

Bellows' Soccer Team Completes Unbeaten Season

Broncos 6-1 Victim As Panthers Finish Tough 11-Game Slate

Scoring three goals in the initial stanza, the F. E. Bellows soccer team knuckled its way to a 6-1 victory over Bronxville yesterday at Harbor Island and to an undefeated season.

It was the ninth triumph of the campaign for the Panthers, who also posted two ties to complete a difficult 11-game schedule without a defeat.

To add to this tremendous accomplishment it must be mentioned that this was only the second season of inter-scholastic soccer competition for Bellows. Coach Jack Hasley's charges finished with a 5-2-1 record last year.

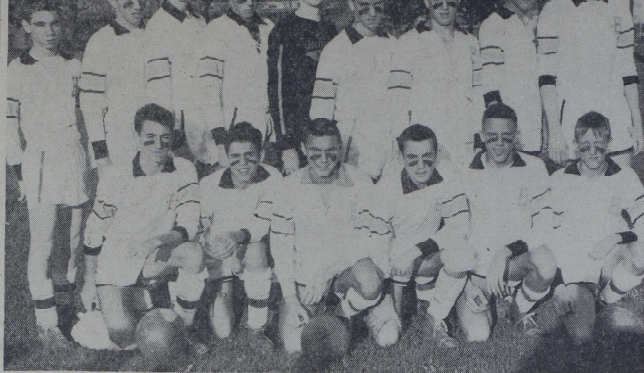

Yesterday Bellows performed in brilliant fashion, displaying a tremendous offense which produced a record of six goals. It had been the defense which had carried the Panthers most of the year but the BHS offense didn't give its defense much opportunity against the Broncos yesterday.

6 Goals in 3 Periods
All the Bellows scoring was accomplished by the inside and center forwards, as Ed Burchell and Anton Usovski crossed the ball in front of the goal expertly while John Quadri and Al Rosenthal sparked the passing attack. At fullback, Jeff Howard and Richie Price were outstanding as they got off booming kicks whenever Bronxville would threaten. The Panther halfbacks Pete Fink, Jack Szanto and Dick Strimel superbly checked the Bronxville attack, and started a fast-breaking attack which never ceased applying pressure.

Quadri garnered the first goal on a shot into the corner net less than four minutes of play having elapsed. Shortly after Jim Armour followed with a hard drive on a pass from the right side. Quadri then headed a goal through on a loft from Usovski and the Panthers had a 4-0 advantage.

The fourth goal of the half came on Rosenthal's goal early in the second quarter, and the outcome no longer seemed in doubt. It was quite a difference from the 2-1 contest which Bellows created out less than two weeks ago. Roger Lewis then tallied twice in the third stanza to tie the contest. A shot near the end by Ave Koutis of Bronxville against the Panther substitutes slipped by first-string goalie Hank Hull to snail his shutout bid. However, little did it matter, because the whistle blew a few seconds later and Bellows had finished undefeated.

Horse Show Opens 8-Day Run at Garden

NEW YORK (AP)—The National Horse Show, strictly for the horse set, opened an eight day run in Madison Square Garden today.

The official opening is set for tonight when Lt. Gen. Thomas W. Herren, commanding general of the First Army, takes the salute of the four international training teams. The privilege of electing a touchdown for this spot is inside the receiving team's defensive line. There's no point in touching it inside the 20.

2. Kick low, downing it. It's a touchdown. Ball goes out to 20 yard line. Sec. 3, article 2 says, "Illegal touching gives the receiving team the privilege of electing a touchdown for this spot is inside the receiving team's defensive line." There's no point in touching it inside the 20.

3. Pass. You might complete it. If the opponent tried to run it out and was tackled inside the 20, you would gain 10 yards. 1. Coffin corner kick. Best call. In fact, the only one of merit. Even though your kicker's missed previously, it's the call.

Associated Press Still Has Maryland On Top

NEW YORK (AP)—Maryland, Oklahoma and Michigan continue a race that's knotted up like a coach's nerves on the eve of a big game, still are 1-2-1 in the national college football ratings.

The seventh weekly Associated Press poll of sportswriters and broadcasters drew the season's neatest vote, but it left the situation unchanged with Maryland on top by a scant handful of points.

The tabulation of 229 ballots brought Maryland 71 first-place counts and a total of 384 points; Oklahoma, 63 first-place votes and 310 for each first place vote, nine for second, six just behind came Oklahoma with 54 firsts and 1,882 points, in Michigan with 68 for 174.

A week ago, with fewer votes cast, Maryland topped Oklahoma by just 20 points.

Navy in 8th Place
The fact that Michigan outscored Oklahoma on the first try during the slide, and wasn't the only oddity of this week's voting, Navy, soundly beaten by Notre Dame, didn't drop into the obviously usually recorded to losers. The Tars lost their fourth-place rating to Michigan that they hoped from ninth to sixth and almost dropped even with UCLA.

All-winning West Virginia, a 30-0 winner over Marquette last Saturday, held onto seventh, retaining Georgia Tech and Texas Christian look over the eighth and ninth places as Auburn and Southern California dropped out.

Oklahoma Rolls on
Meanwhile it dawned on the experts that Oklahoma's "rebuilding year" team was well along its Big Seven rivals just as the West Virginia team did in past years had done and the sooner began attracting support. West Virginia, the only other unbeaten team in the top 10, hasn't met opposition of the same caliber played by the first three.

Next Saturday may provide additional data to compare the top

Bellows Holds First Workout In Basketball

The initial practice of the F. E. Bellows' basketball team was scheduled to be held today at the Bellows gym, 3:30 P.M.

Workouts were to be conducted by Art Ross, new junior varsity basketball coach, who will handle the sessions until Nov. 14th. This is the date that Jack Hasley, head basketball coach, will take over and hold trials for all students currently participating in F. A. 11 sports.

DEACH FOR AIRM LIFT AND CONTROL.
LONG SLIDE FINISH STRAIGHT AHEAD!

SLIDE FOR REACH
Until you finish with a slide you can't know the feeling of smoothness at the foot line, and of a reaching follow-through.

SLIDE AND REACH TOGETHER.
Long slide, long reach. Quick stop ball thrust.

Only with a slide will the left leg brace solidly so that the arm swings on out and through with control.

How far to slide?
I suggest you begin to slide only three feet from the foot line, pointing the left foot straight ahead. Practice "riding" on the legs for during the slide, and you'll soon catch the rhythm of the reaching swing as the slide ends with a right foot "brake" as stretch shows.

Only George Mikan has ever duplicated this feat and Johnston has a chance now to break the big boy's mark. Neil also was a sensation off the boards last season, winning the league rebound crown with 6.65's guard including a record-breaking 39 in one game.

Along with Gallatin, the Knicker's best stars include Cliff Knicker, Steve Swartz, Cliff Jim Baechle, Dick McGuire, and Ray Felix. Walt Duker, Ken Harline, Tony Lane, who he is, and Bob Santini, formerly of Iowa, are expected to have a better year than last season when he hit 1,312 tallied and had 71 points average. Paul was a little rusty after two years in the Marines and biggest things are expected of him this year. Arizona averaged close to 20 minutes a game a year ago, the league in minutes played.

Perry 2nd To Ameche In NFL Ground Gains

PHILADELPHIA (AP)—Joe Perry in his passing average as the "jet" Perry tumbled from sixth to second place in the National Football League ground gaining competition but the defending champion from San Francisco has a long way to go to overtake Ameche of Baltimore.

THE latest NFL statistics show Ameche, the rookie from Wisconsin, has 625 yards gained in 116 carries for an average of 5.5 yards per carry. Perry, who gained 148 yards Sunday for the Forty Niners, has totaled 496 on 84 attempts for an identical 5.9.

Howard Ferguson, a Green Bay, scored a week ago to third with a total 444 yards and a 4.7 average. Otto Graham, Cleveland's brilliant quarterback, dropped slightly to 1,831 points for a 22.7 average to win league honors a straight line.

Santez Ready For Appeal On Suspension Cagers May Start Today; Tigers Wait

QUANTICO VA. (AP)—Marine Lt. Wes Santez, America's star miler, was poised today to fight a permanent suspension as an amateur athlete which would bar him from the 1956 Olympics.

Santez, a former University of Kansas runner, said last night he intended an immediate appeal of the suspension voted Sunday by the Missouri Valley AAU registration committee. It said he had accepted expensive expense allowance for competing in three California track meets last May.

An official of the registration group said it was found Santez received \$1,200 a day from sponsors of the three track AAU races along with Gallatin, the Knicker's best stars include Cliff Knicker, Steve Swartz, Cliff Jim Baechle, Dick McGuire, and Ray Felix. Walt Duker, Ken Harline, Tony Lane, who he is, and Bob Santini, formerly of Iowa, are expected to have a better year than last season when he hit 1,312 tallied and had 71 points average. Paul was a little rusty after two years in the Marines and biggest things are expected of him this year. Arizona averaged close to 20 minutes a game a year ago, the league in minutes played.

While such a late start might hurt other schools, it shouldn't hurt Santez because of his charges in the least, since the BHS schedule has been arranged to permit Santez to compete in these plans. Mamaroneck isn't scheduled to open its season until Jan. 3 at Rye in a non-league game. Hence, the Maroons will have more than ample time to remove the knicker from the team. The team is scheduled to leave New York for Philadelphia Nov. 15, three days before the grid finale against Port Chester.

ACCENT ON ALLIANCE—Dick McGuire, "only" six feet tall, climbs a ladder to get up on speaking level with seven-foot Walter Duzes. The two, along with 6-11 Ray Felix, left, and 6-6 Harry Galatin, center, will lead the New York Knickerbockers against the Philadelphia Warriors Thursday at the County Center in White Plains. The Warriors will counter with an offense built around their two scoring strikers, Neil Johnston and Paul Ariza.

Johnston had led the NBA in scoring for the past three seasons, while Ariza was the league's top scorer in 1951-52, before leaving for two years of military service.

Judge's Charge Attacked County Doctor Blasts Big Legal Fee Claim

An invitation to the rest of New York state to resolve its medico-legal difficulties by following a precedent Westchester has been issued by Dr. Henry E. McGarvey, medical chairman of the Westchester Committee on Medico-Legal Relations.

The invitation arose from Dr. McGarvey's answer to charges by former Supreme Court Justice Isidor Wasservogel that the "exorbitant" demands of physicians who testify in court are in part responsible for the mounting expense of negligence litigation.

Justice Wasservogel made the charges in a report on the findings of an official study of lawyers' fees in personal injury cases. He acted as special referee for the study, completed last Fall.

Blas Claimed

"It is my opinion that the scope of the referee's investigation," Dr. McGarvey said, "was not sufficiently comprehensive. His findings, therefore, as far as the medical profession is concerned, are necessarily biased and are, in fact, entirely without foundation, untenable and contrary to fact."

"The doctor's fee, if indeed he gets one, when compared with the attorney's, is a mere pittance although his service to the patient-client, especially in the more time and skill than does that of the lawyer," Dr. McGarvey added.

A problem in regard to doctors giving evidence on negligence cases did exist (and to some extent still does) in Westchester, he acknowledged.

The answer, he added, was the formation in Westchester of a Committee on Medico-Legal Relations. "It consists," he said, "of five lawyers appointed by the Bar Association and five doctors appointed by the Medical Society. It convenes whenever a case arises in either profession that requires its consideration."

"Its first accomplishment was the unwilling medical witnesses in personal injury cases wherein the plaintiff was unable to afford the services of either lawyer or doctor."

"The solution consists of a printed blank, prepared by the Bar Association and the Medical Society, and immediately available to every lawyer and doctor in the county."

"The blank, when signed by the lawyer, the plaintiff, and the doctor, authorizes the doctor to deduct from the plaintiff's share of the amount recovered not only the doctor's fee for his services rendered during the period during which the plaintiff was suffering from his injuries."

Dr. McGarvey said, "I have no doubt that the amount of time consumed by the physician in treating the patient-client originally, and the time he will have to consume in refreshing his memory as to the extent of the patient's injuries and his treatment thereof - details long ago forgotten but vital information if he intends to testify in the client's behalf."

Also included in the costs to the doctor, he pointed out, is "the amount the physician loses by being absent from his practice for one to three days which is, never compensated for by the court or legal brethren deem exorbitant."

Costs to the lawyer, on the other hand, are negligible. Dr. McGarvey stated, "The lawyer must examine the testimony of the physician involved; he must read up on all points of law, and he must serve a few subpoenas."

Briefing by Doctor

As to the first, he said, the examination of only one hospital record is sufficient to establish the facts of the case.

Verdisco Sets Stepinac Mark In CHL Meet

NEW ORK—George Verdisco of Archdiocese Stepinac High, White Plains, scored his first major cross-country triumph yesterday winning the Catholic High School Bronx - Manhattan-Westchester meet at Van Cortlandt Park.

The sixteen-year-old junior, whose slighthness of build belies his tremendous stamina, traveled the two-and-one-half-mile course in 13:28. The time established a new Stepinac record for the course, beating the 13:42 set by Tom Denry of White Plains in 1953.

The Tuckahoe youth was chased all the way by Paul Puleta of St. Ann's and only broke loose from his opponent in the last 50 yards. Puleta finished in 13:38.

Stepinac retained both the varsity and freshmen titles with 56 points in the former and 46 in the latter. The junior varsity crew placed fourth in team standings.

Mount St. Michael was third in the varsity run behind St. Peter's of Staten Island with 32 points to 67. Cardinal Hayes was fourth, 106, and Rice Institute fifth with 152.

Stepinac runners following Verdisco across the finish line were Fred Christiansen of Eastchester, sixth, 14:01; Joe Groccia of Mount Vernon seventh, 14:30; John Cassin of Lincolnville 18th, 14:23, and Dick Weiss of White Plains 25th, 14:32.

St. Peter's the only school outside the confines of the Bronx-Westchester - Manhattan setup among the 16 entered, captured the freshmen individual trophy as John Sannon sped over the mile and a half course in 6:18.

Stepinac's first tape breaker was nine-place Ralph Carr of Valhalla in 6:25. Charles McGovern of Elmford was seventh, 6:29; Ed Callahan of Tuckahoe eighth, 6:29; Mike Scully of Scarsdale, 12th, 6:36, and Bill Small of White Plains, 13th, 6:43. Behind Stepinac in team score-

Country, who will repeat the intricate riding demonstration each afternoon and evening for the show's duration

Tigers At Scarsdale Friday; Bellows Hosts Rye Saturday

Hoping to rebound from Saturday's 14-0 setback by Roosevelt, which snapped a 12-game unbeaten skin, Mamaroneck hits grid Tigers are slated to travel to Scarsdale Friday to clash with an improving Raider squad.

Bellows, defeated by powerful Harrison Saturday 35-0, will meet mighty Rye at the Daniel Warner Field. The Panthers will be trying to snap two long streaks, a 31-game unbeaten streak by the Garnets and an 18-game losing skin which they are skidding on.

Rockhill and Sleepy Hollow Scarsdale has hit its stride and dumped Ossining, 12-0, and Eastchester, 13-0. The raiders are expected to give MHS trouble.

Rye, meanwhile, has continued unbeaten this year with victories over Edison, Eastchester, Peabody, Hastings and Pleasantville. The Garnets will be heavy favorites to blast winless Bellows.

Quarterback Answers

1. End around. Worst call. Too involved. It might be dumped for a big loss by that fine defense.
2. Pass. It works sometimes, but with our spirit up, let's see if we can't run a gainst that vaunted defense. The pass vulnerability will probably be there later if we need to exploit it.
3. Counter play. Okay but second choice.
4. Dive play. Best call. Let's hit the tough line with a conservative play to start the game.

Harrison rode Mr. and Mrs. Dennis Mann's Riviera Wonder to the afternoon's open class victory, with the Port Washington mount. Fiore was the only contender to go clean every time. That included the morning's preliminary, the main judging, and a jump-off.

Little David Third Also qualifying for the final were Little David, owned by Samuel E. Masid of Manassas, and ridden by Mrs. Shirley Weinstein of Rye; Andante, owned by Miriam "Giselle" Dury of Harrison and ridden by Dave Kelly of Armonk, and Iri DeLuna, Bedford, also handled by Kelly. The latter two failed to clear the jump.

Four of the eight steeds, which reached a jump-off in the night's finale, the knock-down-and-out, were of county strain. Fiore rode three of them, placing only with Wonder, at fifth. Betty Haight of Bedford Hills put Mr. and Mrs. Frank Hawkins' Lad O'War into

the place jump, but the Manhattanville College senior failed to clear. The triumph went to Balko's Edge, owned by Mrs. Hugh Barclay of Putnam, N.Y.

Princess May, owned by Dr. Elise L'Esperance of Pelham Manor and handled by Jimmy Byrne, also of Pelham Manor, placed fourth in the single-hurdle event from the Fairview Farm of Eligio Del Guercio Jr. of Greenwich, Conn.

Three Seaside boys will start straight, having won last year's game at Roosevelt by a 4-0 score in overtime.

Sam Haines of Ossining will be the starting goalie, with Bill Tomadegio of Sleepy Hollow taking over at half.

The fullbacks will be a pair of Bellows boys, Jeff Howard and Dick Price. Jim Carroll of Bronxville will start at half back, with teammate Don Harris at right half back and Bellows' Jack Szando at center half back.

MHS Cagers Will Be Tall; Lapolla Is Key

Manassas' Hi's cage team isn't scheduled to begin official work until Nov. 15th, but area interest is already making the gradual transition from the ericium to the basketball court.

Coach Sampson expects to form a team of 12 players, with eight and the Irish next with 12. The U.S. entry of Charles Denehey Jr. and Phil Rex. Hugh Wiley and Almeister, and Billy Steinhaus with Can-Can had 16 for fourth.

In the eventing individual international feature Capt. Kevin Barry of Ireland won with Ballyreigh. And what he has looks fairly encouraging. Only Don Rignano, Paul Cunningham, Leo Sampson and Jim Farino have graduated. Rignano will probably be missed most of the quarter, being second to Lapolla in scoring with 240 points last year.

Cunningham, Rapoport and Farino were also key players on Manassas' 1949 team. The Squad Strong Near End After completing a 54 record last season, the Tigers proved difficult to conquer during the final half of the campaign—seven straight wins. Only eight of nine opponents. Only night New Rochelle was able to escape unchewed, coping a well-earned 70-58 decision.

Seeking the same in this surge was Nick Lapolla, the lad all Westchester will be watching this year. Lapolla hit 100 points in all but three games last year, and illness handicapped him in two of these contests. The big guy accumulated 292 points in 18 games for an average of just under 16 markers per contest.

Also returning will be Ray Nollett, Charlie Capobello, Graham Best and Ben Sand. Best and Nollett were starters most of last year, while Capobello was Sampson's key substitute. The crowd expected particularly on defense. Best and Nollett combined for 75 points respectively. Capobello collecting 46.

With 6-5 Lapolla supplemented off the boards by 6-4 Best and yards per game on the ground. The Gators pass defense has been only ordinary.

Mrs. Sether explained the nomenclature and drying of flowers and leaves and discussed types of soil to use in planting indoor plants and proper drainage.

State and the Canadian leagues of Toronto and Hamilton, Ontario. Regional membership number 6,015 which is approximately 40 per cent of the total membership of the association. Delegates are attending from the Larchmont, Pelham, and Tarrytown Leagues. The Junior League of Tarrytown is hostess for the conference which closes tomorrow.

They are active in the development as a constructive participant in the life of her community. This insistence upon the integrity of the individual and the parallel insistence upon the organization on the autonomy of the individual, local groups makes the Association of Junior Leagues of America a strong bulwark in the preservation of our democratic society."

About 70 delegates and members attended Mrs. Foote was honored at luncheon prior to her address. The Tarrytown league will be the hostess for the conference at the home of Mrs. Robert Perry. The delegates also toured Dutchess County and Tarrytown.

Combing The Town

No Parking Problem

An interesting commentary on community mores was provided yesterday by Dr. Joseph C. McLain, Mamaroneck High School principal, as he presided at luncheon at the Orietta Beach Club presiding the 20th College Conference attended by admissions officers and alumni representatives of more than 50 schools, colleges, and universities.

Offering directions and parking instructions to the out-of-town guests at the close of the luncheon, Dr. McLain said, "I believe we have ample parking space for you today, since we've asked the students to leave their Cadillacs and Lincoln limousines, in order to accommodate your Ford's and Chevies. And I'm sure our teachers' bicycles won't be in the way at all."

164 More Register

Addition of 164 names to the registry rolls yesterday brought to 174 the number of persons eligible to vote Nov. 12 on the \$500,000 bond issue for supplemental funds for the expansion of Mamaroneck High School.

Registration at the Mamaroneck Junior High School will continue tomorrow from 1 to 4 P. M. The \$500,000, it appears, will be added to the \$1.9 million issue adopted last fall to allow for rising building costs.

Yesterday's registration was as follows: Larchmont, 30; Mamaroneck, 50; Town, 45.

Cooking On Panels

Dr. Walter D. Coking of the Orietta Apartments, Mamaroneck vice chairman of the New York State White House Conference Committee and past president of the New York State Citizens Committee, will appear Nov. 11 and 12 at the meeting of the New York State Citizens Committee for the Public Schools to be held at the DeWitt Clinton Hotel, Albany.

The twin themes, "Citizens and Their Schools" and "What Is to Be Done as a Teacher?" will be the topics to be examined by panels which will include: Coking, Roy E. Larsen of Time Inc. and Dean Ruth of the Rockefeller Foundation.

Seven-Eleven!

July 11 is a big factor in a wedding taking place at 4 P. M. tomorrow at Holy Trinity Church, Mamaroneck.

The bride, Henriette Salasin of 333 Stanley Avenue, Mamaroneck, was born July 11, 1933.

The bridegroom, Louis Le Roux of 619 Hillside Avenue, Mamaroneck, was born July 11, 1928.

But that's not all!

The clerk of the Town of Harrison, who issued the license, Joseph Fiere, was also born July 11, 1928 when asked what year declared: "Never you mind!"

Mr. Mullenger is a television engineer for the Radio Corporation of America.

O'Donnell Says Rival 'Flip-Flops'

Frank X. O'Donnell Jr., Democratic candidate for Town of Mamaroneck, yesterday charged George D. Burchell, his Republican opponent, with "flip-flops" on a number of apartment construction and town planning.

Speaking at a rally of campaign workers at Democratic headquarters, 363 Mamaroneck Avenue, Mr. O'Donnell derided as "non-sense" Mr. Burchell's statement of the basic issue of the campaign as "shall we have sound and efficient government in the town?"

"This is an issue," Mr. O'Donnell asked.

"Is he seriously trying to say that we are for unsound and inefficient government? We who have led the drive for prudent long-range planning, sensible limitation of apartment buildings, fluoridation for protection against the thrush, adequate parking and recreational facilities? Surely, he really hope to persuade the intelligent voters of the town by such nonsense.

"But at the same time the GOP candidate has unwittingly underlined the real choice before us—O'DONNELL."

MAMARONECK, N. Y., FRIDAY, NOVEMBER 4, 1955

SERVING MAMARONECK AND LARCHMONT SINCE 1925

SEVEN CENTS

The Daily Times

THE WHITE HOUSE
WASHINGTON
Denver
October 10, 1955

Dear Friends,

Thank you so very much for remembering the President and me with a generous supply of eggs from your farm. It will be such a delicious treat for both of us to have these fresh eggs for breakfast while we are staying at the hospital, and we are delighted to have this remembrance from North Farm.

The President is most appreciative of the attractive card, too, and deeply touched that you sent him your prayers and good wishes for his speedy recovery. With kindest regards,

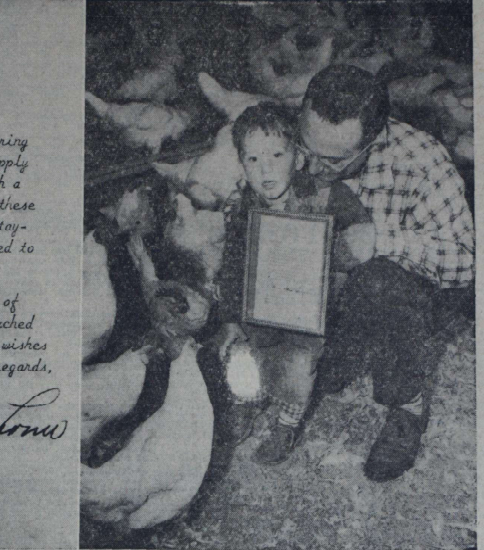

Mamie Reed Eisenhower

The Schwartz Family
North Farm
Katonah, New York

THANK YOU letter from Mrs. Mamie Doud Eisenhower, wife of the President, is the proudest possession today of the Schwartz family of Katonah.

In a news report shortly after President Eisenhower suffered his heart attack recently, the family noticed that no mention was made of eggs in the President's diet. So they decided he ought to have some of their eggs and immediately sent him a supply.

Within a few days, back came a letter from Mamie, shown above in closeup. Head of the Schwartz family is Joseph, who managed to escape the Nazis with his family less than one month before the German invasion of Poland, start of World War II. To him, the gift of the eggs was a symbol of gratitude for the opportunities he, his wife and children have found in the United States. Above, one of Mr. Schwartz's sons, Gary, stands among a flock of chickens, showing Mamie's letter to one of his own two sons, Justin.

Tax Rate Out 68 Cents In Town Budget

BIG BUDGET INTO DEAD END ON UNIFICATION

No Break In Stalemate Seen In Last 2 Weeks Of Geneva Talks

GENEVA (AP)—A dead end of disagreement on the unification of Germany loomed today before the Big Four Foreign Ministers' conference.

British Foreign Secretary Macmillan on the urgency of German unity, he told the conference the great powers will face an increasingly explosive situation in Germany if they do not speedily solve unification.

More than two hours of argument yesterday failed to produce any evidence that the beginnings of a solution may be found here.

Soviet Foreign Minister Molotov hardened his insistence that the Western alliance must be mollified before Russia will agree to German unity.

West Equally Determined

The Western Big Three related with equal determination that contention that a reunified Germany allied with the West is not in the interest of Europe.

No General Levy For 9th Year; \$300 Raise For Employees Included

The Mamaroneck Town tax rate will drop 68 cents per \$1,000 of value and for the ninth consecutive year there will be no general town tax, according to a 1955 budget estimate which Supervisor Owen A. Tamm proposed Nov. 14 to the Town Council.

The rate for the unincorporated area will fall to \$15.70 from \$16.38 per \$1,000. The lowest it has been since 1953 when the rate was \$15.89, according to Mr. Mandeville's estimates.

The gross budget, however, rises to \$24,103.84, an increase of \$19,457.30 over the \$84,652.64 figure for 1954 and the net budget rises to \$23,123.69, a rise of \$4,791.80.

The decrease in taxes despite increased costs is made possible through a rise in assessments.

Salary Rise

The budget features an across-the-board salary raise of \$300 per year for all employees including police, except the supervisor and councilmen.

Larger increases are granted in cases where increments are due and in order to raise the compensation for a public health officer whose county pay level is below that of the town.

With regard to salary increases, Mr. Mandeville says in a statement that the problem of "proper compensation is very vital and is related to the quality of services rendered, comparable salaries paid by both private and public employers, and length of service.

"It is my feeling that the increase is reasonable, proper and necessary when these factors are considered. The town personnel must be considered as career public servants by reason of the quality and willingness to serve the public in efficient fashion."

Planning

For the Planning Board, Mr. Mandeville recommends a total of \$4,000 for the year of \$3,000.

Larchmont Chest Has \$1,800 To Go

The Larchmont Community Chest is less than \$1,800 short of its goal of \$30,000, Harry T. Flinn, executive chairman, announced this morning, and at the same time made a plea to all captains and residents to turn in reports and contributions.

On a list of names equal in number to the quota was \$5,000 short of the goal and set for the deadline. However, today he extended final report deadline to the captains who have contributions in hand, and residents who have not yet made their reports to get them into his hands at the earliest possible moment.

"I feel confident," he stated, "that we will achieve our goal if everyone sends in returns promptly." The balance of \$1,800 is not great, and he feels sure that it is either in hand or will be in hand soon.

"But the future is not now, and I plead with the captains to complete their solicitations and turn in their reports."

Philippine Ambassador To Speak On Nov. 15

Gen. Carlos P. Romulo, Philippine ambassador to the United States, will speak Nov. 15 on "What's Brewing in Asia" in the second of a series of lectures at the Larchmont Community Forum at the Junior High School auditorium, Jasper M. Rowland, chairman, announced today.

A large number of season memberships are still available, Mr. Rowland said, and members of the Board of Directors are conducting a telephone canvass to secure subscribers. Reservations for memberships, he stated, may be made through Philip Severin, 187 Chatsworth Avenue.

He has programs equal in interest to Romulo's talk planned for January, February and March. Mr. Rowland said, "and we need and ask that you of the community in order to bring important thought leaders to our forums."

Gen. Romulo last spring was chief spokesman for the anti-communist nations at the Bandung Conference.

As an editor and writer he is a Pulitzer Prize winner and the author of the book "The Balance of Power." As a military leader he has been awarded 11 medals and is a member of the United States Army's side-of-camp in World War II.

He has also been the recipient of 18 honorary degrees.

2,090 Interviews Record Participation Marks College Conference At MHS

A record total of 1,724 student interviews and 368 parent interviews yesterday marked Mamaroneck High School's 20th annual College Conference at the school following a luncheon for more than 50 admissions officers and alumni representatives at the Orietta Beach Club.

At the past, Cornell University attracted the largest number in both categories, with 128 students and 21 parents participating.

In addition to Mamaroneck High School students and parents, Port Chester, Rye, Harrison and Scarsdale High School students and their parents participated in the meeting, which featured three conference periods followed by an individual appointment period.

Dr. Joseph C. McLain, principal of Mamaroneck High School, presided at the luncheon which was given in cooperation with the Parent-Teacher-Student Association under the chairmanship of Mrs. Robert Ginzburg.

ZONERS PUT OFF RULING ON SIGNS

Mamaroneck Panel Also Delays Dunn Decision

Half-hearted opposition to an application by the Village of Mamaroneck for a variance to permit the relocation of two outdoor billboards now on the easterly side of Penrose Road between Stanley Avenue and the railroad to village owned land on the opposite side of the street was expressed last night at a meeting of the Mamaroneck Zoning Board of Appeals in the Municipal Building.

No opposition was heard on another application submitted by Cecil Dunn for a variance to permit the construction of a house at Meadow and Second Streets to be located 20 feet from the Meadow Street front property line.

The Board reserved decisions on both cases.

The village application grew out of a plea before the Village Board last month by Bernard Quercia of 483 Stanley Avenue, who questioned the village's right to use the land for other than park purposes, and said he feared encroachment of additional signs, and William Puffer, long an opponent of billboards, who admitted that it was a difficult problem placed before the village and the Zoning Board.

The Village was represented by Village Manager William H. Johnson. Both told the Board that the mayor and trustees had given full approval.

Syria And Iraq Pledge Aid Israelis Beat Back New Egyptian Attack

JERUSALEM (AP)—Israel today said two Egyptian platoons attacked an advanced Israeli position near the lower sector of the Gaza strip today and were repulsed. A U. He said the Israelis beat back the Egyptians with rifle and machine-gun fire and suffered no casualties.

Informants in Damascus said today Syria has pledged military aid if required to help Egypt in fighting with Israeli forces, (AP Wirephoto, 10-10-55).

Dip To 20s To Follow 3-Inch County Rain

Cool blasts of air moved into Westchester today, keeping daytime temperatures in the 40s and threatening to drop them into the 30s tonight. The air mass followed closely a saturating overnight rainfall which dumped more than three inches on the county. The rain could have been 30 inches of snow if the cold had arrived 24 hours earlier.

A residue of slightly more than three inches of rain was made at 7 A. M. today at the Westchester County Airport. The County Office Building gauge in White Plains measured 2.68 inches at 9:15 A. M.

The steady rain will stream and rivers over their banks once again. The Hutchinson River Parkway between North Street, White Plains, and Westchester Avenue, Harrison, was closed today for a few hours before the rain because of the overflowing Mamaroneck River.

The 10:15 A. M. temperature at the airport was 40 degrees, 12 degrees colder than at the same time yesterday.

Fleeting snow flurries and sub-freezing temperatures spread across the rest of the state north of Westchester today. The snow melted as it hit the ground in the western section of the state.

A warming trend was scheduled to begin Sunday.

Parkway Police reported today that traffic on the Hutchinson River Parkway in the Westchester Avenue area was narrowed to one lane in each direction for several hours before noon again due to tree conditions. The water started to abate before noon.

POSILLIPO BARS OVERCONFIDENCE

Democrat Sees Election Results As Close

Rye Town Supervisor Anthony J. Posillipo last night cautioned a gathering of more than 180 persons of possible overconfidence of victory for the Town Democratic Party in Tuesday's election.

Mr. Posillipo addressed the large group at the annual precinct supper-dance sponsored by the Rye Town Democratic Committee at the Village Inn in Port Chester.

The supervisor commended both The Daily Times and The Daily Item and publicly thanked the editors of both newspapers for endorsing him for reelection.

Baxter Sees Burchell As 'One of Best'

George D. Burchell's candidacy for supervisor "is like a breath of fresh air," Judge Charles M. Baxter Jr. said today, in a public declaration as to his support of the Republican candidate for the office of town supervisor.

Mr. Baxter, who is a member of the Rye Town Democratic Committee, said that he had known Mr. Burchell for many years and that he had seen him in action as a member of the Rye Town Democratic Committee at the Village Inn in Port Chester.

Judge Baxter recalled his 18 years of service with three supervisors and went on to state that in his opinion Mr. Burchell is one of the best candidates he has seen.

The job of judge here in the town of Rye is to be held by Mr. Baxter.

PRAYER FOR TODAY

For my personal freedom to go to the polls next Tuesday and cast my vote as I wish, I speak in earnest gratitude this day, dear God of liberty. I pray for good sense and judgment—over and above all partisan considerations—of those who are or will be my precursors for candidates or propositions or amendments. May my own votes and those of fellow citizens be cast first and foremost for men and women of highest integrity and honor, those with a demonstrated sense of public service and relaxation that they must exercise a public trust.

Good Government The Issue

CANDIDATES of both Democratic and Republican Parties are to be commended for conducting an unusually high level of the Town of Mamaroneck political campaign which reaches its conclusion at the polls next Tuesday. It has been remarkably free from emotional appeal, personal inductive and mud slinging tactics.

It has, too, been a rather unique campaign; one in which the rival candidates for Supervisor have been the outward appearance of opposing the present incumbent instead of each other.

The Republican standard bearer, for fear of alienating an anti-Mandeville faction of his party, has divorced himself a personality while embracing the rich accomplishments of his successful predecessor.

Even more inconsistent, however, has been the tactics of the opposing party in attempting to brand the Republican candidate as Mr. Mandeville's "their appear."

Aside from the Mandeville issue, the Democrats have conducted a single-track campaign, concentrating on municipal planning as their theme song.

Actually it is no issue at all since both candidates for supervisor have pledged a planning commission independent of the zoning board as the only difference being in the extent to which a planning expert should be employed.

The major issue, as we see it, is the preservation of the sound, tax-conscious, business-like efficiency which has characterized the present administration.

The question is: Which of the candidates can reasonably be expected to carry on most effectively our established tradition of good government?

The answer, we believe, may be found in the personalities, qualifications and experience of the opposing nominees, who are they? Down what road may they be expected to lead us who bear the tax load?

For Supervisor the Democrats are offering Frank X. 'Donnell, a personable New York attorney, who to his credit has played an active role for many years in the civic affairs of his village and the political affairs of his party.

Opposing him are two candidates in the person of Mr. Durbell, practicing Mamaroneck attorney; also actively associated with the community's civic and political life. Unlike an opponent, who lacks actual training in the affairs of government, Mr. Durbell has a background of varied experience.

Mr. Kane, lifelong Larchmont resident, is completing his first term on the Town Council; having previously served for three years as Larchmont village trustee. A strong supporter of the present administration's record of sound governmental practices, he can be depended upon to lend capability and good judgment to the new Council's deliberation.

For sheer devotion to municipal betterment and love of community, Mr. Santoro will provide the new Board a wealth of experience in good government unimpaired by any of the candidates. Mamaroneck Village trustee for six years, mayor for nine years, Mr. Santoro has also been in the forefront of practically every civic endeavor, giving liberally of his time and service, without compensation, to so many community-wide activities that to list them here would prolong this editorial beyond reasonable limits.

Although John C. Capuano, Democratic candidate for justice of the peace, has made worthy contributions to Mamaroneck's civic life, he can in no way match Judge Charles I. Baxter's many years of public service as village attorney for three years, town counsel for six years and justice of the peace for 18 years.

Because of his popularity and efficiency as town clerk for a decade, Charles J. Gronberg, has the endorsement of his party; a high tribute to his integrity, ability and personal appeal.

Try and Stop Me

Captain Gilbert, skipper of the S. S. Larchmont, had just left his bridge one afternoon when a 30-year-old passenger stopped him and inquired, "Captain, how do you get to be a father, any way?" Gilbert reflected to himself, "What where do you get to be the captain of a luxury passenger liner?" But at any rate he assumed a parental pose and gave the inquiring youngster a friendly summary of the joys of parenthood and the flowers. As he finished, nodding his brow, the inquirer had exclaimed, "You mean I don't care about the child of a father? I'm interested in American and Chinese people."

British Like Our News Sense

LONDON—The British people's sentiments and sympathies were strangely divided in their attitude toward what they called the "Margaret and Peter romance." As British readers know, thanks to the American press, Frank and sometimes premature publication of details about royal affairs, the national crisis concerned the romance between Princess Margaret and Group Capt. Peter Townsend, who is a fact President Eisenhower's personal visitor to Geneva and other seats of world conferences, should pass in their news.

ROYAL ROMANCE AND LADY—To return to the Margaret and Peter controversy, the so-called "royal romance" is a business-industrialist and Member of Parliament, with whom we were acquainted when we visited the House of Commons, when we visited Parliament—although it was not voiced publicly—was a question by a Labor member. Like most interrogations submitted by a member of the opposition, it was a bit embarrassing. Labor may make votes because of their friendly attitude toward Margaret in the romantic baffle.

BITTER OPPOSITION—In contrast to the favorable attitude of the part of the so-called upper classes, the less favored British standpoint were bitterly opposed to the proposed match. The up per crust saw no danger to the throne in Margaret's marriage. After all, a young and healthy couple, as well as two young prospective occupants, stand before the altar. Margaret and the throne will be in the lower income tax bracket with no way for the population—did not want Margaret to marry a divorcee.

They say that it "would tarnish the crown" and "frustrate the opinion of royalty." They also have a very human and honest reason for their opposition, referring to the fact that Capt. Townsend had the care of two young children.

"Margaret is only twenty-five, Warren School, 9 P.M. Why should she become a heavily burdened mother overnight?"

Yule Card Early Bird Queries
Question: I am trying to be pre-hatched this year and write my Christmas cards before the shopping rush begins. To have that, point of Christmas published early. Since I now have to have my cards in the card writer's wife's name written first, and how do we include the children if we should wish to? Do sign my name to the cards my husband sends to office acquaintances and friends?

ANSWER: There is no set rule about informal Christmas greetings, when signed by hand and sent by husband and wife. If the wife writes the signatures, she conceivably signs her name last, and the husband's name first. Her simple signature reads: "The Smiths—John, Mary, Johnny, Alice and little Bob." Use your own judgment about joining your name to your husband's on cards to meet them or the other way around. It is a minor way, but in the greeting, if you have not met them or the acquaintance is on an impersonal level, your husband signs alone.

Question: Will you please tell me the grounds for divorce in the state of New York, New Jersey and Connecticut? A. B.
ANSWER: In New York, the only grounds are adultery, the re-

quirement is one year. In Connecticut, a divorce may be granted for adultery, cruelty, desertion, nonsupport, alcoholism, felony conviction, and Members of Parliament, with whom we were acquainted when we visited the House of Commons, when we visited Parliament—although it was not voiced publicly—was a question by a Labor member.

Advantage Of Illegibility Fades With 'Block' Printing

Probably in years to come there will still be big-business presidents and vice presidents, but, one thing sure, such officials will have to worry about much more than their pocketbooks. What has long been considered a prime emolument for such a position—an uninterpretable signature—will now be a liability.

The basis for this revolutionary conclusion is my discovery that all over the land children now being taught to write block printing, not script, and it is practically impossible to print illegibly—or sure the fourishes so dear to the heart of the big shot. How legibility of future executives' signatures will affect progress is not quite clear as yet, obviously there will be changes.

I only hope I'll be alive to see it. For I've spent agonizing hours trying to guess whether a certain letter was an S, or an L, or a D. As you look at these block printings one seems to find any relation to the other, but just when a higher powered tycoon out rightly you and he can do it with his hands, literally. I do think, tied behind him.

Youth Needs Tactful Curb On Overburdening Interests

Adolescent boys and girls have tremendous energy coupled with eagerness to know everything about everything, and this is likely to lead them to the overdoing of worthwhile experiences. The secondary-school students are the ones most likely to do this, and it would be wise to check their programs occasionally, just to make sure they don't. Life is so long to number of things "I am going to do."

The more successful the student, the more he seems to reach out for—so unless he is able, he is likely to be overburdened. Then he stays up late at night to get his assignments finished, and he is not going to uplift his strength, preserve his mind or sweeten his disposition.

The girls usually are more inclined to overburden themselves than are the boys. Many of these young women are beset by the idea that they must outshine the boys, and this leads to overdoing. They must be helped to see how meaningless this attitude can be.

A full school program does not mean that a student has to do so many extra things. There are so many delightful fields to explore, but time and strength of these young people to accept these are must be drained. The school paper, social activities, chess projects, and community projects, and even at home and family and their own.

These young men and women do it for the sake of their own improvement. Investigate, experiment, a 10-day leave at home. Rene Zukowski assumed his duties as field editor of the City Council, BSA, The Playhouse nature was the day.

Realtors Houghton Take New Quarters

Houghton Associates Inc., Mamaroneck realtors, moved Monday to the building at 200 West Post Road which the firm purchased during the Summer. The former office was at 600 East Post Road.

The purpose behind the move, according to William R. Massey, Jr., vice president and real estate sales manager, is to provide greater facilities for the various business in the county and lower Connecticut, and to provide greater parking facilities for customers and personnel. These facilities, he added, are known to help the firm top last year's business of \$1.5 million.

Everett T. Houghton, president of the firm, stated that it is the firm's intention to develop an office building, with possibility of office enlargement, into a professional building housing real estate business such as lawyers, architects, and those in the construction field.

12 Years Old
The firm was incorporated in 1947 and took over the Mamaroneck business of Houghton Co., a 100-year-old New York real estate firm, Kinsmore & Houghton, is vice president and secretary, and Everett Rushmore is treasurer.

An allied company, Everett T. Houghton Corp., of which Everett Houghton is president and treasurer and his brother, Pittmore, vice president and secretary, handles the insurance end of the business.

The name of Houghton has been well and favorably known in real estate since 1825 when Rowell Houghton started in real estate in New York. He was succeeded by his son, Frank R. Houghton, a name still known to older real estate operators. The late real estate operator, the present head of the New York City firm of Houghton Co., is Herbert R. Houghton, father of Everett and Rushmore, and president of the Westchester County Realty Board in 1939.

Developed Orianta
Mrs. Herbert Houghton is the former Jane Rushmore, who grandfather was the first president of the Village of Mamaroneck and the developer of Ori-

onta Point. The former Rushmore Hotel, a private estate in later years until it was destroyed to make way for smaller houses, was a landmark well known to generations in the latter 1800's.

A proponent of the Rushmore branch of the Houghton family was Dr. Samuel Fuller, the only doctor on the soil.

Both Everett and Rushmore, twin brothers, were born in New York City, but moved to Mamaroneck at an early age. They attended the Ryer Neck schools and were graduated in 1930 from Bellows High School, then known as Ryer Neck High School. They attended the Wharton School of the University of Pennsylvania, specializing in real estate appraisals and insurance, and were graduated in 1934.

Rushmore Houghton
Rushmore Houghton, a former president of the Mamaroneck Realty Board, former director of the County Board, and member of the New York State and National Boards and the New York State Society of Real Estate Appraisers. He is married to the former Mrs. R. J. Whitney, Mr. Whitney was at one time village manager. The couple have 9 children, Toy, twelve, and a daughter, Everett Rushmore, six, who lives at 300 West Street, Harrison.

Everett Houghton
Everett Houghton is also a past president of the Mamaroneck Realty Board and is director and chairman of the education committee of the County Board. He is also a member of the State and National Boards and of the N.Y.S. Society of Residential Appraisers.

Young TV-Acting Family Moves To N. Barry

An interesting young couple, both in the theatrical and television field, have purchased the old Purdy house at 401 North Barry Avenue, Mamaroneck, and occupy it as their home.

They are Mrs. and Mrs. Charles M. Dobson, who met in a variety show in Philadelphia in 1949 and were married on New Year's Day, 1952.

Mr. Dobson describes himself as a "free lance singer and actor" and among others has a variety show in Philadelphia TV every Saturday night known as "The Couple Next Door." It is a show where they are constantly trying to sell real estate. Mr. Dobson explained, and he admitted that the part was catching in his case.

He was born in Greenbush, Va., and was graduated from Virginia Polytechnic Institute in 1949. The Dobsons have a son, Christopher, ten months old.

The house is grey stucco with welcoming front porch. A center hall runs through the house and there are living rooms on both sides. Back of one is a study, back of the other the dining room and kitchen.

There are five bedrooms and three baths on the second floor. The house stands on a half acre plot, is heated by hot water, air-cooled, A hard-charge is in the rear.

Rye Gridders Bast Belows, 38-10 For 32nd Straight Triumph

Garnets Roll Up, 31-0 Halftime Advantage

Two lone skins were extended in the rain Saturday at the Daniel Warren Field, where Rye's powerful Garnets roared to their 32nd straight victory by administering a 38-0 defeat to Belows—winless in its last 19 starts.

After completing a 31-0 halftime margin, the Garnets lowered the volume of their high-paced attack in the second half to dead punt only once.

So, only Scaradale and unbraten, unaccounted-upon Harbison remain between Rye and another undefeated campaign. Harrison, 33-0 victor over Belows last week, was idle Saturday. The Huskies are scheduled to clash with Edison this Saturday, before the "big" encounter with Rye, Nov. 19, 1955.

Saturday's game was virtually a carbon copy of the Harrison encounter, one which found the Panthers producing to the culmination of their potential, but attaining no results.

Garnets Have Too Much However, Rye's mighty grid machine had too many bigger, better and tested parts to ever be stirred by the valiant efforts of its opponents.

Walt Munze of Rye returned the kickoff from his 23 to his 48-yard line. It took the Garnets 11 plays to progress the pigskin 32 yards. Ed Gordon sneaked the final 11 into yard six. Munze's kick line, Caputo's point was good, and the point accumulation had started.

Rye kicked to Belows, but the Panthers were stirred and roared to kick. A penalty pushed the Garnets back to their 25, but seven plays later they had advanced 63 yards for their second TD. Richie Caputo cleared the drive by speeding the final 33 yards of right kick. The PAT failed.

The second period opened with Rye kicking to Belows, and once again the Panthers were astir and roared to kick. A bad pass from center prevented Lee Lyon from doing this, and Rye gained possession on the 25-yard line. Caputo rapped this distance on the next play to provide his mates with the advance.

CONTROL YOUR TEMPER!

Lesson in Control

It cannot be too strongly stressed that control, not speed, is the secret of good bowling. There is another kind of control that should be practiced and mastered. That is control of yourself and your temper.

Bats often bowl under excessive pressure and sometimes under trying circumstances. But top-notchers like Bill Lillard, Don Carter, Joe Wilman, Steve Nagy, Bub Bonner, and Buzz Knapp know from experience they can't afford to indulge in displays of temper, or even of temperament. Though they swing their arms pulling for strikes, they're leery of to take the bad breaks with the good. They don't squawk about alloys, pins, or runways. To them a frame bowled is a frame completed. The thing to do is profit from the last ball delivered and concentrate on the next one.

Learn to understand that when your ball does not carry the pins, it is probably due to improper footwork, or too much or too little speed. If the No. 7 or No. 10 spare was missed, the angle probably was wrong.

For a better understanding of spare shooting, write for my free pamphlet, "Spare Shooting: How to Simply send a stamped, self-addressed envelope in mail at this newspaper."

Weekend Upsets Put Bowl Pickers in Stew

By ED WILKS
Associated Press Sports Editor

The bowl selectors, who should be in bed for all they learned last Saturday, take another look at the somewhat curbed cream of the topnotch title Saturday as college football takes a crack at determining conference champions.

At least six major bowl berths are open, with the Cotton, Sugar and Gator bowl committees still unsure who they'll give up. And after Illinois bounced Michigan from the unbeaten-united ranks 23-6 last Saturday, the Rose Bowl can't print tickets yet, either.

Elsewhere, Yale and Princeton could settle the Ivy League title this weekend. Yale ranked Army last Saturday when Princeton was stunted 7-6 by Harvard.

Noire Dame, the major independent, was a 6-1 record after losing with Penn last weekend 16-14, invades North Carolina this week. Navy, which shared a role among the nation's top teams with Notre Dame before being defeated by Duke 7-1 last weekend, next plays Columbia.

Knapp Cops Opening Larchmont Regatta

By AL BAMBARGER Jr.

A new front-page championship season started at Larchmont Yacht Club yesterday but the story was a 6-1 record after Knapp Jr. won with Arony, and by a whopping 44 points. The invader was a 2-1 record after Knapp Jr. won with Arony and continued on to his fifth straight LYO Winter title.

Pete Kelly, one of Larchmont's best, was the defender as Knapp trailed 23 points, only seven less than a perfect score for the top. Arony, who led the pack of 29 interclubs in five races, once fell as low as sixth, and was runner-up the other two times.

Sheehan Three None of yesterday's three closest contenders won a race. Jack Butcher, Mamaroneck, with his wife Jean assisting, varied Rym Dam between second and 13th for runner-up spot at 189 points. Dick Sheehan, with thirteen-year-old Jim Colgan in Sunday Punch, hovered between second and 14th for 196 for third. And John Leahwood, the man Jimmy well to the fore until the seventh race when he ended with 181.

Howie Walden of Greenburgh, N.Y., has his eight-year-old daughter, Ginny, out racing for him. She has six different special titles when they won one of the races with Titanic. Walden was fifth in the day with 185 points.

Dan Strömberg of Scarsdale, N.Y., was fourth in which Captain old Laura Lee Barker of Larchmont was fifth.

Rams Blast Frisco, 27-14; Giants Lose

By The Associated Press
Commissioner: Dert Bell, whose many duties for the National Football League include making up the schedule, has come up with an authentic "natural."

He's got the Los Angeles Rams, western conference leaders, down to play Chicago's Tammage Bears next Sunday. The Rams, spearheaded by a new backfield combination, rallied the second half to defeat San Francisco 24-14 yesterday and hold their conference lead.

But they'll have to go all out next Sunday to hang onto it against the Bears, who crushed Green Bay 53-1 yesterday for their fourth successive victory in an awesome comeback following a slow start. The Bears' 4-3 mark, shared by Baltimore, leaves them one game behind Los Angeles' 2-1.

Reds Brush Off Egypt Arms Protest WASHINGTON (AP)—Russia is reported to have brushed aside a strong protest by Secretary of State Dulles asking for the return of shipments of big quantities of weapons to Egypt. Soviet Foreign Minister Molotov is understood to have made clear that his government will do nothing to stop the flow of Communist tank, tank fighters and artillery already under way to Egypt. Diplomatic officials said Molotov made known his government's refusal to interfere during a far-ranging talk in Middle Eastern problems with Mr. Dulles on Geneva.

Details of Mr. Dulles' talk with Molotov, his third in a week on this problem, have been kept secret. But it was reported that Molotov defended the arms deal ostensibly concluded in Red Czechoslovakia and Egypt, as strictly non-military commercial transaction which no one could object. Mr. Dulles warned, informants said, that the sudden arrival of big quantities of Communist weapons in the troubled Middle East at this time would further heighten tensions in the region between Israel and Arabs and might plunge the area into a full-scale war.

At least half a dozen Communist ships, carrying an estimated some \$80 million worth of weapons, are reported to have unloaded at their respective Egyptian ports, often at night. Supervisors Ground County Boxcar Base

By MILTON S. HOFFMAN WHITEPLAINS—The Air Force proposal to establish a Flying Boxcar base for reserves at Westchester County Airport, Rye Lake, never got off the ground yesterday when the Board of Supervisors rejected the plan.

The Board voted 37-2 to deny the request for the use of the airport. The Board's decision was based on the recommendation of the Board's deny the Air Force the use of the airport. The Board's decision was based on the recommendation of the Board's deny the Air Force the use of the airport.

Building Loss Likely 2. Approval of the request would mean that the airport would be out of 206 acres of the request suitable for buildings would be used by the Air Force. The issue was proposed to the Board on June 29 by Maj. Gen. Robert J. Brown, commander of the 1st Air Force. Since then the plan had drawn the fire of opponents of the plan.

Supervisor Robert J. Sterling, a captain in the Air Force Reserve, urged the Board to adopt the Air Force proposal. He envisioned benefits to the county in the form of dollars and cents and from the standpoint of defense. He alluded to President Eisenhower's reserve program and stated that the Civil Flying Boxcars could be used in flood conditions or in emergency to evacuate citizens or bring in supplies.

Supervisor Hugh A. Lavery of Ossining, the only other member of the Board to vote against the proposal, had asked for the Airport Authority to be established.

Committee's recommendation to be carried over for a week for study. "It would be utterly silly to force this thing through," Mr. Lavery said in mentioning that many supervisors had been busy because of election.

Majority Leader Howard H. Schreder of White Plains moved for the vote on the ground that the issue had been in the works for four months and that the Airport Committee's recommendation had been voted publicly in 1954.

Supervisors Alfred P. Sulla Jr. of Harrison and Anthony J. Poletto of Rye Town proposed the Barrett committee for its work in examining the issues. Mr. Poletto credited the committee for its "favorable action."

Mr. Sterling also accredited the committee with its work. He is a member, had examined the issue from "all angles" and complimented the Airport Committee's recommendation. The Board rejected the recommendation of the Barrett committee for its work in examining the issues.

For Religious Education Methodist Church Plans New Building

The Official Board of the Mamaroneck Methodist Church last night approved plans for an education building to be erected on the west side of the church building to the rear of the parsonage. The construction is a member, had examined the issue from "all angles" and complimented the Airport Committee's recommendation.

The two-story addition will be a 35 by 50-foot social hall equipped to seat from 300 to 350 persons. There will also be a lounge or committee room, and a protection or utility room. The exterior will be of white brick and white wood with strips of dark-stained wood between the windows.

The driveway between the church and the parsonage will be widened to accommodate the new building. The driveway between the church and the parsonage will be widened to accommodate the new building.

27 Per Cent Of Vote Cast Before Noon

Heavy voting which bid fair to set a record for an "off-year" election marked the balloting this morning in the hotly contested race for supervisor and two councilmen in the Town of Mamaroneck and Rye Neck.

By 11 A. M., according to a special check by the Mamaroneck Town's 21 districts, slightly more than 27 per cent of the vote had been cast. These districts included the first through the eighth, the ninth, the twelfth through the 15th, the 17th, and the 19th through the 21st.

This compared with only 20 per cent of the vote cast at the same hour in 1951, the last off year, and was close to the 28 per cent cast by 11 A. M. in 1953, a presidential year.

The vote revealed the keen interest in the battle between George D. Burchell, Republican and Frank X. O'Donnell, Democrat, for the town supervisorship, as well as in the fight among Peter F. Kane Jr. and E. J. Sanford, Republican and Edward E. White and Harlan Cleveland, Democrats, for two vacancies on the town council.

The balloting was particularly heavy in the ninth district where 35 per cent of the vote had been cast by 11 A. M. and the 13th and 17th districts where the vote had reached 27 per cent.

In Rye Neck the vote at 10:30 A. M. in three of the four districts had reached about 24.2 per cent of the total in the ballot boxes between Anthony B. Clifford, Republican and Anthony J. Postillio, Democrat, for the Town of Rye Neck supervisor and Edward E. White and Harlan Cleveland, Democrats, for two vacancies on the town council.

Throughout the County today, heavy city and most of the town polls there were constant lines. In addition local contests in every city and most of the town fanned interest in the elections and brought out the voters.

It appeared somewhat "farcical" in the afternoon when candidates and party workers busied themselves with seeing to it that their names were on the lists to the polls before the 7 P. M. deadline.

Mr. Peyton moved quickly during the morning hours. Officials reported that the election reported only a few calls and these principally from local officials in the morning hours.

Tennis Match? Babs Hutton Nets Von Cramm As Sixth

PARIS (AP)—Dime store heiress Barbara Hutton, who voiced high hopes for her live previous marriages, tried it again today with one-time tennis star Baron Gottfried von Cramm.

It was the second marriage for the 40-year-old Von Cramm, who has been married five times before. He is now 40 years old and has been married five times before.

They slipped out to suburban Versailles and were seen by the Deputy Mayor in a quiet evening at the rambling Chateau de Versailles. No one there paid much attention.

The marriage had been planned for weeks but was conducted almost like an elopement. The couple returned to the Ritz Hotel after the ceremony and lunched in Miss Hutton's suite.

Herbarium Custodian Speaks Preceding Club Flower Show

Mother Nature's course is the most successful to follow for intelligent pruning procedure, according to Frank C. MacKeever, custodian of the New York Botanical Gardens Herbarium, speaking yesterday at the November meeting of the Women's Club of Larchmont in the Larchmont Avenue Church house.

Mrs. Richard T. Land, president, conducted the business meeting, followed by general reports and the showing of colored slides by Mrs. Gregory Abbott, who represented the club during the Summer at the Audubon Camp in Storrs, Conn. Mrs. Abbott was introduced by Mrs. Winton Miller, conservation chairman.

"Practical Pruning" was the topic selected by Mr. MacKeever, who described his work as a scientific study dealing with "pruned, preserved and pickled plants" rather than live flowering ones. He noted that the Herbarium houses thousands of plants used by botanists and scientists in study, and includes specimens grown throughout the world.

Complementing the flower show—ideas on tree and shrub pruning—was a practical demonstration of pruning following his talk.

Artistic Section

There were 23 entries by 43 exhibitors in the artistic section of the November flower show. Winners in Class One A were Mrs. Harry Mabel, first; Mrs. E. H. B. Smith, second; Mrs. Thomas J. Natural For The Part

Village Manager William Johnson will be dramatic this evening, portraying himself in the historical pageant entitled "The Rye Neck Schools and How They Grew."

Numbers

The number 111 pops up no less than 14 times in the election returns for the Town of Mamaroneck and, with one exception, it pops in a losing cause.

Democrats hit the 111 hoodoo, at least locally, when George A. Bremer polled that number of votes for county clerk in the 13th, 14th, and 15th Mamaroneck districts. Walter A. Ciolek, candidate for sheriff, hit it in the sixth, 13th and 14th.

Joseph R. Crowley, Supreme Court Justice candidate, got a 111 in the 14th, and Sam L. Bach, running for county clerk, managed to get it in the sixth. They all lost.

Among the amendments, the number came on six times and got "no" votes five times. District 11 handed it out on Amendment One; District 14 on Amendment Two; District 18 on Amendment Six; District 18 on Amendment Nine, and District 14 on Amendment 10.

All those amendments won, so the votes were in a losing effort. The one exception was the vote in district 18 which somehow hit the 111 in an affirmative vote for Amendment Nine, which won despite the hex.

Anybody wanna play the numbers?

Rye Neck Goes Solidly Republican

Rye Neck went solidly Republican in yesterday's election. The Town of Rye as a whole re-elected Anthony J. Posillipo, Democrat, as supervisor, although all other Republican candidates were victors.

They included George D. Perschke, a Rye Neck resident, and Herman A. Schupp, both incumbents, as councilmen; Basil M. Blas, for tax collector; Leslie Comstock for town clerk; James Jackson, also a Rye Neck resident, for tax receiver; and Mathew B. Weir for superintendent of highways. Mr. Comstock, Mr. Jackson, and Mr. Weir were unopposed.

Giffre Leads In Rye Neck

In the race for supervisor, Rye Neck's four districts gave Anthony B. Giffre, Republican, 463 votes to 201 for Mr. Posillipo, a margin of 262 votes.

In the entire town however, Mr. Posillipo won by 1,692 votes, polling 6,591 to Mr. Giffre's 4,899.

The battle for two posts on the Town Council was fairly close as Mr. Schupp and Mr. Perschke won by 903 and 759 votes respectively. A major part of their plurality was in Rye Neck, where Mr. Perschke won by 385 votes and Mr. Schupp by 363.

The tally for the council seats was Mr. Schupp, 6,093; Mr. Perschke, 5,853, and Democratic Eugene Costello, 5,106, and Richard J. Connolly, 5,044.

Mr. Blas won by 6,313 over Irving Woiny's 4,450 for Justice of the Peace, and Mr. Blas' 1,873 plurality was made up in part by the 398 plurality given him by Rye Neck where he received 516 votes to 118 for Mr. Woiny.

Among the unopposed candidates, Mr. Comstock received 6,854 votes; Mr. Jackson 6,628. See Page 2—RYE NECK

Democrats Defeated By 2 to 1 Vote

The Town of Mamaroneck Republican "team," led by George D. Burchell, candidate for supervisor, swept into office yesterday crushing the Democratic opposition under a landslide of ballots.

The pluralities in most cases were more than two to one as Mr. Burchell, running to succeed Owen A. Mandeville for supervisor, swamped Frank X. O'Donnell by a plurality of 2,601 votes polling 5,690 ballots to Mr. O'Donnell's 3,089.

In the races for two seats on the Town Council and for Justice of the Peace, the pluralities were even heavier. Peter F. Kane and Charles M. Baxter, Jr., Republican, swamped Marvin Cleveland, who rolled up 2,881 ballots to Mr. Kane's, the other Republican, 1,169.

The GOP triumph was so convincing that not a Republican candidate except Judge Baxter lost any of the 21 districts. Judge Baxter was beaten by Mr. Capuano by small pluralities in the first, second, and fifth districts, but carried the remaining 18 and rolled up 5,875 votes to Mr. Capuano's 2,816.

The Republican landslide was led by Mr. Kane, who polled 5,922 votes for a 3,035 plurality over the nearest Democratic candidate for councilman, Mr. Cleveland, who rolled up 2,881 ballots to Mr. Kane's, the other Republican, 1,169.

Democrats Gain 5 Seats To Cut Power Of GOP's Supervisors

By JOSEPH W. SHANNON
WHITE PLAINS—The Board of Supervisors is continued under Republican control but by a reduced margin that could exist difficulties for the county administration.

If every election results hold up—and some close contests indicate the possibility of recounts which might bring changes—the Republicans will have 30 seats and the Democrats 15, a gain of five for the minority from the present makeup of the County Board.

The Republicans will have just two-thirds of the board's membership—the number of votes needed to pass many important measures, such as the County Budget. Under such circumstances it would be circumstantial to bargain for a Democratic victory.

Yonkers Races Close
The possible contests are in three close Yonkers races. In one, Maurice Cherico, Democrat, ran against the Republican incumbent, Thomas F. Martin in the 14th Ward. In the 2d Ward, Republican Frank P. Gerosa was given 23 votes more than Joseph Polio, All three seats are now held by Republicans.

One of the biggest surprises came in Harrison. Three Republican leaders, Alfred P. Sullia Jr., veteran in office, lost to James M. Landis, former dean of the Harvard Law School and now New Deal official, by 144 votes.

Another upset came in New Castle, long a GOP stronghold. No. 7 (Panther Mountain Dam construction), defeated.

No. 8 (probable judges from running for or holding other public office), apparently approved.

No. 9 (temporary appointment of county judges), defeated.

No. 10 (temporary appointment of jurors in New York City), defeated.

Proposition No. 1 (to lend \$50 million to limited-profit companies for building housing units for middle-income families), in doubt.

New Rochelle Surprises Church, Fasso Lose To Vergara, Murphy

WHITTE PLAINS—In the surprise of the day, New Rochelle's voters yesterday provided mixed results and some surprises. Here is the way the balloting went:

New Rochelle's Councilman George R. Vergara, who ran as an independent after his bid had been turned down by both the Democrats and Republicans, won a three-way race.

Mr. Vergara, previously elected to the Council as a Democrat, won fame as a football player by being one of Notre Dame's seven mules. He rolled up 8,881 votes to defeat Mayor Stanley W. Church, Democrat-Liberal, seeking a fifth four-year term, and Councilman Thomas P. Nolan, Republican, who Mr. Church received 7,497 votes and Mr. Nolan 7,238.

Fasso Defeated
City Judge Christopher J. Murphy, who had four tries on the voting machines was returned to office defeating his predecessor, former City Judge Thomas B. Fasso.

The voting for City Council was split with one Democrat and one Republican winning. In the contests for supervisors the voters returned three Republicans and one Democrat.

In Yonkers, Mayor Kristen Kristiansen, Republican, won a fourth two-year term, polling 31,718 votes to the 27,406 cast for John A. Vaccaro, Democrat-Liberal, now vice-Mayor and majority leader of the City Council.

Democrats continued their 90-percent control of the City Council and this insures that City Manager Charles L. Curran will continue in that office. Democrats picked up two in the contests for the City Council.

Gagliardi, Warren, Hoy Win 3 County Posts Go To GOP; Margin Cut

By MILTON S. HOFFMAN
WHITE PLAINS—Through lacking some of their old voting punch, Republicans re-elected by comfortable margins yesterday all three candidate executive offices.

County Clerk Edward L. Warren of Mount Vernon ran up the best plurality as he was elected to his second three-year term. He bested Mrs. Sarah L. Bach of Scarsdale by 128,249 to 85,078—a plurality of 53,171.

Sherriff John E. Hoy of Yonkers, Westchester Sheriff since 1953 was elected to his second full three-year term as he defeated Walter A. Caddell of Ossining, 138,014 to 97,284—a plurality of 50,730.

District Attorney Joseph F. Gagliardi of Larchmont ran up a plurality of 139,513 to 88,779—a margin of 50,734.

Any Trend Doubted Rye Still Sweeps County But Its Vim Is Missing

Senator Irving M. Ives, Republican, in 1952 was elected by a majority of 145,111. In 1954 he was re-elected by a majority of 108,000. That was a Presidential election year and there was a larger number of voters. This year Mr. Hoy won a second term by a majority of only 51,000.

Democrats may point to these reduced majorities as indicative of a trend in Westchester. But experienced political observers will agree that the trend is superficially pronounced. It may be that there was much sparsity in the 1955 campaign. Of a registered 290,000 voters, approximately only about 230,000 went to the polls yesterday. The advance estimate had been 250,000.

Some Results Inconclusive

Below the county level the results were inconclusive in many places. Voting was largely on personalities rather than on political parties. In Yonkers the Democrats re-

tained control of the Common Council, picked up enough Republicans to have a majority, seven to five, but re-elected a Republican mayor.

In Mount Vernon the Democrats re-elected their man for Mayor, but the Republican elected for his candidate for City Judge, retained control of the Board of Aldermen and elected three of the city's five Supervisors.

In New Rochelle an Independent was elected Mayor, a Democrat was picked for City Judge, the Republicans control the Common Council and elected three of the city's four Supervisors.

There were two surprises in the town elections.

In Harrison the veteran GOP Supervisor, Alfred P. Sullia Jr., went down before a shrewdly managed campaign for James M. Landis, Democrat.
