PARISH TO HEAR 'COWBOY PASTOR'

Father Link To Address St. Thomas's Church Meeting Tomorrow

The annual parish meeting of St. Thomas's Church will be held tomorrow night, beginning with a covered dish supper at 7 P. M., followed by the election of wardens and vestrymen.

Warden Emmett O. Hayward and Vestrymen Roy Hanley, Linden H. Morchese, Edward O'Mara and C. E. Pervar are the officers whose terms are expiring.

Reports will be presented from all organizations of the parish and the speaker of the evening will be the Rev. Henry A. Link, vicar of Little Snake Mission, Dixon, Wyo.

Father Link is in charge of the city church in a 90-mile area and Bishop Ziegler testifies that he is a specially productive worker in a large parish.

Believed to be in charge of the city mission in the only Church to sponsor a Radio, Father Link, who is called locally "the cowboy pastor," organized an exhibition of radioing, roasting, cream milking, etc., for the benefit of his mission.

# Bellows Halts Young, 3-0, As W. L. Hockey League Opens At Rye

## ORANGE TIES DOBBS FERRY; ROOSEVELT TOPS GREENWICH

### Olsen, Hornidge, Rice Tied For Panthers Against Young Six, Newcomers To School Play; Parker's Late Goal Caps Mamaroneck Rise In Overtime Period

By BOB RICHESON

The P. E. Bellows and Roosevelt of Yonkers sextets are tied for the Westchester Interscholastic Hockey League title today after having scored victories at the Playland Ice Casino, Rye, last night as the schoolboy circuit launched another season of play. The Panthers triumphed an upset Isaac Young of New Rochelle team, 3-0 while Roosevelt, in a close contest, defeated Greenwich High School 1-0. Mamaroneck outplayed all the way by Dobbs Ferry, taking in the last 17 seconds of the overtime period to gain a 3-1 tie.

### W. L. HOCKEY LINEUPS:

**Mamaroneck (1) Dobbs Ferry (1)**  
Senechal, King, Sereel, Brennan, RD, Dumbenish, Bowers, RD, McCormick, Wilson, LO, J. Kelly, McConnell, C, Denny, Cullin, Cargill, RW, H. Collins, RW

Parlier, who was playing his first varsity hockey game, gained possession of the puck about 30 feet in front of the Dobbs Ferry goal. He sent a drive toward the net which passed through the Kelly's legs and past the bewildered Andy Sereel who had little opportunity to get in position. Parlier and Kelly, who came at 4:43, culminated a barrage that kept the Rivermen's goalie on his toes.

At 5:28 mark of the overtime session Dumbenish made a long shot from the side into the right corner of the net for the winning goal in front. That was the only drive to visit Jerry Sereel, who turned back the puck 16 times during the course of the overtime. While Sereel was called upon to make but four saves.

Bellows met stubborn resistance from Isaac Young which was playing its first game of the season. The spunky New Rochelleans, although outplayed by Bellows, fought doggedly and held the Panthers to a commendable 5-0 score.

Proof that most of the play occurred inside the Green's blue line is furnished by the statistics which show that New Rochelle's defense collaborated in making 17 saves while Perry Bellows and a portion of the New York sextet, retained but three shots.

After 3:00 of the opening period, which saw George King handle the save, Dumbenish, Johnson left broke through the Young defense and drove a 3-0 lead into the left corner for the first score. The second goal for the first period was scored by Billy Hornidge, another newcomer, who blasted a shot into the net from directly in front after 5:20 of the second stanza had been completed.

Big John Rice tallied at 4:55 of the third period on a shot from the side. Warren Senechal was awarded the extra point. There were two casualties in the first night's play. Mamaroneck's Al Wilson was hurt by a shot from the right eye as the result of a melee along the boards in the first period and did not return to the game. Bellows' cut brow was also cut on the same eye and glasses were jolted during a scramble. He received no medical treatment and returned to action.

## KIMBALL AGAIN NOMINATED TO LEAD SPORTSMAN GROUP

### Flardi, Austin, Rosch Retain Posts As Incumbents in Elections Tonight

Incumbent officers will be recommended for reelection by the nominating committee of the Southern New York Fish and Game Association tonight at the association's annual meeting at the Court House, White Plains.

Edward Kimball, president; Earl Flardi, vice-president; Irving Austin, treasurer and Mel Rosch, secretary, have been offered, particularly in view of the fact that Rosch has served the longest term, respective posts since the group was founded in 1921.

The election of members of the executive committee is also on the agenda. Candidates for these posts will include: George Gaudin, secretary; William DeWitt, treasurer; Arthur Meyerowitz, secretary; James A. Ackerman, chairman of the game committee, has issued his annual report showing the progress of the group's conservation work. He reported that 3,250 pheasants, 12,854 quail, 1,700 ducks, 1,700 geese and 1,700 turkeys were released in the county. Quail numbering 900, 1,200 and 1,500 were also stocked in the fields.

The executive committee of which Harry Ackerman is chairman, met last night at 7:20 in the County Club. The committee included the secretary of 20,000 ducks and 17,000 turkeys were released in the county this season.

Of the 12,854 quail, 9,504 were stocked in Byram Lake while 3,350 were stocked in the county. The 1,700 ducks and 1,700 geese were stocked in the county. The 1,700 turkeys were stocked in the county.

## LIONS CLUB HALTS NEW ROCHELLE, 2-1

### Carabella Outpouts Marcus; Troise Bows To Landry

The Mamaroneck Lions League winning streak was severed by New Rochelle yesterday, but the Hudson Valley club triumphed in the first game by absorbing a 2-1 setback as the winners rallied behind Leonard Gross and Earl Flardi.

The Mamaroneck team did not possess the touch which has marked its success in the past, but it was not totally bowled over by Tuckahoe and Harrison, and as a consequence Flardi's score was the chief factor in the first game triumph for New Rochelle by a 2-1 margin.

Perry's score was the chief factor in the first game triumph for New Rochelle by a 2-1 margin. Perry's score was the chief factor in the first game triumph for New Rochelle by a 2-1 margin.

# COMBING THE TOWN

## Party For Children

The second annual Christmas party for children of the Village will be given by the Police Benevolent Association of the Village of Mamaroneck, Inc., at 10 P. M. Saturday, Dec. 30. It was announced today. All children of the Village will be invited.

The party will be given this year at the Playhouse Theater through courtesy of Charles A. Fraz, manager, the PBA announced. A program by amateur local entertainers, mostly youngsters, is being arranged by the committee, headed by Sgt. Herman Pauls.

As the children leave the theater they will be given bags containing candy and other favors.

## Parish Elects

Approximately 60 persons attended the regular annual vestry session at St. Thomas's Parish House last night.

Emeritus G. Heyworth was elected warden for two years. Leonard H. Marchese, Charles K. Perry and W. Roy Halsey were re-elected to the vestry, and Dr. Stanley George Burr was made vestryman for a two-year term.

After reports from all organizations of the parish, the members were entertained by the Rev. Henry A. Link, vicar of Little Saint Martin, East Nyack, who gave a humorous account of his appointment as a missionary priest in that district.

## Water Main Breaks

A break in a 12-inch water main at Union Avenue and West Street, past the Watchtower, near the West Works garage, at 3 A. M. today caused the supply in a good portion of the Village notably at the Larchmont Acres Apartments, during the morning.

Residents of Winfield, Union Avenue and the Friendly Area section were without water pending the repair of the break. William F. Thrasher, superintendent of the water works, supervising a large crew of workmen in repairing the main and the job was expected to be completed in two hours.

Despite the "muddy" appearance of the water, it is fit for consumption and the Water Works office advised today.

## Elks To Honor Dead

Memorial services will be held by Mamaroneck Lodge No. 1437, Elks, at 8 P. M. Sunday. It was announced today by James A. Owen, exalted ruler.

Families of deceased members are invited to attend, and the public will be welcomed. Mr. Owen said. After the regular services, officers of the lodge, a memorial address will be made by the Rev. Francis J. Hennessey, pastor of Holy Trinity Church.

Thomas Sheehan is chairman of the event, a service requested by the national office for all of its lodges. Refreshments will be served after the ceremony.

## Tackles Job Again

The man who guided the movement to place a public park in Westchester's municipalities is again taking the National Foundation for Public Parks to the streets of Mamaroneck, as reported by Mayor Harry E. Goetzler.

He is Arthur Perkins, 32 Concord Avenue, whose workers raised \$1,000 more than double the amount collected in Larchmont in 1940—\$24,000.

In placing sixth-ranked such comparatively popular parks in New Rochelle and Yonkers—Larchmont placed first place in contributions per 100 of population, a sum of \$210.

## Author To Speak

J. W. Duffield, member of the staff of the New York Times, will speak on "World Crisis at the Twenty-Ninth Century" at the Hebrew Institute, Haledon Avenue, Village, at 8:30 P. M. Friday.

Mr. Duffield, at present head of the speakers bureau of the Times, is a university graduate, is widely traveled and the author of many books and magazine articles. He will be introduced by Rabbi William Novak.

## New Law Explained

William A. Foley, insurance executive, yesterday explained the new Motor Vehicle Safety—Responsibility Law, which goes into effect Jan. 1, at the weekly meeting of the Mamaroneck Lions club at the Clinton Branch Club yesterday.

During his speech Mr. Foley, the Lions welcomed three new members, Robert Wilson, Fred Richards and Arthur S. Crawford.

It was announced that the board of governors had appropriated \$100 for a subscription to the "Readers Digest," that the Christmas party for needy children will be held on Dec. 30 with the annual Ladies' Night following in late January or early February.

## Local Postmasters Laud Daily Times Volunteers In Defense Stamp Drive

Postmasters of Mamaroneck and Larchmont today joined in praising the young distributors of The Daily Times who have volunteered to become official United States Defense agents by selling defense stamps.

Postmaster I. P. Linsan of Mamaroneck and postmaster Frank L. Dege of Larchmont agreed that the "home delivery" plan will overcome a main difficulty of the stamp sales—the inconvenience of going regularly to the postoffice.

"People will not have to come to the office to get their stamps, and the newspaper boys will remind them, too, every week to make their savings," Postmaster Linsan commented. "Regularly publishing the stamps will fill the books in a surprisingly short time, and almost before the buyers are aware of it, he will have a sufficient number of stamps to purchase a defense bond."

Books of stamps amounting to \$1875 may be exchanged for a bond worth \$25 in 10 years.

## BELLOWS WINS RED CROSS FLAG

Lawrence Hill, impregnator of George Washington, appeared at a special assembly program in the Mamaroneck High School yesterday afternoon.

The program was also for the presentation to Bellows High School of a Red Cross flag for having a 100 percent enrollment in the Red Cross, including students faculty and custodians. The flag was presented by Shirley Stein and Ann Addison, representing the Red Cross.

John Corvill, member of the Paul Taveris faculty, sang the Paul Taveris suite, accompanied by the High School orchestra, directed by A. Silvestro. The suite was in three sections, the Boston tea party, Beverly's ride, and independence.

The student body was led in a pledge of allegiance by Charles Guglielmo, president of the General Organization.

Mr. Hill, in Colonial costume, was "interviewed" by his wife, who took the role of a modern newspaper reporter. His answers to her questions on current events were based on speeches and writings of the first President of the United States.

Mr. Hill, a civil engineer who is professor, has been impregnator of George Washington since 1932, when he was appointed to that role by Massachusetts for the Washington Bicentennial.

## Shore Acres Group Joins Federation

The Federation of Watchtower Tract Societies today announced that it had accepted 12 new organizations.

The North Broadway Citizens Association of White Plains, and the Shore Acres Property Owners Association of Mamaroneck, bring the member units in the federation to 24.

## EDITOR SPEAKS ON CHURCH NEWS

St. John's Parish Hears Writer: Larchmont Church Officials Elected

Better church-press relationship was urged by Samuel G. Weiss, Jr., religious editor of Times magazine, speaking last night at the parish meeting of St. John's Church in Larchmont. The topic was "The Church and Press."

"Genuine news" should be emphasized by the church, which should avoid insipid notices if they want the public's reading interest, the editor declared.

He indicated the advantages of parishes sending out trained matter of a human-interest type to keep the church before the public. "The public should send comments to the editor if they see anything on religious subjects that really hit the spot. Editors, then, will be much more likely to run the material, understanding that of stories which the public has a right to know," said Mr. Weiss.

At the meeting of the parish, William A. Ten Beck was re-elected junior warden. Also re-elected to the vestry was Edward C. Griffin. New members chosen by popular vote were Malcolm H. Tuttle, Harry F. Post and Warren A. Kipp, Jr.

Other addresses after the dinner served by St. John's Guild were made by the Rev. Francis Paine, who gave notice of a second "every-member" canvass and Charles M. Walton, senior warden.

ABLE MAN URGED FOR NEW OFFICE

League of Women Voters Calls For Naming Of Qualified Personnel Director

The Watchtower League of Women Voters today appeared to County Executive Herbert C. Goetzler to name a "qualified" personnel director under the new Fire Civil Service Law, who will give the first time have supervision of not only county but village and town civil service employees.

Approximately 20 league members attended the session, but only six addressed the Board.

Charles J. Goodwin, committee member of the Defense Council on the "agony stories," but voiced the belief "a swell organization can be developed for \$500."

Supervisor Arthur G. Sammarco read a letter from the Community Association of the Unincorporated area, signed by Richard H. Allen, secretary, suggesting various savings in virtually all departments and recommending reductions in the salaries of the supervisor, town clerk and justices of the peace. Mr. Allen enlarged on the letter from the town.

"It is necessary to have all these clerks retrained around" he said. There was no answer.

BR. HAINSWORTH HEADS ENGINEERS

Local Resident Named President of American Society at St. Louis Meeting

ST. LOUIS, Mo.—Dr. William R. Hainsworth of 580 Brookhollowe Avenue, Town of Mamaroneck, N. Y., vice president of Servel, Inc., in charge of engineering and experimental research, was today elected president of the American Society of Refrigerating Engineers at the annual meeting here.

County Golf Season To End on Sunday

Play on Watchtower's four golf courses, Saxon Woods, Maplesport, Spring Lake and Mohawk will be closed for the 1941 season Sunday, it was announced today by George S. Haupt, general park superintendent.

Play has been falling off in recent weeks on weekdays, explained Mr. Haupt, while on Sunday it has been found necessary to withhold players until around 11 o'clock in the morning until the frost is out of the ground. As it is play has lasted this year a week longer than usual, said the superintendent.

HELL FIND OUT CAMP BLANDING, Fla. (AP)—Sgt. Cannon Stokes of Company H 187th Infantry, who now is a private, came up to him brandishing a piece of lead pipe.

What kind of plant is this, sergeant? he inquired.

My god, this is poison ivy, the sergeant yelled.

Back came the hand response: "Well, don't get excited. I'm not going to eat it!"

22, 1938. Dr. Hainsworth was graduated from the University of Washington in Seattle.

Mountain climbing has been Dr. Hainsworth's hobby. His activities including more than 30 first ascents of peaks in the Canadian Rockies. He has also scaled several peaks in the Swiss Alps, including the Matterhorn.

In 1938, Dr. Hainsworth and two companions from the American Alpine Club climbed Mt. Robson, the highest mountain in Canada, for the first time from the north side in the attempt to seek a new passage to the summit. The old route having been considered dangerous it was necessary to traverse the mountains as it was impossible to descend by the route of ascent.

Dr. Hainsworth is a member of the executive committee of the Industrial Research Institute.

He has worked in refrigeration research more than 20 years, succeeded L. L. Lewis, vice-president of the Carrier Corporation, Syracuse, N. Y., as refrigeration president of the company.

In 1933, Dr. Hainsworth was awarded the Charles A. Munroe Award by the American Gas Association for his contributions to the gas industry in the field of scientific research.

He is becoming affiliated with Servel Inc. Dr. Hainsworth undertook the direction of extensive research in air cooling and improvement in domestic refrigeration in 1935.

Dr. Hainsworth's interest in aerodynamic refrigeration, which he has been working on for more than 20 years, when he was in the Pontiac Division of the General Motors Institute of technology at Warrendale, Pa., which he received his Ph. D. degree.

In 1922, while a research associate at M. I. T., he pioneered in the development of the photomicrograph. Later, in collaboration with Dr. Charles W. Moore of the University of Chicago, he developed the first electron microscope.

THE NIGHT CLOSING of gasoline filling stations doesn't worry the driver of this 1935 Popo-Waverly as the illuminated car is driven by an electric motor, George G. Cannon, the owner, located the car in the dark.

It is the only car of its type in existence. Cannon counted storage batteries in the back box at the rear of the car provide the current for the motor, the machine was completely torn down to every nut and bolt by Mr. Cannon's mechanics and then rebuilt almost exactly as it came out of the factory, thirty-six years ago.

A ONE-CYLINDER MOTOR is all that powers a 1935 Cadillac touring car owned by George G. Cannon, of 181 Drake Avenue, which is occasionally seen chugging around New Rochelle. The "horseless buggy" is in perfect condition.

NEW ROCHELLEAN COLLECTS CARS OF 1900 VINTAGE AND MAKES 'EM CHUG-CHUG AGAIN

"Get a horse" may still be the deca-decadent cry that amused passers-by lining at 3000-foot-down or struggling motorists, but those who love that chug at the driver of a 1935 Cadillac "horseless buggy" might just as well save their breath.

The chug is that the "horseless buggy" one of the six "old-timers" owned by George G. Cannon, of 181 Drake Avenue, New Rochelle, is not only in better all-around shape than any year-old car around, but that it will also be still chugging along as a 30-year-old car.

For the machine, the first model put out by the Cadillac Company, was "stuck down" completely to every nut, bolt, screw, and including every two connecting parts including those in the motor were separated. Each part was then replaced until it was equal to or better than the original manufactured product.

Parts that were worn, broken, dented or missing were replaced with the exact duplicate of the original at considerable cost and patience on the part of the owner. The "one-cylinder wonder" was then rebuilt and put in such a "spot-on" condition that it looks as if it had just come off the assembly line.

That "one-cylinder wonder" not only holds true in regard to the Cadillac, but to the other five Cannon "buggies," two of which are now in the rebuilding process. They include a 1902 two-cylinder mobile steam car with a one-cylinder body, a 1907 two-cylinder Stanley steamer, a 1904 simplified, two-cylinder Cadillac Ford runabout, a Popo-Waverly 1935 electric car, and a 1907 two-cylinder Maxwell.

The Ford is a "Model C" of the very few ever built. The Popo-Waverly car is driven by a single electric motor and consumes no gasoline. Cannon's "buggies" are now in perfect running condition. Mr. Cannon has been collecting the cars for the last three years.

Having the activity of his "horseless buggy"—his first being the deca-decadent Cadillac—has inspired Cannon to rebuild and fix up other "old-timers" which he is now in perfect running condition.

Peak Of 23 P. C. In Traffic Deaths For August Cut To 13 P. C. In September

CHICAGO (AP)—The National Safety Council today reported progress in the nationwide effort to stem the rising tide of accidents in the United States.

The increase has not been stopped, the council said, but a year-end of 23 per cent in traffic deaths in August has been cut to a 13 per cent increase in September and 12 per cent in October.

Weather-related figures on automobile fatalities recently have reflected the national trend. August deaths this year were six compared with 11 last year, September recorded four against five last year, October held even at 10 deaths and there have been eight this month compared with 13 in November last year.

It was in August that President Roosevelt called upon the country to lead a defense emergency safety campaign to curb the growing menace. In an attempt to offset the usual rise in traffic deaths during the year-end holiday season, the council said 180 cooperative organizations are undertaking a special Christmas safety drive.

also approximately 400 greater than in October, 1940, but the 22 per cent rise was the smallest for any month this year.

Travel in September, the latest month for which mileage figures are available, was 12 per cent greater than in September, 1940. This was identical with the fairly heavy car. For the first nine months of this year travel was up 12 per cent and the mileage death rate 4 per cent.

Cities of 10,000 or more population reported an average death increase of 4 per cent in October, compared with a 6 per cent rise in September and 12 per cent in August.

MAINE MAN CLEARED OF Girl's Murder

FARMINGTON, Me. (AP)—A jury called in the shooting of Miss Florence Buzzell, 20-year-old blonde, Fred G. Wheeler, 20, middle-aged cattle trader, went back to his farm today with his wife.

"I'm going back to work as though nothing happened," he said after he left the courthouse late yesterday.

A jury call only one ballot in finding him innocent of the charge that he shot the 16-year-old student because he resented her attentions to younger men.

## Welterweight Picture

Mattew Egan was scheduled to meet Pete Petros in the semi-final match at the Garden City on Saturday night. Our account is trying to uncover some of the problems which have cropped up in the welterweight division and what is going on at it right now. We will have a report tomorrow.

We wonder what the boys at Cupack's Restaurant are saying now. Maybe they, too, can't figure out what Egan's management looks like. A fight with Nettlow at the Bronx Coliseum with a Garden City non-final coming up 12 days later, will Egan still want to fight?

Suppose he does. It would be to Petros' advantage, that is, very much so. A fight against the Garden City champion. That is, he is saying "What about Nettlow?"

The New York City boxing writer has not seen the preliminary bouts that the winner should be very much in the running for the welterweight laurels. And Petros is going to get the lead.

Hard luck, like that isn't anything new to Pete. He's been through plenty of a similar situation but the time has come when he must go ahead. Petros' grilling.

**20th Century Club**  
**Feeling Mild McCoy**

Harry Markson, who does the publicity for the 20th Century Sporting Club, of which Mike Jacobs is president, has also had a word with Aid McCoys' Detroit background in preparing his knockout for the McCoy-Markson bout Dec. 7.

Markson's level history of McCoys' beginnings and his adoption of the ring name is interesting enough, but like all 20th Century literature, parts of his exhortations are misleading.

Markson says: "For Adam Jacobs is doing a lot better than just at night as Young Aid McCoys. He has moved about to the top of the welterweight division, and in his next effort against Fredie (Red) Schaefer, world champion, he will probably knock him out of a crack at this title."

That is all quite true, but as any boxing follower knows, there are plenty of other welterweights who have done "better" than that all night.

Granted that Petros, Ziri, the former champion, has been the best fighter in this last year, he has been marred down as examples of the kind of boxing that there are many other divisional contenders to mention.

Ray Roth can probably take any of those who, if Mike Jacobs is doing a lot better than just at night as Young Aid McCoys. He has moved about to the top of the welterweight division, and in his next effort against Fredie (Red) Schaefer, world champion, he will probably knock him out of a crack at this title."

**What About Janazzo?**

It is news that Jay Janazzo's stock has dropped somewhat, but it is expected the boxer has some things to say about the current picture. The Mike Jacobs can be expected to get a lot of attention.

And our own Peter, who received complete news from the west coast as has returned McCoys, an ex-champion, has been very busy.

Our youngsters are taken by the words of the "Times" saying "at least, he is Harry Weaker," about the fact of experience in the Madison Square Garden.

No, there is no divided reason why McCoys intends to have with Coach. The more we think about it, the more we like Dave Prospekt's interesting story of McCoys' fighter to Mike Jacobs. We think McCoys' story of McCoys' fighter is slightly offhand.

## RED ARMIES PUSH ON IN UKRAINE AS NAZIS FALL BACK

4,000 Square Miles Retaken On Rostov Front, Russians Claim

NEW DRIVE ON MOSCOW

German Break Through Soviet Defenses 50 Miles North Of Capital

NEW YORK (AP)—A Moscow dispatch today reported that the Red Army captured 4,000 square miles of territory on the Rostov-Caucasus front and retreating "hundreds" of villages from the German army. The Soviet dispatches admitted the German army had opened a violent new onslaught southeast of Moscow.

The German push, it was reported, broke through the Red Army's defenses near Azov, 50 miles north of Moscow, and continued eastward toward Rostov, 40 miles north of the U. S. S. R. capital, on the southern front. The Soviet radio said Marshal Semion Timoshenko's armies drove west through the Donets River Basin and along the Sea of Azov. It had reached the Mius River where the Germans are trying to form a new front.

Two Red Army spearheads were reported having advanced to an attempt to hem up the Germans retreating toward Moscow 100 miles west of Rostov-on-Don.

British and American armies were credited today with beating off two heavy Axis attacks on Ed Duda, in the bloody battle zone south of Tver, but a new set back was acknowledged in the case of the Gumbel supply base 40 miles east of Tver.

Authoritative London quarters concluded that Axis troops had retreating toward Moscow on the second day of the Gumbel supply base.

Imperial counter-attacks were reported to have required 100,000 men in the ground, however, with the Axis forces again suffering heavily in killed and wounded.

## Tokyo Holds Gloomy View: Answer Not Revealed

DOOR LEFT OPEN

By the Associated Press

President Roosevelt promptly gave his personal attention today to a document presenting Japan's reply to his inquiry for an explanation of Japanese troop movements into French Indo-China, a crucial factor in current Far Eastern tension.

Tokyo's two answers required 25 minutes to give Secretary of State Hull their government's answer and later their departure. It was rushed immediately to Mr. Roosevelt's desk. The President also arranged a luncheon with Hull for personal discussion of the document.

A public word as to the nature of the reply was withheld. The State Department referred all inquiries to the White House. But in diplomatic quarters there was a statement of policy which the Government had chosen to make a statement of policy which from the American point of view could not be considered conclusive or decisive.

Alexander Kabanov, Japanese Ambassador to Washington, who delivered the reply did not present an accompanying answer to Mr. Hull's note of Nov. 26 but was leaving for Tokyo for a settlement of the Far East crisis.

Kurama said nothing definite in indication of the nature of the Japanese answer, although Tokyo people had emphasized a gloomy view of the whole situation.

Earlier, the White House radio broadcast reported that a break in relations between the United States and Japan might come at any moment.

Kurama told newsmen he believed the Japanese had a "strong" view of the situation and it seemed a fair conjecture that this was the substance of Japan's explanation to the United States.

Authoritative Washington reports had estimated that Japan had 100,000 with thousands more waiting on transports off the Indo-China coast.

Both the United States and Great Britain have expressed concern that Japan might be planning to invade Thailand as an opening move in a sweeping new campaign of expansion in East Asia.

Nomura also left the door open for further negotiations, strongly indicating that Japan desired no precipitate action with the United States.

"We are always willing to talk—after all, we are a friendly nation," Nomura said before departing.

Manville And Bride Quilt After 17 Days

NEW YORK (AP)—Thomas Manville said today that he and his bride, Rose, of Boston, had separated after 17 days of marriage and that she planned to go to Reno tomorrow.

The paying 17-day-old ancestor help said that he and the 22-year-old bride parted company yesterday after a conference with lawyers.

Manville was reluctant to discuss the matter because he said they had agreed not to talk of the marriage until after Ronita had boarded a ship.

"I don't know what happened but it must have been a matter of difference in temperament," he said. "It was unavoidable for us."

TWO DIE IN HOME

## GERLICH REFUSES TO CANCEL RENTAL FOR AMERICAN FIRST MEETING

County Executive Herbert C. Gerlich will not cancel the rental for the American First Meeting at the County Center for the meeting Monday night. He announced today in a response to a letter from R. L. Howe, Jr., Scarsdale Democratic leader and White Plains resident.

Mr. Howe in his letter to Mr. Gerlich asked that the meeting be banned unless the sponsors agreed in advance to open discussion of the issue. He charged that demonstrators were affiliated with the "Fifth Column."

"While I have sympathy with the views expressed by this organization, I do not see an American citizen, they should be treated as all others," Mr. Gerlich wrote.

He enclosed a copy of a letter from the Ostling Committee to defend America, commanding him to "determine democratic institutions."

The Ostling group in "definitely opposed" to the principles of the American First Meeting, it informed Mr. Gerlich, but would not discuss the matter.

Mr. Howe said he was not a member of the American First Meeting and that the meeting was not a political organization.

"There should be, of course, no discussion of the issue of the American First Meeting," he wrote.

"That entire meeting was devoted to slander of the President of the United States," he wrote.

"I am sure that the meeting was not a political organization," he wrote.

# THERE MUST BE UNITY

## An Editorial

It has come! Against the wishes of this peace-loving nation which desires no territorial aggrandizement, which has no imperialistic tendencies, which seeks only the observance of international law and the elimination of international gangsterism, a brutal, wanton attack has been made by one of the Axis partners. American can, in honor and in self-defense, make but one answer to that challenge—prompt, energetic, all-out war against not only the guilty member of the bloody pact but against all its partners, equally guilty in other parts of the globe of similar violations of international decency and peace. It would be foolhardy to await another unexpected outrage by Germany at a time of Hitler's choosing and risk losses such as were sustained in the attack on Pearl Harbor. It would be equally unwise to allow the guilty member of the bloody pact to remain in power, as the Axis partners, equally guilty in other parts of the globe of similar violations of international decency and peace. It would be foolhardy to await another unexpected outrage by Germany at a time of Hitler's choosing and risk losses such as were sustained in the attack on Pearl Harbor.

To meet this challenge America must, above all, be united. There must be no more cultivated division, no more isolationism, no more strikes against national defense, no more working at cross purposes by those who differ as to the course America should pursue. That decision has now been taken from our hands.

Here in Westchester as well as throughout the entire nation the time has come to roll up our sleeves, to settle down to the hard job ahead, and above all to realize that those who are not with us are against us. Let all patriotic citizens be on their guard against any individual, any group, regardless of their avowed aims, which would divide America and thereby weaken our efforts against the common enemies. There are governmental agencies which will take care of these details effectively.

It is war. Unwanted war, admittedly, but deadly withal. And every American, every patriot who deserves the name, will rally to the cause of his country, whether in or out of uniform, until this threat to our freedom has been crushed and civilization has been once more made safe for all peoples.

500 Sold by Daily Times Boys in Single Day; Week's Purchases Searing

Declaration of war by the United States sent sale of defense savings stamps soaring here yesterday, and distributors for The Daily Times reported that before the day had ended they had sold 500 of the 10 cent stamps.

The total sales so far advanced this week are 2,545 stamps, and the boys have today and tomorrow set to sell before the week's office will be placed in the hands of the boys. P. M. tomorrow the boys will place their orders for the defense savings stamps to be placed for this week by The Daily Times and given to the boys for distribution to customers.

More than one album for the collection of the stamps will be delivered to a family if it so desire, Wallace B. Carver, circulation manager, said today. The boys will deliver as many albums and stamps as may be ordered by any family or individual along his route, and the offer is made regardless of whether the patron is a subscriber to The Daily Times.

While some substantial sales have been made, the boys themselves are seeking steady work to work up to the habit of saving for themselves and for national defense. When stamps are sold, they are exchanged with cents, so the \$175 cent defense savings bond.

Fisher And Fader Lead Resurgent Equippers in 'Crucial' Test With 595, 579 Series; Rickert, Losers, Takes High Game; Recreation Humbles Clubmen, Also By 2-1

A resurgent Equipper team came out at the conclusion of the first game of their match with the Happy Boys last night, snatched back in the second and tied behind Earl (Gus) Fisher and Marty Pader to lead and only to lose again in the Daily Times League game.

In the second match which took place at the Recreation club, the Equippers, who gained a foothold at the top of the league ladder when the Happy Boys momentarily fell apart last week, at first seemed to repeat their performance to the opportunity which faced them last night. They yielded in the opener by 33 pins as Fisher and Pader beat the Happy Boys by a 2-1 margin with 595 and 579. But Fisher, an outstanding equipper, all Fall, hit his stride in the second and punched out a 211 game which, coupled with Pader's 207, beset the Equippers to the point that in the third game they rolled off 968, high water mark during the evening's competition.

Improner Parking Results In Crash

Morris Greenberg, 29, of 7 Freshport Avenue, Village, was given a \$100 fine for improper parking at Poplar and Beach Streets, Yonkers, at 12:20 P. M. yesterday.

The officer charged that a one-ton truck parked by Greenberg blocked backwards down an incline struck a building, damaging it slightly. Police Officer 48 No. 6th of Yonkers, a pedestrian, told police the truck struck him, a glancing blow on the hip, but he apparently was not badly injured.

The following statement has been issued by Governor Herbert H. Lehman:
"WHEN YOU HEAR AN AIR-RAID WARNING, DO NOT USE YOUR TELEPHONE"
Tuesday's Air-Raid Warning in the metropolitan area resulted in so many people using the telephone that lines in some sections of New York City and suburban areas were choked.
Civilian Defense authorities were often unable to reach Air-Raid Wardens, and the full functioning of the defense organization was retarded.
I ask everyone, when an Air-Raid Warning is sounded, to remember that the telephone lines must be kept free for defense purposes.
Only the most serious personal emergency warrants use of a telephone when you hear an Air-Raid Warning.
In the future, please refrain from telephoning until you are sure the 'All Clear' signal has been given.

People will cease to worry
