Larchmont Cuts Tax Bill Despite \$2.15 Rate Rise

15 P. C. Reduction Brings Saving Of 21 Cents

Performing one of his last official duties as mayor of the village of Larchmont, Harry E. Gockler yesterday filed the tentative budget for the year 1944-45 showing an increase of \$13 in the tax rate but a decrease in what his property owners will have to pay because of the overall reduction in the assessed valuation of property.

Although the rate, according to the tentative estimate, will rise from \$13.37 to \$13.72 for each \$1,000 of assessed valuation, the 15 per cent reduction in assessments effected this year will result in an actual saving to the taxpayer of 21 cents per thousand, it makes the eighth consecutive year of a decrease in the tax rate.

The gross budget has dropped \$127,227 from \$477,860 last year to \$444,227 and with a \$10,330 drop in the estimated revenue from \$222,000 to \$211,670, the net will amount to \$232,557. The actual rate last year was \$94.86, or 2.15 per cent more than the tentative figure for the coming year.

The proposed budget contains a payroll increase of \$3,321.76, representing basic pay raises of \$3,229.74 and emergency bonuses amounting to \$92.02. The increases range from 1.50 per cent to \$200 per year, and apply generally to most village departments.

Immediately following the Larchmont Rotary Club luncheon yesterday the members of the organization went in a body to the City and State Chamber of Commerce to pay their respects to the late Dr. William G. Leary, who died Tuesday, Dr. Leary was a past president of the Rotary Club.

Rotary Pays Tribute

The program originally planned for the day was postponed until next Friday, Joseph C. McLean, principal of the Larchmont High School, was the subject, "The Effect of the War Program on School Curriculum."

Visitors at the luncheon yesterday included Norman C. A. Skellern of Crofton, N. Y., Walter Greenway, Rotarian of Erie, Erie and Boston clubs of New Rochelle, and David Neville, a guest of Mr. Perry.

Larchmont Boy Missing In Action

Staff Sgt. F. M. Sullivan Reported Lost In Air Fight Over Germany WAS AERIAL GUNNER

Staff Sgt. Francis M. Sullivan, son of Mr. and Mrs. Francis Sullivan of 16 Windup Avenue, Larchmont, has been reported missing in action over Germany, according to news received by his parents from the War Department.

A former Mamaroneck High School student, Staff Sgt. Sullivan is 21 years old. He enlisted in the service Sept. 17, 1942, and received training as an aerial gunner at Dayton, Tenn., Denver, Colo., Miami, Fla., and at several air fields in Texas.

He has been stationed in England since last August and has participated in many bombing missions, having started on his last one March 4.

His father hopes that, if he has not been over enemy territory, he might be a prisoner of war in Germany, although a gunner, could be in the center position in the plane in such cramped quarters he cannot wear a parachute and must take time to climb out of his seat and do his equipment in case of an impending crash.

China On Way To Democracy, Dr. Liu States

Pointing out that China is well on her way to attaining a governmental form of democracy, Dr. Eugene A. Liu, Chinese education leader and lecturer, last night continued his discussion of "China in a World at Peace."

Speaking to a group of the Larchmont Council for the Promotion of Peace Planning, held in the public library.

Replying to questions which took the time had caused to remain unanswered or to be inadequately treated at the March form of the Council, Dr. Liu said, "It would be unfair at this stage of China's development to phrase a question regarding her democracy as to whether it must be answered by yes or no."

The democratic transition has been in China's culture, he stated, because of the strong impact and demand by the people, with social and political institutions not in importance, and the individual ruler at the bottom of the scale.

China's long continued agricultural economy, accompanied by the type of freedom which comes from independence due to self-support among people close to the land, is another stage in the development of democracy, he said.

With the abolishing of the feudal system of aristocracy and class distinction in the Second Century B. C., the large estates were broken up and the great wealth merged with the common people.

China's system of civil service, dating from the Seventh Century B. C., and the oldest in the world, provides for public examination for all, with no influence from family or family prestige. The system of helping the poor to enter civil service is well established.

Gerlach Not Optimistic Over Folds

County Executive, Back From Washington, Sees No Bright Prospects

REPLY NOW AWAITED

WHITE PLAINS—County Executive Herbert C. Gerlach, back at his desk today after a western trip to Washington to suit that Federal officers withdraw objections to the bill before Governor Dewey permitting Westchester to charge tolls on its highways, was not too optimistic over a favorable response.

Accompanied by Evans Ward of P. H. Chastet, president, and Col. John R. Sullivan, of Yonkers, Commissioner Gerlach conferred for hours this morning with Thomas MacDonald, chief of the Federal Bureau of Public Roads, regarding the County's need for the estimated \$1,300,000 revenue which would be obtained from tolls to be levied on the Hutchinson River and Saw Mill River Parkways.

The county executive left with the Federal office copies of maps showing the route of the parkways to be established and also proposed ordinances by the Board of Supervisors which are prepared in duplicate for each station. The Board of Supervisors are proposed in the event the Washington officials prefer that the stations be as far apart as possible on the parkways which Federal funds would be obtained in connection with.

Mr. Gerlach said he found Mr. MacDonald with the impression that the construction work for the parkways had been completed and that the Federal Department as a part of the Federal highway system. He was searching the records of the Board of Supervisors to determine if any such legislation had ever been made by the board. He is a most point whether Albany could so certify without consent of Westchester, said Mr. Gerlach.

No immediate reply to Westchester was expected from Mr. MacDonald, said Mr. Gerlach, but he will call the county executive after the Westchester action on the bill before he takes any action on the bill before he takes any action on the bill before he takes any action on the bill.

Mr. Gerlach said he found Mr. MacDonald with the impression that the construction work for the parkways had been completed and that the Federal Department as a part of the Federal highway system.

The Albany position, it was explained, is that when it returned to Westchester for approval of the Federal funds and passed to Westchester for approval of the Federal funds and passed to Westchester for approval of the Federal funds and passed to Westchester for approval of the Federal funds.

Stop Strikes, Stop Worrying About Post-War Plans, Says Veteran Of Italian Campaign

A member of the 4th Division, recently described by Hanson W. Baldwin in the New York Times as one of the finest divisions our Army has produced, Pvt. Herbert Dimpfel of 421 Jefferson Avenue, Mamaroneck, is warning over in Italy that the people back home would 'stop striking, stop worrying about veterans' pay, stop worrying about post-war programs and get down to winning this mess in short order.

Expressing his views recently in a "small letter" received by his friends, the Marquardt of 41 West Street, Mamaroneck, Piz simply says that he has been reading news papers from the United States, adding, "they sure make it sound glamorous and simple. They should know! It looks like the folks back home, but I wish they would tell the truth. Maybe some people would realize it is no snap. Too many people accept victory as a surety. We will win, I know, but let's all pitch in to make it soon so we can come home."

Witners Takes Seat on Board

NEW TRUSTEE VILLAGE CLERK BY MAYOR; VILLAGE SUEF RENAMED TO POSTS \$800 BID REJECTED

Trustee John Witners, the new member of the Mamaroneck Village Board, was welcomed into "the official family" last night by Mayor Harry B. Golliday. Last night's meeting was held for the purpose of electing a new trustee for the coming year.

"I take pleasure in welcoming you," the Mayor told Mr. Witners, "and I trust that your service on the Board will be pleasant and helpful. I am sure that your contribution will be for the good of the majority of the residents and taxpayers of the village."

The new trustee thanked the Mayor and took his seat at the council table. The first official act was the moving of the resolution appointing William H. Johnson to continue in his post of village manager for another year.

James Jackson moved the adoption of the resolutions reappointing Anthony Shanno as corporation counsel and Frederick H. Ball, Jr., as treasurer. Shanno and Ball also moved the resolution designating "The Daily Times" as the official Village Newspaper.

Mayor Golliday appointed Trustee Jackson as acting mayor and Trustee Edwin B. Dooly as trustee of the Police Pension Fund. Mr. Ball was appointed registrar of vital statistics. Gabriel W. Brand was reappointed a member of the Park Commission to serve another year. Mr. Ball was reappointed to the Zoning Board of Appeals.

The special meeting which followed the annual organization meeting, a request from Assistant Barney Epstein to attend the Municipal Training School for Finance Officials April 26, 27, 28, and 29 was referred to the Village Manager with power to act.

Youth Of 14 Strikes Uncle With Hatchet

In the midst of an altercation which, according to the police, involved the breaking up of furniture, a 14-year old boy who resided at 135 Elm Street in Larchmont, struck his uncle, Jesse Gilmore, 56, with a hatchet yesterday afternoon, resulting in a laceration of the scalp.

The boy called the police for help and when Lt. Maurice Tamm and Patrolman James Hughes arrived, they found the man lying on the bedroom floor bleeding from the head. Police were unable to locate a doctor and drove the injured man to United Hospital where he received treatment.

The boy told Detective Sgt. William O'Neill that his uncle had threatened to strike him with a hatchet.

The case was referred to Children's Aid Society, which has been pressing on that front.

German Bombers Swoop AT BUCHAREST; REES FORWARD ON THREE FRONT

German Defense Lines Crumbling In All Sectors

German Defense Lines Crumbling In All Sectors

LONDON, (AP)—Russian armies are pounding rapidly crumbling German defense lines on three widely separated sectors of the Eastern Front, Moscow announced today, thrusting deep into Rumania to within artillery range of last, driving closer to the important Polish stronghold of Lwow and tightening their siege arc on the Black Sea Port of Odessa.

At the same time the Soviet High Command announced that Marshal Zhukov's First Ukrainian Army had killed or captured 208,360 Axis troops and was enclosing the remnants of 15 divisions near the borders of German-occupied Czechoslovakia and Poland.

How close the Red Army has come to the Black Sea Port of Odessa, the 400-mile southern front, Marshal Ivan S. Stepanov, Soviet Army, emerged across the Rumanian plains from the First Rumanian Army, cut the 30-mile strait of railway, linking Iasi and Drobeta at the Town of Iasi, 20 miles from the Black Sea coast. The Russian communique said that the column raced on to the town of Iasi, 20 miles from the Black Sea coast. Bride-To-Be Dies In Crash On War Front

Today was to have been the wedding day of Miss Ophelia A. Tiley of New Rochelle, N. Y., and her fiancé, Mr. J. H. Tiley, of New Rochelle, N. Y. She was ten days ago in an airplane crash on the Italian front.

A niece of Mrs. Martin Litzsch, who died in the crash, is Miss Ophelia Tiley. She was a member of the Red Cross and was serving in the Red Cross in the Italian front.

Miss Tiley, a veteran of the North African campaign, was married in Bari, a Red Cross message was received by her sister, Mrs. P. L. Sampson of Essex, said. It was understood that Colonel McCormack, also a veteran of North Africa and Sicily, was on duty now as a public relations officer in Cairo.

Finance Aide's Salary Hiked

WHITE PLAINS—In the reorganization of the County Finance Department, the salary of Joseph M. Sutton of White Plains, part deputy, was increased from \$4,800 to \$5,100 by the Board of Supervisors yesterday on recommendation of County Executive Herbert C. Gerlach.

The bond of Commissioner John T. Connell of Westbury, who assumed office on Saturday at a salary of \$4,800, was fixed at \$100,000 and the bond of Miss Sutton was fixed at \$40,000.

Mr. Gerlach, who had been acting as acting commissioner since the death of the late County Executive Frederick G. Schmidt, of Westbury, was named as acting commissioner as of March 31.

County Trust Deposits Show Big Increase

The County Trust Company statement of conditions for the quarter ending March 31, 1944 discloses "some interesting comparisons with that of a year ago," according to a statement made today by Andrew Wilson, Jr., president.

Deposits in the last 12 months have increased approximately \$7,000,000, he pointed out. "From \$28,233,339 to \$35,070,367, a portion of the increase resulting from the acquisition of the first National Bank of Pleasantville."

"Individual profits over the same period rose from \$90,368.26 to \$202,942.26. Real estate investments increased from \$9,000,000 in U. S. Government bonds and approximately \$900,000 in state and municipal securities."

County Pivots GOP Victory, Hamilton Says

THORNHILL—Election of a Republican president next November with 320 electoral votes or 64 more than the 296 necessary for election was predicted by Raymond Hamilton, vice chairman of the Republican County Finance Committee, speaking before the Men's Republican Club here Tuesday last night.

Stressing the pivotal position of this state, Mr. Hamilton pointed out that with only two exceptions no state has been elected since the Civil War without New York's electoral votes.

"Another fact, not as well known generally," continued the speaker, "but more and more appreciated by close observers is that Westchester County can determine the result for the entire State. Or to be more accurate, Westchester and Nassau together can determine such result. This is not merely because of the size of their potential pluralities, but also because of the contingent effect of their cohesive spirit and activity."

After concluding the Republican County "Arrow" campaign, under which contributors became candidates Regular Republicans of Westchester, Mr. Hamilton announced the recent congressional fight in Oklahoma and said:

"Four years ago, 622 out of every 1,000 voters voted for the Democratic candidate. In the Oklahoma election last week, only 522 out of every 1,000 voted Democratic. The difference between 622 out of a thousand and 522 out of a thousand is a net Democratic defection of the nation wide per cent. Such a Democratic defection throughout the nation will give a Republican 300 out of every 1,000 votes and only 296 are necessary to elect."

"We are hearing about changing horses in midstream, and I say to you that even the best of horses can be ridden to death if you ride it too long. When a horse gets that way, it is apt to drop in midstream."

Italian Fascists Fighting Yanks On Beachhead

ALLIED HEADQUARTERS, NAPLES (AP)—Italian Fascist troops have been slaughtered by German forces fighting the Allied beachhead below Rome. It was announced today as a communique followed Rome from the Italian front, with minor truce clauses and artillery fire keeping the opposing armies alert.

It was not known how many Italian troops were being employed on the front. The communique means some German units have been killed in action. It also means the Italians were said to have been placed between German soldiers in the line rather than put in as units. Some Italian parachute troops were wearing German uniforms.

One Allied patrol withdrew deep into enemy territory on the east flank, but was forced to return west of Lattoria.

The Rome Radio asserted last night that German troops had seized the beachhead and its suburbs except the railroad station, which lies across the front. Other groups of houses outside the town also have been incorporated into the German line of defense. (The broadcast said.)

OPA Abandons Trip Inspections

WASHINGTON, (AP)—The OPA is abandoning its passenger car inspection program, a spokesman here today said. The program was effective April 20, only motorist's eyes could replace the inspectors.

Inspection certificates, which were issued to motorists, are being eliminated, it was explained, because the average driver now is taking good care of his tires in an effort to make them last as long as possible.

All Records Broken By Snow Storm

Eight Inches Recorded
As Heaviest April Fall
Snarls Traffic

QUICK TALK FORECAST

The heaviest April snow storm ever recorded in this area struck at 1:40 A. M. today, snarling traffic, stalling buses, arrested cars, and breaking windows. An official measured at eight inches covered campus roads and sidewalks.

The official New York Weather Bureau report station at Yankee Stadium measured the fall at 1 1/2 inches at 1:40 A. M., but continued to snow until 2:30 with more snow falling. Then it will be warmer tomorrow, perhaps up to 45.

The Weather Bureau did not see this one coming very far in advance, despite the fact the ball game was snarled out at Yankee Stadium yesterday afternoon. A revised forecast, issued at 8 P. M., was the first hint of the snow to come.

The bureau did gauge well the duration of the storm, which started at 1:40 A. M., began to melt at 4:45 and was over more than nine hours, at about 11 o'clock.

The bureau's all time record for April 5 is 1.88, and the all-time record for snow on the 5th and 6th in 1915, when more than 40 inches fell.

Even before the big blast ceased municipal plows started working and many streets were plowed by 7 o'clock. After six hours, tree limbs, telephone wires and power lines were sagging from the weight of the snow. Several trees crashed down in New Rochelle.

The Lighting Company said all customers were affected in Harrison when an tree limb broke a power line. Service was interrupted for about an hour from 7:50 to 9 o'clock in the Rose Garden area, Avenue section.

The telephone company at 10:30 reported no wire breaks.

All over the area buses were delayed by at least 30 minutes. The circuit opens today in Madison Square Garden.

REARMS PUSH ONLY TWO CITIES FROM ODessa ESCAPE ROUTE; RUMANIA SEEKS ARMISTICE

Turkey Reports Antonescu Asks For Peace

NEW YORK (AP)—A Blue Network broadcast from London today quoted dispatches from Turkey as saying that Premier Antonescu of Rumania will seek an armistice from Washington. The London and Moscow.

The network's correspondent, Thomas D. Graham, said such a course had been urged upon the premier by an embassy he sent to Cairo to negotiate with the United States.

"The time is near," when the Greeks are no longer willing to hold the Balkans," Graham said. "Nothing would be less surprising than a complete collapse of Rumania."

The Associated Press had no confirmation of the report, which came less than 24 hours after U. S. military planes were shot down in Dunkerque and while Russian troops were advancing only 200 miles from the Rumanian capital.

Lt. Gordon Wins Silver Star For Gallantry In Blasting Enemy Positions In Italy

VOL. XIX—NO. 159

Levit, J. Charles A. Biondo of Mamaroneck, has been promoted to his present rank from sergeant according to news received by his wife, the Mrs. M. Levit, of South Bend, Ind. He is on active duty in the Pacific.

Mrs. Biondo received from the graduates of Bellevue High School, Leuit, J. Biondo received from the basic naval training at Notre Dame University and attended Miamington's school at North-western University, where he received his commission Dec. 2, 1943.

Mrs. Biondo resides with his sister, Mrs. Maria Miller, of De Luz Apartments, Mamaroneck.

With Amphibious Forces
Louis S. Tomassetti of 196 Grand Street, Mamaroneck, is now an integral member of the Amphibious Forces of the United States Navy.

Having completed his preliminary LST training at the Amphibious Training Base at Camp Drewford, N. O., Louisiana, he has been assigned to the crew of an LST for active duty.

The LST is especially constructed for the transporting of troops and heavy equipment and is a low boat that can be opened when it comes into the beach which enables men and equipment to land ready for action. This type of amphibious craft is as large as a destroyer, and it is the largest of the amphibious ships capable of making landings directly on the beach.

\$845 Goin' Begging
The Union Savings Bank of Mamaroneck is looking for the holders of \$845.00 worth of school savings stamps purchased prior to 1937 when the savings stamp machines were in operation, so that the stamps may be redeemed for their cash value.

The system was installed in 1922 when children were encouraged to buy stamps of 25, 10 or 1 cent denominations by depositing the money in stamp machines placed at the Central, Chateaufort, Murray Avenue, Mamaroneck Avenue and Harry Avenue Schools. The stamps were purchased with money supplied by the bank and when the folds were filled, the stamps were deposited by the child in a regular account.

When the system was abolished, an attempt was made to have all stamps presented for redemption but the amount still outstanding has never been called for.

According to a statement issued by the bank today, the money must be turned over to the State if an account is inactive for more than 20 years and the institution is therefore making an effort to locate the "forgotten owners" of the stamp saving money.

Road Rights Bills Signed
ALBANY, AP—The State announced all versions of legislation rights-of-way for rural state roads and planning arterial highways in this order, bills approved by Governor Dewey today as the first step in a great program for the post-war construction of highways.

Signing both into law, the Governor said the measures "and the new highway program, however, the largest and greatest public contribution to post-war improvement."

Together the two bills constitute one of the most controversial issues in the 1944 Legislature. One clause in the State bill of right-of-way would allow cities, previously paid by counties, County boards of supervisors, however, gives a veto power over state laws for highway construction which involve a mile or more of construction.

Under the other new law the State will pay most of planning money for highways in New York and other cities.

Red Cross Five Rate Dnc For Boost

Nazis Rush Special Into Odessa With Orders To Hold Port at Any Cost

Germans Battle From Favorable Positions
MOSCOW, (AP)—The Germans have rushed special units into Odessa to defend Odessa at "any cost" and are battling on the close approaches to that Black Sea port from favorable positions behind the many layers of fortifications protecting the stronghold, Red Star dispatches reported today.

While the Germans struck out in strong counterattacks from the beleaguered base, Russian Stormovik planes and bombers pounded at the city's defenses and escape lines of communications.

For the fourth straight day, the Moscow communication made no mention of the progress of Marshal Ivan Stepanovich Malinovsky's Army, last reported across the Prut River nine miles above the Romanian city of Iasi.

A Russian Army supreme command announcement broadcast by Berlin said:

"On the Crimea several enemy divisions attacked north of Kerch and were repulsed by German and Russian troops. These were an special event on the Black Sea coast and central Bessarabia. In a fresh counter-attack made by German and Hungarian troops from the Kerch Peninsula, a Soviet group of troops was engaged in fighting. North of Cernoviz German troops successfully continued their assault activity."

The broadcast said the northwest of Odessa the Russians engaged in stiff fighting against large groups of German troops and aircraft. It stated that the German and Hungarian forces were repulsed by the Soviet forces. The attack was launched from German territory southwest of Odessa, and came after Marshal Stepanovitch Malinovsky's Army had captured more than half of the area within the city. Stiff fighting has been reported since Monday.

Attempts to lift the siege yesterday were repulsed with heavy losses, the communication announced, but that fierce fighting is continuing.

Zhukov's troops were reported to have captured a large amount of equipment and supplies, and to have captured more than 100 German planes, 11 of which were shot down and 23 of our heavy bombers were lost. In all operations yesterday, 28 enemy aircraft were reported destroyed and the damage to the Continental Hotel, but their infantry was immediately brought under the fire of Allied artillery.

A Russian broadcast from headquarters said that on the Anio beachhead a strong German patrol attacked an Allied position a mile and a half south of Carroville last night, but was driven back by grenades and small arms fire.

Stettinius Reaches London For Talks
LONDON, (AP)—Edward Stettinius, Jr., U. S. undersecretary of state, arrived today for a series of important foreign policy conferences with British officials. Stettinius is expected to prepare the way for another Roosevelt-Churchill summit.

Stettinius' arrival came at a time of mounting criticism and uncertainty in the British Cabinet over the degree of cooperation between London and Washington and Moscow.

Village Tax Rate Boosted \$.25 in Tentative Budget

\$6,400 Increase In Base Pay For Employees Listed

A tax rate increase of \$1.25 per \$100 of assessed valuation is proposed in the tentative budget for the Village of Mamaroneck, prepared for the coming year by Village Manager William H. Johnson and under consideration by the Mayor and Board of Trustees.

Among the proposed for next year are the sum of \$7,600, \$9,100 for the payment of the \$2,500,000 judgment, and a tax rate of \$60.70, amounting to \$4,700 more than last year.

There is a \$2,000 appropriation in the Police Department for the purchase of new automatic equipment, but a decrease of \$300 for automobile expenses and a decrease of \$1,000 for the uniform and equipment fund.

A decrease in insurance expense of \$1,000 is also proposed, which will bring the Fire Department budget down to \$100,000.

Tow Faces Quarantine On Dogs

Discovery Of Rabid Dog In Larchmont Likely To Extend Ban

WHITE PLAINS—Extension of the dog quarantine against rabies which at present covers practically all of Southern Westchester, to include the Town and Village of Mamaroneck, and the Village of Larchmont, is expected as the result of the discovery of a rabid dog in Larchmont.

On Saturday, Dr. Holla announced extension of the ban on dogs at large ban in Larchmont and the Town of Pelham and its three communities of Pelham, Pelham Manor and North Pelham.

In the newest case, Dr. Holla reported, laboratory tests showed the Larchmont dog to have been rabid. The source of the infection, almost always from the bite of an infected dog, has not been traced definitely.

MASSIVE AERIAL OFFENSIVE ENTERS FOURTH DAY

LONDON, (AP)—Nearly 1,000 American bombers, with an equal number of escorting fighters, carried the onslaught against German air defenses through its fourth day today with massive air forces against plane factories at Oschersleben and Bernburg and other objectives deep inside Germany.

The latest daylight blow in a new series of attacks designed to obliterate the Luftwaffe ahead of the Allied invasion followed night assaults by 800 bombers—the greatest force ever dispatched by the RAF against occupied territory—upon five junctions on French and Belgian air routes.

In the least 60 hours of this attack more than 7,000 tons of bombs were estimated to have been dropped on at least 23 German railroad centers, aircraft factories and airfields. Missengers announced a final tabulation of yesterday's U. S. air victories showed the bombers and fighters downed 15 planes.

Allies Repel Jap Assault In Imphal Area

NEW DELHI, (AP)—Japanese pressure continues the Kohima area of eastern India, while fighters south Allied troops have established the Imphal plain and repulsed a Japanese thrust near Imphal, the Southeast Asia Command declared today.

The fourth Army, under the command of Gen. Joseph E. Stilwell, was attacking in the Imphal area, a 75-mile front from the Prekopp Isthmus at the northwestern corner of the Imphal plain to the northeast, said dispatches here.

In two days, a Russian counter-offensive advanced more than 15 miles through German defenses to kill 5,000 enemy troops and capture another 1,000. About 11 German divisions (perhaps 100,000 men) were believed isolated in the Crimea.

On the Arabian front of western Burma, Japanese resistance stiffened, especially near the main Mayu River south of the Mangay-Burhading Road, the bulletin added.

Minor German Blows Repelled ALLIED HEADQUARTERS NAZIS—Italian troops, moving high peak 15 miles northeast of Cassino, have repulsed a German assault on the two-point, killing seven of the ten and taking prisoner—the first announced capture of a Nazi by the new army of liberated Italy.

SCHOOL TAX RAISE ARE LAWYER CHECK

Cut Of 10 Cents Per \$1,000 Made In New Budget

The fix rate in the Rye Neck School District will be 10 cents lower per \$1,000 of assessed valuation than last year, according to the tentative figures made public yesterday by School Board President James Jackson. The estimated rate for 1944-45 will be \$11.00 as against \$11.10 paid by residents of the district last year.

The saving thus effected is a result of a net reduction of \$12,394 in the assessed valuation of property in the district. Mr. Jackson pointed out, and is due to general reductions throughout the district as well as to a slight increase in the debt service.

The estimated gross budget will be \$250,737.11 as against \$257,317.02 last year, and after the deduction of estimated credits of \$12,394, the net budget will be \$238,343.17.

The assessment for the year is \$11.00 per \$1,000 of assessed valuation, as against \$11.10 last year. The total assessment for the year is \$11,000,000.

Among the appropriations, the most significant is for the purchase of new equipment, estimated at \$10,000.

Mr. Jackson said, are the items for supplies and fuel.

RAF REVEALS EVILS OF CREEA; FEARS OF SEVASTOPOLIS; RAF RENEWS BERLIN ATTACK

Western Germany Also Pounded in Follow-Up Raid

LONDON, (AP)—RAF Mosquito bombers struck Berlin and Western Germany last night in climax to public-healer's daylight assaults yesterday upon aircraft and rail targets by nearly 3,000 U. S. bombers and fighters that bagged 138 German planes.

It was the first raid against the noted Nazi capital since a Mosquito attack March 23 and a 2,800-ton British raid March 24. All the swift plywood planes returned.

The German raid declared Allied aircraft bombed the Ruhr area last night, culminating 24 hours of unusual activity over that city. These American planes, 36 of them bombers were led in raids from British bases Thursday, and the Mosquitoes were the first to strike since the second night raid on April 19.

Under the plan, the Mosquitoes were to be used as a "follow-up" to the main raid. The Mosquitoes were to be used as a "follow-up" to the main raid. The Mosquitoes were to be used as a "follow-up" to the main raid.

Woman Applicant For Job With Postoffice Proposes Delivery Of Mail By Taxi

Something new and different has been added to the saga of manpower shortage at the Larchmont Postoffice. A young woman telephoned Postmaster Frank L. Egan the other day, to apply for a job. She said that she was a woman, she was single, and she was "fit to be a mail carrier."

Mr. Egan pointed out gently but firmly that many miles must be traveled each day, carrying a heavy mail sack, that the job is hardly suitable for a woman.

"I'll simply take a taxi," she said. "I'll carry the mail in the taxi."

The postmaster explained that since a taxi would cost about \$5 an hour, the remuneration for the job would not even begin to cover the expense of this novel means of mail delivery.

This news astounded the would-be carrier. "The job would be done in three lines when the government is paying such high wages, the job doesn't even pay \$5 an hour!" she demanded, outburst.

Mr. Egan explained that the government was not paying such high wages, the job doesn't even pay \$5 an hour!

New Pacific Blow Due, King Says

Navy Commander Avers Enemy's Navy Can Never Make Up Losses

600 SHIPS BLASTED

WASHINGTON, (AP)—"Japan's war fleet is already damaged so that she can never hope to make up losses and heavy new blows at it may be expected in the next few months," Admiral Ernest J. King, Navy commander in chief, declared today.

"We are seeking opportunities to strike whenever we can get within range of their warships or bases," he said, "and I think you will find within the next few months to come, that we shall achieve our goal."

"We have reduced Japan's merchant fleet to less than two-thirds of what it was when we were attacked. We have sunk and damaged her warships and we have seriously damaged her fleet of warships that she has never been able to make up. To date, we have sunk, probably more than 600 Japanese merchant ships and destroyed more than 600 Japanese warships."

"She cannot stand such a rate of loss for any length of time and she will be forced to withdraw from the Pacific."

Disillusion of the Japanese Empire, he told the graduating class of the Federal Reserve Bank of the United States Police Academy, is the minimum requirement for victory in the Pacific.

Clean-Up Time Here

Clean-up week scheduled for next week in Larchmont, is a fine opportunity to clear away the yard and get rid of unwanted odds in the attic, says Arthur Richards, village engineer.

Residents are reminded to leave material to be picked up, at the curb. Collections will be made south of the Boston Post Road on Monday and Tuesday, and north of the Boston Post Road on Wednesday and Thursday.

"This is a matter of public policy," Mr. Richards said. "Let's clean up our grounds, our homes and our community."

Hopkins On Committee

Victor J. Hopkins of 78 Wendell Avenue, Larchmont, has been appointed to the committee on recommendations of candidates for the office of representative in Congress, 21st District, it is announced by the Democratic Committee of Westchester County.

Mr. Hopkins has also been appointed to the committee on recommendations of candidates for the office of state senator, 30th District, what the natives and 'Aussies' feel about each other.

Promoted To Sergeant

Capt. Herbert A. Machin, nephew of Mrs. Rose Nicole of Hickory Grove Drive, Larchmont, with whom he lived before entering the service, has been promoted to sergeant, it has been announced by Col. W. D. Tipton, commanding officer of the Galveston Army Hospital, Texas.

Entertainment director through the Special Service Division on the base, Sgt. Machin is at present producing and directing "The Eve of St. Mark" by Maxwell Anderson, which opens Saturday in Galveston for a six-day run.

Junior Church Launches 'Holy Land' Cruise

A contest to be entitled, "Holy Land Cruise," designed to promote regular attendance, punctuality and an increase in membership and offerings will be launched tomorrow at 4:30 P.M. by the Junior Church at the Barry Avenue A. M. E. Zion Church in Mamaroneck.

The membership will be divided into two groups, Alpha and Omega, which will conduct the contest in the form of a trip to places important in the rise and spread of Christianity. The winning group will be the one which arrives first at Jerusalem.

Each Sunday a travel broadcast will be made from some city in Palestine and tomorrow the city will be London with George Hoan as the announcer.

All members and friends of the church are invited to attend. Officers of the church are: Frank J. Decker, president; Joseph J. Decker, secretary; Joseph J. Decker, treasurer; Rev. C. F. A. Norton, pastor.

La. Seignonn Home

La. Arthur W. Seignonn, Jr., MC, USNR, of Larchmont Ave., Larchmont arrived home yesterday after 18 months in the South Pacific, where he was stationed at a naval hospital.

A graduate of Columbia College, Class of 1932, and member of the School, Class of 1937, Lt. Seignonn was a practicing physician in New York prior to entering the Navy almost two years ago. He interned at Mt. Sinai hospital in New York.

At the end of his leave, Lt. Seignonn will be stationed at Alton Hospital, Long Island.

His wife and daughter, Mary, March 1941, and his son, Arthur W. Seignonn of New York City.

Deadly Fighters Take Over Aerial Offensive

LONDON, (AP)—Strong formations of deadly Allied fighters fanned out over Germany today, as the Berlin radio said, taking over the pre-invasion offensive from heavy bomber fleets which had closed out a week of shattering blows at Hitler's air arm and transport.

Waves of bombers, starting from German stations traced the remaining fighters' progress into Northwest, North and Central Germany. Formations probably were made up of American Mustangs and Thunderbolts, often employed in spectacular attacks on American Lightning and British Mustang and Thunderbolt.

These swift fighters, although carrying a relatively minor sting of incendiary bombs, were used to harass and disrupt the enemy's air traffic, shooting up trains and aircraft shipping to the German aircraft line combat.

Yesterday Thunderbolt fighters, bombers and fighters, took part in a German air raid in Northern France, swooping out of the clouds with such surprising suddenness that they caught and destroyed a grounded transport plane, destroying a full score of the American planes was lost.

First reports from German sources indicated that the Allies had planned to refuse the Allied challenge to come up and fight.

There were no signs of a major offensive, however, apparently the second day American Flying Fortress and Liberator have been mentioned after the thundering week-long offensive began last night.

Group Urges Rent Control In Westchester

WHITE PLAINS—Charging rent gouging of Negro tenants by White Plains landlords, the White Plains Negro League has asked representatives in Congress to have OPA rent control extended to Westchester County.

The League has included in a letter sent by Chairman Max Meyers and Senators Robert F. Wagner and James M. Walsh.

"Many of your constituents are engaged in war work in White Plains and many others travel to Eastern Airfield and other large war industries," he wrote.

Two factors make the problem increasingly acute. One is an influx of population which has occupied nearly all available living quarters. Two more large war plants are scheduled to begin operations here and the housing shortage will grow in proportion. The other factor is the demolition of substandard living quarters ordered by the City under the housing ordinance.

Fire Damages Shook On Myrtle Boulevard

AMERICAN SEVERELY WOUNDED, REELS, BLOCK ESCAPE BY SEA; AERIAL PLACES OVER REICH

Deadly Fighters Take Over Aerial Offensive

LONDON, (AP)—Strong formations of deadly Allied fighters fanned out over Germany today, as the Berlin radio said, taking over the pre-invasion offensive from heavy bomber fleets which had closed out a week of shattering blows at Hitler's air arm and transport.

Waves of bombers, starting from German stations traced the remaining fighters' progress into Northwest, North and Central Germany. Formations probably were made up of American Mustangs and Thunderbolts, often employed in spectacular attacks on American Lightning and British Mustang and Thunderbolt.

These swift fighters, although carrying a relatively minor sting of incendiary bombs, were used to harass and disrupt the enemy's air traffic, shooting up trains and aircraft shipping to the German aircraft line combat.

Yesterday Thunderbolt fighters, bombers and fighters, took part in a German air raid in Northern France, swooping out of the clouds with such surprising suddenness that they caught and destroyed a grounded transport plane, destroying a full score of the American planes was lost.

First reports from German sources indicated that the Allies had planned to refuse the Allied challenge to come up and fight.

There were no signs of a major offensive, however, apparently the second day American Flying Fortress and Liberator have been mentioned after the thundering week-long offensive began last night.

Group Urges Rent Control In Westchester

WHITE PLAINS—Charging rent gouging of Negro tenants by White Plains landlords, the White Plains Negro League has asked representatives in Congress to have OPA rent control extended to Westchester County.

The League has included in a letter sent by Chairman Max Meyers and Senators Robert F. Wagner and James M. Walsh.

"Many of your constituents are engaged in war work in White Plains and many others travel to Eastern Airfield and other large war industries," he wrote.

Two factors make the problem increasingly acute. One is an influx of population which has occupied nearly all available living quarters. Two more large war plants are scheduled to begin operations here and the housing shortage will grow in proportion. The other factor is the demolition of substandard living quarters ordered by the City under the housing ordinance.

PILOT SAVES BOMBER

"After I jumped and pulled the ripcord my chute, I just closed my eyes and then, after a while, I landed in a tree and while my arm was scratched a bit, I was darned happy to be on the ground again all in one piece!"

"I thought I could light a cigarette the way down but the rain and wind were too much and, when I landed, I dropped my parachute and couldn't find it when I had gotten too low from my parashute, doggone it!"

Those were the reactions of two of five Army Air Force men who landed on the estate of Rye and Harrison estates after they had been ordered to "hit the side" by the pilot of their big B-26 Mitchell bomber at 8:30 P. M. Saturday. The "load had to be lightened."

One of the men later explained, so the instructor, storm-tossed and soaked, said that the first to jump—landed in the Town of Greenburgh, not far from White Plains, and was slightly injured. A motorist took him to Greenburgh Hospital, East Yonkers. He was taken to Fort Slocum, New York.

The pilot of the bomber, which was bound from Greenview, S. C., to Boston on the way to the Harrison estate, was flying in the rain and was almost in a state of panic. He was taken to Fort Slocum, New York.

Three members of the crew landed at widely scattered points on the estate of High J. Chabillon, Lincoln Avenue, Harrison. One landed on the lawn of an estate on Wolf's Neck, East Yonkers. The other two landed in a 45-foot tree on the Percy Street estate.

The chap who came to rest in the tree, who said he was not hurt, transferred to the U. S. Marine Academy at Ft. Schuyler, N. Y. where he was promoted from cadet to midshipman, USN, during a training cruise in the summer of 1942. Mr. Brady received his commission in the Navy at Miami Beach, Fla., and air corps training in Wisconsin.

Mr. Brady, who has been awarded the good conduct medal, was graduated in 1940 from Mamaroneck High School, where he was on the track team and was a member of Theta Kappa Omega fraternity.

Effective today Mrs. Harvey Conover of 1231 Flagler Drive, Mamaroneck assumed office as executive secretary of the Westchester War Council. Mrs. Conover was succeeded by James Whittemore, chairman of the council, to succeed Mrs. James Harding.

Queens' Wings Clipped
Clipping the queens is not the latest international game but an activity of the New Rochelle Beekeepers Association which met today at the home of Mr. and Mrs. William G. Decker, 84 Suydam Avenue, Larchmont.

The idea of the queen clipping session was to learn Spring-summering. If the queen wings were not clipped she will fly away to a new habitation with her train of honey gatherers and deplete the population of the hive.

The hive was operated by Harry Newman, expert beekeeper, assisted by Sylvester Barnes. About 30 beekeepers were present. They talked of regarding all the hives in the county as essential to better beekeeping. A social hour followed.

New Air Mail Rates
Passengers and Mamaroneck postmasters report that many air mail letters are delayed in delivery because senders apparently do not understand the new postage rates.

The postage rate for delivery of air mail within the United States is eight cents per ounce and ten cents to air mail addressed both to civilian and members of the armed forces within the country.

The air mail rates for letters addressed to members of the armed forces overseas, is six cents per half-ounce and applies to all men who have A.P.O. or P.F.O. numbers as part of their overseas addresses.

Fortresses Hit Railroad Yards In Two Capitals

NAPLES, (AP)—U. S. heavy bombers hit Sofia and Belgrade today. Railroad yards in both Balkan capitals were the targets of the striking force of Fortress and Liberators, a headquarters announcement said. In addition, aircraft components factories near Belgrade were hit.

Here said some enemy planes were encountered and several destroyed in the blows against the two cities.

A third Balkan capital, Budapest, was the target of the first assault of the war by Allied bombers on the Yugoslav capital itself, although nearby airbases and an aircraft factory were attacked yesterday by Liberators and Fortress.

First reports from returning crews said some enemy planes were encountered and several destroyed in the blows against the two cities.

Lt. Com. Richelson Returns After Four Months At Sea And Many Narrow Escapes

Home from the seven seas and six continents, for a well earned rest and leave, is Lt. Com. Frank R. Richelson, U. S. Maritime Service, of the Park Plaza Apartments, Larchmont, whose most recent voyage lasted four months and took him to many strange ports.

Chief officer on a Liberty ship accustomed to fuk and shrapnel, Lt. Com. Richelson arrived in Casablanca a week after the facilities had been damaged and food entirely lacking, since the Germans had left some behind. The suffering French welcomed the American crew with yoyosa appreciation, recognizing that they were friends who had come bearing food and aid, and not for plunder.

Struck with malaria in Africa, along with 24 out of a crew of 41 men, after a particularly difficult voyage with more than the usual amount of hardship and heavy weather, Lt. Com. Richelson was hospitalized on the Galt, and upon joining his ship for the next trip. It was on this trip that the steering gear broke, and tropical engine trouble developed which necessitated throwing overboard the auxiliary machinery, including the icing equipment. This meant an exclusive diet of canned goods. Despite the chef's versatility and ingenuity, two weary of canned claims is quite a feat, according to the lieutenant commander.

Aboard a cargo ship, 100 miles north of the Equator, south of Rio de Janeiro, when Pearl Harbor was attacked, the ship was ordered to proceed north to Baltimore, encountering a nest of submarines off Chesapeake Bay. She was torpedoed on her next trip, with all hands lost except four members of the crew.

On another cargo vessel, bound for the West coast of Africa on a voyage that was to last six months, with danger a constant companion, a submarine was sighted by the lookout, about 200 feet away at 2 o'clock of dark morning. There was no time for a general alarm, and the ship veered off-course. The sun crew was ordered to fire and the vessel got away without damage.

Back in New York, Lt. Com. Richelson headed another Liberty ship as chief officer, bound for the Persian Gulf. When he reached West Australia, 53 days from home and 42 from the Panama Canal without a stop, malaria fever set in. He returned to New York as a passenger. After a brief period of rest, he shipped out again more on a tanker for the Dutch West Indies, making two trips in succession.

Local Draft Boards Draw Up New Lists By Age Groups; 18 To 25 Due To Go First

Although Larchmont and Mamaroneck Draft Boards have not yet received final and conclusive instructions as to the complete sequence of procedure under the new regulations which apply to men over 26 who are employed in essential industry, the first task has been to prepare the new lists, according to a sequence of order number.

It is the opinion of James A. Gillis, chairman of the Mamaroneck Draft Board that "about half of the men to be sent for induction this week will be eligible to serve under the new regulations, but lists are not yet complete early today."

Groups will leave from both the Mamaroneck and Larchmont Boards today could state the number of men who will be affected by the new order.

All the men in the age group from 18 to 25 inclusive, were called, Mr. Gillis said yesterday, before the older men. When that was done, he estimated that only individual men's quota, men from 26 to 30 will be called after that, the group from 30 to 37. At the present time, however, only men not engaged in "agricultural work or essential employment or war activities" will be eligible for induction. They will be deferred for two or three months, Mr. Gillis said, "until the powers that be make a final decision."

Truck Runs Away, Takes Part Of House

NORTH WHITE PLAINS—A driverless truck, according to police, traveled off last week on Route 22 Saturday night, knocking down highway signs and ripping out a fire hydrant. It crashed into a three-family house owned by Jacob Placher. The impact knocked off a corner of the house, and the back porch. Jacob Placher and his son, Julius, hearing the crash, rushed out on what would have been the back porch, and landed in the excavation breach. Julius Placher suffered abrasions on his legs, face and arms and his father injured his arm, arm and neck.

Patrolman Joseph Lombardi dispatched to investigate the accident, found a car which had been knocked off. His wife and two children were shaken but unhurt. Lombardi arrested New York driver of the truck, who said he had parked it at the intersection of Broadway and Highway 22 while he went to make a phone call.

Forfeiture was released in \$200 bail in possession in court on April 25.

Wright To Give Lecture On 'Christian Religion'

"The Christian Religion" will be the subject of a lecture to be given tonight at 8:30 by Rev. Wright in the Mamaroneck Methodist Church, 812 E. Marine.

Friends and members of the church are invited to attend the meeting tonight as well as the second talk on the same subject to be presented May 8. These two discussions will conclude the series given by Mr. Wright as part of the educational program of the Church School under the direction of Herbert K. Houghton, superintendent.

Flotilla Commander To Speak For Lions

"What's Happening in the United States Coast Guard Auxiliary" will be the subject of a talk to be given tomorrow for the Mamaroneck Lions' Club by Keith K. Kimball, commander of flotilla No. 303 in Larchmont.

Mr. Kimball will explain the difference between the Coast Guard Auxiliary and the U. S. Coast Guard Reserve (Temporary). He will discuss the ways in which business men have the opportunity to serve in the war effort by devoting part of their time to that work. The James H. Houghton Club president will preside at the luncheon meeting.

FROM WEST TO EAST

LONDON (AP)—A Trans dispatch broadcast from Moscow said that a "large scale transfer of German troops" was being made from the west to the east. It added that the German General Staff has been able to convince leading Nazi circles that from every point of view it would be more correct to weaken the west. The side of the European front.

Russian Troops Two Miles From Heart Of City

LONDON, (AP)—The fall of burning Sevastopol, last major Axis bastion in Southern Russia, appeared imminent today as Russian troops were reported smashing through the suburbs two miles from the heart of the city, while Soviet bombers and warships lashed at thousands of Germans and Rumanians trying to escape by sea.

Field dispatches painted a scene of raming chaos in the Black Sea. Sevastopol, heavily defended by Russian troops, was being pounded by Soviet bombers and warships lashed at thousands of Germans and Rumanians trying to escape by sea.

Jap Casualties Rise As Allies Gain In India

KANDY, Ceylon, (AP)—Victory casualties have been inflicted on the enemy and important positions captured north of Imphal counter-offensive against the Japanese invasion of India, Allied forces have announced today in a communique issued from his new operational headquarters in the mountains.

The British also improved their positions in the hills northeast of Imphal. Beyond the Imphal ridge they paddy field protecting the vital stores and supply base.

14 British troops were killed in a Bangalore dispatch saying Mountbatten was sending heavy forces of troops to the Imphal area. The British Indian 20th Division was being transferred from the Arabian coast by plane and that other troops were being carried from Calcutta in the same way.

Meanwhile, official service fell over the operations of the glider-borne Chindits whose new-found strategy of infiltration by air, as reported in yesterday's communique, appeared to have promised a new turn to the entire Burma-India campaign.

Lonergan Gets 35 Years For Wife's Murder

NEW YORK (AP)—Wayne Lonergan was sentenced today to 35 years to life in prison for the bodge-in-transit slaying last Oct. 24 of his 25-year-old heiress wife, Patricia Burton Lonergan.

The 25-year-old former RCAP aviator and society playboy shot and killed his wife in the Manhattan Hotel in New York City.

The entire proceedings took less than a minute. Lonergan was convicted of second degree murder March 21 after a sensational trial before a special jury.

The trial prosecutor, attorney Edward V. Donovan, announced immediately that the conviction and sentence would be appealed.

Car Skids Into Truck Parked On Jacks

Sliding on the wet pavement of East Prospect Avenue, Mamaroneck, Saturday night, a car driven by S. E. Flynt of 720 The Parkway, Mamaroneck, skidded into a truck parked on jacks off road last night, with front right corner and bending the left leg of the jacks.

The front fender of the Flynter car was damaged, according to the police. Mr. Flynt was making a right turn into the truck when the skidding occurred. The truck is owned by the Dayman Chevrolet Company in Stamford, Conn.

Gross Now Sergeant

St. Joseph P. Gross, 21-year-old son of Mr. and Mrs. Frank Gross, of 503 Grand Street, Manamorneck, has recently been promoted to his present rank at an advanced base of a 12th Fighter Command night fighter squadron.

A member of the communications section, Sgt. Gross believes to be a squadron which is part of the AAF Section of Mediterranean Allied Coastal Air Force and is engaged in protecting Allied convoys and intercepting enemy night fighters on that front.

A graduate of Manamorneck High School, he entered the service in July, 1942, and has been overseas since last May.

Lynch Named Delegate

James Lynch was named yesterday by the Larchmont Lions Club to serve as the organization's delegate at a conference in Atlantic City to be held at the Larchmont American Legion Civic Committee in relation to post-war plans to be for the return of service men to the community.

The Lions have donated a cup to the Club for the purpose of awarding prizes to be awarded Friday night during a series of athletic events to be held at the Chateaufort Avenue School.

A new member was welcomed to the club, Dr. Andrew J. Rebo, of 1 Hesperus Drive, Charles D. Viner, president, presided.

Vets To Honor Simons

Members of Larchmont Post 547 of the American Legion have been asked to meet at 8:30 P. M. tomorrow at the new Legion of the City of Palmyra and East Avenue, Larchmont, to meet in a body at the Gabel and Nestle Park Church where services will be conducted for the late Major Frederic P. Simons at 8:30 P. M. The Legion service will follow the religious service to be conducted by the Rev. Floyd E. McGuire at 8 P. M.

Free Clinic Monday

In keeping with the present drive to have all age groups protected against smallpox and diphtheria, the Westchester County Department of Health will offer free immunization clinics for all ages and pre-school age groups at the Manamorneck Health Center, 234 Stanley Avenue, on Monday at 2 P. M.

Parents are again reminded of the importance of having their children protected against these diseases. Always urgent, it is now vitally important because of the increased opportunity of spreading these diseases, due to winter living conditions, according to the Health Department.

All parents are urged to protect their children by attending the Manamorneck clinic, or by taking them to their family physician.

Murphy To Speak

"Psychological Aspect of Post War Planning" will be discussed by Dr. Gardner Murphy, president of the American Psychological Association, Friday evening at 8:30 in the Larchmont Public Library, at a discussion group meeting of the Larchmont Council for the Promotion of Peace Planning.

Dr. Murphy, one of the outstanding social psychologists of this country, has been extensively engaged since early in the war in working with a committee of professional psychologists on post-war social problems.

"Human Nature and Postwar Peace," edited by Dr. Murphy, will be published.

Dr. John Gray Peaslee, chairman of the Committee Discussion group committee, will preside.

Initial Air-Sea Blow Delivered Against Japanese Islands

DIRECT HITS SCORED

SOUTHEAST ASIA HEADQUARTERS, RANDY, CEYLON, (AP)—A powerful Allied fleet of aircraft carriers, battleships, cruisers, destroyers and submarines at dawn yesterday struck the first blow south against Japanese-held Dutch East Indies since the fall of the islands in March, 1942.

The attack was made last four days by the United States Navy. Mountbatten has shifted his operational headquarters to Ceylon from New Delhi.

Allied bombers and fighters took from the airfields around Mountbatten in the Indian Ocean and carried out a surprise land on Sabang and Langkat airfields in northern Sumatra.

The Admiralty announced in London that Sabang also was bombed by the warships.

A communiqué said heavy bombs were used and direct enemy attacks on the ground targets.

(An earlier Admiralty communiqué, issued in London, spoke of a surprise attack on the island of Sumatra by surface vessels but the Southeast Asia Command's communiqué spoke only of air bombardment.)

Sabang is a small island just off the northern tip of Sumatra less than 1,000 miles from Mountbatten. Ceylon headquarters and has an important harbor which the Japanese have been using for sea operations to the West Indies. It is a few miles away from the mainland.

The aircraft also scored hits on two Japanese merchant ships and two enemy destroyer escorts.

The report showed that the Japanese had large transports, were destroyed against Sabang.

Several Japanese planes also were destroyed on the Langkat airfield.

Relief Costs Hit New Low During March

A new low in the cost of dispensing relief to the Town of Byram Hills was established last month, the report showed that the Byram Hills Relief Office together with the Byram Hills Relief Office, the Welfare Office and the Veterans Relief Office together spent \$2,323.33 in March.

Last month disbursements by the Welfare Office amounted to \$1,125.00. Cost of aid in war veterans totaled \$1,198.33.

The Welfare Office dispensed relief to 152 persons last month compared with 160 in February and 180 in January. Seven persons received aid through the Veterans Relief Office in March. That figure was one more than in February and two in excess of the number aided in January.

Relief given by the Welfare Office last month was as follows: food, \$1,181.54; shelter, \$70.48; fuel, \$75.62; light, gas and water, \$67.47; clothing, \$134.04; transportation and moving, \$12.40; nursing home, \$75.50; medical, \$144.81; house help, \$27, balance \$99.

The Veterans Relief Office spent \$197.11 for food; \$28 for shelter; \$25.00 for fuel and \$115 for nursing home care.

Fighting Flares In Casino Streets

ALLIED HEADQUARTERS, BUREAU OF HEADQUARTERS, RANDY, CEYLON, (AP)—Headlines in the United States favored up sharply yesterday as Allied warships pounded the Japanese-held island of Celebes, and the Japanese navy replied with heavy mortar fire against the railway station occupied by the Allies.

There was little other activity in the battered town except the firing of propaganda leaflets into the air by the Japanese.

RE BEAT BACK GERMAN CONCENTRATAK IN PLOVDIV; ITALIANS PUSH AIR OFFENSIVE

Northern France Hit RAF Pounds Bulgaria Target

LONDON, (AP)—Two-night bombardment of Bulgaria by British bombers sought to destroy military objectives in northern France today under cover of RAF and Dominion Spitfires, it was announced tonight. Typhoons and other fighter formations were seen starting operations in the afternoon.

LONDON, (AP)—RAF Italy-based bombers raided the railway center of Plovdiv, Bulgaria, today in a continuation of the powerful Allied offensive in which some 6,000 planes loosed 10,000 tons of explosives on Hitler's Europe in the 36-hour period ended last night.

Crewmen returning to their Italian bases tonight said that Italian bombers had struck a target area in Plovdiv, which lies 80 miles southeast of Sofia and is an important point in the rail network of southeastern Europe.

British-based bombers were active last night after the unprecedented Allied assault on Germany, which Nazi raiders struck at England for the second successive night and looted bombs against the southeast coast.

Mysterious explosions on the French coast again shook English coastal towns in the Dover Strait Area for 40 minutes after midnight. Residents said they saw great flashes of light as they were lit up by the whole coast.

One possible explanation was that the explosions were caused by Allied delayed action bombs. Another explanation was that the Germans were blasting out new defense positions.

Nine Larchmont Men Leave In Contingent Of 13 For Service With Armed Forces

Nine Larchmont men were among the 13 who left this morning for the Larchmont-Sceardale Draft Board to report for induction into the armed forces of the United States, all of whom were either under 25 years of age or volunteers. Two are pre-Paratrooper Cadets.

The lot committee from the Larchmont Lions Club cooperating with the Red Cross conducted their own inspection of the men at the Larchmont-Sceardale High School. The men are: Eugene Riviere, chairman of the committee, assisted by men that they were serving their country. Lunches and cigars were provided for the men by Mrs. C. Benjamin Ruzs, Mrs. HOWARD H. Shirreffs and Mrs. William C. Lawton of the Larchmont Branch of the American Red Cross and when the men reached Sceardale, where they were served by the Sceardale Branch of the Red Cross.

Soviets Capture Heights Leading To Sevastopol

LONDON, (AP)—Large scale German tank and infantry attacks have been beaten back in the southeast corner of the Crimean after fierce seven-day fighting. Moscow announced today in a communiqué which also told of the capture by Russian shock troops of Fedukhynka Heights, formidable barrier guarding the approaches to besieged Sevastopol.

The Nazis, apparently in an effort to have their big communications center at Sevastopol, launched the heavy counter blow east of Sevastopol, 70 miles southeast of the base, and "some populated places changed hands," the Russian said. The assaults were repulsed, the communiqué said.

A German communiqué said yesterday that a Hungarian force had captured the town of Sevastopol, 21 miles southwest of Sevastopol.

The Soviet bulletins said a large force of Soviet tanks and fighters appeared during the battle, appearing an earlier Moscow news dispatch which described the Nazi offensive as apparently strong, well-coordinated and systematic. The communiqué said at least 200 tanks were downed in that area.

Besides Sevastopol, Fedukhynka Heights, about five miles from the center of Sevastopol and overlooking the Chornaya River Valley, claimed for a great battle in the Crimean war, which described the Nazi offensive as apparently strong, well-coordinated and systematic. The communiqué said at least 200 tanks were downed in that area.

Voters In School Elections Must Register On Saturday Between 7 A. M. And 8 P. M.

Any citizen who fails to register in person at the school election center will not be permitted to vote in the school election May 2.

In Union Free School District No. 1, registration will take place in the Music Room of the Manamorneck Senior High School; and in the Byram Hills District, in the gymnasium of the Byram Hills School.

Qualifications of voters were stressed yesterday by Kenneth G. Vandave and Nathaniel Haviland, clerks to the Manamorneck and Byram Hills Boards of Education, as follows:

If anyone who owns, leases or hires realty taxed for school purposes within the district may vote.

Anyone in contract for the purchase of such realty may vote.

The parents of a child of school age attending a school in the district for not less than eight weeks within the school year of anyone who has under his control such a child, may vote.

There is a three-cornered vote in both districts for the two posts of trustee to be filled. In the Larchmont-Manamorneck District, Rocco Migliorini, of Frank Johnson and Luther Nelson are running; and in the Byram Hills district, are Raymond T. O'Connell, Edgar O. Birchell and Edmund T. Lowery.

Jews Mark Warsaw Ghetto Battle Day

NEW YORK, (AP)—Thousands of Jews in New York and other cities joined yesterday in memorial services marking the first anniversary of the battle in the Warsaw Ghetto in which 40,000 Jews were slain by Nazis.

The observances here and elsewhere were sponsored by the American Jewish Congress, the Synagogue Council of America and other organizations.

The observance in this city, in stores, shops and all places except those engaged in food production, Jews held a brief work cessation at 11 A. M. to commemorate the 47-day struggle of the Jews in the Warsaw Ghetto in which 40,000 Jews were slain by Nazis.

At the Warsaw Synagogue in the Lower East Side more than 100 persons gathered to honor the anniversary of the Warsaw Ghetto and immigrants from Poland, their vengeance against the Nazis.

Police estimated that an overflow crowd of 2,000 persons gathered in the streets around the synagogue from whose steps more than a dozen speakers expatiated their previous address. Later the assemblage formed a procession to march to City Hall to continue the observance.

CIO, AFL Ask Congress Retain Price Controls

WASHINGTON, (AP)—The CIO and AFL joined hands yesterday to call upon Congress to continue, "without weakening amendments," the Federal system of price controls.

In an annual joint statement, which was circulated also by the railroad labor executives association, the union organizations declared:

"A restoration of the relationship between price and wages which existed Sept. 15, 1942, is absolutely essential to the work of the nation and the well-being of the people of the United States."

The statement was read to the Senate by Senator William Green, in a separate presentation. The AFL also has a similar statement. The AFL statement is charged with violation of the price act.

Bronx Bus Line Gains Franchise

Town Board Yields To Request After Delay Of Two Months

PLATT MAKES APPEAL

After nearly two months of decision on the question of allowing buses from the Bronx to transport passengers through the town highway system, the town board of Mamaroneck to Platyn, the town board finally granted the franchise last night to the Fordham Transit Company.

Councilman David A. Embury, who originally objected to the franchise on the ground that Westchester residents were so limited in their use of gasoline that they could not take advantage of Playland, said last night that his objection was based on a matter of "deep principle" and that he hesitated to hold up the permit if the other councilmen deemed it wise to grant it.

Councilman Amos Siner and Edward C. Griffin pointed out that the county depends upon the revenue from Playland and that it is dependent upon the crowds from New York if it is to remain open during the season.

Supervisor Owen A. Mandeville told the board that a request had come from Mrs. Dorothy Alden, resident of Livingston Park, of Rye, on behalf of the county, through Douglas C. McLaughlin, Jr., for reconsideration of the matter, but added that he was troubled with Mr. Embury's point of view.

Attorney John DeLuis told the board that the company could get a permit from the Public Service Commission to operate even without the town's permission, but that if they would have "to go to the good end of trouble."

After several minutes' further discussion of the matter, Councilman Embury moved that the franchise be granted.

Hummocks Golf Club Sold As Village And Town Boards Accept Offer Of \$73,000

The Hummocks Golf Club has been sold by the Village and Town Boards of Mamaroneck to the Estate Appraisal and Valuation Co., Inc., whose representative, Miss Beuger, has entered into a lease-contract with the municipalities listing for the payment of \$73,000 for the club house, the golf course and certain land adjacent to it.

Mr. Beuger, through Burton C. Meligan, Jr., made an offer of \$60,000 to the common town and village boards April 6, stressing the fact that he wished to use the premises as a country club and not for golf development purposes. The boards at that time had approved other bids under consideration, one of which called for a 20-day period for a topographical survey to determine the suitability of the property for development and the price of which offered cash payment.

The municipalities did not wish to accept cash payment. Village Manager William H. Johnson said this morning, but worked for an agreement to exercise control over a period of years to avoid further loss of revenue should the operators of the club be unsuccessful.

The revised bid from Mr. Beuger was accepted by the boards last night, calls for the payment of \$73,000 upon signing the contract and the payment of the \$60,000 balance as follows: \$3,500 on March 1, 1945; \$2,500 on March 3, 1946 and \$5,500 each year from 1947 to 1954 inclusive at which time the property will change title and go back on the tax rolls.

The company will pay for fire insurance on the buildings and equipment and will accept at least \$7,500 for the maintenance and improvement of the club house and grounds during the first year of the lease.

The contract also provides that the property can be used only as a golf club operated in accordance with all ordinances of the village and on a strict club membership basis, so that no equipment of either the club house or golf course can be disposed of during the time of occupancy.

Crash Injuries Prove Fatal To Archie Woods

Archie S. Woods, 50, of Captain's Lane, Greenhaven, died yesterday of injuries sustained when a heavy truck in which he was a passenger crashed into the rear of a heavy truck near San Diego, Calif.

Mr. Woods, who had been a resident of Rye for 27 years, was going to San Diego as an observer of research into tropical diseases. He had just completed similar work at the Navy hospital on Trauma Island, San Francisco.

Mr. Woods was vice-president and treasurer of the John and Mary R. Makle Foundation of New York and was secretary-treasurer and a director of the Ophthalmological Foundation. He was also a trustee of Lafayette College and a director of Phillips Petroleum Co., Upretis Products Corp. and Great Polytype Corp. in Rye.

He had been active as a member of the Greenhaven Association and the American Yacht Club and was a member of the Rye Presbyterian Church.

Mr. Woods was born in London, Ontario, the son of Charles C. and Agnes M. Scott Woods. He received an M. E. degree from Lafayette College in 1916, and served in France for 18 months during World War I as a lieutenant in the Air Service.

Funeral arrangements are incomplete.

In the accident, which fatally injured Mr. Woods, his driver, Governor C. Low, pharmacist, 54, 3/2 of Midland City, Ala., was also seriously hurt.

Powerful Nazi Blow On Baltic Front Repelled

MOSCOW (AP)—Powerful German tanks and armored divisions have been beaten back by the Red Army near the Estonian border along the Baltic front, a Soviet communique announced today.

The German blows on the Baltic front, which had been nullified by the Russian breakthrough on the head of the Neva River south of Narva and were preparing for a heavy attack by barrage, the announcement declared.

The German-Hungarian counter-offensive at the foot of the Neva, first announced by the Russians two days ago, spread yesterday from the east of Minsk to the south, where the Red Army was credited with having backfired attacks.

RAF Bombers Raid Cologne And 3 Other Rail Targets Over France And Belgium

LONDON (AP)—The RAF threw the crushing weight of 1,100 aircraft in an attack on Cologne, a German anti-invasion transport hub, and three other rail targets in France and Belgium last night with a mission of burning up the rail network. The raid, which quickly followed yesterday's dash attack on Adolf Hitler's Assen, was by a fleet of 1,100 Flying Fortress bombers.

Only 24 bombers were lost in the tremendous night operation, including 10 American Mustangs, which quickly followed yesterday's dash attack on Adolf Hitler's Assen, was by a fleet of 1,100 Flying Fortress bombers.

An Air Ministry communique said that a 400-ton explosion was dropped in the fourth assault, suggesting that it might have exceeded the 1,000-ton explosion on French rail targets by a 1,000-bomber fleet on Tuesday night when the RAF marked up a record up to that time in bomb tonnage.

In less than 72 hours Allied air forces have destroyed more than 9,000 planes roaring against 25,000 German fighters, equipped on rail junctions which tie the invasion route to the Ruhr. Airdropping aid, plane factories and coastal installations in an unbroken pattern of destruction obviously destined to flatten the path for Gen. Dwight D. Eisenhower's troops.

This pattern was continued today as bomber formations, including American Mustangs, straggled across the channel. Continental rail stations closed down and bridges were destroyed. The military objective in northern France that were hit with 2,500 tons of explosives in great detail yesterday.

Deserters From Nazi Army, Now Red Prisoners, Tell Of Discouragement And Despair

Associated Press Staff

ODESSA—A group of war prisoners—Germans, Romanians, Slovaks, Poles and French—were interviewed here yesterday by a Soviet journalist, describing their disillusionment with the German Army.

As deserters they probably are not typical of German's frontline fighting units and the Germans they offered a fair cross-section of the odds and ends of individuals who have brought into the Soviet rear forces. As such, they are a far from impressive lot.

The prisoners—200 in all at the time of our visit—were captured in a two-story stone public building, now used as a prisoner's assembly point. They were kept in separate compartments according to nationality, like the Romanians, Poles and other subjects of occupied countries try to beat up the Germans.

First to come out of the house were the Germans. They were surprised to find a physician, a priest and a doctor.

A little fellow, named Master, Sgt. Hans Gobel, 27, who said he was a junior officer in the German Army. He said he stayed in a private apartment in Odessa when he heard the Red Army approaching and dodged orders to go to the front. He surrendered when the Russians entered the city.

"My father is a Communist. I don't share the Nazi views," he declared. "I want to stay in the Soviet Union as a doctor."

Next came the Romanians. They were big, burly men who said they had been "deceived" by the Germans and made it plain they did not want to fight anyone any more.

Next were the Poles, most of them were old-time workers who said they had been deceived by the Germans and made it plain they did not want to fight anyone any more.

Two Slovaks came out next. They were young, well-dressed men from a motorized German infantry division. They were red as they were with the old hammer and sickle in their caps which they received from the Germans.

The most physical specimens were the French. There were so many of them and they were so demoralized from the French Army in law and conscripted by the Germans in 1943 and forced to fight in the West. They said they came with the old intention of deserting and joining Gen. Charles de Gaulle.

Japs Rushing Into Kohima

SOUTHEAST ASIA HEADQUARTERS, HANOI, (AP)—The Japanese are rushing into Kohima, a British stronghold in India, with a force of more than 1,000 men. The Japanese were reported officially today to be sending reinforcements to the Kohima area in northern India, where a besieged British garrison was relieved earlier this week by a column dispatched from Dimapur, 45 miles to the north.

Allied forces, however, were said to be making steady progress in cleaning up roadblocks. The Japanese have made several unsuccessful attempts to take Kohima in recent weeks. They have lost 400 men as recent fighting around the village, field dispatches said.

At the same time it was disclosed that British and Indian troops had advanced 30 miles northwest of Imphal to a point about 35 miles from Kohima.

Lieut. Gen. Joseph W. Stilwell's Chinese forces in northern Burma, meanwhile, were advancing steadily southward along the east bank of the Myittha River, toward Kamaing, which is about 50 miles west of the important enemy supply base and communications center of Myitkya.

Note To Col. Major—

Jack Major, Kentucky colonel, recently returned from a tour of the South Pacific. He has written a poem to the Mamaroneck University Club last night which he said was written by him in the trenches of Australia and which was circulated by Axis propaganda to try to convince the Australians that the Yanks had no use for their own country.

The reader reads the poem, entitled "Somewhere In Australia," and stated that he had no use for the copy of it in this country.

Note to Mr. Major: The poem, under the title "Somewhere In Australia," was published in "The Daily Times," Aug. 21, 1943, having been received by Mrs. Duffie Soper, of 54 Westchester Avenue, from her son, Corp. Edward Soper, who was then stationed in North Africa.

"I begin in Africa where the sun is like a curse And each hill they're followed by another slightly worse."

Mr. Major's poet wanted to get back to San Francisco, the writer of Corp. Soper's version concluded: "The tank in Boston, let me see that little bell on his God forsaken outfit is a substitute for hell. Oh, well, Africa or Australia—it's all the same war."

Two Win Promotions

Two Lieutenants in the Army, who were promoted from second to first lieutenant, according to official records in this week from the War Department.

1st Lt. Clark Albion Neal, son of Mr. and Mrs. Frank Neal, of 151 Murray Avenue, has been promoted to 2nd Lt. in the 1st Air Corps, having served overseas as a pilot. He has been in the service since February, 1941.

1st Lt. John Edward Lyon, son of Mr. and Mrs. John Lyon, of 20 Emerson Road, received promotion at Camp Stewart, Ga., where he was recently transferred from Fort Duffie, Va. He entered the service shortly after the outbreak of the war. He was serving as a flight instructor in the Army Air Corps, having served for three months at Camp Hood, Texas.

New First Lieutenant

1st Lt. Fred Philip Metz, Jr., son of Fred P. Metz, Jr., of 37 Bond Street, Larchmont, has been promoted to 2nd Lt. in the 1st Air Corps, having served overseas as a pilot. He has been in the service since that time.

A graduate of Georgetown University, Metz had entered the military in June, 1942, received training in the Infantry School at Fort Devens, Mass., and then served the infantry about a year ago. He has been at Fort Raming since that time.

Soviet Fleet And Armies Mass For Final Push

MOSCOW, (AP)—Russia's Crimean Army and the Red Fleet have massed at Sevastopol "to fenc the enemy into the sea," Red Fleet Correspondent Lt. Dimitri Nikolaev reported today as Soviet forces tightened their siege of the great naval base.

The Russians have captured hills dominating the city's approaches, the correspondent wrote, and are storming one pass after another despite German bayonet and strafing and bombing attacks by the enemy's air forces. Bombs have put down a "screen of fire" in the mountains.

A highly-important intermediate line just outside the city has been broken, the correspondent reported.

A Russian fighter section of 100 Polaris, today's communiqué said Red Army artillerymen, five to six miles from Sevastopol, are firing on German tanks and strafing and bombing attacks by the enemy's air forces. Bombs have put down a "screen of fire" in the mountains.

Officials Pay High Tribute To Former Mayor Goetzler At Rotary Club Luncheon

Sparking in behalf of Mayor Frank S. Washburn at the Larchmont Rotary Club luncheon yesterday at the Manor Inn, honoring former Mayor Henry E. Goetzler, William J. McWilliams, village attorney, said that the finest contribution of Mr. Goetzler to the village was his devotion to public opinion polls. Dr. Goetzler, who had been mayor and unique administration had been the courage and unselfishness he provided of what a mayor should be.

Expressing his regret at the absence of Mr. Washburn, who was unavoidably detained in New York by a meeting of the Westchester County Council V. F. W. Wednesday night, the approval of the local post to a resolution praising the life of New York to use funds from uncollected mutual tickets for the New York Veterans' Rehabilitation Program.

Those who attended the meeting were Commander Nicholas Leon, Senior Vice Commander Frank Anderson and Delegate Walter Needham.

The resolution, a copy of which had been sent to the department commander with a request that he interview the Governor on the matter, reads in part as follows: Whereas: There is a considerable amount of money accumulated from uncollected winning mutual tickets in the State of New York, and

Whereas: The State of New York is proposing and endeavoring to rehabilitate veterans of the war, therefore: Be it resolved: That the Westchester County Council V. F. W. in recognition of the service of Mr. Goetzler, be authorized to contribute to the fund for the rehabilitation of veterans of the war.

Adrian Henigson, president, presided, turning over the program of speakers to Rev. Floyd E. McGuire, who then presided as master of ceremonies. Dr. McGuire, in his address, stressed the "tremendous impression" Mr. Goetzler had made on the village, with rumors and national feeling running high. Mr. Goetzler called together the clergy and representative citizens to make a joint statement, instead of leaving an official edict on his own.

Praising this democratic common sense approach, Dr. McGuire said that the former mayor's greatest contribution to the community was the "building of a self-educating ideal of service, essential to the welfare of the community."

Henigson, village engineer, said that the pleasant years of his life had been spent working with elected officials, and "it was all that he served."

"It was all that he served as an A. M. I could always argue a point out with him, but he never made one decision with the slightest consideration as to its political expediency," he said.

Police Chief William J. Kersey characterized him as an "unusually good person, whose many excellent suggestions had always been appreciated."

The police chief said he had thoroughly enjoyed working with the former mayor.

WAKE BOMBARD 20TH TIME IN WAR

IT IS A PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, (AP)—American heavy bombers in their latest attack on Wake, and the twelfth of the war, pounded Japanese installations on the tiny island with 30 tons of explosives.

The raid yesterday night, announced yesterday by Adm. Chester W. Nimitz, was the northernmost strike which put bombers down in the eastern Caroline Islands, 1,200 statute miles south of Wake, and deluged Japanese positions in the Marshall Islands with 25 tons of explosives.

CITIZENS 21 years of age or over are qualified as follows: 1. Anyone who owns a house or hires realty tax for school purposes within the district may vote. 2. Anyone in contract for the purchase of such realty may vote. 3. The parents of a child in school are entitled to an ballot in the district for that child. 4. Anyone who has under his control such a child, may vote.

Peace Speaker Optimistic On Future Outlook

Though America is probably the greatest trouble spot in the world today, the future outlook is optimistic, according to the development of public opinion polls. Dr. Goetzler, who had been mayor and unique administration had been the courage and unselfishness he provided of what a mayor should be.

Larchmont Puts O.K. On Budget

Public Hearing Turns Into Discussion Of Sewage Conditions

TAX RATE UP \$2.15

Following a public budget hearing last night which was concerned more with sewage conditions on Nassau Road than with the proposed tax program, the Larchmont Board of Trustees adopted the budget for 1944-1945 substituting a rate of \$2.15 in the tax rate. In spite of the increase from \$13.37 to \$15.72 per \$1,000 of assessed valuation, the Larchmont Board of Trustees adopted the budget for 1944-1945 substituting a rate of \$2.15 in the tax rate. Sword Mightier Than Pen In This War, Town Board Learns From Pt. Aitchison

Taking the long view of history, the pen may be mightier than the sword, but at the present time the Army officials have turned the tables, showing little time for the pen in camp to write long letters home.

At least that is the experience of Pvt. Thomas Aitchison, former member of the Larchmont Board of Trustees, who is now stationed at Camp Blasing, Fla. In a recent letter to Larchmont, he said that he had been in the Army since 1941, and had been in the Army since 1941.

The duty schedule of the men under arms is so tight that they have no time to write long letters home. They are so busy that they have no time to write long letters home.

Wanted—A Slogan!

Attention, sloganists! Larchmont needs a slogan for the Fifth War Loan and punchy help put over the drive. It is suggested by Mrs. Gordon A. Fletcher, acting chairman of the finance committee of the Westchester Women's Division, that a slogan might feature an outstanding event in the community's history, or a historical character. Or make your own inspiration!

Mrs. James E. Curtis, 6 Shore Drive, Larchmont chairman, will be glad to receive suggestions for the fifth War Loan starts June 12.

Red Cross To Meet

The annual meeting of the Larchmont branch, American Red Cross, will be held in the library Tuesday evening, May 20, at 8 P. M. Annual reports will be read and the Nominating Committee will name nine members of the board of directors to be elected under the new bylaws. Mrs. Maynard Pennington is chairman of the Nominating Committee.

Brothers On Leave

Two sons of Mr. and Mrs. Andrew Weidenshamer of 234 Wadsworth Avenue, Larchmont, are at home from their naval bases on brief leave.

RM 2nd Robert Weidenshamer has arrived home from Portsmouth, where he has been stationed with the United States Navy for a year. He will be transferred to Boston at the end of his seven-day leave.

Former Larchmont High School athlete, he entered the service in October, 1942, and received training at Newport, R. I., Norfolk, Conn., and in Boston before reporting to Portland, Ore., where he is now serving.

His brother, John, is serving with the Neptune Storage Company in New Rochelle.

Seaman 1st Daniel Weidenshamer also arrived home last night from Little Creek, Va., where he is stationed with the amphibious force of the United States Navy. He is a former student at Larchmont High School and entered the service last May receiving his recruit training at Sampson, N. Y.

Higher Village Tax Rate Protested; Employees Call For Wage Scale Increase

Taxpayers Offer Views On Budget At Public Hearing

The Mamaroneck village budget was passed like a football last night between municipal employees who protested against what they termed a low wage scale and the taxpayers who protested against the higher tax rate.

The budget, as revised by the mayor and Board of Trustees, calls for a tax rate of \$14.20 per \$1,000 of assessed valuation, 40 cents less than the rate of \$14.60 proposed by Village Manager William H. Johnson in his tentative figure. One factor in the decrease is the elimination of most of the pay increases proposed by the village manager for which the Board substituted a 15 per cent emergency increase. The Board also substituted a 35 per cent increase in the wage scale for more than was granted last year. The main reason for the decrease, however, is a jump from \$1,000 to \$2,000 in the anticipated income from delinquent taxes.

Davey Perreche, building and plumbing inspector, said he had increased his services to the village department, pointing out that with the promise of getting more money he had worked for Johnson provided for a raise in his salary. Mr. Perreche said, but the Board would not do it.

"We've seen other people go to work in other towns and get more," he said, "and we've been told that we were doing patriotic service if we would stand by the Village. All right, your men have stood by and they're quit. But you'll have disgruntled organizations. They'll work, but you won't get the same work out of them."

Police Chief Arthur Martensen added a plea for the members of the police department, pointing out that the pay scale for the men is lower than in neighboring communities and that they have appeared to him to be disgruntled.

"I've seen other people go to work in other towns and get more," he said, "and we've been told that we were doing patriotic service if we would stand by the Village. All right, your men have stood by and they're quit. But you'll have disgruntled organizations. They'll work, but you won't get the same work out of them."

Louis Tivoli questioned the increase made last year in the wage scale. He said that the increase is continued in the present budget, and asked the hours the assessor spends at his work have also been increased. He suggested that the increase might better have been applied to the police department, whose members have spent "many hours in the war, working for the advisory police." "If you can do it for one, you can do it for the rest," he added.

A few moments later, a letter from Assessor Barney Epstein was read to the Board by chief of police, which Mr. Epstein asked that his salary be raised from \$2,400 to \$3,000. Mr. Epstein's reply was a long drawn wail.

The claim was made by Ivan Anderson, representative of the Shore Acres Property Owners Association, that as long as there is a steady rise in what he termed "temporary loans outstanding" in the village, the village should consider "We all have to curtail spending when we are hard pressed." Mr. Anderson said that his salary was raised from \$2,400 to \$3,000. Mr. Epstein asked that his salary be raised from \$2,400 to \$3,000. Mr. Epstein's reply was a long drawn wail.

U. S. BOMBERS BLAST BERLIN IN SEVENTH ATTACK BY DAYLIGHT

Aerial Offensive Rounds Out 15th Straight Day

LONDON (AP)—Two thousand U. S. warplanes smashed at Berlin today with probably the greatest daylight attack in history. Bombers flying from Italy at the same time hit the port and submarine pens of Toulon, France, to cap the 15th day of the pro-invested onslaught in which Allied aircraft have rained approximately 75,000 tons of bursting and flaming steel upon Hitler territory.

A powerful scattering of Mustangs, Thunderbolts and Lightnings brought the total strength of the American sky fleet to around 2,000 planes.

Sweden Says Invasion Is Already On

STOCKHOLM (AP)—The Helsinki newspaper Sammat reported today without disclosing the source of its information that the Allied invasion of Europe is already underway, according to a dispatch from the Stockholm correspondent.

"Landings probably are in progress at several places now," the Helsinki newspaper said. It had "learned" that the invasion of Europe is already underway, according to a dispatch from the Stockholm correspondent.

Ward Seizure Inquiry Is Already On

WASHINGTON (AP)—Chairman McCarran (D-Nev.) of the Senate Judiciary Committee announced today that he would conduct an inquiry into the seizure of a Communist property at Chicago.

Acting under authority of a previously-passed resolution directing a Judiciary subcommittee to inquire into the legislative activity of all executive orders and presidential directives issued under the Roosevelt administration, McCarran disclosed he had an investigator "already on the job at Chicago."

His disclosure came at a time when Senator Byrd (D-Va.) was predicting overwhelming passage Tuesday of a bill which would have the Judiciary committee inquire into the seizure of Communist property at Chicago.

Dr. McGuire Heads Rotary In Larchmont; International Director Tells Of Growth

The Rev. Floyd E. McGuire was elected president of the Larchmont Rotary Club yesterday afternoon, succeeding Adrian Henselton who has headed the organization for the past year.

Other officers named were Hugh A. Owens, vice president; Milton Weintraub, second vice president and program chairman; Kenneth G. VanSiver, secretary; H. Roosevelt Allen, treasurer; Dr. E. P. Henselton and Henry Dietz, directors.

Rotary membership and the organization of the new Rotary Club have progressed "at an astounding rate" during the war, James Eugene Conklin, a director of Rotary International told the club at the weekly luncheon meeting at the Mason lion. The statistics of the subject, compiled during war time, were contrary to the expectations of the International Board of Directors, he said.

A resident of Hutchinson, Kan., Mr. Conklin has been attending a series of assemblies and conferences in many states and expressed his appreciation yesterday for attending a Rotary meeting "in typical Club fashion."

He addressed the members upon the principles of the Rotary and the course of its influence all over the world.

Rotarian Fred Brunner of New Rochelle was a visitor at the meeting.

The speaker at the luncheon next Friday will be the Rev. Harry G. R. Stromberg, pastor of the Larchmont Methodist Church, who will speak on the subject, "Catching the Most Out of Life."

Youth Arrested For Night Driving

When he was stopped by Town of Mamaroneck Police Officer, Joseph Westfall last night for driving after dark with a Junior operator's license, Thomas Earl MacNiven, 16, of 147 Plymouth Road, Scarborough, was also called upon to answer a few questions about the car he was driving.

He finally admitted to Lieut. Paul Miller at Town Police headquarters that he had "borrowed" the car from the Heathcote Service Station on Weaver Street, Scarborough, where he is employed. He will remain on the subject, pending possible action with regard to the "borrowed" car.
