

3 HURT IN CRASH IN NEW ROCHELLE

Town Residents Injured As Car Jumps Curb And Strikes Rock

Three persons were injured in an automobile accident in New Rochelle yesterday afternoon, police reported today. They were: Mildred Sacot, 36, of 60 Van Road, Town, driver of the car; Nancy Nicholas, 16, of 100 Garden Road, Town, companion of the driver; and Joseph Maxey, 17, of West Garden Road, Town. The sedan, owned by Alfred B. Katz, was proceeding east on

Montgomery Drive near Montgomery Place when the accident happened. Miss Katz later told police she was attempting to adjust a signal dispenser on the steering post. The car jumped the curb and went on the lawn of the home of Mrs. Charles Porter, 14 Beechmont Drive. It struck a large rock at the entrance of the driveway and came to a halt. The injured youth were taken to New Rochelle Hospital by an unidentified driver. Police said there was no unauthorized use of the junior operator's license possessed by Miss Katz.

Washington Sends Mission To India

WASHINGTON (AP)—The United States is sending a mission to India, the State Department announced today, to explore the possibilities of American help in creating a great supply base there for the United Nations. Personnel of the mission was not disclosed, but the announcement said it would proceed to India as soon as possible.

In a statement explaining the great importance of India's strategic position and natural resources, the department expressed hope that this step in American-Indian collaboration would serve to make an effective contribution to the success of the United Nations in the war against aggression.

WAKE UP, AMERICA — IT'S LATE!

Editorial Comment Reprinted From The New York World Telegram

The nation needs to awaken to the full gravity of the peril that confronts it. It needs to appreciate how badly we have defeated in three months of war. It needs to understand that it is possible for the United Nations and the United States to lose this war and suffer the fate of France—and that this possibility may become a probability if the present tide does not change. It needs to realize that there is grave chance of the Japanese pushing through India and Germany driving through the Near East, to start us by the throat. Only when fully aware of existing perils will the United States do its utmost. Pray God that awakenings will not come too late, as it did France!

Production Director Donald Nelson appeals for vastly increased industrial output on a 24-hour, seven-day basis—168 hours a week. Maximum production, in short.

Not on the present basis—not under the psychology of recent years. Not until we quit thinking in terms of less work for more money. Not while there is greater concern about overtime pay than overtime production.

Not while former politicians are more interested in higher prices than raising more essentials. Not while government bureaucrats—created to meet a depression emergency that is ended—continue to grab for themselves money needed for armaments.

Not while an army of federal press agents clamors to promote and perpetuate activities that have no present or value. Not while Congressmen try to put over useless canards and

ted, that he was unable to fix the exact speed of the speeding car. Justice Hoffmeyer granted a permanent injunction in the suit before the transit commission to enjoin the New York Central Railroad, Long Island Railroad and Station Island Rapid Transit Company from increasing their basic fares within the city.

10 P. C. Rail Fare Increase Blocked

NEW YORK (AP)—Housepassed increases of 10 per cent in basic fares of three railroads operating within the city were blocked, at least temporarily, by a decision handed down today by Justice Samuel H. Hofmeyer in State Supreme Court. Justice Hoffmeyer granted a permanent injunction in the suit brought by the transit commission to enjoin the New York Central Railroad, Long Island Railroad and Station Island Rapid Transit Company from increasing their basic fares within the city.

Yachting Bellows Celebrates Tournament Bid By Shading Harrison

Motor Boats Increased Ten Percent Last Year

A five-year spanning in the popularity of recreational boating in the United States continued into the closing months of 1941, when progressive and successful manufacturers finally completed production, the National Association of Engine and Boat Manufacturers announced today in revealing that numbered motor boats used on Federal waters increased by 22.03 per cent during the year.

This was a gain of 10 per cent as compared with a 12 per cent increase in numbered boats during 1940 when 28,490 units were added to Federal waters. During the first six months of 1941 there were 16,622 new boats placed in use, and the last four months were 12,877.

General increases were registered in all customs house districts during the year. But the largest percentages of gains were recorded on inland rivers and lakes. Inland river registrations were ahead by 10 per cent over the Great Lakes by 15 per cent.

New York City is the nation's most popular motor boating center, with an individual registration of 37,000 craft. Seattle, which last year displaced Baltimore as the nation's No. 2 port, maintained its position with 21,700 numbered boats. Detroit slipped into third place with 16,222, Baltimore was fourth with 14,855, and Tampa, Fla., fifth with 17,916.

Resistors Tightened For Hudson River

The Middle Atlantic Yachting Association advised this week in a lighter writing Hudson River Mar. 15th annual. Hudson River Mar. 15th annual, according to the Association.

Under new restrictions, all boats must be registered and carry identification at all times. The Association's rules are open only to United States citizens and a Coast Guard cutter at the starting line will check both boats and drivers.

Decisions on time and course of the Spring event were left for a meeting in New York March 11.

For a time it appeared that tightness in work in the Hudson River would be the Albany-New York races from entering waters in the Metropolitan area, but a Post of New York City, which official told the Association Wednesday that he "believed" the "goose" race will start on this date.

Larchmont's Dick Hill yielded the season's championship trophy for Coastwise Cruisers to Mrs. Robert E. Hinkle, skipper of "The Blue" at the club's 49th annual dinner in New York City recently. Dick Hill did not get home early in the Sunday series of family races, but won the Valle Jagers Trophy. Hill skips the famed Ragby Star.

PANTHERS ANNEX 'LITTLE 3' TITLE

They Meet Chappqua Monday In First Round Battle At Center Arena

The B. J. Holloway Posters triumphed in Harrison yesterday by defeating a clean sweep of their season series with the Muskies. The score was 83-30.

In doing so they captured the "Little Three" championship and proved that they had received early yesterday in the "Tournament of Champions" in White Plains was a worthy one.

Although the East Enders gained the lead at the outset of the game and were never headed, they were not until the final two minutes to pay that their roster at back, which they had received early yesterday, in the "Tournament of Champions" in White Plains was a worthy one.

The Panthers open play in the high school tournament Monday night, facing Home Grey in Chappaqua.

It was a combination of the Bellows fast break and Harrison's ability to make good on penalty shots that brought the East Enders victory. Bill Arroyo, who scored three times, was the hero of the game.

Porto was once again the leading scorer, this time accumulating 13 points. He was particularly outstanding player in the game, and he was the only player who scored in all four quarters.

The game started fast and held its own. Porto started fast and held its own. Porto started fast and held its own. Porto started fast and held its own.

SPARKMAN SAYS YACHTING WILL FLOURISH ON SOUND DESPITE WARTIME REGULATIONS

Sport Is 'Desirable For Pre-Naval Training'

By DEANE SPARKMAN (Of Larchmont Yacht Club and member of the yacht club ship brokerage firm of Spaulding & Stephens, New York City).

Both the expressed policies of federal authorities and the tentative phase of yachting organizations indicate that the coming summer will see far more yachting on Long Island Sound and other protected waters than many people had considered possible in war-time. Experts feel that there will be no very large yachts out, and long distance racing and cruising will be restricted to every phase of yachting being able to enjoy as much sailing as they have the time and inclination for.

The government's attitude as expressed by the National and Coast Guard officials and by the physical fitness program of the Navy, which is a part of the government's physical fitness program for the nation, is that yachting is a desirable sport for the individual citizen, and that it is a desirable sport for the individual citizen.

DERUZZA OPPOSES VINES IN REMATCH

Schenectady Boxer Favorite On Strength Of Edge In First Bout

They may play Pete DeRuza against a boxer at the White Plains County Center Tuesday night.

But even if the Mamaroneck welterweight leaves the ring to the strains of a hero's march, DeRuza's victory over the Mamaroneck welterweight is clouded with uncertainty and doubt.

Three weeks ago Vines turned back DeRuza's effort to come back from his defeat by Maxie Berger, a defeat which ruined DeRuza's plans to fight with a few more matches on the list of 10-fight campaigns.

At present Vines is stating what the promoters call a sparkling confidence. But he is in no sense in a position which would be called challenging by DeRuza. DeRuza is a former champion, and he is a former champion.

DeRuza, fast-footed New York welterweight, meets Andy Kosciuszko, a former champion, in a semi-final scheduled for the 10th round.

DeRuza, fast-footed New York welterweight, meets Andy Kosciuszko, a former champion, in a semi-final scheduled for the 10th round.

TALKING IT OVER

BY CHARLES KING

Wherein DeRuza Blasts Two Runners

There has been talk in some quarters of Mamaroneck that Pete DeRuza is going to resign as manager of the team...

Tuesday's Performance Bets the Critics

I would like to go on record here as saying I believe DeRuza would continue to do a good job as he can give his hundreds of supporters a good performance...

Right now I see DeRuza as a well-trained athlete who will more than his share of the fights he enters...

Now that I've plodded guilty I want to say that the subject is not a subject objectively—becomes unreliable to me after that point...

After a time, excuse me, run thin and the prose becomes thin. From time to time I have been faced with the problem of writing...

But to find excuses every time Pete falls down is to say he's back in the running for a shot at Red Cowherd...

But I don't think I've strayed too far from the subject. Pete and I get on very well. I suspect why strains a writer in an effort to report a pleasing situation...

Well, I don't think I've strayed too far from the subject. Pete and I get on very well. I suspect why strains a writer in an effort to report a pleasing situation...

At least the law of averages says our man is due to win from the catchcatcher.

Complaints Halt

Numerous complaints received at police headquarters here for the last few days about a telephone solicitation for a veterans' organization suddenly ceased today.

Police Chief Martensen explained he had picked up one Joseph Adams who gave his address as 49 W. 42nd Avenue, White Plains, a "runner" for the professional "shakedown" doing the soliciting. He proceeded to issue a license for such application.

Mace said he was soliciting for the "John R. Hagan Chapter No. 35, Disabled American Veterans of the World War." The organization, he said, will have a "military ball" in the Roger Smith Hotel in White Plains on May 15. John Shay of White Plains is commander, he said.

The David Booth, Jr. Post No. 1116, Veterans of Foreign Wars, a local organization, as well as several individuals, have sent it necessary in the last few days to announce they were not affiliated with the soliciting organization.

Trains For Marines

Solomon Sheehan, 30 Palmer Avenue, Village, is one of 15 residents at Union College, Schenectady, who have been accepted and sworn in as candidates for training to the Marine Officers Training Course.

A member of the Senior Class majoring in the social studies division, Mr. Sheehan will be subject to active training duty immediately after his graduation on May 15. He was prepared for college at Mamaroneck High School, Class of '38. At Union he has been active in journalistic work and recently completed a term as managing editor of the college newspaper.

WAGE CONTROL STUDIED BY FDR

Ceiling on Pay Considered As Step Against Inflation

WASHINGTON (AP)—The question of wage control as a war measure is under study, President Roosevelt asserted today.

The chief executive declined at a press conference to go into the question of putting a ceiling on wages as an anti-inflation step but did disclose that the question is under consideration.

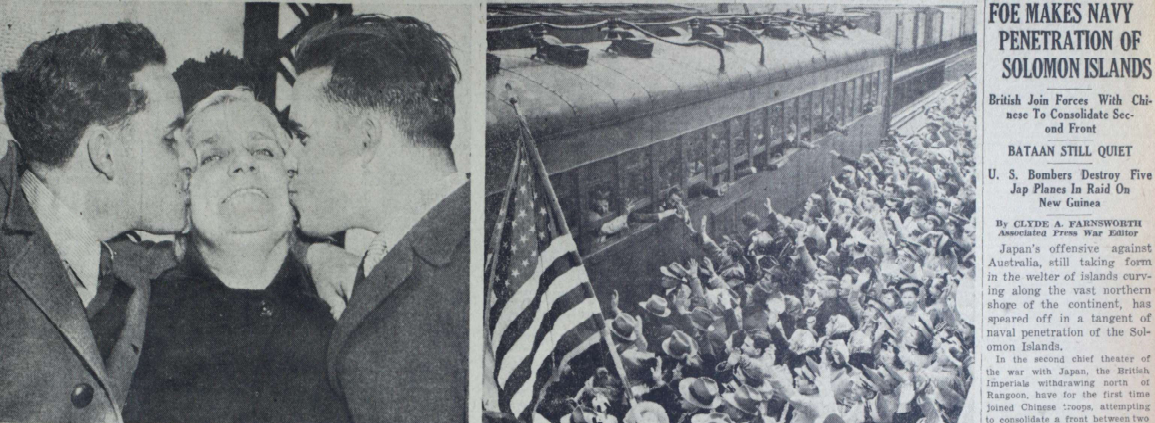

Another question, whether any progress was being made on controlling inflation, Mr. Roosevelt said, in some ways, yes, and in some ways no. He placed the question of the House in voting to raise the minimum wage to 40 cents an hour as he termed the no side.

Byington efforts to limit overtime pay in war industries were spread in Senate circles today despite opposition from Secretary of Labor Perkins.

AUSITRAILIA MARKET FOR WAR

A KISS FOR MOM before going off to serve Uncle Sam was given to Mrs. Marshall R. Searles, of 316 Jefferson Avenue, yesterday by her twin sons, Marshall, Jr., left, and George, right. The boys were among the large group of men sent to the army yesterday by Local Draft Board No. 20, of Mamaroneck and Rye. As the picture at the railroad station shows, Mrs. Searles gave her boys off with a smile and brave, clear eyes.

—Staff Photos by H. Sarino

TELLING THE BOYS GOODBYE with patriotic tunes and snappy marches, the F. E. Bellows High School band yesterday led the boys through the Mamaroneck railroad station, where they were being sent to the army.

THOUSANDS APPLY FOR BOAT RIGHTS Here Are Full Details On What Coast Guard Expects Of Sound Seaman

The overworked U. S. Coast Guard is presently seeking willing time and personnel permit to officers to complete the monumental wartime task of recording the identity of every person who uses the territorial waters of the United States—be it for pleasure or for sailing.

Day after day, thousands and thousands of fishermen, dockhands, seamen, pleasure craft owners and their crew line up at Coast Guard headquarters to apply for identification cards.

It is also the duty of the Coast Guard to issue licenses for the operation of vessels territorial waters. Thousands of applicants for these papers have added to the busy work of the Coast Guard.

The reasons behind the Coast Guard's reasonable demands on the public are simple: The Coast Guard wants to know who is sailing coastal waters, and why.

Compliance with Coast Guard regulations will enable those on the water for business or pleasure to go ahead with their respective pursuits with few, if any, cumbersome restrictions.

The Coast Guard has made it plain that it encourages, rather than discourages the use of pleasure craft. But persons close to that governmental bureau should be sensitive to necessity that the stern know, whether through the day or at night, the response will be automatic.

After all, said a Mamaroneck resident, high in yachting circles, this work, "the Coast Guard is presenting a war in the circumstances it is treating all waterfront people just the same. There is nothing to stop the Coast Guard from putting every supper ration if they're too hotzones."

It all boils down to this: Everyone who uses the water, regardless of his person, needs an identification card. Those who operate boats—no merely fishing operations—need a license to operate.

Everyone who uses the water, regardless of his person, needs an identification card. Those who operate boats—no merely fishing operations—need a license to operate.

The Coast Guard insists on taking the necessary fingerprints of all who have to appear in person to obtain an identification card. The Coast Guard particularly interested in persons who are interested in their citizenship, such as birth certificates, naturalization papers, transcripts, and so on.

The Coast Guard insists on taking the necessary fingerprints of all who have to appear in person to obtain an identification card. The Coast Guard particularly interested in persons who are interested in their citizenship, such as birth certificates, naturalization papers, transcripts, and so on.

PRICE FIVE CENTS

FOE MAKES NAVY PENETRATION OF SOLOMON ISLANDS

British Join Forces With Chinese To Consolidate Second Front

BATAAN STILL QUIET U. S. Bombers Destroy Five Jap Planes in Raid On New Guinea

By CLYDE A. FAIRSWORTH Associated Press Staff Writer Japan's offensive against Australia, still taking form in the welter of islands curving along the vast northern shore of the continent, has appeared off in a tangent of naval penetration of the Solomon Islands.

In the second chief theater of the war with Japan, the British Imperial withdrawing north of Rangoon, have for the first time advanced Chinese troops, attempting to consolidate a front between two main routes out of Rangoon, 60 to 80 miles from the abandoned port city of the irascibly Delta.

Japan's Solomon Islands move was evidently either a feint to distract attention from establishment of New Guinea bases for the prospective barge at Australia or a tactical ploy to cover the New Hebrides and New Zealand along the island chain pointed at the United Nations sea route to Australia, ahead of any direct attempt to invade the continent.

The move was disclosed by Australian air reconnaissance over the Australian-manned part of the Solomon group. The warship force, escorted by two days ago off Kasaan, on tiny Buks Island, a step-off point for the Japanese in the Solomons. There was no further indication that the Japanese had landed there.

Buka is 130 miles southeast of Japanese-occupied Rabaul. New Britain and 900 miles northeast of Australia's northernmost extremity, the Cape York Peninsula. Australian bombers smashing at the potential island route toward New Zealand attacked the enemy-held Buka submarine base, 100 miles from the south coast of New Britain, yesterday.

All our bombs fell in the target area and columns of smoke rose from the ground; a communique said. Counter-attacking Japanese fighting planes were beaten off.

The Japanese offensive was crippled to some extent by the sinking of seven ships by air attack last week in New Guinea, a Japanese foothold in New Guinea. Clearer at home for the enemy, a single United States submarine has picked off four vessels, boosting to 149 the tally of Japanese ships destroyed or damaged by U. S. forces.

In the Philippines, the United States Navy's submarine force, the USS Blueback, is in the vicinity of the Japanese attack on Gen. MacArthur's forces.

The War Department announced that five Japanese planes were destroyed two days ago, by five United States Army heavy bombers in a raid on Japanese-held airbases at Salamaua and Lae, both in New Guinea.

All the six-bomber parties were destroyed in a raid on the Japanese airbase at Lae, but five were shot down and the big bomber escaped unscathed.

Dr. Burr Called Into Army; Miss McPhee Named As Acting Head Of Schools

Rye Neck Superintendent Enters Adjutant General's Department

Dr. Samuel Engel Burr, superintendent of public schools in Rye Neck, has been called into active Army service as a first lieutenant in the Adjutant General's Department.

At a special meeting of the Rye Neck Board of Education last night, Miss Annie M. McPhee, mathematics teacher in P. R. Ballou High School, was appointed acting superintendent. She will assume the duties of the position during Dr. Burr's leave of absence, which may be for the duration of the war.

An opinion as to the obligation of the school district to the district in which Dr. Burr will be courted from the State Education Department at Albany, according to James Jackson, secretary of the Board of Education. He was of the personal opinion that the difference, under the law, must be met.

As school superintendent, Dr. Burr earns \$2,200 annually. As a first lieutenant in the Army he will have a base pay of approximately \$1,800 annually. According to the Board of Education, Dr. Burr's present salary is \$2,200 per year.

The call to active duty was effective March 10 for Dr. Burr, who has been in short leave of absence since the Board of Education last week, and for the next few months will study the work of the Personnel Procurement Section. He expects afterwards to be assigned to the office of training camps or forts.

Dr. Burr, who is in his third year as superintendent of Rye Neck School, has been a reserve officer since 1928, commissioned as a psychologist and expert in the classification of personnel of the Sanitary Corps. Reserve. He is now General's Department.

Dr. Burr and his two children, Evelyn and Samuel, III, will continue to reside at the Seaside, N.Y., residence of Mrs. Burr.

Dr. Burr was a second lieutenant in the last World War. (Continued On Page Eight)

U. S. BUYS METAL IN W. B. RAILWAY War Production Board Acquires Scrap For Price Of \$425,000

NEW YORK.—The War Production Board today bought all the metal in the defunct New York Westchester & Bpton Railway for scrap for \$425,000.

Francis S. Williams, attorney for the W.P.B., told Federal Judge Francis G. Carey that the scrap was urgently needed and the government was prepared to send a contractor into Westchester at once to begin tearing down the steel towers and bridges.

A spokesman who had \$250,000 for all the property was allowed to withdraw his bid.

The recovery will occur on procedure in advertising for bids for the real estate and other property left in the railway.

EIGHT U. S. HELD TOO EASY ON SPIES

Espionage Authority Tells Club Of Foreign Secret Service Activities Here 'You'd probably laugh at the so-called efficiency of Poland's secret service if I told you that telephone wires leading to their Ministry of War,' said Richard W. Rowan, espionage authority to the University Club of Larchmont last night.

seemed to imply the United States was far behind in spies and espionage. 'The Japanese secret service used Pearl Harbor for 10 years,' Mr. Rowan said.

LOCAL BOYS going away to make good—and a large crowd gathered at the railway station here yesterday to see them off. Above is a cr.-section of the relatives and friends who had traveled to members of the contingent sent by the Mamaroneck-Rye Draft Board for service in the Army. The group was in charge of section. John H. Warren.

DR. BURR CALLED FOR ARMY DUTY

(Continued From Page One) commissioned in Plattsburgh in 1918 and assigned to duty with troops at Camp Grant, Ill. He has for many years retained an active interest in military affairs, and is presently serving with the Reserve Officers' Corps, has been active in American Legion circles, and is in past years commander of the Delaware Department of the Legion.

LITTLE PETER BLACK right, apparently didn't like the photographer picking him from the railroad station here yesterday to give a final handshake to the future soldiers, smiling Herbert E. Lidford, former head of the Industrial Arts Department of Rye Neck public schools. Peter's glowing complexion perked up into smiles later, however, and he joined the others in giving the men a rousing send-off.

Dr. Burr's departure brought some other changes to the school district. A substitute mathematics teacher will be employed to assume Miss McPhee's duties. Miss McPhee will continue the position of appointing in faculty member monthly to serve as principal of the Bellows High School.

And Joseph P. Ferrall, 5 Maple Avenue, Larchmont; John S. Clark, 1111 East 10th Street, Larchmont; Robert A. Lincoln, 1 Beechwood Lane, Scarsdale; Howard E. Weber, 33 Shadrack Avenue, Larchmont; Jack Pagliano, 106 Chatsworth Avenue, Larchmont; and Joseph P. Ferrall, 5 Maple Avenue, Larchmont; John S. Clark, 1111 East 10th Street, Larchmont; Robert A. Also John C. Seixas, 12 Centre Avenue, Larchmont; George A. Davis, 25 Montauk Road, Scarsdale; Roy H. Berggren, 85 Myrtle Blvd., Larchmont; Jefferson G. Bell, Jr., 1 Woods Lane, Scarsdale; Burton W. Pierce, 46 Stayvestant Avenue, Larchmont.

WANTED Want home at least 4 bedrooms, 2 baths, also maids room, Larchmont Manor. \$10,000, cash. BOX 154 MAMARONECK DAILY TIMES

Advertisement for Gerber's Baby Foods featuring a baby and the text 'Babies like Variety, too! At least nine times have and I think (at least) nine different varieties should be a pretty fair saying. You'll be particularly interested in the variety of cereals Gerber's has to offer. GIVE BABY HIS CHOICE OF CEREALS is our suggestion to mothers, of little cereals, Gerber's supplies all of three tasty varieties to tempt baby's appetite. All ready-to-serve, all developed specially for babies. Strained Oatmeal, Cream of Wheat, Cereal, in boxes. Cooked-in-milk-Cereal, in cans. WHEN BABY'S READY FOR JUNIOR FOODS you are all set with 10 LARCHMONT varieties. What's more, they're in the same tin, same price tin as the strained foods—the handy quantity for an individual serving without leftovers. Change over gradually by including a can or two in your strained foods order. Gerber's Baby Foods. CEREALS • STRAINED FOODS • JUNIOR FOODS. 415 GREENWICH ST., WALKER 3916.

Advertisement for Ware's Multiple Wardrobe featuring a woman in a suit and the text 'Ware's Multiple Wardrobe Our Classic Wool Three-Piece SUIT With Zip-Off Fur Collar 49.98 Two-piece suit . . . three-piece suit . . . and a spring coat that can be worn with or without the fur collar. Just zip off the collar of fluffy fur and you have a completely finished reverse collar. Beautifully tailored of wool herringbone tweed . . . natural color with tan wolf. Sizes 12 to 20. COATS SECOND FLOOR. Don't fiddle while your budget burns. This spring—1942—is unlike any other you've ever experienced. We're at war and it's going to take every ounce of effort each of us can spare to help win it. Nobody is exempt—everyone is expected to do his or her share to help clear up the awful mess that the world is in. If you have two or three small children and your time is completely taken up with their care, we only say you can help. Maybe Red Cross or O.C.D. work would be impossible because of lack of time, but you can do your part by keeping your family trimly well-fed. Watch the food store ads that appear so often in this paper. Make up a list of those things you know are check full of vitamins, minerals, etc. Look up some new, tasty recipes for leftover meats—don't make them follow a roast as regularly as day follows night. Masquerade your leftovers—glamorize them—make them really appetizing and wholesome. Never throw leftovers away—it's not difficult to make them into new, tasty dishes and they'll help cut down your expenses. This is no time to fiddle while your budget burns. The Daily Times

COAST GUARD IDENTIFICATION CARDS

THOUSANDS SEEKING LICENSE TO SAIL IN COASTAL WATERS

Everyone Needs Identification Card, But Yachtsmen Can Help Coast Guard By Waiting Until Those Who Make Living On Water Have Filed Papers, Been Fingerprinted

Top spot is provided for the name and position of the applicant's sponsor, which must be filled out. It takes time.

Don't forget that you can't wait into a Coast Guard office and wait out with an identification card 30 or 90 minutes later. The Coast Guard must check your fingerprints against Federal Bureau of Investigation files and what other information you have on file.

However, if you have a self-addressed, stamped envelope with your application, the Coast Guard will return cards via the mail. The points nearest Westchester where identification applications are being received are at the Bronx Terminal Market, 150th Ave. and Exeter Street, Bronx; in addition to the Bureau Office, South Ferry; U. S. Post Office, 14th St. and Broadway; Ninth Regiment Armory, 125 West 14th St.; National Maritime Union, 345 West 13th Street; and Manhattan, 4th Avenue, 14th St. and Broadway.

The Coast Guard has issued more than 15,000 cards in the New York area. Of that total, more than 10,000 were issued in January and February. At present applications are being received at the rate of 4,000 per day and Coast Guard officials estimate that the number will reach 6,000 soon.

There are three types of cards. White cards are issued to those who provide citizenship, green cards to aliens and those unable to furnish citizenship and pink cards to alien seamen on attendance passes.

Operators (all those persons who intend to run a boat) must fill out application for special wartime license in duplicate. Copies may be turned over to the Captain of the Port at the Coast Guard Office in person or they may be mailed to him. A self-addressed, stamped envelope will help here.

It must be accompanied by a statement of the purpose for which the vessel will be employed and an exact statement of the waters in which the vessel will be employed.

In other words, if you are chartered off Nova Scotia or in Chesapeake Bay and you've stated you intend to fish, you must have a license to fish.

The Coast Guard expects operators to use common sense in the summer. Keep away from bathing yards and oil tanks. Don't sail at night. Don't drink. Don't smoke.

Owners may ask and rightfully so: "What if I don't have a license?" The answer is: "You can't sail without one."

There is no definite answer to the question of whether or not you should get a license. It depends on what you intend to do. If you are a casual boater, you may not need one. If you are a professional operator, you must have one.

There is some question about the stringency of enforcement on those points but to avoid any unnecessary trouble, the rule would be to get a license if you are not sure.

For example, if Larchmont Yacht Club's Cornelius (Corry) Shields used the same crew in regatta week after week in his Larchmont Yacht Club, he would not need a license. But if he had a different crew, he would need one.

There is no question about the stringency of enforcement on those points but to avoid any unnecessary trouble, the rule would be to get a license if you are not sure.

There is no question about the stringency of enforcement on those points but to avoid any unnecessary trouble, the rule would be to get a license if you are not sure.

There is no question about the stringency of enforcement on those points but to avoid any unnecessary trouble, the rule would be to get a license if you are not sure.
