

Combing the Town

Blair Heads Planners

G. Norman Blair was appointed last night as temporary chairman of the town of Mamaroneck Planning Board at a meeting at the Edgewater at a Police Station Councilman J. C. Waterman was designated as liaison between the town council and the board, and Mrs. Margaret Barrow was appointed secretary.

A number of minor modifications were made to the first draft of the organization of the board, and requirements for approval of subdivision plans were discussed.

Attending were Col. William J. Shea, George Schuler, Morgan Burke Jr., Mr. Blair, Mr. Waterman, Thomas McGrovey, and John Dellus, attorney.

Reunion

It took a long time, 62 years to be exact, but on Thanksgiving Day Dominick Samela of 121 Prospect Avenue, Mamaroneck, reunited with his family as he last saw in 1892 in Italy.

Mr. Samela, an employee of the village of Mamaroneck and known to many residents as "Black Jack," came to this country in 1892 and his aunt, now Mrs. Mary Danahy Nease, is coming home, Pa., arrived here in 1904, but aunt and nephew had no contact throughout the years.

Two months ago Mrs. Margaret Nease, a cousin to the late Mrs. Danahy and informed her that Mr. Samela was in Mamaroneck last Thursday Mr. and Mrs. Samela traveled to Nesquehoning for the reunion.

Mr. Samela was a member of the Mamaroneck State commission in 1927, chief of the Mamaroneck Fire Department in 1932, and for several years has been employed by the village as a truck driver.

New Mail Manual Out

A new postal manual containing all important new postal regulations, effective this year, is issued by the Post Office Department and is available from the superintendent of the post office at Washington 25, D. C. It was announced this morning by Postmaster Lorraine F. Linsch of Mamaroneck and Paul Lane of Larchmont.

The publication, which brings together in fewer than 300 pages postal regulations formerly scattered over 4,000 pages of dense print, costs 65 cents and all users who wish to keep abreast of future changes in regulations may see the pamphlet in loose-leaf form, and a yearly subscription for change sheets for \$2.

The book, according to the postmaster, represents the "official word" on all postal regulations and is printed in easy-to-understand English. It also contains simple black and white illustrations on how to make envelopes for mailing and outlines regulations on matters of special interest to all mail users, they added.

Invents Radio Device

M. K. Bretzfelder of 1 Glen Eagles Drive, Larchmont, has described in the December issue of the National Amateur Radio Magazine, a new unit to improve the ability of very-high-frequency receivers to reject unwanted signals.

Mr. Bretzfelder designed the device, which improves selectivity while eliminating the troublesome ignition interference, to be used with a W2XPK, for Civil Defense communications with the county control station at White Plains.

A member of the Larchmont Civil Defense communications division, Mr. Bretzfelder is a past president of the Westchester Amateur Radio Club, is married and has three children: Robert, fourteen, a Junior High School student, and Edward, ten, and David, five, pupils at the Murray Avenue School.

Blackwood, Mason Join C. of C. Board

Robert C. Blackwood of United Supplies Company, and E. A. Mason of the Technical Material Corporation, were welcomed to the Mamaroneck Chamber of Commerce Board of Directors at a meeting last evening in the Chamber office. President William Pulcher introduced and congratulated the new directors.

Twelve new members accepted into the Chamber are All County Electric Service, 198 Elm Street; Clover-Prosper Market, 183 Mamaroneck Avenue; Davis Electric, 205 Mamaroneck Avenue; Pedersen Lumberhouse, 272 Mamaroneck Avenue; Hornidge and Harper, 142 Mamaroneck Avenue; Larchmont Motel, 201 West Park; Martin Levitt, dentist, 801 Pleasant Avenue; Pet Paradise, 801 Mamaroneck Avenue; Rubenhold Toyman, 1212 West Park; Road; Tommy Chen's Casino, 1005 East Post Road, and associate member, Phil Rignato, 412 Murray Avenue.

Mr. Pulcher reported as chairman of the tree fund committee, that the original goal of \$5 trees had been surpassed. A letter from Mrs. Harvey Conover, president of the Mamaroneck Advisory Council, thanking the committee for its help in the project, was read to the board. It was stated that \$200 has been accumulated and that the fund will be used to purchase trees to plant in the town.

HOPKINS SEES C.D. VITAL TO SURVIVAL

Defense Volunteers Stalled As Executive Describes Continuing Hazards

WHITE PLAINS—As long as a foreign power has the secret of the atomic bomb and the means of transporting it, Civil Defense will be vital to survival. County Executive James D. Hopkins declared last night.

Speaking to Westchester County Board of Supervisors at the County Office Building, Mr. Hopkins said that "though the danger may seem to fluctuate from time to time, we must be prepared."

Mr. Hopkins expressed his hope that the C. D. volunteers will be able to help the county in the event of a nuclear attack.

Clara, a member of the County Board of Supervisors, noted that 85 per cent of the county's medical facilities are in the hands of the C. D. volunteers.

Mr. Hopkins said that the county has a reserve program in place to handle public works vehicles, and that the county has a reserve program in place to handle public works vehicles.

4 More Draft Years Favored In Congress

WASHINGTON (AP)—Four Senators agreed today that the new Congress will extend the draft act but differed over how long the Pentagon's new military manpower plans should be in effect.

Secretary of Defense Wilson outlined the program yesterday. He will call for a four-year extension of the draft law, a modified form of universal military service that will provide for long and short term draftees, more pay for long service men and little change in the historic reserve and National Guard setup.

Mr. Wilson told a news conference that, while some details remain to be settled, President Eisenhower will present the plan in the State of the Union message to the new Congress in January.

Mr. Wilson said that the county has a reserve program in place to handle public works vehicles, and that the county has a reserve program in place to handle public works vehicles.

McCarthy Predicts 'One-Sided' Decision; Show-Down Tomorrow

WASHINGTON (AP)—A vote to censure Senator McCarthy is expected to be held today. The anti-censure group "Ten Million Americans Wishing for Justice" is expected to win the vote.

Democratic Senators said they expected their ranks to hold virtually solid for the anti-censure group. The anti-censure group is expected to win the vote.

Under a unanimous consent agreement adopted at Mr. McCarthy's request, the debate started at 3 P. M. While this has been some delay, the final showdown of the extra-ordinary session began Nov. 8 in New York City.

McCarthy's Senate was called into session at the unusually early hour of 10:30 A. M. The closing round of general argument which has grown increasingly bitter in its final moments.

Today's Chuckle

Although the world may laugh and jest, a life with Mama is the best. The greens just can't take it. Spring Lake in Yorkers drew 56,433, including 43,344 from Westchester, 22,585 New York City and 404 from other outside areas.

Traffic's Your Problem

Without exception, police chiefs and traffic supervisors in 13 points covered in a survey declared strongly that an attitude of more courtesy toward the "other driver" could reduce accidents to the minimum caused by mechanical failure.

The lack of courtesy, which is widespread for the other fellow, obviously goes hand-in-hand with disrespect for the law.

Courtesy and willing to keep to the right, definite acts of discourtesy even in their midst.

Radio Message Spurs Missing Plane Hunt

NORTH CONWAY, N. H. (AP)—A faint radio message and an unsubsantiated report of sighting a plane on a mountainside today spurred ground and air search for a Northeast Airlines plane downed yesterday with seven aboard.

The brief radio voice message—"unintelligible" for anyone who could pick it up—read: "On emergency—down five miles north of Field Hill." The message then faded out.

At about the same time a report attributed to a Civil Air Patrol pilot said wreckage of a plane had been sighted in the snowy wilderness of Bald Mountain.

The general search area was described as quite mountainous but with several large sections of flat ground. From one to two feet of snow covered the ground.

Robert L. Turner, airline vice president, said the radio message was sent on an emergency frequency.

Mr. Turner said the message was identified as from "732," the flight designation of the missing plane.

\$2 Million Bond Issues Passed; 68 Per Cent Of Eligible Vote

Bond issues totaling \$1,800,000 for additions and alterations to Mamaroneck Senior High School won overwhelming approval by school district voters in a special referendum yesterday at Mamaroneck Junior High School.

The issue for structural additions and alterations to the building, totaling \$1.8 million, was passed by 677 to 150, and the proposition to spend \$30,000 for land needed for the proposed addition was passed 634 to 148.

A total of 680 valid, two-line ballots were cast, 68 per cent of the 998 persons who were registered and eligible to vote.

Balloting began at 8 A. M. when School Board President Robert C. Timpani convened a special meeting for the referendum. Voting was steady throughout the day and the meeting was adjourned at 10 P. M.

The Board of Elections which handled the referendum and counted the ballots included Mrs. Marguerite McGrovey, Mrs. Hazel A. Conroy, Miss Elsie R. Rouken and Mrs. Annelia Ernst.

James Aherm, superintendent of schools said this morning, that the public has expressed to overwhelming its confidence in the Board of Education and in the lay committee which first studied the needs of the district.

The enlarged school will accommodate approximately 1,100 pupils and will begin as soon as working drawings are completed by McCoy and Blair, architects. Specifications are being prepared and a contract is being anticipated, according to Aherm, that the necessary drawings will be completed by April 1.

Advertising for bids will then follow and the contracts entered into by the School Board.

Local Driver Earns W-101 Plate After 21-Hour Wait

WHITE PLAINS—A truck driver who waited more than 21 hours walked out of the Auto Bureau today with the most distinguished of general license plates—W-101. The driver was issued the plate for next year because of the company on the line, on and off, from 3:30 P. M. yesterday through 11:30 P. M. yesterday.

Michael C. Carpio, twenty-seven, of 77 Cedar Street, Mamaroneck, who has been a non-owner of a W-101 since 1952, reported he got "on line" for the W-101 yesterday.

The Bureau closed for yesterday. Mr. Carpio will not use the W-101. He had two applications in line and under agreement with those in line behind him he was allowed to take W-101.

The lower number will be used by his brother-in-law, Philip D. Carpio, of the same address, who was W-107 two years ago.

Mr. Carpio's wife, Mrs. Mary McElroy, who was W-102 last year, is also on the line. She was issued the W-102 plate on a 1948 sedan, had company on the line, on and off, from 3:30 P. M. yesterday through 11:30 P. M. yesterday.

Mr. Carpio's brother-in-law, James Carpio, a student, both of 225 Mitchell Road, Mamaroneck, was W-103 last year. He was issued the W-103 plate on a 1948 sedan, had company on the line, on and off, from 3:30 P. M. yesterday through 11:30 P. M. yesterday.

Yans Heads Auxiliaries

Frank Yans, 341 Mount Pleasant avenue, Mamaroneck, was elected president of the Auxiliary Post 1088 Association at a meeting last night in the squad room at Mamaroneck Police Headquarters.

Other officers elected were: Herbert H. La Rosa, 1189 Franklin Avenue, vice president; George Brower Jr., Larchmont Area, treasurer; and John A. David Jr., 147 Pine Knoll Lane.

Mr. Yans was born in Europe, but moved to Mamaroneck at the age of three. He was educated in the Mamaroneck schools and carries on a home-maintenance business from his own home. He is married to the former Betty Gnocchi of the Bronx and the couple has three children: Frank Jr., nineteen, a sophomore at Massachusetts Institute of Technology; Marilyn, fifteen, a student at Good Counsel Academy; White, eleven, and Virginia, nine, eleven, who attends Holy Trinity School.

Plans were completed for the installation dinner at the Elms Inn on Thursday when the outgoing president, Howard Hagbeck, will be honored.

Muscular Daytrophy

The final push for contributions to the muscular dystrophy campaign will get underway today at 8 P. M. when Mamaroneck Village firemen and Post 1088 Auxiliary members will again take up the job of collecting funds.

Fire Chief Charles Valentine asks residents to leave porch lights on and to have contributions ready. Money not collected tonight can be left in mailboxes to be picked up by local mailmen.

'54 Spaghetti Event

The annual spaghetti dinner will be held tomorrow at 7 P. M. by the Mamaroneck Democratic Club at the David Post, Jr. Post, 1189 Franklin Avenue, 125 Boston Post Road, Nicholas Leon and Louis Savarino, chairman, announced this morning. Reservations may still be obtained through Democratic Club officers. The public is invited. Dancing will follow the dinner.

Journalism Seminar

Hiller Kriehbaum of 731 River Street, Mamaroneck, associate professor of journalism at New York University, will serve as a journalist on a panel at the Dean's Day Homecoming for alumni of NYU's School of Commerce, Accounts and Finance at the Washington Square Center, beginning at 10:30 A. M.

Dr. Kriehbaum was recently named head of a seminar to learn public reaction to science news reporting being sponsored by the National Association of Science Writers and NYU under a \$10,000 Rockefeller Foundation grant.

Addresses Admen

Robert M. Reuschle of 309 Carroll Avenue, Mamaroneck, national sales manager for WJTV-TV, Reading, Pa., will lead speakers at BR Television Inc., New York City, yesterday addressed a group of 200 advertising agency radio and TV buyers at Toots Shor's restaurant, New York City.

As guest speaker at the Time Buying and Selling Seminar of the Radio and Television Executive Society, Mr. Reuschle spoke on "Agency Technique Sales and Sinners."

Mr. Reuschle has lived in Mamaroneck for nine years and is married and has three children, Robert, thirteen, a student at Bellows Falls High School; Jeff, ten, a pupil at the Harry Avenue school; and Linda, four, a pupil at the Colonial Nursing School.

Cooking A Parley

DEBATED 67-22, M'CARTHY HAPPY 'CIRCUS' OVER Senator Condemned On 2 Counts As Special Session Ends

WASHINGTON (AP) — Senator McCarthy stood condemned for his conduct today by a 67-22 vote of his Senate colleagues.

The judgment of the Senate was handed down late yesterday and after the vote was in Mr. McCarthy told newsmen he was "very happy" to see this circus over.

The vote adopting a resolution condemning Mr. McCarthy's conduct began Nov. 8, but became increasingly tense and bitter.

On the final vote Republican Senators divided evenly, 22-22, with 44 Democrats voting 80-20.

So did Senator Morse of Oregon, the Senate's lone independent.

4th in Senate History

"Thus Mr. McCarthy became the first Senator since 1920 to be so condemned by his colleagues for his actions, and the fourth in Senate history."

Despite the sharp Republican rebuke, Mr. McCarthy said he did not believe he would leave his Senate seat during the party.

Senator Bennett N. Uihari, said he would be "very necessary" because then we will be the minority party."

The Republican leadership in the Senate divided on the resolution of condemnation. Voting against it were Senators Knowland, Calif., the majority leader; Bridges, N. H., the temporary President of the Senate; and Milton Eisenhower, chairman of the conference of all Republican Senators.

Mr. McCarthy, asked if there was any talk for reports that he might break away from the Republican Party to form a new party, replied "I'm not thinking of it."

Mr. McCarthy said he intended to remain a Republican, he said. "And I will do my work within the Republican Party because that's the best place."

The resolution, as adopted by the Senate in its final form, censured Mr. McCarthy's conduct on two counts:

1. That he had obstructed the Constitutional processes of the Senate by failing to cooperate with and by repeatedly abusing a Senate Select Committee investigating an intricate commercial matter.

2. That he "acted contrary to the Senate's honor and dignity and disrupted" by his attacks on the provable conduct of the burglar in Brooklyn of the small, twenty-nine of Elmford Harbor Lane, Brooklyn, police say.

Pontiff's Condemnation Called Satisfactory But Anxiety Grows

WASHINGTON (AP) — The Vatican called the Pope's condemnation satisfactory today, but expressed anxiety for his life was emphasized in reports on the severity and range of his ailments.

Roman Catholics throughout the world joined in prayers for recovery of Pope Pius XII. His closest associate, Mgr. Giovanni Batista Montini, said his bedside in the Vatican palace.

The Vatican disclosed officials that the seventy-eight-year-old Pontiff had received treatment for "severe" irritation accompanied by abdominal tension.

This condition is a irritation of the lining of the abdominal cavity, he reflected the Pope's long struggle against a gastric disorder accompanied by spells of bloating and nausea.

The bulletin of the pope's physician, Dr. Riccardo Galeazzi-Lisi, said X-ray and clinical examination made yesterday afternoon showed nothing alarming.

Early last night, soon after the Pope took a turn for the worse, a Vatican press spokesman said the Pontiff had suffered a heart attack.

There were conflicting reports about the condition of the Pope's heart, but it was emphasized that he came through the night "relatively tranquil."

TRIPLE-VARIANCE DECISION DELAYED

Mamaroneck Zoning Board Hears Pleas by Jubb On New Apartment

Decision was reserved last night by the Mamaroneck Zoning Board of Appeals on an application by John Jubb, 423 Palmer Avenue, for three variances needed to erect a 41-family apartment building at Palmer Avenue, Pennington Road and Stanley Avenue.

The proposed building would extend about 173 feet into a Residence B zone which allows 41 instead of 37 families each occupant by about 100 feet. The 1,500 square feet per family, would occupy 26 per cent instead of the permitted 23 per cent of the entire parcel.

In presenting the application for Mr. Jubb, Morris Karren, White Plains attorney and former Mamaroneck resident, pointed out that Mr. Jubb had lived in the building for 15 years and owned most of the property involved since 1942, and acquired the last piece in 1949.

Mr. Jubb, he stated, could not find an apartment on Palmer Avenue at a depth of 100 feet without Board permission, but preferred to deal with the property as a unit. The dividing line between the Residence B and C areas runs through the property, Mr. Karren said.

Diagonally across the street, Mr. Karren continued, is a small shopping center and in the rear of Stanley Avenue to the railroad tracks is a plot which the Village owns and intends to develop into a park. This plot, he pointed out, is the only one undeveloped in the area. The type of construction, he argued, would "turn the park into a failure."

MOST RECENT public appearance of Pope Pius XII was Sunday when the Pontiff appeared at a window in the Apostolic Palace in the Vatican City, where he lives, to bless street workers assembled in St. Peter's Square, the Pope AP Wirephoto.

Short-Change Here Points To Possessor Of Hot Bonds

A Mamaroneck bank teller's error resulted yesterday, two and a half months after the mistake was made, in the issuance of a federal warrant for Rose L. Labovitz, twenty-nine, of Elmford Harbor Lane, Brooklyn, police say.

The error which led to the warrant occurred Sept. 15 when Mrs. Rose Rae Wilcox, bank teller at the Union Savings Bank, Mamaroneck, cashed bonds totaling \$157.30 for an unidentified woman who received a cash story about a nine-year-old daughter who had broken both legs and was confined to the hospital.

In tabulating at the close of business it was discovered, according to police, that a bond had been cashed for \$157.30.

Postmen And Public Pestered By Rising 'Junk' Mail Volume

The "junk" mail stuffed in mailboxes in Larchmont and Mamaroneck, not personally addressed, has become a problem for the Post Offices but also creates a danger, a Post Office spokesman here pointed out, if it is not identified and boxed.

The danger, he said, lies in the fact that sorting mail and placing it in the boxes, important first-class mail may get stuck into "junk" mail cartons and be torn up or otherwise discarded by residents who don't bother to open their mailboxes.

The "junk" mail "is continued" and "unpopular with patrons and unpopular with the carriers. It makes their loads heavier. With the increasing Christmas rush it will prove even more unpopular.

"There would be less mail," he continued, "if the advertisers would use direct mail and place their mail in the boxes, important first-class mail cartons and be torn up or otherwise discarded by residents who don't bother to open their mailboxes."

Phone Company Fights In Court For \$68 Million Rise In Rates

ALBANY (AP)—The New York Telephone Co. opened a court battle today in its bid for a \$68 million yearly increase in rates.

The company filed a petition in State Supreme Court here asking that the Public Service Commission's denial of the rate increase be set aside.

The PSC last Aug. 6 rejected New York Telephone's plan for increases amounting to 70 cents a month for most home phones and \$2 for most business phones.

The five-member commission said the firm's earnings were high enough under present conditions.

In its petition, New York Telephone declared state law required that rates for telephone service be high enough to provide a reasonable average return on the value of telephone property. It had failed to comply with the law in supplying service to customers.

The company argued that the rate increase would be more than 200 percent of the company's property. Arguments on the rate increase were heard in public hearings that piled up 426 pages of testimony from more than 200 exhibitors.

The telephone company asked the PSC for a rehearing after its original application was turned down. The commission on Oct. 1 denied that request.

U. S. Asks UN Aid In Freeing Airmen

UNITED NATIONS (AP)—The United States press today for U. N. action to free 11 American airmen held by Red China on spy charges. The move brought 15 Korean allies.

Major Cabot Lodge Jr., U. S. chief delegate, after a brief meeting in Washington, urged the United Nations to take action to free the airmen.

Representatives of the 15 nations promised immediate consultations with their governments on possible steps. They agreed to hold another meeting for today.

President Eisenhower's 101st newsman in Washington yesterday did not see "how the United Nations can possibly discharge itself of a feeling of responsibility in this matter," he said.

Similar charges have been expressed by the Senate and House of Representatives. Mr. Eisenhower may underscore his interest in the case by sending Secretary of State Dulles here to take a personal hand.

Traffic's Your Problem Too Heavy A Toe Defeats Safety Devices Spreads Big Problem As Police Strive To Save Lives

By JOHN POWELL

Moderate high-shouldered cars haven't contributed anything to safety on the highways. That's because, with all their improvements in equipment, construction, riding and ease of driving, they have not changed the human factor—the man behind the wheel.

Many people, for some unknown reason, they drive "power mad" when they develop a car. They are the "power mad" type. They are the "power mad" type. They are the "power mad" type.

"Avoiding that madness is just a matter of plain common sense," says Lt. Michael Morgan of the Westchester Parkway police. "No one on foot would jump over a marked excavation barrier. But cars do so often that power under their foot seems to pay attention to marked spots safety zones."

It's a common pattern and the most important prerequisite of safety. Lt. Morgan says, State Troopers during yesterday handed out 2,814 tickets for speeding on Troop 109's jurisdiction 5' Westchester, Putnam

Watkins, Stennis Report

Rule Reforms Urged For Senate Probes

WASHINGTON (AP)—Senators Watkins R. Utah and Stennis D. Miss. reported today that the Senate reopens its rules governing investigating committees as a follow-up to its concentration on Senator McCarthy's conduct.

Mr. Watkins said rules changes proposed by the special committee in the procedures of Senate investigating committees.

Mr. Stennis, who served with Mr. Watkins on the special committee, said in a separate interview the new Senate should adopt the recommended rules changes after it convenes next month.

Mr. Watkins said the special committee suggested four Senate rules changes in its report recommended that the Wisconsin Repeals be considered by the Senate. The committee said it felt "much of the criticism against investigative committees hearings would have been avoided" if certain rules changes had been in effect.

One of the proposed changes disclosed—but on a man hearing such as those Mr. McCarthy has conducted as chairman of the Senate Investigations subcommittee.

Another recommendation would permit witnesses to be questioned only by committee member or by authorized staff members. It would prohibit public disclosure of testimony taken in closed hearings, except by a majority vote of a committee.

The fourth proposed change would require vouchers covering expenditures by any investigating committee to be accompanied by the chairman's signed statement that the investigation was conducted in accordance with Senate rules.

In a similar relation to the Senate issue, a special two-man Senate committee recommended yesterday that the fact about a check up on Mr. McCarthy's activities in 1932 be referred to the Justice Department for possible action. The recommendation will go to the Senate after it reconvenes.

The committee, which consisted of Senators Ferguson, Mich. and George, D. Ga.

Atomic Plan, Prisoner Talk

UNITED NATIONS (AP)—President Eisenhower's atomic peace plan comes up for a final vote in the General Assembly today. Expectations were high that the resolution would receive unanimous approval.

At the 60th session held for today's session, the United States proposed that the General Assembly act to free freedom for all American citizens held by Red China on spy charges. The move had the firm backing of Washington's 15 Bureau allies.

The atomic resolution calls for the establishment of an international agency to sponsor the development of atomic energy. Both the United States and Britain already have such agencies.

The proposal also calls for an international conference on peaceful atomic energy uses to be held not later than August 1 at a place to be decided. Organized under U. N. auspices, this meeting is to be held in all nations in the U. N. system.

Mr. Harriman claimed that the Republicans used the big issue of the 11 Americans held in Red China was made last night by Chief U. S. Ambassador Caffery at the United Nations. He said the 11 Koreans allies had returned to their homes and that the U. S. was possible.

Pope Pius Improves, Holds Conference With Top Prelates

Doctors Dispel Fears That Pontiff Has Cancer

VATICAN CITY (AP)—Pope Pius XII got a little better again today and specialists dispelled fears that the seriously ailing Pontiff has cancer.

Two clinical experts who took part in a bedside conference last night said the Pope was not suffering from a tumor of the digestive system.

The 70-year-old head of the Roman Catholic Church suffered a collapse Thursday that brought his close to death. But his sturdy heart pulled him through his critical illness and through the hours that allowed him to strengthen.

"Everything looks better," Dr. Luciano Casimiri, a Vatican physician, said in a statement to the press. He said the Pope's condition was improving and that the morning conference with leading prelates interpreted here as probably designed to end a speculation of some of his duties during his severe illness.

Preparation for a possible bedside consistory for a possible cardinal vacancy in the College of Cardinals would be filled. The announcement was foreseen earlier when two cardinals emerged from a bedside audience with the Pope and reported that the Pope was "much better and more cheerful."

The two prelates, Eugene Cardinal Tisserand, dean of the College of Cardinals, and Nicola Cardinal Canali, said the Pope spent a comparatively restful day.

Mr. Mitchell said at least 17 were on hand, most of them ready to vote.

Mr. Rayburn, who is scheduled to become Speaker of the House in the 54th Congress, represents the veteran wing of the party.

Christmas trees are beautiful, Peter Blackberg, in charge, found out yesterday when he stopped to admire one of the small fir in front of the County Trust Company at Palmer and Chambers Avenue, Larchmont. Similar trees have been placed in front of many of the stores and are illuminated by small electric lights.

REDS STILL HOLD U. S. POW'S, FREED FLYER DISCLOSES

Canadian Says He Saw Captured Americans In Prison Camp

HONG KONG (AP)—Squadron leader Andrew R. "Andy" Mackenzie, a Canadian flier shot down in the Korean War and just freed from imprisonment in Red China, says the Chinese are still holding some American war prisoners in his prison camp.

The thirty-four-year-old ace reported upon reaching Hong Kong yesterday that the Americans he knows about—all Air Force fliers—had been allowed to write home and it was known in the United States that they were alive.

He added that they do not intend to return to the American mainland until they are specifically released by the Chinese.

Names Withheld
Canadian and U.S. officials did not permit disclosure here of the names of the prisoners. The location of the camp also was withheld.

In Washington, an Air Force spokesman said three Americans were known to have been in the camp with Mr. Mackenzie. They are Capt. Harold E. Fischer of Swa City, Iowa; Lt. Kyle W. Cameron of Lincoln, Neb., and Roland W. Parks of Omaha, Neb.

Mr. Mackenzie reached freedom two years to the day after he was shot down near the Yalu River in North Korea while flying as an exchange officer with the Canadian Foreign Ministry.

Canadian diplomats had asked about him when they met the Chinese Communist delegation to the Geneva conference last June in Korea and Indochina. The Red Chinese refused to release him. They finally notified the Canadian Foreign Ministry informally on Nov. 23 that they would let him go at the border of this British colony yesterday.

Thin, But Healthy
Appearing thin, but otherwise healthy, Mr. Mackenzie said he and three Red Chinese guards. He wore a Red Chinese uniform and a Red Chinese cap.

Posting briefly for photographers, Mr. Mackenzie said he was in full health for a detour here on Christmas Eve.

The Prisoners are Sent to School

Victims of a three-car crash at Boston Post Road and Pelhamdale Avenue, Pelham Manor, were trapped in their overturned car and were rescued by passers-by, several of whom had also attended the dance at Huguenot Memorial Church last night.

Ten persons were injured in the crash, two seriously.

Police filed a summons for allegedly passing a red light and brakes on the driver, Charles Oppenz of Astoria, when he released from New Rochelle.

Car Exceeds Cross Traffic
According to police the accident occurred at 10:18 P. M. as the car driven by Mr. Oppenz traveled into cross traffic at Pelham Manor. Mr. Oppenz's car crashed into cars driven by Mr. Charles De Pillipo of 88 Lincoln Avenue, North Pelham, and A. G. H. Cori of 123 Pelhamdale Avenue, Pelham Manor.

Admitted to New Rochelle Hospital were Mr. Oppenz, who was treated for a concussion and multiple cuts on his head, and Mr. De Pillipo, who also suffered a concussion, fracture of two ribs and possible fractures of the neck and shoulder.

U. S. And Britain Map U. N. Action Against Red China

UNITED NATIONS (AP)—The United States and its 15 Korean war allies were reported close to agreement today on details of a resolution calling for the release of 11 U. S. fliers and other allied personnel in Red China's hands.

Informed quarters said the United States and Britain have resolved some points of difference which developed over the weekend. The two nations were agreed on basic points.

The two big Western powers expected to have a draft proposal ready for submission to a private meeting of the 15 Allies this afternoon.

The session was expected to decide the language of a resolution to be presented to the Assembly by the United States and whether the United States would sponsor it alone or be joined by the Political Committee.

Passage Later
After this afternoon the 15-nation Assembly Steering Committee, headed by Assembly President, Gen. Van Kliefken, was expected to vote overwhelmingly to add the prisoner question to the Assembly work program. The committee also was expected to order the issue before the Assembly for debate, bypassing the Political Committee.

The Steering Committee is made up of Assembly vice-presidents from 12 nations.

TWO BRONX MEN INJURED IN CRASH

Auto Across Center Line, Bashes Into On-Coming Truck

Two young Bronx men were injured early this morning when their car heading west on the Boston Post Road in Larchmont swung over the white center line and smashed a truck-trailer head-on. The impact threw the car into a south-bound truck.

Critically injured was car driver Paul Pasquas, twenty-four, who was admitted to New Rochelle Hospital suffering shock, concussion, a compound fracture of the left little finger, lacerations of the right knee, left elbow and right thumb. Angelo Zaluski, twenty-three, passenger in the car, was released after treatment for a dropped jaw.

Truck-driver Willard Chalfett, twenty-one, of Post Road No. 8, told police he had been proceeding east on the Post Road at 12:03 A. M. when the Pasquas car swung around a curve in front of 137 Boston Post Road and crossed the center line and crashed into his vehicle. His report was corroborated by Mrs. Harold Shapiro, a witness, 123 South Barry Avenue, Mamaroneck, who said she was right behind the truck when the accident occurred.

Police and Dr. Alan Van Seiver administered first aid at the scene. The Larchmont Fire Department was called out to wash down gasoline and anti-freeze.

The car, the front end of which was demolished, was towed to Jupp's Garage, amaronck.

15 And Below Forecast In 2-Day Snap

Westchester banded up today as blizzards moved in for a two-day snap. Forecasters dropped far below the mercury mark in night sections of the county and winds up to 45 mph are expected in the north and west.

A low of 18 at Westchester County Airport, New Rochelle, was reported only to 18 by 10 A. M. Officially a low of 14.5 was reported in Scarborough, Shrub Oak. Westchester's refrigerator had 15 above. New Rochelle and Peekskill each recorded 18 degrees.

The Weather Bureau predicted that temperatures would drop to 10 to 15 degrees in southern Westchester and 5 to 10 in northern Westchester to night.

Case Of Cigarets Vs. Cancer Inconclusive, Engel Claims
The case against cigarettes as a cause of lung cancer is by no means conclusive, Leonard Engel, New Rochelle physician, a self-proclaimed freemason, concluded in an article appearing in the current issue of Harper's Magazine.

He cites a statistical association as clearly existing between cigarette smoking and cancer of the lung, but says this is not necessarily cause-and-effect relationship, both may be independently related to some other type of cancer," Mr. Engel says.

A free-lance reporter and magazine contributor, Mr. Engel, in his article entitled "Do We Have To Give Up Smoking?" compares both statistical and experimental evidence on the relation between smoking and cancer, and concludes that there is no conclusion that there is more to the picture than has met the

Improvement Continues Ailing Pope To Close Rites Of Marian Year

VATICAN CITY (AP)—The Pope's brief periods of partial rest.

Until his illness, the Pope had been scheduled to officiate at the ceremonies Wednesday which will end the special year of celebrations proclaimed by the Pontiff in honor of the Virgin Mary.

Head Clemente Cardinal Miceli will celebrate the Pontifical Mass in the city's oldest shrine, the Basilica of St. Mary Major.

As in yesterday's broadcast, a microphone will be brought to the Pontiff's bed and his blessing "ubi et ubi" to the city and the world will be relayed to the church loudspeakers and broadcast by the Vatican radio. Radio networks of other nations again are expected to pick up the Vatican broadcast.

At one point in his short broadcast, the voice of Catholicism's stricken leader faded slightly, but mostly he spoke firmly and in cadence. He preceded his customary benediction with this brief message:

"To our dear children of Rome, when we feel as close to us in prayer as we are close to the Divine Master in our suffering and in our fulfillment of his commandments, let us remember that we are united by the heart to the Lord and the Immaculate Virgin, our eternal spiritual benediction."

Real Estate Values At Record \$2 Billion

WHITE PLAINS—Westchester real estate is worth \$2,043,196, passing the \$2 billion mark for the first time in its history, the County Tax Commission said today in an annual assessment figures for 1954.

The total is a net increase of \$283,871, or more than 6.5 percent over the 1953 total of \$1,889,325. According to the report made public by Stephen S. Berman, secretary, \$7,378,374 of the increase is the result of new construction, while \$55,477,391 comes by means of increases of old assessments, and \$3,271,216 in increased special franchise assessments. The three items total \$12,827,081 but from this amount \$5,448,706 has been deducted as 436,477, and \$1,322,830 because of

Christmas Story Starts!

This is the day. The Christmas story begins. Thousands of young readers and thousands of parents who will do the reading, have been waiting for this adventure into the year's most exciting holiday.

Twelve chapters will keep children and adult members of their families waiting for the next day's adventures, one each day through Saturday Dec. 18. Each of them is an adventure in itself, but many young readers will want to save them, to make a scrapbook of them, and many parents will want to save them for a younger child.

Ticking and locking, the Grandfather Clock has an exciting and happy two weeks ahead for readers young and old.

RED CHINA CALLS FORMOSA TREATY WAR PROVOCAION

Peiping Says U. S. Must Take Responsibility For Consequences

LONDON (AP)—Chinese Communist Premier Chou En-lai said tonight the United States government committed "a grave warlike provocation" by entering a few days ago into a mutual security treaty with the Chinese Nationalists.

Chou's brilliant statement, broadcast by the Peiping Radio, threatened that if the United States does not withdraw all its forces from Formosa, the Formosa Strait and Penghu Islands "and persists in interfering in China's internal affairs, it must be prepared to meet all the grave consequences."

Chou described Nationalist Generalissimo Chiang Kai-shek as "the public enemy of the Chinese people."

"To liberate Taiwan (Formosa) and to liquidate the traitorous Chiang Kai-shek clique is a matter which falls entirely within the scope of China's sovereignty and internal affairs and no interference by any foreign country will be tolerated."

"The mutual security treaty entered into between the United States and Chiang Kai-shek has no legal basis whatever and is null and void."

"This treaty is a betrayal of China's sovereignty and territorial rights and is resolutely opposed by the Chinese people."

Chou said that the United States had disregarded "repeated protests and warnings" by the Communist Chinese about this treaty. He added:

"By this treaty, the U. S. government attempts to legalize its armed forces in China's territories of Taiwan and with Taiwan as a base, to extend its aggression against China and prepare a new war."

Eisenhower Declines Reply To Bitter McCarthy Blast

Executive Refuses To Indulge In Personal Vituperation

WASHINGTON (AP)—President Eisenhower, dealing with questions about Senator McCarthy's attack on him, declared emphatically today he has no intention of indulging in personal vituperation or quarrels.

The President came up with a crisp no when asked for comment at his news conference on the McCarthy attack.

And, in what he did say later, Mr. Eisenhower never did mention Mr. McCarthy by name.

Senator McCarthy yesterday accused the President of "a continuing show of weakness" toward Communism and of tolerating Joe Red, who torture imprisoned Americans.

He summarized Senator McCarthy's charges and then asked the President whether he cared to comment in view of the fact that the President had refused to talk about Senator McCarthy, as an individual.

After a moment's hesitation, the President said he would not indulge in personal vituperation.

The President went on to say he always has upheld the right of Congress to conduct investigations, and will continue to do so.

As for the second part of the question, whether Mr. Eisenhower should reply to the Republican Party in the McCarthy fight against Communism, the President said he would not.

Mr. Eisenhower then added that he would not indulge in personal vituperation.

DEFENSE PLANTS PROBE VAGUE AS M'CARTHY RESTS

Red Hearings Closed Down After 2 Days; Future Uncertain

WASHINGTON (AP)—A Senate hearing on Communists in defense plants closed down last night after only two days and its future course apparently rested with the absent Senator McCarthy.

In all the Senate Investigations subcommittee heard 11 witnesses. Mr. McCarthy, his chairman, had announced before the hearings began that 42 subpoenas were being issued.

As the hearings ended, Senator Potter, who was presiding, said there were no present plans to resume, although he had appeared at the public hearing briefly to read a statement which had been prepared as an open book with the names of the witnesses.

Mr. McCarthy's subcommittee's acting staff director, said staff investigative work would continue.

But he did not know what Senator McCarthy's plans were or when he would be back. Mr. Potter told McCarthy he would be back.

Mr. McCarthy left Washington Tuesday for a rest of 10 days or more before he is expected to return to the hearing.

Mr. McCarthy's destination has not been disclosed.

On several occasions during the 36-day Army-McCarthy hearings, the Senate Special Select Committee on Communism in Defense Plants, which was presiding, said that it was not possible to disclose the names of the witnesses.

Mr. McCarthy's destination has not been disclosed.

UN VOTE NEARS ON DEMAND FOR FLWERS RELEASE

Assembly Session Slated Until Decision On Red China Protest

China Protest

UNITED NATIONS (AP)—The U. N. Assembly pushed for a vote today on demands by the United States and 15 Korean allies that Red China yield up 11 American airmen held as spies. Western diplomats predicted at least 45 of the 60 member states would rally behind the call. Weary delegates prepared to resume debate on the resolution after two meetings yesterday. The second lasted until nearly midnight. Hopeful of clearing up the issue, delegates anticipated issues into its final-scheduled session until they reach a decision on the 16-power resolution concerning imprisonment of the men and calling on Secretary General Acheson to hold to work for their release. As the general debate neared its close, a delegate from the resolution would encourage opposition until they reach a decision on the 16-power resolution concerning imprisonment of the men and calling on Secretary General Acheson to hold to work for their release.

GOP Leaders Annoyed At Top Command

Over 'Slight' On District Attorney Choice

By JOSEPH SHANNON

Word that the name of Mayor Joseph P. Gagliardi as district attorney has been sent to Governor Dewey by the Westchester Board of Supervisors has caused mixed reactions among party leaders.

While practically all men agreed that Mr. Gagliardi, a former assistant in the prosecutor's office, could do the job, a few made little secret of their feeling that they had been slighted in that they had not been told of the move by the "top command" before the story became known.

Dooley Predicts Shortage \$350,000 Cost Seen For Water Facilities

The Village of Mamaroneck is faced with the possibility of a bond issue of \$350,000 as the result of a potential water shortage, according to Mayor Edward Dooley.

Dooley, who last night addressed the annual Winter Dinner meeting of the Mamaroneck Country Club.

"Unless we increase our water supply," Mayor Dooley said, "we are in danger of a serious water shortage."

Dooley estimated that it would cost \$350,000 to remedy the situation, of which the Village would share \$100,000 of the cost.

Traffic, zoning, parking and safety were among the problems discussed at the meeting, attended by twenty-two members.

James Heffer, president, in reviewing the activities of the organization during the last year, declared that the "Oriente Point Association is by far the strongest property owners association in the village."

Van Fleet Splits With McCarthy

General Resents Senator's 'Bitter Attack' On President

AUBURNDALE, Fla. (AP)—Gen. James A. Van Fleet has broken with Senator Joseph McCarthy over the Wisconsin Republican's statement that a national committee should be set up to investigate the "bottle-neck" created by marking at Washington Arms restaurant.

McCarthy, who has been a vocal critic of the administration, said that the committee should be set up to investigate the "bottle-neck" created by marking at Washington Arms restaurant.

Hammarckjold Starts Efforts After 475 Mandate

UNITED NATIONS (AP)—U. N. Secretary General Dag Hammarskjold was reliably reported today to have made a bid to Red China for direct talks on the 11 American fliers held as spies.

A diplomatic source said the Secretary General had sent a communication to Peking asking whether the Chinese Government would be willing to discuss the case. He was understood to have indicated he would make himself available for such talks if Peking would agree to them.

This, it was understood, included the possibility of a trip to Peking, if necessary.

U. N. officials declined comment. Mr. Hammarskjold said associates, however, that he regarded the case as the greatest challenge to the office of Secretary General ever faced, this led to the belief that he would not treat the case as a routine matter.

The Assembly resolution called upon Mr. Hammarskjold to make "continuing and unrelenting efforts" to get the fliers released. Because of the condemnation, there was a vote in the Assembly which the Chinese had abstained from.

Mr. Hammarskjold quickly accepted the mission after the Assembly vote. He said that a resolution introduced by the Chinese States and 11 Korean allies condemning U. S. fliers (Turn to Page 2, please)

3 SUSPECTS HELD IN KIDNAP CASE BY N.Y. POLICE

Westchester Police Will Question One About Parkway Crime

BAWTHORNE—Three possible suspects in Friday night's rash of kidnap robberies on Westchester and adjoining parkways by two men dressed as sailors were being held today in New Jersey for questioning by Westchester Parkway Police.

Parkway Police Det. Raymond Buckley and John McKoon held this morning to question John Wilkinson, nineteen of Philadelphia, who was arrested in New Jersey on charges of kidnaping on the New Jersey Turnpike last night near New Brunswick by New Jersey State Police.

Three men in Navy uniforms were detained for investigation at Rutherford, N. J., after they were picked up on Route 3 after midnight today. Westchester authorities were to question them also. The two old patrons they were en route to visit a friend in nearby North Arlington, they were not identified.

New Jersey troopers flashed an alarm last night saying that a kidnaping attempt was in progress on the West Side Drive in Manhattan. Parkway Police held the first of three victims of the kidnaping on the West Side Drive in the Star Mill River Parkway, near the intersection of the Parkway and the George Washington Bridge.

Mr. Kelly said the sailors and his wife were heading for a party at the Parkway. They were held at a mobbing group at Bayonne, N. J., where they were taken to the New York City Police.

New Rochelle Starts New Hospital Wing

NEW ROCHELLE—Ground was broken Saturday for the five-story West Wing addition to New Rochelle Hospital, which will cost \$1.8 million. Plans for the new wing are now being raised by public subscription. This will be the 12th major addition to the hospital since its beginning in 1892 and will increase the bed capacity to 391, including 60 bassinets.

General contractors are Verly-Brown of New York.

The West Wing is going up on the site of the old Larchmont Memorial building which previously housed the laundry, and the old service building in which were located the kitchen and dining facilities. Demolition of these two structures has been completed.

Basement: 1. Floors

The new addition will contain the following facilities and equipment:

Basement: Laundry, serving and locker rooms and general storage.

First floor: X-Ray Department, ambulance garage, maintenance and repair shops, kitchen storage.

Second floor: Main kitchen, food service, preparation, refrigeration, bakery, main diet kitchen and visitors waiting room.

Third floor: Cafeteria.

Fourth floor: 13 two-bed rooms, one four-bed room, diet kitchen and visitors waiting room.

Fifth floor: Surgery suite of 3 operating rooms, central surgery and offices for surgery.

Founded After Accident

The hospital had its beginning as a result of a train accident at the railroad station here when the injured were taken to a house on Huxenont Street behind the present location of Allen's Sport Shop, near Division Street. It contained 8 beds.

In 1894 it moved to the Corbin residence, located on the site of the East Wing, and bed capacity was 24.

In 1906 the South Wing was constructed, increasing capacity to 53 beds.

In 1924 the Lester Memorial Building was erected, housing an isolation ward for contagious diseases, quarters for nurses, and a laboratory.

Light Out, Car Rams Pole

The traffic light at Greenhatch Road and the East Post Road, Mamaronck, was temporarily out of commission yesterday when a car hit a lighting pole at the intersection.

The auto was driven by Edgar A. Reed, thirty-two, of Oak Lane Road, Greenhatch, police report.

The force of the collision threw the pole several inches from the pole several inches from the control box for the light.

Traffic's Your Problem

BRIGHT LIGHTS, above, invite disaster, often result in blindness, shock and strong hypnosis carry along the high beam into the eyes of the approaching vehicle. The abnormal glare of the bright lights can throw the eye's focal axis completely out of balance.

By JOHN POWELL

High beam bright lights are blinding and hypnotic, the use of them into convulsion traffic a major cause of car accidents.

What police report is that many drivers, especially those of many spectacular collisions at the intersection of the light rays of an oncoming vehicle's headlights, are cast down.

Without other condition in ordinary human daily routine is the light of a car the doctors declare. Every other light is shaded or directed away from the eyes of lesser human power, while the strong highlight is beamed directly into the eyes, producing

ROAD DEDICATION REGULATION SET

A resolution that all developers applying for dedication of roads to the Village of Mamaroneck must meet specifications set by the Village Engineer's Office and must supply cash bonds was adopted Monday night by the Board of Trustees at 7:11 p.m. in a 4-0 vote.

The decision followed requests from builders for dedication of six roads in various stages of development in the village. These are Raleigh Road in Mamaroneck Knolls and Seven Oaks Lane, Stuart Court, Fort Drive, Sylvan Lane, and Tom Lane, all in Oriskany Park.

Board members agreed it would not be right for the village to take possession of roads on which buildings are still to be developed, reasoning that heavy trucks used in transporting building materials could damage the roads.

Under the regulation the developer must take all such risks. Bonds will be refunded once the Village has accepted dedications, according to Anthony Banane, attorney, who drew up the final resolution.

A request from Hunter Meigs, an attorney for the Albert C. Mitchell Company that permission be granted to look an outlet from a proposed model home into the Village street served on Mamaroneck, was granted.

Mr. Meigs pointed out that the eight-acre section being developed by the company lies in the Town of Mamaroneck at location bounded by Saxton Woods, the Westchester Land Waterworks and Mamaroneck Avenue. He also requested the Board incorporate the section into the village but was told the

The Daily Times, Mamaroneck, N. Y.—Wed., Dec. 15, 1954

town Council will have to make a decision before the Village can act.

Mr. Meigs said the Town fire, police and service apparatus would have to travel far across Village territory in order to service the 24 houses which the company intends to build on the acreage.

Five new regulations for Village streets were reported by the Village Traffic Commissioner as either in effect or soon to go into effect.

A request from Grand Street residents that something be done about parking conditions on their avenue was referred to the commission for study. The residents stated that parking conditions are such that they are unable to park their own cars near their residences.

Also referred to the commission for study was a request from Grand Avenue residents that a traffic light be set up at Waverly Avenue and Fairmore Road for the benefit of school children making crossing there.

As an alternative, the request asked an officer be placed on duty there during school hours.

Grievances from seven residents protesting the 194 assessment of their properties, were denied by the Board in executive session. Their objections to property assessments were again granted.

Richard Blumenthal of 100 Grand Street, who was named to the Mamaroneck police force on Sept. 1, has completed his 90-day probation period and was granted permanent appointment.

On request of Trustee Jack D. Holland, discussion of the regulation of fences under the zoning ordinance, of the regulation of lighting of signs, and of a certificate of occupancy requirement for new businesses was held over until the next meeting, Jan. 10.

Atomic Defense

PLAN ADOPTED BY ATLANTIC POWERS

14 NATO Nations Agree On Use Of Weapons

Paris (AP)—Leaders of the free world today adopted a new defense strategy based on atomic weapons and agreed on the way to prevent an attack by the Communist bloc.

The foreign, defense and finance ministers of the 14 Atlantic Treaty powers set the role of atomic weapons in a tightly closed session. They decided to communicate their decision later today or tomorrow.

After adoption of defense plans, the ministers of the NATO members, giving nuclear weapons a place in their "new look" arsenal, the ministers decided most of their advisers will meet on the controversial question of when and how to use atomic arms.

No immediate work on this decision is expected, and NATO officials would say only that the ministers had reached agreement.

Britain, France, the United States and Canada, reportedly were pushing a compromise solution which would put the final decision in the hands of the member governments but at the same time would not let the NATO's hand be tied with a rigid formula for consultation in emergencies.

The American delegation was expected to make a counterproposal which would give the allied forces of much of the NATO's atomic arsenal to the United States, with American facilities pointed out at Santa Fe, N. M., and at the American facilities for communication between the member states.

The issue was presented in a report from the NATO Military Committee recommending a new organization of allied forces, including fully trained scientific and technical advisors.

The American supreme commander in Europe, Gen. Dwight D. Eisenhower, had at first advocated that the decision be left to the NATO members, but later he said he agreed that the decision be left to the NATO members, but later he said he agreed that the decision be left to the NATO members.

The decision of a trailer truck was badly smashed and the driver slightly injured at 8:30 A. M. today when it crashed into the rear of a parked trailer at East Post Road and Gunpowder Avenue, Mamaroneck.

The driver of the smashed tractor, John E. O'Neill of Massachusetts, escaped with a laceration above his left eye and abrasions of both knees, police report. He was treated at the scene by Dr. J. M. Hunter.

According to Mr. O'Neill's report to Mamaroneck police, he was traveling west on the East Post Road when he noticed the tractor in the charge of Richard P. O'Reilly of Foxboro, Mass., parked at the curb. He swung to the left to avoid the crash, but the right front of his truck struck the side of the tractor, and the rear wheels and left rear of the body of the tractor.

The entire tractor was badly damaged as was the front of the truck carrying new cars, one of which was also damaged. A lighted company pole and street light were also damaged.

Cosmetics Plant Fire Smokes Up Brooklyn

New York (AP)—A raging fire in a Brooklyn cosmetics factory today sent a heavy plume of white smoke over a wide area of the city.

Seventy-seven workers, wearing gas masks and working in short shifts, battled the blaze at the Park Richards Inc. plant at 100 Jewel Street.

The fire broke out in the rear of the car's body, was caused in the truck's hood. The left rear fender was also badly damaged and the rear wheel and axle assembly was broken. Also damaged were the left fender, wheels and running gear.

Invited as guests are outstanding high school athletes. All County selections in 1954 are: boys' basketball, Roger Smith, Rye; girls' basketball, Joan Devlin, Peekskill; tennis, Robert J. Jury Debates Sheppard's Fate

Don't Base Verdict On Favor Or Sympathy, Judge Cautions

Associated Press Staff

CLEVELAND — A jury today began to deliberate the guilt or innocence of Dr. Samuel Sheppard, accused murderer of his wife, Marilyn.

The jury took to the courtroom for the purpose of avoiding what they may consider an unpleasant task of duty.

It took the judge 36 minutes to deliver his charge.

He pointed out that to find Sheppard guilty of first-degree murder, the jurors must agree that he killed his wife, premeditated the crime, and committed it with malice aforethought.

Driver Hurt Slightly In Trailer Crumpled In Mamaroneck

New York (AP)—The International Longshoremen's Association, representing some 20,000 New York dock workers, announced yesterday it is contemplating a strike.

The announcement came six days after the union membership rejected a contract agreement that would have given the dock workers a 17-cent an hour pay raise and a union shop.

A union shop clause specifies that all employees should join the union either upon entering the company or a stipulated period afterward.

William V. Bradley, international union president, said yesterday the contract was turned down by the members because they felt they were not getting enough in return for a two-year no-strike pledge. Mr. Bradley did not elaborate on his statement.

However, the union's wage scale committee issued a statement saying it was leaving it to the discretion of the international president when negotiations take place to be called off and a strike called.

That was the report today on his overall general condition from Dr. Riccardo Galassini-Lodi, the Pontiff's private physician, a statement confirmed word for word by the Vatican's press office.

Verrilli Tells Of Crash

Local Survivor Owes His Life To Pal's Bid To Change Seats

By MATTHEW MCGREGOR

George Verrilli, son of Dr. and Mrs. Emil Verrilli, 104 Heathcote Avenue, Mamaroneck, one of six survivors of the Italian Airlines crash at Idlewild Airport Saturday, is alive today, he said, because a friend asked him to sit in the plane's tail-end. Twenty-six others died in what was described as the worst crash in the airport's history.

The twenty-five-year-old United States Army medical student said Saturday night at his home that fellow-student, Hector Verrilli, of Dismal Heights, N.C., was sitting in the first class rear-end section and he in the front when the plane arrived in Boston.

"Nine passengers got off there," he said, "and Hector came up and said, 'I'll swap seats with you.' We were still inside the tail section when the plane crashed and broke up," he said, "and Hector smiled and said, 'Let's get out of here.'"

"We unfastened our safety belts and I saw the water and started swimming toward the shore. I noticed that section of the plane was stuck against the water and I climbed up the top and stepped from the section onto the wharf. It had just broken up and I was falling into the water."

LUCKY to be alive, George J. Verrilli, 25, of 104 Heathcote Avenue, Mamaroneck, said Saturday night at his home that he was sitting in the first class rear-end section of the Italian Airlines plane that crashed into Jamaica Bay, killing 26 of the 32 passengers and crew aboard.

SHEPPARD JURY NEARS DECISION AND CONFUSION

Maze Of Contradictions And Mystery Puzzles

Court Room

CLEVELAND (AP) — Today may be the day of decision in the murder trial of Dr. Samuel Sheppard, but the court and jury rooms were a maze of mystery, confusion and contradictions.

The public, did the jury request more time in the hope of reaching a verdict today? A source who is in position to know says it did. But when reporters at the end of four days tried to confirm this, they were told that the words, "The jury has not reached a verdict," were not to be used.

He excused the seven men and five women at 10:30 last night at the end of four days of deliberations. They had been in court for 23 hours, and 21 minutes. It is not a record for a jury trial, but brackets for elapsed time without either a verdict or an adjournment that there was no hope of reaching one.

They resumed their fifth day of deliberation today at 9:10 A.M. Dr. Sheppard, osteopath, is on trial on a charge of murdering his wife, Marilyn. The State said he had "other women" trouble. Sheppard denied the crime, and says he surprised a doctor who knocked him unconscious after killing Mrs. Sheppard.

The strange case, which has caused intense controversy in Cleveland, was given to the jury Friday morning.

As the fourth day wore along, the six lawyers—three on each side—who argued the facts for the week, did not appear in the courtroom and immediately went into a conference with Judge Evelyn in his chambers. When they came out, some said "no comment," and some said "One said they had agreed not to disclose what, if anything, was decided."

It was denied on file, although it is believed, that the jury would be asked, by 10 o'clock last night, "no comment," and some said "One said they had agreed not to disclose what, if anything, was decided."

RED GIRL SPY GETS 5 YEARS

German Brunette Used Charm To Entice U.S. Secrets

BERLIN (AP) — A German brunette was sentenced to five years in prison today after she pleaded guilty to seducing secrets out of two U. S. intelligence officers for Russian pay.

The names of the two American spies encountered here during the war were not introduced in court. U. S. officials said previously the black-eyed charmer—Margarette Schmidt—was the mistress of an Air Force intelligence colonel and had occasional dates with a civilian intelligence officer.

Her prosecution described her as one of the most dangerous spies encountered here since World War II.

The twenty-four-year-old former East Zone student burst into tears as Anthony Fuller of Chicago, Ill. U. S. High Commissioner, pronounced the sentence.

Although she had said nothing in her own defense during the trial, she sobbed bitterly.

The girl pleaded guilty to transmitting to the Russians for money details of defense of West Berlin.

HOSPITAL FUND TOPS \$809,000

'Remarkable Showing' In 6 Weeks Lauded By Chairman Joyce

A splendid report meeting produced \$93,507 in new gifts to New Rochelle's hospital fund, bringing the total to \$809,000.

"This is a remarkable showing," said General Campaign Chairman John M. Joyce, Jr., who presided, "when you consider that our campaign has been working just a little over six weeks. With the \$1,000,000 from previous gifts with which we started this drive, the total of \$1,809,000 brings us within sight of the \$2,000,000 which our new West Wing will cost."

"I congratulate you and thank you sincerely for the time and effort you have put into this project thus far—and may you once again continue to give us a little extra effort—put that little extra effort into the job needed to bring us success. There are still numerous people in our hospital service area who have not given—and you will make Christmas season or year-end gifts—you will make the next report meeting of all contributing doctors will be held December, Dec. 29, at 8 P. M. at Seelin Hall.

Wendt Ave. Parking

\$5 Monthly Fee Set In Part Of New Lot

An amendment to the Larchmont Parking Ordinance fixing a \$5 monthly fee for individuals desiring unlimited day time parking in one line of the soon-to-be opened Wendt Avenue parking lot, was unanimously adopted last night by the Board of Trustees.

Two other Parking Ordinance amendments, one limiting parking on Concord Avenue to three hours, and the other limiting parking on Depot Way East to two hours, were also adopted.

Station Plaza

ALVIN RICHARDS, former village engineer, did not comment on the amendments, but suggested the yearly \$5 parking fee at Station Plaza, "was not a good idea for those residents who are 200 regular commuters."

Mr. Richards also recommended the Pinebrook Homeowners Association said that it had been unanimously agreed by a special committee studying the year-long railroad area parking fee. That is not right to expect those residents who only visit the "four or five times a year," to pay the full amount.

He suggested the use of 25-cent parking meters in the new parking area constructed on the recently purchased Criminals property, which has spaces for 40 cars, and is usually empty, according to Mr. Richards.

Trustees Edward White and Vincent Monte Sano, however, pointed out to Mr. Richards that the recent meter innovation on the Town end of the railroad parking area would cause those 150 spaces to vanish after the first of the year.

Mr. Monte Sano argued the \$5 fee was not "a heavy tariff" for the commuter to pay.

Parking Troubles

Parking troubles were also cited by Victor Herz, owner of a hairdressing shop at 1971 Palmer Avenue. Mr. Herz requested the Board to raise the Palmer Avenue parking limit from the east side of the Larchmont Parkway to the west side of the town of New Rochelle. Beyond the Parkway, he said, there are 150 spaces.

HOME BURGLARY NETS \$193 CASH

Watch, Clothing Also Taken While Family Is At Work

A Mamaroneck home was burglarized between 7:40 A. M. and noon yesterday and \$193 in cash, a watch valued at \$65 and other miscellaneous articles of clothing of undetermined value taken, Mamaroneck police reported.

Anthony Cafra of 224 Highview Street told police that he and his wife left the house for work at 7:45 A. M. and when they returned for lunch discovered that the house had been entered through a rear screened porch and a dining room door from which the handle had been broken.

They discovered, police report, that a metal box had been broken open and \$160 taken from it, as well as \$11 from Mrs. Cafra's pocketbook in a living room.

Christmas presents in the closet as well as in their daughter Betty's room on the top floor had been opened and the wrapping paper strewn around the room.

Mr. Cafra said he left the door last Friday.

FBI Reports Arrest In Car Kidnap Case

PHILADELPHIA (AP) — The Federal Bureau of Investigation today announced the arrest of two men—here and the other in Boston — on charges they were kidnaping a young woman and armed robbery while posing as ways in Pennsylvania, New Jersey and Delaware.

The two arrested were identified by the FBI as Milton W. Berman, twenty, of Philadelphia, and Roger Lee Henzlik, nineteen, of Philadelphia.

Three such incidents occurred on Westchester County, N. Y., and adjacent parkways a week ago last Friday.

County OK's Budget; Tobin Hits Surpluses

WHITE PLAINS—The \$34,423,785 County Budget for 1955 was approved by the Board of Supervisors yesterday.

Two Prekaskill Democrats joined with the Republican majority in voting for the estimates which, including special districts, call for gross spending of \$45,939,417 next year. The vote was 36-7.

The budget was criticized by minority members. Their leader, Supervisor John E. Tobin of Yonkers, presented a prepared statement. It was defended by majority members as a "honest and proper program."

No changes were made in the budget as presented by County Executive James D. Hopkins on Nov. 15.

Democratic Recommendations

The principal recommendations by the Democrats were for an increase in the staff of assistants and investigators in the District Attorney's office with assistant prosecutors assigned to handle cases affecting the county in local courts; that unneeded surplus funds be applied annually to the budget; that there be a thorough study of county governmental structure with a view to economies and elimination of unnecessary items; and that provision be made for winter fuel.

Mr. Tobin said the benefits of the 11-cent-a-thousand tax rate reduction had been greatly exceeded by the county. He asserted the Democrats have long protested against piling up surpluses, citing \$2.5 million of such funds applied to the 1953 budget.

"We say it is about time the county returns to the people of Westchester their own money," declared Mr. Tobin.

SCHOOL HEAD HIT FOR CONDUCT IN THOMSON OUSTER

Mayor Church Discloses Criminal Charges In Principal's Case

NEW ROCHELLE — Donald K. Phillips, superintendent of schools, was condemned last night at a City Council meeting for his conduct in the ouster of Willis Thomson, New Rochelle High School principal, Saturday.

Mr. Thomson was permitted to resign because of "ill health."

Mayor Charles W. Church disclosed the superintendent added the first reference of criminal charges in the case. Mayor Church said the case was "not just an educational matter since it involves crimes committed by residents of New Rochelle."

Mr. Phillips had been attacked by Councilman George Vespa before Mayor Church stated he was present at the special meeting of the Board of Education Saturday.

Mr. Vespa also revealed today that the District Attorney's office had been called to the case several times. Frederick W. S. Jr., District Attorney, said he had called the charges made by a nineteen-year-old student who had been arrested and found reason to investigate further.

SCHOOL HEAD HIT FOR CONDUCT IN THOMSON OUSTER

Mayor Church Discloses Criminal Charges In Principal's Case

NEW ROCHELLE — Donald K. Phillips, superintendent of schools, was condemned last night at a City Council meeting for his conduct in the ouster of Willis Thomson, New Rochelle High School principal, Saturday.

Mr. Thomson was permitted to resign because of "ill health."

Mayor Charles W. Church disclosed the superintendent added the first reference of criminal charges in the case. Mayor Church said the case was "not just an educational matter since it involves crimes committed by residents of New Rochelle."

Mr. Phillips had been attacked by Councilman George Vespa before Mayor Church stated he was present at the special meeting of the Board of Education Saturday.

Mr. Vespa also revealed today that the District Attorney's office had been called to the case several times. Frederick W. S. Jr., District Attorney, said he had called the charges made by a nineteen-year-old student who had been arrested and found reason to investigate further.

U. S. Eyes Air Base 500 Miles Straight Up

WASHINGTON (AP) — Defense Secretary Wilson has terminated a study of a "little dream" and disclaimed estimates of such studies by the Department, said today it is actively exploring the possibility of constructing a satellite earth station.

It has been done that for at least as long as the question did go up, and that as mentioned in a 1948 report by the First Defense Secretary, James Forrestal, the Defense Department today gave this official answer:

"Studies relating to a satellite station as mentioned in 1948 are active and are proceeding at a rate commensurate with the technical state of the art."

"These studies are being coordinated within the office of the Defense Secretary and provide for full utilization of the combined efforts of the services."

So far as is known, the satellite still is in the phase of laboratory studies and field research.

"Substantial progress has been made since 1948 to perfect better rocket propelled, both in the United States and abroad."

"What the scientists aim at first is not the satellite, but the ability to carry men beyond the horizon of the earth's gravity."

County OK's Budget; Tobin Hits Surpluses

WHITE PLAINS—The \$34,423,785 County Budget for 1955 was approved by the Board of Supervisors yesterday.

Two Prekaskill Democrats joined with the Republican majority in voting for the estimates which, including special districts, call for gross spending of \$45,939,417 next year. The vote was 36-7.

The budget was criticized by minority members. Their leader, Supervisor John E. Tobin of Yonkers, presented a prepared statement. It was defended by majority members as a "honest and proper program."

No changes were made in the budget as presented by County Executive James D. Hopkins on Nov. 15.

Democratic Recommendations

The principal recommendations by the Democrats were for an increase in the staff of assistants and investigators in the District Attorney's office with assistant prosecutors assigned to handle cases affecting the county in local courts; that unneeded surplus funds be applied annually to the budget; that there be a thorough study of county governmental structure with a view to economies and elimination of unnecessary items; and that provision be made for winter fuel.

Mr. Tobin said the benefits of the 11-cent-a-thousand tax rate reduction had been greatly exceeded by the county. He asserted the Democrats have long protested against piling up surpluses, citing \$2.5 million of such funds applied to the 1953 budget.

"We say it is about time the county returns to the people of Westchester their own money," declared Mr. Tobin.

Sales Promotion Head

FOOD PRICES UP 4-YEAR LOW INDEX

Living Costs Decline All Along Line Except For New Cars

WASHINGTON (AP) — The government reported today that its consumer price index rose one-tenth of 1 per cent in November. But if you didn't buy a new car, your living costs actually went down.

New car models arriving on the market, although list prices were virtually unchanged, boosted the auto price index sharply in November. It had been held steady at 100 since October, 1951. It is now 100.1.

Kids' Wants This Year Range From Cocks To Bicycles

Santa Claus will have to be on the hop tomorrow, and really drive his reindeer fast to get to answer all the requests put in by only a partial list of local children.

According to Santa the orders for Christmas have been coming in fast and furious since early August when the first one was received and by all means available with one exception—no one addressing his request to the North Pole via the U.S. Navy.

What's more, says Santa, he's very detailed information given to him as the gifts wanted, sometimes makes it difficult to give the order. Take the case of the one boy who not only specified his wish but also mentioned the catalog in which it was listed, the number in the catalogue and the price. He wasn't taking any chances that his wants would be misinterpreted.

18 Saved As Liner Sinks Into River With Vets

PITTSBURGH (AP) — An airliner carrying 38 men—23 of them Army veterans homeward bound for Christmas—panicked into the icy Monacauba River last night.

Twenty men were still missing, but 18 were saved, some rescued by a lumbering tug. The plane's wreckage, hoisted by a crane, is being salvaged in a harbor, failed to reveal any bodies.

In New York, the Civil Aeronautics Board said an investigation is underway but declined to give any details pending its completion.

The CAB said the plane was scheduled to stop at the Albany County Airport.

The 18 survivors were chartered airliner, en route from Newark, N. J., to three West Coast ports, published on the river 13 miles south of here shortly before midnight.

A tower operator at Albany County Airport—two miles from the crash scene—said the pilot reported he was out of gas and was "running on fumes."

The Hands Off 700 Presents

WASHINGTON (AP) — President Eisenhower, calling out a "Merry Christmas" to the people of Augusta, Ga., today for the holidays.

The President's private plane, the Columbine, took off from National Airport at 11:10 A.M. on the snow-free flight to Georgia. He was accompanied by Mrs. Eisenhower and her mother, Mrs. John S. Doud of Denver.

Just before leaving the White House, the President and the First Lady played Santa Claus to members of the White House staff.

About 700 gathered about the extend for one year a law freeze on state equalization rates at the "most favorable" levels for the purpose of figuring allotments, however.

MFD All Set To Entertain Horde Of Happy Youngsters

The Mamaroneck Playhouse is expected to be jam-packed at 10 A.M. tomorrow when the Mamaroneck Fire Department entertains its six hundred children of the community at its sixteenth annual Christmas party.

A visit by Santa Claus who will distribute gifts to the youngsters is part of a week-long holiday program which will include a two-hour movie show of short subjects and cartoons.

Guests firemen have exerted every effort to make the morning memorable one for all children of the community and will provide transportation for any child who cannot get to the Playhouse under his own power. All that will be needed for the transportation is a call tomorrow morning.

Linda O'Connor of the Hook and Ladder Co. William Kurtyk of the Fire Department, and James Bolton Jr. and Hugh Grace, Columbia, Thomas Wallace and Domenico Rickio, Volunteers; William B. Lemon, Police Captain; and Jack Strickland, Halseid Manor.

Thank Mrs. Wilson!

Every patient at Wingdale state hospital received a package of Christmas Day thanks to the plant originated four years ago by Mrs. Cora Wilson of 740 Forest Avenue, Larchmont, N. Y. Gifts of candy, vitamins and cookies were distributed—supplies donated by the plant—contributions by more than 40 per cent.

Today Mrs. Wilson expressed thanks to all who gave time, money or supplies to make the project "such a huge success."

Among those who cooperated in assembling a 10 1/2 ton package at 90 Post Road, Larchmont, an empty space left for the purpose of Owen A. Minder, who was Eastern Star Chapter from Harrison to Mount Vernon, the Busy Bees of 53 O.P.S. the Junior Section of the Larchmont-Woodstock Woman's Club, the Garden Club of Deedford Village, the Young Men's Association, the Larchmont Bakery in Port Chester, the National Biscuit Company in New York, many local merchants and friends. Mrs. Wilson said: "Special thanks, too, to the 'Daily Times' for its fine cooperation."

The gifts were transported by trucks sent by Dr. Leo P. O'Donnell, director of Wingdale, and Mrs. Wilson herself distributed more than 2,500 packages to the patients.

Noon Closings

Both Mamaroneck and Larchmont Post Offices and all municipal buildings will close regularly observing hours except on Friday Trust Company building will be open tonight from 5:30 to 8:30 and all will be closed tomorrow night.

Appointed Officer

William Curwile, 638 The Park Way, Mamaroneck, has been appointed a referee in the Municipal Court of the City of New York, Small Claims Part.

Mr. Curwile, a Mamaroneck resident for three years, is a member of the New York County Lawyers Association and the 7th Division Association and the Westchester Jewish Center. He is entering military service as a member of the draft board in New York City. During World War II he served with the 300th Field Artillery Battalion, 12th Air Division in Germany.

He and his wife, Grace, who is secretary of the Mamaroneck Athletic Club, Inc., have two daughters, Janet Tru, five, and Ellen Lee, three.

Court to Stay Put

Judge Charles M. Baxter yesterday advised attorneys appearing in Mamaroneck that despite a Justice of Peace court will continue to be conducted at Room 13 at 100 Mamaroneck Avenue, his letter in full follows:

"Since the usual appropriation for a courtroom for my use has been deleted from the 1955 budget for 1955, the routine business of my court will continue to be conducted by me at my offices at 100 Mamaroneck Avenue, Mamaroneck, N. Y. My office hours shall be inoperative. My trials will continue to be held in the courtroom at Edgewood Avenue as heretofore."

Mrs. Adler Elected

Mrs. Jerome T. Adler of 24 Forest Park Avenue, Larchmont, educational director of the Larchmont Temple, was elected secretary-treasurer of the National Association of Jewish Educators at a conference held Tuesday at the Living Judaism, N. York Temple president, announced today.

The conference of principals of religious schools of the Eastern Seaboard, including Canada, was sponsored by the Commission on Jewish Education of the United States and the Central Conference of American Hebrew Congregations and by the Central Conference of American Rabbis. The theme of the three-day conference was "Revitalizing Reform Religious Education."

Mrs. Adler acted as recorder, a specially designated assistant, at a session called "Revitalizing Religious Education through a Program of Home and School Activities."

Mrs. Adler also was principal of the Larchmont Temple Religious School since the founding of the Temple, when classes were held in a small room on Chatham Avenue. The religious school now has 412 students. She is also educational director for all Temple activities.

\$60,289 SWELLS HOSPITAL'S FUND

New Gifts Bring Total To \$869,504; Leaders To Press Campaign

NEW ROCHELLE.—A total of \$60,289 in new gifts was turned in at a report meeting for New Rochelle Hospital's Expansion Fund campaign last night, bringing the total to date amount to \$869,504.

"I have discussed the status of the drive with our leaders in each community and they have substantially the same thing—there are still a number of cars outstanding which can be covered after the first of the year," said the speaker.

"We have, therefore, decided to continue the drive, and our next report meeting will be held on Friday, Jan. 16, at 10 P. M. Total cost of the new hospital building, now under construction, will be \$2,600,000. The drive was started Nov. 1 with \$1 million on hand from previous gifts, which with new gifts received during the month must be certified by \$1,869,504. Approximately \$730,000 is still needed, Mr. Joyce said.

Arctic Air Spreads Over Midwest Area

Colder air dipped along the Eastern coast to northern Florida, and into the lower Mississippi Valley.

Freshening temperatures continue to plague southern California, threatening citrus crop yields.

The intense storm center which yesterday dumped snow, sleet and freezing rain over wide areas of the mid-section, paralyzing travel in many areas, was centered in southeastern Michigan today.

The sleet from the icy, wet weather in the mid-section amounted to at least 12 inches.

Fresh falls of snow blanketed much of the central Mississippi Valley and the central Great Lakes region, New Snowfall ranged from 28 inches in Fort Scott, Kan., to nine inches in northern Texas.

Moved as the frigid air from Montana into the Midwest, snow ended in the hard-hit South. However, the job of digging out of the weather is still snow storm continued in parts of Kansas, Texas, Missouri and Oklahoma.

Boon to Wheat Farmers

Snowfalls in the Southwest, a boon to wheat farmers who called the falls a "million dollar snow," ranged from 28 inches in Fort Scott, Kan., to nine inches in northern Texas.

Both winter and rafter must be residents of the Villages of Larchmont or Mamaroneck, or the Town of Mamaroneck, and the baby must be born in wedlock.

The baby's birth certificate of a photo copy must be received by the Daily Times not later than Jan. 10, finally, the exact hour, minute and date of the birth and the names of the attending physician.

The baby will receive a Sparan automatic electric baby bottle sterilizer from G. W. Dr. Sheppard Claims He Has New Evidence

CLEVELAND (AP)—Dr. Samuel Sheppard, pale and weary but almost jaunty in his bearing, returned to the courtroom yesterday afternoon to face his attorney's challenge that he had a new trial on a claim of insanity.

The Bay Village Osteopath, handcuffed to a Deputy Sheriff, sat in a rooming house in Cleveland, Ohio, when he was indicted for the murder of his wife, Dr. Mary Jane Sheppard, who was found strangled in her bedroom on June 8, 1954.

Last week Judge Byrd retained Sheppard to live in prison after he had been found guilty of second-degree murder in the July 14 homicide of his pregnant wife. Mary Jane, 19, was found strangled in her bedroom in the prison.

His attorney, Edward H. Tamm, said he had a new trial on a claim of insanity.

"I certainly evidence and testimony that you see on the record," Tamm said.

"They elaborated on that motion by asserting that they have 'newly discovered' evidence now known and not available to the defendant at the time of his trial." The lawyers did not mention the nature of the new evidence.

A 12-man war table committee of the International Longshoremen's Association will meet later in the day to sign on a final offer by New York's 110 ship agents and stevedores' union.

The final proposal includes a "no-strike no-lockout" clause and the multi-faceted provision that certain established work customs in the port be retained although the union insisted that the contract be included in the new contract.

U.S. Can End War Housing Court Rules

WASHINGTON (AP)—The U. S. Court of Appeals today said the government has the authority to eliminate temporary housing courts and get out of the business of maintaining and renting it.

The court upheld the Housing and Home Finance Agency in serving eviction notices on residents of Shikano Village.

Shikano Village community, about 20 miles from New York City, converted from military barracks. The site was known as Camp Shanks when it was used as a port of embarkation during World War II. The tenants are families of servicemen and veterans.

The tenants were ordered to get out by June 30, but brought suit to enjoin the housing and Home Finance Agency from proceeding with the eviction.

"Through consideration of the bill Congress evinced a strong purpose to eliminate this temporary housing and get the government out of the business of maintaining and renting it," the court said.

German Arms 2-1 Vote Margin in French Assembly

Premier Gains Narrow Victory in Final NATO Test

PARIS (AP)—The French National Assembly today reluctantly and narrowly approved West German rearmament. The vote was 281-209.

PARIS (AP)—Premier Pierre Mendes-France doggedly called again today on France's reluctant National Assembly for final approval on German rearmament after Communist-manipulated blockades of the crucial vote for 24 hours.

The deputies, in a session beginning this afternoon, were scheduled to vote on the last of the Paris treaties still awaiting their approval. The key measure authorizing West Germany to raise a 500,000-man armed force as part of a seven-nation Western European Union.

Non-Confidence Vote Looms

Once again the Premier called for a vote of confidence, requiring the government's resignation if the Assembly's previous week of wrangling over the treaties. Mr. Mendes-France expected the deputies to approve rearmament by a slight majority, today made no prediction.

The Independent Le Parisien-Libere observed that Mr. Mendes-France had to prove how the wounds left by invasion and occupation are still fresh 10 years after the end of the war.

Major Sections Ratified

The two separate ratifications of the NATO measure were approved by the Assembly's previous week of wrangling over the treaties. Mr. Mendes-France expected the deputies to approve rearmament by a slight majority, today made no prediction.
