Cupid Busy

Cupid's deputy in the Town of Mamaroneck, Town Clerk Charles Gronberg, reports a slight increase in activity in June, over the total recorded for the bride's month last year, when only 20 marriage licenses were issued. The show was a radio play, "The Case of the Mysterious Man," which was written by the producer and will appear on the radio. The play is decided by popular vote of listeners who write to the station. Jack was graduated in June, 1951, from St. Vincent's High School in White Plains where he won a music award for four consecutive years. He was a member of the Beta Club and was named "outstanding" member of the day at two inter-school contests at St. Vincent and Town Hall's completed last night.

There were 52 blanks returned.

GROSS KIN STABBED BY YOUNG GAMBLER

NEW YORK (AP)—Brooklyn's Gross family was left to pick up a teenage niece yesterday, only to be stabbed and fatally injured by one of the youthful gamblers.

Forty-year-old Max Gross, who had trailed him and other members of the Gross family since early May.

Police said the stabbing of Mr. Gross had nothing to do with the case in which he was sentenced as the boss of a now defunct \$10-million-a-year Brooklyn gambling empire.

Several hours after the tussle police arrested Pablo Mendez, 27, and held him on a felony assault charge.

Allied Raiders Storm, Smear Red Company

SEOUIH, Korea (AP)—A powerful Allied raiding column knifed into Communist territory in Western Korea yesterday and virtually wiped out a Chinese company before pulling back.

The U. S. 8th Army announced today.

Of 320 Reds defending a hill northwest of Yonhui, an estimated 257 were killed or wounded in a five-hour battle, the Army said.

U. S. headquarters in Tokyo said the raiding force was of battalion strength, 700 to 1,000 men.

Part of the Allied column hit the Communist defenses, while a second unit was stationed in blocking position just north of the hill.

Three Red platoons rushed forward to reinforce beleaguered hill defenders but were beaten back by the blocking force, the Army said.

The 8th Army said the Communists suffered 1,315 casualties in June—the heaviest toll in five months.

Low clouds grounded U. N. fighter-bombers and jet fighters yesterday, but propeller-driven bombers pounded Communist troop positions along the 135-mile battle front.

Maturity Needed To Understand Waywardness

DOROTHY DIX
Question: For six months I have been going with Edith, and have grown to love her dearly. She is eighteen, I am twenty. At fifteen she left school to go to work, and that's when the trouble began. She began to run around with men quite a bit older than herself, went away over weekends with some of them, and before long had acquired a very nasty reputation. After two years of this sort of life, she returned to school.

After I found out I was falling in love with her, we discussed this situation many times. I know she is sorry for the past. She has been true to me, and I am convinced always would be. I am afraid, however, that I might lose my trust in her; that I would be jealous or suspicious of her every move.

JERRY
Answer: You have a problem which no family can live happily that, to my way of thinking, needs more maturity than you, at this age, can bring to it. To make a go of marriage under the circumstances you outline requires understanding, compassion and patience far beyond the scope of a young man of twenty.

What can you contribute to her future? Can you give her compassionate understanding and forgiveness? Can you accept her promise of fidelity and bring to marriage the perfect trust without which no family can live happily?

Accents In Korea

Al. Allen V. Aronoff, son of Mr. and Mrs. V. A. Aronoff of 36 East Hudson Park, Larchmont, is on duty in Korea with the 31st Fighter Interceptor Squadron, a jet night fighter outfit.

He was graduated in 1947 from Manhattan High School and attended the Juilliard School of Music in New York City. He entered the service in March 1951, and was commissioned at the Connally Air Force Base in Waco, Texas. Before going overseas he received additional training at Tyndall Air Force Base in Florida.

Veterans Service

Education and veterans' insurance were the two problems which concerned Mamaronock ex-servicemen during June. Harry Leikert, deputy director of the Veterans Service Agency reported today.

Mr. Leikert conducted 98 interviews during the month and 11 of them concerned education while ten had to do with insurance matters. Other matters on which veterans asked advice included armed forces, bonus, medical problems, taxes, medical matters, and housing.

In addition to the personal interviews Mr. Leikert received 73 telephone calls requesting information on the various aspects of veterans' service.

Peck Transferred

Second Lt. Robert E. Peck, son of Mr. and Mrs. Carson C. Peck of Clatskanie, Oregon, Larchmont, former resident of San Mateo, Calif., has been transferred from duty at Mountain Home Air Force Base, Idaho, and assigned to the 710th Air Transport Group, Great Falls, Mont.

Prior to enlisting in the Air Force, Lt. Peck worked for the State Department's Foreign Service at American embassies in Mexico and the Dominican Republic.

He was graduated from San Jose High School in 1944, and has a B.A. degree from Stanford University. He has also attended The American Institute for Foreign Trade in Phoenix, Ariz., and The Foreign Service Institute in Washington, D.C. Lt. Belchets Interviewed

Interviews with Dr. A. F. Old Belchets of 123 Woodland Avenue, Larchmont, appeared in both English and Afrikaans language newspapers in Cape Town, South Africa, recently when Dr. Belchets arrived there aboard the ship Casle with his wife and three daughters.

Dr. Belchets was born in South Africa and came to the United States after he earned a doctorate degree in chemistry at Cambridge University in England. He is a petroleum engineer associated with M. W. Kellogg and Co., an American firm which is setting up operations in South Africa to manufacture gasolines from coal.

The caption below a picture in the papers of Dr. Belchets and his family describes his two-year-old daughter Ruth, whose picture he is preparing to shoot some time in the child's expected to see in Africa.

Dr. and Mrs. Belchets' other daughters are Deborah, eleven, and Sarah, fourteen.

Mud Hens

Two members of the crew of the Mamaronock Mariner ship "Sea Witch" became fully qualified members of the outfit of Mud Hens recently when they failed to negotiate the trip between the Dea Witch to the dock and popped into the drink.

One of the girls, Janet Verovatti, fell off the dock while trying to embark on the ship.

The other, Connie Battista, fell off the ship while trying to get back on the dock.

The incidents occurred at the old Greenhavan Beach and neither of the Mariners suffered any harm other than a dunking.

Back In States

Cpl. Frank B. Puma of 306 Mamaronock Avenue, Mamaronock, landed in Seattle, Wash., yesterday aboard a military transport plane on a mission from Army service in Korea, where he was stationed for 10 months. Cpl. Puma was assigned to duty building bridges in Korea with the Army Engineers.

Before his entry into the service Cpl. Puma was employed as a carpenter.

Short Bus Merry

It was a merry ride but a brief one for two unidentified youngsters of Mamaronock's who were riding on the 10:15 A.M. Hudson Avenue-Bunker Street neighborhood Thursday, who commandeered an old Peckham Road Corporation steamroller and found it in working condition.

The youngsters hadn't crossed Halsted Avenue in the machine twice, however, before they were spotted by Harold Le Pury of 215 Choburn Avenue, who called the police. The youngsters were taken to the station and the machine was disconnected and the ignition wiring in the steamroller. The two youngsters' find at the McKee's approach of the car.

Harbor Island Park Thronged For Gala All-Day Celebration

THOUSANDS of Mamaronock residents lined the beaches and tide-walls around the harbor's east basin from Harbor Island to Shore Acres last night to watch the impressive display of fireworks that climaxed the village's Independence Day Celebration at Harbor Island. Rockets, squibs and pin-wheels turned night into day over the water and docks and boat-yards around the waterfront shore to the thunder of music and freerackers going off high in the air, as the all-day celebration came to a dramatic end at 10 P.M.

Through jammed the park and beach all day for programs which opened at 10 A.M., twelve hours earlier, with a flag raising ceremony conducted by the David Potts Jr. Post 1156 of the Veterans Foreign Wars. A baseball game followed, in which the Kiwanis-sponsored Mamaronock All-Stars triumphed over the White Plains Bears in a hard-fought contest that ended in a tie.

After time out for lunch the crowd drifted back to the shore to watch the White Plains Top Hat Club and the Mamaronock All-Stars conduct a parade of a traditional Fourth of July parade. The Top Hats were leading a 400-foot parade which was carried out by a club of the eighth inning which also sent the crowd surging for cover in the beach pavilions or in their cars by the parking lot.

At 7:30 P.M. a kidnap parade was held, for tons of fun and under whose holiday grandeur still had some 100 children, for the cutest kids went to Sandra Baran, Terrance O'Rourke, Tommy Stewart and Diane Roberts. The parade was sponsored by the Women's Club of 315 West Street.

IKK GETS MAD TO BATTLE TAFT

Will Start Slugging On Arrival At Chicago This Afternoon

ABROAD EISENHOWER SPECIAL (AP) — Gen. Dwight D. Eisenhower arrives in Chicago this afternoon, transformed almost overnight into a fighting-mad Presidential candidate.

This was the "base hat" to his lieutenants. He had decided to step down into the cockpit of politics to slug it out with Sen. Robert A. Taft of Ohio for the GOP Presidential nomination.

He had promised to campaign on national politics and broad issues without getting involved in personal issues being change.

But he watched the GOP National Committee, dominated by Taft forces, set out most of his disputed election delegates in favor of Taft delegates. He got mad and began slugging.

Gen. Eisenhower charged yesterday there was evidence the Taft forces were trying to steamroll the convention and force their will on the people.

He charged "a little group of men" were trying to control the republican party by throwing out majority rule.

He said the issue was "whether politicians are to be loyal servants of the people or the party." He said he would be the voice of the people and the voice of the people.

With each whiplash, the general's anger and bitterness over the Chicago developments have become more obvious. At 10:30 p.m. yesterday he said the Chicago nomination fight is "a struggle."

Mayor Dooley Endorsed By Columbian League

The Columbia Republican League of Mamaronock Thursday night endorsed the candidacy of Mayor Edwin B. Dooley for the 26th Congressional District seat now held by Ralph Calm of Larchmont. Mayor Dooley will face Congressman Gamble in the Democratic primary on Aug. 19.

At the meeting Thursday members of the league praised Mayor Dooley's "fine job" as mayor of the village and expressed confidence that he would "work for the good of all the people as a congressman."

The league will hold its annual picnic July 27, Louis R. Tolve announced at the meeting.

TAFT'S SUPPORT FOR GOP'S SLUG

CHICAGO (AP) — Senator Robert A. Taft's Texas-borne surge toward the Republican Presidential nomination faced a bitter challenge today from supporters of Gen. Dwight D. Eisenhower.

The two main contenders arrived here during the day, were ready to take over personal direction of a round-robin battle with the general's support. The 604 votes needed to give one of them the party's nomination.

Senator Taft's chief lieutenant, T. Russell Drake, New York National Committeeman and Eisenhower backer, predicted his own victory in the general election by a 50-vote margin in a convention rules test on the question of backing Eisenhower over Taft on voting on the seating of contested groups.

Senator Taft said such a result would represent the first major setback in over a decade of previous activities which has seen him backed by Gen. Douglas MacArthur and supported indirectly by former President Hoover.

CONGRESS TO ACT ON MONEY BILLS

Lawmakers Must Polish Off 560 Billion Appropriations Before Tonight

WASHINGTON (AP) — Another feverish day of legislating lay ahead of Congress today before it shuts up shop on the eve of the Republican National Convention.

Before adjournment tonight or earlier, the lawmakers still had to jam through appropriations totaling almost \$60 billion. Agreement also had to be reached on measures boosting Social Security payments, bolstering farm price supports and authorizing far-flung military construction projects.

Administration leaders planned for a time adjustment, meaning that the law-making days of the 82d Congress would be over up in a special session.

Some Republican Senators, and a few Democratic ones, were meeting until a fixed date, or at least six Congressional leaders had authority to call another session.

But Senate Democratic leader, Hubert H. Humphrey, said he had no reason why a final adjournment should not be taken. House leaders were in agreement, he added.

"Many Americans are restless," he said, "because of the charges of political maneuvering. We are trying to ease the situation by a measure of the nominating process. It is an increasing public cynicism about politics and if it is not stopped will, in fact, mean that we have allowed a precedent to be placed on the procedure."

Mr. Humphrey named no date for the resolution in the chamber, but the measure had his chance of being sent to the Senate today. Mr. Gillette roused his subcommittee plans to keep a sharp eye on the year campaign—Presidential and Congressional.

Local Residents Agree, 18-1, With State Ban On Fireworks

This is the 147th in a Saturday series of short interviews with residents on issues of the day — local and national. This week's question: "DO YOU APPROVE OF THE NEW YORK STATE BAN ON THE SALE OF FIREWORKS TO INDIVIDUALS?"

Mrs. H. S. Moore, 1,000 Place, Larchmont: "Yes, I certainly do. There are so many accidents, especially among children."

Miss Joan Murphy, 123 Pellam Avenue, Larchmont: "Yes, I do. I think they cause a great many injuries."

Charles F. Carlson, 415 Fifth Street, Mamaronock: "I don't think they're safe. They're too dangerous and should be handled only by people who know how."

Joe Warren, 222 Prospect Avenue, Mamaronock: "I approve. Somebody's old man would probably try to make sure fireworks are used properly."

William G. Horn, Larchmont: "Yes, I approve the ban. I think they're very dangerous."

Frank Gallardo, 208 Travers Avenue, Mamaronock: "Certainly. If kids start fooling around with fireworks someone's bound to get hurt."

Sen. Humphrey Calls For Inquiry Into Candidate's Spending

WASHINGTON (AP) — Senator Hubert H. Humphrey called today for an immediate Senate inquiry into campaign spending by Presidential candidates.

The Minnesota Democrat announced he is introducing a bill to provide for such an investigation. He also wrote a Senate floor resolution authorizing the Senate's subcommittee headed by Senator Gillette, D-Iowa, which is in agreement, he added.

"Many Americans are restless," he said, "because of the charges of political maneuvering. We are trying to ease the situation by a measure of the nominating process. No Action Taken On Fluoridation Despite Favorable Residents' Poll

Water fluoridation for Mamaroneck and Harrison was washed down the drain yesterday despite favorable community response to a poll taken by Westchester Joint Water Works No. 1. Two of the water company's directors refused to second the motion of Mamaroneck Mayor Edwin H. Dooly, the third director, to install fluoridation apparatus.

Of the three communities polled, Mamaroneck and Harrison Towns showed the heaviest response favoring fluoridation, a public health measure which medical authorities claim can reduce tooth decay by 65 per cent in growing children.

The water company mailed 7,144 printed postal reply cards asking water consumers to take a poll. Of the 3,300 returned, 2,345 or 33 per cent were returned and 76 per cent of the returned cards indicated a "Good Cross Section."

At the same time deposits increased from \$9,303,792 to \$9,735,000 and the number of depositors rose to 14,644. The semi-annual dividend of \$845 was credited July 1. The dividend is at the rate of two per cent per annum.

Larchmont Faces \$150,000 Suit In Fatal Wall Collapse

WHITE PLAINS—A Queens man whose wife was killed under the rubble of a collapsing wall of a two-story building in Larchmont a year and a half ago is suing the village, the owners of the property, and a motion firm for \$150,000 over her death.

Eracl Paul Hamilton, whose wife Florence was crushed to death Dec. 18, 1950, claims the building was a menace since 1930, but should have been torn down immediately after it was further damaged by fire Sept. 4, 1950—three months before the fatal accident.

Louis Forman and Frank N. Sawyer own the building, located at 1875 Palmer Avenue, Larchmont. The demolition firm working on the building at the time of the accident was the Justice of the Peace Court Justice Albert T. Gallagher yesterday granted a motion by Mr. Forman and Mr. Sawyer to file a cross-complaint against the village and the owners. The suit alleges Mrs. Hamilton was lawfully walking along Depot Way on side of the gutted building, when the wall collapsed upon her.

From time to time between 1938 and 1950, the complainant states, portions of the walls of the building collapsed on the sidewalk. The remaining portions of the walls still standing were "made dangerous, unsafe and unsafe and likely to collapse" after the Sept. 4 fire struck, the walls were "made more dangerous," it states.

The walls "should have been at once torn down and removed as they were a great menace," the complaint charges.

GOP'S PLATFORM HITS 'CORRUPTION' OF RIVAL PARTY

Civil Rights Plan Seen Only Touchy Issue On Convention Floor

CHICAGO (AP)—Republicans today accused the present Democratic administration of steering corruption and of shielding "traitors to the nation in high places." This blistering attack came in the long-awaited campaign platform handed to the GOP National Convention for expected approval during the day.

Stabbing attacks on the "present administration's sordid record of corruption" overshadowed hard-fought compromises on the foreign policy, national defense and civil rights issues.

Only the "civil rights" plank—dealing with the touchy issue of racial discrimination—caused some fears of a possible floor fight.

Even so, this plank was shaped to bridge North-South differences. It toned down the GOP's earlier committee fight, from the 1948 statement which backed whatever laws needed to end job discrimination against Negroes and other minorities.

Eisenhower Surges Ahead As Taft Forces Ironclad After Bitter Floor Battles

General Moves Within Striking Distance of Nomination

CHICAGO (AP)—Eisenhower today edged into the lead in the turbulent floor battle with Senator Taft as last night's session—strengthened into the early morning—over-contested delegates from Governor and Texas.

They believed it was all over but the counting as a result of Gen. Eisenhower's decisive edge in the turbulent floor battle with Senator Taft at last night's session—strengthened into the early morning—over-contested delegates from Governor and Texas.

A similar favorable vote came from June H. Todd of Tarrytown, delegate at large and Republican State Committee Vice Chairman.

The Westchester delegates had indicated they would pursue this course when on Monday they voted in similar fashion for a change in the rules which prohibited contested delegates from voting until after they had been seated primarily by the convention floor.

Residents Plead For 5 Variances

Mamaroneck to Study Four, Larchmont One At Hearings Tonight

Five zoning variances will be sought in Mamaroneck and Larchmont tonight from the Zoning Board of Appeals in the two communities. The Mamaroneck agenda lists four applications, while the Larchmont board will review one.

The Larchmont request was brought by Ralph L. Polinski of Old White Plains Road, Mamaroneck, who seeks to erect a one-story building for doctors' offices on Palmer Avenue adjacent to the Parkway and Garden Apartments. The property is zoned for multiple dwellings.

In 1949 the Board of Appeals denied Mr. Polinski's application to place stores on this same property, a strip of land left unoccupied on the plot devoted to the apartment house. At that time Mr. Polinski claimed the land could be put to other profitable use.

The board ruled the hardship was self-inflicted, since the apartment development could have been planned in a manner to utilize the land in question. The Board's ruling was upheld by the Supreme Court in White Plains and the Appellate Division in Brooklyn. The higher court's decision was terminated at the time a significant strengthening to Larchmont 200.

MIGHTY AIR BLOW SMASHES CAPITAL OF NORTH KOREA

Hundreds of UN Planes Leave Pyongyang in Roaring Flames

SEOUL (AP)—Hundreds of Allied warplanes today smashed North Korea's capital and two other prime military targets in one of the heaviest air blows of the Korean War.

Pyongyang, the North Korean capital, was left in roaring flames and rubble before bad weather blotted out the target and spared it from a further onslaught of fire and bombs.

It was a tremendous follow-up to the Yalu River blast raid on June 22 designed to exert greater military pressure on the bulky Communist armistice negotiators.

But bad weather kept the raid from reaching the proportions of that one. The Air Force said there were 1,048 sorties individual flights compared with 1,775 on June 22.

Estimates of the number of planes involved ranged from 200 (Turn to Page 2, Please)

Board Approves Three Variances

Seven Pines Wins Appeal For Parking Lot; Motor Court Loses

Three zoning variances were granted and four denied last night by the Mamaroneck Village Zoning Board of Appeals in executive session after brief hearings in the Municipal Building. Three of the board's decisions referred to applications presented to the board in previous sessions, one on May 8 and two on June 19.

Variances were granted Dr. Emil Verilli of 304 Heathcote Avenue; Jack Berger, manager of the Seven Pines Restaurant on the Boston Post Road and Coloforum, Inc., one of Long Island City.

Dr. Verilli was permitted to construct an addition to his combined home and office building at Palmer and Heathcote Avenues, which will take the building to within 15 feet of the property line on Palmer Avenue. The zoning ordinance requires a 20-foot margin, but the variance was granted in view of the fact that this area

is zoned for multiple dwellings and one construction is that an apartment building on such a small plot could not be operated at a profit.

Representing Mr. Poloni were Burton C. Meahan Jr. and William J. McWilliams, Larchmont attorneys. Mr. McWilliams was Larchmont village attorney who defended the zoning ordinance through the Supreme Court and White Plains and the Appellate Division in Brooklyn when Mr. Poloni was a friend in Hackensack.

Board Defers Verdict On Use Of Plot For Office Building

New wine was poured into old bottles last night when the Larchmont Zoning Board of Appeals heard a variance application for a one-story office building proposed for a strip of vacant land near the Patricia Gardens Apartments on Palmer Avenue.

Three years ago the board denied the same owner's plea to build stores on the property and two courts sustained the decision. Last night's hearing was adjourned until after Labor Day to permit the Sixth District Property Owners Association to prepare an opposing brief.

Ralph L. Poloni of Old White Plains Road, Mamaroneck, owns the contested 155 by 23-foot lot which was separated from a larger parcel when the apartment development was laid out. It is zoned for multiple dwelling use, and one contention is that an apartment building on such a small plot could not be operated at a profit.

Dramatic Climax Gives Triumph to Ike As States Switch

CHICAGO (AP)—A spokesman for Senator Robert A. Taft, who lost 1952 Republican Presidential nomination to Gen. Dwight D. Eisenhower, said today the Senator and General would appear publicly together in the lobby of Senator Taft's ninth-floor headquarters at the Conrad Hilton Hotel.

Gen. Eisenhower went to 410 S. Senator Taft shortly after his triumph.

CONVENTION HALL, Chicago (AP)—Gen. Dwight D. Eisenhower today won the Republican Presidential nomination.

In a dramatic climax to a ding-dong fight with Senator Robert A. Taft of Ohio, Gen. Eisenhower was elected to the GOP's first ballot.

On the roll call Gen. Eisenhower received 595 votes to 502 for Senator Taft. But before the vote could be announced, Minnesota threw to the general 19 votes it had first given to Harold E. Stassen.

It took 600 to nominate. Jump to Landslide. States and other states which had split their votes then began jumping. It was a landslide in the end.

Nelson Stresses Defense Aims At Legion Conclave

Payoff On Rearming Not Coming Suddenly, He Declares
Ways and means for "defending" America took the spotlight of attention at Plint Park in Larchmont last night when the Westchester County American Legion opened its two-day 50th annual convention.

At the end of a three-hour session, the honor speaker of the evening, Maj. Gen. Morris R. Nelson, commanding general of Eastern Air Defense, set 1953 as the target date when the U. S. will have in hand a fighting outfit in case the Kremlin decides to start an action.

Gen. Nelson declared the two objectives of air power as the defense of the continent and deterrence to war and to build a powerful air force to win a war, if defense cannot be deterred. He declared that American knowledge of Russia's possession of the atom bomb "made us believe a lot of things we don't want to believe."

SARAH LAWRENCE CHARGES VIEWED College Termed 'A Bastion Of Left-Wing Intellectualism' by Saunders

Sarah Lawrence College of Yonkers, in its attitude toward Americanism and in the teaching of its students, is a bastion of left-wing intellectualism, it will be an asset to Westchester County at the American Legion convention, said Maj. Gen. Morris R. Nelson, commanding general of Eastern Air Defense, County Comdr. James J. White of Yonkers.

Gen. Nelson reviewed the long controversy between the college and the American Legion. He said that certain members of the faculty who have conscientiously taken sabbatical leaves will attend them indefinitely and that others still on the college payroll will seek employment elsewhere.

Gen. Eisenhower Rallies GOP For Fighting Drive

DEWEY'S VICTORY ENDS TITULAR ROLE
Doubts Raised On His Future Power In GOP As Result Of Resentment

CHICAGO (AP) - Governor Thomas E. Dewey scored one of the major victories of his 21-year political career at the 1952 Republican Convention. He was elected as a nominee candidate, but at the same time he was elected as a delegate to the roll call which he will attend in St. Louis. This was the general enough for first-ballot success.

Leadership Last
The moment Gen. Eisenhower was elected, Dewey's eight-year tenure at the Republican titular leadership ended. The power of the titular leader is pretty tenuous at best. But there were those at the convention who wondered whether his nomination did not also mark the beginning of a decline of the Governor's power in GOP affairs.

Gen. Eisenhower always will be under obligation to Mr. Dewey for the 92 New York votes on the prohibition roll call and the hard-fought work of the Governor's organization. This was the message of the convention held in Plint Park last night.

Larchmont throng was forced to cool their heels for two hours for two hours Saturday afternoon as they waited for the county Legion parade which finally got under way about two hours after the scheduled starting time.

Many impatient would-be spectators abandoned the long wait before the colorful procession was crowned on Chatsworth Avenue. It is estimated about one-third of the crowd had vanished by 7 P. Some idea of the confusion which existed during the marshaling of the marching units before the parade may be had from the remark of one of the parade marshals when asked by a stray trumpeter where the Edmund-Great band was located.

"Glad the harassed marshal," "Don't ask me I can't even find the county color guard!"

Their work day started when hundreds brought in their mumps, who were given a cut, food and a young Mother's milk which was found and had to be revived shortly afterward as the mother of a five-year-old boy came to the unit for treatment of a fire-cracker burn on the abdomen, and a woman who appeared for a re-taping job on a cracked rib.

The U. S. Senate recently passed a bill authorizing the armed forces to give communitarian status to women and dentists on the same basis as men.

Distinctions between the sexes in the armed forces are gradually being eliminated... a universal communitarian status. But it doesn't matter who you are when it comes to giving them the same status as men.

GENEVIEVE A. MCKENNA Killed in Crash Near Fenwick Club

Genevieve Ann McKenna, twenty-one, of 25 Byron Lane, Larchmont, was killed early today when her car smashed into a tree near Fenwick Golf Club, White Plains.

Miss McKenna was the daughter of William H. McKenna, New Rochelle Branch manager of Cadillac Division, of General Motors. Residing with her family for the past six years in Larchmont, she had lived previously in New Rochelle.

She was employed by Arnold Constantine in New Rochelle and had just started her vacation.

Taken to White Plains Hospital, the driver, Douglas W. Coran, twenty-four, of 7 East Avenue, Manhattan, remains in fair condition. He sustained a possible fracture of the collar bone, multiple abrasions and lacerations.

Police said the accident occurred in front of 383 Old Mamaroneck Road at 12:45 a. m. The car was wrecked.

Genevieve, from White Plains Hospital, pronounced the girl dead at the scene.

She was the 34th auto fatality in the county this year and the thirty first in the county since the start of the year. There were 41 auto deaths in Westchester.

She was born July 14, 1930 in New Rochelle. Miss McKenna attended Thornton-Dowson School, graduated from M. A. R. Park High School in 1948 and Endicott Junior College in 1950. She was a member of Larchmont Avenue Presbyterian Church.

Her parents, twin brothers, William Stewart and Howard McKenna, both of Larchmont, survive.

Funeral services for Miss McKenna will be held at 11 A. M. Wednesday at the George T. Davis Memorial home in White Plains, New Rochelle, where the body is remaining.

TALL KILLER SLAYS GIRL AT COLUMBIA

Escapes Aboard Campus After Being Seen With Gun In His Hand

NEW YORK (AP)—A pretty twenty-year-old girl was shot to death on the Columbia University campus today. Her slayer fled with the gun still in his hand.

Police identified the victim as Eileen Faherty, of New York City. The shooting was in the Pupils Building, the university's physics laboratory. Seconds later, a man emerged and told a passerby: "I just killed a girl. Call the police."

But he disappeared from the scene before police arrived.

Police Search Campus

The slaying was in the morning hours, about the time university classes were beginning in most buildings. Students were streaming into and fro across the campus as police began a search for the slayer.

The shooting was on the ninth floor. Miss Faherty was carrying an exceptionally tall, slim man, more than six feet tall, who was about twenty-eight years old. He wore a dark suit.

Police said he appeared dazed and panicky.

The student 22-caliber cartridges were found at the scene of the shooting.

A university spokesman said four bullets apparently entered the girl's body.

A half-dozen students, riding an elevator, saw the unidentified slayer leave with the revolver in his hand.

Beach Attendance Up

Recent figures reported in the New York newspaper about the condition of the water at Harbor 12-land have not affected the beach attendance, weekend figures released today by Village Manager William H. Johnson reveal.

Saturday's crowd numbered 2,379 and Sunday's 2,474. Last year on the corresponding weekend, 1,738 were at the beach Saturday and 2,465 on Sunday.

The Westchester County Department of Health, Sanitation Division, has vigorously refuted the New York paper's claims and all houses that repeated tests show the water is satisfactory.

Who . . . and Why?

Who cut the saplings on Mrs. Frimes' property at 881 Orient Avenue and were they cut by contractor or by neighbors seeking tomsato poles?

The question bothered Mamaroneck Village police officers for about 3:15 P. M. when Mrs. Vivian Frimes claimed that saplings on her property were being cut by employees of the La Sala Construction Co. which is building a home on Green Point on Orient Avenue.

"No, no, a thousand times no," said Mr. La Sala when questioned by police. The saplings, which were cut, he maintained, by neighbors who need poles to hold up the roofs in view in their own yards.

The question is still unresolved.

Long Beach and Cane

At the rate the Parking Study Committee has been operating during the year since its appointment by Mayor Edwin B. Doolley, it will have a long haul before it when he hears the report, trustee Barney Epstein told the Village Board last night.

"We're liable to be trying around in April by that office," he added.

Mayor Doolley said he expected the report early in September and added, "I guess."

"You mean you hope?" commented Trustee Epstein.

Village Manager William H. Johnson pointed out that the study has had three phases and that the committee several months ago completed a survey of how the parking situation is handled in other communities. The second phase of the study under the direction of the County Planning Commission of the flow of traffic into Mamaroneck Avenue from the arteries between the Post Road and Westchester Avenue, is now hearing completion. The third phase is a tabulation of the number and location of all parking spaces available in the village, he said.

Mayor Doolley told Trustee Epstein the study has been delayed for reasons I cannot describe tonight.

Rechartered

All Mamaroneck scouting units, 14 in number, have been rechartered for the new scout year. It has been announced by G. Hanson, education and extension chairman of the Mamaroneck district.

The groups include seven Scout troops, six Cub packs and one Sea Scout ship.

The full rechartering evidences the healthy condition of the units and Mamaroneck District, Everett Housh, district commissioner and this morning and evening will lay toward further growth in local scouting in the immediate future.

Today's Chuckle

Money talks, but in these days the dollar doesn't have enough weight to say anything worth while.

Equipment Missing

A half-dozen softball and wood equipment were stolen from the recreation store room and shed at Mamaroneck Avenue School sometime between 8 A. M. Friday and 9 A. M. yesterday, it was reported to police.

The thieves, suspected to be children, tried open a heavy screen at the door of the store room and then broke a pane of glass in the door.

Equipment missing includes a large saw, four hammers, and four pairs of plastic Knath brand mitts. In addition to the softball equipment.

Prizes are \$10 for first, \$10 for second, and \$5 for third. Ten prizes will receive honorable mention and all winners will be included in a Camera Club exhibit to be held in the Playhouse lobby.

Judges will be Mr. Richmond Campbell, editor of the Daily News, and Mr. J. J. O'Connell, president of the Camera Club.

Article By Pastor

An article entitled "Christian Initiative" by the Rev. J. J. Jackson, pastor of the Mamaroneck Methodist Church, appears in a recent issue of "The Christian Advocate."

The author deals with the perplexing problem of production and ownership and states that production aided by the government is nearer the social and economic principles set forth in the Bible than over-production for personal profit.

He describes ownership as "stewardship" and states that ownership can never be separated from purpose, or possession, or use.

Stating that Christian economic incentives should be adequate for the meeting of human needs, he concludes: "We are faithful to the will of God in our idea of ownership, and accept the importance of human needs in production."

He has earned our change to work toward the true end of life revealed in the New Testament.

TRUMAN LEADS DEMOCRAT RACE, KEFAUVER SECOND IN TIMES SURVEY

This is the 24th in a Saturday series of short interviews with residents on issues of the day — local and national. This week's question: "WHO DO YOU THINK WILL WIN THE DEMOCRATIC NOMINATION?"

Results: Harriman, 7; Kefauver, 3; Truman, 4; Russell, 2.

Paul Wills, 327 Palmer Avenue, Mamaroneck: "Harriman. He's a pretty smart chap and seems to have the inside track. I don't know what with Stevenson and Truman both being out."

Mrs. H. J. Bloss, 23 Eikan Road, Larchmont: "Out of all the men running I think Russell has the best chance."

William Myers, 123 Mamaroneck Avenue, Mamaroneck: "I'll probably end up with Truman although I'd like to see Kefauver get the nod. Whoever wins the nomination, however, I'm an Eisenhower man."

Dorothy Blum, 300 West Road, Larchmont: "I show my support for Kefauver. I think he's got the best chance of winning the nomination."

Mrs. Carolyn Hummel, Colton Apartments, Larchmont: "I think Russell will win. He seems to be confident that he has the majority."

George H. Straub, 16 Elm Street, Mamaroneck: "I'm a Republican and I think Truman is the one running against Eisenhower. He appears to be the strongest. I'm around here, but I'm distinguished myself in business, and in his ideas appear closest to the present administration. I wouldn't surprise me, however, if Truman managed to sneak in again if a coalition develops in the convention."

Miss Carole Emerson, 39 Coolidge Street, Larchmont: "I think Truman stands the best chance. He's a Republican so I hope the best possible one will win."

Nick Ferrara, 132 Boston Road, Larchmont: "Harry S. Truman."

George H. Straub, 16 Elm Street, Larchmont, who was named to sales post in the week's survey, says he was territorial sales manager of the Lever Division of Lever Brothers in New York. Mr. Straub transferred to Lever Brothers after holding the general sales position with the National Sales Corporation of New York. Mr. Straub began his business career with Safeway stores in Oakland, Calif., where he was successively a store manager and director of the company's training school for managers. He then moved to Chicago to join the Baiter and Black Company where he was territorial sales manager, assistant to the sales manager, and chain store sales manager. He was subsequently sales manager of U. S. Time Corporation in New York.

Mr. Straub is married and has two children, a daughter, Julie, four, and a son, Richard, one.

Mr. Straub first went to the service in 1940. He served continuously until he was discharged in April, 1946, and saw duty in Britain, the European Continent, Okinawa and Japan with both fighting forces and the occupation armies. Late in 1946 he returned to the Army and was stationed at First Army headquarters until 1948.

In 1948 Mr. Straub moved his family to Larchmont just before his first overseas tour. He was stationed here during the times he was stationed near New York and after his discharge in 1948, became associated with utilities management and planning for the City of New York. He became assistant superintendent of the water works in 1950.

What Was It?
Was it a funny saucer or something else that James Russell, 213 Linden Street, Mamaroneck, saw hovering over Long Island Sound about 9:30 P. M. yesterday?

Mr. Russell reported this morning that it was just getting dark when he spotted a bright red object in the sky. At first he thought it was the port light of an airplane but when the object stayed perfectly still the possibility of its being a plane vanished. The object disappeared after a short while.

At that, it might have been a flare of sorts, because it began to fly up and down the sound late yesterday afternoon and might have landed, unobserved.

Semi-Finals Today
We'll ground force basketball matches of the Westchester American Legion Junior Basketball League game at Harbor Island tonight at 8 P. M. trying to establish who battles White Plains in the county final, Mamaroneck Post 90 and New Rochelle Post 8 are the opponents in the twilight clash on the local field.

Victor this evening plays doubleheader against White Plains at Recreation Park in the county set tomorrow afternoon.

4-Day Parley
Police chiefs of Larchmont and Mamaroneck will meet in White Plains this Monday to attend the 32nd annual four-day conference of the New York State Association of Police Chiefs.

The local chiefs are William J. Kersey of Larchmont, Paul A. Yerrick of the town force and Louis Giambrone, who heads the village department.

Also to attend from Westchester are Chief William W. Donohovan of Harrison and County Civil Defense Director William J. Slater.

Naval Recruit
Raymond P. McKinley, son of Mr. and Mrs. Hugh McKinley of 319 Mamaroneck Avenue, Mamaroneck, will leave Monday for training at the Bainbridge, Md. Naval Cadet.

A junior member of the organized Navy, McKinley, of New Rochelle, he volunteered recently for two years' active duty.

McKinley is eighteen years old and is a life-long resident of Mamaroneck.

He is a former student at St. Charles High School and has been employed as a clerk in the Harris Kahn Food Market in Harrison.

12 DIE AS QUAKE HITS CALIFORNIA MOUNTAIN AREA

Town Reported In Ruins As Roads Delay Rescue Work

LOS ANGELES (AP)—At least 12 persons died today as California's strongest quake in nearly a half-century hit with sudden violence in sparsely settled mountain north of here.

Rescue crews trying to reach the stricken town of Teahachapi fought against blocked roads and downed power lines.

Tunnels, Roads Blocked

Two tunnels used daily by the Southern Pacific and Santa Fe power lines were blocked by cave-ins. Capt. Jones said.

He added that the situation on the main highway between Bakersfield and the desert town of Mojave, which goes through Teahachapi, was so bad that ambulances and Sheriff's cars were being an old road through the mountains.

"We don't know whether we can get through there, either," he said.

One report to the Sheriff's office said: "The whole town of Teahachapi is down."

Quake Felt Throughout State

The quake was felt generally throughout California from San Francisco south to the Nevada border and inland into Nevada.

Democratic Race Wide Open; 24-Hour Truce Slated for North-South Party Feud

CONVENTION UNDER WAY With Fight Off Until Tomorrow

CHICAGO (AP) — Reporters were barred today from the caucus of the New York State delegation, and Assemblyman Shar, on Maiba of Calkins walked out in protest.

Mr. Maiba is the only member of the delegation known to be definitely for Senator Estes Kefauver.

CONVENTION HALL, Chicago, AP. The Democratic National Convention slammed a 24-hour armistice on its old North-South family battle as it met to choose its standard bearer in this Fall's Presidential election.

For the first time in years, the Democratic convention was wide open. There was a candidate within shouting distance of the party's nomination.

A sectional split over civil rights and the seating of Texas and Mississippi delegates led to the election of a flock of Presidential candidates. But it was put on the unit tomorrow.

Out of the wide-ranging field of candidates there emerged at least two with concrete nomination plans—Senator Estes Kefauver of Tennessee.

Mr. Kefauver appeared ready to about the political work on an effort for the nomination by the fourth ballot.

If he had not propped his hand against the wall in an opposing camp, he was predicting it would—the top rung choice for the nomination, Steve, repeated last night that "I just do not want to be nominated for the Presidency."

Despite a "thin bare me more" speech, Kefauver's nomination means (Turn to Page 2, please)

County's Delegation Supports Harriman

CHICAGO — The Westchester delegation to the 1952 Democratic National Convention opening here today will stick with Averell Harriman for the Presidential nomination unless released either by him or by State Chairman Paul E. Fitzpatrick.

Similarly, it is expected that the Westchester delegation will vote with State Chairman Fitzpatrick on any motions or resolutions now before the convention.

The Westchester four are personally friendly with former-National Chairman James A. Farley, who comes from Nyack across the Hudson from Westchester. But so far there are no indications whether they will support Farley's declaration of support of Vice President Alben Barkley for the Presidential nomination.

Second Choice Stevenson

There appears to be no sentiment either for any Westchester delegate to support Stevenson, who has backed from Albany since he was elected second-choice favor for seems to lean toward Governor Adlai Stevenson of Illinois.

Strong Wind
A half-ton of steel is hardly the sort of stuff that gets carried away in a light breeze but it was some kind of a wind that whistled through the rear window of the Chevy Chevrolet garage on the Boston Post Road and whirled away five heavy motor blocks yesterday. The blocks were being used for the workmen.

Joseph Greco, general manager of the auto firm, reported the loss to Mamaroneck Town police yesterday and said the steel had apparently been carried off over the weekend. Though the blocks were lying near the rear door, he said, they weren't ready for the junkman's truck and could have been rebuilt and put in service. What with the steel sitting in its eighth week, a half-ton of the metal is not a very valuable stuff and Mr. Greco would like to get his engine back.

Compromise On Loyalty Oath Expected To Avert Split

CHICAGO (AP)—A North-South compromise on a loyalty pledge—drafted reportedly on direct orders from the White House—put the damper today on the hottest threat to Democratic unity: a 1948-type party split at this convention.

The compromise, approved by the convention executive committee last night, goes to the convention floor today. There was only the slimmest possibility of opposition there.

The bid for party harmony seemed to have taken much of the sting out of Dixie's defeat Monday night on the loyalty pledge. The convention then adopted a rule requiring delegates to promise they would do their utmost to place the convention's party.

Directors Again Fail To Act On Waterworks Flotation

Flotation of the Mamaroneck-Warrenton water supply, a second death yesterday at a meeting of the directors of Westchester Joint Water Works No. 1, when Mayor Edwin B. Dooly of Mamaroneck again failed to get a second to his motion that a flotation program be adopted.

When the directors met two weeks ago, Mayor Dooly moved for nomination but could not gain a second from Mamaroneck Town Supervisor Owen A. Mandeville. Harrison Town Supervisor Alfred F. Sullivan Jr., chairman of the water board, was not present at yesterday's meeting. Mr. Mandeville said his own inaction was a gesture of respect to Mr. Sullivan's absence, not a personal stand on the flotation issue.

Like a nine-lived cat, flotation proved a sufficiently strong problem to overcome this double parliamentary doom and the agenda for the next meeting, Aug. 12, a group of members, from the Mamaroneck, Mamaroneck and Harrison Leagues of Women Voters thanked the board for continuing to study the flotation issue.

Mrs. Thomas Morrison, president of the Larchmont league, stated that her group had voted to support flotation but did not constitute a special interest or pressure group because of this endorsement. Although individual members may differ with the League's position, she said, the stand was taken by a majority.

HARRIMAN GIVEN 83 1/2 N. Y. VOTES

CHICAGO (AP)—Averell Harriman today received 83 1/2 votes from the New York electorate in the delegation's Presidential preference.

The poll was made at a caucus shortly before the opening of the party's National Convention.

A total of 91 votes was represented at the caucus. Senator Hiram Bingham, chairman of the delegation, said he was instructed to cast one ballot in the convention building for those who favored Mr. Harriman.

Three and one-half votes were cast for Governor Adlai Stevenson of Illinois. Those supporting Mr. Stevenson included James W. Farley, a delegate at large.

Three Uncommitted Three members of the delegation were uncommitted, including William D. Mahoney of Buffalo.

There were three absentees—Mayor Francis Corning of Albany and Fred C. Casey of Troy, both of whom are for Oscar Ewing, and John Conine of Hudson, who is reported to favor Mr. Harriman on the first ballot.

A substantial number of the delegates were straggling harder at the beach and unable to jump on the bandwagon for Governor Stevenson.

At a stalling operation, the New York delegation might go along with the coalition, composed of Harriman, Senator Ewing and Governor Ewing of Tennessee. Senator Blair Moody of Michigan and Senator Hubert Humphrey of Minnesota.

Draft Stevenson Sent Running High As Democrats Prepare To Bailot Tonight

WASHINGTON (AP)—President Truman told the chairmen of the steel industry and the CIO that their faces today that they must end the economy-wrecking steel strike at once.

Then he sent them to the Cabinet Room of the White House to work out the differences that brought on the strike of 200,000 steel workers 33 days ago.

Mr. Truman's pep talk lasted 10 minutes. The meeting between CIO head Philip Murray, president of the CIO, and Benjamin Fairless, head of the U. S. Steel Corp., went on for an hour and 40 minutes.

Mr. Murray and Mr. Fairless left the White House meeting and told newsmen they'd be back at 2:30 P. M.

Mr. Fairless told newsmen "we are going to discuss the situation with our own people."

There were no words of hope of a quick settlement, but an aura of optimism surrounded the meetings. The fact that Mr. Fairless and Murray planned to talk to their associates seemed to indicate that some kind of new formula for ending the strike was in the words.

SIWANYO SCOUTS SLATE CARNIVAL

A Scout carnival will mark the second week of the second period of Camp Siwanoy's Summer season. The tribes spent several days planning for this event, in which every Scout will participate. As another preparation, a "Ochi Hasty" was held Tuesday afternoon and evening, with the Scouts seeking small tickets, scattered over camp.

Over the past weekend, a camp council fire was held, with each tribe presenting an original skit and song. Members of the Order of the Arrow sang an information night ceremony to inform and meaning of the national Scout campers honor society.

Nature Hunt Held
A nature hunt featured activities for the end of the past week, with 250 campers, looking for frogs, toads, salamanders, fish, snakes, animals and assorted insects. Much better results were obtained than in the last Blue-Red-Black-Alive, with many new specimens being obtained for the Camp Nature League.

Hikes and camping trips are being planned for this week, with every Scout in camp taking part. Various First and Second Class hikes, a day hike in the Gunner's Museum, a nature hike to Macedonia Brook State Park, and several special trips, including a canoe hike on Candlewood Lake, are on the program.

Special activities during the past week included a visit of a group of campers and Scouts to the flashlight contest. A group of younger Scouts also visited the Dutchess County Girl Scout Reservation, where they were given a tour of the camp and taken over the camp by Bill Proctor, swimming the events, and taking over custody of the Siwanoy paddles.

This Sunday, the third period of the summer season will begin, with 200 or more Scouts in attendance.

Koch Urges Chaplains To 'Revitalize' Group

NEW ROCHELLE—Reorganization of the Military Chaplains Association of the U. S. is on an "effective local unit basis" and with some vital project as a nationwide program was urged here yesterday at the "Blueprint for Action" conference which featured second-day sessions of the first annual convention of the organization.

The speaker was Chaplain Colonel Joseph H. Koch, commandant of St. Joseph's Chaplain School, who declared the association as now organized is guilty of "do-nothing-ism." He suggested revitalizing along state and local lines, such as veteran posts are organized, reminding that the association is dedicated to safeguarding faith and morality, strengthening bonds of understanding in the military services, preserving spiritual influence with veterans and upholds.

He suggested that after organizing into effective local units, the association consider a major project, such as providing help for children in the Philippines or the Far East, "who eventually will be the bulwark of democracy" in their countries.

Other speakers at the "blueprint" session included Chaplain Lt. Col. Arvel Ley, National Jewish Welfare Board, who scored failure to maintain field of interest which might better the status of chaplains in service; and Chaplain Brig. Gen. Henry Darlington.

At a luncheon session at Grey Island Casino, the speakers were Chaplain Maj. Gen. Ivan Bennett, chief of Army Chaplains; Ward B. Arbury, state grand master, T. and A.M., whose topic was "Those Who Believe in God Unite"; and Herbert A. Philbrick, New York newspaperman, who discussed "Communism at Work."

Chaplain Bennett's talk was a report from the Far East. "It should be clear," he declared, "that the chaplain is not the echo of political expediency. He is the voice of the church in its message concerning the 'will of God for human lives.'"

He declared that religion should be utilized in that it "makes for better men" and that the best soldiers are spiritually motivated.

Final Session Tonight
Tonight, the three-day conference closes with a banquet at Grey Island Casino, which approximately 500 New Rochellians will attend. Speakers will be Francis Cardinal Spellman and Army Secretary Frank Pace Jr.

Astonished Visitor

The vast, magnificent confusion of American politics at the Chicago nominating convention left one particularly confused person in the Larchmont television audience. He is James Grant of Glasgow, Scotland, representative of a German printing press manufacturer who has been at the Larchmont Plant all week instructing the staff there in the operation of a gleaming new Heidelberg press.

During breaks in the day's work the printers turned on the shop's TV set to see how the Democrats were coming along and Mr. Grant confessed to utter amazement that our political leaders can remain calm to each other of the platform after saying such things to each other during the deliberations. Mr. Grant said he thought he was beginning to get American politics figured out after the Republican convention when only two potential candidates vied for the majority vote. The Democratic deal, with about a dozen contenders for the nomination, left him completely astounded. "I can't say no, I just don't understand it."

Understudy Steps In

It was a short notice for Henry Anderson of 347 South Barry Avenue, Mamaroneck, who played Mary Delaney in the new Broadway production of "Jenny Kissed Me" at St. Augustine's Larchmont.

Miss Anderson was drafted at the last minute when Gail Doherty, who was scheduled to play the part, failed to arrive at curtain time. Miss Doherty who lives at 743 the Parkway, Mamaroneck, was at the moment in the New Haven, Conn., police station where she was being held on charges of driving without a registration when an accident on a New Haven Street. Miss Doherty had been driving with three still passengers when her car collided with the car ahead as it made a sudden stop. She was released to her brother, William Doherty, a "crow" from Mamaroneck, who posted \$500 bond against her appearance in the New Haven police court Monday.

Luckily, "Mary Delaney" didn't have a great deal to say anyway, and the play went off without a hitch.

Last Laugh

Laughing last and laughing best this morning was Benedict Ginsberg of 11 Bishop Lane Larchmont, Stevenson volunteer who had to weather the storm of the audience at the Larchmont Forum for Public Opinion last night when he was scheduled to speak on behalf of the Illinois Governor, Stevenson. Stevenson drew from the running that afternoon.

Mr. Ginsberg, however, told his audience that he thought there were strong possibilities that Stevenson's resignation would stem from his realization that being "his opponent" Truman would place him in the position of endorsing many identical appointments who he felt he could not conscientiously accept.

Pretty Hot!

One local resident who can attest that things got pretty hot at the Democratic convention this week is Sidney Bahrt of 44 Kane Avenue, Larchmont. Thursday night he watched a telecast of the fire that broke out among the newspapers and endangered the entire convention, but that wasn't the hottest part. At 4:55 P. M. yesterday his own tv set caught fire and brought out the Larchmont Fire Department in a full alarm.

Prize Winner

Frank Fratelli of 780 Old White Plains Road, Mamaroneck, won a prize watch for naming four characters from Walt Disney's production, "Snow White and the Seven Dwarfs," sponsored by Lever Brothers on a recent Arthur Godfrey television show.

The watch represented a second prize. Total prizes in the contest came to \$110,000.

New Yorkers, Late In Switch To Stevenson, Heading Home

CHICAGO (AP)—Wearry New York State delegates headed home today wondering whether their Democratic National Convention leaders were a little late in flopping to Governor Adlai Stevenson. These leaders, who doubled as directors of Averell Harriman's ill-starred bid for the Presidential nomination, held their lines for the majority vote. The Democratic deal, with about a dozen contenders for the nomination, left him completely astounded. "I can't say no, I just don't understand it."

ALLIES WALK OUT ON TRUCE TALKS

Take One Hurk Recess After Hurling Charge of 'Utter Hypocrisy'

MUNSAN, Korea (AP)—Allied negotiators today accused the Communists of utter hypocrisy and walked out of the Korean truce talks for a week. Maj. Gen. William K. Harrison Jr., senior United Nations delegate, told the protesting news that he would return Aug. 3.

"If you have anything worth saying (before Aug. 3) you can say it to our staff officers," Gen. Harrison declared. The walkout ended the first open session at Panmunjom in three weeks. Eighteen of the record meetings since July 4 failed to produce the deal over how to exchange prisoners of war.

In Tokyo, Gen. Mark Clark, Supreme Allied commander, said the closed sessions failed to produce results because the Communists "refused to recognize the inescapable fact that a large percentage of Chinese prisoners were being released to be sent to their former masters." Gen. Harrison agreed to a test. He requested for daily staff officer meetings "on the detailed writing of the Communists' refusal to recognize the inescapable fact that a large percentage of Chinese prisoners were being released to be sent to their former masters."

WOMAN IS INJURED IN 4-STORY TUMBLE

Miss Ariene Conte, twenty-five, formerly of 751 North Barry Avenue, Mamaroneck, suffered a shattered pelvis at 4:35 A. M. today when she jumped off from the roof of a four-story building at 145 West 65th Street, New York City, police reported. Miss Conte was said to have landed on her feet after the fall and she was discovered on the pavement by passersby.

On Feb. 9, Miss Conte was involved in Stevenson's resignation would stem from his realization that being "his opponent" Truman would place him in the position of endorsing many identical appointments who he felt he could not conscientiously accept.

STRIKE SETTLED, BUT STEEL MILLIS ARE NOT YET OPEN

Minnesota Iron Ore Workers' Dispute Creates Annoying Impasse

WASHINGTON (AP)—The nation's steel mills were still idle today, despite a strike-end agreement reached by the White House and ratified last night by the union's policy committee. CIO President Philip Murray and the executives of six major steel producers signed the White House memorandum of agreement which stated unequivocally the strike "will end" upon ratification by the steelworkers' 113-man policy committee.

Yet the day after that unanimous ratification, striking steelworkers still manned picket lines. Banked blast furnaces which the industry had said would be fired last night were still cool. And the strike, already the longest in the nation's steel history, entered its 53th day.

Neither side, however, expected the impasse to continue long. Circumstances surrounding the Thursday agreement indicated eagerness on both sides to restore production as soon as possible.

But industry officials said they were "amazed and disillusioned" at the unexpected development. The day in the outwent was not the critical dispute which set off the steel strike on June 2. It was rather a competing strike of 23,000 iron ore workers in Minnesota from the heart of the nation's biggest industry.

T.V. Goblin

A local moppet who somehow was reared to the age of five on a pre-televised diet of fairy tales, managed to make the transition to the TV age with extraordinary ease recently, according to a story that found its way to The Daily Times.

It seems that the little girl in question was accustomed to being stared at before and had been well acquainted with such creatures of the world of fairy as giants, dragons, dwarfs and trolls—particularly trolls. She came home one night after viewing television at a neighbor's and demanded a story about a troll. When the stock story about the one who lives under a bridge was brought out, she said that she would not want a troll named "Spaceman".

Questioning revealed that she had just seen a new set of "toys" on TV, "Spaceman-Pa-Troll".

Remember?

Remember when Shore Acres was a kind of quarry? Or when troll cars ran on an unpaved Boston Post Road?

Potential proof of these scenes and many others is contained in a collection of postcard views of Mamaroneck shortly after the turn of the century which has been acquired by the town.

Bent of 138 West Post Road, the cards, printed by the Henry H. Postday, who for years conducted a print shop on Mamaroneck Avenue, also include views of the Depot Primary School, formerly at Mamaroneck and Mount Pleasant Avenues, the old New Neck School House, the steamer "Mary E. Gordon" which made trips between Mamaroneck and New York City, the house owned by the late Mrs. M. L. Mrs. Lee was locked out and called the police for help. Patrolman Nask went to work with the agility of a second-story man, entered the home through an upstairs window, unlocked downstairs and let Mrs. Lee into the building.

Stevenson Returning To State Capital To Map Brief Campaign

CHICAGO (AP)—Governor Adlai E. Stevenson returns today to Springfield and a tumultuous week from the Illinois capital, to prepare himself for the role of Democratic standard bearer in the 1952 Presidential campaign.

He will pick up, but only temporarily, the reins of the job he had repeatedly said he wanted for four more years—Governor of Illinois.

Then he will resign to devote himself to the role "I did not want"—candidate for President of the United States.

The nominee spent the weekend conferring with party leaders on campaign plans. Among them were Senator John Sparkman of Alabama, whom the Democratic National Convention chose as Stevenson's running mate as candidate for Vice President.

5-Day Campaign Set

Frank E. McKinney, Democratic national chairman, told reporters the party high command had agreed on a "hard-hitting campaign of no more than 50 days." It will begin on Labor Day.

Mr. McKinney said the party's big four speaking teams will be President Truman, who advised the chairman "I am at your disposal," Vice President Alvin Barkley, an unsuccessful candidate for the top spot on the 1952 ticket, Mr. Stevenson, and Mr. Sparkman.

The chairman said the team will carry the campaign into every part of the nation, and President Truman was promoter of a repetition of his 1948 whistle stop tour that salvaged victory over generally predicted defeat.

Other Stevenson visitors yesterday included Governor Paul A. Dever of Massachusetts, Averell Harriman, Senator Robert Kerr of Oklahoma, and Mrs. India Edwards, vice chairman of the Democratic National Committee.

Mr. Dever told reporters he believes with Mr. Stevenson the Democrats can carry Massachusetts, Rhode Island and "maybe Connecticut," and other New England states.

MASS. HURRICANE CLAIMS 4 LIVES

Salem Seaport Lashed By Wind; Three Listed As Missing

Salem, Mass. (AP)—A brief, violent sea squall with hurricane force winds swept up the coast yesterday leaving four lives missing. The victims were in small craft captured in the harbor.

The squall, accompanied by lightning and a gale force wind, struck a dozen Essex County communities, causing small craft to be blown ashore and communication lines and uprooting trees and falling telephone wires.

One of the missing was reported missing under water and falling to sea level. The others were not recovered at last night when the Coast Guard halted its searching operations until today.

Coast Guard Rescue 100

Some 200 craft captured in the harbor were holed by the front of the 26-minute storm. The Coast Guard and private motor launches rescued about 100 persons in all.

More than 30 persons were listed as missing at one time but they were tracked down during the day at their homes in Essex and sections of Massachusetts or in retreat to the mainland. At least 100 persons were in the harbor.

The Coast Guard pointed out that it is possible that three could still be missing. (Turn to page 2, please)

SENATOR BRIEN McMAHON MCMAHON, 48, DIES VICTIM OF CANCER

Key Figure in Atomic Energy Program, Senator Had Passion For Peace

WASHINGTON (AP)—Senator Brien McMahon, forty-eight, a Connecticut Democrat with a passion for peace and a key role in the nation's atomic energy program, died today of cancer.

Death came at 1:10 A. M. with members of his family at his side in Georgetown Hospital, where the Senator went in June for an operation.

Dr. Philip A. Caulfield, Senator McMahon's personal physician, said the Senator was stricken with cancer of the lung which had spread to his back and pelvis.

Illness prevented his campaign for a candidate for the Democratic Presidential nomination. Friends from Congress and elsewhere have many times urged him to leave the Senate to run for the White House.

From his hospital bed, Senator McMahon ordered his name withdrawn.

Mr. McMahon was a brand new Senator in 1947 when the first atomic bomb devastated Hiroshima. Awakened by the news, he decided this new force must be harnessed to save civilization, and dedicated his life to that goal.

Who Is Stevenson?

of those significant incidents that loom large when history is written.

In 1943, Mr. Stevenson was in Italy as head of a politico-economic mission by appointment of President Roosevelt. The ravages of World War II still reared, were on every hand.

Reading Stars and Stripes, the U. S. Army newspaper, his feelings were stirred one day by a story about a public opinion poll in the United States.

Seven of 10 parents polled said they didn't want their boys to enter public life.

"Think of it!" Mr. Stevenson said later. "Boys could suffer and die in their cold, muddy, bloody campaign for the things we believe in but parents don't want their children to work for those same things."

"I decided then that if I ever had the chance I'd go into public life."

Mr. Stevenson has called politics "the noblest career anyone can choose."

People are "sick and tired" of old-fashioned political fighting, he says, and don't care much about party labels.

He contends they want "honest." (Turn to page 2, please)
