Play In Yale Band

Two Yale University students from Larchmont have been selected to perform with the Yale Band during the 1956-1957 season.

Garlock is the son of Mr. and Mrs. Robert Garlock of East River, and Carroll is the son of Mr. and Mrs. Henry Carroll of 57 Hillside Road.

Completes Course

Pte. N. Bruce McKay Jr., whose wife Catherine, lives at 31 Myrtle Boulevard, Larchmont, was recently graduated from the clerk-typist course at the Army's Army Training Center, Fort Knox, Ky.

The eight-week course included typing, Army clerical procedures, and record keeping.

Stationed In Hawaii

Pte. Richard L. McVey, son of Mr. and Mrs. Leonard H. McVey of 18 Colonial Avenue, Larchmont, is stationed with the Adjutant General's Office, 825th Army U. I. Ft. Shafter, Honolulu, Hawaii.

Pte. McVey entered the service in July, 1955, and completed basic training at Fort Dix, N. J.

He is a 1951 graduate of Mamaroneck High School and a 1950 graduate of Harvard University, where he was a member of the Phi Gamma Kappa and the Memorial Church Choir.

Mrs. Meir To Speak

Mrs. Golda Meir, foreign minister of the State of Israel, will speak at 8 P. M. today at a Bonds for Israel dinner at the Riviera Shore Club.

Mrs. Meir had been scheduled to speak much later, Mr. Friedman stated, but she has decided it is necessary to attend a United Nations meeting later in the evening.

\$580,000 Loss Holds Bank

ELLENVILLE, N. Y. — The FBI seized a hawker bank president in connection with an alleged \$580,000 shortage.

FBI agents arrested William Richard Rose, 41-year-old president of the Home National Bank of Ellenville. He was arraigned there before a U. S. Commissioner today on a charge of violating the Federal Reserve Act.

Question of the Week

Need Seen For U. N. Action On Hungary

EDITOR'S NOTE—This is the 165th in a Saturday series of short interviews with Mamaroneck and Larchmont residents on issues of the day.

Q: DO YOU BELIEVE THE UNITED NATIONS SHOULD INTERVENE IN HUNGARY?

MAMARONECK Mrs. William M. Eckland, 614 Hillside Avenue—"I think the U. N. should be able to do something there, after all that's what they were formed for. I think observers should be allowed to gain first-hand knowledge of conditions."

Mrs. Sanford Hartman, 738 Sandview Drive—"Yes, do, I think they should send observers in and handle the same policing job in Hungary as they are in the Mid-East."

Mrs. J. M. Triggs, 522 Walnut Street—"They should go to the extent that they don't let the Hungarian people down in any way."

Mrs. Lee L. Winbold, 604 Tomkins Avenue—"No, I don't think they should."

Mrs. Frank J. Kildare, 1310 Franklin Avenue—"I really think they should do something, something short of actual warfare. The Hungarians need a lot of help and deserve it after their fight for freedom."

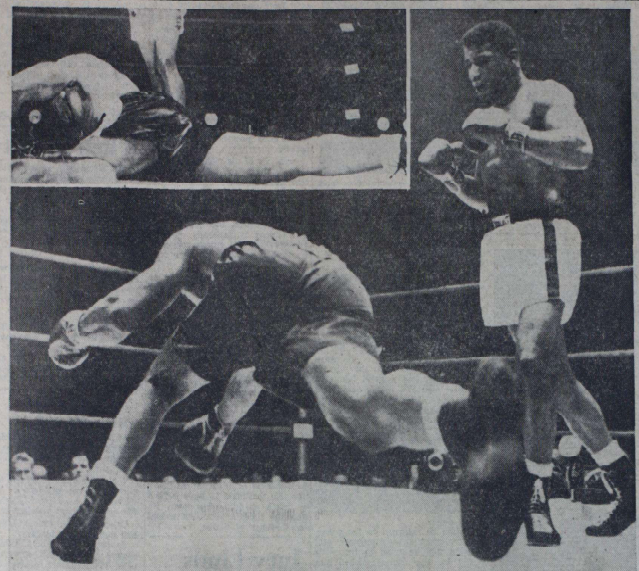

Mrs. Richard Merrill, 305 Florence Street—"I think President Eisenhower's suggestion to the U. N. are the best way to proceed in Hungary."

'Atomic Quest' Leaders Overrode Fears Of Future To Cut War Short By Using Bomb

(Editor's Note: In this, the sixth installment of the serialized version of his new book, Dr. Compton continues his enthralling account of the building of the first atomic bomb. Here he describes the opposition to the dropping of the bomb.)

BY ARTHUR HOLLY COMPTON "Gentlemen, it is my responsibility to recommend that the atomic bomb be used to bring about the end of the war."

He said, as accurately as I can recall it, was the statement made by Secretary of War Henry L. Stimson as he presented to the "interim committee" the question of what should be done with the atomic bomb. The place was the Secretary's office in Washington. The date was May 31, 1945.

He said, in our hands we expect soon to have a weapon of wholly unprecedented destructive power. Today's prime fact is war. My great task is to bring this to you to a prompt and successful conclusion.

Wisdom Needed—"We must assume that our new weapon puts in our hands over-whelming power. It is our obligation to use this power with the best wisdom we can command."

"To us now the matter of first importance is how our use of this new weapon will appear in the long view of history."

As the committee was meeting Germany was defeated. Japan

was already an overpowered nation but she was fighting desperately. The great danger was that the fanatical military group would retain such control of Japan that surrender would be impossible, in this case peace could only be established by invasion of the Japanese homeland at very great cost.

Anticipating that such a last ditch stand would in fact be made, plans were laid by Truett and certain members of his committee accordingly hastened to draft their conclusions.

The draft was submitted as representing the views of Frank and certain others who shared its writing with him.

Frank's statement made two major points. First, the use of such a powerful weapon as the atomic bomb would necessarily involve the killing of thousands of people. This was morally repulsive.

It could hardly be otherwise, the writer believed, than that such destruction would develop an attitude of fear, suspicion and hatred toward the United States. In the long run this would mean our moral isolation to an extent never before known.

Our annual Christmas Story will begin in this newspaper next Thursday. It is "The Magic Helmet" and we recommend it for sheer pleasure to all our readers, particularly the boys and girls.

As usual, our Christmas Story will be studied in the classrooms by thousands of pupils, for it has been prepared for such a purpose by the Elementary Teachers Council of Yonkers.

"The Magic Helmet" will appeal to everybody who likes space stories, for each reader will be ready to "blast off for the Planet Venus."

In this story—written by Claire Orson and illustrated by Mimi Coyle—Space Saur is a little boy who lives in Venus with his family. He will take us on a journey through space from Venus to Jupiter. How he gets there is a secret.

"The Magic Helmet" is an exciting tale of how this little boy's dream came true.

What was it we wished for most? All? To find out, make sure you get this newspaper next Thursday for the first chapter. There will be 12 chapters in all, the last one in our paper of Wednesday, Dec. 13.

If you plan to keep a scrapbook of the story (many thousands of young people do), you'll want to watch for your iron-cover picture, which will be in an advertisement in Wednesday's paper, the day before the serial begins. Each picture will be suitable for coloring.

"The Magic Helmet" will make Christmas more joyous for thousands of readers. You will meet the author in Monday's paper.

Mrs. John R. Laurens, 58 Valley Road—"Yes, I believe they should, I think some action should be taken, like sending observers to the country, provided they can get in."

Mrs. Herman Spitzer, 8 Cambridge Court—"They should only to determine once and for all what the U. N. can do, how far its power extends in the world, and what reaction there would be to a real show of that power."

Mrs. Robert Steinhilber, 15 Pine Brook Court—"Yes, I believe they should, I think some action should be taken, like sending observers to the country, provided they can get in."

Mrs. S. Thomas, 78 Hickory Grove Drive—"I'm divided on that issue. My heart is with the Hungarians, but I think the U. N. has to prove itself and should intervene in Hungary."

Mrs. John S. Warren, 3 Huguenot Drive—"I think they should."

FELON ADMITS 4 COAS DEATHS LOS ANGELES (AP)—A thirty-three-year-old ex-convict has told police that four times in a little more than a year he has carried out an urge to kill.

Stephen Nash, a 6-foot-2, 180-pound transient, was picked up yesterday with a blood on his hands and on a hunting knife which he carried.

Police say the blood is that of ten-year-old Larry Rice, found dying from 39 stab wounds at Santa Monica Thursday.

Police say Nash admitted killing the boy and then buried out confessions to three other west coast slayings.

21,500 Refugees To Be Admitted Red Tape To Be Cut, President Announces

AUGUSTA, Ga. (AP)—President Eisenhower, moving to aid "the victims of Soviet oppression," announced today the United States will admit 21,500 Hungarian refugees—more than four times the number planned originally.

The total is being raised from 5,000, the White House said, because of "an emergency problem" thrust upon Austria by scores of thousands of refugees crowding in that nation from Hungary.

Referring to the jump to 21,500, a statement issued by Mr. Eisenhower's vacation headquarters here said: "When these numbers have been exhausted, the situation will be re-examined."

Red Tape Cut "Because of the emergency nature of the problem, the administration is using a cut-the-red-tape procedure."

Of the 21,500, only about 6,500 can be brought into the U. S. under the Refugee Relief Act, which expires Dec. 31.

The other 15,000 will be admitted as "parolees" under discretion given to the Attorney General, the White House said in the Immigration and Nationality Act.

Persons admitted as parolees have no permanent residence status in the U. S., but it was announced that Mr. Eisenhower will ask Congress to enact emergency legislation to let Hungarian refugees in that category stay in this country.

The White House said Mr. Eisenhower intends to ask Congress to include provisions to give some Hungarians who have found asylum in other countries the opportunity to apply for permanent residence in the U. S.

The President has directed Defense Secretary Wilson to work out arrangements for transportation of the larger quota of refugees to this country from Austria.

BRITAIN, FRANCE AGREE ON SUEZ Plans Not Disclosed, Turks Fear Red Action

LONDON (AP)—Britain and France were reported today to have reached full agreement on their next steps in the Suez Canal dispute. There was no official disclosure of what these steps would be, but there were increasing signs the two allies planned an early withdrawal of troops from Egypt.

Diplomatic officials said here last night Britain had informed France and certain members of his committee accordingly hastened to draft their conclusions.

The draft was submitted as representing the views of Frank and certain others who shared its writing with him.

Frank's statement made two major points. First, the use of such a powerful weapon as the atomic bomb would necessarily involve the killing of thousands of people. This was morally repulsive.

Father Hurt Calling For Assistance

BY MICHAEL LAZARE and MILTON GOODMAN MIAMI (AP)—A mother and her three children perished in a roaring fire today which raced through their one-story home on Bryn Lake Road while the father calling for help.

The fire, the worst tragedy of kind in Westchester in three years, killed Mrs. Frances Hall, 44, five, her sons, John, five and half, and Spencer, four, and daughter Patricia, two. The husband, Ronald S. Hall, forty, a repairman and interpreter at the United States, was in Northern Westchester Hospital today suffering by and sings and cuts of the hand. He was admitted in dazed and depressed condition.

Mother Atop Children The mother's body was discovered about 40 minutes after the fire got to the scene. She was lying atop the children in the bedroom. First Aid Society firefighters today said the woman and children suffocated and that the flames later set Mrs. Hall but not the children. She was apparently trying to get something on the children but being choked when overcome. She was pronounced dead at the scene.

U. S. 'Bettors Own Record In Olympics

UNITED STATES bettors the Olympic record with a total of 15 gold medals in the men's track and field competition which closed today and retained a respectable 17 gold medals in the women's track and field.

Today's haul included a world record triumph in the women's high jump, a fourth consecutive basketball championship, two swimming victories and a pair of individual world titles.

"That gave the Yanks a total of 47 points to 331 by Russia, the runner-up."

The basketball title was claimed by an 88-33 victory over Russia. Bob Clotworthy of Mountaineer State, and Don Hargis of Palo Alto, Calif., finished one-two in the men's springboard diving. Bill York of Northampton, Mass., won the 200-meter butterfly event in the swims, but Australia swept the women's 100-meter free swim.

Jim Boyd, a rocky Mount N. C. light-heavyweight, and heavyweight Pete Rademacher of Grandview, Wash., won the boxing gold medals.

Chaotic Hungary's official newspaper said today a proposal to the country's political and economic chaos is a long way off.

It painted a grim picture of life in the revolution-torn country.

Nepzabadosz, organ of puppet Premier János Kadar's ruling Hungarian Communist Party, conceded: "It is painful but true that many people won't believe our promises now, but we must try to wipe away the distrust."

Budapest radio announced that the Kadar government—put in power by a massive onslaught of Soviet tanks Nov. 4—had begun breaking up the nation's big peasant-owned collective farms and returning the land to the peasants.

This was one of the demands of the rebels who had power here before the Soviet attack ousted their nationalist government.

Nepzabadosz made a new appeal for cooperation in settling Hungary's torturing economic crisis. It appealed to former Communists who quit after the Russian intervention to return to party.

"Thousands of our people are freezing and without roofs over their heads," said the article which was broadcast on the government radio. "Winter is in the air and we don't know whether we will have heat for Christmas, schools and homes."

"Inflation threatens. Our factories are ready to operate (they have been mostly idle since the war began Oct. 23) but they don't have enough coal."

"At our borders stand aid shipments and trade materials but we cannot transport them because of railroad strikes."

To Tell Of Inn On TV  
Chris Ptas, owner of Green Haven, East Post Road, Carmansville, at 1 P.M. tomorrow will appear on a program on television at a Restaurant Owners on TV Channel 7.

It will be asked about his restaurant's history and his particular menu specialties.  
The building housing the restaurant was once in two sections, one a sales and engineering office during the development of Green Haven, and the other a barn. In the late 1920s the two were joined and became a French restaurant and art gallery.

It later became known as "The Blue Haven Inn." Tom Novak was a world-famous clown, and upon his death it became the property of Mr. Ptas.

**Town Budget Hearing**  
A public hearing will be held at 7:15 P.M. tomorrow on the 1951 budget of the Town of Larchmont, adopted last month by the Town Council.

An item of considerable interest will be one of \$7,500, including "tentatively" last month, to the Town through its recreational director, James Kronsberger, to take over the Summer recreation program hereafter run by the School District.

Also on the agenda are water-main extensions, along Flenington and to the A. V. Breaker, along E. and along Laurel Avenue.

There is a communication from Dr. Deschler regarding the rights to travel certain streets in the town, granted to Liberty Coach Co., by the Town of Larchmont.

Another communication is from Hubert M. Finney, developer of an estate on Palmer Avenue, pointing out that his mortgage includes walks and curbs and asking that the Town Council express itself in this respect.

A third communication, from Daniel L. Eggers, calls for a change in the garbage area, asking that it be stopped and suggests ways of improving the section.

**Sheepskins for Poodles**  
Moppet and Missy, two-year-old grey French poodles owned by Dr. and Mrs. Leo Schwartz of 10 Claffen Avenue, Larchmont, were graduated last night from the Post Chester Obedience Training School, receiving certificates at the Purchase School.

While their proud stiff-looking mother, Bebe, looked on, Moppet received her first prize in the poodle class, Missy, aged 18 months, was shown by Mrs. Elliott Robinson at the graduation class.

High miniature poodle owned by Mrs. Roxane Star, well-known member of the Fennimore Players, received third prize in the miniature class, and fourth prize went to Maggie, a Bassett hound owned by Curtis Moore of Larchmont, in the beginners class.

Other graduates receiving certificates were Mrs. Roy West's miniature French poodle, B & B, and Virginia Rendick's dachshund.

Classes will resume in March. Mrs. Elanche Sanderson is secretary and further information is available from Mrs. Jack Danner, secretary, of Gladale Park Garden Society, Training Director for the beginners class will be held Friday with Miss Sanderson acting.

**Nonexistent Eliminated**  
The Larchmont Village Board last night got rid of a local street problem by simply eliminating the name of the street.

Out-of-town truck drivers have been finding that while an Orchard Road exists in the Town of Larchmont, there simply is no roadway existing where the village maps say Orchard Road is located in the Village.

The maps put the street between Gulon Lane and Woodbine Avenue with an entrance off Kene Avenue. But there is no street except on the map.

Board members discussed whether they ought to change the name of the street and retain it on the map, but decided simply to eliminate the name entirely. Map makers are to be notified.

**Outmoded Commode**  
The Larchmont Village Board learned last night that its police lockup is more than 30 years behind the times in certain respects.

The lockup, which two years ago became virtually a male domain when the Board acted to eliminate the women's cells, was cited in a report from the State Correction Commission as being outmoded as far as the lockup concerns are concerned. The fixtures were installed when the lockup was created in May 1922.

The Commission recommended that modern sanitary fixtures be installed.

The Board moved to have this item handled immediately.

Village Board Letter  
Also Approves Switch Of School's Program

The Larchmont Village Board last night unanimously moved to join the Town of Mamaroneck in the Town's recreation program by agreeing to allow the Town recreation director to supervise recreation activities in the Village.

Mayor John B. Coffinberry asked that a letter be sent to the Town Council approving a tentative item of \$7,500 to be used for the absorption by the Town of the Summer school recreation program recommended by the Board of Education.

Mayor Coffinberry's action in effect commits the Village to the town program, but Board members wanted it stressed that Village facilities would not be taken over by the Town.

Trustee William White pointed out that Larchmont Village has five parks to the Town's one, in asking the Town for the Village Recreation Committee which effect the proposal would have on the facilities.

Mrs. F. Warren Green, chairman of the Village Recreation Committee, which had recommended to the School Board that it take over the Summer program, said that only the children of the Village would be taken over.

Mr. Hetchokis, chairman of the Village Recreation Committee, said that the program would be taken over by the Department of Public Works to amalgamate the sewer treatment plant with the recreation program.

# Officials Hunt Sabotage Clues In Brooklyn Pier Blast Killing

NEW YORK (AP) — Fire officials started a full-scale probe today of the huge Brooklyn pier fire and blast that killed nine and injured 27. The FBI is investigating the possibility of sabotage.

The chief of the New York City Fire Department said that the fire started at about 3:25 P. M. in a sale of pier sheds and glass windows.

The roiling fire coupled with a shattering explosion yesterday caused damage estimated at \$10 million by Vincent O'Connor, Commissioner of Marine and Aviation.

**Fire Starts in Rubber Plug**  
A dock worker said the fire started at about 3:25 P. M. in a sale of pier sheds and glass windows.

The fire was burning toward the waterfront.

The shock radiated five miles from the explosion. The swoosh of shattered windows five miles away.

Hot Lead  
Chunks of white-hot steel weighing as much as 50 pounds arched over the water.

The blast killed three boys in their tracks. The exciting sight of the steel flying had lured them to the scene before the explosion.

Three dockworkers and three other men were also killed. One was decapitated.

Screaming ambulances raced away with the scores of injured, many of them spectators. Hospital beds were soon jammed.

Edward F. Cavanaugh Jr., New York City Fire Commissioner, said the Mayor's fire has already constructed lot on its property.

In discussing the proposed amendment to the Zoning Ordinance, Mr. Zoning Board member, said that it would be specifically so that it would be lawful for the hotel manager to construct a parking lot on the premises.

Once plans were in hand to produce a parking lot, it became a matter of finding a suitable site for the parking lot. The leader of this enterprise was Mr. Robert Oppenheimer, who had a large parking lot in the city.

I had met Robert Oppenheimer in 1927 when he was a member of the Young Men's Association.

### Van Tassel Quits Force

Van Norman Van Tassel of the Mamaroneck Police Department resigned yesterday as a member of the force.

He joined the force on Jan. 1, 1948, after two years and four months with the Westchester County Fairway Police. Prior to that he served three years with the Navy in the European theater and participated in five major invasions.

Mr. Van Tassel said today that he resigned on orders of his superior after the Village Board had issued instructions to Chief Jeremiah Geary that he was to be taken off light duty day work. He had worked in 1952, and for a year and a half before last September took regular duty, he said, and wound up in the hospital again.

He lives at 125 Prospect Avenue, Mamaroneck, with his wife, the former Martha Emily Preston of Lawrence, Mass. They have three children, Norman Jr., twenty-five, who served in the Navy during the Korean conflict; Robert, twenty-two, who served until recently in the Navy; and Betty Jane, ten.

### Trains In Kentucky

Dr. William H. Stoeber, son of Mr. and Mrs. Charles D. Silcock of 707 East Post Road, Mamaroneck, has been assigned to the 11th Station, 4th Infantry Training Regiment at Fort Knox, Ky., for basic training.

A graduate of Bellows High School, Ft. Silcock attended Long Island Agricultural and Technical Institute at Farmingdale for a year and a half before entering the service.

### Cheer For Wingdale

Mrs. Cora Wilson of 149 Forest Avenue, Larchmont, is again starting her annual project of supplying cookies, and cigars for Christmas to indigent patients at Wingdale Hospital. Last year 6,000 patients were remembered.

Beginning Monday Mrs. Wilson will be at 95 Post Road all day and evening ready to receive and wrap the articles, and to make sure she needs volunteers. There is plenty of work for many hands, Mrs. Wilson said.

The store and electricity this year are provided by B. George Ador, Larchmont resident, of 400 Park Road, and Mrs. Wilson wanted to be sure that the electricity was not cut off. Last year she had to pay for her own electricity.

### Brewery Asks Variance

The F. & M. Schaefer Brewing Co., which has a distilling plant at 1023 Mamaroneck Avenue, Mamaroneck, at 8 P. M. tomorrow will ask the Mamaroneck Village Zoning Board of Appeals for a variance to permit the storage of racks of a proper number of kegs in the rear yard at 8 P. M. tomorrow.

This is the only case scheduled to be heard, although a decision is expected on the application heard Nov. 1 when they were asked for the right to develop property at 1023 Mamaroneck Avenue and West Post Road with a modern garage structure.

### 726 Streetlights Out

Most of the streetlights in Mamaroneck and Larchmont were blacked out at 5:26 P. M. yesterday, and 251 of them remained out until 8:55 P. M. a spokesman for Con Edison reported today.

He reported that 726 streetlights were affected, and that the first 131 were restored at 8 P. M. Six minutes later 243 more were reported back in operation, two minutes after that another 178.

### Seats For Seats

Girl Scout officials are having a problem properly furnishing their new headquarters, the Mount Pleasant Avenue, Mamaroneck.

Folding chairs in particular are badly needed, as well as standing lamps, a small table and a bookcase. At present, when there are stable meetings, chairs must be rented.

### South Africa Arrests

JOHANNESBURG, South Africa.—Detectives raided homes and offices in various parts of South Africa at dawn today and arrested 40 whites, African Indians and colored persons (persons of mixed blood) on charges of racial segregation.

CLINTON, Tenn. (AP)—A federal judge at Knoxville next scheduled to take up Clinton's newest outbreak of racial violence.

Judge Robert A. Taylor in U. S. District Court said he will decide whether to issue contempt of court warrants for persons accused of taking part in violence which caused the Clinton High School to close indefinitely yesterday.

A Baptist minister, a white man, was beaten after he escorted six Negro students to the school past a jeering crowd. Inside the school a teacher was killed by a Negro student who had been expelled from her classroom door and asked "where the niggers"?

An explosion shook the Negro west of here, last night. No injuries and little damage were reported. The blast apparently resulted from a moving car, exploded in the yard of Arvi Hall, forty-nine.

### Okay Given For \$180,000 School Wing

NEW ROCHELLE.—An eight-classroom addition for the George M. Davis Jr. Elementary School was approved by the Board of Education last night.

Under recommendation of School Plant Planning Committee chairman Kenneth R. Low, the board authorized the \$180,000 wing.

The school planning chairman noted that normal capacity for the school is 650-750 and present enrollment is 833 students, who are using emergency rooms.

## BEVINS ATTACKS EDEN DEFENSE OF EGYPT INVASION

British Action Halted Spread of War, Lloyd Tells Commons

LONDON (AP)—The Eden government challenged its Laborite opposition today to dispute that British action in the Middle East stopped war from spreading there.

The challenge, voiced by Foreign Secretary Selwyn Lloyd, drew a quick rejoinder from Aneurin Bevan, the Labor Party's foreign policy spokesman.

"On the contrary, the government cannot avoid at the war," Mr. Bevan declared.

The clash came in the midst of the invasion of Prime Minister Sir Anthony Eden's government was made. The Labor opposition is demanding his downfall. Even some in Sir Anthony's own ranks are opposing him because of his policy in the Suez crisis.

Mr. Lloyd charged Mr. Bevan with being "clever" and refusing to answer his challenge. Mr. Lloyd said:

"It is quite plain that the opposition are not prepared to face up to the questions I have put, because they know quite well in their hearts that what I state is true."

Mr. Lloyd argued that because of the invasion of the magnitude of the Soviet penetration of Egypt has been revealed.

LONDON (AP)—Britons faced up with a shudder today to the bill for the invasion of Egypt. The country's ruler was hit squarely by focus of mounting inflation, unemployment, wage strikes, high taxes and crippling fuel shortages.

## Budget Assessed Impact: Recreation Budget Cuts Days Late

### Tax Rate Up To \$15.84 For 1957

A budget calling for an increase of 10 cents per \$100 of valuation for residents of the unincorporated area, but with no new Town tax for the 19th straight year, was approved last night by the Mamaroneck Town Council in a meeting in the Weaver Street Firehouse.

### Would Drop 9c

The net operating budget is \$611,992.90 compared to \$522,589.69 for 1956 and a tax rate drop of 91 cents would be anticipated were it not for the capital expenditures since the assessed valuation increased by \$2,612 million.

Mr. Butler said Sir Anthony "would wish to face the music" a reference to the controversy raging in Britain over his Suez invasion policies.

### Board Hints Schools May Take It Back

At the end of the meeting and after most of the more than 50 taxpayers had left believing that the matter of recreation under Town auspices had been settled, Councilman Peter F. Kane Jr. introduced a motion, passed unanimously, that the Town Council recommend the inclusion next year in the school budget of \$750,000 to cover next Summer's recreation program in case the Town, through the Recreation Commission, fails to take over the program. The motion was supported by Councilman Jeremiah C. Waterman.

### Highlights of the lengthy discussion included a further request by the Recreation Commission that it was not "admirable" about not taking over the entire program in 1957, that everyone present, including representatives of three civic organizations, favored the inclusion under James F. Cross' leadership, recreation director of the Summer program, and that \$650 would be saved.

### Atomic Quest Hopes For Future Civilizations in Peaceful Use of Energy

Last of a Series By HENRY H. COMPTON It is not possible as yet to weigh accurately the significance of a steady trickle of outward disposal of the energy of the atomic nucleus. But for what they are worth, here are some of our judgments.

### Atomic Quest Hopes For Future Civilizations in Peaceful Use of Energy

As long as the world must live with war or the threat of war, the ultimate advantage is on the side of peaceful atomic energy.

### Atomic Quest Hopes For Future Civilizations in Peaceful Use of Energy

In military significance I would rate atomic energy as one of the most important uses of atomic energy at least as highly as the airplane.

### Atomic Quest Hopes For Future Civilizations in Peaceful Use of Energy

It seems to me that in the long run it is human history the truly great significance of atomic energy will be as a source of useful heat and power.

### Atomic Quest Hopes For Future Civilizations in Peaceful Use of Energy

Our applications of atomic energy must be heavily shielded, not only to protect people from the penetrating radiations, but also to protect people from the heat. Reliable calculations set a limit of some 50 watts as the lightest safe shield for a fission of a substantial amount of atomic power.

At the end of the meeting and after most of the more than 50 taxpayers had left believing that the matter of recreation under Town auspices had been settled, Councilman Peter F. Kane Jr. introduced a motion, passed unanimously, that the Town Council recommend the inclusion next year in the school budget of \$750,000 to cover next Summer's recreation program in case the Town, through the Recreation Commission, fails to take over the program. The motion was supported by Councilman Jeremiah C. Waterman.

### Highlights of the lengthy discussion included a further request by the Recreation Commission that it was not "admirable" about not taking over the entire program in 1957, that everyone present, including representatives of three civic organizations, favored the inclusion under James F. Cross' leadership, recreation director of the Summer program, and that \$650 would be saved.

## Tax Rate Up To \$15.84 For 1957

A budget calling for an increase of 10 cents per \$100 of valuation for residents of the unincorporated area, but with no new Town tax for the 19th straight year, was approved last night by the Mamaroneck Town Council in a meeting in the Weaver Street Firehouse.

### Would Drop 9c

The net operating budget is \$611,992.90 compared to \$522,589.69 for 1956 and a tax rate drop of 91 cents would be anticipated were it not for the capital expenditures since the assessed valuation increased by \$2,612 million.

## Workers Seek 'Another Tragedy' Unless Reds Change Tactics

BUDAPEST, Hungary (AP)—A new general strike and bloodshed in Hungary was threatened today.

The Central Workers Council issued a proclamation warning the Soviet-imposed government of Premier János Kadar that continuation of its tactics against elected worker representatives would result in "a general strike, bloodshed and a new national tragedy."

The Central Workers Council has gradually emerged as the leadership of Hungarian anti-Kadar, anti-Soviet feeling. Kadar so far has turned down every demand of the council on behalf of the people and workers, but his own supporters have been so shaky that he has not dared openly to withdraw recognition of the body, the negotiating agency for Budapest workers.

## Red Cross Seeks Aides

Volunteers, whether Red Cross members or not, are needed to help wrap gifts needed for disabled veterans at Montrose Veterans Hospital. It was announced last night at a meeting at 14 E. Board of Directors of the Mamaroneck Branch, American Red Cross, in the home of Mrs. Robert Jensen, chairman.

A group of Mamaroneck volunteers will travel to Montrose Wednesday to help wrap the thousands of gifts needed, and transportation can be provided for several volunteers who may call Mrs. Alex Reed at WA 9-1611.

Mrs. Jensen announced that the quarterly meeting of directors and executive chairman will take place Tuesday at 1:15 P.M. at Red Cross offices, 1 Depot Place.

Plans and problems with regard to the 1957 Red Cross fund and enrollment drive were also considered.

Present at the meeting were Mrs. William Chester, Mrs. Vito Sirovski, Everett Hughlin, Charles Warren, Robert Williams, Mr. Clayton Rawson, and Mr. and Mrs. Jensen.

## Captaincy For Conover

Harvey Conover of 1261 Flagler Drive, Mamaroneck, last night was elected post captain of the New American Station of the Royal Swedish Yacht Club at dinner meeting at the New York Yacht Club.

Mr. Conover had retired recently as commodore of the Cruising Club of America.

At his new post he succeeds C. W. Blunt White of Mystic, Conn., who held the office for three years. Thomas A. Kelly of New York City was elected secretary-treasurer.

Mr. Conover is president of Conover-Nast Publishers Inc., a firm he founded in 1928. He is also director of Anchor Post Products Inc., the Anchor Publishing Co., and R. O. H. Hill Inc.

He moved to Larchmont in 1923 and to Mamaroneck in 1932.

He is a member of the Larchmont Yacht Club, the New York Yacht Club, the Essex Yacht Club, the Press Club, and other sailing and professional organizations.

## Wins 1st Thruway Case

The first case against the New England Thruway in Mamaroneck for property compensation greater than that offered has been decided this week by the Court of Claims in Albany in favor of Mrs. Flora Frauli, formerly of 780 Old White Plains Road. She was awarded \$27,000 for her property, \$10,000 more than originally offered by the State.

Mrs. Frauli was represented by Judge Reuben Sirovski of Mamaroneck and J. S. Holt of Albany, who was associated with the case with Judge Sirovski. The decision was handed down by Judge Sydney Equine.

Mrs. Frauli had received an advance of \$15,520 against the \$27,000 offered, and will now receive \$13,080 more.

## Parking Hearings Set

The Larchmont Village Board has set Dec. 17 as the date of a public hearing on an amendment to the zoning ordinances which would change the overnight parking fees at the West Avenue and Glider Street parking lots from \$5 a month to \$2.50, and the daytime fee at the Old Street lot only, from \$3 to \$2.50.

Discussion at the hearing will also revolve around an amendment to the parking ordinance which would limit licenses for the residents-only parking section at the railroad station to vehicles not used for commercial operation.

A public hearing on the request of the Hotel Bevan management for permission to construct an over-permissable parking lot has been set by the Board for Jan. 6.

## Mamaroneck Zone Board Awaits Full Plot Plans

Decision was reserved last night by the Mamaroneck Village Zoning Board of Appeals on an application from the F. & M. Schaefer Brewing Co. for the use of land off Mamaroneck Avenue and adjoining its present lot as a parking lot for trucks.

No decision will be made, Conrad Heine, Board chairman announced, until a plot plan showing planting and parking arrangement in detail is delivered to the Board. The land is now zoned Residence A.

By an irregularly shaped lot adjoining and running to the west located Mamaroneck River. Most of the lot is now zoned Residence A.

Under that residence — Mr. Hugh told the Board he has owned the land for six years, and the entire Mamaroneck Avenue frontage, formerly holding greenhouses, has been taken by the Thruway authority for road roads. It is not usable, he said, for residence purposes because of its irregular shape.

Alvin Heuchst of 61 Howell Avenue, Larchmont, company secretary, said the lot would be used for parking only and no overnight storage. In building of any kind will be erected, he stated, and the entire area will be backstopped and zoned to meet the request of the Board. On behalf of the company he agreed to change the application to read "parking" instead of "storage" of trucks.

James E. Henson of 628 Larchmont Street, Mamaroneck, Westchester sales manager, stated that the company had bought the building across the street, made a beer depot in it.

## '56 Winner To Help Entrants In '57 County Science Fair

Mr. and Mrs. Edward J. de Revere of 155 Harding Avenue in an enthusiastic Science Fair supporter and will help with the second Fair, Ducking Dance. He couldn't be because he was called away to emergency duty at White Plains Hospital.

The duty was as watchtower operator, but it is a taste of life for Mrs. de Revere's to become a doctor.

As a White Plains High School science last year, he won a prize in an exhibit titled "Visceral Circulation in Rats" and entered it in the first Westchester Science Fair in April at the County Center. His investment of \$250 in cash and eight months' work brought him first prize in the senior boys' biological division.

However, participation in the Fair also provided him the opportunity to compete for and win one of the two full-year scholarships offered by NYU to senior interested in a science career.

Grants Awarded Offered — Westchester County Publishers Inc. and NYU are sponsoring the second Westchester Science Fair April 4, 5 and 6 in the County Center. Once again the Fair is open to all students in grades 7 through 12 of the county's public, parochial and private schools. Once again, NYU is offering two four-year scholarships.

# Eisenhower Protests Pentagon 'Leakage'

AUGUSTA, Ga. (AP)—President Eisenhower complained to Defense Secretary Wilson today that "leakage" of military budget figures and manpower plans to the press is "something that's got to stop."

The President remarked about the matter as he and Mr. Wilson were about to start a conference on Pentagon plans reportedly called for \$28 billion in defense expenditure during the fiscal year starting next July 1.

The informal discussion about "leakage" of Pentagon data in advance of any official release for publication was in the presence of two pool reporters representing newsmen assigned to cover the President.

## Car A Torch; Many Leap To Safety

CHICAGO (AP)—A flash fire on a moving four-car wooden coach elevator train today killed the motor-man and injured an estimated 40 passengers.

The Chicago Transit Authority train was bound from suburban Evanston to downtown Chicago. The fire burst forth as the crowded rush-hour string of cars neared the Howard Street station, just inside the north city limits.

Russell Lane, Associated Press reporter who was riding in the second car, said the sudden blaze, confined to the first two cars, threw passengers into a panic.

Mr. Lane said the first car, where the blaze started, "went up like a torch." He said some passengers in the forward car fought their way to other cars while many riders leaped through closed windows to the elevated right of way.

The train came to a halt south of the Howard Street station, near Jarvis Avenue where passengers fled to safety.

Mr. Lane said he walked to the rear of the long train and dropped to the ground as other passengers fled south of the Howard Street station in New Castle.

Most of the injured, taken to a dozen hospitals on the North Side, were suffering from burns, smoke inhalation and cuts.

Mr. Lane said the fire erupted from a smoke in the top of the car, broke out in the top of the car as the train neared the Howard Street station, and continued to burn without stopping down the street.

The train began to slow down as a smoke began pouring back from the head end.

When he said, passengers in the front car began streaming through into the second car amid a shout to "get out."

Mr. Lane said a jam occurred in the forward car because of a narrow passage between the cars began pouring back from the windows as flames enveloped the car.

When the train was destroyed, the second badly damaged. Other cars in the train were not affected.

On the ground, Mr. Lane said, he saw a number of riders prostrate, some with faces blackened by fire and smoke. Others were bleeding from cuts on their arms as fellow passengers offered aid.

# Disclosures By Siano List 4 More Frauds

WHITE PLAINS—Four additional swindles, totaling \$100,000, were admitted yesterday by ex-Judge of the Peace Matthew J. Siano of Eastchester, raising to \$194,325 the amount he has defrauded legal clients.

The added disclosures were made by the County Jail to Frederick E. Weeks Jr., Chief Assistant District Attorney, in the presence of Siano's attorney, Mortimer C. O'Brien Jr. of White Plains.

Mr. Weeks said Siano mentioned a fifth matter involving another \$500 but that this may not be "criminal."

In Witnesses Realized — The annual jury is in full day session today on the swindles, District Attorney Joseph F. Gagliardi has indicted about 30 witnesses.

Mr. Weeks broke down the \$100,000 this way:

Siano took \$750 after he took \$1,400 from a client to settle an income tax claim which he misrepresented as \$200.

He was given \$3,000 for the purchase of a piece of property in Putnam County, partially from the purchase price and partially for his legal fees. No debt was completed when Siano took the title to the property defective. He kept all the money.

\$6,000 reported Siano

A client gave Siano \$6,000 to buy property in Eastchester that was under foreclosure. As far as Siano knows, the foreclosure sale has not yet been held.

He got \$250 in part or full settlement of a lawsuit but kept the money.

The \$900 matter involved money given Siano by a client who was buying a restaurant.

Mr. Weeks said he declined to reveal names of grand jury witnesses who, though involved in the swindles, have a more profitable business. Just at a resident of Larchmont did with the following add the pieces in the Daily Times and other Westchester Group Newspapers:

### Collection Points Set

Four collection points have been arranged in Larchmont for the collection of clothing by the Society of Friends of Hungary for the relief of Hungarian refugees, it was announced today.

They are at Klein's, 1951 Palmer Avenue; Gloria's, 149 Larchmont Avenue; Pied Piper, 14 Chateaufort Avenue, and The Accessory Shop, 1851 A Palmer Avenue.

Knitted goods, socks, gloves, underwear are acceptable if in usable condition. Also needed are yarn and knitting needles which will provide material for volunteers who will knit blankets. Stitches limited sweater may also be donated to be made up into blankets.

Volunteers are invited to contact Mrs. James Mancusi, Larchmont Welcome Wagon station at TE 4-2877.

Larchmont Girl Scouts will aid in picking up the clothing and will participate in the knitting program.

### Rye Neck Registry

Registration will be held tomorrow from 4 to 8 P.M. at the Larchmont High School for voting Dec. 19 on a proposition to extend Horridge Road, entrance to the new Rye Neck High School, to the Village of Mamaroneck.

Horridge Road is part of the Palmer tract on which the new school is being constructed and will become a public road to the new school if the proposal is passed by the voters.

Passage of the proposal will permit the construction of future residents who were registered for the June 19 vote on the inclusion of a Junior High School wing of the new building need not register tomorrow for next week's vote.

### Salk For Adults

A polio immunization campaign among older Village residents has been begun at the Mamaroneck Health Center by Miss Mary Flinn, supervising public health nurse, and her staff who are distributing posters throughout the Mamaroneck Nursing District, to assist the campaign.

Under the auspices of the Westchester County Health Department, the campaign is aimed at adults to age 40 to report to their doctor for immunization with Salk vaccine as soon as possible in order to forestall the outbreak of polio in both children and adults.

Dr. William A. Brumfield Jr., county health commissioner, has reported that of a total of nine recent County polio cases, eight were persons 35 years of age or older. He said there has been a gradual shift in the incidence of the disease into the older age group.

### Commands Company

Cadet Howell H. Jordan Jr., son of Col. and Mrs. Howard Jordan, of 828 The Parkway, Mamaroneck, was recently appointed a company commander in the 10th Regiment of Cadets at the U. S. Military Academy at West Point.

Cadet Jordan, in his fourth year at the academy, is a member of the Honor Company and the French Club. He is a 1953 graduate of College Park, Ga., High School.

Col. Jordan is a 1927 graduate of West Point.

## No Reduction Asked In County's Budget

By MILTON HOFFMAN

The proposed 1957 County budget went into the public steam bath last night but the public didn't turn the steam on.

The net budget of \$42,306,001 endured 22 minutes of modest criticism, praise and suggestion, but Mr. and Mrs. Westchester didn't ask for a reduction by a single cent—something believed to be without precedent. In fact, Mr. and Mrs. Westchester demanded a single word on the hearing, leaving comment to four county service units for 1957 to down 2 cents per person and civic organizations. The tax rate for 1957 is down cents per \$100 in assessed valuation.

The annual public hearing was held at the Surrogate's Court about 80 persons, most of them members of the Board of Supervisors, County Executive James D. Hopkins and his cabinet and department heads and members of their staffs attended. Howard H. Schrecker, chairman of the Board of Supervisors, presided.

### LWV Represented

The League of Women Voters, represented by Mrs. Morris Knolls of Scarsdale, president, and the Joint Committee on Public Assistance, represented by the Rev. James T. McDonnell of White Plains, chairman, addressed the need for recruitment of adequate personnel for the Department of Public Welfare, the Westchester Women's Council of the National Council of Jewish Women, represented by Mrs. A. G. Whyte Jr. of Chappaqua, chairman, concentrated its remarks on the Westchester Children's Detention Cottage. William Fitcher of Mamaroneck, speaking for the Westchester Historical Society, requested that the board of the John Jay Home in Bedford.

## Kronenberger To Help

The Mamaroneck School System is sponsoring the Winter basketball program for boys and has enlisted the aid of James Kronenberger to set up the project. Dr. T. James Abern, superintendent, last night told the Board of Education at a meeting in Mamaroneck Avenue School.

Mr. Kronenberger, director of recreation for the Town of Mamaroneck, will act as a "tax citizen," Dr. Abern said.

He also reported that the Town Council has included a sum of \$7,500 in its budget to cover the costs of recreation during the Summer months, but has not requested that the School District place a similar amount in its budget in the event the Recreation Council does not approve the project.

"I don't think the extra \$7,500 will be necessary," Dr. Abern said. "It appears to be just a spare arrow shot up by the Town Council."

Dr. Abern also expressed appreciation to the editor of "The Daily Times" for the stand taken in developing a unified community instead of merely school recreation programs.

## Yule Party For Pets

Even the dogs and cats are going to have a Christmas party, and the public is welcome to attend. T. Roosevelt Allen, president of the Westchester Shore Humane Society, 7 Harrison Avenue, Hartford, announced that the party will be held at the shelter from 2 to 4 P.M. on Dec. 22. The animals will have special treats and presents, and the public will enjoy coffee, cold drinks, and other refreshments.

Mr. Allen stated that a variety of breeds of dogs, mixed-breed puppies, cats and kittens are on hand and offered for adoption. It would be a special opportunity, he added, to take an animal home and give it a real Christmas.

## Retirement Deadline

Teachers in the Mamaroneck School System who plan retirement at the end of the fiscal year ending June will receive the equivalent of an extra month's salary if they announce their intention to retire by Feb. 1. The Board of Education decided last night.

Last year the date for such allowance was March 1, but the Board moved it up a month because of the time needed to receive good placements.

Dr. T. James Abern, superintendent, told the Board that the market is so tight that planned retirements should be announced as early as possible to give the school and engage new highly qualified teachers.

## Social At St. Vito's

An 8 P.M. Saturday social will be held this week by the Holy Name Society of St. Vito's Church, at the Church Hall, 100 Mamaroneck Avenue. It was announced by the executive board of directors.

## Lock That Barn Door!

The Mamaroneck Board of Education last night moved to explore the possibility of asking its bank depositors to lock their barn doors against deposits.

## Oil Field Bombed

LONDON — The British Foreign Office said today "a number" of bomb explosions rocked the Kuwait oil field in the Persian Gulf yesterday. Only one of the 185 wells in the field was damaged and overall production is unaffected, a spokesman said.

# RUSSIANS FACING U.N. CENSURE, AUM CHARGES AT U.S.

## Washington Accused Of 'Subversive Action' In Assembly Attack

UNITED NATIONS — The Soviet Union formally laid before the General Assembly today a complaint against the United States with "subversive action" in the Soviet-dominated council of eastern Europe.

The move came as delegates to the 12-nation assembly gathered to hold an American-backed resolution condemning Russia for tampering in Hungarian affairs.

Specifically, the Soviet delegation proposed that the United States add to its list of countries under intervention by the United States such as India and other countries of the peoples democracies and its subversive activity against those countries.

Such charges had been made by the Russians in previous sessions of the General Assembly and rejected as unfounded.

Three more sponsors — Spain, Turkey and Cuba — today voted to support behind the resolution to condemn Russia, bringing the total sponsorship to 20 countries.

The 20 sponsors met last night to discuss a companion resolution proposed by India and other countries of the peoples democracies — Burma, Ceylon and Indonesia. The Asian proposal was also adopted.

The U.S. chief delegate, Henry Cabot Lodge Jr., said he would be a special opportunity, he added, to take an animal home and give it a real Christmas.

## Harper Heads Holy Name At Holy Trinity

Roger H. Harper of 219 Maple Avenue, Mamaroneck, last night headed the Holy Name Society of Holy Trinity Church, 100 Mamaroneck Avenue. He succeeds James Dugan, who resigned before his term began in January, for business reasons.

Others who met with the members of the parish and friends inducted by the pastor, Rev. Charles J. McCarthy, treasurer, and Rev. M. J. Smith, secretary.

At the meeting the members paid respects to the late Joseph J. McCarthy at the O'Neill Funeral Home.

Following the meeting the members met with the members of the parish and friends inducted by the pastor, Rev. Charles J. McCarthy, treasurer, and Rev. M. J. Smith, secretary.

Mr. Harper is a local attorney, secretary and director of the Mamaroneck Bar Association, he is a member of the Westchester County and Village of Mamaroneck Bar Association, he is a member of the Mamaroneck Lions Club and counsel, secretary and director of the Mamaroneck Chamber of Commerce.

# Most Of Invaders Escape Damage At \$1 Million In Irish Terror Raid

## Exception Ruled Out On Kindergarten Deadline

The Mamaroneck Board of Education, despite a plea from a parent that his daughter be permitted to enter kindergarten now instead of next September, failed to take any action last night on changing its policy of requiring that any child who becomes five years old on or after Jan. 1 of any year may not enter kindergarten until the following September.

The parent, Andrew Takas of 60 Kane Avenue, whose daughter will be five on Dec. 10, asked that testing of the child be made before September in order to ascertain whether the child is ready to skip kindergarten entirely at that time and enter the first grade.

Dr. Francis McIntyre, president of the Board, and Robert Garlock, trustee, both stated that the entrance age rule does not admit extension and that in that grade a child should go "must rest with the professional staff and administration."

Within Two Weeks It was further pointed out that the transition from kindergarten to first grade can be made within the first two weeks of school or immediately after teachers and psychologists have had opportunity to study the child and his capabilities.

Mr. Harper is a past commander of the Mamaroneck Post 1354 of the Mamaroneck Community Chest of which he is a past president.

He is married to the former Dorothy Burton of Boston who served in World War II as a lieutenant in the WAVES. They have six children, Judy, ten and a half; Jimmy, eight; Dick, five and a half; Terry, three and a half; John, two and a half; and Roger Jr., one and a half.

## Board Admits Invaders Entering Age

Most Of Invaders Escape Damage At \$1 Million In Irish Terror Raid

RELIANT, Northern Ireland — The outlawed Irish Republican Army staged a mass raid at 12 points in British-held Ireland today, causing an estimated \$1 million damage.

Before they were beaten back by the Royal Ulster Constabulary, the invaders blew up a \$100,000 Brookside station, radio transmitter, two buildings and two bridges, set fire to a courthouse and tried to capture a military barracks.

They set off what police described as "a night of terror" along a line stretching almost 20 miles across Northern Ireland (Ulster). Five of Ulster's six counties were affected.

A policeman was wounded slightly. Five raiders were captured before the invaders fled. Police said at least three of those who escaped were wounded. The constabulary found two bullet-riddled cars, machine guns and hundreds of pounds of ammunition.

Cyclists Hunt Invaders Heavy detachments of constabulary, and helicopters and police dogs, were thrown into the hunt for the fleeing invaders. Barbed-wire roadblocks were thrown up at the wooded and mountainous border with the Irish Republic.

Police said the raid apparently was a show of strength on the part of IRA leaders to discourage any bid for control by dissident factions within its own ranks. Breakaway groups within the IRA have recently staged minor raids on British customs posts.

The main purpose of the underground organization — outlawed by both the British and the Irish Republic — is to have the six counties of Ulster made a part of the Eire Republic.

Ulster is now a part of the United Kingdom.

The invasion began shortly after midnight. Police reported these incidents: The barracks of the Royal Irish Fusiliers at Armagh was attacked by about 15 men, who threw hand grenades and tried to scale a wall.

Over 600 Acres A dozen men dressed in police uniforms kidnaped the caretaker of the courthouse at Magherafelt and his wife and set the building ablaze. The kidnaped two were released three miles away.

The remaining 500 maturing in U. S. Treasury Bills, includes \$150,000 maturing March 14, \$100,000 maturing Feb. 24, \$100,000 maturing March 21, and \$50,000 maturing Feb. 27.

The remaining 500 maturing in U. S. Treasury Bills, includes \$150,000 maturing March 14, \$100,000 maturing Feb. 24, \$100,000 maturing March 21, and \$50,000 maturing Feb. 27.

## Apology Sent Russia Polish Riots Pread; 88 Jailed In Stettin

WARSAW — New anti-government violence was reported in Poland today in the wake of the mob attack on the Soviet consulate at Stettin. Eighty-eight persons, many of them youths, were reported jailed for the Stettin riot.

Dybouska Laska, official organ of the Polish United Workers' Party (Communist Party), disclosed a crowd attacked a police building in Olecko, a town near the northeastern city of Bialystok.

Order was restored, the paper said, only after the arrival of several scores of militiamen from Bialystok.

The Communist paper reported that crowds demolished municipal offices at Nowy Czekocinek in the northern midlands.

Other demonstrators beat up a Soviet official and a Soviet official in Nieszwana, in the same district. The paper added: "More such incidents can be reported."

Poland's Nationalist Communist government, seeking to avert any repetition of the Soviet military intervention in Hungary, sped an apology to the Soviets for the attack on the Russian Consulate in the outskirts at Stettin Monday.

Newspapers which first played down the riots as drunken looting.

## Seized Officer Killed, Arabs Tell British

PORT SAID, Egypt (AP) — The Egyptian underground says it kidnaped and killed a young British lieutenant.

The report was brought to British headquarters last night in the face of British insistence that the lieutenant be returned quickly — and alive.

The British-French occupation command awaited further evidence before dismissing British a. d. French forces, in the process of withdrawing from Egypt at the demand of the U. N. General Assembly.

The barracks of the Royal Irish Fusiliers at Armagh was attacked by about 15 men, who threw hand grenades and tried to scale a wall.

## Rebels Enticed Soviet Troops Reported Moving, Trip Out of Band of Guerrillas Hinted Out in the Hills

VIENNA — A protest strike against Premier Joseph Kadar's Soviet-imposed government went into its second day today in Hungary.

Word arrived in the West of many isolated clashes between striking workers and Russian soldiers. But so far there was no repetition of the bloodbath with which Soviet troops and tanks beat back the armed Hungarian revolt on Nov. 4.

Kadar sent his security police and Soviet occupation troops to break up workers' demonstrations. The puppet Premier vowed that, having defeated his foes militarily, he will also defeat them politically.

Soviet troops were reported moving, trip out of band of guerrillas hinted out in the hills northwest of Budapest. Informed Hungarian sources said the Russian fighters were encircled, but fighting to escape extinction.

The general strike, ordered to last until midnight, brought industry and commerce almost to a standstill on its first day. A Yugoslav correspondent reported from Budapest that at least 80 per cent of Hungary's workers obeyed the cease work order from the outlawed Central Workers' council. Other sources said that work stoppage was nearly 100 per cent effective in the provinces.

Moscow Radio and Kadar's Budapest broadcasting station played down the effectiveness of the strike. He was taken by police ambulance to United Hospital in Port Chester where he was admitted for treatment. He told police he did not see the car.

Despite martial law and the arrest of some labor leaders, workers stayed away from their jobs yesterday by the hundreds of thousands.

Power plants ran but most of Budapest's big factories were closed. The sound of cannon and machine-gun fire could be heard in the capital. It appeared to come from the vicinity of Gellert Hill, a historic church site. The Red Army is using as a base for tanks and artillery.

A dispatch to Borba, the official Yugoslav government newspaper, said that many isolated clashes throughout Hungary between strikers and Russian and Hungarian troops. The account said: "The Red Army is using as a base for tanks and artillery."

Workers turned up at some factories, but machines still stood idle. A strike of power. Near Budapest, strikers blew up a railroad track to stop local trains. Shops did not set open in many Hungarian towns.

Strike was complete in Debrecen, Győr, Kecskemet and Szekesfehervar, but there was some limited activity in other parts, another industrial center.

About 2,000 strikers demonstrated in the city of Szekesfehervar, about 200 miles north of Budapest, in northeastern Hungary, but there was no bloodshed.

## Pupil Safety Up Again Lacks Authority On Streets, Board of Education Repeats

The Board of Education has no authority to do anything with regard to safety of children traveling to and from school on public streets and the most it can do on the proper agencies to bear on safety, it was reiterated last night by the Mamaroneck Board of Education at a meeting in the Mamaroneck Avenue School.

The matter arose when Mr. and Mrs. Frank Davis of 616 Grand Street, Mamaroneck, complained about conditions with regard to Thruway construction in the area about Grand Street and Mamaroneck Road which they stated were a danger to children.

Mr. Davis suggested that a special referendum be held to provide a school bus from Mamaroneck to Mamaroneck Avenue School.

It also stated that the present bus is a regular run is unsatisfactory in that children must walk on Grand Avenue and must wait the rest of the way to school across Grand Street and Washington Square.

Mr. Davis further recalled that early in the Fall a footbridge had been promised across Peimmore Road "within five or six weeks," then on Nov. 7 at a meeting of the Board, it had been promised.

Sen. Cooney is chairman of the joint legislative committee studying relationships between town and villages. He will discuss the work of the group and discuss legislation being prepared for the 1957 session.

Mr. Sansone will discuss the proposals of the Temporary Commission on the Courts as they affect local courts.

## One Per Hour

One registrant per hour was the order yesterday as the Rye Neck Board of Education held a four-hour period of registry for voting next Wednesday on the proposed deed of homage Road, entrance to the new Rye Neck High School, to the Village of Mamaroneck.

Four new registrants showed in the four-hour period. They will be added to the 802 registrants who were on the books last June. The board passed the proposition to add a junior high school wing to the new school.

There will be 806 voters eligible next Wednesday on the proposal to deed Homage Road to the village.

Voting hours next Wednesday are between 4 and 8 P. M. at Bellows High School.

## Neutrals Split As Assembly Blasts Russia

### UNITED NATIONS U.S.

The General Assembly condemned Russia last night for stamping out Hungary's freedom bid. The vote split Asia's four "neutral" nations as well as the entire Asian-African group of countries.

The resolution, sponsored by the United States and 10 other countries, was adopted by a vote of 58-3 with only the Soviet bloc casting negative ballots. It was the strongest censure the assembly has voted against the Russian military action in Hungary.

The resolution also called on Moscow to pull its troops out of Hungary at once, under the terms of the 1948 armistice. It asked the Russians to "permit the re-establishment of the political and independence of Hungary."

Yugoslavia, Finland and 11 of the Asian-African group of nations abstained on the condemnation resolution. But 12 other members of the Asian-African group voted against the Russians.

India and the other three Columbian nations—Indonesia, Ceylon and Burma—had joined earlier in sponsoring a mildly-phrased counter-resolution expressing regret that the Russians had not withdrawn their troops from Hungary. But in the vote on the U. S. resolution Ceylon and Burma voted to condemn the Russian while India and Indonesia abstained as expected.

Observers said Russia's delegation was more concerned over the split in the Columbian group, whom the Russians had counted for at least implied support, than over the resolution itself. One Russian delegate had implied two previous Assembly calls for withdrawal of their forces from Hungary.

## Russia's Secret Police Boss Takes Over In Try To End Chaos

BUDAPEST—As Tens of thousands of Budapest workers quit work again today only a few hours after returning to factories at the end of a two-day nationwide general strike.

The new walkout was in protest against the arrest of the chairman of the Budapest Central Workers' Council and his chief assistant by the Russian-imposed government of Premier János Kadar.

There was a total walkout in the industrial district of Budapest, which has many textile and tool plants.

The new strike was reported by the Budapest Central Workers' Council and its chief assistant by the Russian-imposed government of Premier János Kadar.

Due to the holidays, no drill will be held. Capt. Babcock will be in charge of the party, on furlough for military service, and Clarence S. Stern, treasurer for many years, and now a life member, were visitors at the meeting.

## West Acts To Quiet Fears

## NATO Pledges No War Of Liberation

PARIS (AP)—The Atlantic Alliance called today for freedom in eastern Europe but pledged itself against a war of liberation.

Foreign Ministers of the North Atlantic Treaty Organization endorsed a five-point declaration of intent on eastern Europe submitted by Heinrich von Brentano, West German Foreign Minister.

NATO officials concluded that the declaration is a Western statement of policy designed to quiet fears in Russia that the West is preparing to launch an attack to liberate the peoples of Eastern Europe.

But Mr. Von Brentano said the peoples of Eastern Europe have a right to know the free world's attitude toward their struggle for freedom, and NATO must not encourage any militant action or uprising that could spill over into Western Europe.

The Atlantic Alliance should strive to finance events through economic and social contacts.

PARIS (AP)—The Atlantic Alliance called today for freedom in eastern Europe but pledged itself against a war of liberation.

Foreign Ministers of the North Atlantic Treaty Organization endorsed a five-point declaration of intent on eastern Europe submitted by Heinrich von Brentano, West German Foreign Minister.

NATO officials concluded that the declaration is a Western statement of policy designed to quiet fears in Russia that the West is preparing to launch an attack to liberate the peoples of Eastern Europe.

# Hungary Strike On Again After Labor Arrests

## Russia's Secret Police Boss Takes Over In Try To End Chaos

BUDAPEST—As Tens of thousands of Budapest workers quit work again today only a few hours after returning to factories at the end of a two-day nationwide general strike.

The new walkout was in protest against the arrest of the chairman of the Budapest Central Workers' Council and his chief assistant by the Russian-imposed government of Premier János Kadar.

There was a total walkout in the industrial district of Budapest, which has many textile and tool plants.

The new strike was reported by the Budapest Central Workers' Council and its chief assistant by the Russian-imposed government of Premier János Kadar.

Due to the holidays, no drill will be held. Capt. Babcock will be in charge of the party, on furlough for military service, and Clarence S. Stern, treasurer for many years, and now a life member, were visitors at the meeting.

## Session On Legislation

State Senator John H. Cooney of Erie County will speak next Thursday at 8:15 P. M. at a meeting of the Westchester Village Attorneys Association at Mamaroneck Village Hall, Mamaroneck Village Attorney Anthony Sansone presiding. The secretary announced today.

## One Per Hour

One registrant per hour was the order yesterday as the Rye Neck Board of Education held a four-hour period of registry for voting next Wednesday on the proposed deed of homage Road, entrance to the new Rye Neck High School, to the Village of Mamaroneck.

Four new registrants showed in the four-hour period. They will be added to the 802 registrants who were on the books last June. The board passed the proposition to add a junior high school wing to the new school.

There will be 806 voters eligible next Wednesday on the proposal to deed Homage Road to the village.

Voting hours next Wednesday are between 4 and 8 P. M. at Bellows High School.

## Neutrals Split As Assembly Blasts Russia

### UNITED NATIONS U.S.

The General Assembly condemned Russia last night for stamping out Hungary's freedom bid. The vote split Asia's four "neutral" nations as well as the entire Asian-African group of countries.

The resolution, sponsored by the United States and 10 other countries, was adopted by a vote of 58-3 with only the Soviet bloc casting negative ballots. It was the strongest censure the assembly has voted against the Russian military action in Hungary.

The resolution also called on Moscow to pull its troops out of Hungary at once, under the terms of the 1948 armistice. It asked the Russians to "permit the re-establishment of the political and independence of Hungary."

Yugoslavia, Finland and 11 of the Asian-African group of nations abstained on the condemnation resolution. But 12 other members of the Asian-African group voted against the Russians.

India and the other three Columbian nations—Indonesia, Ceylon and Burma—had joined earlier in sponsoring a mildly-phrased counter-resolution expressing regret that the Russians had not withdrawn their troops from Hungary. But in the vote on the U. S. resolution Ceylon and Burma voted to condemn the Russian while India and Indonesia abstained as expected.

Observers said Russia's delegation was more concerned over the split in the Columbian group, whom the Russians had counted for at least implied support, than over the resolution itself. One Russian delegate had implied two previous Assembly calls for withdrawal of their forces from Hungary.

## THE WEATHER

## DOOLEY RESIGNS AS MAYOR JAN. 1

GOES TO WASHINGTON ON THURSDAY; LAUDS ASSOCIATES

Mamaroneck Mayor Edwin E. Dooley has submitted his resignation to the Board of Trustees effective Jan. 1.

Mayor Dooley's resignation came as a result of his election to Congress, a post he will assume on Jan. 3.

In the interim between Jan. 1 and Village elections in March, Acting Mayor Joseph Dalfonso will serve as the chief executive of the village. On Monday at the final board meeting of the year, Mr. Dooley turned over the gavel of office to Mr. Dalfonso.

## As Step To Dismantling Get Out Of Hungary, Ike May Ask Russia

WASHINGTON (AP)—President Eisenhower probably will write Russian Premier Bulganin shortly urging action on withdrawal of Soviet troops from Hungary as a step toward brightening prospects for talks on arms reduction.

Mr. Dooley's letter to the Board of Trustees follows.

"It is with real regret that I herewith tender my resignation to the Congress of the United States making this decision imperative, as I take my oath of office as representative on Jan. 3.

"In leaving my service to the Board of Trustees, I am leaving a period of 30 years counting my four years as trustee. I feel I owe a debt of thanks to the good people of our village who gave me the privilege of serving them, to the Board of Trustees who labored so loyally and conscientiously to maintain the village at a high level, and to the employees of the village who have performed their manifold tasks faithfully and well during my term of office.

## Rye Neck Agenda

Discussion of the progress of construction on the new Rye Neck High School and a study of equipment needed in the new school will be a major item of consideration Monday, Dec. 13, P. M. in Bellows High School at a meeting of the Rye Neck Board of Education.

Also on the agenda are the appointment of a public secretary at Bellows High School and the need for additional part-time assistants to cover the music program.

Requests will be received from a nurse-teacher for permission to attend the New York State School Nurse-Teacher Conference in Syracuse, Jan. 24-25, and from two high school instructors for permission to attend the Physical Education Conference scheduled Jan. 23-26.

## Zoning and Parking

A public hearing on six amendments to the Zoning Ordinance and a hearing on three amendments to the Parking Ordinance will be held at 8 P. M. Monday at the Larchmont Village Board at the Municipal Building.

The proposed zoning amendments concern swimming pools, gasoline stations, car ports, residential property, refuse and garbage, and depth of corner building lots.

The proposed parking amendments would limit permits at the residentially zoned lots to 100-commercial vehicles; reduce the daytime parking fee at Glider Street to \$2.50 per month and nighttime parking fee at both Glider Street and Wendt Avenue to \$2.50 per month.

# KADAR THREATENS DEATH TRIALS IN HUNGARY REVOLT

## Bribes Also Being Used To Stop Resistance, Crippling Strikes

BUDAPEST (AP)—The Soviet-imposed Kadar government has taken new measures to force the Hungarian people to end their crippling strikes and passive resistance against its rule.

Radio Budapest reported for the first time the use of the government's sweeping new martial law powers for attacking the director of the broadcast said a number of Hungarians would be tried by military court for attacking the director of a state farm at Kecskemet. The broadcast was news of a standstill week-old martial law decree could be dealt.

With the help of Russian tanks, the regime seems to have crushed the last remnants of open revolution in the countryside. But there still were occasional bloody demonstrations in Budapest.

Now the rebellion is centered in Hungary's factories and mines. Production was near a standstill in Budapest, the nation's industrial hub, and at the uranium and coal mines in the south.

Again yesterday thousands of workers refused to take their tools at a dozen Budapest plants, even though the factories had been occupied by Soviet troops and Hungarian Communist militia.

The workers declared they would remain idle until Premier Kadar releases two labor leaders, arrested for ordering a general strike last week.

Coal miners who stay away from the mines in the south, but it promised those who return to work by today both a "loyalty bonus" and credits for building of new homes.

## Differences 'Buried'

# West Split Healed, Dulles To Tell Ike

WASHINGTON (AP)—Secretary of State Dulles returns from Paris today to report to President Eisenhower that progress has been made toward healing the split in the Atlantic Alliance caused by the British-French attacks on Egypt.

Mr. Dulles was due here this afternoon. He was scheduled to go immediately to the White House for a meeting with the President.

Before leaving Paris, Mr. Dulles had British Foreign Secretary Lloyd and French Foreign Minister Pincau had done much "to bury if not dissolve entirely the differences existing in our unity."

In addition to reporting on what he obviously considers to be the success of his diplomacy in Paris, Mr. Dulles was expected to discuss with the President final preparations for Mr. Eisenhower's talks with Indian Prime Minister Nehru starting tomorrow.

Some speculation developed here that the Eisenhower Administration in time might ask Congress to permit the furnishing of atomic weapons to Western European countries, but this speculation was without any official support.

But it appeared that even the limited commitment made by that might night run into sharp criticism in Congress. Senator Fulbright, D-Ark., told reporters yesterday that the Eisenhower Administration in time might ask Congress to permit the furnishing of atomic weapons to Western European countries, but this speculation was without any official support.

PARADOX IN COSTS CANCELS COLLIER'S AND 'COMPANION'

NEW YORK (AP)—Collier's and "Company" magazines in millions of homes for more than half a century—will disappear from the American scene next month.

A company official indicated that a seeming paradox—rising circulation offset by increasing publishing costs and dwindling advertising revenues—signaled the end of the two magazines.

Directors of Crowell-Collier Publishing Co. voted the death notice last night by voting to discontinue publication. Their action came at the end of a six-hour, tension-packed meeting.

The dim prospect of continuing to lose money weighed heavily on the decision. See Page 2-CENTRAL.

# RESIDENT NABBED IN NUMBERS RAID

## Seymour Gironda Out In Bail Mamaroneck

Seymour Gironda, forty-two, of 839 Underhill Avenue, Mamaroneck, proprietor of Gironda's Market, 655 Old White Plains Road, was arrested at 11:45 A. M. yesterday in a raid on his place of business and charged with possession of policy slips. He was released in \$500 cash bail for appearance next Friday in Mamaroneck Police Court.

Chief Jeremiah Geary, who led the raid, stated that Gironda's place of business has been under surveillance for some time. When police swooped down on him, the chief said, they found 10 slips in his possession representing \$5 plays totaling \$20.20 in wagers.

Others participating in the raid were Det. Lt. William Faonessa, Det. Dominick Pinto, and members of County Sheriff John E. Hoy's Bureau of Criminal Investigation.

Gironda was one of six men and two women arrested on May 3, 1954, in simultaneous raids at several places. At that time he pleaded guilty as a first offender, was fined \$250, and received a four months suspended jail sentence.

Frank Herr, 1308 Crown Court—If it is granted that the purpose of the Olympic games is to permit an exchange of the best of the individual country's athletes, in doing so, to promote good will and brotherhood, then undoubtedly the only way to make the Olympics is on an individual and not a national basis.

And Maurice Belting, Senior High School coach—"No, I think the unofficial scoring tends to create more interest in the games and also makes allowance for such games as cannot possibly be played on an individual basis. Basketball, hockey and soccer are such games. I think some people's thinking on this score is colored by the fact that we lost this year. However, it is the rule in America to score on a competitive team basis and it would be meaningless to score the games any other way but on a team basis. This year's games prove to us Americans the need for concerted participation in such sports as gymnastics where we are shown to be deficient."

Mid-East Crisis

NATO Leaders Set On 'Vigorous Action'

PARIS (AP)—Leaders of the Atlantic Alliance set out today a vigorous course calling for a settlement of the Middle East crisis through the United Nations. A three-point agreement on this point tended to reassert the United Nations' role, but some continuing coolness was noted.

The course was charted by the council of the North Atlantic Treaty Organization in a four-day session that ended here last night. A communiqué issued by the Foreign Defense and Finance Ministers of the 15 member countries covered a wide sweep of problems concerning NATO security and plans for closer political liaison.

They noted the threat to world peace by the Soviet penetration of the Middle East and agreed to keep developments in the area under close observation. They stressed the urgent need for resolution through the U. N. to settle the Israeli-Arab dispute and to reopen the Suez Canal.

Red Withdrawal Asked

The ministers contrasted the "vital suppression of the Heretic Hungarian people" with "Soviet aggression" and called on the U. N. "through the pressure of world public opinion, to induce the Soviets to withdraw their forces from Hungary and to right the wrongs done to the Hungarian people."

Question Of The Week

Team Scoring Seen Un-Olympic Activity

EDITOR'S NOTE—This is the 46th in a Saturday series of short interviews with Mamaroneck and Larchmont residents. This week's question: "DO YOU THINK THE UNOFFICIAL NATIONAL SCORING SYSTEM TENDS TO DEFEAT THE PURPOSE OF THE OLYMPIC GAMES?"

YES, 9; NO, 3.

MAMARONECK

Robert Fink, 35 Boston Post Road—Yes. Since the original purpose of the Olympics was to encourage friendship throughout the world by bringing together athletes in various contests, the purpose is broken up by the nationalistic point scoring system. Under the original system, the athletes competed against each other. Now they compete for their various national backgrounds.

Joe Wynne, Hotel Bevan—"Evergreen us do nowadays it has been the idea, 'Are we doing this better than Russia?' Everything Russia does is based on the idea, 'How can we defeat the Americans?' The rest of the world is rank snobism competing for these two old pros, but the rest of the world has to go along with them." Ours is the original purpose of the Olympic games and it is a crying shame that this should be so. The games are international and is not based on nationalistic considerations. The games are to develop and demonstrate particular aspects of man and have in view the good of the world.

Harry Harrison, Mamaroneck Senior High School coach—"No, I think the unofficial scoring tends to create more interest in the games and also makes allowance for such games as cannot possibly be played on an individual basis. Basketball, hockey and soccer are such games. I think some people's thinking on this score is colored by the fact that we lost this year. However, it is the rule in America to score on a competitive team basis and it would be meaningless to score the games any other way but on a team basis. This year's games prove to us Americans the need for concerted participation in such sports as gymnastics where we are shown to be deficient."

Steve Johnston, 433 Fourth Street—"No, it is not the swimming medals. The winners are chosen by the number of hits, with particular emphasis on the Board of Supervisors in Albany. Glen Falls reported 8. Four persons meet death in high way accidents in rainy New York city. Four deaths yesterday were attributed to the storm. See Page 2-CENTRAL.

## POLES SIGN PACT WITH RUSSIA ON TROOP CONTROL

Warsaw Granted Veto Powers Over Size And Movement Of Troops

WARSAW (AP)—Poland and the Soviet Union have signed a formal agreement, spelling out many of the technicalities to govern operation of Russian troops in Poland.

The accord concluded last night followed up on the bold agreement reached last month in Moscow during the visit of Wladyslaw Gomułka, Polish Communist Party chief.

Stipulating that Soviet troops are in Poland only temporarily, the agreement declares again that Polish sovereignty will be respected and that Soviet forces will not interfere in Poland's domestic affairs.

The agreement elaborates on the concession to Poland of veto powers over the size and movement of Russian troops in this country, even on training maneuvers.

**Site To Be Agreed Upon**  
But key items left subject to later "special agreements" included the size and deployment of the forces of the nation to raise the governing of movement of Soviet troops in and out of Poland and the use of Polish military installations or public utilities by the Soviets.

The earlier Moscow declaration said both countries agreed that Russia would remain in Poland because of (1) German refusal to accept Poland's annexation of East German territory at the end of World War II, (2) a lack of "sufficient guarantees against the rebirth of German militarism." (3)

# Con Ed Signs 1st Big Contract For Indian Point Atomic Plant

YONKERS—The first major contract on the \$5 million atomic power plant to be built by Con Edison at Indian Point has been signed, it was learned today.

The contract is let to Polier & McLane Corp. of Yonkers. The firm also has offices in New York City, New Rochelle and Peekskill.

The work is for rough and fine grading of the site, including removal of trees and other obstructions, to furnish a level site for the structures. The contract also includes building of roads.

The amount of the contract was not made known today but a spokesman for Con Edison said it would be "over \$1 million." It is understood that the Con Edison directors met yesterday in New York City to approve this initial contract. Ground may be broken for the first part of the contract tomorrow or Friday.

## IN CHIEF SPURNS BRITISH-FRENCH AID ON SUEZ JOB

# Hammarskjold Likely To Insist United Nations Crews Clear Canal

UNITED NATIONS—U. N. Secretary General Dag Hammarskjold is expected to turn down recommendations from his top advisers in Egypt that British-French salvage crews be used to help clear the blocked Suez Canal.

Informed sources indicated Mr. Hammarskjold felt the U. N. salvage fleet he has been organizing will be able to do the job quickly and efficiently without any help from Britain and France.

The Secretary General said last night the U. N. had built up a fleet "able to begin operations immediately."

Mr. Hammarskjold was reported to have 70 salvage ships ready to go to work immediately on removing the sunken ships, bridges and other debris from the waterway as soon as the last British and French units leave Egypt. The salvage vessels have been drawn from Denmark, the Netherlands, Germany, Italy and Belgium.

Another 10 ships are scheduled to reach the canal area by tomorrow and 11 others are due there later this month.

Mr. Hammarskjold also was said to have 600 crewmen, divers, salvage experts and others lined up to begin the clearing operation, which estimates can cost as much as \$50 million.

A U. N. spokesman said Mr. Hammarskjold's decision to use neutral workmen for the canal work was his own idea and not Egypt's. Egypt has declared it will not permit British and French crews to be used.

Vice Adm. L. F. Durnford-Slater, commander of British naval forces at Port Said, said a compromise plan to use part of the British-French salvage fleet and some 200 of its men had been approved and forwarded to Mr. Hammarskjold.

## FBI Seizes 4 In 'Millions' Oil Map Theft

NEW YORK 4—The FBI has arrested four men here in connection with the alleged theft of top secret oil exploration maps that a government attorney says are "worth millions of dollars."

The maps, federal authorities said, were stolen from the Pittsburgh offices of the Gulf Oil Corp. by an employee they said wanted to sell them to pay off gambling debts to New York racketeers.

The arrests yesterday followed a raid on the offices of the U. S. Geological Survey in the Bronx. FBI agents said they recovered many of the oil company's geological and seismic maps at the offices of the carpet firm.

Among the four arrested on charges of transporting stolen property across state lines was Otis Richard Seagraves, seventy-seven, known Texas oil and natural gas promoter. Seagraves denied any connection with the alleged theft of the oil maps.

Also arrested was Emanuel Lester, thirty-two, already in jail awaiting sentence for trying to extort more than \$500,000 from the late financial manipulator Serge Rabatskin. Federal officials said Seagraves was a former partner of Rabatskin.

The officials said the two Rubin connections were coincidental, but for as they leave.

The other seized were John Marvin Levitt, thirty-four, of Orange, Texas, and Edward Lieberman, thirty, of the Bronx, listed as president of Tackless and identified as Lester's brother.

## U. S.-Bound Hungarians Cheer Him

VIENNA (AP)—Vice President Nixon arrived in Vienna by plane today for a three-day study of the urgent refugee problem created by the Hungarian revolt.

Mr. Nixon is bearing a message from President Eisenhower expressing thanks to Austria for helping fugitives from Soviet oppression.

Murky weather prevailed as his plane touched down at Vienna's Schwechat Airport this afternoon. Austria's Foreign Minister Leopold Figel and Vice Chancellor Adolf Scherf, who had waited more than an hour at the airport for Mr. Nixon, greeted him as he stepped from the plane. With them was U. S. ambassador to Vienna Llewellyn E. Thompson.

The Vice President was cheered as he stepped from the plane by a group of 72 Hungarian refugees who were waiting for a plane to take them to Camp Kilmer, N. J.

An honor guard of the new Austrian Army, outfitted in steel helmets and full field equipment prepared while an army band played the "Stars and Stripes."

Mr. Nixon reviewed the guard of honor.

Schwechat Airport is the marshalling point for refugees being flown to the United States in charter planes of the Intergovernmental committee for European migration.

Austrian officials hoped Mr. Nixon's visit would bring a U. S. offer of financial aid and perhaps an offer to accept still more of the refugees arriving from Hungary at the rate of 1,500 a day.

Nixon Statement

Mr. Nixon told the airport throng:

"During my stay here I hope to obtain firsthand information from the refugees themselves, from the Austrian authorities, from the offices of the United States government and private organizations from all over Europe, who are engaged in the relief work here as well as from our own American officials and representatives."

"While the people of the United States, both through their government and private agencies, have already rendered considerable assistance to the refugees in the way of foodstuffs, clothing, medical and other supplies and direct financial grants, we recognize that much remains to be done—and we are fully determined to do our full share in meeting these needs which have grown out of the refugee problem."

# Santa's Local Mail Tells All In Detail

Jim of Mamaroneck writes: "Dear Santa, I would like for Christmas—Frog, touch, babe, train."

Kathleen writes that she would like a ballerina doll, a ballskirt, and my two frogs from teeth. . . Thank you very much and God bless you, Love."

Tommy writes: "Santa, would you get me these things: 1. I like a bike and a basketball poor, tubu."

With the Christmas Eve deadline rapidly approaching there's one spot that is having a hectic time in the last hours before the holiday arrives.

That's Santa's workshop up North Pole way and in the little time that's still left him this year Santa is still sorting out the millions of letters which have come to him from all over the world—a good many of them from children in Mamaroneck and Larchmont.

Occasionally flustered—He'll be here, all right, but he's reading the letters he's not only amazed at the variety of gifts that children want and understand of the manner in which mail is sent him and at the efficiency of the hard-working postmen in getting the letters to him, but he's also stumped now and then.

One letter he received this year

By JOSEPH W. SHANNON ALBANY—Special legislation may be necessary to get for Westchester some of the changes it wants in the permanent permanent registration law to make its operation more efficient and economical. It appeared today after a hearing yesterday before a legislative committee.

A delegation of officials headed by County Executive James D. Hopkins presented the County's suggestions before Assemblyman Edward J. Goddard of Boebersette, chairman of the committee on elections.

Mr. Goddard expressed doubt that local boards of election will be given discretionary powers as requested by Westchester. He said that local bills be introduced to provide some of the changes.

He said the committee, of which Senator Frank S. McCullough of Rye is vice chairman, will probably reintroduce a measure to limit application of some of the present requirements to cities of over 100,000 population. A similar bill passed this year was vetoed by a legislative committee.

Objection Raised

Mr. Hopkins objected to the 100,000 population, saying that the 100,000 requirement, one set of rules for voters and another for the rest of Westchester. He said there is a reason to believe that there is more chance of fraudulent voting

in Yonkers than in any other part of the county.

Mr. Hopkins urged that the PPR law be made "as flexible as possible." He said that requirements for PPR are "as rigid as the PPR law."

Leaders Report 'Broad Area Of Agreement' In World Affair Talks

WASHINGTON (AP) — President Eisenhower and Prime Minister Nehru said today their talks here had confirmed a "broad area of agreement" between India and the United States in world affairs.

The two national leaders summed up the results of Nehru's four-day visit here in a final communique issued at the White House.

Simultaneously Nehru himself, at National Airport before leaving on the first leg of his trip home, said the talks with Mr. Eisenhower had strengthened India-American "bonds of friendship and understanding."

The statement from the White House said Mr. Eisenhower and Nehru had gained "greater understanding" of each other's standpoints on a wide range of international peace and friendship.

The joint statement preserved the official cloak of secrecy which has surrounded the Eisenhower-Nehru talks from their beginning Sunday.

Nevertheless, high U. S. officials said that the conferences had been very successful from the American point of view.

Nehru also appeared to feel that he had achieved his objectives in the talks with the President.

The formal statement reported that the talks were "fruitful and constructive" and that the two leaders for "the highest principles of free democracy."

The United States has always contended that the essential difference between Communism and democracy is "respect of the dignity of man."

DENVER (AP) — An escaped California mental patient who kidnapped his teenage bride at gunpoint and fled north was captured in Denver early today after a roving police chase.

Later he told another photographer that he was the son of a San Francisco police officer.

The police department attached to the hospital said that the man, who was named Mike Wiegner, sixteen, and his bride, Cio Ann Moseley, Wiegner, seventeen, were in Denver General Hospital. They were injured when the fleeing kidnaper car hurtled into a West Denver gulch.

Police squads probed the city blocks for a scarred Indian named Jesse Eastman, alias Jesse Red Cloud, thirty-five, who Wiegner took with him to the Colorado mountains.

It was a wild ending to a romance which began last month when Cio Ann and Mike eloped to Montana and were married. When they returned to California, the girl was placed temporarily in a juvenile home and Wiegner in a State Hospital as a mental patient.

The Indian, known also as "Chief," was described by Wiegner as "gun-happy."

The chase began a little after 1:30 A. M. (EST) and ended 15 minutes and three damaged police cars later.

Nixon Visits Refugees  
Eisenhower Pledges U. S. Aid To Austria

VIENNA (AP) — President Eisenhower today promised the United States would do everything in its power to help solve the problem created by borders of Hungarian refugees crowding Austria and still crossing through the Iron Curtain to freedom.

The President's promise was in a letter delivered by Vice President Nixon to Austrian Chancellor Julius Raab shortly before the American official set out on a visit to refugee camps not far from the border.

A high official source said Mr. Nixon already believed the United States should admit more Hungarians. Mr. Eisenhower has ordered 1,500 admitted by the end of the year.

Mr. Eisenhower in his letter said Mr. Nixon was acting as his personal representative in an effort to solve the problem of the 40,000 Hungarians.

Mr. Nixon saw Mr. Raab shortly after he had paid his respects to Austria's eighty-three-year-old President, Theodor Körner.

After his hour of courtesy visit, Mr. Nixon was driven to Vienna, still in Burglary Province and only 10 miles from where the Hungarians are crossing into this country.

Mr. Nixon then visited Anhalt, only two miles from the Hungarian border. In a village dance hall he found hundreds of refugees — some getting soup from his helper.

One refugee was a young man with twenty wigs and only one arm. He told the Vice President he had to leave Budapest because he had distributed anti-Communist leaflets.

The Vice President left his car at a street corner to shake hands with local officials. In Mr. Eisenhower's name, he thanked them for the help they had granted the refugees.

Mr. Nixon's visit drew more criticism from the Soviet Union. The government newspaper Izvestia asserted that "reactionary circles in the United States are making every effort to organize a new wave of new outbursts... in Hungary."

Pravda earlier charged that Mr. Nixon's trip was designed to organize a new uprising in Hungary.

Supervisor George D. Burchell last night denounced as baseless the charges in a suit to void all Mamaroneck Town Council acts since Jan. 1 on the grounds that Burchell acted unannounced and unofficially.

The complaint also charges that some 600 of all matters to come before the Council were decided in these closed-door meetings.

The suit specifically challenges the Council's action in declaring Ormond Place a public street, and is brought by Dot Mott Holding Corp., of which Harold Shapiro of 41 Winged Foot Drive, Mamaroneck, is president.

The complaint also charges that the supervisor and other members of the Council were denied the right to attend the meetings.

## Community Carol Sing

The annual Larchmont Community Carol Sing was held at 7:30 P.M. Monday at the Larchmont railroad station with Bernard Stone conducting. Leading the singers will be the Mamaroneck High School brass ensemble, led by W. Allen Lamber. This annual event always attracts a large crowd, regardless of weather, and every resident is urged to follow up and join voices in Christmas carols.

## Open Fires Banned

Open fires in the business and industrial sections of the Village of Mamaroneck are dangerous and strictly forbidden, Felix LaFolla, deputy chief of the Mamaroneck Fire Department, stated this morning after examining a roaring blaze near 108 West Post Road.

He also said that a full alarm yesterday morning which took all companies to Van Rensselaer Place resulted from sparks from a truck burning in an open can. That time a packing case nearby caught fire.

Chief LaFolla said he saw the chief pile of oil in the basement behind 108 West Post Road and called for Mamaroneck Engine and Co. No. 1, which sounded an alarm. The flames could be seen from the Post Road since they towered over the one-story building.

From noon the day before Christmas, Post office windows will be closed until 5 A.M. the day after Christmas.

The jobless, however, will be open for the benefit of jobholders.

## NEHRU REPEATS U. N. PEACE PLEA

Off For Canada Visit, He Stresses World Peace

NEW YORK (AP)—India's Prime Minister Nehru ends his six-day American visit today as he began it still convinced that collective security pacts will not preserve world peace.

A midday meeting with U. N. Secretary General Dag Hammarskjöld and Prince Wan Waiyathayin of Thailand, president of the U. N. General Assembly, provided an opportunity for the Indian leader to make one more plea for solving world problems through the United Nations.

At 8:30 P. M. a Royal Canadian Air Force plane is due to fly Nehru to Ottawa for week-long conference with Prime Minister Louis St. Laurent.

Nehru made the most of his brief New York visit yesterday with a "single-barreled" round of speeches. All of them were woven around the theme that a positive and successful approach to solve the problems of Hungary and the Middle East hostilities "without too great difficulties."

In a speech last night at an informal gathering of United Nations General Assembly delegates and in a speech before the private, non-partisan American Association for the United Nations, Nehru lashed out at the concept of military pacts and alliances.

It was an indication that any effort President Eisenhower has made to bring the United States into the military intervention in Britain and France in Egypt.

Nehru told a distinguished audience at the Carnegie Endowment Center that the prestige of the United States had shot up all over the world because of "the courage of students" it had taken in regard to the military intervention in Britain and France in Egypt.

## 2 Dead, 34 Hurt As Train Tumbles Off Sagging Rails

BELLEVILLE, Ill. (AP)—An Illinois Central passenger train plunged 20 feet down a muddy embankment early today when its rain-weakened roadbed gave way. Two passengers were injured fatally and 18 others were hospitalized. One of the dead was Mrs. Cron Cossell of North Platte, Neb., on her way with her husband to Jackson, Miss. to spend the Christmas holidays with their son Richard and his family. The other was Henry Hudson, sixty-six, a farmer from Gouvernale, Miss.

The train, bound from St. Louis to New Orleans, was crawling through a foggy, misty night toward Belleville just across the Mississippi River from St. Louis. A shifting roadbed, weakened by rain, caused the deraiment just after midnight.

Two coaches and a Pullman were among the eight cars which toppled down the 20-foot embankment into the mud.

All of the injured were taken to St. Elizabeth Hospital. Officials reported only one of the passengers appeared to be in a serious condition. Besides the other 18 passengers hospitalized, another 15 were treated and released.

Mrs. Cron died three hours after she was taken to the hospital.

Mr. Hudson's death followed hers by a few hours. Two ambulances rushing to the wreck, on the edge of the Belleville city limits, collided. Three men were injured.

The train left the Union Station in St. Louis 35 minutes behind schedule and had been on its way only a little more than a half-hour when it derailed. The train, powered by two diesel locomotives, was three miles from the Belleville station and was crossing a high dike when the roadbed gave way.

Within two hours after the train left the track all the injured had been reported removed from the overturned cars.

"The train began to rock, then it tumbled over," said Arthur Salzman, seventy-six, of Bloomington, Ill., who was on route to New Orleans with his wife to visit their son, a teacher at Tulane University.

"It felt like it was running on the ties for awhile."

The track was torn up for half a mile. Eleven cars of the 14-car train carried baggage and mail. The diesel engine did not jump the track.

## Work On Atom Plant Started By Con Edison

BUCHANAN—

Excavating yesterday was started on the site of Con Edison's Indian Point nuclear-fueled electric generating station here.

Without fanfare, the event marked another milestone in the analysis of Westchester.

It will be the first atomic enterprise to be built by private enterprise for commercial uses.

Louis A. Scofield of Yonkers, vice president in charge of the utility's operations in this county, said this morning.

"Con Edison will have a real Westchester in Westchester when the 'machine goes on the lines' in 1961."

In the presence of William J. Burke, mayor of Buchanan; Mr. Scofield, Gerald R. Hadden of Ratonah, assistant vice president of Con Edison; and officials of the Poirier and McLane Corp. of Yonkers, contractors, men began work on the 350-acre tract in connection with the grading and roadways.

The Poirier and McLane Corp. earlier this week was awarded the contract for rock excavation, grading and roadways on the site, amounting to more than \$1 million. Babcock and Wilcox is building the power reactor for Con Edison. The utility has ordered a \$29,000

## Reports Tell Of Spreading Disorders

WASHINGTON (AP)—

Communist leaders in Russia and her satellites are described in reports collected here as fighting widespread from Curtin unrest with a combination of economic handouts and police state tyranny.

These reports, most of them published although some are unconfirmed, have been appearing ever since the October revolt in Hungary.

Mostly they are about student opposition to communist doctrine and restrictions. Some tell of demonstrations and strikes by workers.

What they all add up to is a matter of application. American and other diplomats studying them caution against laying too much emphasis on their meaning.

"Perhaps, they say, cracks are showing up in the one-commodity Soviet system. But they add that does not mean the Soviet system is collapsing from Moscow to East Germany."

## 45 MILLION CARS OFF FOR YULE; 600 MAY NOT RETURN

By The Associated Press

American motorists wheeled into the long, perilous Christmas weekend today.

The National Safety Council figured that 45 million automobiles will be on the streets and roads at one time or another during the four-day holiday period, and that they will roll up a total of seven billion miles of travel.

The council has estimated that road accidents will cost a total of 660 lives unless drivers and pedestrians employ "unprecedented" caution.

The holiday period, for fatality counting purposes, begins at 6 P. M. today and ends at midnight Tuesday.

Mr. Nixon hurried from his meeting with government officials to make-shift home for 124 refugees in a Vienna schoolhouse.

After shaking hands all around and chatting with many of the refugees, he (1) visited Interior Minister Oskar Helmer, recuperating from a minor operation in hospital; (2) watched U. S. immigration officers interview a Hungarian family preparing to go to the United States and (3) visited the office of the International Committee for European Migration where refugees are processed and assigned to planes and trains for transportation to the United States and other countries.

## SIANO INDICTED ON 15 CHARGES

Horan Added To List Of Swindle Victims

By JOSEPH MORTIMER

WHITE PLAINS—

The grand jury today began to spell out in indictments the \$134,320 in swindles admitted by resigned Westchester Justice of the Peace, Matthew J. Siano, fifty-one.

The jury handed up to Judge Hugh S. Coyne in County Court 15 indictments for first-degree grand larceny and three of second-degree larceny. Maximum sentence for conviction on all the charges is five years.

Horan a Victim

Named for the first time among victims of the swindle is Stuart Assembliesman William F. Horan of Eastchester.

District Attorney Joseph F. Gagliardi said the jury will be held over next month to hold several sessions on the case. Charges in the indictments involve \$13,750.

Mr. Gagliardi said Siano will be arraigned on the charges next month. Siano, who has submitted his resignation as an attorney, is in the County Jail, Valhalla.

Mr. Gagliardi gave this recitation of the charges:

Two grand larceny charges—\$13,750 and \$13,750.

Three grand larceny charges—\$13,750, \$13,750 and \$13,750.

## Thought, Too Creativeness Counts In Science Fair Work

WHITE PLAINS—

Creative ability, scientific thought, thoroughness, skill, clarity and dramatic value are the criteria for judging the exhibits in the Westchester Science Fair April 1, 5 and 6 in the County Center.

A detailed statement of the criteria, together with the point value of each, was distributed this week to science instructors of Westchester schools with the intention that students interested in the Fair may be planning their entries over the Christmas vacation.

Westchester County Publishers Inc. and New York University are again sponsoring the Westchester Science Fair, open to all students from grades 1 through 12 in Westchester public, parochial and private schools.

Together with their two science advisors, will be sent to the eighth National Science Fair in Los Angeles May 9, 10 and 11.

Expense isn't important.

In response to the suggestion of the Westchester Science Teachers Association, Miss Katharine Satterly, N.Y.U. Fair director, set forth the criteria in detail. Miss Satterly said the judges will consider the real study and effort represented in the exhibit.

Thoroughness, maximum 10 points. The judges will consider how completely the exhibit is done. It is not essential that step by step elucidation of construction details be given.

Skill, maximum 10 points. The exhibit should be understandable to the average person.

Dramatic value, maximum 10 points. The exhibit should be attractive, contain the elements of interest and desire, and be well planned.

Weight will not be given to gadgets which do not contribute to the scientific elements of the exhibit.

These criteria follow those established for the National Science Fair sponsored by Science Service Inc. of Washington, D. C. and New York University.

Fair in order that county contestants entering the national fair may do so on a level of equality with other contestants.

Clarity, maximum 10 points. Clearly, maximum 10 points. Clearly, maximum 10 points.

### Indian Point Land Dug

## Work On Atom Plant Started By Con Edison

BUCHANAN—

Excavating yesterday was started on the site of Con Edison's Indian Point nuclear-fueled electric generating station here.

Without fanfare, the event marked another milestone in the analysis of Westchester.

It will be the first atomic enterprise to be built by private enterprise for commercial uses.

Louis A. Scofield of Yonkers, vice president in charge of the utility's operations in this county, said this morning.

"Con Edison will have a real Westchester in Westchester when the 'machine goes on the lines' in 1961."

In the presence of William J. Burke, mayor of Buchanan; Mr. Scofield, Gerald R. Hadden of Ratonah, assistant vice president of Con Edison; and officials of the Poirier and McLane Corp. of Yonkers, contractors, men began work on the 350-acre tract in connection with the grading and roadways.

The Poirier and McLane Corp. earlier this week was awarded the contract for rock excavation, grading and roadways on the site, amounting to more than \$1 million. Babcock and Wilcox is building the power reactor for Con Edison. The utility has ordered a \$29,000

# Combing The Town

## Santa In Disguise

The \$30.26 in the sealed container that patrons of the Town and Country Bar, 451 Mamaroneck Avenue, Mamaroneck, have been contributing for a month could not have arrived at a better time than now, yesterday.

When Andrew Laize, proprietor, walked into the Mamaroneck Health Center with the container, he proved the answer to a serious problem. A last-minute quest for toys for a family had just been received, and this money was the answer to how to fill it.

Mr. Laize, who has owned the business for about a year, said the idea for the collection from his patrons started when he discovered that he had about \$20 in pennies that had come in at various times. With this as a foundation, he sealed a container, put a sign in the top, and the patrons provided the rest. He expects that this will be an annual project of his business.

## Coffee Break

A cup of coffee cost Frank Schiavone, proprietor of the Larchmont Smoke Shop at 1300 Westchester Avenue, Larchmont, \$100 yesterday, police report.

Mr. Schiavone said he had gone next door into the Candy Box for morning coffee and when he returned to his shop at about 9:35 A. M. he found \$100 in bills missing from a cigar box back of the counter. He said he was gone from the shop for about five minutes.

## Farty At Potts Post

Children of the Potts Post, David Potts Jr., Post 1136, Veterans of Foreign Wars, 125 Post Road, Larchmont, will have a party which some who come along will meet Santa Claus tomorrow at 10 P. M. at the Post celebrates with its annual Christmas party.

The youngsters will see movies, receive gifts, eat cream and drink milk and soda. But the big event, of course, is Santa's visit.

G. William Capodanno is chairman of the committee, presided by Nicholas Leon, Herman Kiel, Thomas Francella, George Small and Barney Oil. Post members and Mrs. Eleanor Francella, Mrs. Edith Giordano, and Mrs. Helen Diabblers of the Auxiliary.

## Home On Leave

Ship's Serviceman Joseph Conant formerly of Fenimore Road, Mamaroneck, husband of the late Julia Santora of 143 New Street, Mamaroneck, is home on a 30-day Christmas leave after serving two years at Coa-Coca in the Canal Zone, Panama.

Mr. Conant will report to Newport, R. I., following his leave, to take up duties aboard the submarine escort USS Thudor Parker. Mrs. Conant will accompany him. He attended Holy Trinity and Mamaroneck, a 2nd Mamaroneck Junior High School before joining the service in 1945. He served in years at Coa-Coca in the Canal Zone, Panama.

Yesterday's morning train fire back of 108 West Post Road, Mamaroneck, that brought a warning from Deputy Fire Chief Felix LaPolla of the Mamaroneck Fire Department, that most men fires are dangerous and forbidden in business and industrial districts flared up again at 6:12 P. M. yesterday and brought out Mamaroneck Engine and Hose Co. No. 1.

The smoldering, unobscuredly flaming fires were thoroughly doused, and the contractors, Pettine and Frederick Pelham were warned that recurrence would result in a sumo trial.

## U.S. Sluggish On Cash Help

NEW YORK (AP)—Five public service organizations say the American public is lagging in contributions for relief to Hungarian refugees.

The groups said that the Red Cross and CARE may be forced to curtail services elsewhere in the world to help Hungarians fleeing into Austria.

Signers of the statement, issued yesterday, were the American Red Cross, CARE, Church World Service, Catholic Relief Services and the United Jewish Appeal.

The Red Cross said it had spent slightly more than the \$264,757 it has collected toward its minimum goal of \$3 million.

ARE, with a goal of \$2 million, said it had spent \$300,000 of the \$608,000 collected.

# CONTROL TAKEN BY ARMY CLIQUE

### Officers Seize Central Sumatra Role After Month Of Crisis

JAKARTA, Indonesia—On a plea of army officers in a seizure of control of central Sumatra, second largest island in the Indonesian Republic, government officials here announced. The seizure climaxed months of economic crisis throughout the republic and mounting army unrest.

A broadcast over the Sumatra radio said the army group staged the coup last night and would remove power to the Indonesian Republic, government officials here announced. The seizure climaxed months of economic crisis throughout the republic and mounting army unrest.

Col. Simolon, thirty-seven-year-old army commander in north and central Sumatra, today proclaimed himself head of both civilian and military authority in that area. He said he took the step in the interest of the Indonesian people. He declared he no longer recognized the central government's cabinet but did intend to set up a new state.

A broadcast over the Sumatra radio said the army group staged the coup last night and would remove power to the Indonesian Republic, government officials here announced. The seizure climaxed months of economic crisis throughout the republic and mounting army unrest.

There are 500 Americans on Sumatra, but there were no indications of any of them being affected by the power switch.

Communications between Sumatra and Jakarta, the country's capital on Java, and the outside world were severely restricted. The head of Jakarta's cable and wireless communication said the army had delayed all out-bound cables from Jakarta under strict censorship.

There were no reports of any clashes between the army officers and the authorities who were resigning at a PSC hearing on the Central's petition to discontinue Putnam Division passenger service.

The witness was G. E. Mellich, railroad trainman, who was testifying at a PSC hearing on the Central's petition to discontinue Putnam Division passenger service.

Joseph J. Doran, Assistant PSC counsel, with the approval of PSC Commissioner Aaron L. Jacoby, called on the Central to submit a plan for some revision of schedules as an alternative to discontinuing passenger service.

Emphasizing that he was speaking for himself, Mr. Doran pointed out that about 1,000 people use the Putnam Division. He said that that amount of patronage is enough to show that some service should be provided.

"Some Plan" Asked He said that the railroad's "all legged deficit" should also be considered. He urged that the railroad consider if "something practical" could be brought out for discussion at a public hearing, declaring it might prove a useful purpose.

Robert D. Brooks, railroad attorney, said he would submit the proposal to the Central. At a previous hearing, Walter A. Eichler of 22 Granancy Avenue, Yonkers, a veteran Putnam Division passenger, had suggested that patronage on the Putnam could be increased 500 per cent in one month if the trains were operated directly into Grand Central Terminal without requiring passengers to change at University Heights.

The question was raised again by Charles H. Cimotti, chairman of the Ardway Transportation Committee. Cimotti said that he understood from a railroad brotherhood official that an agreement could be reached whereby Putnam train cars could operate on Hudson Division tracks below University Heights.

Mr. Marhouse was asked if there was any suggestion at the meeting that former Governor Dewey was trying to dictate the decision. He said that was not.

Among those attending the meeting was Herbert Gerlach, Westchester County leader.

## Fog, Rain Threaten To Disrupt Travel Over Yule Holidays

Tomorrow, Monday, Tuesday Local Churches Plan Christmas Services

Heavy Toll Expected On Highways

By The Associated Press

A widespread blanket of low fog and rain in much of the eastern half of the nation combined today to disrupt heavy pre-Christmas air and highway travel.

The stormy weather, which cut visibility in some areas to zero, created hazardous driving conditions.

### Aftermath of Hostilities Dampens Processions Into Jerusalem

**By ROBERT TUCKMAN**  
Associated Press Staff  
JERUSALEM — A procession of 1,700 Christian Arabs from Israel (crossed into Jordan today) on a satellite pilgrimage to Christendom's holy places.

The evening began at dawn, and by mid-morning hundreds had passed through the Mandelbaum gate into the Jordanian Old City of Jerusalem.

Usually 7,000 to 10,000 make the pilgrimage, but there was only a sprinkling of pilgrims from foreign lands.

JERUSALEM — This is a somber, almost sad Christmas in the holy land.

### U. N. Power Urged

## Pope Cites Morality Of War For Defense

VATICAN CITY — Pope Pius XII has proclaimed the morality of defensive war and called on the world to give the United Nations "the right and power" to prevent aggression.

In some of the strongest words of his 18-year reign, the head of the Roman Catholic Church condemned communism in his annual Christmas message for trying "to impose on all peoples, in one way or another, a special and intolerable way of life."

The Pope made it clear that, in the eyes of the church, the freedom fighters of Hungary had the moral right to resist Russian force with force.

## New Record Feared Over Holidays

The nation's Christmas holiday traffic death toll soared past 400 today, with more than a day and one half of the long holiday weekend yet to come.

The traffic death count stood at 411 before 11 A. M. Christmas Eve, and the total of deaths from all accidents reached 411. Of the 30 nontraffic fatalities at the 41-hour mark in the four-day, 100-hour holiday, 26 were fire deaths.

The National Safety Council reported early today that unless drivers used greater care during the remainder of the period from 6 P. M. Friday to midnight Tuesday the council's forecast of a record 680 killed on the highways will be exceeded.

## Water Cutoff

Because of a necessary relocation of a Main and 12th street water main, residents in the Barry Avenue, and Grand Street areas will be without water from 9 P.M. tomorrow until early Friday morning, Stanley Longhurst, assistant superintendent of the Westchester Joint Waterworks announced today.

Mr. Longhurst said that construction of the New England Thruway at Mamaroneck Avenue and North Barry Avenue necessitates relocation of the two large pipelines to Mamaroneck Avenue near Andrews Street.

Other residents may find some water disconnected because of reversed flow, he said.

Mr. Longhurst pointed out that all the relocation work was being undertaken at night in order to inconvenience as few persons as possible.

## Hitchhikers Helped

Town of Mamaroneck police yesterday afternoon came to the aid of two ex-convicts who were hitchhiking west on the Boston Post Road and sent them to Mount Vernon Salvation Army headquarters for a dinner and for transportation to their home.

Town P.M. George Mulachy took the men to the Edgewood Avenue police headquarters after he spotted them hitchhiking. Police then contacted the salvation Army and turned Harry and Robert C. Paul Froelich, brothers of twenty-five and twenty-six years of age, both of Albany, over to the Army for a Christmas dinner.

Both men are Army veterans with six years service.

## Home On Leave

Pvt. Cornelius J. Shields Jr., son of Mr. and Mrs. Cornelius Shields of 52 Larchmont Avenue, Larchmont, is home on leave following completion of 10 weeks pocket platoon training at Fort Benning, Ga.

Under the pocket platoon system, Pvt. Shields will become a member of a tank and crew in a school and was graduated from the Coast Preparatory School at Wallingford, Conn. He is a graduate of Babson Business College at Wellesley, Mass.

## \$57 For Hungarians

Five young carolers Sunday night raised \$57 for Hungarian relief while spreading Christmas cheer around Larchmont.

The twelve-year-olds who collected the funds after two hours are Carolyn Carlizi of 16 Kane Avenue, Marion Bertrand of 29 Chestnut Avenue, Patricia Burke of 11 Years Place, and Jean Simont of Larchmont Avenue. Thirteen-year-old Patricia Charde of 50 Marston Place, New Rochelle, also assisted in the solicitation.

It Robert Clark of the Mahanese police department did a second story job at 4:30 P. M. yesterday to disconnect an overheated rooftop kettle before it could cause damage.

Police answered a call from Mrs. Marcus Y. Becker of 333 Carroll Avenue who was in Brooklyn. They thought she said she had left a kettle on the stove, but when Mr. Clark arrived he was told by Dr. and Mrs. Theodore Goldman of 27 Carroll Avenue that it was a kettie in a second floor bedroom.

Mr. Clark found a ladder, discovered an unlocked window, entered and disconnected the kettle.

## Tribute To Meskimen

Adjustment of the Rye Neck Board of Education last night was in tribute to L. Carl Meskimen, vice president of the Board who had suddenly died. He followed a heart attack.

The motion of adjustment, presented by Trustee Russell Pelton, extended the deepest sympathy of the school district to Mr. Meskimen's family and lauded him for his civic service.

"He was a loyal, dedicated member of this board for many years and rendered great service to the school district prior to his election to the board," the motion stated.

"His devotion to his duties," it continued, "and his lively concern for the welfare of our district were in the fullest measure."

"We feel his loss most keenly and we share the regret of his untimely passing."

"We adjourn this meeting in tribute to him."

A copy of the motion was ordered sent to Mr. Meskimen's family. That Does It!

One Manonack car got a double dose of damage today, first tangling with a tree, then being banged by another auto.

It began at 7:15 A. M. when Mario Pagnano, fifty-nine of 330 Palmer Avenue struck the tree after turning from Halsted Avenue into North Barry Avenue at the Custard stand, police said.

Mr. Pagnano injured his thumb in the accident. He parked the car at the curb and left it there pending removal by a wrecking car.

Damage done the right rear fender and glass, fender, bumper, trunk lid, and chrome around the rear window.

At 7:40 A. M. alone came Norman Edward Brady of 1322 Sherman Avenue, Mamaroneck, Mr. Brady told police he was forced to the right by another car, causing him to strike Mr. Pagnano's car, this time damaging the left rear fender and bumper.

Mr. Brady's car sustained right front end damage.

**To Meet Week Earlier**  
The next meeting of the Rye Neck Board of Education will be held Jan. 14, the second Monday of the month, instead of the normal date, Jan. 21. It was decided last night at a meeting of the Board in the Bellows High School library.

At the next session the Board expects to handle the full agenda which was scheduled for this month but was deferred because of the death of L. Carl Meskimen, vice president.

A second meeting may be slated later in January if the complete agenda cannot be handled at the Jan. 14 session.

## GALE FANS BLAZE SWEEPING WIDE CALIFORNIA AREA

### New Hot Spots Break Out As Flames Spread Over 22 Miles

MALIBU, Calif. — A Gale-whipped brush and timber fire raged with new fury today as two new hot spots broke out and the perimeter increased to 22 miles.

The fire, burning for the second day in a scenic area extending from the Pacific Ocean inland to the Santa Monica mountains, has now consumed more than 20,000 acres. A number of substantial homes have been destroyed and one man has died.

Winds up to 50 miles per hour hastened the fire crews in the early morning hours. One reported they were all but helpless in the face of gusts which frequently reached 70 to 80 mph.

The new hot spots appeared in the early morning hours. One raged down Cortal Canyon to the Pacific Coast Highway (U. S. 101) on the east. The other broke out in Sequit Canyon on the west, flaring burning to the mouth of the canyon and flaming northward toward Mulholland Highway.

The stricken area, dotted with expensive homes, beach cottages and small trailers and ranches, is located where the coast runs east and west. It is 25 miles northwest of downtown Los Angeles and is traversed by U. S. 101, running from Los Angeles to Santa Barbara and San Francisco.

Los Angeles County Fire Chief Keith Klingner estimated that at least 27 homes have been destroyed.

An uncounted number of small outbuildings also were consumed. Frightened deer, rabbits and coyotes fled from the mountains and into the brush and the fire reports were filled with accounts of householders seeking their safety to unlettered pets and get them out of danger.

Homes destroyed include a luxury beach house owned by Ralph Edwards, television master of ceremonies. Mr. Edwards had returned to his Beverly Hills residence after giving a party at the beach house Christmas evening.

Still standing were the neighboring homes of actor Raymond Burr, composer Gordon Jenkins and producer Charles Bruland.

The homes of movie producer Arthur Freed and his \$150,000 orchid nursery were spared when the wind shifted but the adjoining \$75,000 home of his brother, Hugo Freed, was leveled by the fast-moving flames.

A reporter encountered actor Jackie Coogan using a residential telephone in the Paradise Cove area.

Police Commissioner Stephen P. Rosenly was to ask the Board of Estimate that a reward be posted for the capture of the person who has planted some 50 bombs in public places since 1940.

No one has been killed thus far by the bombings but a number of persons have suffered injury. Authorities were spurred to action since three days ago when the discovery of a black power explosive in the city's massive Public Library.

The discovery touched off a flurry of false bomb scares, causing police to undertake searches of numerous potential targets. Authorities are inclined to trace the latest scares to crackpots. Only once has the real "bomber" given warning of a bomb planting.

Yesterday police checked 34 bomb scares, including four in nearby Newark and Jersey City.

A Foreign Office spokesman said this would be the last run — the official closing date was set for

this Friday, Dec. 28. But the state was hopeless. The State of New York (and New Jersey) had no plan to help finance the ferry in the face of mounting operating losses incurred by the opening of

the Tappan Zee Bridge. Thus ended a vital transportation link between Yonkers and Alpine that had been in almost constant service since May 12, 1933 — State Photos by Steve Gordon.

## 490 Predicted Road Deaths May Set New Year's Record

CHICAGO (AP)—Traffic deaths, which soared to an all-time high for any holiday during the Christmas period, may also hit a record this year during the long New Year weekend.

The 490 traffic toll was termed possible by the council "unless there is a sharp improvement in the driving habits that shocked the nation over Christmas." It said the toll for a similar non-holiday period at this time of year would be 420.

In the four-day Christmas period, traffic fatalities totaled 708, the first time during any holiday period in U. S. history they climbed above 700. The council's pre-Christmas estimate was 600.

If the council's New Year estimate is surpassed, the combined Christmas-New Year traffic death toll may pass 1,000 for the first time.

During the 1955 Christmas and 1956 New Year holidays the combined traffic death toll hit a record of 974. Each holiday period, for counting purposes, was three days.

The previous high was 963, recorded in the combined Christmas and New Year periods in 1952-53. Each covered four days.

## 2-Inch Snow Due; Warmer Air To Follow

Cautious motorists on the way to work in Westchester this morning self-imposed a 25-mile speed limit on icy sections of Westchester's parkways. Many persons were late to work at slippery roads hampered normal driving.

Two inches of snow is expected to fall on Westchester today, according to a report to Parkway Police by the National Weather Service. The report stated that the weather will clear within 24 hours and temperatures will rise, melting any accumulation of snow.

These seats could not be added. Mr. Miller told the Board, since test borings had shown solid foundation ground in both the boiler room and other high wings.

"It's just like at a beach," he said, "where you go on solid ground and begin to dig. Suddenly water comes up in the hole you're digging."

This, he said is a difficulty often found in construction, particularly of large buildings.

Hydrostatic Pressure  
With regard to the boiler room, Mr. Miller said, more springs and more hydrostatic pressure had been found, necessitating heavy concrete slabbing on the floor as well as reinforcing bars and waterproofing.

Questioned by Trustee Frank N. Bergisch, Mr. Miller said, "I can't go along on the original plans and say I'm fine. But we're over-estimating, sticking our heads in the sand and thinking everything's all right."

We never know, despite 1 1/2 years of construction, what must come with until we open the ground."

He figured that 75 additional yards of concrete had been poured to care for the boiler room condition in addition to the excavation, pumping and steel bars.

With regard to the footings on the Tappan Zee Bridge, Mr. Miller said, "I don't know."

On Dec. 10, counsel for the ferry company met with Governor Hariman and suggested that four government agencies including the Port of New York Authority be considered to take over the operation of the ferry.

The State, according to Jack Schwarzen, vice president of the

## UNITEEY STARTS CLEARING OF SUEZ WITHIN EGYPT'S OK

### Salvage Operations Get Under Way At Southern End Of Canal

CAIRO (AP)—Lt. Gen. Raymond A. Wheeler announced today the Egyptian government has agreed the U. N. salvage fleet can begin clearing the southern end of the Suez Canal immediately. Gen. Wheeler said the clearing operation would begin today.

Cairo newspapers said Egyptian technicians already had started clearing channels at Ismailia, the canal's northern terminus, but its southern terminus, "preparatory to conducting research about sunken ships" but this obviously referred only to the clearing of mines from the channel, though by the Egyptians earlier this week.

A British ship and two French vessels also are continuing salvage operations in the Port Said harbor, the canal's northern entrance. This work was begun by the British occupation forces, which also cleared a channel through the northern end of the canal to El Cap.

Gen. Wheeler's statement did not make clear what salvage ships the Egyptian government had agreed to use. His statement was released by the U. N. information office.

At the last account on U. N. salvage ships have been able to travel naturally either south from El Cap, but later reports said two salvage ships — one Danish and one U. S. — already arrived at Suez coming up through the Red Sea from the south, and that 20 other ships were waiting at Aden awaiting a signal to come to Suez. (These may be British and French ships, however, and there was no indication the Egyptians had yet agreed to their use.)

## New Lawyer Enters Siano Innocent Plea

WHITE PLAINS—Matthew J. Siano, resigned Eastchester Peace Justice, pleaded innocent today in County Court in charges of conspiracy and three forgery indictments.

The short, pudgy Siano, fifty-one, returned to the County Jail. The indictments cover \$78,796 of the \$184,000 in swindles admitted by Siano.

The innocent plea was made through attorney Vincent Lanna of the "Lacoste" firm of Lacoste, Gleason, Lanna & Coppola, Siano was previously represented by Mortimer C. O'Brien Jr. of White Plains.

The grand jury next month is expected to hand up still more indictments against the former judge who said he frittared away swindle money on race tracks.

No application for bail was made.

"Shoe-fitting fluoroscopes are quite unnecessary, and repeated exposure a common practice, should be avoided," Dr. Charles H. Siano said in a Health News, a department publication.

**Financial Hopes Sink Yonkers Ferry Halts**

YONKERS—The Yonkers Ferry, scheduled to stop running on Nov. 30 last kept afloat by hopes of government intervention in its financial crisis, suddenly ended its run from Alpine, N. J., to Yonkers last night.

The ferry company had been operating since May 12, 1933, but said it was now unable to compete with the Tappan Zee Bridge opened a year ago at Tarrytown.

On Dec. 10, counsel for the ferry company met with Governor Hariman and suggested that four government agencies including the Port of New York Authority be considered to take over the operation of the ferry.

The State, according to Jack Schwarzen, vice president of the

Yonkers Ferry Corp., declined to have another meeting until New Jersey sent an official representative. That did not materialize.

# 'Bomb' Located After New York Theater Show

## 2,500 At Paramount Unaware Of Latest 'Mad Bomber' Scare

NEW YORK (AP)—A bomb-like device described by police as definitely the work of the "Mad Bomber" was discovered early today in the Paramount Theater in Times Square.

It was found by the city's special Bomb Squad. It was crammed in a red sock and hidden in an orchestra section seat.

Grand Central Terminal had its second scare in two days when a cylindrical object was found at 8:30 A. M. Police described it as a brass pressure filter about six inches long and two inches in diameter, capped with ends, and said it was harmless.

### Area Roped Off

But until it was examined, the area was roped off to keep commuters from passing near the device.

A telephone warning last night sent a score of policemen to the theater but a preliminary search revealed no bomb. Once the theater's 2,500 patrons had left after the late show, police made a more thorough search and found the device.

A series of telephone bomb threats which police attributed to cranks and cranks has sent the Bomb Squad scouring for several days in public locations since a private bomb was found last Monday in the New York Public Library. It did not explode.

### Device In Grand Central

Yesterday a bomb-like device from a pipe was found in Grand Central Terminal. But unlike the Paramount and Library device, it did not attribute to the "mad bomber" because of a difference in design.

The device, which was placed in the railway terminal, the report said it was in a steel envelope, fastened in the center of a Manhattan lot. It will be taken away toward morning.

# EGYPTI PUS OFF CANAL SALVAGE

## Suez Authority Has 'No Orders' To Start Work

PORT SAID (AP)—Operations to clear the blocked Suez Canal at its southern entrance were delayed today. Despite announcements from United Nations and Egyptian authorities yesterday that work would begin this morning, an official of Egypt's Suez Canal Authority said that no orders have been received to commence the work.

Representatives of U. S. L. Gen. Raymond A. Wheeler, U. N. chief of salvage operations, arrived at Port Said today. He is expected to meet with Egyptian officials in an effort to straighten out the situation.

PORT SAID (AP)—Egyptian and Swedish salvage workers today were to begin the initial work on the blocked Suez Canal.

Egyptian and U. N. spokesmen agreed to work out a plan of "three or four obstacles." L. Gen. Raymond A. Wheeler, U. S. Army officer who is directing the clearance project, said he would be employed in the opening phase of the operation.

Swedish ships, damaged by the canal, and other debris have blocked the way toward reopening the waterway. British and French salvage men cleared a channel from Port Said to El Cap, a third of the way down the canal, but since the British-French withdrawal the only way toward reopening the waterway has been Egyptian clearance of wrecks from the southern end.

MALIBU, Calif. (AP)—The massive Malibu brush fire was running loose in two areas today after covering about 25,000 acres, and at one point threatening a 75-room Franciscan monastery and about 20 homes.

The number of homes and other structures already destroyed by the fierce three-day-old coastal blaze was placed at 64 by Keith Klingler, Los Angeles County Fire Chief. He said the figure might have been much higher except for the fact that firefighters who worked off the Pacific Coast 34-unit motel on the Malibu Highway.

Governor Goodwin J. Knight declared a state of disaster exists in Los Angeles County as a result of the fire. The action makes all manpower and equipment of the state available governmentally available.

The victims were thirty-year-old Mrs. Ina Heilig, wife of an iron miner, and their four children, Dennis, ten; Sandra, nine; Linda, seven; and Keith, two, and James Gallo, thirteen, a nephew.

The blaze broke out shortly after the father, William Heilig, thirty-two, had left for work.

Neighbors saw flames and smoke pouring from the home at 7:30 A. M. They rushed to the house but were unable to enter. Four hours later the ruins were still too hot to permit firemen to remove debris.

Four nuns were in the car driven on south by Sister Mary Austin, school superior. Sister Mary Austin suffered a broken arm, broken shoulder bone and possibly a fractured skull.

The Rev. John Nevins of a school said that the dead nuns were Sister Celestia and Sister Lorets. Sister Mary Raphael was injured.

Further heading for the mother-house of the Order of the Sisters of the Divine Compassion at Good Counsel College in White Plains. The truck driver is believed to have escaped unhurt.

The accident occurred at 8:55 A. M. directly in front of St. Joseph's Parochial School, 1,000 feet south of the old Elihu Hall Hotel which is now the Town Hall.

Others watched television, several called in the newsroom. In the processing buildings, newly arrived refugees moved steadily through medical examinations, customs, fingerprinting and immigration. Then they were interviewed by relief agencies for their job qualifications and where they would like to settle and finally were issued new clothing.

TALLAHASSEE, Fla. (AP)—Two cases in Florida's capital city has segregation row were locked in litigation today after a rash of technical arrests and nonviolent street encounter between Negroes and whites.

Cities Transit Inc. asked a federal judge yesterday to rule whether it is bound by city and state laws that require Negroes to sit in the rear of buses.

At the same time, the City of Tallahassee petitioned Circuit Court for an order directing City Transit to run its buses with segregated seating or to permit its franchisees to run its buses with segregated seating or to permit its franchisees to run its buses with segregated seating.

Buses continued running—under protection of a federal court temporary injunction against interference—despite municipal orders to the contrary and taken arrests of bus personnel.

The City Commission suspended City Transit's franchise at midnight yesterday, manager Charles G. Battle of the bus company and nine drivers were arrested.

Bond of \$100 was posted by each on charges involving operation of unfranchised transportation. Service was allowed to proceed, but Police Chief Frank Stumhofer warned drivers they must enforce seating segregation.

30 Killed Since 6 P.M. Yesterday; Eisenhower Pleads For Caution

By the Associated Press  
Traffic deaths at the start of the long New Year holiday today appeared running behind the last pace for the same time last year.

Motors, however, have been warned by safety experts of a record high traffic toll during the holiday period. They expected the "shock" of the record 70 fatal fatalities during Christmas would induce caution.

President Eisenhower has urged motorists to drive carefully to avoid a repetition of the "fringe toll" of the Christmas weekend. Early fatalities since the count started at 6 P.M. yesterday showed 26 persons killed in motor vehicle accidents. This came time after time in traffic accidents. Bad weather in a snow-covered half of the country was a major factor in the heavier toll a week ago.

The annual Christmas party for members, wives, children, grandchildren, and great-grandchildren of the Mamaroneck Lions Club yesterday at Green Haven attracted 230 various relatives, and developed into the best party, according to some of the old-timers, that the club has ever had.

Honors for the largest number present from any one family went to Arthur Dunn Jr., who told the club he "never thought the holiday would dawn when he would have more present than Peter Doern."

Mr. Doern rounded up a total of eight, but Mr. Dunn succeeded in impressing his wife, two daughters, and eight grandchildren for a total of 12.

Howard Smith, former member of the club and now Mamaroneck and Bellows High Schools, Mamaroneck, and now operator of Chimney Corners Camp at Becket, Mass., found himself impressed with the role of Santa Claus when that old Army Infantry Training Center at Fort Dix, N. J., for eight weeks' basic training.

After entering the Army, Pvt. Mohrfield attended Phillips Academy, Andover, where he was graduated from Princeton University.

## Question Of The Week

**Whole Globe To Gain In Local Resolutions**

**EDITOR'S NOTE**—This is the 49th in a Saturday series of short interviews with Mamaroneck and Larchmont residents on issues of the day—local and national. This week's question: "WHAT IS YOUR RESOLUTION FOR 1957?"

## MAMARONECK

Mrs. John Anthony Sullivan, 742 River Street—"I never make any resolutions and I don't want to. I just try to do the best I can."

Mrs. John K. Hank, 314 Chestnut Avenue—"To try and be healthy and happy."

Mrs. Walfre Tanbaum, 218 Wagner Avenue—"I resolved not to make any resolutions since it's always more things for me to do."

Mrs. William Whitehead, 732 DeLancy Cove—"Health and peace for everybody."

Mrs. L. J. Rovera, 1171 Old White Plains Road—"I haven't made any yet."

Mrs. Ralph Spano, 332 Sterling Avenue—"I have four children and I plan to do more things for them next year."

Mrs. Sam Varsad, 68 Heathcote Avenue—"I haven't made any yet."

Mrs. Edgard Warner, 630 Deane Street—"Nothing but health and happiness."

Mrs. Sophie Jurgin Harrington Place—"I haven't made any yet."

## TODAY'S CHUCKLE

A lot of people can trace their families back 200 years. But they don't know where their kids were last night.

## MAD BOMBER'S WORK DETONATED

Sandbags fly into the air against backdrop of the Atlantic Ocean at Fort Tilden, Queens, as lead pipe bomb planted Dec. 24 in main New York library is detonated yesterday by U. S. Army demolition experts. Police say bomb was 31st planted during the last 16 years by man tabbed as "Mad Bomber."—AP Photo.

Early fatalities since the count started at 6 P.M. yesterday showed 26 persons killed in motor vehicle accidents. This came time after time in traffic accidents. Bad weather in a snow-covered half of the country was a major factor in the heavier toll a week ago.

**The 'Leaks' Plan On Middle East**

WASHINGTON (AP)—The Eisenhower Administration tested the mind of Congressional and public reaction today to a double-barreled idea of keeping Middle East peace with military pressure and aid economic aid.

## Celebs Mobs Burn Homes By Thousands

JAKARTA, Indonesia (AP)—Word of an uprising on Celebes Island has received here today. Celebes is at the opposite end of the Indonesian island republic from Sumatra where rioting in the last days already are being Jakarta's police.

Unlike the bloodless coup in Sumatra, Indonesian sources said the Celebes incident was a violent demonstration that left thousands of people injured.

Details were sketchy, but there was no indication the Celebes rebels had attempted to seize power, or that the uprising was connected with the Sumatra crisis that had led to the Premier Ali Sastranegara's resignation.

Informants said the Celebes rebels were now at the "Justice" movement that tried in 1955 to set up an independent Celebes state—struck Thursday at Sabena in South Celebes.

On the central government point of view, the Premier got some much needed backing in his fight to retain power.

Two of the three leading parties in the Premier's coalition government said they would remain in his Cabinet. It was considered certain the three party also would remain in power at least for the two groups followed through with the Premier's program.

The announcements of support seemed to insure the Premier's retention of power at least for the time being. The government was shaken severely in the first days after army leaders seized power in North and Central Sumatra last weekend.

The Premier's own Nationalist Party and the orthodox Moslems were the mainstay in the Premier's Cabinet. Observers figured the third party—the Moslem Masjumi—would stay with the others. The two Moslem parties earlier had threatened to quit the Cabinet. The relatively small U.S. Party said Thursday it was withdrawing from the government.

President Sukarno meanwhile called again for the dissenting army groups "to return to the path of duty immediately."

## Salvage Crew Begins Work In Suez Area

SUEZ, Egypt (AP)—United Nations salvage team today began the job of clearing major obstructions from the Suez Canal. An official of the Egyptian State Canal Authority said no orders to start the work had been received from his headquarters at Ismailia.

3,100 Suez, Says Egypt  
Abdel Kader Hatem, Egypt's Director General of Information, said today that the Egyptian government was clearing 1,400 persons in the Gaza area and expected to reach the Gaza area in the next few days. He also said the Israeli military forces were in the north-eastern section of the Sinai peninsula.

Mordecai R. Kidron, an Israeli delegate to U.N., called the Egyptian charges "flat lies."

## Woman Shot, Musician Beaten Race Violence Rares In Dixie

By The Associated Press  
A Negro woman was shot in both legs while riding an integrated city bus at Montgomery, Ala., and a high school band director was beaten by hooded men near Camden, S. C., in new outbreaks of racial violence in the Deep South.

Mrs. Rosa Jordan, twenty-two, a boarder after he stopped to change a tire Thursday night 15 miles north of Camden. He was returning from a television night at Charlotte, N. C., at the time.

The former conductor of symphony orchestras at Spartanburg, S. C., and Charlotte said the men told him they were administering the beating because he spoken for racial integration before a Lions Club auxiliary meeting. Mr. Hutchins said he had never made any pro-integration remarks anywhere.

Other white and Negro passengers escaped injury and were taken to Police Headquarters for questioning.

Guy Hutchins, fifty-two-year-old director of High School band director, described from his hospital bed him to a band of hooded men who beat him on the head and beat him with a board after he stopped to change a tire Thursday night 15 miles north of Camden. He was returning from a television night at Charlotte, N. C., at the time.

## County Police Help Airlift Efforts To 'Ban Mad Bomber'

Press Helps In Arrest 3 Youths In Yonkers Held In Bomb Hoax

YONKERS—The quick thinking of a telephone operator yesterday resulted in the nabbing of three boys charged with causing a bomb scare in Yonkers. At 3:50 Mrs. Vera Jagelski, operator for the Yonkers Herald Statesman, received a call from a youth. "There's a bomb planted in the public library," he said, then rang off.

Quickly Mrs. Jagelski called the Central operator and asked that the call be traced.

It was traced to a gas station at 418 Riverdale Avenue, owned by Michael Cholowsky.

Mrs. Jagelski called Mr. Cholowsky, determined that the last caller on the pay phone was a fourteen-year-old boy, one of several at the gas station.

Herald Statesman employees then called Det. William S. Daley at Police Headquarters. He picked up three 14-year-old boys who admitted the bomb hoax.

They admitted they had placed a "simulated bomb" on a shelf in the public library. Police found it—a cocktail shaker filled with water, but showing protruding wires and an attached watch.

James E. McHugh, Deputy Public Safety Commissioner, commended Mrs. Jagelski and other Herald Statesman employees for their alert action. It took only five minutes to nab the boys on the "bomb scare call" had been placed to the newspaper.

Most Letters Originated In White Plains

WHITE PLAINS—A dozen postmaster policemen and deputy sheriffs have been thrown into the all-out police effort to get the Mad Bomber who has been planting New York City bombs since 1942.

The development resulted from a conference of chiefs of 10 communities with New York City Det. Michael Lynch yesterday at the office of Sheriff John E. Hoy.

White Plains Postmaster  
A majority of 18 letters written by the Mad Bomber foretelling of his exploits were postmarked from White Plains. This and other undisclosed information leads police to think the culprit may be a resident of the county. One letter, in the 1940s, came from Mount Vernon.

The assignments given the dozen policemen and deputies were not very specific. They were to search for mailboxes and apartments for the machinist. Mad Bomber is to be made.

New York Police have been active for a long time trying to track down Westchester leads.

8 Bomb Threats  
Sheriff Hoy revealed that 18 Westchester communities have received bomb threats over the past number of years and that bombs have been found in six of them—none with the characteristics of the Mad Bomber.

Three of the threats were reported at Mamaroneck High School where school was dismissed one day after a telephone call claiming that Chief of Detectives James B. Lettgett sharply curbed the activities of his bomb squad. He ordered the 24-man squad to respond only to those calls in which a suspicious object had been reported.

One man questioned in the investigation died of a heart attack. A suspicious object was found early today in the Times Square Theater. The 12-inch pipe object, capped at both ends but found to contain only wadded paper, was found lying near the stage.

The police official who made the discovery summoned police, who found it harmless. Some 200 persons in the movie house at the time were unaware of the incident.

Yesterday's wave of calls, attributed by police to cracks and croakings, kept authorities in an almost continuous state of activity. At one juncture, calls were being made into telephone booths at the rate of one a minute.

The alarm sent police scurrying into the city into stoplights, subway stations, theaters, churches, hotels and bus terminals.

It caused police to intensify their search for the diabolical "Mad Bomber" who has planted some 30 bombs in the city since 1942. Two boys have exploded, injuring 15 persons. No deaths have been reported. A total of 25,000 have been posted for the maniac's capture.

## Bomb Hoaxes Cripple Hunt For Maniac

NEW YORK (AP)—Police pursued their all-out hunt today for New York's "mad bomber" after Sheriff Hoy said that the man had been placed in the school.

Things got so bad by late yesterday that Chief of Detectives James B. Lettgett sharply curbed the activities of his bomb squad. He ordered the 24-man squad to respond only to those calls in which a suspicious object had been reported.

## Bomb-Like Box Found In Peaskill Drug Store

PEASKILL—A box—made to look as if it held a bomb—was found last night in Tuller's Drug Store on South Division Street. The box, 10 inches long, 6 inches wide and 4 inches high, was discovered by watch and other mechanics but had no powder. Found by a clerk in a telephone booth, it was dismantled at Police Headquarters.

Fire Truck Crashes On Bomb Hoax Call  
A fire emergency truck responding to a bomb hoax was involved in a telephone booth at 5:30 P.M. yesterday at West Lincoln and Stevens Avenues. One fireman was slightly hurt and the damage to both vehicles were slight.

The 26-family apartment at 229 South Seventh Avenue was evacuated when one resident received an anonymous telephone call that a bomb in the building. After a search of 45 minutes, the families were allowed back.

## A NEW RECORD

Speed marks go by the boards every day, and another record was broken by the precedent shattering performance turned in by the following combination waltz in the Daily Times and the New York Westchester Group Newspapers.

"Terrific! The first responding to the call was a 100-foot apartment. Later, about 30 other people called reported the surprised advertiser.

Ret the fast way, the coming of the advertiser.

## Robbery Of Port Chester Bank, Ackerly Slaying Top '56 News

MILTON S. HOFFMAN  
The sensational \$18,785 bank holdup in Port Chester, the capture and conviction of three bandits and the linking of them to the Mount Vernon bank holdup of 1954 was picked today as the top news story in Westchester in 1956.

The vote for the top 10 stories was made by editors and newsmen of Westchester County Publishers Inc. The results showed crime stories held sway in a category noted for its general living and its rapid growth.

The Port Chester case nosed out the slaying of a Scarsdale patrolman and the slaying of a Westchester man by only eight votes. Both stories had crowded out national events to capture the headlines.

**Murdered Teacher**  
The sex slaying of a Yonkers school teacher and the arrest of Edward Eckwerth, her admitted slayer, ranked third. Fourth was the arrest and indictment of Eastchester judge Matthew Siano, accused of fraud involving almost \$200,000.

Ranking behind in this order were the plans of Gen. Eisenhower to build an atomic generating plant at Indian Point, Channahon, a landslide vote in Westchester by Republicans led by President Eisenhower; the completion of the late Thruway to Yonkers, its impact the progress on the New England Thruway and Cross-Westchester Expressway, also a 19-inch snowstorm which crippled Westchester on the eve of Spring.

The movement of business firms into the county and a heart-breaking fire which took the lives of a mother and three children outside Mount Kisco.

Other leading stories in a new year were the lights by Westchester officials in behalf of its commuters against an increase on the New Haven and New York Central Railroads, along with the fight to retain passenger service in the Putnam Division of the Central Railroad, the sewer tragedy at Hastings-on-Hudson in September when two men died from sewer gas fumes after saving the life of a third, Marilyn Monroe to playwright Arthur Miller in White Plains in June.

Also the crash deaths of three youths—two of them Tom Cole students—on the Bronx River Parkway in Scarsdale in February.

**THE WEATHER**  
Clearing and turning colder late this afternoon, highest temperature between 25 and 30 degrees. Mostly fair and colder tonight, low between 12 and 20 along the coast and dropping to below 10 and 10 near inland. Mostly fair and continued cold tomorrow, high between 23 and 29.

## Eisenhower Outlook '57 Hopes And Plans To Congress Chiefs

WASHINGTON (AP) — Senate and House Republican chiefs get from President Eisenhower today an outline of his hopes and plans for the nation during the next year.

With the aid of Vice President Nixon, Budget Director Percival Brundage and all Cabinet members, Mr. Eisenhower planned to review with the GOP legislators the Administration's domestic program for 1957.

The big foreign affairs issues—such as standby authority to use U. S. troops in the Middle East, the new aid program for the Congo, and the new aid and tax law and farm legislation.

Mr. Eisenhower returned to Washington late yesterday for the conference after a weekend of relaxation at the Augusta, Ga., National Golf Club.

Mr. Eisenhower will deal with both foreign and domestic affairs in the early part of the year, he said in a message personally to Congress Jan. 10. The new Congress convenes Thursday.

Invited to review a preliminary draft of his message today was Senator Knowland, Calif., the Senate Republican leader, chairman of the conference of all GOP Senators; Assistant Senate Republican Leader, Sen. James H. Doolittle, Republican leader, Mass.; Assistant House GOP leader, Hallock, Ind., and A. Willis Carter, Representative Allen Ill.; senior Republican on the House Rules Committee.

Mr. Martin predicted after a meeting with Mr. Eisenhower Friday that "if Eisenhower will get a good deal of what he asks" for in his message.

Democratic leaders doubtless will try to get a word in edgewise, but they are expected to be by the same slender margins they had in the 1956 Congress.

Mr. Eisenhower is expected to outline at today's meeting, which will be held in the legislative offices of the Capitol in the past.

One proposal almost certain to be renewed is his request for federal aid to build schools. Another is civil rights legislation. No general tax reduction plan seems to be in the offing because of continued high federal spending, mainly for defense. Mr. Eisenhower was expected to seek continuation of the GI Bill and other special benefits.

Mr. Eisenhower is expected to push again for some of the legislative Congresses introduced in the past.

## 213 Have Died Holiday Auto Deaths Far Below Yule Toll

Dearborn as a primary reason for the lower New Year weekend highway death rate.

However, safety officials said that the most deadly time on American roads during the current holiday is New Year's Eve and New Year's Day. Celebrators crowd the highways and the incidence of drunk driving usually increases sharply, they said.

The National Safety Council predicted that 49 persons would die on the highways during the 1956 New Year weekend. The actual toll is 407, set in the four-day 1952-53 New Year period.

New Rochelle police report the holiday weekend thus far has been virtually free from traffic accidents.

In the last 24 hours only one minor accident was reported.
