Ninth and British Second Armies are past 35 miles of the Siegfried Line. The U. S. First and Third Armies, east or through the West Wall fortifications on a 57-mile sector from the upper Ruer near Schmidt to Echternach.

Trustee Wants Area Merged In Town Or City

Trustee Edward J. Kuhn went to bat for the residents of the Rye Neck last night urging the Mamaronock Village Board to consider the possibility of taking Rye Neck out of the Town of Rye and either into the Town of Mamaronock or into a possible city of Mamaronock.

Trustee Kuhn declared that he was making the proposal because he believed that the area would be better off as part of a larger municipality. He noted that the area is currently a village and that it would be difficult to manage as such.

Trustee Kuhn also mentioned that the area has a high density of population and that it would be more practical to have it as part of a larger town or city. He argued that this would allow for better infrastructure and services.

Trustee Kuhn reiterated the case but it was interrupted by Trustee Withers and Doyle, both of whom declared that they were in favor of making such a change.

Trustee Kuhn stated that he would certainly be helped by Mayor Santoro's committee. He noted that the committee has been studying the matter and that he would be glad to provide any further information.

Trustee Kuhn also mentioned that he would be glad to provide any further information. He noted that he would be glad to provide any further information.

Town Board Fights Rye School Bill

Kuhn Resolution Adopted Because Of Shift Of Rye Neck Property

WANT COMPROMISE

The resolution, presented by Town Councilman Edward Kuhn of Rye Neck, read in part that the passage of the bill, which was introduced into the Assembly Monday by Assemblyman Frank S.
