LADY

It is correct to speak of a "handsome woman" or "handsome lady" but how would you use it? GIRLS' CLUB.

The adjective "handsome" means "of pleasing appearance, with symmetry and dignity; comely; expressing more than justly and less than beautiful; as a handsome man, garment, house, tree," according to a dictionary.

There surely are many handsome women, too. Women who are "more than pretty and less than beautiful." And in describing such a person, you might say: "She is a handsome woman."

The word "lady" is listed in a dictionary as "a woman who looks after the domestic affairs of a family; the female head of the household; or a woman to whom obedience or homage is owed." A feminine correlative of "lord"; or specifically and capital-ly, "lady is 'the Virgin Mary'; or a woman of refined or gentle manners, sentiments, etc., a well bred woman."

We don't like to hear the word "lady" used in this way. We believe when the term "lady" is used in general, it should refer to a woman of especially "gentle manners and sentiments" or a woman with a title. So, if you are speaking of a woman who is both ladylike and of particular quality, you might say: "She is a lady, and handsome, too."

Don't FUZZLE CLEARLY If I have a photostatic copy of my driver's license, it will save me the trouble of carrying it with me to get the state bonus. A photostatic copy was made at a store.

We asked Haskell H. Swerdlow, senior contact representative for the Veterans Administration, to give us the answer and here is an official statement on the matter, which has been confusing many veterans.

"It is NOT compulsory to have a veteran's discharge recorded at the County Clerk's office in White Plains in order to obtain the New York State bonus.

New York State requires a photostatic copy of both sides of the discharge for a veteran to obtain the bonus, and the photostatic copy which must be full size—may be made wherever the veteran wishes."

Mr. Swerdlow went on to say, however, that "if a veteran has the discharge recorded with the County Clerk, since, in the event the original discharge is lost or destroyed, certified copies may be obtained from the County Clerk."

Private Duty Nurses Hear Talk On Liver

The News Behind The News By Ray Tucker

TRUMAN'S FOOT DOWN—President Truman has quietly stopped the Martin-Brudigan-Tabor scheme under which members of the House and Senate Appropriations and Finance Committees would have sat in with Budget Bureau officials when they listened to departmental heads' original requests for funds.

Speaker Martin, House Appropriations Chairman Tabor and Senate Finance Chairman Bridges had obtained Treasury Secretary Snyder's permission for this innovation in planning and making money available to executive departments. Secretary Snyder agreed with the C. O. P. financial leaders that the presence of the committee members would speed up enactment of money bills by at least six weeks.

Under the present system, departmental finance officers and chiefs submit their requests to the Budget Bureau officials in the first instance; these hearings are going on now. Then, after increasing or reducing the amounts asked, they return to the House Appropriations Committee.

PRENOTICES—That body which has been the subject of so much cross-examine the departmental representatives on their financial needs. Depending on the importance of the Federal agency under Congressional crossfire, these Capitol Hill quizzes last from one to four weeks.

Messrs. Martin, Tabor and Bridges figured that they could reduce the period to a week at the most by having the members of the appropriations committees, or their staffs of experts, sit with the Budget Bureau group from the start. They also felt that key members of Congress could get a clearer picture of the Federal financial picture in this way.

There was no paucity of interest in the Budget Bureau group from the start. They also felt that key members of Congress could get a clearer picture of the Federal financial picture in this way.

Hint on Etiquette If you are invited to a bridge party, you do not play, or play poorly, either take some lessons and study the game so as to be a good partner, or decline the invitation. Don't embarrass yourself and annoy others by trying to play when you are ignorant of the game.

Today's Horoscope You are somewhat sensitive. If today is your birthday anniversary, but considerate of the feelings and opinions of others. You are prompt, dependable, able and competent; an ardent reader, clear thinker, and an interesting and entertaining conversationalist. Your home is dear to you and you are very fond of children. The day's influences are adverse, unless you can hold others to their word in your next year you will derive benefit from an elderly woman, also from unexpected sources. But watch your affairs closely and avoid the law and dealings in property and safeguard your health. The child who is born on this date will gain and suffer loss through others. Monetary difficulties will often occur; anxiety and speculation should be avoided.

DEMOCRATICALLY—Although Truman President A. F. Whitney, in a fit of anger after President Roosevelt's bridge and threatened railroad strike of 1945 by his proposal to draft the engineers into the army, proposed to "spend every nickel in his treasury" (this figure was \$50,000,000) to defeat Mr. Truman, it is generally understood that the brotherhood, as of the moment, are Democratically inclined.

The Sports Spotter

By THE SPORT EDITOR
New York.

It was speed and deception with plenty of emphasis on the latter which overcame Isaac Young Saturday for the Mamaroneck Tigers. We've never seen as fine a case of deception as the fake kick pulled in the second period when Abbate scampered around while Petruzzo was booting an imaginary ball.

Mamaroneck got the breaks in the second canto . . . but the breaks came only because the Tigers were alert and fast enough to take advantage of Young errors . . . the Orange had a Tiger mascot who made life miserable for Isaac Young drum majorettes with the result that green-clad cheerleaders ganged up on him. The fight promptly disappeared.

Water pistols appeared on the field with full police permission. 'Twas the first time this year that Chief Arthur Maticevic didn't pick up every water pistol in sight, but Isaac Young students had asked his OK before they put on a slit between halves. Coach Harry Harrison talked himself out of a shower bath after the game, he appeared with his box not to ruin his new (1) suit.

Every Mamaroneck player in uniform saw and . . . Toward the end of the fray Harrison looked over the bench and asked anybody hadn't been in the game. Doc Rudy Machan immediately yelled, "Yeah, me!" It was a glorious end to a fine season.

Here And There

George Loh, formerly of Mamaroneck, played for Yale in the Harvard classic Saturday while Eddie Dolan, formerly of Bellows saw action in the Columbia-Syracuse fray . . . Pete Tush, last year's Yale sports writer, and the entire Tush family came back from Yale Bowl in a dejected mood. Pete is a freshman at Harvard . . . Sid Nordenschild was an interested spectator at the Isaac Young game. He's up at Middlebury and is trying to make the basketball team. Sid says its name isn't . . . 'Twas early in the morning when the Mamaroneck Stars called off their game. Then the day turned out to be good for football, though the field was more than slightly damp . . . The Larchmont Eagles don't see any action until Friday this week. The Eagles have a natural straight lead and lead the Westchester Hockey League.

Orange Outplays Young 11 For 7th Straight Triumph; Petruzzo Tullies 18 Points

(Continued From Page 1)

Statistics give a good picture of the game as the Tigers racked up 17 first downs while the Shore knocked the Orange for 10, most of them in the middle of the field. The Hilltoppers totaled 397 yards via ground and air attacks while the Knights got only 287. Much of the yardage was due to the fine blocking of Howie Brathwaite and Jolly Wood, bridge who played a great deal of the game in the Green backfield when the Tigers were on the offense.

Score Early Harrison's boys started fast and before five minutes of the game had elapsed they had a touchdown. Taling took the kickoff they started from the 17-yard line and promptly went 83 yards for the score. Fourteen ground plays and five straight fly downs put the oval on the Young 12. Lightfoot and Frank Petruzzo did most of the gaining but the Knights took the kickoff and started to move from their own 25. The initial point of Mamaroneck territory and were on the Hilltop 25 when Skip King fumbled on a fumble to the right. Two downs got the Tigers nowhere and then a fake kick turned into an end run by Pete Abbate and the Tigers were again scampered for 27 yards. Lightfoot and Petruzzo were the main factors in the Green wall suddenly stiffened and the oval went to Young on downs.

On the first play young tumblers again and this time it was Al Schneck who recovered for the Orange. Lightfoot scrambled to gain and this time it was Al Schneck who recovered for the Orange. Lightfoot scrambled to gain and this time it was Al Schneck who recovered for the Orange. Lightfoot scrambled to gain and this time it was Al Schneck who recovered for the Orange.

Orioles Slash Swallow Duo In Mixed Doubles Kegling

All 16 teams of the Larchmont Mixed Doubles League got into action last night and the Orioles, Robins, Wrens and Kivics came away with about victories with the Red's turning in the best all-day work for the Oriole duo.

Al Reid topped the Keglers as he fired a 523 at the timbers but he had to yield sign since to Larchmont of the Parrots who garnered a 207 in his final effort to lead the Parrot pair to a 2-1 victory over the Kingfish.

Other matches were taken by the Crows, the Larks and the Penguins, all by 2-1 margins.

Benfield Cops Season Award In 'S' Class

Season prizes were awarded Saturday at the 1947 season with a dinner at Larchmont Yacht Club.

Arthur Godfrey of radio fame and skipper of the S boat Aloha presented ten awards to winners of first places in individual regattas but the top prizes went to Dr. James Benfield who sailed Neptune to the lead in the 1947 championship series and also won the cup in the Saturday series of races. Bob Bayer skippered Tern to a second place in both series and also won the Sunday series with Benfield taking second place.

John M. Halsted took the Spring race, including competition through July 5th while Benfield annexed both the Summer and Fall competition.

The special Godfrey award presented to all winners throughout the season with Bob McCullough, James Benfield, Wily A. Olsen, W. S. Chesley, Jr., Bob Bayer, John M. Halsted, Philip

Hollow A. C. Tripped, 75-67; Cullen Meshes 26 Markers

Larchmont Rec was thoroughly hooked in the total pin column in Saturday's Alley Proprietor's League kegeling, but the Rec five still took two games from Holloway of Dob's Ferry.

The Harmony quiet waltzed with the first game by almost 200 pins as it rolled a 1001 string but then came back to normal and the Larchmont boys took the second fray by 25 umbars and then copped the third with 20 maps to spare.

The senior Perspore of the long outfit knotted top scores with a 632 series and a 226 in the team's big first game. Wilma Russell, rolling a 225 and a 204 tied the victorious Recs.

Rec Keglers Halt Harmony By 2-1 Count

The Hollow A. C. came to 51. Augustin's gym Saturday night and threw a scare into the Saints. The Larchmont outfit evidently had an easy win at half-time when the score was 48-29 in their favor but they sweated through a second half which saw the Hollows pull up to within four points and then finally give up by a 75-67 score.

With Joe Cullen, Gene Connolly and Gene Dolan's sharp-shooting in the first two periods the Saints went into the second half on top by 13 markers. Then however, a Mr. Demkowski, last year with the Hastings South Sides, started to do his stuff and the lead was cut to eight points at the end of the third canto, then to four in the middle of the fourth period.

A final push, however, widened the margin and the Saints came off the court with their season record still unscathed and their third straight win.

Demkowski of the loars was the top scorer with 28 points while Joe Cullen threw up 26 for the Saint quintet. Joe Connolly meshed nine free throws to set a record of a record in that department.

The Saints play again next Sunday at 3 P. M. when they meet the strong Luchoke All Stars.

The Broadway premier of Emmet Lavery's comedy, "The Gentleman From Athens," will take place at the Manhattan Theater on Sunday evening, December 8, instead of on December 13, as previously announced.

Martin Gochy, who is producing the Lavery comedy, in association with Eunice Healey, advanced the opening date upon learning that it will be possible to ready the production at the Manhattan after its out-of-town engagement at the Plymouth in Boston, sooner than had been expected.

Anthony Quinn and Edith Atterley are the stellar performers in the cast of "The Gentleman From Athens" with Gavin Gordon and Alan Hewitt featured.

Combing The Town

Wrong Town?

Mamaroneck police last night received a message from Philadelphia police to relay a message to the parents of two girls, supposed Mamaroneck residents, who had been taken into custody in Philadelphia. Upon investigation, however, police were unable to find the parents or the girls.

The message from Philadelphia police reads: "Kindly notify by George Wright, 77 Chestnut Street, your city, that his daughter, Mary, is in custody at the Municipal Court, 1131 Wood Street. Also Walter Jackson, 2819 Center Street, that his daughter Lynn is in custody today—notify parents and advise where they will call for them."

After an attempt was made by Patrolman Michael Ciraco to locate the parents, the girls' father sent the following message in reply: "Investigation made and no such names or addresses known. We have a Center Avenue and a Chestnut Avenue but no such house numbers."

Family Reunion

The Knight Washburn son, Mr. and Mrs. Walter D. C. Washburn, 27 Wendt Avenue, Larchmont, recently arrived home from Italy for a three-week leave.

The Washburn family will hold its first family reunion in four years on Thanksgiving Day which they will spend at the home of another son, Whitney, is a sophomore at Middlebury College. Mr. Washburn was assigned to the Army in September 1946 and received his basic training at Camp Rock, Ia. He has been stationed in Italy for more than a year and since last June was attached to headquarters in Venice doing personnel work. At the expiration of his leave, he expects to return to Fort Bragg, N. C. His Army enlistment will end late in March.

Gaining Impulse

Two anonymous gifts of \$10 each from residents of Mamaroneck are among the contributions totaling \$1,700 thus far collected by a citizens committee in New Rochelle for delivery to the Friendship Train.

The idea for such a drive was initiated two weeks ago when William L. Girardi, a New Rochelle councilman, appeared on the "Hi Links" radio program with John Falkenberg and Tex McCarty, honoring the contributions of the city to the Friendship Train. Girardi and the two other men, who are active in the drive, are contributing to the drive by the amount of \$100 each.

Contributions are being collected at the Civic Center, 200 North Avenue, New Rochelle.

Friday's the day, boys and girls! Santa Claus is coming to town!

The Larchmont Fair Trade Association has announced that Santa will arrive at the railroad station at 9 A. M. and then lead a parade to the Larchmont High School, where all children will be admitted to a free performance. A second show will be presented immediately after for those children who can not be accommodated at the first performance.

Following the movies, Santa will present each child a Christmas gift.

Turkey Day

All schools, banks and Village and Town offices, and virtually all stores will be closed in observance of Thanksgiving.

The lobbies at the Mamaroneck and Larchmont post offices will be open for box holders and letter dropping, but no regular deliveries will be made.

The Daily Times will not be published.

Young Talent

A still life painting by Barbara E. Newman of 148 Pine Knoll Lane, Mamaroneck, is among those on exhibition at Fletcher's, Inc., furniture store at 566 Boston Post Road, Mamaroneck.

The 15-year-old Bellows High School sophomore is reported to be the youngest of 12 artists whose works are on display until Dec. 3. She is studying under Victor Tschier, artist, of 210 West Street, Mamaroneck.

Painting Pointers

The Rev. Arnold A. Fenton, rector of St. Thomas's Episcopal Church, Mamaroneck, was guest speaker at the Mount Vernon High School Christmas party yesterday.

Mr. Fenton, who is known as the "Punting Parson," is an authority on punning. His subject yesterday was "Kickin' and Football."

Vets Score Curtailing Of Agency

Legion To Investigate Decision To Cut Down Services To Ex-G.I.'s CALLS FOR BONUS AID

The appointment of a committee to investigate the curtailment of the Mamaroneck Veterans Service Agency was authorized last night at the meeting of Mamaroneck Post 90, American Legion.

Doubt was expressed by the more than 100 members of the post who attended the meeting at Legion Headquarters, Prospect Avenue, that the new policy of the agency, which is to hold two evenings a week will be sufficient to care for the needs of veterans' service problems.

Philip D. Wesson, chairman of the agency's advisory committee, announced on Monday that services will be curtailed beginning Dec. 1, with business hours from 7 to 9 P. M. on Mondays and Fridays. The agency's office will close down March 1, 1948.

It was pointed out at the Legion meeting that the agency, which will become payable after the first of the year, will necessitate a tremendous amount of paper work on the part of the individual veterans and that the service office of the proper agency to perform this work.

It was also pointed out that the agency will be held Sunday, Dec. 14, reported that final arrangements have been made and Legionnaires will conduct this year's Christmas collection. Standard clothing, bags, mittens, handkerchiefs, caps, scarves, and other necessities will be collected as the many paper drives. The material collected will be taken to Legion headquarters and transferred from the collecting truck to a huge iron truck which will take the goods directly to the mill. The freight was carried by the agency's truck to the collection site where it was requested to report to Legion headquarters before 1 P. M. on the 14th.

A collection will be made throughout the entire village. Anyone living in this area who has any of this material to dispose of should phone Legion headquarters, Mamaroneck 9-2110, on the morning of the 14th and special arrangements will be made to remove their goods.

Commander Liberman emphasized that the paper drives will be discontinued. The next one will be held early in January.

A report was received from the committee working on a plan to raise a number of patients from the Veterans' Hospital No. 81, at Kingsbridge, New York, for the maintenance of the near future. A program of entertainment will be arranged. It was reported that much "red-tape" had to be overcome but that the committee is holding good progress.

Admitted as new members last night were Victor E. Quail, of 525 Haled Avenue, Michael J. McCarthy of 306 First Street, and Albert F. Slevin, of 525 Haled Avenue, all of Mamaroneck.

Dinner Opens Local Jewish Welfare Drive

With the costs of operating local health and welfare institutions at an all-time peak, private philanthropy must raise the funds to maintain these agencies or welfare services vital to residents of the entire city will have to be curtailed.

Milton J. Karp, chairman of the Federation drive at this year's \$1,000,000 campaign in support of the Federation of Jewish Charities and Welfare Institutions, more than 350,000 men, women and children are served by these institutions last night.

Mr. Karp, in speaking for the funds, declared "because expenses for a single membership in this year, the Federation has risen to a record high. Federation must attract a campaign goal or be forced to diminish essential community services. In a situation as crucial as this, every citizen of us must vigorously support the work of the Federation. The health and well-being of our city depends on that support."

Included in the dinner committee were David Anchin, Lawrence Acher, James Barr, David Berg, D. Herbert Bekind, Michael J. Cantor, David N. Dattbaum, Ralph Dattbaum, Leo Fish, Robert Garloch, Alfred G. Guttmann, Louis H. Hill and Joseph B. Hoff.

Also, Rabbi Irving Kolowick, Leonard Levine, Harold A. Lowenstein, Benjamin F. Michon, Joseph Morrison, Joseph Morse, Bernard S. Rosenstadt, Harry Roth, Daniel J. Scharf, Leon Shimkin, Philip Severin, Arthur Stern, Bernard Troup, Carl Van Dam, Harold Weiss, Edward W. White, Robert E. White and S. J. Winterberg.

Addressing the dinner was the Westchester Jewish Community Services, which ministers to the needs of the Larchmont, Mamaroneck, Greenburgh communities, the Federation of Jewish Charities and Welfare Institutions, 11 family welfare, counseling and vocational agencies, 12 community centers, 10 day care institutions, old age projects, camps, and industrial workshops. All the Federation agencies stand ready at all times to assist the people of Larchmont, Mamaroneck and Greenburgh.

Victim Claims Trio Robbed, Assaulted Him

Interviewed at his bedside at New Rochelle Hospital, Bernard J. "Buddy" Quail, 28, of 372 Myrtle Boulevard, Larchmont, declared in a member of the New Rochelle Detective Division yesterday when he was assaulted and robbed in an automobile and then dumped into the street on Harbor Lane, before being found by a patrolman at four o'clock yesterday morning. He was questioned by Detective Patrick P. Quare.

Quail complained to the officer who found him leaning against the front door of 39 Harbor Lane, New Rochelle, that his back hurt him. This far, police said, Quail has been found unharmed and has refused to undergo an X-ray examination. He was removed to the hospital by a patrolman and a sergeant.

Detective Curry's report quoted Quail as saying that Monday night he had visited several bars and about 11 P. M. went to a North Avenue tavern, unidentified by name, and left at about midnight when he met three soldiers. Quail stated that the soldiers were in his 1935 sedan, he said, sitting in the rear seat with one of the soldiers, while the two others occupied the front seat.

The alleged robbery report of the assault as recorded by Detective Curry follows: "Quail was sitting in the rear seat of a car and after the car had gone about a mile he was told to get out of the car and to get into the car with him over the head with something heavy. He said that the car was stopped at a light and that he started to get out of the car and the soldier was sitting next to the driver jumped into the back of the car and started to assault him along with the (Continued on Page Three)

Larchmont Bank Introduces Novel Stamp Plan For 1948 Christmas Savings Accounts

A new plan for Christmas savings accounts will be introduced Dec. 1 at the Larchmont Branch of the County Trust Company, according to a announcement today by Lloyd R. Harris, assistant vice president.

"Modeled after the government War Saving Stamp program, this new plan," said Mr. Harris, "will bring added convenience to our Christmas account customers by eliminating red tape and delays."

The plan itself is extremely simple. Each person opening a Christmas account receives a check stamping space for 50 stamps in one of four denominations—5c, 10c, 25c and 50c, depending on the amount the customer wishes to put aside weekly. Each week thereafter, the customer purchases a stamp in the proper denomination and attaches it to his check. On and after Dec. 1, 1948, the checks may be cashed and the amount for the amount as shown by the dollar value of the stamps attached.

Kane Awarded \$3,000 In Auto Death Of Wife

WHITE PLAINS—Peter F. Kane, Jr., of Chatsworth Gardens Apartments, Larchmont, was awarded \$3,000 for the death of his wife, Mrs. Jane D. Kane in an automobile accident on Jan. 1, 1942, by a Supreme Court Jury yesterday afternoon.

Mr. Kane testified that he and his wife were attempting to cross Palmer Avenue, in Larchmont, in the vicinity of the Sillcock machine, when the car was struck by a truck owned by the Kennedy car and repair business, which was traveling behind it.

Joseph A. Johnston was counsel for Mr. Kane, who is an administrator of his wife's estate, while Fred H. Rees represented the Sillcock machine, which was traveling behind it.

Pleasantville Mayor Spurns Proclamation

PLEASANTVILLE—A resident who will observe Thanksgiving in their own way this year without benefit of a proclamation from the village, left today the village office.

Trustees voted today issuing a proclamation requested by the U. S. Treasury Department that Americans, grateful for their blessings, should practice thrift and buy savings bonds.

The proclamation was longer than that, but as Mayor Fred Johnson, who read it, pointed out, was the "essence."

Trustees agreed that Americans should be grateful and that thrift is a good habit. But they objected to "commercializing" the day and to telling people how to save.

"I think we created some of the mayor interjected in his reading of a Treasury Department message."

Taber Visions No Action Possible Until Dec. 4

WASHINGTON, (AP)—The Administration's foreign aid program humped into additional prospects of delay in the House today as the Senate pushed a \$597,000,000 bill toward passage.

Chairman Taber, R. N. Y. of the House Foreign Affairs Committee said today that it will probably be Dec. 4 "the earliest" before his committee can even consider appropriating funds for emergency aid to France, Italy, and Austria.

Taber made the statement to reporters after a conference with President Truman on the \$597,000,000 European relief program which the House Foreign Affairs Committee yesterday backed up by \$100,000,000. After that action the Foreign Affairs Committee usually authorizes the proposed program.

Taber said that it is actually settled legislation appropriating the funds will have to be cleared through Taber's committee.

Taber said he did not discuss the Foreign Affairs Committee's action with the President. The White House said Mr. Truman reported to the conference with Mr. Taber.

Taber said his committee has a rather heavy schedule the first three days of next week on regular appropriation bills. He added that even after that the committee will have to have "some legislation" from the Administration for the foreign expenditure before it can act. Those justifications, he said, have been asked for by the House group.

"Before we can get anywhere," he said, "we have to have some legislation" from the Administration for the foreign expenditure before it can act. Those justifications, he said, have been asked for by the House group.

Teachers Vote 'No' On Merit Raise System

By the ASSOCIATED PRESS

New York State Education Commissioner Francis T. Spaulding today announced that he will not issue a merit raise system for teachers.

Spaulding said that he had received reports from a majority of the State Teachers Association in Albany disapproved of the proposed merit raise system.

The teacher delegates adopted a resolution demanding that the 1948 legislation abolish the system of promotional increments for teachers and substitute maintenance increments.

Spaulding asked the delegates in an address Monday to give a thorough, honest and whole-hearted trial to the promotional program, which is part of the Forfeited Teacher Salary Law adopted by this year's Legislature.

Spaulding said he favored an "immediate and substantial increase" in state aid to schools and in the State Teachers' automatic pay increments. He expressed the opinion that Dewey's plan would not solve financial problems in all school districts.

The delegates urged repeal of the tax program, which Dewey has maintained represents his home rule policy.

School districts are guaranteed that school districts be asked to at least \$200 annually for each elementary school and \$200 for each secondary pupil, with a state paying half. Pupils support new construction.

A resolution covering Spaulding's recommendations on automatic pay increments was rejected.

Mamaroneck Stars Trip Bronx A Stars In Final Minutes By 6-0

Ranieri Tosses To Gironda For Game's Only 6-Pointer

There were just about three and a half minutes to play in the Mamaroneck Star gridiron battle against the Bronx All Stars before either team was able to tote the ball into the other's end zone, and then it was the All Stars who took the lead on a 25-yard start. The score was enough to win the game by 6-0 as the Stars played a bang-up brand of ball and turned in their most exhibition of the year before the Thanksgiving morning crowd.

The local team outplayed the Bronx aggregation in every department, racking up a total of 130 yards to 171 for their opponents and coming up with 13 first downs to six for their New York foes.

Nevertheless, the Stars didn't get into scoring territory until the final few minutes and then Bill Ranieri unrolled his arm and freed the oval to Foustie Gironda. The pass covered 25 yards from the line of scrimmage and Gironda was in the end zone when he squeezed the ball. Ranieri added to his laurels with four punts averaging 31 yards and pulling the Thanksgiving morning crowd.

Eagles After 4th Straight Loop Triumph

The high flying Larchmont Eagles take the ice again tonight expecting to continue their undefeated record, with their fourth straight and add to their ever-growing lead in the Westchester Hockey League.

The Eagles, undefeated in the league's first round, met the Rye Hawks for the second time and gave the definite victory since they took the first game between the two outfits by an 11-1 margin.

Outson Anthonier, center, fourth in the Kingship, is expected to follow his usual practice of starting his three forward lines in rotation. It is at this time the Hawks will have to combat the mighty mite, Bill Howell, at center with Jack Stuphan and Jack MacDonnell handling the line assignments. Larry Holmes and Jim Murphy are the defense men with reliable Ed Bearden guarding the net.

Every player on the Eagle roster, however, is expected to see action before the game is over.

The Hawk lineup is extremely tentative but may include Ed Meyer or Sy Larkin in the goalie spot, with Jim Taylor and Bill Platt at the defensemen, Pete Conroy at center, and Cy Vance patrolling up with Johnny Bernick at the wings.

Game time at the Highland Ice Casino is 8:30 P. M. and complete skating follows the league encounter.

Riker Kegles 658 Series; Mamaros Cop

Horace Riker sparked the Odd Fellows A team to sole possession of first place in the Fraternal League Wednesday when he knocking down 658 (timers in a brilliant 225-215-242 series. Riker's keying enabled the A squad to break a tie with the Odd Fellows B outfit and jump into a one game lead in the loop. The Kiwanis Club was the victor in the league's top individual exhibition of the season.

A second slugging went to the Mamaro Cubs who overwhelmed the Rotary Club by 6-0 while the Mamaro squad was upsetting the Lions and the Odd Fellows B outfits with the measure of the League Five, both matches going by 2-1 scores.

Pincers Trounce Happy Four As Jewels Rap Steve Quartet; Helen Strosahl's 513 Is Tops

The Pincers and the Jewels stole the show in Wednesday night's Bow-Etue League kepling at Larchmont Bowl with the former pincers triumphing over the latter quartet. Steve's Quartet went into the line with the second place, two games behind the Pincers.

The Steve outfit fell all the way from second to fourth while the Pincers retained the lead and took the runner-up slot by virtue of a 2-1 victory over the Accessory Club.

Mrs. Helen Strosahl, league leader, took individual series honors with a 513 rolled in the Georgetown case, the top single game went to Mrs. Des Maston of the Pincers four as she came through with a 192 in the match's first game.

In other matches Nick's Pals took a 2-1 fall out of the Peter Pans while the Dressers copied a close one from the Caps and the Pincers won 2-1 from the Curleties by 2-1, taking the first place.

Orange Hockey Six Set For League Opener
The high school hockey season starts next Monday and Coach W. H. Mackay has selected the players to take the ice in their season opener against the Hackley School. Mackay recently made the final cut in his squad and pulled it down to 19 pucksters in accordance with league rules.

Eleven of the 18, however, are veterans with at least one year's experience in county play and another, Al Volmer, has had previous of skating in Norway.

The team is led by Nick Starr, captain, member of last season's all-star squad and includes Charlie Koff, Jerry Vier, Bruce Beaton, Hoff, Bill Soper, Don Meckert, Ward Heryn, Jack Sanborn, Bill Carmel, Jim Fowler and Don Meckert, all of whom have had interschool experience.

Other players on the squad are Paul Guthrie and Ted Lyons are the novices, on the squad who managed to survive their latest cut. The squad will be handling the managerial chores while Principal Joseph C. McLean is assisting with the coaching work.

No definite notices have been announced but it is regarded as practically certain that Nick Starr will operate in center and see action at the defense posts and the rest of the squad, not including Carmel and Fowler, providing the attacking lines, as the Tigers seek their first ice championship. Goals for Fowler are due to wear the pads and one of the other will be in the goal when the season opens.

Last year's Orange Ice men finished second to Greenwich in league play with 10 straight wins, their second straight title. Should the Continent squad again finish first it would retain the league cup.

Peekskill Beats Mamaroneck Lions Club Fetes Bellows High Gridiron Note

The Mamaroneck Lions Club honor the P. Bellows High School football team Wednesday at a dinner held in the Daniel Wadsworth Over 100 Lions Club members, boys of the football squad and guests were present as the team was feted despite an all-losing season in which the Panthers played courageous ball but were under-experienced and over-manned in every one of the seven games.

The program, however, was a completely optimistic note as Smith presented Garby Wendel, P. Bellows High School star of some years' back and Wendel immediately presented the team on which he played suffered practically the same fate as this year's squad and took one horrendous shellacking when it was mistakenly scheduled with a Stamford High School powerhouse. He also lauded the Blue and Black spirit observing that despite losses the team ended up the season with four more players on the squad than had its predecessor.

Dr. Arthur Sherrill, who is a member of the Lions Club, said that he was pleased to see the team's progress and that he believed that this year's squad and took one horrendous shellacking when it was mistakenly scheduled with a Stamford High School powerhouse. He also lauded the Blue and Black spirit observing that despite losses the team ended up the season with four more players on the squad than had its predecessor.

Other speakers included William Thresher, father of a Belmont High School graduate, Lawrence presented, Fenton and Humphreys with gifts from the team in token of appreciation for their work with the squad.

The splendid and meat-buffet dinner was prepared by Tom Forte who made all the necessary arrangements and was assisted by members of the custodial staff. The meal was served by Panther cheerleaders and drum-majorettes.

Tables were arranged so that four boys and two members of the Lions Club were at each table with the Lions acting as table hosts and introducing the players.

FIGHTS LAST NIGHT
ATLANTIC CITY — Jesse Moore, 193-2/4, Harrisburg, Pa., outpointed Ed Burdock, 182-2/4, Kansas City, Mo.

WHITE PLAINS — Mat fans will get a glimpse of another of the sport's rising young stars Monday at the County Center here when Karl Krauser, who, as a local star, has been fighting in several Navy districts during the war, makes his first center show.

Krauser, a California native now living in Tracy City, and currently launching an Eastern tour, will go up against the mat world's newest star, Fredrick Von Schacht of Milwaukee in the top-fifth feature of a four-night card. Von Schacht's badman tactics had the fans up in arms when he made his Center debut last week.

Another newcomer will appear in one of the three 20-minute supporting bouts. He is Phil Gueber, Chicagoan, who will tackle Ruston Joe Kamruff.
