Wins Second Area

The award of the Bronze Star Medal has been made to Capt. Walter A. Spuehler of the 11th Central Postal Directory, 11th Air Force, 10th of February, 1944, in Italy, France, and Germany.

Capt. Spuehler has received a similar award for the campaign at Cassino. He has been overseas since December, 1943, serving as motor officer with the field artillery of Lt. Gen. Mark W. Clark's Fifth Army in Italy.

The citation reads as follows: "During this period, Capt. Spuehler was battalion motor officer for a battalion of 240 mm howitzers. Although new types of equipment, which was the heaviest equipment used by the United States Field Artillery, he studied and supervised the maintenance problems in such a superior manner that at no time during operations was there any equipment failure. His studies and knowledge of such special equipment have greatly contributed to the future use of the equipment issued to the 240 mm howitzer units."

Capt. Spuehler's devotion to duty and untiring efforts have earned him a great credit upon himself and the Armed Forces of the United States.

En Route Back Home

Sgt. Raymond Hanson, son of Mr. and Mrs. George Hanson, 70 Lookout Circle, Larchmont, is stationed with the 45th "Thunderbolt" Infantry Division, 11th Air Force, at the 8th Air Force Base, Camp Stewart, Ga. Camp Masey, Texas, and Quoniam Point, R. I. His brother, Nils Hanson, also a sergeant, is serving with the Marine Corps.

Under command of Major-General Robert T. Frederick, and previously led by Major-General W. W. Eagles and Troy H. Middleton, the Thunderbolt Division has fought through 11 of the most savage days of the European war, making powerful German defenses in positions in four invasions over more than 1,000 miles of the most difficult combat country in the world.

Men of the 43rd charged across the beach at Salerno, Italy, on September 8, 1943, and finally broke out of the Anzio beachhead, and chased the German Nazis troops out of Rome.

They hit the coast of southern France, drove the Germans out of the Rhone, and finally fought into the heart of the Nazi "fortress," Metz, overrunning Nuremberg and Munich and, in the capture of the Dachen concentration camp, receiving a direct combat lesson in the reason for their fight.

They won numerous U. S. Congressional Medals of Honor and more than 4,500 other individual and unit decorations for valor.

Philippine Reunion

Two Larchmont men met unexpectedly at an airship in the Philippines.

"We started at each other for a moment as if we were looking at a stranger, then shook hands. We talked for quite a while took some pictures and talked some more about the way Bob Richardson dealt with the meeting in a letter home."

He was on his way to another island when he had to wait overnight for his plane. Richardson, who is a member of the Philippine Air Force, is in position to drop at least 200 tons of bombs on Japan if necessary.

Builds Staging Area

Anthony Joseph Chrona, ship-fitter, first class of 1122 Knickerbocker Avenue, Mamaroneck, is a member of a Seabee detachment in the Philippines engaged in building a huge staging area for U. S. military forces when news of Japan's surrender was received.

Rationing Board Fund Held Legal

Local Appropriations To Finance Work Ruled Unauthorized RECORDS PASS TEST

For the first time in more than 10 years, the State Department of Audit and Control has examined the financial records of the three local municipalities and the report shows that the books have a clean bill of health.

Notably among the comments and recommendations made by the state auditors, however, is the opinion that the auditor's report for the rationing board is not authorized by statute and should be discontinued.

Since the inception of the OPA office here, the expense in connection with its operation has been shared on a pro rata basis by the Towns of Mamaroneck, Larchmont, Mamaroneck Village and Harrison. The town's share last year was \$27,920, the village \$304 and Larchmont \$483.50.

In objection to the report, the board in the reports of Larchmont and the town but, apparently through an oversight, the same entry was on the books, was omitted from the Mamaroneck Village report.

The comment is entered in the town report as follows: "The opinion is expressed in the rationing board in the township for the period under review was made without proper authority and such payments should be discontinued. The statement then cites the opinion of the Attorney General rendered July 13, 1943, which states that 'such a board is a federal project to which payments could be made without violating the provisions of the state constitution.'"

The opinion bears out the opinion of former Councilman Munn and Attorney John DeLia, who have contended each time the town budget is up for consideration that the rationing board's appropriation is not a legal expenditure. It was included, in the words of the other councilmen, "because somebody had to pay for it."

Edmund Pendleton, chairman of the rationing board, said yesterday that the expenditure was illegal, the municipalities should be forced to pay for it and he explained that if the support of the rationing board will have to go to the OPA in Washington for advice and help.

He stated that such a move might lead to consolidation of community offices, meaning that the town would have to go to another section to do their rationing business.

The rationing expense has cost the taxpayers about 10 cents per month, or anything less, the budget is even smaller for next year. "I hope the municipalities won't do anything drastic," he stated. "We will all just have to pay more taxes to go and everything will work itself out."

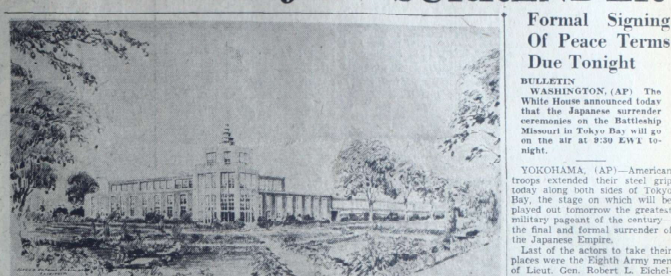

Another objection of the state auditors is the payment to patriotic organizations for expenses incurred during the Memorial Day parades. The money was paid directly to the vendors, the report states, rather than to the organizations upon receipt of receipts. This criticism is also offered of the money paid to the Fire Department for the annual drill and council dinner.

In the Village of Mamaroneck report the auditors state, "There is no statutory provision for the expense of \$870 for the annual fire inspection dinner."

The Larchmont report reads: "Section 90-22 of the Village Law provides for the public inspection and parade of the fire department and payment of the reasonable expenses thereof. Any other expenses such as refreshments, dinner etc. are not authorized and should not be allowed by the Board of Trustees."

The Larchmont report reads: "The Larchmont report applying to the internal control of receipts at Harrison is in violation of the Municipal Code (Continued on Page Three)

U.S. To Collect On Lend-Lease, Byrnes Says

WASHINGTON, (AP)—Lend-lease officials here today said they will not be paid for dollars because they do not have the dollar receipts. "But they are on notice that they will be expected to make some kind of settlement."

It seems probable they would be required to put out in the form of lowered trade restrictions, particularly the dollar-lease program, which would mean that they will not be paid for dollars because they do not have the dollar receipts. "But they are on notice that they will be expected to make some kind of settlement."

Byrnes made it clear in a formal statement issued yesterday that Congress saying the \$42,000,000 of lend-lease money will be written off did not mean there would be no settlements of lend-lease debts are to be cancelled and the only lend-lease settlements required are settlements for shipments unaccounted for or undelivered at the close of the war.

Formal Signing Of Peace Terms Due Tonight

WASHINGTON, (AP)—The White House announced today that the formal signing of the peace terms will take place in the Philippines tomorrow.

YOKOHAMA, (AP)—American troops extended their steel grip today over the cities of Tokyo Bay, the stage on which will be played out tomorrow the greatest military pageant of the century—the final and formal surrender of the Japanese Empire.

Last of the actors to take their places were the Eighth Army men of Lieut. Gen. Robert L. Eichelberger, scheduled to begin their mass landings in the bay sector by nightfall tonight. A radio report said the landings already had begun.

At a backdrop there was the black horror endured by prisoners of war who had been held in their stockades of death and degradation with blood-freezing accounts of the war's cruelties inflicted upon them in the years when Japan was riding the crest of conquest.

Now, as the gaudy Lord General of the White House, the "show was on the other foot." He and his staff who survived the forced surrender of the Philippines and the evil years behind enemy wires arrived to witness the Japanese surrender signatures tomorrow (tonight, U. S. Time) should take the bathless Missouri.

Exact time of the ceremony was not disclosed. But President Truman is expected to arrive in the United States between 10 and 11 P. M. and will be accompanied by Mrs. Truman, who is expected to arrive in dress may come as early as 3 P. M. (our time).

Mrs. McKeiver Named Head Of Youth Council

The executive board of the local branch, N.A.A.C.P. announced yesterday that Mrs. M. J. McKeiver, 213 Waverly Avenue, Mamaroneck, is named as director of the Youth Council, last night at the season's opening meeting of the organization.

Other appointments were as follows: Marvin Mitchell, temporary chairman; Mrs. Mildred Kirtin, secretary; Violet Hodge, assistant secretary; and Robert Gude, chairman of the membership committee.

Discussing the organization's membership drive, the Rev. C. F. A. Kirtin, pastor of the Barry Avenue A.M.E. Zion Church, told Youth Council members they "need to have a sincere interest in the organization, which will be the intellectual and political outlook of the community and its citizens."

Children of all races, colors and creeds should be encouraged to join, he said, and to become active members. Rev. Kirtin emphasized the "good credit" of Mr. Ludwig, Mamaroneck High School teacher, for his "involvement in the Youth Council and his desire to see in helping establish the program for the coming year."

Japs Were Urged To Continue Fight

TOKYO, (AP)—The Japanese today urged that for two days after Emperor Hirohito told his people the war was over, several planes—evidently flown by fanatical suicide pilots—dropped pamphlets on major Japanese cities asking the people to disregard the Emperor's order and continue the fight.

A Tokyo resident, describing their action, said that the great majority of the people were shocked by the mere thought of the possibility of Emperor Hirohito's order. "The matter was decided quickly, he said, for fear of further surprise.

Serves As Reporter

Pfc. Donald David Brown, formerly of Larchmont, is serving as chief reporter and copy editor of the 42nd Infantry Regiment newspaper, "Smash and Drive," in the unit paper published weekly by the 10th "Lion" Division, now stationed in the Karabala section of Iloilo, Philippines.

Mr. Ruth Ann Brown, has trained in New York City since June.

Prominent in journalism while a student at the University of Pittsburgh, Pfc. Brown, 21-year-old infantryman, enlisted in the Army on Nov. 29, 1942.

A graduate of Mamaroneck High School, where he participated in public speaking and speech contests, he was an active member of the Spanish Club and the History Seminar. The Browns family's resided on a Woodbine Avenue, Larchmont.

Annie's New Orders

Sgt. Charles Gibson, U.S.N.R., son of Col. Thomas Gibson of the Army, and Mrs. Gibson of 100 North Chatsworth Avenue, Larchmont, left Thursday night for Shoshone, Calif., where he will await further orders.

Recently graduated from the radio school at the United States Naval Training Center, he arrived home last Monday for a short leave.

He was graduated in June, 1944, from Mamaroneck High School where he was active in sports, including football, basketball and baseball teams, and entered the service soon after.

Now In Puerto Rico

Sgt. Guy John Woodward, son of Mrs. May Frasier of Fenimore Road, Mamaroneck, is now stationed in Puerto Rico with the 44th Infantry Division ATC.

A former student at the Miami High School in Miami, Fla., Sgt. Woodward has spent 22 months on active duty in Italy and wears the Mediterranean Theater Ribbon and a Distinguished Unit Citation.

His wife resides at the Sound-View Gardens Apartments.

The Caribbean Division, in which Sgt. Woodward is now serving, is the Air Transport Company organization now engaged in transporting thousands of American troops by air each month from the European and Mediterranean theaters of operation to the United States. In addition to the Division continues to maintain its air transport routes to American forces fighting in the China-India-Burma theater.

Home From Sampson

Sgt. Asa Lawrence of Mamaroneck was at home for six days recently after completing his tour at the Sampson Naval Training Center at Sampson, N. Y.

He has been assigned to the Great Lakes base where he will study demobilization.

The son of Mrs. William A. Lawrence of 427 North Barry Avenue, he graduated from Bellows High School in 1943 and entered the service immediately after receiving recent training at Great Lakes.

Trustee Edward B. Dooley was sitting on the pier at the Orienta Beach Club, yesterday morning when he heard a call for help from the water and, throwing off his shoes, coat and trousers, dove 20 feet into the water and rescued the child of Guy Parsons, another club member, who was in difficulty 50 feet off shore.

Mr. Dooley, former All-American football star who graduated from Dartmouth College in 1927, was swimming with Mr. Parsons off shore when the club life boat reached the child who was clinging to the rest of the way to shore.

As Mr. Parsons, who resides at 65 Prospect Avenue, White Plains, was in the water, he begged the lifeguards to help him. Mr. Dooley, who lives at 438 East 15th Street, was also in the water when he heard another call for help—this time from Mr. Dooley's own wife who was in the water in his pantsless state until someone threw him a towel.

A resident of Fairway Avenue, Orienta Point, Mr. Dooley is known as a strong swimmer, having hauled several persons out of the ocean when he was serving as a lifeguard at a local college.

He is director of public relations for the General Foods Corporation and president of the Toucan Club of America.

Captured Jap Hill

Sgt. Thomas Murphy of Larchmont was a member of the team of six volunteers who captured a 75-foot hill in the Negro Islands, from which 40 Japs had been driven a short time before.

Their mission was to reconnoiter wounded Americans and a dead comrade who had to be left on the hill following the first unsuccessful attack. As 20 Nips charged the six Yanks, Murphy was the only one to withdraw their forces thinking a large attack was being launched.

Operating with the 185th Regiment, 4th Infantry Division, the six men knew their task was not desirable, for they could carry only rifles and hand grenades, since the job of evacuating their buddies meant no extra equipment.

Sgt. Murphy entered the service immediately after his graduation from Ryer High School in June, 1943. The son of Mr. Hattie Murphy of 24 Vanderbilt Avenue, he received training at Camp Wheeler, Ga., Camp Upton, Va., and the University of Connecticut at Storrs, Conn. Overseas since September, 1944, he has served in the three combat campaigns of Luzon, Pampay and Negros. The last of these was fought through 74 consecutive days.

Washburn Assaults Reply of Manor Park Society

The Larchmont Manor Park Society will not accord bathing privileges to persons living in apartment houses north of the Boston Post Road.

That was the final judgment on the appeal made recently by the "Beach letter," to the society. It was contained in a brief, emphatic letter from Ed. G. H. Tatum, secretary, read to the Larchmont Village Board of Trustees by Mayor Frank S. Washburn last night.

Terminating the organization "a little secret society," Mayor Washburn said it represents only one-tenth of the Manor property owners "because the rest don't care." "The letter," he told the board, "is signed by Mr. Tatum by order of the Board of Trustees" who "chose the name." He then read the letter to the board, emphasizing the following concluding paragraph:

"We feel that we are, and have been, in the right, and the purpose and objects of the society are to preserve and protect the legal rights of persons owning property in the Manor Park." "The mayor was obviously stirred by the reply," he declared. "It says the society feels that it is not according to its charter and the legal rights of the Manor Park owners. It should know by this time that for all practical purposes the society is no longer in existence. It has no members and is no longer a legal entity. It can be dissolved by the Manor property owners. It does not represent more than one-tenth of the Manor property owners. It should be dissolved. It is a little secret society which does not represent more than one-tenth of the Manor property owners. It should be dissolved."

St. Dick Discharged

Sgt. James Dick has received an honorable discharge from the Army at the AAF Regional and Command Headquarters at George Wright, Wash., after 33 months in the service including 30 months overseas in the European theater. Before entering the United States Army in December, 1942, Sgt. Dick spent 15 months in the RAF. He served as a sergeant in the 8th Air Force. He wears the Distinguished Flying Cross, the Air Medal, the Purple Heart and the European Theater ribbon with campaign stars.

St. Dick is the husband of Mrs. Robert H. Greer, 500 Point Apartments, Manhattan.

Army Corps Ends

John D. Walter of Mamaroneck has been discharged from the Army Air Forces after serving since November, 1942, at the Army Air Station in England for 35 months as a navigator.

The son of Mr. and Mrs. D. H. Walter of 222 Knickerbocker Avenue, he graduated from Mamaroneck High School, and attended the Douglas School in New York City. He was in his junior year at Yale when he entered the Air Corps.

Trustees Refuse To Appropriate Share In Costs For Next Year

CITE STATE RULING

The Rationing Board budget for 1946 is nearly in final form. It was presented last night in Larchmont when the trustees, citing the recent opinion of the state auditors that the appropriation was illegal, declined to contribute further to it.

The budget presented to the Larchmont Board by Edmund Pendleton, chairman, has been cut from \$127.00 to \$180 for next year, making Larchmont's pro rata share \$21.00. The remainder of the amount is assigned to the other communities served as follows: Spenser Green, 1945; \$594; Town of Mamaroneck, \$386; Harrison, \$540.

Mayor Frank S. Washburn mentioned the opinion of the auditors who claimed that there was no authorization for using municipal money for a federal expense and that the money should be included in the budget.

"If the government wants to raise the cost of living, it should pay its own operating expenses," he declared. "A poll of the trustees revealed that they were in unanimous agreement with him and Clerk Margaret L. Barley and other members of the board to write Mr. Pendleton that the board could not see its way clear to make any further contributions.

The bulk of the Rationing Board expense is \$90 for equipment and \$90 for janitor's fees and other appropriations for water, telephone, telephones and lights.

4 Die, 10 Hurt In California Train Wreck

ARCADIA, CALIF. (AP)—The two locomotives and seven cars of a 16-car Santa Fe passenger train were derailed in a spectacular crash this afternoon in Arcadia, Calif., and four persons were killed and 33 to 40 injured.

The second section of the east-bound California Limited hit a 76-foot switch about a mile from the Santa Anita Racecourse about 1:30 p.m. The locomotives crashed over on their sides, and a baggage car and two passenger coaches jammed together—one of the latter at right angles to the tracks—and three other passenger cars left the rails.

Chest Campaign Sets Single Day Drive To Raise \$23,500

Budget Remains Same; Campaign Slated Oct. 14

A one day fund raising campaign for the Community Chest to be held Sunday, Oct. 14, was decided upon by the board of the Manaroneck Chest at a meeting last night at the Elks Club. Following last year's successful campaign of a one-day drive it was decided to repeat the program this year with preliminary work by campaign workers throughout the five days preceding Oct. 14.

A budget of \$23,500, similar to last year's goal, was adopted by the board. The expense of the National fund for this year, the War Fund's request for the full \$23,500, will go to local agencies and \$13,500 to the National War Fund.

The hospital was allocated \$5,250; the Society for Prevention of Cruelty to Children, \$1,000; St. Ann's Hospital, \$300; National Scouts, \$1,450; Girl Scouts, \$300; Camp Fire Girls, \$350; campaign expenses, \$900; and miscellaneous, \$150.

Final adopted of the budget was approved by the board members to increase allocations to local agencies from the National War Fund. The decision to raise the National War Fund's request for the full \$23,500 was arrived at after repeated discussions by the board.

George Smith, county War Fund executive, explained the need for the war fund, "that as soon as the Japanese War was ended Fund executives requested national budget figures and decided to make no reductions because this will be the last campaign by the Chest for the War Fund."

"Always we raise this year will be the last," Mr. Clearman said. "The war fund we raise this year will be spread over 12 months. The National War fund will be liquidated in 1946, the year of our campaign's final end to raise sufficient funds to support the Chest for the War Fund."

"I am accepting our full quota at present of \$78,000, the same as last year," Mr. Clearman said. "The amount, as is the case in some communities where the goal is set high and it is not being met, the amount actually needed. In other words we are not asked to raise more than our share to cover some other area that falls down on its quota."

"The new program now presented for consideration is clearly showing the definite trend, if it is going to be met. The middle classes must save themselves by banding together now."

"Now is the time for the middle classes to get together to maintain their economic independence," Peterson declared. "If things continue as they have been going it will only be a few years, perhaps not more than five, when it will be too late."

Village Repairs Over 2 Miles Of Roadways

More than 11,500 feet, or nearly a quarter mile, of roadway in the Village of Manaroneck have been resurfaced during the summer, according to Ralph M. Robinson, superintendent of highways.

Each year, the village repairs some of its roads, but if funds were available, Mr. Robinson pointed out, the complete job could be done every three years. This work has been done in Harbor Heights and Bay Neck.

At the present time, the Westchester County Department of Public Works is replacing curb stones on Palmer Avenue near the Post Road.

On Barry Avenue, just south of the Post Road, the Westchester Highway Company is replacing gas mains that have worn out.

For some of the right of way work to complete the task of resurfacing the village streets, 3,000 cubic yards were used with 120 yards of crushed stone to build a new roadway, over 23,000 gallons of tar were used, according to Mr. Robinson.

Streets improved were Urban Street, Gerard Street, Warren Avenue, Tanager Avenue, West Street, Arlington Street, Grant Terrace, parts of Knickerbocker Avenue, parts of Florence Street, Lawrence Street, Arthur Street, parts of Donald Avenue, parts of Winfield Avenue, parts of the Old White Plains Road, Beach Avenue, and Hill Street.

3 Larchmont Men Depart For Induction

Eugene Riviere presented the men's utility kits to half of the American Red Cross. Mrs. Emil Tretzler, vice chairman of the Larchmont Branch, ARC, and Mrs. Conrad B. White of the Home Service Corps, were present.

Rye Neck Citizens Carry On Old Tradition By Combining Farming With Regular Trade

(EDITOR'S NOTE—This is the fourth article in a series on "A Short History of Rye Neck" written by Maurice McKernan, Daily Times Staff writer. The fifth and concluding article will be published tomorrow.)

By MAUREN MCKERNAN
The Rye Neck community, more faithfully than most of his town, follows the old custom of tending a little flock of chickens and a garden in a tiny back yard. Farm, unconsciously follows a local custom nearly 300 years old.

John Budd, who founded Rye Neck in 1661 and may be said to be our first real estate broker, since he sold so much of his land, started the custom. While he was a farmer his cash income came from a little group of eastern half-acre plots known as Blad Brook. Our histories record a farmer Haines who was

Town Cuts Tax Rolls By \$719,493

Reductions For Next Year \$300,000 Below Current Slash

BOARD GETS REPORT

Reductions of property values in the Town of Mamaroneck effected by various means this season have resulted in a decrease of \$719,493 of the assessment roll for the coming year, Councilman Monroe Stiner chairman of the Board of Review, reported to the Town Board last night.

The new figure upon which the 1946 taxes will be levied is \$75,891,324 as against \$76,610,817 last year.

The Board of Review took \$27,000 off the roll, Mr. Stiner explained, \$21,194 was the amount of the special franchise assessment and the remainder, \$45,806, represents the sum of reductions made by the town board, the result of a few days of negotiations with several court decisions as well as negotiations which avoided court proceedings.

The reduction is almost \$300,000 less than the one requested last year when \$1,139,191 in taxes of the previous roll for the 1945 tax year.

Mr. Stiner said that the bulk of the reductions applied to unimproved property and that the town board will be open Friday night for a public hearing on the matter. He said that the total reduction in value will be open Friday night for a public hearing on the matter.

In ordinary times, a reduction of \$700,000 would be more than offset by new buildings, Assessor James M. Smith said today, but at the present time the building boom is down where the owners of a few new buildings have had their assessments reduced.

Army Honors Sgt. Steptoe Posthumously

Technical Sgt. Thomas E. Steptoe, son of Mr. and Mrs. Thomas F. Steptoe of 218 Union Avenue, Mamaroneck, has been posthumously awarded the Air Medal for courage under fire while flying five combat missions over enemy occupied Europe. Sgt. Steptoe was killed in action over Kiel, Germany, on May 15, 1945.

The medal will be awarded to his mother in the near future by an officer from Mitchell Field, N. Y. The citation accompanying the medal reads: "For exceptionally meritorious achievement while participating in five separate combat missions over enemy occupied Europe. The courage, coolness and skill displayed by this enlisted man upon these occasions reflect great credit upon himself and the armed forces of the United States."

The 24-year-old flyer was a radio operator and crew member on the Liberator bomber, Annie Corbett, which was shot down over the North Atlantic on May 15, 1945. Sgt. Steptoe was a graduate of Bellows High School, where he was employed by the Food and Drug Division of the Department of Agriculture in Washington before enlisting in the service in February, 1942.

Consumer Aid Center Closes After 3 Years

The Larchmont Consumer Information Center, which has maintained a record of unceasing service to the community since its opening in November, 1942, closed its doors this morning, without a board meeting at 141 Larchmont Avenue.

Mr. Herbert M. Rogers, who has led the group of volunteer workers throughout the war years, presided at the final session and announced that all projects which are now in progress under the direction of the War Council and the Consumer Center have been terminated.

Mr. Rogers said that the center has been a success in that it has done for the community what it set out to do has been completed, he stated, adding that the few post-war activities still to be carried on will be in the hands of other agencies.

Town Council Puts Off Sale Of 53-Acre Ridge Property On 'Gentleman's Agreement'

The Town of Mamaroneck still has its Larchmont Ridge property this morning and Alan Carnoy's bid for the 53 acres is back in its pocket as the result of a "gentleman's agreement" last night which postponed action on the sizeable sale for another two weeks.

Mr. Carnoy appeared two weeks ago with an offer of \$28,400 for the tract and was told by the board that the property would be advertised and closed bids accepted until 5 P. M. yesterday.

At 8 P. M. the scene was enlivened by the appearance of Mrs. Milton Kadison, who may be considered the "queen" of the board, and then either accept it or reject it.

And then the complications developed with the appearance of Barney Epstein who told the board that he had no definite offer, but that he would be ready to make a definite offer within the next few days.

Supervisor Owen A. Mandeville asked Mr. Carnoy what he thought of the proposition and whether he was serious about it to an extension of the time.

Mr. Carnoy hesitated to make any concrete reply but indicated that he thought it was up to the Town Board to decide the matter.

He indicated that he would be disappointed not to see his bid considered at the time stated in the advertisement but added that he knew and trusted Barney Epstein to be a very fine gentleman.

Mr. Epstein turned to the board by blocking the other offer, if it should develop.

Mr. Epstein stated that he understood "how this gentleman feels about it" and that he could not guarantee that his proposition would develop, and that all he had a party, definitely interested in bidding on the property.

Ship Workers Out As Strike Wave Spreads

NEW YORK (AP)—Some 10,000 striking painters were ready today to return to their jobs, but two new labor disputes arose in the metropolitan area as 3,300 shipbuilders went on strike and 1,400 Fifth Avenue bus drivers and workers voted for a walkout.

Possibility of work stoppages in milk and baking industries hinged on mediation by Government agencies.

The shipbuilders walked out of the 208 at West Brooklyn and one Staten Island plants of the Atlantic Basin Iron Works yesterday. A spokesman for Local 309, Marine and Shipbuilding Workers (CIO) said the dispute concerned holiday pay and seniority. The stoppage affected work on seven ships, it was reported.

A company spokesman would say only that the gates were open for those who wished to return to work.

Deadline 10 Days
Kenneth Douglas L. McMahon, president of Local 100, International Transport Workers (CIO) notified the Fifth Avenue Coach Company that drivers, conductors and maintenance workers had voted unanimously for a strike if disputes are not settled within 10 days.

The Union's executive board said the dispute concerned a plan for one-man operation of Fifth Avenue's double-decker buses, which the union considered "inadequate and unsafe."

The week-old strike of Bronx and Manhattan painters was settled between their Union, District Council No. 9, Brotherhood of Painters, Decorators and Allied Trades (AFL), and the Association of Master Painters and Decorators of New York City.

The agreement included abstention of 17 1/2 per cent wage increase, a joint fair practices committee, and 3 per cent cost-of-living provision to an employee welfare fund.

Committee members present included James E. Curtis, who replaced Thomas B. Sutton; and Mrs. Eleanor F. Kelly, replacing Mrs. Nancy Coffey.

Also Burton C. Meighan, co-chairman with Mrs. Thomas F. Morrison, Jr., for the Village; Mrs. Mary E. Campbell and Joseph Deak, seventh district.

Dr. De Mott opened the meeting and it was aimed at 400,000 below the predicted total to 200,000 below plans.

There are approximately 150,000 American soldiers now in Japan. Troops will continue to pour into Japan through September, October, November and December until about 400,000 have arrived by the end of the year.

Japanese demobilization measures are proceeding so smoothly that approximately three-fourths of the homeland army has been returned and discharged to its homes.

The 400,000 maximum Army spokesman said, does not include Marine troops which are being sent to the Pacific.

In Washington, Acting Secretary of State Acheson remarked sharply that the United States Government, not the occupation forces, is determining American policy.

Waits Discharge

With 116 points and over three years' overseas duty to his credit, Sgt. William H. Dolan of 35 Hillcrest Avenue, Larchmont, above, is stationed at the Army Station Center at Fort Dix, N. J., awaiting an honorable discharge from the Army.

After he was inducted in May, 1942, Sgt. Dolan received engineer training at Camp Edwards, Mass. He served in Ireland, Scotland, and England, from where he embarked for the invasion of North Africa with the 1st Engineers' Amphibious Brigade.

Later transferred to the 722nd Army Postal Unit, with which he served in Italy and France, Dolan was in charge of the postal group, accomplishing the task of speeding the mail to the various fronts.

Sgt. Dolan was formerly employed by the Bank of Washington in Larchmont, and hopes to resume his duties there when he receives his discharge. His wife and two daughters, Barbara, 9, and Ruth, 7, reside at the Larchmont address.

Operations Officer

One of Mamaroneck's Naval veterans has been appointed operations officer on the staff of Admiral O. C. Badger's Task Force 31 in charge of Yokosuka Naval Base in Japan where the Third Fleet Landing forces are stationed.

He is Capt. Ralph C. Lynch, Jr., USN, son of Mr. and Mrs. Ralph C. Lynch of 25 Central Avenue. His wife and two sons, Ralph, 12, and Chester, 10, reside at 10 Manchester Road, Tuckahoe.

A 1925 graduate of the Naval Academy, Capt. Lynch has been in the submarine service for many years. He is commander of a submarine division in the south-west Pacific when Japan capitulated.

As operations officer for Task Force 31, Capt. Lynch is acting force temporary duty on the U.S. Navy's operations base unit which is expected to return to submarine duty upon the arrival of a new fleet of submarines.

Capt. Lynch was skipper of the submarine S-46 and the USS Mingo before becoming operations officer for Task Force 72 in January, 1944. The following September he took over a division of submarines. He is credited with several successful attacks on Japanese convoys and is a veteran of such operations as the Solomon, New Guinea, Bougainville, Truk, Palau and Rabaul.

Abroad, the Mingo, he did invaluable reconnaissance work in preparation for the first landing on Guadalcanal.

Jobson Discharged

Edward R. Jobson, Jr., who served for two years and eight months in the Coast Guard on the North Atlantic has received an honorable discharge from the Coast Guard. Son of Mr. and Mrs. E. R. Jobson of Albion Court, Larchmont, he was a candidate for reserve commission at the New London Coast Guard Academy when the war ended and members of his class were released from the service.

The former Coast Guardman enlisted while a student at Williams College, Williamstown, Mass. in Sept. 1942. He was assigned to the Zaida, which later George Roney turned over to the government at the beginning of the war, and served aboard the Zaida in the anti-submarine patrol until she was decommissioned at the European war.

In Army Of Occupation

Staff Sgt. Adrian M. Reed, Jr., son of A. M. Reed of 321 Tompkins Avenue, Mamaroneck, has been assigned to the occupation forces as a member of the 454th Air Engineering Squadron, 529th Air Service Group, stationed near Foggia, Italy.

**House Committee
Shelves Plans To
Expand Aid**

WASHINGTON, (AP)—While members voicing alarm at idle hands in spreading strikes, the House Ways and Means Committee today shelved all legislation proposing liberalization of unemployment benefits, by a 14 to 10 vote, brushed aside President Truman's request for the legislation.

Chairman Doughton (D, N. C.) announced immediately that the committee will turn tomorrow to writing of the first peacetime legislation stemming down wartime tax burdens.

Rep. Knutson of Minnesota, ranking member and means Republican, told newspapermen the strike fever was the deciding factor in the committee's action indefinitely postponing all further consideration of jobless pay extension.

By The Associated Press
The Government moved today to unarm the increasingly heavy traffic of school and work stoppages along the nation's labor front.

A number of men and women off their jobs by strikes and forced shutdowns across the country touched about in 350,000 mark, the highest in months since the outbreak of the war.

Increased wages were the principal cause in the majority of the disputes.

As Government stepped in to attempt to effect a settlement of a spreading oil strike which already has idled 20,000 workers, there was no immediate indication other than front-ranking stoppages would be called off to affect the motor, lumber and ship-building industries.

City Varied
**As Elevator
Strike Grows**

NEW YORK, (AP)—A large part of Manhattan's business life is being paralyzed by a strike of elevator operators and building service men affecting an estimated 1,500,000 persons employed in 2,015 multi-story office and loft buildings.

Meanwhile, union hotel service employees announced their sympathy with the strike and scheduled a meeting for Friday to decide a course of action.

Mail delivery, trash collections and other city services are being hampered by the work stoppage begun yesterday by an estimated 3,000 elevator operators and maintenance men.

Some employees in affected buildings took unauthorized holidays. Some others were given permission to remain away from work. Some climbed stairs. In the garment district alone about 200,000 workers were affected.

**Three Trustees
Join Opposition
To New Plan**

The plan of the Taylor-Beed Corporation to erect a manufacturing plant on the five and a half acres at the corner of Fairview and Rockland Avenues hit a stone wall last night when Trustee Edward J. Beed unexpectedly declared that he was unilaterally opposed to the proposed rezoning. The decision immediately lacking of Trustees James Jackson and Edwin B. Dooley.

Trustee Dooley agreed with Mayor Santoro and Trustee John Withers that the public hearing should be held as provided by law so that all residents of the village might be heard and advised of the vote 3 to 2. He repeated his intention, however, of voting no on a rezoning change if the people in the affected area are against it.

There was no doubt that the residents of the "affected area" would be heard and advised of the rezoning. It became a question of the number of them not 100 as the Daily Times was informed yesterday. The rezoning was presented to the board and about a dozen who appeared in person to hear Mayor Santoro's report on the dump remained for the Taylor-Beed Corporation. It marked the first time the matter has come officially before the village board.

After a tumultuous discussion which Mayor Santoro had to quell because of the use of his gavel, Trustee Jackson's motion was voted down by a subsequent motion on Oct. 15 at St. Thomas' Commission on the village board.

**Hearing To Ask
Taylor-Beed
Finance Status**

A bank statement of the financial condition of the Taylor-Beed Corporation will be requested before the public hearing Oct. 15, as the result of a suggestion made last night to the village trustees by Robert F. Deegan, a resident of the area near the proposed site of the new plant.

Mr. Deegan made the request after Trustee Edward B. Dooley moved a resolution that to effect, which was incorporated in the minutes.

"We don't know what the next few weeks or months are going to bring," he said. "I don't know if things don't work out, that we might want an empty factory on residential property."

Trustee Dooley later stated that the company are "good financiers" and that the board had a right to ask for a bank statement. "I don't think the rezoning has caused such widespread interest."

**Clash Between
Bevin, Molotov
Is Reported**

LONDON, (AP)—Bitter personal clashes were reported today between British Foreign Secretary Ernest Bevin and Russian Foreign Minister Vyacheslav Molotov as the Big Five Council talked of boundaries, reputation and food apparently without moving nearer to any major agreements.

Reliable sources said the Russians were unresponsive to American and British proposals that Austria be fed from the great Balkan granary, always its source of farm products, and were determined also to prevent the western powers from discussing Balkan frontiers.

Molotov was reported also to have flatly opposed American and British proposals that arms reduction clauses be written into peace treaties with Hungary, Rumania, Bulgaria and Finland.

An informant who attended the secret sessions of the foreign ministers of the United States, Russia, Britain, France and the Soviet Union gave this as an example of the friction between Molotov and Bevin.

Molotov objected to the British plan to open up the Balkan peninsula to Soviet influence by Russia, declared that Bevin was supporting an anti-democratic regime in China and that he would be refused to permit that he be spoken to in such a tone.

Weed Ends 5 Years of Draft Duty

Larchmont - Scarsdale
Board Official Quits
Effective Nov. 19

EXPRESSES REGRET

After five years' service as an official of Draft Board 743 in the Larchmont-Scarsdale area, Louis Weed of Larchmont has sent his resignation to Chairman William G. Thompson.

In a letter dated Sept. 25, Mr. Weed states that on Nov. 19 he will have completed five years and states that "now that there appears to be no national emergency, he wishes to offer his resignation as of the anniversary date."

Mr. Weed, who served in the administration of the board by Mr. Thompson and the other members Edwin K. Lutz, Robert Sturjyo and Lawrence Soneleit, and tells Mr. Thompson that during the period of service he served that affairs were handled "in a most efficient manner."

His resignation follows in full:

"Nov. 19, 1945 I will have completed five years as an official of Selective Service, member of the Local Draft Board 743. This period of time covered the year prior to the war, through the year of 1942, and peace and now there appears to be no national emergency. I wish to ask you to accept my resignation as of the anniversary date, November 19th, 1945. I am sure that you will be glad to have me back on the board, if it was my observation that you had but one desire and that was to administer the affairs of the board under the directives of Selective Service without fear or favor and to know full well that for the whole period of time there was no indication that politics or prejudice influenced any of your decisions, which attitude pertains to the past. Shops Lend Aid To Larchmont Chest Drive

The Larchmont Community Chest's 12th annual campaign finds Larchmont's stores and business men more rallying to the support of the drive which totals \$38,760 to "cooperate to the utmost" pledged by virtually every Larchmont place of business.

David Goldman, owner of David's Men's Shop and president of the Larchmont Lions Club, urged that stores and know full well that more than last year, calling attention to the needs of the Youth Center, added to the Chest this year for the first time. "Every agency on the list is a worthy cause," he said, "but let's not forget our own young people."

T. Roosevelt Allen, chairman of the Chest this year for the first time, said that the stores and business men of the community are "back of the Community Chest drive," he added.

John Pfander, manager of the Chest, said 50 per cent of the quota will be used for the National War Fund. It was pointed out that the Chest is a part of the business district for the drive, who emphasized "how much they are being helped by the Chest through which funds are principally expended."

Nine-Month Inquiry Falls To Reveal Clue To Mystery Of Flyer's Disappearance

Nine months of intensive inquiry and search on the part of Mr. and Mrs. Harold A. Knight of the Larchmont Apartments, Larchmont, have revealed no clue to the mystery surrounding the disappearance of their son, First Lt. Richard R. Knight, navigator of a B-24 Liberator bomber, who was reported missing in action Dec. 19, 1944, over Kraljeva, near Flume, Yugoslavia.

According to the War Dept. Lt. Knight's plane was last seen at 1:15 A. M. that day when he was a mercy mission, presumably to drop food, medicines and other essentials to the friendly Yugoslavs.

After considerable difficulty, Mr. and Mrs. Knight have succeeded in contacting the radio man of the plane accompanying their son on that day, headquarters of the press to the mother of John Sullivan of Marlborough. Mr. J. J. Pilot of the plane on which Lt. Knight served as navigator on his last trip.

The War Department has repeatedly written his parents that they have no information available, although a search was being kept up for the missing crew of six, who that day were flying B-24's or Mitchell bombers. Last year the War Dept. was investigating, whose regular assignment was B-24's or Liberator, bomber flying out of Italy, had completed his 50 missions and elected to remain in Italy, assigned to the 13th Air Force with which he served. However, he had to do a little aviator flying and it was such a trip that he took his last of the war.

Bad Checks Trap 2 Girls, AWOL Soldiers

NEW ROCHELLE—Two soldiers AWOL from Camp Maxie, Texas, and two girls, said to be bad checks, are being held by Stamford police today in connection with an automobile theft and worthless checks which were passed in New Rochelle and other parts of the country.

Pvt. Melvin Lawrence Meisen, and Pvt. Charles Henry Williams, II, accompanied by Doris Partelow Meisen, 18, and Dorothy Margaret Williams, 18, of New Rochelle, N. Y., who admitted to Stamford police that they stole a Buick in Fort Worth, Tex., about two months ago. The four claimed they were staying at the Bronx Hotel, New Rochelle.

Stamford police said the four had been passing bad checks in New Rochelle, Chicago, Cleveland and Pennsylvania. The girls, who were arrested in New Rochelle, were charged with passing bad checks to Doris Marie Rogers and signed by Mary Rogers who gave her address as 158 Franklin Avenue, New Rochelle.

Police said that on three occasions the checks were accepted for money or merchandise. The stolen automobile used by the four boys, a California license plate which was said to have been stolen from a junk yard. Among their belongings taken from the car at the time of the arrest: a pocket watch, a revolver and bullets.

New Rochelle police and police from Stamford are being held by Stamford police today in connection with an automobile theft and worthless checks which were passed in New Rochelle and other parts of the country.
