STATE HIGHWAYS ADDED BY SELLS

ALBANY, (AP) — Charles H. Sells, formerly of Pleasantville, who quit yesterday as State Public Works Superintendent, indicated more than \$150 million worth of state highway construction since 1943.

Bertram D. Tallamy of Buffalo, who succeeded Sells in the \$175,000,000 a-year job today, reported that 1,510 miles of highway and bridge construction had been authorized during Sells' tenure.

The total represents 448 projects completed, still under contract or pending award after successful bidding. Only 36 contracts for approximately 55 miles of road were awarded during 1947 years, Tallamy said.

War-time contracts amounted to \$3 million. Sells left the state job to return to private business. His resignation was accepted Sept. 2 by the "greatest of regret" by Governor Dewey.

Tallamy, who has been the department's chief engineer since July 1947, was appointed to the post by Dewey the following day.

Parents Who Let Children Damage Homes Criticized

DE DOROTHY DIX Question: We are a couple fifty-four-years-old. All of our married life we have worked hard to send our children to the best schools and give them every advantage that we could. Now they all are married and my wife and I thought we would indulge ourselves in some of the things we always have wanted: so we did over the house and made everything very pretty and comfortable.

But all of our efforts have fallen flat. For our grandchildren simply wreck our home. Our new walls are all marked up with crayons and pencils. The floors are scuffed. The chairs battered to pieces. And when we try to protect our home and things, the parents get angry. We can't even enjoy reading a book in quiet, or turning the radio on to hear an interesting program, because they all come for supper and we have to take the money we would like to use on ourselves to buy thanks for them.

Then they have the nerve to say "Mama, you look so tired and you are getting thin." But they never even offer to buy thanks for them.

Tired Grandparents Answer: Unless you can hire a police squad to stand guard over your premises, I can see no way in which you can protect yourself against your grandchildren. They are vandals whose sole pleasure in life is destroying the cherished belongings of other people. I'll then your fresh paint and lovely new wallpaper and beautifully upholstered chairs are just an irresistible lure to see how destructive they can be.

But the other day, out of a clear sky, he comes home, saying he is getting old and sickly and wants to settle down with his wife and daughters. He doesn't seem to consider how hard we have to work to support the family. He is practically a stranger to us and we haven't laid eyes on him for years and years.

Question: My father has spent his life remaining from place to place, never trying to get a job and never contributing to the support of the family. He is practically a stranger to us and we haven't laid eyes on him for years and years.

They are vandals whose sole pleasure in life is destroying the cherished belongings of other people. I'll then your fresh paint and lovely new wallpaper and beautifully upholstered chairs are just an irresistible lure to see how destructive they can be.

But the other day, out of a clear sky, he comes home, saying he is getting old and sickly and wants to settle down with his wife and daughters. He doesn't seem to consider how hard we have to work to support the family. He is practically a stranger to us and we haven't laid eyes on him for years and years.

Parents Who Let Children Damage Homes Criticized

DE DOROTHY DIX Question: We are a couple fifty-four-years-old. All of our married life we have worked hard to send our children to the best schools and give them every advantage that we could. Now they all are married and my wife and I thought we would indulge ourselves in some of the things we always have wanted: so we did over the house and made everything very pretty and comfortable.

But all of our efforts have fallen flat. For our grandchildren simply wreck our home. Our new walls are all marked up with crayons and pencils. The floors are scuffed. The chairs battered to pieces. And when we try to protect our home and things, the parents get angry. We can't even enjoy reading a book in quiet, or turning the radio on to hear an interesting program, because they all come for supper and we have to take the money we would like to use on ourselves to buy thanks for them.

Then they have the nerve to say "Mama, you look so tired and you are getting thin." But they never even offer to buy thanks for them.

Question: My father has spent his life remaining from place to place, never trying to get a job and never contributing to the support of the family. He is practically a stranger to us and we haven't laid eyes on him for years and years.

Belows Gridders Take First Win By Defeating Horace Greeley

Two Second Period Scores Climax 21-0 East End Win

By BARRY LOUGHANE

The Belows Panthers, locked Horace Greeley by a 21 to 0 count at Chapman yesterday, breaking a long losing streak that had lasted through the past twelve contests and extended to three seasons of play. Belows followers and the team undoubtedly got a great lift from this ball game.

At the end of the first quarter drew near, the East Enders began to click. To the joy of many spectators, Rocky O'Grain will reeled off thirty yards in two attempts through the center of the Greeley line. On the next play, Danky Vitetta circled his left arm for ten more. This put the pickin on the Red and Blue eleven yard stripe as the liner's whistle sounded the end of the first canto.

On third down, when Panther noses were facing Steve Johnson fired a pass to Vitetta in the end zone. Greeley, the Greek, Vlastoski scored the extra on a kick of his own left end making the score read Belows 7, Horace Greeley 0.

The Red and Blue of Greeley proved the ensuing quarter but failed to advance the ball, and were forced to kick. Hard hitting Ed Kayser, however, blocked the attempted punt which was deflected into the hands of O'Connell who snared it and became a run. With his intention forming in front of him Rocky raved 35 markers for a touchdown. Vlastoski then methodically kicked the ball through the uprights to make the score 14 to 0 with the Panthers in front.

MORE:

Ray Schaub picked up ten yards for the home team on the second kickoff and ran to the 32-yard line. John Anderson, Greeley's ace quarterback, fired a pass which just trickled off the outstretched fingers of the senior hands. Luck seemed to be with the East Enders because Shute had nothing but what was between himself and the distant goal posts. This was the first Blue drive and the first half of the contest came to a close.

As the game went on it became there was a general nod of approval in the faces of the crowd. These were scenes that had not been seen before at the field that the East Enders are capable of playing. Every man on the field was playing a head-up game, taking advantage of every opponent weakness that could be perceived. The center of the Panther line held firm and the end made one ball carrier after another. On offense the Belows speed and power marched them down the field. Five touchdowns of students traveled to see the contest, and these team wasn't letting them down.

Once again the teams came on the field. This time instead of looking bright and shiny, they were tired and dirty. But it didn't seem to matter much to Coach Freeman's club for he was coaching better than he was to be coached in a game.

Bill Smith kicked off to the Panthers, with Jack Connor taking the oval and being hit on the 40-yard line. On the first running play of the second half, Bob Keene joined up 25 yards on a dash.

TO NFL 11'S SEE WEEKEND ACTION

CHICAGO (AP)—The National Football League moves into the pro grid spotlight this weekend with eight of the 10 teams in action tomorrow and the other two on Monday.

Only one contest is on the All-American conference schedule tomorrow. In the league's only game last night, the amazing San Francisco 49ers, paced by Frankie Albert, posted their sixth straight win, humbling the Chicago Rockets 23-31-14.

The win gave the 49ers a two game victory edge over the defending champion Cleveland Browns, who have won their first four games.

The 49ers got their first touchdown in the opening period while holding the Rockets scoreless. They added two more in the second quarter and completed their comeback in the third period with a touchdown and field goal. The Rockets dropped their fifth game in six starts. The 49ers were led by 21 to 0 before the Rockets got their first touchdown, the profit coming on a 46 yard pass by Chuck Pennekob to Ray Kuffel.

The 49ers' pass interception and a march of 61 yards brought Chicago its second touchdown in the first period.

Tomorrow's single All-American contest is Brooklyn, with a win in four games, against Buffalo, which has one victory in four contests. On Tuesday night Cleveland plays at Baltimore, leading the Eastern Division with a 2-1 record. And on Thursday the Rockets go to Los Angeles to meet the Rams.

The two Chicago teams in the National League—the Bears and defending champion Cardinals—meet in Comiskey Park Monday night.

Tomorrow's NFL schedule sends Boston at Pittsburgh, Detroit at Green Bay, New York at Washington, Philadelphia at Los Angeles.

NEW YORK (AP)—With only three days of real Citation returns to action in the \$100,000 Jockey Club Gold Cup at Belmont Park today. His rival would just as soon he'd take a mud bath as race.

Although 10 were entered for today's race, it appeared likely that Coolidge, the other Calumet speedster, would be scratched. Others also might decline before post time.

If nine start, the race will gross \$110,000, the winner netting \$74,700.

Citation and Coolidge were assigned 111 pounds, with Eddie Arcaro slated to ride the champion. Phalaris drew 124.

Colts owned by Harry F. Byrd, Jr. will be in the race. The other Calumet owners are: Calumet Farm, Inc., P. M. A. (P.M.A.), Doubleday 2nd 124 and Arc. Adm. 117.

Ray Schaub picked up ten yards for the home team on the second kickoff and ran to the 32-yard line. John Anderson, Greeley's ace quarterback, fired a pass which just trickled off the outstretched fingers of the senior hands. Luck seemed to be with the East Enders because Shute had nothing but what was between himself and the distant goal posts. This was the first Blue drive and the first half of the contest came to a close.

A PRESIDENT WITHOUT FOLLOWING

THE 1948 Presidential campaign is far more than a contest between individuals. It is not, by any means, confined to the question of whether Harry S. Truman or Thomas E. Dewey will make the better Chief Executive of this nation for the next four years.

Instead, there is involved the very vital problem of which of the two can get results, which can supply recognized leadership and thereby influence legislation, which can throw the support of the party behind a cohesive, coordinated national program in both domestic and foreign issues.

The voters of Westchester and of New York State are especially well acquainted with the manner in which Governor Dewey has synchronized program on various fronts at Albany. While there have been minor differences of opinion upon occasion, not once has the State legislature balked Governor Dewey; by the same token not once has the Governor asked of the Legislature support which he did not feel could be conscientiously given.

By contrast, what have we observed in Washington during the last three years? Mr. Truman opposed the tax reduction program. It was enacted over his veto with 27 of 37 voting Democratic Senators and 82 of 166 voting Representatives against him.

Mr. Truman opposed the measure as far too regulatory, yet more than half of the Democratic Senators voted for the admission of 100,000 instead of 200,000 immigrants by support from two-thirds of the Republican Senators that the higher figure was finally approved.

Again, three-fourths of the Democrats in the Senate and more than one-half of the Democrats in the House lined up with the Republicans to override the Truman veto of the bill restricting Social Security coverage for the time, also, three-fifths of the Democratic Senators joined the Republicans to shelve the St. Lawrence development project for which Mr. Truman had asked.

And on the anti-trust exemption to certain railroad practices against which Mr. Truman investigated, it was support from the Democratic side for the exemption which made it law.

Of what practical use is a President who cannot carry even the members of his own party along with himself on important legislation?

That is a question which every impartial voter may ponder upon as he makes up his mind over whether he will pull down voting machine levers on the second of November.

PLENTIFUL IN OCTOBER

FOODS in comparative abundance this month, and which should, therefore, be less costly, are recommended by the U. S. Department of Agriculture to metropolitan area housewives. These include chickens, ducks and other fowl, fresh and frozen fish, fresh cabbage, carrots, cauliflower, Irish and sweet potatoes, and onions.

These foods, says the department, offer consumers more for their dollars than less plentiful produce from the farms and markets. We regret that we do not find tenderloin steaks included in the list. But we are dealing in facts, not in fairy stories.

A Glance Backward

FROM THE Daily Times. The damage caused by two fires in Larchmont was estimated at \$2,700 by Fire Chief Osborne Smith who led the Larchmont Fire department in extinguishing the blazes. Richard Van Schuer, chairman of the nominating committee, was authorized by the Larchmont Chamber of Commerce to prepare a ticket for the election of new officers for that organization.

WE HEAR President Truman breakfasted in Texas on trout, broiled chicken, Texas sea bass, fried chicken, Texas, we gather, in Nashville but the Lone Star president of the Young Men's Republican Club of Larchmont and Birmingham, as chairman, Mr. Brewer, in accepting the appointment, urged voters to participate in the Fall election.

Win television vote may see eye-to-eye with politician—should not necessarily agree. A candidate accidentally sat down on his hat during a press conference. Lucky ray exposure, derbies were still in style!

The Counselor

DYE HIS HAIR?

Question: Can you tell me a good reliable hair dye that will not hurt the hair? My husband's hair seems to be a drawback in his obtaining work, due to being gray. He is still a very young man—just in his early thirties—but the gray hair makes him look older. I would appreciate any information you can give me.

Answer: It would be better, for you, possibly, to have his hair dyed by a professional—at least he could discuss it with a hairdresser. We have just talked with a hairdresser about dyeing men's hair and she has had a good many men clients—for dye jobs and also for permanent waves. He said the men arrive, disappear into a closed booth, and five or seven of the women customers are aware their beauty parlors is covered.

But your husband would not have his hair dyed pretty often. It is a good idea to have it done fast it grows, how short it is cropped, whether he is dark or light, the contrast between black and white hair is greater, of course, than between blond and white hair. Hair grows on the average about one-half an inch a month, and it takes about ten weeks—and one-quarter of an inch of white hair will be quite noticeable. The very best remedy to get by on would be once a month.

Maybe it isn't the gray hair that is causing the trouble about work. Possibly your husband is looking for the wrong sort of jobs for him? Why doesn't he talk things over with a vocational counselor and perhaps take an aptitude test?

IS EMPLOYER FAIR?

Question: Will you please put in your column where I can write to have a concern investigated as to the manner in which it treats its employees? I don't think this concern is fair with its help.

Answer: Here is your answer. The New York State Labor Department:

"The Division of Industrial Relations of the New York State Department of Labor, 80 Center Street, New York 10, N. Y., investigates complaints of violations of the State wage and hours laws. The United States Department of Labor, Wage and Hour Division, 341 Ninth Avenue, New York 1, N. Y., receives complaints against interstate employers who fail to comply with the Federal provisions of the Fair Labor Standards Act."

LAST WILL AND TESTAMENT

Question: Is it true that the will of a resident of Westchester County is filed in the County Courthouse in White Plains? If so, can anyone interested read a will? Is a notice of a will sent to members of the deceased person's family? Am I allowed to copy any part of a will? What are the hours when the office where wills are filed is open?

Answer: Yes, it is true that wills of Westchester residents are filed in the County Courthouse in White Plains. They are filed in the Surrogate's Court there and are open to the public for inspection. A notice of a will is sent to members of the deceased person's family. Am I allowed to copy any part of a will? What are the hours when the office where wills are filed is open?

Nobody has a word against him, although they have supported his latest law, but there is no comparison between his attitude toward the question of union status in the nation's economy.

40 Plots on Former Forhan Estate Placed On Market

A million dollar development of homes on the former Forhan estate bounded by East Boston Post Road and South Barry Avenue, Mamaroneck, is contemplated by the new owners of the property, a syndicate operating through the office of J. Stanley Hare. The area is to be known as "East Harbor."

Approximately 40 plots, each with a minimum of one-quarter acre, are available, according to the new owners. The property has all the necessary improvements, including water, gas and sewer lines.

It is expected that moderate price homes in the \$100,000-\$150,000 range will be erected on this waterfront property. The Hare Construction Company, Inc. expects to begin construction of two homes within the next few weeks. Other builders have shown considerable interest in the property.

All lots in the development have a Southern exposure and an excellent view of "Mamaroneck Harbor."

The present owners have planned to build a large swimming pool on the waterfront for bathing and boating facilities which will be available to all residents on the tract. Property owners will have access to the railroad station and will be only a few minutes from shops and schools.

Who further details of the development, the property has all the necessary improvements, including water, gas and sewer lines.

LOCALS ALREDS

In a recent article we mentioned names of athletes who have been locally well known and who have been well known to the Freshman and Sophomore teams. Well, it seems that there are many that we neglected and we'd like to use this opportunity to note their activity.

Up at Middletown College in Vermont, four boys from Larchmont reported for Freshman to ball practice. They included Stephen Heyland, Bob McCulloch, George Papp and John Roy.

The Middletown Freshman team last season went through its schedule without a loss so this year's club will have a reputation to live up to. According to Coach Sam O'Quinn, the squad is one of the best in the seventy five year football history of the school. An excellent selection of reservists and high school talent is available with the outlook bright for another good year.

While relating the facts of local athletes, we have completely neglected one who started for Mamaroneck High and later Villanova College and who is now connected with the Port Chester '97's.

We're speaking of Albie Munter, stellar triple threat back who has been with the '90's for the past three seasons. The team was originally formed in memory of the boys from Port Chester who made the supreme sacrifice during the last war. The outfit now consists of 20 some winning streak with no signs of weakening.

Munter has led the aggregation in scoring for all three seasons. A hard running back, he also handles the passing and kicking duties and operates in the safety position on defense.

In last Sunday's contest between the Port Chester team and the Union City Rams, Albie tallied two of the three touchdowns in the contest as the '97's registered a 20-0 victory.

Leaving Port Chester in favor of New York, we find the Ponca, another so-called semi-professional football player from both Mamaroneck and Bellows Falls.

Former Panthers include Bob Martenson, and Flynn, while Mamaroneck representatives are 'Tookie' Ghionda, Gen McCulloch, Jim and Coach Joe Taylor, Bill Banieri, Joe Humphreys, Frank Nask, and Charlie Higgins, all with the New York Giants as previously reported by this desk.

Tigers At Isaac Young Tomorrow In Second WIAA Tilt

Mamaroneck Lineup Intact; Green And White Powerful

By JOHN TAUB High School Correspondent

Looking for their second W. I. A. A. victory in as many starts, the Mamaroneck High School football team last Saturday by a score of 32-0, and sports an eleven composed of almost all veterans from last year.

Young gave the Bengals a rough time last year, and with practically the same boys back again could prove to be the toughest game on the Tigers' schedule. Beaten by Mamaroneck for the first time in three years, the Tigers are looking for revenge. In fact, Young students, letting into the spirit of things prematurely, visited Mamaroneck Field with paint brushes and green paint yesterday to decorate each goal post with green patches and slogans such as "This is our year."

Coach Harry Harrison appears and believes that to beat Young, the Orange will have to play their best game of the season.

Harrison plans to send the same boys who made up his starting lineup last week into the fray at the outset. Moose Brung will back at left end and may feature prominently in pass plays. Carmelo Tu'Ono and Jimmy Blotto are to fill the guard slots, with

Blotto playing running back, while Tony Datto and Don Baker will hold down tackle positions. Dave Rodolfe will handle the ball from center. This first string line-up is a combination of last week's lineup, performed admirably in last week's tilt with Leonard.

In the backfield, Bud Pezzuzzo with nineteen points already to his credit, will start at fullback. Pezzuzzo, although obviously a studious, is not a winning team and Coach Harrison believes that no one will be able to stop him. He would be lost without a good line to open the holes and without effective blocking. Jody Westinghouse will call the signals from the blocking post.

George Penzler and Rudy Reberly round out the starting lineup as they are scheduled to play at tailback and wingback respectively.

As to replacements, every member of the squad got into the Leonard versus Saturday and it is hoped that many have gained the game experience necessary to play against a veteran aggregation like Young.

A backfield composed entirely of leaguers will probably start the Tigers at the most trouble. Against Leonard Saturday, the Tigers were extremely fast. While Huber, quarterbacking the team, has exhibited excellent play, his ability when aided Young immediately in rolling up its 32 points Saturday. Huber, at right tackle, played against the spirit in which the team will enter the fray tomorrow. It is a large sign posted conspicuously in the locker room which reads "ISAAC YOUNG 32-0." It is felt that we have to be at our best Saturday. LET'S ALL HUSTLE.

The contest is slated to start at 2 P. M.

The starting lineup: Mamaroneck: Isaac E. Young, Fullback; Tony Datto, Don Baker, Left Tackle; Leo Bruno, Right Tackle; Leo Di Cicco, Tricenter; C. Repley, Left End; Patrice, Right End; Hubby, Left Guard; Hubby, Right Guard; Golden, Center; QB—Woodside; QB—Berkeley; Robinson, Fullback; Pezzuzzo, Fullback; MacDonald, Captain.

Young's camp taboo in Dry State Parklands

ALBANY, (AP)—Because of the hazards in the Adirondack Park, the Conservation Department is denying hunters permission to set up camps on state lands and there is preparation for the hunting season.

The grouse and woodcock season opens next Monday and the deer season, Oct. 20, in the Adirondacks.

The intersection is adjacent to Yankee Stadium and the plaza named in memory of Gehrig, another Yankee star who died several years ago.

East Enders Battle Favored Scarsdale Eleven To 7-7 Deadlock

Johnston, Vladenides Star As Panthers Shock Maroon

By BARRY LOUGHBRANE
The Blue and Black led warily from behind in the last period of the Scarsdale Raiders 7 to 7 tie in a scrumming, muddy battle at Daniel Warren Field yesterday.

As usually is the case, the weather was just about as bad as it could be for a first home game. All through the opening stanza, ball carriers from both schools were losing their footing because of the treacherous mud. The first part of the contest was very thrilling from a spectator's viewpoint as the margin was exchanged 14 times during the course of the half.

The second period saw the Maroon and White begin to drive, backed by their own runner and passer, Dave Grogan. Grogan's possession of the ball on the right flank, after racking up three straight first downs, led Raiders through the center of the Panther nine yard line. Grogan streaked around his left end for a gain of seven yards. On the next play, Don White went out on a line back for the first down of the game. Scarsdale talked the extra point on a run by Grogan around his right flank. The rain then began to come down in buckets, leaving Panthers fans wet and disheartened. When the East Enders received Bert Redenick's kick, they could do nothing and half came to a close.

When the team came on the field for the third period, they took their positions with mud-soaked uniforms. In the opening minutes of the quarter the Panthers' offense appeared to be a rally. From deep in his own territory, Ed Peltola scored an aerial from the right yard line, which caused the Raiders' starstruck Steve Johnston to pass on the receiving end of the pass that netted the Panthers 17 yards and a first down. Peltola punted his way into the center of the Scarsdale line for five, and a penalty to undo the gain. The Maroon and White gave the East Enders another first down.

Once again Vitella carried the oval and this time he galloped for 13 more yards. The Blue and Black were moving into enemy territory, trying desperately to tie the score. Three hopes began to fade, however, as Walt Vladenides broke through the Panther forward wall and nailed Bob Keenan for a seven yard loss. Belows then forced to kick. Even though they missed their chance for a tally, the East Enders would not give up hope. The Blue and Black line held firm, making the visitors punt on third down.

Vladenides took the punt on the 30 yard stripe of Belows and with a terrific burst of speed broke for the sidelines and raced 30 yards before being shoved out of bounds. The Panthers then got a break, just about the only one they had yesterday, when the referee ruled that Scarsdale tackled as a result the Maroon was penalized 15 markers. This put the piskin on the visitors' 25 yard line. Vladenides which was good for another five. Two plays later, Johnston once again hit "Greek" this time on the 10, and Grogan went for an unassisted to make the score 7 to 6.

On an almost identical play Johnston flipped a pass to Vladenides which was good for another five. Two plays later, Johnston once again hit "Greek" this time on the 10, and Grogan went for an unassisted to make the score 7 to 6.

There is little need to mention all the names of the Panthers who deserted their city. They all played a hard, clean game for the 49 to 0 beating against Scarsdale in the first season. This was indeed a major victory for the Blue and Black who are looking better and better as the weeks go by. If they have a first down, they will play in front of home. If they have a football team to match their basketball squad, it will be another tight contest all the way.

Belows 1-e. Scarsdale
Magno 1-l. Wilson
