

# Combing The Town

**Valuable Help**  
The Larchmont boy who gave such valuable assistance to the Mamaroneck March of Dimes Committee Saturday during a house-to-house collection was John Pustman, a polo victim, 16 years old, who is about 6 feet tall, recovered, Mrs. F. R. Hunter, co-chairman of the local drive, said last night. He returned to Mamaroneck Monday and again participated in a house-to-house drive.

The lad is now volunteering his assistance in Larchmont. Mr. Hunter said, but if Mamaroneck needs to continue last year for a few days, he will return and give further assistance. Also helping him both days were Alexander Robinson and Francis Hunter.

James Stien Jr., chairman of the tag days held last Saturday and the Saturday before, announced that the following also participated: Don Russell and Vincent Labruscino, both of the City Club; Leo Orlando, George Aves, and Dr. Harry Bruskin, of the Rotary Club and Walter Hastings Jr.

**Weather Prophet**  
Johnny P. Pissant, Pleasant Avenue general laborer and amateur weather forecaster, predicted at 7 A. M. that snow will fall on Friday and will be "on the stormy side of the ledge." With snow already falling at the time and a high barometer reading over 30 in his home, Johnny says it looks like bad weather and the barometer can only go one way—down!

Along Mamaroneck Avenue and vicinity Johnny has gained a reputation for weather forecasting of greater accuracy than official forecasts. Noting the clouds with his eyes in the morning, Johnny predicted snow or sleet when the Weather Bureau forecast only "cloudy and colder." He was right.

As for the coming weather, Johnny expects "clearing and colder Saturday" and "pretty damned cold Sunday." He also expects February to be "the coldest month of the winter" and that March will be the "average."

**A Hunting They Did Go**  
Two nice misses were surprised by their mothers with a duck dinner, a hunting did go yesterday afternoon when a group of Mamaroneck patriots failed to appreciate their target practice on the unloading of their rifles. The misses home before bringing the weapons to headquarters for safe keeping.

**Water Saving**  
Residents of the Town and Village of Mamaroneck and the Town of Harrison, receiving an average water saving of 2.9 per cent during January.

The Westchester Joint Water Works pumped a total of 97,973,000 gallons during the month as compared with an average January flow of 100,358,000.

The system was totally independent of the New York City system, which serves throughout the month, except for 50,000 gallons which are always purchased from the New York City system to meet peak load pressure cannot reach.

**Tangles with Fence**  
A car driven by Marco George Frasca of New Rochelle tangled with an iron fence at 2 P. M. yesterday on the property of Walter V. State of 47 Mayhew Avenue, Larchmont.

Frasca told police he was driving east on Mayhew when he was struck by the fence. He was able to turn left at Mayhew and his car mounted the curb at the intersection striking the fence.

Two rounded sections and a post of the fence were damaged.

**Circo in Japan**  
Pfc. Domenico J. Circo of a photographer assigned to the Air Force. Pfc. Circo, who left this country in October following a 30-day furlough at home, received his training in photography at Lowry Air Base, Colorado.

A graduate of Mamaroneck High School where he was a member of the golf team, Pfc. Circo enlisted in the Army for three years in November, 1945.

**Water Curbs Coming**  
By JOSEPH W. SHANNON  
Westchester officials agreed to full cooperation with New York City in steps designed to meet the water shortage and to seek enforcement of restrictions on water waste, at a conference held yesterday afternoon in White Plains.

While some of the local water officials indicated they felt that New York might well do even more than it has already done, all present agreed to need for stringent supervision of use of water, even to the point of possible prohibition of lawn, garden and golf course sprinkling.

Frank Z. Elder, deputy chief engineer of the Bureau of Water Supply of New York City, who with Eugene Bauman, chief inspector of the Bureau of Water Supply, represented New York Commissioner Stephen J. Carney.

# The Daily Times

MAMARONECK, N. Y., WEDNESDAY, FEBRUARY 1, 1950

**The Weather**  
Cloudy with some snow or rain tonight and tomorrow. Low tonight 25 to 30, tomorrow in the 20s. High today today, at 10:50 P. M.; tomorrow at 10:25 A. M. and 10:50 P. M.

MEMBER OF AMATEUR BUREAU OF CIRCULATIONS  
PRICE FIVE CENTS

**Red Cross Sets Goal At \$6,805 For Village**  
Mamaroneck residents will have to dig deeper to meet their Red Cross fund quota this year as a goal of \$6,805 ten per cent higher than last year, has been set for the community by the Westchester Chapter of the American Red Cross.

Matthew J. Connerly, chairman, announced the increased quota last night at the first official meeting of the Mamaroneck Fund Committee in the Municipal Building. Residents who will assist with the drive are Leonard O. Carson and Malcolm D. Brown, assistant chairmen; Mrs. Robert A. Appleton, display chairman; James Pasquig, treasurer; Mrs. Connerly, publicity chairman; and Mrs. Walter I. Stevens, secretary.

An increase in the national quota has necessitated the local rise despite the fact that the Westchester budget is approximately the same as last year. The national budget is lower than last year, Mr. Connerly explained last night, but the enlarged quota is caused by the application of less reserve funds than have been used in past years. Only five million dollars in reserves are available for use this year as against twelve million last year.

Reserves are now at the limit required for working capital and

**LET CLUE PROBED IN 8TH BURGLARY**  
Continuing their investigation of the \$3,300 burglary early yesterday morning at the home of Mr. and Mrs. Frank McNamee, 525 Cortlandt Avenue, Mamaroneck Police Chief Arthur W. Martensen and Detective Jeremiah Geary agreed today that the intruders may have turned on the gas.

They emphasized that the fixture is light, requiring considerable time to turn it on. Both believe the gas was turned on deliberately. This unusual speculation is supported by the fact that the intruders may have turned on the gas "to keep the McNamees quiet."

Further fingerprint checks are being made, especially in the area where the burglars are believed to have entered.

**LARCHMONT LAGS IN NEW BUILDING**  
Permits for Only \$26,300 Issued in January For Additions, Repairs

A slash in prospective construction was recorded last month in Larchmont when only four permits were issued totaling \$26,300. There was no new residential construction, all construction being additions or repairs to already existing structures.

Although the total was less than half the December figure of \$59,940, which included plans for five new homes, it was four times the amount recorded for January, 1949.

Main items on the list are \$15,000 estimate by the Larchmont Federal Savings and Loan Association for additions to the building at 145 Cathowath Avenue, and \$10,000 by Owen A. Mandel for an addition to the side of the real estate office building at 144 Boston Post Road.

Permits were issued to Lewis A. Kaye of 22 Linden Avenue for \$500 for the roofing of the garage on the property and to John C. Key of 15 Coolidge Street for \$700 for the finishing of the attic at the same address.

**Shops Here to Offer 'Commuter Specials'**  
In a move to popularize Thursday night shopping in Mamaroneck, a select group of entering special bargain items between 5 and 9 P. M. tomorrow.

To be known as "Commuter Specials," a wide variety of popular brands of merchandise will be reduced far below prevailing prices each succeeding Thursday night as special inducements to local shoppers who have been remaining open one night weekly for their convenience.

New members introduced were Paul J. Capicci, Joseph Del Guercio, Vito Marraro and Gerard Muscarello.

**SLATE INSTALLED BY CIVIC GROUP**  
Cue Succeeds Mandracchia In Ceremonies at Loyal Inn

Frank C. Cue was installed last night as president of the Mamaroneck Civic Club at ceremonies held at the Loyal Inn. Elected with other officers in December, Mr. Cue succeeds Joseph Mandracchia.

Others installed were Victor Del Guercio, vice president; Philip Gigano, treasurer; Vincent Marcello, financial secretary; Leon N. Ostino, recording secretary; and Joseph D'Alfonso, historian. Trustees are Mr. Mandracchia, Joseph Lanza, Ralph Pollini, Anthony LaManna and Jerome Castiglione.

Mayor B. J. Santoro of Mamaroneck was chairman of the dinner held by Frank C. Pratte, president of the Westchester County Federation of Civic Clubs, who was the installing officer.

New members introduced were Paul J. Capicci, Joseph Del Guercio, Vito Marraro and Gerard Muscarello.

**NEW PRESIDENT OF THE MAMARONECK CIVIC CLUB**  
Frank C. Pratte, president of the Mamaroneck Civic Club, was elected to the post of president at a meeting held last night at the Loyal Inn. Pictured from left to right are Joseph Mandracchia, whom Mr. Cue succeeded, Frank C. Pratte, president of the

RYE—One man was killed and another seriously injured in a head-on collision of two huge trucks on the Boston Post Road here at 2 P. M. today.

**VICTIM CRUSHED TO DEATH IN CAB AS TRUCKS CRASH**  
Driver Seriously Injured In Head-On Collision On Post Road In Rye

RYE—One man was killed and another seriously injured in a head-on collision of two huge trucks on the Boston Post Road here at 2 P. M. today.

It was one of the worst collisions ever here and was the first traffic fatality in Rye City since Sept. 13. It was the fifth in Westchester. The driver of the second truck, a tractor-trailer vehicle, escaped apparently without injury.

A Mount Vernon man, John Hezel, thirty-two, of 162 West Sanford Boulevard, was killed instantly. The upper part of his body at the time of the crash was crushed in a cab in which he was riding. He was a brother-in-law of Thomas Perna of the Mount Vernon police.

The driver of the truck, Donald Barber of Colchester, Conn., was taken to United Hospital in Port Chester, Rye Police said they were informed Barber had only a 50-50 chance to live later this morning, he was still

**LARCHMONT NETS \$6,000 FOR POLIO**  
Fund Is Far Short of Goal; Drive to Continue For 10 Days

The Larchmont Committee for the Fight of Dimes for 1950 has collected approximately \$6,000 which is far short of the \$15,000 goal. Chairman James T. Morley of 63 Willow Avenue said today. So far but \$425 has been collected from the schools; \$375 from Murray Avenue School and \$300 from St. Augustine's Parochial School.

"To attain the original goal, or to come close to it," Mr. Morley said, "we must receive many more substantial donations through our special effort campaign."

The campaign for Westchester has just been extended to Feb. 10, and the ten-day extension should give a lift to the fund drive, the committee hopes.

**HEART DRIVE HERE HAS \$3,000 QUOTA**  
Mrs. Oscar Keebler Is Head of Mamaroneck Campaign Launched Today

A goal of \$3,000 for the Mamaroneck Heart Association drive which begins today has been announced by Mrs. Oscar Keebler, 151 Penrose Road, Mamaroneck.

The campaign, lasting through Feb. 28, will have as its focal point the week of Feb. 13, when "Heart Week" will be proclaimed.

Owing to the fact that the association plans to center its efforts on "Heart Week" and particularly upon Valentine's Day, most details of the drive are still tentative, Mrs. Keebler said, but the executive committee of the association will meet Monday to craft final plans.

Plastic heart-shaped collection containers will be distributed to all places of business in the village, Mrs. Keebler said, adding that it is planned to have members of the Sub-Deb Section of the Woman's Club collect funds

**SKID-CRASH DAMAGES CAR AT POST ROAD CROSSING**  
A car operated by Elizabeth G. Henry, thirty-four, of Laconia, N. H., sustained considerable damage to the left side in a two-car collision on Boston Post Road opposite Central School at 8:15 A. M. today.

Henry's car skidded into the rear of an auto operated by William A. Brame Jr., twenty-nine, chauffeur, of Wendell, N. C. Brame had stopped his car upon signal from a traffic officer when the accident occurred. His car was reported undamaged.

**Tax Rate Unchanged As Governor Trims Budget 77.6 Million**  
State Spending Slashed To \$861,722,632 In Record Cut

ALBANY, (AP) — Governor Dewey submitted to the Legislature today a 1950-51 state budget of \$861,722,632 a record slash of \$77,660,000.

The proposed budget, the first cut by Dewey since 1944, provides for no change in tax rates. The 10 per cent income tax "forcefulness" will be continued.

"I am afraid I have had to cut hardily in some directions," Dewey said in his 58-page budget message, "but the reductions were in public works."

The spending program computed with a record deficit of \$939,281,644 for the current fiscal year ending March 31.

Despite the State's history of the new budget will be the second highest in New York State history.

The \$861.7 million total will be funded by an estimated \$4 million in supplemental appropriations. This will pare the overall reduction to about \$73.5 million.

Dewey told the Legislature he was not recommending any tax increases in spite of a decline in the economy for the first time in 10 years, plus mounting demands for more public services and expansion of health care.

This also explained why there is to be no tax cut in the face of the \$77.6 million slash in appropriations.

**LARCHMONT NETS \$6,000 FOR POLIO**  
Fund Is Far Short of Goal; Drive to Continue For 10 Days

The Larchmont Committee for the Fight of Dimes for 1950 has collected approximately \$6,000 which is far short of the \$15,000 goal. Chairman James T. Morley of 63 Willow Avenue said today. **TEMPLE TO OPEN WEEKLY FORUMS**  
'Spiritual Inventory' Slated As Topic of Next Friday Series

A new series of post-service forums will start Feb. 11 at the Larchmont Temple, 75 Larchmont Avenue, it was announced today by Paul S. Salovey and Henry Stempleman, co-chairmen of the forum committee.

Under the general title, "A Spiritual Inventory," the series will feature a series of forums to determine whether its spiritual growth is keeping pace with its physical growth, according to Mr. Salovey.

The function of the series, he said, will be to determine the extent to which the Temple and Judaea can do much for the personal lives of the members, to develop a fuller understanding of the weekly services and the traditional prayers, to evaluate the importance and significance of religious and Sunday observance, and to consider the relationship between the national Jewish organizations, the national Jewish translation.

**Valentine Party Set By Democratic Club**  
The Larchmont Democratic Club will have a Valentine party at 8:15 P. M. tomorrow at the club rooms, 94 Boston Post Road, Larchmont.

The party will take the place of the regular February meeting and will be highlighted by a musical entertainment provided by club members.

Serving on the refreshment committee are Claude Seixas, Mrs. Henry Zeller, Mrs. William Ferschlund, Mrs. Walter Crutcher and Mrs. Martin Stern.

**SONG COLLECTION SET BY LARCHMONT POST**  
A barber shop quartet contest will feature a program Saturday at the Larchmont American Legion Club House in Flint Park where a Legion talent show and dance will get under way at 9 P. M. Raymond A. Kaymer of the House Activities Committee is chairman.

An outstanding orchestra, Robert Blackson and his Royal Blackbirds, will provide the dance music. Larchmont post office employees, members of the Larchmont Fire Department and past commanders of Larchmont Legion Post 347 will take part in the barber shop quartet contest.

The contest winners will be awarded a prize by Post Commander William Blumgold. Friends as well as Legion members and families will be welcome.

**Mighty Mo Reports Back To Duty**  
NOFOLK, Va. (AP) — The Mighty Pacific here today with the bottom of Chesapeake Bay into deep water and safe to sea. The Navy said it was a "Shoal."

Combing The Town

Serve Together

Two paratrooper brothers from Mamaronock hope to meet in the near future when Emil and Edwin Yesso, sons of Mr. and Mrs. Emil Yesso of 119 Florence Street, leave their present assignments for Fort Bragg, N. C.

Pvt. Emil Yesso has just completed an Army engineering course at Fort Jackson, S. C. graduating with honors. His prospects to be reassigned to Fort Bliss, Saturday.

Pvt. Edwin Yesso is following in the footsteps of his brother, having just completed paratrooper basic training at Fort Dix, N. J. and has already been assigned to Fort Bragg.

Both brothers are graduates of Bellows High School. Emil had made a total of eight jumps before being assigned to the Fort Jackson engineering school.

**Profitable Deal**  
How to convert two old and much used fire engines into \$5,000 was demonstrated to the Town of Mamaronock Council last night by Pte Chief George Burton.

In purchasing a new Wever, France, which will be delivered late this Spring, the departments were given a \$3,000 allowance on the two trucks. The Ward LaFrance people, who have owned the trucks of their own property, turned around and sold the two trucks back to the Town for a dollar apiece.

**Resident in Musical**  
Howard Morris, former Mamaronock resident now playing the role of Roberto, the young Frenchman in "Gentlemen Prefer Blondes", is pictured with other cast members in a recent issue of Life Magazine.

Starting his stage career in New York University drama department, he has appeared in such Broadway hits as "Call Me Mister", "John Loves Lucy" and "Hallelu" with Maurice Evans. During World War Morris was a captain in the Army Special Service Division, serving in the Aleutians and Europe with Mr. Evans. His mother, Mrs. Elsie Morris, lives at 616 First Street, Mamaronock.

Accepted With Pleasure

The Town Council was glad last night to accept the resignation of Jeremiah C. Waterman as a member of the Town Zoning Board of Appeals.

No, he didn't do a job. He had done an extremely good job, enough so in fact to warrant election to the Town Council last November. So as Supervisor Owen A. Mandeville phrased it, "I'm sorry you're leaving, but I'd far rather see you a victorious candidate sitting with the Council."

At Scott Field

Dr. L. Andrew Maggard, son of Mr. and Mrs. E. J. Maggard of 20 Hillside Road, Larchmont, is stationed at Scott Army Air Base, Bellemead, Ill.

He was graduated last June from Virginia Military Academy where he was captain of the swimming team and a member of the polo team. He was assigned to the Illinois base last week where he swam in graduated in 1943 from Mamaronock High School.

Maggard is receiving his regular Army commission as a second lieutenant in October when he became 21 years of age.

Line of Duty

A fire department is often called upon to do many odd jobs. One of the more popular ones here is a type of rescue work that has nothing to do with putting out fires.

Yesterday around 10:40 A. M. a call for help was placed to the Weaver Street fire house. A child was locked in a bathroom.

Using a 14-foot ladder firemen climbed through the bathroom window, liberated the five-year-old child, who had accidently locked himself in.

Polio Fund Benefit

Children at the Larchmont Acres Apartments are planning a March of Dimes benefit performance Saturday at 2:30 P. M. in the Acres Recreation Room. The children plan to stage a play, a dance exhibition and a musical program.

All contributions with proceeds from the sale of refreshments following the performance will be given the March of Dimes to combat infantile paralysis.

On Exam List

In effect the Town of Mamaronock Council is voting today on about \$1,200 in the collection plate of Mrs. John and Paul parish. It entered the recommendation of Assessor James Smith that the 1950 assessment roll be corrected to include the property of the parish on Weaver Street.

ESTABLISHED OCT. 1, 1925

COAL OPERATORS ACCEPT TRUMAN'S TRUCE PROPOSAL

Negotiations For End Of Coal Strike Collapse In 2nd Session

WASHINGTON, (AP) — Northern and Western coal operators today accepted President Truman's proposal for a 70-day strike truce while fact-finders investigate the coal dispute.

They advised the White House of their acceptance shortly after midnight. Truman authorized Town Affairs began only yesterday—with John L. Lewis.

Lewis, chief of the mine workers, told reporters he would accept the truce only if the operators agreed to meet with him by 3 P. M. Saturday and for resumption of full coal production on Monday.

Less than an hour after their second session began, George Love, chief miner in the northern region, walked from the conference room with this assurance: "Negotiations with the miners have been terminated."

Whether enough progress was made at the opening talks to warrant a back-to-work order from Lewis to 100,000 striking miners remained to be seen.

MAMARONECK, N. Y., THURSDAY, FEBRUARY 2, 1950

TAX WAIVER ON COOPERATIVE APARTMENT UNIT

Hope Revived For Barry Ave. Project As State Law Is Satisfied

Hope that a veterans' cooperative housing development of approximately 50 units will rise on Barry Avenue between the Mamaronock River and Mamaronock Avenue was rekindled last night as the Town Council approved the request of Henry Zeiler, builder, for a 3 1/2-year tax waiver on improvements.

The project, which if completed is expected to satisfy a critical local demand for housing, was announced in October, and though approved by Village of Mamaronock, the Town, and the Federal Housing Authority, ran into a block when the State Housing Authority turned down on the proposed plan.

Mr. Zeiler indicated last night that his plan for the proposal will meet all the state's requirements and state official will be asked to take up the matter.

The matter was brought to the attention of the Council by Councilman David Embury, who cited two instances last Summer in which residents had refused to comply with requests by the Police Department.

Although Supervisor Owen A. Mandeville pointed out that the over all record of the Town had been exemplary during the shortage and that he doubted whether the Council would ever have to use the ordinance, it was decided to prepare one "just in case."

The ordinance will be reviewed at the next meeting.

In line with the water shortage, the Council voted to observe a six-page list of water saving measures advocated by New York City, but only when the Weather Bureau predicts a dry spell.

Other officers, also selected at the annual meeting, are Mrs. Margaret E. Foshey, vice president; Mrs. Mary V. Niles, secretary; and William P. MacDonold Jr., treasurer.

President Charles M. Baxter, Jr. was elected yesterday by the Board of Trustees of the Mamaronock Free Library to serve his 28th term as president of the library.

PRICE FIVE CENTS

Hughes To Quit Board; 2-Party Contest Rooms

Larchmont Trustee To Retire; Washburn, Gibbs Silent

Harold T. Hughes, Larchmont Village Trustee resigned yesterday. His intention to return from public office when his first-term expires' term expires the first Monday in April.

Meanwhile Mayor Walter B. C. Washburn and Trustee George Gibbs, whose terms also end this year, brushed off queries regarding their willingness to run with non-committal answers, refusing to say or do.

His announcement coincided with the resignation of the first news of the year on Tuesday. Larchmont's political scene. Though names of possible candidates will probably be announced by the Board of Trustees and Democratic committees within a week, both S. Mills Harris, Republican chairman, and Richard Carr, Democratic chairman, did not say when contacted yesterday whether the political conservatism of the parties have observed for the last two years in their donations. Certain clubs and organizations in the Village have not yet held meetings to raise their donations.

Mr. Washburn said that letters to the special gifts list were made late and that those persons had not yet had the opportunity to make their donations. Certain clubs and organizations in the Village have not yet held meetings to raise their donations.

Water Ban Ordinance Drafted By Town Board 'Just in Case'

Worried about what it could do if a consumer refused to comply with a ban on the use of water, the Mamaronock Town Council last night authorized Town Affairs to draft a water conservation ordinance which could be enacted at any time should the need arise.

The matter was brought to the attention of the Council by Councilman David Embury, who cited two instances last Summer in which residents had refused to comply with requests by the Police Department.

Although Supervisor Owen A. Mandeville pointed out that the over all record of the Town had been exemplary during the shortage and that he doubted whether the Council would ever have to use the ordinance, it was decided to prepare one "just in case."

The ordinance will be reviewed at the next meeting.

In line with the water shortage, the Council voted to observe a six-page list of water saving measures advocated by New York City, but only when the Weather Bureau predicts a dry spell.

Other officers, also selected at the annual meeting, are Mrs. Margaret E. Foshey, vice president; Mrs. Mary V. Niles, secretary; and William P. MacDonold Jr., treasurer.

HOEING TO SPEAK AT TEMPLE FORUM

State EPA Administrator To Explain Operation of Act Tomorrow

Frederick W. Hoeing, administrator of the New York State State Pollution Control Act, will speak on operation of the Act tomorrow night at the forum following services at the Larchmont Temple, 55 Larchmont Avenue, according to Paul K. Halstead, program chairman.

Mr. Hoeing taught at Harvard University and the University of Maryland and Mary. During the war, he was an ambulance driver. He was on the SS German when it was sunk by the German raider Atlantis in 1941, and was held for four months as a German prisoner in occupied France. After his release, he served with the British Eighth Army throughout the North African and Italian campaigns.

Since the war, he served as lieutenant in the United States Army, and field representative of the State Commission on Anti-Discrimination since August, 1948.

He has been administrator of the State Board of Practice Act since August, 1948.

The winning bid was preferred by Lily Chevrolet, Larchmont, which offered a \$400 allowance on two turn-ins, a 1940 Brockway coupe, and a 1943 Ford pickup now in use, to make the net bid \$2,600.

At the same time the Council approved another bid of the Lily Chevrolet Company on an Larchmont truck for \$2,675, but the bid was rejected.

Other officers, also selected at the annual meeting, are Mrs. Margaret E. Foshey, vice president; Mrs. Mary V. Niles, secretary; and William P. MacDonold Jr., treasurer.

# Combing The Town

## On Maneuvers

First Arthur W. DeLaney, son of Mrs. Adeline W. DeLaney, 210 Jensen Avenue, Mamaroneck, is taking part in the maneuvers of the 1st Marine Division at Camp Pendleton, Calif. The brothers were assigned to duty on the 1st Marine Division soon after completing their boot training at Great Lakes Naval Training Station early in 1948.

Recently stationed at New Orleans, they will return here following the current maneuvers and will probably remain here until their discharge next Fall when their three-year enlistments expire. Arthur's term is up in October, while Raymond's ends November. Both will be expected to discharge three months ahead of schedule to make room for new enlistees.

This plan has apparently been discussed according to Arthur's recent letter to his mother. The brothers got a break last Thanksgiving Day when they had to leave to come home for the holidays because their ship was at Norfolk, Va., for repairs.

## Plans Polio Nursing

Dr. Oscar Raymond Jr., son of Mr. and Mrs. Oscar Raymond, 328 Grand Street, Mamaroneck, plans to specialize in polio nursing upon completion of his two-year enlistment a year from now. He will then be a qualified male nurse and expects to secure further training in the infantile paralysis field.

Previously assigned as medical technician at the U. S. Army Philadelphia Hospital at Fort William McKinley, Ft. Raymond is now in charge of four wards in the TB Hospital and the TB Hospital in the operating room. He wrote his parents recently that United States soldiers' enthusiasm for football is spreading to Philippine boys.

## Cancer Fund Nets \$2

Four Larchmont youngsters, students at Chatsworth Elementary School, set an example for adults this morning as they staged a puppet show and netted \$2 for the Cancer Fund.

The show, which was performed before about 50 friends at the home of ten-year-old Larry Bauer, 58 Moran Place, was a dramatization of the television puppet presentation, "HOWDY DOODY".

Participants in addition to Larry were Charles Tobey, 1000 Broadway, Taylor, ten, and Charles Hauer, eleven.

## At Craig Testimonials

Commander and Mrs. F. E. Webb, George Street, and Mrs. E. J. Gibbon, all of Larchmont, Post 347, attended the testimonial banquet to George M. Craig, National Commander of the American Legion at the Waldorf Astoria in New York City yesterday night.

The hotel ball room was reported to be capacity. Commander Webb also attended a dinner last night in Cornwall-on-Hudson, which National Commander Craig was held.

## Has Weekend Leave

Hospital Assistant-1-C1, Joseph P. Passera Jr., is spending weekend leave with his parents, Mr. and Mrs. Joseph P. Passera, 336 Third Street, Mamaroneck. He is now on duty at the admission room at St. Albans Naval Hospital on Long Island.

Formerly a Bellows High School pupil, he joined the Navy in November, 1947. He is now undergoing training at the Hospital School of Great Lakes Naval Base after receiving his boot training at the 3858 Naval Training Center.

## On The Double

A young boy after called the "Town of Mamaroneck police last night when she noticed two "suspicious" characters in the street near the house.

With a formidable two-week list of burglaries on the local docket, police arrived on the double. They went back on the double too—after confronting two plainclothesmen from their own department!

## Florida Vacation

Members of the Larchmont Village Board will be without the able assistance of Miss Margaret Lorch, village clerk, at the board meeting Monday night in the Municipal Building.

Miss Lorch is leaving today for a Florida vacation. Miss Elizabeth Kern will fill in until the clerk returns in time for the next board meeting Feb. 20.

## Holmberg To Attend Parley At Washington

Centie W. Holmberg, president of the National Tool and Die Manufacturers Association, and Mrs. Holmberg of New Rochelle, formerly of 22 Highpoint Road, Larchmont, will attend the association's Winter Board meeting, Feb. 9 to 11 in Washington, D. C. Mrs. Holmberg, president of the National Tool and Die Manufacturers Association, is elected national president of the organization last November.

Senator and Mrs. Irvine M. Ives and Mrs. Ralph A. Ives of Larchmont are expected to attend a dinner for senators and congressmen on the opening day of the meeting.

## Larchmont Scout Among 11 Others In U. S. To Give Scout Week 'Report To The Nation'

William D. Wells Jr., outstanding Eagle Scout of Explorer Post 1, Larchmont, will be one of 12 representatives of the Scouts in the nation who will be greeted by President Truman in the White House tomorrow. The 12 will be taking part in the "Report to the Nation," observing the 40th birthday of the Boy Scouts of America and Boy Scout Week, Feb. 10 to 12. There are 2,300,000 scouts and leaders in the United States.

Wells was chosen to represent the 27,000 scouts and leaders of Troop Two—the states of New York and New Jersey—in recognition of his outstanding service. Explorer Post 1 is sponsored by the members of his family from 2 A. M. fire in their home. He is sixteen and a student at Mamaroneck High School.

He will visit Philadelphia on Thursday to visit Independence Hall in Philadelphia, on Thursday for ceremonies at the United States Capitol in Washington, D. C. He will then visit New York City, where he will be with the President and other officials and visit National Council offices.

Federal officials, civic leaders in Washington, and national scout leaders will greet the 12 at a breakfast in Washington on Wednesday. Progress of the Boy Scout movement in meeting the first half of its goals in the two-year, 40th anniversary crusade to "Strengthen the Arm of Liberty," will be discussed.

Ceremonies at Philadelphia will proclaim the 40th anniversary. Here the aims of the scouting program will be restated, and all those taking part will once again re-

dedicate themselves to the principles of the scout code and law. Similar ceremonies set.

Similar ceremonies featuring a "Declaration of Purpose" will be held by scouts at the state capitol county court house, and throughout throughout the nation, emphasizing the crusade's three main objectives of more trained leadership, better unit programs, and stronger membership.

Wells will take part in the New York state ceremonies today when, at 2 p. m., at the state Capitol he will report to Governor Dewey on progress in the scouting crusade by the Sivanoy Council, composed of the seven Long Island Sound communities from Pelham through Port Chester.

Representatives of each of the seven councils in the state will be present.

The 12 outstanding scouts will go on eight-day tours in Washington, Philadelphia and New York.

The "Report to the Nation" also will spotlight the National Scout Jamboree, the climax of the two-year crusade. The jamboree will be held together over 40,000 scouts and scout leaders from the nation's 541 local councils and various overseas scouting units, to be held in a dispute—would be the only word from their chief over the weekend.

Lewis made his reply in the midst of reports that the strike would continue or possibly spread in the fields next week.

In Illinois it was reported that Lewis already had telegraphed local leaders across the nation that a full scale strike was set for Monday.

The bitter contract struggle, which began last Spring has kept the mine closed or working only a three-day week since a minority contract expired June 30.

From Western Pennsylvania, reports came that the miners' union were on strike last week.

Reports of a strike in the coal fields of West Virginia were also heard.

## LEWIS REJECTS UNION APPEAL FOR COAL TRIUCE

Union Chief Says Miners 'Do Not Wish Strangers' To Fix Wages

WASHINGTON, (AP)—John L. Lewis, president of the United Mine Workers, today rejected the miners' appeal for a coal truce.

His statement was taken as a flat rejection of the President's proposal for a truce in the coal strike.

A 500-word letter from the United Mine Workers leader was delivered to the White House at 9:08 A. M. It did not refer to the President's plea that "normal" production be restored on Monday while negotiations continue.

United Mine Workers representatives said that the letter—over the most cryptic Lewis ever has used in a dispute—would be the only word from their chief over the weekend.

Lewis made his reply in the midst of reports that the strike would continue or possibly spread in the fields next week.

In Illinois it was reported that Lewis already had telegraphed local leaders across the nation that a full scale strike was set for Monday.

The bitter contract struggle, which began last Spring has kept the mine closed or working only a three-day week since a minority contract expired June 30.

From Western Pennsylvania, reports came that the miners' union were on strike last week.

## BRITISH SCIENTIST MAY HAVE HAD ACCESS TO HYDROGEN DATA

WASHINGTON, (AP)—Lt. Gen. Leslie R. Groves, wartime head of the U. S. atomic energy project, today told that a top British scientist suspected of atomic spying for Russia may have had access to data about the proposed hydrogen super bomb.

Groves stated that he had said Puchs had access to "present and proposed weapons data while in this country from 1943 to 1946 as a member of a British mission."

"A newswoman asked whether Puchs had access to data on atomic weapons information to the Russians."

Puchs, who worked with a British mission on development of the atom bomb in wartime here, was arrested in London yesterday. The Federal Bureau of Investigation played an important part in developing information leading to his seizure.

Groves said that he had said Puchs had access to "present and proposed weapons data while in this country from 1943 to 1946 as a member of a British mission."

# Combing The Town

## Back Yard Engineer

A snapshot of George J. Doyen's work is shown in the Jan. 28 issue of the Harvard Alumni Bulletin showing Mr. Doyen, a member of the class of 1907, and his two sons, George Elliott Doyen, six, and Robert Randolph Doyen, three, surveying the site of their combined labor on a backyard project, the construction of an outdoor fireplace.

Mr. Doyen, an engineer, likes to construct things as a hobby when he's not at work, and he has apparently discovered that his sons are going to follow in his footsteps.

Recently promoted to assistant building construction engineer of the New York State Department of Public Works, Mr. Doyen is now present in charge of the construction of a new medical and surgical building at the Binghamton State Hospital which will house 800 additional patients.

## South of the Border

Mamaroneck Tax Assessor Henry R. Dillon doesn't care where checks come from as long as they don't bounce.

Today he received two checks totaling more than \$700 on the Bank of Manhattan from the Venezuela de Credite, Caracas—somewhat south of border, as any student can tell.

They are to pay school and taxes of Lila R. DeVaney, Quinta Sylvia, Plaza Madariva, El Paraiso, Caracas, Venezuela, on her house and former residence at 60 Park Avenue, Larchmont.

Each check is dated "1 de Febrero de 1950" and Senora DeVaney evidently thought it best to forward separate checks for her taxes.

Her accompanying letter states that the check is for taxes for New York next month in an effort to dispose of her Larchmont property.

## License Plate Trouble

Noticing a not-so-new sedan bearing a 1948 front license and a 1949 rear plate with two different numbers, a curious reporter asked Mamaroneck police about it. Joseph P. Moran, police warden, said car owners did not want to display the front plate whether the number on the license with the rear plate or not. Pending clarification of the Motor Vehicle Law, only rear plates are given.

Patrolman Robert Clark reports that when he warned a woman recently on Mamaroneck Avenue that her front license plate was outdated she asked with astonishment, "Do you mean, I've been driving with a front license plate for two years?"

When he assured her that she had, she countered helplessly, "I don't know anything about these things. I'll have my husband take care of it."

## In New Department

Sgt. Irving N. Steiner, son of Mr. and Mrs. David Steiner, 35 West Park Avenue, Larchmont, has recently been transferred from the 119th Airborne Division to the 197th Airborne Squadron at Westcott, Mass., where he will serve as Mess Sergeant. Steiner is the 197th telegraph clerk in the 197th telegraph section.

Sgt. Steiner, enlisted in the Air Force July 17, 1947, received his basic military training at Lackland Air Force Base, Texas. He recently returned from 14 months overseas duty with the AACF Guam.

## Trips on Sidewalk

Mrs. Lucy Hunt of 429 Fourth Street, Mamaroneck, telephoned Village Police Headquarters for aid when she tripped and fell on a tiled sidewalk near 318 Carroll Avenue at P. M. yesterday.

Dispatched by radio, Patrolman P. M. Kennedy, Patrolman Dominick Pinto took Mrs. Hunt to Dr. William A. Barrett for treatment of a lacerated nose, chin and bruised lips.

Patrolman Pinto reported a section of sidewalk where Mrs. Hunt fell was raised about three inches above the adjacent sidewalk area.

## Comparative Costs

Whether the holding of the Larchmont sewer system with that of New Rochelle will prove more expensive than remodeling the Larchmont disposal plant was one of the subjects discussed last night by the Larchmont Board of Trustees.

Village Engineer Arthur Rich estimated that the cost of remodeling would be around \$140,000. He was asked to investigate other alternatives to the plan of uniting with New Rochelle.

## Center Congregation Grooms New Members

Mr. and Mrs. Leon Rumbaut of 11 Franklin Avenue, Mamaroneck, were welcomed last night as new members of the new Center Jewish Center at the congregational meeting held in the Center building Saturday.

President, presiding over the meeting, presided over the ceremony.

A representative of the Mamaroneck League of Women Voters spoke briefly and the financial report of Treasurer Arnold Kay prepared and audited by Alan R. Ketchik, was accepted. Kay announced that the Adult Education classes will be in session at 8:15 P. M. tomorrow.

Reservations for the annual Passover Seder which will be made with Solomon Granite, chairman of the committee. Reservations will also be accepted for a Seder to be held June 17.

ESTABLISHED OCT. 1, 1925

## LOT OWNER ASKS HIGH COURT RULE ON ZONING DEVIATION

### Larchmont Board's Decision On Gas Station Property Held Arbitrary

The Supreme Court in White Plains has been asked to review the Jan. 5 action of the Larchmont Zoning Board of Appeals denying the owner of property on the northeast corner of Chatsworth and Palmer Avenues permission to move the buildings of the gas station to the rear of the property.

Papers were served on Village Attorney William J. McWilliams Friday, serving 12 rounds for review of the case. The essential substance of the reasons being that the zoning board was arbitrary in its decision.

The application was originally turned down because it appeared to be a "variance on a variance." In the board's own words, "...in the light of the facts and conditions on Palmer Avenue and the general character of the district, such use appears for would not safeguard the character and the value of said district and the value of adjoining buildings and uses in the neighborhood."

On appeal of the property, known as 4915 Realty Corporation, had intended moving the buildings to the rear of the property, developing the land upon which two stands as business property. They have very able zoning board and the village administrator will support it to the utmost. Mayor Washburn said at the executive session after the meeting.

As village attorney Mr. McWilliams will represent the zoning board.

## RED CROSS BRIEFS FUND VOLUNTEERS

Chapter Officials Address Mamaroneck Captains At First Meeting

Students captain for Mamaroneck's coming Red Cross Drive were briefed on their duties last night at the Municipal Building at 8:30 P. M.

Mr. Curry described the achievements of the Red Cross in 1949 and outlined the proposed program for the coming year. A question and answer period followed his talk.

Mr. Conery introduced the following captains: Mrs. Adeline Simpson, district 1; Joseph Dalfonso, district 2; Mrs. William H. Felix, district 3-A; Mrs. Frederick Krause, district 9; Herbert Blum, district 4-A; Augustine E. Byrne, Mrs. F. R. Hillier, district 4-B; Ivan S. Flood Jr., district 6; Mrs. E. H. Savage, district 7-A; Thomas C. Meyer, district 7-B; George H. Langefeld, district 8-A; Mr. Frank P. Buck, district 8-B; Mr. and Mrs. David B. Chisholm, district 9; Mrs. P. L. Lanford, district 11; Mr. and Mrs. Louis Pekuri, apartment 11.

## MARCH OF DIMES TOPS \$2,000 MARK

Elks' Contribution of \$100 Aids Extended Drive in Mamaroneck

A donation of \$100 from the Mamaroneck Lodge of Elks has sent the Mamaroneck March of Dimes drive over the \$2,000 mark.

Treasurer Gabriel Wendel announced today the drive is still short of its \$4,000 quota, however.

Joseph Warrington, chairman of the fund committee, declared that numerous village organizations have not yet sent their money and urged them to send their checks as soon as possible.

The drive was extended through this week.

An item of human interest came to light over the weekend and reveals the extent to which young people are being afflicted with infantile paralysis. Police Chief Arthur W. Martensen told Mr. Warrington that he was holding 42 cents which he would turn

## RESIDENTS FORM NEW CIVIC UNIT

Schaffer Heads Association in Vicinity of Knolls and Harbor Heights

Defined as a working group of residents aiming to promote special interests such as transportation, school welfare and defense against legal and other actions which might jeopardize the residential character of their neighborhood, a group of Harbor Heights, Mamaroneck, 22-015, Riverside Park and Monk Ridge residents held a spirited organization meeting at Mamaroneck Avenue School last night.

When parliamentary problems had been ironed out the group came up with a partial slate of officers, holding up election of a vice-president and executive board for about two weeks. At the next meeting more complete representation from the Knolls is expected.

Alfred Schaffer, New York attorney, was unanimously elected president. Other officers include

## Richards to Address WCVOA in Bronxville

Reports by the Moore Family Committee will be given at the meeting of the Westchester County Village Officials Association at 8 P. M. Thursday in the Bronxville Municipal Building.

Village Engineer Arthur Rich of Larchmont, chairman of the County Affairs Committee and Rudolph N. Miller of Bronxville, chairman of the Building Code Committee, will outline the meeting of Westchester County Building Department on Feb. 10-11 at the Hotel Statler, New York.

Association Secretary Anthony Sansone of Mamaroneck has notified association members the meeting will be "of utmost interest to all village officials."

## Finger May Be On Clean Cars If Larchmont Passes The Law

Will it ever become possible to recognize a law-breaker by the car he drives? Larchmont may be closer to that than you realize.

If the water shortage should bring about an ordinance banning the washing of cars,

Village Engineer Arthur Rich, chairman of the Board of Trustees that Larchmont should the water saving laws New York City recently passed. The washing of cars was one of the laws prohibited contained in the law.

Trustee Gail Oulday could use the logic in making a new ordinance for a temporary provision, thus making it a criminal offense to wash automobiles.

Peter Isaac backed up Mr. Oulday with the assertion that the Board of Trustees that Larchmont should the water saving laws New York City recently passed. The washing of cars was one of the laws prohibited contained in the law.

Mayor Walter B. C. Washburn said the residents have shown good faith.

MAMARONECK, N. Y., TUESDAY, FEBRUARY 7, 1950

## CIO 'Phone Workers Grant U.S. Request To Postpone Strike

WASHINGTON (AP)—The CIO-Communications Workers today postponed until Feb. 24 a nationwide strike which had called for tomorrow at 6 A. M. Mediation Director Cyrus S. Chang has urged the postponement to permit more time for conciliators to try to settle the dispute.

President Joseph A. Beine of the union said the 100,000-employee executive board had voted to postpone the strike in the hope of a settlement. Chang brought about in the meantime.

Along with asking a postponement of the strike call, Chang called for "intensified bargaining."

Beine said a postponement order was sent to the unions whose 100,000 workers were to walk out strikes aimed at shutting down the entire Bell Telephone System.

The new strike deadline is 6 A. M. on Feb. 24, 1950.

Chang based his plea for a postponement on the public interest.

"In accordance with Mr. Chang's request for more time to reach a mutually acceptable solution"

## Christian Charity Is Held Hope Of Mankind In Kennedy's Talk At Dinner Of Legion Post 90

The hope of mankind rests on kindness and brotherly love, not arms and armaments, according to John B. Kennedy of Larchmont, prominent radio and television commentator, who last night addressed the annual dinner of Mamaroneck Legion Post 90 at the Washington Arms.

"What we must fight for," he said, "is the limit to spread the peace that if we do go to war it will not be of our own choosing."

Mr. Kennedy was toastmaster at the dinner given at the Washington Arms.

Calling for a firm stand against Russia, Mr. Kennedy predicted there would be no war if the United States is granted the time to spread the doctrine of Christian charity to the peoples of the world.

Mr. Kennedy was toastmaster at the dinner given at the Washington Arms.

Calling for a firm stand against Russia, Mr. Kennedy predicted there would be no war if the United States is granted the time to spread the doctrine of Christian charity to the peoples of the world.

Mr. Kennedy was toastmaster at the dinner given at the Washington Arms.

## Klineberg And Mrs. Roosevelt Share Human Rights Forum

Prof. Otto Klineberg, member of Psychology at Columbia University since 1931 and acting head of the Department of Social Sciences of the United Nations for the last two years, will speak Friday at 8:30 P. M. at the Larchmont Forum for Public Opinion in Mamaroneck.

Senior High School student Mrs. Eleanor Roosevelt, chairman of the Commission on Human Rights of the United Nations, will share the platform in outlining the background of the subject.

Dwaine O'Neil, Director of Education of International Business Machines Corporation, will serve as moderator of the Forum.

Born in Quebec, Canada, Professor Klineberg received his B.A. in 1925 and his Ph.D. from Columbia in 1928; his M. D. from Harvard in 1930; and his Ph.D. from McGill in 1935 and his Ph.D. from Columbia in 1937. He received a NATIONAL RESEARCH COUNCIL Fellowship for the study of psychological differences between racial and national groups in a research project from 1927 to 1929; was a research associate in anthropology at Columbia University for the study of psychological characteristics of American Indians and American Negroes, 1928-1931 and from 1942 to 1947 he was a visiting professor.

## LARCHMONT POLICE FUND HITS \$8,000

Mandeville Urges Support Of Campaign's Final Push

Larchmont's March of Dimes Drive has amassed a total of \$8,000. Chairman James T. Morley announced today with three days remaining of the extended drive, although Larchmont is substantially short of its ambitious goal of \$15,000, the community has done far better per capita than the other municipalities in Westchester County. Mr. Morley said.

Supervisor Owen A. Mandeville issued a strong appeal to Larchmont residents this week to send their contributions as once to George E. Mills, campaign treasurer, at the County Trust Company.

"Many of our residents have given and given generously to back this fight against infantile paralysis," the supervisor declared, "but there are hundreds of others who have not yet taken time to sit down and write their checks. Larchmont and the unincorporated areas of the town have a big stake in this campaign. Last year's epidemic left an appalling number of our children stricken. Let's give our support to the struggle doctors, nurses and scientists are waging against this dread disease."

## N. Y. Deputy Chief Addresses St. Thomas's Men's Club; Firemen Attend

"When fires break out in two or more places in one building with no continuity between them, it is invariably the work of a pyromaniac or arsonist," Daniel A. Deasy, Deputy Chief of Staff and Operations of the New York City Department, told 200 members and guests last night at a meeting of St. Thomas's Episcopal Church Men's Club in Mamaroneck.

"Whether you call them arsonists, pyromaniacs, fire bug or burglar," he said, "the majority of such fires are placed in lumber yards and other costly fires are suffered from a disease which makes them want to start fires. Usually they operate when there's a full moon."

"Many fires are caused by accident-killers who are not fully sane when they start fires—usually Friday, Saturday, Sunday nights and holidays. A few firebugs are complicated."

(Turn to Page 2, Please)

## NO WOODEN SHINGLES, BOARD TELLS BUILDER

A request for a change in a zoning ordinance by Lewis B. Anderson of 19 Mayhew Avenue, Mamaroneck, to permit the use of red cedar shingles in the construction of a new house in Larchmont was turned down by the village board last night.

The ordinance prohibits the use of any material other than the construction of new buildings, because they are a fire hazard.

Mr. Anderson claimed that the Grade I red cedar shingles he wanted to use on his new home are considered non-hazardous by the United States Bureau of Standards. He asserted that the village building code prohibiting all types of wood shingles is "22 years out of date."

The board of trustees agreed with Mr. Anderson but stated there was no possibility of revising the code in time to accommodate him.

MAMARONECK, N. Y., TUESDAY, FEBRUARY 7, 1950

## BOY SCOUTS TO TAKE OVER OFFICE POSTS

Twenty-five Mamaroneck Boy Scouts are scheduled to take over village offices in Mamaroneck Municipal Building Saturday as a climax to Boy Scout Week. It will mark their practical introduction to municipal affairs which some day they may be handling "for real."

Scouts will be selected to occupy the desks of Mayor B. J. Sansone, Village Manager William H. Johnson, Judge Henry T. Horner, Police Chief Arthur W. Martensen, Village Clerk P. H. Bull Jr., and other village officials.

With Mayor Walter B. C. Washburn of Larchmont, Mayor Sansone yesterday proclaimed Feb. 6-15 as Boy Scout Week here, using citizens to recognize Feb. 8 as the 40th anniversary of Scouting, and to acknowledge the patriotic and unselfish service of Scouts and their volunteer leaders and to help promote this wholesome youth program in every possible manner.

Under the leadership of William Marx, neighborhood Scout commissioner, Scouts last night arranged interesting displays in store windows of merchants to show residents various Scout activities and some of the things they have accomplished.

The annual Father and Son Dinner for more than 175 Mamaroneck Boy Scouts will be held Saturday at the Lawrence Inn. The dinner will be held at the Lawrence Inn. The dinner will be held at the Lawrence Inn.

## BOY SCOUTS SET FATHERS' DINNER

Annual Affair to Highlight Week of Activities in Larchmont

More than 375 fathers and sons are expected at the Larchmont Boy Scout Father and Son dinner tomorrow at 7 P. M. in the Mamaroneck Junior High School Cafeteria. The affair is one of the highlights of national Boy Scout Week, celebrating the 40th anniversary of the founding of the Boy Scouts of America.

After the dinner, a Court of Honor will be held in the auditorium where five Scouts will receive Eagle awards.

Mrs. Vincent R. Smalley is serving as chairman of the Scout mothers who will serve the food to their husbands and sons.

Boy Scout Week opened yesterday in Larchmont as every troop, cub pack and explorer unit finished a window display in keeping with the theme of Scout Week—Crusade of Liberty.

Each display, which will remain in place until Feb. 13, will be inspected by a committee of judges consisting of Edward F. Watson, Donald K. Wright and Frank J. Pickett. Awards will be made to the best three troops, the best senior unit and the best cub pack.

Windows are assigned in the following stores: Center Tailors, Club Pack 1; Whitman Tailors (Palmer), Club Pack 2; Johnson Sport Shop, Troop 2; Merrill Hardware.

PLANS ARE ADVANCED FOR SPRING CONCERT

# Combing The Town

## Receives Appointment

Louis M. Bernstein of 1 Huguenot Drive, Larchmont, superintendent of selling services for Macy's New York, has been appointed lecturer and thesis consultant at the New York University School of Retailing. It has been announced by Dean Charles M. Edwards.

Mr. Bernstein, who has been associated with Macy's since 1937, will preside over the "Research Seminar" at the school during the spring semester. A graduate of Cornell University, he also attended Cornell's Graduate School and the Brookings Institute. From 1931 to 1934 he was an assistant in Economics at Cornell. Mr. and Mrs. Bernstein moved to Larchmont last September from New York City with their two children, Judith, aged six and Kenneth, aged three. Mr. Bernstein is a native of Ulia.

## Elected to Office

George C. Richard of 33 Mayhew Avenue, Larchmont, last night was elected president of the Westchester-Greenwich Harvard Club at its annual dinner meeting held at the Appawamis Club in Rye.

Other officers elected were President W. Menckert of Rye, president; William Richard of Pelham, vice president; and Alan H. Hrade of Bronxville, treasurer.

Guest speaker of the evening was Henry N. Lane, Harvard freshman grid coach who discussed "What next in Harvard Football?"

A Larchmont resident for the last six years, Mr. Richard is the chief editor of the Standard-Star.

## Stationed at Salzburg

Pfc. Santo B. Deccio, son of Mr. and Mrs. Joseph Deccio of 122 Boston Road, Larchmont, is now stationed at Salzburg, Germany with a Military Police Unit. He has been in Germany for the past 15 months. A student at Mamaroneck High School before he first enlisted three years ago, he served in Japan for a year and a half before his present 18 months assignment.

At a member of the United States Forces, Vienna, team last summer he won a medal for pilot marksmanship in the annual U. S. Army European Command small-arms competition held at Grafenwoerth, Germany.

## Wins Award

The Larchmont Times is among three Westchester weekly newspapers which were voted for excellence at the New York State Press Association convention now in progress in Syracuse.

The award was for second place in competition for general excellence of the paper. First place was won by the Croton-Huguenot News.

The New Castle Tribune was awarded a first place for excellence in the editorial department. H. Richmond Campbell, editor and general manager of the Larchmont Times, is attending the convention and received the award on behalf of the paper.

## Help for Goodwill

Larchmont scouts will join hands with other Scout troops of the Division and National Councils by participating later this month and early in March in a large-scale drive throughout Westchester to assist the Goodwill Industries, which operates workshops where physically handicapped men and women are taught new skills and trained to distribute hundreds of Goodwill bags into which housewares and put repairable clothes and discarded furniture. Donations will be used as training material in the workshops.

## Sea Scout 'Ship'

The Sea Scout "Ship" sponsored by the Mamaroneck Loyal Club will be launched at 8 P. M. Tuesday when boys 14 years of age or more have been invited to a preliminary meeting in the Bellows High School gym.

Capt. Wendel, chairman of the Lions Boys and Girls Work committee said the skeleton crew for the Sea Scout ship had already been assured since at least ten local boys had indicated their desire to join the unit.

## Unexpected Tribute

An unexpected tribute was bestowed last night on Eleanor Roosevelt at the distinguished Forum speaker left the platform of the Mamaroneck High school auditorium after her talk on the Declaration of Human Rights.

A small, white-haired woman seated in one of the first rows, one of the hundreds who came at 7:30 to enjoy a seat, and presently erupted out the hour before the program opened, and she enthusiastically and reaching up to the all-guest speaker, placed a kiss in her cheek.

## Holiday Coming

Schools, municipal offices, stores and most places of business will be closed Monday in observance of Lincoln's birthday.

The next office will make one last day of business with the school. The 100th will not be observed.

## TEN-DAY ORDER TO STOP STRIKE IN COAL GRANTED

Federal Judge Acts Under Terms of Taft-Hartley Act

WASHINGTON (AP) — President Truman got a 10-day court order to stop the coal strike today and a hearing on turning it into an 80-day Taft-Hartley injunction was set for Feb. 20.

Federal Judge Richmond B. Keogh signed the order in a little less than an hour after a Presidential fact-finding board reported to Mr. Truman that a resumption of coal mining is impossible for at least 30 days.

The Justice Department acted on an order from President Truman to stop the coal strike today and a hearing on turning it into an 80-day Taft-Hartley injunction was set for Feb. 20.

The board reported that John Lewis and the coal operators have been "more concerned with gaining tactical advantages than with reaching a settlement."

It accused the union of falling even at this late stage to let the soft coal mine owners exact what it wants in wage and working hour increases.

The board stated as the first step in the Taft-Hartley injunction—also criticized the coal operators for declaring a strike to bargaining. It said the operators set up false demands which

## GEN. GEORGE ASKS HALT IN SPENDING

Says 'Indiscriminate Foreign Giving Divres Nation To Bankruptcy'

WASHINGTON (AP) — Chairman George D. Igoe, of the Senate Finance Committee, called for a halt in "indiscriminate" foreign giving today, saying it is driving the nation toward bankruptcy.

The veteran lawmaker, also a member of the Senate Foreign Relations Committee, told a news conference today that he has written down on his overseas aid requests.

"We must pull back in our aid abroad," he said, "and strengthen the military defenses and economy at home."

George said the Russians' cold war policies are designed to weaken the American economy.

"Our own economy is the key to the nation's ability to combat communism," George said, "and if it is lost then everything is lost."

George's statement indicated a willingness to the President's Point Four program to give technical and economic aid to underdeveloped areas of the world. That program may be approved by the United States Foreign Affairs Committee next week.

"I think we should give our help only in those areas where there is a reasonable chance of success," George said. "I don't think it should go into countries where the Communists may move and take the benefits."

The Georgian did not specify where he believed the aid could be given safely and effectively. "This will require careful study and cautious decisions by the State Department in selecting these areas," he said.

## Awards Will Be Made Tonight For Scouts' Window Displays

Prizes will be awarded tonight at the annual father and son dinner of the Mamaroneck Boy Scouts at the three boys' 18 window exhibits prepared by the scouts and now on display in various stores of the village.

The exhibits emphasize outdoor activities, nature, life, health, safety, manual training and self-reliance. The model empires in the Boy Scout program and the displays will be judged by a committee composed of Mayor B. J. Santoro, Village Trustee John Withers and Scout Commissioner William F. Murr.

Most of the displays are in Mamaroneck Avenue stores but some will be seen in other parts of the village. They include a wide variety of subjects from Scouting equipment to contrastive winter and summer camps and miniature Colonial settlement built of matchsticks.

Group 3 has a display of equipment at Marston Stationery Shop, 351 Halstead Avenue and another at Houghton's Association.

THE OVERFLOW AUDIENCE at last night's Larchmont Forum for Public Opinion is seen on the stage of Mamaroneck High School behind Dr. Dwayne Crone.

ton of Larchmont, educational director of International Business Machines, who presided as moderator, absent at the far right, ready to present Mrs. Eleanor Roosevelt, first speaker.

Left to right at the speakers table are Benedict Ginsberg and William J. McWilliams, chairman of the Forum's program committee, Dr. Otto Klingenberg, distinguished scientist, and

## Declaration of Human Rights Seen As Aid To Peace By Mrs. Roosevelt

A record throng packed the Mamaroneck High School auditorium to capacity last night filling the music room to hear an address on the Universal Declaration of Human Rights by Mrs. Eleanor Roosevelt, the most distinguished speaker ever presented by the Larchmont Forum for Public Opinion.

She shared the platform with Dr. Otto Klingenberg, professor of psychology at Columbia University.

As Mrs. Roosevelt mounted the platform accompanied by Forum officers and other speakers on the program, the audience rose spontaneously for an extended period of applause. Another demonstration followed Dwayne Crone's introductory reference to her as "the first lady of the world."

Addressing the audience as chairman of the Commission on Human Rights of the United Nations, Mrs. Roosevelt traced the history which led to the adoption of the declaration and the difficulties which stood in the path of

agreement among the 54 delegates.

She recalled that Hitler's negation of human rights and the world's consequent outrage led the United Nations representatives to resolve to define human rights and strive to frame a definitive document which all nations would accept.

"If we could agree upon the meaning of human rights and freedom," she declared, "we knew we would have one of the foundations upon which peace might be built."

The nucleus commission was named by the Economic and Social Council of the United Nations in the Spring of 1946 and held its first meeting at Hunter College.

Its task was two-fold: to frame a declaration which would set the standard and voice the aspirations of the nations but which would not be legally binding; and draw up a covenant or treaty comprising most of the things which all great part of the world would

## Airliner Steward Swept Out Open Plane Door 8,000 Ft. Up

NEW YORK (AP) — A crewman was sucked through the open door of a giant airliner today as the plane winged its way through darkness 8,000 feet over Long Island.

A search was begun for his body. Airline spokesman said a powerful air draft pulled John Harris, twenty-eight-year-old steward, through an accidentally opened door of the pressurized main passenger compartment.

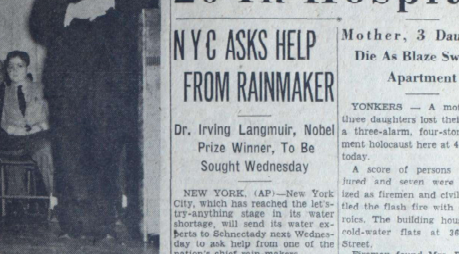

The plane, a Pan American Constellation, was flying at about 200 miles an hour when the door flew open, and Harris was swept out into space.

"I felt a sudden gust of wind," said Mrs. Anna Kerwick, a passenger. "The steward was standing near the door. Just like a flash, the wind blew him out. 'A long gasp or cry,' followed," she said.

Other crewmen hurried into the office, 603 East Post Road at Fletcher's, 566 East Post Road, Troop 3 has set up a complete winter and summer camps.

Another exhibit is the work of Cub Pack 2 and made a log cabin miniature Colonial settlement at 120 Mamaroneck Avenue.

The Cub boys, eight, nine and ten years of age, too young to be full-fledged Scouts, fashioned the tiny log cabins and barbecue, constructed with a miniature Indian village and totem pole and numerous details of fascinating Indian handicrafts.

Dr. Irving Langmuir, Nobel Prize Winner, To Be Sought Wednesday

NEW YORK (AP) — New York City, which has reached the water shortage, will send its water experts to Rochester today Wednesday to ask help from one of the nation's chief rainmakers.

He is Dr. Irving Langmuir, Nobel Prize winner and recently retired head of the General Electric research laboratories. Dr. Langmuir has encouraged and helped develop the two most successful means of making rain from cloud formations — the dry ice pellet system and newer technique of silver iodide smoke.

"We are closing our minds to the possibility of getting rain from the New Mexico desert," City Water Commissioner Stephen J. Carney said in disclosing plans to talk Wednesday with Langmuir.

But he admitted the rain-maker also might have some local catches in it and said the city's lawyers have been studying the matter.

Langmuir himself offered no hard-and-fast guarantee on the possibility of replacing the present 99 per cent repayment system. It would generally give poorer welfare districts more money than wealthier areas.

Under present law, localities are repaid 80 per cent of their net relief costs by the state. The state and federal governments jointly reimburse them for 80 per cent of old age assistance aid to dependent children and aid to the blind.

Ostertag told a reporter the new formula would be similar in principle to the system now used by the state to compute state financial aid for education. In the latter system, pupil attendance and the locality's assessed valuation are factors.

The Ostertag welfare plan is based on a per capita grant to all counties for their welfare clients.

Other factors in an involved computation would be the assessed real property valuation of the county, the amount of welfare funds handed out by the county during the previous year, and the previous year's case load.

Clear Weekend Seen Despite Clouds Today

Despite gray morning skies with a low ceiling, the weather bureau promised it would clear this afternoon and be fair tonight and tomorrow.

Temperatures are due to continue unusually mild, night near 50 this afternoon and 40 tomorrow and no lower than freezing tonight.

## Residents Vote Ten To Six In Favor Of Paignt Verdict

This is the 117th in a Saturday series of short interviews with residents on issues of the day — local and national. This week's question — "DO YOU AGREE WITH THE JURY'S VERDICT ON NOT GUILTY IN THE CAROL ANN PAIGNT MURDER TRIAL?"

Miss Shirley Fortin, 797 Bleeker Ave., Mamaroneck: "Yes, I feel that she was temporarily insane when she realized what suffering her father would have if she were convicted. I can't put him out of his misery."

Mrs. Alfred V. Amy, 30 Mayhew Avenue, Larchmont: "No, because I do not believe in euthanasia."

Fred Bunnenger, 316 Elm Street, Mamaroneck: "They should have broken her leg. I don't think she was suffering. I think she was temporarily insane. I would have to agree with the jury for her acquittal."

# The Weather

Fair with moderate temperatures tonight and tomorrow, low tonight 32 to 35, high tomorrow near 40. High side: Tomorrow, 3:35 A. M.; 4:01 P. M.

## Four Lives Lost In Yonkers Fire; 20 In Hospital

Mother, 3 Daughters Die As Blaze Sweeps Apartment

YONKERS — A mother and three daughters lost their lives in a three-alarm, four-story apartment holocaust here at 4:20 A. M.

A score of persons were injured and seven were hospitalized and civilians bailed out of the fire with quiet behavior. The burning housed eight cold-water flats at 26 Clinton Street.

Firemen found Mrs. Beola Dwyer, fifty, and her daughter Cynthia, six, dead in their third floor apartment. Her daughter Ruth Ann, twenty-one months old, died in St. John's Hospital, and Beola, five, succumbed in St. Joseph's Hospital.

Five other members of the Dwyer family were admitted for treatment at three hospitals. Three children are on the critical list. They are John, ten, Christine, twelve, and Luther, four. All were severely injured. Their father, Alfred, broke both legs when he jumped out a window before firemen could get him.

The building housed eight New York families, totaling 54 persons. About half of them were children. Three children were treated for shock at the scene but were hospitalized for observation.

Firemen said the blaze started on the second floor and spread so rapidly that it left little time for escape. Three alarms were broadcast in the rapid succession. Firemen from Westchester County responded. The Westchester Fire Chief's Emergency Plan was set in operation, but equipment from other communities was not needed.

The firemen were still at the scene at 10 A. M., investigating the cause of the fire and evaluating the damage.

One man's life was saved by a timely escape. Accident, James Jones, trapped on the top floor, dove head first for a fireman's rescue.

WASHINGTON (AP) — With Indonesia set for a new \$100 million U. S. credit, Indo-China was charged up today as the usual communist-threatened Atlantic region in time for American dollar aid.

Diplomatic authorities look for new Viet-Nam relief headed by former Premier Bao Dai to be formed a share some of the \$2 million Far Eastern relief fund which President Truman has at his disposal.

Viet-Nam and the two smaller French-sponsored states of Cambodia and Laos in Indo-China also are eligible for United States relief fund which President Truman has at his disposal.

Slight Damage Suffered As 2 Vehicles Collide

A car driven by Mrs. Allen Smith Wood of New Rochelle collided with a car driven by Paul B. McCann of Tuckahoe yesterday at 6:25 P. M. at the intersection of North Avenue and Chatsworth Avenue, Larchmont.

Mrs. Wood turned west onto North Avenue, as Mr. McCann backed away from a parking space on North Avenue. Damage was slight.

ATLANTIC UNION UNIT TO MEET ON MONDAY

A report on Congressional action on the Atlantic Union Resolution, as well as on the aims and purposes of the Atlantic Union Committee will feature a meeting of the Atlantic Union Unit, Monday at 8 P. M. at the home of Mrs. J. M. De and Mrs. M. De and Mrs. M. De.

The meeting will be held at the home of Mrs. Julia Breck of El Paso, Texas, who is connected with the Southeast Headquarters AUX office. Donald Dennis of Rye, national membership director of the union will present the report on congressional action.

Honorees for the meeting will be Mrs. Mary Trainor of Greenhauve, Mrs. John Gunnarson of Harrison, and Mrs. J. Stanley Haze of Mamaroneck.

"Sometimes people get into terrible excitement if they are not well paid for their services. I don't know what they're doing, she's so young. I wish she had another chance. That's just the way I feel about it, although I don't know what to do about it."

Mrs. Mary Flynn, 730 Prospect Avenue, Larchmont: "I don't think she was suffering. I think she was temporarily insane. I would have to agree with the jury for her acquittal."

Mrs. Arthur Anderson, 318 Jefferson Avenue, Mamaroneck: "I think it sets a bad precedent to let her go. I don't think she deserves a long prison term. My verdict would be guilty of."

# Combing The Town

## Circus Matinee

The circus which Mamaronck Police Chief Arthur W. Martens and Detective Jeremiah Conroy, of the 11 boys and girls they took to the circus matinee in White Plains Friday, had the most fun.

The circus was sponsored by the Westchester-Putnam Music District of the Westchester Community Center in White Plains. Tickets for the 11 children were selected by the Mamaronck Health Center, were purchased by Alwanima Masonic Lodge of Mamaronck. Thirty tickets for the circus were distributed among underprivileged children here, as disclosed by Irving Marquardt, Master of Alwanima Lodge.

When the Masonic District first sponsored the circus last year for the benefit of rheumatic fever patients and the Masonic Children's Association, proceeds of \$4,000 were split evenly. The Children's Association sends underprivileged boys and girls to summer camps.

## Bill—But No Water

Little things are just as thoroughly investigated by the Mamaronck School Board as the big things. It was demonstrated last night when a bill for \$50 was presented by the Village of Larchmont for the upkeep of the sprinkler system at the Chatsworth Avenue school. It was questioned by Trustee Walter P. Dewey.

The sprinkler system was put in the basement of the school last year in conjunction with an automatic fire alarm system. A four-inch water main was installed expressly for the sprinkler system, and all water used must go through a meter and "water" was paid for. Since there has been no fire and therefore no usage of water, Mr. Dewey said, why should there be a \$50 service charge when no services have been rendered?

The Board voted to protest the charge.

## Oldest Smokesters

John W. Martin, affectionately known as "Father John," the surviving charter member of Mamaronck Engine and Hose Company, recently received a gift from a pack of ten Flow smokesters who heeded his will. He was the father of his daughter, Mrs. William Ebbing, 770 North Broadway, Larchmont.

Mamaronck members honored "Father John" an eight-two-year-old veteran volunteer and oldest active member of the Mamaronck Fire Department, for several days. His long days were invariably full of work in his quarters on Palmer Avenue. There he would relax and "smoke his breeze" with new generation smokesters.

## Wanted: Blond Piano

Does anyone have a new blond wood finished spinet piano of known where one can be purchased? Last night the Mamaronck School Board authorized the purchase of one for Central School's kindergarten. The Board also authorized a total outlay of \$1,250 for the piano and 60 kindergarten chairs, four square tables and one round table.

It seems the required chairs and tables will be easy enough to obtain but nowhere has anyone turned up a blond spinet piano although there are plenty of mahogany and walnut pianos of all shapes and sizes available.

## Help for Taxpayers

Help will be available tomorrow for Larchmonters who are filing their federal income tax returns. Harold Price, deputy collector for Internal Revenue, will be at the Boston Post Road branch of the County Trust Company from 9 A. M. until 2 P. M. or as long after closing hours as his services are needed.

He extended aid to Mamaronck taxpayers today at the Mamaronck branch of the County Trust Company.

## Civic Rights Day

Proclaiming tomorrow as Civil Rights Day in Mamaronck, Mayor B. J. Santoro today urged citizens to support efforts to end intolerance, discrimination on race prejudice.

Recognizing the fact that discrimination because of race, color, creed or national origin does exist in parts of our country, Mayor Santoro's proclamation emphasizes that such practices are in direct conflict with our Democratic ideals.

## Heart Fund Aided

The Larchmont Heart Drive received a boost during the week-end when two youngsters from Dillon Road and Chester Place turned over \$4.15 in pennies, nickels and dimes to Mrs. William J. Terenzi, chairman.

Tommy Hogan and Lee Deerington, fifth-graders, raised the money through the sale of comics, news cards and tickets to a pop set show which they wrote and directed. They also gave a Valentine heart-shaped cake.

## At Air Force Base

Pfc. James A. Haupt, son of Mr. and Mrs. James Haupt of 20 Allen Road, Larchmont, was promoted with the 105th Medical Group at Andrews Air Force Base, Washington, D. C. He returned home for a 30-day furlough last August after spending 14 months in the service.

His three year enlistment ends Nov. 3. After his expiration from the air corps, Pfc. Haupt intends to enter college.

ESTABLISHED OCT. 1, 1925

# MINERS STAY OUT AS DEWEY MOVES TO RATION COAL

## Officials Optimistic For Agreement When Talks Resume Tomorrow

ALBANY (AP)—The Legislature today swiftly granted a request by Governor Dewey for sweeping emergency powers to ration coal in New York State.

The emergency bill gives authority to seek court injunctions to enforce emergency regulations. The bill would be subject to prosecution on charges of misdemeanor.

The Legislature acted after receiving a special message from the state that the coal strike was a "catastrophe" if the coal supply "should continue longer."

"There is generally no hand," he said in his message to the Legislature, "to be laid on the supply, in some communities, the supply will last only three or four days."

He said many hospitals in the state have no coal reserve and depend upon dealers for daily deliveries.

"If the present strike should continue longer than a few days more, our state would face a catastrophe."

"I hope the emergency will not be invoked and that the coal supply will be restored to normal as soon as possible."

A bill was introduced in the Legislature today by Dewey's

## LARCHMONT was in capable hands Saturday morning as the Boy Scouts of the village learned how it is done from the Mayor and other village officials.

Shown above at the police desk William J. Kersey, Larchmont's real chief, "Trustee" John Goodkind, "Trustee" Dave Meadow, Mayor Walter B. C. Washburn;

At the simulated Village Board meeting are George Bailey Lurvey, Howard Ross, Donald Heitman and Stewart Spence, all serving as "trustees" in the celebration of Scout Week in Larchmont in observance of their 40th anniversary of national organization.

# Both Larchmont Parties Agree On Fusion Slate

## Washburn For Mayor; Gibbs and Eadie Win Trustee Award

Larchmont voters were virtually assured of a fusion ticket in the Village Board election when the chairmen of both Democratic and Republican committees announced over the weekend an agreement on an identical ticket for the posts of mayor and two trustees.

The decision to endorse similar candidates was revealed by Richard Carr, Jr., Democratic chairman and G. Mills Harris, Republican chairman, who said the fusion ticket was the result of a long conference over the weekend on an identical ticket for the posts of mayor and two trustees.

The decision to endorse similar candidates was revealed by Richard Carr, Jr., Democratic chairman and G. Mills Harris, Republican chairman, who said the fusion ticket was the result of a long conference over the weekend on an identical ticket for the posts of mayor and two trustees.

## STATE HIGHWAY MAY BE SHIFTED TO WESTCHESTER

ALBANY—A shift into Westchester for the proposed State Thruway was seen today as many Republicans backed up a \$40 million bond issue proposal by Gov. Dewey.

Originally the express route had been planned for termination at the east side of the Hudson River with a crossing between Peekskill and Yonkers, and would connect through Westchester in connection with the Major Deans Expressway or some other arterial route.

In Albany, there were hints that a creation of a public authority empowered to issue the \$40 million bond by fixing special license rates or other fees to make the highway pay for itself might be approved.

And in White Plains, Westchester Public Works Commissioner James Harding expressed the hope that funds for the New England Thruway might be provided by Albany officials at the same time.

The New England route would run from Pelham to Port Chester. County officials, said Mr. Harding, are exerting every effort to obtain the additional funds needed for the eastern route through Westchester.

Any definite has been projected for the proposed shift of the highway, but all plans for

the proposed shift of the highway, but all plans for

## BUDGET HEARING SCHEDULED APRIL 12

Mamaronck School Board invites preliminary inspection

## SCHOOL AFFAIRS HELD 'NO SECRET'

The preliminary hearing of the 1950 budget for the school board for all civic associations will be held Wednesday, April 12, in the Senior High School, Board of Education announced last night.

Other dates announced by the Board were the annual budget meeting May 2 and the election for the month of January. The registration for the election will be held April 21 from 7 A. M. to 3 P. M. and April 22 from 7 P. M. to 9 P. M. in the Senior High School Music Room.

The Board's April business session will take place April 11.

The board's preliminary report showed that the general school health was "above average" for the month of January. The only sickness reported were measles and mumps.

## Trustees to Attend COLUMBIA INSTITUTE

Members of the School Boards of Mamaronck and Rye Neck, will attend a dinner meeting of the School Board Institute, Columbia Teachers College at Horace Mann School in New York tonight.

They are present Hugh S. Kirkman, Mrs. Edward P. Helwig and Mrs. Fawcett James, trustees of the Mamaronck Board, and Mrs. Herbert B. Livesey Jr. and Harold Barlowe, Rye Neck School Board trustees.

The schools will also be represented by Rye Neck School superintendent Alvin W. Hicks and Mamaronck's superintendent and assistant T. J. Ahern and A. E. Tuttle.

The program will start at 6 P. M. with a dinner and discussion.

## Persian Scouting

The innovation of preparing and eating Persian food and the playing of a Persian melody during the 16 Larchmont Boy Scouts of "Troop 7" activities to take advantage of Saturday's mid-winter break, was the idea of a Persian menu and vegetable dish.

Later they played "Gems of Persia," a Persian folk song, and a Persian menu and vegetable dish.

Later they played "Gems of Persia," a Persian folk song, and a Persian menu and vegetable dish.

## RENNE SEES AID TO EUROPE VITAL

Director of CED Addresses Forum at Methodist Church

Because of the economic state of the United States and the recovery of Europe, our slogan might be "cooperate or perish," Wesley J. Renne, executive director of the Committee for Economic Development, declared Sunday at the Second Sunday Forum at the Mamaronck Methodist Church.

Mr. Renne pointed out that America's long-range economic goal is similar to that held by Europe. He said that the world is moving toward a more democratic economic state for America; continue ECA at a lower but adequate level; give Europe a chance to earn more dollars; evolve a way to help the rest of the world without resorting to aid; improve the methods and keep America strong.

Following the second goal, the speaker said that Europe will have a chance to earn more dollars. "We travel and spend our money there; if we purchase the raw materials we need; and if we

## Aerial Truck Expected For Memorial Day

The new 100-foot American LaFrance aerial truck recently ordered for the Hook and Ladder Company of Larchmont, is expected to be in Larchmont in time for the Memorial Day parade.

Chief Hugh J. Collins announced last night at a meeting of the Larchmont Fire Council in the Municipal Building.

Plans for the showing Feb. 27 of "The Power," a demonstration of safe handling of gasoline, at the Chatsworth Avenue school, will be discussed by Deputy Chief Joseph D. Ford.

Reports were submitted by members of all districts of inspectors made during the last month of places of business.

At the March meeting of the Council, a report will be submitted by the by-law committee.

Following a discussion concerning whether the companies would have their individual training or join up for the state plan, the matter was held in abeyance pending Deputy Chief Ford's report on the Fire Chief Emergency Plan.

The final report on "See How They Run" will be submitted to the Council at the March meeting.

The Council voted to hold a communion breakfast and Lt. Thomas Brennan of the Engine 28 will be the guest.

## World War II Camera Scoops Listed By Veteran Newsreeler

The Spanish Civil War was a terrible, nasty preview of World War II, declared Arthur Menken, president of the Adventure Club of Larchmont, speaking at the motion picture division of the State Department. In a talk last night to Larchmont Men's Club members and guests at the Larchmont Athletic Club.

"The Germans, Italians and Russians used the war in Spain as a proving ground for the weapons and tactics they later used in the second World War," he explained.

"The early invasion of China by the Japanese was nasty and unpleasant. But people in Shanghai kept their heads in the sand like ostriches, refusing to believe Japanese bombings of the USS Panay sinking by mistake, though it fell to the Japanese, didn't believe old women were shot through the eyebrows in Spain."

## 5 CRASHES MAR WEEKEND RECORD

Slippery Pavements Cause Trouble; No Serious Injuries

Slippery pavements and the year's first sizeable snowstorm caused four out of five accidents in Larchmont and the unimproved area of the town during the weekend. Eight cars were damaged and two persons slightly injured.

The first crash occurred Saturday about 7:25 P. M. when A. N. Martin of 24 Ryer Road, Larchmont, made a left turn into Hammon Drive from Ryer Road and struck a parked car owned by James I. Murphy of 136 Hammon Drive. The rear of the Murphy car and the front headlight and fender of Martin's car were damaged.

A car operated by Peter Longhi of 28 Letter Place, Larchmont, was proceeding east on Myrtle Road at 8:20 A. M. yesterday when it collided with a car driven north on Chatsworth Avenue by Mrs. John Lincoln of New Rochelle. Longhi was given a sum-

## Scout Dinner Closes Week Of Activities In Mamaronck

Splittling the Boy Scouts' 40th Anniversary cruised to seven pounds of flank while it still lived.

He told of seeing trucks weighing well over 200 pounds fighting with horns locked "lunging, plunging, tearing with axes in their eyes and slashing with their front hooves." Nine doctors, all with hunting licenses, watched the battle to the death but "never thought to kill them to save me the trouble," said Townsend.

Calling attention to about 125 hunting accidents during each of the last two seasons, he emphasized the presence of several newer colonies in the county, all having spread from the original colony between White Plains and Tarrytown. There are also other areas, except cooperatives and possibly a few ratters near Dover in Dutchess County.

Speaking of pleasant hunting, Townsend commented on the cleverness of various forms of wildlife in evading both hunters and fishermen. He mentioned several of the 17 Girl Scouts

## RECEIVING an invitation in the National Boy Scout Jamboree at Valley Forge from Camping chairman Carmine Ricci, Mamaronck Mayor B. J. Santoro exclaimed: "If God will, I'll be there!" Photo taken at Mamaronck Scouts' Paler and son Linnar at Lawrence Inn Saturday night shows, left to

right, Col. Herbert D. Livesey Jr., Stawony Council Jamboree chairman; Scout Howard Ross of Troop 3, Mayor Santoro, and Camping Chairman Ricci.

## Slippery Pavements Cause Trouble; No Serious Injuries

Slippery pavements and the year's first sizeable snowstorm caused four out of five accidents in Larchmont and the unimproved area of the town during the weekend. Eight cars were damaged and two persons slightly injured.

The first crash occurred Saturday about 7:25 P. M. when A. N. Martin of 24 Ryer Road, Larchmont, made a left turn into Hammon Drive from Ryer Road and struck a parked car owned by James I. Murphy of 136 Hammon Drive. The rear of the Murphy car and the front headlight and fender of Martin's car were damaged.

# Combing The Town

## Amphibious Training

Pvt. Robert S. Hynd, son of Mr. and Mrs. Stephen C. Hynd of 13 Forest Park Avenue, Larchmont, is stationed at the U. S. Naval Amphibious Base, Little Creek, Va., where he is receiving amphibious training for a joint air-sea-land maneuver to be held in late February and early March somewhere in the Caribbean area.

A student at Mamaroneck High School before enlisting in the Army Air Corps, Hynd is a member of the Medical Corps Clearing Company, Third Medical Battalion, presently stationed at Fort Benning, Ga. He received 16 weeks' basic training at Fort Dix, N. J.

The Caribbean maneuver is known as "Fork" and its primary purpose is to test the amphibious and airborne techniques and equipment used by the Army, Air Force, Navy and Marine personnel to joint training of all services.

Under the command of Lt. Gen. John R. Hodge, U. S. Fifth Army Corps commander, one force will attempt to invade Vieques, an island six miles south of Puerto Rico. The assault on the island will be by land, sea and air.

## Es-Marine at College

William J. McCough, son of Mr. and Mrs. Francis R. McCough of 106 Prospect Avenue, Mamaroneck, is attending Niagara University in Buffalo where he is studying for his B. S. degree in Business Administration.

A graduate of Mamaroneck High School, he completed a year's service in the United States Marine Corps in the Pacific.

While in high school he played football and basketball and was a public speaking contest winner. A member of the Student Council and of the cast of the junior play.

## First Team Complete

Maybe they ought to make her a major. At any rate Mrs. 137 West 137th Street, Mamaroneck, was a jump ahead of the other Mamaroneck Red Cross captains when she reported her "battalion" of soldiers all organized and ready for the one-day fund raising drive scheduled for March 5.

Mrs. Simpson's outfit is the first to make muster with the list of names heading the records of Campaign Chairman Matthew Conroy.

"Officers" who will serve under Mrs. Simpson are Paula Morera, Joseph Gaver, Frank Garcia, Augustine Ponzetta, Miss Patricia Carillo, Miss Tina Tricarico, Mrs. Angelina Cardozo and Miss Mary Marcell.

## Something Reassuring

The Larchmont Gardens Civic Association has just received a letter which says that the right-of-way passes within 300 feet of his house in Larchmont.

To which N. R. Hoover of 14 Myrtle Boulevard, commented, "That's the most reassuring thing you've told us yet!"

## Decides for Himself

With the weatherman having such a hard time trying to decide whether it's winter or spring, maybe we ought to follow the lead of one of our warm-weather friends who took matters into his own hands and decided for himself this week.

A Larchmont resident phoned the Daily Times to report a robin stopping chirping among the snow banks on her lawn looking for worms.

## Cleared Up

Although the issue of the proposed New England Thruway will cut across Larchmont Gardens is still as much speculation as ever, at least one mystery was cleared up at last night's meeting of the Larchmont Gardens Civic Association in the Weaver Street Fire House.

"Mr. Birch," one of the members asked the president, "Why can't I ever find your name in the phone book?"

"Maybe you don't spell it right," "None," cried the first speaker.

"I've tried B-I-R-C-H and B-I-R-C-H and I've never found it yet."

"The name," said the president, "is spelled D-A-R-T-E-S-C-H."

## 7th Big U. S. Plane Crashes

DONKER RIVER, N. Y., (AP) — The seventh large military plane to come to disaster in the Northwest area of Canada and the United States within the past three weeks crashed yesterday on its way between two points in Northwest Alaska.

Only one of the four Canadians and 19 Americans aboard was injured.

The plane, a Canadian Douglas C-47, was participating in exercise maneuvers, the Joint U. S.-Canadian Arctic Maneuver.

# NEW YORK TO DIM LIGHTS IN STATE COAL RATIONING

Utility Officials, However, See Slight Saving In Dwindling Supply

ALBANY, (AP) — Dwindling coal supplies were rationed under priorities in New York State today, and a "brownout" in electric advertising displays will come on Sunday, although utility officials say the saving thus in coal will be very little.

The rationing program steps were ordered to avert the "catastrophe" Governor Dewey said might result from the soft coal strike.

Coal Administrator Herman D. Tallamy set the wheels in motion last night.

He issued emergency orders, with the full force of law, to restrict the sale of coal and to dim the advertising lights.

Tallamy, who acted under sweeping emergency powers granted Governor Dewey by the Legislature on Tuesday, said that coal supplies were "critical in many instances" for industrial, commercial and residential use.

The dramatic picture, he said, is "anemic" in the emergency power where near as good as one might expect. Areas in seven upstate counties have less than 20 per cent supply in dealers hand, he reported.

Tallamy directed regional and local coal administrators and coordinating committees to institute coal priorities, effective immediately.

In general, Tallamy's order said, the priorities on coal would be to municipal water treatment plants and pumping stations, then to municipal sewerage facilities; then to hospitals and institutions; then to food processing plants.

Tallamy specifically directed, however, that "the lowest priority" be given to advertising signs, signs bowling alleys, taverns, dance halls, skating rinks and "other places of amusement."

Joseph A. Brady, district engineer of the State Public Works Department, said the order would be effective at 11 p. m. today.

## FROM HALFWAY ROUND

THE WORLD TO visit and study two Mamaroneck High School students between classes, from left to right are Walter Ludwig, Kim of Viet-Nam (Indo China), high school teacher, Miss Saad, Vu Huy Kim, and Mamaroneck students Lois Turner and Peter Grimm.

## LARCHMONT HIT BY WOMAN'S CAR

Mrs. Benkiser Hurt Crossing Palmer Ave; Cut Requires 22 Stitches

—Mrs. Walter R. Benkiser, 16-year-old, of Larchmont, was seriously injured about 5:30 p. m. yesterday when she was struck by a car operated by Mrs. Muriel Benkiser, 16-year-old, of Larchmont, on Palmer Avenue between East and West Avenues in Larchmont.

Mrs. Benkiser was expected to go to the hospital momentarily for the birth of her first child, a possible skull fracture, and a laceration over her forehead which required 22 stitches. Her hands, elbows and knees were cut.

The visiting students have been attending classes at his school and both have many vivid impressions of the railroad.

## RESIDENT FOUND DEAD IN KITCHEN

Mrs. Schumacher Takes Life By Gas; Suffered Stroke 3 Years Ago

—Mrs. John P. Schumacher, sixty-eight, of 9 Glen Eagle Drive, Larchmont, was found dead in her kitchen yesterday morning.

Mrs. Schumacher died at 5:15 p. m. She immediately after the window was turned off the oven, which was still discharging gas, called a doctor and the police. Efforts to revive Mrs. Schumacher failed.

According to police, Mrs. Schumacher had suffered a stroke about three and a half years ago, and has long experienced spells of severe melancholia.

From the appearance of the kitchen and on the grounds of Mrs. Schumacher's medical records.

## Parolee is Arrested On Charge of Homicide

NEW YORK, (AP) — A parolee burglar was arrested on a homicide charge today in the holdup slaying of Manhattan jeweler Raymond Turner, forty-two.

Police said a woman witness has identified Daniel J. Pello, forty-five, as the stick-up man who shot the jeweler in his shop last Friday night.

## POP is Recovered

VATICAN CITY, (AP) — Pope Pius XII, recovered from an attack of influenza which kept him bedfast for three days, said Mass today in his private chapel for the first time since Monday.

## GOP Yells Socialism To Hide Negative Inaction - Truman

WASHINGTON, (AP) — President Truman is taking for his 1950 political line.

The Republicans are cracking about socialism to hide their own "negative inaction." That brought new GOP challenges today for a November vote lost of the election.

Mr. Truman told a glittering gathering of 3,000 Democrats at the 1100 a place Jefferson-Jackson Day dinner here last night that the Republicans just sit around waiting for the Democrats to propose something.

"Then they react with an outburst of protest," he said.

To the chucking opposition of his steadfast listeners, he added: "They are like a cutfish that squirts out a cloud of black ink whenever its slumber is disturbed."

The President called for full speed on "our domestic program."

# Ahern Would Abandon Regents And Restore One-Level System

Editor's Note — This is the third in a series of articles on the Mamaroneck-Larchmont and Bay Neck school systems by Walter Ludwig, Brown, former many years newspaper columnist, magazine writer and radio commentator.

By Walter Ludwig, Brown, Editor

The big wind in educational circles right now is the high school question. Educators all over the country are viewing it with alarm. But not J. Ahern, superintendent of Larchmont - Mamaroneck schools.

Mr. Ahern says that this shaking of hands has been going on for a long time and is likely to continue. It may do some good but it is slow to change the educational apathy. But it doesn't apply in our community. Our high school students are not bored stiff, as we are led to believe by the articles appearing in the national publications. They are not going up school for the movies, television, radio and the comics.

WALTER LUDWIG

They do not contemplate by and large a life as social jerks, gas station attendants, stands on an assembly line and movie ushering. They are happy, healthy and very confident that life is their bowl of cherries. They like their high school. They are doing fine 70 per cent of them are going to college, 15 per cent of them are enrolled in commercial colleges, and 15 per cent have other ideas. Only 15 per cent of them are drop-outs (educational) vermination.

## American Freedom Astonishes Foreign High School Students

By FRANCIS S. QUINN, Jr.

Two high school students, one from Asia and one from the Middle East, who were here to study at Mamaroneck High School, came Miss Lattie Saad of Lebanon and Vu Huy Kim of Viet-Nam.

They are shown above talking to two Mamaroneck High School students between classes, from left to right are Walter Ludwig, high school teacher, Miss Saad, Vu Huy Kim, and Mamaroneck students Lois Turner and Peter Grimm.

## CHAMBER SLATES STATE OFFICIAL

Empire Assn. Vice President To Speak at Greenhaven Dinner

George Switzer, vice-president of the Empire State Association of Commerce, will be the speaker Monday night at a dinner and meeting of the Mamaroneck Chamber of Commerce at the Greenhaven Inn.

Mr. Switzer has been in Chamber of Commerce work for a number of years. Before becoming associated with the State Association he was the executive director for several years of the Endroit, N. Y. Chamber of Commerce. He is the immediate past president of the New York State Chamber of Commerce Executives and has served on numerous committees of that organization. He was formerly in newspaper work in Pennsylvania.

## Widow of Electrocuton Victim Seeks Damages For Death

A \$200,000 suit over the electrocution of a Mamaroneck man has been sent in Supreme Court according to papers filed yesterday in White Plains.

The action is by Mrs. Antoinette Landby of 845 Jefferson Avenue, Mamaroneck, as executrix of the estate of her husband, Edward G. Landby, forty-one, who was fatally shocked on last August 25. She is suing the New York, New Haven & Hartford Railroad Co. and the Village of Mamaroneck.

The suit charges negligence in permitting a right of way to the railroad tracks in the rear of Jefferson Avenue, and in allowing an unattended high tension wire to hang to the ground there.

Justice James W. Bailey reserved decision on an application by Mrs. Landby for a summons before trial of officials of the railroad.

## Sentence Suspended In Bad Check Case

Frederick E. Katz of the Bronx was given a 30-day suspended sentence by Judge John R. Cahill in Larchmont Police Court last night for passing a fraudulent check. The complaint was made by Post Road, Larchmont.

Gustave Paul Strazetel of Rye was fined \$10 for speeding at 50 miles per hour on the Post Road; Booker T. Young of New Rochelle was fined \$10 for speeding at 40 miles per hour on Beach Avenue; Elizabeth B. Young of Rye House Apartments, Larchmont, \$2 for overtime parking; and Mrs. Sylvia B. Brunner of Mountain Avenue, Larchmont, \$5 for blocking a crosswalk.

## Practical Education at Bay Avenue School in Rye Neck Includes Use of Life-Saving Equipment

Practical education at Bay Avenue School in Rye Neck includes use of life-saving equipment in the school auditorium where pupils of every grade demonstrated their skills.

MAMARONECK, N. Y., FRIDAY, FEBRUARY 17, 1950

# Democrats Nominate Mrs. Ammel, Giordana, Loeber As Trustees

Major Henry T. Haudard, who had previously been designated by the Republican Village Committee, was nominated for Mamaroneck Police Court Justice at the Democratic Party caucus which also named a full slate of three candidates for the Board of Trustees poised to be filled in the Spring election.

The three nominees for the Village Board are:

Major Augustine J. Giordana, a registered Republican.

Mrs. Ruth Ammel, Barry Avenue Parent-Teacher Association president.

Paul B. Hoebler, outspoken advocate of improved housing facilities.

Nominating Major Giordana as "a man of proved executive ability in Government service ever since 1917," said the former Mrs. Frances Loeber, also named a full slate of three candidates for the Board of Trustees poised to be filled in the Spring election.

The three nominees for the Village Board are:

Major Augustine J. Giordana, a registered Republican.

Mrs. Ruth Ammel, Barry Avenue Parent-Teacher Association president.

Paul B. Hoebler, outspoken advocate of improved housing facilities.

## Mayor Urges Drive Support

Mayor Walter B. C. Washburn of Larchmont today called upon all Larchmont residents to contribute generously to the annual Red Cross appeal.

"It has become one of our proudest community traditions to over-subscribe in Larchmont the amount requested by the national Red Cross," the Mayor stated, "and I have every confidence that we will continue in that spirit this year."

"The familiar emblem of the crimson cross on its background of white is today considered the permanent banner of the great American tradition of bringing help to the needy." The brilliant light of the Red Cross has shown around the world on the homes of victims of devastated cities in other lands, of the widows and orphans of war, on American boys on the battlefields and in hospitals and camps; on entire communities of our fellow countrymen struck down by the disaster of flood or fire or disease.

"To the degree that we are grateful that our own community of Larchmont has been spared such ravages, and to the degree that we appreciate the existence of such an organization as the Red Cross, it is our duty to carry out our share in helping to carry out their work where it is most badly needed, let us respond to this 1950 appeal for funds."

2 Rail Unions Strike Feb. 27 for Walkout

CLEVELAND, (AP) — The Brotherhood of Railroad Trainmen and Order of Railway Conductors have set Feb. 27 as the time for a nationwide strike, the Trainmen's News said today.

But under the Railway Labor Act, an actual walkout would be delayed for at least two months after the date the unions fixed for the strike.

## Students Run Savings Bank At Barry Ave.

True to life banking with pupils acting as tellers is a weekly feature of Barry Avenue School's practical education program, according to a report to the Daily Times from chance hits a Grade 6 pupil who has been one of the juvenile tellers. The "branch" is operated by the Union Savings Bank of Mamaroneck.

With pupils from every grade from Kindergarten to participating, the children bank their savings once each week in the school auditorium. Each child has a record card which he presents with his money and deposit slip.

The tellers make the following entries on the card: amount of the deposit, the date, balance and return the card to the pupil depositor. The same information is entered on a larger card for the bank's use.

These accounts draw interest just as regular savings accounts do. Everything is done in a true to life manner so the children will understand the correct procedure to use in a bank.

## Students Run Savings Bank At Barry Ave.

True to life banking with pupils acting as tellers is a weekly feature of Barry Avenue School's practical education program, according to a report to the Daily Times from chance hits a Grade 6 pupil who has been one of the juvenile tellers. The "branch" is operated by the Union Savings Bank of Mamaroneck.

With pupils from every grade from Kindergarten to participating, the children bank their savings once each week in the school auditorium. Each child has a record card which he presents with his money and deposit slip.

The tellers make the following entries on the card: amount of the deposit, the date, balance and return the card to the pupil depositor. The same information is entered on a larger card for the bank's use.

These accounts draw interest just as regular savings accounts do. Everything is done in a true to life manner so the children will understand the correct procedure to use in a bank.

## Judge Brewer Collects Fines of \$9 in Court

Three traffic violators were fined a total of \$9 and two others received suspended sentences from Judge Mum Brewer in Town of Mamaroneck Court last night.

Proceeds for passing a red light was Raymond Cramer of 300 Post Road, Mamaroneck. A second charge of driving without an operator's license was suspended.

Parking fines of \$3 were collected from the driver of a 1948 Buick and Marjorie Roth of 300 Lincoln of 14 Hueson Road, New Rochelle. The driver of a red light was Raymond Cramer of 300 Post Road, Mamaroneck. A second charge of driving without an operator's license was suspended.

# Combing The Town

**At Amphibious Base**  
Cpl. Disby Citron, son of Mark Citron, Sr., of 1113 Franklin Avenue, Mamaronock, is now receiving amphibious training at the U. S. Naval Amphibious Base at Little Creek, Virginia, before participating in an airborne-amphibious training maneuver in the Caribbean area late this month.

A member of the 116th Port Company, 11th Battalion, 7th Regiment, Cpl. Citron is permanently stationed at Fort Eustis, Va. During the maneuver one force will attack the small island of Vieques, six miles south of Puerto Rico, by sea and by air and will attempt to land troops, while another force tries to hold the island. The operation will be a test of new equipment and training. Cpl. Citron is married to the former Jessie Hughes of Williamsburg, Va. He attended Belvidere High School before enlisting in the army.

## Holes in Windows

A Larchmont resident out for a Sunday stroll around the Larchmont Gardens section passed the "Badger Day Camp" building which is closed during the Winter and noticed that several panes in the windows seemed to be broken.

Town of Mamaronock police investigated and discovered that several panes were broken through an unlocked window. Bees shot had been fired against the panes of glass creating small circular holes in the windows. A number of air rifles, with other athletic equipment, the air rifles, some of which were loaded, are used in the Summer under the direction of the camp supervisors. Another Larchmont resident reported to police Saturday that two boys had been shooting bees guns at this car parked in his driveway and that they ran away when he went out to stop them.

## Europe Looks Brighter

Dr. William R. Peil of 205 Roosevelt Avenue, Mamaronock, has returned from a three-week visit to Belgium, Germany, Austria, Italy and Eastern Europe in an optimistic view of economic conditions in Europe. "They appear definitely improved since my last trip there three years ago," he told a reporter today.

Making the air hop to Brussels, Dr. Peil returned to psychology in the Belgian city before giving similar lectures in Vienna, Austria. His return air voyage of the United States was conducted via Ireland because of Atlantic storms over the usual route.

He said plenty of food seems available in European countries. "If you can pay the price," Dr. Peil remarked that Continental countries, including Germany which "lost" the war, appear better off than England which with its allies "won" the war.

## Open Doors

The door of the Orienta Beach Club's tennis shack was found open yesterday morning, according to a report to Mamaronock police.

Detective Samuel Bryant was told by Albert Zaverza, an employee of the club, that he knew of nothing missing. He said that the shack contained only a couple of tennis rackets and a tennis bag.

Patrolman Dominic Pinto reported an unlocked door at 10:24 P. M. yesterday at the Mamaronock Hotel, 125 Halstead Avenue. Summoned to the store, Louis Merola, a partner of the firm, found nothing disturbed.

## Michtoms Due Tonight

Two Mamaronock residents are aboard the Queen Elizabeth today to dock tonight in New York City. They are Mr. and Mrs. Benjamin F. Michtom of 839 Orienta Avenue, who have been on the Queen Elizabeth for Europe and the Near East. They sailed Dec. 27 on the Ile de France.

## Rousing Reception

Four Town of Mamaronock firms received a rousing ovation when Engine No. 1 rolled into the town of Stony Hill, Conn., Saturday afternoon.

## Hasty Pick-Up

The wastepaper collection by members of Mamaronock Post No. 9 American Legion, planned next Sunday, was organized yesterday due to a misunderstanding which caused the Daily Times to report that the collection would be made yesterday.

## PHONE WORKERS CALL FOR MORE WAGES

## Government Sets Session Tomorrow to Head Off Friday Walkout

WASHINGTON, (AP) — The government today arranged a bargaining session tomorrow with part of the workers threatening a nationwide telephone strike on Friday.

Cyrus S. Ching, Federal Mediation and Conciliation chief, invited company officials and representatives of unions which bargain for the installation and sales divisions of Western Electric Co. to a meeting tomorrow at 11 A. M.

The Western Electric installation and sales division employees are part of the 100,000 members of the CIO's Communications Workers of America threatening a Friday walkout.

Ching's message said he would be in the meeting to give "in view of the urgency of the Feb. 24 deadline in the telephone disputes and pressure of other officials, which would hold me in Washington."

Ching is also trying to help settle the coal strike. Another Larchmont resident reported to police Saturday that two boys had been shooting bees guns at this car parked in his driveway and that they ran away when he went out to stop them.

## THRUWAY WORK TO START SOON

Project Expected to Get Under Way This Year

McGovern Says

NEW ROCHELLE — Definite assurance that work on the New Rochelle thruway will be started late next Summer has been given by the State Public Works Department, Senator Raymond McGovern said today.

Senator McGovern said that State Commissioner Bertram D. Zulauf has given his assurance that the project which has been under discussion for the past 30 years, will finally get under way this year.

He added that his confidence that the work will be started is heightened by the interest in the project of Robert Moses, New York City Park Commissioner and chairman of the State Council of Road and Spruce Street, Island State Park Commissioner, Mr. Moses, who is also a leader in the Erie-Rochester Bridge authority, favors the New Rochelle thruway as a means of funneling off some of the heavy traffic of the New York area.

## Judge Fines Resident \$5 for Blowing Horn

Otto Moll of 123 Beach Avenue, Mamaronock, was fined \$5 for blowing his automobile horn in the village of Henry T. Hornidge in Village Police Court today for unnecessary horn blowing on East 123rd Street near Spruce Street.

Fred Young of 15 Park Avenue, Mamaronock, was fined \$3 for parking in the restricted area, Richard A. Smith, Mamaronock, 812 Howard Avenue, Mamaronock, who was involved in an accident last night on the Spruce Street, Barry and Mamaronock Avenue, was fined \$5 for operating without a driver's license.

## Brownout to Conserve Coal

Dimming Bright Lights Here

Business and amusement centers of Larchmont, Mamaronock and the unincorporated area will be a little darker than usual tonight as merchants, movie and tavern owners observe the post-war brownout decreed to save the dwindling coal supplies.

The measure, which became effective last night on orders of Bertram D. Tallamy, state solid fuels administrator, prohibits advertising promotional or display lighting brighter than 200 watts.

Police of the three municipalities have organized a patrol force last night of the restrictions will follow up with enforcement after further notification tonight regarding the establishments closed yesterday.

Although violators of the curb are subject to a year in jail and \$500 fine, no difficulty is expected here since local merchants have always cooperated in conversations.

## WRECK MOTORMAN ORDERED TO COURT

## Kiefer Faces Arraignment On Manslaughter Charge

ROCKVILLE CENTRE, (AP) — A dazed and grief-stricken motorist, blamed for a railroad collision in which 29 persons were killed and 105 others injured, was ordered into court today on a manslaughter charge.

Authorities said, however, that injuries suffered by the motorist, Jacob Kiefer, fifty-five, might force postponement of the arraignment.

Kiefer was placed under arrest at his home after Friday night's crash on the Long Island Railroad—the worst railroad wreck in the nation since 1946.

Massachusetts District Attorney Frank Gulotta said Kiefer drove his train through one red light, and possibly two before two other commuter trains crashed on a temporary detour.

Thirty-eight of the injured remained in hospitals today, 17 of them in critical condition.

Kiefer's son, Donald, said last night his father still was unable to think clearly but was "overwhelmed by grief."

Governor Thomas E. Dewey was asked yesterday by Rockville (Turn to Page 9, Please)

## LIBRARY TO OFFER PERSONALITY CLASS

A 12-week evening course in "The Psychology of Personality Adjustment" will start at 8 P. M. March 9 at the Larchmont Public Library as part of the City College Adult Education Program.

The course will cover the problems of adjustment in everyday life and personality tests will be given and analyzed. The instructor will be Dr. Edward W. Arnold of the City College Psychology Department.

A free folder and registration form may be obtained by writing to the City College Adult Education Program, 139th Street and Convent Avenue, New York City 31.

## TEMPLE BREAKFAST HONORS PRESIDENT

More than 70 guests Sunday morning attended a breakfast at Old Forge Restaurant, Larchmont, in honor of Jerome Kaufman, president of the Larchmont Temple. The breakfast was a tribute to Mr. Kaufman's contributions to the life of the Larchmont Jewish community.

Habbi Leonard, Scholer of Larchmont presented Mr. Kaufman with a scroll citing his valuable work.

Funds were raised at the breakfast for the Larchmont Division of the Federation of Jewish Philanthropies of New York which is currently campaigning for a \$50,000 building maintenance fund for 1950.

## Coplon Trial Put Off One Week by Jurist

NEW YORK, (AP) — The coal strike has taken the glitter out of New York's "Great White Way." The bright lights were out last night in the fourth postwar brownout.

Statewide restriction on electrical signs—part of an emergency program to conserve dwindling coal supplies—went into effect yesterday noon. But not until tonight were the dismal effects fully noticeable.

Police officials said early today (Turn to Page 9, Please)

MAMARONECK, N. Y., MONDAY, FEBRUARY 20, 1950

## Town Fire Department Faces Hot Election Contest Tonight

A hotly-contested election for Town of Mamaronock fire chief and deputy chiefs, with several candidates in the offing and rumors of dark horse nominations from the floor, is forecast for this evening at the Weaver Street Firehouse.

Chief George W. Burton, head of the Town Fire Department for the last nine years, will be opposed for re-election by James Lyons, former captain of Truck Company 1, who led to Burton by the slim margin of two votes last year.

First Deputy Chief Matthew Conte is expected to encounter opposition for re-election from Harold Thomson and possibly Louis Preston, both former captains.

Candidates mentioned for the post of second deputy chief include Anthony Mirand, incumbent, Dominic Li Brandi and Dominick Tanello—with the prospect of dark horse nominations being instigated from the floor.

Actually the winners of tonight's annual election are nominated for the posts as Fire Department heads since they must be approved by the Town Board.

With Supervisor Owen A. Mandel's vacationing in Florida, approval is unlikely in time for installation at the annual Fire Department dinner Saturday night at the Weaver Street fire station.

## 2 CRASHES IN LARCHMONT

Two minor traffic accidents were reported in Larchmont and the Town of Mamaronock during the weekend by Police Officer Mrs. Ida E. Squibb of 19 Convent Avenue reported Saturday that about 4:15 P. M. as she was making a right turn from Palmer Avenue into Wendt Avenue, a car backed the over and he was fender and struck the rear door and fender of her car.

The driver of the other car, a woman, did not identify herself. Investigation of the registration number submitted to police revealed the owner to be Harry Leon Logan of New Rochelle.

A car driven by Edward Donahue of Rye smashed into the rear of a car driven by Dominic Trotta of Rye on Palmer Avenue near Harrison Drive, about 9:15 P. M. Saturday afternoon, resulting in the accident to headquarters.

The rear bumper and trunk of Trotta's car were damaged while the right front fender, head light, fog light and radiator grill of Donahue's car were damaged.

## Rail Split by Cold, Trains are Rerouted

TARRANT, OWN—Freezing temperatures split a New York Central Railroad track just above the Tarrytown station early this morning, causing the rerouting of two trains.

The split was discovered by railroadman Frederick Gunther when a signal block near the split rail went down. Repairsmen replaced the entire track section in 20 minutes.

## Dr. Sanders, Goes On Trial In Manchester, Watches Jury Picking

MANCHESTER, N. H. (AP) — Dr. Herman N. Sander today went on trial for murder in the "killing" of a woman candidate for governor who was killed in a jury box.

The forty-one-year-old country doctor — wearing a faint smile of confidence — quietly took his seat in the tiny courtroom as the selection of a jury began.

The first juror was chosen in less than an hour.

With the doctor was his wife, who left a sick bed to be by her husband's side in a trial that has stirred international feeling.

Dr. Sander is charged specifically with giving air injections to Mrs. Abbie Borotto, fifty-nine-year-old Manchester housewife suffering cancer, to cut short her life.

Superior Court Judge Harold E. Wescott solemnly explained to the prospective jurors why they were called and told them Dr. Sander had pleaded "not guilty" to a charge of murder.

"You will do your duty as American citizens," he said. "We seek to draw an impartial jury."

## Miners Remain Out As Government Seeks New Actions

## Miners Remain Out As Government Seeks New Actions

WASHINGTON, (AP)—Federal Judge Richmond B. Keetch today issued a new no-strike order against John Lewis and the United Mine Workers. It runs until March 3.

Keetch has had a "stop-strike" order out since Feb. 11, but the 372,000 miners have ignored it. Lewis himself has observed it to the extent of twice ordering instructions to the miners that they should go back to work.

The miners' refusal to obey the order has the government casting about for possible new actions to get coal mined. One move that is a possibility is contempt proceedings. That would result in action against the United Mine big fines on the union.

There has also been talk in Congress of legislation to let the government seize the mines. But Democratic leaders are not talking to that idea.

House Speaker Rayburn, D-Texas, said after a conference of legislative leaders today that the President has no plans to ask such authority. Mr. Truman said he does not want it.

Senate Democratic Leader Lucas of Illinois said he had not heard of any plan to take legislation by the administration.

Rayburn said there was only general discussion of the coal situation in the White House. He said Mr. Truman told them he was "expecting some kind of report" later today on the (Turn to Page 9, Please)

## REAR CROSS GIFTS SOUGHT BY ACTOR

Neil Hamilton Will Conduct Advance Campaign In Mamaronock

Mamaronock's Red Cross special gifts campaign will be directed this year by Neil Hamilton, radio and television star, who resides at 415 Cortland Avenue, Matthews, N. C., with Charles D. Billings, Jr., former chairman, announced today. He will be assisted by the Mamaronock Rotary Club which has named Frank C. Cuce and Sylvan Schwartzreich as workers.

The special gifts list includes 88 residents who will be asked to make contributions in advance of the March 5 one-day drive. Letters will be mailed this week by Mrs. Walter Stevens, secretary.

Mr. Hamilton, who was a motion picture star when David W. Griffith used Mamaronock as a background for his historical movies, returned in September, 1948, to make his home here. He conducts his own television show, "Wonderful Guy," Wednesday, 9 to 9:30 P. M.

The retail business district will be solicited by the Mamaronock Lions Club with Charles D. Billings in charge; and local organizations will be covered by the Kiwanis Club under the direction of John J. McDonald.

Mamaronock will seek to raise \$6,800 March 5 a ten per cent increase over last year's intake.

## Condition 'Comfortable'

Mrs. Walter R. Benkler of Larchmont Acres was reported in "comfortable" condition today at New Rochelle Hospital where she was taken Thursday after being struck by an automobile on Palmer Avenue in Larchmont. She suffered severe lacerations of the head and a fractured pelvis. It has not yet been determined whether or not her skull was fractured.

Mrs. Benkler, who was formerly a social reporter for the Daily Times, is shortly expecting the birth of her first child. (Turn to Page 9, Please)

## Cold Wave, In Sudden Arrival, May Remain For Several Days

Cold was expected to deepen tonight, the Weather Bureau said, after racking up the coldest day this winter in Westchester.

The cold wave will last at least through tomorrow and predictions are that February will be colder than January.

A phenomenon today was that temperatures dropped after sun set. It was 8 degrees above zero at the Westchester County Airport at 6:15 A. M. and 8 above at 9:15.

Atlee Forces Forging Ahead But Control Is in Doubt

LONDON (AP) — With returns from 93 per cent of the districts, Labor held 295 seats tonight, the Conservatives and allied parties 277 and the Liberals 7.

LONDON (AP) — The Labor Party lead in today's counting and proce... led tonight in the Parliamentary election. It was doubtful that Prime Minister Attlee would have a workable majority in the new House of Commons even if he defeated the combined opposition of Conservatives and Liberals.

The count shortly after 5 P. M. showed: Labor 295 seats, Conservatives and allied parties 294, Liberals 7.

Seventy party seats remained to be decided at that time. There will be 625 seats in the new Commons, but the Speaker, elected as an electoral college, is regarded as a neutral.

For a time, the Laborites and the combined opposition were all even. Four times in 15 minutes of voting, the opponents were dead level, and four times Labor went one seat ahead. Then the balance swung around by several seats again.

The Conservatives came back sharply in today's counting after overnight results had cast a pall over the overnight results.

At the overnight recess in counting, the Labor Party led Winston Churchill's Conservatives by 61 seats. Today its margin rose to 73 before falling on later returns.

There were 426 House of Commons seats in the new House of Commons, consisting of 625 seats. The Laborites outnumbered the Conservatives 291 to 292.

Twenty of the districts still to be heard from were in traditionally Labor strongholds.

The race was so close, however, that many leaders on both sides speculated on the possibility that neither party would be able to muster a working majority in the new Parliament. That would force a new election in the near future.

Herbert Phillips, general secretary of the Labor Party, told an interviewer the Laborites "need to secure a good chance to function effectively as a government."

A Conservative spokesman said there seemed a good chance that the winning party, whichever it was, would have a majority of 10.

If this happened another election would be a close second in the near future.

There was jubilation among Conservative leaders at London.

Rotary Observes 45th Anniversary

Port Chester Jurist Recalls History and Achievements of Service Club

February was termed a month of "great beginnings" yesterday by Judge Walter G. Seelye of Port Chester, a former district Rotary Club member, who spoke on the 45th anniversary of Rotary International at the luncheon meeting of the Mamaroneck Rotary Club.

"It is first of all the birth month of George Washington, who led our nation, and Abraham Lincoln, who helped to save the nation," he declared. "It also marks the anniversary of the founding of Rotary by Paul Harris 45th anniversary of Rotary International."

Harris, then a young lawyer, suggested the idea of a luncheon club to a group of his bachelor friends. It was called Rotary Club because the first meetings were held in rotation in the offices of the members. The original objective was fellowship and this was soon expanded to mutual service.

"Today each Rotary Club rotates its services to its community. Basic Rotary objectives are development of fellowship among business and professional men, betterment of communities, promotion of high business and professional standards and advancement of international understanding, good will and peace.

"Rotary Clubs around the world are functioning in Rotary Foundation Fellowships, inaugurated as a memorial to Paul Harris, founder of Rotary, who died three years ago. These fellowships enable outstanding graduate students to study in the United States."

Representing the defendant Charles Van Aulen and Harry Lott of New Rochelle while William Bell of Larchmont was counsel for the complainant.

(Turn to Page 2, Please)

Rotary Club members were held at the home of Mr. and Mrs. Paul H. Hooper, 601 Brook Street.

Mr. Pitts, a member of the law firm of Fry, Pitts and Schuchberg, formerly served as assistant general solicitor, assistant general counsel and secretary for the Tennessee Valley Authority. He made his debut in Mamaroneck politics last year running Mayor B. Sankoff a close second in the Spring elections. He was defeated last fall on the Democratic ticket for Westchester County executive. He is a member of the New Rochelle Board.

Other appointments made last night were: Chairman, Paul H. Hooper; Vice Chairman, Nicholas Lemmon; Secretary, Francis P. McCleugh; Treasurer, Nicholas Lemmon; Publicity, Charles Van Aulen; and Chairman of the Finance Committee, Ruth Amel.

Mrs. Brown Takes A 'Quick Look' At Remarkable Rye Neck Survey

THE FLAGS GO UP on Mamaroneck Avenue signaling the start of the Rye Neck Survey. Members of the Oklin Horton Club of Camp Fire Girls are trying the rick to the pole before erecting it in front of the Playhouse. Left to right they are:

Janet Black, Frances Washburn, Naomi Thomas and Barbara Page. Mamaroneck's one-day drive will take place March 5.

Planning Committee." On the fly sheet is that which Lewis H. Donaldson is the general chairman; L. CARL MESKIM, chairman of Committee One which made a survey; and David H. Schwarz, chairman of Committee Two, the curriculum study group. And you will find the names of all the men and women who save so many hours of time, energy and thought in this monumental job.

But in the event that you can't wait to read the report in its entirety here is a quick look at only one phase of it—the curriculum committee.

The 160 ladies and gentlemen who did not always set eyes to one another on the Rye Neck Survey, but who always stopped short of black eyes, have expressed themselves vigorously and at some length on a health and education program. They, first of all, the "Planning Committee."

SOFT COAL USERS REQUIRE PERMIT

Purchases Must Be Approved by Coordinator in White Plains

Residents of Larchmont and Mamaroneck who want to buy bituminous coal must apply for a permit to the County Allocation Board at the Board of Health, County Building, White Plains. Joseph A. Brady, county assistant engineer of the New York State Department of Public Works and the Westchester District Coordinator announced this morning.

Restrictions are on bituminous coal only," Mr. Brady emphasized. According to an order from the New York State Solid Fuels Administration received by Mamaroneck and Larchmont police, additional restrictions are on distributing bituminous coal without the proper permit.

"Any consumer, usually small application to the district coordinator," Mr. Brady said. "If the district coordinator approves such application, it shall entitle the consumer, dealer, individual, or corporate owner, to purchase bituminous coal, to be delivered to the permit holder, to be retained by the distributor, dealer, individual or corporate owner. When it is authorized by such permit has been delivered to the approved consumer, such distributor, dealer, individual or corporate owner shall be responsible for the delivery of the coal to the office of the district coordinator which granted the permit."

As the afternoon session in the Municipal Institute will be held March 27 at the Mamaroneck High School under the co-sponsorship of the Board of Education of Union Free District No. 1, the Mamaroneck Teachers' Association, the Mamaroneck-Larchmont Parent-Teacher-Student Association in cooperation with the Rye Neck Schools.

Mr. John D. Brewer, council co-chairman of parent education, will serve as chairman of the Institute.

Afternoon and evening sessions are planned with reception at 7:30 P. M. by members of the Mamaroneck and Rye Neck Boards of Education, officers of the teachers association, the Parent-Teacher-Student Association and administrators of the schools.

The Rye Neck elementary school band, directed by Miss Diana Tilton, will open the afternoon session in the auditorium at 1:30. The evening session will be opened by the Mamaroneck Senior High School A Cappella Choir, directed by F. Colwell Conklin, after the reception.

THREE VARIANCES OKAY'D BY BOARD

Application For Scout House Withdrawn; Luby Request Turned Down

Three out of five applications for zoning variances were granted last night by the Town of Mamaroneck Board of Appeals before a crowd of 75 interested residents at police headquarters.

Most of the crowd was on hand to voice objection to the application of Mansfield Mills Co. for permission to use the former Boston and Westchester Railroad Station, now rented to the Girl Scout Council, as technical offices. The company also wanted permission to add two wings to the present structure.

But the ire of Larchmont Garden residents quickly faded when it was revealed that the application had been formally withdrawn by the Mansfield Company yesterday afternoon.

Luby Chevrolet Company's application for permission to erect a lubrication on its premises, on the west side of the Boston Post Road near Weaver Street, was turned down by the Board in executive session as seven Weaver Street property owners objected to it. Principle objection was that if this was granted the company might ask for another variance, and so an ad infinitum.

Kenneth Luby's application to (Turn to Page 2, Please)

Cold Air Moves Behind Snow As Storms Push Eastward

Northern Iowa and were near zero in parts of Northern Illinois. Chicago got another heavy snowfall in the second half with more than four inches falling during the night. Traffic was slowed and some plane operations disrupted. Snow also fell in parts of Indiana, Southern Michigan and Northern Ohio.

The mercury dipped to near 30 below zero in North Dakota and Minnesota early today. No immediate relief from the cold was expected for the northern section. The low over the North-Western Plains states and the Upper Mississippi Valley. Temperatures were below zero as far south as

VANDALS CUT HOLE IN AUTOMOBILE TOP

By The Associated Press

A blast of cold air from Canada spread across the snow-covered Mid-West today and sent temperatures to a record 49 degrees below zero in some areas. Snow fell over many sections of the cold belt.

The fast-moving storm tracked eastward and was expected to move into the New England states by tonight. The northeastern part of the country was dipping into the season's worst cold and snow storms.

The low over the North-Western Plains states and the Upper Mississippi Valley. Temperatures were below zero as far south as

## LARCHMONT G. P. JAMES WASHBURN GIBBS AND EADIE

### Fusion Ticket Guaranteed Election March 21 As Parties Agree

Larchmont Republicans last night dived the names of two Republicans and one Democrat, nominated the night before at the dramatic caucus to run for office March 21 on a fusion ticket. This marks the third year in a row that the two parties have agreed on identical candidates for the Municipal Building.

Nominated to run for a second term as mayor is Walter B. P. Washburn, while George N. Gibbs, a Democrat, will run for his second term as trustee of C. Crawford Eadie, Republican, will run for the office of Police Commissioner. Hughes, who is retiring from the board due to the pressure of business, is retiring from the board.

Arthur Coombs, former trustee and former acting mayor, nominated the candidate's record of publication as mayor and former trustee of the village. "I personally know of his outstanding ability and keen interest in the welfare of the people of Larchmont," he said, "and I don't know of anyone more able for the job."

John Coffey, secretary of the Larchmont Republican Club, said that Mr. Eadie and Mr. Gibbs were his running mates. "I have sounded out a great number of our constituents and I have received 100 per cent approval everywhere," he stated.

In accepting the nomination Mayor Washburn promised to serve as mayor and former trustee of the village. "I personally know of his outstanding ability and keen interest in the welfare of the people of Larchmont," he said, "and I don't know of anyone more able for the job."

There were 125 automobile accidents in the City of Larchmont in 1940, according to the annual police report submitted to the Town Board by Police Chief Paul Verick. There were 124 fatal automobile accidents in the district.

The report also reveals that although the police personnel was increased to 23, the number of days lost was but 12 fewer than the previous year. Accounting for the change in personnel were three retirements and resignation and six new appointments.

Lost and stolen property amounted to \$25,000 of which \$18,470 was recovered. Budget item was \$25,000, accounting for \$13,295 of which more than half was recovered.

The police make more than 100 arrests now positive of convictions is apparent from the minute number of dismissals, seven, and withdrawals, 15, in 837 arrests for 898 violations.

Injuries due to automobile accidents led the casualty list with a total of 33 while 106 led the complaint list with 110. Deaths were also involved in 90 per cent of the other complaints investigated.

During the year 78 businesses and 47 residences were given open at night.

Plans for a "sales show" sometime in late March or early April were discussed last night by the Larchmont Post Trade Association at a meeting held in the Municipal Building.

A report on the recent ship wreck party was read, and the final plans for the Larchmont Derby, soon to be published, were also discussed. President Joseph Smokey presided.

## Attlee To Carry On As Late Count Cuts Labor Lead To Nine Residents' Poll Votes Down Aggressive Use Of H-Bomb

Vote Now Stands 314 To 294 With Five Seats In Doubt

LONDON, (AP)—Prime Minister Attlee announced today his Labor government will carry on despite the scanty and shaky Parliamentary majority it won in Thursday's elections. At the moment, Labor holds a nine-vote working margin in the House of Commons, with five seats still in doubt.

Attlee announced the decision after an emergency 75-minute cabinet session. It means the Labor Party will form another government and run the continuous risk of being wrecked by a vote of confidence in the House of Commons at a time not of its own choosing.

Attlee attended a cabinet meeting at Downing Street and after the cabinet issued a formal statement which said:

After consultation with his colleagues, the Prime Minister has decided that as the House of Commons will contain a majority of Labor members, it is the duty of the present administration to continue in office for the King's government must be carried on.

The winning party, nevertheless, plans a big victory celebration tonight to coincide with the results of a by-election in Scotland which will be reported in Monday. Three of these are normally Conservative. The sixth is normally reported in the Manchester and Trust Co. also was endangered.

Lines of one littered Orchard Street as firemen attacked the blaze from several angles. Traffic on Main Street was halted.

The Red Cross disaster relief unit was at the scene caring for the thousands of four apartments of the Shannon Building who were evacuated.

Firemen reported the fire started in the Edison Shop, a tobacco store in the Shannon Building and was followed immediately by an explosion. Flames burst through the roof of the Shannon Building in the early stages of the fire.

WASHINGTON, (AP)—The sudden freeing of Bulgarian, German and Romanian assets in this country by the United States relations with the Soviet satellites closely following the breaking of relations with Bulgaria earlier in the week. Attorney General McGrath announced last night that the United States has halted payments from bank accounts and other assets held here by citizens of the three Eastern European countries.

Only a few hours before Secretary of State Acheson had indicated that this country had virtually given up hope of protecting American citizens and their interests in the three countries. He hinted that the next step may be the rupture of relations with Hungary and Romania.

The Justice Department said the satellite assets were frozen because of a delay in compensating American claims in the East European nations. It wouldn't say whether the action was connected with the conviction of American businessman Robert Vogel in Hungary a few days ago on charges of espionage. A Budapest court sentence Vogel to 15 years imprisonment.

ARMY SEES ACCIDENT IN DEATH OF KARPE VIENNA, Austria, (AP)—U. S. Army authorities today said the facts indicated that a U. S. Naval cadet, Eugene S. Karpe met death accidentally Thursday in an Austrian railway tunnel, south of Salzburg.

Investigators said it was possible that Karpe alighted from the Arbery Express at Golling, where the train made an unscheduled 30-minute stop because of repair work on the tracks ahead. They theorized he had accidentally in reboarding the train after it started. The train entered the tunnel three minutes later and was going 30 miles an hour.

# The Weather

Clear and cold with diminishing winds tonight, 3 to 10 above. Fair and continued cold tomorrow, high near 30. High tides 6-10 P. M. tomorrow at 8:15 A. M. and 9:56 P. M.

PRICE FIVE CENTS

## TARRYTOWN BLAZE PAGES 2 HOURS

8 A. M. Fire In Shannon Bldg. Still Burning At 10:15; Smoke Covers Village

TARRYTOWN—About 175 firemen today battled a blaze on Orchard Street near Main Street that raged out of control for two hours and was under control but still burning at 10:15.

All of the Tarrytown fire companies were summoned to the scene near Depot Plaza, and assistance from companies from North Tarrytown arrived at 8:30.

A pair of smoke buses over the scene south end of the village. It rose to a height of 500 feet and covered an area of a half a square mile.

The fire threatened to engulf two other buildings, one of which has been reported in the Manhattan and Trust Co. also was endangered.

Lines of one littered Orchard Street as firemen attacked the blaze from several angles. Traffic on Main Street was halted.

The Red Cross disaster relief unit was at the scene caring for the thousands of four apartments of the Shannon Building who were evacuated.

Firemen reported the fire started in the Edison Shop, a tobacco store in the Shannon Building and was followed immediately by an explosion. Flames burst through the roof of the Shannon Building in the early stages of the fire.

## MERCURY CONTROL MAPPED ON GOAL

State To Fix Limit On Heat In Offices, Factories Using Rationed Coal

ALBANY, (AP)—Strict temperature controls for offices and office buildings heated by soft coal may be the State's next move in the coal emergency, reliable sources indicate.

Capital sources said such restrictions soon might be extended to cover large private buildings burning soft coal. The miners continued their strike.

Meanwhile, Erie county applied to President Truman for help in relieving the fuel shortage in that area.

"We implore you to put our welfare above considerations of political policy," the county's Executive Coal and Coal Priorities Committees said in a telegram yesterday to the State.

In New York City, Police Commissioner William P. O'Brien, the city's solid fuel coordinator, described the supply as "reasonable" in view of the weather and the present rate of consumption.

Board To Meet

A meeting of the executive board of the Mamaronck branch of the National Association for the Advancement of Colored People will be held tomorrow at 3:30 P. M. at the home of Benjamin Morrell, president, 80 Howard Avenue, Mamaronck.

The agenda includes the appointment of a legislative committee chairman.

## Jury Acquits Club Owner In Dice Raid

Club Owner In Dice Raid

MOUNT VERNON—James Genre, thirty-nine, owner of the building at 3 North Fifth Avenue yesterday was acquitted of a gambling charge by an all-male jury in city court.

Genre, who lives at 349 North MacQuisten Parkway, has been charged with maintaining a room for gambling. The jury deliberated an hour and one-half before pronouncing him innocent.

Genre was one of 23 men who were arrested as a result of the raid on the Olympia Athletic Club located in his building.

Nineteen of the suspects charged with disorderly conduct, gained dismissal, at the recommendation of the Corporation Counsel's office. Another was acquitted and two more remain to be tried.

## WORKMAN OVERCOME BY GAS FROM MAIN

Overcome by gas while working on a gas main at Barry and Halsted Avenues in Mamaronck at 3:20 P. M. yesterday, Michael Covillino, forty-nine, of 128 Pinebrook Road, Peru, Chenango, was revived by an inhalator operated by Mamaronck Detective Samuel Bryant, Patrolman John Pendergast and Dr. William A. Barrett.

The Westchester Electric and Gas Company employes was taken to United Hospital, Port Chester, Pinebrook Road, Peru, Chenango, upon the order of Dr. Barrett. Semi-conscious upon arrival at the hospital, he was discharged at 10 P. M. last night.

Notified by a nearby service station operator, Alvin Cavellina had "passed out." Police Sgt. Joseph Palmer dispatched Patrolman Pendergast via radio and called Dr. Barrett.

Operating net income was \$385,781 compared with \$124,246 a year ago, while net from other than rail operations was \$79,894 compared with \$125,024.

In its rail operations revenues for the month were \$1,033,024, compared with the \$1,248,403 of the preceding year, but operating expenses for \$1,025,251 compared with \$1,039,594.

## Mrs. E. P. Clark, Dog Trainer, Dies In Lincoln, N. H., At 49

News was received here today of the death of Mrs. Florence Murray Clark of Lincoln, N. H., daughter of Mrs. William J. Murray of 203 North Barry Avenue, Mamaronck, and sister of William J. Murray, also of Mamaronck.

She was born in Mamaronck, N. H., on April 25, 1901, daughter of William and Emma Murray. She received her education in Mamaronck and in the State Normal School at Concord, N. H.

She married the Labrador fur buyer, Edward P. Clark of Dr. Edward Clark of Mamaronck, N. H., and the couple moved to New Hampshire where they went into the raising and training of pure-bred Eskimo dogs, making their first home in West Milford. A veteran trainer of Eskimo dogs and a musher, Mrs. Clark was the first woman to become a family dog registered Eskimo dog. In the early days of sled dog racing the couple became family dog owners along the sled dog trails in New England.

The couple later moved to Lincoln, N. H., where they purchased property on the Dan Webster Highway into Franconia Notch. Here they maintained a successful dog ranch.

Mrs. Clark took an active part in community life. She was a member of the Quess Club of North Woodstock and was interested in civic activities, promoting any cause which would benefit the community or nearby Franconia Notch. She was a leader in the cause of roadside beautification which enlisted property owners, shops in tourist business and others in the hamlet of the Notch.

Dr. Bowman finished a four and one-half year fellowship plan at Sloan-Kettering Institute and Memorial Hospital in New York, where he did cancer research on endocrine problems. He was in charge of the endocrine laboratory at Cleveland, Ohio Clinic before coming to Mamaronck in 1945.

He received a bachelor's degree in chemical engineering at Clarkson College of Technology at Potsdam in 1920. After earning a master's degree in organic chemistry at the University of Pittsburgh he became a vitamin chemist for the United Drug Company at Boston. He received his Ph.D. in biochemistry from Western Reserve University Graduate School, Cleveland, Ohio.

Dr. Bowman and his family plan to retain their Mamaronck residence on Melbourne Avenue, where he has a grade 4 teacher at Barry Warren School of the Bye Neck school system. Their daughter, Patricia, is a post graduate student at Belows Hill University and their son, Eddy, is a grade 3 pupil at Barry Avenue School.

## Bowman Wins Hospital Post

Dr. Wendell Eddy Bowman of 432 Melbourne Avenue, Mamaronck, will begin biochemical research duties March 1 with psychiatric patients at King's County Hospital. He will also be on the staff of Long Island Medical College, now a State University in Jamaica.

Dr. Bowman finished a four and one-half year fellowship plan at Sloan-Kettering Institute and Memorial Hospital in New York, where he did cancer research on endocrine problems. He was in charge of the endocrine laboratory at Cleveland, Ohio Clinic before coming to Mamaronck in 1945.

He received a bachelor's degree in chemical engineering at Clarkson College of Technology at Potsdam in 1920. After earning a master's degree in organic chemistry at the University of Pittsburgh he became a vitamin chemist for the United Drug Company at Boston. He received his Ph.D. in biochemistry from Western Reserve University Graduate School, Cleveland, Ohio.

## 1949 POLICE REPORT SHOWS CRASH DIP

Car Accidents, Six Below Previous Year, Account For 33 Injuries

There were 125 automobile accidents in the City of Larchmont in 1949, according to the annual police report submitted to the Town Board by Police Chief Paul Verick. There were 124 fatal automobile accidents in the district.

The report also reveals that although the police personnel was increased to 23, the number of days lost was but 12 fewer than the previous year. Accounting for the change in personnel were three retirements and resignation and six new appointments.

Lost and stolen property amounted to \$25,000 of which \$18,470 was recovered. Budget item was \$25,000, accounting for \$13,295 of which more than half was recovered.

The police make more than 100 arrests now positive of convictions is apparent from the minute number of dismissals, seven, and withdrawals, 15, in 837 arrests for 898 violations.

Injuries due to automobile accidents led the casualty list with a total of 33 while 106 led the complaint list with 110. Deaths were also involved in 90 per cent of the other complaints investigated.

During the year 78 businesses and 47 residences were given open at night.

## Doctor's Defense Gains Point, To Call Mate Of Mercy Victim

MANCHESTER, N. H., (AP)—The statement, read by O'Brien, quoted Regina Borroto as saying she had "nothing to do" with the murder of her husband in this. There are no charges against Borroto.

Testimony had been presented earlier quoting Dr. Sandro's pleadings to end his wife's suffering even if it meant "eliminating her life."

Judge Harold E. Winick said that Winick's objections and ordered the Sheriff's testimony stricken from the record. A witness told newspaper that Dr. Borroto was called as a defense witness if the State does place him on the stand.

Operating net income was \$385,781 compared with \$124,246 a year ago, while net from other than rail operations was \$79,894 compared with \$125,024.

# Combing The Town

## Calling Frank Buck

Radio and newspaper reports early this morning told of the escape of a man-eating leopard from an Oklahoma City zoo resulted to a flood of telephone calls to the home of Frank Buck at 1323 Harrison Avenue, Mamaroneck.

"Could you bring it back alive?" "Did you see it? Where the zoo received it?" "Have you any theories about how to trap it and get it back to the zoo?" were typical of queries from Metropolitan newspapers this morning.

To each of them Mrs. Buck replied: "Mr. Buck is a radio advertising writer in New York City... No, he is not the real Frank Buck... my husband is in the least interested in leopards."

Many of the local calls today were obviously from facetious neighbors. Mrs. Buck told The Daily Times, but the numerous callers from out of town were apparently seeking information in good faith.

## Windows Broken

Mamaroneck Police Officer Harry Stubbe was patrolling the village in a radio cruiser at 4:15 A. M. Saturday when he noted that windows in the front door of Aldo's Service Station at 731 Mamaroneck Avenue were broken. Stubbe checked and found that the lubrication pit had also been smashed.

Detective Jeremiah Geary was assigned to the case. Police Headquarters notified the owner, Thomas Donato. There was no evidence of actual entry into the building and the windows were broken by children on their way home from school.

The children's parents were notified and are expected to make restitution for the damage.

## Chimney Blaze

A chimney fire discovered by Trustee Ralph H. Mann in his home at 211 South Park Avenue, Mamaroneck, Saturday at 8:08 P. M. was extinguished without damage by Fire Chief Harry Primrose and volunteer firemen of Truck 1, Police Patrolman Norman Van Dessel was also dispatched to the scene when Mr. Mann telephoned the alarm to police headquarters.

It was the first fire alarm in the village since June 1947 when Mamaroneck Engine and Hose Company donated burning logs left by county employees in a field adjacent to Mamaroneck and Winfield Avenues.

## Fauna in the Flora

Residents of Mardon Road near Hickory Grove Drive in Larchmont were treated to a glimpse of Westchester wild life this morning when a young fawn crossed over a hedge and through several vines to a frantic attempt to find his way back home to mother.

Mrs. Walter E. Warme, of 8 Mardon Road, said the young animal vaulted a four-foot hedge after emerging from a hole in a Hickory Grove Drive, ran across her backyard and, when last seen, was making tracks up the street.

## Too Ambitious

A valiant black and white cocker spaniel bit off little more than it could chew the other day when it attempted to fight it out with a pair of hares.

The dog yuckus occurred on Millers Avenue. When the hares mounted police arrived on the scene, the cocker was being held in check by the daughter of the owner and a neighbor.

The cocker turned up a half hour later a bit the worse for wear at another neighbor's residence, but without serious injury.

## PATRIOTIC SONS MARK 28TH YEAR WITH PARTY

The 28th anniversary of Camp 83, Patriotic Order of Sons of America, Mamaroneck, was observed by 75 members and guests Saturday night at Masonic Hall, which was festooned with red, white and blue.

Edward Boulton was master of ceremonies for a musical and dance entertainment, followed by popular and square dancing to the music of Charles Hester and the Folk Music Makers. Dick Folscher was the caller for the square dances.

Ralph Spuehler, chairman of the anniversary committee, was assisted by Fred Spuehler, John Landfield, Charles Ross, Archie Ross, Fred Nichols and David Spuehler.

Dance exhibitions under the supervision of Mrs. Bella Kohloff Richardson included a two-step by Carolyn Kohloff and Charles Ross; military and folk dances by Miss Buxton; and hot toe tap by Miss Aebahl and soft shoe tap by Helen Malinowski, with accompaniment by Edward Kohloff on the piano and Rowland Kohloff, drums.

Playing his guitar, George Kohloff interpreted "Call Me a Comedian" on the drums. Paul Kohloff played several selections while the orchestra played a set given by Mrs. Ralph Spuehler.

# Widening Of Harbor Island Beach, Adding 50 Feet, To Start In Fall

The Village of Mamaroneck will start a project next fall to add 50 feet to the depth of the beach at Harbor Island. Manager William H. Johnson disclosed today.

The sanding will be done gradually to avoid interfering with Mamaroneck High School's football schedule next fall and it is expected that from five to 15 feet will be cut from the turf at the close of the football season.

Part of the area was sanded last fall near the County bulkhead at the western end of the beach. Mr. Johnson explained today that it may be possible to sand another portion near the eastern end this summer. But the football field turf will not be cut back until late fall.

Because of the influx of non-residents at Harbor Island Beach, the Park Commission will restrict use of the beach again this summer to village residents and season permits holders on Saturdays, Sundays and holidays. The restrictions were first imposed in 1949.

The oldest regiment in the United States is the 182nd Infantry of Massachusetts, originally organized as a Middlesex County militia in 1636. It was reorganized as the Militia in 1776, and as the 182nd Infantry in 1824. It is now a National Guard unit.

Other than our nation, the National Guard has the longest continuous history of any military organization in the United States. Major Augustine J. Gironda of the 182nd Infantry, 4th Brigade, 28th Division, stated Friday in an address before the Larchmont Rotary Club.

The residents' groups also called on Arthur E. Allen of Shore Acres and obtained his consent to pay for elevating the beach. Mr. Allen is a member of the board of the board of point of service. He was first elected in 1944 and re-elected three years later.

The National Guard has the longest continuous history of any military organization in the United States. Major Augustine J. Gironda of the 182nd Infantry, 4th Brigade, 28th Division, stated Friday in an address before the Larchmont Rotary Club.

Partly obscured by smoke from Conqueror Hook & Ladder Co., are shown fighting the fire which caused \$30,000 damage to an Orchard Crest building in Torrington.

Members of the company are climbing an 85-foot ladder, its top hidden by the haze.

## Talk By Dr. Van Kirk To Open Larchmont Lenten Services

The Rev. Walter W. Van Kirk D. D., secretary of the Department of International Justice and Goodwill of the Federal Council of Churches of Christ in America and secretary of the Commission on Just and Durable Peace will be the preacher at 8:15 P. M. tomorrow at St. John's Episcopal Church, Larchmont, at the first of a series of five Union Lenten Services sponsored by St. John's Church and the Larchmont Avenue Church.

Dr. Van Kirk will substitute at the service for the Rev. Henry Smith Leiper who was originally scheduled to preach but had to cancel the appointment because of illness.

Since the early twenties Dr. Van Kirk has traveled extensively in this country and abroad. He attended the Universal Christian Conference on Life and Work in Stockholm in 1925, a World Conference of Christians in Prague in 1928, the World Youth Peace Conference in Holland in the same year. In 1935, Dr. Van Kirk was invited to the World Council of Churches in London in 1937. He was an American delegate to the World Conference on Church, Community and State held at Oxford, England and in 1938 represented various national organizations at the Pan-American Conference in Lima, Peru. While there he acted as the American representative to the American Commission to give to the American radio public a digest of Soviet conditions.

## MINERS CONTEST THE 'NO WORK' POLICY

PITTSBURGH, (AP) — Striking coal miners clash to their "no work" policy today with the nation's economy group for lack of fuel.

Weekend developments in Washington failed to bring any back-to-work movement. The mine shutdown continues as tight as ever.

Millions of workers in allied industries face unemployment. At least 180,000 have joined 372,000 striking United Mine Workers in idleness.

Uncounted thousands are working only part time to conserve coal.

Needy individuals in some cities present pitiful pictures as they try to buy coal.

In St. Louis the most helpless cases are those in poorer sections who are out of work.

## Driver Faces 2 Counts After Chase by Police

Two speeding motorists led Officer George C. Mulebach of the Town of Mamaroneck police on a merry chase through the streets of Larchmont Saturday.

He first noticed the two cars coming out of Valley Place and heading east on Fifth Avenue at an allegedly dangerous rate.

Seeing quickly through his patrol car around, he chased the two cars on Fifth Avenue, Madison Avenue and Myrtle Boulevard.

He took the driver, Robert Lee Penney, 21, of Fort Chester, and his passenger, Joseph Spessman, also of Fort Chester, to headquarters where he issued summonses for speeding and operating a vehicle without a license.

## OPERATOR UNINJURED AS AUTO SNAPS POLE

An automobile operated by Fred Perica, twenty-six, a student of 1182 State Street, Bridgeport, Conn., skidded into a telephone pole near the Halsted Manor fire station yesterday as it made its way through a hole in the pole.

With a smashed left wheel and a bent in the fire station driveway, Perica was not reported injured.

Mamaroneck Patrolman John Rowan, investigating the crash, found the upper part of the pole snapped where it was attached to the pole and it remained at the scene until daylight. Rowan reported that the pole had been secured with a nearby pole of the Westchester Lighting Company with a rope attached by E. W. Hillecock, a New York Telephone Company.

Police notified both the telephone company and the lighting company. Fire alarm wires damaged when the pole snapped were promptly repaired by Village Electrician John Pokorny and Stephen Johnston. A wrecker towed the damaged car away by Captain L. Perica of the Bridgeport fire station from the fire station driveway.

# BURCHELL FIGHTS RYE NECK RACE

The high school plans to use the Harbor Island football field until replaced, have been completed at Manchester Field.

Evening, the island field will be pushed back toward the Post Road, from five to 15 feet per season until the beach fence is 50 feet per season, until the beach fence is 50 feet near the Post Road fence is at present.

Trustee Edgar B. Burchell, who announced last week that he would not be a candidate for reelection to the Rye Neck School Board, has reconsidered his decision and will run again this Spring, he disclosed last night.

Disappointing of Rye Neck residents of the Board of Trustees of the school district, the board's Planning Committee which is in the midst of the problem of adapting the physical facilities to a growing school population.

The residents' groups also called on Arthur E. Allen of Shore Acres and obtained his consent to pay for elevating the beach. Mr. Allen is a member of the board of the board of point of service. He was first elected in 1944 and re-elected three years later.

## NATIONAL GUARD HISTORY OUTLINED

Larchmont Rotarians Hear Address By Major Gironda

Other than our nation, the National Guard has the longest continuous history of any military organization in the United States. Major Augustine J. Gironda of the 182nd Infantry, 4th Brigade, 28th Division, stated Friday in an address before the Larchmont Rotary Club.

The residents' groups also called on Arthur E. Allen of Shore Acres and obtained his consent to pay for elevating the beach. Mr. Allen is a member of the board of the board of point of service. He was first elected in 1944 and re-elected three years later.

## HOEBER ATTACKS VILLAGE HOUSING

Democratic Candidate Claims Board Has Admitted Responsibility

Hissing in the Village of Mamaroneck was the subject for discussion by Paul Hoebler, one of the Democratic candidates for village trustee at a meeting Saturday for interested voters at the home of Mr. and Mrs. Ronald Wild, 731 Street Avenue.

"Modern medicine teaches that you can't quarantine germs," Mr. Hoebler declared. "It is just true that you can't quarantine bad housing. When portions of the Village go downhill, the entire community is affected."

The village trustee election is whether Mamaroneck shall prosper or stand still and those of us who come to live here must take at stake in this vital issue as those who make their living here.

"The present administration has abdicated all responsibility for the housing situation," Mr. Hoebler declared. "It is just true that you can't quarantine bad housing. When portions of the Village go downhill, the entire community is affected."

The village trustee election is whether Mamaroneck shall prosper or stand still and those of us who come to live here must take at stake in this vital issue as those who make their living here.

## STATE MAY DERIDE TEMPERATURE TOP

Action Affecting Users of Soft Coal Expected Today By Tallamy

ALBANY, (AP) — New York State was expected to order temperature limits today for all public and private buildings using soft coal, and expects housing and utility officials for the day.

The order by State Administrator Bertram D. Tallamy would be the highest temperature permissible in bituminous-heated office and commercial buildings, apartment houses and schools.

Tallamy and his staff spent the weekend conferring details in the state to determine existing stocks of soft coal.

Tallamy had planned to set the maximum temperature last Saturday. However, he delayed the order to permit the weekend users.

Meanwhile there were these developments:

The New York Central Railroad reported it had coal enough for only four and a half days.

At Rome, the Onondaga County Hospital and Home reported it had less than 80 tons of soft coal.

At its joint heating plant, it will draw supplies from the Rome Gas Corp., General Cable Corp. and Severe Copper and Brass Inc., which have volunteered additional public stocks in the Buffalo area remained closed.

## Teenagers Accused Of Vandalism at Club

Responding to a call from Mrs. William Butler at the Westchester Yacht Club at 233 P. M. yesterday, Patrolmen Dominic Pina and Otto Vershore were alerted to a telephone call from a fifteen-year-old boy who was accused of entering and damaging the club house with four other teenagers.

The policemen obtained the names and addresses of all the boys. All of the parents except one were notified by Captain Pina at home were notified. Mr. Butler stated that he would file complaints at police headquarters.

# Strike Guilt Implied By Miners' Union As Coal Tieup Spreads

WASHINGTON (AP) — A soft coal contract negotiations today were pressed indefinitely but the government's coal parties subject to call for further talks on an hour's notice.

President's fact-finder David L. Cole said both sides felt it would be a good idea to go back and consult with their associates.

WASHINGTON (AP) — John L. Lewis' United Mine Workers today pleaded innocent to outrageous charges resulting from the failure of 372,000 miners to return to work under court order.

The union waived its right to argue its case before a jury and decided to let Judge Richmond B. Keck rule on the evidence as well as the law.

The big question is whether the union is responsible for the refusal of the coal miners to go back to work.

Keck issued an order Feb. 11 for a return to work, but the miners have ignored it.

The union's attorneys have contended the miners are acting individually — that the union itself has nothing to do with the present strike.

Once the union's plea was formally accepted by the government (Turn to Page 2, Please)

## Court Hears Innocent Plea; Negotiations Fail Again

## U. S. RENT CONTROL FACES CHALLENGE

Proposal For Its End Hooked To Money Bill In Move By Senate Group

WASHINGTON (AP) — The administration was confronted today with an unexpected and powerful challenge to its hopes for keeping federal rent controls.

A proposal to force the rent control agency to prepare for its own end by June 30 was hooked to a money bill in a surprise move by the Senate Appropriations Committee.

The appropriation measure, which would require the agency to submit authority for a stepped-up monthly program, is due for early passage by the Senate.

If the rent control rider is accepted, it would seem to end any chance for another year's renewal of the program as urged by President Truman.

About 11 million housing units in 333 areas throughout the country still are under rent control.

The program is administered by housing agencies' office. It makes no sense in the view of the Committee for \$3.6 million to carry on its work for the rest of the present fiscal year ending June 30.

## CHAUFFEUR TO ANSWER OFFICER'S 3 CHARGES

George Thomas, chauffeur of all Howard Avenue, Mamaroneck may expect a lecture Wednesday evening when he is charged with three counts of reckless driving.

After averting his car from left to right repeatedly in an obvious attempt to prevent a following car from passing despite signals from the driver along Putnam Road between Grand and Center Streets, Thomas was finally stopped on Center Street by Mamaroneck Patrolman Francis Penrose, associate of the occupant car.

Off duty and not in uniform, Penrose showed his shirt and informed Thomas that he was under arrest to produce his license. Whereupon Thomas not only allegedly used abusive language, but also refused to produce his registration and operator's license.

When the fracas attracted a sizeable crowd Patrolman Penrose also refused to produce his license for his language and refusal to show his license, as well as the reckless driving charge.

The policeman stated that his car was forced off the road at one point by Thomas' maneuver. The incident occurred at 3 P. M. Wednesday according to the complaints filed Saturday afternoon.

## STORE PARKING AREA HAS BOARD APPROVAL

The Larchmont Zoning Board on Tuesday morning granted permission to Alley-Edison, Inc. to use the former Addison Street extension as a parking space in connection with the Grand Union store now nearing completion.

The parking space will be on the north side of the store on Woodstock Square, with a set back of less than 30 feet on the street.

The Board recently turned down Patricia Gardens application for a variation to permit setbacks of less than 30 feet on Depot Way East and Palmer Avenue.

## Heart Attack Victim Treated With Inhalator

Stricken with a heart attack, Mrs. Katie Liffert of 1224 East Post Road, Mamaroneck, was taken to United Hospital, Port Chester, by Lt. Herman Pauls and Patrolman Dominic Pina at 8:23 A. M. yesterday upon the order of Dr. Rudolph Machan.

Ms. Liffert found it necessary to use an inhalator to aid the woman during the trip to the hospital.

Patrolman Otto Vershore also responded to Dr. Machan's call for aid.

Mrs. Liffert's condition was reported improved at United Hospital this morning.

## DR. MORRISON TO OPEN SMALL BOAT LECTURES

Dr. Frederick A. Morrison of Mamaroneck Point No. 600 is the scheduled speaker in the opening lecture of the seven-lecture course on "Seamanship and Small Boat Handling" being given by the Westchester Division of the U. S. Coast Guard Auxiliary weekly on Tuesday nights in the New Rochelle Hotel Club, North Avenue, New Rochelle.

Dr. Morrison will speak on "Boat Non-compliance." To the uninitiated in boating, many boat terms are as a strange language. The purpose of the first lecture is to orient the terms applicable to boating so that future lectures may be fully understood.

Biss Woodward, who is a member of New Rochelle Point No. 604, is the captain of the Westchester division of the U. S. Coast Guard Auxiliary. All boat owners should understand the requirements in order to pass the minimum requirements of the law and also to have a vessel safely equipped.

The lecture will start at 8 P. M., but the public is asked to come at 7:30 in order to register.
