Equipments Regain First Place At Community Five's Win Behind Reddy's 610

Two weeks characteristic of Daily Times League bowling for the past few weeks were entered on the books at last, tomorrow's night.

In the most stunning of the form reveals, the Community Five topped the Happy Boys, a feat which automatically sent the equipments into the league lead.

The bottom of the standing was affected by the surprise of Charles Reddy, who was built from a master diplomat. If you ask the last fellow who spent for a dollar league license to describe Graf, the chances are the applicant would tell you Graf made him feel as though he was transacting a deal involving at least a million dollars.

"Now, what was it you wanted?" The answer was, if the transaction involved a dog license, a real word address, Graf as "Mr. Graf," "Graf" or "Baldie."

That last week, however, Municipal employees have yielded to "Admiral" or "Commander," and deference to his waterfront activities while "Treasurer" sometimes crops in.

Five Cheating Accusations Test Graf's Patience

"Treasure" stems from the fact that Graf handles his own business directly five cheating accusations. They are: the number of pins he balances, the others he is asked to balance or countercheck in the case of the Village, Empire Community, Men's Club, dog license checks to Westchester County and Police Pension checks.

Mentioning the Empire Community brings to mind another of Graf's titles, "Captain." That appellation derives from the period between 1929-33, when he was captain of the 1929-33 team, which he headed that year.

Understanding of a mythical military ranking is Clark Edwards' tendency. In his lapel he wears the red and white insignia of the Society of Colonial Wars, which indicates he is a direct descendant of an officer who fought in the Revolutionary War.

And That's Not All He's Secretary, Too

Graf is never called "Secretary Graf," although it appears "Larchmont Assessor Eugene C. Don't" leaves out my middle initial "Harold" when he starts the ball rolling.

UNIFORM PRICES FIXED FOR JUNK

Schedule For Salvageable Materials Established By County Dealers

Westchester material dealers have submitted to the Westchester Defense Council a schedule of uniform prices which will be paid for salvageable materials.

At the same time it was announced that a committee of selected retail dealers has been formed to tackle the knotty problem of collection and segregation of metal, rubber and cloth. Defense officials hope that this committee will be utilized in an advisory capacity by local defense councils conducting salvage campaigns.

Among the tentative plans drawn by the dealers is one which would provide for making payments in defense stamps as well as cash, if requested in this way. It was emphasized that savings for the defense can be realized in the effort.

The following prices have been fixed upon, it was announced:

Waste paper—Newspaper, 10 cents a bundle, 40 cents per 100 pounds.

the housewife. Price at depot or collection point with minimum of 500 pounds, 20 cents per 100 pounds. All other grades of paper bundles, same prices prevailing.

Rags—Mixed rags (clothing, linens, towels, etc.) Two cents per pound. Cotton, uncut, 10 cents per pound. Quilts, blankets, rug, carpets, etc., 25 cents per 100 pounds.

Rubber—Mixed rubber (articles, rubbers, boots, aprons, etc.) (Not garden hose), 50 cents per 100 pounds. Old automobile tires, two cents each.

Scrap iron—Mixed iron items, 35 cents per 100 pounds; the housewife. Mixed quantities over one ton, 45 cents per ton.

Nonferrous metals—Mixed metal scrap free from iron, a cents per ferrous metals are segregated and cleaned at collection depot, a different scale of prices will prevail. If these are sold in quantity, still another scale of prices will be paid.

Lead and tin—A uniform price of three cents per pound will be paid.

Dealers agreed that four classification of articles could not be handled. Tin cans, glass bottles, oil, etc., will be handled in the effort.

At Spritzer of the Mount Vernon Iron and Steel Company, 9 North West Street, Mount Vernon, has been named chairman of the dealers' advisory committee. Anthony Zito of the Zito Salvage Service Company, 309 Nepphus Avenue, Yonkers, is vice chairman, and Charles Ferrara of the Melrose Salvage Corporation, 200 Brookfield Street, White Plains, is secretary.

The mailing group are following, with interest, the study in Major Matthew's trigonometry class of parabolas.

Mr. Hood, 102, reports an election of United and Margaret Robinson, secretary and treasurer. Shirley Smith was elected to represent 102 to the General Organization. Gloria Lawrence retained the office of vice president.

'WEIGHTED VOTE' PLAN OPPOSED

Taxpayers Federation Objects To System; Calls For Another Charter Change Vote

Official opposition to the so-called "weighted" or "weighted" vote plan for providing proportionate representation in the board of supervisors, recently approved by the Republican Executive Committee of the county, came today from the Board of Directors of the Federation of Westchester Taxpayers Association.

Under the new system, recommended by a citizens committee headed by State Sen. Ping W. Williamson of Scarsdale, the board's 45 members would vote on a basis of one vote for each 10,000 population after the first unit, raising the total vote to 41. There would be no decrease or increase in the actual number of supervisors, however, each town and city retaining its present personnel.

The taxpayers' federation, without advancing reasons for opposition, made the following statement through David S. Pines, executive secretary.

"It is believed that the board of directors of the Federation of Westchester Taxpayers Association, in disapproving the proposal that is contained in the Williamson committee report, especially the plan for weighted voting for mem-

bers of the Board of Supervisors, will still adhere to our previously affirmed stand in favor of the smaller county board, which we believe should be again submitted to the electorate in 1942 in view of the 40,000 votes this referendum received in this last election."

While not advancing any specific reasons, it is believed the federation was moved to a degree in reaching its decision by the opinion that should the "weighted vote" reform be put through, this would eliminate one of the major arguments for the smaller Board of Supervisors, as defined by a two-thirds vote last November. This referendum cannot be put to another vote under the charter until next year.

It is expected that the Westchester

League of Women Voters, which worked closely last fall with the Taxpayers' Federation in sponsoring the referendum for a smaller Board of 15 members will take the same attitude as that expressed today by the federation.

On Friday, the 20th, Benedict W. Law of the Language Department, headed in his resignation. He, feeling the attractiveness of the many opportunities to be offered today in the field of languages, is now taking time to study for a better position, the nature of which is to be disclosed at a later date. Mr. Law, a graduate of Cornell University, has been at Bellows for two years. He assisted in managing the Bellows Kiltation and the Bellows Club, and was faculty advisor of both the handbook committee and the French Club. Mrs. Law has substituted for a few of our teachers, which they were unable to do in school.

Mrs. S. Johnston is substituting until Mr. Law's position is filled. Two performances of the Senior Play will be given this week. The first, a matinee performance, on Tuesday evening at 8:30, the second, an evening performance, on Friday evening at 8:15. Tickets are 20c, 50c, and \$1.00.

We were sorry to find out last week that Miss Nutting, the home economics teacher who has been teaching classes during her absence. The "E" Bellows basketball team played Scarsdale Tuesday, Feb. 3. As a new experiment the varsity team played their first of the second term later. This experiment was in hopes that the attendance would be enhanced.

County Red Cross Gets New Secretary

Mrs. Maion Crawford Adams has been appointed by the National Headquarters of the American Red Cross as executive secretary of the Westchester Chapter. Thomas E. Hardenburgh, chairman, announced today. Mrs. Adams will continue her home duties at the Chapter House, 108 North Broadway, White Plains, Monday.

Mrs. Adams came to White Plains from Washington, D. C., where she was administrative assistant of the eastern area at national headquarters.

Mrs. Adams has served the American Red Cross since 1933. During that time she has served as chapter correspondent, general field director and executive secretary of several large chapters in the United States, including Norfolk, Va.

Mrs. Adams will take over the duties of Miss Roberta Fulton who resigned her position last month after an illness.

SIMPLE, isn't it?

it's also simple to SWITCH to GAS HEAT... even in Mid-Winter

SINCE the first of the year More Than 500 New Gas Heating Installations Have Been Made in Westchester County. That really is significant for five mid-winter weeks. There is an increase each week in the number of home owners who change to Gas Heat.

Are you thinking of joining the swing to home heating by Gas? If so, don't hesitate because it is mid-winter. It is not necessary to change the entire heating system of a home to have automatic gas heat. Usually, all that is required is to have a gas conversion burner installed in the present furnace. The changeover can be made in one day, without any great inconvenience to you.

If you are one of our gas customers, we'll be glad to send an expert to your home to make a survey and give you an estimate of what Automatic Gas Heat would cost you. No obligation. Get the facts—then decide if you want it. Telephone, write or visit our office nearest you.

POP COMMITTEE GETS NAMES OF FOUR CANDIDATES

Twelve Submitted As Candidate For Trustee Along With Three Incumbents DESIGNATIONS DELAYED

Only 10 Attend Meeting; Another Session Set For Monday Night

Having successfully completed a special three-month course at the Marine Barracks, Quantico, Va., designated to qualify candidates for commissions, John R. Howell, of 40 Westview Avenue, Larchmont, now proudly wears the gold bars of a second lieutenant in the United States Marine Corps.

Second Lt. Howell, the son of Mr. and Mrs. John Jacob Howell, enlisted in the Leathernecks on May 7, 1941, and was assigned to active duty on Oct. 26, 1941. He was graduated from Williams College in June, 1941, and received a degree of Bachelor of Arts. During his training in the Quantico Class at Quantico he was instructed in the use and actual firing of the various infantry weapons. He qualified as a Marksman with the 30 caliber rifle and Sharpsnooter with the automatic rifle and pistol.

For the next three months, Second Lt. Howell will attend the Reserve Officers Class at Quantico for an additional course of training in the various duties of a platoon commander. When he completes this class he will be assigned to duty with a Leatherneck combat unit.

To Active Duty Clinton C. Boer, son of Dr. and Mrs. Clinton H. Boer, of 306 Southview Avenue, Mamaroneck, who was made an apprentice aviator in the U. S. Navy on Jan. 23, will be transferred to active duty Monday to the Navy Training Station at Newport, R. I.

20th Anniversary Washington Camp No. 35, Patriotic Order of Sons of America, will celebrate its 20th anniversary at the Army Hall on Barry Avenue at 4 P. M., Thursday, Feb. 11.

The committee has made plans to play host to members of their families and friends of the organization, with dancing, singing, entertainment and banquet. The charter members of the local organization are 59 chartered members whose names are listed on their initial meeting held at the Masonic Hall on Broadway at 8 P. M., Monday, Feb. 11. David G. Cuyler was recently elected president of the club. He meets the first and third Thursdays of every month at Army Hall on Barry Avenue.

Stars To Entertain Two figures familiar to stage and radio will lend their talents to the annual turkey dinner and entertainment of the 8th Augustines' Men's Club of Larchmont, Feb. 16 in the auditorium of St. Vincent's School. It was announced yesterday.

They are Elmer Donovan, a comedian and members of the Friendly Sons of St. Patrick Glee Club and John Griffin, radio singer and tenor soloist of St. Patrick's Cathedral. Choir Mr. Donovan and Mr. Griffin were obtained through J. P. Farrell, Rev. Dr. David Larchmont, a member of the Men's Club.

Harry Flinn, chairman of the event, has announced the acquisition of Eddie Downing as master of ceremonies.

Lions Hear Speech On Economic Crisis

The government economic situation was discussed Wednesday by Prof. Harry Franck of New York in an address before the Larchmont Lions Club in the Shore Club.

Prof. Franck, for 25 years a financial advisor, spoke of the possibilities of inflation and deflation. A prominent economist, Prof. Franck is thoroughly familiar with the American economic situation and the gold standard.

Prof. Franck was introduced by President Herbert W. Neelander, who presided over the meeting.

James M. Lynch, chairman of the club's book drive committee, reported that many members had received and Frank Lynch, chairman of the 25th anniversary committee, asked for assistance from club members at the annual dinner and dinner scheduled for Feb. 10 at the Mamaroneck Junior High School.

The name of V. H. Korogian was brought for membership in the club for the second time.

Enemy Air Raids On U. S. Expected, House Committee Declares

Short, Surprise Sporadic Attacks With Big Losses Seen

By LaGuardia

WASHINGTON (AP)—With the warning that the home front could look for hostile aerial attacks, the House Appropriations Committee today recommended that \$100,000,000 be voted for the civilian defense program.

"The amount was the biggest single item in a \$400,000,000 omnibus appropriations bill which the committee sent to the House floor for action."

"Enemy air raids upon continental United States are to be expected," the committee said, in approving the civilian defense appropriation. The general military opinion is that they cannot be completely avoided, and that in any degree the intensity or frequency of such raids on the West coast or the southeast of Europe."

"Provision requires preparation at all points that the enemy might reach," the committee added, and it expressed concern over the allocation of \$29,858,884 which might be inadequate to provide facilities for the entire civilian population in the so-called "back areas."

"The omnibus appropriation measure, designed to meet increased expenses of many government agencies since war was declared and to provide \$100,000,000 for equipment for training of workers for defense industries."

"We are in a real tight spot now," Mayor Fiorella La Guardia of New York, director of civilian defense, who appeared before the appropriations committee, asserted that the people might expect short, surprise sporadic attacks rather than heavy losses and possible complete destruction of many of our residential districts.

"We are in a real tight spot now," he said bluntly in testimony made public today.

In arguing the need for the \$100,000,000 civilian defense fund, La Guardia advised against getting "the idea that a mission to bomb the Atlantic Coast would be a suicide mission."

"If they can get by and drop their bombs, they can land here and be only prisoners of war for the duration—a very pleasant assignment."

Manhattan's chief executive, who is an army aviator in World War II, told the committee that the nation's civilian defense only until the appropriations bill was passed by Congress, "then I have to go back to my city."

Hearing Set Friday On Rail Fare Boost

NEW YORK.—The Public Service Commission today ordered a hearing on the German Air Force, but just completed a visit to Italy.

The decision coincided with an announcement that Reichsmarschal Hermann Wilhelm Goering, chief of the German Air Force, had just completed a visit to Italy.

The decision coincided with an announcement that Reichsmarschal Hermann Wilhelm Goering, chief of the German Air Force, had just completed a visit to Italy.

Whether the Germans are planning a shortage in planes or pilots was not disclosed, but several Soviet communists have emphasized heavy German air losses.

Today's Red Army bulletin, for example, reported six planes destroyed. This warning is particularly pertinent, since all the services of the Red Army will be on the spot at the same time and expense level will increase the danger of accidents.

EQUIPMENT SURVEY The Engineering Department and the Department of Public Works today surveyed the roadwork.

FOR DEFENSE: The Mamaroneck Social Aid Society, oldest organization of its kind in the Village of Mamaroneck, last night announced the purchase of \$500 in Defense Savings Bonds.

The bonds were subscribed by individual members in an inter-sectarian campaign held last night at the Hebrew Institute, where the recently elected officers presided at their meeting of the year last night.

Japan claimed a destructive blow to Dutch naval power in the Far Pacific today, sent fresh reinforcements into the Battle of the Philippines, and unleashed a violent aerial assault upon the siege-bound defenders of Singapore Island.

Two United Nations warships and British RAF planes shivered for a rare and, were credited with five kills today.

Gen. Douglas MacArthur's artillery units, including Japanese batteries which had been massed on the southern Manila front, across the bay from a United States force to bombard Corregidor Island forer.

Washington military and naval experts frankly acknowledged that the situation at the end of the second month of war is serious, despite reports of more than 100 ships and thousands of men.

The British Admiralty and the United States Navy have previously discussed Japanese claims as extravagant.

TWO TALKING IT OVER

BY CHARLES KING

Recreation Council Finds A Bony Problem An athlete who does not fulfill certain scholastic requirements is automatically deprived of his right to represent any given school in intercollegiate competition.

However, he must still work for gymnasium credits in the same manner that he attends other classes. Once relieved of the privilege of playing intercollegiate ball, it is understood an athlete cannot at any time be reinstated to a team should he be relieved of his status. The athlete in that predicament has proved he cannot do both.

Now some school officials maintain that Recreation Councils should be held in place at all times. The purpose of the intercollegiate play, which is to be held in the fall, is to give the boys a chance to play through the winter. The school officials who are in charge of the Recreation Councils are not in a position to do this. They are not in a position to do this.

Therein Lies The Rub: Theory Is Fine, But... The theory behind what I believe to be the school's action is not so good, though, but it doesn't carry through all the way. For, the Recreation Councils are not in a position to do this. They are not in a position to do this.

After all, the schoolmen want to study. That's a matter which should be carried through in the home. Parents who allow delinquent sons to frequent the local moving picture or the basketball game throughout the week are directly to blame.

Recreation parties, say that the schoolmen should be held in place at all times. The purpose of the intercollegiate play, which is to be held in the fall, is to give the boys a chance to play through the winter.

Bill has been saying all winter that he knew which team the Panthers could whip and so far he's been 100 percent correct. He called the turn at Bay prior to the Beacon game and said the Panthers would play the Panthers.

VISITORS' RALLY GAINS 54-45 WIN

Mamaroneck Leads At Quarter, But Falter; Game Slowed By 42 Penalties

In an all-out offensive game that saw both teams score at will, the local high school basketball team, Mamaroneck, defeated the visiting Orange, 54-45, in a game played at the local gymnasium on Tuesday night.

The Orange held a 10-15 lead at the quarter, but the visitors gained a 21-27 halftime advantage and were never again headed. DeRuza's defense, however, the local boys showed an improvement. Three of the visitors, Tony Caputo and Wes Koster, Tony Caputo and Wes Koster, Tony Caputo and Wes Koster.

Winners Gain Senior League Lead As O'Neill, Nask Pace Off

Unless they are upset in either of their remaining games, the All-Stars will represent Mamaroneck in the County basketball tournament next month. Steve Johnson's athletes made the fact apparent last night as they upset the previously undefeated Colonials, 29-26, in a senior division contest at the Mamaroneck High School court.

UCD ATTACKED BY SUPERVISOR

Landing and Mrs. Roosevelt Assailed at Meeting of County Board.

An attack upon Director James M. Landis of the Office of Civilian Defense as one who had "conceded and supported" Harry Bridges, West Coast labor leader, and a demand that Mrs. Roosevelt, retire at once as associate director of UCD, highlighted approval by Westchester's supervisors yesterday of a payroll deduction plan for county employes purchase of United States Bonds and Stamps.

The board first considered a straight 10 per cent deduction of supervisors salaries for purchase of the Defense Bonds, as an example to other county employes, but then decided this would work hardship on some city supervisors whose \$1,500 salary is their only income. Instead, it was arranged after the meeting, each of the 45 supervisors will pledge himself to a payroll deduction, but to commensurate with his individual income.

It was Supervisor Jefferson Armstrong, 114 Wacker of Yorkville, who struck at Mrs. Landis and Mrs. Roosevelt.

ENEMY SHIP HIT

By ROGER D. GREENE
Associated Press War Editor

Prime Minister John Curtin ordered mobilization of "every human being" in Australia today as Japan's invasion force pressed a direct threat to Java, the heart of the Dutch Indies, and forced a new British withdrawal in the critical battle of Burma.

An NRI Government broadcast reported Java's 40,000 people late today that "the enemy is at the gates of Java and soon will storm these gates."

A path for invasion, Japanese planes bombed and machine-gunned several islands in the narrow Bontol Strait which separates Java from Sumatra.

Japanese ships were seen in the Strait of Malacca, and a Japanese transport and probably light auxiliary vessel were seen near the Sumatra coast.

Dispatches from Batavia said the Japanese were evidently preparing to attack Java, headquarters of the United Nations Command, without delay.

The situation in neighboring Java was also serious, and the Japanese were evidently preparing to attack Java, headquarters of the United Nations Command, without delay.

Dutch quarters said the scale of destruction of Palembang was great, and the need for oil and only with comparative ease quality remains.

In the Philippines, Gen. Douglas MacArthur's headquarters reported increasing Japanese air and army commitments and declared that 25 women and children had been killed and 23 others wounded when the invaders bombed an undefended seaport camp at Cebu.

The governor, who said charges were filed with him by members of the union, directed Attorney-General John J. Bennett, Jr. in making the investigation into the matter.
