

# COMBING THE TOWN

**With Bomber Crew**  
 Pvt. Charles A. Moran, 22, son of Mr. and Mrs. Howard T. Moran, 18 Alden Road, P. O. 2, who has been graduated from the Army Air Force Technical School at Scott Field, Ill., has now been assigned for active duty as a radio operator-mechanic with a bomber crew in a flight squadron based at Fort Myers, Fla.  
 Pvt. Moran is a graduate of All Hollows High School in New York City, Class of '38. Before joining the service he was employed as a manager of the soda fountain at the Howard Johnson Hotel, Bronx.  
 A brother, Lieut. Howard T. Moran, 28 is attached to the 15th Infantry Company at Los Angeles, Calif. Lieut. Moran graduated from Parkhurst University in 1934. He was editor of the "Fordham Ram" during his senior year. Before joining the service he worked in his father's hardware firm in New York City.

**Spoters Needed**  
 Jerome A. Barry, sub-director of the Westchester County Aircraft Warning Service, today issued an urgent appeal for volunteers for the observation post atop the village Manning Building.  
 Because so many observers have been called into the armed service or have left town for defense positions, the following vacancies exist:  
 A. M. 1  
 12 to 2 4  
 4 to 6 1  
 8 to 10 2  
 10 to 12 2  
 P. M. 1  
 12 to 2 2  
 2 to 4 1

Observers serve in two hour shifts every three days. They are on duty at a time. The vacancies are open to both men and women.  
 Mr. Barry asked that anyone wishing to volunteer call Manning at 250 in the morning or between 8 and 12 in the morning or between 8 and 12 at night.

**Force Dwindles**  
 The Village of Mamaroneck's Auxiliary Police Force lost two more volunteers by the end of the week.  
 The force was reduced to 29 members of the King, Hood and O'Connor law firm. White Plains, left yesterday to report for active duty with the U. S. Navy. The Mamaroneck High School boys, who lived at 230 Soundview Avenue, Village, was also a graduate of Duke University, and was discharged with the auxiliaries last January, and soon after became secretary of the volunteer force. The auxiliary force is lifesaving and first aid.

The second volunteer to turn in his helmet, armband and identification card in New York City, was a Village native, who left Friday for active duty with the U. S. Army. The auxiliary force is lifesaving and first aid.

**PELHAM HIGHWAY PLANS REVISED**  
 New Route Moved 300 Feet North After Surveys For Post War Job

The State and City of New York, after surveys for the proposed construction of a Pelham-Putnam Highway along right-of-way acquired for public purposes by Westchester 17 years ago, now seeks to move the road 300 feet north. It was revealed at a meeting in Putnam Saturday. The new plan, it seemed, would carry the highway through one of the best residential sections of Pelham and necessitate the condemnation of land in that area as well as acquisition of a portion of the Pelham Country Club.  
 Residents of the town, meeting with representatives of New York City, the State Commissioner of Highways, town and county officials, voiced strong opposition to the proposed plan, at the meeting of Pelham Country Club and officials promised to re-study the proposition before coming to any decision.  
 Westchester already has acquired, at a cost of approximately \$200,000, some right-of-way in the mile from the New York City line to Wayman Avenue, New Rochelle. If the Westchester right-of-way is to be used, it will necessitate the construction of two bridges, to carry the highway over the New York City terminus over the New Haven Railroad tracks. State seeks to avoid the construction of the two bridges.  
 Officials pointed out that the acquisition of the right-of-way would be an expense borne by the State. Westchester has already purchased most of the right-of-way necessary, at a cost of approximately \$100,000.

# COMING TO THE TOWN

## Fly To Atlanta

Corp. Fred S. Landreco and his wife, the former Mrs. Estlin, both former Mamaroneck High School students, flew back to Atlanta, Ga. last night following a Thanksgiving visit with their respective parents, Mr. and Mrs. Landreco of 22 Latamont Avenue, and Mr. and Mrs. Jesse H. Estlin of 14 Walnut Avenue, Larchmont.

A third visitor over the holidays at the Landreco home was a brother of the corporal, Sgt. Alex A. Landreco, Jr., recently promoted from a corporal. Sgt. Landreco returned to the Basic Training Center of the Army Air Forces Technical Command at Atlantic City, N. J. over the weekend.

Sgt. Landreco is also a former Mamaroneck High School student. He graduated from Choate Preparatory School, Watrous, Maine, and from Yale University. Before entering the service he was employed as a furniture buyer for Abraham and Strauss, Brooklyn.

Corps. Landreco, his sister and younger brother, is also a graduate of the Choate Prep School, in Montgomery and Ward, Manchester, Conn.

The corporal's wife, Mrs. Fred S. Landreco is a graduate of the Connecticut College, New Britain, and of Columbia University. She resides in Atlanta with her parents.

## Now 1,781 Tons

The Village of Mamaroneck's total tonnage for 1940 is 1,781 tons, it was announced today by Village Engineer William H. Johnson, who was authorized by the Board of Trustees to file with the Board's New York office all of the following tonnages to the previous total:

405 tons, from the Halsted Avenue rail bridge.

227 tons from two railroad bridges removed several years ago.

Repaving of Halsted Avenue, where the rails have been removed, was slated to be completed, according to Mr. Johnson.

## Bags Jap Bomber

Lieut. MacGregor Kilpatrick, U. S. N. son of Mr. and Mrs. William Kilpatrick, formerly of Mamaroneck, and nephew of Mrs. A. L. Johnson, 622 Chatham Avenue, Village, is credited with bringing down a four-motored Japanese bomber during the war.

Lieut. Kilpatrick was graduated from Annapolis in 1929.

## Wins High Honor

Alexander H. Pekelis of 16 Bannock Avenue, Larchmont, has been named editor of the new publication, the "Journal of the American People," which is published in New York City.

Mr. Pekelis, who is 40 years of age, is a native of Russia, coming to this country last year. He practiced and taught law in France and Italy before coming to the United States. He received his Bachelor of Laws degree from the University of Pennsylvania in 1928.

## Army Promotes Him

Corps. Victor F. Brava of 500 Central Avenue, Town, who is attached to Battery C, 318th C. A. Barrage Battalion, Camp Tocco, Tenn., has just been promoted to the rank of sergeant with a technical rating.

## Due Home Soon

Pat. Richard G. Murphy, son of Mr. and Mrs. E. L. Murphy, 27 Edgewood Avenue, Town, who has just been graduated from the Army Air Forces Technical School at Scott Field, Ill., is expected home on leave within a day or two. He will go to an advanced technical school following a 10-day furlough. Pat. Murphy graduated from Mamaroneck High School in 1935, and then attended two years at Fordham University. He was employed by the J. Van Ingen, a New York engineering firm, before joining the service in July.

A brother, Lieut. Robert F. Murphy, has been in the service since February, has just been promoted to first lieutenant, and is expected home today. The Mamaroneck High School graduate (1937) is with the Army Medical Corps attached to Fitzhugh General Hospital, Washington, D. C. He was formerly employed by the New York Telephone Company.

# Hitler Appeal Spurs Nazis on Russian Front

German, However, Fail To Recapture Vital Rail Lines South Of Rbhev

MOSCOW (AP)—Adolf Hitler's own appeal was reported today to be spurring the Nazis in a desperate but unsuccessful fight to recapture railway lines south of Rbhev and southeast of Velikie Luki on the Central Russian front west of Moscow.

So vital is Rbhev to the German vital network of communication lines and rail lines that Hitler telegraphed his commander there emphasizing the threat to the city and warning that "the loss of Rbhev is equal to the loss of half of Berlin."

tank-led Russian infantry and cavalry were reported to have penetrated the great depth of fortifications walling Rbhev.

A British broadcast said the Russians and Germans were already locked in a bitter struggle for the city, with Soviet shock troops battling the Nazis from house to house.

Axi troops trapped behind Shalheral also were counterattacking, but, so far, Russian reports said they had not been able to break through to stem the Red Army's drive.

Another 2,000 invaders lashed by the noon communique as killed in overnight fighting. Red Star said German losses in dead and wounded were 125,000 on two fronts. (The toll announced in communique is so far, however, total only 55,000.)

# PHONE COMPANY FILES PROTEST

Town Assesses Against Instruments and Switchboards Held Illegal

Formal protest against assessing of telephone instruments and switchboards within the Town of Mamaroneck as "real property" was made at a special meeting of the Board last night by a representative of the New York Telephone Company and the latter referred to Town Counsel John L. Dallas.

Arthur B. Brennan, appearing in behalf of Charles T. Russell, attorney for the telephone company, contended that the instruments and switchboards are "personal property" and that the town's assessment under the provisions of the Telephone Company Act of 1922 tax, yesterday, was a check for \$100,000, the other members and asked that he should do so.

"I've just received this and have just signed it myself," explained Brennan. "You can see the ink on my signature in the check. I don't know if it is not yet even dry. I said that it was made a part of the minutes. This was made possible through the intervention of the Board."

The Town Board recently voted to add the telephone instruments and switchboards to the Town Tax Roll, pending formal protest from the telephone company, which still has no objection to the provisions of the act.

The Board then adjourned until next Wednesday at 8 o'clock. The Board will meet for formal adoption of the budget, as required by law, on or before Dec. 15.

# Four Of First Draftees Leaving Two Years Ago Now Serving In Pacific

1,173 Have Entered Armed Forces From This Area Since Nov. 29, 1940

Of the lucky seven who were the first draftees to go from this area exactly two years ago four from Mamaroneck are now some where in the South Pacific and one is doing active warning service with the Army Signal Corps at Drew Field, Fla. No information on the other two is available at this time.

The six who left from Mamaroneck Nov. 29, 1940, are: 1st Sgt. Harry Talgo, and his brother, 1st Sgt. Harry Talgo, 255 Mamaroneck Avenue, Village, Sgt. Harry Talgo, 255 Mamaroneck Avenue, Village, Sgt. Harry Talgo, 255 Mamaroneck Avenue, Village, Sgt. Harry Talgo, 255 Mamaroneck Avenue, Village, Sgt. Harry Talgo, 255 Mamaroneck Avenue, Village, Sgt. # LEGION TO HONOR VETS IN SERVICE

Shovelling of a special service flag to honor seven World War I veterans fighting again in the town will feature the special meeting of the Mamaroneck Post No. 90, American Legion, at the Legion Hall next Tuesday evening at 8:30 p. m., which is also to be a testimonial to members, advisory board staff and physicians serving to Mamaroneck-Drew Field, Fla.

The town district from Larchmont to Cross Martin P. Conway, son of Mr. and Mrs. Conway, 12 Holly Place, Town, who left the next day, Nov. 30, 1940.

A checkup of the Mamaroneck Post No. 90, American Legion, records revealed that of the 7,500 men registered since the first of five registrations was ordered, in October, 1940, 1,173 are now in the various branches of the armed forces.

The total registration figure of 7,500 includes 1,028 between and 44 men who filed occupational questionnaires last April.

Of the two brothers, sons of Mr. and Mrs. Harry Talgo, 255 Mamaroneck Avenue, Village, Sgt. Harry Talgo was well known here by baseball enthusiasts. He is also the father of the "body quartet" serving in the various branches of the Pacific.

The other talented member of this group is Sgt. "Creamy" Carlson, son of Mr. and Mrs. Edward J. Carlson, 258 Stanley Avenue, Village, Sgt. Carlson, drawing on his past experience here with the Penmarc Players and other dramatic stock company, helps entertain the out-entertainment Legion by putting on skits and shows.

# Harrison Can't Pay Tax Next Year, Taylor Says, Waving \$100,000 Check

LEGAL FEES CUT IN TITLE ACTION

Mack And Gagliardi Lose \$50,000 Through Appellate Division's Ruling

Former Supreme Court Justice John E. Mack of Poughkeepsie and Frank M. Gagliardi of White Plains will lose \$50,000 as the result of a decision handed down today by the Appellate Division of the Supreme Court in Brooklyn, holding that the \$100,000 fee allowed the two attorneys by Supreme Court Justice Gerald Nolan in the Westchester title and trust company case against stockholders is excessive.

The order does not state that the \$100,000 fee allowed the two attorneys by Supreme Court Justice Gerald Nolan in the Westchester title and trust company case against stockholders is excessive.

Instead, the Appellate Division ordered these fees reduced to \$100,000, which will mean \$50,000 each to the two attorneys instead of \$100,000, which was the amount of the fee allowed by Justice Nolan's order.

The appeal from the "excessive" fee was taken by State Supreme Court Justice Nolan in March after he and his staff, with Mack and Gagliardi, as co plaintiffs, had obtained judgment holding stockholders of the defunct title company responsible for "double liability" on their stock. Judgment and agreements were then reached with the stockholders resulting in the \$100,000 collection.

The two attorneys, who had represented the creditors, had originally agreed to ask no fees if they were unsuccessful and to leave the amount of their fee to the court if successful. On their application for such fees, Justice Nolan fixed the percentage which would have given them \$100,000. Reassessment was quick to come from creditors, who aimed the major portion of the attorneys' fee to the court.

As a result, the appeal from Justice Nolan's order fixing fees was filed.

There were reports in White Plains when the appeal had been taken last summer from the fee that an order had been made to meet estate. It was learned today that the attorneys declined to accept. On the point today, however, Justice Nolan's order was affirmed.

Supervisors Benjamin I. Taylor of Harrison, who was week before denounced the County for authorizing a \$100,000 tax deficiency certificate against his town—the only unpaid item of the County's \$200,000,000 1942 tax, yesterday, waved a check for \$100,000, the other members and asked that he should do so.

"I've just received this and have just signed it myself," explained Taylor. "You can see the ink on my signature in the check. I don't know if it is not yet even dry. I said that it was made a part of the minutes. This was made possible through the intervention of the Board."

The Town Board recently voted to add the telephone instruments and switchboards to the Town Tax Roll, pending formal protest from the telephone company, which still has no objection to the provisions of the act.

The Board then adjourned until next Wednesday at 8 o'clock. The Board will meet for formal adoption of the budget, as required by law, on or before Dec. 15.

Allies Gain Ground In Thrust To Block Escape

Associated Press War Editor

Tank-led American and British troops were reported looked in heavy battle with the Germans in Tunisia today, striking to cut the last highway link between Axis-held Tunis and Bizerte as the campaign for the key North African cities near a showdown.

Allied Headquarters in North Africa said that British and American forces had deepened their wedge toward the highway and that the U. S. Army and French troops had gained ground in a thrust to block the Axis "escape corridor" to Tripoli.

Other reports said Italian troops were guarding the coastal line of retreat between Sfax and Gabes, south of Tunis, but the American-French coalition was apparently cutting in above the Pasdici.

Fighting French Headquarters spokesman, while cautioning that such bitter fighting was still expected, said the ever-growing Allied offensive was throwing more planes into the battle hour by hour and sealing down the German air force.

From the Algiers radio came a report that the Axis forces in progress near Mateur, still sizeable pockets of Axis forces, all the way to the southwest. This indicated a breakthrough was being driven toward the west coast of Axis forces, all the way to the southwest. This indicated a breakthrough was being driven toward the west coast of Axis forces, all the way to the southwest.

# Luceno Resigns As Comptroller

Town Official Leaves Town Post To Enter Service With Red Cross

Vito F. Luceno, town comptroller since 1936, submitted his resignation last night at a special meeting of the Mamaroneck Town Council. He will leave town to take over his new duties as an accountant for the American Red Cross in Washington, D. C.

Although his resignation takes effect Dec. 31, no successor was named for the post last night.

Mr. Luceno was born in Mamaroneck on St. Patrick's Day, March 27, 1910. He was graduated from the Mamaroneck High School in 1928 and became clerk to Supervisor Bert C. MacDonagh until the latter took office in 1934. Two years later Mr. Luceno was appointed town comptroller. In 1941 he was married to Madelyn Traylor of Drew Hill, Pa., and on Nov. 12 this year a son, William Nicolas, was born.

The retiring comptroller is a past grand knight of the Mamaroneck Rotary Club, until his resignation last week. His wife and son will continue to live at the Sunview Gardens Apartments, Mamaroneck.

Mr. Luceno was also active as an auxiliary policeman, specializing in firework violations.

## TOWN ABOLISHES VACATED OFFICE OF COMPTROLLER

**\$3,000 Post Left By Luceno Not To Be Filled For Next Year**  
**BECOMES PART TIME JOB**  
**Police And Fire Department Pay Increases Await Labor Board Ruling**

The office of Town Comptroller, which was vacated by the resignation of Vito J. Luceno, will not be filled for 1943 but someone will be assigned by the Town Board after the first of the year to take care of the auditing work involved, estimated at about \$20 monthly. It was revealed today by Supervisor Dr. C. J. Cullinan in commenting on the various salary and personnel compensations allowed for the Town Fire and Police.

Only \$700 has been voted for the position of Town Comptroller since it was created in 1942. Mr. Cullinan pointed out that Mr. Luceno has had a number of other duties to take care of besides auditing, and he is not sure if the Town Board will take care of several clerks. The Town's auditing is now handled by the town clerk by the Board after Dec. 31, when Mr. Luceno's resignation takes effect.

Recommendations for increases in many departments including the public welfare administrative staff, have been turned down by the Board. Other increases were granted in the Police and Fire Departments. The Labor Board will permit them to stand, Mr. Cullinan said.

**FUNDS FOR FLOOD RELIEF URGED IN BUDGET OF TOWN**  
**Protective Association Also Asks Village To Provide For Immediate Remedy**

Chiting the health menace from the mixing of sewage with flood waters, the property damage and loss of life caused by nine floods in this area since 1936, and the mounting dissatisfaction of some property owners and taxpayers generally, the Mamaroneck Flood Protective Health Association, Inc., today urged the Town Board to include in the 1943 budget sufficient funds to deepen and widen the Mamaroneck and Sheldrake Rivers. The association also urged the Board to provide for the immediate relief of flood sufferers in the area of the Sheldrake and Mamaroneck Rivers. **RYE NECK FACES TAX RATE BOOST**  
**10-Cent Increase Per \$1,000 Likely Despite Cut In Town Budget**

After six spokesmen for taxpayer work of the Rye Neck Board in the main for the 1943 budget estimate and suggested possible reductions in maintenance costs, property owners and veteran defenders, the Rye Neck Board today adopted a levy of \$1.10 per \$1,000 of assessed value, an increase of 10 cents over the 1942 budget. The new levy will be slightly higher than that of 1942 because of a drop in assessed valuation of \$9,000,000 from the \$97,000,000 valuation last year. New rates will be approximately \$1.27 per \$1,000 for unincorporated area of the Rye Neck. \$2.34 for the same area of Port Chester, and \$2.45 for the village of Rye Neck.

# BRITISH FLEET COMES TO THE RESCUE

10 Enemy Vessels, Two Destroyers Blasted OUR LOSS HEAVY

WASHINGTON (AP)—Liberated on the strategic west coast of Africa, has granted air base rights in the United States for the duration of the war.

The agreement, announced by the State Department today, gives the United States the right to build, control, operate and defend air ports in Liberia which will be used for the protection and defense of any part of that country which might be liable to attack. The agreement was signed at Monrovia, Liberia capital, last March 31.

By ROBERT D. GREENE Associated Press Staff Editor

Britain's powerful Mediterranean Fleet was reported "covering" the Allied advance in Tunisia today while the London Admiralty announced the destruction of four more enemy merchant ships and two destroyers en route to North Africa with reinforcements for the hard-pressed Axis garrisons at Tunis and Bizerte.

Heavy bombers were officially credited with destroying or crippling six other Axis merchant ships off Tripoli, the sea coast only 100 miles from Tunis.

An Italian version of the sea battle off the Tunis coast Tuesday night acknowledged the sinking of two destroyers and declared a British cruiser was blown up and a light aircraft carrier was damaged.

The British listed the loss of one destroyer and a light aircraft carrier on the coast of Tunisia. A British force of three cruisers and two destroyers had broken up the convoy with some damage to the German ships.

Simultaneous announcements in London and Washington disclosed the loss of 11 Allied warships and five Axis merchant ships in North Africa nearly a month ago.

In London, H. V. Alexander, first lord of the Admiralty, told Parliament that the magnitude of the operations and the loss of the ships was far less than the enemy claimed.

**NO MARRIED MEN TO BE CALLED IN DECEMBER QUOTA**

Men may not be called up in the Mamaroneck-Rye draft area in January, as expected, if a sufficient number of 18, 19 and 20-year olds whose questionnaires are being speedily handled here under the latest selective service ruling call for the call quota next month.

Mr. Gillies said no married men will be called in the December quota.

Nothing any change in selective service procedure under the anti-draft law of all manpower under one agency. 1-A men are still being called up by their order number, as originally prescribed in the draft lottery system.

Mr. Gillies estimated that about 200, or approximately 20 percent of the quota, will be added to the roll when the new 18-19 year old registrars choose their places soon.

Only 15 are eligible for registration from the three local schools—24 from the Rye High School, 19 from the Mamaroneck High School and eight from the F. E. Bellows High School—a checkup by Mr. Gillies revealed. The balance will come from those of school non-employed.

On this estimated new crop, a considerable percentage has been enlisted. Mr. Gillies could give no exact percentage figure, but said that the number was steadily increasing as the time approaches for the new registration.

The reason for the rush by the teenagers, Mr. Gillies pointed out, is that unlike the older group, the 18-19 year olds have 12 different branches of the various service to choose from, and many of them seem to prefer choosing now while they are instead of waiting for induction.

Children's married men classified as 1-A may not be called up in the Mamaroneck-Rye draft area in January, as expected, if a sufficient number of 18, 19 and 20-year olds whose questionnaires are being speedily handled here under the latest selective service ruling call for the call quota next month.

Mr. Gillies said no married men will be called in the December quota.

Nothing any change in selective service procedure under the anti-draft law of all manpower under one agency. 1-A men are still being called up by their order number, as originally prescribed in the draft lottery system.

Mr. Gillies estimated that about 200, or approximately 20 percent of the quota, will be added to the roll when the new 18-19 year old registrars choose their places soon.

Only 15 are eligible for registration from the three local schools—24 from the Rye High School, 19 from the Mamaroneck High School and eight from the F. E. Bellows High School—a checkup by Mr. Gillies revealed. The balance will come from those of school non-employed.

On this estimated new crop, a considerable percentage has been enlisted. Mr. Gillies could give no exact percentage figure, but said that the number was steadily increasing as the time approaches for the new registration.

The reason for the rush by the teenagers, Mr. Gillies pointed out, is that unlike the older group, the 18-19 year olds have 12 different branches of the various service to choose from, and many of them seem to prefer choosing now while they are instead of waiting for induction.

**To Aviation Base**

Cadet Paul Vincent Hanson, Jr., son of Mr. and Mrs. Paul V. Hanson, 4 Hillside Road, Town, was home on 10-day leave recently following completion of initial training as a naval aviation cadet at Chapel Hill, N. C. Cadet Hanson has been transferred to the Naval Reserve Aviation Base at Hatching Green, Kan. for primary flight instruction. He entered the service Aug. 6 after completing two years at Fordham University. He is a graduate of Iona High School, New Rochelle.

**Joins Police Force**

Robert L. Ingham, 25, of 58 Holly Place, Town, begins his duties Monday as policeman on the Town of Mamaroneck police force, replacing Christopher Lovely, who was recently inducted. Chief Paul A. Terlich announced today, Ingham's appointment by the town police commissioners has been certified by the State Civil Service Commission "for the position."

Ingham is a graduate of Mamaroneck High School, Class of '37. He has been employed as a U. S. mail carrier in New York.

**Enters WPB Office**

Olin Spencer Boom, treasurer of the Union Savings Bank, who has been with the institution since 1922, was transferred from Greenland to become effective at once in order to begin work today in the War Production Administration office in New York City. Mr. Boom became assistant treasurer of the local bank in 1930, and was promoted to assistant treasurer in 1932. Mrs. Boom will continue to live at their home in the Colony Apartments, Larchmont.

**Army Promotes Him**

Robert A. W. Schmidt, Jr., son of Mr. and Mrs. Robert A. W. Schmidt, Sr., of 50 Sheldrake Avenue, Town, has been promoted from private to corporal in the U. S. Army Air Corps, according to word received from Greenland, where young Schmidt is stationed at an air base.

Schmidt, who is 23, was educated in the Mamaroneck schools. He was a volunteer in the Weaver Street Fire Department. He was inducted into the Army in April of this year and was first sent to an Air Corps camp in Mississippi.

**At Fort Bragg**

Allan Butcher, 22, son of Mr. and Mrs. Fred Butcher, Liffingway, 829 Halstead Avenue, Village, who left here with the Nov. 27 draft contingent, is now stationed at Fort Bragg, N. C., as a skilled mechanic with the 88th Artillery. Pvt. Butcher, well known locally for his activities with St. Thomas Church bowling team, is a graduate of F. E. Bellows High School and of the Mamaroneck School in Long Island. He was born in England, but came to the United States at the age of three.

## 3 COUNTY CITIES REFUSE NEW RAID WARNING SIGNALS

New Rochelle, Mount Vernon And Yonkers Decline To Accept Plan

NEW ORDER PROTESTED

County's Interpretation Of State Instructions Termed "Silly"

Three Southern Westchester cities have refused today to accept the new county plan for air raid warning signals and have agreed on their own joint plan, subject to formal certification by the State Office of Civilian Protection, Mayor and deputy civilian protection officials met in New Rochelle City hall last night to protest the new signal order.

The dispute arose after the County CP Office announced that, under State orders, the "blue" warning of approaching planes, would be sounded by a minute-long blast of the red alarm of imminent attack by a series of short blasts, and the last light to protect the new signal order.

Yonkers, Mount Vernon and New Rochelle refused to accept the signals, on the ground they would be confusing to the public. CP officials of those communities agreed that the "blue" would be a straight blast of two minutes; the red, a "wailing" blast of two minutes; and the white a repetition of the blue, a straight blast. The county-proposed blue signal was to have been of one-minute duration.

Deputy County CP Director Rosster Holbrook said this morning that he would "do whatever the cities want to do."

The mayors said they were anxious to avoid the confusion and unnecessary alarm that would result if the Army sent a blue signal which turned out to be a false alarm because of a friendly plane. The cities' idea would be to blow the two-minute signal. Then if the alarm was false a second two-minute steady signal would follow, instead of Mr. Holbrook's "wailing" alarm warning signal. And in case anyone misunderstood the second or all-clear signal a third all-clear signal of two minutes steady blast would come five minutes later.

Mayor William Hart Hussey of Mount Vernon, who attended the meeting last night, said that Mr. Holbrook left in the middle of the meeting for another emergency meeting. He is informed those present that previously announced signals had been decided upon and they could "take it or leave it."

Mayor Hussey later said that he is in accord with Mr. Holbrook's attitude in the situation, and at this refusal to consider the viewpoint of the cities.

City officials further feel, the mayor said, that although the county's ruling on air raid alarm signals, it will be very confusing if two systems are in operation, as sirens and fire whistles from one community can be heard in neighboring locations. Nevertheless, he added, it is felt that the county's interpretation of the new State order is "silly" and the County CP Office is acting in a "dictatorial manner."

## 11 MORE TOWNS SEIZED BY REDS

Soviet Troops Sharply Narrow Vital 'Escape Corridor' Of Seige Armies

By The Associated Press

The Red Army's offensive has engulfed 11 more towns in the mountainous sector, since at least 3,140 Germans and sharply narrowed the vital "escape corridor" of the Nazi siege armies.

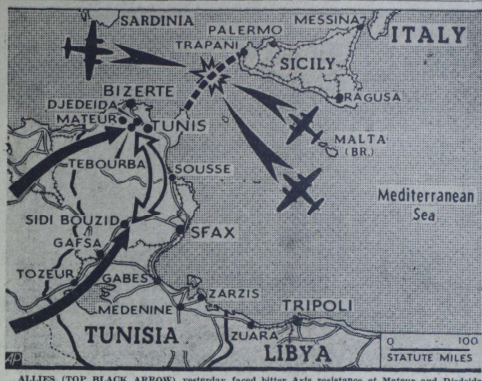

Soviet military experts today said Russian troops driving simultaneously from the north and south to cut off the German route of retreat were now apparently only a few miles apart.

Stepping down from the north, Marshal Semenov Timoshenko's fighters were officially reported to have severed a main road which the Germans had battled desperately to keep open for the passage of supplies to the beleaguered siege armies.

Dispatches said the Germans were hastily forming new defense lines along the upper reaches of the slender corridor left them.

Below Stalingrad, dispatches to the Red Army said, the Russians smashed a new German line, fortified with the aid of the Russian drive to the southeast, was reported to be under the big German base at Kotelnikovo.

## 90-Day Suspension Urged For Churches, Schools To Meet Oil Emergency

Halt of All Pleasure Driving Also Prepared To Conserve Fuel

WASHINGTON, (AP)—A 90-day suspension of schools, churches and all automobile pleasure driving in New England, to help meet the critical fuel oil emergency there, was proposed today by Joseph F. White of Boston, member of the Advisory Committee for New England.

The recommendation was made by New England congressional delegation at a hearing on the fuel emergency, and White, whose committee is headed by Petroleum Administrator Clegg, proposed further drastic steps as follows:

1. Close up all non-essential light oil heated buildings—theaters, small commercial, non-essential, for buildings and churches and schools.

2. Confiscate "hoarded stocks of oil" and re-allocate it to essential users.

3. Listing of the types of buildings burning oil and starting with non-convertible hospitals as most essential, process of elimination close down oil-burning buildings in a systematic manner, starting from the bottom of the list and up.

4. Joint non-political action by New England mayors, and governors and members of Congress "to force the same drastic action on all East Seaboard states that we must put on ourselves."

"It does not seem right, if the people up there are going to do without heat," White declared, "that people should be using gasoline for pleasure driving."

**FBI Needs Lawyers And Accountants**

The Federal Bureau of Investigation is anxious to enlist accountants and attorneys, Special Agent Devin E. Hartwig told members of the Westchester Bar Association last night at the Roger Smith Hotel.

The speaker also solicited the cooperation of the public generally. The FBI always welcomes in particular on suspicious acts, and the information is not revealed to the public.

The bureau is taking in men at the rate of 50 a day now, Mr. Hartwig said. He said between the ages of 25 and 35 who have had accounting or legal training are preferred, provided they are not married, he declared.

**Dimout Headlights, Motorists Warned**

Police Chief Arthur W. Massaro issued warning today that motorists, both local and out-of-town, who have failed to comply with Army strict regulations by patrolling over or otherwise covering the top half of their car headlights with heavy material, are liable to prosecution by the Federal Government, with penalties for violations ranging up to \$2000 fine and one year imprisonment. Local police are stopping these law violators and warning them, but they are still too many to list as seen on the streets with glaring headlights, the chief said.

**Bathroom Light Leads To Alarm**

A "suspicious" light, glimmering through the muck of night at 2:30 A.M. stirred Woodbury Tucker, spotter on duty at the aircraft observation tower, Radio Alexander Hall, to report to police. Investigation by Lieut. Francis C. Conroy and Patrolman James Hughes revealed that it was a bathroom light from a top floor apartment of the St. James Hotel, 400 Broadway, which had been left on.

**REBBS TO MEET**

The Rabbinical Association of Westchester will hold a meeting in observance of the Feast of Hanukkah at home, Radio Alexander Hall, on Tuesday at 8 P.M. Professor Moses L. Isaacs, rabbi of the Congregation, New York City, will read a paper on "An Analysis of Anti-Semitism Today."

## Parachutists Rout Nazi Column In Tunisia

TOWN CAPTURED

LONDON (AP)—A battleship and two cruisers were hit at Naples during the raid carried out by United States Liberator bombers at dusk yesterday, Reuters reported in a Cairo dispatch today.

U. S. Army Headquarters said the Liberator set great fires and scored "severe results" in the first attack in history by American troops in Italy proper.

The Italian learned it a "short and violent" assault—the first to strike Naples since the war began. The raiders scored heavy bomb hits on the three warships, blasted other vessels alongside the Vittorio Emanuele Moie, and pounded the city's rail yards to disrupt traffic in the key west coast port.

All of the B-24s, among the big great bombers in the "United States" aid fleets, return safely.

The Italians officially admitted heavy damage to the fleet. 100 killed and 358 wounded among the "civilian population."

## PARACHUTES DROP SUPPLIES TO JAPS

Enemy Planes Carry Food And Ammunition To New Guinea Beaches

BULLETIN

WASHINGTON, (AP)—The Navy announced today that it had captured a town in Central Tunisia today, while in the north, fierce battles continued shifting in favor of the Axis. The first of the B-24s, among the big great bombers in the "United States" aid fleets, return safely.

With all sea-borne attempts to land reinforcements smashed by Allied warplanes, the Japanese dropped supplies by parachute to their trapped forces on the Papuan Beaches in New Guinea today as 400 more enemy dead were counted in the nearby jungles.

Gen. Douglas MacArthur's Headquarters said 14 zero fighters, dropped more than 100 bundles of food and ammunition to their beleaguered land troops in the Buna-Gona sector.

Meanwhile American and Australian soldiers steadily closed in on the enemy, plodding through the swamps to capture two Japanese positions near Gona and inflicting heavy casualties with mortar and machine-gun fire.

Heavy fighting was also in progress just south of Buna, and Allied planes repeatedly bombed and machine-gunned the enemy and sank two barges loaded with 40 Japanese troops ashore.

On the Guadalcanal Front, American warships cautiously patrolled the adjacent waters in expectation of a new Japanese attempt to land reinforcements for their dwindling forces.

A broadcast from American-occupied Morocco said "the large part" of 90 Axis tanks thrown into a counter-attack in the Tebourba sector. Berlin claimed 50 Allied tanks were knocked out of action. A spokesman at United Nations Headquarters, tacitly conceding that the Allies had been thrown back on the defensive, said American guns continued to pound above Tebourba and Mateur and had broken off every German attempt to break the Allied ring.

"It is our main job to keep the heights, because as long as we have them, the Germans can't use the town."

# COMBING THE TOWN

At Aviation Base

Chief Jack McLean Callahan, 24, son of Mrs. W. E. Callahan, 75 West Avenue, Larchmont, has been transferred to the Naval Reserve Aviation Base at Quantico, Mass., following completion of preliminary training at the Naval Air-Flight School at Chapel Hill, N. C.

## BAD MANAGEMENT OF TOWN AFFAIRS LAID TO COUNCIL

Spokeeman At Budget Hearings Assails Unpaid Taxes Of \$926,000

ONLY 28 AT MEETING

Refunding Of \$60,000 Debt Provided Principal Topic Of Discussion

"Very bad management" on the part of the Town Board has resulted in a total of \$926,000 in unpaid taxes—a figure 75% larger than the 1943 net budget—because one town's budget makers did not cover with refunding of \$60,000 "collections of back taxes and foreclosures and sale of properties, which the town has to live," Mayor F. B. McLaughlin said.

The hearing of 45-minute duration was held in the auditorium of the Mamaroneck Senior High School with the Board of Councilmen as the chief protagonists, three taxpayers as the chief antagonists and seven Department heads as the chorus.

There were only 28 at the hearing but it had its moments, including a climactic political tiff, and a happy conclusion.

The chief issue on the agenda was the refunding of the \$60,000 debt, called upon the public to express itself.

Then Supervisor Bert C. McCulloch, who led the fight for the refunding, said he was not sure that the town could afford to refund the debt.

Mr. Byrne then delivered a five-page oration in which he scolded the Town's budget makers for not refunding the debt.

# AMERICAN FORCES OVERSEAS EXCEED ONE MILLION MEN

President Informs Congress That Figure Will Be Reached This Month

AXIS LOSERS INITIATIVE

Lease-Lead Aid In 3 Months Totals \$2,367,000,000, Roosevelt Reports

WASHINGTON (AP)—President Roosevelt informed Congress today that by the end of the month American forces overseas will number more than 1,000,000 men.

The President in the seventh quarterly report on lend lease operations, said in a letter of transmittal that the Axis powers "have temporarily at least, lost the initiative," and added:

"We must do all we can to keep them from regaining it."

Lend lease aid in the last three months has totaled \$2,367,000,000, he reported. This was more than a third higher than the figure for the previous period, and four times the total for the three months immediately preceding United States entry into the war.

The President said that since the Axis powers have lost the initiative, a new phase with United Nations forces attacking from Egypt and North Africa, and continuing with the Axis "for control of the African continent, is now being planned."

"The Soviet Army, having held with stubborn bravery at Stalingrad, has now assumed the offensive," he added. "The Japanese have been decisively repulsed at Midway and in the Solomon, a battle-royal, at least, just the initiative. We must do all we can to keep them from regaining it."

# OPA TO DEMAND COAL HEATING

Commercial Buildings Must Convert From Oil By Jan. 5

NEW YORK (AP)—Commercial buildings heated by fuel oil must be converted to other heating by Jan. 5, or prove to local ration boards that conversion was impossible, the Regional Office of Price Administration said today.

The five-year-old law, which was introduced by Joseph P. McLean, who called him "the law in many respects."

"It was so very long ago that I was a student here myself" (four years) to be exact, Carruthers stated. "Many of the things which I studied have been brought to life in the present crisis. There are those of us who will get away to fight, and there are those who will stay here and create it is to remain on the home front."

The aviator said that he had noted more regard, respect, and faith for the home folks in America since service men in the merchant navy.

"You don't want to feel," he declared, "that you have an unbroken soldier in this war, who believes that he is dying in vain. There is a need for your experience, anxiety, and initiative. You young people are doing now."

One person, he asserted, who had been asked to look ahead seven years, was William Fulcher, history teacher, who told the students that five years from the time they graduated, they would be 21 years old.

# French Help Repel German Tank Push

REDS STILL GAIN

Two German tank columns supported by infantry have launched turning attacks against the right flank of the Allies' Tunisian line, and Allied Headquarters announced today that one had carried to within 2,000 yards of Medjez El Bab before being repulsed.

This vital road junction town 20 miles southwest of Teboulba and 25 miles southwest of Tunis, has been in Allied hands since Nov. 20.

The column which drove closest to Medjez El Bab came from the east, and withdrew after encountering artillery and fighter plane fire, an Allied communiqué announced.

The Allies counter-attacked the other column, which struck from the north, but the outcome of this fight was not given.

French infantry and artillery helped repel the attacks the communiqué said.

"We lost a few tanks," it said. "Enemy losses were considerably lighter."

The communiqué said: "The second Tunisian column from the north along the west bank of the Medjeza. Our forces counter-attacked immediately and destroyed a number of tanks."

There were no production machines, but its operation was as smooth as that of a great industry. Its product is boys—the cream of the crop from the New York area—equipped, upstanding, bright-eyed boys, eager and ready to serve their country in this great world war.

The boys pass through Grand Central Palace in the same way automobiles come off the assembly line in mass production. While production figures are a secret it is safe to say that at the peak from 4,000 to 5,000 boys come off the line every day. Not all boys pass the strict tests, but the great majority do.

We visited Grand Central Palace as the guest of Major John H. Eberle of White Plains who is a specialist in the baking and cooking school. Being a good host the first thing he did was to invite us to dinner.

Some Food For All We also visited the office's mess hall, but the same food is served to serve government, two quart portions of white meat, peas, spaghetti, browned potato, lima fish salad, bread, (old-fashioned Army regulation), butter, coffee, cake and ice cream. In addition, special and peanut butter were served.
