With its first class leaders J. O. Conall, son of Mrs. William O'Connell, of 423 Jefferson street, Mamaroneck, who is now serving in Great Britain with the U. S. Army Engineer Corps, and J. J. Conall, who attended Mamaroneck schools, was inducted on April 15, this year.

### Now 1,324 Tons

Collection of three tons from the bin in front of the Mamaroneck Playhouse, following Saturday's special scrap sale, raised the Village of Mamaroneck's scrap tonnage from 1,090 to 1,324 tons.

The Larchmont Post Office's separate tonnage total moved up another ton to 323 tons as the result of small collections in the Village of Larchmont and the incorporated section of the Town.

Grand total—1,324 tons.

### Cleanup Week Set

Semi-annual cleanup week for the Town of Mamaroneck will be held from Nov. 2 through Nov. 7, Town Engineer A. J. Flanagan announced today. This is the time of year when Town householders are urged to trim up their places for winter season. Town trucks will pick up trees and hedge clippings and other unneeded odds-and-ends which are placed out on the curb during the designated week.

### Wins Army Diploma

Pvt. Louis Merello, son of Mrs. M. Merello of 183 Grand Street, Mamaroneck, has been awarded a diploma designating him as a qualified radio operator. It was announced today by the Communication Department of the Armed Force School, Fort Monmouth, N. J.

Having successfully completed the intensive 14-week course, he will return to his original unit to become part of the intricate radio communication system used by each quick-marching armored division.

Manufactured because of his aptitude to learn the International Morse Code, Pvt. Merello spent weeks practicing with a portable combination set to him on headphones from a mechanical transmitter. Following mastery of the code, he operated "table talk" in the classroom.

He had received by his mother, Mrs. Marsha Howell Perrin of Long Island Sound, a series of short blasts for about three minutes; all clear, steady tone for two minutes.

Except for 1942, when he lived in Mamaroneck, Mr. Perrin resided in White Plains.

He was inducted by his mother, Mrs. Marsha Howell Perrin of Long Island Sound, into the U. S. Army at the beginning of this year.

Mr. Perrin was a member of the committee that at the time of his death.

He attended Harvard School in New York City and was graduated from the U. S. Coast Guard Academy in Annapolis, Md., where he majored in architecture and was a member of Phi Kappa Phi Fraternity.

Mr. Perrin was made a life member of the Honeshore Harbor Yacht Club last year in recognition for his service to yachting and he was for many years a member of the regatta committee of the Larchmont Yacht Club, being chairman of that committee at the time of his death.

He also served as chairman of the Long Island Sound Association of Long Island Sound.

Rehearsing Saturday's grid battle after working themselves up to a "won't be beaten" peak for the New Rochelle game which will divide in the form of a 1-0 victory, the Mamaroneck Tigers entered somewhat of a lull in their Saturday afternoon at Mamaroneck field, and as a result came out on the short end of a 1-0 score against Rochelle High school of Yonkers. The Tigers simply didn't get worked up about the game as they did for the first of the New Rochelle battle. "As they looked good, but after three they did anything but in rushing and passing." As the Orange is still above the line in W. L. A. A. play which is far more than can be done in a 100 yard line. The line is just about the same as they did for the first of the week. ### Pathner Center Intercepts Morris's Pass At Midfield; Five Plays Later Dolan Drives Across From Two-Yard Line As Clock Runs Out; Dick Ottmann Stands Out On Attack

By MASON GOULD

A character never seen in football team, backed back time after time by undefeated Tuckahoe, staged a last-minute touchdown drive led by Dick Ottmann and Eddie Dolan which culminated in a 6-0 Pathner victory at Tuckahoe High School Friday afternoon.

It was Bellows' fourth victory in six starts this season, the other two games resulting in a tie. The Bellows team of last year also went through its schedule without a loss. This year the team is coached by Coach Howard Smith's charge in the unbeaten class.

Pathner threw a pass to Eddie Dolan which was intercepted by Bill Horndig. Five plays later Dolan drove across from the two-yard line as the clock ran out. Dick Ottmann stood out on attack.

### NEW TAX BOOSTS CIGARET PRICE

Cost Goes Up One Cent Sunday, Levy Demands Five-Cent Cigar  
New federal excise taxes on cigars and cigarettes will increase the retail price on all packages by one cent per package and will automatically do away with the five-cent cigar, according to John J. Boyce of South Norwalk, Conn., president of the Westchester-Putnam Retail Tobacco Dealers' Association.

CAN YOU TOP THIS? A truly big chap, spending his vacation in the country, was called a punter. "Say, there," he called to the farmer, "is this bull safe?"  
"Well," answered the farmer, "I never had an accident that you are right now!"  
"Can you top that one?" Listen to the "waxers" try to top laughs and jokes sent in by listeners. Enjoy a half hour of laughter 'Tune In!"

Bellows Hilites by JERRY HARRINGTON and DICK COLE  
Somewhere New  
The members of the Mary Mason's roomers were entertained Wednesday by a speech by Mrs. Mary Healy, the new nurse. She made an address on the importance of modern doctors and their medicine and the quacks and druggists of our great-grandfathers had to stomach. Everyone found Mrs. Healy's remarks very enjoyable and has also offered to repeat it at one of the luncheon programs if anyone wished it.

Times, N.Y. is the general opinion among the boys that the coach stays awake nights thinking up new things for them to do. "Dear teachers, when a fellow staggers into your room late and in a somewhat dilapidated condition, have any pity for him; just walk softly and carry a big heart."

LINDY IN CLASS B  
ENGLWOOD, N. J. (AP)—Charles A. Lindbergh, former pilot and aviator, has been classified \$8 by his selective service board. The classification is given to married men with dependents who are engaged in war production. Lindbergh, who is 40 years old, has four children and is employed as a consultant by the Ford Motor Company's Willow Run bomber plant in Michigan.

when a fuse burns out!  
AN EASY LESSON IN WHAT TO DO ABOUT IT

Don't be an EMPTY BACK SEAT SHOPPER  
After you've shopped the ads in your local paper today and are ready to drive to a store, offer to share your car with a neighbor.  
Next time your neighbor will share with you. Which means that gasoline and tire usage will be CUT IN HALF.

DEAD STORAGE FOR AUTOS (Continued from previous block)

when a fuse burns out! (Continued from previous block)

For married people who like to do their own home decorations.  
Hundreds of young married people are now engaged in war work. In the morning, John Husband goes one way—Prized Wife the other way. Having no children enables them to make a contribution that is certainly needed during these trying days.  
If you and your husband are now spending 8 or more hours every day outside of your home, and you are planning on having some painting or other decorating work done, why not tackle the job yourselves. Our paint store advertisers have all sorts of color charts, helpful suggestions about how to do any kind of painting job and most of them have adequate books from which to choose your paints, brushes and the many other gadgets that are used in home decoration work.  
Time flies when you tackle such a job. Do a little at a time, don't try to finish a room, or the house, in one evening. It's fun; it's relaxation and, incidentally, you are releasing manpower for other jobs that must be done if we are to win this war.  
Prices of paints are just about the same as they were last year. Ceiling prices or lower, prevail in all our paint stores. Check the ads—they will direct you right to the store that has the supplies you will need.

when a fuse burns out!  
WHAT MAY CAUSE A FUSE TO BURN OUT  
BEFORE A FUSE BURNS OUT Be Prepared!  
1. Have extra fuses on hand. 15 amperes fuses are used in most homes.  
2. Insulate on fuses. Never have the insulation supplied by each circuit.  
3. Keep Straight Ahead.  
4. Be careful at all times not to place too great a load on any one circuit.  
5. Check condition of appliance cords and appliances for possible defects.  
6. Take defective appliances to your electric dealer for needed repairs.
