Judge Close Upholds Town Board's Power To Upzone Property

The Mamaroneck Town Council has the power to upzone the property at 65 Palmer Avenue, Larchmont, from Residential A-1 to Residential A-2 in order to prevent the erection of an apartment on the property, former Supreme Court Justice Frederick P. Close concluded last night in his opinion presented to the board at a meeting of the Weaver Street Fire House.

However, Judge Close pointed out "whether the court would sustain an amendment rezoning the premises is a very difficult one and is not a question of fact but a question of law."

Judge Close, however, disagreed with Mr. McWilliams on a point raised at the public hearing June 3 that the zoning ordinance of 1929 which changed the property from A-1 to B constituted spot zoning without basis of a general plan and was therefore illegal. The disagreement was brought out by Mr. McWilliams in a question from the floor.

TAXPAYERS CALL FOR REFUSAL OF CABANA PERMIT

New Club In Shore Acres Held Illegal As Profit Organization

A petition asking the denial of a certificate of occupancy for the new club at the foot of Barry Avenue, Mamaroneck, was filed yesterday with the Village Building Inspector, Claude A. Lalor, by the Shore Acres Property Owners Association.

The cabana club has been under heavy fire from the property owners since last May when Henry T. Mowbray, spokesman of the group, charged the development with a conspiracy to circumvent the zoning ordinance instead of a private club created for social purposes.

The latest move brings heavier fire to bear on the situation with the petition against the cabana club has been filed with the Village Building Inspector, Claude A. Lalor, by the Shore Acres Property Owners Association.

The petition asks that the village building inspector refuse to issue a certificate of occupancy for the cabana club until the zoning ordinance and that, in the event of a lawsuit, the court should adjudge it null and void.

The petition also asks that the village building inspector refuse to issue a certificate of occupancy for the cabana club until the zoning ordinance and that, in the event of a lawsuit, the court should adjudge it null and void.

Rhee Demands Assurance Of Unified Country As Truce Price

SEOUL (AP)—President Eisenhower's aide will leave for home within two weeks whether or not he is successful in his efforts to secure a truce in the South Korean war, a source here said today.

The U. S.-South Korea "little blue table" was temporarily stalled today by President Syngman Rhee's insistence on an armistice—U. S. assurance of a unified Korea.

The source said the departure of Assistant Secretary of State William S. Robertson would mean the door is closed on a U. S.-South Korea truce alliance. They said Mr. Rhee apparently would have to show a real change of heart if Mr. Robertson is to stay any longer.

The source said Mr. Rhee's overtures by the U. S. before a truce will not change its attitude. He said Mr. Rhee apparently would have to show a real change of heart if Mr. Robertson is to stay any longer.

No time was set for the next meeting. Rhee Obstinate
Mr. Rhee apparently is demanding unification or more war, and the U. S. is holding out for unification before a truce. His obstinate refusal to accept the truce terms agreed upon by Acheson and Rhee stopped the full-scale armistice negotiations.

Prayer Cards

The "distributing before meals" cards bearing Catholic, Jewish and Protestant prayers for others in public places, and which started in Mamaroneck when local ministers and the Chamber of Commerce inaugurated the idea, are going strong on a national basis, according to a letter received by the Chamber from Sara B. De Forest, executive director of the Laymen's National Committee.

"We feel that the project is going along very successfully and expanding rapidly," Mrs. De Forest said. "We have sold over 100,000 of the cards at cost and in addition have received letters from individuals and groups advising us that the cards are in use throughout an entire state or area and that the cards are being produced by some organization in that locality."

"They are being used in other areas aside from hotels and restaurants also—for instance, by some of the railroads and by some of the chaplains in the armed forces. It is really beginning to come in."

"All reports of their reception by the public have been favorable and enthusiastic."

Robertson Ends Conference Because 'Work Is Done' In Korea

SEOUL (AP) — President Eisenhower's true emissary said today he has wound up his so-called conferences with President Syngman Rhee and U. S. Embassy sources indicated Mr. Rhee had been won over to an armistice.

A joint communication on the talks will be issued tomorrow (9 P. M. today).

Robertson Coming Home
Mr. Robertson told a news conference here he was leaving for home because "I feel my work here is done."

While there were indications some sort of agreement had been concluded, a State Department source indicated the talks would continue at a different level.

The joint communication on the conference was to have been issued today, but a South Korean government source said it was held up because of "work on it."

These new developments in the Korean peace talks came a few hours after Allied and Communist negotiators met in Panmunjom to discuss final details of an armistice.

'Friendly Understanding'
Mr. Rhee told newsmen today he and Mr. Robertson had reached a "friendly understanding" on problems relating to a truce.

Mr. Robertson paid glowing tribute to Mr. Rhee at his news conference.

"Never in my life have I met a more dedicated man than President Rhee," he said. "He is a real patriot. He is single-minded for the welfare of Korea and I am certain that his actions in this matter have been well above any personal place."

The armistice negotiations at Panmunjom were, as usual, closed in the morning and resumed for 27 minutes in the morning, then returned to the conference but for a 23-minute afternoon session. They will meet again tomorrow.

THIS SCENE OF DESTRUCTION resulted in Scarsdale late yesterday afternoon when a four-story superstructure of a new office building collapsed as workers were pouring the last batch of concrete on the roof. D. A. To Seek Cause Of Tragedy And Whether There Was Negligence

WHITE PLAINS—District Attorney Samuel Paley today promised a thorough investigation into the collapse of Scarsdale building which killed three men and injured 10 others last night.

The first step will be to determine the cause of the tragedy and for that task Mr. Paley will retain the services of independent construction and engineering experts. When the cause is found, the investigation will seek to discover whether there was any criminal negligence, either of opinion of the commission, he said.

Mr. Paley said he has ordered that all work be stopped on the building pending the investigation.

"This was a terrible thing and we don't want to have any repetition of it," he said.

Mail Hearings Begin

WASHINGTON (AP) — Under Administration pressure for action at this session of Congress, Chairman E. W. Rouse of the House Post Office Committee ordered post office hearings today on a \$20,525,000 increase in postal rates.

Their determination to gain that freedom, will eventually lead to victory over the forces of Communism in Korea, Dr. P. W. Han, counselor general of the South Korean Embassy in Washington, yesterday told the Larchmont Rotary Club at a meeting in the Larchmont Shere Club.

The proposed terms are unacceptable, Dr. Rouseman Dhee, South Korean President, Dr. Han claimed, because they would result in no real peace to freedom in Korea.

"How can we live in peace," he said, "with a million Chinese Communists poised at us here on the 38th parallel?"

"We are afraid that North Korea, under the proposed truce terms, would become a Chinese colony and then South Korea would meet the same fate. Thus we find it impossible to accept the terms as they now stand," Graduate President Ehee Dr. Han stated.

President Ehee Dr. Han said, "In the few institutions of America and that America sees the salvation of mankind."

Concrete was being poured on the roof of the building shortly thereafter when the watchesman saw the roof of the building shatter and fall away from the rest of the building.

Mr. Paley said much of the remainder investigation will be devoted to technical phases to determine the cause of the disaster. He added that rather than to get into the technical testimony himself, he will want a report of the engineering firm of Hardesty & Hanover of New York City.

Delegates Hold Short Talk Then Call It Quits Until Tomorrow

PANMUNJOM (AP) — Allied and Communist armistice delegates met for 39 minutes today and then called it quits until tomorrow, they were reported by North Korean negotiators appearing in a news article in Seoul.

The actual depth of the negotiations inside the conference hall, said the U. S. South Korean radio, "had placed another strong impression on the delegates in Korea."

While the delegates talked, the war-torn city of Seoul was thronged to its highest crest by 60,000 Chinese smashed into four South Korean divisions.

The troops were called snoring or snoring in a Peonjan row 10 P. M. EDT, today.

New Incident Charged

After today's session, the U. N. Communist secretary said Communist liaison officers had a charge that an Allied shell landed near the Panmunjom neutral zone Sunday. The Reds charged that Allied planes had bombed a war prisoner assembly center at Pyongyang on Friday.

The U. N. Command has not replied.

Combing The Town

Horses, Horses, Horses

Gene Autry and Hop Along Cassidy will have nothing on their youthful followers here when the Summer recreation program of the Mamaroneck School inaugurates a series of horseback riding lessons during its final six weeks.

All cowboy or cowgirl patrons of the Summer school are being offered an opportunity to take six hour-long riding lessons on real live horses through an arrangement made by Director Charles E. Warren with the Friends Club at 50 Purdy Avenue, White Plains.

The six lessons are being offered to children for \$12 providing they have their parent's permission. They will be taken to the riding stables by parents in a car pool. The lessons will be given one morning each week between 10 and 11 A. M. when arrangements can also be made for those who desire two lessons a week, Mr. Warren said.

After the fray the teams got together for some refreshments and a social call at the T.V. club house on the Boston Post Road.

Reds Push Savage Attacks; Truce Talks Nearing Break

Showdown Is Reported Due Tomorrow In Secret Session

PANMUNJOM (AP)—An authoritative source said tonight a showdown is coming between Allied and Communist truce negotiators tomorrow in a secret session which will "make or break talks."

"There is a very distinct possibility of another breakdown in the talks," the source said. He added that the use of secrecy will be lifted from the negotiations if there is a breakdown. There were strong indications the showdown would come over Red demands for the resumption of non-Communist Korean prisoners freed last month and iron-ore guarantees from the U. N. that South Korea would honor a truce.

Two-Prong Drive Ends Day-Long Lull In Big Offensive

By JOHN RANDOLPH SEUL (AP)—The Chinese front line is being pushed by tanks and heavy armor on the east-central Korean front with a two-prong, 3,000-man attack south of Kumgong.

The attack broke a day-long lull in the biggest Red offensive in more than two years.

The new assault—backed by tanks—was believed aimed at a main Allied highway.

It was preceded by Chinese probing assaults in the sector that began at dawn.

Rain looks off hot fight.

A combination of mid-July South Korean resistance, driving rain, and a blistering curtain of fire from the UN forces temporarily stalled the massive Red offensive by A. M. today against a 20-mile front.

But an unrelenting lull hung over the 20-mile front, where more than 80,000 Reds tipped into the Kumgong area yesterday.

An study, ROK troops brought down the UN line in the area of the approaching of a ROK. Allied forces reported slanting.

William H. Johnson answered on that first Saturday with "lack of production" while Owen D. Mandeville, Town of Mamaroneck, said "mismanagement of labor."

Since then residents of Mamaroneck and Larchmont have been queried on a wide range of subjects from recreational problems in Larchmont to the best man for the President of the United States.

At that time several answers Harry Truman who was elected in 1944 but later re-elected by a landslide to a second term, elected Dwight D. Eisenhower, elected in 1952, and then years after the question was asked.

ARMISTICE SIGNING HINTED FOR SUNDAY, RHEE NOT SATISFIED

Eddy Gilmore Says: 'Official' Word Seen Tomorrow, Source Maintains

SEOUL (AP)—A usually reliable source said tonight that the Korean armistice probably will be signed Sunday, official confirmation was lacking.

The informant, who is close to the Korean government, said the signing was identified, said only a last-minute hitch stemming from President Syngman Rhee's opposition could block the signing.

The informant said announcement of the signing date could be expected tomorrow. He said he did not know the contemplated hour of the ceremony, which would formalize a cease-fire in the war, now more than three years old.

The signing date probably was set tentatively by official liaison officers at a meeting in Pusan last night.

A full-day session of the main delegation might be held tomorrow to approve the text.

PANMUNJONG (AP)—South Korea's President Syngman Rhee today angrily denounced an armistice agreement which appeared all but signed and warned that he would not accept it.

REKOREA PURGE HITS HIGHER UPS

Tokyo Reports Say Kim Might Be Included; Cabinet Affected

TOKYO (AP)—Marshall Kim Il Sung, the Red boss of North Korea, was reported tonight to have ousted his chief rival and to be replacing all pro-Russian Koreans in his cabinet with Korean-born but Communist China loyalists.

There were other contradictory reports that Kim himself had been purged, but there was no way of checking.

China-Moscow Split Hinted

South Korean intelligence sources, who say Kim still is in the saddle, say the reported ouster of Kim's chief rival, Red China, could be the start of a split between China's Mao, Peking, and Moscow.

They call it a fight between Communists in Yenan and Red China trained in Moscow.

Yenan was the headquarters of Red China's Mao before he took over all of China.

Among the first officials reported kicked out in the purge was Marshal Kim's arch rival, Vice Premier Hu Ka Weik, 50.

MYSTERY CLOUDS NEW RED OUSTER OF GESTAPO BOSS

Zaiser Is Reported Under Secret Arrest Or Due For Promotion

DENVER (AP)—Mystery surrounded the ouster of Red today boss Wilhelm Zaiser today. Rumors he is under secret arrest in East Berlin, victim of a "Beria" and the military police, he would come back to head his Army and police.

The buffed sixty-year-old German—the "General Good" of Spanish Civil War fame—was mysteriously replaced as chief of East Berlin Security by a Communist Erich Mielke, who was said to have 100,000 police agents were put under control of the Interior Ministry.

E. Germany's Mielke Stopped It was the biggest Communist coup since the East German Republic's four year history. Rumors were spread that Zaiser often begged his superior because of his generation-long friendship with the purged Soviet police boss.

Discharged reports said Mr. Zaiser's staff, including secretaries who failed to meet out "Pact" protocols before the June 17 revolt.

Mr. Zaiser, who has served Russia as a military man for 18 years, was summarily relieved as Security Minister yesterday and his entire staff was reported to a secretariat and incorporated in the Ministry of the Interior.

Both Mr. Zaiser and his chief aide in the Security Ministry, Communist Erich Mielke, have vanished at least temporarily from public view in the continuing governmental crisis.

TRUCE LIKE TOKYO ORDERED

ARMY'S DESTINED FOR KOREA HELD

Delayed Announcement From Gen. Clark May Report Time For Signing

PANMUNJOM (AP)—Personal Bessing the Army from Japan were ordered to give up arms and ammunition at Tokyo's Yonkawa Airport today. A Korean truce may be signed within a matter of hours.

An important announcement expected today from Gen. Mark Clark's Tokyo headquarters was delayed at the last minute without explanation.

There was no hint as to what the announcement would be. But Gen. Clark might announce the time for signing an armistice halting more than three years of bloodshed.

Truce Details Complete Allied and Communist liaison officers who met five times at Panmunjom today were reported to have wrapped up final details of a truce and completed plans for the signing of the armistice. Exact arrangements for the signing were said to be under way. The top military commanders of both sides to the Korean Peninsula have been changed and the two negotiators are in place instead.

There was good explanation for the other building arms and ammunition aboard Korea-bound planes, but was an order which would be issued if cease-fire had been agreed upon.

The order came from the commander of the 75th Troop Carrier Wing and presumably came from higher up.

Harrison, Nam to Sign Revised plans for the truce signing reportedly call for the former armistice negotiators—Lt. Gen. William K. Harrison Jr. for the U. N. Command and North Korean Gen. Nam Il for the Communist side—to sign the truce and Gen. Frank Taylor would sign at their respective headquarters.

Harbor Debris Playing Havoc With Boats, Skippers Charge

Two veteran salt water skippers blasted the debris-littered condition of Long Island Sound yesterday and one of the weather-hardened sailors blamed the refuse-laden Mamaroneck River in rainy weather for part of the problem.

Shore Acres Again Calls for Withdrawal of Occupancy Permit

Tempera flared and for a few minutes the atmosphere at the meeting of the Mamaronock Village Board at the Municipal Building was as hot and sultry as the weather last night as Judge Henry T. Hovde and several members of the Shore Acres Property Association protested the board's refusal to act on the basis of the Mamaronock Beach, which is on the south end of Barry Avenue.

Justice Horowitz, acting for the property owners, had presented a petition July 1 asking the denial of a certificate of occupancy for the club through building inspector Claude Laitner's office.

He stated that the petition was based on an investigation made by the New York State liquor authority and that the club is a liquor license and on which a liquor license is being applied for.

He alleged that the denial of the liquor license has not dampened the spirits of club members and officials nor has it stopped them from serving liquor at club activities.

Local Boys Face Illegal Entry Charge, Free On \$250 Bail

Two Mamaronock youths caught in the Horseshoe Harbor Yacht Club clubhouse at 1:06 A. M. Sunday have been charged with unlawful entry and are free on \$250 bail each for appearance in Larchmont Police Court.

The investigation, conducted by the Larchmont police, revealed that the youths, nineteen, 208 Travers Avenue, and Vincent M. Hines, sixteen, 503 Chestnut Avenue, were caught inside the building by Patrolman Alexander Evans after he heard strange noises coming from club grounds.

Questioned at police headquarters, the pair said they had entered the clubhouse in search of some cars for a boat they had intended to take out into the harbor.

When notified of the incident, Commodore Fred C. Fisher Jr., 29 Indian Terrace, Larchmont, toured the area and discovered a "strange boat" near the beach with cars in it.

A check of the clubhouse revealed that nothing had been taken.

The youths were released on \$250 bail each.

Fire believed to have started when a gas pipe leaked, badly damaged the basement, a first floor stair wall, and caused extensive smoke damage yesterday at 10 P. M. in the home of Mr. and Mrs. James P. O'Brien, 120 Beach Avenue, Larchmont.

Firemen had to grope their way through the smoke-filled house and fight through the cellar to beat down the flames which had traveled into a wall, up inside the wall, breaking out along the stairway to the second floor, and set fire to a basement partition.

The blaze was discovered by young James O'Brien when he started to bed shortly before 10 P. M. His parents and grandfather were watching television in the sun room and would not have detected the fire until some minutes later.

By the time Larchmont firemen arrived this message came in general alarm, smoke was pouring from the house and the source of the fire was not detected until a fireman reported from the kitchen and reached the door to the cellar blistering with heat.

A line was taken to the cellar floor and the flames fought. The flames had already entered a wall and broke through the wall on stairs leading to the second floor. The wall was opened and the upper frame was hauled. A hole was also opened in the kitchen and the flames which hampered the firemen's examination of the gas line there, turned into the cellar.

MASSING OF RED PLANES DETECTED IN NORTH KOREA

Alleged Radar Tracked Big Movement After Cease-Fire Deadline

MUNSAN (AP)—Alleged radar tracked large numbers of Communist war planes in a southward from Munsan to North Korea bases after the cease-fire deadline Monday night. It was reported today by the Radio Commission of two more minor UN Truce Violations.

U.S. Air Force officers said the B-29 planes—presumably MIG jets—were spotted by a big Allied radar station on Cheju Island, deep behind Communist lines off North Korea. The report was delayed for 24 hours by censor.

An officer said the Communist planes began taking off at dark, apparently from a base south of Munsan. He said the planes were still standing at North Korea fields after the 10 P. M. deadline when all arms and armaments shipments into Korea were to have stopped.

Allied planes have bombed North Korea air bases continually, but an Air Force officer said "apparently no one" believes the fields nonoperational.

Meanwhile, the Joint Military Armistice Commission picked Saturday as the tentative date for the resumption of talks.

There is strong opposition in Congress to a rise in the debt ceiling. The House has passed a bill to raise the ceiling to \$200 billion. The Senate is expected to pass a similar bill.
