Both Sides Strive For Heavy Vote

Decline In Registration Spurs Leaders To Get Out All Voters

POLLS CLOSE AT 7 P. M.

With registration figures below the last comparable year in 1937, both Republican and Democratic leaders prepared today to get out as many of the qualified voters in which interest here centers on the town election.

Polling booths in all 10 wards of Mamaroneck districts will open at 8 A. M. and close at 7 P. M.

Although both parties have nominated Owen A. Mandeville for supervisor and Henry C. Pappas for town clerk, lively pre-election charges and counter-charges have been heard by opposing the tickets in the race for councilmen, members of the peace and school director.

Democrats, who have waged the most active campaign, are pinning their hopes on electing at least one councilman, due to the Democratic candidate for the four-year term, for which they are running some candidates.

Republicans, on the other hand, have confined their campaign to electing the maximum amount of the charges of mis-management of town affairs advanced by the Democrats.

Perhaps surprising the councilmen who will be elected in the town election will be administered by the Board of Education. Property owners, only qualified to vote on the proposal, which was injected into the political campaign when the Democrats raised the maximum amount of the town might spend for this purpose.

On the eve of election today both Republican Chairman Burton C. Meighan and Democratic Chairman Victor J. Hopkins expressed confidence in the outcome of tomorrow's election.

Running for the four-year term as councilman are Edward C. Griffin and Monroe Stiner, Republican incumbents, and Willie P. Rice, Democratic candidate. For the post of councilman for a two-year term, Edward A. Kestler, Republican, is opposed by George S. Bellare, Democrat. Charles M. Griffin, Democrat, is running for the post of school director, while Emily Landry, Democrat, is running for the post of school director.

All persons are eligible to vote tomorrow who registered in October, or who, in non-personal districts, were carried over from last year. The polling places are:

- District No. 1 - Mamaroneck Avenue School, Mamaroneck Avenue.
- District No. 2 - Mahanett Office Building, 50 Fenimore Road, Mamaroneck.
- District No. 3 - Mamaroneck High School, Fenimore Road.
- District No. 4 - Central School, Boston Post Road, Mamaroneck.

SPACE RATIONING
NEW YORK (AP) - Editor A. J. Fisher, newspaper trade magazine, said yesterday after a survey of 25 cities that voluntary rationing of newspaper advertising space was indicated as the best of the year.

54 EGGS A WEEK
If all the eggs available for American civilians were divided equally, each person could have 54 eggs this year, whereas before the war, if eggs had been divided equally among the population, each person would have had only 300.

This is one of the facts cited by the Office of War Information in a report on the level of supplies that can be maintained to civilians in 1943 and 1944.

LONDON, (AP) - "Fast Soviet units" have broken through German lines south of Moscow, the German High Command acknowledged today. Lieut. Brewer Gets Call To Duty In Army

Lieut. Munn Brewer, who has been ordered to active duty in the United States Army Air Corps, left today to report to a training base, according to official word from the War Department.

A resident of the Larchmont Acres Apartments, Lieut. Brewer is a practicing attorney with offices in White Plains. He is co-counsel on the Mamaroneck Town Board, from which he is entitled to a leave of absence for military service. It will be necessary for the board to appoint a councilman to serve in his place for the 10 days remaining of his term.

Lieut. Brewer filed notice last December for leave of absence for military service when he volunteered as a private in the Army. After serving for five months with the Infantry at Camp Croft, S. C., he was transferred to the county clerk's military duty which terminated with honorable discharge on the town board June 2.

During Lieut. Brewer's absence last Spring, David A. Embury, 562 Murray Avenue, Larchmont, was appointed to serve in his place.

President Asks Boost In Food Price Subsidy

By D. HARNON OLIVER
Associated Press Staff

WASHINGTON - President Roosevelt in an exhaustive review of the nation's food situation today called for a boost in the price of food to continue and increase the Administration's \$200,000,000 food price subsidy to assure an adequate supply and prevent a serious and dangerous situation.

To a Legislature which has been sharply critical of Federal subsidies and which has leaned rather toward higher farm prices, the President's appeal is the longest special message of his 11th year in the White House.

"Our Army and Navy have a long way to go before victory is obtained," he said, "and merely because of a winning battle on the fighting front is no reason for us to let down on the home front."

"I am convinced," the Chief Executive said, "that to obtain the most effective results from the price support program is to increase production and maintaining fair food prices for the consumer."

Russia Joins U.S., Britain, China In United Accord

WASHINGTON, (AP) - The United States, Great Britain, Russia and China have joined in a "four-power" declaration of intent to united action in the peace to avoid defeat of their enemies and to establishment of "a general international organization" for maintaining peace and security.

The declaration was signed by the big four of the United Nations at the Moscow Conference attended by Secretary of State Hull, Foreign Minister Anthony Eden of Britain, and Soviet Commissar Vyacheslav Molotov of Russia. It was made public simultaneously today in Washington, London and Moscow.

Highlighting fruits of a conference which included also declarations governing the restoration of the non-Pacifist Italy, a Free Atlantic and a Roosevelt-Churchill-Stalin pledge to punish those guilty of atrocities, the four-power document stressed unity of action and consultation between powers with a common enemy (Russia is not at war with Japan) until unconditional surrender was achieved.

In a joint communique, the tripartite conference agreed to coordinate the measures to be taken to coordinate Allied policy with the European Advisory Commission in London to examine European questions arising at the war developed.

The four ministers also decided to set up an advisory council on Italy with representatives from the United States, Great Britain, Russia and Greece.

The Council on Italy will deal with the measures to be taken to coordinate Allied policy with the European Advisory Commission in London to examine European questions arising at the war developed.

The three foreign ministers also decided that military experts at the conference discussed definite plans for the future cooperation of the three countries.

"Frank and exhaustive discussions of the measures to be taken to shorten the war against Germany and her satellites in Europe" also took place, the communique declared.

Field T to Lead G.O.P. Slate, Poll Predicts

WHITE PLAINS - With last year's election marking the pre-election day of 1943 political activity in New Rochelle, officials today contacted themselves with predictions and prophesies as to the outcome in tomorrow's polling places.

With registration of only 27,000, lowest in nine years, the vote is expected to be comparatively light. Attendance at rallies of both major parties last week was far below ordinary standards and it is generally admitted that outside of a few bitter local campaigns, such as for supervisors in Greengarden and Mount Pleasant, councilmen in Yonkers, and city judges in New Rochelle, general interest is relatively low.

Predictions were in general agreement that Republicans could win, but with majorities in the 8,000 record set by former County Clerk Harold Mercer in 1942. Instead, Republicans are expected to lose their candidates to win by majorities ranging from 2,000 to 4,000.

HERE'S ONE CANDIDATE WHO HAS NO ELECTION WORRIES

Supervisor Owen A. Mandeville, with the town chairman of the two parties, at the Republican and Democratic committee, and at the right, Dutton C. Meighan, Republican leader, and Victor J. Hopkins, Democrat, at the left, are candidates for their tickets.

Byrne Says Supervisor Didn't Write Speech He Delivered To G.O.P.

In a pre-election statement issued Saturday night at Democratic headquarters, Harry T. Byrne, chairman of the campaign committee, charged that Representative Owen A. Mandeville did not write the speech he delivered at Republican headquarters last week.

"I have known him as an independent-minded, intelligent individual and a conscientious official and it would be impossible with this knowledge for him to have believed the statements attributed to him in that speech," Mr. Byrne stated.

Quoting several excerpts from Supervisor Mandeville's speech in which he defended the town government, the financial structure and the Republican candidate for town chairman, Mr. Byrne stated:

"He is too honest to say that he has expressed himself other than truthfully. Could he forget the Burton regime, the McClellan regime, why even the machine politics of the town? It is not for nothing that I have heard Mr. Mandeville say that he would not be a member of the town committee, but I have heard him say that he would be a member of the town committee."

Action Urged By Town To Avert Floods

An appeal to Supervisor Owen A. Mandeville to see that "some concrete measures be taken" to prevent the flooding of the Sheldrake River area should heavy rains fall within the next few days was the full message, has been sent by Larchmont-Sherill or the Town of Mamaroneck.

A letter made public today in the Daily News, said that the town chairman of the two parties, at the Republican and Democratic committee, and at the right, Dutton C. Meighan, Republican leader, and Victor J. Hopkins, Democrat, at the left, are candidates for their tickets.

Chest Fund Total Soars To \$10,873

Workers Reach 47 P. C. Of \$23,500 Quota Set For Mamaroneck

DISTRICT NINE LEADS

A total of \$10,873 had been collected by Mamaroneck Community Chest-National War Fund at the time the office closed for the day yesterday afternoon. R. J. Difuria, executive campaign chairman, announced this morning. That figure represented 47 percent of the \$23,500 quota to be raised. "It takes Mamaroneck a long time to get started," Mr. Difuria commented this morning. "But there is no doubt in my mind that the drive will reach its goal in less than a month. It is more than the percentage received at this time, Mr. Difuria said.

Dozens of calls have been made since the office opened at home, he continued, adding it would be a "great help" to the campaign committee if all subscribers who had not been at home when the call was made would send their subscriptions to their district worker or Community Chest headquarters in the library.

So far, District 9 is leading the drive with 72.3 per cent of the quota has been raised, and in third place is District 7, where 61.9 per cent has been reached.

District 10 is up in the following order with their percentages: District 2, 41.8 per cent; District 5, 34.2 per cent; District 8, 21.6 per cent; District 6, 22.1 per cent.

An appeal to local subscribers to make their contributions as large as possible was issued this morning by Mrs. E. B. Ingraham, president of the Community Chest.

The goal of \$23,500 for the combined National War Fund and Mamaroneck Community Chest is to be met in eight to ten weeks, she said. Many people do not realize that this drive is national in scope, and that it is to take care of all charities as the USO which includes national headquarters and all other charities, the American funders in Axis camps, British, French, Chinese, Russian and others such as little children of occupied countries, and men of the service last summer. The additional reduction voted by the board last night brings the value of the property down to within \$100,000 of the 1938 assessment.

"We must do our share in Mamaroneck for our boys and for the support of every individual, every business concern, every church, every fraternal organization, every service club, every school and town official, every school teacher, every parent, every child themselves.

"Our neighborhood committee can be of great help in this drive. We can help in the fact that we can and will go over the top in Mamaroneck."

Representative Owen A. Mandeville saves him to write at once to Mr. Bowen explaining that the town took precautions to dump only dry ashes there but that apparently someone else had been "free lancing."

The Tied Two Ways

As his vote to have two districts wasn't unusual, neither the 12th ward the oddity one better in Tuesday's election. Voters of that district split their ballots evenly on both of the two machines on the proposal to appropriate not less than \$100,000 for a recreation program—a measure which was decisively defeated. On one machine the vote read 35-33; on the other 29-29, for a total tie of 62-62.

Misses First Election

For the first time in 17 years, Councilman Edward A. Larchmont, who won his reelection to the town board, was absent Tuesday night from Republican Headquarters. Arthur Donn, Jr., filled the job he has been doing all the time since the last election—calling off the returns brought in by the commitment. It took little to keep Mr. Keeler from his accustomed post.

SEDAN DISAPPEARS

A sedan owned by Mrs. William Larchmont of 108 Park Avenue, Larchmont, was missing last night from the station parking place when Mrs. Schirring returned from New York. The car had left in the morning, she said. The police, well locked, telephone alarm has been broadcast to neighboring communities.

Soviets Nearing Kherson Port At River's Mouth

MOSCOW, (AP)—The whole German position in North Russia grew worse by the hour today as the Red Army reached the lower reaches of the Dnieper River in strength at numerous points and approached the port of Kherson at its mouth.

In other sectors, Soviet bombers blasted hundreds of Germans trying to make their way to the west.

The Berlin Radio announced a new Russian landing in the Eastern Crimea south of Kiyiv. The Germans asserted that the three-day offensive south of the Crimean port had been reduced.

The Germans also announced a new attack on the Dnieper north and west of Kiev in the sector where the Ukrainian capital, strong artillery preparation would precede the attack, covered for formation of a bridgehead.

The Russians have not attempted a crossing of the lower Dnieper. The Germans at Kiyiv Bog have been engaged in the broad, an estuary, in fact, of the Black Sea.

On the side of the fleeing and demoralized Germans and the Ukrainians, they were eager to follow their successful sweeping contact to chop and seal the foe.

The fourth Ukrainian Army which had bypassed the Crimea, was filling the gap between the Dnieper and the Black Sea.

Bombing Follows Big U. S. Raid On Wilhelmshaven

LONDON, (AP)—A great fleet of 60 B-24 heavy bombers hammered the German industrial cities of Dusseldorf and Cologne last night in a swift sequel to a smashing daylight attack on Wilhelmshaven by the largest force of American aircraft ever thrown against the Reich.

The main blow was concentrated on Dusseldorf, making that big Ruhr armory center probably the world's most heavily bombed city next to Hamburg, which also was hit by a smaller force as was Cologne on the Rhine. Mogulog also was hit by a force of bombers over targets in France and the low countries.

Four enemy aircraft were shot down in the Ruhr area. Dispatches from Stockholm quoted the Social Democrats as saying that 100,000 persons were killed in Tuesday's attack by the United States heavy bombers and that 100,000 German citizens were killed in Vienna, Austria.

Spanish Education Ministry Awards Larchmont Author Honor For His Biographies

DR. WILLIAM THOMAS WALSH

Dr. William Thomas Walsh of 110 Beach Avenue, Larchmont, has been awarded the Order of Merit by order of the Minister of Education in Madrid, it was learned here today.

The decoration, rarely awarded United States citizens since the Civil War, presumably was given Dr. Walsh for his biographies of Saballa of Spain, Philip the Second and Santa Teresa of Avila.

Well known as a historian, author and educator, Dr. Walsh is professor of English at Manhattanville College of the Sacred Heart in New York and the author of several volumes in addition to his biographies.

In 1935 he published a novel, "Out of the Whirlwind," and a play, entitled, "Saballa," and a book of verse in 1938 called "Lyric Poems."

"Character of the Inquisition" which he wrote two years ago is being translated into Spanish by Miss Helen Marston and was published in Spain in January.

Dr. Walsh spent four years writing the latest book, "Life of St. Teresa of Avila," published by the Bruce Publishing Company of Milwaukee in September, and the publishers are having difficulty finding enough paper to continue publication. Dr. Walsh said yesterday, so great has been the demand for his book, it is now in its third edition in New York City after publication.

A play written by Dr. Walsh last year entitled "Citizens of Heaven" was produced by the students of Manhattanville College in April.

He is now under contract with the University of Notre Dame for the publication of another book in the fall of 1944.

Dr. Walsh was born in Waterbury, Conn. Sept. 11, 1881, received a Bachelor of Arts degree at Yale University in 1912 and the degree of Doctor of Literature at Fordham University in 1923. He was a newspaper reporter in Waterbury, Hartford and Philadelphia, he became an instructor at the Hartford, Conn. High School in 1918 and then served as head of the English Department at the High School in Roxbury, Mass. In 1923 he joined the faculty at Manhattanville College.

In 1921 he was the recipient of the Lester Medal, awarded annually by the University of Notre Dame to an outstanding member of the Catholic laity.

Dr. Walsh is married and the father of five children.

Winged Foot Granted Extra Tax Roll Cut

DR. WILLIAM THOMAS WALSH

The Mamaroneck Town Board last night agreed to reduce the assessment on property owned by the Winged Foot Golf Club \$20,000, bringing the total assessment down to \$750,000, providing a pending assessment is withdrawn.

On the assessment rolls last year at \$800,000, the property value was assessed \$300,000 by the Board of Review last summer. The additional reduction voted by the board last night brings the value of the property down to within \$100,000 of the 1938 assessment.

The board agreed that there was no immediate necessity of taking advantage of the new war planning project in which the state offers to pay half the cost of plans and estimates to be made on post-war projects if the cost of such plans do not exceed four percent of the estimated cost of the project.

The only project imminent at the present time, Councilman Griffin pointed out, are the resurfacing of roads and the rebuilding of streets for which no plans are necessary, and the flood control project, plans for which are already in progress.

Councilman Edward C. Griffin reported that the people have been urged by the Park Commission to transplant in various sections of the town have reached "a good level" and many requests for trees have been received through the commission and through local women's organizations.

Submitting the financial report for October, Mr. Griffin said there were available funds in the bank for 1943 of \$175,792.22, making a grand total of all funds of \$175,792.22.

A request from Mamaroneck Park for \$100,000 for the purchase of the property for the year 1929 on the corner of Daney and Palmer Avenues was approved.

Building permits amounting to \$248 were reported for the month of October. The Board of Health reported that the health department has received 101 requests from Martin E. King, attorney for several clients in the Bronx River area, for reductions of assessments on the Pelton Property on Bonnie River Lane, the Mulock property on Old White Plains Road and six pieces owned by the Rockledge Holding Company were granted. Mr. King asked for a retroactive reduction from 1941 to meet the present figures on the assessment rolls.

Jobs And Industrial Growth Included In Village Survey Aimed At Post-War Plans

PRELIMINARY PLANS FOR A TOTAL survey of the opportunities for employment and the possibilities of industrial expansion in Mamaroneck after the war were made last night by the Village Board of Trustees.

As the result of a letter sent to each trustee by Village Manager William H. Belmont, in which he described post-war opportunities as more than public works projects, involving also industrial and business planning as well as health recreation, and juvenile delinquency problems, the board authorized Mayor Santoro to appoint a central committee to study the problem.

Describing the procedure followed by other communities in large industrial plants, Trustee Edwin B. Dooley said that plan whether the job area and how many determines how many jobs would be available after the war, what products would be manufactured, what retail outlets there were for manufactured products and the possibilities for expansion were in industry.

Trustee Edward Melgan suggested that families of all service men be contacted to learn how many men had jobs waiting for them when they arrived home, and how many men in Mamaroneck were seeking or cleaving their way to the highest bidder, Edward Melgan of Rensselaer Drive, Haverhill, who endorsed a check for \$150.

Clark's Army Only 85 Miles From Rome

ALLIED HEADQUARTERS, ALGERIA, (AP)—Lt. Gen. Mark W. Clark's 5th Army dashed forward 40 miles in a lightning drive to Rome to split Italy on the western Italian sector, advancing to within 85 miles from the city.

Gen. Clark's British and American troops swept through the mountains and the massive anchor of the strongly fortified Gustav line which the Germans apparently hoped to hold until winter, and breached their out of their last footholds on Mt. San Croce Mountain.

At the end of the day yesterday, by steadily pushing on the road to Rome at a point 40 miles from the city, the mountain highway hub in the center of Marshal Erwin Rommel's defenses and the main line of communication between the German and Italian forces.

The Eighth Army of Montgomery's forces now occupies the Adriatic front, but a savage battle waged around its original bridgehead at the railway station of San Salvo, where the Nazis threw back the Allies.

Clearing skies gave to the Allied Air Force one of their busiest days of the war, as they tipped at Nazi troop concentrations, and gun positions on the entire front set a thousand-ton enemy cargo ship aflame, and smashed heavily at the German airfield at Araxos in Greece and the Para Habor, a supply port for the Nazis in Yugoslavia.

U.S., Great Britain And China Reach Accord On New Operations

WAR CHIEFS AGREE

WASHINGTON (AP)—President Roosevelt announced today that the United States, Great Britain and China had reached a complete agreement for new military operations in the Chinese theater and that it would send bad news for the Japanese.

The President disclosed at a press-radio conference that the agreement had just been reached at an extremely successful conference at Chungking among Gen. Joseph Stilwell, Chairman and Commander in Chief, and Gen.issimo Chiang Kai-shek and his Chinese military advisers.

He said the agreement was most important in operational questions and that it concerned the methods for handling what he called the continental campaign in the Far East.

The President told reporters that he could not give any details at this time but that the presence of Gen. Stimson, chief of the American War Reliefs Supply, meant that supplies promised by the United States would be returned to the United States.

Two brothers, sons of the late Mr. and Mrs. David K. Stewart of Mamaroneck, are now serving in the United States Army Air Corps.

Sgt. Woodrow Stewart, in appearance, has been on duty in the Southwest Pacific area since June, having been stationed in Korea and later in San Francisco before being transferred overseas. He is a former employee of the Westchester City Waterworks.

Sgt. David Stewart, brother, formerly employed by Margross and Sons in Mamaroneck, is now stationed at Tyndall Field, Fla.

Both were attending Mamaroneck High School and were inducted into the Air Corps the same day, April 15, 1942. They received their training in the ground crew at Keesler Field, Miss. They make their home in Mamaroneck with their mother, Mrs. Walter Neidham of 512 Prospect Avenue.

Seniors Talk To Rotary On War Problems

A panel discussion of the subject "Youth in a World at War," in which six Mamaroneck High School seniors participated, was held yesterday before the Mamaroneck Rotary Club at the luncheon meeting at the Elmer Club.

A cross section of the problems to be faced by young people about to graduate from high school came up during the discussion as four out of five of the students said they planned to go into some type of service work at the close of the school year.

Most of the students agreed that educational programs should be developed to curb delinquency. They also stressed the importance of organizations such as the Boy Scouts and the Red Cross in the handling of the delinquency problem.

They were eager to serve the Civilian Protection units in some capacity, they said, and did not wish to be thought of in connection with the war effort, as "irresponsible" described the students.

Daniel Ellis, president of the Rotary Club, introduced the speakers.

West Germany Is Battered By Tank Fliers

LONDON (AP)—American Flying Fortresses and Liberators, escorted by Thunderbolts and Lightnings, blasted targets in western Germany today while medium bombers in the night.

The daylight assault came in a few hours after RAF Mustangs had bombed the same general area last night in the wake of the Mustangs which had been sent to contribute to the general well-being.

The personal application is easy. The world today is filled to overflowing with misery and suffering in the name of a dead human being, the National War Fund and the Mamaroneck Community Chest call upon us all, whether we have much or little, to show our sympathy and charity for our fellow men by contributing to this appeal.

Holy Trinity Pastor Appeals For Chest

The legend tells that on the Ben Adam led all the rest because he was the only one who had a fellow man. Any man may have had much of the world's goods; but what he had was willing to share. He looked upon himself as a member of the human household, bound to contribute to the general well-being.

The returning Mustangs were shot still burned in Duxford, bombed Wednesday night by a huge RAF fleet which dropped 2,600 tons of bombs in 27 minutes.

Fifth And Eighth Armies Advance In All Sectors

ALLIED LANDING

LONDON (AP)—The German High Command said today in a communique broadcast from Berlin that an Allied landing attempt had been made in the Crimea, due to a misreading of the Eighth Army's position on the Italian front.

The communique was issued by Gen. Sir Bernard L. Montgomery's leading tactician.

ALLIED HEADQUARTERS, ALGIERS (AP)—Moving with hard, swift punches deeper into Central Italy over the collapsed Mucchio-Trigno River defense line, Allied 5th and 8th Armies advanced in all sectors, Allied Headquarters said today.

The fall of Venafro, one of the two inland high areas which held the line together, was imminent.

(The BBC correspondent in Algiers said American troops are fighting in the outskirts of Venafro.)

The Fifth Army followed up the Eighth Army's capture of Isernia, the other highway hub in the inland area, by capturing 80 German positions to reach the banks of the Tiber river, 90 miles south of Rome to the west along the Tyrrhenian Coast, he said.

On the Allied high flank, Gen. Sir Bernard L. Montgomery's Eighth Army routed enemy resistance in the San Adriano, Monte Cassino and other sectors, and captured days of fierce battling and several days of town and railway fighting, he said.

He said the capture of the British destroyers "Queenborough" and "HMS" were the first of their kind.

Red Bridgeheads On Crimean Post Reported

BULLETIN

LONDON (AP)—The Berlin radio said today that Russian forces had remained their way into the eastern Crimean post of Kerch but had been beaten back from the city. The German radio said the Russians have bridgeheads on two sides of the city.

MOSCOW, (AP)—The Russians held virtually every foot of land east of the Dnieper today from its mouth below Kherson and along its 650-mile course through the heart of the Ukraine north to Gomel as the prize of their Summer campaign, which they said bled the Germans of 2,700,000 casualties.

Moscow's estimate of four violent months of combat listed 600,000 German killed, 60,000 captured and 1,700,000 wounded, thus totaling German casualties slain, killed, captured and wounded by Russia to an astronomical 11,000,000, of which the Russians said 5,000,000 lay dead.

Swift sweeps over the Black Sea sands of the southern Ukraine brought the Crimean front to river banks opposite Kherson, 65 miles northwest of the sealed off Crimea.

South of Zaporozhe the only German bridgehead east of the Dnieper was limited to the Crimea. A thin strip 32 miles long opposite Nikolayev was maintained on land in the Dnieper delta south of Kherson.

Moscow said tonight of the Crimea, but the Berlin radio said the Crimean front was engaged in heavy fighting. The German front south and east of Kursk and on the Crimean front was engaged in heavy fighting. The German front south and east of Kursk and on the Crimean front was engaged in heavy fighting.

All Parents Get Invitation To Visit High School During American Education Week

An invitation to visit Mamaroneck High School during American Education Week beginning Monday has been extended to all parents of students in the school.

Joseph C. McLean, principal, in a message sent to the parents this week, Mr. McLean urged them to become better acquainted with the teaching staff and to take advantage of the opportunity to discuss the work of the students.

His invitation was as follows:

"November 7-13 inclusive is American Education Week. The theme for the week is 'Education for Victory.' We want you, as parents of Mamaroneck School, to help us to do our best in our classrooms, the gymnasium, and in our classes. We hope that you will get better acquainted with the teaching staff and to take advantage of the opportunity to discuss the work of the students.

Bakery Driver Pays Fine For Package Theft

After trailing a bakery truck through the village yesterday afternoon, Land Marshal Thomas Bennett's hamburger stand on the East Boston Post Road. The driver, Duane MacGregor, 34, of 225 East 226 Street was taken to police headquarters, suspected of having taken a package belonging to Mrs. Paul Swartz of the Ontario Apartments.

After receiving permission from George Anderson, sales manager for the bakery, Detective Sgt. William J. Hughes in Police Court and found the wrapper from an unopened package along with another addressed to Mrs. A. A. Derwin of the same apartment. The contents of the package were also found in the truck.

Appearing before Justice Patrick J. Hughes in Police Court this morning, MacGregor pleaded guilty to a charge of petty larceny and was fined \$25.

Mrs. Swartz reported the loss of the package yesterday afternoon to Police Chief Arthur Martensen. It had been delivered by an apartment house employee and when she went to the door to get it, it was gone, she told police. The truck driver had been in the building at the time, she said. The chief sent an alarm to all patrolmen to search the village for the truck.

Market Theft Costs Employee Fine Of \$350

Arthur Pabel, 36, of 62 Townsend Street, Fort Chester, was fined \$350 and given a suspended sentence of six months in Westchester Penitentiary by Justice John R. Cahill in Larchmont last night.

Pabel, who was assistant manager of the Gristede Food Market in Larchmont, had stolen 30 cans of condensed milk in connection with theft of cigars from the store. Three other employees were sentenced a week ago at which time the sentencing of Pabel was deferred, as police could not locate a report that he had been involved in similar crime in New York in 1929. Last night Justice Cahill was told that Pabel had not been sentenced in the New York case.

STOLEN GOODS FOUND

After paying a \$25 fine in Village police court yesterday when he pleaded guilty to a charge of petit larceny in connection with the theft of two packages from the Orleans Apartment, Duncan MacGregor, 34, of 529 East 225 Street, Bronx, was taken by Detective Chauncey Smith to the Town of Manhattan Police headquarters where he admitted having stolen several packages of books from the Larchmont Acres apartments.

The police also questioned him in connection with the loss of no. 100 and no. 101 books belonging to Rex Parkin of Larchmont Acres who reported some time ago that a tailor had left them at the door but they were missing when he returned at home.

MacGregor denied having taken the suits but when Detective Smith and Detective Sgt. William O'Neil of the Village Police Department accompanied him to the apartment, they found, not only a supply of new books, but the two suits which were described in a description of the ones lost by Mr. Parkin.

He did not remember from what particular apartment he had taken the books, MacGregor told the police, but they were all from either Larchmont Acres or the Orleans Apartments. He was left at the doors by the postman or by apartment house employes. He entered a plea of not guilty to the charges and was committed to the Town Police Court last night and Judge Westley M. Messersmith ordered him to appear next Wednesday morning for sentencing. He was released in the custody of George Anderson, sales manager of Cushman's Bakery, by whom MacGregor was employed as a delivery driver at the time of his arrest.

RUSSIANS RECAPTURE KIEV; ALLIES SHATTER REMNANTS OF MASSICO LINE IN ITALY

Two Vital Points Taken In Advance By Americans

ALLIED HEADQUARTERS, ALGIERS, (AP) — Allied forces in Italy smashed away the last remnants of the Germans' powerful Massigno Ridge-Trigno Line in taking the key point of Vasto on the Adriatic and Venafro in the upper Volturno Valley. It was announced today.

Forging ahead in the western sector, British patrols of the Fifth Army crossed the Garigliano River to probe the new line which the enemy has formed north of there, Americans of the Fifth Army drove ahead into the mountains after occupying Venafro in a fierce fight in the tortuous upper reaches of the Volturno.

The Germans attacked such impetus to this mountain fastness that they threw a new division — the 200th Infantry — into the fight in their own effort to save it, but even these fresh fighters from the north were routed by the Americans.

In the air war, American medium bombers hounded out a large portion of the German air forces operating from Albania with a heavy raid yesterday on Berat in the region some 25 miles inland, capturing Tirana, Skopje, and Durban.

There were also five German divisions in battle on the Fifth Army front, it was disclosed, and three opposing the Eighth Army. In addition to a five-mile surge up the Adriatic coast to Vasto, Eighth Army troops also made gains of a mile and a half in the region some 25 miles inland, capturing Tirana, Skopje, and Durban.

Failure To Plan For Peace To Bring Back Depression, Greenbaum Warns Society

WHITE PLAINS — "Impact of post-war problems will set us back to depression days unless we plan now to meet the coming attack," declared Lawrence S. Greenbaum, of Mamaroneck, chairman of the State Board of Social Welfare, at the annual meeting of the Westchester Children's Association yesterday at the Roger Smith Hotel. More than 100 members and friends of the association attended the afternoon session where Carl Tusher, Mount Kisco, was elected president. Mr. Greenbaum spoke in place of Robert T. Landon, commissioner, New York State Department of Social Welfare, who is ill.

"Planning must be done in each community to meet our difficulties of adjustment when war ends," Mr. Greenbaum said. "Social agencies must stimulate the economic thinking in every city and town."

The speaker emphasized the fact that most welfare problems ultimately must be solved by the individual citizen. In particular he mentioned the statewide unemployment problem, in particular the results showed that the problem was too complex for statewide handling, that responsibility for solution must come from each community.

Presenting the speaker, Dr. Robert E. Bell, Chappaqua, superintendent of the first supervisory school district, reported the chief points of the morning panel discussion of children's needs and problems today.

Points stressed in the panel were the lack of social workers both in the county and at Albany and the fact that although juvenile workers, requiring papers, have increased from 400 to 600 in 1942 there has been no increase in the personnel required to check admissibility to the law and working conditions.

Among the vice presidents of the Children's Association elected with Mr. Decker was Mrs. William F. Irwin, of Rye. George Aronson, Rye, was named treasurer and Mrs. Reed Taylor, of Purchase, was among those re-elected to the board of directors.

War Bond And Stamp Sales Reach \$86,640 In October, \$50,000 Above Last Year

With the final two days of the Autumn War Bond drive falling in October, last month's sales in the Village soared to \$86,640 including the stamp sale which totaled \$5,600.

Because of the carry-over of the September campaign, the record is ahead of October of last year by more than \$50,000. The sale that month included \$2,884.60 in stamps and \$2,420 in bonds.

The County Trust Company led the sales last month with a total of \$49,450, more than \$4,000 ahead of the August sale, the Union Savings Bank second with \$20,250, a gain of about \$5,000 from the August sale. The Post Office sold \$2,884.60 in stamps and \$2,420 in bonds.

Manager Bloc To Dominate Yonkers Board

YONKERS — With completion of this morning of the count of first preferences in the Proportional Representation election it was indicated that the City Council will be of the same political makeup as the present group, with the exception that it appears John J. Whelan will replace Mayor George W. Berman as one of the two Democratic members.

Count I A Privilege To Give Once For All — Today we Americans are engaged in the tremendous task of winning a war for freedom and peace. But we realize all too well that we are engaged in a war of spiritual and good works.

Now is the time for each member of the community where we live to give a better place to live in. Let's be better cheerfully our responsibility for management.

Incumbent Thomas B. Sheridan elected as a Democrat, but who was supported today by the City Manager League, was second high with 5,022 first choices. Mrs. Edith P. Welly incumbent, was third with 4,622. Mr. Whelan was fourth with 4,466, while the incumbent Democrat, Vice Mayor James A. Sullivan polled 4,097 for fifth place on first count. If this standing continues throughout the new council would consist of candidates supported by the City Manager League and two Democrats.

RAF Raid On Reich Follows Big Yank Blitz

LONDON, (AP) — British Mosquito bombers in a quick follow-up to a record American daylight attack yesterday on two Ruhr cities, attacked targets in western Germany last night, the Air Ministry announced today.

Yielded, a huge list of American heavy bombers estimated at 700, losing one of the heaviest air blows ever laid to western Germany, blasted industrial and rail targets at Gelsenkirchen and Marnate in the wake of a similar staggering assault on Wilhelmshaven.

The sky armada, totaling upwards of 1,000 planes with fighter escorts, by the day's operations, which included attacks on northern France and Belgium, Jones were 10 heavy bombers, two medium ones and five fighters as against 40 enemy fighters. Five heavy bombers were lost in the Wilhelmshaven raid.

NAILS EXHAUSTED — WASHINGTON, (AP) — Germany's manpower is so exhausted that she likely will find it impossible to replace the Army's staggering losses of the Russian campaign, U. S. Army men now believe.

Points stressed in the panel were the lack of social workers both in the county and at Albany and the fact that although juvenile workers, requiring papers, have increased from 400 to 600 in 1942 there has been no increase in the personnel required to check admissibility to the law and working conditions.

Key Bastion On Dnieper River In Hands Of Reds

LONDON, (AP) — Kiev has fallen to the victorious Russian Army. Premier Marshal Joseph Stalin announced today in a special order of the day.

The key Dnieper River bastion and ancient capital of the Russians fell to Soviet columns which had been pressed ahead and into the city for weeks after the Soviet offensive carried to the river barrier. Suddenly, the Russian columns swung into action two days ago, blasting great holes through the Nazi positions and closing into the city.

The German high command had announced a few hours previously that the great fortress had been evacuated, with German troops pulling out under the threat of encirclement.

The German announcement, broadcast from Berlin, said also that other Soviet columns had severed their attacks on both sides of the Kerch Straits in the eastern Crimea, and against the Perskop isthmus, the southern entry to that peninsula.

German withdrawal from the great cathedral city came barely 48 hours after the Russian launched a surprise attack against the northern and western suburbs from their bridgehead base on the west bank of the Dnieper River, 18 miles from the city.

Breaching two German defense lines guarding the city, the Russians then took the enemy's positions on the west and north, leaving only a single escape route to the east.

It was this route which the Germans tried to exploit to complete the evacuation of the city.

Announcement of the abandonment of this third largest city of the Soviet Union and capital of the Ukraine, which was captured by the Germans exactly three months after the Nazi army crossed the Russian border, came on the eve of the 56th anniversary of the Revolution and celebrated the victory over Germany's significant Autumn campaign.

The Germans now have no important natural defense line between Kiev and the former Polish frontier, just 100 miles to the west. The fall of Kiev vastly enhances the possibility that the Red Army will be able to cut in two the remnants of the German armies still in southern Russia.

Meanwhile the Russians had cleared out the last of the German troops in the southern sector, capturing 300,000 prisoners in this area and planted themselves opposite the mouth of the Bug River, 20 miles south of Yankov and 30 miles across the Black Sea from Odessa, by-passing Kherson in this jump.

Japs Rushing Reserve Units Into Rabaul

By The Associated Press — Japanese reinforcements poured into northern Burma and the New Britain-Solomon area today in an effort to check repeated Allied successes.

Allied aerial scouts counted 33 Japanese warships and cargo vessels in five convoys steaming from the fortress island of Truk toward the heavily bombed Rabaul, key to the island empire's southeastern defense.

Many reinforcements being poured into the Allied target area are needed to replace the 26 ships sunk and 200 planes shot down Sunday night, and to supply or rescue some 20,000 Japanese troops on Bougainville Island, where American Marines were mopping up. Arrival of the new high-altitude bombers for more aerial bombardments and probably new sea engagements.

In northern Burma, elephants, mules and motor boats carried reinforcements for discounter-attacked Chinese troops, displaced by the best equipped in China's history, who were clearing Japanese out of the path of the prospective Ledo Road. The new crews will join the Burma Road to reestablish a land supply line to China.

German Rail Link With Ukraine Cut By Russians

LONDON, (AP) —

The Red Army was rolling swiftly toward the Rumanian border today after taking vital rail junction of Fawcett 35 miles southwest of captured Kiev, and thus snapping the principal rail link between German forces in the Northern Ukraine and the Nazis still battling at Krivoriog.

A heavy sniper from Moscow cut the Russians already had driven 30 miles beyond Fawcett and were engaged in heavy fighting with Nazi armored reserves.

Awarded Air Medal

An air medal "for meritorious achievement" during 100 hours of flight in the Southwest Pacific area has been awarded to 1st Lt. Bernard L. Apfel of 85 Hillside Road, Larchmont, according to a report from General Headquarters in the Southwest Pacific Area.

1st Lt. Apfel is on active duty somewhere in New Guinea with a bombardment squadron of the Fifth Air Force which is playing a major role in Gen. MacArthur's offensive against the Japanese.

Throughout these operations, which included bombing missions against enemy airfields and installations, and attacks on hostile naval vessels and shipping, 1st Lt. Apfel "demonstrated outstanding ability, courage and devotion to duty," the citation stated.

Air Cadet Graduates

Aviation Cadet Robert O. Bader, son of Mr. and Mrs. George Bader, Chatsworth Gardens, Larchmont, has completed his primary flying at Greenville Aviation School, Ocala, Florida, after two months of training and flight in the air, and has been transferred to Raleigh, Ga., where he will enter a basic flying course.

Cadet Bader enlisted in the service in December, 1942, and was inducted Feb. 25, 1943. He received his basic training at Atlantic City and spent the remainder of his flight training at Peabody College, Nashville, Tenn.

While at Mamaroneck High School of which he is a graduate, he was sports editor of "The Record," and a member of the International Honor Society. He took an accelerated one year course in eight months at Peabody College. His mother was present at his graduation in Ocala, where she spent a month visiting her son.

Shore Acres Plot To Get Village Zoned

As the result of several appeals from the Shore Acres Property Owners Association, the Village Board of Trustees last night authorized Village Managers William H. Johnson to include a sum of \$1,500 in the new budget for the maintenance of the grass plot at the center of the Parkway extending from the Rosten Post Road to the entrance to the Ocean Acres Yacht Club property. The sum also allows for the care of similar plots of grass in the Ocean Acres.

According to Manager Johnson, the Parkway will have to be removed to make it possible for the men to take care of the plot. All the shrubs are in need of trimming, he pointed out, and many of them are no longer in good condition.

"To maintain both the shrubs and the grass would take the services of two men," he said, "but by removing the shrubs, one man can take care of the cutting of the grass."

The plot is 20 feet wide and extends 4,000 feet. It will cost approximately \$1,000 a year to pay a department employee to cut the grass. Mr. Johnson estimated that another \$500 for the upkeep of the Ocean Acres plot which measures about half the area of the Shore Acres strip.

The Property Owners Association also requested last week that the Village take care of the Ocean Acres Drive but the board did not discuss that request last night.

Mayor Scafaro declared it was in the best interests of the Village to maintain the property and Manager Johnson assured the board that all the shrubs of any value would be replanted in some other place in the Village.

Trustee Edward J. Kuhn moved that the amount be placed in the budget as soon as the corporation must obtain the money from the property from the Davidson Road Corporation in New York, the present owners. It was voted down at Wednesday that the corporation indicated a willingness to contribute to the Village Trustee's action was seconded by trustee Edwin B. Dooley.

Pre-Pearl Harbor Fathers Face Larchmont Call Soon; Latest Contingent Departs

One of the last draft contingents to leave Larchmont without pre-Pearl Harbor fathers boarded the train from Scarsdale yesterday morning to report for duty with the United States Army.

Four local men and one Scarsdale resident who "joined" the Larchmont contingent at the Weaver Street Firehouse at 8 A. M. where brief ceremonies were held under the direction of Eugene Riviere, chairman of the Lions Club Committee.

Mr. Riviere presented each man a kit provided by the Larchmont Post of the American Red Cross and said that the Lions Club, Red Cross and all civic organizations would be glad to help them at any time or furnish any information they might desire while they are away from home.

"You are on your way to do a big job," Mr. Riviere said, "and we want you to know that we as home are eager to back you up in any way we can."

Representing the Red Cross, Mrs. C. Benjamin Bush and Mrs. Howard H. Shiffritz presented the men with canteen kits and packages of lunch for the trip. They also accompanied the group to Scarsdale where they met the Scarsdale men of the High School for roll call and instructions. Transportation was provided by the Lions Club.

With the departure of yesterday's group, the eagerly awaited pre-Pearl Harbor fathers is nearly exhausted and although the first of November is not yet complete, Mr. Riviere "reasonably expects" to see the following month will see the induction of the first of the fathers in that category from Larchmont and Scarsdale.

"Unless Congress changes the regulations," Mr. Thompson stated recently, "most of the December contingent from Larchmont will be fathers."

The four local men who left yesterday were: Earl E. Stewart of 28 Plymouth Street, Daniel S. Brown of 40 Lark Road, Robert P. Zavaglia of 212 Byron Place and Charles M. Mastaglio of 21 Monroe Avenue.

Prime Minister Sees 'Impending Ruin of Reich'

LONDON, (AP)—Prime Minister Churchill gravely proclaimed the "impending ruin" of Germany today, but with all the force of his leadership and a language warned that in his belief the "Axis" defeat could not come before 1944.

He asserted solemnly that the campaigns of next year might surpass the tragedies of Waterloo and Gettysburg, that "unless some happy event occurs, on which we have no right to count, 1944 will see the greatest sacrifice of the British and United States armies."

The valiant and brilliant Russian offensives have wrecked the German war machine on both fronts, and that the devastating air war upon the Reich has "taken on the form of the impending ruin of the Hitler regime."

War Reporter Tells Men Of Pacific Battles

More than 270 members, the largest audience of the year, attended the meeting of the Larchmont Men's Club last night to hear an eye-witness account of the action on Pearl Harbor and subsequent battles in the Pacific from James Custer, United Press War correspondent.

The morning Pearl Harbor was attacked, the residents of the city thought at first it was a celebration of some kind, marking the end of a football game played the day before, he said.

"The people couldn't believe what was happening," he continued, "until they saw the ships being sunk in the harbor."

After the attack on Pearl Harbor, he was aboard a ship in the vicinity of Midway and Wake Island during the intensive combat here and was seriously wounded when his ship was torpedoed during the Savo Island engagement.

Before Mr. Custer's address, the audience witnessed motion pictures showing the battles which occurred in the Pacific after the outbreak of the war. He made one announcement during the showing of the pictures: "I am a member of the ship shown in the picture during the attack on Pearl Harbor."

After the showing, Mr. Custer, vice president, introduced the speaker, and Walter Washburn, president, presided.

Twenty-five members of the Scout Troop 2, sponsored by the Men's Club, were guests of the meeting. A buffet supper was served at the direction of John Ferran, refreshment chairman.

Seligman Missing On Submarine

Larchmont Navy Officer Aboard U. S. S. Runner Now Long Overdue

ON DUTY IN PACIFIC

Lieut. (E.G.) Richard Harold Seligman, U.S.N., of Larchmont, has been officially listed as missing in action, according to word received today from the Navy Department.

One of the three Naval aviators aboard the submarine U.S.S. Runner was Lieut. Seligman. He was last seen on the way to the submarine base at Larchmont, N.Y., where he was assigned to the 60th USAAF Training Detachment, Larchmont, to supervise the training of Army Air Corps Eastern Flying Training Command, Maxwell Field, Ala. Cadet Maggard is a 1941 graduate of Mamaroneck High School.

Granted Navy Leave
William Hunter of 1421 Mamaroneck Avenue, Village, has completed the basic training at the Naval Training Station at Sampson, N. Y., and has been granted a short leave.

Upon his return to Sampson, he will be eligible for further assignments which may include a post-war duty station. He is now rated as aviator second class.

Returns To Fort Dix

Pfc. Charles L. Chambers has returned to Fort Dix, N. J., where he is stationed with the 15th General Hospital, after spending a few days at the home of his mother-in-law, Mrs. Mabel Diamond of 24 Mamaroneck Avenue, Village.

A native of Erie, Pa., where he attended school, Pfc. Chambers returned to the service Nov. 27, 1942, and was assigned to the 15th General Hospital at Fort Dix, Pa.

Finishes Basic Training

Anthony Del Duca, son of Mr. and Mrs. Peter Del Duca of 6 West Avenue, Larchmont, has completed his initial training at the United States Navy at the Sampson, N. Y., training station and has been granted leave.

A graduate of Mamaroneck High School and of Alfred University, he attended the Police and R. C. A. radio schools later serving in the personnel department of the Signal Corps in Utah engaged in the study of radar.

He is married to the former Mae Louise Demery of Middletown, N. Y.

Eden Tells Commons Talks Goodwill Basis

LONDON, (AP)—In his first public report on the Moscow Conference, Foreign Secretary Anthony Eden gave Commons today the most optimistic official outlook ever presented Britain for full and frank post-war cooperation among Great Britain, the United States and Russia.

Indicating that the results at Moscow had exceeded even his high hopes, Eden asserted the major success of the party was not in its radically new constitutive machinery, but in the "basis of goodwill and confidence" which it establishes among the three powers for dealing with future problems.

He disclosed that economic questions had been discussed and an agreement reached "on a program for handling these problems, on many of which work already has begun." The absence of any economic agreement had been mentioned by some commentators as the principal gap left in the Moscow Conference program.

Hill A Hero
WASHINGTON, (AP)—Cordell Hull, who started the peace talks with the success of his mission to Moscow, was started missing today. He returned to Washington to find that he was a hero.

The 72-year-old secretary of state stepped off a plane last Thursday and appeared astonished to see President Roosevelt and other high dignitaries waiting to give him an accolade.

Battle of Tanks Rages Near Rail Center Of Gomel

LONDON, (AP)—Russian forces (logging) through the wet snow of the western Ukraine toward Poland and Rumania were "pushing forward with far superior forces," the German communistic said today.

R-Urban broadcast pictured the wet snow of the western front from the invited Crimea to the frozen fields around Kiev public war heavy Soviet in Kiev.

A violent tank battle was reported near the White Russian rail center of Gomel where British and Russian tanks, masses of tanks and planes in an attempt to break a narrow sector of the front along the South River, tributary of the Dnieper. The Germans said they destroyed 217 tanks.

The fresh Russian gains presumably carried the Ukrainian armies closer than 40 miles from the rail center of Zhitomir, as reported at midnight by Moscow. At that time, the Russians were 47 miles directly west of Kiev and pushing rapidly forward to a 70-mile front.

The German communistic acknowledged the Russians had made "a local dent" in a fresh attack northeast of the Crimean port Kerch and told of attacks around Perkop on the narrow land bridge linking the Crimea to the mainland.

Violent Russian attacks in force were reported by Berlin north of the Dnieper Bend iron center of Kivori. Southwest of Chernovitz above Kiev, and southeast of Smolensk. By German account, the Russians finally held this initiative in all these statements but the Nazis insisted they had repelled the attacks.

After being promoted to the rank of captain, he went to Iraq, Armenia, and assisted Armenian forces with food and provisions obtained from the British Army. In 1941, when he returned to England, he received several decorations from the King of England.

In 1935 he established his own business, the M. L. Baliozian Importing and Rug Company at 10 High Street, New York City, and until last year he was associated with the Gullabi Gushkin Company.

At the time of his death he was vice-president of the Armenian General Benevolent General Union (Continued on Page Three)

More Leave For Service After Sendoff

A brief ceremony in the Rye High School auditorium this afternoon marked the departure of the November contingent of Rye and Mamaroneck selectees who left on a train for Camp Upton from Draft Board 700.

At the ceremony, the selectees met to wear a uniform during a crisis," said the Rev. James E. Hall, a pastor of the church of the Resurrection, Rye.

"God is the divine providence who sees that you return as soon as possible to take up your life again as a citizen of a great country, and as a member of an American family."

Rye City Councilman Robert P. Hughes, speaking on behalf of Mayor Julian H. Beatty, declared, "I congratulate you on wearing the uniform of the greatest country in the world. You don't have a good soldier. Do your best and to the greatest glory in the world."

Rye City officials who attended, included, Councilman-elect William F. Lewis, Commissioner of Civilian Defense, Comptroller Joseph A. Hansen, city clerk, William H. Beizer, Comptroller of Finance, Frank S. Williams, H. Graham, George M. Langlois, Supervisor, from Mamaroneck were James Jackson, trustee, and Police Chief Arthur W. Martensen.

NAZIS NOW GOOSESTEP BACKWARDS IN RUSSIA

WITH GERMAN TROOPS REELING BACK all along the main Russian battlefield, Hitler and his generals must decide where to make the next big stand. The most likely line along which the Nazi army is cracked, the Germans will then be compelled to fall back on a line that runs roughly from an area north of the Arctic circle south to the Carpathian Mountains. Should the Russians break through this latter line, the battle of Germany will follow—unless there is complete surrender before the Soviet-Ocean line.

On the map, (A) indicates the main front on the Riga-Odesa line, and (B) line to which Nazis may fall back if the Riga-Odesa line is smashed by the Soviet stevedore.

Veterans Of World War One Pay Tribute To Dead On Services Open At Institute

In a chilly, drizzling rain, more than 30 members of the American Legion gathered this morning around the Memorial Auditorium for the village center in Larchmont, for brief ceremonies under the direction of Larchmont Post 547 to commemorate the 25th anniversary of the signing of the armistice which ended World War I.

A group of village residents and several officials of the village, also present, were presided over by the Rev. James E. Hall, pastor of the church of the Resurrection, Rye.

Addressing the solemn gathering, Pfc. Byron Merkle, Legion Post commander, said, "The peace we gained at the terrible sacrifice of the lives of our comrades, was too short-lived."

Stating that our dreams of peace had been shattered by "senseless madness with vicious intent to enslave the people of this world," he said that the American people would find "no sacrifice too great to rid the world of these scoundrels."

He expressed the hope that the victory which seemed certain would bring "a lasting peace so that a third generation may not know the sacrifices of the last war."

At 11 A. M. several bands were heard from the fire whistles, and during a one-minute period of silence observed throughout the community, tears were blown by two Boy Scouts at the village green, and by three other Scouts stationed at the Town Park, at the corner of Palmer and Chateaufort Avenues, and at the post office.

After an invocation by the Rev. Thomas J. Leahy, D.D., a wreath of flowers was presented by the Legion in honor of their "departed comrades," and a special prayer for peace was offered by the Rev. Francis J. H. Coffin, pastor of St. Ann's Church, and the benediction was pronounced by the Rev. Floyd E. McGuire.

Season's First Snow Seen In Area Today

"Here it's snowing up here," a voice suddenly blared over the radio at the Rye Lake Airport. Not believing what he heard, the pilot of the plane, which was on the police deck, called for "a report."

"I told it's snowing up here," Patrolman Fred Rogers repeated the words of the report. The snow, he said, was light and intermittent with the morning's heavy drizzle.

By the way, the New York Weather Bureau for the first time this season predicts snow for tomorrow.

The Weather

Casino Circled In Advance Along Road To Rome

CASSINO ENCLOSED ALGERIA, (AP)—Radio France at Algiers said in a broadcast today that Cassino, the main island road to Rome, had been encircled by the First Allied Headquarters during the past 24 hours.

ALLIED HEADQUARTERS, ALGIERS, (AP)—Skilled American mountain fighters of the Fifth Army stormed up the heights and drove the enemy from two mountains, including Monte Rotondo northwest of Mignano where the main inland road to Rome passes through the heavily fortified line that had been held by the First Allied Headquarters during the past 24 hours.

The Americans smashed forward against German counterattacks, including the one at Rotondo overlooking the broad valley leading to Cassino, eight miles north of Mignano.

Meanwhile, the First Army's assault disclosed that the Germans already were blasting and wrecking ships and port facilities at both the west German coast and of Leporati and Pescara, either in preparation for evacuation of those places or in view of their seizure by Allied amphibious forces.

Simultaneously, the Eighth Army of Gen. Sir Bernard L. Montgomery, drove through snow storms in the Apennines, advanced five miles and captured Roncole, five miles south of Castel Di Stabia, an important transportation hub.

The Germans had been ordered to hold out, but the First Allied Headquarters announced today.

Yanks Smash Bougainville Jap Landing

By The Associated Press Americans have scored new victories over the Japanese in the air and on land and again demonstrated their dominance of the South Pacific sea lanes.

Destruction of 67 Japanese planes was reported today by General Douglas MacArthur while a spokesman for Admiral William F. Halsey told of United States Marines, supplied by soldiers and tanks, wiping out half of a bargelanded Japanese force that tried to reconquer the American out of Emperor Augusta Bay on Bougainville Island in the Solomon.

The enemy force was estimated at less than a battalion. But they were described as well-equipped and aggressive.

An attempt to prevent landing of American supplies on Emperor Augusta Bay was frustrated by the Navy and Marine aircraft. They last night only.

Mamaroneck Chest Drive Goes Over \$18,000 Mark, Italy Oct. 18, Now \$5,000 From Quota

Four Districts Nearing Goal In Accelerated Push

With a sharp increase during the past week in the Village subscriptions to the Community Chest - National War Fund Drive, the total has reached \$18,000, it was announced last night at a meeting of the Board of Directors.

The chest contacts that has delayed the drive so far, he explained, has been the inability of the volunteers to recruit a large number of potential contributors. "People are away from home these days because of their work and it is not unusual for a worker to be in the city and four or five at the same house without finding anyone," he said.

Reds Drive Down Kiev-Zhitomir Highway

By the Associated Press

A growing scarcity of popular brand cigarettes and low-priced cigars—attributed to labor shortages, early Christmas buying and heavy overseas shipments—was reported today in many cities throughout the nation.

Especially scarce were inexpensive cigars. The Cigar Institute of America said the normal reserves of cigars for Christmas sales were being sold now to meet heavy demands and added that prices would be slim for obtaining extra supplies for the holidays.

There is widespread voluntary rationing of both cigars and cigarettes. An Associated Press survey showed.

Father Asks For Custody Of His Son

By the Associated Press

WHITE PLAINS—Seeking to insure custody of his son, Robert A. Walker of Dayton, Ohio, race, Larchmont, yesterday obtained an order requiring his former wife, Mrs. Elizabeth Reed Walker Wickes, now a resident of Chicago, Ill., to allow a custody hearing on Dec. 4, when he should not be awarded custody of the boy, Walter, Jr.

According to the papers on which the order was issued by Justice Gerald Nolan, plaintiff and defendant were married in Chicago, on June 29, 1935 and divorced on April 19, 1938. At that time Mrs. Walker was awarded custody of the boy, who subsequently remarried, as did Walker, and this marriage also ended in a divorce.

Yanks Take Round One Of Big Sea Fight

SOUTHWEST PACIFIC ALLIED HEADQUARTERS (AP)—American aircraft carriers have won the first round of a big sea fight of the war with Japan's mighty navy and air forces of Rabaul.

The fleet that gave the Japanese a big loss on the night of Oct. 24, when it destroyed a carrier and 11 destroyers, and shot down 24 enemy interceptors, was the first of a series of attacks on the Japanese fleet.

Combing The Town

Seems Not Town \$55

The sale of five acres by the Town of Mamaroneck Park, Department to the Commission of Sanitation in New York for a sum of \$55 brought expressions of surprise from several members of the Town Board last night.

Supervisor Owen S. Mandeville said that, although several acres are sold each year, they "never brought a price like that before."

When Councilman Edward A. Keebler asked why the price was so high, David A. Embury, representing the Park Commission, explained that unless the price was high, the land would be taken over by the State.

The councilman was still shaking his head over the unusual price when Maurice Sinar had a bright idea.

"Say!" he exclaimed. "Do you think it could have anything to do with Thanksgiving?"

Embury Named For Vacancy On Town Board

The name of David A. Embury was submitted last night by the Republican Town Committee to the Town Board for consideration for appointment to fill the vacancy created on the board when Councilman James H. Drew left Nov. 2 to enter the service.

Official minutes has not yet been received by the board from L. Ed. Drewer requesting a leave of absence and the appointment of a councilman to take his place has therefore been delayed.

Mr. Embury, who resides at 465 Madison Avenue, served on the board last year during Councilman Drew's previous term of service in the Army and no other recommendation has been made by a town organization.

Councilman Monroe Silver reported last night that all sanitary sewers in the unincorporated area have been cleaned and that the trucks are working at present to collect fallen leaves. A bidress is being constructed to support the wall on Forest Avenue near Beachland Avenue, he said, and the work "should be completed within two or three days."

Reporting the activities of the Fire Department for the month of October, Councilman Edward A. Keebler quoted a communication from Chief George Barton stating that the department has received 860 feet of two and a half inch hose packed from the Office of Civilian Protection and that it has been tested to a pressure of 300 pounds and found satisfactory.

Councilman Edward G. Griffin reported on the highway, capital, special assessment and other funds a total of \$134,985.01. Impounded licenses, \$1,020.47, making a grand total of all funds of \$135,005.48.

Mrs. Stengel Resigns From Ration Board

The resignation of Mrs. Clara Stengel from the local War Price and Rationing Board was accepted yesterday with "extreme regret" by the board.

Resident of 20 Glen Eagles Drive, Larchmont, Mrs. Stengel has been a member of the board since last May, having done voluntary work to assist in the office prior to that time. Communication with the board early this week, she said she was forced to resign because of ill health.

In a letter dated Nov. 17, Mr. Room expressed the appreciation of the board for the service she has rendered and adds that it is with reluctance that he accepts her resignation on behalf of the board members.

"I don't think that anyone not with us in the early days," his letter continues, "could ever fully appreciate the work that was done for the board. It is a great relief to me to see that the memory of inadequate facilities, bushes of flies, long hours, and temporary heating system, never ending entanglements, frayed nerves, area committees will have to suffice as ever again."

District 7 In Rye Neck Area Becomes Latest Team To Reach Quota

106 ON HONOR ROLL

Another district, number seven, has gone over the top of the Village Community Chest-National War Fund Drive, as the total for the Village reached \$20,084.60 today.

Covering part of the Rye Neck area under the leadership of Mrs. R. R. Savage, the district had already recorded \$4,411.10 with several cards yet to be turned in. The average contribution in the district was twenty-five-half times as large as the average gift of a few ago, Mrs. Savage reported this morning.

In the meantime, the campaign to enroll active users on a special War Fund Honor Roll for the payment of \$25 rapidly progressing with the addition of 18 names yesterday afternoon.

Following the lead of the local firms who have sponsored several names on the list, individuals are now sending in their contributions. R. J. Dilorio, executive director of the drive, said this morning.

Those who added names yesterday included Victor Oberhammer, Myrtle M. Hayland, Mrs. J. H. Hughes, Marilyn Hooper, Mr. and Mrs. Harry W. Bell, Mrs. A. Smith, Mrs. Guy J. Woodward, Mrs. and Mrs. Wilmer Russell, Bob Immanuel, R. C. Ortiz, Barbara Jean Anderson, Dorothy Livingston, Mrs. Phillip R. Moore, Jr., Mr. G. O. RAF ASSAULT ON NAZI CHEMICAL CENTER

Mine And Power Station Blasted In Fresh Raids

LONDON, (AP)—American Liberators bombed a range far over Norway again today, blasting at Hitler's heavy northern industry and at the chemical center of the German chemical center of Ludwigsfelde.

It was the second time in three days American bombers had blasted at the chemical center of German war industry, hitherto relatively free of aerial onslaught.

A power station at Risikan about 40 miles west of Oslo, and a much-larger one at Hasneen were blasted Tuesday.

Today's targets were not identified in the reports. The American Flying Fortresses blasted at Bremen in daylight Saturday.

The world's largest chemical works, which were blasted by the RAF last night, were in the Ludwigsfelde area, where high explosives are produced. The works are owned by I.G. Farben, which is situated at Ludwigsfelde, where high explosives are produced. The works are owned by I.G. Farben, which is situated at Ludwigsfelde, where high explosives are produced.

The front of the garage on the property of Hans Wendel of 1902 Henry Avenue, Village, was destroyed yesterday when a fire of unknown origin broke out shortly before 1 P. M. The garage, which was turned in by William Kuhn, an installer, who discovered the blaze. A car parked inside the garage was not damaged.

Goeckler Gives Guest Sermon in Larchmont

Mayor Harry E. Goeckler was guest speaker Sunday morning at the Episcopal Church at 65 Byron Place, Larchmont, at the request of the rector, the Rev. Robert E. Du Val.

The sermon, delivered to a capacity audience, was in the words of Mr. Du Val: "A great help; an hour of real joy, and much inspiration."

The meeting was held under the auspices of Troop 18 of the Boy Scouts of New Rochelle, of which Mr. Martin is the leader. A violin solo was played by J. Armstrong, who was also master of ceremonies, and a song service was conducted by the Young People's Church of Larchmont.

Mayor Goeckler took for his text, "Remember now thy Creator in the days of thy youth," and declared:

"In these words lie the secret of success, accomplishment and happiness in the life of every boy, every girl, every man, and every woman. For it is the Creator who created us in the days of our youth. Then, we shall, indeed, leave our footprints on the sands of time—footprints that others passing down the way of our lives will see and follow and take heart again. So let each one of us hold true to the great words, 'Remember now thy Creator in the days of thy youth.'"

"Remember now thy Creator in the days of thy youth," teaches us the way of life. It is the foundation of all that the boy does and the partner in this church believe.

Turkeyless Menus Due For Holiday

Meat Markets Reveal Scarcity, Reporting Reduced Shipments

OTHER MEAT ON HAND

Thanksgiving turkey will be checked for most of the residents of Mamaroneck and Larchmont according to today's reports from dealers.

Meat markets in Mamaroneck are either completely out of turkeys or they haven't had them at all. One notable exception is Gratitude Bros., Inc., on 257 Madison Street, which has only 81 turkeys to fill 130 orders.

In Larchmont, the outlook is scarcely brighter, with these stores expected to take care of the demand of the entire Village. Baymore Market, on Palmer Avenue received one third of the year's quota of 500, and has only a few dozen left. Astor Meat Market on Chateaufort Avenue, got only one per cent of its ordinary shipments from New York City and Stamford, and Gratitude Bros., Inc., of Larchmont also admits to having no more than a fraction of its usual supply.

"There is a fraction of it, definitely not a penny," says the attention holder for Thanksgiving, "are some of the best turkey in the market." He met up with when consulting his butcher with regard to Thursday's turkey.

Among the interesting reports which have come in are from a patriotic dealer in Manhattan who says, "Turkeys are available in great quantities, but I won't touch them." Another one won't touch them. "I can get at least 75 turkeys, I'll buy them, but had best not get into them," says another customer. "I got only one turkey to fill all my orders, so I don't expect to handle any."

At least half a dozen dealers in the two villages have hopes of getting a patriotic dealer before Thanksgiving. In the event of a shortage, the hope is that the turkey will be sold at a profit.

SAVES JAP SEA POWER

SAVES SAMOS

Only One Aegean Island Now Left In Allied Hands

LONDON (AP)—A German broadcast said it had just been announced in Berlin that the island of Samos capitulated to German forces this morning.

The next to the last Aegean island that had been held by the Allies, Castellorizo, easternmost of the Dodecanese, is still besieged in Allied hands.

Samos, a Greek island just north of the Dodecanese and near the Turkish coast, had been under German attack at least since Saturday, according to Ankara radio broadcasts.

The Germans, obviously hoping that the British were making attempts to withdraw from the island, said that the first 100 refugees from the island had arrived in Turkey.

Levos, 20 miles south of Samos, fell to German troops 16 days after an air and sea-borne invasion launched by the Germans to check the withdrawal of their troops.

The third district to give up, stepped stones from the Balkan peninsula to the Aegean, had been captured four other small islands in the group.

PEARL HARBOR T. H. (AP) — Talk of a central Pacific drive has flamed into fierce action — invasion by American marines and soldiers of Makin and Tarawa in the Gilberts where they are fighting doggedly for a spearhead aimed at the heart of Japan's sea power.

Landing Units In Hard Fight On Beachheads

PEARL HARBOR T. H. (AP) — Talk of a central Pacific drive has flamed into fierce action — invasion by American marines and soldiers of Makin and Tarawa in the Gilberts where they are fighting doggedly for a spearhead aimed at the heart of Japan's sea power.

On the low, sandy shores where natural protection is scant for attacker and defender alike, the Americans punched out several beachheads against a strong resistance at Tarawa, the enemy's joyous base in the Gilberts, and at Makin, a smaller harbor, where they met moderate opposition.

Their landing, covered by naval units well equipped with aerial and surface bombardments, the Americans apparently ran into no Japanese resistance, although a strategic importance of the Gilberts was an excellent harbor, where the enemy's fleet in the past had foundered.

For 1,500 statute miles to the west lies the heavily fortified Truk Islands—vital link to the Nipponese sea power—and to the north the Philippines. The enemy holds powerful air bases at Jaluit, the largest island in the Gilberts.

The Americans landed Saturday, Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet, announced it 24 hours later in a communique which also said "fighting continues."

The Makin landings presumably were made on Takaotei, largest island of the Atoll. Approximately 100 miles long and a thousand miles wide, Makin is much like a man's leg and foot. Bularitari probably has seaplane facilities, an excellent base for the enemy's fleet, and a radio station, three "charlies" and a submarine base. The Makin landing was made on Beto Island which has an excellent harbor, long enough for medium bombers.

Supporting the Marines, many of them transferred to battle in the jungles of the Solomons, and the 100th Airborne Division, other units but before them to dig in; then to set up artillery and mortar platoons in the sand.

Following bombings of both the Gilberts and the Marshalls preceded the landings, and even as they came Army Liberators passed plunged to about 25 miles east of that rail junction which lies about 50 miles southeast of Kremenets, the first and second teams to reach the beach.

Village Plan on Housing Requested

Civic Club Asks Board To Include Clearance Authority in Projects

JOB'S WOULD RESULT

A petition to include a low rent housing authority among the Village's post-war projects was made at last night by the Mamaroneck Civic Club.

"The members feel the Village would not only benefit from State low rent projects, but the organization pointed out that it would create work for the building industry in the Village. After the war and also make available to families of low incomes, modern, up-to-date apartments at a low rental."

Discussing the subject, the trustees were reminded by Village Manager William H. Johnson that the Village is not authorized to do such a project which would include demolition by the Village of buildings in whatever areas chosen for construction.

The following letter from George Griffin, Director of the New York State Housing Authority, explaining the proposition was forwarded to the board by Leo Orsini, secretary of the Civic Club:

"It is necessary to understand that in order to receive State financial aid in the construction of a low rent housing project, the State requires a certain amount of State clearance. This clearance is given to the community and the Village has at least one substantial or blighted area that it would be possible to clear."

"If you have such an area and your Village officials are desirous of clearing the area, the Village may petition the State Legislature for an authority."

The matter was referred to the Village Manager, the corporation council and the assessment study.

A request from Mamaroneck Post 80 of the American Legion, asking that penalty charges of \$15.00 a water tap tax owed by the village for 1943 be eliminated, was granted by the board.

The town board took similar action on the assessment study.

In Pre-Flight School

Naval Aviation Cadet Robert E. Seana, of Larchmont, has reported to the U. S. Navy Pre-Flight School, Athens, Ga., for three months of intensive physical training and instruction in advanced ground school subjects. Upon successful completion of the course, he will be transferred to a Naval air station to begin progressive flight training preparatory to joining the U. S. Navy.

Seana, son of Mr. and Mrs. C. L. Seana, 22 Centre Avenue, Larchmont, completed Naval Pre-Flight Preparatory School at Troy, N. Y., and was transferred here from the CAA War Training Service, Miami, Fla.

Giacino at School

Frank Giacino, 25, son of Mr. and Mrs. Giacino, 474 Avenue, Larchmont, has arrived at the University of North Dakota, Grand Forks, N. D., to begin his course of study in the Department of Army Air Forces instruction prior to his appointment as an aviation cadet.

Two Trucks Collide

Two trucks were damaged this morning in a collision on the Post Road near the Junior High School. One was a Chrysler News Company truck, operated by Arthur Capogna of the Bronx, turned right from the second lane into the Junior High School driveway and collided with another vehicle driven by Dale H. Wood of Wallingford, Conn.

Meadow, No Cynable

County Medical Examiner Anna O. Squire ruled this morning that there was no sufficient evidence of culpable criminal negligence to warrant holding for action of the Grand Jury Anthony Rivabio, driver of the car which struck Patrick Jordan on Mamaroneck Avenue, Oct. 20. Rivabio was released from custody. Jordan died in the United Hospital several hours later as the result of injuries sustained in the collision.

Civic Club Donates

The Mamaroneck Civic Club voted donations to the Children's Village at Johns River, the Student Aid Fund of Mamaroneck High School in addition to a contribution to the Village Community Chest-National War Fund at the recent meeting of the organization last week.

Unattended Lights Mar Blackout

Carelessness Blamed For Many Violations; Rye Neck Siren Silent

POSTS ALL MANNED

Widespread violations of the Larchmont and Mamaroneck laws during the recent air raid last night in two months. The statewide test was generally satisfactory, it was reported.

Most of the Village violations occurred in the Rye Neck area where the siren on the roof of the Hawthorne Garden Apartments did not sound, having been removed last week for repairs. It will be reinstalled as soon as the repairs are completed.

Deputy County Commissioner William H. Johnson said the first blackout since the control room signals were transferred from the control room to the police desk and Director Johnson said he was "gratified to find out that the new procedure worked smoothly."

Chief Town Warden Harry Jennings warned against laxity this morning with regard to the blackout violators in the unincorporated areas. "Just because the siren is not on does not mean there is no reason to ignore a blackout," he declared.

The casualty statistics for the tests were fully manned and 100 warnings reported for duty.

Seven violations were reported in Central Larchmont One store and six apartment type houses were lighted.

Warning against indifference, Chief Defense Warden Frank Tretzky said: "It looks as if people were relaxing a bit for no good reason. Some of the regulations have been relaxed; they are all still in full force. People should put their lights out before they leave their homes."

In every other respect, according to Arthur Richards, deputy county director, the practices observed were mostly carried out. There were nine deaths, seven casualties and seven incidents of property damage. A total personnel of 180 cooperated in the drill.

War Council meeting which had just begun when the blackout occurred, was postponed to Dec. 11.

Honor Roll Contains 204 Service Names

The names of 21 additional area residents have been added to the National War Fund Honor Roll by 15 sponsors today, swelling the list of honored members of the armed forces to 204. The sponsors have each contributed \$2 per name.

Employees Seek Bonus Boosts From County

WHITE PLAINS—County employees believe that the recent pay bonuses they are receiving are too low and that instead of 1944 raises for 828 employees the increases should go to more than 10,000.

White Plains' employees adopted last evening at a meeting of the White Plains Civic Club Civil Service Association, A. Roger Smith, president.

The resolution, continued for 1944 in the new budget, gives 500, \$100 for those receiving less than \$1,500 and \$120 for those receiving above \$1,500 and \$200, and \$320 for those receiving above \$3,000. While expressing thanks to the County Executive and Board of Supervisors for considering these emergency payments through 1944, the association members last night asked for revision upward in the following amounts:

A bonus of \$150 for those receiving up to \$2,000, \$200 for those receiving between \$2,000 and \$5,000, and \$300 for those receiving above \$5,000. The resolution declared that the wages were still increasing living costs, and that such increases should be paid elsewhere, although costs are higher in Westchester.

McNutt Likely To Resign If Bill Is Signed

WASHINGTON, (AP)—Paul V. McNutt was described today as "on the verge" of resigning as "on the verge" that he will quit as massiveness commissioner unless President Roosevelt vetoes the new labor draft act.

The bill sent to the White House by the Senate on a vote yesterday after McNutt's voluntary resignation, is designed to speed down or halt the draft of new war factories but officials indicated it would not bring about any radical changes in present induction procedures.

1,000 RAF BOMBERS BLAST BERLIN TO BLAST ON FIRE GILBERT'S BATTLE ON

Yanks On Third Island As Japs Resist Strongly

PEARL HARBOR, (AP)—United States Marines have swiftly expanded the four-day offensive in the equatorial Gilberts by landing on a third island even as Gilbert defenders continued to put up a fierce fight while falling back from the beaches on the other two.

The fact that the war, emphatically, was the Japanese A-10 was announced by Adm. Chester W. Nimitz yesterday, a day after the disclosure of the island landings on Makin and Tarawa. The fact that the Japanese force remained in the sector—near to Japan's "Pearl Harbor"—was that it is to America's advantage.

'Blood And Guts' Apologizes To 7th For Slapping Soldier

ALLIED HEADQUARTERS, ALGIERS (AP)—It was disclosed today that Lt. Gen. George S. Patton, Jr., had apologized to all officers and men of the Seventh Army for striking a soldier during the Sicilian campaign.

Patton was not relieved of his command of the Seventh Army and was not given a formal reprimand, he received a censure from Gen. Dwight D. Eisenhower. The incident occurred on the night of the battle for the town of Cassino.

The incident was reported to the press by a military official who immediately wrote Patton a letter in which he denounced his conduct and ordered him to make amends and be removed from his command.

Patton's conduct then became as generous as it had been furious. He apologized to the soldier who had been struck, to the command of the hospital and to all those present at the time.

FDR Forwards Vet Aid Plan To Congress

WASHINGTON, (AP)—President Roosevelt sent Congress a formal request today that it do something about providing maintenance pay, unemployment allowances and social security credits for men and women in uniform.

In addition, he urged the legislators in a message to "enact without delay" an unemployment insurance system for the Merchant Marine in the armed forces.

"The Congress will agree, I am sure," Mr. Roosevelt said, "that this time, we must have plans and legislation ready for returning war veterans instead of waiting until the last moment. It will give notice to our armed forces that the people back home do not propose to let them down."

British Repel Nazi Attack Near Agnone

ALLIED HEADQUARTERS, ALGIERS (AP)—A strong German counter-attack on the British Eighth Army lines near Agnone, Italy, but was broken back after two hours of fighting, official reports from the front disclosed today.

LONDON—In the heaviest aerial bombardment in history, the RAF engulfed Berlin last night with fire and devastating explosives thundered down from 1,000 bombers.

First-hand accounts from Berlin correspondents of Stockholm newspapers told graphically how destruction ran through the heart of the city, wrecking government buildings and foreign legations.

"Berlin never can recover from this blow," the Afton-tidningen quoted its sources as saying.

Industrial areas still burning from the heavy raid last Thursday night were smoldering again. Strong formations of daylight bombers were seen over the English Channel to add further weight to the growing Allied effort to wreck the Reich by aerial assault.

The Afton-tidningen gave a preliminary estimate of 1,000 persons dead and injured. Berlin officials admitted "a very large number" of persons were killed.

There were two attacks, said the Stockholm papers. The first came early and the second later in the night. The first came early and the second later in the night. The first came early and the second later in the night.

All Districts Damaged

All the districts of the city of 5,000,000 as well as the suburbs were damaged and particularly heavy damage was done in the center of the capital near Union Square, where the Reichstag, the German parliament building, was destroyed.

It was from Speer's office of 200 rooms that he directed Germany's war production, for which he is responsible.

Nazis Attacking Along 20-Mile Russian Front

The Germans widened their main zone of counterattacks in the Ukraine along a 20-mile front between Chernyovsk and Korolyovka today as forces in the Russian front facilitated the maneuver of 100,000 German numbers of mobile guns.

Lesser but still strong counterattacks were reported at other principal points of contact from the White Sea to the Black Sea to the Danube River bend southwest of Droptrovo.

The Army newspaper Red Star said the mud which had bogged the roads had been dried completely by the frost fronts and fast-moving trying to open units to attack by main force of the Nazi army.

U. S. Joins Attack After RAF Raids Berlin, Frankfurt

LONDON, (AP)—American heavy bombers struck into northeast Germany today, taking up in daylight the massive aerial offensive against the Nazis after the RAF gave Berlin its fourth straight night of bombing and heavily attacked Frankfurt-am-Main.

The U. S. announcement did not specify immediately the target of the bombers and their fighter escort, but the Dresden radio went off the air, suggesting that much-battered port as an objective.

This was the first operation in a week by heavy formations from the 8th Air Force, the 18th Heavy Bomber Group, which on Oct. 27 when it was first sent to Europe in November and the ninth for the U. S. Air Force.

In addition to Frankfurt, the German radio said, RAF bombers hit Offenburg, Larchmont and chemical goods town at sites east of Frankfurt. Marauding RAF Mosquitoes simultaneously struck Berlin.

The twin raids were achieved with small loss. Sixteen British bombers failed to return, compared with 44 the last time Frankfurt was hit. One Mosquito was shot down, and one B-24 Superfortress was damaged.

The visit to Berlin meant the Nazi capital had been weakened by bombs on 20 out of 25 nights of November.

Although the Mosquitoes—two-engine fighters—were carrying 500-pound bombs—do not pack the punch of the four-engine bombers, they were used to clear the way for the main force.

LET'S SPLIT NAZI FORCES

WITH RAPTURE OF GOMEL; BOMBS RAINING REICH

LONDON, (AP)—The Red Army has captured G. O. M. E. and surrounding White Russian territory, completing the separation of Nazi forces of the center and the Ukraine. German broadcasts made known today that a powerful new Soviet offensive smashed gaps in enemy lines north and south of the fallen rail center.

The German communists said G. O. M. E. was destroyed before it was evacuated. Five railways radiate from the city of 145,000, last important German stronghold east of the Volga. Two lines lead into Poland, one in the direction of Brest-Litovsk and the other through Minsk to Vilna and Lithuania. Other lines connect G. O. M. E. with Moscow, Odessa and Leningrad.

In later Moscow dispatches, the army newspaper Red Star said the new Russian offensive had reached the G. O. M. E. and cut the G. O. M. E. highway, most important German lateral communication line. A major Red Army maneuver appeared under way on the frozen terrain north of the Pripiet marshes, Moscow said.

In the crucial defense battle west of Kiev, Moscow dispatches said the Ukrainian Army of Gen. Nikolai Vatutin was standing firm. The Ukrainian Army of Gen. Vatutin appeared to be weakening. New Soviet attacks were launched near Zhitomir, 45 miles north of Zhitomir.

The Russian, in its current, did not immediately confirm the capture of G. O. M. E., which has been evacuated from the G. O. M. E. area. Novo Belitsa, a suburb of G. O. M. E., has been evacuated for more than a week. G. O. M. E. is on the Jarty west bank of the Dnieper, 15 miles north of its confluence with the Dnieper. "Recent developments in the G. O. M. E. area have caused the German command to order extensive withdrawals a few days ago, which were not completely concluded by last night," a D. N. B. dispatch broadcast by Berlin said. "The evacuation of G. O. M. E. and the neighboring sectors led to a considerable improvement in German defensive positions."

Bombers Attack Formosa Only 650 Miles From Japan; Americans Blast Marshall

NEW YORK, (AP)—Allied planes struck within about 650 miles of the Japanese homeland yesterday when approximately 20 planes raided Formosa, 650 miles from the northwest coast of Formosa, the Tokyo radio said today.

The raid, unannounced by any allied source, presumably was launched from Allied bases in China. The broadcast claimed that three of the raiders were shot down by Japanese night fighters.

Subs Rip Japanese Supply Lines, Sink 505 Ships

WASHINGTON, (AP)—American submarines hitting hard at Japanese supply lines in the Pacific, have sunk nine more enemy ships, bringing to 505 the number of Japanese vessels sunk, probably sunk or damaged by United States submarines.

The latest report of the submarine activities listed seven medium freighters, one medium tanker and one medium-sized airplane transport vessel as sunk at undisclosed points.

The new sinkings boosted to 745 the number of Japanese vessels sunk by all types of American submarines since the war started.

Of the 100 credited specifically to submarines, 335 have been sunk, 46 probably sunk and 114 sunk.

Today's report on submarine activities in the Pacific came as all indications pointed toward an expansion of the already large underwater fleet.

The Navy has urged underwater forces from other branches to attend to training camps for submarine duty at New London, Conn., and the rate of submarine launches has climbed sharply in recent weeks.

The request for volunteers for submarine training was directed to the Navy Academy graduates since 1942 used to

Nixon Gets Scholarship

A scholarship has recently been awarded by the Partridge Club in New York to George Nixon, Jr., son of Mr. and Mrs. George Nixon, 45 Vanderbilt Avenue, Larchmont, after an interview in New York with Henry Duveyrier, the club's president.

Nixon is now studying at the school of Hotel Administration at Cornell University, Ithaca, N. Y., and plays the trumpet in the band at Mamaroneck High School, of which he is a graduate, he was a member of the give club, was active in basketball and was also a member of the band.

On Nov. 9 he took and passed the Y-12 Army and Navy examination, and awaits orders from the armed services after his birthday on Dec. 1, 1943.

He is spending the Thanksgiving weekend in Rochester, with his sister, Mary Nixon, who is a sophomore at the University of Rochester.

Wiggins in Training

Platt K. Wiggins, Jr., son of former Mayor P. K. Wiggins, and Mrs. Wiggins, 25 Kilmear Road, Larchmont, is now receiving an aviation cadet in the Army Air Force Pre-Flight School for pilots at Maxwell Field, near the outskirts of Montgomery, Ala.

Here Cadet Wiggins will receive nine weeks of training prior to actual flight instruction.

Cadet Wiggins was married recently to the former Margaret Edith Hallock. He is a graduate of Taft School, Watertown, and attended Cornell University, Ithaca, N. Y., from 1940 to 1942, where he was a member of the Phi Kappa Phi fraternity. He has been in the service eight months.

Lanyon in Navy Y-12

Training to become an officer in the United States Navy, William M. Lanyon, Jr., of Alden House Apts., Larchmont, has reported for active duty with the Navy Y-12 unit that has been transferred to the Mühlenberg College Campus, in Allentown, Pa.

Lanyon, son of Mr. and Mrs. William M. Lanyon, was granted a 24-month leave, and spent Thanksgiving with his parents, and was in charge of the Mount Vernon School, where he was manager of the football and hockey teams, he graduated in May, 1943, because of the six freshmen class at Bowdoin College, and was called to duty on Nov. 1.

Register Today

Headquarters of the Mamaroneck Branch of the American Red Cross will be unable to accept registrants Monday for the Blood Bank scheduled for Dec. 15, it was announced this morning by William M. Lanyon, chairman of the Mamaroneck Branch, since the necessary will be closed throughout the day.

Volunteers may register either Saturday or Sunday, however, by telephoning Mrs. Brown at Mamaroneck 418.

Roof Blazes Up

Slight damage to the roof of the house owned by Michael Mameo, of 313 Stanley Avenue, Village, resulted yesterday afternoon from a blaze caused by a burning ember which fell from the chimney. All companies under the direction of Chief Stephen Johnson answered the call.

Just before the blaze was discovered a huge Navy airplane flew over the vicinity bringing many inquiries as to whether the plane had been started from something dropped from the plane, but this was soon discounted.

The blaze was the second in two days from the same cause. A similar fire was extinguished Thursday afternoon at 828 Stuart Avenue, the residence of Harold Shorter.

Dr. Manning Will Preach At St. Thomas

The Right Rev. William T. Manning, D.D., Bishop of New York, will preach afternoon services at St. Thomas Episcopal Church in Mamaroneck. He will also confirm a class of young people and adults.

All members of the Vestry and auxiliary Vestry will march forward when the offering is presented, according to an announcement today by the Rev. Frank Deo Gifford, rector.

Honor Fund Drive Lags Under Goal

Only 9 Service Names Added To Red Bringing Total Up To But 255

BLANKS MAILED OUT

Only nine names of service men were added to the MAMARONECK Honor Fund yesterday, the smallest number during any one day since the drive started two weeks ago to raise the balance of the Village Community Chest-War Fund quota by collecting \$2 from every sponsor of a serviceman or woman. There are now 255 names listed.

No solicitation was made by workers yesterday, R. J. Diefen, executive director, said today, emphasizing the fact that seven of the nine names were sent to Community Chest headquarters with the blank clipped from The Daily Times.

In addition to the blank in the paper, others are available at City Pharmacy, The County Trust Company, The Volunteer Office, The Municipal Building, Community Chest headquarters at the Library, The Daily Times office, and the Post Office.

More than 1,000 blanks will be mailed during the weekend to village residents who may wish to sponsor a name but have been delayed in obtaining a blank.

The total amount collected to date for the Chest-War Fund drive has reached the \$21,500 mark. Mr. Diefen said this morning, leaving \$2,000 yet to be collected. If 1,000 additional service men are sponsored on the War Fund Honor Roll, the quota will be reached without further effort.

Sponsors of the names added to the list were: Mrs. W. H. and Mrs. E. W. Dufresne, Mrs. W. H. and Mrs. E. W. Dufresne, Mrs. W. H. and Mrs. E. W. Dufresne, Mrs. W. H. and Mrs. E. W. Dufresne, Mrs. W. H. and Mrs. E. W. Dufresne.

Yule Shoppers Must Carry Small Parcels

Christmas and holiday shoppers were reminded yesterday by William J. Hayes, District Manager of the Posthall ODT Division of Motor Transport, that ODT delivery restrictions prohibit retail stores from delivering packages weighing less than five pounds of combined length and girth.

Mr. Hayes explained that under amendments to three of ODT's general orders, ODT District Managers have been instructed to deny certificates of way necessity to truck operators or other individuals seeking to enter the trucking business, unless they can show that the new trucking service is necessary to the maintenance of essential civilian economy.

The restriction on deliveries has been in effect in the eastern states since June 16. Stores are also required to deliver only ODT-eligible commodities.

Mr. Hayes appealed to shoppers to cooperate with their local stores. "The public should neither ask for nor expect the delivery services they have been accustomed to in the past. The delivery restrictions have been adopted by the ODT primarily to protect and maintain domestic transportation facilities essential to the successful prosecution of the war."

RAF ARAMA HITS BERLIN IN THIRD ALL-TIME ATTACK; STUTTGART ALSO POUNDED

Huge American Air Fleet Blasted Bremen Earlier

LONDON, (AP)—The RAF's heavy armada struck Berlin, the greatest of all German targets, a third great blow with heavy burdens of explosives and incendiaries last night in the campaign to rub it from Adolph Hitler's Reich.

The fifth successive strike at the German capital and the third heavy assault since Monday night was accompanied by simultaneous attack on the major industrial center of Stuttgart, 300 miles to the southwest.

The twelfth blow split German defenses, but nevertheless enemy fighters were more effective in stemming the waves of attacking aircraft and the Air Ministry announced that 32 bombers had failed to return from the twin operations.

This compared with the loss of 29 bombers on the first night of the campaign and 20 on the second.

The operation brought a new 24-hour record in the deluge of bombs on Berlin, with 4,000 incendiary bombs and 1,000 high-explosive bombs.

With Thursday night's RAF attack on Frankfurt, Mainz and record blow by nearly 1,000 American bombers, the total tonnage of bombs dropped on Bremen yesterday, the total tonnage probably was considerably more than 4,000 tons.

When the United States Air Force bombers unleashed their torrid assault on Bremen yesterday, the RAF's heavy armada was still blasting in Berlin as the hundreds of heavy bombers roared over, returning planes reported, and the air ministry said that the weather was concentrated on the weather good for spotting the targets.

The city's most-bombarded zone probably had received a heavy bath of around 14,000 tons of bombs this year, compared with the 40,000 which flattened Hamburg.

Allied Successes Continue On All Fronts; Reds Push On Toward Polish Border

LARGE formations of British and Canadian heavy bombers again struck Berlin in their successive raid last night, the third heavy attack on the mid-German city, reported since Monday night, as reports of an broken series of Allied successes poured in from all the fronts.

A diversionary attack on Stuttgart helped bewilder the confused German defenses while the main force was over Berlin.

On the Pacific front, Allied ground troops in the central Pacific island army pushed through a gap in the German defenses left by the capture of Guadalcanal, the Polaris border, while to the north, the White Russian army moved toward the White Russian capital of Moscow.

A statement filed today by Thomas B. Sutton, treasurer of the Mamaroneck Republican Committee, disclosed the fact that \$862.04 was spent during the recent election campaign. Receipts amounted to \$1,208.90, having been received, leaving a balance of \$346.86 on hand.

Japs' Attacks Suicidal

PEARL HARBOR, (AP)—Japanese officers in full parade dress led a suicidal counter-attack against the American troops on the island of Guadalcanal, the Japanese reported today.

On the second night 100 Japs made a suicidal counter-attack, he related. They were led by four officers dressed in full parade uniforms and armed only with bayonets. Some broke through the lines, but the only hand-to-hand conflict. One American soldier, his hand almost cut off by a slash of a saber, refused to yield. He took the sword from the Jap and ran it through him twice.
