## Sobin Locates Here

Dr. Irvin Sobin is now associated with Dr. H. C. Bruckin in the practice of general dentistry at 344 Mamaroneck Avenue. The former Army captain, who resides at present in Brookly, N. Y., parents, is on terminal leave awaiting his discharge after 44 months of service.

He attended Long Island University before entering New York University College of Dentistry where he graduated in May, 1942. Dr. Sobin received his New York State license to practice dentistry and enrolled in the Dental Corps, effective active service in July, 1942.

After receiving his medical field service training at Camp Barkley, Tex., he joined the 99th Division and went overseas with that unit in September, 1944, following intensive training in Mississippi, Louisiana and Texas.

Capt. Sobin saw action with the 9th in a forward aid station as dental surgeon at the Battle of the Bulge, the Rhine crossing at Remagen, and in the tactical victory drive through Central Europe.

With the conclusion of the war in Europe, Dr. Sobin was assigned to the 26th Infantry Regiment, First Division at Nuernberg as regimental dental officer, and then to a dental unit in the 1st Cavalry Division at Fort Ord, Calif., and is awaiting his final discharge from the Army at Fort Dix, N. J.

## En Route From Europe

Eric Dominic Yanuzzi of Mamaroneck is en route to Europe from the 102 Infantry Division in Europe and was in action with that company in the capture of the Bulge and other campaigns leading to the surrender of Germany.

He is entitled to wear two battle stars, the Good Conduct Medal and Infantry Combat Badge. Eric Yanuzzi received his training at Camp Croft, S. C., before overseas assignment.

His wife is the former Lena Pinto who resides with their son, John, at 338 Third Street, Mamaroneck. Eric Yanuzzi is the son of Mr. and Mrs. John Yanuzzi of 287 Mamaroneck Avenue. He attended Mamaroneck High School and was employed by the Grinstead Brothers in Mamaroneck for seven years before entering the Army.

## Bauman Discharged

William A. Bauman, son of Dr. and Mrs. Louis Bauman of 21 Lincoln Road, Larchmont, was discharged from the Army Tuesday at Ft. Dix after nearly 30 months' service.

He has returned to the College of Physicians and Surgeons, Columbia University, and will begin one more year to go before receiving his medical degree.

After basic training at Camp Croft, S. C., he was assigned to the Army Specialized Training Program, attending chemistry and pre-medical school at the University of Vermont, and medical school at Columbia University.

## Denecke Promoted

Pvt. Col. G. Paul Denecke, son of Mr. and Mrs. George W. Denecke of Crestview Road, Larchmont, recently received his present rank at the Naval Hospital, Bremerton, Wash., where he has been stationed nearly a year.

He received advanced technician's training at the Navy Radio School in Chicago, following boot training at Great Lakes, Ill.

A graduate of the New Hampshire School, N. H., he attended Storm King School, N. Y., and was a freshman at Dartmouth College when he entered the Navy in April, 1945.

## Ends Army Career

James O'Brien, son of Mrs. Anastasia O'Brien of 14 Dean Place, Larchmont, was discharged Tuesday from Fort Dix after 37 months' service.

Assigned to the Army Medical Corps, Pfc. O'Brien served 18 months overseas and saw duty in general hospitals and with field dispensary units.

He was a student at Mamaroneck High School, where he was prominent in athletics, at the time of his entry into the Army in February, 1943.

## Stationed In Texas

Lt. (jg) Cameron Ives, Navy Air Corps son of Mrs. Paul Ives of Stonecrest Apartments, Larchmont, formerly of Boston, is now stationed at Camp Bartlett, Tex., following his transfer from destroyer duty.

A graduate of the R. W. Randall Preparatory School in Washington, D. C., and the United States Naval Academy at Annapolis, Lt. Ives spent 15 months in the Pacific service aboard the USS Howart.

## Home On Furlough

Pfc. 1/c Earl Dowd of Mamaroneck is spending a furlough from the Army at the home of his mother, Mrs. Jean Dowd of 274 Palmer Avenue, Mamaroneck. He will return to Fort Dix Army Camp April 6.

Talgo, Breiner And Stamford Girl Hurt As Car Hits Guard Rail

CONDITION SERIOUS

Two Mamaroneck men and a Stamford girl are in Peckskill Hospital today in a serious condition following an accident on Route 6 near Jefferson Valley about 5 A. M. Sunday. The car in which they were riding hit a guard rail and turned over. The Mahopac Volunteer Ambulance Service, called to the scene by troopers, took the three injured persons to the hospital.

The men, Frederick W. Breiner, 529 Palmer Avenue, and Roy Talgo, 223 Mamaroneck Avenue, both Mamaroneck, have fractured skulls and other injuries. The girl, Anne Dodge of Stamford, has a possible skull fracture and multiple other injuries.

Condition of the three made it impossible to question them, a trooper said.

Both Talgo and Breiner are discharged veterans, the former having been in the first group to leave Mamaroneck in the Fall of 1945. He had nearly five months' service with the Army in the South Pacific.

Breiner entered the service Aug. 12, 1941, and served with the United States Coast Guard, receiving discharge Sept. 6, 1945.

War Vet's Body Found Stabbed In Greenwich

The body of an Army veteran, stabbed through the throat and dead for 72 hours, was found yesterday in an old building on the Havenway Estate, off the road near the road, Greenwich, by Bernard Schoen, caretaker.

The victim, identified as Harry W. Felice, 25, of Stamford, was a member of an Army shirt and trousers unit around his head.

Medical Examiner Ralph W. Cray said he located a discolored, ex-soldier's regular vein had been cut by a stab wound in the neck.

Dr. J. Leroy Thompson, superintendent of the Stamford hospital, said he had been called to the scene of the crime by a patrolman.

# RATIONING OF COAL ORDERED AS STRIKE GOES OUT STRIKE

## 400,000 Idle As Soft Coal Fields Stop All Work

PITTSBURGH, (AP)—A work stoppage by the nation's soft coal miners, which has threatened the traditional temperature of the region, today is in its 11th day. The strike today at 11:30 P. M.; tomorrow at 11:30 A. M.

President John L. Lewis of the AFL-United Mine Workers, began today for 400,000 workers who are to be called to work on a contract expired at midnight.

Coal shipped over the coal fields for miners, to be created under the new contract, to insure supplies for urgent use.

The stoppage in production, if prolonged, would mean that the country's reconstruction program, already an inflation-stimulating device, would have to be financed by 20 blast furnaces.

The beginning of the work stoppage, which is the first since the end of a holiday year—its annual celebration on April 1 in honor of John Mitchell, one of the union's earliest presidents, and to commemorate the 48th anniversary of the eight-hour day. Actually, the effects of the strike therefore will not be felt until tomorrow.

Treatment Lewis principal demand from the coal industry is the establishment of a health and pension fund for miners, to be administered by the union. The operators balked. The national coal association said such a "royalty payment" levied for the benefit of the union, "would make miners a dictator more powerful than any America has ever known."

Lewis refused to discuss other matters of wages and hours and the welfare fund question is settled.

Hope was held out that the stoppage would be brief. Operators and Union representatives remained in Washington to continue negotiations and Schwellenbach, who on Saturday gave up hope of averting the walkout, said he would meet with the union on Monday.

# Our Men in Service

## In Transport Service

Seaman 2/c Charles F. DeMenna, son of Mr. and Mrs. Charles DeMenna of 47 Hillcrest Avenue, Larchmont, was recently assigned to the Naval Air Transport Service at Patuxent River.

His squadron flies high priority cargo and personnel to points in the U. S. and Europe, transports hospital patients to treatment centers all over the country, and in general serves as an airliner for the Navy.

A 1944 graduate of Mamaroneck High School, he attended Franklin and Marshall College and Bucknell University in the Navy V-5 program. Prior to entering the service in July, 1945, he attended Cornell University for one year.

## On Inactive Duty

Capt. Wesley M. Kane, son of Mr. and Mrs. Arthur M. A. Kane of 606 Grand Street, Mamaroneck, has been placed on inactive duty at Fort Dix, N. J., following his terminal leave from the Army Air Forces. He was recently appointed professor of mathematics at Fordham University.

Capt. Kane enlisted in March, 1942, and received his training in meteorology at New York University. A base weather officer, he was stationed at Moore Field, and Lehigh Field, Pa.

Overseas for more than two years, Capt. Kane was attached to the O. S. S. at the front of Italy for six months following paratroop training in Cremona. He served in Yugoslavia, Turkey, Syria, Iran, and North Africa, and made several "jump" flights over German lines. He holds one battle star.

A graduate of Holy Trinity High School and Mamaroneck High School, he received his A. B. degree from Fordham University and his B. S. degree from the New York University College of Engineering. He is married to the former Alice Hogan and resides in Riverdale.

## Stationed At Lido

Seaman 1/c Alfred D. Grossman, son of Mr. and Mrs. Harry W. Grossman of 10 Wakeman Place, Leuvenham, S. C., stationed at Lido Beach, N. Y., engaged in separating men from the service.

He was formerly stationed at Onondaga Lake, N. Y., where he took radar technician's training. A 1944 graduate of Mamaroneck High School, he was attending Haverford College when he entered the Navy in a student status at Haverford, he was editor of the college newspaper and active in the Radio Club and Balling Club.

## Expected Home Soon

Petey Flint, son of Mrs. Frieda H. Flint of Quarry Road, Larchmont, is now at Charleston, S. C., in the Merchant Marine. He has been serving recently aboard the S. S. Will Rogers, and is expected to be home sometime this week for a few days.

He has been in the Merchant Marine for two and a half years, entering while a student at Mamaroneck High School in November, 1944. He received his training at Gloucester, Mass.

## In Separation Office

Seaman 1/c Paul F. Schucker, Jr., son of Mr. and Mrs. Paul F. Schucker of 2 Valley Street, Larchmont, is now stationed at Lido Beach, N. Y., where he has been on duty since January. He is engaged in separation work.

After entering the Navy in July, 1943, he was sent to Great Lakes Naval Training Center for his boot training. He remained there until his recent transfer to Lido Beach.

## Toll Of Death Runs High In Wave Disaster

HILO, HAWAII, (AP)—The death toll in the Eastern Pacific's worst seismic wave disaster reached 30 today and a naval officer estimated the loss of life in Hiro—chief victim of the bolt—may reach 500.

Damage ran into the millions of dollars.

A submarine earthquake which geologists called worst of shaking sent giant swells fanning out from the North Pacific at 400 to 500 miles an hour early yesterday. Beaches on Hawaii, the Aleutians and California were lashed by 10 to 15-foot waves.

The death toll: HAWAIIAN ISLANDS—60 bodies recovered at Hiro; nine on Oahu; seven on the South Coast (Kauai Islands).

LINEARAK—The Aleutians—Two men swept to sea from the Scotch Cap light house.

CALIFORNIA—One man swept to sea from the Santa Cruz Beach. Many were missing in Hiro and in rural Lathrop, but the number was not known.

At Enigma, Calif., a 100-foot tidal wave struck this North Carolina port early today, destroying several boats and causing panic among 500 inhabitants of the Covach Peninsula. No casualties were reported, and damage on the mainland was slight. Peninsula residents, with the aid of tanks, were moved to higher ground. The waters receded in about an hour.

## 68-CENT INCREASE IN TAX RATE PROPOSED IN LARCHMONT RATE CUT TEN PERCENTS

### Gain in Revenue Offsets Higher Cost Estimates

A drop of 10 cents per \$1,000 of assessed valuation is in store for Larchmont taxpayers for the next fiscal year if the Board of Trustees adopts the tentative Budget presented last night by outgoing Mayor Frank S. Washburn. Last year's rate was \$15.70 and the proposed rate this year is \$15.60.

A public hearing on the budget is scheduled for Monday, April 15, at 8:15 P. M. at the Municipal Building.

Increased publicly works on projects neglected during the war years, calling for an outlay of more wages, plus automatic increases in salaries of public officials, largely account for the higher gross budget this year of \$469,956 as compared with \$446,814 last year.

An increase in estimated revenue from \$75,850 to \$118,550, largely due to sale of reserve property on Weaver Street, leaves the net budget at \$400,000, or 96¢ as compared with \$359,000 last year.

The 10-cent decrease in the tax rate was effected despite a decrease in the assessed valuation of property from \$22,966,790 to \$22,733,629.

Following are salary increases for 1946: Police Chief, \$3,700 to \$4,200; engineer, whose duties also include those of building inspector, superintendent of public works, and purchasing officer, \$7,500 to \$9,000; assistant engineer, newly created following a lapse in this position, \$4,500 to \$5,000; clerk from \$2,600 to \$3,000. Attorney remains the same at \$12,800.

Automatic salary increases in competitive Civil Service positions include: street sweeper and deputy clerk from \$1,500 to \$1,800; treasurer's assistant from \$2,400 to \$2,800; stenographer from \$1,900 to \$1,950; general foreman from \$2,460 to \$2,920; pumping station operator from \$2,980 to \$3,440; two assistant pumping station operators from \$2,400 to \$2,860; water maintenance foreman from \$2,220 to \$2,240; and treatment plant operator from \$2,100 to \$2,880. Bonus for each of the above named persons totaled \$120 each.

Police department salary increases are as follows: chief from \$4,200 to \$4,900; acting lieutenant from \$3,460 to \$3,580; sergeant from \$3,160 to \$3,280; acting sergeant from \$2,880 to \$2,980. Fourteen patrolmen, two sergeants and one lieutenant received bonuses of \$240 each.

Fire department bonuses were \$240 each to one lieutenant and four firemen.

Included in the expenditure budgets for the various departments are appropriations for two new police cars and one motorcycle in the police department budget; a change from \$45,780 last year to \$48,780 this year; a change from \$100 to \$150 in the heating system in the village filter plant and an increase in meter installation in the water department budget, which is estimated at \$48,240 as compared with \$38,882 last year; replacement of two pumping units at the Oak Street sewage pumping station, installation of drains in the Pine Brook Drive section, improvements in Flint Park and repair of the Municipal Building road in the public works department budget, whose estimates are \$97,716 as compared with \$81,877 last year.

A decrease in the debt service from \$19,550 last year to \$17,474 is included in the budget. (Continued on Page Three)

### Greason Takes Post As Mayor Of Larchmont

E. Spencer Greason of 20 Nassau Street took over his new duties as mayor of the Village of Larchmont last evening at the annual organization meeting of the Board of Trustees held in the Municipal Building.

"I sincerely hope that I will be able to approach the care and devotion given to the village by former Mayor Frank S. Washburn," Mayor Greason told the Board of Trustees before his inauguration as mayor of the Village of Larchmont.

He was present at a final meeting, expressed his appreciation of the kind remarks made by Mayor Greason and told him that his job will be at times an exceedingly interesting and exceedingly strenuous one, and informed the Board of his complete confidence in the new mayor.

Mayor Greason welcomed Walter B. C. Washburn as a new member of the Board, and expressed his pleasure at having Andrew E. Tuck back to the zoning board. Mr. Washburn's resignation as a member of the Zoning Board of Appeals was accepted with regret.

Re-appointed in village offices were: Trustee Arthur Coombs, Lord, Treasurer W. Edward Barkner, Deputy Clerk Shirley J. Stine, Attorney William J. McWilliams, Assessor Frank E. Arthur, Inspector Arthur Richards.

Ricard Carr, who was defeated as a Democratic candidate for trustee in the recent election, was appointed to fill the vacancy on the Zoning Board of Appeals created by the resignation of Trustee Walter B. C. Washburn, his term expires Oct. 1, 1946.

Harold T. Hughes was appointed a member of the Planning Commission for the term of three years, and G. A. Schmidt was named to fill the unexpired term of James E. Curtis, resigned, the term to end April 7, 1947.

Trustee Arthur Coombs was appointed to be acting mayor, and the following committee chairman: Zoning Board of Appeals, Harry W. Bell; Finance, Harold V. Bessel; at large, Mrs. James E. Cusick of the Visiting Nurses Association, Dr. Edgar Ernst of the Rotary Club, Mrs. Milton B. Freudenheim of the Garden Club, Mrs. F. Warren Green, member at large, Mrs. William J. Hoffman of the Bloomington Club, and Mrs. F. McCreedy shortly afterwards.

DR. JAMES M. HEPRON, a leading criminologist, who will give a talk entitled "Science Turns Detective" tomorrow evening at a meeting of the Larchmont University Club at the Larchmont Yacht Club. Director of the Baltimore Crime Commission for 15 years, Dr. Hepron has studied and crime prevention in 17 countries. He is chief of the Maryland State Police and a lecturer at the Maryland Police School, the Baltimore Police School, and the Metropolitan Police School in Washington, D. C. Members of Larchmont Troop Six, Boy Scouts of America, whose scoutmaster is John Foster, will be guests at the meeting.

## Bull Quits As Village Clerk Then Withdraws Resignation After Secret Board Session

With the statement that a conference yesterday afternoon with Edward J. Kuhn and James Jackson as well as Mayor Santoro to the effect that the board has a right to "call any village employe into conference about his work" and that Mr. Bull's resignation was out of order, Attorney Anthony Sansone suggested that the board meet in conference and the trustees, the mayor, the manager and Mr. Sansone retired immediately to the conference room.

After about 20 minutes, Trustee Jackson returned to ask Mr. Bull to come to the conference room and the board was out another 20 minutes.

Mr. Bull then made a statement to the spectators who had remained during the conference to the effect that he would accept the board's decision and that, since the board had insisted that he follow his doctor's orders to take a rest, he would ask that his resignation be withdrawn.

Trustee James Jackson moved that Mr. Bull be reappointed and be granted a four to six-week leave of absence to take effect immediately and Trustee Alfreo Weeks seconded the motion.

Mayor Santoro expressed concern over Mr. Bull's health and told him "there is no sense in coming back until you feel you are able to return to your duties as treasurer-clerk of the village."

Mr. Bull's resignation was handed to Mayor Santoro in a small white envelope which the mayor asked if there was further business to come before the board at the close of the special meeting.

"When it had been read, Mr. Bull rose and stated that he did not want to be in the position of feeling a hindrance to the board and left the table taking a seat in the first row among the spectators.

"I take exception to that," Trustee Kuhn declared. "I think the board has a right to call any employe of the village into conference with respect to his work and there was no intent to hurt your feelings. I think you should not interpret it that way."

Mr. Bull thanked him "for those words" but added that he could not interpret it that way. Mayor Santoro said, "I don't know what your resignation was about." He had discussed his health with him in January, he said, and Manager Johnson had contacted Mr. Bull's doctor and "last night the board nor a previous board has ever refused him off to an employe who is ill."

"That's absolutely true, Mr. Mayor," Mr. Bull replied. "But when we finished our conversation this afternoon there was no assurance that I would be reappointed tonight. I thought from the beginning that I would be reappointed."

## Net Budget Goes \$20,073 Higher Than Last Year

A net budget which is \$20,073-\$1 higher than last year and carries a 68-cent increase in the tax rate of \$1,000 of assessed valuation was proposed last night by Village Manager William H. Johnson in his estimate of 1946 expenditures presented to the Board of Trustees.

The principal increases are in the public works and capital reserve fund where provision is made for the purchase of more automotive equipment, increases in compensation, an initial payment on the new Hook and Ladder Company aerial truck (\$3,500) and an appropriation of \$10,000 toward the Harbor Island Memorial Stadium, which eventually is cost an estimated \$20,000.

The increase in the amount to be spent is not the only factor leading to a higher tax rate, however, since the assessed valuation of village property has dropped \$146,117 from \$33,356,907 in 1945-46 to \$33,339,890 this year, decreasing the base for the distribution of the tax bill.

The general fund is \$1,666 higher than last year's \$1,800 appropriation for the construction of a storage room in the Municipal Building and a number of compensation increases. There is a \$2,000 saving in that fund on tax vehicle services Agency expenses because of the mass fore-closure this year by the firm.

There is an increase of \$7,346.80 in the Police Fund due to the purchase of one expected automotive expense, \$300 more for uniform allowance and about \$1,000 for the compensation fund caused by the salaries of men who have returned from the service.

Various items of reconditioning, repairs, maintaining and repairs and the annual inspection have led to an estimated increase of \$735 in the Fire and Police fund.

Additional street lighting and the replacement of 300 street lights by 400 new lights, the Light and Power fund and the Park, Engineering and maintenance fund are \$2,812 higher than last year due to increased compensation and the addition of one additional worker and two seasonal laborers, also the increased expense of materials and supplies for maintenance and beach sand.

An appropriation of \$4,325 for the Veterans' Services Agency appears in the budget for the first time although Director Harry Walker has been serving since November. The budget calls for \$2,000 for the fund for the secretary, \$50 each for general office expense and stationery and \$1,000 for the telephone.

The largest increase in any department is that of \$22,479 (\$103,098 to \$125,577) in the Public Works and Capital Reserve fund. The increase in compensation amounts to about \$8,100; there is a \$6,000 increase in the purchase of new equipment including new trucks for the DPW and Sanitation Department, a \$2,000 increase in the sewer and drain materials, a \$2,000 increase in the snow removal materials, and a \$1,280 rise in the snow removal appropriation (from \$1,200 to \$2,480) and a new item of \$800 for fill for the residue from the incinerator.

The increase of \$13,376 in the capital reserve fund includes \$1,400 for the fire chief's car, \$3,500 toward the aerial truck, \$1,000 for a utility truck body, \$700 for a pick-up truck, \$2,000 to replace police radio car equipment, \$3,097 for a pumper, and the \$10,000 for the stadium.

Among the departments whose appropriations show a decrease are the municipal indebtedness fund which, because of the retirement of general bonds and interest brings the item down \$8,738 (from \$38,978.82 to \$30,240.82) in spite of a \$4,440 increase in the tax liability item against the 1945 and 1944 taxes.

The manager anticipates about \$600 less claims because of a drop from \$138,867.77 to \$9,931 in the amount of bills, although the item for tax roll adjustment has gone up from \$347.91 to \$2,000.

The utility fund has dropped from \$11,100 to \$10,000 because last year's fire alarm system appropriation of \$4,500 appears only for \$700.

The Health Center fund shows only \$200 increase from \$8,259 to \$8,259.33 and there is no change in the amount of \$10,550 allowed for the picture, the manager anticipates an increase from \$25,000 to \$75,000 from the sale of foreclosed property as well as approximately \$1,000 increases in the estimated revenue from the Harbor Island dumping facility. ## Hinds Recupering

LT. Comdr. Kenneth W. Hinds, USNR, of 54 Sycamore Avenue, Larchmont, is recuperating in St. Albans Naval Hospital, where he is on an operation to relieve him of the after effects of an injury received while in combat at Iwo Jima in May, 1942, and the Naval Reserve command of the submarine chase on convoy duty in the Atlantic for 8 months. He was then sent on convoy duty in the Mediterranean where he took the first waves of soldiers to Anzio.

LT. Comdr. Hinds returned to the country in May, 1944, and received advanced command training in Miami, Fla. He was then sent to San Francisco and was stationed aboard the U.S.S. Yagoo, an attack and escort transport ship which later saw action in the Pacific. Comdr. Hinds was in action at Okinawa, Iwo Jima, and the Philippine liberation. In October, 1945, he received the commission as lieutenant commander.

His family includes Douglas, 10 years old, Jerome, 8, and Jocelyn, 4.

## On Duty In Hawaii

Seaman 1/c Richard W. Munroe, son of Mr. and Mrs. Sydney P. Munroe of 20 Rockledge Avenue, is now stationed at the Naval Air Station in Oahu, Hawaii.

19 years old on Monday, he has been in the Navy since November, 1944. He received basic training at Sampson, N. Y., then was sent to Norman, Okla. for a 21-week aviation technician's course. Following advanced training at St. Louis, Mo., he was stationed at Sheshaer Naval Air Field, San Francisco, Calif., prior to going to Hawaii.

A graduate of Maranock High School in 1944, he was active in the Latin Club there.

## Stationed On Saipan

Now stationed on Saipan as a member of an AAF ground crew is Pfc. Gerard P. Murphy, son of Mr. and Mrs. Richard L. Murphy of 27 Edgewood Avenue, Larchmont.

Pfc. Murphy has spent several months in the South Pacific, first on Guam and then on Saipan. He received basic airplane and engine mechanics training at Camp Field, Biloxi, Miss., and later took a six weeks' course at the Douglas Aircraft Company's school at Santa Monica, Calif.

A graduate of Maranock High School in 1944, he was employed as a carrier for the Larchmont Postoffice before entering the Army in January, 1942.

## Iran Acts to End Crisis In Oil; Reds Also Reply

Early Solution Seen As Council Adjoins

NEW YORK (AP)—Iran offered today to let the United Nations Security Council settle the Iranian case temporarily provided Russia would give assurance that Russian troops would be withdrawn from the country on May 6.

The Council, having received the reply from Iran, is planning to hold a closed session at UN's Rockefeller Center headquarters later in the day.

It was widely expected that steps were being taken, evidently more hesitantly, to inform American and other fully of today's developments.

Both the reported secret meeting and the closed session were described as measures designed to help along an early solution of the Iranian crisis if all possible.

Russia said that troop withdrawal from Iran would be conditional on other negotiations with Iran over such matters as oil and the like.

# School Tax Rate Boosted \$1.10 In Proposed Budget

Larger School Field Up For Rye Neck Vote

Higher Maximum Pay Increase

Representatives of the civil and service organizations of Larchmont are in the school district for the annual pre-view of the proposed budget for the town school district for the coming year and learned that, if the estimated figures are adopted by the taxpayers, they will pay about 61.11 cents more per \$1,000 of assessed valuation than they paid last year.

The proposed new rate will be \$12,480 per thousand as against \$11,370 last year.

The increase of \$1,110 in the maximum salaries of teachers and \$150 in the maximums for clerks, custodians and other employees (providing for a double increment for everyone whose salaries are still below the maximum) accounts for the bulk of the increase in the gross budget, which is \$38,000 of which goes for increased compensation. Included in that total is \$1,000 for the superintendent's salary, \$100 more for the attendance supervisor.

An increase from \$10,200 to \$22,480 in the salary for the principal and for new work to be done on buildings and grounds and provide for the plumbing, heating and lighting equipment, new furniture and other items amounting to \$200 for a rearrangement of the office.

The motion, as stated by Trustee George Coffin, reads, "I move we submit to the District voters the proposed budget for the fiscal year 1946-47 for the purpose of acquiring and grading the property between the Carroll Road and the property of the East Coast Yacht Club."

The subject of the expansion of the industry in Maranock and the possible installation of parking meters in the village will be up for public discussion May 7 at the Chamber of Commerce.

The date was decided last night at the Chamber's special meeting and President Fred Yanchoy stressed the fact that all interested residents of the village are invited. A representative of the New York State Chamber of Commerce will address the meeting briefly.

At the meeting April 16, members of the Post-War Planning Commission will be present, and Clarence Litchfield, chairman of the architects' committee, will outline the study and recommendations made by the commission.

For the first time in history, the Chamber will send a representative to a national meeting of the United States Chamber of Commerce May 1 and 2 in Atlantic City, N. J., where the Chamber will be voted delegate with \$50 provided for expenses.

The Chamber will have an appointed chairman of the committee to study the parking meter situation, which will be assisted by J. Diferio, Edward Payne and Mr. Yanchoy.

About 300 members attended.

# Chief McCabe Plans Appeal

WHITE PLAINS — Frank J. McCabe, who went on duty as a Patrolman yesterday in the parkway police department, which he had headed as Chief since August, 1944 until his demotion, will appeal from the decision of the Park Commission.

His attorney, James Dempsey, announced immediate steps will be taken to bring the appeal, which will be heard by the Appellate Division in Brooklyn.

The demotion was ordered after McCabe had been found guilty of three of four charges made against him. The charges were that he had attempted to obtain credit for 15 days of overtime for Lieut. Nicholas Fandell.

# BBA Lays Plans For Benefit Show

Preliminary plans were made last night by the Maranock Branch of the Boy Scouts of America for the annual benefit show to be held on June 1.

Patrolman William Poenosa, chairman of the event again this year, announced that the committee will consult with Charles A. Galsmer, manager of the Playhouse, to determine a date.

# Two More Brush Fires

Two brush fires were extinguished last night by Maranock Village Fire Departments. A blaze in a vacant lot near the railroad was far the largest and was extinguished by the Maranock Fire Company at 7:05 P. M. and the Haledon Fire Company reported to another at 8:28 P. M. in the Harrison Avenue area.

# Four Forfeit Ball On Parking Charge

Seven cases were brought before Judge J. H. Cahill yesterday at the Larchmont Police Court.

Ball of \$2 for improper parking was forfeited by Frank Anderson of 7 Edgewood Avenue, Acon Hill, and by Joseph Klages of 50 Riverside Drive, New York City. Forfeited \$3 ball and \$20 fine was paid by George Carl of 100 West 11th Street, New York City.

John H. Palmer of 491 E. Hill Road, Scarsdale, forfeited \$5 ball for improper parking.

## Fire Chief's Post Goes To Brennan

### Haycock Loses By One Vote As Firemen Elect In Larchmont

OTHER POSTS FILLED

In an upset that left followers of each candidate breathless, James H. Brennan edged out Haycock for the office of chief of the Larchmont Fire Department by one vote at the annual departmental election last night. Brennan, who had been in the post for three years, was defeated by one vote at the annual departmental election last night. Brennan, who had been in the post for three years, was defeated by one vote at the annual departmental election last night.

Retiring Chief John T. Brennan had placed the name of 1st Deputy Chief John Haycock before the meeting and to many his election seemed assured, but after the final vote was cast, Brennan was acclaimed by Steve Hartley with a speech that many of the members afterwards would have been pleased to hear.

Another brother, William, has received his discharge from the Army after four years of service. As private in the Army, he entered the service in October, 1942, and received his training with the Chemical Maintenance Company at McMillan 734. Pfc. Smith was stationed in North Africa and Italy. He attended Mamaroneck High School before entering the Army.

As a member of the 260th Bomber Group, Eighth Air Force, he was an armorer-gunner on a B-29 and also did considerable photographic work over Europe. His group was based in Belgium and Germany after the close of hostilities.

With 13 months' overseas duty to his credit, he holds a highly regarded Unit Citation and one battle star. He received armorer's training at Lowry in England and gunner's training at Kingman Field, Arizona. Further training was received at Gullford, England, and Savannah, Ga.

A staff sergeant at the time of discharge, he was graduated from Mamaroneck High School in 1942 and was attending New York University when he entered the service.

Wildauer Discharged

Capt. August F. Wildauer, Jr., son of Mr. and Mrs. August Wildauer, 127 W. Brookside Drive, Larchmont, was discharged last week at Fort Dix after three years in the Army Air Corps.

He was overseas 19 months in the ETO and was assigned to the 26th Division, 101st Infantry Regiment, Third Army, in the European Theater. He served as a platoon sergeant. He saw action in France, Luxembourg, Belgium, Austria, Czechoslovakia, and Germany and holds four battle stars and the Bronze Star.

A graduate of Mamaroneck High School and the Syracuse Medical School, he served an internship at the Brooklyn Hospital prior to entering the Army.

Russell Promoted

Capt. Richard S. Russell, son of Mr. and Mrs. Wm. Russell, 216 Bush Avenue, Mamaroneck, recently received his promotion to captain while stationed in Alaska and is expected to return home this month.

Veteran of a B-29 bombing mission as pilot of a B-29 bomber, he is entitled to wear the Distinguished Flying Cross, Air Medal, and two silver clusters, the Purple Heart, Presidential Unit Citation, ETO ribbon, and five stars. He is a member of the Pacific Theater Ribbon, American Theater and Victory Ribbon.

Capt. Russell attended Bellevue High School and the Podiatry School at Hightstown, N. J. He received his wings at the Columbus Hill, Army Flying School, and left for overseas service in 1943.

On Of Navy

## Man-On-Street Interviews To Feature Observance Of Public Health Nurse Week

Today marks the beginning of "Know Your Public Health Nurse Week" and the officers and directors of the Mamaroneck Health Center are planning a week's educational campaign to acquaint the public with the services the health nurses are prepared to give to all residents of the community.

Letters are going today to the village organizations which meet this week and on Thursday the public will conduct a public poll on the streets of Mamaroneck to determine how many taxpayers do not have factual information about the operation of the center of the sources of the funds which maintain it.

An effort will be made to inform the public that the services of the three nurses are available to all income groups and that they are ready to respond to a call from a physician when a patient needs a few hours' service from a nurse but not the full time services of a private nurse.

The Health Center, located at 234 Stanley Avenue, is open to the public at all times and all residents who wish to inspect it are invited to do so this week. The center is open daily from 8:30 A. M. to 5:30 P. M.

## Raging Flames Level Barn, Peril Other Buildings

A swift blaze fed by two gasoline tanks and whipped by a stiff sea breeze burned the large barn on the Constante estate in Orienta Point, to the ground yesterday afternoon giving the Spectator's village a narrow escape from a five-hour battle in which seven were injured.

The fire started about 1:00 last evening at 12:34 P. M., about an hour and a half after the Mamaroneck and Columbia Companies had put out a brush fire at Bleeker and Orienta streets, when the fire was coming out of all four walls when we got there.

A tractor and gasoline lawnmower were in the barn in addition to a lot of other things which were demolished and the chief said that the gasoline caused such a hot blaze that it was impossible for the firemen to move the equipment out of the barn and cuts.

Seven firemen received first aid from Edward Skafarski and Harry Miller, who were on duty at the time of the fire and one, Albert Behmer of Fire Company No. 2, was treated later by a doctor for a split frontal which had to be removed. Frank Wagner, Don Lyons and Albert Miller were treated for cuts and hot cinders which were on their faces. One of the firemen, "Sonny" O'Neill for burns on the neck and chest, was taken to the hospital.

## Spain Asks Full Probe Of Charges

**Cabinet Wants UN To Send Group To Inspect Country's Activities**

**CALL CLAIM ABSURD**  
NEW YORK, (AP)—Members of the United Nations Security Council guardedly studied today an invitation from the Spanish Cabinet asking the Council to determine for itself by inspection whether or not German scientists are engaged in atomic research in Spain.

While there probably will be no immediate decision on acceptance or rejection of Franco's invitation, the possibility arose that Spain might be permitted to state her case before the Council.  
Spanish sources said Franco might send a representative to the Council, if asked, on the condition that he be allowed to speak without taking the role of defending a nation "on trial."

Some authorities suggested that the Council under its elastic power could call upon a non-voting member to participate in its own interests, if desired, in order that both sides might be heard.

Similarly, in its wide latitude of operation, the Council could send members or delegated technicians to Spain as an investigating commission, "false" and "absurd" charges brought by Poland and Mexico against Franco's charges was being brought world wide.

In a brief communique issued after its meeting, the Cabinet termed the Franco charges "false" and "absurd" charges brought by Poland and Mexico against Franco's charges was being brought world wide.

It was also pointed out that the Franco charges were "false" and "absurd" charges brought by Poland and Mexico against Franco's charges was being brought world wide.

## Rye Neck Students Collect Used Clothing For Destitute Children During Holidays

Students in the Rye Neck School District are being urged this week to collect all the used clothing they can find during the Easter holidays to take back to school in bundles on April 29 for shipment to the destitute children of Europe and rural America.

The campaign is part of the nationwide drive being conducted by the Save the Children Federation and is being sponsored by Dr. Alvin W. Hicks announced today that clothing bags will be placed in every living room where the students' bundles will be collected at the close of the drive, which will extend until the end of the school year.

A bulletin from the Save the Children Federation states that substantial shipments of clothing are being sent to Sweden to aid refugees from Scandinavia and other countries who have found shelter there—approximately 65,000. During the last year assistance has been given to various countries through the Philippine Islands and New Caledonia.

A shipment to the Netherlands and Belgium was the first American clothing to reach Holland. Clothing has also been sent to Italy, Poland, Czechoslovakia, and other countries.

Representative T. James Ahern of the Larchmont-Mamaroneck schools said today that his district will also participate in the campaign and that a principal's meeting scheduled for Monday in order to determine a starting date.

Mr. Heavey is a graduate of the Engineers School at Fort Belvoir, Va., the Massachusetts Institute of Technology and the Army Quartermaster's School at Fort Leavenworth, Kas. He is a graduate of West Point and before the war, he was a member of the 20th Engineer Regiment.

Mr. Torbert, a former resident of Mamaroneck, spent two years in France as a member of the American Financial Mission and he showed the Rotarians colored slides of Tehran, describing the country and its inhabitants.

Mr. Torbert was formerly a member of the faculty of the Mamaroneck Junior High School. The only visitor at yesterday's meeting was Charles Phillips of Mount Vernon.

Prof. Matthew E. Lyman of the Mamaroneck High School will address the club next Friday on the subject, "Schools or Fall?" Prof. Lyman is an expert in the field of juvenile delinquency.

**Marando Sues For Equipment Taken In Raid**

**WHITE PLAINS**—Unsuccessful in one action to compel the return to him of \$300 in cash and a quantity of gymnasium equipment seized on Sept. 29, in a raid on a garage at the Savoy Gymnasium, 124 South Main Street, White Plains, Marando has brought another action against County Judge Thayer J. Gallagher seeking \$1,500.

The suit was revealed yesterday when Justice Frank H. Coyne granted a motion to transfer the case from County Court to Supreme Court for trial. As the suit is brought against Mr. Gallagher individually and as district attorney, District Attorney George M. Panelli is his counsel, while Charles F. Dalton represents Marando.

On Nov. 1, last, Justice Frederick J. Schmidt, then County Judge, dismissed a motion by Mr. Gallagher sought to compel Marando to return the property, suggesting a revivification of the government's motion to continue his efforts to recover the property.

The new suit charges the equipment was worth \$750, and that as a result of the seizure, Marando was deprived of the use of the equipment to return it to him, he was damaged to the extent of \$1,500.

Lt. Smith, son of Mr. and Mrs. Pemberton Smith of 7 Bayard Road, was in the steel division of the lend-lease program assigned to the Bureau of Supplies and Accounts in Washington. He also served in lend-lease as a civilian for two years before entering the Navy.

He is a graduate of Montclair Academy and Exeter Academy, and attended Cornell University.

**Armstrong On Okinawa**  
Ensign George Armstrong, son of Mr. and Mrs. Frank C. Armstrong, of 60 Howell Avenue, Larchmont, is now a communications officer on Okinawa and expects to be transferred soon to Kewajima in the Marshall Islands. He has been on Okinawa since October, 1945, and overseas since August, 1945. He was commissioned in December, 1944, at the Lumbia Midshipman's School, and also attended Harvard Communications School and Cornell University under the V-12 program. His brothers, Robert and Jack, have been discharged from the service.

**Ends Navy Service**  
Cox-Arthur H. Shields son of Mr. and Mrs. Bruce C. Shields, 411 Melbourne Avenue, Larchmont, recently received his discharge from the Navy at the Lido Beach Separation Center, L. I.

Cox Shields entered the Navy in May, 1943 and received his boot training at Sampson. He was attached to a water patrol boat in the Philippine Islands and was six months on shore patrol duty in Manila.

The former Bellows High School graduate attended Cornell University before entering the Navy.

**Divido Discharged**  
Radioman Joseph Divido, son of Mr. and Mrs. Renato Divito, of 115 Andrew Street, recently received his discharge from the Navy at the Lido Beach Separation Center, L. I.

He entered the Navy in 1943 and was stationed at Sampson, N. Y. for boot training and was then stationed as radioman aboard an L. C. T. for two years in the Pacific. He is now attending school after combat duty at Guam and Mamoronek High School.

**On Duty Near Munich**

# In Rem Deedline Passes With 55 Off Arrears List

**Village Prepares To Act In Mass Foreclosure**  
The door closed at 5 P. M. yesterday on Mamoronek's In Rem foreclosure list as the deadline passed for owners to go to the tax office and redeem their property.

The final steps in the mass foreclosure will now be taken, lists and maps of the property offered, the deeds turned over to the village and the parcels offered.

During the seven days allowed by the Village Board April 8 for final redemptions of property, seven owners redeemed 18 parcels up to \$5,000 in tax arrears, it was reported this morning by village manager Wm. Wesson, who is accepting the payment of the absence of Frederick H. Bull, Jr.

Since the In Rem action was first announced about 150 parcels have been redeemed out of the 1,500 on the original list last December. Village Manager William H. Johnson said today.

The exact amount of the mass foreclosure will now be taken, lists and maps of the property offered, the deeds turned over to the village and the parcels offered.

**Mrs. Beaudry Enters Appeal For Rezonig**  
Robert T. Fanelli, representing J. Lester Albertson, New Rochelle attorney, appeared before the Larchmont Village Board last night on behalf of Mrs. Ella J. Beaudry, to urge that the Boston property on the north-west corner of the intersection of the Boston Post Road and Beach Street be rezoned from Class B multiple dwelling district to a Class C business district.

The "land," he continued, "is and always has been unimproved property bringing to the Village manager a large amount of money serving for its owner only as a mill stone. The frontage is on the east side of the intersection of the village, but instead of the entire nature of the village."

"It is difficult to arrive at a reason sufficient to sustain a policy of rezoning of the nature of the village."

"The rezoning is not in the nature of the village, but instead of the entire nature of the village."

**Columbia Hose Installs New Official Staff**  
Capt. Harry Vinet of the Columbia Hose Company was installed Saturday night at ceremonies, installed his son, Jennie L. Pingree, Hastings, vice president; Vern Frisch, New Rochelle, secretary; Dr. James J. Cullen, principal, A. B. Davis High School, Mount Vernon, Dr. J. LeRoy Gleason,burytown, three year terms on the executive committee.

Named for one-year terms are George Perschke, treasurer; Scott E. Chief George Carpenter, president; the outgoing captain, Arthur Robinson, his captain; and about 55 members attended the ceremonies and the guests included Judge Patrick J. Hughes, Police Chief Arthur Robinson, Village Manager Johnson and second assistant chief Bill Lemon.

**Parking Area Crash Damages Two Autos**  
A car belonging to Julia H. Hestert of 88 Edgewood Avenue, Larchmont, and driven by George Perschke, was damaged, crashed into a parked car owned by William J. Hestert, 88 Edgewood Avenue, New Rochelle, as it was backing out of the Larchmont Post office parking area yesterday afternoon.

The patrol truck of the Town of Mamoronek Fire Department, answered the alarm first, turned in the crash and by Patrolman Joseph McNamara of the Village Police Department.

**Dwelling Catches Fire Fourth Time**  
Damages of approximately \$150 resulted early this morning when a fire of undetermined origin started in a building owned and occupied by Henry Lee at 209 Myrtle Boulevard, Larchmont. It was the fourth fire in Mr. Lee's dwelling in the last two years.

Engine No. 2, fire truck No. 2, and the patrol truck of the Town of Mamoronek Fire Department, answered the alarm first, turned in the crash and by Patrolman Joseph McNamara of the Village Police Department.

# Larchmont Puts OK. In Budget

**Richards Wins \$1,500 Pay Rise Over Protest At Public Hearing**  
A lively discussion of the village salary increases with several taxpayers objecting to the \$1,500 boost in Village Engineer Arthur Richards' salary for the coming year featured the annual budget hearing in Larchmont last night.

After the public hearing, the Board adopted with a minor change the budget as filed two weeks ago by former Mayor Wesson. Wesson was calling for a tax rate of \$15.60 per thousand, a ten-cent decrease from the year before.

More than 25 villagers were present and many of them wanted to know why the engineer's salary was raised from \$7,500 to \$9,000 in comparison with the salaries paid other officials.

Mayor E. Spencer Grosvenor replied by citing figures paid in Larchmont, Scarsdale, Bronxville and Rye for the same work. The figures showed that the village salary was considerably higher than the Larchmont engineer's proposed salary. Mayor Grosvenor pointed out that, in addition to being the superintendent of public works and the purchasing officer, he was also in charge of the work of the building inspector, the superintendent of public works and the purchasing officer.

A discussion then followed over the advisability of linking the village salary with the salary of the village engineer and several taxpayers contended that one man cannot do all the jobs.

J. G. MacInnis of 2 Virginia Place, said: "There has been a great deal of talk about the village salary because of incompetence but the engineer simply doesn't have time to do the job."

Edward L. Hansen of 100 Willow Avenue, said: "There should be a separate village inspector at a salary of approximately \$3,000 a year. This man could put all his time to the single job and consequently do a better job than is now being done."

Assisting Mrs. Wesson in the Mamoronek drive are Mrs. James J. Wesson, Jr., and Mrs. E. B. Ingraham.

**Warren Named Treasurer Of Teacher Group**  
Charles E. Warren, acting principal of the new Larchmont School and principal of the Mamoronek High School, Evening Session, was named treasurer of the Larchmont Teachers' Association.

Warren was elected to the position of treasurer of the Larchmont Teachers' Association at a meeting held at the home of Mrs. Warren last night.

**Pearl Day Named Village Historian**  
Miss Pearl Day, village historian in Larchmont since 1930, was appointed last night official village historian.

The appointment, the first of its kind to be made in Larchmont, came from the Village Board upon recommendation of Trust Arthur Coombs.

Miss Day, who makes her residence in the Park Plaza Apartments, is a former high school principal having served in that capacity in Benson, Minn., and in the Larchmont schools. She is a native of Minnesota and a graduate of the University of Minnesota.

**Four More Brush Fires Extinguished**  
The Town of Mamoronek Fire Department extinguished three brush fires and a rubbish fire last night in the village.

The fires were located at Weaver Street and Myrtle Boulevard, another at Boulogne Avenue and Seton Road, and a fourth at the incinerator at the Larchmont railroad station. The rubbish fire was next to Casp's Tavern on Myrtle Boulevard.

**Resort Accommodations Scarce This Season**  
HARRISBURG, PA. (AP)—A shortage of resort accommodations is being experienced by the National Association of Travel Officials in urging tourists to plan for the first days of the vacation season this year as a means of sharing scarce facilities.

**Seven Elected Directors Of Student Fund**

Seven directors were elected last night to head the activities of the Larchmont-Mamoronek Student Aid Fund for the coming year. The meeting was held at the Mamoronek High School with Wendell Woodbridge, president, presiding.

Elected directors for two years were Mr. Robert B. Tyler of Mamoronek, Mrs. Woodbridge of Larchmont, and Edwin D. Yeager of Larchmont.

The new directors for three years are Edwin A. de Lima of Scarsdale, Mrs. Arthur J. Mammitt of Larchmont, R. B. Fortuna of Mamoronek replacing James E. Stevens, and C. Freeman Tibbets of Larchmont.

The proposed by-laws were accepted with amendments and it was reported that the fund has \$10,000 in assets. The directors will hold an executive meeting on April 23 at 8:15 P. M. in the High School.

**Government Acts To Ease Food Shortage**

WASHINGTON, (AP)—The government mapped a new attack on the starved food situation today involving butter, bread, meat, and black markets.

War-time controls were ordered to be relaxed to order an investigation under the charter. The main points of Lie's memorandum were:

1. The Council had made no finding that a dispute actually existed.

2. In view of this the only possible action was to order an investigation under the charter. This had not been done.

## 2 Housing Projects In Town Loom

40 Homes Proposed On Prince Estate; Veterans Plan Development

### BOTH BEFORE BOARD

The Mamaroneck Town Board last night entered the crystal ball gazed where the shape of things to come revealed the possibility of two housing developments in the community, one a subdivision of the old Prince estate on Old White Plains Road where 40 large homes are planned on the 40 acres of property and the other a project, still in nebulous state for the erection of small attached houses for veterans on the Pettigrew property opposite Lafayette Acres on Richell Road.

The Prince estate which was purchased by Lt. William P. Rosenzohn of New Rochelle for development purposes was pictured to the board as a country community of homes, each to occupy an acre-plus of land in the vicinity of Old White Plains Road and Griffin Avenue. Lawrence Greenbaum, attorney for Rosenzohn made it clear to the board that he had no intention of filing a subdivision map as yet but merely wanted to discuss the difference of opinion between Town Engineer A. J. Foote and Lt. Rosenzohn's engineer, John Watson, about certain aspects of the plans.

Mr. Watson then took the floor and explained that he wanted to develop the site with 18-foot paved streets and that Mr. Foote said the streets must be 30 feet wide. Watson contended that 30-foot streets would give the development the look of anything but a country community and that similar developments he has laid out in other parts of the country where 18-foot streets have been readily accepted.

Supervisor Owen A. Mandeville said the town has had experience with developments which have laid out too narrow streets and added, "for one thing the fire department doesn't like it. It's a fact that the men work in two shifts — one from 7:30 A. M. to 3:30 P. M. and the other from 5:30 P. M. through the night with one man out every day.

The three senior men now receive \$2,500, the four intermediate men \$2,400 and the one who recently joined the department, \$2,100. Seventeen spokesmen pointed out that the senior men ranged in time from 16 to 30 years.

A letter presented to the board by the department included the seals paid firemen in Harrison, Scarsdale and other nearby communities over the \$3,000 mark.

Supervisor Owen A. Mandeville explained that the town would raise the salaries, the Civil Service scale will have to be changed and added that the board will consider the matter and let the department know at the next meeting.

Before the delegation left the room, Chief Burton reminded the board that the firemen do many tasks which the town would ordinarily do and let the board know the new painted and decorated council room.

"We don't question about the good job they do," the supervisor replied.

Upon receipt of \$7,500 from Edward J. Pettigrew in final payment of taxes prior to 1943 on property on Richell Road between Palmer Avenue and the Post Road, the board voted to discontinue the foreclosure action begun three years ago and extended from time to time as the owner kept up current taxes and paid portions of the arrears. Supervisor Mandeville pointed out that Mr. Pettigrew has paid \$17,800 on the property.

Reuben Sirlin, Mamaroneck attorney who handled the recent sale of Hummel's property for \$4,050, appeared before the board to ask if the town expected to pay a commission on the water would not be they are" and advised Mr. Watson to draw up specifications and contracts for the water project. "If you can't get close together on this," he said.

The second housing story was introduced in the meeting when the supervisor called on C. C. Merritt who was present as a spectator to describe the project now being discussed for veterans' housing.

Mr. Merritt stated that he has been helping his son, John, and some of his friends who are veterans to plan a way to build a series of small houses on Richell Road.

## Chamber Goes On Record As Opposing 'Curb Meters, Urges Use Of Parking Areas

Town Firemen Ask Increase In Pay Scale

The Mamaroneck Chamber of Commerce has gone on record as opposing the installation of parking meters in the village and suggests, instead, the use of all-day parking areas for merchants and their employees thus making more curb area available for shoppers.

The committee appointed by President Fred Yanok of the Chamber and consisting of Barney Epstein, chairman; R. J. Diforio, Edward J. Payne and Samuel Sirlin, told the Chamber Tuesday night that parking meters would be another tax on local and visiting shoppers and would tend to drive shoppers to competitive surrounding areas where no parking tax exists.

The report further states that the "loading zones" on Spencer Place and the other at the foot of Prospect Avenue along the Mamaroneck River both should be acquired by the town through in Rem foreclosure should be added to the present parking offices on the street.

The report contains a suggestion that "loading zones" be established every 100 feet giving spaces to not less than three cars for the merchants or professional persons with offices on the street.

Meat Shortage Spurs Drive On Black Market

NEW YORK (AP)—A strengthened Regional OPA staff today launched "its most intensive drive" against black marketing in the meat industry.

It took the following steps to curb illegal practices: 1. Began hiring 25 to 50 additional lawyers and investigators as authorized in Washington.

2. Shifted investigators and attorneys now engaged in other enforcement work to the meat drive.

3. Investigated some of the 14 wholesale meat dealers cited by the OPA Packaging Workers in an appeal for Federal Grand Jury action against dealers in OPA ceiling meat.

Meanwhile, the Federal Grand Jury of the Southern District of New York asked U. S. Attorney John N. McCloskey to name a special panel to investigate the black market in meat "if, in your opinion, a Grand Jury investigation should be undertaken."

## New School Wins Vote Of 05 To 4

Additional Bond Issue Of \$225,000 Approved For Quaker Ridge

### TAX RATE AT \$9.70

Ninety-nine voters in Common School District No. 2 turned out last night to decide on an additional bond issue of \$225,000 for a new school building on Griffen Avenue and 95 voted in favor of the expenditure with only four voting.

The building was authorized last September by a 104-3 vote of the school district. The \$225,000 was deemed sufficient to cover the costs. Since that time estimates of building and labor costs have soared and the additional amount had to be submitted to the voters before the project can be undertaken.

School Trustee Walter E. Barnes was chairman of last night's meeting. The meeting at the discussion period which preceded the voting. It was pointed out that the original estimates had been based on buildings constructed between 1938 and 1942 and that present prices have shot far above that level. The tax will be paid off in 30 annual installments.

Senator Piny Williamson attended the meeting to advise the voters on the legal aspects of the situation and affidavits were presented showing that the district voters had been notified of the meeting.

The offer of \$400 made by Anthony Testa to purchase liens on Laurel Avenue property in Larchmont and the Town Board's reluctance to accept it in view of the report that the owner, C. H. Maynone, intends to pay up, was developed into a major issue.

Mr. Testa appeared two weeks ago with his offer and stressed the fact that the owner has not paid his taxes for eight years. He was supported in his request by Councilman George E. Mills, Jr., who reminded the board that the bidder is a veteran and wants to build a home on the property. The matter was deferred to give Councilman Edward F. Watson and Monroe Stiner an opportunity to look over the property.

Last night they both said they had looked it over and Mr. Testa returned with his offer but the board said the board thought Mr. Maynone expected to take up the liens himself.

"He doesn't even own that property," Mr. Testa replied. "It's (Continued on Page Three)

Flying Principal In First Solo Hop

Weekly hours of flying instruction which began last Fall at the Westchester County Airport, reached a climax yesterday when Hoyt D. Smith, principal of Mamaroneck Junior High School, made his first solo flight of 15 minutes, receiving the commendation of his instructor on his return to the landing field.

"Surprisingly enough, it wasn't even exciting," Mr. Smith reported this morning, as he paid tribute to the fine instruction he has been receiving one or twice a week an hour at a time at the airport. Disatisfied with his landing the first time, the flying principal took off again at the time to land, this time with a perfect score.

## AS HOUSE CASE TELLS US OPA FOR DOMESTICS

Bowles Brands New Restrictions As 'Imposition'

WASHINGTON (AP)—The House voted yesterday to continue OPA for nine months after June 30, but in a form OPA Administrator Paul Porter said would restore price control. It was one of President Truman's worst legislative defeats since entered the White House a year ago. The roll-call vote on passage was 355 to 42.

The House, meeting at 10 A. M., for four hours earlier than usual, passed the amendment-ridden bill over to the Senate, where the White House said today that President Truman hopes for "much better results."

Asked at a news conference if the Chief Executive had any comment on the House amendment, Press Secretary Charles G. Ross told reporters: "Not for print."

Asked if the President was going to "do anything about it?" Ross replied: "For much better results in the Senate." He did not elaborate.

The House first refused by a 20 to 370 roll vote today to send OPA extension legislation back to committee.

The House action came to defeat a motion by Rep. Rankin, D. Miss., to sweep the bill off the floor completely and shove it in the House banking committee. A floor of Democrats, chiefly from the South, combined with Republicans yesterday to broaden the bill with amendments that Chester Bowles, economic stabilizer, said the House had passed "in a raw, tired, economic disaster."

OPA Chief Porter said if the House action passed, the Senate it "amounts to repeal of price control."

Porter estimated that if the agency collapses because of Congressional amendments, consumer prices might skyrocket as much as 50 per cent over present levels.

On final passage by the House, 205 Democrats, 148 Republicans and two minor party members voted for the bill. Opposing it, 33 Republicans and nine Democrats.

The Bill's major clauses now call for prices guaranteeing "reasonable profit" to all manufacturers and capital goods, covering government food subsidies, repeal of the low-cost clothing production program, and an end to the "Cost Absorption" controls limiting prices on autos, radios and the like.

The House, having missed out on a final vote last night after a stormy marathon session, voted to toss the bill as is over to the Senate. "I don't know whether it will fare better in that body was problematical."

Asked so many times President Truman's Congressional setback on economic policy that rumors of a "Cost Absorption" controls limiting prices on autos, radios and the like.

## Meat Men In Drive To Save OPA

Dealer, Consumer And Labor Groups Unite To Support Agency

### CONFERENCE CALLED

NEW YORK (AP)—A tri-state conference of representatives of retail meat dealers and laborers will be held Tuesday, a meat industry spokesman said today, to urge a program to support a new unsmoked Office of Price Administration.

Jack Krantz, president of the National Meat Industry Council, said that meat business groups will be held Tuesday, a meat industry spokesman said today, to urge a program to support a new unsmoked Office of Price Administration.

NEW YORK (AP)—The Regional OPA prepared today for a protracted fight against meat wholesalers it charged with liberally withholding supplies from New York City retailers.

Hollis Gottsman, Regional OPA Enforcement attorney, said wholesalers were stalling the "sit-down strike" because they were not anxious to sell in the presence of investigators.

"However," he added, "we will be this thing out as long as the dealers."

A Special OPA Meat Inspection squad has been stationed at the wholesale marketing areas in an effort to curb what agents said was the "sit-down strike."

Reports received at OPA offices from investigators indicated a considerable number of violations had been unearthed. Chief among them were vague invoices and improper grading of meat. No arrests were reported.

Hollis Gottsman said meat is piling up in the refrigerators of wholesalers and distributors in New York City because of the prospect of an almost instant "sit-down strike."

Early morning services in Larchmont and Mamaroneck tomorrow will herald the first peaceful Easter Day since 1941. The traditional day will be marked by special church observances with festive music and sermons on the resurrection theme as well as special programs at the church.

# FLOUR USE CUT 25 PERCENT AS U.S. CALLS FOR DRASTIC FOOD CURB TO ALL EUROPE

President's Order In Effect Until June 30

WASHINGTON (AP)—The United States ordered an effective new attack on the global food crisis today, offering a 25 per cent slash in flour consumption and calling for even greater reductions in other types of food in American homes.

The emergency, President Truman revealed, had become so acute that the country's already scarce reserves are going to be even further to furnish famine relief.

Mr. Truman solemnly told the nation it confronted "the greatest threat of mass starvation in the history of mankind."

"Millions will surely die unless we act fast," he said in a plea to "the warm heart of America" for greater voluntary food conservation by the people.

The flour consumption cut was a direct step toward helping the country supply famished overseas areas with millions of tons of wheat monthly—the target set by the President for the next three weeks. The restriction order is effective at midnight tomorrow and will continue in effect until June 30.

Agriculture Department officials estimate that the flour cut will yield the equivalent of 25,000,000 bushels of wheat in the U. S.

It was Secretary of Agriculture Anderson who announced the flour reduction order as part of a six-point administration program to provide more food for export. Other points:

1.—A government bonus to farmers of 50 cents a bushel for wheat delivered up to May 25—an amount of wheat to be shipped upwards of 160,000,000 bushels of wheat from farm storage.

2.—A 25 per cent cut in the amount of wheat used by farmers for 50,000,000 bushels of corn, to be used to feeders and poultry.

3.—A government offer to buy an additional 200,000 bushels of oatmeal for starvation areas.

4.—A 25 per cent cut in the amount of wheat used by food manufacturers in products for export.

5.—A reduction in the wheat inventories of millers and food manufacturers to not more than 21 days.

Anderson disclosed that the Government program has been adopted after consultations with the governments of Canada and Great Britain.

During the consultations, he said, it was agreed that both countries will cooperate with the United States toward the "two common objectives of increasing total relief shipments of grain and giving priority to keeping men from starving in the most urgent need of special aid."

## Police Nabbing 'Bookies' Sent To Other Beats

YONKERS—Public Safety Commission O'Hara today launched an investigation into reports that bookies were being sent to other beats.

On Thursday, Patrolman Andrew Sutton, a former detective, recently returned from overseas with Army Intelligence, arrested a "bookie." Yesterday he was shifted to another post and put in charge of the daily nylon line outside a history store. Police officials denied there was any significance in the change.

However, Patrolman Robert E. Rohan, who took Sutton's former post, reportedly busied himself yesterday in keeping men from loitering in front of his beat, and today found himself patrolling the heights of Dedene Hill. This change was declared by high uniformed officials to be also without significance.

The sudden activity by uniformed men, after months in which all gambling investigation was confined to the west of two avenues, continued yesterday as another section of the city, when Patrolman Stephen Spink of the Central Avenue Station arrested an alleged bookmaker in a tailor shop at 92 Fundland Road West, near the Bronxville line.

Haft received his wings last December at an Army base in Florida and spent a year on Saipan and Iwo-jima as a pilot of a B-29 Superfortress. He received the Distinguished Flying Cross, Air Medal with two clusters, and a Presidential Unit Citation. Lt. Haft attended Syracuse and Columbia Universities and is now associated with his father in business. His engagement was recently announced to Miss Helaine Madge Leeds, daughter of Mr. and Mrs. A. J. Leeds of New York City.

## Express Strike Set For Friday

CINCINNATI (AP)—A nationwide walkout of 65,000 employees of the Railway Express Agency, Inc., was forecast today by George M. Harrison, grand president of the A.F.L. Brotherhood of Railway and Steamship Clerks. Harrison said the trend of a strike vote showed that "unless some steps be taken immediately, express services will be paralyzed one minute after midnight Friday, the time set for the walkout in a resolution on which all local unions began balloting last Friday."

## All-Day Parking of Cars By Merchants Held At Fault For Hazard In Trade Area

The merchants on Mamaroneck Avenue who park their cars in front of their places of business and permit their employees to do so, are the No. 1 contributors to the traffic hazard which exists in the business area, Mayor B. J. Santoro told the Village Board last night. The comment concluded a long discussion of the parking situation following the reading of a letter from the Chamber of Commerce stating that the Chamber is not in favor of parking meters. "Nobody's going to put parking meters if we can possibly solve the problem without them," the Mayor stated, "but the parking situation is not getting any better. It used to start Thursday night at 9 o'clock Monday morning and you can't find a place to park anywhere on the avenue." The Mayor also referred to the Chamber's recommendation that the Village provide two more public parking lots for residents, clarifying strongly that residents do not make use of the lots the Village already has. He drives down "almost every day" to inspect the parking lot near Ward Avenue, he stated and added, "Finally one day, I saw one car in there—one car! And that was the only one." Trustee John Withers said it seemed contrary to the facts for the merchants to claim that parking meters drive business away when they themselves block the street for customers with their own parked cars. Mr. Withers added that when meters were installed in New Haven, the Chamber opposed them but that after they had been in operation for some time, the Chamber was heartily in favor of them. "You don't mean that you would want parking meters if we can solve the problem without them," the Mayor said and Trustee Withers agreed that the first step should be to remove the all-day parkers from the avenue. Village Manager William H. Johnson corroborated the Mayor's statement that the present parking situation is not getting any better and that the Chamber is not in favor of parking meters. He said that the Chamber is not in favor of parking meters and that the Chamber is not in favor of parking meters.

## Chemical Plant Blast Injures Two Workers

Clifford Clukey, 32, of Peham, is in United Hospital, Port Chester, today in "fair condition" with third degree burns of the face, arms and legs, resulting from a chemical explosion yesterday afternoon in the W. R. Warner Chemical Company, Inc., at 634 Waverly Avenue, Mamaroneck. Mr. Clukey and Harry Joseph Powell, 39, of White Plains, were distilling a solvent when it exploded. Mr. Powell was treated for first degree burns and cuts suffered in the explosion and Mr. Clukey, while clothing caught on fire at the time of the explosion, was taken to United Hospital by Fireman James H. Hanning of the Village Police department.

## Pigeon Found To Death In Yard

A dead banded pigeon with the number AU45K2845 on one of its legs was found this morning in the yard of Mrs. John Storey of Winfield Avenue, Harrison. The bird, which was seen eating from a bird feeder in the yard yesterday, had been shot in the wing and upper part of the body. The pigeon was shot in a plain red and the other leg.

## Village Acts On Plan For Recreation

Mayor Authorized To Name Two For Study Of Joint Program

### REPORTS ON MEETING

The first step in a community-wide effort to provide a comprehensive recreation program in Larchmont and Mamaroneck was taken last night when the Mamaroneck Village Board authorized Mayor B. J. Santoro to appoint two village residents to serve on a joint fact-finding committee from the three municipalities. Mayor Santoro and Village Manager William H. Johnson reported to the board their action taken last week at the meeting of Mr. and Mrs. Henry R. Dillon in Larchmont, where the municipal heads from Larchmont, Mamaroneck and the Town of Mamaroneck and national recreation leaders discussed the possibility of a program in this community. The Mayor Santoro explained that the recommendations made by the Post-War Planning Commission for the Village of Mamaroneck were made last week when the Teen Center was organized but added that, now that the center has been disbanded, Philip D. Wessell and Dr. John P. Wessell, who were on the joint fact-finding committee, has requested that something be done about recreation from the standpoint of the municipality.

The Mayor explained that, if the three local governments join forces, it will be possible to hire a coach to handle the entire recreation program, making use of the facilities and personnel already available, indicating that the two school systems would participate in the program. The Mayor told the board that there was "a new spirit of cooperation" among the officials of the three municipalities and that a joint fact-finding committee should study the matter including two members from each municipality. Manager Johnson added that there are funds available for the program and that the sum of the Village of Mamaroneck would supply for amounts to about \$1,100.

## Drive To End Black Market In Meat Opens

NEW YORK (AP)—The Federal government today launched a drive to stamp out a black market in meat in the Metropolitan New York area. The drive was announced yesterday at a news conference by Mayor William O'Dwyer and U. S. Attorney General Tom Clark. Clark told newsmen that the drive is the largest in the nation-wide drive against meat black markets and added: "Prosecutions here, the largest market in the world, will be very big." "You know, as well as I do, that you have been having a considerable black market in meat. We want to stop it before it gets too big." The exact procedure to be followed by the combined city-government forces was not disclosed, but Clark said that U. S. Attorney Vincent Keogh of the Eastern District would begin similar prosecutions there. Earlier, O'Dwyer said the response of the Police, Markets and Health Departments could be added to those of the O.P.A. to prevent and channel cases into the Federal Courts for prosecution under conspiracy charges. He explained that the Federal courts carry fines and jail sentences are imposed on black market offenders, while in State Courts violators are merely subjected to a fine or a lesser jail sentence.

## Odd Fellow Leader To Attend Dinner

# LEGION POST 90 PROPOSES EXPENDITURE OF \$2,570 TO RENOVATE ALL TOWN HALL

A comprehensive plan for the renovation of the Town Hall on Prospect Avenue as an American Legion headquarters was presented before the Mamaroneck Village Board by Mamaroneck Post 90 of the Legion. The plan includes the immediate expenditure of \$3,325 and a subsequent one of \$9,250 so soon as costs go down and money is available.

The detailed plans were submitted in response to a request from the board before the municipalities make a final decision as to the disposition of the property. It belongs at present to the Town of Mamaroneck but is being held in escrow pending its decision as to whether it deems it advisable to turn it over to the local Legion post. The letter signed by Warren K. Pivar, chairman of the Building Committee, states that the municipalities will include the removal of partitions in the first floor auditorium, the rehangings of doors, lighting for the stage and auditorium, refitting of floors, construction of two fire escapes and repairs to the stage. The plan also includes the redecorating of the club room to include ceiling, floor and lighting fixtures, the installation of toilet facilities and the painting of the walls, ceiling and floors, for \$1,000. The total cost of the renovation is \$2,570. "We do not contemplate executing other than required work as long as prices remain unsettled," Mr. Pivar's letter states, "nor until we have money in hand to proceed."

The long term improvements to the building, including additional \$3,250, will include extra lighting for the auditorium, rebuilding of the partitions, the installation of fire extinguishers, the installation of kitchen equipment, construction of refreshment bar and removal of partitions in the club room and painting inside and out. In addition to the cash the post already has on hand for immediate improvements, the members of the post are planning a "public subscription, private requests and donations" a fund of about \$10,000 for the future development of the building, Mr. Pivar explains.

## Gamble Asks Army Survey As First Step In Dredging Mamaroneck's East Basin

The next step in the dredging of the East Basin of the Mamaroneck Harbor has been taken, the Village Board learned last night, with a request from Capt. Ralph Gamble to the house committee on Rivers and Harbors to authorize the Army engineers to make a preliminary survey. Capt. Gamble states that the preliminary survey will determine "whether improvement of the Mamaroneck Harbor in the East Basin is needed and justifiable." The committee will continue its consideration of the proposed bill on April 29, the congressional session will determine whether the authorization may be favorably considered. Sanborn reported on the legal process made on the East Basin, including the passing of the deadline for redemptions and offered an addition to the contract with the Town of Mamaroneck which the board accepted providing for the payment of the Town's share of taxes on any property taken over by the Army. Gamble also proposed such as parking lots, flood control projects or other widespread improvements.

## No Additional Names Filed On School Ballots

The midnight deadline yesterday for filing petitions for candidates on the school ballots of the Town of Mamaroneck School District closed last night with no unexpected entries. Mr. Kirkeham is running for re-election in the Rye Neck District II. In the Rye Neck District II will be a contest among four candidates, Dominick Santomenna, Peter C. Deora, Jr., Malcolm Brown and Dr. John P. Wessell. With petition signatures ranging from the minimum number to 25, the board will vote on Dr. Fox, 74 for Mr. Brown, 74 for Mr. Deora, 29 for Mr. Santomenna. There are 31 School Board posts to be filled in the Town and Rye Neck district. Registration day for voters in the Town and Rye Neck district will be Saturday from 8 A.M. until 8 P.M.

## Taft Urges U.S. Gift To Britain

Senator Opposing Loan, Says It Would Bring '50 Years Of Friction'

SEES ONLY ILL WILL

WASHINGTON, (AP)—Senator Taft, R., Ohio, said today the United States is being "50 years of friction" with Great Britain by offering a \$3,750,000,000 loan. He suggested instead a \$1,250,000,000 loan.

Opposing passage of loan authorization legislation, Taft told his colleagues in a prepared address that every time the British pay the \$141,000,000 annual interest on the loan they will grow heavily and the press will continually consider harsh can't" "during the war."

"It is likely that in many cases the British will use the money to pay interest on the additional charges on the loan," he said.

Taft said that the loan is an instrument of ill will not of good will.

Taft said he doubted that the loan would produce the expected increase in world trade from currency and other restrictions, a move the British have promised to undertake in return for financial help. He said the Russian Government does all trading in the Soviet Union and in Soviet-dominated areas of the world and added that England has gone so far as to have its government buy all cotton.

"The British loan is only part of a policy of lending about \$20 billion during the next three or four years," he continued. "That policy can only count against us during the war."

Taft said the net value of British assets in the United States is about \$3,000,000,000, with \$5,000,000,000 in other British property scattered throughout the world.

He said that Great Britain faces an tremendous crisis to justify the extraordinary terms which are asked to give her, he said.

He said the floor in advance of Senator Bilbo, D., Miss., who had asked for "several hours of speaking time."

U. S. To Back Inquiry Into Franco Spain

NEW YORK, (AP)—Edward R. Stettinius, Jr., U. S. Delegate to the United Nations Security Council, was reportedly told today to have indicated he would support the Australian proposal for a thorough investigation of Franco Spain.

Sources close to Stettinius said the Spanish question was finally held up to be reported to 50 along with the growing list of delegates who have lined up behind the proposal.

This came as the Council took a one-day recess after yesterday's stormy session in which it was believed Russia lost her battle to have the Council drop the Iranian case and announced she would boycott any further discussion of the case.

St. Alexander Cadogan, British delegate, also was reported to have received instructions to back the Australian proposal. Mexico and Poland previously had indicated they would support the measure, and it was believed Russia and France were ready to go along.

The other delegates, while reluctant to commit themselves to the measure, were expected to follow the lead of the big powers, which have not yet been in agreement.

It thus appeared that the government plans to re-examine the Council meets at 3 P. M. tomorrow.

## Rye Neck School Candidates State Views on Issues

Three Appear At Meeting Held By Women Voters

Representatives of organizations of young democrats in Westchester County will meet Monday at 8 P. M. at the Roger Smith Hotel in White Plains at the invitation of Francis J. Donnell, Larchmont, chairman of the Youth Division for Westchester of the State Democratic Committee.

Mr. James Helming Leason, president, read a list of qualifications for the organization, which included the school board candidates and also the list of questions the candidates were being called upon to discuss.

Recalling the traditions of Belton High School, Mr. Brown, who was the first speaker, stated that 25 percent of the high school graduates before the war went to college, and since the war 50 percent of the graduates are going to higher education with 17 distinguishing themselves in "first rate" schools.

In speaking of the size of the school district, compared to the 94 other free districts in the state, Mr. Brown remarked that "only 10 are larger than ours and we are in the top 21 percent." Compared to State outside-of-rites, I challenge the scope of the curriculum compared to that of Rye Neck," he added.

The main problem facing the district, he said, are the faculty, the buildings and the assessed valuation. He stated that the tax rate raised last year, he explained, the Rye Neck teachers were next to last in the county with only 100 percent to come up to the pre-war average in the county and more than that to come up to the average since the 1946-47 budget will be raised their salaries.

"That subject should be carried over and later in the year to a question. There is sufficient wealth here to pay higher taxes, they should be paid and in that sentence I put (Continued on Page Three)

## Mac Donald New Chest President

Bank Officer Named To Head Organization As Stearman Resigns

William F. MacDonald, Jr., former first vice president of the Mamaroneck Community Chest was unanimously elected president last night by the Board of Directors after the official resignation of Samuel Stearman.

Mr. Stearman has been unable to find a permanent home in Mamaroneck and will move shortly to New Rochelle, he explained. The resignation was accepted by the directors with great regret.

Mr. MacDonald's election to the presidency leaves the post of first vice president unfilled, but Mrs. E. D. Ingraham was elected chairman of the Executive Committee for the naming of a new director to be appointed at the May meeting and that time the first vice president will be elected.

L. D. Deverich appeared before the board last night to appeal for the inclusion of the United Guidance Center in New Rochelle on the list of beneficiaries explaining that the center serves all communities from Pelham to Mamaroneck.

The Mamaroneck Kiwanis last night heard an appeal from Mrs. E. B. Ingraham for full support of the Cancer Fund drive which will also send out workers in progress in the village and a description of the clinical services available to local residents at the New Rochelle and United Guidance Center.

Mr. O'Donnell will outline the purpose of the organization and the duties of the delegates as they go back to their respective communities. The meeting will complete its organization meeting by the appointment of a secretary, treasurer and publicity chairman.

Edward Murray of Yonkers, chairman of the County Democratic organization, will greet the members and introduce Mr. O'Donnell and brief talks will be given by Miss Josephine Plant and Hugh Carey, co-chairman for the OPA's chair-person of the school district.

Government Acts To Buy Supplies For Europe

WASHINGTON (AP)—Americans may have to take a still sharper cut in flour supplies than the 25 per cent reduction ordered last week to make more bread available for hunger sufferers abroad.

This possibility arose today as the House passed a 20-cent-a-bushel bonus over current market prices which are at ceiling levels. Some buyers cannot meet the Government offer without violating OPA Price Ceilings.

As a result, millers are illiquid to supplies of wheat they have on hand. Some have reported they have enough to last them through the next two weeks. By May 1, the Government will require supplies to 21 days' requirements, if they will be forced to shut down.

Just what mills will do for wheat after their 21-day supply runs out is the big question being asked by the industry.

Although officials have not said so, the Government no doubt will find it necessary to recall some wheat to millers to enable them to buy more wheat and until new stock runs out and until new crop wheat becomes available.

The 30-cent bonus offer expires May 25, and officials expect it will be extended to June 15. The 30-cent bonus offer expires May 25, and officials expect it will be extended to June 15.

Finance Agriculture Department officials say it is possible that virtually all the wheat reserves held by farmers, which are being used for flour, will be used by late May. But some of these authorities doubt there is enough flour to supply the country's needs for nearly two years.

## Kiwanis Hears Appeal To Aid Cancer Drive

William F. MacDonald, Jr., former first vice president of the Mamaroneck Community Chest was unanimously elected president last night by the Board of Directors after the official resignation of Samuel Stearman.

Mr. Stearman has been unable to find a permanent home in Mamaroneck and will move shortly to New Rochelle, he explained. The resignation was accepted by the directors with great regret.

Mr. MacDonald's election to the presidency leaves the post of first vice president unfilled, but Mrs. E. D. Ingraham was elected chairman of the Executive Committee for the naming of a new director to be appointed at the May meeting and that time the first vice president will be elected.

L. D. Deverich appeared before the board last night to appeal for the inclusion of the United Guidance Center in New Rochelle on the list of beneficiaries explaining that the center serves all communities from Pelham to Mamaroneck.

The Mamaroneck Kiwanis last night heard an appeal from Mrs. E. B. Ingraham for full support of the Cancer Fund drive which will also send out workers in progress in the village and a description of the clinical services available to local residents at the New Rochelle and United Guidance Center.

Mr. O'Donnell will outline the purpose of the organization and the duties of the delegates as they go back to their respective communities. The meeting will complete its organization meeting by the appointment of a secretary, treasurer and publicity chairman.

## Big 4 Powers Meet To Plan Peace Treaties

PARIS (AP)—The foreign ministers of four victorious world powers assembled in Paris today to iron out differences which have blocked the signing of peace treaties for Italy and other vanquished nations.

The conference, tentatively scheduled for 2 P. M. today, at the suggestion of U. S. Secretary of State James V. Byrnes to discuss questions which have bedeviled a Deputy Foreign Ministers' Council in London for months, was opened by the scheduled May 1 peace conference in Paris.

Diplomatic observers in Paris and other parts of the world eyed the conference closely for clues to whether the Big Four would be able to work out compromises in the light of the United Nations Charter and the Potsdam Conference.

The delegates have been able to compromise few of the disputed points. The main sticking points are the terms of the Italian armistice, the terms of the German armistice, and the terms of the Japanese armistice.

The great difficulty facing the Foreign Ministers—Ernest Bevin of Britain, George Bidault of France, Vyacheslav M. Molotov of Russia, and Byrnes—was expected in reaching an agreement on the treaty to end Italy's nearly three years of "hand-to-mouth" existence.

The four powers are divided over Russian reparations demands. Italy, on Russia's desire for control of Tripolitania, and on Soviet demands for bases in the Balkans.

Newspapermen will not be permitted to approach Luxembourg Palace where the sessions are being held and the only access to the conference will be in one or two-line communications which will say that meetings were held.

## Doern Answers The 864 Question

Peter C. Doern, Jr., candidate for election to the Rye Neck School Board, answered the 864 question last night at the League of Women Voters' Community meeting before anyone asked him.

"To those who want to know why I, the father of eight children, am running for the Rye Neck School Board when our children attend the Parochial School, I want to say that we are, as you know, Catholics and we want them to have a good Catholic education. On the other hand, the Rye Neck School district are very dear to me and have been for the last 25 years.

"There are those, also, who suspect that I am running for the school board in order to see to it that the walls of the Bellows High School are kept well bolstered by cause, within a few years, there will be an onslaught of Doerns up on the high school with almost incessant frequency."

## Rail Wreck Death Toll Reaches 44

### 125 Others Injured In Burlington Exposition Flyer's Crapack

#### SCARSDALE MAN HURT

NAPVILLE, Ill. (AP)—At least 44 persons, including the parents of a former Greenwich resident, were killed when the Burlington Railroad's fast Exposition Flyer, racing through Chicago's Western suburbs, was derailed in a mile-a-minute clip, ripped into the road's Advance Flyer yesterday.

Thirty-one of the 125 persons injured remained in hospitals. Some were in critical condition. All but two of the dead had been identified.

Matthew L. Lawrence, father of Craig Lawrence, 21, of Shippan Point, Stamford, formerly of Greenwich, died at Naperville, Ill., hospital yesterday shortly after being taken from the wreck of the Burlington train. The body of Mrs. Lawrence has not yet been recovered. The couple were enroute from their home in Essexville, Mich., to a sister's home in Naperville, Ill., where the father of the deceased, Craig Lawrence, Jr., is a senior at Greenwich High School.

Among the injured was H. E. Ringgold, Scarsdale, N. Y.

The crash of the two steel cars followed an unexplained stop just 31 minutes after they left Chicago's Union Station simultaneously at 12:35 P. M. on separate tracks, but after a few miles moved onto a single track, with the advance flyer which ran on a faster schedule, in the lead.

At least 150 to 200 persons, headed for the Exposition Flyer, were on board. The crash of the two steel cars, headed for San Francisco, was headed for San Francisco.

Made Uninjured Stop

Two minutes after the Advance Flyer made an unexplained stop in this village of 5,287, a terrific crash came through the countryside of the Exposition Flyer and into the rear of the stalled train.

A moment of tragic silence was broken by screams and cries for help. Passengers were hurled from their seats, some were killed, some were injured, some were mangled.

At first there was complete confusion. High, whining passenger coaches were overturned or left the rails, six on the Advance Flyer and five on the Exposition Flyer.

Through the night, hours after the accident at 1:06 P. M., search continued for additional bodies. This was discontinued at dawn, however, when officials were convinced that all casualties had been accounted for.

Warfare For Engines

As Burlington officials pursued their investigation of the worst of its history and also the most tragic in the Chicago area, the Attorney General, Du Page County said a warrant charging manslaughter had been issued against W. W. Blaine, 43, Galeburg, Ill., engineer of the Exposition Flyer.

Daniels said the action was taken to insure Blaine's appearance at an inquest later into the deaths. Daniels said he had interviewed members of the train crews and found no evidence of laxty.

Daniels said that Blaine, for now 43 years, a railroad man, told him that just before the collision Freeman E. H. Crayton swung him he was going to strike the Advance Flyer. He said Crayton apparently jumped the tracks and was killed.

Stayed At Throttle

Blaine, however, stayed at his throttle as his train sped toward the stalled Advance Flyer. The Exposition Flyer was pushed into the rear coach and for a moment it appeared as though it might be in the air, then through the roof, then plunged with terrific force into the foot and tracks of the car.

In force was not spent, and it continued on through three quarters of the length of the rear coach, ripping its top, spreading its wide, and inflicting death and injury to most of its occupants.

Blaine suffered cuts on the head and was taken to Aurora Hospital.

Daniels quoted the engineer as saying that he was going too fast and that his train was traveling 85 miles an hour when he noticed the stalled Advance Flyer.

The engineer applied the brakes at once, but Blaine related, but "It was too late."

## Dutch Elm Disease Afflicts 35 Trees In Mamaroneck

The Dutch Elm disease has afflicted about 35 trees in the Village of Mamaroneck, Manager William H. Johnson said today, and they have been tagged for disposal by representatives of the Department of Agriculture who visited this area recently.

"Twenty of the trees are on village property and the Department of Public Works this week completed the task of cutting them down and burning them. They were located in various places throughout the village, including the Exposition Flyer site. Owners of the untagged trees were notified. Mr. Johnson stated, said will attend to the removal of the trees.

Lloyd Rice, foreman of the two departments of the DPW, was in charge of the work for the village assisted by Leslie McArdle and Donald Lyons.

## Harbor Island Floats Given Early Trout

If the swimming season doesn't get underway in earnest in the next few days, it will be in the harbor islands which are now in dry dock and are going to be getting their trout.

The youngsters are getting tired waiting for the water to warm up. Manager William H. Johnson said today and have been bringing the village floats to no good use. They have apparently been using their imaginations to warm up and dive and hang on to the anchors as though the floats were hiding the Summer waves instead of standing stidly on the unyielding sand.

The Park Department guards will be as relieved as the kids themselves when old man Summer really gets here and the floats can go into the water. So far only a few hardy 10-year-olds have been seen venturing into the Sound for a swim.

## Rail Walkout Seems Certain

CLEVELAND, (AP)—Except for the possibility of further government action—which there were wartime precedents—there appeared today little chance to head off a nation-wide walkout of nearly 300,000 trainmen and engineers on May 15, halting rail traffic all over the country.

Originally scheduled to begin March 11, the strikes was postponed yesterday as the two Brotherhoods turned down the offer of a Presidential Fact-Finding Board.

It could be forestalled if the nation's carriers made concessions in conferences which are to open in Valley Road at Larchmont, where they were waiting previously on the carriers' attitude toward the Fact-Finding report itself, doubted that this development was likely.

Further government action could take two courses, either seizure and operation of the roads by Federal authority, or a suspension of fact-finding efforts, group appointments of a new Board or reconvening the old.

## Friday Service Series To Close

The final late formal Friday Service for the season will take place tonight at 8:30 P. M. in the chapel of the Mamaroneck Hebrew Institute.

## Voters Register Tomorrow For Annual School Elections

All residents of Larchmont, Mamaroneck and Rye Neck who wish to vote on their school budgets May 7 and for school board candidates May 8 must register tomorrow between the hours of 8 A. M. and 8 P. M.

The polls will be open in the Larchmont-Mamaroneck District and Mamaroneck Senior High School on Palisade Avenue, Jr. in the Rye Neck district, voters may register at the Bellows High School on Carroll Avenue.

There is no contest in the Town of Mamaroneck district where Charles Pease is running for reelection and Hugh Kirkpatrick is running for reelection. In Rye Neck, four candidates, including incumbent Peter C. Doern, Jr., Dr. John P. Fox and Malcolm D. Brown are contending for the two posts.

## Brown Issues News Report Clarification

Amplifying his talk made Wednesday night before the Mamaroneck Rotary Club, succeeding Mayor Joseph P. Brown said the school board candidates' meeting in the Barry Avenue School auditorium, Tuesday, May 7, was an advisory meeting. He said the following statement to "The Daily Times":

"After reading the report of last night's meeting at the Barry Avenue School I feel some necessity of restating certain of my remarks on that occasion.

"It has been assumed that the City of Rye has abandoned the idea of appointing the directors of the Rye Neck District, standing by itself, the district evidently could realize sufficient operating savings only by drastically reducing its educational standard.

"It seems reasonable to believe that a merger with the Mamaroneck District would be a better solution. I am sure that the people of the district are in favor of this plan. I am sure that the people of the district are in favor of this plan. I am sure that the people of the district are in favor of this plan.

## Famous Boxer To Speak At Legion Party

## U. S. Determined To Override Russians On Austria Occupation

### BYRNES HOLDS FIRM

PARIS, (AP).—The United States approached a critical stage of the Four-Power Foreign Ministers conference today apparently determined to override Russian objections and insist that Austria be cleared of occupation troops and recognized as a truly independent nation.

Secretary of State James F. Byrnes was reported ready to demand at today's meeting of the brown and white "Terror" cross adopted for Austria, and that Trieste, port city at the head of the Adriatic, remain its Italian sovereignty.

The United States maintained that Italy should retain Trieste because of that city's predominant Italian population. The United States facilities should be internationalized to encourage trade for Austria, Hungary and nearby states.

This proposal has been opposed by Yugoslavia, which was overruled by the United States, and the Yugoslav position has been supported by Russia.

The fact that he had been doing so since the late calling attention to the coming elections which he felt are of great importance to the community makes me feel the urgency of your request, as briefly as possible, the answers which I made to the questions proposed for discussion by the Mamaroneck League of Women Voters.

It is impossible to build a five or six-room house in Westchester under the \$10,000 ceiling and at the same time comply with building codes. It was declared. Another question will be widespread unemployment in the building trades, the Building Inspectors predicted.

**Horridge Warns Board of Danger in Tax Cut**  
Ex-Mayor Terms In Rem Maneuver 'Unsound'

Former Mayor Henry T. Horridge told the Mamaroneck village board in no uncertain terms last night that he considered it "dangerous" to effect a step increase in the gross budget by approving an estimated \$125,000 anticipated from the sale of in Rem property.

The money which the board expects to receive from the sale of foreclosed properties represents, he pointed out, 10 years or so of uncollected taxes and he warned against a piling in the whole amount against one year's operating expenses in order to effect a reduction in the tax rate.

"If the gross can't be reduced," he declared, "then you are asking for next year's tax rate. It's unwise to take a windfall and slip it in as a credit against one year's operating expenses. It's like a false reduction to me. What about next year? You'll be looking around for something to offset an increase in the gross next year and where will you find it? There'll be no cushion because you've used it up next year."

Mr. Horridge stated that once a gross budget starts going up it's a vicious thing in the world to get it down again" adding that when it starts going up he is guessing at the amount, and when it's down he is guessing at it. "then I say it's dangerous."

Mayor R. J. Santoro replied that he and the board have spent "more time on this problem than we have on any other problem in the budget and we expect to spend more time on it."

Mr. Horridge pointed out that by the sale of the properties, the tax base will be increased and that the amount of money which would come in from the sale and the amount of money which would be paid in the amount of the property would produce a net result which would be a conservative estimate.

Mr. Horridge predicted, however, that if the gross figure is again increased in the same proportion as this year, the rate will jump from \$16.45 to \$19 per thousand and that the amount of money that would be paid in taxes "That's too much of a jump."

The mayor promised that the board would give the matter further study before the document is presented to the board.

Mr. Horridge's statement was the only detailed analysis of the document offered by any member at last night's public hearing and the only criticism except for the fact that the tax rate would be increased.

**U.S. Offers Plan For Occupation Of Germany**

PARIS, (AP)—The Foreign Ministers Conference decided to devote its entire session today to a discussion of Trieste and the Italian-Yugoslav frontier questions after receiving from U. S. Secretary of State Byrnes a proposal for a four-power mutual assistance pact to keep the peace in Germany for at least a quarter of a century.

The historic secret United States proposal, which would commit the military forces of the United States, Britain and France to assure a permanent German disarmament, was discussed at a press conference last night following a meeting of the Foreign Ministers Conference.

The Secretary of State also adopted the matter might be taken care of in the future by a resolution from the Security Council which would be applicable to the budget at the time of its adoption.

**Black Market Made Target Of Government**

WASHINGTON, (AP)—The Government turned more heat on the black market today with the double aim of improving the domestic food situation and halting the diversion of famine relief supplies for overseas.

The Justice Department announced the start of a "vigorous crackdown" on income tax evaders suspected of reshiping huge black market profits.

They are going after these fellows, said General Tom Clark announced, promising that the "war" will be strengthened and accelerated.

OPARA also disclosed a stepped-up enforcement campaign aimed primarily at the black market in the American Airlines System.

Administration Paul Porter said the Government will have 800 representatives working against the black market in India, during missionary work, for two years.
