Get Out The Paper!

Get the paper out by 10 A. M. tomorrow, Mamaroneck Post 90 American Legion officials pleaded today as they prepared for their 10th paper drive which is expected to yield 50 tons.

Residents were asked to place a paper, unopened, unrolled and uncorrupted paper on the sidewalk, where it will be picked up by trucks manned by Legionnaires. All paper should be securely tied to facilitate removal and placed at the curb by 10 A. M. scheduled start of the drive.

Frank Wright and John Paul are co-chairmen for the drive and workers will be served dinner at 1 P. M. in the Legion hall. The committee in charge of the dinner is headed by Charles Harris and Michael McChrystal.

Proceeds from the sale of the paper will go to the Legion's building and welfare funds.

Dog Population Grows

The building boom in Mamaroneck and Larchmont is doing more than adding new persons to the local population. It is also adding new dogs.

According to the canine census conducted yesterday by the municipal clerks, there are 2,468 dogs living here now, 45 more than the 2,423 reported in 1952.

Assy Puns For Pal

"Vuzey is a sad kitten at the home of Mr. and Mrs. William Walker, 407 Cardinal Avenue, Mamaroneck.

Wuzey and his pal, Puzey, have been used to taking nocturnal strolls and returning promptly at 9 P. M. Monday night, Wuzey went out for a short stroll at midnight when Wuzey returned Wuzey was not with him. Since Wuzey has been searching all night and has not returned, Wuzey does but his friend is still missing.

Also inconceivable are Mrs. Walker's three children, Raquel, Wendy and Jackson. They were told they would like to hear from anyone who has seen an errand-boy-month-old kitten, Wuzey, white and pale orange and has a foot long. According to Wuzey, he has a face that is just too far." He was reported seen in Elizabeth Avenue, Mamaroneck, but a search of the neighborhood has failed to yield any clues.

TRUMAN BLASTS WYOM'S EXPENSE FUND AS SUBSIDY

President Confident Dems Will Capture 294 Electoral Votes

A BOARD TRUMAN TRAIN (AP)—President Truman said today that the "club" of "millionaires" had raised an \$18,000,000 expense fund for Senator Richard M. Nixon thought by his votes in the Senate "he was worth a little subsidy."

The President left the voters to judge whether the fund was "ethical or not," but declared the GOP Vice Presidential candidate has "proved himself a good contributor."

A top aide said the President is convinced Adlai Stevenson will win a minimum of 94 votes in the electoral college against 237 for Gen. Dwight D. Eisenhower.

Question of the Week

Who'll It Be? Adlai Or Ike?

Here's What Our Experts Say!

This is the 26th in a Saturday series of short interviews with residents on issues of the day—local and national. This week's question: "WHAT IS YOUR PREDICTION ON THE PRESIDENTIAL ELECTION?"

Burtan C. Meilhan, Jr., Republican Town Chairman, 21 Hazel Lane, Larchmont, said that Eisenhower is going to win. "I think the popular vote will be close but I think he will win by 40 or 50 votes in the electoral college. I also predict that Westchester County will not go Republican by more than 10,000—not the 100,000 they expect."

Charles Schreber, 521 North Barry Avenue, Mamaroneck, "I kind of think Eisenhower will win and by a greater margin than people seem to think now. I think most of the southern states will go for Eisenhower, but Eisenhower will get the rest."

Mrs. David D. Chisholm, 1211 James Street, Mamaroneck, "I think Eisenhower will win without a doubt. I have hopes he'll take New York State, but I'm not certain of it. He absolutely certain about the nation. I'm also certain the Democrats will make a better showing locally than they did in 1948, and that trend will be felt generally."

Representative Ralph Gamble, Eisenhower gets in the South will be Eisenhower by large votes in the popular and electoral college.

Mrs. Helen Alkin, 423 Fernwood Street, Mamaroneck, "I think Ike will win."

10 Carriers Sign Up For Blood Bank

Ten carriers of the Larchmont Post Office have volunteered to contribute toward the 200-pint quota for the mobile Red Cross blood bank which will visit St. John and Paul School, Larchmont, on Nov. 14. Thomas Abramson, organizer of the carriers' group, announced today.

Mrs. Martin Stern, blood donor, chairman of the Larchmont Chapter, American Red Cross, is awaiting word from Herbert L. Morgenthau, who will report on the number of members of the Mamaroneck High School Teachers Association who propose to donate blood.

Both groups have attended previous blood banks and together with other organizational groups have contributed materially to their success.

All persons wishing to donate blood should make an appointment with any of the following: Mrs. Stern, LA 2-2371, Mrs. Rose Givens, LA 2-2802, Mrs. William Chester, MA 9-271, and Mrs. Albert Siegel, MA 9-0555.

Miners Sign Contract

WASHINGTON (AP)—John L. Lewis and hard coal operators signed a new 65,000 contract raising the wages of 65,000 anthracite miners \$1.50 a day, effective Nov. 15.

Eisenhower, Adlai Make Climax Bids in Hot Campaign

Governor Hits Foreign Policy As 'Promise Without Program'

ADLAI STEVENSON TRAIN (AP)—Governor Adlai E. Stevenson campaigned in the Mid-West today, to stay through Election Day. He ended his swing in the East last night with a shove-off attack on his opponent's foreign policy.

In a final bid last night for New York's 45 electoral votes, the Democratic Presidential nominee in a five-hour speech from the Mamaroneck Playhouse, said he is elected was "a promise without a program" and he said he didn't think "the American people are taken in."

Old Guard Blits Repeated He said the Republican Presidential nominee was "making one easy solution after another for the Korean War" and attacked him for what he called a shift to the Old Guard.

Gen. Eisenhower, Mr. Stevenson said, had commented that if there must be war in Korea it should be "Asian against Asian."

"Let Asians fight Asians" is the authentic voice of a resurgent isolationism.

"In 1952 the Republican Old Guard, faced with the menace of the Nazi world, was content to say, 'Let Europe fight Europe.'"

Ignoring completely the fact that the menace of Nazism was a menace to Americans as much as it was to Frenchmen and Englishmen.

Korea Trip Assailed Taking up Gen. Eisenhower's statement that he would go to Korea, Mr. Stevenson said "today indicated what he should do, he should go."

His address before 4,000 telecast listeners was delivered in the Brooklyn Academy of Music at 10:30 P. M. His address before the traditional Democratic Friday-evening election sounding board.

It was the widow of Mr. Stevenson's efforts in the East before heading back into Ohio and Tennessee today with a major television broadcast in Chicago tonight.

It was also done in Friday territory, for Brooklyn is traditionally Democratic.

ROKS CRAWL BACK TO TRIANGLE PEAK

Allied Planes Blast Crest to Cut Red Fire-Power On Prized Hill

SEOUL (AP)—South Korean fighters clashed with Communist MIGs for the first time in six days, the 5th Air Force said its pilots shot down two and damaged four. The indefensible ROKs were fighting to regain the prized crest from peak where hundreds of their countrymen sacrificed themselves yesterday to blow away a Red fire-power on the main hill line.

Ordered to retreat when the Chinese attacked in waves before dawn, they stayed and died on the barren peak.

Other Allied troops today fought off Chinese Battalion attacks against "Jane Russell Hill," a lesser ridge on "Triangle," and "Pinnacle Hill," highest peak of "Triangle-Sliper," 2,500 South Korean soldiers were reported evacuating the joint Red hit of Chuchun under a penon dispatch received by a UN spokesman. The evacuation must be completed by Wednesday.

2,000 CONS BROT, FIRE OHIO PRISON

Savage Rebellion Called Off In 6 Hours; 8 Buildings Burned, 1 Guard Hurt

COLUMBUS, Ohio (AP)—six hours of hell on Halloween—a riot-dollars' blood' riot by 2,000 madmen convicts—swept across Ohio Penitentiary last night.

Eight buildings went up in flames. Furnishings and equipment were savagely beaten into wreckage.

The State Highway Patrolman, mistaken for an escaping convict, was wounded slightly on the head by a quick-shooting guard. No one else was injured. No prisoner escaped.

Milliner convicts, spurred to madness by the need of immediate treatment for a time to attempt a mass escape over the prison's 30-foot north wall. Thirty-five men escaped, armed with sub-machine guns, stood their ground. The escape attempt, if it was the convicts' minds, never failed. Quickly the State and City marshalled forces, pouring 200 guards and officers into the flaming prison compound. Six hundred Ohio National Guardsmen rounded up from Central and Southern Ohio, mobilized before the sudden collapse of the revolt.

A scheduled 10:30 P. M. offensive by the National Guard became unnecessary. Cold, hungry, beaten, most of the rebellious convicts moved back into the cell-blocks minutes before the Guard planned to march into the penitentiary.

The break-up of the rebellion was held up an hour by the flash-light knives of a dozen case-hardened convicts, who bulldozed 600 fellow prisoners into keeping up their defiance.

Possibly 100 die-hard lingers had fallen apart, eventually fleeing to bomb them out of their star gar.

The outbreak, primed by a series of other uprisings in prisons across the nation, came in the mess hall at dinner time.

General Asserts People Demand Change; In Illinois Told

CHICAGO (AP)—Gen. Dwight D. Eisenhower pushed his Presidential campaign today to a climax today with an assertion that the American people are demanding a change of government, and the confident prediction:

"This demand will be satisfied in 60 days from now."

Gen. Eisenhower was to return to New York today after a final ferry into Illinois, the home state of his opponent, Governor Adlai Stevenson. He has a national television campaign announcing in the form of an interview (NBC-10 P. M.).

Last Big Talk Monday

His last major speech, before the voting begins, is scheduled to be delivered in Boston Monday night.

As the campaign drew near an end, Gen. Eisenhower had undoubtedly to what he says are the four central issues—Korea, communism, corruption and prosperity based on peace.

In his appearance in Chicago yesterday, he said the Democrats arriving in for over these questions by personal attacks on him, and by spreading a fear campaign. He ridiculed the personal criticisms by reminding his audience that his opponents wanted him to be their candidate four years ago. And he said the people are not being frightened by Democratic claims that a GOP victory would mean another depression, cuts in Social Security and so on.

Town Firemen Hop To 9 Brush Blazes

Five brush fires were extinguished yesterday by the Mamaroneck Town Fire Department, with the alarm sounding almost hourly between 12:22 P. M. and 10:09 P. M.

The first blaze was doused off Old White Plains Road near Skaneateles and others were at 12:27 at Mohawk Road and Oxford Road; 2:50 at Winding Brook Road; and 7:00 at 100th Street at Jockland Avenue and Winding Foot Drive; two blazes at 6:54, at Iron and 6th Streets and at Penimore and Winding Brook Roads; 7:30 at Greenway Road; 9:05 off Bryon Lane and the 18th, at 10:05, off Putney Avenue.

In Larchmont Village, a leaf blaze was put out at 6:12 P. M. at Dewey Place and Lenin Terrace. No brush fires were reported in Mamaroneck Village.

RESIDENT CLEARED ON PISTOL CHARGE

NEW YORK—The New York County Grand Jury today refused to indict Otto Horton, 1644-1/2 of 238 Center Avenue, Mamaroneck, on a charge of criminal possession of a pistol.

Horton was arrested in his car at 1 A. M. October 5 with Mack Godbee, police said, of 142 Southview Avenue, Mount Vernon. Godbee, 35, had a 25 caliber revolver containing six live cartridges stuck into his waistband when the police had him.

Godbee was indicted today on the gun charge. He will be arraigned for pleading on Nov. 12.

Halloween Painting Contest Prizes To Be Awarded Today

Prizes in the window painting contest sponsored by the Mamaroneck Chamber of Commerce will be awarded today at 2 P. M. at the Mamaroneck Playhouse.

First prize in the senior group will be awarded today to Ed Amour, for a painting entitled "Puss and Spooks" to be displayed in the senior group.

Second prize was won by Peter Morrison's "Who's Best?" in the window of E. Laptook's Hardware Store, and third prize went to Joseph Green for his "Stepping Out With My Baby" in one of the Putnam's windows.

First, second and third respectively, in the junior group, in which there were forty entries, were Harvian Raash, who painted "Moonlight Music" in the Winslow Girls' Group; Henry Schaefer, whose "Berare the Black Cat" is in the window of Villetta's Beauty Parlor; and Frieda Vandenberg, whose painter "The Big Blue" is in the window of the Putnam's.

The judges praised all of the contestants for having entered the contest. The winners were announced and expressed considerable surprise at the results. The judges also commended the artists for their creative ideas that the painting contest. One judge noted that a special award for civic-mindedness was given Roger Blank of Mamaroneck for his painting "The Celebration" which appeared on Mickey's Star window, along with a number of others, had been washed out by rain.

Combs said that the set of the contest, which will be furnished with the results of the judging as well as with the names of those students who entered, will be distributed to those who signed up for or left them incomplete.

'Ringing' Door Knobs

Twenty-five members of Larchmont Boy Scout Troop 4 participated in a non-partisan political good turn Saturday morning when they distributed to 600 homes in Larchmont Manor a Liberty Bell poster urging residents to "Vote as You Think." "Think when you Vote, the Freedom to Vote." The bell-shaped cards were provided by the Freedom Foundation and listed on the back is a Credo of The American Way of Life.

The boys were supervised by their scoutmaster, Richard Poff, Assistant Scoutmaster Robert Shepard, Senior Patrol Leader Tony Conners, Junior Assistant Scoutmaster John Forrest Jr. and three Patrol Leaders, Terry Smith, David Peterson and Donald Finch. After completing the good turn, a group of the scouts went to the Pointside Reservation in Hartford, Conn., to visit the nature museum there which contains exhibits of every animal native to this locale. The boys finished their day with a hike to a nearby fire tower.

'Coon Stands Ground'

When Mrs. Alan Welby of 5 Kenmore Road, Larchmont, heard a raccoon in the yard, she decided it was time to take action. She dressed and went to the rear of the house to frighten the marauder away.

Now Mrs. Welby says that the Conservator Department, which she contacted to know before they themselves try to trap the animal, is whether anyone in the area has lost a pet raccoon. The conversation men believe only a tame raccoon has shown so little fear at Mrs. Welby's approach.

Well Honored

The elaborate Touch Club, at its 4th annual captain's dinner at the Larchmont Beach Club Saturday, honored Commodore David H. Larchmont, top flag officer at the club.

Mr. Wall was presented a commodore's cap by Ray Crosby of Roundtable, past commodore of the club and Mrs. Wall, an ardent fisherman and was given a new fishing pole with reel and line.

Arthur Dunn Jr., executive secretary of the Mamaroneck Chamber of Commerce, the speaker at the dinner, expressed the hope that the club now in temporary quarters could soon find a permanent club house.

Officers introduced by Mr. Crosby were: Leonard Schlichting, first vice president; Lawrence Cook, treasurer; Ray Bull, secretary; William Roselle, financial secretary; and Past Commodores: Robert H. Larchmont, Charles Wilson and Charles Price.

Treat for Patients

Patients in the orthopedic division of St. Agnes Hospital in White Plains were given a Halloween treat yesterday when 1500 members of Den 6 of Cub Pack 6 from the Daniel Warren School in Mamaroneck collected 1500 pounds of candy to the hospital. The Cubbers collected 1500 pounds and augmented their supply with contributions from other youngsters willing to share their booty with the children in the hospital.

Pvt. John Sack of Larchmont, whose book, "The Butcher," an account of the ascent of a peak in the Teton range, was published last July, has been assigned to the editorial staff of the Army newspaper, Stars and Stripes, in Tokyo, his mother, Mrs. John Sack of 44 Mayhew Avenue, announced this morning.

Pvt. Sack was graduated from Mamaroneck High School in 1947 and from Harvard College in 1951, where he was on the editorial staff of The Crimson, color magazine, and Harvard correspondent for The Boston Globe and United Press. His book, "The Butcher," was based on an actual mountaineering experience in Peru which he covered for The Boston Globe.

Pvt. Sack entered the Army in February, 1951, and was trained at the information school at Fort Monmouth, N. J.

Political Trails End With Question Mark; State Vote A Tossup

Both Parties Hedge in Rival Predictions of Victory

By HENRY LEADER Associated Press Staff

ALBANY — The outcome of the Presidential race in pivotal New York State appeared today to be a tossup.

Leaders of both parties issued rival predictions of victory in New York today. But they hedged.

William L. Pfeiffer, Republican State Chairman, said Gen. Eisenhower would carry the state by a "substantial margin." But he added that the race was "too close for anyone to be overconfident."

Pfeiffer Urges Vote Mr. Pfeiffer begged further by saying, "while all signs point to a definite advantage for Gen. Eisenhower, his victory in this state will require that every one of his supporters go to the polls on Tuesday."

Paul E. Fitzpatrick, Democratic State Chairman, said: "I confidently expect that we will carry the state of New York by a substantial margin." But he too, added an "if." Urging "democratic works to redouble their efforts," Mr. Fitzpatrick said "confidence will be justified if voters go to your friends and neighbors out to the polls."

The final tabulation in the New York Daily News statewide straw-vote poll gave Gen. Eisenhower 52 per cent, and Stevenson 46 1/2 per cent. (Turn to Page 10, please)

Predictions Wary As Leaders Work For Record Vote

Both Presidential nominees and their running mates, Senator John J. Sparkman, Democrat, and Richard M. Nixon, for the Republican ticket, will close out the campaign tonight with a final appeal for votes over nationwide radio and television programs. This at 11 P. M. on a nationwide radio and television program. This at 11 P. M. they take part in a final appeal on four radio and four TV news.

Democratic Set Tonight to Broadcast Tonight, Rally at Columbus Park

Eisenhower and Stevenson faces in Larchmont and Mamaroneck bucked down today to the winds of their three-month campaign with neither side willing to make a strong prediction on the outcome of tomorrow's election. The fact seemed certain, however, as workers of both parties planned telephone and transportation brigades tomorrow's turnout from the 1872 persons registered here promises to be the largest in the history of the county.

While Larchmont's Eisenhower Republican headquarters put finishing touches on its plan to get out every eligible voter, workers for Stevenson in Mamaroneck and Larchmont readied themselves for an "old fashioned torchlight" parade that will wind through Mamaroneck streets and come to a halt at Columbus Park at 8 P. M. or a last minute "pop" rally.

The caravan will assemble at 7:15 at Harbor Island, where 100 cars are expected to be decorated for the automotive smok dance. A sound truck will lead the procession and there be set up at the rally to broadcast entertainment plus a brief program of speeches.

No activity was reported here on behalf of the Progressive Party candidate for the presidency, Van Dyke.

Eisenhower headquarters in both communities announced that persons wishing transportation to polling places or baby sitters could telephone NA 9-1000 and LA 2-4000. Local firms to provide auto service to the polls are Luby Chevrolet, Fines Motors, Ross and Park, Mayflower Bus and Park.

LEGION COLLECTS 32 TONS OF PAPER

50th Drive Is Conducted By Post 90 For Club And Welcome Fund

More than 64,000 pounds, or 32 tons of paper, were collected yesterday as Mamaroneck Post 90 American Legion, conducted the 50th drive in its long history of paper, cardboard, and magazine collections for the benefit of the club house and welfare funds.

Seven trucks lent by village merchants and individuals poured the material from 10 A. M. until all after dark and answered special calls in Larchmont and Hartford.

Eighteen men under the direction of Frank Wisniewski and John Paul, co-chairmen, manned the trucks and scoured every street in an effort to bring the collection to a new high.

The trucks used in the collection were lent by Henry Paul, the Mitchell Corp., B. J. Santoro, Donofrio's, Rusty Pennachia, Leon, Boston and Charles Harms.

The co-chairmen today expressed thanks to all residents who had placed their paper at the curb. Mr. Paul said: "At no time was cooperation better than on Saturday. The paper was easy to handle because it was securely tied and return calls were held to a minimum because most residents had their paper out on time."

Mr. Wisniewski took particular note that public announcements had stressed the drive. He credited the announcements for a great deal of the success of the campaign.

Members of the drive are Richard Anderson, Albert Talley, Robert Stanley, Warren Petroski, Henry Miller, Jeffrey Shearman and Sal Patano. Mrs. Edward Anderson is den mother. A. E. Petroski and Anthony Patano took the boys to the hospital.

Your Conscience and Your Vote

THIS is not directed to those who blindly follow the New Deal or the Fair Deal. Neither is it directed to those who vote automatically for Republican candidates. With these any intellectual discussion of candidates is by now a wasted effort.

Rather, this is a simple, earnest plea to those other voters—the independent and the undecided—who by choice tomorrow the destiny of our country will be determined. For these, who love America for America's sake, and whose votes will be cast only after sincere consultation with their consciences, hold the balance of power in this election.

We believe that tomorrow these right-minded, stout-hearted Americans will not vote merely for a new administration or for a change, but for a new America, and most of all they will vote for a fresh, forthright, forward looking, bravely intelligent out of our gravest problem.

That is not rising taxation, or high prices, or inflation, or organized crime, or rising national debt, or corruption in high office, bad as these are.

Instead, the paramount issue of our time is how we may achieve permanent peace, how we may protect our homeland, how we may stop the murderous slaughter of our boys in Korea, how we may end the futile, confused, administration adventures which have wasted the years and the blood of our youth the world around in three wars and with prospect of more to come.

How long will we let this continue? Until every family in every community in America has lost a loved one?

On one hand we have a party far too long in power, a frustrated, weary administration treading without relief the bitter fruit of its mistakes, but stubbornly resisting every suggestion of change in policies of softness and appeasement toward deadly enemies within and without our borders.

On the other hand we have available a trained, experienced leader in military and economic affairs, one whose personal integrity is above reproach, one who has already to his credit the greatest victory ever achieved in history by any crusader for righteousness and for the freedom of oppressed peoples.

Are we, then, to reward those who have wasted the nation's substance and the blood of our youth? Or, instead, are we to reward those who have saved it? (Turn to Page 6, please)

Hoffman, Mrs. Collins Are Guests of Honor At Legion Dinner

Dr. Herman G. Hoffman and Mrs. William Collins, immediate past commander and immediate past auxiliary president of Larchmont Post 347 American Legion, were the guests of honor at a Legion testimonial dinner in the Flirt Park Clubhouse.

More than 100 members and guests witnessed the ceremony in which Dr. Hoffman was presented with the past commander's badge by Commander A. J. J. Lundy. Mrs. Collins, who was unable to attend due to illness, was praised by Mrs. B. F. McGrath, auxiliary president.

The gathering was addressed by the Rt. Rev. Mark John J. Flynn, pastor of St. John and Paul Church in Larchmont Post, and Westchester County chaplain, on the subject of Americanism. Mr. Flynn then read the preamble to the Legion constitution, which contained the phrase, "for God in our country," and told the story that in most places in the world today God is being gradually left out of the picture. He cited the religious humility of the founding fathers and pointed out that there is a chapel for meditation in the UN building in New York City.

He closed the fact that the mention of God is rare in deliberations of the delegates when they met in the council chambers.

Others who spoke were Mrs. M. L. Malone, chairman of the Westchester County Auxiliary; Dr. Hoffman and Mrs. William Carey; Mrs. B. F. McGrath, past auxiliary commander; John Hogan, past commander, was master of ceremonies.

Other past commanders introduced to the group by Mr. Hoffman were William Dwyer, Henry T. Pinn, Jack De Gaetano, William Eklund and B. F. McGrath.

Dancing and a social hour followed the dinner meeting.

ELECTION FRAGMENTS

Unanimous for Ike

There was no doubt about the solid vote for Ike in the 12th District of the Town of Manamoreck. GOP Commissioner John D. Byr reported that of a 30 absentee ballots recorded from servicemen, there were 30 votes for the Republican candidate.

O'Donnell Concedes

There may have been less tension in Larchmont and Republican headquarters last night than at the Hotel Commodore while Gov. Stevenson's concession was awaited but it was relieved with a light note at 11:30 P. M.

Former Town Democratic Chairman

Frank X. O'Donnell paid a call at the GOP headquarters last night to concede that Larchmont had gone for Eisenhower.

Wire to Stevenson

The Manamoreck and Larchmont volunteers for Stevenson organization early this morning. They defeated Democratic presidential candidate that their loyalty to the principles for which he fought is in no way diminished by the election returns.

The Voters expressed their "continued admiration" for Gov. Stevenson's personal qualities.

Mandeville Happy

Manamoreck Town Supervisor Owen A. Mandeville was jubilant today over the Republican victory which swept Gen. Eisenhower and Senator Nixon into office. He had been "a little too optimistic" in predicting that the Town of Manamoreck would score an absolute plurality for Eisenhower but said he was pleased with the 6,223 majority.

"It is a great thing for the youth of America to know that a man respected for what he does and how he does it," declared "The Significance of the White House" will be restored by the new president."

Casualty at Polls

One of the presidential candidates, his identity a well-kept secret, won a vote cast in pure loyalty and devotion yesterday at the St. John and Paul School polling place in Manamoreck's 11th district.

While she was talking to friends in the school lobby before noon, Mrs. Mary A. Gubrie of 769 Third Avenue tripped, fell and broke her wrist.

The election inspectors arranged for Mrs. Gubrie to vote immediately without having to wait out the line and after Mrs. Gubrie had been taken to New Rochelle Hospital where Dr. Arthur J. Mann Jr. set the broken bone and applied a plaster cast.

Housecleaning Starts

As the shouting campaign preliminary press day, Eisenhower's presidential victory, a lot of work remained to be done by both parties in dismantling their campaign headquarters and cleaning up their headquarters to restore their heavy home neighbors.

Wife Voted Right

A Greenburgh man who was forced to move from the district in which he was registered because his home was burned out when the fire broke out last night. The man, whose identity was not revealed, appealed to Supreme Court Justice Frank Murphy to grant officials of his old district a respite to allow him to cast his ballot before the polls closed.

County Firemen Plan To Vote

GOP Nominees Carry Town On Victory Wave

92-P. C. of Registration Turns Out In 17 Districts Here

The Republican tidal wave that swept Eisenhower and Nixon to a landslide victory yesterday was solidly reflected in the 17 districts of the Town of Manamoreck which turned out in record vote to elect party candidates to state and county offices.

With more than 92 per cent of the record 15,771 enrollment voting, Gen. Eisenhower received 10,522 ballots, in the town against 5,249 for Governor Stevenson, 3,583 for Governor Stevenson and 1,666 for the Liberal line of the ballot, Gen. Eisenhower's plurality of 5,273 was 786 more than the plurality given Gov. Dewey in the Town in 1948 when he ran against President Truman.

Not a single Town district was won by the Democrats in the narrow and county plebiscite and only one Republican candidate was elected to office.

Frank S. McCullough, GOP nominee, dropped the first district to the Democratic and Liberal opposition, Salvatore A. Tucci, 300 to 272, in all other districts, however, Mr. McCullough won handsomely to carry the Town to 10,660 of the 10,746 registered voters.

Plurality in the Town ranged from 8,236 for Senator Irving H. White in the 17th district, to 4,421 for Rep. Ralph A. Gamble of Larchmont who trailed the ticks plurimality.

Close in 3 Districts

In only two of the Town districts were the races reasonably close. Most of the GOP candidates turned to the top 10 places.

RYE NECK SCORES VICTORY FOR GOP

Eisenhower Wins Plurality Of 1,619; Meighan Leads Ticket

Rye Neck did the traditionally Republican job yesterday as it turned out decisive plurality for all GOP candidates toward the Republican candidate in the county, state and county.

Margins for all candidates running under the Republican banner were about three to one in the four Rye Neck districts with Hunter Meighan, candidate for assembly, leading the ticket with 2,535 votes.

In the entire Town of Rye the GOP won all but five districts in Port Chester, except for the presidential vote which went solidly to Gen. Eisenhower.

Mr. Meighan, however, yielded plurality honors in Rye Neck to Senator Irving H. White who polled 2,126 ballots and won by a 1,172 plurality over John Cashmore, Democratic opponent. Mr. Meighan's opponent, Harold Greenstein, received 818 votes, 749 as a Democrat and 78 as a Liberal.

The Republican incumbent's plurality in the four districts was 1,737.

Gen. Eisenhower's plurality over Gen. Stevenson was 1,619 as the Republican delegate for president received 2,532 votes and the Democratic 913.

LANDSLIDE SMASHES ALL VOTING RECORDS; CONGRESS IN DOUBT

Republicans Hold Edge In House; Senate Nip-and-Tuck

WASHINGTON (AP)—Republicans edged out in front today in the fight for control of the House in the new Congress, and were in a nip-and-tuck battle with the Democrats for dominance in the Senate.

With 46 House and six Senate contests undecided, it was plain that whichever party finishes with control would have it only by the narrowest margins.

In the present House there are 202 Democrats, 200 Republicans and one independent.

McCarthy, Jenner Victors

Senator Joseph R. McCarthy of Wisconsin, center of a nationwide controversy started up by his tactics in presiding his Communist investigation charges, rolled to victory.

So did Senator William E. Jenner of Indiana, another member of the Senate's "class of 1947" swept into office six years ago on a wave of resentment against a meat shortage and postwar economic controls.

Other members of this "class" who were returned to office yesterday were Senators Williams of Delaware, Malone of Nevada, and Knowland of California.

In addition, Congressmen Joseph P. Kamp of New York, Watkins of Utah, Morris of Pennsylvania, Tye of Minnesota, Flinders of Vermont and Knowland of California.

Ohio was out in front in his race. But three other members of the class of '47 were trailing—Senators McCarthy and Jenner.

Westchester Ballots For Ike By 123,018

BY HUGH ROBERTSON

Registration of voters brought record-breaking majorities.

Gen. Dwight D. Eisenhower carried Westchester by an unofficial majority of 123,018, crushing the 1946 county record of 118,245 held by County Clerk Robert J. Friel.

The unofficial tabulation showed the Republican margin of 123,018 to 81,827, total 204,845.

An unofficial final tabulation of 330,000, this shows that approximately 94 per cent of the eligible voters went to the polls, far above the national average.

But even the Eisenhower majority did not set the pace yesterday in Westchester. That honor goes to U. S. Senator Irving H. White, Republican whose majority in the county is 144,041. This voting superiority over Gen. Eisenhower was mainly from the fact that unlike Governor Stevenson, who had both Democratic and Liberal Party nominations, John Cashmore, Mr. White's Democratic opponent, did not have Liberal Party.

Westchester voters returned the county's two Republican Congressmen to office yesterday.

The expected victory of U. S. Representative Ralph A. Gamble was even more of a landslide than anticipated, and Representative Ralph W. Gwinn won handsomely in what had been forecast as a close race.

Mr. Gwinn, in a successful bid for a fifth term in the House from the 6th District, won by an official margin of 31,480 over George A. Brenner, Democrat-Liberal, who ran against the same opponent, Mr. Gamble overhauled Mrs. Flora Chudson, who also had Democratic and Liberal support, with a margin of 62,722 in the 5th District.

Gwinn Carries Yonkers

One of the most striking features of the election was the victory of Mr. Gwinn, a Bronxville resident, carried Yonkers by a vote of 44,825 to 38,900 for a margin of 5,925. Two years ago Mr. Gwinn was defeated in Yonkers by Mr. Brenner, who won an 882-vote edge.

In the Westchester part of the district Mr. Gwinn carried with another upset at Union Hill and Manhattan Avenue in Hawthorne.

Tentative Assessment Roll Rises \$959,622 To \$39,634,022

The Manamoreck Village preliminary assessment roll, now on file at the Municipal Building, reflects a \$959,622 valuation of all property in the village, the highest assessment ever recorded here.

The roll will be open for inspection from now until Nov. 18 when the Village Board will act on it to let P. M. to hear grievances of individual property valuations.

This year's roll continues the steady trend of increasing values here in recent years. The previous high for assessments was in 1951 when valuations stood at \$38,886,427 and the lowest point between that year and the present roll came in 1947 when the property values slipped to \$33,172,952.

Village Assessor Victor Malinowski, said that the major portion of the gain over last year is accounted for by residential buildings, particularly new homes and on Oriens Point.

William Margin 49,991

General confers on returning aides from the Pacific. Talks with Capitol. Pentagon, State Department Briefings May Start Early In Week

Augusta, Ga. (AP) — Gen. Dwight D. Eisenhower went ahead today with arrangements to name his representatives for a series of briefing conferences, which may begin early next week at the Pentagon and the State Department. Names have not been announced.

Members of his staff here indicated they believe the talks in Washington will start Monday or Tuesday. Gen. Eisenhower is sending a representative to meet with the Director of the Budget in connection with the 1953-54 budget.

Gen. Eisenhower will also confer with the White House for a conference Nov. 17, President Truman said yesterday.

All three of the government briefings so far mentioned deal more or less directly with foreign affairs. A "top secret" message from the White House, however, delivered personally by Col. Albert L. Cox contained several paragraphs relating to "foreign matters" which have not been published, according to Gen. Eisenhower's press secretary, James C. Hickey.

Gen. Eisenhower planned another attack today on the National Club course, where, so far, he has been running into rough going. He played 18 holes as a part of a foursome yesterday and came home "emotionally not happy."

The club professional, Ed Dudley, who gave that report, said Gen. Eisenhower turned in a card of 10 and shot 81 on only four holes. He was one stroke over par on 10 holes and two over on the remaining four. Cliff Roberts and William E. Robinson of New York, personal friends of the general, were the other members of the foursome.

Officials Warn

Firemen and police of the three local municipalities issued a warning to all residents today against leaving any fires unattended during the present severe dry and windy spell.

Question of the Week

Skating Rink Project Favored In Larchmont Opinion Survey

This is the 265th in a Saturday series of short interviews with residents on issues of the day—local and national. This week's question: "DO YOU FAVOR AN OUTDOOR REFRIGERATED SKATING RINK IN LARCHMONT TO BE FINANCED BY A \$150,000 BOND ISSUE?"

Results: Yes, 14; no, 6.

Mrs. William Bell, 21 Concord Avenue, Larchmont: "I'm in favor of it, generally speaking. I think it would be a particularly good idea if they erected some sort of a shed with a stove in it where children could put on their skates in comfort. We always had a shed of that sort where I lived out West, with one side for girls and one side for boys, of course. I see some merit in this argument that a swimming facility is needed more than a skating rink, but in itself a skating rink sounds like a good idea."

Mr. Walter C. Reich, 21 Forest Park Avenue, Larchmont: "I would be a little silly to me. I think there are more important things to worry about than a skating rink."

Mrs. Dorothy Freshman, 21 Van Dyck Avenue, Larchmont: "Well, we haven't given it too deep a thought, but our first thought is that it sounds like a good idea."

MISSING LUMBER CASE, WASHROOMS, PROBE EXTENDED

Sheriff Assigns Investigator, Civil Service Also Involved

The investigation concerning lumber stolen from the Mamaronock Lumber and Supply Co., 360 Penrose road, Mamaronock, which last Monday led to the indefinite suspension of Mamaronock Village Patrolman Alvin Pulliam and Frank Nash, has mushroomed to such an extent that Joseph Reed, a special investigator of the County sheriff's office has been assigned to the case to work in cooperation with the Mamaronock police probe.

In addition, Nash is also under investigation by Boston, Pennsylvania, Westchester County personal director, Chief Louis Giannola said this morning that after a conference last week with George Pauline, owner of the lumber company and George Francis, district chief of the police, it was decided to bring the probe.

There is no real reason to believe, Chief Giannola said, that some of the lumber was being sold to the thieves took place over a long period of time.

The case thus became too big for him to handle alone, the chief continued, and it was decided to call in other authorities to work in cooperation with us.

The two patrolmen remain under suspension awaiting action by the Village Board at a date not yet set but possibly in the next few days or other authorities.

Something Different

It must have seemed to Mamaronock Fire Chief Thomas M. Yoder at 1:24 P. M. yesterday that a fireman's work is never done, even after rain dampened the fire and wood logs that have kept the department busy for almost all day every day for the last week.

The call came from Mrs. W. C. Bolmer of 827 Willow Avenue and was answered by Chief Yoder and Second Assistant Chief Charles Valentine with the Hook and Ladder truck.

The assessment this time? A cat up a tree.

The news broke the usual ladder alert and the cat was carried down of safety.

On Way to U. S.

First Lt. Robert D. Brown, son of Mrs. H. L. Brown, of 8 Bronson Avenue, Larchmont, has left Germany for return to the U. S. and release from active military duty.

LT. Brown served as a construction officer with the 99th Engineers Construction Group in the Pacific, Germany, before his departure for the U. S.

Brown, a 1949 graduate of Mid-dlebury College and a student for two years at the Massachusetts Institute of Technology, entered the Army in 1946.

He was graduated in 1941 from Mamaronock High School where he played basketball and was captain for three years and was a member of the National Honor Society.

Half-Finished

The job of scraping a 50-year accumulation of rust and sludge from water mains in Mamaronock and Harrison is now half completed, it was announced today by George Strub, acting superintendent of Westchester Joint Water Works No. 1. The work in Mamaronock village will be completed shortly when mains along Barry and Halsey Avenues are cleaned and Town of Mamaronock mains will be scraped next week after the job is done in the Town of Harrison.

Mr. Strub expressed appreciation for the patience of water works customers who have been inconvenienced since the work in progress and stated that the job has been planned to be completed as near normal as possible.

The mains are cleaned by an eight-foot scraper which passes through the pipes, using its force from water pressure backed up behind the machine. Mr. Strub says there is no record of such work ever having been done here before and the major lines have been cleaned here in the ground since 1909 when records were first started. He emphasized that any water particles which may find their way into household water are material, native to water and can have no harmful effects on persons using the water.

Briefing Meeting

Red Cross workers and others who will assist at the Mamaronock Bloodmobile on Friday are urged to attend a briefing session on Wednesday, November 12 at 10 A. M. at the Mamaronock Branch Headquarters, Appleton Building, 1 Station Place, Mamaronock.

Infant Is Smothered To Death In Carriage

Michael Kevin Maguire, five-month old son of Navy Lt. and Mrs. Francis R. McGuire of 53 Concord Avenue, Larchmont, was found smothered to death when he was lifted from his carriage Saturday afternoon by his aunt, Miss Sheila Billington of Rye, in front of the McGuire home.

Larchmont police and fireman and Det. Alan Van Siver and Herman G. Hofmann worked with a rescuer for forty minutes in a vain attempt to revive the infant. Doctors at Grasslands Hospital were unable to determine the cause of the child's death.

LT. Maguire is now aboard the cruiser USS Columbus in European waters. Mr. McGuire was on duty as a nurse at United Hospital in Port Chester Saturday afternoon and the child was in Miss Billington's care along with the other two McGuire children, Gerard Cosgrove, three and one-half, and Kathleen who was two today.

Miss Billington had just returned from walking the three children and was carrying young Michael into the house when she discovered that he had stopped breathing and had turned blue.

The infant's grandparents are Lt. Maguire's mother, Mrs. Stephen A. Maguire of 214 Mohonock Avenue, Mamaronock, and Mrs. Maguire's father, Norman Billington of Rye.

A solemn blessing was pronounced this afternoon at the 6'North Protestant Church in Mamaronock by Rev. Peter George C. Ernst of Holy Trinity Church and interment was in Calvary Cemetery, in Long Island City.

Armistice Day Goes Unnoticed in Korea

WASHINGTON (AP)—America and some of her 1918 Allies honor the day that ended World War I but did not bring world peace. It is Armistice Day in the United States, in France, in Canada, and in the British Empire, in Germany, in Italy, and in the United States.

But it was hardly noticed at the Korean front.

American troops in peaceful poses about the world observed the day. In France, American soldiers joined with the French in joint services in Orleans, Verdun, and Meuse.

In Germany, troops there were urged by their commanding officers to dedicate themselves to the principles for which 12,000 Americans died in that first world war. But Armistice observations were held in a quiet way and were not like to be remembered of their 1918 defeat.

The day observed throughout the United States with ceremonies at churches, hospitals, centers and military installations.

Highlight was the laying of the Presidential wreath at the tomb of the Unknown Soldier in Arlington Cemetery.

Secretary of the Navy Dan A. Rusk, representing President Truman, called for unity at home to bolster U. S. leadership for peace in the world.

Korean War Chief

There was again recognition of the Korean conflict.

Lewis K. Gorman, national commander of the American Legion, said: "I am stepping aside now because I hope this may help the United States to save the peace."

TASK KILLS POST ON POLICE FORCE IN LUMBER PROBE

District Attorney Pushes Inquiry; Charges Drawn Against Pulliam

Frank Nask, one of the two patrolmen facing Mamaroneck Village police departmental charges in connection with an investigation concerning missing lumber, quit his job on the police force late yesterday afternoon.

He resigned in a brief note addressed to the Village Board and handed to Police Chief Louis DiScola. It will be acted upon at the next meeting of the board Tuesday.

The resignation came as a result of the investigation of lumber missing over a long period of time from the Mamaroneck Forest and Supply Co. of 500 Penrose Road, Mamaroneck. Nask read at all English Place and had been member of the Police Department since Sept. 1, 1949.

Nask and Patrolman Alvin Pulliam were suspended from the force Nov. 3 at the start of the investigation which has since been extended, such an extent that the case is being handled by the district attorney's office and the county justice office in cooperation with the Mamaroneck department.

Anthony Sansone, Mamaroneck corporation counsel, pointed out today that the resignation in no way affects the police force.

Specific departmental charges against Pulliam were not being drawn up. Mr. Sansone said, and will be filed within the next few days. The Village Board will set a date for hearing.

TWO CARS TREAD AS OVERLOOKED

White Plains Man Charged With Reckless Driving After 2:10 A. M. Crash

A dozing driver smashed his car into a parked vehicle on Mamaroneck Avenue near the Hillcrest Court Apartments this morning at 2:10 and set off a chain of events which resulted in damage to both cars, a fire, and finally his arrest on a charge of reckless driving.

Daniel Walker of 4 Harmon Street, White Plains, was driving north on Mamaroneck Avenue when he crashed into the rear of a auto owned by Dominick J. Pallante parked in front of the Hillcrest Apartments.

The Pallante car was knocked about 25 feet into a tree and Walker's auto sprang into the air over the tree.

The crash caused a short circuit in the wiring of Walker's car which started to burn. The Volunteer Fire and Hose Co. was called to douse the blaze and meanwhile, Walker started to walk toward the scene.

He was picked up by Harrison Police just across the village line and was brought back to Mamaroneck headquarters where the reckless driving charge was filed at 4:30 P. M.

His car suffered complete destruction of its front end plus fire damage while the Pallante auto sustained front and rear end damage.

BOARD REVIEWS HOLIDAY FOR IKE

Two School Trustees Urge Prior Notice To Parents In Future

The Mamaroneck Board of Education last night reviewed its policies of unannounced school closings in the light of protests to the school closing Oct. 29 when Gen. Dwight Eisenhower passed through Mamaroneck and Larchmont.

Trustee Robert White was urged by Trustees Mrs. Edward P. Heine in his view that the board assure parents that schools would not be closed without prior notice except in cases of great emergency.

The post-mortem was held after three letters and a telegram were read to the board presenting the situation.

Sentiments on the unannounced closing of classes expressed by George Brazier to "indignation" on the part of Mrs. Wallace Green and inquired to a written protest in a telegram from Mrs. Joseph Verrill. A letter from Mrs. Phillip Corbett, resident of Mamaroneck-Larchmont Parkers Teachers' Council stated that the Council would appreciate being notified of the school's unavailability.

Political considerations were in the background and the substance of the communications was that the board was being misled by letting out of classes without supervision by parents or teachers.

The Junior and Senior High School at the time of the event was closed at noon the day Eisenhower passed through.

In defending the school action, Board President Robert C. Dunham stated that the unannounced closing of classes was necessary to allow time for parents to be notified and that the historical nature of the event was of value to the children. "Somehow," he said, "we were misled on the spot and you have to do the best you know how," Mr. Dunham said.

Trustee Vito Liceno stated the latest number of protests indicated that the great majority of parents were displeased.

Panel Truck Recovered, Driver Held

A panel truck missing from a Mamaroneck parking lot was recovered in Harrison yesterday afternoon in half hour after Mamaroneck Village police issued a 10:15 p. m. alarm.

The truck, owned by the Herbert G. Martin Electrical Co. of Yorkers and driven by John Vetrano, was taken shortly before 4:30 P. M. from the parking lot at the former Best and Co. building, East Boston Post Road.

At 4:35 P. M. Harrison police spotted the car on Halsted Avenue near West Street in the possession of a man, 30 years old, of 337 East 23rd Street, New York.

He was turned over to Mamaroneck police, who was detained overnight in the police lockup.

This morning in police court, Judge Henry T. Horridge demanded that the County Jail pending a hearing before Friday.

In other court cases bonds of \$100 each were forfeited by Ben Philbrick of Carlisle, Mass., for passing a red light and by Vincent J. McCarran of Larchmont, N. Y. (Turn to Page 8, please)

Senators Call For U.N. Purge Of Spies Or Get Out Of U.S.

NEW YORK (AP)—The United States Senate today called for a purge of "spies and saboteurs" or get out of the United States, said one member of the U. S. Senate Internal Security Committee.

One of the two Senators is the committee chairman, Pat McCarran, D. Nev., who says he also wants to see the "spies and saboteurs" get out of the U. S. Secretary General because of "disclosures made and disclosures we will make in the future."

The Senators' search for spies in the U. N. headquarters staff was resumed yesterday. Mr. Lie's resignation on the previous day served to embellish the committee's search for spies.

Mr. McCarran, before the first session, said he would have a list of names of suspected spies in the U. N. headquarters staff.

D. N. C. composed a subcommittee to investigate the matter. Mr. McCarran's staff is expected to be named to an investigation of a number of names on a list of suspected spies.

A fourth witness said earlier she was a spy.

ISSUE KOREANS DRIVE REDS OFF 3 VITAL HEIGHTS

Infantrymen Storm Back To Recapture Peaks In Bloody Battles

SEOUL (AP)—South Korean infantrymen stormed back to recapture three strategic heights on "Sugar Ridge" and "Triangle Hill" in long, bloody battles today.

Tonight they threw back two 150-man Red jobs at Allied positions on "Sugar Ridge" in 10 minutes of hand-to-hand fighting in the dark.

But they failed to drive Chinese Communists from "The Voke," a major assault area at the northern end of "Sugar" and "Triangle Hill" in long, bloody battles today.

Correspondent John Randolph reporting from the blasted central front, said Republic of Korea troops regained all the ground they lost to furious Red artillery-supported assaults last night.

That included "Pinpoint Hill," dominant height on "Sugar Ridge," retaken by a five-hour infantry assault, preceded by a hour-long artillery barrage.

"Rocky Point," highest peak on "Sugar Ridge," as well as most of the rest of that ridge.

"Jane Russell Hill," captured by a counterattack, the battle began at dawn.

Zeal For Freedom Seen Vital In Battle Against Communism

A fanatical zeal for freedom is an absolute necessity if the menace of Communism is to be combated, Frank C. Wright Jr., director of public relations for the National Committee for a Free Europe, said last night at a dinner meeting of Post 90, American Legion, in Legion Hall, Mamaroneck.

The occasion was the annual past commanders and past presidents dinner at which honor was paid to Mr. and Mrs. Paul Dowdell, immediate past commander of the post and immediate past president of the auxiliary, respectively. Sixteen other past commanders and nine other auxiliary officers were honored.

Mr. Wright said, "An organized effort to mind everybody's business down to the last minute detail. We are, among the most 100 persons who attended the event."

Bucklin Home

LA. Peter Bucklin, above, son of Mr. and Mrs. Louis Bucklin of 43 Woodbine Avenue, Larchmont, has returned from Korea where he was stationed for nine months with a quiver sporting team. A member of the First Marine Division, Lt. Bucklin also served for a time as an artillery adviser to South Korean units.

The Rye Neck School Board last night appointed six residents to lead a committee which will study the possible consolidation of the two school districts. The problem was put to the State Department last Spring and when word was received that the question of consolidation would be re-opened, the Rye Neck Board suspended plans for a \$3 million building program pending the outcome of the study.

Named to serve on the study group were Mrs. Robert Bernstein of 34 Rye Road, Greenhaven, Ar. Thur. Byrnes of 404 Wagner Avenue, Westchester, and Mr. J. M. Fink of 218 Knoll Lane, Ivan Fold of 218 Knoll Lane, Bradford B. Howland of 214 North Barry Avenue, West of 214 North Barry Avenue, Mrs. Bernstein is a Westchester graduate and has lived in Mamaroneck for ten years. She is registered with the United States Warren PTA and has helped edit the Daniel Warren School paper. Mr. Byrnes is with an investment firm in New York City and has lived here about seven years. Mr. Fink is an engineer and a four-year resident of Mamaroneck. Mr. Howland is a nine-year resident. He is a consulting engineer with Wern, Veleson, Carlson and Swett in New York City.

The Mamaroneck Town Council last night gave the long-neglected Fryer Manor bridge a flickering new lease on life when Supervisor Owen A. Mandeville suggested to the Councilmen that some way be found to reopen the abandoned span. He noted that a \$3,500 item in the 1953 budget, which the council approved last night, could be earmarked for the bridge.

The bridge, across the Premium Mill Pond on the western side of the town, was closed in May, 1951, when New Rochelle engineers declared the decayed masonry a safety hazard. The three committees tried vainly for almost a year to find a way to get the bridge fixed but all plans collapsed after the 1953 budget, which the council approved last night, could be earmarked for the bridge.

ILLNESS FORCES FITS TO RESIGN RYE NECK POST

School Trustee Suffered Heart Attack Nov. 1; No Successor Picked

William C. Fitts Jr., a trustee on the Rye Neck School Board since 1948 when he moved from the Columbia Country Club Building as Campaign Director, Edgar D. Burchell Jr. Mr. Fitts suffered a heart attack Nov. 1 and has been confined to his home for the last three weeks.

He explained to the board that he believes it should operate at full strength while the question of consolidation is being studied and that he will not be permitted to take an active part in board activities for several months.

Mr. Fitts, a resident of Mamaroneck since 1948 when he moved from Greenhaven, was born in Mobile, Ala., and was graduated from the College School in New York City in 1923. He received an A.P. degree from Princeton University in 1927 and took his law degree at Yale University in 1929.

He practiced law in Birmingham until 1933 when he became assistant general solicitor, assistant counsel and secretary for the Tennessee Valley Authority.

He served in that position until 1944 and then practiced law as a member of Fitts and Schuchman of New York City before becoming associated with the Co-Union Broadcasting System.

He was a candidate for County Executive on the Democratic ticket in the 1948 election. He was president of the Mamaroneck Democratic Club.

The board accepted the resignation reluctantly. His successor has not been named.

Stolen Auto Recovered By Mamaroneck Police

An automobile stolen from the Rye Neck Apartments, Mamaroneck, reported stolen at 2:30 P. M. Tuesday, was recovered by Mamaroneck police at 10:30 P. M. and returned to the owner.

The vehicle was turned over to the Westchester County Parkway Police who notified the owner.

Persons who wish to contribute to the project may deliver their contributions to the Police Headquarters, the Wright Milk Company, 117 Spence Place, or Stephen's Market, 419 Main Street, Mamaroneck, N. Y.

Dr. Joseph was a psychiatrist in New York hospitals before he came to the County Center and was for six years chief psychiatrist of the Henry Street Settlement House in New York City.

The meeting was held at the Elks Club, East Boston Post Road.

NO POLICY TALK AT WHITE HOUSE

Associates Say Eisenhower Will Be Listener At Truman Parley

AUGUSTA, Ga. (AP) - President-elect Dwight D. Eisenhower reportedly will steer clear of any policy commitments to President Truman when they confer at the White House.

Eisenhower associates who asked not to be named said his role at the conference will be mainly that of a listener, although they emphasized that he agrees with the President that the session will amount to a demonstration of American unity.

The White House announced yesterday the Eisenhower-Truman meeting has been set for 2 P. M. Tuesday. It was proposed last week by the President.

Over the weekend, the President's headquarters put out a statement which said in effect that the Eisenhower-Truman meeting would be no way bind the President-elect as to Republican policy.

The statement was intended to make it clear, the general associates said, that any policy decisions before inauguration Day, Jan. 20, would be the responsibility of the outgoing administration.

Mr. Eisenhower, meanwhile, is making a cross-country tour of the United States, including a stop in the White House on Tuesday.

This is one of the major purposes of a series of conferences with the President-elect as to Republican policy.

56-cent per \$100 Tax Rise Proposed in 1953

Rate Upped to \$16.15; Public Hearing Set Dec. 2

A 1953 tax rate in the Town of Mamaroneck of 56.15 per \$100 of assessed value, 60 cents more than the 1952 rate, is forecast in the preliminary budget for Town operation in the coming year which was presented to the Town Council last night at the Weaver Street Fire House by Supervisor Owen A. Mandeville.

A public hearing on the budget will be held Dec. 2.

The preliminary figures show total operating and debt service costs at \$285,445, with anticipated revenues of \$221,039, reducing the estimated net levy to \$64,406 or \$22.00 more than the net levy for the current year.

The sixth biennial year the general town tax has been eliminated by the use of surplus funds and only special district taxes will be paid by the residents of the unincorporated area.

The assessment roll for the entire town, which the rate on which the tax rate is computed is based on, stands at \$89,489,000 for 1953, an increase of \$1,732,200 over the assessment total in 1952.

Two major items accounting for the increase in cost and taxes are a \$20,000 appropriation to purchase a new water pumping station and approximately \$19,500 more for salaries than was provided for the current year.

Salary raises range from \$240 annually for town employees with lower seniority ratings to \$602 for ranking administrative personnel.

Best Service Slashed

These increases are offset by a \$60,250 slash in the requirements for best service. These cuts were reduced to \$180,272 by amortization and will continue to decline annually until the best service for bonds now outstanding will be paid.

Other significant items leading to an increase in operating costs are \$7,750 for street lighting, \$2,200 for water mains, \$1,000 for waste disposal at the garbage incinerator, \$4,000 for printing and reproduction, \$1,000 for water, and \$1,000 for a new power mower for the Park Department.

Departmental breakdown of the preliminary budget shows a 16.15 per cent increase in the police department appropriation, accounted for by the greater pay by the rise in salaries as well as provision for purchase of three patrol cars and two motorcycles with transfer of old motor; one additional policeman; and \$1,000 for the purchase of a new power mower for the Park Department.

Power of Underworld In City's Government

NEW YORK (AP) - The New York State Crime Commission yesterday set out to learn what the underworld wielded in metropolitan politics.

As public hearings opened in the County Courthouse, chief counsel Gus Matthews said the commission intends to put the spotlight on the underworld.

1. The "caliber" of political party leaders in New York County, Lawrence and Columbia Counties, and former leaders have had criminal appointments.

2. The methods by which political leaders are able to perpetuate themselves in power.

3. The "almost arbitrary" power which political leaders have over various appointments.

4. The results of "unfit persons" being appointed to public posts.

Former Supreme Court Justice Joseph M. Proskauer, commission chairman, said findings will be correlated with data gathered at previous hearings in Richmond, St. Lawrence and Columbia Counties.

The aim, he said, is to get a clear and somewhat comprehensive picture of what exists throughout the state.

The Mamaroneck Town Council last night gave the long-neglected Fryer Manor bridge a flickering new lease on life when Supervisor Owen A. Mandeville suggested to the Councilmen that some way be found to reopen the abandoned span. He noted that a \$3,500 item in the 1953 budget, which the council approved last night, could be earmarked for the bridge.

The bridge, across the Premium Mill Pond on the western side of the town, was closed in May, 1951, when New Rochelle engineers declared the decayed masonry a safety hazard. The three committees tried vainly for almost a year to find a way to get the bridge fixed but all plans collapsed after the 1953 budget, which the council approved last night, could be earmarked for the bridge.

H-BOMB RESEARCH DISCLOSED BY AEC IN ENWETOK TEST

Commission Declines To Admit Actual Explosion Of New Bomb

WASHINGTON (AP) — The Atomic Energy Commission has officially disclosed that hydrogen bomb "research" was included in a test of nuclear weapons at Eniwetok today on its refusal to admit such a bomb had been exploded.

The commission, after issuing its terse announcement last night, also spoke of possible prosecution for those who have written letters home about what they described as the world's first H-bomb.

Dr. Harold C. Urey, Nobel Prize-winning scientist who was a key figure in the development of the atom bomb, said in Chicago he believed the AEC announcement meant the United States has successfully exploded its first H-bomb.

Dr. Urey said the technically worded statement "sounds like a bluff" and advised "a successful H-bomb."

Representative Carl T. Curtis, D-N. C., chairman of the Joint Congressional Committee on Atomic Energy, said he would call for an AEC announcement only by saying the "thermonuclear weapons program is being carried out on a schedule."

He would not refer to the tests as hydrogen bomb experiments. However, the AEC report said that the program included "experiments contributing to the development of clear weapons research," and that the scientists "expressed satisfaction."

But what reporters asked about the telling volume of letters coming back from Eniwetok and others attached to the joint AEC announcement last night, he concluded the 1952 program?

The letters, widely published in the Eniwetok press, mentioned the 1952 program.

Kelly Honored

Thomas A. Kelly of Larchmont, building consultant for the Cathedral Archdiocese of New York, was recently presented the annual award of the New York Association of Consulting Engineers for having contributed most to the realization of the archdiocese's aims.

As a member of the Archdiocese Building Commission, Mr. Kelly has helped supervise all construction work within the Archdiocese of New York. Since World War II, his construction has totaled about \$200,000,000, including hospitals, schools, churches, rectories, convents and rectories.

Mr. Kelly was born in Indianapolis and obtained a degree in civil engineering from Ohio State University in 1924. He joined the George A. Fuller Co., a building construction firm, in 1925. In 1942 he became building consultant for the archdiocese.

He is a member of the Board of Governors of the New York Building Congress, the advisory board of St. Vincent's Hospital, the Larchmont Boys Club, the Friendly Sons of St. Patrick, the Tammany country club, the American Men's Club and the Knights of Columbus.

He has lived in Larchmont since 1942 and resides at 31 Monroe Avenue with his wife and two children, Tommy and Ellen.

Chest Tells Lagging Donors How Far Each \$5 Gift Goes

In an effort to stimulate Mamaroneck's lagging Community Chest fund, the Chest Campaign Committee last weekend mailed a special appeal to 1,130 residents who contributed to the 1952 fund.

The plea included a table illustrating the charity work which each \$5 contributed by residents trains the 12 beneficiary organizations.

An \$5 gift, the plea reveals, is distributed among the 12 beneficiary organizations as follows: United Hospital, \$2.38; Girl Scouts, 22 cents; Camp Fire 10 cents; Boy Scouts, 19 cents; New Rochelle C. H. 14 cents; United Hospital, 24 cents; Salvation Army, 24 cents; Social Service Commission, 24 cents; United Defense Fund, 30 cents; Westchester County Council of Social Agencies, \$11.00.

CRASHES DAMAGE 7 AUTOS, TRUCK

Weekend accidents involve cars turning off busy highways

Four crashes in Mamaroneck and one in Westchester caused damage of seven cars and a truck with all the crashes involving drivers who were attempting to make turns off main roads at busy intersections.

At 2:27 P. M. Saturday a car driven by Carl Froehlich of New York City slowed down to make a left turn off the Post Road into Mount Pleasant Avenue. A following auto, operated by Mrs. Dorothy A. Thedinga of New York, struck the rear of Mr. Froehlich's car while a third vehicle, driven by Silomon Spiegel, also of New York, swerved right to avoid the crash but crashed into the rear fender of Mrs. Thedinga's car.

The latter suffered both front and rear end damage while the Spiegel auto's left rear fender and top were crumpled. Froehlich's car was undamaged.

At 5:15 P. M. Saturday, cars operated by Mrs. Patricia W. Gunthorpe of 619 Cedar Street, Mamaroneck and Patricia D'Arone of New Rochelle, were damaged in an accident at Haledon and Barry Avenues when Mrs. Gunthorpe tried to turn left into North Barry from Haledon. Both cars were going east.

Aid Sought For Benefit Of Firemen

In search of patrons and patronesses for their 1952 benefit dinner, the 23rd members of the Larchmont Fire Department will begin a door-to-door canvass through the village at 7:30 to-morrow.

The performance, called "All Star Revue of 1952," will be staged Nov. 28 and 29 at the Mamaroneck Junior High School.

The Fire Department canvass will be general admission or reserved seats for either performance of "All Star Revue." In order to facilitate the performance, the firm are asking Larchmonters to leave their porch lights on this evening.

So far the residents of Larchmont have been generous in supporting the organization of the 23rd members of the Larchmont Fire Department. Fire Chief Joseph B. Ford said today, "We hope we can count on their support again this year."

HARRISON TAX RATE REDUCED FOURTH YEAR

HARRISON — The tax rate in the Town of Harrison will be reduced in 1953 from the fourth successive year. Supervisor Alfred P. Salk Jr. has announced.

The new rate, \$2.10 per \$100 assessed valuation, will be \$2.30 lower than the rate in 1949 when taxes began a steady downward spiral. The 1949 rate was \$2.99, \$2.82 in 1950, \$2.65 in 1951, \$2.51 in 1952 and 1953, \$2.40.

But the new rate still has not been accomplished despite increases in state, county and state taxes, police and personnel needs and inflation.

The new budget was filed with the Town Clerk Saturday. The general town levy is \$12,912.92 compared with \$13,215.76 in 1952.

GEN OPENS DOOR TO FAST CHANGES

Joint Statement Indicates President - Elect Plans Policy Revisions

WASHINGTON (AP)—President-elect Eisenhower kept the road open today for swift changes in Truman administration policies when he takes over the Presidency Jan. 20.

The carefully worded joint statement issued by Gen. Eisenhower and President Truman after their historic "chilly-white House" conference yesterday was repeated on Capitol Hill as indicating some of the changes emphasized in mind.

The statement emphasized that Gen. Eisenhower was not asked to assume—and did not assume—any responsibility for decisions made by the Truman administration in its last weeks.

HUGE EXPANSION PLAN SET FOR COUNTY AIRPORT

NEGOTIATIONS UNDER WAY TO INCREASE HANGARS TO TOTAL OF SIX

By OSCAR J. FOVALL
WESTCHESTER

The County Airport Corp. is planning a significant expansion program at the Westchester County Airport in an effort to overcome an operating deficit of \$1 million since 1945, and to accommodate aircraft for several national industries which soon will locate headquarters in the county.

Airport Manager Robert W. Gallaway announced today that negotiations are being made for two more hangars in addition to the \$3 million Flying Tigers Structure now under construction. Work on this latest double project is scheduled to start in 1953, he said.

The Flying Tigers hangar, one of the largest of its type in the East, should put the County Airport Corp. in the black for the first time, according to Mr. Gallaway.

With the completion of the three hangars capital investments at the airport site will have exceeded the \$13 million mark, including \$3 million expended for the Air National Guard base and facilities.

Mr. Gallaway explained that the Airport Corp. specializes in servicing corporate firms which maintain aircraft at the airport for use by company officials in traveling throughout the U. S. The airport has increased in importance with announcements by Union Carbide & Carbon Corp., Standard-Vacuum Oil Co. and General Electric that they will soon establish offices in the county and will need transportation facilities to serve their widespread interests. Union Carbide said to maintain a fleet of airplanes for such purposes.

The County Airport in 1951 ranked 4th in the United States with 123,608 plane movements, surpassing such centers as Boston, Dayton and Houston. It is anticipated that the airport will move far up the list after the new facilities are completed.

Residents Plead Apartment Ban

Board Sets Hearings On Post Road Area Zoning Tangle

The controversy over the zoning tangle in the region of South Barry Avenue and the Boston Post Road exploded sharply last night as residents won the consent of the Mamaroneck Village Board to hold public hearings Dec. 10 and 22 on a request to tighten the zoning restrictions to rule out apartment houses.

A portion of the territory extending from a strip 100 feet wide along South Barry Avenue and Creek is now zoned Residence A. The residents want that rezoned BAA. A large portion of the territory along Barry Avenue on both sides and extending east to where Stuart Avenue and the creek meet the Post Road is zoned Residence B. It is the residents' wish that the former Westchester BAA building now stand in zoned C and that the one on the west be changed to A.

Resden Sifin, attorney for the Home Tradex Company which has filed plans for a 40-unit two-story apartment project on the Barry Club property, objected to the treatment of the three requests as one hearing, stating that the portion now zoned C should be considered separately since that is the one his company is interested in.

He recalled that that property was rezoned C in 1949 to permit the construction of an apartment project and expressed strenuous objection to being called upon again to defend his company's rezoning.

The date was set last night after Chief Louis Giacomola's charges were read in full by Treasurer-Clerk Frederick H. Bull Jr. Pulliam knew of the rezoning of reasonable care, should have known the lumber was stolen, Chief claims, and adds that the patron's acts "constitute neglect and dereliction in the performance of his official duties."

Pulliam and Frank Nask were suspended without pay Nov. 3 in connection with the lumber problem. Nask resigned his post Nov. 11 and said he never was subjected to departmental charges. His resignation was accepted by the board last night.

Ralph Langham, who was mentioned in the Chief's report as having purchased the lumber from a contractor, was also mentioned in the report as having purchased the lumber from a contractor, was also mentioned in the report as having purchased the lumber from a contractor.

Mayor Edwin B. Dooley reminded Mr. Langham that he had been heard in the case last night but was merely setting a date for a hearing.

Doobs Ferry Petitions Demand Children's Village Investigation

DOBS FERRY—Petitions are being circulated in this community today calling upon District Attorney George Fanello to have the Grand Jury institute an investigation of Children's Village.

The action stems from another criminal attack by an inmate of the institution, which took place last Thursday night when a 16-year-old boy who is in the County Jail awaiting Grand Jury attention.

Plans for the campaign against the institution were aired by about 100 residents last night at a special meeting held at the home of Danahar and the Village Trustees.

Requests to have the institution removed from the corporate limits of Dobbs Ferry, and other projects were heard Harold V. Strong, managing director of Children's Village, endeavored to present the program and give assurance of adequate administration and supervision of the boys.

Jury took into the institution since the people of Dobbs Ferry have been subjected by Children's Village inmates to every crime in the pet law except murder.

"We have been victims of arson, attempted rape, burglary, robbery, larceny and assault," the petitions state. "During 1951 there were 59 escapes from the institution and in 1952 to October 31, there have been 16 escapes."

In May, 1952, a ten-year-old girl was the victim of an assault by an inmate. Efforts to protect our people against these crimes by direct action to the Grand Jury to have the institution were redoubled thereafter, but have been wholly ineffective.

Board Votes 3 To 2 For New Lieutenant

With Trustees Barney Epstein and Jack Holland dissenting, the Mamaroneck Village Board last night voted three to two to add a third lieutenant to the Police Department.

Chief Louis Giacomola made an earnest plea for a new officer, claiming that he needed someone in charge "around the clock" with authority to give orders.

The Chief pointed out that with the resignation of Frank Nask and Daniel Minnerly and the imminent retirement of Harry Stobbe, the department is seriously depleted.

Why not appoint the footmen, then, before we put on the brass? Trustee Epstein wanted to know.

The Chief reiterated his statement that he needs a lieutenant to head the night shift to 8 A. M. Trustee Holland said he, too, thought the patrolmen's vacancies should be filled first and asked why someone else on the force could not be delegated to head the third shift.

"I haven't enough men for that," the Chief replied. "I would mean taking one of the sergeants off duty."

Garage Set-Back VARIANCE GRANTED

The Mamaroneck Zoning Board of Appeals last night granted a variance to Antonio Capasso permitting the construction of a garage at 310 Stanley Avenue within the front setback limit of 20 feet.

Officers wanted to serve papers on a denaturalizing proceeding, a preliminary move to possible deportation to his native Sicily.

At the opening of today's commission session, chairman Joseph M. Proskauer said unfavorable and unqualified interests had been drawn from testimony about Municipal Judge Robert V. Santangelo, a resident of Mount Vernon.

Mr. Proskauer said he had checked the facts and found Santangelo to be a "capable and upright" man.

Lesser Assaults Stopped Elsewhere; Battles Continue In Air

SEOUL (AP)—Allied infantry smashed a fanatical Chinese assault today on "Sniper Ridge" in the central Korean front, stopping lesser attacks elsewhere.

Allied artillery drove off the vehicles.

In the air, the jets clashed with MiGs for the first successive day also reported to be destroyed by Lt. Richard E. Smith Jr. of the 35th Fighter-Bomber Group over a wide area of North Korea. He never attacked elsewhere.

The Communist forces also pounded the Communist front.

Despite the fierceness of the Red infantry attacks, a U. S. 8th Army spokesman said the Allies lost no ground.

16th Batake of Rifle

In his basic combat training he has received instruction in infantry tactics and weapons and other Army subjects designed as preparation for military duty.

Completes Training

Pvt. Lawrence J. Collins, son of Mr. and Mrs. Rosary A. Collins of 100 Beach Avenue, Larchmont, will complete his basic training Saturday at the Quartermaster Replacement Training Center, Fort Lee, Virginia.

Pvt. Collins joined the Army in September. Before entering the service, he attended Pennsylvania Military College, Chester, Pa.

Following completion of basic training, he will be trained in a specific military occupational specialty, then assigned to a unit.

Special Consultant

W. Elliot Kaplan of 9 Normandy Road, formerly Deputy State Comptroller and head of the State Employees' Retirement Board, has been appointed special consultant to the State Public Service Commission and instructed to make a study of all pension and retirement systems of the public utilities of the state.

Mr. Kaplan is considered an authority on civil service matters. He was executive director of the National Civil Service League and control of the Civil Service Reform Association prior to his appointment to the state post on Dec. 1, 1948, and from which he retired this year.

Back from Convention

Returning today from Hot Springs, Va. where they attended the three-day convention of the Fidelity Mutual Life Insurance Company of Philadelphia, are Joseph A. Drexler of 45 Vine Road, Larchmont, and Philip Drexler of 10 Boyer Lane, head of the Theresia Agency of the company in New York City.

The Drexler brothers, who have resided in Larchmont for the last 14 years, were among nearly 350 men selected to attend the convention.

The Philip Drexlers have a son, David, studying at Yale Law School, and two daughters, Beth, a senior at the University of Bridgeport, and Ann, a student at Mamaroneck High School. The family belongs to the Larchmont Temple.

Joseph Drexler is chaplain of the Westchester Jewish Center. He and Mrs. Drexler have three daughters, Anne, a Mamaroneck Junior High School student, and Barbara and Martha, pupils at Murray Avenue School.

Association Told County Builders Can Provide Enough Homes For Influx Without Public Setup

HARRISON—Westchester builders can provide homes and apartment units, without public housing, for any need brought by the influx of new families to the county headquarters of large industries, Frank Tudor of Harrison, a director of the Westchester County Association told the Fall meeting of the association last night at the Westchester Country Club. About 25 attended the meeting.

Mr. Tudor spoke from a panel of committee chairmen in answer to a question. He said private builders could provide for growth in Westchester for years to come and added the suggestion that every community set aside areas for smaller homes.

DISTRICT GOVERNOR Earl L. Vandermolen was welcomed last night by Mamaroneck Rotarians on his official visit to the local club at a dinner meeting in Green Haven Inn.

Rotary Held Avenue To Peace; Daily Times Editor Honored

The influence of Rotary, working through the 83 countries of the world in which it has organizations, might "dissolve our differences and lead to the actual accomplishment of international peace," according to District Governor Earl L. Vandermolen, who last night paid his official visit to the Mamaroneck Club at a dinner meeting in Green Haven Inn.

Mr. Vandermolen stressed good attendance and service as the foundation stones of Rotary international. "Good attendance," he said, "is a prerequisite to good membership. You can't have fellowship unless you have attendance. Service is the second important feature of Rotary. With this work we rank exceedingly high in the 25th District."

An added feature of the program was the presentation of the Mamaroneck Club's Outstanding Citizen Award to H. Richmond Campbell, editor and general manager of The Daily Times.

Citation Presented

Mr. Vandermolen presented to Mr. Campbell, by James V. Pastigg, chairman of the award committee, a certificate of appreciation.

"The Mamaroneck Rotary Club is honored to present its Five Outstanding Citizen Award to H. Richmond Campbell, editor and general manager of The Daily Times, and the Larchmont Times, well known for his fearless and objective treatment of the news and highly respected for his thoughtful and courageous leadership of public opinion in the editorial column, and especially for the recitation of articles on the State of New York for which he was awarded the first prize by the New York State Department of Commerce."

"We extend to you the congratulations of the Rotary Club and wish you continued success as a recognized leader in the world of journalism."

District Outline

Mr. Vandermolen outlined the makeup of the 25th District, which comprises 59 clubs with about 4,000 members in Westchester, New York City, Long Island and Bermuda. He said that, although the clubs in the area rank high in membership and in many of its activities, it is not in the privilege of sustaining our personal desires rather than the privilege of living a full life of responsibility to the community."

Message Massaged

The corollary of that freedom, Mr. Posselt said, is what we know today as democracy. "That word," he said, "is widely misunderstood today."

"It means that within the framework of a workable government we, as individuals, may exercise rights even though we are a minority. We are really not living in a country where the majority can..."

HOLIDAY MEANING CITED BY PASTOR

Posselt Addresses POSA On Significance Of Thanksgiving

In the minds of the Pilgrims who initiated the celebration of Thanksgiving Day were deep gratitude for freedom, thankfulness for democracy and an unshakable faith in God. Rev. Theodore O. Posselt Jr. said last night at the Fall rally of Washington Camp No. 33, Patriotic Order Sons of America, in the Mamaroneck Masonic Hall.

The show will include ten acts, ranging from an orchestra to a team of marionettes. The program includes Leo Stone's orchestra which has appeared at the Waldorf Astoria and Commodore Hotels, Joe Rankin, a symphonist, De Lage and Shirley, vocalists, Anthony and Collins, character artists and comedians; the "De Lovelies," an all-girl quartet; the Marylyn Marine Trio, a family team of dances; June Brady, a mimic; South and Renee, two comedians; and the Jimmy Parks Trio balladeers.

Clown to Entertain

Before the show and during intermissions, the audience will be entertained by a clown, "Dippy" Diers.

Mr. Barry, who resides at 90 Chatsworth Avenue with his wife and two children, is experience in the musical comedy, variety and vaudeville fields. A Canadian and a former Olympic middle distance runner, Mr. Barry has been an entertainer since 1936.

His wife, Barry joined the club in the planning for Wednesday.

Green, AFL President, Dies at Home in Ohio

WASHINGTON (AP)—William Green, president of the AFL, died today at his home in Coshocton, Ohio, the AFL announced.

Mr. Green was eighty-one.

An AFL official said death came at 1:20 P. M. He said Green died of a heart attack.

It was the second death of a labor leader within a month. Philip Murray, head of the rival CIO, collapsed and died at San Francisco, Nov. 9.

Variance Grants Extension To Non-Conforming Use; Sign Request Denied

The Larchmont zoning Board of Appeals last night granted a variance and denied another after a brief public hearing in the Municipal building.

No one appeared at the hearing either to support or oppose the applications.

The application of William Duff, chairman of the Larchmont Yacht Club, for a variance permitting an addition to an existing bath house on the club property was granted on the basis that the zoning rule in question, namely that clubs are not permitted in residential areas, was not passed until after the Larchmont Yacht Club was built.

Application Denied

The Board denied the application of E. P. O'Connell for a variance permitting him to erect an eight-foot sign on his property at 391 Boston Post Road, headquarters of Perma-Solc. The zoning ordinance specifying that a sign must be placed on a business building but not erected elsewhere on a business property. Mr. O'Connell stated that trucks park end-to-end along the curb in front of his building and completely hide it from view most of the time. The board, however, was unanimous in the opinion that an eight-foot sign would be even less visible behind a row of trucks than the building, which is 12 feet high.

The board also took the view that one variance granted under the sign-restricting ordinance would open the door for a flood of similar applications.

Association Told County Builders Can Provide Enough Homes For Influx Without Public Setup

HARRISON—Westchester builders can provide homes and apartment units, without public housing, for any need brought by the influx of new families to the county headquarters of large industries, Frank Tudor of Harrison, a director of the Westchester County Association told the Fall meeting of the association last night at the Westchester Country Club. About 25 attended the meeting.

Mr. Tudor spoke from a panel of committee chairmen in answer to a question. He said private builders could provide for growth in Westchester for years to come and added the suggestion that every community set aside areas for smaller homes.

British-American Rift Over Korea Unabated

UNITED NATIONS (AP)—The rift between Britain and the U. S. in years continued unabated today despite efforts by India and other countries to close the breach.

The two great allies split far apart when the U. S. notified British Foreign Secretary Anthony Eden that it could not accept a British-backed Korean compromise plan for ending the Korean conflict.

India came up quickly with modifications but these apparently did not satisfy the U. S. The 21 powers which backed an urgent closed meeting last night at which U. S. Secretary of State Dean Acheson outlined the American objections to the Indian proposals.

Search Craft Ready to Fan Out Over 150-Mile Area

ANCHORAGE, Alaska (AP)—A faint radio signal was the only tenuous clue today to the fate of 22 men aboard a small C-119 transport which vanished Sunday night over the Gulf of Alaska.

Twenty-four search planes were pointed here, ready to fan out when weather permits over the 150 miles to this midsection island, the four-engine transport's last check-point. The earlier outlook was poor.

The 41 Army and Air Force passengers and 11 crewmen were listed officially yesterday as missing. The search effort was hampered by the weather.

INSUBORDINATE BOMBARDMENT

Two Larchmont members of the Mamaroneck Junior High School were treated to a bombardment of home-made "atom" bombs early Saturday night.

M. D. Renda of 117 Murray Avenue complained to Town of Mamaroneck police at 5:47 P. M. that someone had thrown a "atom" bomb at his house. This was later identified as a missile described as a "smoke bomb" and was deposited in the mail box of Clifford R. Ruse of 7 Overlook Terrace, Mr. Ruse told police Sunday. The "atom" bomb was within a few blocks of each other.

Mr. Renda directed the chorus in four numbers, "The Cherish Song," "Good-Bye Will Be Done," "Romany Life" and "Give Me Your Love, Your Love."

MEANY ELECTED AS AFL HEAD TO SUCCEED GREEN

Labor Federation Also Makes New Bid For Merger With CIO

WASHINGTON (AP) — The American Federation of Labor today chose Philip Meany to succeed George Meany as its new president and made a new bid to the CIO for a merger.

Mr. Meany was elected unanimously by the AFL's 14-member executive council as successor to the late William Green. William F. Schuttler, forty-six, of Chicago, was unanimously selected by the AFL's secretary-treasurer, the post elected by Mr. Meany.

Mr. Green died Friday at the age of eighty-two, after serving as the AFL's chief executive for more than a quarter century. Mr. Meany took over the reins of the AFL's secretary-treasurer, the post elected by Mr. Meany.

Some indication of the CIO's attitude may come from a meeting of its top officials in Atlantic City Friday. The main business of that meeting will be to discuss merging with a new CIO president.

Inauguration Bids Rise In Price, Too, Costs \$3-\$15 Now

WASHINGTON (AP) — Even the prices of tickets for President Truman's inauguration parade are going up. People paid from \$2 to \$10 for a seat to see President Truman ride by, it will cost from around \$3 to \$15 today, President Eisenhower.

Four years ago, the parade committee either forgot or didn't know about the "rumor" that the price of the parade ticket was to be \$5. The reason prices have risen so fast is that the streets have been let for the erection of temporary stands, so no one knows the time the tax will be added to each ticket.

Freedom's Toll

A few seconds of freedom were too much last night for an Irish setter owned by Fred A. Miller, of 14 Nassau Road, Larchmont.

While being walked by a neighbor along the Boston Post Road near Weaver Street at 8 P. M., the dog slipped his collar, dashed into the street and was hit by a trolley truck. The animal is being treated by Dr. Maurice Berling.

Completes Training

Pvt. Frank Buxton, son of Mr. and Mrs. Frank W. Buxton, of 11 Mohrman Road, Larchmont, finished 10 weeks of basic training at Fort Dix, N. J., today and is expected home on leave.

A graduate of Mamaroneck High School, Pvt. Buxton attended Northwestern University where he received a B.S. degree in June, 1951. He also holds an M.S. degree from Syracuse awarded last June, one month before he was inducted into the Army.

Five New Draftees

Five Mamaroneck men will be among the 45 Westchester registrants to be inducted into the Draft Board II, it was announced today.

They are Richard J. Pedo, Frank J. Galvo, Frank E. McNamara, Joseph S. Tuleo and Richard P. Rubio.

The Westchester contingent will leave White Plains on the 8:31 A. M. train Dec. 5.

Good Reasons

After hearing both applications scheduled for last night's meeting of the Board, the zoning board of appeals today found three persons all simultaneously present in the meeting room—a young couple and a man in a pilot's uniform.

Chairman Arthur Wulfsberg asked if anyone wished to address the Board, and when none of the three responded, he became curious. "Well, if no one has anything to say," he said, "what are you people doing here?"

"We're here to find out what you're doing," explained the candidate.

As for the man in the pilot's shirt, he had a more practical reason. "I came in to get out of the cold," he said.

One-Way Which Way?

New traffic regulations went into effect yesterday on Waverly and Center Avenues in the Washingtonville section of Mamaroneck and the southeast corner of the intersection where a young couple and a man in a pilot's uniform were seen. The regulations reversed traffic on one-way east to one-way west on Waverly Avenue between Plaza and Mamaroneck Avenues, and from one-way west to one-way east on Center Avenue between Plaza Avenue and Old Waverly Road. Both streets are now two-way streets between Fenimore Road and Plaza Avenue, where they were previously one-way.

Police were busy for a few minutes after the one-way signs on the two streets were switched but no arrests were made. The new regulations were authorized by the Village Board at a meeting Oct. 27.

Young Fire Fighters

A group of five Mamaroneck boys and three from New Rochelle are actively attempting to control brush and forest fires in this area and in conservation of wild life.

The boys, members of the Mamaroneck Rangers Conservation Club, each pay 15 cents a week dues. The money is used for game bird feeding, for postage on movies which they show in their club, for Indian tanks which they use to extinguish brush and other fires, and for hand pumps which they handle fire in spots where wild life abounds.

The boys, under the presidency of Charles M. Pich, fifteen, of 1120 Cove Road South, Mamaroneck, wear special shoulder patches which identify them and also badges bearing the inscription, "Junior Forest Fire Fighting Wardens."

The project, commenced last night at the Mamaroneck Chamber of Commerce at its meeting in the Chamber rooms, is financed entirely by the weekly dues.

Search Plane

Sights Wreck

AMERICAN AIRLINES (AAP)—Unidentified airplane wreckage has been sighted in high mountain country on the route of a plane which disappeared Saturday with 32 persons aboard.

Air Force officials said last night that a search pilot had reported the wreckage in an area of 500 square miles, approximately 50 miles south of here. This is in a narrow, unpopulated area of light from McChord Air Force Base, Wash., where the big Globemaster I carrier plane to the Elmendorf Air Force Base here.

100 Defense Leaders Learn

Atomic Bombing Test Plans

More than 100 county, city, town and village Civil Defense leaders and members of their staffs last night heard details of Westchester's participation in the atomic bombing test incident to be staged in the Bronx Dec. 13. The group met at the Board of Supervisors' chamber in the County Office Building.

County C. D. Director William J. Shuler, who presided, announced that pedestrians will be required to take shelter and all traffic will be halted for a 15-minute period during the test. The only exceptions will be for police, auxiliary police and air raid wardens who will be in the area.

The "red" alert which will put the area in a state of emergency between 8:30 and 9:30 A. M. on Dec. 13, the exact time will not be announced in advance.

A special combined "red" alert will be published by Westchester daily newspapers will be distributed during the incident to advise the public of the nature of the test. The newspaper will also issue a "red" alert which will be issued as part of the exercise.

While the 100 persons will be mobilized, public demonstration will be confined to a large scale "fire" incident in Pelham Manor and Mount Vernon, and to road blocks on the 18 major routes entering Westchester from the Bronx. The simulated bombing will hit the area at Boston Post Road and Southern Boulevard. The Bronx Borough's southern portion is 6 1/2 to 8 miles from "ground zero" and that section will be evacuated in theory, to have sufficient time to get out of the area.

A large part of the "problem" assigned to Westchester is the handling of thousands of evacuees from the area of a simulated bombing in the upper Bronx.

Col. Andrew Hughes of the State C. D. office emphasized that Westchester has a major responsibility in defense planning as it is the largest support county to New York City, which is regarded as the nation's top potential target of any attack.

Those who attended from Mamaroneck were Deputy Director William H. Johnson, Mrs. E. B. Harshbarger, assistant deputy, Mrs. Charles Howard, in charge of the volunteer office, Leo Hesthaus, transportation chairman; Joseph Anspore, communications chairman; Charles W. Warren, in charge of welfare; Dr. M. E. Mannan, medical chairman; Charles Stelman, chief warden; Second Assistant Fire Chief Joseph A. Manning, and Police Sgt. William Paonessa.

CHAMBER BACKS

STATE INSTITUTE

Permanent Status Urged By Directors; 2 New Members Added

The Board of Directors of the Mamaroneck Chamber of Commerce yesterday endorsed the proposal of the Westchester County Association that the New York State Institute of Applied Arts and Sciences at White Plains be made a permanent status. The board will write Governor Dewey urging that he approve the plan.

A letter to the Chamber from the Association points out that the institute gives the best courses in high school graduates who do not plan to go to college. It is the only technical institution in Westchester County that offers a program of courses in electrical, mechanical, building construction, industrial chemistry, food service administration, medical and dental, business executive assistance, it requires courses in such subjects as political science, business English, labor-management relations, health education, psychology and philosophy. An institute graduate is not only a skilled technician.

WILDCAT WALKOUT SPREADING

Along New York Waterfront

NEW YORK (AP)—A thousand unionmen refused to work today on North River piers, where the world's largest liners dock, because some union leaders had been summoned before a State commission investigating waterfront crime.

Joseph P. Ryan, president of the International Longshoremen's Association, said the men would return to work after their hiring bosses had answered subpoenas before the State Crime Commission.

Mr. Ryan indicated, however, that the return to work might not come today. He explained hiring bosses would have difficulty soundly in to help passengers get on their crews at such a late hour.

ZONE VARIANCES

New Garage Plans Result In Set-Back Permit; Car Storage OK At Firm's

The Mamaroneck Town Zoning Board of Appeals last night unanimously approved applications for variances affecting property at 84 East Brookside Drive and 18 Boston Post Road, Larchmont.

Reversing a decision rendered at the last meeting, the board voted to permit an addition to a garage on the property of Philip Morris, 84 East Brookside Drive, which will bring the building line within 18 feet of the curb. The zoning ordinance requires that buildings in that area be 30 feet from the curb.

The reversal came on the basis of new plans submitted by Alfred Willis, Mr. Morris's architect. Residents of the area had objected to the original plans because they said the proposed addition would affect the appearance of the neighborhood, but formally withdrew their opposition as Mr. Willis presented the revised plan last night.

LEGION POST JOINS

BAN ON RED GOODS

A resolution urging residents not to purchase Christmas toys or decorations which were manufactured in Communist countries was passed last night by the Mamaroneck Legion, 50 American Legion, 11 South Main Street.

John Saunders, commander of the post, pointed out that some goods made in Red-dominated countries have reached this country and are on sale in stores.

AGELLO FIRM CREATING CANDLES

For British Coronation Rites

By BERNARD Z. FREIDLANDER

While the attention of the crowned Kingdom and all the world is focused on Westminster, Albany next June when Queen Elizabeth II receives her crown, the scene will be illuminated by 2,300 candles created by A. Ajello and Brothers, Manchester, Vt.

The coronation candles, which have not yet been made, will all be hand-crafted tapers ranging in size from six inches to six feet long. The candles will be made in the Ajello shop on Depot Place.

The choice was will have to be made by the coronation planners of the coronation ceremony thousands of miles across the sea to have the royal candles made for the Ajello family has had a virtual monopoly on candle-making for Britain's ruling family since Queen Victoria was on the throne more than a century ago.

Ralph Ajello, one of the three brothers who now operate the Ajello shop, said that his father, the first maker of coronation candles, had not yet been made, will all be hand-crafted tapers ranging in size from six inches to six feet long. The candles will be made in the Ajello shop on Depot Place.

Not Hit-Run, Gas

The Mamaroneck Police Department reported an accident today that the reported hit-and-run case in which a street sign and traffic cone were damaged at Barry and Halsted Avenues Thursday was not a hit-and-run case at all.

The department learned from the coroner that the explosion of a volume of gas which had seeped up into the hollow sign pole from some underground source. The pressure built up in the pipe but was insufficient to cause any damage of itself until ignited by a spark which occurred in the traffic control box every time the traffic signal light changes color.

The spark, detonated the gas which blew the street sign off the top of the pole like the flame of a cannon and blew the door off the traffic box.

Legion Paper Drive

Larchmont's twelfth American Legion paper drive will get under way at 10:30 A. M. tomorrow as 20 members of Larchmont Post 347 and seven trucks will leave the clubhouse in Plain Park to motor the Larchmont Postal Director for hundreds of waste paper, magazines and cardboard boxes.

Post Commander Barry Lundy this morning requested residents to tie the paper in bundles and leave it at the curb where it will be most easily accessible to the collectors. Those unable to have the paper at the curb, he said, are requested to notify Larchmont headquarters at LA 2-9446 and special workers will be sent to pick it up.

Proceeds from the sale of the paper will go to the Post's welfare and rehabilitation funds and for general clubhouse use.

Albert Tass will act as chairman of the drive in the absence of official chairman Thomas Hansen, who has been called out of town.

Missed Cue

In looked for a moment as though one of the men at the Larchmont Fire Department's All-Star Bowling in the Junior High School last night was going to lay an egg and not a five-throw one either.

When the novelty team of Smith and Hone came on for the second ball of their routine, Rene was straggling about with a parker on her hand. After some slight of hand between her and Smith there were four parkers in all, perching her and there about the arms and shoulders of all the dancers.

At this point one green parked off into the wings, reappeared again, whirred about uncertainly for a while and finally came to rest on the floor under the feet of the year curtain.

Whether or not the little creature was about to start dancing, however, could not be determined from the audience. Rene accepted him up again, almost without breaking the wait-time.

Eisenhower Sets 9 Key Problems For His Problems

Conferees Scheduled On Foreign Affairs, Government Streamlining

NEW YORK AP—President Dwight D. Eisenhower announced today he will appoint U. S. Senator Henry Clay Lodge to head the U. S. Mission to the United Nations. Appointment of Mr. Lodge is subject to Senate confirmation. He will succeed Warren Austin in the U. N. post. Secretary of State-designate John Foster Dulles announced the appointment for Gov. Eisenhower.

NEW YORK AP—President Dwight D. Eisenhower started a busy weekend today, and his history lists indicated conferences on two big problems—foreign aid and the streamlining of government.

He planned to see nine men at 10:30 A. M. today and 11:30 A. M. tomorrow.

Gov. Eisenhower today called on John Foster Dulles, whom he has designated to be secretary of state in the new year's Presidential inauguration of importance after (Turn to Page 3, please)

STATE GOP FUND DOUBLES RIVAL'S

Republican Vote Spending Listed At \$647,383 For New York

ALBANY (AP)—The Republican State Committee, on the winning team in the state's Presidential election, took in—and spent—almost twice as much for campaigning as its Democratic opponent.

Campaign expenditure reports filed with the Secretary of State showed today the GOP committee reported a total of \$647,383 and spent \$41,283.77.

The Democratic Committee reported it had received \$335,938.83 and spent \$21,927.05.

Both parties apparently had to borrow money to put their campaigns in the field.

The final item listed on the Republican Committee's report is a loan of \$200,000 from the Citizens Trust Co. of New York City. Mr. Tass says it is "Due Dec. 30, 1952."

The Democratic Committee report showed the Bronx County Democratic Committee has its own \$100,000 loan.

Family-looking names were sprinkled liberally through the lengthy list of contributors. The single contributions ranged from 25 cents to \$5,000.

LIVING ROOM GUTTED BY APARTMENT BLAZE

A blaze of undetermined origin gutted the living room of a two-story apartment house today in order to set at the blaze.

Damage to the contents of the living room was estimated at \$2,000. The structure itself sustained \$500 damage and there was slight smoke damage throughout the apartment.

Larchmont Firemen's Benefit Attracts Crowd On 1st Night

Nine vaudeville acts featuring talent from New York radio and television, singing and dancing, attracted an enthusiastic audience of more than 500 local residents on the first night of light entertainment at the Larchmont Fire Department's All-Star Bowling in the Junior High School auditorium.

The revue, the firemen's annual fund raising activity, will be staged again Friday at 8:15 P. M.

Last night's show ran the gamut of vaudeville entertainment. From a two-part program broken by one 15 minute intermission, a comedy, a song, a light entertainment, a team of acrobats, a musician, and a jester, entertained before the show and during intermission.

The overture and accompaniment for all the acts was provided by Leo Stone's orchestra, a movie, which was shown with a play-off at such hotels as the Waldorf Astoria, the Commodore and the Murray, given by the Larchmont Fire Department.

POPE PIUS NAMES 24 NEW CARDINALS

Church Princes Will Join Sacred College Jan. 12

1 American Cardinal

ATLANTIC CITY, (AP)— Pope Pius XII today announced the names of 24 new cardinals of the Roman Catholic Church, including James Francis McIntyre, archbishop of Los Angeles, and Mar. Aloisius Siniague, archbishop of St. Louis.

The new names of the church will be elevated to the Sacred College in a great ceremony to be held Jan. 12. This ceremony brings the death-deferred ranks of the Holy See to 70.

It will be the first since the great post-war ceremony of 1946 in which the Pope gave cardinal rank to 32 prelates on one of the most impressive and splendid ceremonies of the Catholic Church.

The new American cardinal has been head of the Los Angeles archdiocese since 1948. A native of New York, Archbishop McIntyre is sixty-six years old. He was a member of the Class of 1921 at St. Anthony's Seminary, 1921.

Question of the Week

Morale-Boost Seen As Result Of Eisenhower's Korean Visit

REKRA

This is the 26th in a Saturday series of short interest questions on "What's Do You Think Eisenhower Will Accomplish in Korea?"

Mrs. F. L. Norris, 41 Weaver Street, Larchmont, "I don't think he can accomplish a great deal in settling war. But he can improve the morale of the troops. I'm very doubtful if he can accomplish anything else at present. I think it's going to do some good if it's nothing more than giving troops courage to go on. Nothing can be done unless Russia's attitude changes. If she says O.K. then we can have a truce."

Most Aircraft Bound For Alaska; 52 On Board Lead

ANCHORAGE, Alaska (AP)—The snow-covered wreckage of a C-124 Globemaster which crashed on 23 passengers to the ground last Saturday has been found by an investigator high on the steep slopes of an Alaskan mountain.

It was located only a few days after another military transport had crashed yesterday at Tacoma, Wash., bringing heavy death to 39 of the 39 persons aboard.

And it was one of nine military planes with 200 persons aboard which were crashed with disastrous results as disappeared in the search circle from Korea to Alaska in the past three weeks.

Official Probe Ordered

Official Washington has taken notice of the tragic series, which has wiped out whole families, and has ordered an investigation of Alaska-connected road navigation aids and communications equipment.

Mr. Terrie Moore, president of the Union club of Alaska and a skilled pilot, flew to the Alaska wreckage with a companion whose identity has not been learned. He landed near the mountain summit in Mr. Moore's airplane which carried overhead radio equipment.

His description of the scene was "a waste of time, but a sign of life." The comment, recorded on a plane which circled overhead, said nothing more. But Air Force pilots said the wreckage was seen (Turn to Page 3, please)

At handling of Communist night fighters rose from their big attack one out loss at the Superforts with its guns. Most of the others, a raid to make no firing masses, however. Allied planes, if any, will be announced in a weekly report.

World Military Outlook: Risk Of Stepped-Up Warfare In Korea Weighed By Pentagon

By GEORGE FIELDING ELLIOT

Small news military reports are being reported in order to bring the Korean War to an end? If that were done, would it start the World War II?

This is the double-barreled question, it isn't quite out in the open yet, but it's looking from every crack in the woodwork.

There is growing opinion that such action involves little if any risk of touching off World War II.

It is this whole approach to the Korean problem which is, at bottom, the major cause of existing divergencies of opinion between the U. S. and other members of the U. N. now engaged in the Korean operations.

Our friends think of us—and especially our military people—view the risks of our present course of action with a certain degree of optimism.
