

Mamaroneck Routed By Davis, 51-29; Panthers Nip Eastchester, 35-34

MOUNT VERNON FIVE TAKES EIGHTH VICTORY IN W.I.A.A.

Home Club Is Never Threatened As Curtains Are Off Form; Bredt Tallies 10 Points

Showing a complete reversal of form, the Mamaroneck Tigers were subjected to a 51-29 defeat by A. B. Davis High School of Mount Vernon yesterday afternoon on the winners' court. Davis also routed the Tigers, 35-34, last week at the Orange gym.

Lacking the complete control of the backboards shown in the last few games, the Tigers were completely outclassed by Coach Earl Oswald's accurate shooting outfit.

It was the eighth W. I. A. A. victory for Davis and the seventh defeat in eight league starts for Mamaroneck.

Barclay on Bridge

Issue Invitations

When your contact is hopeless unless the outcries accept your hospitality and welcome you to come to your party with gifts in the form of trilling mistakes, it is up to you to issue the invitations. There are times when you have no chance at all to be in a contact unless a defender will make some particularly clever play. And here are several occasions on which he must make a couple of them in order to give you a chance. When that is the case, don't think of your needs and concede defeat, but try first to see how hard the opponent can be.

Lions Lead Drive

The Larchmont Lions Club, through its Board of Directors, has which met at St. Thomas's Community House yesterday afternoon, appropriated \$100 of club war fund money for the Red Cross War Fund campaign, which will be held under way in the village. This appropriation was made in response to the appeal of the Red Cross that last year's campaign was not to be doubled. The Lions, in view of the fact that the Red Cross quota has been almost doubled, and in view of the additional work which will be done in a war year, acceded to this request. According to the Red Cross officials the club is the first of the village organizations to do this.

The Lions Board of Governors also accepted invitations to hold club meetings at St. Thomas's Community House, Larchmont, on March 8 and 9, at the request of the Lions Club. These meetings continue the custom of the club of visiting these churches one each year.

On recommendation of Gen. Douglas MacArthur, Lieut. William J. West, former graduate of a Rockhill, Terrace, Leachmont, has been promoted to the rank of first lieutenant. Lieut. West, graduate of St. Augustine's Parochial School in Leachmont, holds a commission in the United States Army, and is assigned to the General Headquarters Signal Office, somewhere in the Pacific. He was commissioned an officer just a year ago. He was inducted in March, 1941. His address for the convenience of local friends is 1470 1/2 West 1st St., Traversetown, Calif.

The Larchmont Village Woman's Division of the War Savings Staff of the U. S. Treasury Department has rolled up sales of \$2,042,734.90 in about a year of activity as War Savings Bonds and Stamp Agents in the Larchmont area.

The women began last winter at the Larchmont Bank and Post-office under a group of instructors and was taken over in the Spring when the Women's Division of the War Savings Staff was organized in the Village.

Mrs. James E. Womack, Women's Division chairman, has reported this month an increase in sales made prior to her organization. Members of various women's groups serve now as instructors and stamp salesmen during the six weeks at St. Vincent's, St. Mary's, St. Ann's and bank Representatives of different organizations are on duty each week.

Radio Alone To Announce 'All Clear'; Use Of Audible Public Signals Forbidden

Street Lights Not To Reveal End of Blackout, Holbrook Tells Defense Aides

Westchester will learn of the "all-clear" after an air raid on the practice alert only by listening to the radio. There will be no audible public signal for the all-clear, except that in ordinary sections chief wardens will use their portable horns on country roads to notify defense personnel that the raid or drill is over.

Street lights will come back on at the second "red" alarm. This will follow the "red" alarm. This will follow the "red" alarm. This will follow the "red" alarm.

GEORGE V. BATES, FIRST MAYOR OF VILLAGE, PASSES

Town Councilman Since 1934, Outstanding Citizen Dies At Age Of 73

Municipal flags in the Town of Mamaroneck were lowered to half mast today in tribute to George V. Bates, Sr., first mayor of the Village of Mamaroneck and Town Councilman since 1934, who died at his home, 608 Manor Avenue, Village, late yesterday afternoon after an illness of nearly six months. He was born 73 years ago in Scarsdale, and has been a resident of Mamaroneck for 47 years.

Mrs. Bates, active in Village and Town Council meetings last October, is credited with inaugurating the Village of Mamaroneck's sanitary sewage system while he was mayor. He was elected to the Board of Trustees in 1931, and became president of the Village in 1937. In the following year, when the law was changed, he became the village's first mayor. He served in this capacity until 1939.

SANTORO ENTERS RACE FOR MAYOR, KUHN RENAMED

Republicans Nominate Ticket For Spring Election At Harmonious Caucus

CLEAN FIGHT PLEDGED

Democrats Expected To Place Rival Candidates In Race Tonight

Mamaroneck Republicans at a harmonious caucus last night in Masonic Hall placed in nomination for the Spring Village election the following ticket:

For Mayor—E. J. Santoro.

For Trustee—Edward J. Kahn.

Mr. Santoro, now serving his third term as a village trustee, was named to succeed Mayor James T. Curran, whose term expires this year. It elected Mr. Santoro would resign as trustee to be succeeded by Martin Goldman and Robert G. Harris, former members of the Village Board for the past two terms of office.

Mr. Santoro would continue as trustee.

In accepting the nomination, Mr. Santoro promised to conduct his term in a clean, open and honest manner. He pledged to continue the good work of his predecessors and to work for the best interests of the village.

Mr. Santoro's name was offered by James A. Gillies, chairman of the local draft board, who has been advanced for the trustee nomination by the trustees. Mr. Santoro is a member of the Village Board and has served in the majority election.

THE TROUBLE WITH THE TROOP

British Armies Put Squeeze On Both Flanks

RED GAINS GROW

By ROGER GREENE (Associated Press War Editor)

Field Marshal Erwin Rommel's thrust deep into the middle of the 300-mile-long Allied front in Tunisia was described as "bravely" today, and a German broadcast reported that the British 8th and 1st Armies were moving up on both flanks in a developing north-south squeeze.

North of the German breakthrough the Allied lines were being readjusted to meet the new situation.

French troops have been withdrawing from positions about 10 miles north of the Faid Pass area where Marshal Rommel started his drive Monday, it was announced.

This indicated that the Allied lines to the north were being repositioned to face the threat to their right flank.

American armored forces finally had stabilized their lines in the high rugged area of the Tunisian-Algerian border area, however, and Rommel's drive tapered off to mere skirmishing in the Faid Pass area 150 miles southwest of Gen. Dwight D. Eisenhower's headquarters, announced that after four days of battle the "very little activity" on the central Tunisia front was continuing.

Overhead, Allied warplanes blasted Axis troops which had driven back British Army troops yesterday occupied the outpost of Four Tabouline at the southern end of the 60-mile March Line, which is 11 miles inland.

Sharper activity was apparently developing in the area south of the March Line. Eisenhower's headquarters announced that the British had captured 2,876 prisoners and seized or destroyed 150 tanks, 55 armored cars, 26 mobile units and 50 other vehicles.

These figures were not contradicted by Allied sources, although it was officially admitted that American losses were heavy.

Gen. Alphonse Juin, the French commander-in-chief, said the Axis drive had been "broken after decisive action of American tanks" and "German large-scale tanks" had been "wounded off" by "good shooting of British anti-aircraft." An Italian announcement, however, declared that "local operations in Central Tunisia are still in progress" and asserted that the Axis had captured 2,876 prisoners and seized or destroyed 150 tanks, 55 armored cars, 26 mobile units and 50 other vehicles.

This is what happened to a car that skidded while traveling north on the Hutchinson River Parkway between Mamaroneck and Old Mamaroneck Road yesterday afternoon. Although the car landed on its side after skidding off the icy roadway, the driver, James Johnson, 55, of New York City, was unhurt.

Contract Bridge Rules And Scoring Revised For First Time Since 1935

Publication of New Code of Laws Brings Changes In The Game

Four-Day Distribution To Be Held From 3-7 P. M. Starting Tuesday

Plans have been completed for the registration for War Ration Book No. 2 next week in the New York Public School District. It was announced today by a Norman Davis, who is in charge of rationing programs in that district.

Registration will be held at the Barry Avenue and Daniel Warner Elementary schools, but not at the E. J. Bellows High School, Mr. Davis said in detailing the following arrangements.

The registration will take place on Tuesday, Wednesday, Thursday and Friday. The hours will be from 3 P. M. to 7 P. M. This is one hour earlier than the schools were open for registration for Book No. 1. It is hoped that many commuters will take advantage of the earlier hour and arrive early in the afternoon for the registration. It is expected that an average of 40 registrars will be on duty at all times. All the teachers have received instruction in the procedure for the registration at a general meeting of all teachers in the district on Wednesday. The registration is expected to be completed by the end of the week.

More liberal than their predecessors in many respects, the new laws provide that if a player makes an improper bid, due to a slip of the tongue, he may correct himself without penalty.

REAPPORTIONMENT ACTION SPEEDED UP IN LEGISLATURE

Bill To Realign Senate And Assembly Districts To Be Introduced Soon

NEW YORK, (AP)—The rules and scoring of contract bridge are being revised for the first time since 1935 with the publication of a 1943 code of laws today.

A 50-point bonus has been granted for making any doubled or redoubled contract whether vulnerable or not. Another 50-point bonus will be given for having a post-mortem in an unfinished game of an unfinished game.

The lead-out-of-turn law has been changed so that the declarer, when the wrong opponent leads against him, may either call the lead of any suit or forbid the lead of any suit he wishes to name.

The penalty for the revoke is still 20 tricks, as it was in the 1935 code, but in the new laws there is no additional penalty when the same player revokes a second time in the same suit.

Committee representing the Whist Club of New York, which has drafted many members of the Contract Bridge League, which controls tournament bridge in the United States, agreed upon the changes.

More liberal than their predecessors in many respects, the new laws provide that if a player makes an improper bid, due to a slip of the tongue, he may correct himself without penalty.

Larchmont Parties Nominate Tonight

The Larchmont Democratic Party is expected to nominate the two Republican candidates, Harold W. Bostel and Frank S. Washington, Jr., for the offices of trustee at the Democratic caucus tonight, it was announced by Victor J. Hopkins, chairman of the Democratic Committee.

The Democratic Caucus is slated for 8:30 P. M. at the Larchmont Municipal Building.

The Republican Caucus will be held at 8 P. M. at the same place.

Larchmont's GOP leadership, which has already endorsed the two trustees for re-election at the committee caucus tonight, will announce its nominees tonight.

Salary Limit Repeat Approved In House

WASHINGTON, (AP)—Brushing aside a President Roosevelt veto, the House today approved a measure to limit the salaries of federal judges.

The measure, which would limit the salaries of federal judges to \$20,000 a year, was passed by a vote of 300 to 100.

The measure would apply to all federal judges, including those who are currently serving on the bench.

The measure would also apply to judges who are currently serving on the bench.

Chatsworth Student Programs Honor Bill of Rights Week

Social Studies classes have been especially interesting at the Chatsworth Avenue School this week...

The assembly closed with the singing of patriotic songs by the school under the direction of Col. W. P. Conklin...

Since an appreciation of our rights as citizens is most important, Helen Halter, principal, commended the girls for their interest in these studies.

One first grade class under the direction of Miss Leya Trovings organized itself under parliamentary procedure in order to show its appreciation of the right of assembly and free speech.

As an outgrowth of this appreciation of our rights as citizens, the principal reports that the faculty has decided to begin a system of student participation in school government in the near future.

Older Men Face Call If Fathers Gain Deferment

Passage Of Ration Book Would Resume Drafting Of 38-45 Age Class

EARLY SUMMONS SEEN

No Congressional Action Needed To Start Calling Of Class

4-H Men

WASHINGTON — If Congress passes the Ration Book Bill to require that fathers be deferred from draft until all unmarried eligible men are called up, the status of all New York registrants who are between 38 and 45 years of age may be changed to make them subject to compulsory military service. The bill is being considered by the House on Thursday.

Men in that bracket were placed in Class 4-F, Dec. 5, as a result of executive order making 28 years the maximum for the service. The bill is constantly expanding as restrictions are made by the War Relocation Authority.

The congressional committee considering the Ration Book Bill is headed by Gen. Lewis B. Hershey, that the father of an unmarried man has been totally exempted from the draft. The bill is being considered by the House on Thursday.

REDS GO AHEAD

WASHINGTON (AP) — The Navy announced today the sinking of a German submarine in the Atlantic and a Japanese submarine in the Pacific and Secretary Knox said that every available weapon is being used to bring the Atlantic-boat menace under control.

Knox told a press conference that generally speaking losses of United Nations merchant ships in the Atlantic have been much heavier in the last three months, but the submarine, he declared, "most importantly it is a grave nuisance."

The two sinkings announced today, the Secretary said, are not isolated cases but of other subs which would be classified only as "probably sunk." The Navy still declines to issue the total number of enemy subs destroyed or believed to be destroyed, for security reasons.

tain catalysts. Some of the highly volatile ones must be kept in a huge ice box at a degree Centigrade to keep them from breaking their glass containers or to prevent decomposition or fermentation.

Next to the ice box, an object of high priority for a layman is a storage room under heavy lock filled with drums of especially dehydrated alcohol.

Another unit in use at the local plant is a catalytic converter. The "catalytic" is a catalytic converter, which is a piece of machinery in which the reaction is catalyzed by a substance which is not consumed in the reaction.

The modern chemist can immediately determine the acidity or alkalinity of any given solution. This time, having lab technique replaces the old litmus paper procedure, inasmuch as it also computes automatically the degree of acidity and alkalinity in terms of tons.

The modern chemical laboratory, though it has developed standard glass racks which have done away largely with the old metal factory racks, still has a lot of glass bottles, tubes, jars, etc. which are so numerous that they are a real headache to the chemist.

The Mamaroneck plant—a good sized, sturdy, fireproof brick building filled with huge stills, vats, condensers, separators, filter presses, etc.—is a real sight to behold. It is a real sight to behold.

The modern wizard control known as a galvanometer. One such device, building filled full of huge stills, vats, condensers, separators, filter presses, etc.—is a real sight to behold.

The environment and testing and the rest—except for the supervision and office work—is done by three chemists. These gentlemen work with more than a thousand compounds, from which they in turn compound other compounds.

STATE POST OPEN TO RUTH TAYLOR

County Commissioner Being Considered As Successor To Dr. Adie

Public Welfare Commissioner Ruth Taylor, in charge of Westchester hospitals, county penitentiary, home for the aged, old age pensions, welfare and relief and children's aid bureau for the last 11 years, is being considered for appointment as state commissioner of social welfare to succeed Dr. David C. Adie, who died Tuesday.

The State Board of Social Welfare, formerly the State Board of Charities, is composed of 15 members, one from each of the nine judicial districts and six from the state at large. These members select the commissioner although usually such selection is made in the approval of the Governor.

Effective Thursday, no retailers, wholesale, terminal managers, receivers or country shippers may charge more for fresh lettuce or spinach than he charged during the last five days, OPA said in its order.

At the same time, it announced that OPA officials will conduct a survey of the West Coast fresh vegetable trade on the problem of temporary price ceilings which have been placed on cabbage, tomatoes, peas, carrots and snap beans.

Commissioner Taylor, it is known, has upon several occasions turned down offers to go to Washington to assume federal work in connection with relief and welfare matters. It is not known what her attitude would be toward the state post, should it be offered her.

Mr. Ellis insisted that no barrier from the project would come to Mount Vernon and said he saw no necessity at this time for such expenditures.

Mr. Wallin of Yonkers while admitting need for the control work said that the county attempted it. This would nullify any chances for state or federal assistance later. He advocated further study and an appeal to a state agency for help.

Mayor Stanley Church of New Rochelle, saying his city would support the bill, with certain changes, mentioned the Stevenson brook area in the city as particularly affected. He asked that such areas, even if lying wholly within a municipality, be included in any county survey.

Others speaking in favor of the bill were Anthony Sanoia, Mamaroneck village council; Richard Land, representing the Larchmont Garden Association; and Julian Edelman, chairman of the Mamaroneck Flood Prevention Association.

North of Stalino, German tanks wedged into Soviet columns but failed to break through 13 enemy tanks were destroyed, and again the Russian offensive pushed forward.

Meanwhile, Premier Joseph Stalin declared in a message to Poland, Premier Wladyslaw Sikorski that "the time is not far off when the peoples of the Soviet Union and Poland will have driven the hated Hitlerites from their territories."

In the western air war, the RAF's big bombers returned to the assault on the Nazi U-boat nest at Wilhelmshaven and raided other targets in Western Germany without the loss of a plane, the British Air Ministry announced.

London quarters said the RAF now appeared certain of establishing a new record for the number of tons of bombs dropped on Axis targets in a single month, topping the mark of 6,500 tons set last June and July.

8,101 MORE GET RATION BOOK 2

(Continued From Page One)

A White Plains family declared 289 cans, and in Yonkers there were declarations of 417 and 379 cans, each from families of two persons.

One ration book reported that not a single person had declared more than the five cans allowed each member of the family. Generally there about the county, the excess above the limit was small.

TOWN POLICEMEN HONOR PAONESSA

319 Villa Avenue, Village, and residing with his father, Frank, at 138 Waverly Avenue, Village.

Two other brothers, are also in the service—Bill, John is attached to the Army's Gas and Chemical Warfare Division at El Paso, Tex., and Corp. Frank is with the Infantry at Camp Gordon, Johnson, Fla.

Mr. Wilson, Westchester Republican, had sought to exclude Westchester towns and villages from the provisions of the bill and an amendment to this effect had been accepted at one time by the Senate committee studying the bill. This amendment was thrown out, however, when Senator Philip W. Williamson, Scarsdale, informed the Senate that Mr. Wilson's amendment did not represent the wishes of the best interests of Westchester towns and villages.
