## Fire Siren Signals Start Of 2-Hour Sunday Drive For \$22,000 War Fund

### 300 Volunteers To Visit Every Home In Village

When the fire whistle blows at 3 P. M. tomorrow it will be the signal for the Army of Red Cross workers in Mamaroneck to start their two-hour canvass of the village in an effort to raise the \$22,000 war fund. The drive will be supervised by P. M. Residents will be used this morning by Mayor B. J. Santoro to register at homes until the workers are ready to start their collection and facilitate the task of calling.

It was pointed out today by the co-chairmen of the drive that the one-day technique, which has always proved successful in Mamaroneck, judging by the overwhelming success of the paper drive and Community Chest campaigns, and they expressed confidence that, in the event, the Red Cross workers for financial help for the men overseas, "the positive back home will stand solidly behind them."

When the collectors report tomorrow to the United States Savings Bank they will be met by a team of nine men "trained in the handling of money and in fast workers" in the names of Charles C. Cornell, treasurer of the Red Cross, and a team of five men for house solicitation for the Red Cross is scheduled to start with the blowing of the Red Cross siren at 3 o'clock and to be carried through in one afternoon by an army of 300 volunteers.

In addition to Mr. Cornell, who represents the United States Savings Bank, these men, representing Mamaroneck's banking institutions and larger business houses, are the following: Leo Orsino, controller of the Town of Mamaroneck, who is assistant manager of the Red Cross War Fund; Edward Caradoc, president of the Union Joint Water Works; Gabriel Wendel, James Fastigi and Harold Saunders, representing the United States Savings Bank; William F. MacDonald, representing the Home Office, representing the Mamaroneck Branch of the County Trust Co., and Earl E. Wilson, Cashier.

## War Bond Slump Continues As Mamaroneck Sales For Month Reach Only \$33,962

War Bond sales in Mamaroneck continued a slump during February with the total reaching only \$33,962 for the month, according to figures released today by Gabriel Wendel, chairman of the War Finance Committee.

The sale of stamps also fell off, only \$3,978.05 being sold last month, compared with \$4,810.00 in January. The total for the month was \$37,940.05, or \$4,000 less than the \$42,940.05 total for the month of January.

The sale continues to indicate, according to Mr. Wendel, that the sale of stamps and other kind of push such as a major War Bond drive in order to be inspired to buy bonds.

The February figures are not comparable with those of a year ago when there was a drive going on, but compared with February of 1943, they show approximately a \$400 increase. Two years ago, the sale of stamps and other kind of push such as a major War Bond drive in order to be inspired to buy bonds.

The following are the figures for last month with those of January in parentheses: Mamaroneck Federal Savings and Loan, \$975 (\$2,212.50); United Savings Bank, \$5,547.50 (\$17,162.50); Post-office, \$6,150 (\$8,322.50); County Trust Company, \$2,018.25 (\$3,322.50); The Playhouse, \$1,275 (\$2,562.50).

The totals for February, 1943, were: Federal Savings and Loan, \$1,031.25; United Savings Bank, \$6,243.75; County Trust, \$3,115; and Playhouse, \$4,950.

During his 30 years experience, he has seen the country evolve to the threshold of dominion status. ## Red Tanks Sever Link To Danzig

Communications With Stettin Cut; German Troops Isolated

## BALTIC NOW IN SIGHT

LONDON, (AP)—Soviet tanks east of the Polish city of Koselka have cut communications between Danzig and Stettin, the German radio said today.

German troops being backed against the Baltic in Eastern Pomerania, the "Polish courier" and the Danzig territory have been cut off.

The Russians were fighting within sight of the Baltic at three points today.

Moscow clothed in a security blackout the exact extent of the Soviet penetration northward in Pomerania, but AP Correspondent Edgar Gilmore said in a dispatch from the Russian city that Marshal Konstantin K. Rokossovsky's advance between Gumbinnen and Baltic southeast of Koselka has broken the German line at a line.

By German account, Russian armored spearheads cut across the Danzig-Stettin communications seven miles from the Baltic coast.

## Pvt. Celestino Pays Tribute To Red Cross

A touching letter of thanks to the Red Cross from a Mamaroneck serviceman for "the marvelous work and cooperation they have given the boys overseas and at home," was made public today by Mrs. Harry E. Foskey, chairman of the Mamaroneck branch, the one of Mamaroneck's one day drive to raise \$22,000.

The letter, written Wednesday by Pvt. James Celestino, who is a patient at Walter Reed Hospital on Staten Island recuperating from a case of trench fever contracted while serving overseas with the United States Army. The son of Frank Celestino of 149 Elm Street, he holds the sharp shooter and good conduct medals and has been overseas since July. He will soon be transferred for further treatment to the U. S. General Hospital at Camp Carson, Colo.

"When I was back home I remember that you were the head of the local chapter of the American Red Cross, so that I want to thank that organization through you for the marvelous work and cooperation they have given the boys overseas and at home."

"I am just one of the many Mamaroneck boys who have gone overseas to do their part for the dear U. S. A. I know much of the Red Cross—how they met us in England, Belgium, and Scotland, and how they met us in the jungles of the Philippines, and how they brought us to a country where people were human and loving."

"I trust the people at home know how much the Red Cross means to every G. I. Joe. The families of the boys know. We are constantly hoping that the home front does not fall down on its job to the Red Cross."

## Next One-Day Paper Pickup Set March 11

Residents of Mamaroneck who have been saving their waste paper since the last one-day pickup were reminded this morning by Charles D. Sileck, chairman of the collection, that the next Sunday afternoon drive will be held March 11.

Collectors already have been made by Boy Scouts from homes or left town for the Winter. That paper is being held in the Scouts' store room until the pickup Sunday. The procedure of other drives will be repeated with two freight cars waiting on the tracks for the return of their trucks through their village and against the services of volunteers are being solicited for help both at the freight tracks and on the trucks.

The drive will start when the fleet of trucks leaves the Municipal Building rounds at 1:30 P. M. Half-underground enemy defense works in the last few days. The Japanese are beginning to show signs of desperation.

1,546 CASUALTY TRAINS WASHINGTON, (AP)—The Office of Defense Transportation reports here that 1,546 passenger trains were used for the movement of military casualties in January. This compares with 283 cars used in June 1944 for the movement of the cross-channel invasion of the continent.

## AMERICANS BATTING FOR RHEINE BRIGES; NAZI TRAP CLOSING

Yanks Batter Way To River On Widening Front

By JAMES M. LONG Associated Press Staff

Fuel-laden Nazi troops 250,000 strong, fighting today for control of the Rhine bridges, battered to the river on a broadening front and thrust to within five miles of closing a Canadian-American trap on parts of two German armies.

Fuel-laden Nazi troops 250,000 strong, fighting today for control of the Rhine bridges, battered to the river on a broadening front and thrust to within five miles of closing a Canadian-American trap on parts of two German armies.

The Ninth Army men reached the Rhine at new points on a five-mile sector, burst through Hrefeld, and in a northward push reached Goidern. The latter is five miles from the Canadian First Army wheeling German balk across the Rhine.

To the south, U. S. First Army tanks and infantry spread the battle toward Coblenz and into a dozen more villages and slammed within easy artillery range of the great Rhine railroad along a curving 20-mile front. Last night they were but 2 1/2 miles from Cologne at one point.

Berlin declared Ninth Army forces reaching London said the doughboys and tanks were struggling mightily to hold the Hochwald "Dienstadt." There was no confirmation of this report in two field dispatches or at Supreme Headquarters.

In the middle of the western front, the American Third Army driving toward Coblenz advanced up to 3 1/2 miles on a 45-mile front, with 100 more towns and 4,600 prisoners.

Americans and Canadians seized fuel dumps and other supplies in the territory west of the Rhine and north of Aachen. Field dispatches said the Americans were struggling mightily to hold the Hochwald "Dienstadt." There was no confirmation of this report in two field dispatches or at Supreme Headquarters.

Almost 40,000 Nazis have been captured by the Allied offensive toward the Rhine, but mastery retreat tactics have saved Von Meade's troops and made them similar to the Falaise gap.

## 300 Hear Talk By Sheed At St. Augustine's

Reading is the only means by which the mind can achieve and maintain its sane nature, according to Frank J. Sheed, publisher of Shored and Ward, publishing house, who spoke Friday night before an audience of 300 members and friends of St. Augustine's Church, Larchmont, in the first of a series of four lectures on Catholic literature, sponsored by the library committee of the church.

Introduced by the Rev. Thomas J. Sheehan, Mr. Sheed, former master of the London Catholic Evidence Guild, spoke on the subject of "The Revival of Catholic Literature," attributing much of the "standstill" in the "understanding work and striking personality of Belloc and Chesterton."

"The study of literature ceases on completion of school life," he said. The audience, however, continues to grow and must have the proper diet to ensure its intellectual and spiritual capability of the perception of truth.

Just before the war, he pointed out, many of the most distinguished names in European literature were noteworthy for their extraordinary literary gifts.

Reading, he concluded, is not something with which to offset boredom or to simply kill time. The four speakers for the lecture series are: Frank J. Sheehan, Thomas J. Sheehan, and William Witter, N.Y., of Larchmont.

## Get Your Paper Out Tomorrow

Fire Sirens To Start One-Day Truck Pickup At 1:30 O'Clock

## VOLUNTEERS NEEDED

Once again tomorrow afternoon the fire sirens will blow in the Village of Mamaroneck at 1:30 o'clock to herald the start of an one-day waste paper pickup. A fleet of trucks will leave the Municipal Building grounds at that time and will tour the streets of the village picking up the paper residues stacked at the curb and transporting it to the freight yard.

Instead of two large freight cars as has been used on former occasions, there will be three smaller cars headed by Chief, Chairman Charles D. Silbeck announced today, since the additional opening will facilitate the work of the loaders.

Additional volunteers are badly needed, Mr. Silbeck reports, and everyone who is willing to help either on the trucks or at the freight yard when the cars are loaded, is asked to report there before 1:00 P.M.

All residents are urged to tie their cars firmly and place it at the curb before 1 P.M. so that the trucks may move rapidly through the streets without being delayed by late huddles.

## YANKS HALT GERMAN TRUST AGAINST RHINE BRIDGEHEAD; U. S. TAKES NEAR COBLENZ

More Thousands Of Troops Pour Across Bridge

By JAMES M. LONG Associated Press Staff

PARIS — Tank-supported German infantry struck at the 50-mile-wide American bridgehead over the Rhine at Remagen today, but were stopped cold as more than 10,000 troops poured across the bridge in a race against Nazi columns moving up for battle.

Further upstream, U. S. Third Army tanks crushed within two miles of Coblenz. Some 20,000 Nazis were trapped northwest of the Rhine, but were held in a thrust against the Rhine bridgehead, five miles deep and ten or more wide.

A front dispatch said several hundred Germans buttressed by armor were held in a thrust against the Rhine bridgehead, five miles deep and ten or more wide.

The buildup of the First Army's 21st Army Group had linked across the river from Remagen continued overnight with hundreds of tons of supplies hurried across the shell-threatened Ludendorff or Hagen bridge with thousands more troops.

German convoys, desperately using the bridge in night travel, converged on the bridgehead, and a major, perhaps decisive, battle was expected.

But the initial German counter-attack had failed, and so massive was the flow of supplies across the bridge that a front correspondent declared the Germans already have lost the race.

Further northwest the Third Army's 21st Army Group had linked across the Rhine and were lighting a trap on 20,000 or more Nazis, 14 miles south of the Rhine Mountains northeast of Coblenz. Some 20,000 men in the Third Army's 21st Army Group.

On the north bank, British, Canadian and American troops chewed the German pocket at Weasel on the Rhine down to a few miles from the city of Coblenz.

The First Army took 2,000 prisoners yesterday, and the Third Army's bag was estimated at 6,500 or more.

German demolitions set the bridge at Bonn tumbling into the Rhine, but the Third Army's bridge was captured. Some of the German enemy blew up all bridges as far up the river as Coblenz.

Reds Pouring Fresh Troops Across Oder

LONDON, (AP) — Russian troops pouring across the Oder River on both sides of embattled Kuestrin, and Marshal Zhukov's other Red Army units had begun the outflanking of both Stettin and Danzig. The news came early today said one of three Russian columns on Danzig had broken into the city and started fighting was underway.

Enemy broadcasts declared Marshal Gregory K. Zhukov's First White Russian Army was consolidating its west bank Oder bridgehead in the frontal assault on Berlin through thrust from Silesia, 25 miles from the German capital, after penetrating to that town Thursday.

The Russian drive from Kuestrin, Oder fortress which Berlin said had been partly overthrown, from all accounts appeared to be at least the initial stage of a grand scale offensive in the heart of the Reich, despite the fact the First Russian High Command for the third successive day reported the action in military news.

Russian forces apparently have now some strength in Altdamm, the east-bank suburb of Stettin, and may have gained a foothold in the city. The Danzig-Darumsee Lake just north of Berlin's southern front, Moscow dispatches reported today.

Bill Would Offer Schools Federal Aid

WASHINGTON, (AP) — Senator Messers (D., N. Y.) and Allen (R., N. Y.), have proposed a bill to authorize the Federal Government to provide federal aid to schools under which students in non-public schools would participate.

Generally, the bill follows a measure introduced last year by Senator Messers (D., Utah) and others. The measure would provide that, where state statutes forbid distribution of public funds to non-public schools, the money for non-public schools should be administered by a trustee.

Gardening For Victory Articles To Follow Boyce Thompson Stories

Gardening for Victory will be a more vital and important and patriotic endeavor in 1945 than in any preceding war years, and this newspaper is preparing to give you one again expert advice for successful cultivation of food.

The annual series of two-week articles, by experts at the Boyce Thompson Station in Yonkers, will begin appearing during the week of March 10, and continue through the Spring and Summer. Gardeners are familiar with the easy-to-read, handy-to-follow series of articles dealing with the Institute and the work of its leading figures.

Describing the "psychological frustration" of India's 400 millions, obsessed with the idea that independence would automatically solve their internal problems, Arthur T. Mosher, student and writer on India, said a full-house audience Friday night at the nineteenth forum meeting of the Larchmont Council for the Promotion of Peace Planning that India's problem is a "tragic dilemma, with no reasonable solution."

Mr. Mosher presided at the platform at the Chatsworth Avenue School with Sir Frederick Hale Puckle, advisor on Indian affairs to the British Embassy in Washington, and a discussion on "India and Peace."

The major problem of India is that of industrialization, said Mosher, from a traditional past, based on living in isolated villages, according to the rigid dictates of the caste system. Mr. Mosher said, "coming into contact with the impact of industrialization, from a traditional past, based on living in isolated villages, according to the rigid dictates of the caste system."

# War Troops Preparing For New Rhine Crossing; Germans May Bypass Berlin

## Soviets Aim For Link With Allies In Elbe Valley

LONDON, (AP)—The Russians were reported carrying out a large-scale regrouping of armies today preparatory to another massive drive on the Berlin front aimed at linking up with allied armies somewhere in the Elbe valley in the heart of Germany.

Moscow dispatches said the Russians might try to cut Germany in two and that the Elbe, which flows diagonally across Germany from Prague in Czechoslovakia to Hamburg on the North Sea, might be an important link in Soviet plans for future operations as the Vistula and Oder in past and current drives.

Moscow dispatches stated that the formations of Marshal Konstantin Rokossovich's Second White Russian Army were being held to the Oder near the Oder battle line with Marshal Georgy Zhukov's First White Russian Army.

Rokossovich had shortened his front vastly by a hard-driving offensive in Pomerania which had reduced the German-held pocket along the Baltic east of the Oder to the 100-mile area around Danzig and Gdynia.

He was speeding his assault on the front with an impetuosity which suggested that even larger parts of his armies might soon be freed for the climactic battle along the Oder.

Apparently, Germans said today, the Russians were broadening their attacks east of Berlin. Four rifle divisions, with one support, attacked repeatedly on a broad front between the two Oder River fortresses, Kuetzin and Frankfurt, the German radio said.

Probably taking advantage of the regrouping process on the Russian side, however, the Germans claimed a number of local successes.

Berlin denied that the Russians had broken through the defenses in Alt-Damm, the Stalin suburb across the Oder from the Baltic sea.

## Uncontrolled Fires Followed Nagoya Attack

By VERA HAUGLAND Associated Press Staff

21st BOMBER COMMAND HQS, said it would cover their target at only 5,000 feet of altitude, 300 giant B-29s poured their incendiary bombs on Nagoya, Japan's warplane producing center and third largest city, today.

Pilots said they started raging fires which caused five square miles into a hellish inferno and raged unbroken hours afterward. Badly damaged Nagoya was burned 100,000 tons, it claimed they were controlled by 10 A. M.

They also reported that they had destroyed 2,300-ton incendiary stockpile on a 15-square mile area of central Tokyo. Fires from Saturday's holocaust still were smoldering in the Japanese capital.

With two-thirds of the B-29s back on the field, Maj. Gen. Curtis Lee, commander of the 21st Bomber Command, said it apparently was a very good day.

"All the Japs have to look forward to is the total destruction of their industries, cities and other vital targets devoted to their war effort. But one thing I want to emphasize. We are still a long way from attainment of total annihilation."

Nagoya produces 40 to 50 per cent of Japan's warplanes and combat plane engines.

The B-29s were also over the target in today's raid down the low level of the attack and the number paralyzing. All other planes returned safely.

## War Fund Collections Reach \$20,776 For Mamaroneck; \$1,224-Cleanup Now In Sight

MAMARONECK added \$2,474 last week to the \$18,302 collected last Sunday for the Red Cross War Fund campaign bringing the total up to \$20,776.

The village is still \$1,224 short of the \$22,000 goal which was set by the Red Cross during the week of March 15. Added to the credits received from the county reach the \$4,400 total of last year, Mamaroneck is now about \$176 over the goal. It is expected that The Playhouse fund and the county credits will be even larger than last year.

The contributions by districts which were not expected of them, but which have been a substantial amount will be expected soon to show a substantial gain above last year's results.

The one residential district which remains slightly behind last year's mark is still well under expectations soon to that amount.

A few more donations are expected through the special gifts committee and we are confident a substantial amount will be contributed by organizations which have not had time to hold meetings to authorize a donation to the Red Cross. When these donations are received, the quota will probably be exceeded by a considerable margin.

The contributions by districts are shown below, compared with collections in the same districts last year. In making this comparison, certain 1944 donations (Continued on Page Three)

## 1st Army Bulges Three-Mile Deep Bridgehead

Associated Press Staff

PARIS.—First Army attacks bulged the three-mile deep Rhine bridgehead several hundred yards farther tonight along a river strip which the Germans said was 12 1/2 miles long.

British Canadian and American Ninth Army troops to the north kept the Germans on edge by maintaining 40-mile smoke screens along the lower Rhine. The enemy said a crossing attempt was imminent between Emmerich and Wesel, where the last German parachute troops were driven across the river.

The German High Command was shifting 7,000 artillery tanks along the Rhine's east bank and a superhighway swing 15 miles southeast from Wesel, then turns northeast and north to Berlin, for a total distance of approximately 350 miles. Enemy broadcasts said the main Allied thrust would be along the route over the north German plain.

Lieut. Gen. Courtney H. Hodges had thrown so many men, cannon and trucks into the rugged Eifelwald east of Remagen that nothing less than a major German counter-attack could bring his American forces back.

The U. S. Third Army just to the south eliminated all the Germans west of the Rhine and Moselle rivers except for two small pockets.

At least eight miles of inner German east of the Rhine were now in American hands.

The Germans peppered the bridgehead with artillery fire during the night but made no counter-attack.

The rolling green hills east of the Rhine now more high ground from which German artillery could be used to knock out the Ludendorff bridge in the Eifelwald district which the picturesque town of Honsfeld, five miles north of Remagen. Other First Army troops were advancing south along the river road beyond Linz (5,200 population) along the Rhine, and inland beyond Bruchmühlbach-Miesau and Westwall. Westwall black rocks.

Through the Third Army besieged of the night, but made no counter-attack.

Another Berlin broadcast asserted "many villages" in the southernmost section of the Rhine bridgehead were being shelled by the Germans. No towns names were given.

## Japs Squeezed Into 1,000-Yd. Iwo Triangle

S. S. PACIFIC FLEET HQS, GILBERT (AP)—The battle for Iwo Jima appeared all but over on the 22nd day of the bloodiest invasion of the Pacific war as Marines drove the Japanese to last positions.

Most of the remaining Japanese were squeezed into a 1,000-yard triangle on Kitano Point. The battle was over.

These they fought with desperate fury.

They were battered by Marine heavy artillery and the guns of U. S. naval vessels.

Only one pocket of resistance remained at 6 P. M. yesterday. It was a force of 300 Japanese who had bypassed earlier operations and were in the Third and Fourth Divisions as they captured Iwo's northwest coast.

**Russians Attack In Force North Of Frankfurt**  
 LONDON, (AP)—Soviet troops are attacking powerfully north of Frankfurt in an attempt to expand their bridgehead over the Oder River, the German High Command said today after Moscow announced capture of the east bank fortress of Klosteez.

The Nazi command said the Russian assaults were held, and declared Germans still were fighting in the south. Correspondent Koestler, 58 miles east of Berlin, called two miles of Trarup and one of the three biggest fortresses guarding the German capital.

Moscow still has not officially reported any crossings of the Oder, but dispatches said three Red Army troops apparently were being disposed for an assault on the German capital.

The German communique told of local breaches by Red Army troops toward Statin from the north.

The Second White Russian Army, in the northwest, had within sight of the sharp curves of Danzig, where the war began, and a Soviet correspondent said "the end of German divisions trapped on the Danzig coast is drawing near."

The check sent last week by Mr. Doern amounted to \$2,260,871, including county credits of \$889,896 beyond the \$2,370,967 total. Mr. Arduke's letter to the Mamaroneck chairman follows:

"You will be pleased to hear and thank you for your letter of the 27th, and the check for \$2,260,871, representing further credits of Mamaroneck."

"This amount together with a total credit of \$47,116, here at headquarters, makes a total of \$2,808,033 as compared to \$2,117,917 for 1944, and brings Mamaroneck \$689,116 over last year.

"We realize the difference of the campaign this year and we feel that the result definitely reflects the careful planning and effort which you and your committee put forth."

"Will you kindly give the result local publicity, as this is the largest amount ever received from Mamaroneck."

"You will be advised of any further developments and reports which are credited to your community."

"We take this opportunity of again expressing our appreciation for your cooperation."

**Bridgehead Over Rhine Widened To Six Miles**  
 By JAMES M. LONG Associated Press Staff  
 PARIS—First Army Infantrymen drove east from their Rhine bridgehead today to a point less than two miles from the six-mile superhighway link the Ruhr with Frankfurt on the Main.

New gains widened the bridgehead to nearly six miles at points along its 12-mile beach in the German Rhine line. The Germans estimated that from 60,000 to 70,000 First Army troops were in the critical area—a maximum increase since yesterday of 50,000 Americans.

Hundreds of rocket firing planes were reported assisting the attacking infantry.

Lieut. Gen. Courtney H. Hodges' troops captured a hill north of Hoenning, 10 miles northwest of Coblenz, at the south end of the six-mile superhighway.

**Legion Calls For Support Of Vets' Bill**  
 A resolution approving the action of Congress in passing the National Service Officers' Bill in sending telegrams to local representatives urging the passage of the Duggan-Sherman legislation giving preference to veterans in Civil Service was passed Monday by the executive committee of Larchmont Post 347, American Legion.

Commanding Zeiger expressed the hope that the League of Women Voters and other patriotic citizens would reconsider and support the Duggan-Sherman legislation when they realize certain facts.

The Post's action favoring the amendment had been labeled "ill advised" in a recent statement from presidents of the Larchmont and Mamaroneck Leagues of Women Voters, declaring that no reasons had been given for the Legion's support and that the proposed legislation had "great emotional appeal for the average person."

The Post gave the following reasons for its support:

"To preserve the preference now enjoyed by our disabled veterans in appointment, promotion and retention in Civil Service; to discharge and qualified veterans who have a similar preference five years after they return; to enable veterans will receive first preference in making appointments, such an amendment will promote 'career service' for returning veterans; the unemployment problem of veterans in New York State will be aided by the amendment; only those veterans who show by examination their fitness for the job."

**Tin Can Collection Slumps To 850 Pounds In February, Lowest Weight On Record**  
 The slump in the tin can collection in Mamaroneck took the proportions of a nose dive last month when the lowest weight ever recorded was salvaged.

In spite of the appeals made to householders to save tin cans for the monthly collection, only 850 pounds were reported to salvage headquarters, about one-seventh of the monthly quota of 6,000 pounds for Mamaroneck.

At the last collection, the third week in January, 4,000 pounds were salvaged, representing a two-month total since no pickup was made in December.

Lieut. Gen. Courtney H. Hodges' troops captured a hill north of Hoenning, 10 miles northwest of Coblenz, at the south end of the six-mile superhighway.

**Raid Damaged Nagoya Harbor, 7 War Plants**  
 GUAM, (AP)—Seven important war plants and harbor installations were damaged in yesterday's terrific incendiary bombing of Nagoya, reconnaissance photographs disclosed today.

Fifteen fires still were burning in the industrial city, which produces 40 to 50 per cent of all Japanese war materiel, when the photographs were taken 12 hours after 300 B-29s fired a five-square mile area.

Great damage was done to Aichi aircraft works, Tokoku plant, Maj. Gen. Curtis LeMay, commander of the 21st Bomber Command, said 338,000 square feet of the plant was destroyed.

The Hokoku Machinery Co. plant was damaged moderately. Pictures showed the plant at the Atsuta factory of the Nagoya arsenal, Daiichi electric steel plant, Tsubaki plant, and chemical plant, Sumitomo light metal plant and the harbor.

## Albany Bill Threatens Tax Loss

Telephone Equipment Exemption Would Cost Municipalities \$4,675

### TOWN BIGGEST LOSER

BULLETIN! ALBANY, (AP)—The Assembly today killed a bill to exempt telephone equipment from real property taxation by municipalities.

The measure, sponsored by Assemblyman Wilson C. Van Duzer, Middletown Republican, was recommended to the Judiciary Committee on motion of Chairman Harry Ross, Warrenburg Republican. The committee had reported it out last week.

The three municipalities of the Town of Mamaroneck, Larchmont and the Village of Mamaroneck, face a loss of approximately \$200,000 in real property tax revenue on last year's telephone equipment and a loss of about \$4,675 annually in taxes should a bill favorably reported by an Assembly committee in Albany become law.

The bill, which would cut \$4,000,000 from assessments in Westchester County with a loss of \$120,000 to telephone companies to exempt from taxation telephone instruments and other equipment now listed as real estate but claimed by the telephone company for exemption from taxation and to be therefore exempt from taxation.

In the unincorporated area there are 8,623 pieces of telephone equipment. The tax rolls assessed at \$178,780. They will bring in \$2,710,118 in taxes this year.

There are 3,514 instruments in the Village of Mamaroneck assessed at \$2,460. Based on last year's tax rate they would bring in \$11,200 in tax money this year.

In Larchmont, there are 2,793 instruments valued by the assessors at \$4,470, estimated to be worth about \$700 in tax money. The assessors valued the assessed valuations of such properties in 1943 at \$1,922,000 in Yonkers, where the annual tax revenue is about \$15,000, to \$14,000 in Yorkville, with a total assessed at \$178,780. They will bring in \$2,710,118 in taxes this year.

## Five-Cent Harbor Heights Fare Offered In Exchange For Fewer Post Road Trips

The Third Avenue Railway System, operating buses between White Plains and Mamaroneck, is offering to reduce the fare from Harbor Heights to the Post Road from 10 cents to five cents, if the number of trips made to the Post Road is cut in half.

William H. Johnson, Mamaroneck Village Board Monday night, after receiving a communication from T. J. Hackler, superintendent of transportation, proposed the fare reduction. The proposal was approved by the board of directors, but the board did not include a free transfer to the buses of the County Transportation Commission.

It was demonstrated in a survey presented to the board that the proposed fare reduction would affect passengers at far as the Post Road. The table prepared by the board shows that from 10:07 A. M. through 4:52 P. M. during a 14-day period in January, only 146 passengers boarded the bus between the Post Road and the station, whereas 705 passengers were on the buses at the railroad station between White Plains and Mamaroneck.

In the other direction during the same period, 458 passengers arrived at the Mamaroneck station from White Plains and 216 were on the buses leaving the station for the Post Road.

Trustee John Withers asked if the provision about the non-incorporated area would affect school children riding from Harbor Heights to the high school in Mamaroneck.

## U. S. Troops Push Two Miles From Super-Highway

PARIS — First Army troops have pushed forward, providing a firm northern anchor for their Rhine bridgehead, into which men and material streamed across two bridges today to reinforce 70,000 men troops the Germans had already there.

(A Berlin broadcast declared today that planes had scored direct hits on the Remagen bridge and a pontoon bridge nearby.)

The Ludendorff Bridge still was reported in a front-line dispatch, however, to be functioning at 9:30 A.M. ball-turret time today. The double tracked 1,200-foot bridge has been reinforced by numerous tanks, but AP correspondents at the front said it was repaired within 24 hours (usually are quickly mended.)

## Civilized Natives Who Talk English Impress Vet Back From Two Years In Pacific

"It's nice to walk into a South Pacific country after the missionaries have been there, you find a bunch of civilized natives who can talk English." That is one of the most vivid impressions of the islands that have been changing hands in the war area.

Recently returned after two years on active duty with the United States Navy, he says that one experience he will never forget is attending a church service in his camp headquarters in Guadalcanal when the chaplain brought in 60 Polynesian native men to sing two American anthems for the congregation.

"They sang in parts with no accompaniment," he says, "and they were done up in their Sunday best all right with red tablecloths and anything else they could find to wrap around them." They had been well trained by the missionaries, he added, and sang like professionals although the music was plainly marked by their native inflections and style.

RM 1st Lieutenant wears three battle stars on the South Pacific ribbon, but he doesn't like to talk about his war experiences. "After all," he says, "I haven't been through any more than a lot of other fellows have been through. There's nothing different about it."

His two years on duty haven't given him any taste for the sea, however, he admitted, adding that he'll be getting right out of the Navy as soon as the war's over. According to his present plans he will probably return to the Canfield Paper Company in New York where he formerly worked.

## With Life Held Lenten Theme

Suggesting that Christians adopt a Lenten theme for the Lenten days of the year, Rev. Frederick D. C. and chaplain of the United States Navy, he says that one experience he will never forget is attending a church service in his camp headquarters in Guadalcanal when the chaplain brought in 60 Polynesian native men to sing two American anthems for the congregation.

"They sang in parts with no accompaniment," he says, "and they were done up in their Sunday best all right with red tablecloths and anything else they could find to wrap around them." They had been well trained by the missionaries, he added, and sang like professionals although the music was plainly marked by their native inflections and style.

RM 1st Lieutenant wears three battle stars on the South Pacific ribbon, but he doesn't like to talk about his war experiences. "After all," he says, "I haven't been through any more than a lot of other fellows have been through. There's nothing different about it."

His two years on duty haven't given him any taste for the sea, however, he admitted, adding that he'll be getting right out of the Navy as soon as the war's over. According to his present plans he will probably return to the Canfield Paper Company in New York where he formerly worked.

## 4 Communities On Honor Roll Of Health Dept.

WHITE PLAINS—Four Westchester communities are listed on the honor roll of communities of more than 10,000 population, 70 per cent or more of the children under five years of age have been immunized against measles.

The four communities are Mamaroneck, Ossining, Port Chester and Scarborough. The health department announced the list today.

Westchester County, exclusive of communities of more than 10,000, was second to Columbia County with 65 per cent, a gain from the 1943 figure of 63 per cent.

Except for the measles epidemic of streptococcal scarlet fever, and the influenza epidemic of the Westchester Health District remained at a low level.

# Tigers Stopped By Albert Leonard; Standards Blank Engineers

## Paduano Scores 29 Points To Defeat Orange By 54-48

By HANNO FUCHS

Under a third period attack which saw their first lead, Albert Leonard and Dick Morrison, Tigers went down to their sixth consecutive loss yesterday afternoon by a 54-48 score. Joe Paduano, rancid center of the Blue and White, garnered the individual honors for the contest as he amassed twenty-nine markers, including seven out of ten free throws.

The contest got under way with an early scoring spurge by the Leonard outfit, which saw them go into a 7-0 lead, before Willie Carter sank a basket and a foul shot for the Hilltoppers. Dalsera then closed the Albert Leonard scoring for the period with a lay-up shot, which was promptly matched by Bill Mather of the Bengals. Before the rain ended, Gionda and Mather accounted for three more Mamaroneck markers, to make the score read 9-8.

In the second quarter Paduano put on the steam by tallying ten points, but this was not enough to prevent the Moonmen from catching up, and tying the score at 20-20 in the middle of the first ten minutes. In the second half, Paduano again dominated the scoring, as he racked up twelve more points, including six out of six charity tosses. Dalsera scored in seven points, while Gionda added a single marker to account for the Blue and White total of twenty for the period.

In the meantime, the Bengals were almost completely throttled as they were held to five markers.

**Postpone Amateur Cage Tournament**

WHITE PLAINS — The 13th annual Westchester County amateur basketball tournament has been postponed from the original date of March 28-31 to April 27 due to a conflict with religious dates. Charles Pease, tourney director, announced today.

Entries for the event, which again will be held at the County Center, are still being accepted from March 10 to 28. With the Spring Division dormant for the duration, there will be four classes, Light Junior, Junior, Intermediate and Open. The first three are open to winners and runners-up in local leagues and the latter to teams which have not competed in leagues through the regular season.

One local team, the DeWitt A. C., has announced its intention of entering the tourney in the open division and there is a possibility that a local junior or intermediate team will be entered.

## Tigers Down Crusaders For 12th Straight

By JACK SORDS

The stage was set for the climactic game of the Rec basketball league when the Tigers and the Holy Name lives both won their battles last night and continued just a game apart in the league race which is scheduled to end next week. The Tigers downed the Crusaders yesterday at Mamaroneck Ave. School and the Holy Name five turned back the dangerous Conspirators to hang on to their chance for the title. The two contests meet next Monday night and should the Tigers win the race will be over but should the Holy Name outfit triumph the battle may end in a tie and necessitate a playoff.

Yesterday's Tiger win was an easy one as the Bengals downed the Crusaders by 26-16. The Holy Name squad won over the Conspirators by a 31-22 score after a bitter battle. Tony Leonard, the Tiger star, scored 10 points in the squabble while Markers, eight of them on fouls.

A final game with the All Star crew close their season. The Bears by 23-18. Again it was a member of the losing team who copied scoring honors as Jim McMurphy of the Bears tallied fourteen of the squad's eighteen markers.

## Vic Pignatoro Wins In 1 Of 4 KO's At Center

WHITE PLAINS — Apparently even boozers have a curfew tonight these days. County Center fatigues have leaned heavily toward the KOs in recent weeks and last night the leather pagers again made certain they get home early by registering four knockouts on the stock-out card.

With Vic Pignatoro's two-round stop of Frankie Gromada in the star bout serving as the fitting climax.

Pignatoro returned to the victory trail with a vengeance before 200 fans in handling Gromada. His first knockout in 42 pro fights. The end came at 45 seconds of the second chapter. Gromada, who himself had compiled 15 knockouts in 28 victories, never realized a chance to show his punching power.

After taking the first and opening the second with a knockdown Pignatoro chased Gromada to the ropes, let go a crunching right cross and the fight was over.

The other knockouts were produced by Joey La Motta, Harry Dwyer and Amado Rodriguez, the latter by the TKO variety. LaMotta felled Lee Blake, Hartley, in 1:25 of the second round in the semi-final. Dwyer, Brooklyn, KO'd Teddy Wilson, in 35 seconds of the last round of the opening four. Rodriguez scored a five-round TKO over Lou Miller, out of beat due to an injured right hand.

Eddie Quasie, Paterson, N. J., outlasted Dave Carter, The Bronx, with a six round decision and Julie Bort, Brooklyn, outboxed and outpunched George Bass, New York, in a four.

## Baldwin Leads Pinney Rolls 245 And 614; Rifle Club To Acres, Victory's 735-703 Win

The Higher Standards of The Daily Times League tackled a full game to their lead last night as they downed the Engineers by 3-0 while the second-place Equipmenters were beaten in one of their games although they did manage to take a 2-1 victory. Other matches went to the Acres over the Central and to the Victory Five over the Mamaroneck Lions.

Inland Pinney, in a scoring streak which has seen him hit high series in his last three matches, was again top scorer with a 214 triple and included a snappy 245 game in the series. He led the Acres outfit to its triumph over the Central. Closely following was Bill Simpson of the Victory Five who was robbed of top honors by just eight maples scoring a 606. Simpson started slowly but finished up with 215 and 223 for his final two stumps.

## MGM's "Picture of Borian Gray" — Lena Horne — Robert Walker Score at Capitol Theatre

A SUPPLEMENTAL orchestra of eight bandleaders, each of whom has a solo part in his own instrument helps to provide the music for Lena Horne at the Capitol Theatre in the "61 stars in person" show currently dividing honors with MGM's screenplay of "The Picture of Dorian Gray." Xavier Cugat and his orchestra are the musical backbone and offer most of the music in the show for Miss Horne as well as Robert Walker, but on account of the sensitive nature of Miss Horne's performance, eight more instruments were added. These include: Harry Henderson, pianist-arranger; Sidney Catlett, drummer; Al Casey, guitarist; Billy Taylor, bass; Henry Morton, trombonist; Edmund Hall, clarinetist; and Earl Bostic, clarinet. All of the men are award winners and colleagues in various "mambo" ritz and recording orchestras of the "hot" tops, and have been playing for Miss Horne's "61 star" recordings for over a year. Armed Forces At the Capitol, Miss Horne sings "Sometimes I'm Happy," "I Didn't Know About You," "Gonna See My Baby" and "I've Got a Crush on You."

News Behind The News

By PAUL MALLON

TACKLING FOOD MESS—The Byrnes super-committee on food exports was appointed to draw a blueprint on the news which various Government agencies have made of the foreign food supply programs.

The deft Mr. Byrnes is taking hold of the loose-running, open hearted, benevolent-handed food dispensing bureau in an effort to effect some equity between civilian needs here and further shipments to Europe.

Behind the move lay trustworthy reports of high accumulations of food supplies in Britain and some other places abroad (No one seems to know where) while a somewhat deeper shortage exists in Greece and our occupied part of Italy (where pulpated news reports say food is scarcer than in the Nazi-held part).

This puzzling condition has been accentuated by simultaneous reports that our own domestic food supplies are going to become tighter and tighter for the household.

Furthermore we are eating planting season with the most difficult production output in the world, started with help shorter and wintered scarcer than in the previous years.

The move was absolutely necessary. Surplus vs. Shortage—A foremost business man, just back from Europe, is my authority for reporting an overaccumulation of food in Britain. For one example he pointed, in London from business sources of four American ships loaded with rice, returned empty and required to cruise around in the waters off the coast because of importations limited by other ships unloading.

In Italy and Greece he was informed that the Russian partisans the local people there no longer use the word Communist, but call Stalin's divisions "the Russian partisans." Had offered importations for food for political considerations. Whereas the Russians could get food for export he did not learn. He found the Italian people generally favored the American occupation, despite shortages of fuel and clothing as well as food.

Beyond this report the Nazis have hoodlums with all the hardware. Southern Italian fields have been cleared of mines and shrapnel and cannot be planted. Clearly Europe can not move beyond this year.

The problem of feeding Europe is coming up. Now while Europe seems to be getting food, it is in the same boat as Italy and Greece (where food is scarce). The Lehman organization and the Commodore Credit Corporation have been hoarding and selling billions of dollars of food—announced figures.

The question, "Where is it?" is not the only one raised by these facts. The dependability of their source raises them above the category of unsubstantiated reports, but the condition also suggests the possibility that Russia has stored or intend to use our lend-lease food for the purpose of building influence and prestige on the conquered continent.

Well, a year or two back, the Germans would have been willing to do it. The Byrnes announcement made it quite clear we cannot have our lend-lease food supplies. Shortages of meat, butter, lard and canned fruits and vegetables will continue to tighten on for an indefinite period. Why? Production Was Cut.

Well, a year or two back, the Government still feared overabundance and grossly miscalculated all along the food line. Even last year the production of hogs was arbitrarily cut, also poultry. Spring production of hogs was reduced 29 percent.

Likewise, too much labor was taken from the farms. Too little machinery allocations were made. We would not be even where we are had not we been provided with unprecedented good weather the past two years. Can we get three years of weather like that in a row?

The only indication so far is good. Winter snow has piled high throughout the agricultural belt and promises good subterranean moisture. Also winter wheat is bountiful.

But the condition is enough to alarm the whole inner circle. Certainly it should discourage continuance of the free-distribution of "We-will-see-what-we-can-do" basis for Europe.

I would like to send a British soldier, serving in the British Army, some cigarettes. Telephone service is more than Me-As you'll agree upon reflection.

I'm only the instrument you see; I must have switchboard service.

The majority of the families on the waiting lists of the New York Telephone Company are there because of lack of switchboard equipment rather than just telephone instruments.

And when the factories that make switchboards—now busy producing war communications equipment—are unable to manufacture the quantity needed, and still more time to fit the new switchboards into existing central offices.

We tell you this because we want you to know as much as we do about the outlook. At the same time, we promise you that once the "green light" is given, no time will be lost in catching up with orders—all of which will be filled in their proper turn.

Noise To Adults Is Considered Music By Children

By ANGLO PATRI
Music is the language of the spirit and as children are very close to all spiritual things though unconsciously, it appeals to them strongly. Whenever children are there should be good music.

All children love noise. They all love rhythm. Put the two together and you have music. Music that passes for music today is such a far cry from the music that children have in their places. The children have their music boxes, so in love are they with noise. They need some noise and may be this sort will serve. One of the difficulties and it is a great one, is the surroundings that usually accompany the music boxes. Rarely are such places free from noise like children to frequent.

Collic Has Own Seeing Eye Dog

CHICAGO, (AP)—Silver, a five-year-old collie who is going blind, has her personal seeing-eye dog—understanding, elongated dachshund.

Silver's owner, Michael Von Motzsch, operator of a training kennel, discovered several months ago she was going blind. So Motzsch chose Sasha, a three-year-old female dachshund whom he described as a "sort of brave little soul" to keep Silver company and to act as her guide.

A rope linked the two dogs with Sasha leading. Now Motzsch reports the rope is no longer necessary, that Silver trustfully follows Sasha.
