Wins Scholarship

Gioacchino Corelli, about, son of Mr. and Mrs. Rocco Corelli of 976 Mamaroneck Avenue, Mamaroneck, has been awarded a four-year scholarship to Rome University by the Italian Government.

Corelli was graduated from Santa Coloma in Frosinone, Italy where he was top man of his class each year, and was selected for the scholarship in competition with six students representing two school districts in Italy. He is studying medicine, and following his graduation, plans to practice in Mamaroneck.

While visiting his parents for 70 days last Spring, Corelli was tutored in English by Miss Josephine Millicano of the Mamaroneck Avenue School faculty and attended night school classes in English in Mamaroneck High School.

**Plenty for Halloween**  
To Larchmont Police patrolling Casawartha Avenue in the wee hours this morning it seemed as though one local baker was too soft on loaves for the odd "Anything for Halloween?"

At 3:15 A. M. the police found the rear door of the bakery unlocked and the key sticking out of the lock on the front door. Apparently it was not Halloween, but nevertheless, however, since the owner of the bake shop had no complaint to make to the police when they looked up his store for him and returned the key later in the morning.

**Patrons Promoted**  
William C. Parsons, son of Mrs. W. S. Parsons and the late Mr. Parsons of Chatsworth Gardens, Larchmont, has won a promotion for proficiency in Army ROTC work as Reserve Petty Officer, Second Grade.

**The Real Thing**  
Along with other funeral home characters abroad in Larchmont last night, appeared two undertakers, engaged as were many of their spiritual colleagues, in various enterprises.

**Grievance Day Coming**  
Larchmont property owners, smacking this morning under notices of assessment filed by Village Assessor Frank Barnes, have from now until Nov. 15 to consult the assessment books in the Board Room of the Municipal Building.

**A Quiet Night**  
Last night the present seemed almost dead more attractive to Mamaroneck police than the usually hostile "good" days of Halloween, a date that in former years was as pleasant for a policeman as it was for a citizen.

**RYE GOP CANDIDATES SPEAK HERE TONIGHT**

Two of five Republican candidates will speak tonight at 8 o'clock at a rally sponsored by the Rye Young Women's Club at the Rye Club, Boston Post Road.

Appearing will be Supervisor Arthur Summaro, Richard A. O'Connell and five other candidates. C. Leslie Comstock, town clerk; Henry D. Holden, Justice of the Peace; Benjamin Scherer, school director; and Matthew B. West, superintendent of highways.

## ASSESSMENT ROLL Bond Rating Assailed By Mills; Republicans See Policies Approved

Barnes Reports An Increase Of \$183,173 Over 1949 Figure

The 1950 tentative assessment roll completed this week for Larchmont shows a total property value of \$24,333,374 for the village, a rise of \$183,173 over last year's figure of \$24,150,201. Assessor Frank E. Barnes reported this morning.

Comments on the increase, Mr. Barnes attributed roughly a \$55,000 portion of the margin to new construction and additions, and the balance to a general increase in valuations which started last year.

In 1943 all assessments were reduced by 15 per cent but prices have since risen to the point where valuations are being assessed far below actual sale values. Last year, assessment hikes were begun in an attempt to bring valuations up to the level of actual values by 1950. The 1953 target is expected to be influenced by the present sale-value of Larchmont property and it is assumed that a further adjustment will be made.

**Waterman Says Opponents' Platform Echoes GOP Administration**

The platform proposed by the Town of Mamaroneck Independent Party reveals only "what they like" like the Republican administration has done in recent years and they want to give you more of the same," Jeremiah C. Waterman, GOP candidate for Town Councilman told the Young Men's Republican Club of Larchmont at the VFW Club house.

"The platform is largely just a restatement of principles that have governed the administration of this town ever since Owen Mandeville became supervisor," said Mr. Waterman in a major speech of the GOP campaign. "Only they say they can do it better."

Introduced by Edwin B. Dooly, Republican campaign manager, Mr. Waterman asked, "How can a letter be both independent and Democratic? Yet the so-called independent candidates are running on the Democratic ticket. They say that they 'disavow any affiliation' with the Democrats, yet they are all members of the party."

**Blasts Damage Postal Building**

WASHINGTON, (AP) — Fire, accompanied by a rumbling series of explosions, caused heavy damage to the million-dollar Post Office Department building today and sent hundreds of government employees fleeing to the streets.

**Double Feature at Playhouse Tomorrow to Aid Youth Work**

Instead of the annual festival for many years to raise funds for the Mamaroneck Kiwanis Club this year has substituted a movie program, which will be given at the Playhouse at 8:15 P. M. tomorrow.

**Democratic Candidate Hits Mandeville's Claims As False**

George E. Mills Jr., candidate for supervisor of the Democratic and Independent Voters' Parties, last night called against the "Bait" rating of Town of Mamaroneck bonds in a speech given at the home of Leonard Erickson, Forest Avenue, Larchmont.

Others speaking at the home meeting were Francis X. O'Donnell, president of the Young Men's Republican Club, and Mr. Louis Pinsky Chabson, candidate for school director.

At the opening of his speech, Mr. O'Donnell said that the "Bait" rating of the town's bonds was a "disgrace" and that the town's credit should be restored.

## Chamber Represented

The Mamaroneck Chamber of Commerce and the Village Mamaroneck were represented at yesterday's ceremonies at the Westchester County Airport by Arthur Dunn Jr. executive secretary of the Chamber. When the Convair, later christened "Westchester," arrived from New York he greeted the newsmen. Miss Janis Dahlman of Larchmont, attended the christening ceremonies, rode as a guest on the first flight of the Flashship Westchester and attended the cocktail party at the Westchester Country Club which followed.

The Chamber of Commerce wrote a letter to the Airport officials congratulating them on "a fine job of promotion," which resulted in the inauguration of regular scheduled flights. The service established by American Airlines "marks a big step forward in the development of the business, civic and social life of the best County in the country," the letter said.

The letter was read in full over the loud speaker system installed for the occasion.

## Ice Cream Breakfast

Just one degree removed from Santa Claus himself, in the kids eyes at least, should be Howard G. Grant, 130 Cedar Street, Larchmont, who last week addressed a convention of the International Association of Ice Cream Manufacturers in Los Angeles.

Mr. Grant, who is editor and publisher of "Ice Cream Field," national trade organ, spoke on "Developing New Outlets," for the ice-cream business, and even town halls, for his last product.

At present vacationing with Mrs. Grant at Arrowhead and Palm Springs, California, the ice cream promoter will go to Cleveland, Ohio, Nov. 9, to act as chairman of an "Ice Cream Breakfast," an idea which he originated.

## Surprised Democrats

Two surprised Democrats who attended last night's Democratic-Independent Voters Party rally in Carpenter's Hall on Ward Avenue, Mamaroneck, were Judge and Mrs. Vincent DePauli. Chairman, who received an unexpected message of flowers from the forty-fifth wedding anniversary.

Judge Connors, who is the oldest County Democratic committeeman, and oldest living politician in New Rochelle, presided at the local committee for his gesture of recognition.

## On Dulles' Committee

Alma Kitchell of 69 North Chateaufort Avenue, Larchmont, has been named to membership on the Westchester County Independent Citizens Committee for the election of Senator John P. Dulles, it was announced today by Charles Evans Hughes Jr., chairman of a statewide Independent Citizens Committee.

Mrs. Kitchell, a radio and television personality who formerly appeared on her own national radio program, "Woman's Exchange," is a suburban resident of Larchmont Avenue Church.

## Fall Flowers

Chrysantheums in vivid fall shades which have been planted and maintained by the planning and improvement committee of the Garden Club of Mamaroneck are now in bloom. The club was housed side of the Mamaroneck Railroad Station.

The planting is a civic project of the Garden Club, under the chairmanship of Mrs. John W. Roberts, with Mrs. John M. Spender as co-chairman. Chrysantheum plants were contributed by club members.

## Prepared for Winter

Residents are usually prepared for anything in the way of a strange escapade around Matthews, on, but Sunday afternoon an apparition on Delancy Avenue, caused some head scratching.

A six-year-old had prepared herself for All Hallow's Eve and for an early Winter at the same time. Walking nonchalantly across the street parked in a Halloween costume, she was carrying, of all things, a sled.

# TO MEET FRIDAY IN PUBLIC DEBATE

## Agreement Among Three Parties Reported For Town Meeting

Spokesmen for the Democratic, Republican and Independent Voters Parties have reached an agreement on a proposal for a town meeting debate between rival candidates and have set 8:30 P. M. Friday as the date and the Chateaufort Avenue School auditorium as the place, it was announced by Arthur H. Dooley, Republican campaign chairman, at a party dinner in the Wings Pool Golf Club.

Conditions for the meeting are now being worked out among George P. Foster Jr., representing the republican party; Charles H. Gervani, chairman of the Independent Voters Party and Henry T. Zeiger, Democratic town chairman.

## MCGRATH ASSAILS PVE, GOP REGIME

The meeting which had originally been suggested on Oct. 14, by Daily Times editorial, will have as its moderator, Andrew Wilson, 111, Wood St. 2 veteran, of Pikes Peak.

Mr. McGrath this morning issued the following statement: "A review of the debate status seems advisable at this time owing to a few remaining days to the election."

Mr. McGrath called me Monday night at Monday, Sunday and Saturday would not be suitable.

## SAMMARCO VIEWS ECONOMY RECORD

### Town's Fiscal Achievements Stressed in GOP Rally

The strong financial position of the Town of Rye was stressed by Republican candidates for town offices last night at a rally held in the Rye Club, Mamaroneck, under the auspices of the Young Men's Republican Club of Rye.

Reviewing the achievements of his administration, Supervisor Arthur G. Sammarco pointed out that since he took office in 1941 the Town of Rye overall bonded debt has been reduced from \$925,000 to \$222,000 and that there will be a general tax takes for the year 1949, the fourth consecutive year in which no general levies resulted in a substantial increase.

"Of the \$222,000 remaining on the town's indebtedness," he said, "the City of Rye is obligated to pay \$82,844.20 under the provisions of their City Charter and the unincorporated area will be obligated to pay \$62,000 for sewers and special debt. The balance of the debt is distributed as follows: The Village of Post Chester, \$44,081; the Rye Neck and the Village of Mamaroneck, \$21,274, and the unincorporated area, \$15,799."

## HARRISON MAN HURT IN LARCHMONT CRASH

Reginald M. Sullivan of 197 Vermont Street, Harrison, suffered a fractured hip, fractured foot and a lacerated forehead at 8:05 A. M. today when the front end of his car was struck in a collision with a large trailer truck as the Post Road and Weaver Street in Larchmont.

The driver of the truck, James A. Viviano of Clifton, N. J., told Town of Mamaroneck police that he was driving west on the Post Road when he struck Sullivan's car.

The truck driver was arrested on charges of driving with a suspended license and was held in the Larchmont Jail last night, as traffic violations struck a low ebb.

## Drivers Report Theft Of 2 Radios From Cars

Someone who could be indefinitely fond of current radio fare lifted one, and possibly two, auto radios from cars parked in a parking lot last night.

The club commented Charles Warren, principal of the Mamaroneck Avenue School, for starting a club sock pack under the sponsorship of the Mamaroneck Avenue PTA.

It was announced that a blind woman would be provided a talking book and cassette tapes. The Queens Village Manager, Mrs. M. Johnson, who is the secretary, was Richard H. Thurston, merely of Mamaroneck.

# Mokey Raps 'Indigent Voters Party' In Talk Before 350

## Democrat's Nominee For Post of Supervisor Lashes Sammarco

In a biting attack on the Democratic Party's theory of planned economy which he branded a "phony," Arthur H. "Red" Mokey of Larchmont, held an audience of 350 Republicans last night at the Independent Voters Party, which he termed the "Indigent Voters Party" in preaching the same sort of doctrine in the town election campaign.

Speaking at the Wings Pool Golf Club at a dinner in honor of Supervisor Owen A. Mandeville and the other Republican town candidates, Mr. Mokey, publisher of the weekly newspaper supplement, "Parade," said he was "amazed to have listened around Larchmont to speakers for the Independent Voters Party promising everything to the voters including swimming pools if you don't live near the water, woods if you live in the water and your lawn mowed free every Sunday if you wish."

Mr. Mokey asserted, "Our present Republican Supervisor has rejected in his own right the efficient administration, so let us examine a few facts to see how efficient he really is, and how well he represents us on the Board of Supervisors."

"In most counties, State aid, which combines monies collected from State income tax, liquor and mercantile taxes, is distributed on a per capita basis of \$6.75 for villages, \$3.55 for towns and \$2 for cities. In Westchester, however, the State remits the amount in a lump sum to the county based upon those amounts per capita, our county has evolved a method of distribution based upon assessed valuation instead of per capita."

As a result of this arrangement, Mr. Mokey asserted that the Town of Rye, which is heavy in population but small in area with two small villages, receives about \$87,000 a year in excess of over \$107,000 as it should. This means a loss of \$21,000 simply because our supervisor is not giving us the representation he should on the Board of Supervisors."

## LIONS CLUB OUTLINES PROPOSED ACTIVITIES

Future projects with the emphasis upon harbor improvement and youth activities topped the list of subjects discussed yesterday at an open meeting of the Mamaroneck Lions Club at the Greenhills Inn.

Gabriel Wendel, chairman of the youth committee, was asked to prepare and submit an annual report of the club's youth work.

The club commented Charles Warren, principal of the Mamaroneck Avenue School, for starting a club sock pack under the sponsorship of the Mamaroneck Avenue PTA.

# DEMOCRATS BLARE BOSSISM CHARGE IN RALLY

## Town Candidates Address Audience at Carpenter Hall Here

Charges of bossism, one-man rule and politics by the Mamaroneck Town Fire Department were hurled at the heads of Republican incumbents for town offices last night as all four candidates of the Democratic and Independent Voters Party spoke at a coalition rally in Carpenter's Hall on Ward Avenue in Mamaroneck.

George E. Mills Jr. led off with a general barrage at his opponent, Supervisor Owen A. Mandeville, which he took Mr. Mandeville to task for his alleged indifference to veterans' claims. His opposition to pay increases for the Town's paid firemen, and his refusal to vote on 11 out of 213 motions in 1946, Mr. Mills explained that between speakers recently he was able to review the minutes of that entire year.

"There were 211 motions passed by the Town Board," Mr. Mills said, "and of these 209 were purely routine motions. There were only two questions on which there was a discussion, and on the final vote I opposed one of them."

On the other question I refused to vote on the grounds of the legality of the matter."

"Whose record would you say was the better?" the candidate demanded, "the present supervisor's or mine?"

"I also noticed while going through the minutes that the outgoing supervisor was not anxious to do anything about veterans' housing," Mr. Mills said. It was reprimanded once for speaking about cooperative veterans' housing to the Larchmont Rotary Club in 1946, and asked by the supervisor whether he spoke for the Town Board or for myself on this subject."

Mr. Mills also noticed in the minutes, he said, regarding increasing of the paid firemen's wages in the years ahead," he declared.

"The opposition which is trying to convince us that we can have everything for nothing is either stupid or dishonest."

The issues in this campaign come down to the kind of philosophy we in America want to follow in the years ahead," he declared.

# 180 BIKE RIDERS - ON HONOR LIST

## Safe Practices On Highway Noted By Police In Village Drive

Names of 180 pupils of Mamaroneck's grammar, parochial and junior high schools are on record at Village police headquarters for observing good bicycle riding habits, Police Lt. Herman Faust reported yesterday.

The large number of riders commended for good habits was commensurate with the total of 28 riders "booked" for failure to observe traffic regulations in the police and traffic talk delivered at the schools during the second week in October.

As a part of the program the good-riding reports will be judged by a commission of public officials including Chief of Police Paul Matersien and 30 awards will be distributed among those students who observed the best safety practices.

The program, originally reported by Bicycle Safety Week, will continue throughout the year with monthly "Patrol" reports.

At various times during the school year the Police will compile the results of their observation of school cyclists and turn the material over to the school principals, who are cooperating in the safety program.

Also at different times between now and June, the lieutenant said, other groups of prizes will be awarded for bicycle safety. No date has been set yet for the judging of the first group of 180 children, but Lt. Faust says he expects the awards to be made sometime this week or next.

# PLANE DEAD IN CLASH

## Include Five From County

Westchester mourns five of its residents who lost their lives in the plane crash at Washington yesterday.

Raymond E. Deane Jr., thirty-three, of Glenwood Gardens, Yorkers, he was account executive of the Bureau of Advertising, American Newspaper Publishers Association. Army major in World War II, Mr. Deane served in the South Pacific. He is survived by his wife, Mrs. Virginia R. Deane; two daughters, Virginia and Barbara Evelyn; his father, two brothers and a sister.

At breakfast, prior to leaving for the airport, his little daughter, Virginia, six, said, "Daddy, don't take that plane. It's going to crash if you do, sit in front and you won't be hurt."

John W. Shabouh, sixty-eight, of Locust Lane, Bronxville, was founder and only president of the first Federal Savings and Loan Association of New York. For the last four years he has been chairman of the Bronxville Planning Commission and was also a director of the Bronxville Trust Company, the Regional Plan Association, the District of Columbia, and the Federal Reserve Bank of New York.

In 1938 Mr. Taylor was instrumental in arranging a loan to develop the Port Hill Village estates in the Bronx.

Other speakers included Alan C. Abeel, general chairman of the board of trustees, and Harry Schmedes, W. D. Dickson, president of the Men's Association of the church, was toastmaster.

This year's budget amounts to \$76,778. Mr. Abeel stated, representing a 12 per cent rise over that of last year. It is the highest in the church's history.

# Marine Tragedy Brings Plea For Tighter Control

## CIO RIGHT WING ADVOCATES STATUTES TO BAR COMMIES

WASHINGTON (AP) - The Marine Corps is planning 55 candidates to include five from Westchester to death near the Washington Airport. Congressmen demand for tighter regulations on military planes flying in commercial air space.

Spade work for formal government hearings went ahead even as the Marine Corps still struggles in the muddy waters of the Potomac River for the bodies of victims of the airline's work last year.

Working through the night until 4:30, the board had recovered 46 bodies by mid-morning.

A Navy barge, equipped with a crane, was sent to the scene. The hope was that it could lift the forepart of the airplane from the water and that bodies still in the water would be found in it.

Shown members of Congress, stunned by the loss of one of their own airplanes, promised a complete air safety investigation. The Civil Aeronautics Board said it will start in a few days. The airline scheduled a probe of its own.

The disaster occurred as the DC-4 transport headed into the National Airport for a landing shortly before noon, flying at about 300 feet.

It was a routine stop, the Coast Guard said. The plane was an Orleans run, fifty-one passengers and a crew of four were aboard.

To the rescue, the Coast Guard called for landing instructions came by Bufile's top airman, Fred Egan. Egan, a pilot, was testing the twin-engine plane, which his government had purchased from the United States.

The airport tower operator a half-mile away sent the P38 bear down.

# Congress Leaders Call For Curbs On Military Flights

## WASHINGTON (AP) - The Marine Corps is planning 55 candidates to include five from Westchester to death near the Washington Airport. Congressmen demand for tighter regulations on military planes flying in commercial air space.

Spade work for formal government hearings went ahead even as the Marine Corps still struggles in the muddy waters of the Potomac River for the bodies of victims of the airline's work last year.

Working through the night until 4:30, the board had recovered 46 bodies by mid-morning.

A Navy barge, equipped with a crane, was sent to the scene. The hope was that it could lift the forepart of the airplane from the water and that bodies still in the water would be found in it.

Shown members of Congress, stunned by the loss of one of their own airplanes, promised a complete air safety investigation. The Civil Aeronautics Board said it will start in a few days. The airline scheduled a probe of its own.

# Tombing The Town

## En Route from Japan

Lt. George D. deHans of Larchmont is leaving Japan shortly and expects home by Christmas. His mother, Mrs. Ida deHans, of 28 Rockland Avenue, Larchmont, revealed this morning. Lt. deHans, who was promoted from second to first lieutenant in the Korean last January, will report for duty at Fort Lewis, Washington, Jan. 15.

A graduate of Trinity High School in New York City and former student at the Admiral Parent Academy, deHans enlisted in the Army in 1942 and received his commission at Fort Benning, Ga., in 1947. He was sent to Korea in November of that year and served there until his transfer to Japan last January.

## Good Deeds

Residents of Larchmont living near the Chateaufort Avenue School who found their evening chores complicated recently, should last night can thank the Boy Scouts of Troop Seven.

The scouts were "fracturing" their slogan. "Do a good turn daily" and scattered about the town looking for good deeds to do. This spirit of helpfulness resulted in super heroes who braved the cold, dried, sprinkled and polished swept, dogs walked, garbage disposed of, and conveniences taken accomplished. Cakes and cakes sometimes offered as reward to the scouts were not always refused.

## Inventor on Video

If you want to appear on a television program, all you need to do is invent something as original or useful as a vest with a built-in heating unit.

This was the achievement of Felix A. Goudimoff of 10 Summit Avenue, Larchmont, who featured him a spot on "Tuesday's Road Show" program on Channel 13, Tuesday, Nov. 3. The program features inventors and their inventions.

Not as impractical as it sounds, Mr. Goudimoff's "ego-vest" is a pretty handy gadget for sufferers of some diseases. Mr. Goudimoff, who is engaged in export-import work, invents in his spare time.

## Tickets for Benefit

Those wishing reserved tickets for the presentation of "See How They Run" Nov. 18, 17 and 18 at the Mamaroneck Junior High School by the Fire Department should order them through the Fire Department.

## DEBATE TO GO ON TONIGHT DESPITE TECHNICAL SNAGS

All Three Parties Agree To Present Nominees Despite Dispute

Despite last-minute technical snags between opposing parties, the town meeting political debate slated for 8:30 o'clock tonight at the Chateaufort Avenue School auditorium will go on as scheduled.

Spoken for by all three parties in the town election held Monday by late this morning that their candidates will be on the platform for the campaign issues, although methods of procedure had not been agreed upon.

Second issue in the Independent Voters Party leaders were split wide apart on the order in which their candidates for supervisor should appear. Charles H. Greenall, chairman of the Independent Voters group, insisted that Councilman George E. Mills, Jr., should go on last due to the moderator, Supervisor Owen A. Mandeville will be last to speak at the podium.

Third issue in the dispute over procedure was Mr. Mandeville's position that questions from the audience should be permitted following the debate. This Mr. Greenall opposed. He did, however, offer a counter-suggestion this morning that all questions be asked before the candidates begin their speeches.

## EXPERIENCE HELD ELECTIVE ISSUE

Reclect Qualified Officials, Gertach Tells GOP Rye Town Rally

"The only issue up for the voters in Westchester County at next Tuesday's election is whether they want to continue in office qualified men of long experience or elect non-experienced men in municipal offices," said County Executive Gertach at a Rye town rally.

Gertach, who is running for reelection, declared last night at a rally of the Rye and Village of Port Chester Republican Committees in the town hall.

The rally followed a buffet supper for 200 Town of Rye district leaders and voters. Other Republican county candidates who spoke briefly were District Attorney George M. Paul and Clerk Robert J. Field, both of whom stressed the record of the Republican nominees in the county "for good government" and also paid tribute to Arthur G. Sammarco, chairman of the Westchester County Board of Supervisors and candidate for reelection.

Supervisor Sammarco reviewed record of the Republican county candidates and gave a suspended sentence by Judge John R. Cahill in Larchmont Police Court last night after charges of forgery filed against her last March were returned to a charge of misdemeanor.

The forgery charge was originally filed by H. D. Bassi, Larchmont druggist.

Seven other persons were adjudged guilty and given a suspended sentence by Judge John R. Cahill of \$35. Roger Perault of New Rochelle was charged with forgery on Post Road, and fines of \$2 each for parking offenses were paid by Arthur B. Cello of Rye and Larchmonters Doris Ellis of 19 Linden Avenue, Sidney Levine of 6 West Avenue, Helen S. Murray of Larchmont Acres, Marguerite Meyer of 4 Brook Place and Rose E. Riccardi of 15 Lafayette Street.

## Mobs Attack Police Riot As Harlem Greeted Red Leader

NEW YORK (AP)—Eleven top American Communists went free on bond last night... that three hours later a truck-borne Harlem mob forced six police in a wild melee-home for one of the Red flag.

The Communist blazes stirred ball bonds totalling \$260,000 and walked off with a freedom that was not to be put in a Supreme Court review their recent conviction on charges of conspiring to advocate violent overthrow of the U. S. Government.

Defendant Benjamin J. Davis Jr., City Councilman, made a stirring speech in Harlem. He made a speech in Harlem on "This Year on Our Own Land" Wednesday evening at 6:30 in St. Augustine's Auditorium in Larchmont. Father Gannan is now Superior in charge of retreat at Mount Marion, Jesuit retreat house on Staten Island. The program will be given under the auspices of the Westchester Chapter of the Manhattanville Alumnae Association.

A crowd of about 2,000 cheered the speakers and then began a torchlight parade up Lenox Avenue through the tense, crowded heart of New York's big Negro ghetto.

A handful of police stood by. Officers later said the marchers endangered bystanders by waving their flickering torches.

Three police cars swung around Lenox Avenue at 144th Street. The paraders broke the thin police line and spilled around the cars, chanting in tune with a sound truck "we will not be moved."

From rooftops came a barrage of bottles, bricks, saucers, cups and other missiles.

Over the sound truck loud-speakers blared:

"We are not going to be moved."

## PROJECTS TO COST \$1,085,000 CITED IN BOUNTY PLANS

Projects Recommended For Study As 1950 Program Of Improvements

"Study by the county of capital improvements aggregating \$1,085,000 in estimated cost is recommended in the annual report filed with the Supervisors today by the Westchester Department of Planning.

However, Planning Director Hugh R. Pomeroy stressed that the projects listed merely represent a "clearance" in the light of desirability, and as satisfactory from a planning standpoint. The projects, he added, are not urged for adoption in the 1950 County budget but are merely approved. Among the projects approved are the following:

Garassans Hospital, water-line connection to Knollwood Water District, \$72,000; Knollwood plant improvements, \$20,000; Bronx Street, Yonkers, Mount Vernon-Yonkers County's share of repair, \$90,000; New Lane at Fall Station; Saw Mill River Parkway, two additional lanes at Fall station in Yonkers, \$10,000; reconstruct and sink pavement at Pleasantville, \$70,000; Hutchinson River Parkway, (Turn to Page 11, Please)

## Victory Seen For County GOP, But Majorities May Topple

By HUGH W. ROBERTSON

On the county level, next Tuesday's election forecast is that the Republican candidates for county office will win but by majorities somewhat reduced from previous years.

The Board of Supervisors, now composed of 38 Republicans and seven Democrats, will remain heavily GOP in complexion, but with a possibility that the Democrats may pick up an extra two or three members.

Democratic candidates for county office, comprising perhaps as much as 10 years less in age than their GOP opponents, have put on an unusually lively campaign this year.

By comparison, that of the Republicans has been routine and was verging upon the lethargic. The impression to outsiders is that the GOP campaign has been based upon the expectation that the heavily predominant Republican enrollment of voters will carry the party through without an upset.

Surrogate Charles H. Cluffield of New Rochelle is endorsed by both major parties so his reelection is certain.

Needs Easy Win for Top Posts County Executive Herbert C. Gertach of Ossining and County Clerk Robert J. Field of Peekskill will each run for a third term, are expected to be reelected without special difficulty. District Attorney George M. Paul of New Rochelle seeking a second term, is expected to win without trouble, as is true of Sheriff Fred W. Ruscio of Lake Waccabuc, now serving by gubernatorial appointment.

An intangible factor in this year's campaign, which may affect the GOP candidates, is the reaction among voters to the disturbances at Peekskill at the time of the Paul Robinson concert.

Some political observers feel those incidents may cut the vote of Sheriff Ruscio and District Attorney Paul, who were in charge of law enforcement authorities at the scene, as well as the vote of County Clerk Field, who was also involved through a political appointment.

## THROUGH ATTEMPTS COLLEGE PARLEY

14th Annual MHS Conference Follows PTA Luncheon At Oraneta

More than 500 Mamaroneck High School sophomores, juniors and seniors, and other groups of students from Bellows, Rev. Harrison and Port Chester High Schools explored possibilities for post-high school study sessions as they attended the 14th annual College Conference Day sponsored by the High School PTA.

Seventy-four deans, registrars, directors of admissions and alumni, representing 17 institutions of higher learning granted 1,334 individual student interviews and conducted three conference periods during the two-and-a-half-hour session, a feature of the High School's guidance program.

The conference, which followed a dinner for the visiting representatives at the Oraneta Beach Club sponsored by the High School PTA, afforded students the opportunity to learn about curricula, advantages, costs, and entrance requirements of the schools in which they are interested. Nearly 400 parents also attended the conference.

## 2 BROTHERS SAVED AFTER TRAWLER SINKS

Two brothers were rescued from a collapsed raft yesterday after their 50-foot fishing trawler sprang a leak and sank about 20 miles out in the Atlantic Ocean.

The fishermen, Felix C. Birch, thirty-two, and his brother, William, thirty, of 919 Stewart Avenue, Mamaroneck, were unharmed. They were the only persons aboard the trawler.

They said their trawler, Rose W. was backing in the engine room. When it became apparent the pumps would not keep her afloat, the brothers took to the raft.

Coast Guard plane from the Plymouth Beach Field located the raft and gave radio directions to rescue craft nearby. The two men were picked up by the fishing boat, Old Mystic, in Connecticut, in about 30 minutes.

Earlier, it had been reported that there were five persons aboard.

## 3 U. S. Airmen Saved, 10 Die As B-29 Crashes And Burns

HAMILTON, Bermuda (AP)—A B-29 superfortress crippled by engine trouble, crashed into the sea a mile from shore last night. The big plane caught fire after hitting the water and one of the 13 U. S. airmen aboard were killed.

Four crewmen managed to jump out after the stricken bomber plowed into the waves but one died of burns a few minutes later. The three survivors were taken to the U. S. Base Field hospital at nearby Kindley.

Col. Jack Herring, the Kindley Field commander, said the plane had turned back from a weather observation flight when one of its four engines failed. Losing altitude, the disabled plane approached Kindley Field but was unable to land because another plane was on the runway. Merrill said.

Shore Club Will Be Scene Of Entertainment and Dance Jan. 14

The first annual benefit entertainment and dance of the Westchester Shore Humane Society will be held Jan. 14, 1950, at the Larchmont Shore Club, Frank P. Bibas, Director of the Society, announced this morning.

"The purpose of the entertainment and dance," the director explains, "is to raise money so that the Humane Society can keep its property and continue the important community service it is now rendering."

"We are threatened with the loss of our animal shelter if we cannot meet the second mortgage due March 1."

Mr. Bibas declared that \$4,000 worth of tickets have been sold to date and expressed optimism over the results of the benefit.

## ARENAL TOYS PLAYED DOWN AT NEW SHOP

It seems that at least one local toy store is set up for a clientele that is not composed exclusively of future gangsters and murderers.

"Playtime," a shop on Larchmont Avenue, Larchmont, that two weeks ago came under the management of Mr. and Mrs. Robert Cole of White Plains is completely a front window that looks more like a collection of toys than an underground arsenal.

"We keep the Tommy-guns, cannons, and toy soldiers in the back," says Mr. Cole as he refers to the more blood-thirsty customers to his wife, a graduate of child education at the University of Geneva, Switzerland.

Mr. Cole, who is responsible for the store's merchandise, making, modeling and building equipment in the establishment, explains that it is the purpose of the store to foster and implement the creative ability in children. On the wall hangs one lone-some brace of cowboy's "six gun" cap pistols. "Oh well," the proprietor comment, "we felt we had to make some concession to American history."

## GOP CHIEF HITS BACK AT TRUMAN

Says Government Is Taking More From People Than Eating Costs

WASHINGTON (AP)—Guy Cabellison, Republican National chairman, said today the Truman brand of government is taking more from the American people than it gives them to eat and is piling up debts for their children to pay.

Cabellison cracked back at a statement by Truman in a statement as a "villification" of the record of the GOP since 1945.

The President's address—calling on lawmakers to enact his Fair Deal program as a "stanch shield" against communism—and Cabellison's reply were preliminary firm in a 1950 Congressional election campaign that is beginning to look like one of the hottest in history.

Reports from Mr. Truman's homebound train said he was so pleased with the reception he had on his trip to the Twin Cities that he is more inclined than ever to make a full-fledged stump tour next year in behalf of Congressional candidates who will back his program.

There are signs, too, that foreign policy may yet develop into a major issue. That foreign policy splits among Republicans points that way.

## BOARD SCANS USE OF 'PAPER' STREET FOR PARKING LOT

### Proposal to Pave Extension of Addison St. Referred To Commission

A proposal that Larchmont have the extension of Addison Street at present only a theoretical right-of-way to the east of Chatsworth Avenue, was referred to the Planning Commission last night by the Board of Trustees.

Joseph Gagliardi, representing the extension of Addison Street, proposed that the village, at a cost of \$1,200 to \$1,700, pave the extension and permit its use as parking space in conjunction with building space on the adjacent property by the Allen-Addison Company. The compact, Mr. Gagliardi, to make its space a public parking facility if the village would pave the extension of Addison Street and add to the compact the right of way.

Mr. Gagliardi pointed out that the present plans for the parking space would have an average difference in grade of five feet between the paved parking lot and the unpaved Addison Street extension. He declared that his clients are ready to fill in the "paper street" if the village would provide the truck-ramp and paving.

## COOL RECEPTION

A letter from John Bauer of the American Public Utilities Bureau received a cool reception from the Larchmont Board of Trustees last night.

Mr. Bauer, who had been retained as a rate expert by the Westchester municipalities in the recent New Haven Commission rate case before the Public Service Commission, suggested that Larchmont look in with \$1,200 to \$1,700 of his total fee of \$7,500. The Mayor looked at the trustees and the trustees looked at each other, and all finally looked at Village Attorney William McWilliams.

Mr. McWilliams shook his head. He said that Larchmont had made no definite commitment to share the expenses of the rate expert, having been represented at the inter-municipal conference in Mount Vernon last March by an unofficial delegate Herbert Askwild.

Mr. Askwild, a Larchmont resident who has served the rate railroad with unremitting diligence throughout the rate controversy, explained this morning that he made no commitment for Larchmont, although he praised the work of Mr. Bauer.

## FAIR DEAL FACES NEW TEST TODAY AT STATE POLLS

### Race Between Dulles And Lehman Tops All Other Contests In Nation

By The Associated Press  
President Truman's "Fair Deal" program came in for a major public test today at the hands of an estimated 5,500,000 New Yorkers voting on the election of a United States Senator.

The bitter contest between Senator John Foster Dulles, republican, and former Democratic Governor Herbert H. Lehman far overshadowed a number of other contests and issues in scattered elections across the nation.

The two men, both prominent public figures, campaigned hard to fill out the unexcused term of former Senator Robert F. Wagner, D. N. Y., a "New Deal" stalwart who resigned because of ill health last year. His death prevented the scrap into a preview of the 1950 campaign.

Wagner's term will expire in January 1951. The slate of the two candidates plus their clear-cut definition of issues has projected the scrap into a preview of the 1950 campaign where the control of Congress will be at stake.

There also will be inevitable comparisons with 1948, when Dewey carried New York in his losing Presidential campaign against Truman.

In the New York City Mayoralty contest, William O'Dwyer, the Democratic incumbent, had the backing of President Truman. O'Dwyer predicted victory but so did his two major opponents, Newbold Morris, the Republican-Liberal-Paction candidate, and Representative Vito Marcantonio, American Labor party.

Marcantonio described himself as an underdog. He may have a shot to go with the outcome, however. Most politicians feared Morris would win if Marcantonio polled as much as one-fifth of the 2,500,000 votes expected. His figure, O'Dwyer to win if Marcantonio's vote was far short of 500,000.

New Jersey, another state that went Republican in 1948, was the scene for a bitter battle predicted in advance to be close. The fight was between Republican Governor Dr. Dreyfus and Democratic State Senator Elmer

### Larchmont Resident to Head Parkchester Area For Metropolitan Life

Donald C. Martin of 35 Briarcliff Road, Larchmont, has been appointed manager of the Metropolitan Life Insurance Company's Parkchester District. It was announced this morning.

The district organization consists of two assistant managers, eleven agents and a clerical staff of five.

Mr. Martin, who holds a degree in civil engineering from Rensselaer Polytechnic Institute, has been associated with Metropolitan Life since 1933.

During the war he held the rank of lieutenant in the Navy, serving as radar officer aboard the cruiser St. Louis and participating in the Leyte and Okinawa campaigns and in the occupation of Shanghai and Formosa.

Mr. Martin has lived in Larchmont for 13 years. He is married to the former Eleanor Dobson of Larchmont and they have three children: Deborah, fourteen; Donald, thirteen; and Virginia, three. Donald and Deborah both attend Mamaroneck Junior High School.

Mr. Martin has been active in the Larchmont Avenue Church, where he is a past president of the Councils Club. He was assistant superintendent of the Sunday School from 1946 to 1948.

## REPUBLICAN UNION SIGN AGREEMENT

### Third Largest U. S. Steel Producer OKs Pension, Insurance Program

PITTSBURGH, (AP)—Republic Steel Corp. and the CIO Union of steelworkers today signed a pension and insurance agreement which ended a 39-day-old strike of 45,000 union employees against the nation's third largest steel producer.

The agreement provides: Insurance—Republic's present contributory insurance plan is continued but with increased benefits. Employees will continue to pay three and one-half cents per hour and the company will pay two and one-half cents per hour.

Pension—the plan is an across-the-board plan with a maximum of \$100 a month. The plan is a contributory plan with a maximum of \$100 a month.

WASHINGTON, (AP)—A strike-ending agreement at Jones & Laughlin Steel Corp. spurred efforts today to wind up both the 38-day-old steel strike and the 50-day-old stoppage in the nation's coal fields.

Government mediation officials, now based at work seeking a coal situation will soon be in hand one labor peace is achieved in the steel industry.

The Jones & Laughlin settlement, greeted with satisfaction, was announced last night at Pittsburgh. Philip Murray, head of both the steelworkers and the CIO, said that the settlement is a landmark in labor peace.

There also will be inevitable comparisons with 1948, when Dewey carried New York in his losing Presidential campaign against Truman.

## 2 LARCHMONTERS HURT IN CRASH

### Mrs. Campbell In N. R. Hospital After 4:20 A. M. Collision On Post Road

Mrs. Helen Campbell of 172 Myrtle Boulevard and Miss Kathleen Morris of 9 Nassau Road, Larchmont, were injured at 4:20 today when the car in which they were riding crashed into the rear section of a west-bound trailer truck that had stopped for a red light at Chatsworth Avenue and the Post Road in Larchmont.

The truck driver, who was treated by Dr. C. C. Lyons at the New Rochelle Hospital by ambulance after she was found by Larchmont police sitting on the badly smashed car with her face covered by blood from five lacerations. She also sustained multiple abrasions of the lower legs.

Her condition is reported fair by the hospital this morning. Miss Morris, the driver, was treated by Dr. C. C. Lyons at the scene of the accident for shock and for the loss of one tooth and part of another, and was then driven to her home by the doctor.

The truck driver, Celmo B. Grelo, of Waterbury, Conn., was uninjured and the truck was able to leave the scene under its own power having suffered only a broken tail light in the collision. The front section of the car was totally demolished.

There were no arrests of charges following the accident which was investigated by the Larchmont police while Town of Mamaroneck police cooperated to keep traffic flowing past the scene of the crash.

A Town police car was also sent to New Rochelle Hospital to return Larchmont patrolman James Greve to his headquarters after he had accompanied Mrs. Campbell in the ambulance.

Mr. Dimando told Town of Mamaroneck police he felt asleep at the wheel and awoke as the car jumped the curb but was unable to avoid the crash. He suffered a laceration of the right knee in the accident, but refused medical attention.

## QUIETEST ELECTION IN YEARS Expected to Cut County Vote

### In What Officials Called One of the Quietest Elections in Years

One of the two calls, said Election Director Moran, was from the Halsted Avenue district in Harrison and was a new stir in the 439 Election Districts of the county.

Approximately 15 per cent of the 280,000 registered voters are not expected to exercise their rights of franchise.

The Board of Elections—led by Harrison police to set in touch with the voting machines catalogued by the City Clerk to furnish the missing papers.

The polls will remain open until 7 P. M. Any line at that hour will be permitted to vote no matter how long it requires to get them to the booth. At that hour a policeman will take his stand at the end of the line and no voter arriving thereafter will be allowed to vote.

The weather was ideal, sharp and brisk and yesterday's forecast of "partly sunny" had been proven overly pessimistic. For whatever advantage the weather might give, there were conflicting opinions. Republican leaders said:

Other election highlights are the race among Theodore E. Tuck and Francis S. O'Donnell Jr., candidates of the Democratic Party, for the first party, and Republican candidate, Town Councilman David A. Embury and Democratic candidate, Town Councilman Charles E. Kelly, for the second party.

The Board of Directors of the Community Concert Association met last night at the Mamaroneck Junior High School to name 28 members to the board, appoint a committee to prepare the annual report, and held the annual election of officers. The new officers are as follows: for one year, Mrs. Edwin E. Berliner, Mrs. Richard E. Berliner and Mrs. Walter B. C. Washburn; for two years, Mrs. Percy E. ## 31 P.C. OF VOTE CAST IN 6 HOURS

### Heavy Last-Minute Rush Due In Bitter Town Election Contest

The most hotly contested campaign in Town of Mamaroneck history bore fruit at the polls today as a heavy off-year turnout was indicated with 31 per cent of the eligible voters visiting the polling places before noon.

A total of 4,600 out of a registration of 12,645 had cast their ballots between 6 A. M. and 12, according to reports from the 16 districts of the Town. Although the number did not approximate the 41 per cent which was tabulated by noon on election day, 1948, a record for the unusually early off-year interest was the bitter and hard-fought campaign headed by George E. Miller Jr., candidate of the Democratic and Independent Voters Parties, and opponent, Supervisor Owen A. Manville. Interest has also run high in a election of county officers and the race between Governor Herbert Lehman and Governor Thomas E. Dewey.

Other election highlights are the race among Theodore E. Tuck and Francis S. O'Donnell Jr., candidates of the Democratic Party, for the first party, and Republican candidate, Town Councilman David A. Embury and Democratic candidate, Town Councilman Charles E. Kelly, for the second party.

### Election Disorders Wound 17 Others—Laurer, Ex-Puppet Head, Running Close

MANILA, (AP)—President Elpidio Quirino held a slight lead over two opponents in today's general election in the Philippines. Quirino was leading in most of the provinces with Dr. Jose P. Laurel, former puppet president under the Japanese and American, and a Communist, leading in Manila. Jose Avelino, Third Party candidate was trailing.

Gunfire marked the election in many areas. Twenty-two persons were reported killed and 17 wounded by snipers. Disorders were reported in Manila. The National Commission on Elections was flooded with complaints. Ballots were stolen and the chairman of the Rural Province Election Commission was kidnapped.

Town, Luzon, Luzon supporters of the third party candidate, Jose Avelino, reported their poll inspectors charged with the task of counting the votes. Cavite Province reported six towns where the two main parties, Laurel and Quirino, were stalemated.

Only in the Hukbalahap controlled areas were there snipers. Thousands of armed men patrolled the highways and kept the Communist led Huk forces from scattering the ballots.

### U.N. Delegate Is Assigned To Study Far East Changes By Acheson

LAKE SUCCESS, (AP)—Professor Philip C. Jessup, one of the State Department's top international troubleshooters, expects to visit Communist China on a policy study tour for the Far East, State Department officials today announced.

Jessup, a Columbia University professor, is expected to be accompanied by a delegation of the United Nations, in Far East conditions brought by Communist victories in China. A new American policy in the Pacific is expected to be charted from the study.

Manila will be Jessup's first stop on his tour. An informed source said the Ambassador-at-Large would go to Manila, Indonesia and then expect to visit Communist-held parts of China as well as meet Nationalist leaders who have been forced to move their capital to Chungking.

The source said Jessup would leave immediately after a final conference with State Department officials in Washington Nov. 18. Jessup has been representing the United States in U. N. assemblies by debate on disposal of Italy's post-war assets.

## CALIFORNIA In Gold Fever

### CASTAIC, Calif., (AP)—Gold fever, after style, is gripping this tiny village today while its 300 citizens await an assayer's report on California's latest haul.

Nobody is sure yet whether the yellow metal at the bottom of Croyer Allen's well is actually gold. But stizzled prospectors here are busy staking claims—just in case.

Allen once mined gold in Northern California's mother lode country, scene of the historic gold rush 100 years ago. He says he spotted the many dikes while deepening a 150-foot well in the back of his cafe and began talking the stuff with a skillful prospector.

"It teled okay with sulphur and it hummers out like gold," Allen said. "If it is gold there's enough here for every body."

## Chest Director Lauded

Commendation for his fine work as executive director of the Mamaroneck Community Club was unanimously voted Albert Volkmeyer at yesterday's meeting of the Mamaroneck Town Council at the Greenbank Inn. The other lions who worked with Mr. Volkmeyer also were lauded.

Following a plea for blood donors from Mrs. Theodor Aschauer, James Gunn was appointed to gather the names of donors who will volunteer as blood donors in case of emergency.

Jack Welsh, secretary, stated that in response to letters sent all members concerning projects deserving club support, East Basin dredging appeared to be leading the list. Other projects receiving favor were additional litter cans on the main business streets and the return of the express office to Mamaroneck.

New Rochelle Lions Carl Liebskind, Ben Ruskin and Peter Paul were introduced by President Hunter Melishan. Dr. Alvin W. Hicks introduced William McLaughlin, School Principal William McLaughlin.

## Driverless Car

Things looked very early this morning for the development of a sleep-conscious and sleepy horseman of a "driverless car" legend when a driverless car was being tested along Pennsylvania Road.

A resident who didn't give his name phoned Mamaroneck Police Headquarters at 6:41 A. M. and said the auto had moved along the street until it hit a curb. By the time the police Charles Hanna arrived on the scene, however, the vehicle must have backed itself out of its predicament and raced from the scene. It was nowhere to be found.

From Patrolman Hanna's point of view the trip to Pennsylvania was not completely successful. He found a car parked in a restricted area which he probably traced to a nearby garage.

## Busy Afternoon

Three alarms kept the Mamaroneck Fire Department busy yesterday as the crew tackled two brush fires and a small blaze at a beach house on Orienta Point.

Mamaroneck Engine and Hose Company handled two of the alarms, extinguishing the blaze in the beach house at 1015 Orienta Point, 1016 Orienta Avenue, at noon and a brush fire on Rockland Avenue near Carpenter Place at 3:07 P. M. The porch floor, porch railing and the pillars of the beach house were slightly damaged in a fire whose cause remains undetermined.

A general alarm, with all units responding called the firefighters to Knollwood and Mamaroneck Avenues where a brush fire was quelled at 1:28 P. M.

## Sole Inhabite

Highlight, or at least high note, of the victory celebration in Town Republican headquarters last night was a solo rendition of "O Sole Mio" sung in Italian by Andrew Forte, local construction foreman.

In his jubilation over the Republican victory, Mr. Forte left some debris in the hands of his audience as to whether he was a case or a team, and as to whether it was "O Sole Mio" or some air originally written for the baritone.

A sincere tribute to the Republican victory it was, however, and as such received with an ovation by the crowd.

## One Thing Sure

When things remained tight and the election of a Town of Mamaroneck supervisor hung in the balance shortly after 7 P. M. last night, one thing was sure: Republican headquarters counted on one all with the following prediction: "The only thing we were sure of now," he said, "is that the man who will be tonight's victor is George E. Mills Jr. and his last name begins with M."

George E. Mills Jr., candidate of the Democratic and Independent Voters parties, and Supervisor Owen A. Mandeville, next door neighbors on that street.

## No Minds Changed

Charles Stevens, campaign chairman for the Independent Voters Party, can compose himself this morning that he had been during the victory yesterday to see that no Independent voters had their minds changed within 100 feet of the polls.

At 2:58 P. M. Sgt. Philip Miller of the Town Police went in the health in the Weaver Street Fire House to warn committee men of both parties that the smoke had complained of a fire igniting within the 100-foot block.

## Dulles Trails By 200,000; Dewey Seen Facing Political Oblivion

By HENRY LEADER Associated Press Staff ALBANY—Judicial Democrats today hailed Herbert Lehman's election to the U. S. Senate as a ringing endorsement of the "Fair Deal" and political oblivion for Governor Thomas E. Dewey.

Former Governor Lehman came out on top in a landslide vote to one to defeat Republican John Foster Dulles, Dewey's close friend, in yesterday's election.

Lehman's victory margin was approximately 200,000. Only his near majority in New York City—78,917—saved the state from a liberal candidate for defeat.

Dulles, making his bid for public office, carried all but six of the state's 62 counties—the five in New York City and Albany County. He carried Republican districts by more than 319,000.

## Town School Board Receives Preliminary Report From Nelson

Out-of-school education programs for young and old occupied the attention of the Mamaroneck School Board during most of last night's meeting in the Mamaroneck Senior High School.

The Board unanimously approved a lengthy report by Luther Nelson, chairman of the Committee on Education and Personnel, which dealt with the subject of adult education.

Mr. Nelson related the results of a committee meeting held Oct. 17 at which time the board members were invited to give their views on the subject.

He stated that further time will be given to the subject and that a complete study of the whole problem, recommending that the committee's final report include a list of the subjects that might be offered in the adult education program without additional fees by the students, and another of recreational subjects for which small fees would be justified.

Meanwhile Superintendent T. J. James Ahern was instructed to continue instruction in all classes in the adult education school as at present.

Mr. Nelson further recommended that the Board decide in June or before on the contract that will be offered for adult education next year.

Another discussion developed when Superintendent Ahern reported that a group of mothers of first and second grade boys at the Chateaufort Avenue School had requested the use of the school grounds and facilities to carry on an after-school physical education program for the youngsters.

The superintendent stated that the Board would be asked to consider the matter.

County and State Republican Pluralities In Town

Despite the sparse advantage Town of Mamaroneck voters gave Supervisor Owen A. Mandeville, they pulled enough other GOP votes to give state and county Republican candidates resounding success with pluralities of 3,800 to 5,000 in every case.

The majorities this year were heavier than in 1937, a comparison which yields the highest Republican candidate was 4,045.

However, active interest in the hotly-contested local race drew 3,000 more voters to the polls this year.

## Waterman and Embury Swamp Rivals in Board Race

The Town of Mamaroneck remained sharply within Republican ranks in yesterday's election—but by securely winning pluralities.

Supervisor Owen A. Mandeville was returned to office by a margin of 495 votes. Two years ago he won by 2,813.

Councilman George F. Mills, Democrat, defeated independent voters Party candidate for supervisor, carried all five districts in the Village of Mamaroneck by 238 votes. He also swept the Seventh by nine votes; the Sixth by 83, and the Fourth by 11, his home district in which Mr. Mandeville also resides, by 59 votes.

Supervisor Mandeville's largest vote came from the Thirteenth district, which gave him 481. His greatest plurality was in the Eighth, which accorded him a lead of 163. He also won the Sixth by 80, the Ninth by 121, the Tenth by 119, the Eleventh by 148, the Twelfth by 142, the Fourteenth by 140, and the Fifteenth by 194. His total vote was 3,311 to 4,710 for the defeated candidate.

# LEWIS SUSPENDS SOFT COAL TIEUP AS AID TO PUBLIC

## Hints Failure to Gain Pact By Nov 30 Will Bring New Stoppage

CHICAGO, (AP)—John L. Lewis told his 380,000 striking soft coal diggers today to go back to work unless they reach a contract agreement in the industry.

The back to work order came immediately after a meeting of the United Mine Workers' 20th annual policy committee.

It was termed by Lewis "an act of good faith designed to participate in public convenience."

He hinted at resumption of the strike after Nov. 30 if a settlement with operators is not reached.

But Lewis said in suspending the "United Mine Workers will again make another contribution of major importance to enhance the remote possibility of agreement being reached."

The miners will go back to work, he said, under terms of the U.M.W.'s contract which expired July 1, this year.

# MISS MCGLOUGHLIN'S WIFE'S RETIREMENT

## State Board Acts In Case of 40-Year Veteran Principal

After 40 years' service in the Mamaroneck school system, Miss Helen M. McLaughlin, former teacher and elementary school principal, has been granted retirement by the State Teachers Retirement Board.

Superintendent T. James Ahern reported last night to the School Board.

Miss McLaughlin, who entered the system in 1902, was appointed elementary school principal in 1912 and served at the Mamaroneck Avenue School until 1938 when she was granted a leave of absence to care for her husband. She was appointed to an advisory post in 1940.

Superintendent Ahern explained that when a School Board applies for a disability retirement, the State Retirement Board is granted as its own examining physician.

Miss McLaughlin has been granted as acting principal at the Central School, which was placed on probation as elementary school principal for only one year in 1939.

She has been acting in the present capacity for nearly four years.

# TOWN VOTES 'YES' ON 11 QUESTIONS

## 3 Propositions Voted Down In Two Districts and No. 2 In Four

The Town of Mamaroneck registered decisively in favor of all eight amendments and three propositions up for referendum yesterday, with almost all districts marking up heavy pluralities on the "yes" side of the ballot.

Amendments were approved in all 11 districts. All but a breakdown of the total vote on these propositions shows that all three were defeated in Districts 10 and 12, and that Proposition 2, which would authorize a total of \$35,000 to be paid in housing subsidies in any one year, was defeated in the maximum of \$10,000, was defeated in Districts 12, 13, 14 and 15.

All of the district districts are residential areas with high assessment valuations and presumably voters opposed the proposition on the basis of the share they would pay.

Proposition 1, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 2, which would authorize a total of \$35,000 to be paid in housing subsidies in any one year, was defeated in the maximum of \$10,000, was defeated in Districts 12, 13, 14 and 15.

Proposition 3, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 4, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 5, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 6, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 7, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 8, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 9, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 10, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 11, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 12, which would amend the charter to provide for a mayor, was approved in all 11 districts.

Proposition 13, which would amend the charter to provide for a mayor, was approved in all 11 districts.

## At Convention

Richard Campbell, editor and general manager of the Daily Times and The Larchmont Times left by plane yesterday afternoon for Chicago where he will attend the annual fall convention of the National Editorial Association in the Congress Hotel.

Mr. Campbell, who is chairman of the Suburban Newsweek Division of the NEA and a member of its Daily Newspapers Committee, will address the convention Friday afternoon on the subject, "Along the Suburban Front," after conducting an all-afternoon roundtable discussion by suburban newspaper publishers.

About 500 publishers, editors and press association officials from 30 states and the District of Columbia are in attendance at the convention which closes Sunday.

## Doorn on Panel

Peter C. Doorn, Jr., of Mamaroneck, treasurer and vice-president of the Westchester County Realty Board, yesterday spoke on methods of acquiring business and listing real estate on a panel discussion sponsored by the Long Island Real Estate Board at the Furus Hills Inn, Forest Hills, N. Y.

Others on the program were Walter S. Dayton, past president of the New York State Association of Real Estate Boards, who served as moderator; James H. Hinton, real estate editor of the New York World-Telegram and Sun; and J. Todd, president of the New Jersey Association of Real Estate Boards.

## At Hot Springs

Cop. James O'Connor, son of Mr. and Mrs. Joseph J. O'Connor, 630 Silas Avenue, Mamaroneck, was stationed at the Army and Navy Hospital at Hot Springs, Ark., where he serves as a laboratory technician.

Mr. O'Connor, who formerly served at the Marine General Hospital, Waltham, Mass., was transferred to the Arkansas Army Hospital at Hot Springs in the Medical Field Service School, Brooks Army Medical Center, Fort Sam Houston, Texas.

A graduate of Xavier Military High School in New York City, Mr. O'Connor entered the Army in April, 1942.

## All Out for Dinner

Mrs. Edwin L. Jacobs of 59 Harrison Drive, Larchmont, had ample assistance at her dinner today in the removal of her dinner from the stove.

Two pumping engines, one fire-truck, one patrol truck and the chief's car answered the alarm "with bells on" and attended to the overdue meal after it had filled the kitchen with steam.

However, by the time the fire department arrived, Mrs. Jacobs had contrived to doze water on the burning dishes herself, so that the firemen were spared the trouble of unlimbering the hoses.

## Good Work

The action of the Paramount Tax Company of Mamaroneck in ferrying voters to and from the polls on election day is a commendation from the League of Women Voters.

Writing to Henry Munter, president of the Paramount Tax Company, Mrs. Clement Cook, president of the league, commended that the Mamaroneck League "wants to be among those who thank you for your helpfulness and community spirit."

## Some Carrot

George Seabury, chef at the Depot Diner on Halsted Avenue, Mamaroneck, had a job yesterday as he peeled vegetables for his stew.

He turned up a carrot with a base as wide as a man's wrist and five strands that looked almost exactly like the five fingers of a hand.

Seabury was so impressed with the vegetable that he brought it to "The Daily Times" office as proof of his story.

## Observe Holiday

All banks schools and municipal offices in Mamaroneck and Larchmont will be closed tomorrow and school children will have a holiday in observance of Armistice Day, the thirty-first anniversary of the end of World War I.

Post offices will not conduct business and there will be no delivery of mail but the jobbies will be open for box deliveries.

The Daily Times will be published as usual.

## Officials Will Meet

The Westchester County Village Officials Association will hold its next meeting at the North Side Firehouse, Stone Avenue, Ossining, Thursday, Nov. 17 at 8 P. M. Mamaroneck Corporation Counsel Anthony S. Johnson is secretary of the organization.

## VETERANS PLAN OBSERVANCE OF ARMISTICE DAY

### War Dead to Be Honored in Rites at Local Memorials

Observances by three local veterans' organizations will mark Armistice Day tomorrow when the nation commemorates the first anniversary of the ending of World War I.

In Mamaroneck 11 blasts of the fire whistle will signal a village-wide moment of silence and prayer at 11 A. M. and colors will be flown at half-staff.

Members of Mamaroneck Post 90 American Legion will place wreaths at Memorial Square and Legion Memorial Grove, Harbor Island, at 10 A. M. and colors will be stationed at Prospect and Mamaroneck Avenue at 11 A. M.

A short address by Frank E. Webb, commander of Larchmont Post 347, American Legion, and prayers will be said by members of the clergy will feature ceremonies at 11 A. M. in Station Plaza.

George E. Mills Jr., Post 1185, VFW, said this morning's observance members would place wreaths and flowers at Memorial Square and Legion Memorial Grove, Harbor Island, at 10 A. M. and colors will be stationed at Prospect and Mamaroneck Avenue at 11 A. M.

Members of the Westchester County Council of the Veterans of Foreign Wars, said, "We celebrate the end of World War I 21 years ago today. It is a day of remembrance and prayer for the war dead and for the living. We must avoid repeating some of the mistakes of the past."

"We won the first World War but lost the peace and were plunged into World War II because we were more idealistically trusting than realistic. The pattern of present day history is identical to those created by Kaiser Wilhelm and Adolf Hitler when they prepared their drives against democracy and for World domination. The only difference is that the Soviets are putting in a much better case than either the Kaiser or Hitler."

## U. S. Steel Opens Murray Talks Amid Rumors of Quick Peace

PITTSBURGH, (AP)—CIO United Steelworkers and giant U. S. Steel opened peace talks on a legal level today which might end the most costly steel strike in American history.

Rumors flooded this steel capital that industry leader U. S. Steel is making an offer to part with 170,000 workers bank in the mills across the country.

There was no official comment from either Big Steel or union president Philip Murray. But a meeting of lawyers for both sides during the morning made it plain that they are exploring the possibility of a settlement.

Officials standing by: Chief negotiator John A. Steinhilber, U. S. Steel vice president, stood by as did union authorities. Steinhilber teams were on hand for a time but were told to report back at 3 P. M.

A source pact with U. S. Steel would mean virtual end to the costly 41-day strike by the steelworkers for free insurance and pensions as recommended by a committee.

U. S. Steel is the only one of the big steel companies that has not led industry's fight against footing the welfare bill.

Today's peace talk came on the heels of a strike-ending contract with Youngstown Sheet & Tube Co., employing 19,000.

Shortly before last midnight Great Lakes Steel of Detroit reached a similar agreement for its 10,000 workers.

Those rapid-fire developments brought to five the number of major steel companies who have agreed to Murray's demands for non-contributory pensions.

Mr. Radtka will discuss Quaker proposals for world peace to be presented by Elmore Jackson, Quaker consultant to the United Nations and Yale University foreign government.

Mr. Radtka was born in Dalmatia of an old Croatian family and was educated at the University of Ljubljana, Florence, Rome, and the Sorbonne in Paris.

He began his career as a newspaper writer and correspondent of the Observer, oldest Croatian newspaper. He entered the Yugoslav diplomatic service in 1923, and was first sent to Greece and later to the League of Nations in Geneva, where in Geneva, he married Nina Ferrero, daughter of the well-known Italian historical.

In 1940 Mr. Radtka returned to Belgrade, but soon became critical of Tito's rule, resigned his post and returned to America. He has been an active member of the Yugoslav Embassy in Washington, D. C., where he was in charge of information for a year in New York. He is the author of several books including "The Agony of Europe" and "Conversation with Quakerism."

Radtka is now associated with the National Liberation Movement in Europe Inc. in New York City, a center of studies for Yugoslavia in the Danubian industry.

## FRENCH CABINET TO MEET ON BIG 3

### GERMANS WILL BE TALKED

### Bidault to Report on Discussions With Acheson and Bevin on Policies

PARIS, (AP)—Premier Georges Bidault's official announcement the French cabinet will go into a meeting tonight with Foreign Minister Robert Schuman on the Big Three talks now underway here and a decisive battle in the perpetual struggle over Germany.

Schuman will report on the progress of his conferences with U. S. Secretary of State Acheson and British Foreign Secretary Ernest Bevin.

Under Bidault's leadership, a member of France's Popular Republic Party, wants the back of the French cabinet, and the two other parties of the French government, to be formally entering a pact with Acheson and Bevin.

## LEWIS STRIKE'S CHURCH'S INFLUENCE HAS GROWN

### In Last Century, Cannon Says

### Wine Turned Down Arouses Mediation Chit As Mine Men Wait

The battle between the church and communism in Eastern Europe was only a skirmish and not a decisive battle in the perpetual struggle over Germany.

The anti-communist of the Westchester Chapter of the Manhattan College League of Nations Association.

Father Cannon, former president of Fordham University and now superior in charge of the Jesuit retreat house at Mount Mansfield on Staten Island addressed an audience of about 450 persons on the subject "The Papacy in Modern Times."

In the last 50 years, he pointed out, the Holy Father has reached a pinnacle of spiritual influence which had not been reached since the sixteenth century. "In 1870 when Pope Pius IX was 'imprisoned' in the Vatican, one country, little Ecuador, spoke out in his behalf. When Pope Pius XII was elected, it was a step in opposition to Communism, we Catholics in the Vatican were for 'clarification.' A case in point is the Archbishop Stepinac affair, which may be solved, but the solution is reached it will only be artificial. We have a new pope, but we have sad news of his condition. Now we know that the Pope's chair will be attacked since a Communist 'qualifier' has been appointed in Poland."

The Church's only weapon is spiritual, and in all her efforts for peace it still looks as if the Holy Father were facing defeat. However, it is not losing a war. The perpetual war will eventually be won.

Father Cannon was introduced by Mr. Thomas J. Deagan, D.D., pastor of St. Ann's Church, Mamaroneck, and Mr. Raymond T. O'Connell, executive director of the campaign which ended Oct. 29, said this morning in commenting on the meeting of directors meeting at the Municipal Building last night.

According to Mr. Volkenweider, none of the people on the non-residential contributors and businessmen who have places of business in the Westchester area.

Considering this, Mr. Volkenweider said, "It looks like the usual will be met."

He discussed this year's campaign with a view to any possible improvements which could be incorporated in plans for next year's drive.

The Mamaroneck Community Chest, though still \$3,000 short of its \$19,841 goal, will probably meet its quota, Albert Volkenweider, executive director of the campaign which ended Oct. 29, said this morning in commenting on the meeting of directors meeting at the Municipal Building last night.

## Site Changed

The site of the Mamaroneck-New Rochelle gridiron classic, the game which will be played on Nov. 14 at the 1949 W.I.A.A. championship, has been changed from Mamaroneck to New Rochelle, it was announced this morning by the Athletic Department of Mamaroneck High School.

The larger seating capacity of McKenna Field in New Rochelle, where the game will be played was given as the reason for the change. Harbor View Field, where Mamaroneck has been playing its home games since only about 2,500 while a crowd of more than 6,000 can be accommodated in the New Rochelle stadium.

The Mamaroneck Tigers go into the game with an undefeated record and a mark of four wins and no defeats in league play. New Rochelle has a record of five and one in W. I. A. A. competition losing to St. David's Saturday after racking up five straight league victories.

A "missus" car merely was taken on a date last night, according to a Larchmont police report.

At 2:36 A. M. today Mrs. Barry Langman of 14 Harrison Drive, Larchmont, reported that she saw two persons make off with the family's new car which had been parked in the driveway.

The police went into action, sent out a motorcycle patrol, notified the Mamaroneck Town and Village police as well as the New Rochelle force.

The town police located the auto at 3:30 A. M. on Harrison Drive and discovered it was being driven by Miss Rhoda Langman, daughter of Mr. and Mrs. Langman. She was with a boy friend and explained that she had not noticed her husband's car until it took the car because she did not want to wake them up.

**Cats Disappointed**  
It looked for awhile this morning as if all the stray cats in Larchmont might have occasion to celebrate a festive Thanksgiving when a city-bound trailer truck full of fish remains developed trouble in the center of the Village.

Unfortunately, however, for the cats at least the trailer was not a flat tire which was soon repaired.

Merchants and residents at Catharine Avenue and the Post Office who had been in the neighborhood for a half-hour, were delighted to see it drive away.

As for the cats, since the streets weren't paved with fish heads as the smell might have led them to believe, they will take some consolation from the fact that the truck was heading for a cat-food factory.

**Conducting Canvass**  
Twenty-eight canvassers for the annual budget campaign of St. John's Evangelical Lutheran Church were commissioned yesterday at the 10 A. M. service of the church.

The visitation will be conducted this week. Conrad Hance Jr. and Fred Gerlach are co-chairmen of the canvass.

**False Alarm**  
The fire alarm box at Tompkins and Melrose avenues, which seems to hold a strong attraction for false alarm attacks, was pulled again at 2 A. M. today, calling all units of the Mamaroneck Fire Department to the scene.

Frequently the cause for false alarms, the box was pulled as recently as two weeks ago by some misguided joker.

**Fast Reaction**  
It didn't take local dog-owners very long to react to the latest dog-ruling by the Village of Mamaroneck which prohibits dogs from running at large.

In fact, one group of dog-owners was ahead in the village yesterday, two days before the ruling goes into effect, collecting signatures on a petition demanding that the dogs be given their liberty.

**On Trip for Magazine**

## UNIVERSITY CLUB WILL HEAR WAITE

Former Grid Star to Speak Tomorrow at Mamaroneck Meeting

Carl Waite, Commissioner of Recreation for the City of White Plains and former All-American football star, will be the speaker tomorrow at 7:15 P. M. when the Mamaroneck University Club meets at the Greenhills Inn.

Mr. Waite, who received the All-American honor twice at two different positions and at two different schools, held recreation posts with county, state and national groups before going to White Plains. His subject will be "Football, Then and Now."

Mr. Waite, who coached the undefeated Mamaroneck High School eleven, will speak briefly on local football.

A new member, Kenneth D. Clifton, 100 Sterling Avenue, Mamaroneck, will be introduced.

## 15-YEAR-OLD BOY ASSAULTS WOMAN

Larchmont Wife Is Thrown To Floor In Apartment Basement

Mrs. John Liebenuth, an expectant mother, was assaulted and thrown to the floor last evening by a fifteen-year-old youth as she was walking from the laundry room to the elevator in the basement of the Larchmont Acres Apartment.

Mrs. Liebenuth told the Town of Mamaroneck police that as she approached the elevator she was seized from behind, one of the attackers hands being clapped over her mouth and the other gripping her around the neck.

She struggled and fell to the floor, she said, and managed to scream for help as she twisted free of the hand over her mouth.

The youth fled down a basement corridor and disappeared, but not before Mrs. Liebenuth was able to get a good description of her attacker.

With the help of the description and a tip from the apartment house superintendent, police traced the youth to his residence, also in the Larchmont Acres.

He was taken to headquarters, where after questioning, he admitted having made the assault on Mrs. Liebenuth, declaring that he did not know why he did it.

Paul Yetick released the boy in his father's custody, pending appearance in Children's Court, at a later date.

## Pelham Manor Police Find Resident's Auto

A car stolen from the upper level parking space at the Mamaroneck railroad station last week was recovered Friday by Pelham Manor police and returned to its owner, Al Herman of 407 Soundview Avenue, Mamaroneck, Saturday morning.

The auto had been taken from the parking space some time last week and was found hidden in the trunk of the car, valued at \$200, was recovered, but the vehicle's left front fender, grill and parking light were found damaged.

## Tour of State Freedom Train Marks 'Education For Liberty'

The New York State Freedom Train which will arrive in Mamaroneck Nov. 23 and will be open to the public between 9 A. M. and 3 P. M., began the longest train tour in the State's history when it left Albany Jan. 26 for a 7,581-mile trip to almost every town and city in the state.

The train is, in essence, a "classroom on wheels" which seeks to recreate awareness of their priceless heritage among all citizens in the State.

While in Mamaroneck under the sponsorship of The Daily Times, the most elaborate measures will be taken to insure the security of all documents. An honor guard will monitor the train during the hours it is open to the public.

Boy Scouts, Girl Scouts and Camp Fire Girls will be in each car between the hours of 9 A. M. and 3 P. M. and then veterans groups will provide a guard for the remaining six hours.

Since many of the documents are irreplaceably elaborately measured, are also taken aboard the train. The six cars are of all-steel construction and a fire-extinguisher system has been custom-built and is installed throughout the train.

Every one of the valuable documents and books is placed between plastic sheets, which are firmly anchored by silver-headed bolts.

Each plastic "envelope" protecting a document is one-half inch thick on both sides. The plastic is also fire-resistant, water-resistant and shatter-resistant.

The Freedom Train's running schedule was so planned that maximum speed never exceeds 50 miles per hour. While enroute the train is accorded high priority security measures.

A total of nine crew members is aboard the Freedom Train. Of this number, four are members of the State Guard who have been hand-picked for night guard duty.

Col. Frank B. Corry is in command. Social frustration, intense nationalism and cleave rivalry in military spirit are being eliminated in an effort to catch up on production lost in the most costly steel strike of all time.

## CHING TELLS NEW REPORT

Sees Doubt That Conclusion Will Be Reached In Coal Dispute

WASHINGTON (AP) — The government's top mediator, Ching, said today that he has no present plans for arranging federal-sponsored negotiations.

Ching told reporters before going into conference with John Steelman, the president's assistant, that he had no present plans for arranging federal-sponsored negotiations.

Indicating that no government action was planned, Ching said: "It is doubtful that we will reach any conclusion."

The suggestion of John L. Lewis that soft coal operators drop in and talk contact when he returned to the Capital today got no rush of acceptance from the mine owners.

## Ohio Student to Face Court On Death of Fraternity Man

COLUMBUS, Ohio, (AP) — A first degree murder charge was filed today against James B. Heer, an Ohio State University freshman, who killed a fraternity brother after a homecoming party.

The twenty-year-old student and ex-Marine pleaded innocent and was held for the Grand Jury without bond.

Detective Sgt. Lowell V. Smeets, who filed the charge, said the shooting followed an argument with a girl friend and a report from fraternity brothers.

County Auto Fatalities Reach 68 After Head-On Collision in Yonkers

YONKERS — A Bronx man was killed and three other persons were seriously injured in a head-on collision on Central Park Avenue shortly after 2 A. M. yesterday.

Edward Moore, 26, of 2312 Andrews Avenue, Bronx, was killed. Reported in "fair" condition at Lawrence Hospital, Bronx, were Charles Perini, forty-five, of 2255 Morris Avenue, Yonkers, and Thomas Lowery, twenty-two, of 1225 Central Avenue, Yonkers, the driver of the car which Moore was riding.

Edward Moore was driving north on Central Avenue, and Lowery was driving south. Mrs. Perini told police that about 500 feet south of Palmer Road Bridge she saw the Lowery auto approaching on the wrong side of the street.

Lowery told police he thought he was on the wrong side of the street, but had no idea he was on the wrong side of the street.

Yonkers' crash brought to 68 the death toll on Westchester's highways this year, compared with 32 at this time last year. It was the ninth auto fatality in Yonkers this year, compared with eight last year.

The Council voted to provide \$1,500 for appraisals by outside authorities if the work warrants them and \$1,800 for full-time in the town attorney's office.

Approved was the appointment of Miss Yette Lasky of 227 Lockwood Avenue, New Rochelle as a public health nurse. She will serve part-time in the Village of Mamaroneck and part-time in the Town.

The Rev. William Pannell, pastor of St. John's Evangelical Lutheran Church in Mamaroneck, was elected moderator of the weekly luncheon meeting of the Mamaroneck Rotarians in the Larchmont Station.

Mr. Fairman spoke on "The Town Government," urging that it was time to challenge the validity of the generally accepted concept of the inevitability of war. He cited the examples of great wars and the cost of the past who had challenged accepted ideas and proved them wrong foundations.

# Combing The Town

**Freedom Train**  
In preparation for the visit Wednesday, Nov. 23, of the New York State Freedom train, the Playhouse will show a comedy from 10 through 19, entitled "New York State's Freedom Train," designed to familiarize residents with the purpose and contents of the train. The library will have an exhibit of books and pictures, relating to the train, tomorrow. The exhibit will run through next Wednesday. Miss Eleanor L. Merrow, librarian, said this morning.

Representatives of all schools in the town, including the Quaker School of Scarsdale will meet at 10 A. M. Thursday at the Playhouse. Free library to complete arrangements for all school children to view the train on its visit here.

**Scared of Santa**  
A queer phenomenon turned up yesterday in Mrs. John David's nursery school on Pine Knoll Lane in Mamaroneck.

Mrs. David was leading the group of two- and four-year olds in a song about Santa Claus when one of the tots was crying and was being loudly instead of singing. Mrs. David stopped the choir to ask the two-year-old child what the matter was.

"Santa Claus isn't going to come to my house, is he?" the little girl asked.

"Why of course he is," the teacher responded.

"No!" cried the tot, "I don't want him to come to my house. You don't want him to come?"

"No, I'm scared for Santa Claus."

"Well, all right," said the teacher, taking her cue. "I guess he won't come if you don't want him."

"No," said the little girl, nodding, "he can't come to my house."

After a trying morning of convincing that Santa wasn't coming, and convincing all the others that the fabled, harassed nursery teacher called the child's mother for an explanation. The mother reasoned that the child was so terrified of demons and was locks appearing at the door on Halloween, that she wanted to make sure no more unfamiliar characters would be coming around the house for some time in the future.

**Cops at School**  
Officers James Marshall, George Mulhaly, and Christopher Lovely of the Town of Mamaroneck are attending fingerprint identification school this week in the Little Theater, County Center, White Plains. Town Police Chief Paul Verock announced this morning.

The school is run in cooperation with the New York State Association of Police Chiefs, the Westchester County Sheriff's Office, and the FBI, with classes in the various phases of fingerprint work being held from 10 A. M. to 5 P. M. Monday through Friday.

**Light Schedule?**  
Members of the Mamaroneck and Larchmont Village Boards took the pleasant prospect of installing their own lights to the better part of four hours as they gathered tonight in their respective municipal buildings for Grievance Day.

Although the hearings, which begin at 7 P. M., will take up some of the time the chances are there will be late hours of them to keep the trustees busy. They are however, required by law to stay until 11 P. M.

**Last Fling**  
Apparently some dogs were taking a last, desperate stab at freedom yesterday afternoon one day before the enforcement of the village ordinance prohibiting dogs running at large was into effect.

One resident reported in police that he had just spied a pack of dogs, numbering about 50, chasing another dog down the street.

**New Members**  
Commander George E. Mills, Jr. of David Pointe Dr. Post 1166, Veterans of Foreign Wars, last night obligated three new members at a meeting in the clubhouse, Boston Post Road.

They were Dr. Edgar R. Burdick and Placido D. Lavalle of Larchmont and Edward Muller of Port Chester.

**Pomeroy to Speak**  
TO WOMEN VOTERS  
Hugh Pomeroy, director of the Westchester County Department of Planning, will be the speaker at 8:15 P. M. Nov. 23, at a meeting in the Mamaroneck High School Auditorium, sponsored by Leagues of Women Voters of Mamaroneck and Larchmont.

Mr. Pomeroy will discuss the broad aspects of planning as they relate to community development. The meeting has been called in view of interest in construction of new parkways, problems of zoning, use of land and the relation of local governmental units to each other.

**Parking Meters Voted**  
TUCKAHOE — The Village Board of Trustees last night voted to install two parking meters along Columbus Avenue from Depot Square to Lime Kill spur.

# Trustees Deny Protest Against New County Budget Sends Tax Rate To Record High Mark

Law to Be Enforced Despite Petitions to Mamaroneck Board

The freedom of Mamaroneck's 1,000 assorted canine pets was championed by more than 30 dog lovers last night at the Mamaroneck Village meeting, but the protestations won't save the pets from running about the law if they roam at large today. The enforcement of the village ordinance began enforcing the village ordinance against unleashed or unlicensed dogs in public places.

The enforcement of the ordinance, on the books since a referendum in 1935, brings to an end the long and bitter struggle for and effort on the part of the Village Manager and the Board to find a satisfactory way to control dogs. Although original plans embraced the cooperation of the Westchester County Humane Society, as it stands now, the Police Department will make a patrol, and lack of the know-how or inclination to build it himself, he could probably find only one commercial outfit in the United States to do the job for him, and that one would be in Mamaroneck.

**88.12 Rate Is Increase Of \$1.60 Above Last Year**

Westchester County's gross budget of \$28,138,193 filed with the Supervisors yesterday by County Executive Joseph P. Grimaldi, with a net budget tax rate of \$13.940481, is not only the largest in the county's history but also brings the highest tax rate.

On the assessed valuations of county tax rates is deceptive. For included in the 1950 countywide budget is the former Westchester District Budget, which has historically been handled his own welfare. As of Jan. 1, it comes into the county district's jurisdiction but also merged with the other county operating units.

The Westchester tax rate for 1949 was around \$13.55 per \$100.00, do that for 1949 the taxpayer paid \$1.62 for county government.

Employees End Walkout — Aloca to Parley

PITTSBURGH, (AP) — More than 12,000 workers in five plants of Allegheny-Ludlum Steel Corp. joined the steel industry today in a strike ending a contract with the CIO United Steelworkers.

A strike-ending contract was signed late last night with the CIO United Steelworkers. The union flashed the green light immediately to begin a producing steel.

Allegheny-Ludlum signed a contract with Bethlehem Steel Corp. Its action came as numerous steel plants were joining most of the major producers in the back-to-work movement. Within 10 days most of 500,000 steelworkers who quit work Oct. 1 for free pensions will be back to work.

Among major producers still unjoined and who employ some 100,000 workers are Republic Steel Corp. and Pittsburgh Steel Co.

Meanwhile, the strike-bound Aluminum Company of America prepared to resume contract negotiations with the steelworkers on Thursday. About 20,000 employees in nine plants struck Oct. 17. They want just above the same contract terms obtained in the steel industry.

ICC Split 6-4 In Ruling For 61 Lines; Commutation Not Affected

WASHINGTON, (AP) — Another rise in basic railroad passenger fares in the East was approved today by the Interstate Commerce Commission, splitting 6-4 on the matter, limiting the increase to 10 cents on 61 Eastern lines last night. It permits a 12-1/2 cent hike in both coach and sleeping-parlor car mileage charges. It may be made effective on Friday, notice to the public.

Commutation fares are not affected, but the upward revision in basic interstate passenger rates will go to 3.76 cents per mile in coaches and 4.8 cents per mile in Pullman cars.

This compares with 2-cent coach rates and 3-cent Pullman rates in 1941. Four increases since then have advanced the Eastern rates more than 50 per cent.

U.S. Mediators Seek to Avert Walkout Set For Today Along Coast

WASHINGTON, (AP) — Government mediators worked against the clock today to avert a dock officers' strike threatened to tie up passenger and cargo cargo vessels sailing from Atlantic and Gulf ports after midnight tonight.

The AFL Master Mates and Pilots Union, with four or five men on each freighter and more on passenger ships, threatens to strike tomorrow, largely over the issue of rotating jobs. Oil tankers and coal-carrying vessels would be exempt, as would the ships in commerce within the ports.

The American luxury liner of the U. S. fleet, advanced its sailing time to two hours ahead of the strike deadline, setting it for 10 P. M. from New York.

But Capt. Charles F. May, head of the union, said that vessels on the high seas would be considered struck at their destinations under an agreement with the International Transport Workers, the America will head for Southampton.

Frank J. Taylor, president of the American Merchant Marine Institute and chief negotiator of the Atlantic and Gulf port shipowners, said that the officers' strike would be averted if the return ports, so that union members would be obliged to complete their run, even if the strike develops.

**TOTTON TO PRESENT AWARDS TO 3 MASONS**

More than 900 Masons from Westchester are expected to be present tonight when three Masons who joined the fraternity 50 years ago are given the Year-Grand Lodge award by the Totton of Larchmont, Grand Master of the Totton Chapter.

The ceremonies will be held at the Community Church, Washington Avenue, Larchmont, at 8 P. M. The honorees are Seth T. Lohan, Winvald Lohan, Sr. and Charles R. Masie.

All of those receiving the award will be in the same class in Hiawatha Lodge No. 434, an unincorporated lodge in the village of 45 Linden Avenue, Larchmont. He was the founder and first master of the lodge, which is now in the hands of the Totton of Larchmont, and is now a member of Hiawatha Lodge, is now a member of East Quogue, L. I.

**MEN'S CLUB FETES LARCHMONT SCOUTS**

Uniformed Boy Scouts of Larchmont's Troop Two, 38 strong, marched into the Larchmont Men's Club at the opening of the club's Boy Scout Night last night at the Larchmont Avenue Church.

The 15 were joined by five Larchmont Scoutmaster as Philip Warner, scout executive for the Svanoro Council, presented to Paul W. Atwood, club president, the Troop Two charter for the coming year.

Mr. Atwood gave the charter to Alan D. Stackpole, Boy Scout committee chairman for the Men's Club, who turned it over to David Eggers, scoutmaster of the troop.

Mr. Eggers then introduced each of the Scouts to the Men's Club. Following the ceremonies, members and scout guests were entertained by three sound and good films on game, fish and gun dogs. Refreshments concluded the meeting.

**WARD CASE WAITS AGHESON'S RETURN**

Is Expected to Seize Means of Getting Jail Aide Out of Red Hands

WASHINGTON, (AP) — Secretary of State Dean Acheson returns from Europe today to face a problem that has some of his top men holding mad and at their wit's end.

The problem is how to free American Consul Angus Ward and four of his staff from a Chinese Communist jail, presumably at Mukden in Manchuria.

Privately, aides of Acheson say the imprisonment of Ward is "barbaric" and they are not beyond questioning a Chinese Communist. They are not, however, at the point of acting on legal suggestions that the U. S. take a big stick to the Communist government.

Benefit For Larchmont Department

Preparations are complete for the premiere of "See How They Run," by Philip King, the Larchmont Fire Department benefit show which will open tomorrow at the Junior High School. It was announced this morning by Deputy Chief Joseph R. Root, general show committee chairman. The play will run tomorrow, Thursday and Saturday and proceeds will be placed in the Larchmont Fire Department Welfare Fund.

Other leaders of the more than 50 firemen who have worked on the play are Rosserna Collins, properties chairman; Lucile Bastian, costumes; Edwin Homer, publicity chairman; Alida Teichwald, make-up; LeRoy Gilbert, electrical; and Sally Westcott, prompter for the cast is Mary Graham.

**BOARD SCHEDULES REZONING HEARING**

Dec. 12 Set For Consideration Of Shore Acres Owners' Application

The Mamaroneck Village Board last night set Dec. 12 as the date for a hearing on a proposed rezoning of the shore acres. Residents of the area who wish to ward against the building of speculative houses and against the deterioration of their own property, have requested that the following additions be incorporated in the residential "AA" zoning requirements for Shore Acres. That houses be not less than one and one-half nor more than two and one-half stories; no houses later than 1930; no building exceeding the garage no building occupying more than 30 per cent of the property, and no building to be constructed on property less than 1,000 square feet in area.

According to the terms of the request, a variance to the proposed zoning requirements might be granted if 60 per cent of the property owners near the lot of an applicant approve the plan of a non-conforming building.

**MEISTER PURCHASES PALMER AVENUE LOT**

The one remaining unimproved corner in the heart of the Larchmont business district, southwest of the intersection of Palmer Avenue and Washington Avenue, has been purchased by Harry S. Meister of New York City from the New Haven Railroad.

The parcel, which fronts 90 feet on Washington Avenue, is at present occupied by a gasoline filling station and a parking lot run by Carmine Peracchia of a Cabot Road.

Mr. Peracchia, who is on a hunting trip, could not be reached at this morning, but his daughter said she believed he did not know his land had been sold.

The transaction was negotiated through the offices of Owen A. Mandeville.

**LEWIS, UMW PAY FINES**

WASHINGTON, (AP)—John L. Lewis and the United Mine Workers today paid \$1,420,000 in contempt fines—their penalty for failing to obey a court order to end a 1948 coal strike.

Wally Hopkins, general counsel to the union, made the payment to Harry M. Hill, clerk of the U. S. District Court.

Of the fines paid today, \$200,000 was for contempt by Lewis personally and \$1,400,000 for contempt by the union. The whole amount was paid by the UMW.

The union's 1948 convention authorized payment of the fines against Lewis himself.

# New County Budget Sends Tax Rate To Record High Mark

Law to Be Enforced Despite Petitions to Mamaroneck Board

The freedom of Mamaroneck's 1,000 assorted canine pets was championed by more than 30 dog lovers last night at the Mamaroneck Village meeting, but the protestations won't save the pets from running about the law if they roam at large today. The enforcement of the village ordinance began enforcing the village ordinance against unleashed or unlicensed dogs in public places.

The enforcement of the ordinance, on the books since a referendum in 1935, brings to an end the long and bitter struggle for and effort on the part of the Village Manager and the Board to find a satisfactory way to control dogs. Although original plans embraced the cooperation of the Westchester County Humane Society, as it stands now, the Police Department will make a patrol, and lack of the know-how or inclination to build it himself, he could probably find only one commercial outfit in the United States to do the job for him, and that one would be in Mamaroneck.

The High Frequency Equipment and Service Corporation of 700 North Barry Avenue, venture begun in July, does everything from selling direction finding to teaching would-be "hams" enough to pass a test for a radio operator's license. In addition to offering a unique service in that it employs electronic engineers who design and build any piece of radio equipment for which the amateur might have a yen.

The uniqueness of its service is the reason for the corporation's existence. The staff, all amateur radio operators, know from experience the difficulties encountered in obtaining equipment with

**88.12 Rate Is Increase Of \$1.60 Above Last Year**

Westchester County's gross budget of \$28,138,193 filed with the Supervisors yesterday by County Executive Joseph P. Grimaldi, with a net budget tax rate of \$13.940481, is not only the largest in the county's history but also brings the highest tax rate.

On the assessed valuations of county tax rates is deceptive. For included in the 1950 countywide budget is the former Westchester District Budget, which has historically been handled his own welfare. As of Jan. 1, it comes into the county district's jurisdiction but also merged with the other county operating units.

The Westchester tax rate for 1949 was around \$13.55 per \$100.00, do that for 1949 the taxpayer paid \$1.62 for county government.

**LEWIS ORDERED TO RUSH ACCORD**

Truman Action Threatened If Labor Czar Fails to Speed Peace

WASHINGTON, (AP)—John L. Lewis was threatened today with a virtual ultimatum to win a quick coal peace or face fast White House action.

The U. S. Mediation Service said Lewis is being given 90 to 45 hours to get something stirring toward a coal contract. It implied there would be action by President Truman this week if Lewis does not.

Truman would believe Mr. Lewis would invoke the Taft-Hartley Act although the President disdains that law.

Use of a special fact-finding board outside the Taft-Hartley bill, has been considered but that idea appeared to have little support.

The White House evidently was determined to stop a new strike on Dec. 1, the expiration date of a contract ordered by Lewis last week to end a 52-day strike.

Under Taft-Hartley, Mr. Truman has the authority to seek a court injunction to prevent a strike.

**Make It Ring!**

"Let's Make Freedom Ring!" That's the slogan today for Larchmont and the Westchester and school officials who are preparing for the visit of the New York State Freedom Train to Mamaroneck next Wednesday under the auspices of the Daily Times.

The schools are distributing window posters to all businesses, establishments in the two communities. The posters announce the coming of the train and invite the public to view the priceless documents which it carries.

The schoolmen are meeting to set a schedule so that every school will have an opportunity to view the train which will be at the freight yard between 10 and 11 A. M. near Hoyt Street, Mamaroneck.

In addition, Major Augustine J. Cronis, commanding officer of the 10th Squadron, New York State Air National Guard, is busily making arrangements so that the train will have a proper guard during its stay here.

**At All Day Session**

Joseph C. McLean, principal of Mamaroneck High School, is past president of the Westchester County Secondary Schools Principals Association, met this morning with the nominating committee, of which he is chairman, during an all-day session of the association at New Rochelle High School.

The morning program featured classroom visits to observe school work, followed by luncheon at the cafeteria. Chief speaker for the afternoon program, following a series of discussion topics, was Dr. Benjamin Willis, superintendent of Tonnawanda schools, whose subject was "Life Adjustment Education."

**New Equipment**

If you hear whistles and sirens and horns blasting away at 7 P. M. today, don't get your ears hurt. It won't mean that Joe Stalin has joined the international equivalent of the National Association of Manufacturers.

Instead any celebration you hear will mark the acquisition by the Mamaroneck Fire Department of a new truck. Set to arrive at the village here on the Westchester Road at 7 P. M., it will be greeted by the fire fighters and the community. Following a brief inspection, it will be driven to the Mamaroneck Engine and Hose Company house on Spruce Avenue. Its future home.

**Discharge Mate**

L. J. (Gig) Richard Austin Land, U.S.N. (inactive), 22-year-old son of Capt. and Mrs. Jacob J. Land of 488 Palmer Avenue, has been assigned as an Atlantic Coast dispatching tender mate, with the Sixty Vacuum Oil Co. He assumed the post after completing a 64-day voyage to the Persian Gulf aboard the S. S. Anzures, returning with a load of crude oil. A graduate of the New York State Marine Academy, Fort Schuyler, N. Y., Land formerly served with the Motor McCormack Lines on the Baltic run. He has been married for two years and will return to duty early in 1950.

**Budget Hearing**

A public hearing on the 1950 Town of Mamaroneck budget will be held at 8 P. M. Wednesday, Dec. 7, at the Weaver Street Firehouse.

The budget was presented by Supervisor Owen A. Watson, president of the Town Council at a special meeting last Saturday and calls for a gross expenditure of \$1,245,977, the elimination of any general town tax for the third consecutive year, and a 14.3% rate for the unincorporated areas. According to his estimates, taxes may be lowered but not raised at the public hearing.

**Play and Work**

Village Engineer Arthur Richards of Larchmont is busy today but he's really taking a business holiday.

Together with Mrs. Richards he left this morning for Palm Beach, Fla. where he will spend his annual holiday.

At the same time he will attend the City Managers' Convention which will meet in Palm Beach, Dec. 4 to 6.

Mrs. and Mrs. Richards will return to Larchmont in mid-December.

Sufficient water resources are available in Westchester and in nearby counties to enable the County to develop a complete water supply system of its own which would provide water for a population in excess of several million, Larchmont Village Engineer Arthur Richards said tonight at a meeting of the Westchester Water Works Conference, 19 Briarcliff.

Mr. Richards, reporting on the current water supply conditions in the County pointed out that Westchester municipalities are at present buying over a half million gallons worth of water a month from New York City and that this would provide water for a population in excess of several million, Larchmont Village Engineer Arthur Richards said tonight at a meeting of the Westchester Water Works Conference, 19 Briarcliff.

Getting along with bees since that time his nervous that he carefully must dox himself out with nets and gloves while attending their needs. His mother can do it unaided. And although that is an achievement, she holds an even greater mark in the beekeeping world—she's never been stung.

The wintering was done with sugar manufactured by Refined Syrup and Sugar, Inc., which employs a method that makes a practically identical chemically with the nectar of flowers.

Mr. Strumbers, pastor of Mamaroneck Methodist Church, winterized his hives with liquid sugar to insure the occupants of nourishment during the next five or six months.

The process of filling the hives with a compound, chemically similar to the nectar of flowers, was the completion of an annual fair exchange. The bees provide Mr. Strumbers and his family with 45 to 60 pounds of strained honey annually, and if the pastor didn't replace the yield with supplementary feedings, they would starve.

Under the present system, Mr. Richards reported 40% per cent of the water used in the County during 1949 was purchased from the New York City water supply as was of the water districts that do not have sufficient reservoirs to carry them over during even ordinary drought and hot weather periods.

**GUAM BATTERED BY BIG TYPHOON**

**145-Mile Winds Destroy Buildings; Storm Is 'Worst in Years'**

TOKYO, (AP)—The Air Force Weather Bureau reported winds approaching 145 miles an hour battered the island of Guam late today.

The weather observers said they managed to get a "rain call" through to the island after rugged communications went out. They said the connection did not last long enough to get damage reports.

Earlier reports from the island, where hundreds of American servicemen and civilian workers are stationed, said several buildings had been destroyed and that a time had not exceeded 90 miles an hour.

The typhoon, one of the worst in years in the Pacific, was centered 45 miles south of Guam and moving west-northwest at about 10 miles an hour.

An Air Force spokesman said the island's 300-mile perimeter buildings were destroyed. At last reports the control tower on the island was still standing.

Earlier an undetermined number of superforts and transport planes were flown to New Lima to take out the typhoon, which reportedly had winds of 150 miles an hour near the center.

**Judge Upholds Coplon Arrest**

NEW YORK, (AP)—Federal Judge Systrer, J. Ryan ruled today that the arrest of a woman by a police officer was legal and that papers taken from her purse by the FBI can be used in evidence against her.

The former government civil servant, Arthur J. Coplon, had contended her arrest was illegal because the FBI had no warrant when they took her and Soviet Engineer Valentin Gubitchev into custody last March.

The government charges that the papers found in her purse were stolen from the Russian government and that she planned to give them to Gubitchev for passing on.

Ryan held that the FBI was justified in claiming another trial would place the woman in double jeopardy, in violation of her constitutional rights.

In addition to the double jeopardy, the judge also will hear a defense motion to dismiss the case on the ground that there was insufficient evidence to justify her indictment.

Miss Coplon seeks to avoid trial. She already is under arrest of 40 months to ten years in prison on a Washington conviction of stealing secret government papers for the Russians.

The prosecution contends the document found in Washington—here she was tried alone—were different crimes from the alleged conspiracy here with Gubitchev, Miss Coplon and Gubitchev, whom she says she loved until she discovered he was married. She has since divorced him and has inured each other in court since the pre-trial hearings opened in 1947.

**Hiss Trial Starts Again**

NEW YORK, (AP)—Alger Hiss, charged with espionage, will go on trial today for the second time on perjury charges.

Hiss was indicted by a grand jury in New York in 1948, and was held in custody by Federal Judge Henry W. Goddard until the trial in the summer of 1949, when he was released on \$100,000 bail.

The trial was adjourned in January 1950.

This trial, like the first one, is expected to revolve around the conflicting claims of two men, Hiss and ex-Communist, Whittaker Chambers.

A question of lying in the previous trial, in which Hiss was acquitted, which produced a deadlocked jury in the previous trial, is this: "Which man is lying?"

Choosing of a new jury to try Hiss is expected to get underway quickly, in as much as a series of pre-trial motions already have been disposed of.

**BUDGET LOWERED IN TOWN OF RYE**

**No General Town Tax Is Planned, Hearing Set Dec. 7**

The 1950 budget for the Town of Rye will fall below this year's output by almost \$4,000 if the tentative figure, \$19,520,300, which was adopted Tuesday by the Rye Town Board, is passed at a public hearing set for Wednesday, Dec. 7, in the Town Rooms at 100 Westchester Road, Rye.

Board members concurred with Supervisor Arthur G. Sannarot that no general town tax would be necessary in 1950 since the estimated revenue would be less than the estimated revenue of \$20,400,000. This sum was down about \$2,000,000 from last year's estimated revenue of \$21,126,500 due to the fact that returns from sales of Town-owned real estate are expected to drop from \$15,000 to \$2,000.

KATONAH—St. Luke's Episcopal Church was damaged this morning by two small fires near the front of the vestibule. Bedford police took custody of a fifteen-year-old boy from Lackawanna, N. Y., who admitted setting the fires after sleeping in the church vestibule.

Police Chief Frank Mallette said that the boy, who escaped from a Children's Court detention home near Westwood, also admitted setting four other fires in the area.

Damage to the interior of the church was estimated at between \$1,500 and \$2,000 by Chief Edward Gajling of the Katonah Fire Department. The blaze was discovered at about 7:35 A. M. by Robert Gossman, second assistant fire chief, who lives near the church.

Four to five men with four pieces of apparatus arrived and discovered two separate blazes. The blaze was brought under control within 10 minutes, and about an hour later police captured the boy in a wooded area behind Katonah High School.

Questioned by police, the boy also admitted setting money from the candlestick boxes in St. Patrick's Catholic Church, Mount Kisco, yesterday. The youth also said he had broken into a garage near St. Luke's church last night and stole a fire chief's badge and a fire chief's hat owned by H. Halstead Park Jr.

**Foley to Head Nominating Committee, Workers Thanked**

Checks were authorized to be sent to the nominating committee of the Larchmont Chest for the 1950 election. The committee will meet on Tuesday, Dec. 12, at the Larchmont Community Center, 100 Westchester Road, to select a slate of officers for the year.

**Judge Upholds Coplon Arrest**

NEW YORK, (AP)—Federal Judge Systrer, J. Ryan ruled today that the arrest of a woman by a police officer was legal and that papers taken from her purse by the FBI can be used in evidence against her.

The former government civil servant, Arthur J. Coplon, had contended her arrest was illegal because the FBI had no warrant when they took her and Soviet Engineer Valentin Gubitchev into custody last March.

The government charges that the papers found in her purse were stolen from the Russian government and that she planned to give them to Gubitchev for passing on.

Ryan held that the FBI was justified in claiming another trial would place the woman in double jeopardy, in violation of her constitutional rights.

In addition to the double jeopardy, the judge also will hear a defense motion to dismiss the case on the ground that there was insufficient evidence to justify her indictment.

Miss Coplon seeks to avoid trial. She already is under arrest of 40 months to ten years in prison on a Washington conviction of stealing secret government papers for the Russians.

The prosecution contends the document found in Washington—here she was tried alone—were different crimes from the alleged conspiracy here with Gubitchev, Miss Coplon and Gubitchev, whom she says she loved until she discovered he was married. She has since divorced him and has inured each other in court since the pre-trial hearings opened in 1947.

**Hiss Trial Starts Again**

NEW YORK, (AP)—Alger Hiss, charged with espionage, will go on trial today for the second time on perjury charges.

Hiss was indicted by a grand jury in New York in 1948, and was held in custody by Federal Judge Henry W. Goddard until the trial in the summer of 1949, when he was released on \$100,000 bail.

The trial was adjourned in January 1950.

This trial, like the first one, is expected to revolve around the conflicting claims of two men, Hiss and ex-Communist, Whittaker Chambers.

A question of lying in the previous trial, in which Hiss was acquitted, which produced a deadlocked jury in the previous trial, is this: "Which man is lying?"

Choosing of a new jury to try Hiss is expected to get underway quickly, in as much as a series of pre-trial motions already have been disposed of.

The setting of the trial in the same room at the Federal Court house on Foley Square where a jury last July 8 reported Hiss unable to agree on Hiss' guilt or innocence.

Hiss, now forty-five, was indicted on July 17, 1949.

**Missing Woman Found By Police in New York**

Combing The Town

A Hectic Life

A merchant mariner's life is a hectic one, it has been said by William Carlson of 751 Hummocks Road, Larchmont, in any indication.

Joint Holiday Cited

Larchmont's joint celebration of Christmas with its "adopted" town of Abbeville, France, will receive nationwide attention this month when an article describing the plan appears in the December American Girl, a magazine published by the Girl Scouts of the U. S. A.

Children and adults are taking part in the mutual exchange of holiday assistance cards between Larchmont and Abbeville, France, says a Christmas committee in both towns.

Hailed into Court

Hailed into Larchmont court Saturday night were 250 firemen, guests, and members of the Fire Department for a "hearing" following a fire on the Fire Department's benefit show.

Probe Crime Methods

Mayor and Mrs. B. J. Santoro and Trustee and Mrs. John W. Santoro will participate in the 1949 Conference of the Fire Department Association.

It Could Be

There was one laugh at the Firemen's benefit play Saturday night that was not anticipated in the script.

Didn't Get Far

Whoever stole the car belonging to Mrs. Herman Riehl of 87 West Brookside Drive, Larchmont, Saturday, didn't take a very long trip.

Today's the First Day

Yes, sir, this is the first day of our Christmas Shopping Guide book is being published on the Want Ad page.

# Combing The Town

## Not Hungry Yet

"Come, kitty, kitty, kitty," cooed Patrolman James Mancusi of the Town Police yesterday as he perched on the top rung of a ladder at 20 Crescent Road, Larchmont.

"Kitty" had leaped to the roof of the house after climbing out of a limb of a nearby tree, and her owners, Peter and James Stockman, said nine and seven respectively, who live next door at 24 Crescent, were worried and called the police.

Kitty was worried too, although she seemed to show more concern over Officer Mancusi's head and shoulders above the rim of the steep-pitched roof than she did show the difficulties of getting herself down to earth again. She refused to let the officer do to do with her rescuer until the exasperated officer finally climbed back down and returned the extension ladder he had borrowed from a neighbor.

"She'll come down when she gets hungry," he told the boys as he drove away.

Apparently a day and a night on the roof did not hurt her appetite, however, she was still up there at ten this morning.

## Lied for Heroism

Marine Major Robert J. Baez of Washington, D. C., formerly of Larchmont, was awarded the distinguished flying cross and six gold stars for heroism in action against the Japanese in 1945 at a ceremony last week at the Marine Barracks, Washington, where he is now stationed.

Major Baez, a former student at Mamaroneck High School, was graduated from the Loomis School, Conn., and attended Cornell University before he was appointed an aviator cadet in December, 1940. He was commissioned a lieutenant in August, 1941.

Now the post supply officer at the Marine Barracks, he is the son of Dr. and Mrs. P. E. Baez of New Brunswick, N. J., formerly of 78 Canton Avenue, Larchmont.

## Lady Wants a Light

Mrs. Katherine Clanchall, 44 Hoyt Avenue, Larchmont, feels that the least Westchester Lighting Company could do would be to move one of its street lights to the street in front of her house so she can see.

Mrs. Clanchall has had no street light, she said, since yesterday, since she has had her house moved down the road a piece last January. She has repeatedly requested the lighting company to place a street light at the new location of the house.

## ADDITION PAVING PROPOSAL FAILS TO WIN APPROVAL

### Commission Suggests Trade Of Lots, However, to Create Buffer

The Larchmont Planning Commission has advised against the paving by the village of the Addison Street Extension, Mayor Walter B. C. Washburn revealed last night at the Board meeting in the municipal building.

The unfavorable decision was given on a proposal by the Alton-Addison Company, Inc., that the village pave the extension of Addison Street on East side of Chatsworth Avenue, at present a street on paper only, and add it as a parking space to a parcel now being developed by the Alton-Addison Company on the adjacent Addison Street property.

The commission recommended that the village purchase the land-traverse, in which the village would give the company the Addison Street strip and the company cease to the village a comparable plot of land.

## TRUCKMAN FACES HIT-RUN CHARGE

### Alert Motorist Gives Chase After Viewing Side-view Crash

Paul thinking by a passive motorist mangled by fast action by Patrolman John Di Giacomo of the Mamaroneck village police, led to the arrest last night of Robert W. Edwards, truck driver, of Westbury, Conn., after he allegedly left the scene of an accident in which his truck side-swiped a car driven by William J. Brady of 1190 Jensen Avenue, Mamaroneck.

Mr. and Mrs. James O'Keefe of 804 Tompkins Avenue, Mamaroneck, were driving east through Larchmont on the Post Road about 9 P. M. when they saw the truck side-swipe the Brady car as it passed on the left, and then proceed east without stopping to exchange data with the driver.

Mr. O'Keefe continued east on the truck until he came opposite the Mamaroneck Junior High School where Patrolman Di Giacomo was directing traffic for the concert being given there. When Mr. O'Keefe reported the hit and run, the policeman leaped into Mr. O'Keefe's car and told him to try to overtake the truck. Mr. O'Keefe caught up with the slow-moving truck at the Post Road and Barry Avenue in Mamaroneck.

## Blaze Sings Lineman Atop 'Phone Pole

### Edward Norberg, 1171, of the Bronx, a telephone lineman was slightly burned yesterday when his windbreak tent caught fire from a spark while he was working high up on a telephone pole near the entrance to Bonnie Country Club on Weaver Street, Larchmont.

The Weaver Street Fire Department, answering a false alarm, arrived in force to extinguish the blaze which the slightly burned occupant of the tent had already partially beaten out. Firemen completed the work with water from a fire engine's booster tank.

First Aid was administered the victim by Sgt. Francis Wambury and Detective Joseph Parnes of the Town Police.

The fireman returned to the fire house at 1 P. M. and Mr. Norberg minus some hair from his eyebrows, went back to work.

## 27 IN AIRLINER CRASH

### Child Is Only Survivor of Plane Tragedy in Norway

OSLO, Norway, (AP)—Pledges announced today that recovered 26 bodies from the wreckage of a Dutch plane which had crashed 28 Jewish refugee children and one woman, the only child and one child is known to have survived. There was only the smallest chance that there were any more survivors, the rescue parties reported.

The searchers found the twin-engine DC3 transport after searching since Sunday through the dense forests of Southern Norway. It was lost en route from Tunis, North Africa, to Norway, with the 28 undernourished refugee children, three nurses and four crewmen.

The plane smashed into the forest, cutting a broad swath through the trees. The front part had "Aero Italia" and was badly damaged, but the rear section was said to have been almost intact. At the wreckage, workers came upon it some of them reported they could hear faint, feeble cries.

It was reported that the lone child was found in a 12-year-old boy, a small town on the west side of the Oslo fjord, about 30 miles from the Norwegian coast. The nearest house to the crash scene is almost two miles away, and apparently its occupants did not hear the crash.

Several bodies were found strewn about in the dense woods. The plane was found near Pletten, a small town on the west side of the Oslo fjord, about 30 miles from the Norwegian coast. The nearest house to the crash scene is almost two miles away, and apparently its occupants did not hear the crash.

## 'Freedom Day' Hailed By Municipal Heads

### Residents to 'set aside' from their duties in honor of the 10th anniversary of the Freedom Train

It will be "Freedom Day" tomorrow in Mamaroneck and affairs will be open to the Larchmont when the New York State Freedom Train is open to the citizens of both communities.

Mayor E. J. Santoro of Mamaroneck, Larchmont Mayor Walter B. C. Washburn, and Supervisor Owen A. Mandeville today issued a joint proclamation calling on every citizen to visit the Freedom Train.

The proclamation exhorts all residents to "set aside" from their duties in honor of the 10th anniversary of the Freedom Train. It calls for thankfulness for "our fundamental liberties" and for our forefathers and handed down to us by successive generations.

"The text of the joint proclamation follows:

"This year Thanksgiving Day and the harvest season which it marks will afford us all an added reason not only for rejoicing in our prosperity but for thankfulness to a beneficent Creator for all the blessings of this life.

"Now, with the coming of the Freedom Train to Mamaroneck we shall all have the opportunity to see in private and to feel in our own eyes those very instruments which form the charter of our liberties.

"Now therefore, we, being mindful of the importance of this opportunity to re-educate ourselves to the principles upon which our welfare is established, do jointly proclaim Wednesday, Nov. 23 to be 'Freedom Day' and urge all citizens to set aside from their affairs that day such as shall be necessary to visit the Freedom Train and see for themselves how thankful we should all be for living Americans.

## SCHOOL STUDENTS TO VIEW EXHIBITS DURING MORNING

### Public Invited to Visit Train

November from 9 A. M. to 9 P. M.

The New York State Freedom Train will arrive in Mamaroneck tomorrow at 9 A. M. and will be open to the public at a 9 A. M. and 9 P. M. and special civic ceremonies of welcome will be held at 10 A. M. and 3 P. M. under the direction of Judge Charles M. Baxter, chairman of the local committee for the Freedom Train.

Participating in the ceremonies will be Mayor Walter B. C. Washburn, Mamaroneck Mayor E. J. Santoro, and Dr. Richard Campbell, editor and general manager of the Daily Times, under whose auspices the train is making its tour of the Mamaroneck area.

The ceremonies will be brief but impressive, according to Mr. Baxter, who today again urged all residents to visit the train.

Special arrangements have been made for students in the fifth to tenth grades of all Mamaroneck and Larchmont public and private schools to visit the train. They will be taken on special buses to the train and accompanied by teachers who have been specially briefed on the historical significance of the train.

Seventy-eight groups of students will see the train with about 25 in each group. They will begin at 9 A. M. and will continue until noon.

The presence of the students should insure the general public's attention to the train.

## FERZACCA FOUND GUILTY BY JURY

### Resident Will be Sentenced Friday For Illegal Gun Possession

After deliberating for more than an hour and a half last night a Mamaroneck Police Court jury brought in a verdict of guilty against Nicholas Ferzacca of 118 Frank Avenue, Mamaroneck, charged Aug. 22 with illegal possession of a revolver by Mamaroneck police.

Ferzacca, who had pleaded not guilty, will appear Friday in Police Court before Judge Henry T. Honigke for sentencing.

Detective Sergeant Jeremiah Geary filed the charge against Ferzacca and had been ordered to guard it until there are barometric readings.

Hanford is the place where the ingredient for the powerful atomic weapons of today, Plutonium, is manufactured. It is located in the far northwest corner of the state and is the site of the launching of a bomber of atomic bomb attacks from Russia during the second world war.

Ferzacca, who was represented by Louis Zinsner, maintained he never in a box or cabinet in his home and did not see the revolver until shown it last night in court.

Chief Arthur W. Martensen took the stand and testified that on the night of the shooting Ferzacca had been shown the gun at headquarters and had admitted that it was his.

Conviction on the charge of illegal possession of firearms, a maximum penalty of a \$500 fine and a year in jail.

## HANFORD A PLANT TO LACK TROOPS

### Strategic Installation Must Go Unattended Except For AEC Police

WASHINGTON, (AP)—The strategically important atomic plant at Hanford, Wash., apparently will lack Army troops to guard it until there are barometric readings.

## Tale of Miranda, The Naughty Doll, To Start Dec. 5

### Miranda the Naughty Doll is on her way here—and you will find it interesting, yourself a committee of one to welcome her.

Dear little Miranda, cause of so much excitement these Christmas days is the principal character in this newspaper's "A Christmas Eve" cartoon.

The story will be in easy-to-read type, with attractive pictures added for coloring. It will be edited by a group of Mamaroneck public school teachers, so that it will be perfectly suitable for inclusion in the school curriculum, and will be in 12 daily chapters, beginning on Monday, Dec. 5.

Keep a scrap book of the story. It will make a nice, personally-colored Christmas present for somebody.

## Singer Presents Varied Program

### Community Concert Baritone Covers Range From Opera To Folk Tunes

John Tyers, one of the New York City Opera Company's leading baritone, last night presented a varied program of operatic songs, secular lyrics, ballads and folk music at the season's second Community concert at the Mamaroneck Junior High School.

The artist's first group was composed of three Mozart arias: "Non Più Andrai" from "The Marriage of Figaro"; "Sei benedetto" and "Fin Ch'han Dal Vno" from "Don Giovanni."

His voice gained a measure of warmth and tonal fidelity during the second group which began with Schubert's "Who Is Sylvia" and Erich Wolf's lyrics, "Do Not Sooner" which he sang in English. Holmes' dramatic story of the soldier who returns to find his sweetheart married. "At Paris followed and Parnes' "General" closed the group. Mr. Tyers gave a labored interpretation of the drinking song from "Hamlet" at his final number before the intermission.

His accompanist, Robert P. Hill, gave him skilful artistic and technical support and was warmly greeted after his three piano solos, Brahms' Intermezzo in A Minor and D Flat Minor and "Caricature to a Opus 37" by Chopin. His encore was Shostakovich's "The Age of Gold" which elicited at many waves of delight from the audience as a Walt Disney cartoon.

Mr. Tyers' next group included Clarke's "The Blind Piousman," "Avahe Mele" by Harris, "I Wonder as I Wander," and a request by John Jacob Niles, which called for a sustained remembrance some hair from his eyebrows, went back to work.

## Palmer Avenue Is Beautified By 12 Maple Tree Plantings

### A plan to beautify part of Palmer Avenue in Larchmont became an actuality this morning as the planting of 12 trees was completed on the west side of the street between West and East Avenues.

The project financed by 19 Larchmont merchants, involved the purchase of 12 trees from the New York State Freedom Train, shown above on its recent visit to White Plains. The six-car blue and gold train, bearing 89 projects documents dealing with the development of the essential liberties enjoyed by all Americans, will be at a siding in the Mamaroneck freight depot, Penrose Road near Hoyt Street and will be open to the general public tomorrow from 9 A. M. to 9 P. M. under the sponsorship of the Daily Times.

## Child Is Only Survivor of Plane Tragedy in Norway

### OSLO, Norway, (AP)—Pledges announced today that recovered 26 bodies from the wreckage of a Dutch plane which had crashed 28 Jewish refugee children and one woman, the only child and one child is known to have survived.

There was only the smallest chance that there were any more survivors, the rescue parties reported.

The searchers found the twin-engine DC3 transport after searching since Sunday through the dense forests of Southern Norway. It was lost en route from Tunis, North Africa, to Norway, with the 28 undernourished refugee children, three nurses and four crewmen.

The plane smashed into the forest, cutting a broad swath through the trees. The front part had "Aero Italia" and was badly damaged, but the rear section was said to have been almost intact. At the wreckage, workers came upon it some of them reported they could hear faint, feeble cries.

It was reported that the lone child was found in a 12-year-old boy, a small town on the west side of the Oslo fjord, about 30 miles from the Norwegian coast. The nearest house to the crash scene is almost two miles away, and apparently its occupants did not hear the crash.

CHINA REDS FREE U. S. EMPLOY WITH CONSULATE AIDES

Ward Is Ordered to Leave Country After Release From Prison

WASHINGTON, (AP)—Angus Ward, the American Consul General at Mukden, has been released from jail by the Chinese Communists and ordered out of the country.

The Communists also released four consulate aides who were jailed with Ward Oct. 20 on what was the first direct word from the State Department called "trumped up" charges of beating and insulting two Chinese in a waste dump.

The department announced today that the seven were released from Ward himself. It was the first direct word from the Consul General in a month.

In winding up what the department denounced as their "barbaric" treatment of Ward, Communist gave him a trial before a "people's court."

This court found them all guilty and meted out varying prison terms. Then the sentences were commuted to deportation.

Ward, fifty-six-year-old veteran diplomat, made his report in a letter to the State Department.

Band To Greet Santa On Larchmont Visit

Santa Claus will pay his annual visit to Larchmont at 9:15 A. M. Friday when he arrives at Station Plaza on the north side of the railroad station.

Throng of children are expected to be on hand to greet the old gentleman as he starts on a parade through Larchmont to the strains of a military band.

The parade will proceed along Chatsworth Avenue to Palmer and down Palmer to the Playhouse where two movie shows, admission free to the youngsters, will be presented at 10 A. M. and 11 A. M. Each guest will receive a gift as he leaves the theater viewing a two-reel Western movie and several children's cartoons.

The Mamaroneck High School Band will start off Friday's festivities with a concert beginning at 8:45 A. M. heralding St. Nick's visit and concluding with musical program until Santa arrives to greet the assembled guests.

Plans for Santa's visit were completed yesterday noon by the Larchmont Pal Trade Association, which is sponsoring the Christmas party at a luncheon meeting in the Pal Mar Restaurant.

In addition to arrangements for Santa's arrival the association also made final plans for decorations of the business area for the holiday season. Lighted wreaths will be placed on all light poles to give a festive atmosphere for Yuletide shoppers.

Truck and Car Tangle; Both Vehicles Damaged

Vehicles driven by Edward L. Mayone of Albany, N. Y., and John Pennetta of 34 Sylvan Place, New Rochelle were damaged at 10 A. M. yesterday when they collided on Palmer Avenue near Larchmont Avenue, in Larchmont.

Mr. Mayone told police he was driving east on Palmer Avenue when a truck driven by Pennetta pulled away from the curb on his right and struck and damaged his right front door. The truck driver claimed he had stopped to discharge a passenger and had passed, compelling the left front of the truck.

There were no charges or arrests.

COUNTY PLANNING COMMITTEE TO ADVISE

Pomeroy Discusses Function And Problems of Commission

The functions, organization, and problems of the Westchester County Department of Planning were discussed last night by Hugh A. Pomeroy, its director, at a meeting sponsored by the League of Women Voters of Mamaroneck and Larchmont at the Mamaroneck Senior High School.

The department's planning, Mr. Pomeroy said, has a dual relationship to two county departments, the executive and legislative branches. It belongs under neither governmental unit, but serves as an advisory body to both, he explained.

He listed four functions of the department as specified in the County Charter and legislation passed by the Board of Supervisors. These are the preparation of a comprehensive study plan for county development; to make recommendations to the Board of Supervisors as to the elements of a County Master Plan; annually to recommend expenditures for the capital budget and submit a budget program for the five-year period; and to keep fully informed as to the planning activities of governmental bodies throughout the county.

"Planning is for the needs of people," Mr. Pomeroy said, adding that the County Department of Planning must not only keep track of population changes, but the changes within population groups such as in age and occupation.

Shoppert Retail Stores Inc. will be represented by Louis H. Pagan and Fleet Stores, by representatives of Sidney Bode, to elect to membership.

Among the subjects discussed were cooperative advertising, better window dressing, and better use of direct mail. The promotion of these should receive a serious study by the Board of Directors of the Mamaroneck Chamber of Commerce in the Mamaroneck Playhouse building. There was also a discussion of additional plans for the arrival of Santa Claus by helicopter on Saturday.

1,090 Aboard By 11 A. M.; Train Open Until 9 Tonight

The New York State Freedom train, which left New York City at 10:30 A. M. today, when it officially opened, more than 200 persons were in line to view the 89 precious historical documents which the train carries.

The exhibit will be open to the general public until 9 o'clock tonight and there is still time for all residents to see it as the Mamaroneck Depot, 1000 Route 90 near Road near Hoyt Street.

This afternoon official welcome reception will be held with participants including Judge Owen A. Mandeville, Larchmont Mayor Walter B. C. Washburn, Mamaroneck Mayor B. J. Santoro and H. Richmond Campbell, editor and general manager of The Daily Times, which has sponsored the train's visit to Mamaroneck.

Plans aboard the train this afternoon will be to visit the Westchester Jewish Center and the Westchester Jewish Center.

The New Haven Railroad, however, anticipates a heavier holiday load and plans to step up local service between New York and Westchester beyond the frequency of the regular service. As a result, trains will be operated in both directions between New York and Westchester and Central Terminal approximately every half hour during the late morning and mid-evening hours when railroad figures show that the bulk of local passenger traffic is on the move.

NEW YORK WEIGHS WATER RATIONING

Droughted Albany Metropolitan Area—Pressure Drop Fared in City

NEW YORK, (AP)—The nation's most heavily populated area is facing the severest drought in years.

Water rationing is being considered in parts of the metropolitan region, where more than 10 million people live.

And public officials warn that unless consumption drops, some parts of New York will have no water at all.

Most reservoirs are down as much as 40 per cent.

Unusually little rainfall and a heavy increase in the use of water during the past year have combined to cause the shortage.

Not only has the population of the New York area increased but many industries are using more water.

New York's commissioners of Water Supply, Gas and Electricity, Stephen J. Carter, said the public must begin at once to use less water if lowering of water rates throughout the city is to be avoided.

GRAND JURY TO GET BOGUS CHECK CASE

Laurie Cupflore, twenty-eight, of New York City, accused of forgery and larceny following the alleged passing of a bad check in Mamaroneck Friday, waived examination in Mamaroneck Police Court this morning and was held for action for the Grand Jury.

Cupflore was apprehended by Detective Jeremiah Kelly of the Mamaroneck Police Department Saturday when he returned to this area the day after he had allegedly picked Mrs. Josephine Kuchon, liquor dealer for \$100 in cash and merchandise.

The only other case that came up before Judge Henry P. Horn today this morning resulted in a conviction for George Gaudin of Mt. Vernon.

Denfeld Ouster Motive Won't Be Probed—Vinson

WASHINGTON, (AP)—The reasons for removal of Adm. Louis Denfeld as Chief of Naval Operations will not be probed by the House Armed Services Committee, Chairman Vinson, D. Ga., said today.

Denfeld's removal followed the investigation into the Navy's investigation of national defense policies which sought to strip those differences involved the state which were made 48 chapters.

Rabbi Leonard R. Schuler will deliver Thanksgiving services at the Mamaroneck Synagogue. The services are slated to start at 8:30 P. M. (The Navy Matthews.)

# Combining The Town

## No Holiday Traffic

Holiday traffic snarls presented no problem whatsoever for Hoyt D. Smith, of the Colonial Apartments, Larchmont, who, with his daughter, Sylvia, spent the Thanksgiving weekend in Washington, D. C.

Mr. Smith flew to Washington and back in his comfortable two-place one-engine airplane, which he piloted as chief, the plane formerly owned by Col. Louis Frank of Larchmont, and he cruised down Philadelphia at 7,000 feet on the pleasant return flight, looked down with envy on the endless lines of bumper-to-bumper traffic en route home from the Army-Navy game. The Smiths were Thanksgiving guests of his sister and brother-in-law Mr. and Mrs. Victor H. Beach, former Larchmont residents.

Mr. Smith, principal of Mamaroneck Junior High School, will fly Sunday to Syracuse to attend the convention of the New York State Association of Secondary School Principals of which he is chairman for the Junior High Section, returning in time for Christmas Sports' dinner at the Junior High.

## Inverse Ratio

Mamaroneck Village Board members have discovered during the course of year-to-year relations that the length of agenda and the length of meetings, exactly opposite from what is should be, the shorter the agenda the longer the meeting.

By that analogy tonight's meeting ought to last just a few minutes. There are only two items of new business on the docket. One is a routine application for a road permit and the other is a communication regarding a village-owned tavern strip in Mamaroneck Knolls.

## Chioda on Ohio State

Albert Chioda, son of Mr. and Mrs. Vincent J. Chioda of 398 Tompkins Avenue, Mamaroneck, is now attending Ohio State University, Columbus, Ohio, following his discharge from the Army Air Corps in August.

Mr. Chioda enlisted in the Air Corps in August, 1948, and received his basic training in San Antonio, Tex.

A graduate of Bellows High School in 1947, he attended Rockhurst College in Kansas City, Mo. for one year prior to entering the service.

## Starting Something?

Someone is apparently setting himself up in business in the expense of Patmore of Moody's Eastward, Rutherford Avenue, Mamaroneck police are on the lookout for a thief who might have used for five storage bins in the yard during the last month. The latest theft was discovered Saturday by owner Lester Winter of Hawthorne.

## Leave of Absence

Larchmont Village Assessor Frank E. Barnes and Mrs. Mary's left town for St. Petersburg, Fla. where they will spend the winter months.

Mr. Barnes has been granted a leave of absence from his position at the Municipal Building by the Larchmont Village Board. He will do some of his duties while the clerical end of his job will be handled by an assistant.

## Quick Witted Friend Halts Cellar Blaze

Past work by a neighbor and a follow-through by the Larchmont Fire Department Saturday afternoon extinguished a blaze that broke out among some stored slipcovers and bed linen in the basement of Mrs. Jack Leben's residence at 19 Old Colony Drive, Larchmont.

Samuel Phillips of 25 Old Colony Drive entered the smoke-filled basement in response to Mrs. Leben's appeal for help about 2 P. M. He connected the garage hose and brought a stream of water to play on the box of stored goods which threatened to ignite the cellar stairway above the storage space.

The Fire Department arrived shortly afterwards and completed the job with a fire extinguisher. They returned to the fire house at 2:30 P. M.

Mrs. Leben said this morning that the stored material was all new and unused, and that the damage done by her, plus the smoke damage, amounted to approximately \$400.

## Construction Industry Seeks T-H Exemption

WASHINGTON, (AP)—Employer associations and labor unions in the vast construction industry have asked the government for a blanket exemption from anti-trust laws to help them win more jobs.

Their formal appeals to the National Labor Relations Board came to the agency today.

The industry's major management and labor groups claim that strict application of anti-trust laws to them will wreck long standing collective bargaining practices and hamper building activities.

# 2-1/2 FEET SNOWFALL TANGLES TRAFFIC; 5 MISHAPS HERE

## Season's First Storm Sends Autos Spinning; Army Of Sleds Appears

A two-inch snowfall, the first of the season, powdered Mamaroneck and Larchmont yesterday, snaking the streets, causing five minor accidents and inconveniencing everyone but sleigh riding youngsters.

The snow began at 7 A. M., firing police, motorists and road maintenance men a disproportionate amount of trouble. Ordinarily such a minor fall melts upon hitting the street, but yesterday in a deepening temperature the snow coated the pavements and remained a hazard throughout the day except on the more heavily traveled roads. The fall lasted until shortly after 2 P. M.

Traffic tie-ups frequently occurred on inclines during the early afternoon. The snow was shoveled and spun to create a road block before village and town trucks cleared up the worst spots with sand.

In view of the hazardous driving conditions, police in all three communities, however, were satisfied to let the snow melt.

## BABY DIES HERE OF SUFFOCATION

De Mackiewicz Infant Found Stricken In Carriage; Inhalator Used

Richard de Mackiewicz, three-month-old son of Mr. and Mrs. Richard de Mackiewicz of 4 Calver Road, Larchmont, died of suffocation late yesterday afternoon in his carriage after artificial respiration and the application of an emergency inhalator by the Town Fire Department.

Mr. de Mackiewicz told police he had placed the child on his side in the carriage out of doors after the 4 P. M. feeding and that when he looked at the child at about 5 P. M. he noticed he was not breathing. He and his wife immediately rushed the baby to Mrs. Carmen Perleasse who lives in the same building, and then called the police who started artificial respiration immediately. They were shortly joined by the emergency crew from the Fire Department with the oxygen inhalator.

All efforts to revive the child failed and he was pronounced dead at 6:30 P. M. by Dr. Seymour Fine who had rushed to the scene in response to an appeal from town police. Pending examination, the body was moved to Fox Funeral Home, 6 P. M. Post Road, Larchmont, with the permission of the county medical examiner.

Mr. and Mrs. de Mackiewicz have one other child, a daughter, and a son, both living in Larchmont.

Funeral services will be held tomorrow at 2 P. M. in the Fox Funeral Home, 6 P. M. Post Road, Larchmont, interment in Holy Republic Cemetery, New Rochelle, will follow.

Key witnesses interviewed with the course of justice in Larchmont yesterday at Frank Leo of 69 Highland Avenue, New Rochelle, slipped and fell while pursuing a foot an unidentified youth who had just abandoned a stolen car belonging to Jennie Pascale of 57 West Street, Harrison.

The car had been stolen about 6 P. M. from in front of the Assurano residence at 24 Weaver Street, Larchmont, where Miss Pascale, Mr. Leo and Eudice Brendoll of 638 Center Street, Mamaroneck, were visiting. Mr. Brendoll and Mr. Leo were on their way to Mamaroneck to look up the purchase of a car. The stolen car shortly after the theft when they spotted the car being driven shortly across the Rockland Avenue railroad bridge.

Mr. Brendoll, who was driving, immediately gave chase, overtaking the fugitive at Deane and Palmer avenues. Here the driver of the stolen car leaped out and stood upright before Palmer Avenue, ending Mr. Leo, who was in the passenger seat, the latter slipped and fell on the sidewalk.

The abandoned car was reclaimed and returned to Miss Pascale. Police this morning had a description of the driver, the description given by Mr. Brendoll of about sixteen years, about five feet ten inches, fair haired.

## Thongs Greet Santa Claus As He Arrives By Helicopter

Santa Claus arrived in Mamaroneck by helicopter at 4:15 Saturday afternoon, rode the hook and ladder truck in the parade, switched on the Christmas street decorations on Mamaroneck Avenue, Tompkins and Halsted Avenue near Barry, and left immediately afterward to return to the North Pole.

Nearly 2,000 children and adults were at the school field when the helicopter landed. The parade, switched on the Christmas street decorations on Mamaroneck Avenue, Tompkins and Halsted Avenue near Barry, and left immediately afterward to return to the North Pole.

The parade was led by the Police Department, jingled by a sound truck playing Christmas music, the Fire Chief's car, the serial truck with Santa Claus perched on the back of the seat, and large contingents of Boy Scouts, Girl Scouts, Camp Fire Girls, Brownies, and Blue Birds. An honor guard of 12 Boy Scouts, 12 Girl Scouts, and 12 Camp Fire Girls paraded on either side of the serial truck.

When the parade disbanded at Prospect and Mamaroneck Avenues, Village and Chamber of Commerce officials rode to Tompkins Square and to Halsted and Barry Avenues in limousines provided by Paramount Taxi. All along the parade route Santa Claus threw out several thousand sticks of gum which had been provided by Jule-Lee Stationers.

"I want to take this opportunity," said Albert J. Lombino, chairman of the Christmas Decorations Committee, "to thank all of the village officials and employees, the Police and Fire Departments, the Boy Scouts, Girl Scouts and Camp Fire Girls, and all others who made Santa Claus' arrival in Mamaroneck the tremendous success that it was. No matter how carefully we may plan, without such cooperation such an affair could not be a success."

## RED URANIUM FIRE FATAL TO 2,000

Only 300 Miners Reported In Berlin As Rescued In Disaster

BERLIN, (AP)—The British-licensed newspaper Telegram said today 2,000 persons perished in a uranium mine fire in the Soviet Union last Thursday. The paper said it was one of the worst mining disasters in history and charged that it was due to negligence.

In an early edition, Telegram said 400 German miners died in the blaze, which occurred in a mine in the Erz Mountains, on the Saxony-Czechoslovak border. Its evening edition, it said later reported had revised the casualty list upward to 2,000. Only 300 miners were reported rescued. The bulk of the workers, said Telegram, were political prisoners.

Telegram said the fire had spread from mine No. 25 to two nearby workings and that it exploded dump detonated, wrecking a mine hoisting tower. It said the blaze started when worn insulation on mine electric cables caused a short circuit. The deaths were said to have been caused by fire, smoke and gas.

The paper said rescue teams from all nearby cities in Saxony were at the scene and that up to Friday night, 968 bodies had been recovered. It is estimated that about half the full working force of 6,000 men at the mine died in the tragedy and declared the rescue teams did not arrive until 12 hours after it occurred.

The Russian-controlled committee in New England and has evacuated its offices from the area. Telegram continued, and has evacuated its offices from the area. Telegram continued, and has evacuated its offices from the area.

## Sheen Urges Way of Saints In Solving Eternal Conflict Between the Body and Spirit

The concept of the worth of an individual soul is the affirmation of democracy as well as of Christianity. Mr. Sheen said that the concept of saints, however, is a grossly mistaken. He took upon them as persons who have achieved the normally unattainable. A better definition, in the words of the original meaning of the word, would reveal them as men and women who have the faith and strive to perfect themselves in the faith.

"The way of relieving the conflicts and tensions which strike everyone and so often result in mental illness is to realize that every person has an immortal soul, realizing that there is just so much capacity for good in all of us," he said.

"It would be interesting to find out," said Mr. Sheen, "what would have happened to men like the saints."

## ATOM 'BREEDING' PLAN REVEALED

Experimental Device to Be Tried to Expand Resources in Energy Program

WASHINGTON, (AP)—The Atomic Energy Commission announced today it is beginning construction immediately on an experimental device with which it will try to "breed" precious atomic materials.

If this try succeeds, atomic development for both war and peace would be greatly strengthened. The commission did not state this in its announcement, but it was implicit.

The announcement was made in connection with a news conference held by David E. Lilienthal, the retiring AEC chairman, Dr. Lawrence B. Havstad, sitting in with Lilienthal, told about it. Havstad is director of the AEC's "reactor development" program.

He said that while the project still is only a pencil and paper job, the most important news forward step in peacetime application of atomic energy.

## BANDITS 'DUMP' VICTIMS AT BALL

Yonkers Store Pair Left At Police Affair At County Center After Holdup

YONKERS — Two unidentified bandits, who are establishing a reputation in Westchester as one of the most daring robberies Saturday night in Yonkers, and followed it with all equally daring insult to Westchester police.

A Safeway supermarket at 970 McLean Avenue was robbed of an undetermined amount of money shortly after 4 P. M. Saturday by two gunmen using the same technique as that used in over 20 robberies during the past few months in this area. They bear close resemblance to the men in other such robberies.

Store manager John Grant was the most resistant manager. Michael Talo, twenty-seven, both of Yonkers, were walking from the store to Grant's car, when they thus surprised them.

Talo was forced into the car and guarded by one of the men. Grant was forced by the other thief to open the store and sit back the safe.

Three bags of money were taken. Grant did not tell police the exact amount taken, but said it was the total receipts for Friday and Saturday.

The two men were bound with duct tape and driven to Grant's car to another spot, where one bandit got out and followed in another car. The two cars proceeded to White Plains.

The haul to Westchester police came when they drove into the County Center parking lot.

## West's Military Chiefs Start Talks On U. S. Program

PARIS, (AP)—The West's top military men today start work on plans to use nearly a billion American dollars for Atlantic defense against any Russian aggression.

Chief of Staff of the United States, Britain and France, the major signers of the North Atlantic Pact, will meet for two days in the French Navy Ministry building.

They are to draw a unified plan to defend Western Europe. Not until the integrated plan is formulated will the U. S. supply nearly \$1 billion in money and arms that will be used to help strengthen the 11 other nations that signed the treaty.

On Thursday the Defense Ministers of the 12 countries meet with the three military chiefs. Position questions will be taken there, along with the technical details of the military plan.

Chief of Staff Gen. Omar Bradley and Defense Secretary Louis Johnson already have discussed the one burning politico-defense question, possible rearmament of Germany.

On the arrival Bradley told reporters: "Our government does not think of rearming Germany at this time." He added, though, that the problem would come up again some day.

Earlier yesterday, in Frankfurt, Johnson said, as well as emphasizing that the United States has no intention of rearming Germany.

## NORTHWEST FIGHTS PERIL OF FLOOD

15 Known Dead In Path Of Disturbance To Reach Central U. S. Today

SEATTLE, (AP)—Battered and reeling, the Pacific Northwest today faces the peril of flood in the wake of a violent wind and rain storm that left 15 known dead in the Northwest coast of the northern half of the nation.

Damage already was in the millions of dollars.

Whirlwinds across the Rocky Mountains with hurricane force, the region's first major storm of winter streaked across Montana, North Dakota, South Dakota, Utah and Wyoming. The Weather Bureau said it would reach the Central Plains States some time today. A heavy blow was predicted for the Great Lakes.

Peak wind velocity was traced yesterday from Cut Bank, Mont., where gusts registered 105 MPH. Sheridan, Wyo., was tracked by 80 MPH breeze. The storm struck on a 1,000-mile front Saturday from British Columbia into Oregon.

Washington Hardest Hit

Hered it was Washington State. Hundreds of families were evacuated as the waters of the Skagit River in Northwest Washington isolated five towns in the Skagit Valley. Four other communities were threatened as five inches of rain fell during a 24-hour period in the upper valley.

The immediate threat appeared, however, to have passed. Early today the normally placid waterway his its crest with about a foot to spare at Mount Vernon where a rain-drenched sandbar crees of from 300-500 men voluntarily to keep the river within its dikes.

Approximately 250 persons were evacuated by Army and Coast Guard crews from nearby, Hamilton.

As anxious Skagit Valley residents were told, the river's next crest was predicted for the 23rd.

## FRATERNITIES URGED TO END BIAS RULES

WASHINGTON — By a vote of 36 to 3 the National Intergovernmental Conference has gone on record as recommending that college fraternities and bars to membership based on race, religion and nationality.

The precedent-making decision came Saturday 24 hours after the group's executive committee had decided to take up the issue.

Nineteen of the 58 member fraternities did not vote on the resolution, the most controversial issue of the session.

The action was considered a victory for a group of underrepresented groups who have no vote in the conference, which is made up of student fraternity officers. Student interfraternity council leadership from New England and the Ten colleges of the mid-West prevailed on delegates to revive the issue, which was excluded from the program.

William J. Barnes, New York native, was elected conference chairman, succeeding Justice Frank H. Myers of Washington.

David A. Conroy, of Larchmont, formerly served as chairman.

## Vacation Treat

The New Haven Railroad will pay Santa Claus to children of Mamaroneck and Larchmont, or from property to parents, from tomorrow until Dec. 24.

A special round-trip children's fare to New York will be in effect tomorrow for all youngsters, between the ages of 12 and 15, accompanied by a parent. Children under five, as always, will travel free.

Announcement by the New Haven of a 12 and one-half per cent increase in fare effective tomorrow will not affect the commuter rates, round-trip and one-way tickets from Mamaroneck and Larchmont to New York, officials of the railroad said today.

Permission to raise rates was granted by the Inter-State Commerce Commission, a federal agency, and does not affect intra-state fares.

## To Address Forum

Dr. Walter Lurie, psychologist, will discuss "Current Issues in Community Organization" following a meet service conducted by Rabbi Irving Koolster at the late Forum Service at 8:30 P. M. Friday at the Westchester Center.

Dr. Lurie, a member of the center and a resident of 742 Haled Street, Mamaroneck, received his B. A. from Tulane University and his Ph. D. at the University of Chicago.

A lecture and an author of articles for professional journals on occasional "educational" related topics, Dr. Lurie was formerly executive director of the Jewish Vocational Bureau and the Employment Center in Chicago. He is now program analyst of the National Community Relations Advisory Council in New York City.

## Cop's Transfer Looms

The Pleasantville Police Board has approved the appointment of Patrolman John Di Giacomo of the Mamaroneck Police Department as a patrolman on the Pleasantville force.

Before Patrolman Di Giacomo's transfer can be effected, however, approval must be given by the Mamaroneck Police Board and the New York State Civil Service Commission.

Patrolman Di Giacomo, who was commended Monday by the Mamaroneck Village Board in connection with the apprehension of a hit and run driver Nov. 29, is a resident of Ossining and has been a member of the Mamaroneck department for two years.

## Dope Addict Given A Year

Edward Schurmann, twenty-nine, New York City, son of a resident arrested in New Rochelle for stealing pills from a pharmacist, was sentenced to a year in the County Penitentiary today by City Judge Thomas N. Passo on a plea of guilty.

Schurmann was caught by 62-year-old George Pietro of 62 First Street, after the man had attempted to steal a cadaver from Gabriel's Drug Store, 550 North Avenue, George Lachoff, Schurmann at Horton Avenue and North Avenue, and Irving and Phillip Gravel, owners of the store, held him.

Schurmann told Judge Passo he tried to steal the cadaver for money to satisfy his craving for narcotics, Judge Passo told Schurmann today a year's sentence was being imposed, a sufficient time to treat Schurmann's addiction.

"You will get out in the Summer," Judge Passo added. "That's all right with me, Schurmann answered."

## Coplon Defense Asks Wire-Tapping Check

NEW YORK, (AP)—Federal Judge Sylvester J. Ryan today ordered all FBI agents who investigated the Coplon-Gulibcher spy conspiracy case to appear Monday at a hearing to determine whether illegal wire-tapping was used.

The order also told the government to disclose to the defense all evidence obtained through wire-tapping should not be suppressed.

The spy case, which has been prosecuted by these methods against ex-governor Jim Duffin, Coplon and other defendants, is still on trial in New Rochelle.

The orders were obtained by Attorney Arthur Hays Sulzberger, Jr., who is representing the defense. The government is represented by Assistant U. S. Attorney Vincent A. Gullycher.

Economic Union is Discussed By 5 Western European Nations at Paris Talk

PARIS, (AP)—Five Western European countries are moving closer to economic "integration" along lines recently proposed by American Marshall Plan chiefs.

Economic experts from France, Italy, Belgium, the Netherlands and Luxembourg, countries aimed at formation of the so-called "Fritalux" economic union, heard French officials yesterday for creating a free trade area embracing the five countries.

The French project called for "integrating" the countries, removing nearly all quotas, restrictions on merchandise traded between the countries, establishment of an international investment bank to coordinate and keep currencies stable and developing of industrial production.

It was considered that Britain did not want to enter into such an arrangement at this time. But the French proposal admitted Western Germany.

Winter Regulation Affects Town Area to Aid Snow Removal

It may go hard, but residents of the unincorporated area of the Town of Mamaroneck will have to arrange to park their cars overnight in garages, driveways or public parking spaces during the next three months.

Town Police Chief Paul Verick said the prohibition of allowing snow-removal in the early hours of the morning during December, January and February.

"It's going to create some hardship for those car-owners who do not own garages," the chief admitted this morning, "but we feel that the prohibition of allowing parking in the streets is definitely in the interests of safety."

The chief suggested that there are numerous lots in the Town which business places close for the winter of near restaurants, where space might be available at low rates.

The ruling, which applies to the Town area alone, will affect residents of the Chateaufort Gardens, Larchmont Hills, Stonecroft, Larchmont, Pleasantville, Larchmont Acres and Knotty Knolls which are on the town of Mamaroneck will be affected, the chief said.

Economic Union is Discussed By 5 Western European Nations at Paris Talk

PARIS, (AP)—Five Western European countries are moving closer to economic "integration" along lines recently proposed by American Marshall Plan chiefs.

Economic experts from France, Italy, Belgium, the Netherlands and Luxembourg, countries aimed at formation of the so-called "Fritalux" economic union, heard French officials yesterday for creating a free trade area embracing the five countries.

The French project called for "integrating" the countries, removing nearly all quotas, restrictions on merchandise traded between the countries, establishment of an international investment bank to coordinate and keep currencies stable and developing of industrial production.

It was considered that Britain did not want to enter into such an arrangement at this time. But the French proposal admitted Western Germany.
