Rep. Lane Seeks Probe, Hits Mismanagement And Service Failure

WASHINGTON, (AP) — The Interstate Commerce Commission has been asked by Representative Lane, D. Mass., to investigate "break-downs" in the service of the New Haven Railroad.

Mr. Lane said in a statement today he has called upon the ICC to look into the "break-downs, sudden shifting of schedules, and unsatisfactory service of the New Haven Railroad, that point to chronic mismanagement and failure to provide adequate transportation to many thousands of patrons in several states.

Mr. Lane referred to a report of the railroad which he said showed earnings for the first 11 months of 1955 of \$13.8 a share of common stock after meeting sinking fund requirements. He said that "These are profits earned by neglect of essential repairs and on running maintenance to the bone. Such drastic economies in equipment and personnel are bound to result in a paralysis of service to the public. An investigation is in order by a federal highway agency, to get New Haven service back on the right track again."

Early Ice Slicks County Roads

Westchester, which quieted down in time to enjoy a relatively peaceful holiday, was hit today, this morning encountered snow and freezing rain which caused skidding accidents and tied up traffic.

Incidents, particularly on the Westchester parkway and hills of city streets, caused jams which made many workers late. Less than a half an inch of snow fell starting shortly before 1 A. M.

By mid-morning temperatures started to rise and a light rain began washing away the glassy surfaces. Meanwhile, a double funeral was planned tomorrow morning at Our Lady of Mount Carmel Church, Elmford, for two victims of a crash in Tarrytown Saturday morning.

1 Dead, 7 Hurt In Violence At Westinghouse Plant

COLUMBUS, Ohio (AP) — At least seven persons were hurt and one died, possibly of a heart attack, in a flare-up of violence this morning at the struck Westinghouse plant here.

The first sign of the new year today also tied up traffic uptown. Parkway Police reported rain, freezing in spots, from Yonkers to New Paltz, and heavy snow in parts of a mass demonstration at the plant's five gates.

Traffic Accidents Kill 345 Over Three-Day New Year Weekend

By The Associated Press The Nation's traffic deaths mounted to a record high for a three-day New Year's holiday over the long weekend.

It was the second consecutive holiday weekend the traffic toll was a record for any three-day period, surpassing the old mark of 433 set in 1954-54.

Other violent deaths during the 86-hour period included 72 in fires and 72 in miscellaneous accidents. The over-all toll of 445 was a record for any three-day New Year period, surpassing the old mark of 433 set in 1954-54.

French Election Fails To Bring Stable Regime

PARIS (AP) — France's national elections called by Premier Edgar Faure on a gamble that the National Assembly and a new government—have produced only the prospect of more years of shaky, short-lived coalitions.

Moreover, future premiers will be burdened with a more powerful bloc of Communists in the National Assembly and the party faction, the anti-tax followers of Pierre Poule.

Not Mother Goose?

The stark hung high last night about the Crown Court area of the Mamaroneck Knolls. It was a goose that "dropped dead" this morning. Neighbors in the area are theorizing the goose was killed from watching the stark being overworked.

It is not of happened this way. Last night baby girls were born to Mrs. Joseph Barbell of 1135 Crown Court and to Mrs. M. Mullin of 1135 Crown Court, directly across the street.

This morning Jeff Hendrickson of 1316 Langdon Lane, a block away from the new Knolls, took note of the fact that a fat goose had "dropped dead" in front of his home.

So the neighbors are, as neighborhood, will talking over the situation.

Further details on the new Mamaroneck citizens may be found on the woman's page.

Sheldrake Captains

Three boat captains were elected last night to membership in the Sheldrake Yacht Club at a club meeting in Legion Hall, Mamaroneck.

All Mamaroneck residents, they are Donald Seavey of 64 Tompkins Avenue, William J. Seavey of 220 Green Point Road, and Louis Zingesser of 42 Mamaroneck Avenue.

Drainage Meeting

Officials of Larchmont Village, New Rochelle, and the Town of Mamaroneck will meet at 2 P. M. tomorrow at the Firehook drainage situation. The meeting will be at Larchmont Village.

Chamber Asks Lights For Parking Lot

A request will be made to Mamaroneck Village officials to provide for night lighting of the new municipal parking area on Prospect Avenue next to Legion Hall. It was during Monday night by the Board of Directors of the Mamaroneck Chamber of Commerce at a meeting in the Chamber office.

Garrity's Opposition Slows County Again Seeks Parkway Authority

ALBANY Legislation to set up an authority to take over rehabilitating Westchester's P. A. R. W. A. system was "produced yesterday" at the opening of the 1956 session. County officials were optimistic that the measure will be approved this year. Last year it passed the Legislature but was vetoed by Governor Harriman.

Mr. Garrity also will oppose the bill. He indicated that he will continue his opposition to some phases of this year's bill. County Executive James D. Hopkins and a group of other County officials will confer next week on the proposed Cross Westchester Expressway to link the New York and New England Thruways.

44 Tickets In 6 Years

NEW YORK (AP) — A \$2,200 fine was imposed yesterday in Traffic Court on David Chetoff, 37-year-old, 125 Overlook Road, New Rochelle.

Chetoff was cited for 44 violations over six years and that the State Bureau of Motor Vehicles wanted to question him about an accident that already had resulted in the state's suspension of Chetoff's operator's license and registration.

New Town Council Builds Up Agenda For Future Meetings

Two new members of the Larchmont Hills Civic Association, George D. Burchell and Supervisor George D. Burchell, last night were elected to the new Council. They will meet on the agenda of the meeting.

He asked that a public hearing be held at the earliest possible moment for the zoning amendment to reduce such density from 80 to 30 families per acre. Unless this is done, he said, Mr. Bogardus declared, he envisioned "taboo" warrens along Myrtle Boulevard and Fifth Avenue.

He also reminded the older members of the Council that the amendment was brought to its attention two and a half years ago as one of seven recommendations. He said that the amendment was passed last night in the Council Room at the Weaver Street Firehouse.

READY for 1956 and the program of government, the Mamaroneck Town Council met last night in the Council Room at the Weaver Street Firehouse.

Key Message Quotes 'Bright Future' Outlook Held 'Bright With Promise'

WASHINGTON (AP) — President Eisenhower's annual message to Congress: Our country is at peace. Our economy is strong. Our future is bright. The message is a message of hope and confidence.

Mr. Eisenhower told Congress the nation's outlook is "bright with promise" even though Soviet leaders have shown they are "not yet willing to create the indispensable conditions for a secure and lasting peace."

In his annual State of the Union message Mr. Eisenhower said that Russia has shifted from "violence and the threat of violence to reliance on diplomatic enticement and duplicity."

To meet the Russian threat, the President said, it is necessary to have a strong program for a stepped-up foreign aid program and asked Congress to grant limited authority to make longer term commitments for assistance to such projects, to be fulfilled from appropriations to be made in future fiscal years.

Mr. Eisenhower's legislative program also called for: 1. A \$25-billion program of federal aid to highways.

Larchmont resident since 1942, Miss Broonan is a graduate of the Ursuline School, New Rochelle, and holds a Bachelor of Arts degree from the College of St. John's Law School, Brooklyn.

Miss Broonan's family law traditions extend to her grandfather, the late Francis L. Maher, a practicing attorney in Brooklyn for 45 years, and her uncle, John P. Broonan, past president of the New York City Bar Association and a member of the Board of Regents of the State of New York.

Minister-Author
The Rev. Edgar W. Jackson, minister of the Mamaronock Methodist Church, is author of a book "How to Preach to People's Needs" to be released Monday by the Abingdon Press.

Adopted as a textbook in several theological seminaries, the book deals with new psychological insight to the art of preaching. It has been acclaimed as unique in its comprehensive advance throughout the country.

Mr. Jackson also wrote a book in 1950 called "This is My Faith," which has been adopted as the official text for the youth of the Christian Path of the Leadership Education program at the Methodist Church and has recently completed another book for the same publisher on "The Psychology of Grief."

Qualified Registry
The qualified registry of Rye Neck has been re-established. The 1954 school board elections must register tomorrow at Bellows Falls School in order to be eligible to vote Jan. 12 on the \$1.85 million bond issue for the construction of a senior high school on the Palmer site.

Hours of registration are 9 A.M. to 7 P.M.
It was particularly emphasized this morning by George W. Mahoney, president of the Rye Neck Board of Education, that persons registered in last year's election at school elections need not register again. Those already on the registry have been notified by postcard.

Taxes 96 Per Cent In
A new record for tax payments in the Village of Mamaronock was set in 1953. This year's figure of \$5.58 per cent has been established this year. Fred H. Bull, treasurer, clerk, announced today.

He stated that 96.21 per cent has been collected, the highest since the two-payment plan was started in 1953. This year's figure of \$5.58 per cent has been established this year. Fred H. Bull, treasurer, clerk, announced today.

Off To San Diego
Seaman Apprentice Richard Lawrence Trotter, nineteen, son of Mrs. Harold J. Trotter of 1532 Five Knoll Lane, Mamaronock, left yesterday by plane for San Diego, Calif., where he has been assigned to the Naval Community College School for a 48-week term.

A former seaman apprentice in the Naval Reserve he enlisted in the U. S. Navy last September. He has since been stationed at the Naval Receiving Station in Brooklyn and was home on his days' liberty before leaving for San Diego.

DEMOCRATS RAP ENHANCER FOR POLITICAL VIEWS

President's Stand On Foreign, Farm and Tax Issues Under Fire

WASHINGTON (AP)—The political scrimshawing was on in Congress today with Democrats railing against President Eisenhower on foreign, farm, tax and other major executive issues.

Mr. Johnson told a news conference that "political opposition" of the President's message "are the subject of deep disappointment and great regret" to those who have tried to cooperate with the Administration in the national political situation.

Sometimes criticized by other Democrats for not opposing Mr. Eisenhower's proposal more vigorously, Mr. Johnson continued: "The domestic situation is not as rosy as it is pictured and that the international situation is one of deep concern."

He said the Administration had become "frustrated about the farm situation" and was rushing out a program to appeal to the voters—particularly those in the Midwest—in this year's elections.

Mr. Johnson said the Administration had been brazen for months about reducing taxes \$7.5 billion in a period of deficit spending.

Chairman Byrd, D., Va., of the Senate Finance Committee backtracked in a time of prosperity the nation could not afford to go further in debt to cut taxes.

State Broadens Age Priority On All Salk Shots

Children Six Months To 14 Years Old Included In New Program
ALBANY (AP)—The priority group for Salk vaccine shots has been broadened to include children six months through fourteen years old.

Dr. Herman E. Hilleboe, State Health Commissioner, notified physicians yesterday he had approved the change, recommended by the State Advisory Committee on Poliomyelitis Vaccine.

Under the previous priority, the polio vaccine was restricted to children five to nine.

The commissioner said local health departments might establish priorities within the age span.

He approved also a committee recommendation that the third and "booster" doses of the vaccine for children inoculated in 1955 be delayed until next fall. Limited supplies made this necessary.

Dr. Hilleboe said that first shots should be given between January and April of May, second shots from May until the Summer upping of polo inoculations and third shots beginning in the Fall.

He said 70 per cent of the vaccine allotted for New York would be set aside for distribution and 30 per cent for purchase by commercial drug companies and sale to private physicians.

The commissioner said the rate of paralytic polio upstate last year was five times greater than among children in the same age group who received the inoculations.

Larchmont Sales Plans Completed
Plans for annual winter sales days were completed Wednesday night at a meeting of the Larchmont Merchants Association at 130 Chestnut Avenue.

Several interesting ideas intended to stimulate sales were presented and those which are adopted will be announced at an early date. Kirby Aesch, sales chairman, announced.

David Goldman, chairman of the 1955 Christmas decorations program, announced that a record 152 decorated participants.

A resolution commended "The Daily Times" for space contribution to promoting the business of Larchmont and Mamaronock merchants and pointing out the importance of local Christmas shopping. The newspaper was applauded for publishing shopping areas.

Julius Levin presided, and a 14 members attended.

Warehouse ablaze 4 hours \$50,000 fire roars in North White Plains

(Picture on Page 2)
NORTH WHITE PLAINS—Fire roared through the Circle Construction Co. warehouse at Virginia Road and North Broadway yesterday afternoon. About 100 firemen from North White Plains, White Plains and Greenvale, hampered by wind, battled the blaze for nearly four hours.

The building, which housed repair machinery and buildings, was built partly of concrete. Parts of it escaped major fire damage. The middle section of the roof collapsed, and wooden beams and structures were destroyed.

"Although we can't make a definite estimate yet," Chief John Alevi of the North White Plains Fire Department said last night, "it looks as if the damage will total between \$48,000 and \$50,000. Two pieces of equipment were pulled out of the building when the fire started, but there were several left inside."

Mr. Gorman, a baseball authority, picked for the Giants in 1939 and 1940. His big league career was interrupted for five years while he served in the Army.

After leaving the Army he turned to umpiring, first with the International League. He became a National League umpire in 1950 and has handled hundreds of games since.

The 1956-7 budget also must include provision for an increase of \$33 million in aid to schools by reason of the public school population.

Mr. Harriman and the Republican legislature leaders are expected to endorse generally the Health Commission recommendations.

DE PAUR CHORUS TO SING AT MHS Community Concert Slated For Monday

The de Paur Infantry Chorus, composed entirely of veterans, will be featured Monday at 8:30 P.M. in the Mamaronock Junior High School auditorium in the second concert of the season.

Persons familiar with the state's financial situation predicted today that the general fund appropriations to be sought by the Governor would exceed considerably the record \$1,239,000, 351 general fund appropriations voted for the current fiscal year.

This boost in turn will depend on the amount of the rise in state income taxes.

Mr. de Paur, who enlisted in the Army as a private and rose to the rank of captain, was formerly associate director of the Hill Thompson-Gertrude Stein production, "Four Saints in Three Acts," and the Roark Bradford-Jacques Wolfe play, "John Henry," and musical director of the Negro Theater Project in New York. He organized and led the "De Paur Chorus."

Session On Zoning

The zoning committee of the Mamaroneck Advisory Council will meet at 8:15 P. M. Thursday in the Mamaroneck Municipal Building. It was announced this morning by Mrs. Harvey Cooper, Council chairman.

Rowell K. Doughty, chairman of the zoning committee, will conduct the meeting.

Residents interested in planning are invited.

Water Supply Report

Copies of the water supply report requested of Arthur Richards, former Larchmont engineer, by the Mamaroneck Village Board have been issued to each Board member. It was learned last night at the Board meeting.

Mayor Edwin B. Dooley, elected treasurer of the Westchester Dept. Waterworks, said the next move will be for the Waterworks Board to call for meetings with the Town of Mamaroneck and Mamaroneck in order to initiate a program of zoning the three communities could insure a new water supply.

"It will take only some time," he said. "There will be no referendums in each of the communities to insure the program."

Six Larchmont firemen were sworn in last week as members of the Westchester County Volunteer Firemen's Association at a meeting held at Mutual Engineering Co., Mount Carmel.

Boating Broadcast

Mr. and Mrs. Henry Shakeshaft, of 118 Travers Avenue, Mamaroneck, will on tomorrow, from 3 to 3:15 P. M. over radio station WOB, broadcast a sailing, outboard racing and the National Motor Boat Show opening Friday at the Kingsbridge-Army.

Mr. Shakeshaft operates Shakeshaft Marine Service, 118 Travers Avenue, Mamaroneck. Both he and Mrs. Shakeshaft will spend considerable time at the Motor Boat Show at a "cruise clinic" headed by President Blanchard, well-known boating writer.

On Friday at 1 P. M. over WABC radio, Mrs. Shakeshaft will talk about outboard boat-owners of the Mamaroneck area for sales for Everlune, manufacturing with Howard Lerner, director and president of the association, and led the first two outboard cruises up the Hudson in 1954 and 1955.

Woman Gains Backing For Gamble's Post

Mrs. Dorothy Donaldson of New Rochelle last night received the endorsement of 24 Ward Republicans to make her a GOP race for Representative in the 26th Congressional District.

It was understood that the Republican city executive committee would meet on Monday to set up any further endorsement.

The Congressional seat has been held by Representative Ralph A. Gamble of Larchmont for 28 years. Mrs. Donaldson, an attorney, is president of the appeals court of the State Workmen's Compensation Board.

Mayor Edwin B. Dooley of Mamaroneck has received the endorsement of the Mamaroneck Town GOP committee for the seat.

The 26th District embraces the cities of Byst, New Rochelle, Mount Vernon and White Plains and the Towns of Yorkville, Putnam, North Salem, Mamaroneck, Scarsdale, Lewisboro, Bedford, Pound Ridge, Pelham, New Castle, North Castle, Hyde and Harrison.

Thaw Follows Glaze, High County Tides Due

Westchester today welcomed a Springlike thaw after yesterday morning's treacherous glaze. Some, however, traced the rise of temperatures into the high 40s as opening the door to colds and the flu. At 10:15 the temperature was 45.

Slightly more than a half inch of rain was recorded by the County Public Works Department from Sunday night until Monday morning.

Meanwhile, Westchester Sound broke communities were watching for a predicted rise in tides.

THE WEATHER

Mostly cloudy, very windy and mild with occasional showers this afternoon, tonight and tomorrow with temperatures remaining in the 40s throughout. Tide will continue to run three to five feet above normal except for four to six feet above in the western half of Long Island Sound. Gusts north-easterly winds 30 to 40 mph becoming northerly to east tomorrow.

General Outlook: Cloudy, windy and Thursday with occasional rain. Friday, partly cloudy and cooler.

10:15 A.M. Westchester County Airport temperature 45, yesterday 44; 24-hour low 41; visibility 3 miles, light rain; wind from northeast 15 mph, gusts 20 mph. High tides today at 10:37 P. M., tomorrow at 10:41 A.M. and 11:31 P. M.

SECTION ZONING MOVE DEFEATED

Mamaroneck Board To Study Jubb's Request

A last-minute petition signed by owners of homes adjacent to property owned by John Jubb in the Palmer Avenue - Penmore Road section of Mamaroneck Village last night effectively stilled a recommendation of the Village Planning Board that the whole section be downzoned from residence A to residence B.

Instead, the Village Board requested Village Attorney Anthony Sansone to study the legality of having to justify the Jubb property to residence B as Mr. Jubb has requested.

The knotty question of zoning was wrangled over for some hours, with about 30 residents taking part on both sides of the controversy.

Would Avoid Precedent

The crux of the Jubb zoning problem lay with the recommendation of both the Planning and Zoning Boards that the Village zoning board setting a precedent of the property run east from the center of Palmer Avenue to Penmore Road, and north to Penmore Road. For 100 feet along Palmer Avenue it is classified residence B.

Mr. Jubb originally petitioned the Board for the downzoning to be held next Sunday night when it vanished after establishing radio and radio contact with the field.

Yesterday planes and ships searched the area, ranging as far as 30 miles out to sea, without finding any trace of the plane or its occupants.

Adding Machine Taken From Company Office

A money electric adding machine valued at \$175 was stolen during the weekend from the Marco Trucking Co. office, Fayette Avenue, Mamaroneck, it was reported at 8:41 A.M. yesterday.

The office had been closed from Mr. M. Maroney until yesterday morning, police report.

Entry into the office was made by forcing a haap on the front door.

Mr. Jubb's first petition was signed by at least two signers of the latest petition which asked that no down-zoning whatever take place.

Only Site Available

Mrs. Fred Rubin of 530 Stanley Avenue presented the petition following the presentation of Mr. Jubb's argument by his attorney, Morris Kearns, who said the property is the only place in the village which is badly needed.

Mr. Kearns also pointed out the apartment would have garages and would create "a spot of beauty" where an empty lot had stood.

Mrs. Rubin said she and the others opposed down-zoning of the entire section. Asked by Mayor Edwin B. Dooley whether she would oppose the Jubb request, she said: "I would oppose it."

Cole's Doubts Disputed

GOP Leans To 'Ike To Run' Idea

WASHINGTON (AP)—Two Republican senators today sharply disputed a statement by Representative Cole, R., N. Y., that it is not for the best interest of the country that President Eisenhower attempt a second term.

Senator Saltonstall, R. Mass., said that "if the President decides to run it will be with the knowledge that he can do the job."

But Republican Senator Young of North Dakota said he still doesn't expect the President to seek a second term.

Representative Cole, one of the original Eisenhower-for-President supporters in 1952, said he does not believe it is fair to appeal to Mr. Eisenhower's sense of duty in efforts to get him to run again.

It is very well to speak of the return to a normal life of those other persons who have suffered heart attacks, but there is nothing normal about the President, Mr. Cole declared. "I believe that Dwight Eisenhower should not, and will not again, become a candidate for public office."

Vigorous opposition was expressed last night by residents of the Bonnie Briar section of Roseton Glen to a proposed subdivision of a parcel of land touching at one point on Bonnie Briar Lane during a public meeting of the Town of Mamaroneck Planning Board.

The development, called Soundview Woods, is bounded generally by land owned by Westchester County, Winnet Pool Golf Club, Penmore Road, and a portion of Rockland Avenue, although it touches only three streets, Bonnie Briar Lane, which residents declared a private road, York Road and Penmore Road.

Charles Newberth, developer and builder, is owner of the property and was represented by Joseph C. Nixon of Mount Vernon. He told the board that he intends to develop the property with 65 homes in the \$45,000 to \$75,000 class.

Was advised by Owen A. Mandel, former chief of the Non-Ferrous Metals Division of the U.S. Bureau of Mines, that he could use. He also stated that he had been forced by bidding to pay \$13,500 for the site.

There's still time for 224,000 voters to cast their ballots in the \$1.85 million referendum for a new high school.

The polls will open at 9 A.M. today and school board officials, as well as workers at the polls, said that registered voters appear as early as possible in order to avoid a last-minute rush.

Hours was heavy during the early hours this morning as 318 persons, or more than 10 per cent of the 1,743 registered had voted in the two and a half hours after the polls opened at 9 A.M.

At 11:30 A.M. the total had reached 460 or slightly better than 26 per cent of the total registry.

First Baby Leader

Lawrence Edward Pagan, who was born at 7:08 A.M. at New Rochelle Hospital to Mr. and Mrs. Gaetano Mario Pagan, of 530 Palmetto Street, Mamaroneck, today became the leading contender in the Mamaroneck-Larchmont First Baby Contest when his certificate of birth and birth registration arrived at The Daily Times office.

Unless another newborn, born to a Mamaroneck or Larchmont family on Jan. 1, 1956, weighs 7-08 A.M., emerges and the parents comply with the rules, Lawrence will receive a handsome cluster of gifts from 21 local merchants and business institutions.

The deadline for the contest is 3 P.M. next Monday, when the city's birth certificate, original photo copy, with exact date, hour, and minute certified by the attending physician, must be at The Daily Times office.

Course Completed

Pvt. Charles B. Hartmann, twenty-two, son of Mr. and Mrs. F. Norman Hartmann of 59 Meagan Road, Larchmont, was recently graduated from the Army Information School's troop information and education course at Fort Slocum.

Hartmann attended Rollins College at Winter Park, Fla., and is a member of Lambda Chi Alpha Fraternity. He served in the Army in January, 1955, and received basic training at Fort Dix.

Larchmont Directory

Delivery of the Larchmont directory and business guide has been underway by the Larchmont Post Office since the beginning of last week, and by the end of this week copies are expected to be in the hands of all offices and businessmen, the publishers announced today.

The book contains 72 pages of T. Enyon listings and 40 pages of classified advertising, churches, doctors, dentists, and other emergency services.

Additional copies of the directory may be obtained at Larchmont stationery stores and at John Lee Stationers in Mamaroneck.

4-State Study Due on NHRR

NEW YORK (AP)—Public utility commissioners from four states have agreed to conduct studies and exchange ideas regarding efforts to improve messenger service on the New York, New Haven and Hartford railroad.

After a series of conferences, a statement was prepared last night by representatives of New York, Connecticut, Massachusetts and Rhode Island—the states served by the road.

"New York and Connecticut have recently completed hearings on the matter," the statement said. "Their findings are to be expected shortly. Massachusetts has instituted such hearings with hearings to commence Jan. 31."

Herman Asks Hearing On Commuter Woes

WHITE PLAINS—Harry G. Herman, County Attorney, yesterday asked the Public Service Commission for an informal discussion of commuter woes by commuter on the New Haven and New York Central railroads.

Mr. Herman also asked the state group to define its current and future procedures in its survey on the New Haven Railroad. He acted on a commuter's complaint forwarded by the County Board of Supervisors.

THE WEATHER

Cloudy, a little breeze and very little change in temperature with some light rain or drizzle off and on this afternoon, tonight and tomorrow. High temperature on days near 40, low tonight in the low 30s. Fresh to occasionally strong north to northerly winds.

Extended Outlook: Partly cloudy and slightly colder Saturday, fair and sunny Sunday.

High tide today at 11:46 P.M. Low tide at 11:23 A.M. and 11:51 P.M.

BRITAIN SPEEDS PARATROOPS TO TENSE MID-EAST

Giant Transport Planes Ferry Combat Group To Cyprus Base

LONDON (AP)—Britain began speeding some 7,000 crack paratroops toward Cyprus today in a show of strength in the tense Middle East.

Dispatch of the airborne "fire brigade" to Britain's Middle East headquarters on Cyprus came amid reports the government was considering slowing down troop evacuations from the Suez Canal Zone in the event of a resolute situation in the area.

Giant transport planes began ferrying the special combat group eastward through heavy rain clouds to reinforce Britain's estimated garrison on Cyprus of 10,000 men, many of whom are tied down by disorders arising out of demands for freedom of the island with Greece.

The giant airlift is due to be completed by tomorrow night. The paratroopers, forty-year-old commander, Brig. A.M. H. B. B. took off in the lead plane. He has held his present command less than a week.

"We are going to be ready for anything," he told newsmen just before his departure.

Many of the British men are seasoned veterans of World War II and post-war duty in the Suez. Some had returned to Britain only last July from the Middle East, where the troops' main mission is to serve as a mobile force that can be rushed to any trouble spot in the Middle East where British lives and property are at stake.

Outside Aid Insisted Upon

Garrity Roars 'No!' To 2d Parkway Bill

WONKERS—Asserting that the proposed Westchester Parkway Authority "is not for the best interests of the county's people and that the solution to needs for parkway reconstruction is in federal and state aid," Harold T. Garrity, Democratic County Chairman, today announced he will oppose the authority measure.

In a letter to County Executive James D. Hopkins, Mr. Garrity says the bill introduced in the Legislature is a counterpart to one he offered last year and vetoed by Governor Harriman. He urged the Legislature to reject the bill.

This week Mr. Hopkins and other county officials conferred with Milton D. Stewart, administrative assistant to Daniel Guinan, counsel to Governor Harriman. They asserted that the pending bill would raise the toll on the Westchester Parkway and urged its approval. Mr. Garrity also conferred in Albany this week with Mr. Stewart and Mr. Guinan.

When tolls were imposed upon the Westchester Parkways a number of years ago, Mr. Garrity said they were necessary because the Saw Mill River Parkway and the Hutchinson River Parkway were interstate highways and should be paid for by the out-of-town state traveler. He is in full agreement that these parkways are interstate highways, but he violently disagrees with your solution of the maintenance and improvement of these parkways.

"Thirty years ago when Westchester Parkway was first proposed, it was a highway for the out-of-town state traveler. He is in full agreement that these parkways are interstate highways, but he violently disagrees with your solution of the maintenance and improvement of these parkways."

Quiz Goes On Into Riddle Of Vanished Girl

NEW YORK (AP)—Detectives relentlessly questioned a suspect today in an effort to solve the riddle of what happened to the body of blonde Jacqueline Smith, twenty.

They were positive she is dead—victim of a "criminal homicide." They worked on the theory she died of a bungled illegal operation and that her body later was discarded.

No trace of her has been found. While some police dragged the Hudson River, others painstakingly searched through trash bins on the chance discarded parts had been hidden at random.

Thomas G. Daniel, twenty-four, boy friend of the girl who came here from Lebanon, Pa., to make her way in the fashion design world, is being held in \$25,000 bail at a mental institution.

But the center of questioning was Leo Pijan, a pint-sized, pinched-nosed hospital employee in whose apartment police said they found 300 surgical instruments.

Mr. Pijan, questioned intermittently since 2:30 P.M. yesterday, was taken handcuffed from a police station to the District Attorney's office shortly before noon to answer still further questions.

Mrs. Smith has been missing since a Christmas Eve, 1955, when the West Side apartment of Mr. Daniel, a 57½ week clerk for a riding equipment firm, he had dated her since last June.

GAINS REPORTED BY SAVINGS BANK

Union's Mortgagees Rise Sharply, Wendel Says

Major gains in deposits, surplus, and reserves were achieved by the Union Savings Bank, Mamaroneck, during 1955. It reported Tuesday at the annual board of directors meeting by Gabriel Wendel, president.

At the same time the number of mortgage loans made rose sharply and the amount of payments on mortgages reached a record, according to Mr. Wendel.

During 1955 the bank made 154 mortgage loans totaling \$2,488,000. Of these \$575,000 were conventional loans with a total of \$1,300,000. It was \$1,111 million, and there was one FHA loan of \$140,000.

1,039 Mortgagees

Total mortgages held by the bank at the end of the year were 1,039 in the amount of \$8,988 million, or approximately 65 per cent of the total assets of the institution, Mr. Wendel reported.

Total and partial payments on mortgages during the year amounted to \$1,111 million and \$1,111 million, respectively. The bank's conventional and 16 G. I. mortgages of \$20,000 or more, 101,000 in number, however, is more than \$25,000.

Surplus

The book value of the bank's surplus, as reported as \$973,600, exclusive of allocated reserves. This is a gain of \$196,000 over the \$777,600 reported at the beginning of 1955.

The total of surplus and allocated reserves is \$1,139 million, or 9.2 per cent of the deposits. This represents a gain of \$79,000 over the \$1,060,000 reported, according to Mr. Wendel's report.

Deposits

Deposits in the bank increased to a total of \$1,238 million, or 10.2 per cent of the bank's assets.

A total of \$4,364,700 was deposited during the year. Of this \$3,767,400 withdrawal, yielding a net gain of almost \$600,000, according to Mr. Wendel's report.

Pay Increase Also Urged For Teachers

ALBANY (AP)—A \$56 million increase in annual state aid for education was proposed today by the Board of Education. Some officials would have to increase their salaries to meet the program, which would take effect in the academic fiscal year starting July 1, includes a recommendation that the state set a uniform minimum salary of \$3,000 a year for teachers in all school districts.

This would be \$1,000 higher than the lowest minimum now required by the state. It would require in pay increases totaling an estimated \$15 million. All of this would go to teachers employed outside New York City. That city's locally-fixed minimum is \$3,700. Chief beneficiaries would be teachers in small, poor districts.

Of the \$56 million New York City would receive \$10 million. The recommendations are contained in a report by the 21-member Board of Education, formally known as the Temporary State Commission on Educational Finance, a summary of which was released today.

One member, Lawrence Fertig of the Teachers Association, said the commission's recommendations are "fall short of meeting the current crisis. Unless substantial further increases in local support are forthcoming, the educational needs of our children will not be met under this program."

The commission's full report is to be submitted later to Governor Harriman and the Legislature. Bills will be introduced to translate the proposals into law.

GREIFELDS TAKES HELM OF KIWANIS

New Staff Installed By Mamaroneck Club

Theodore R. Greifelds, 220 Wagner Avenue, Mamaroneck, was installed as president of the Mamaroneck Kiwanis Club at a dinner-dance at Success Pines Restaurant, He succeeded Louis D. Deverich.

Other officers installed were Harold W. Kurts and Aldo C. Giannini, vice president; Patrick B. Spence, treasurer; William J. Gray, secretary; and Mr. Deverich, immediate past president.

Directors are Dominick R. Santomenna, Harold C. Barlow, William Eubank, Dr. Philip M. Moore, William Gunn, Morris Key, William J. Brady, and Stephen J. Louis.

Dr. Melone Installs

The installing officer was Dr. Fred R. Melone of Irvington, lieutenant governor. In a short address preceding the ceremony he held up a common brick upon which had been placed the Kiwanis seal and the Kiwanis International slogan: "We build by faith, service, and loyalty."

The brick is a symbol of permanency and durability, he stated, symbolic of the slogan. He told the local club that it was building well and permanently in Mamaroneck, and praised the programs which it undertakes, mentioning specifically the work among the youth of the community.

During the installation ceremonies, he charged the officers to fulfill the obligations of their respective offices, and cautioned Mr. Greifelds to remember himself as a democratic organization, and that he must accomplish his work through cooperation and not by autocratic methods.

Mr. Greifelds thanked the club for the honor bestowed upon him for the honor bestowed upon him.

66 DIE IN KOREA SHIP CABIN AFFRE

18 Hurt After Boy Drops Lamp Below Deck

SEOUL (AP)—Sixty-six passengers, trapped in a third-class cabin, were burned to death today as flames roared through a small coastal ship, Korean National Police reported.

Police said a cabin boy dropped a kerosene lamp, turning the cluttered, below-deck cabin into an inferno.

The cabin boy, Park Chong Chul, twenty, and the captain, Kim Han Suk, were arrested on a charge of negligence.

The 130-ton ship was docked at Sanchoon, about 60 miles west of Pusan on Korea's southern coast.

Eighteen persons were reported injured.

The dead included seven school children.

They were bolted up from the straw mat floor and spread to cotton quilts and blankets. Within seconds the tiny cabin was in flames.

First-class passengers scurried to safety, but nearly all the third-class occupants were trapped and died, police said.

The fire raged for three hours, almost gutting the vessel.

President Asks \$2.5 Billion In Federal School Grants; Extra State Aid Proposed

5-Year Plan Would Assist New Building

WASHINGTON (AP)—President Eisenhower asked Congress today to provide \$2.5 billion in federal grants over the next five years to help conquer the nation's critical school shortage.

In a special message, the President also asked authority for federal purchase of up to \$750 million worth of local school bonds—if school districts cannot sell them in private markets at reasonable interest rates—and \$20 million for grants to the states for school planning.

In summary, this would mean a federal outlay over five years of \$2.5 billion, with \$750 million to be returned through eventual payment of the bonds.

States to Match Grants

The states would be required to match the federal grants for construction.

The matching, however, would be under a formula whereby the wealthiest states put up \$2 for each \$1 of federal money while the poorer states would get \$2 for each \$1 they put out.

Mr. Eisenhower said a cardinal principle of his program is that federal money must not reduce the incentive for state and local efforts—but rather should stimulate an increase in such efforts.

"With this program," Mr. Eisenhower said in his 2,600-word message, "we can lay the basis for better education in America in the years ahead. In this way we keep faith with our children."

Stumped by Segregation

The President made no mention of a question already stirring Congress—whether federal education aid should go only to states adhering to the Supreme Court's 1954 ruling on race segregation in public schools.

"One reason Congress got no action on this bill last year," he said, "was that it was stumped by segregation."

Eisenhower's School Message Highlights

WASHINGTON (AP)—Following is highlights from President Eisenhower's school aid message to Congress:

Signs of heartening progress have come to light, encouraging us as these advances are, they are not enough to meet our expanding educational needs.

The (White House education) conferences helped to erase the corresponding notion that schools were the other persons' responsibility.

The responsibility for public education rests with the states and the local communities—should overcome the nation's critical classroom shortage within five years. Once this shortage is overcome, the federal grant program can and must terminate.

The first broad principle is that federal grants must not reduce the incentive for state and local efforts, the President said. State and local efforts to develop their own programs will result in a larger total program.

Furthermore, I propose a formula to reduce proportion of federal funds for those few states which are noticeably lagging behind their ability to supplement their public schools.

Combing The Town

Combat Trainee

Carl M. Mondello, above, of 192 Webster Avenue, New Rochelle, son of Mr. and Mrs. Salvatore Mondello of 173 Centre Avenue, Mamaroneck, a USNR construction battalion driver, has completed a two-week combat-reserve training course at the Marine Corps Recruit Depot, Parris Island, S. C.
A former mate with the U. S. Navy during World War II and the Korean War, Mondello attended Mamaroneck school and is associated with the Coast Wading Club of New Rochelle. He is married to the former Lucy Perrino and they have three children.

Plays Bill In France
Army Pfc. Philip Ricci, son of Mr. and Mrs. Louis Ricci of 861 Willow Street, Mamaroneck, a member of the 20th Pontonade Ordnance Depot basketball team at Robert Eganne, France, Pfc. Ricci is an administrative clerk. He entered the Army to July, 1934, and completed basic training at Fort Dix, N. J. He arrived overseas in February, 1935. A 1932 graduate of Bellows High School, Pfc. Ricci attended New York State Technical Institute at Cobleskill before entering the service.

Lucky At That!
Rye Neck school pupils could enjoy themselves today, they don't have school, said Mr. Alvin Hicks, superintendent, had his way.

Enthusiast over the passage of the \$1.8 million bond issue yesterday Dr. Hicks last night said: "I'm glad we close the schools tomorrow in thankfulness."

"We've got a real reason to celebrate and declare a holiday," However, school law being what it is, Rye Neck pupils went to school on Friday.

Just Another Friday
Rain today was the only Friday the 13th source of annoyance to the three local police stations.
However, Lt. Francis Waterbury of the Town of Mamaroneck police force called the long series of excavations along the Post Road from Fenimore Road to Elm Street as one annoyance which can and should be repaired.

M. Waterbury, who had just come out of the rain from an accident blamed on an excavation on a street in his town, said the Mamaroneck V. I. highway condition is not only annoying but could be the cause of a bad accident.

A call to the Village Police Headquarters revealed that Chief Jeremiah Geary and Pli. Robert Taylor have made complaints about the road conditions to the Police Construction Co. which is supposed to have repaired the potholes.

Sgt. Vito Prasio, who answered the call, said he slipped and "nearly" fell on his porch when he went out this morning and fell like a wing back in a hard rain over again. But "Duty called," he said "Duty called," P. J. De Paed had no comment but "Rain."

Three For The 13th
Friday the 13th just doesn't seem at least, three Mamaroneck Larchmont women whose birthdays fall on this supposedly unlucky day.

In fact, Miss Stem Rosenow, a Winnet Pond Drive, Larchmont, regards her birthdate and the number 13 as the "most wonderful" thing in the world.
Miss Nossen, the operator of a dancing school, claims she has always worn a number 13. "I have good luck and that she never presents a show in which the so-called inauspicious number does not figure."

Mrs. L. H. Donaldson of 318 South Barry Avenue, Mamaroneck, a 6 ft 6 in. wholeheartedly "What you believe is what you have," she states, "and Friday the 13th is one of the luckiest of days."

Mrs. J. Ellisworth Olsen of 424 North Avenue, Mamaroneck, asserts that her birthday when it falls on a Friday is merely the source of a private quarrel between her and Mr. Donaldson. "I grow accustomed to living with" she says.
Others of the local population, whose birthdays do not fall on this day, have yet to be heard from.

SERVING MAMARONECK AND LARCHMONT SINCE 1925

SEVEN CENTS

Combing The Town

Heads Fraternity

Alfred W. Mittenber, son of Dr. and Mrs. Alfred Mittenber of 224 Stanley Avenue, Mamaroneck, a senior at Rutgers University, has been elected president of the campus chapter of Phi Kappa Psi Fraternity.

A variety football player at Rutgers, he is majoring in agriculture.

Town Team Drops One

Only nine points separated the Town of Mamaroneck football team from the New York City Water Supply team after the final punt was fired last night at a meet in Port Chester, but the Town team was on the short end of the score, 37 to 48.

Ed Louis Turco was high man with 292, and P.J. Lawrence McKeachie also 291. P.J. O'Keefe, Mileyak, 265, and P.J. John Leonard, 261.

Busy Time

Dr. J. James Abern, Mamaroneck superintendent of schools, is having himself a busy day.

This afternoon he is speaking to the faculty of the Port Chester School system and tonight he travels to Huntington, L. I. to make another talk.

In Hastings Dr. Abern will discuss "Educational Finance in the State" and will try to explain the recent report of the Health Commission with regard to state school finance.

Tonight in Huntington he will speak to the citizens of Suffolk county on the findings of the White House Conference on Education which he, as well as Dr. Joseph C. McLain, principal of Mamaroneck High School, attended.

New Pen Pal

When the old year becomes "dead" and the new year begins, in children in Germany, particularly in the Rhine-Danube area, young streets, enter homes and receive gifts of apples, nuts and sweets from their pen pals.

That's part of the story Vanessa Popp, daughter of Mr. and Mrs. E. W. Popp, school Avenue, Mamaroneck, got from a new "pen pal," Urs Schnoor of Hamburg, Germany.

Vanessa started the correspondence when, in response to a note published in a German newspaper, she wrote to Simon Weiser, a Hamburg teen-ager, who wanted letters. She thought such a response that some of the letters she received over to other teen-agers, including Miss Schmoor.

In Germany, the young lead, seventh grade children take Latin, biology, drawing, newspaper, physical education, music, gymnastics, English and German.

"It is also," wrote Urs, "a good fan of the water and live a quiet of an hour remote from the Elbe, one of the prettiest rivers in Germany. But we don't bathe there because the water is dirty."

Urs said that at Christmas I have sent a photo apparatus. When we have developed the pictures, I send you a copy of me."

Extra Day

Students in the Rye Neck School district will have to pay for the break they got Jan. 9. New Year's sessions were called off because of slippery weather. The board announced last night at a meeting of the Board of Education in the Bellows High School building.

Because they got the day off they'll have to have an extra school day sometime during the year in order to make up the number of school days required by law.

That extra day will probably be March 29, the Thursday before Easter, Dr. H. H. mid. School originally was scheduled to close March 28 for Easter vacation but that will probably be changed.

Light Snow Makes Early Roads Slip

A light snow fell on Westchester early today but mostly disappeared from the roads after mid-morning. The weatherman said no more snow was in sight for today and tomorrow.

Some motorists said they had difficulty and that they skidded in some places. Others said traffic moved smoothly and few mishaps occurred. The snow had been predicted to start earlier, but it did not start until before dawn.

Sending trucks were out early on the Westchester parkway system.

THE WEATHER

Partly cloudy, windy and colder today. High temperature 30 to 35. Snowly 12 tonight and tomorrow. Low tonight in the 20's. High tomorrow 30 to 35.

Airport temperature 30. Yesterday's 24, 24-hour low 20; visibility 12 miles; wind northwest 10 mph, gusts 20 mph.

High tides today at 1:38 P.M. tomorrow at 2:50 A.M. and 2:22 P. M.

MAMARONECK, N. Y., TUESDAY, JANUARY 17, 1956

Ford Stock Placed On Market At Price Of \$64.50 A Share

WASHINGTON (AP)—A price of \$64.50 a share was placed today on tomorrow's vast public offering of Ford Motor Co. stock. The Ford Foundation Inc., will reap \$64.5 million from the biggest corporate equity financing in history.

The price was reported to the Securities Exchange Commission, as the final step before the 10,200,000 common shares are offered to the public.

The underwriters—some 72 securities firms across the country—have reported almost unprecedented investor interest. The price was applied by a bid-offer issue which admits the public into ownership with the help of the company founder, the late Henry Ford.

The registration statement filed with the SEC last July is required by law to protect investors.

To Consider Prospects

The commission will meet this afternoon to consider the prospectus. It is expected to clear the issue speedily. The stock then will be listed for trading on the New York, Detroit, and other major exchanges.

The price actually was set last night by the seven managers of the huge offering.

While the public will pay \$64.50 for each of the new shares, the Ford Foundation will receive \$63 a share. The difference goes to discounts and commissions paid to the underwriters and investment dealers.

The total of such discounts and commissions on the mammoth issue will be \$1,200,000.

STAKE APPROVES BYE WEEK PLAN

Only Minor Revisions After School Doors

The Rye Neck Board of Education last night approved the stake's preliminary plan for the proposed by-week plan for the school year on the Palmer side had been approved with minor revisions by the Division of Planning and Grounds of the State Education Department.

The architect, the notice states, may proceed with work on the plan for the school year on the Palmer side had been approved with minor revisions by the Division of Planning and Grounds of the State Education Department.

This is the 25th anniversary of the birth of Benjamin Franklin, bi-focal spectacles, a chair which could fold into a stool, a key-ring, a student aid extended arm, now in common use in all classrooms. Various, as well as a host of other gadgets and devices.

It is also the day on which we take pride in presenting to our readers the Commerce and Industry Edition of this newspaper. In a special supplement to this newspaper.

Morever, today is the day that we marvel at the scope and magnitude of industrial production in this country. It is a product of the world's greatest invention, the electric motor. It is a product of the world's greatest invention, the electric motor. It is a product of the world's greatest invention, the electric motor.

Landis Tells Democrats Way To Win

Agreement within the party, a platform, and hard work are the formula for political success, James M. Landis, new president of the Westchester County Democratic Club, said today.

"The second problem, Mr. Landis claimed, is to develop very clearly the specific reasons why a voter should cast his ballot for the Democratic ticket."

"After our conference last November with Daniel Guttman, councilman and Governor, those members of the county Democratic party who were present later issued a press release that the authority bill seemed the only feasible solution to our problem. It would be most unfortunate if this support should not continue."

Flames Kill Cripple Aged 89 In Purchase

PURCHASE—A cripple aged eighty-nine was burned to death this morning in his home while his son-in-law, only person with whom he lived, was in a jail because he lacked bail on a traffic charge.

Antonio Dotti was found burned to death on the second floor of the house on a hilltop on rural Anderson Hill Road, was all gut roasted while firemen tried to pump water from a pond.

The house, owned by Mr. Dotti, was a wooden two-story building with the Purchase Delicatessen located on the first floor. Mrs. Hazel Traversano, 500 New Street, wife of Anthony Traversano, the store owner, noticed the flames from her home nearby at 7:03 A. M. She called police.

Firemen from Purchase, Harrison and West Harrison—about 35 in all—arrived at the house until 8:30 A. M. Although the house was only a block from the Purchase fire station, there are no hydrants nearby and firemen were hampered by lack of water.

Paul Pascoe Sullivan of the Harrison Police, first at the scene, tried to reach the second floor but was forced back by flames. Not until the fire was under control could the body be reached.

Purchase Fire Chief West Anderson estimated damage at \$25,000. The fire, from all indications, started in the bedroom but the cause was not known.

Who Felled The Pole?

Town police today would like to know who knocked down the light pole on property developed by the Myrtle Garage on Fifth Avenue.

Police suspect a New Rochelle man the right front end of whose car is badly damaged. But the man refused for a couple of hours last night to admit hitting or to admit an accident.

Police reconstructed it like this: Probably the car, heading east on Fifth Avenue, hit the pole which yesterday was standing across the street from the property. The accident is supposed to have occurred at 11:45 P.M. The man has nothing to say.

Accres of Flames Float Damage in Millions In Plant Flood, Fire

LONG BEACH, Calif. (AP)—Damage was counted in millions of dollars today from a flood and fire that raged today in a huge West Coast assembly plant here, turning the area into a floating inferno.

A fire-armor plant manager estimated that 13 million worth of parts alone were damaged yesterday but said full loss at the huge installation has not been determined.

Firemen, sometimes wading waist deep in the fire-created water, fought the flames for five hours while firebooks played hoses on the blaze.

Four men were injured but not seriously. Only a few of the 800 employees were present at the time of the explosion.

Question Of The Week

Money, No Cooperation Held Top Family-Breakup Causes

EDITOR'S NOTE—This is the 42nd in a Saturday series of short interviews with Mamaroneck and Larchmont residents on issues of the day—local and national. This week's question: **WHAT DO YOU THINK IS THE GREATEST CAUSE OF FAMILY BREAKUPS?**

LARCHMONT

Mrs. Edward A. M. Cobden, 38 Locust Avenue—The greatest cause basically is misunderstanding between married partners. There are many reasons for such misunderstandings, such as, for instance, religious differences and the bringing up of children.

Mrs. Alex Ganciel, 19 Window Farm—Each partner's unwillingness to give 50-50 on everything. They should each be willing to give more than their share.

Mrs. B. E. Nelson, 117 Stewart Avenue—Each partner's unwillingness to give 50-50 on everything. They should each be willing to give more than their share.

Mrs. W. E. Volkman, 48 Cooper Lane—"Financial disagreements."

Mrs. Charles G. Martin, 4 Shadow Lane—"Radical positions."
